

MAY 20 COLLECTION DEADLINE

Anti-Hail Funds Short

Cloud Seeding Issue Still 'Up In The Air'

Although the Texas Water Development Board (TWDB) gave the go-ahead April 27 for a hail suppression program again this year, the seeding of clouds in Lamb County to prevent hail during the crop growing season was still a little iffy this weekend—and the IF hinges on the collection of \$47,000.

The \$47,000 is the amount needed for farmers north and south of the sandhills to be included in the five-month hail suppression program. This includes a four mile strip on the south side of Castro County, too.

Funds already collected in Hale County practically insure complete coverage for farmers in that area with the suppression operation going into effect this week.

H.L. Messamore, secretary of the Lamb County unit of Better Weather, Inc., the association formed to push the hail suppression program, said this week that Lamb County had collected enough money to start the program here. But he added that it wouldn't be fair to those who had paid in for the full five months program to start the cloud seeding operations without enough money to continue the protection until harvest time.

"We've got to have the money by the 20th of this month if we go into the program," Messamore said, adding that he didn't know what the holdup was on collecting the funds.

"If the farmers want the program, they're just going to have to pay their money in," said H.C. (Jaco) Armstrong, president of the county group. Armstrong said he felt that farmers are just so busy that they haven't taken time to get their money in.

Money for the program is being raised through a voluntary donation of 32 cents per acre for farm operators and landowners, and \$25 per household and business contributions.

The TWDB granted Atmospherics, Inc. a permit to conduct a hail suppression program in this area despite objections from residents in counties surrounding Hale, Floyd and Lamb Counties, last year's target area for the program. The Board's decision to issue the permit was made after staff members and the Board's

weather modification advisory committee agreed it was "in the public interest" to issue the permit.

The TWDB said after review of testimony and evidence presented by opponents of the hail suppression program that they could find no scientific evidence that last year's hail suppression program caused a reduction in area rainfall as claimed by the opposing group, Farmers and Ranchers Association for Natural Weather, Inc.

At the time the permit for hail suppression was granted a permit to stimulate rain was denied because the necessary publishing of the intentions of the firm had been met.

No decision on the rain making had been made Saturday, but the TWDB was to make a final ruling soon, either granting or denying a permit to increase rain along with the atmospheric firm's efforts, a charge of \$100 per hour plus \$15 for each silver oxide flare fired will be made. The Better Weather, Inc. association would be billed for the rain making efforts at the end of the year since there is no way to tell in advance how many clouds would be seeded nor how many hours would be logged in the rain stimulation efforts.

Scouts Escape Serious Injury

Four Littlefield Girl Scouts and their Scout mother received minor injuries Friday afternoon in a two-car accident on U.S. 87 north of Lubbock.

They are Mrs. Sue Altman, 31; her daughter, Renea, 6; Anita Bryant, 9; and Carla McCaules, 10.

All received cuts and bruises and were treated at St. Mary of the Plains Hospital, and released. They were traveling in a caravan with other cars and were turning at the cutoff toward Shallowater when the accident occurred. Driver of the other car, who was alone, was also injured.

Bogus Bills Fly North

No more counterfeit \$20 bills were reported to authorities here this week, but Lamb County Sheriff E.D. McNeese said his office received word that bogus \$20 bills bearing the same serial number as those passed in Littlefield last week had been passed in Amarillo and Pampa, in the Texas Panhandle, and in Denver, Colo.

COMMITTEE MAKES REPORT

Community Action Goals Told

Lamb County's Community Action Committee this week issued a first-year report, spelling out the group's goals and accomplishments.

"The basic purpose of the CAC is to stimulate a better focusing of all available local, State, private, and Federal resources upon the goal of enabling low-income families, and low-income individuals of all ages, in rural and urban areas, to attain the skills, knowledge, and motivation to secure the opportunities needed for them to become self-sufficient," said Charles Duval, chairman of the board of directors.

The CAC should not attempt itself to solve all of the problems of the poor, but it should stimulate the broader community to be more responsive to their needs and interests, Duval said.

The following areas are main points in

the larger CAC mission of stimulating increased responsiveness of community institutions: day care; manpower and employment; economic development; health; family planning; narcotics and alcoholism rehabilitation; education; housing; and career development.

"The local CAC has the responsibility to select those programs which, in its judgement, will produce the maximum impact on the community," Duval said.

The Lamb County Community Action Committee has been operational since the first of the year. Community participation has been increasing steadily and the CAC is now working with numerous local doctors and businessmen in various programs.

