EVE I'LL TAKE that big red juicy cherry while nobody's looking," 4-year-old Jennifer Patton. Her mother, Mrs. Doyle Patton, and other members of "We, The Women" are busy preparing baked goods for the Food Fare Saturday. The Fare will be conducted in the Old Fabric Mart building in the 400 block of Phelps Avenue.

## WOMAN SLATE

### Food Fare Saturday

Members of "We, The Women", a group of Commerce affiliated women, put the finishing touches on their annual Food Fare, slated for 9 a.m. and 4 p.m. Saturday in the Old Fabric Mart building, located in the 400 block of Phelps Avenue.

Other plans were made during their regular meeting Tuesday in the Willie Room of the REA building.

Members plan to decorate the building this afternoon, using food as the theme.

Types of baked goods, casseroles, and other items are planned for the first "all bake" picture, donated by Marge Lopez of Littlefield Glass Works, will be on sale as a door prize Saturday afternoon at 2 p.m. Persons attending the fare throughout the day are invited to enter.

The organization's cookbook, titled "Ribbon Recipes From 'We, The Women'", will go on sale during the Food Fare.

Members decided to drop the "Speeding, Assault and Two In Jail" contest.

Littlefield men were jailed by authorities this week.

David Lopez Jr., 20, was lodged in county jail for speeding and failure to stop. He was fined \$25.

Acquarre, 17, was jailed on a assault charge Tuesday and released Monday after paying a \$20 fine.

David Duvall was the fifth person to win only three games.

David Hampton gets this week's place.

Leader Doc Bowman also placed 13 correctly to remain in the lead.

Hood guessed 13, also, and placed third place in season.

## Lamb Cotton Allotment Up 6 Per Cent For 1970

Individual farm acreage allotments and yields for the 1970 upland cotton crop will be mailed to farm operators in Lamb County sometime during the last week of November, according to L. D. Aten, Lamb County ASCS office manager.

The 1970 upland cotton allotment for Lamb County is 199,033 acres, an increase of 11,601 acres over the 1969 allotment. This will mean a 6 percent increase in farm allotments.

The national cotton allotment for 1970 was increased to 17 million acres, after having been set at 16 million acres, the minimum under the law, since 1962. The million-acre increase was made to help assure adequate U. S. cotton stocks for both domestic and foreign markets.

Upland cotton producers will vote by mail Dec. 1-5 on whether to approve marketing quotas for the 1970 crop.

Ballots will be mailed Nov. 28 to eligible voters. Generally, all producers who shared in the 1969 cotton crop or its proceeds are eligible to vote in the referendum.

Any producer who does not receive a ballot and believes he is an eligible voter should contact the Lamb County ASCS Office.

Ballots must be returned to the Lamb County ASCS Office during the period Dec. 1 through 5.

For marketing quotas to remain in effect—as they have been since the 1954 crop—the law requires approval of at least two-thirds of the producers voting.

"If marketing quotas are approved, they will apply to the 1970 upland cotton crop, with penalties on any excess cotton produced. Loans and price-support payments will be available to cooperating growers who plant within their allotments," Aten said.

He continued, "The loans will be based on a national average rate of 20.25 cents a pound. The price-support payment rate will be 16.80 cents a pound on the farm's projected yield for the

acreage planted within the farm's domestic allotment. The domestic allotment is 65 percent of a farm's total upland cotton allotment.

"Also, if quotas are approved, farms with allotments of 10 acres or less, or with projected production (allotment times projected yield) of 3,600 pounds or less, may plant the entire farm allotment and receive an additional payment of 11.95 cents per pound on the projected

yield of 35 percent of the farm allotment. The price-support payment on the domestic allotment also will be made.

"Also, if quotas are approved, growers who elect not to participate in the price-support program may apply for a share of an export market acreage reserve on which they may grow and export all their cotton without price support and without marketing quota penalties. "If marketing quotas are not approved, no

quotas or penalties for the 1970 upland cotton crop will be in effect. No price-support payments will be made.

"No export reserve acreage will be available. "Price-support loans, however, will be available at 50 percent of parity to growers who do not exceed their farm acreage allotment. Growers choosing to forego price-support loans could grow all the cotton they wished to grow," Aten concluded.

## A DIVISION I!

### Littlefield Band Earns Top Marching Honor

Wildcat Band members were ecstatic over their Division I rating in the University Interscholastic League Region XVI Marching Contest Tuesday at Lubbock Lowery Field.

And so was half of Littlefield. A police-escorted caravan formed outside the Littlefield city limits to lead the winners through town, down Phelps and to the band hall at LHS.

"The cars were still coming around the bend on to Main Street when the bus turned at the Court House," Band Director Phil Anthony said. "The kids got a big bang out of the caravan. I'll bet it stretched out two miles long—nearly to the cutoff."

The Division I rating is the first won by the Littlefield Band in four years. The Wildcat Band was in competition with nine Class AAA bands including Levelland, Tulla, Slaton, Muleshoe, Brownfield, Seminole, Lubbock Dunbar and Lubbock Estacado.

In addition to the Division I in marching, LHS twirlers Carolyn Lumsden, Nancy Henson, Amy Owen and Wanda Cotter each won a Division I rating in twirling solos and Division I in their twirling quartet.

"Now it's on to a sweepstakes," Anthony said. With the Division I in marching, the Wildcat band will be

sweepstakes winners if they get this best score in concert and sight reading, too.

Judging the marching were G. T. Gilligan of Kermit, Bill Bradley of Big Spring and Phil Hewitt, Kansas State University. Judges scored the bands individually, then gave a composite score.

"Each of the judges gave us a Division I rating," Anthony said. "That's what makes it so great. It's possible to win with two I ratings and a II. But we got a I from all three judges."

In addition to Littlefield's Class AAA Division I rating in University Interscholastic League band marching competition Tuesday, Springlake-Earth won a Division I in Class A, Sudan rated in Division II in Class A and Olton got a Division II in Class AA.

Several other area schools were competing in junior high and Class B marching at Lubbock's Lowery Field at press time and winners will be named in the Sunday Leader-News.

GOLD STAR AWARD winners were recognized at the Annual Lamb County 4-H Achievement program in Littlefield Saturday night. Gold Star Boy is Kevin Britton, son of Mr. and Mrs. Vernon H. Britton of Olton, and Gold Star Girl is Marlana May, daughter of Archie May of Olton.

## CAPTAIN DANIEL HUDSON

### One-Man Band Leads Salvation Army Here

By NILAH RODGERS  
Leader-News Staff Writer

A musician, handwriting analyst, ventriloquist, manipulator of a three-stage puppet theatre and magician.

These are some of the many things the energetic 23-year-old Littlefield Salvation Army Captain does.

Capt. Daniel Hudson began his duties here Aug. 31 and immediately put his talents to work.

Capt. Hudson plays all brass instruments, the piano, organ, and concertina by both reading notes and natural ability. He describes himself as an "old ham who picked up showmanship from his father who was a horse trainer for Ringling Brothers Circus when he was young.

His parents are now Salvation Army officers and live at Houston where they work with Harbor Light, a program for alcoholics.

Capt. Hudson is single but is engaged to be married in February or April to an Atlanta, Ga., Salvation Army Captain. Capt. Martha Mitchell is the adopted daughter of Major and Mrs. John Robinson who were with the Littlefield post 15 or 20 years ago.

When Captains Hudson and Mitchell marry, it may not be a question of who is boss so much as it is who does the preaching and performs the marriages, because she has the same qualifications as he does.