The programs which are being most emphasized at present are education, employment, and family planning.

In the field of employment, the CAC is working in conjunction with Texas Employment Commission offices in area towns to provide jobs and/or training for the unemployed. Forty-eight persons have been referred to the Plainview and Lubbock TEC for enrollment in job training courses. Of this number, 7 applicants have been accepted. Through these courses, people will receive training and also an allowance to live on while they are being trained, as the course usually involves a 5-day, 40-hour week, over a number of months.

Eleven young people have been enrolled through the CAC in the High School Equivalency Program in Roswell, N. M. HEP is a program operated through Eastern New Mexico University to educate young drop-outs to the point where

LITTLEFIELD'S OLDEST mothers got early Mother's Day presents from the Littlefield Chamber of Commerce Friday. Two residents of the Hospitality House were nominated by relatives and received roses from the C-C as winners of the Chamber's "Oldest Mom" contest. Mrs. Ada Cooner, above, who is 98 years old, was presented with a dozen roses. Mrs. Cooner's daughter, Mrs. Mattie Barnard, holds the roses for Mrs. Cooner's inspection. Mrs. Cooner's three daughters, Mrs. Barnard, Mrs. Willie Benton and Mrs. Beula Robison, all live in Littlefield, and a son, B. C. Cooner, lives at Olton. Mrs. Effie Tapley, 93, left, was runner-up and receives six red roses and a kiss from C-C president Jerry Kehoe, and congratulations from C-C Secretary, Suzanne Hunsinger. Mrs. Tapley was nominated by a granddaughter, Mrs. Frank Robison. Mrs. Georgia Stephens and Doyle Tapley of Littlefield are among her nine grandchildren. Mrs. Tapley and her family came to Lamb County in 1922 and operated a grocery store in Amherst for a long time.

FA Banquet Honors Boys

The Future Farmers of America program at Littlefield will be honored Tuesday during the Annual Parent-Son event will begin at 7:30 in the school cafeteria. Medals and pins will be awarded to the boys who are due recognition.

Bronze Star

First Class Ellis R. Currie, son of Currie of Littlefield, has been the Bronze Star Medal, after he distinguished himself through outstanding service in connection with operations against a hostile force in the Republic of Vietnam. Currie is the brother of Dorothy Littlefield. He, Edith, and family live in Littlefield, S. C.

RE MOISTURE NEEDED

Showers, Hail Dot Area

Golf ball-sized hail and light rains fell from dark tornado-threatening clouds Saturday morning, and the entire county and surrounding area went under a severe thunderstorm watch that turned into a tornado warning about 10:40 a.m.

Rainfall totaling approximately .40 fell over most of the Littlefield area with some heavier amounts and large hail reported at points.

Hail stones as large as golf balls were reported north of Littlefield in the Roundup area, at Fieldton, south of Olton, around Lumsden Gin, at the airport, and over a large area west, southwest of Littlefield.

Clouds towered at 39-40,000 feet and two hook formations reported by the National Weather Service put this immediate area under a tornado warning for a time before the intense storm moved out.

In just a few minutes, temperatures slid from 61 degrees to 49.

At press time Saturday, the severe weather had passed over the county. But hopes remained high, especially among dryland farmers, that additional moisture would fall.

PLANTING TIME 1971 is here for many farmers including David who is filling up the seed boxes at his farm south of Littlefield. Soil temperatures reached a high of 67 this week, and many farmers with land started cotton planting operations. Virtually all corn and sorghum has been planted north of the sandhill, and good stands of sorghum are up. Without some appreciable amounts of moisture, dryland farmers and farmers with insufficient irrigation water are facing a crisis as planting time approaches.

Four Arrested In Hub Thefts

City police and sheriff's officers arrested four Dimmitt men Thursday night, and charged them with taking five sets of wheel covers, valued at \$390, from new pickups on the Mitchell Ford lot on East Delano.

A citizen reported to police that he saw the men taking the wheel covers from the pickups. When officers arrived, they found two men under a pickup.

Cary Durham, 17, and Bobby Raper, 19, were arrested by police officers, and when all but one set of the hubcaps were located, sheriff's deputies began looking for two other Dimmitt men, Jerry Ethridge, 20, and James D. McDonald, 19.

They located them and found one set of covers in their car, officers said.

All four were charged with felony theft, jailed in the county jail, and \$2,000 bonds were set for each in the Justice of Peace court.

McDonald was released Friday after his bond was posted.

PATROLMAN Johnny Bankston displays the four sets of pickup wheel covers which were recovered by city policemen at the Mitchell Ford car lot on East Delano Thursday night. Four Dimmitt men were arrested and charged with felony theft over \$50. Sheriff's officers picked up two of the men and found another set of covers in their car.

Gene Herrin Initiated To Society

ANTON—Gene Ann Herrin, daughter of Mr. and Mrs. Al Herrin, has been initiated as a new member of the University of Texas at Alpha Lambda Scholastic Honorary Society.

The chapter has initiated new members. This organization offers membership to freshmen who have attained a 3.0 average (3.5 grade point) per semester for 12 hours of course work, 12 hours of course work, and 12 hours of work.

The organization's purpose is to recognize scholarship and encourage academic excellence.

Miss Gilbert Is Honored

ANTON—Stacey Gilbert, among those honored "Honors Day Convocation" at North Texas State University recently.

Stacey was selected in "Who's Who" in American Universities and was selected to the School of Business Administration.

Stacey is a 1968 graduate of Anton High School and daughter of Mr. and Mrs. Gilbert.

Anton's 'Bulldog' Editor Takes First In State Meet

ANTON—Patti Stone, editor of the "Bulldog Bark," placed first in the journalism, newswriting contest, Class B held by the University Interscholastic League State Meet in Austin, April 30.

Patti, along with 19 other contestants in Classes B through AAAA conducted a 30-minute press conference at which time the students interviewed Dr. DeWitt C. Reddick, University of Texas Journalism School, chairman of the Executive Committee of Interscholastic League Press Conference.

Dr. Reddick was the originator of the ILPC.

The students interviewed Dr. Reddick and then were given 45 minutes in which to write their news articles. After the divisions were judged for the best article, then the five articles were re-judged for the over-all winner.

The winning school was San Angelo Central which received the winning plaque for newswriting.

The other over-all winners were: editorial, Dumas High School; feature writing, Seminole High School; and headlines, Corpus Christi, King.

An additional presentation was made to each first place (gold medal winner). The Clark Foundation of Dallas, presented to the school of each first place winner a set of framed documents: Declaration of Independence, Constitution, and Bill of Rights to be displayed in the winning school.

These will be presented to the Anton High School by Patti at the awards assembly, May 13.

Since journalism is basically newswriting, the winner of this contest best demonstrates the ability to research, collect, and write news. Since this is the first year of the "Bulldog Bark" and Anton High School does not teach a journalism class, this accomplishment indicates an outstanding ability to write.

The gold medal received by Patti is the fourth one earned by a student of Anton High in 14 years.

The last first place literary winner at the State meet was in 1961, when Alvin Mitchell took it in Number Sense.

Mrs. Murriel Landers, sponsor, accompanied her on the trip.

SHARON LEE KERBY

Future Plans Announced

MOTHER'S DAY AND THE CARNATION

For hundreds of years carnations have been known to be a language of their own. Certain flowers say certain things... each carnation in the message they carry.

The red carnation has been accepted as the flower to say: "We admire you."

The pink carnation is to say: "We admire your mother."

There is no wonder, then, the carnation has become the nationally accepted flower to represent "Mother's Day."

What better means do we use to express our love for a person as noble as our mother?

Hospital Auxiliary Installs Officers

Mrs. Ruth Hinds was installed as president when the Littlefield Hospital Auxiliary met Thursday, May 6, in the Reddy Room of Southwestern Public Service for installation of officers.

Twenty-six were in attendance for the luncheon and installation. The tables were decorated with bright colors and spring flowers. The head table held a potted plant which was presented to Mrs. Mary Davis in appreciation of her work as president during the past year.

Mrs. Jacque Hastings and Mrs. Nan Hofacket, officers of the Methodist Hospital Auxiliary in Lubbock, were present to conduct the installation of new officers. Officers installed were:

president, Mrs. Hinds; vice president, Mrs. Hazel Davis; recording secretary and publicity chairman, Mrs. Ann Sansom; corresponding secretary, Mrs. Gloria Lewis; and treasurer, Mrs. Peggy Williams.

New committee chairmen are: volunteers, Mrs. Mary Davis; vice chairman of volunteers, Mrs. Mattie Perkins; service, Mrs. Janie Raney; projects, Mrs. Lois Avery; membership, Mrs. Marsha Jones; and nominations, Mrs. Doris Simpson.

A short business meeting followed the installation of officers. Two new members, Mrs. Blanche Dodgen and Mrs. Johnny Ross, were introduced. Ten persons were awarded pins in recognition of 50 or more hours of volunteer service to the hospitals during the past year. Four of these women were presented bars for having contributed more than 100 hours of their time.