Capt. Hudson's ventriloquist act gives the captain double trouble and doubles the viewers' fun. He has two ventriloquist dummies he refers to as "my children" that sit on his knees and Capt. Hudson throws his voice for both of them.

The dummies open doors for Hudson, especially with children, he said. "I like to make people smile," he said, "Did you know it only takes 18 muscles to smile and 68 to frown?"

Capt. Hudson can capture an audience with his puppets, too. His three-stage puppet theatre contains 178 hand puppets and marionettes that Hudson made and put together himself.

Handwriting analysis is just one of the ways Capt. Hudson observes people. He admits he likes to just sit and watch

people and try to figure why people do things a certain way.

These interests help him in his work. He is especially interested in youth and already has a Saturday morning music program going. A boys' club and a Friday night program to keep teenagers off the streets are planned in the near future.

Capt. Hudson is the youngest member of his class and is the youngest captain in Texas in the smallest state post. When he came here two and one-half months ago, the Littlefield post owed the divisional office \$3,000. He has reduced the debt to \$2,400 and the Littlefield post has been paying its own way since Hudson's arrival.

"I'm in the poverty pocket but can't get on welfare," Hudson jokingly said, referring to his salary of \$36 a week. Out of this he pays \$13 a week for room and board.

"When I got my captain's rank last year, I started getting 50 cents more a week," he said. "Out of the 50 cent raise I pay 40 cents in income tax and social security because I'm considered self employed."

### Cards Available On Measles Shots

Pre-school children who participated in the "Rub Out Rubella (German Measles)" campaign in October, are asked to drop by the Migrant Health Clinic, 605 E. 5th, to pick up their record cards.

The office is open Monday through Friday from 8 a.m. to 5 p.m.

Record cards state that the child has had the Rubella shot, and may be used for further reference when the child enters school.

## 4-H Honors Awarded

Approximately 180 attended the annual Lamb County 4-H Achievement Awards Banquet Saturday night in the LHS cafeteria, at which Bob Wear was the featured speaker.

The two top awards for the night went to two Olton youths, Kevin Britton and Marlana May, who took honors as Gold Star Boy and Gold Star Girl, highest awards on the county level.

Kevin is son of Mr. and Mrs. Vernon H. Britton of Olton and Marlana is daughter of Archie May.

A certificate of the 1969 Santa Fe Railway Achievement Award for outstanding 4-H Club work in Lamb County, was presented to John Pitts,

18-year-old Pleasant Valley freshman at Texas Tech, who is the 1970 chairman of the Texas State 4-H Council.

Making the presentation was Herman Hill, special public relations assistant for Santa Fe out of Amarillo.

Lamb County's 1969 Gold Star Boy is a member of the Olton 4-H Community Club and has been active in all phases of 4-H Club work the past eight years.

Kevin has served as council delegate, vice president and reporter of his club, and has served as vice president and reporter for the County 4-H Council.

He has been active as a junior leader, has helped plan 4-H Annual Rally Day,

helped plan local club activities and has attended Electric Camp.

He has been active in swine, sheep, crops, electricity, cooking and leadership.

Marlana May has been a 4-H Club member nine years, and has completed projects in food, nutrition, junior leadership, public speaking and livestock.

She has held offices as council delegate, song leader, secretary-treasurer, council reporter and will serve as district council delegate in 1970.

She received special awards in food-nutrition, reserve champion lamb three times, reserve grand champion once and champion once. She also won a first

place certificate from the Texas Sheep and Goat Raisers Association.

Marlana is active in community and church affairs and plans to teach elementary education after finishing college.

John Pitts, son of Mr. and Mrs. Kirk Pitts of Star Route 1, Earth, is a member of the Pleasant Valley 4-H Club, has served his club as vice president, reporter, parliamentarian, and chairman of the Lamb County council.

As 1970 chairman of the Texas State 4-H Council, John represented Texas 4-H'ers at Cape Kennedy during the Launch of Apollo 12 Moon Shot

**KINDNESS PAYS**  
Concentrate on positive thoughts to share with your family. "I love you" and "I'm proud of you" should be common in family conversations. Or say it with a smile, a pat or a kiss. It's easy to speak out with criticisms, demands and complaints.

MRS. DICK WAYNE HALL

**Holt-Hall Vows Pledge**

Miss Pamela Kaye Holt and Dick Wayne Hall, son of Mr. and Mrs. R. S. Hall, pledged double ring wedding vows Nov. 8 in the home of her parents, Mr. and Mrs. D. M. Holt of Olton. The Rev. R. H. Campbell, retired Methodist minister, directed the candlelight ceremony before a setting of white chrysanthemums and gladioli with twin wrought iron candelabras holding white tapers, accented with turquoise bows and greenery. Given in marriage by her father, the bride wore a floor-length gown of corded ivory white satin fashioned with an A-line silhouette. Imported Chantilly lace accented the crescent waistline, elbow length sleeves and wedding ring collar. Her chapel-length train was attached at the waistline with a large self-fabric bow. A similar bow emphasized the hemline. Her shoulder length veil of tulle was secured to a bow adorned with appliques of lace and miniature pearls. She carried a cascade bouquet of white chrysanthemums centered with yellow carnations atop a white Bible. For "something old", she wore jewelry belonging to each of her grandmothers. In one shoe she carried a penny minted in the year of her birth; in the other, a penny marking the year of the groom's birth. She also wore a blue garter. Miss Betty Long, student at Texas Women's University, was maid of honor. Miss Sharon Hall, sister of the groom, was candlelighter. Jacquie Smith was flower girl. Ringbearers were Todd and Jennifer Holt, brother and sister of the bride. Feminine attendants wore street-length dresses of turquoise Primo trimmed with bands of matching embroidered lace. The maid of honor carried a bouquet of white chrysanthemums with turquoise ribbon. Bill Hall, brother of the groom, was best man. For her daughter's wedding, Mrs. Holt chose a brown dress with beige accessories. groom's mother wore a dress with white accessories. Each wore a corsage of carnations. A reception was following the ceremony. The bride's table was laid with ivory white crocheted cloth, made by the bride's great-grandmother. The table was an arrangement of chrysanthemums and forget-me-nots flanked by turquoise card appointments were crystal silver. Serving the three-tiered and punch were Mrs. Chester, Mrs. Doris Hall, Mrs. Mike Stockard of Canyon. For travel, the bride dressed of turquoise knit matching accessories and a corsage of yellow carnations lifted from the bridal bouquet. The couple will temporarily at home Plainview at 2312 Apartment B. Following 30-day leave, Hall will go to Vietnam for six months duty as an instructor communications. He recently completed a year duty in Vietnam. The bride is a 1969 graduate of Olton High School attended West Texas University. Hall is a 1966 graduate of Olton High School and serving in the U. S. Army. Out of town guests included Mr. and Mrs. Dale Price and Curtis Dale of Littlefield and Mr. and Mrs. J. W. Wells and Mr. and Mrs. J. W. Worth and children of Worth.

BUSING YOUNGSTERS back and forth across towns for the specific purpose of race-mixing schools has pleased nobody.

Chicago's assistant school superintendent, David J. Heffernan, says, "Busing has proved effective neither for integration nor for better education."

It was a noble experiment. Northern cities, which have segregated themselves into black and white neighborhoods, saw most children attending all-white or all-black neighborhood schools.

SOME CIVIL RIGHTS leaders hailed busing as a means of socially mixing youngsters at an early age and upgrading education for blacks. Opponents were denounced as racists and the practice of busing spread to scores of cities.

Baltimore's associate superintendent of schools, William Tindbergh, says, "There has been a very definite change in thinking about busing. A few years ago there was a demand for it; now there is not."

Parents are now more concerned with the quality of the education their children are getting.

IN MINNEAPOLIS, school board consultant Floyd Amundson says, "The trend here is away from busing because it doesn't solve anything."

A Los Angeles school official thinks the black power movement may have something to do with the change because of its emphasis on isolating black people.

U. S. News and World Report recently cited federal government de-emphasis on busing as another factor.

PRESIDENT NIXON has said "It

has never been a policy of this administration to impose busing as a way to achieve racial balance."

Congress has forbidden the Department of Health, Education and Welfare to require busing in order to overcome racial imbalance.

Civil rights leader James Farmer, now an HEW official, has changed his mind about the value of busing: "Busing is not relevant to high-quality education. It works severe hardships on the people it affects. In the South, I found blacks complaining of being bused to school."

IN SOME CITIES there remains a determination by some factions to institute or perpetuate busing.

In New York City, where busing costs taxpayers \$3 million a year, there are now more all-black or nearly all-black schools than before.

Further, tests have shown no academic gains among children who are bused. New York, however, continues to bus some 14,500 youngsters each way each day.

CALIFORNIA MAY put the issue of busing on the ballot in November, 1970.

In Pittsburg, Calif., a suit has been filed by Negro parents who don't want their children bused to white schools.

Oregon Congresswoman Edith Green, Democrat, a long-time civil rights supporter, says, "What Negro parents are entitled to is quality education for their children in the area in which they live."

IN OKLAHOMA CITY there has been initiated what could become a landmark Supreme Court test of busing.

Meanwhile, despite the federal character of the civil rights laws, busing has, unofficially, become a matter of "local option."

## What Our Readers Think

### A Good Cause

(EDITOR'S NOTE: SP-4 Jimmy Burk is son of Dr. and Mrs. Glenn S. Burk of Littlefield, and expresses his opinion on Vietnam.)

Nov. 11, 1969

To the Editor:

I'm asking the Lamb County Leader to print this letter because I feel the readers of this paper in the Lamb County area would like to hear, from one of us, how we feel over here in Vietnam.

I wish more people in the United States would realize just how good we have it. I wish they would stop and think, just once: how would you like our country to be torn apart by war? How would you like it if you had to go to bed at night hungry and having to worry whether or not you might never wake up.

I've seen the look on these peoples' faces over here. It is a kind of look that is not easy to forget. It is a look of hunger, of poverty, of fear. Many times I wonder, just what is it that these people have been through.

If more people in the United States would ask themselves, "how would I like to be in their place?" I feel assured there would be less anti-Vietnam demonstrations, and more support for the men here. This is all we over here ask. We just want to know that the people back home are behind us, not against us.

All the demonstrations have a tremendous psychological effect on us. In a way this small minority makes us feel that we are here for nothing; that the people in the

States do not really care or appreciate what we are doing here. I have heard this from many GI's since I have been here.

I personally can't complain because since I have been here, I have received nothing but letters of encouragement and faith. I want to publicly thank these people for their support.

I fully realize that I am more fortunate than a lot of guys here in this sense. I feel that even with so many people against this war, if I can do my part to insure that the people I love will never have to see war, then I have accomplished something and our being here has some meaning after all.

I wish to make an appeal to you the reader. If you have a son, a relative, a friend, or just an occasional acquaintance with someone over here, write to him and let him know that you care that he is here. I guarantee that he will appreciate your consideration more than you can possibly imagine. It is knowing that someone cares that keeps guys going here in Vietnam.

When you go to bed tonight say a little prayer for the men over here. Let us work together to show that the men who have died over here already have not died for nothing. Let us put our faith and hope in God that this war will not be long in coming to an end.

Thank you,

### THE ABUNDANT LIFE

## A House Divided

By BOB WEAR

THE NEED FOR UNITY never decreases. What happens if too many of us forget this? We have an abundance of historical truth from which to find the answer.

The answer is so plain and simple that it has always been among the top facts of all available information.

All of us know the answer, or do we?

"DIVIDE AND CONQUER" is a well-known maxim in all areas of human relationships. It has been made to do its tragic work which ranges from the break up of friendships to the destruction of nations.

Division has caused the failure of families, held back the progress of communities, and caused untold loss in all areas of human action.

DIVISION IS ALWAYS undesirable, but never more undesirable than when it is the expression of envy, rebellion, and other related ugly and petty feelings.

When it is the result of sincere differences in convictions, it is bad enough. We should know and remember that even this division cannot be permitted in some situations.

DIVISION IS OFTEN petty and completely selfish. In public affairs, those who are out of office want to be in office. Many times they refuse to cooperate, even when what is being done is for common good.

Their only interest is in making the incumbent look bad. Because of their selfish interest, they are willing to jeopardize the welfare of the whole nation.

DIVISION MAY BE the greatest source of human loss. In the first place, most of it is unjustified. Therefore it is dishonest, and dishonesty, wherever it is being practiced, is harmful to everybody.

THE MOTIVATION which causes the division is often as harmful as the division it causes.

Therefore the damage done is compounded.

Sometimes division is caused by telling lies, and both the lying and the division cause great loss to all concerned.

Envy is another cause of division, and envy is an evil in itself.

THE FEAR that somebody else may get credit for the good that is done often causes people to do everything possible to prevent the good from being done.

The division which causes such failure in unwarranted, and discouraging to everybody.

This is a source of loss which we cannot afford.

MOST DIVISION is unjustified. This is immediately the conclusion when all ramifications involved are considered.

When we realize the great loss in human welfare because of division, we must say, that most division is unjustified.

Then, when we consider all of the causes, seeing that most of them are evils in themselves, we are compelled to say that most division is unjustified.

"A HOUSE DIVIDED against itself cannot stand" is more than some idle theory. It is a solid conclusion made from the observations of all past human experiences.

It is, indeed, a truism. It is true—a demonstrated fact.

THE COMMON GOOD is best served by unity. When we prefer division to unity, we are doing ourselves and our common cause the greatest possible disservice.

"Men's hearts ought not to be set against one another, but set with one another, and all against evil only."—Carlyle.

IT IS UNITY, and not division that we need. To whatever extent we are divided, we are weak. Our strength is in unity.

Let us diligently seek the highest possible degree of unity in all things

# 4-H Honors Awarded

Continued from Page 1

Saturday morning, prior to the banquet that night.

John's 4-H projects include junior leadership, safety, electricity, swine and beef, and he has been active in school, church and club work.

He will attend the National 4-H Club Congress in Chicago.

Lamb County Agricultural Agent Buddy C. Logsdon introduced the outgoing officers of the Lamb County Adult Leaders' Association.

They were President Douglas Walden, Littlefield 4-H; Vice President Fred Long, Olton 4-H; Secretary-Treasurer Les Lichte, Littlefield 4-H; and Reporter Mrs. Kirk Pitts, Pleasant Valley 4-H.

A former delegate to the District II Leaders' Association is Mrs. Doug Walden of Littlefield.

New officers who were elected at the recent quarterly meeting in Amherst were President Marvin Bowling, Sudan; Vice President George Tooley, Amherst; Secretary-Treasurer Mrs. Juanda Fields, Sudan; Reporter, Mrs. Peggy Bales, Amherst; District Delegate Mrs. Shirley Logsdon, Littlefield; and Alternate Delegate Mrs. Helen Quigley, Littlefield.