LITTLEFIELD HOSPITAL Auxiliary officers were installed Thursday, May 6, in the Reddy Room of Southwestern Public Service. Conducting the installation of new officers were Mrs. Jacque Hastings and Mrs. Nan Hofacket, officers of the Methodist Hospital Auxiliary in Lubbock. Mother's Day Program

AMHERST-A Mother's Day program was held Wednesday morning, in the presence of Mrs. Robert Blessing, Mrs. Robert and Mrs. Douglas, hostesses for the meeting.

In the absence of president, vice president W. P. Holland, Jr. presided over the short business session.

Mrs. V. A. Hinds presided over the Mother's Day program. Mrs. Troy Gilliland, Mrs. Miller and Mrs. W. P. Holland were having parts, each of which was a tribute to "Mother."

The refreshment table was laid with a white linen centered with a crystal white peonies. Coffee, berry juice and fruit were served to 26 members, two of whom were R. S. Baker of Chandler and Mrs. Davis May Antonio.

DAMAGING TO EARS
While industry is becoming increasingly aware of the hazards of excessive sound levels, and in many instances is taking steps to remedy the situation, leisure time activities are becoming increasingly noisy, earns the Beltone Crusade for Hearing Conservation. Crusade officials stress that excessively loud sounds stemming from leisure time activity can be damaging to the human hearing mechanism.

HOMINY GRITS

By CORNBALL BLEVINS

SOMEWHERE I READ about the guy that ripped his telephone out by the roots and tossed it out. "The guy must be nuts!" I thought to myself.

However, and after some consideration, I'm not so sure but what he's smarter than first meets the eye. Now, if he could just bring himself to follow it up with the radio it might be a case in point to be seriously studied.

OH, YES, AND don't forget that wall-bustin' stereo! (Course, a change in taste of music, might help there) Now can you imagine the peace and quiet that would prevail in the house with these gadgets being silenced? I betcha' a bunch of families would do a lot of getting acquainted, with the absence of these things. "Hey, ma, could ja' put a muffler on that clock? It's bustin' my eardrums!"

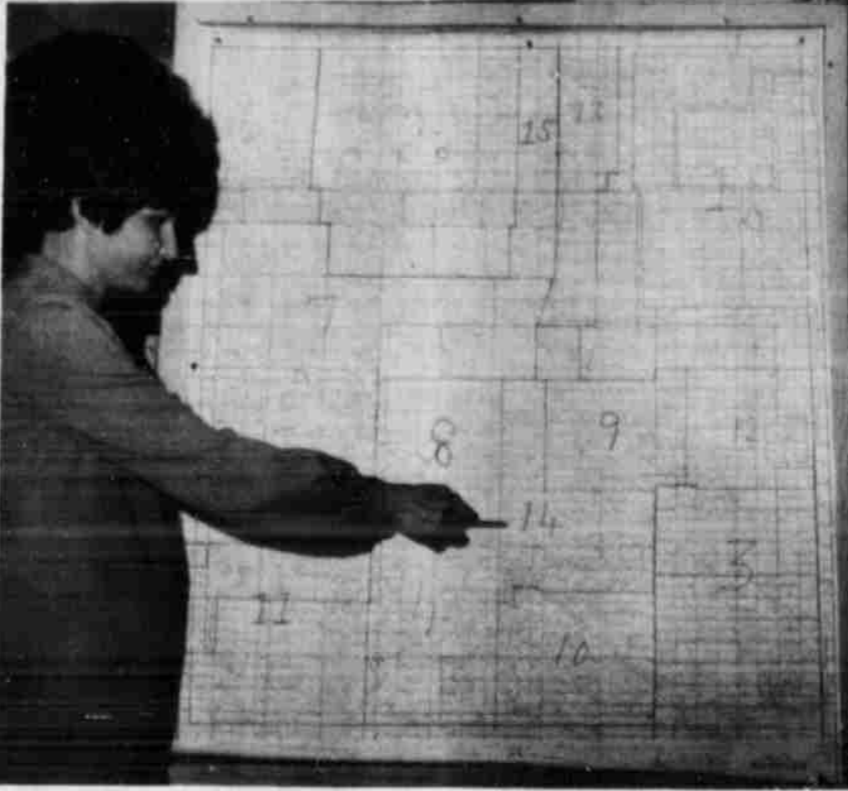

I SUPPOSE, THO, the gadget that can be the most irritatin'. MUST be the phone. Not only, is it my Lord and Master during the day, at the mill, but it's still

ringing when I get home. About the time I get my head under some vict-Excuse me, I mean to say under some customers) transportation, the answering service whispers my name. (You can hear his whisper for two blocks) "HEY, SHOPPIE! - TELEPHONE!!!"