Special recognition was given to each of the six community 4-H Clubs, and presidents of those clubs received the awards for the club.

Howard Tooley accepted the Red Award for the Amherst 4-H Club, Danny Cardwell received the Red Award for Pleasant Valley, Elaine Graves accepted the Red Award for Littlefield, Debbie Fields received the Red Award for Sudan, Kerry Wheeler accepted the Blue Award for Olton and Welda Barton received the Red Award for the Springlake-Earth 4-H. Assistant County Agricultural Agent Bobby Brunson presented other special awards to Lamb County youth.

Among these are the "Agricultural" award, presented by Marlos May and Aubrey Pitts, for "their knowledge of 4-H agricultural projects and activities, their relationship to agriculture and their contribution to better farming and more satisfying rural life."

"Best" award to Betty Boone Jennifer Templeton, Sharla Cook, Jim Fields and Gary Lichte, "who have been active in all phases of the Lamb County steer program. All of them have exhibited high placing animals at major livestock shows in Texas, and are to be commended for their excellent work."

"Citizenship" award to John Pitts and Vicki Cook. "This program emphasizes the concern of the 'good citizen' for the welfare of others, and Vicki and John have encouraged and recognized good citizenship activities among 4-H club members."

"Dog Care and Training" award was presented to Tracy Bowling, "for his work and achievement with his project, Dog Care and Training. His record book placed second in the junior division at the district record book judging."

"Leadership" presented to Elaine Graves, Russell Tanner, Richard Fox, and Kerry Wheeler, who "have exhibited outstanding leadership in all phases of 4-H club work in Lamb County. They are to be commended in their work with younger 4-H Club members. They have represented Lamb County in the District II 4-H Council and have been active in leadership camps on local and district basis."

"Photography" presented to Connie Ham and Gary Ham, who have gained an appreciation of photography as an art, as a science, and as a communication tool."

"Poultry" presented to Randy Bales, who "has been active with his poultry project. He has gained experience in management and the responsibility of caring for poultry."

"Sheep" presented to Sheila Lewis, Helen Black, Alan Wheeler, and Kent Lewis. "This is an annual award presented in the recognition of an outstanding record of 4-H sheep production. Sheila and Kent have exhibited lambs at most of the major shows across the state as well as local and district shows. Helen and Alan have done outstanding work over the past year with their lamb projects and record books."

"Swine" presented to Janice Cannon, Timmy Cannon, and Jerry Ogerly. "These boys and girls have done an outstanding job in raising and exhibiting swine projects. Janice had the grand champion barrow at the Littlefield Area Show."

"Veterinary Science" presented to Danny Cardwell, "for his understanding of animals in both health and disease. Danny is undertaking the project hoping to become a veterinarian some day."

Texas Sheep and Goat Raisers Award, presented to Rodney Logsdon. "Rodney's record book won a blue ribbon at district in the junior division, and he has done an outstanding job with his sheep."

"Judging Team" presented to the junior team, composed of Rodney Logsdon, Kenan Lichte, Dean Walden and Jerry Ogerly.

Senior team, composed of Craig Barton, Bruce Bridges, Kent Lewis and Don Templeton.

"Clothing" to Jackie Sims, Clark, and Barbara Black. Objective: to make decisions about constructing and caring for clothing.

"Dress Revue"—Objective: "To young people build self-confidence and poise through making and modeling garment needed in the wardrobe." Presented to Susan Carwell, LaQuinta Clark.

"Public Speaking"—Objective: to encourage the careful organization of material to be presented in a speech to speak convincingly in a speech. Presented to Welda Barton.

"Home Beautification"—Objective: "Making the surroundings of a practical and beautiful." Presented to Pamela Galloway.

"Horticulture"—Objective: contribute better family health and produce essential nutritious fruits and for use throughout the year. Presented to Kathleen Hulsey.

"Food-Nutrition" (Lamb County Group)—Objective: "Develop nutritious meals. And to understand signs of good health as it relates to and nutrition. To develop desirable habits and make the greatest possible use of home produced food." Presented to Darla Hedges, Brad Walden, and Parks.

"Dairy Foods", presented to Mills.

"Fruit-Vegetable Preservation"—Presented to Carla Lichte, McLelland, and Cory Logsdon. "Bread and Cereal" to Dean Kenan Lichte, Scott Hopping and Hopping.

"Achievement"—Objective: develop skills in those practices that make more efficient and profitable project work." Presented to Fields, Connie Hulsey, and Bruce Bridges.

### THE FARMER'S WIFE

## No Moolah!

By LIBBY MUDGETT

THIS HINT is for housewives only, so everybody else don't look. Believe me, you wouldn't like it anyway.

Housewives, no doubt you have already started thinking of Christmas givings and discovered, as you usually do along about this time every year, that you don't have any moolah for aforementioned purpose.

WELL, I can't help you any for this year, but if you'll mark my words and follow my advice, you won't be in this same shape this time next year.

You ask why didn't I tell you earlier? My answer is that you wouldn't have paid one bit of attention to me last January because Christmas was the furthest thing from your mind right then and January is when you need to start doing this.

BUT IT TAKES a resolution made by you anytime between now and Christmas to force yourself to begin in January.

First, a few warnings about this method. Your banker won't agree with it, so don't tell him.

BUSINESS PEOPLE, of both sexes, never understand it but you know how THEY are.

Husbands are driven out of their mind by it, so you'll have to have your own household checking account and tell your husband he'd bloody well better keep his signature out of the whole business except the depositing end.

Perfectionists go into hysterics over the very mention of it, but never mind THEM—they never get into this pre-Christmas fix anyway.

THE CPA that makes out your income tax return will have the beginnings of a nervous breakdown if you try to explain it to him, so just keep your check stubs to yourself and let him have the bank's statements, which are beautiful poetry to him.

Well, enough of these nervous cynics and on to instructions.

Next January when your husband deposits your first household account money, make

sure that it is in round figures, even if you have to take a loss.

FOR EXAMPLE, if he wants to deposit \$100.50, coo to him that he can keep the 50 cents for cigarettes, all you want is the \$100.

THIS IS VERY IMPORTANT! Put the amount of the deposit down on your check stub on the line marked Balance and make up your mind that this is the last time all year that your figures and the bank's figures are going to jibe.

Because from now on our your check stub's arithmetic is going to be one whopping lie.

HAVE YOU EVER noticed when you give a check how seldom it is for a nice round figure? It's usually more like \$17.49.

So here's what you do the first time you write out a check. Make the check out honest. Also write on your stub honest. Like so: TO Mister Fixit, FOR TV repair, Amount \$17.49.

BUT WHEN YOU go to subtract to get your balance, do not subtract \$17.49 from the nice round \$100 your husband deposited.

NO, NO, NO! Subtract \$18.

Now a word of caution here. Be sure you ADD TO the true amount of your check instead of subtract from it to get the figure you're going to use to obtain your own personal balance. Otherwise, things get a little sticky.

OKAY. So you've given one check for \$17.49 and already you've got a 51 cents headstart on next Christmas and it's still the first of January!

Keep this up until next December when it's time to buy gifts, go have a bank teller look up the amount the bank says you have in your account, take the amount your own personal balance says you have from the bank's, and there's your Christmas shopping money.

ACTUALLY, if you really want to take some of the sting out of bill paying, look at it this way: Each time you write a check, you're adding to your Christmas fund.