THEN WHEN I get home the first thing I hear is the phone! I've learned, tho, that only about one call in a hundred, at the house, is for me. (There's one wife, and two teenagers at our house.)

When I do answer the phone, likely, some surprised voice will inquire if they have the right number. And, about the time my usually, sunny disposition prompts me to answer with: "Family answerin' service!" A polite voice may be askin' for Cornball! Oh, well, you can't win 'em all!

RECKON I'LL JUST keep on keepin' these gadgets, tho. I'm not sure it would be too safe for our family to become too well acquainted. We might be surprised at the kind of characters we've been hangin' out with!

LINDA THOMPSON, deputy in the county clerk's office, points to one of the changed voting precinct lines. Many voters going to the polls May 18 will be affected by new precinct lines. The county's 17 precincts have been reduced to 15 with precinct 11 absorbed by 1 and 15, and precinct 7 enlarged to include precinct 10. Inside the city limits, everyone north of 6th Street and west of Westside Avenue in what was precinct 16 is now in 14. Everyone else inside Littlefield is in precinct 10 which was formerly precinct 12. A map with new boundary lines is in the county clerk's office.

THE ABUNDANT LIFE

A Willing Mind

By BOB WEAR

MUCH OF WELL-BEING, personally and collectively, is being lost because so many persons have to be made, in one way or another, to do the things they should do willingly.

They are not happy, and do not perform efficiently; and they help make a bad situation for all people involved.

MANY PEOPLE have to be made to do some of the things which are for their own good.

Oftentimes, no one else profits from the action. Of all things to be done, it seems that all of us would be willing, and even eager to do the things which are for our personal good.

THE RELUCTANCE with which we may go about doing what must be done makes the doing more difficult, removes all satisfaction from the accomplishment, and causes a second or third rate performance.

Of course, some things we do will be more enjoyable than others; but when we act with "a willing mind", we will find joy and satisfaction beyond our expectations.

IT IS NOT ENOUGH that we reluctantly seek and hold to generally accepted principles of right, and conform to approved behavior patterns.

This is inadequate, and makes full success impossible. In order to receive the greatest blessings, we must act with a willingness of mind that is completely free of all reservations.

THE PHILOSOPHER

Faster Mail

(Editor's note: The Sandhills Philosopher on his Johnson grass farm comes up with a new idea, his, not ours, for faster mail service.

Dear editor: According to an article I read in a newspaper last night which was three days old but still better than the re-run on television, the Post Office Department in Washington has worked out a speeded-up mail delivery system whereby it'll guarantee an air-mail letter will get to its destination in 24 hours within an area not more than 600 miles away. Further away, it'll take 2 days.

To pay for this speed, the post office's word, not mine, the cost of an air-mail stamp will be increased.

I have been thinking this over and have begun to wonder why the Post Office Department, if it's convinced there are enough people within 600 miles of Littlefield who have to have their mail within 24 hours, doesn't come into the modern age.

Why doesn't it issue a special Pickup Truck Stamp!

A YOUNG MAN was trying to live a good, clean life because an older friend had told him that it was his duty to do so. The young man, however, was not happy.

He returned to his older friend for further discussion. He told his friend that he was living a good, clean life but he was not happy. His friend told him that there is one thing he had forgotten to tell him. "You must not only live a good, clean life; but you must do so willingly, then you will be happy."

"IF THERE FIRST BE a willing mind, the gift is accepted according to what a man has, and not according to what he has not."—Bible.

We will never do our best; unless what we do what is done with a willing mind.

THERE ARE DUTIES and obligations which must be accepted by us, because there is no way of complete escape.

These will always be heavy burdens, if accepted unwillingly; but can be made part of a satisfactory life, if accepted willingly.

"DON'T DO RIGHT unwillingly, and stop to plan and measure; 'Tis working with the heart and soul that makes our duty a pleasure."

A willing mind is the first requirement in all successful and meaningful experiences of living.

With the country now inter-laced with good roads, any pickup truck can get to any point within 600 miles of here in far less than 24 hours. That'll beat airplanes all hollow.

Why haul mail say in New York City out to some distant airport, load it on a plane, fly it to Boston, land after waiting for air traffic to clear, unload it at the airport there and haul it in to the post office, when you can back a pickup up to the first post office, load the mail on, and take off for the next city and be half-way there before an airplane can make up its mind to take off?

Under this new service, people in no hurry about their mail could stamp their letters AIR MAIL and those in a hurry could stamp theirs PICKUP TRUCK. It would be the prestigious thing to do.

If you think this is a good idea, write the Postmaster General a letter now so he'll have plenty of time to get it before mid-summer.

Yours faithfully, J. A.

PAUL HARVEY

Two Faces

YOU WANT TO KNOW why some teed-off blacks spit on the "Establishment?" I'm going to tell you.

I'm on a campus somewhere every week, sometimes two and three times a week. Not once during all this frightful ferment of recent years have I been picketed or demonstrated against or even interrupted.

PRESIDENTS AND CABINET members and senators and congressmen have been shouted down and shooed off the stage — even threatened with bodily harm. Not once have I.

So if I might presume from this experience to suggest why:

NOT ONCE have I equivocated. I see some looking-for-trouble file into the hall, usually significantly, they park themselves in the left balcony and sprawl with their sometimes bare feet on the railing and arms folded smugly, even menacingly, waiting for Paul Harvey to try to mollify, placate, win them over.

THAT'S THE POLITICIAN'S pitch, which they have come to despise: tailor the speech to fit the audience.

But they get neither more nor less than what they've heard or read in these columns. And when they begin to realize that you're not going to be intimidated; that you're going to tell them to their faces what you've been saying every day for 30 years; that blacks should stop feeling sorry for themselves, that dropouts from society are more cowards than crusaders—pretty soon their feet are on the floor and they're sitting up listening. Half way through they are joining in any audience response.

AND ALMOST ALWAYS at the end,

praise God, they're on their feet applauding.

They are not converted. They are not necessarily applauding what you said. They're applauding somebody whose convictions are consistent.

NOW WE COME to the Congress of the United States. I have such an old-fashioned American reverence for our system that no member of Congress ever asks my office for any co-operation without getting it.

But sometimes those guys can be so patently hypocritical that you want to grab them by the lapels.

I DO NOT APPROVE school busing, whatever the Supreme Court says. It's the law until it's changed and I'll obey it, but I won't like it.

And the worst part of it is that it is enforced only south of the Mason-Dixie line. In my home-base city of Chicago we have out-and-out segregation, all-black schools, all-white schools.

THE HIGH and Mighty Supreme Court has assumed that it's not purposeful segregation in the North; it's accidental. Ha!

And when Abe Ribicoff tries to get the Senate to require all schools to integrate, South and North, they voted 51 to 35 against. And same so-called "liberals" who are all for schooling blacks and whites together, whatever the inconvenience in Dixie, haven't got the guts to force that kind of nonsense on their own home folks.

SO SEGREGATED SCHOOLS continue to get their federal aid if they are in the North. And the people whose double-dealing senators think they're fooling are not fools.

DEAR EDITOR

Boosters Say Thanks

To All the People of Littlefield and Lamb County

The Band Boosters want to thank all of you who shared in making the recent barbecue at the Community Center such a success. It was great to have so many people obviously enjoying themselves as they ate and listened to the bands play in the park.

Those who cooked the barbecue, beans and potato salad as well as those who prepared other parts of the meal and assisted in serving it earned much thanks for their volunteer labor over many hours.

As some one said: "This (barbecue in the park) is one of the best things that happens all year." Many, many thanks to all who made it so.

OBITUARY

Cecil Harris

Funeral services for Cecil Harris, 51, who died early Thursday in Phoenix, Ariz., following a sudden illness, were conducted Saturday afternoon in the Anton Primitive Baptist Church.

Burial was in Littlefield Memorial Park, with Hammons Funeral Home of Littlefield in charge of arrangements.

Harris, a native of Hico, came to West Texas in 1925. He was a veteran of World War II and a cook by profession.

Surviving are a son, Sammy Lee Harris of Houston; his father, J. C. Harris of Littlefield; three sisters, Mrs. A. W. Wood and Mrs. Raymond Wood, both of Cotton Center, and Mrs. Mattie Lou McCain of Lubbock; and a brother, Benny Harris of Amarillo.

they can obtain their GED, a high school diploma-equivalent which is now acceptable in almost all colleges, business or trade schools, and as requirements for jobs.