# THE SKAT

OFFICIAL LHS NEWSPAPER

## Current Events Flavor History

A SURVEY made by the Journalism department showed these 24 students at LHS to be left-handed.

### "Southpaws" On The Rise

Take notice! Left-handed people are definitely becoming more numerous. Why is this? Years ago parents seeing a young child beginning to eat with his left hand might have reprimanded the child and placed his fork or spoon in his right hand, encouraging him to use it. Teachers would force children in the early grades learning to write to use their right hand even when the left one came more natural to them. Psychologists today tell parents that it is much better to let children use whichever hand comes natural to them instead of insisting on the use of any certain one. People are born with a tendency to use either hand.

Although "southpaws" used to be considered rather clumsy, being left-handed cannot be considered a handicap. There have been many famous and talented people who were left-handed—including statesmen, artists and athletes. Today, things are made much easier for left-handed people with the production of appliances just for them. Special scissors, golf clubs, desks, baseball gloves and various other sports equipment are made with the "southpaw's" need in mind. Some people may be entirely left-handed while others may eat with their right hand and write with the left, et cetera. Being right-handed, the only ADVANTAGE to being left-handed I can think of, would be in case of a bad break to your right arm, but I am sure that all the "southpaws" in the world probably have exactly the opposite opinion.

### Time Out For Sports

The Littlefield Wildcats suffered a 32-20 loss in their final game of the season last Friday night at Slaton. Terry Mosser, Tiger quarterback, moved the Tigers out front when he fought his way from the one yard line over the goal in the first quarter. The point after try was wide and the score was 6-0 early in the game. The Tigers' 212-pound senior fullback Larry Moore scored their second TD when he carried the ball in from the eight yard line. The extra point try was good making the score 13-0 in the second quarter. The Wildcats came alive when Ralph Funk took a pitch from Charlie Holt and ran 51 yards to the Tiger 10 yard line. Two plays later Holt connected a pass to Steve Owens for the Cats first TD. Alan Newton's kick made the score 13-7. Slaton then sprang back on a 7-yard drive deep into the Littlefield territory. Quarterback Mosser hit a fourth down pass to Alan Fondy good for six points. The extra point was off to the right and the score was 19-7 with 1:09 left in the first half.

In the second half, the Cats moved to the Tiger 18 yard line with a pass from Holt to Eddie Hickman, but the Cats were unable to make it any closer to the goal and Slaton took over from there. Littlefield had another chance four plays later when Wendell Horn returned the Tigers' only punt to the Slaton 46 yard line. The Cats moved the ball up to the 12 yard line. Then, Holt moved around right end, and Newton's kick was good making it 19-14. Slaton scored two more times and were threatening for a third when Danny Estrada swiped a Tiger handoff and galloped 85 yards for a Wildcat TD. The final score of the game ended 32-20. The Littlefield Junior Varsity faced a 26-12 defeat against Slaton last Thursday in their final game of the season. The Littlefield scores came from a two-yard run from Jay Trammell and a 12-yard run by Dennis Hartley. Leroy Danford was the leading rusher for the Cats with 86 yards on 11 carries.

### Science Club Plans Trips

The Science Club held a meeting Monday, Nov. 10, in the chemistry lab. The members of the club suggested some places where they could take field trips. Some suggestions were to visit a greenhouse and Roswell's Bottomless Lake. The speaker committee suggested some possible speakers for the next meeting. Those suggested were Mr. Otto Pugliese and Mr. Fred Martinez, lab technicians, who would speak on the new medicine and Dr. Albert Perkins to speak on Astrology. All members are reminded to complete their projects. The next meeting will be held Monday, Nov. 24.

### IAC Places Projects On Display

Wood projects made by members of the Industrial Arts Club will be on display Monday, in the senior hall showcase. Students involved in the making of these projects were Steve Dinges, Monte Trotter, Rodney Phillips, Eddie Hickman, Steve Owens, Keith Woody, Wendell Horn, Randy Parkman and Jean Keeling. Anyone wishing to purchase some of these projects should contact Mr. Byron Ford, IAC sponsor. Items on display include chopping blocks, bowls, spoon holders, serving trays and many others. The price of the projects range from \$1.50 to \$10. This sale will take place Monday until the Christmas holidays.

### \*\*\*THE WAY IT IS

By JO REID

In the world we live today, it is easy surrendering to pessimism or cynicism. Our every day life is filled with it. Pick up any daily newspaper and you will find crime, the war in Vietnam, air pollution, racial conflicts and student riots glaring across the pages.

Guin Rean Tuckette said, "It seems as if we are hit from every direction with dangers, disillusionments, disasters and disappointments." It is easy to develop negative attitudes when this mood takes over.

But, invariably, when the world seems grey, something wonderful happens! A child will run up and hug you, someone will greet you with a smile, an unexpected opportunity will be offered, or that "special someone" will call for a date. The sun will come out from behind the rain cloud and a brilliant rainbow will arch across the sky.

Suddenly the world doesn't seem so bad. Someone does care! The first thing we know, people will have caught a spark of this optimism and faith, and wonderful changes everywhere can evolve. A buoyant spirit in a community brings new life to a town—to a church—to a nation.

Life can seem bitter; everybody feels depressed at times. It is our role to bounce back—to bring optimism and hope to our surroundings. No one is expecting us to tackle the whole problem of crime by ourselves. We can be a friend, and we can help one person who might be lost.

"Optimism has to start with YOU, then one more, then others. If every YOU cared enough about someone else, both of you could face anything, and indeed, the darkness of the world would be lightened."

The social studies department in LHS is solely for the purpose of helping each student become a more dedicated American, an informed, responsible citizen, who will be able to take an active part in community, state and national affairs.

Government teacher, Coach Lyndon Gathright, enjoys teaching government and seniors. He explained, "It allows both teacher and student to see our world as it really is. We are not bound by anyone's opinion. It gives us a chance to explore every facet of our life as an American."

Coach Gathright urges his students to participate in class discussions. Reading and evaluating the subject matter is another method of teaching Coach Gathright administers.

Coach tries to impress on his students to form an opinion and stay with it until they are proved wrong. He explains the dire need for each and every citizen to play an active role in their government.

The overall enthusiasm of his 103 students is generally good. He states, "I feel many of my students have enthusiasm about others as well as their own affairs. Some, however, do not get involved in group activities."

Coach Gathright believes that our past and present government is becoming more important in today's education. He feels that every citizen should be better informed than in times past.

When asked what he wanted his students to get out of this government course, Coach Gathright stated, "After completing this course in government, I should hope each student will have a sense of awareness about his surroundings and will be able to take an active part in local, state and national affairs. I hope each one is a better, more educated American from having been in my class."

Mrs. Lucille Betts enjoys teaching high school students because the youth keep her thoughts young and abreast of the times.

American History appeals to Mrs. Betts because she is interested in both past and current affairs.

Mrs. Betts has several methods in teaching her 114 students. She encourages discussions led by both teacher and students. She often assigns map work to stress geography. The use of analogies (linking past and present) is an effective way to provide a clearer picture of her students. Mrs.

Betts assigns research work to develop their skills in finding facts and to teach them correct presentation.

When Mrs. Betts was asked what she tried to impress upon her students, she answered, "Since students have studied American History in elementary and junior high, the course for juniors in high school stresses causes and effects rather than individual incidents and people."

Mrs. Betts comments that her students seem to be interested in the subject matter. She adds that they are more enthusiastic when the topic is related to current affairs.

Coach John Goubeaud's World History course is presented to his students by taking notes, outlining chapters in the book, watching films and reading the newspaper for the study of current events.