The Family Planning program is having regularly scheduled classes for all women wanting to know more about family planning. Through this program, people who could not otherwise afford family planning can be helped. There are 18 enrollees in this program at present. Participation in family planning is strictly voluntary, as it is in all other CAC programs.

A local youth group, chartered through the state-wide Texas Youth Conference and sponsored by CAC, has been organized and has a membership of 37 young people.

"Our other programs have been doing equally well. Since the month of February, 547 people have walked into our office and been involved in one or more of our programs," said Duval.

He added that the CAC cannot take on all issues and all problems at one time or it will overstep the limits of its credibility and endanger solid gains already achieved.

"Confrontations which set one group or agency against another are not only ineffective but self-defeating in the long run. They often produce a breakdown in communications and further isolate from the broader community," Duval said.

The task of the CAC, he said is to present to the community, with the help of the poor people which these decisions will affect, the most convincing possible case for needed changes and improvements in a manner which will maximize the chances for a positive response.

All meetings of the Lamb CAC are open to the public.

"If you are interested in the work and functions of Community Action, or have any questions you might want answered, you are invited to these meetings or to come by the Lamb County Multi-Service Center on the Springlake Highway, which houses the Lamb County Community Action Committee," Duval said.

Thefts Investigated

City police are investigating two thefts which occurred sometime Tuesday night or early Wednesday morning.

One citizen reported that \$25 worth of hoses and sprinklers were taken from the front yard on Weidel Street. Included were a 25' hose, a 45' hose and two 1/2" brand lawn sprinkler.

Another citizen reported that a brand lawn sprinkler was taken from the front yard during the same night. The white sprinkler was mounted on a tangular frame with the sprinkler center.

on a 20-year contract for bringing television to Littlefield.

Councilmen have not ruled out possibilities of continued negotiation with another company, Comco, Inc. for the same service.

Joe Montgomery was present at a meeting to discuss a request of State Bank for the installation of a temperature sign in the plant front of the bank building. He presented the specifics involved and council granted the bank's request.

Three new members were appointed to the Board of Tax Equalization. Curtis Chisholm, Wayne Winkler, Clinton Byers. Two more members being sought, and names were submitted to the city manager for contacting.

Councilmen unanimously re-elected Paul McCormick as mayor pro-tem to serve as mayor when the mayor is town or unable to perform his duties because of sickness, etc.

Tommy Adkins was appointed to the Electrical Board, replacing a member who retired. Other members are Todd and Don Bell.

Besides the routine business of proving the minutes, approving proposals of bills and reviewing the department reports, councilmen:

- 1. Approved a request for placement of a street light at Third and Bell Street.
- 2. Granted the request of Nipak, Inc. for an easement across the sewer plant for a two-inch water line.

New Drug Control Law Means More Book Work

A new drug control law which went into effect May 1 causes more bookkeeping for pharmacists.

But while time spent keeping records increased tremendously, local druggists say they think the new federal ruling will stop much illegal traffic in drugs.

The regulation is aimed at closer control of drugs classed as barbiturates, amphetamines and narcotics with additives, especially on the wholesale ordering end of the drug business.

James Walker, pharmacist at Roden Drug in Littlefield, said in the past there was no major control over wholesale purchase of drugs. He said until recently a person who could get a wholesale drug catalog could order drugs from a wholesale house, have them sent to his home and no one would know the difference.

Now, each druggist has a number and that number must be used in ordering. At the same time, federal inspectors can check a pharmacist's supply, the number of pills he has issued, and compare that to the amounts ordered under his number to see if amounts all check out.

Formerly drugs were classed as class A narcotics, the "straight" medically-used narcotics, class B, or those normally taken orally, and exempt narcotics, or those with slight amounts of narcotics mixed with other ingredients.

Walker said under the new law, five classes of drugs have been established.

The first group includes drugs which

presently have no medical use, such as LSD, heroin and similar compounds.

Class two includes medicinal narcotics or drugs formerly under Class A, three includes those that used to be class B, or those intended to be taken exempt narcotics, or those with small amounts of narcotics included in preparations.

Under class four are several exempt drugs, such as sleeping preparations and mild tranquilizers. Class five includes other formerly exempt drugs like some cough syrups, drugs affect the metabolism and similar drugs.

Under both the old and the new law true narcotics are given only with a doctor's prescription and are not refilled without a written order.

Under the new law control has been tightened on some types of barbiturates, amphetamines and similar drugs. The old law, a prescription could be refilled for these as long as oral permission given by the doctor.

Now the doctor lists on the prescription how many times (up to five refills) the druggist may refill the compound. After six months a new prescription must be written.