Coach believes that high school students should be exposed to history of all sorts. "They should learn how the foundation of our country came about as well as other civilizations."

Coach Goubeaud first became interested in history during his college years. From this developed the urge to pass on to his students his interest in history.

NEWSPAPERS—the usual scene for Coach Gathright's government classes during the first part of the period. This is the method used by both Gathright and Mr. Goubeaud to acquaint students with current affairs.

### Turkeys Given Away By FFA

There will be a great opportunity for many families to get free turkeys and for riflemen to practice their marksmanship at the Turkey Shoot held Nov. 16 and 23.

The Turkey Shoot is sponsored by the Littlefield FFA Chapter and begins at 2 p.m. The shooting field is located one mile south and one-fourth of a mile east on the Levelland highway.

Turkeys and hams will be given away as prizes for the most play pigeons shot in a round of shooting. There will

be 10 entrants to each round. Each entrant paying one dollar as an entry fee. The one who shoots the most pigeons wins the prize. This is one of the fund raising projects for Littlefield FFA.

"Ask a woman how she stubbed her toe and she'll say she walked into a chair. Ask a man how he stubbed his chin and he'll say someone's chair in the middle of a room."

### CHOIR SALE ZOOMS

The annual choir candy sale got underway Friday, Nov. 7.

This year's candy is a Stuckey's pecan log. Each pecan log may be purchased at \$1 per box from any choir member in senior or junior high.

The candy sale is one way in which the choir may attain money to buy such necessary

items as choir music and choir utilities. It will also help to pay for a musical which the choir plans this year.

A \$5 prize will be given to the choir student who sells the most boxes of candy.

According to Mr. Troy Carter, choir director, the candy is being sold very rapidly and more is being ordered.

### LHS Speaks Out

DO YOU THINK MORE SUPPORT SHOULD BE GIVEN TO BASKETBALL? HOW?

Renee Clark (Soph.)—"Yes, I think we need a girls' basketball team. We need to advertise and get more people out to ball games to back the boys."

Randy Trotter (Soph.)—"Yes, more people should come to the games. We have a good basketball team this year and we should go to district."

Mary Tucker (Jr.)—"Yes, I think more support should be given to basketball. As for me I love basketball and would love to see the Wildcats win every game, but to do this there will have to be students willing to come to the games and support our teams. I think basketball is just as important as football."

Kim Hill (Jr.)—"Yes, I think more support to basketball should be given. We could have a pep rally for every Friday game, maybe not that often, but every once in a while to show the team that the student body is behind them."

Buddy Witcher (Jr.)—"Yes, I think there should be pep rallies. They should do it like the football games, more or less."

Mike Oden (Sr.)—"Yes, basketball needs more publicity to represent it better. Announce all the games."

### 'Tumblerama' Scheduled

The Girls' Athletic Association will present a tumbling exhibition at 7 p.m. Monday, Nov. 24 in the high school gym. It will be performed by the girls' physical education classes.

Mrs. Marti Toulmin, gym class teacher, has coached these girls for about six weeks especially for this performance. After steady and strenuous practice, these 28 girls will be ready to participate.

The program will include stunts, diving, tumbling, routine exercises and pyramids. Junie Gray, GAA's president, will emcee the program.

This program gives the girls' gym classes an opportunity to perform before an audience and to show what they are doing in class this year.

Everyone is urged to attend. Advice to people over 40: "Keep an open mind and a closed refrigerator."

THIRD PERIOD physical education girls form a pyramid. This is one of the stunts to be performed at the Tumblerama.

### Come To Morning Watch

The first meeting of Morning Watch will be held today, Nov. 20, from 8 to 8:15 a.m. in the auditorium.

Morning Watch is a short religious service for anyone wishing to attend. Every Thursday, from now until school is out, a short message from a guest speaker, prayers

and singing songs will take place of these meetings.

Lynn Barton, vice-president of the student council, and seven other council members were responsible for starting the Morning Watch program for the 1969-70 school year. Dianne Perkins is the songleader for Morning Watch.

### Business Club Peers Into \$8

There will be a business club meeting tonight at 7 p.m. in the typing room.

Mr. Gerard Kehoe of the telephone company will be the guest speaker for the program entitled "The Root of Evil".

He will talk about the history of money and how it was derived. Some slides will be shown about the different kinds of coins and dollar bills.

Anyone taking a business course or who has taken a previous business course may join the club.

# Happiness Is...

BASKETBALL!!!

Patricia Wedel

Tina Russell

Well, at last! We can sit in a warm, lighted gym. (Who wants to? Basketball season is here!! All we hear from the boys is run, run, run! So get with it!

Daffynition: FAD—That which goes in one era and out the other.

The F.H.A. girls had a meeting last Tuesday. Mrs. Debbie Redwine showed a film and then served samples. She came to school the next day and demonstrated the gas range to the fifth and sixth period classes. TRADE 'N' SWAP was saved for the meeting on Dec. 9.

Larry Hobrathsk: You're a beautiful girl!  
Thriess Bingham: You'd say so even if you didn't think so.  
Larry: Then, we're even. You'd think so even if I didn't say so!!!

The seventh graders dropped a good game to Abernathy here, 28-14. Their outstanding players were Morris Dickson, Rodney and Cory Logsdon, Joe Padillo, Jerry Soria, and Tommy Wilson.

The eighth grade, A and B combined, lost to Abernathy here, 28-14. Their outstanding players were Gary Brown, Terry Bryson, Leo Herrera, Kenny Owens, and Floyd Smith.

The freshmen played Slaton, losing 20-8. Outstanding plays were made by David Barton, Jon Berry, Randy Dayton, Alan Mackey, Ray Mendoza, Ricky Sanchez, and Don Washington. The "Big Band" plays at the last game; but because of the wind and cold, they did not march as planned.

Coach Allen: Go in there, Cox, and get ferocious.  
Jerry Cox: Right, Coach! What's his number?  
HEY! You seventh graders! Get busy and tell us your gossip!  
Come on, stage band!! Mr. SoRelle said SOON your practices will be at night! Keep up the good work!!  
What's the difference between a monster and a teenager ??? NOT MUCH!!!

The spirit shown at the pep rally last week, the last this year and the last in LJH for the freshmen (SOB!), was really something else. The football boys showed their appreciation to the cheerleaders, the twirlers, Mrs. Pylant, Mr. Burch, and Mr. Brawley for their support. The cheerleaders and twirlers presented Mrs. Pylant with a gift, and she gave each one a gift, also. The football team received a cake and telegrams. The seventh and eighth grade teams were recognized for a great season.

How 'bout the teams, Coach? Are they good losers?  
Good? Man, they're perfect!!  
Thriess B., Diane C., and Pat K.—Happy Birthday!  
Shelly G.—Forget something???

Mike M.—You broke your promise to T. R. and P. W. !!!  
Randy D.—Four votes for Littlefield??  
Mary K.—Make up your mind!!  
Chris P.—You smell something??  
Bobby M.—That'll teach you to take your time!!!  
Darrell and Monte—Glad to see y'all back. Now maybe Jeanie and Vicki will shut up!  
Patricia W.—Lipstick???  
Jerry C. and Randy D.—TO Donald B.—"Did THAT hurt???"  
Hunchback—Now she is mad! What are you gonna do about it??  
Kenny O.—Football???  
We've heard nothing but cross words from Noel G. and Randy D. all week.  
Kelly P.—Anatomy.....A gnat.....bzzz!.....on me!!!  
Craig R.—Not bad!!!  
Who was the dunce at the game?? It was a twirler.  
Darla S.—What happened to your lip??  
Tina R. to Cheryl C., Annette H., and Dru W.—"Boy, that ice was good!!!"  
Tandy T.—Have fun at the JV game? How about you, Randy C.??  
I'll bet ALL the football boys wish they'd been in the stands at the last eighth grade game! Right, Shelly??  
Congratulations, Karol T.! You didn't drop your baton!  
Judy C.—Stay off the field!!!  
All you penny-pinchers (and non penny-pinchers) out there, get your dollars ready! The band has begun to sell Christmas tree tickets.  
The janitor is still finding pieces of the broken cameras from last week's picture-taking episode.  
Tim Walker: What do you get when you cross an elephant with a jar of peanut butter?  
Doug Allen: Either a jar of peanut butter that never forgets, or an elephant that sticks to the roof of your mouth!!

QUOTE OF THE WEEK: (Contributed by T. B. and S. R.) "When your feet smell, and your nose runs, YOU'RE UPSIDE-DOWN!!" (Didja get it?)

Have a good week, and.....  
PASS YOUR TESTS!

**Darlene Weaver To Attend First Syllabus**

AMHERST—Darlene Weaver, a senior at Amherst High School, daughter of Mr. and Mrs. W. T. Weaver, Jr. of Amherst, will join over 350 other high school seniors from across the country to participate in the 1st session of A Presidential Classroom for Young Americans.

Presidential Classroom, which held its first programs last year, is designed to give bright high school seniors the opportunity to see first-hand, the operation of their government. The Program this year consists of five one-week sessions, the first of which will begin Feb. 14, 1970.

Arriving in Washington on Saturday, participants begin at once preparing for the full week ahead. The Syllabus includes academic instruction in the three branches of the Federal Government, Seminars and talks with Congressmen, City Officials, Government Department Heads, Ambassadors and National News Media Representatives. An afternoon will be devoted to visiting such National Landmarks as Mount Vernon, Arlington National Cemetery and other historic sites.

Diploma will be held that evening.

**MYF To Sponsor All Day Sale**

Members of the Senior High MYF of the First United Methodist Church are sponsoring a fund raising sale Nov. 22 from 9 a.m. to 5 p.m. at 124 East 23rd Street.

Anyone wishing to donate household items, toys, children's clothes, clothes and miscellaneous items, may contact Joe Williams at 385-6128 or Steve Owens at 385-3742.

All proceeds from the sale will go into the MYF Fund.

**WHAT WILL YOU DO WITH YOUR FORTUNE?**

Figure it up. By the time you're 65, you'll have earned a tidy fortune. But, you'll probably have spent most of it, too. So, between now and then, you should provide for an income upon reaching retirement age, plus protection for your family if you should die before then. Our retirement plans are designed to accomplish both for as little as \$1 a week. A quick phone call will bring you specific details on low rates and the full story on Woodmen of the World's outstanding program of fraternal and social benefits.

Almost half of the asparagus grown in the United States is produced in California.

**"THE MAN WHO SAVES HIS OWN COTTONSEED"**

Let's call him Grower A. He knows what seed production is all about . . . how seed quality insures greater production of higher quality cotton. He produces his seedstock with these elite methods: one variety farm, one variety gin for handling seed cotton, one variety trucking, one variety storage, handles big volume for processing one variety with absolute cleanup at every stage of handling. He knows that seed can be mixed at many points such as the gin or delinting plant and that "varietal mixture", so common with farmer-saved seed, hurts his overall production. Further, he's aware of the genetics and agronomics of seed production.

We salute Grower A. He produces planting seed exactly the way it should be done . . . exactly the way every bag of Johnny Cottonseed is produced. If your seedstock is anything less, you should be concerned. But maybe we can help. If you don't have the time, facilities or desire to go into the seed production business, check into our unique SEED BANK program at your local coop gin or elevator. You can get your choice of varieties in both guaranteed quality and supply. It's a service offered by your own cooperative, Growers Seed Association.

Sign up now at your local coop gin or elevators.

## Pep Plans

### Annual Dinner

PEP—St. Philip's parish will hold its 24th Annual Thanksgiving Festival Thursday, Nov. 27, in the parish hall. Dinner, including turkey with dressing and all the trimmings, together with sausage made by the citizens of Pep, will be served from 11 a.m. to 2 p.m. and from 5 to 7:30 p.m. The meals will be \$2 for adults and \$1 for children under 10. A cotton and general auction will be conducted in the afternoon with carnival attractions. There will be separate drawings. One is a painting by Father Stanley Crocco and the other drawing is for a three-piece luggage set and a decorator clock. Ending the day will be a dance beginning at 9 p.m. with music by a western band.

## SIX LETTERMEN BACK

### Cats Go To Basketball

Coach Jim Jeffries, beginning his first season to guide Littlefield Wildcat cage fortunes, greeted 27 candidates this week as drills opened.

The group included eight seniors, five juniors and 14 sophomores. Among the list were six lettermen and a half-dozen who saw junior varsity action last year.

The Wildcats open their season here next Tuesday night when they host Abernathy.

But they are getting ready this week for a Saturday morning scrimmage here with Crosbyton, where Jeffries built a winning record as basketball coach before coming here.

"I really didn't know what to expect from the boys," Coach Jeffries said after early workouts, "because they were able to win only one ball game out of 24 last year."

But the new coach added: "Frankly, I've been impressed so far. The boys want to play, and we're looking forward to having a pretty good season."

One of six returning lettermen, 6-4½ Max Hutchins, is out of drills following leg surgery. But the surgery was less serious than anticipated and Max is expected back with the team in two to three weeks.

Other returning lettermen are 6-3 Gary Nace, 6-2 Steve Owens, 6-1 Charlie Holt, and Ed Hickman and Charles Carter, both 5-11.

Hutchins and Nace will play the post in Jeffries' offense, while Holt, Carter and Hickman are listed as forwards and Owens will be out front.

Keith Woody, up from the junior varsity, will join Owens out front and L. D. Holt, another senior with junior varsity experience, will be a forward.

JIM JEFFRIES  
...First Season Here

Three juniors also are listed on the varsity—Pat Boone and Kim Hill, both post men, and Wendell Horn, who will go out front.

Boone, Woody and Hutchins began workouts in mid-October and came along well, according to Jeffries.

Then Hutchins' ankle became too painful for him to continue.

Boone, the heaviest man on the squad, reported at 238 pounds in October, and the workouts have scaled him down to 222.

TRENA McLARTY was named Anton Sweetheart before the Anton-Amherst game Friday night. Miss McLarty is the daughter of Mr. and Wayne McLarty and is a freshman student.

SUDAN HIGH SCHOOL Cheerleaders for the 1969-70 school year are Tanya Chester, Susan Gaston, Ellen Williams, Connie Lance, and Angela Pickett.

### Terry Bridge Leads Scoring

Springlake-Earth's Terry Bridge has won out over all school boy football players in all classes to win the distinction of being the leading scorer on the South Plains.

From the opening game of the campaign, fullback Bridge and Clarendon's tightening-fast quarterback Jim Moore waged a fierce struggle for the scoring title but a final surge by the Wolverine swept the ribbons with 147 total points.

Bridge put together games of 24, 26 and 28 points through the season. His 147 points are on 21 touchdowns and 21 conversion points.

### Pep Boys Fall To Causey 5's

PEP-In basketball action Tuesday night, the Pep boys' "A" team tumbled to Causey, 91-62.

Pep started with an early lead of four points but fell by the wayside as Causey rolled with a 29-16 lead at the end of the first quarter.

Billy Demel was high scorer for Pep with 20 points, and Dave Shannon followed with 15 points.

The Pep "B" team lost to Causey, 53-40.

Mark Followell was Pep's high scorer with 15 points and Steve Demel was second best with 8 points.

Pep will play Nazareth next Friday night at Pep.

In the girls' game last week with Bledsoe, the last-minute winning shot for Pep was made by Terri Gerik.

### Spade Girls Run Record To 7-2 Mark

SPADE-The Spade girls brought their record to 7-2 Tuesday night by beating McAdoo, 54-27.

SANDY HOLMES was crowned queen of the Spade Homecoming Saturday night. She is a junior student and the daughter of Mr. and Mrs. Jimmy Long. Other candidates were Belinda Thompson and Janice Reed. The coronation took place during halftime activities between the boys' basketball game with Shallowater.

### Amherst Fullback Honored Again

Junior fullback Bobby Clayton of Amherst landed on the South Plains Football Honor Roll again this week after racking up five touchdowns from the 39, 10, 7, 10 and 34-yard lines in Amherst's 50-7 romp over Anton.

With one game left in the season, Clayton has carried 228 times for 1,090 yards and a 4.84 yards per carry while scoring 72 points.

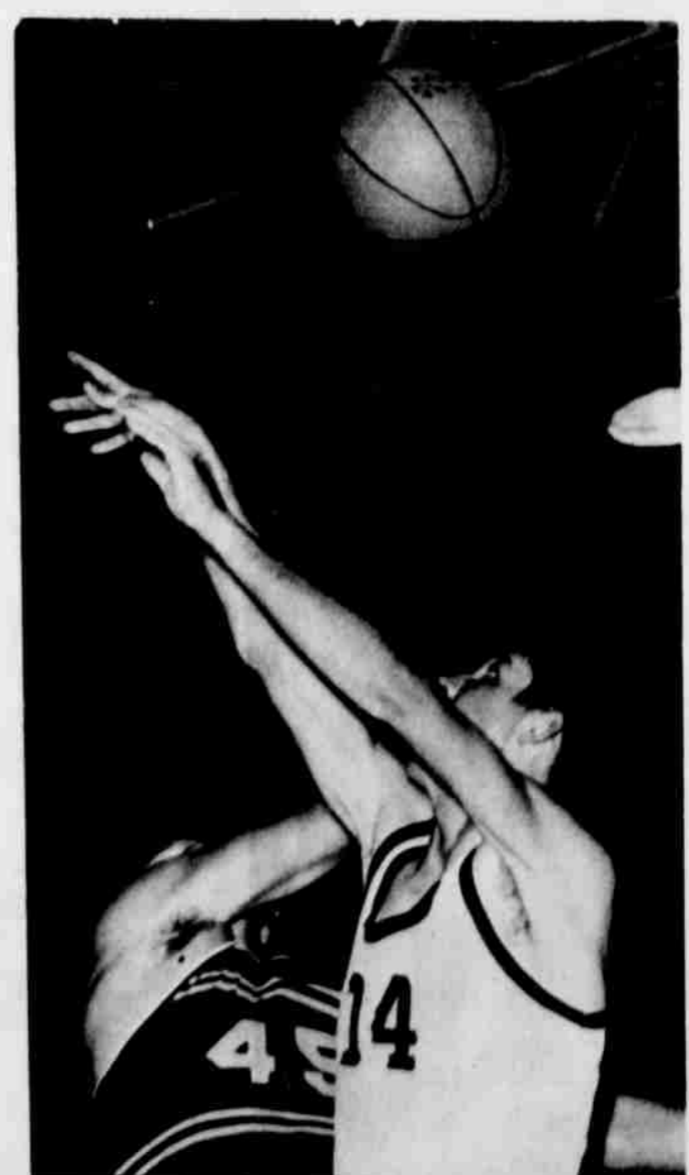

Clayton is outstanding defensively, too, averaging 12 unassisted tackles per game, and he has intercepted two passes.

### Whitharral Girls Fall

## Truck Industry Employs 1,798 In Lamb County

A report shows the trucking industry is vital to the economy of the state—and to the Littlefield area.

According to studies conducted by Texas Motor Transportation Association, the truck and bus industry in Texas employed 666,968 persons during 1968 and paid them more than \$3-1/2 billion. In fact, one out of five non-farm pay checks in Texas comes from trucks.

In 1968, Lamb County alone had 1,798 persons employed by the trucking industry and they earned \$9,745,160. The value of the 5,083 trucks registered in this county amounts to \$5,382,050.

### Clothes Washed, Dried, Dry Cleaned At M&M

Doors at the M&M Laundry are never locked. The automatic, coin-operated laundry is open all day, every day, seven days a week.

An attendant is on duty from 8 a.m. to 6 p.m. Monday through Saturday. There are coin change machines, soap and bleach dispensers, and everything needed for laundering clothes for times when there isn't an attendant on duty.

M&M Laundry has 36 Speed Queen washers and 12 king-sized Speed Queen dryers. The water at M&M is really soft—so soft that just a little soap gets the grimeiest clothes clean. The washing machines are two cycle for normal and gentle washing, and water temperature controls allow selections of hot, warm or cold settings. The big dryers that line the east wall each hold several loads of wet wash.

Every first Monday of each month there is a dollar day special of five loads of clothes for \$1 at M&M Laundry.

M&M gets its name from its owners, Mrs. Mearl Davis and Mrs. Mildred Montgomery. Mrs. Davis and Montgomery are experts on stains and washing problems and are happy to give advice to their customers. They have

spotters on hand for problem spots.

M&M Laundry has a coin-operated dry cleaning machine that is just right for casual clothes, too. Eight pounds of dry cleaning costs only \$2. Working ladies can bring their clothes by on their way to work and attendants at M&M Laundry will spot dry cleaning, put the clothes in the machine, and take them out and have them ready to go when they get off work. Use of the Jiffy Steamer is free with dry cleaning. Or you can press your dry cleaning with the steam presser at 10 cents for 10 minutes. M&M Laundry will press your clothing for you for 75 cents per load.

There is also coin-operated hair dryers at M&M, and customers can dry their hair while they wait for their clothes to wash, dry or dry clean.

Mearl and Mildred have owned the laundry two years. Mrs. Davis moved to Littlefield from Muleshoe and Mrs. Montgomery moved here from Earth. They are assisted by Mrs. Louella Witcher on Tuesdays and Thursdays. Whether you want to wash or clean your clothes or dry your hair or a load of clothes, they invite you to come in and try M&M Laundry.

### Pep SPC Student Builds Trailers

The first of two seven-bale cotton trailers built in the welding class at South Plains College, have been delivered to Kent Cooper of the Fairview Community.

Among students of the class who are constructing the trailers is Mitchell Schlottman of Pep.

The students, under the supervision of Clyde Morgan, instructor, designed and constructed the metal trailer in approximately 50 man hours.

Projects of this type are constructed with no charge for labor, but the customer is required to pay for the materials used in the project.

Purpose for accepting various projects is to allow the students to gain practical experience in construction principles.

Other students constructing the trailers are Kenneth Loafman of Kress; and Jim Fortenberry and Robert Roach, both of Lubbock.

The welding course is a division of the Technical-Vocational-Occupational Department of the college.