This is where the main change in paperwork since it involves the handling and ordering of amphetamines, barbiturates and similar drugs.

"This will stop a lot of illegal selling," Walker said, "especially teeth in the law. If this stops little from getting these things, then the bookwork won't be all that much trouble."

Constitutional Amendment No. 4

FACTS SUPPORTING PASSAGE OF THE CLEAN WATER AMENDMENT (CONSTITUTIONAL AMENDMENT NO. 4)

1. Constitutional Amendment No. 4 would provide for \$100,000,000 in Texas Water Development Bonds earmarked for state assistance to local governments in construction of waste water treatment facilities, thereby clearing the way for increased federal matching funds.

a. Disposal of improperly treated wastes is causing a serious threat to the quality of the water supply in all parts of the state.

b. Approval of the bonds could reduce local moneys needed to provide new and improved waste water treatment facilities from 70% to 20%. (Under the present local-federal matching program for construction of waste water treatment facilities, the federal government supplies up to 30% of the cost of the facilities with the local governments financing 70% of the project financing. By bringing the state government into the financing program, and with the proposed facilities complying with both federal and state standards, the local share would drop to 20% of construction costs; the federal share rises to 55%, with the state bonds providing 25%.)

c. Assuming all Water Development Board bonds are sold and Federal construction money is available at the present formula rate, the state would be eligible for more than \$180 million in Federal funds.

2. Constitutional Amendment No. 4 raises the maximum interest that can be paid on all Texas Water Development Bonds from the present 4% to 6%.

a. This provision applies to the \$100,000,000 included in this amendment and earmarked for waste water treatment

facility assistance as well as to \$300,000,000 previously approved unsold bonds which are to be priced used for assistance in the form of loan development of water supplies for and towns.

b. These previously approved bonds would be made available to cities, towns and other governmental entities whose financial situations would preclude financing through other sources.

c. Since most of these previously approved bonds would go into the construction of reservoirs, the state is obtaining reserve storage space, providing a concrete beginning of implementation of the Texas Water Plan.

3. Constitutional Amendment No. 4 removes the 1982 cutoff date for assistance through the Texas Water Development Fund.

a. Under a continuing plan for water resource development, a cutoff cannot realistically be applied.

b. Because the 4% interest rate on water development bonds previously approved has rendered these bonds saleable under existing market conditions during the past two years, the previously anticipated assistance program has immeasurably delayed.

4. Constitutional Amendment No. 4 effectively binds water quality and quantity together, paving the way for future cooperation between ecologists and the environmentalists on the one hand and those who realistically support the development of our water resources on the other.

5. A large turnout of eligible voters in the May 18 election is considered paramount importance to the passage of Constitutional Amendment No. 4.

Elects Officers

The Sunnydale Home
 Demonstration Club met
 Thursday, May 6, in the home of
 Mrs. Daisy Steward, with nine
 members present.

Mrs. Viola Montgomery
 presided and Mrs. Birkelbach
 gave the devotional. Roll call
 was answered with a joke.

Election of officers for the
 coming year was held. Elected
 were: president, Mildred
 Jennings; vice president,
 Louise Bryce; secretary-
 treasurer, Ina Aldridge; council
 delegate, Twyla Woodring;
 alternate delegate, Janey
 Raney; and reporter, Twyla
 Woodring.

The next meeting will be held
 in the home of Mrs. Lee Raney,
 421 E. 12th., on May 20.

Roll call will be answered
 with the name of an unusual
 flower.
 All visitors are welcome.

MRS. J. A. JACKSON had as her guest over the weekend her granddaughter, Mrs. Jim Moring, from Midland.

MRS. W. F. SMART had as her guests this week, Mr. and Mrs. Ned Galoway from Paducah and Rev. and Mrs. Russell McAnally from Petersburg.

VISITING WITH Mr. and Mrs. C. E. Campbell this week are her sister and brother-in-law, Mr. and Mrs. Hubert Gilbert from Oklahoma City. MR. AND MRS. L. S. McCarty of Morton spent Sunday with his mother, Mrs. Annie McCarty.

A NUMBER OF the members from Lawrence Avenue Church of Christ visited the residents at the Hospitality House, Sunday. The minister of the Anton church brought a message and they sang a number of songs.

MRS. EVA DEE Wright returned home Monday from a two weeks visit with her daughter and family, Mr. and Mrs. Charles Hawks, Tommy and Charla Dee in Arlington.

MR. AND MRS. Jody Jamison of Floydada visited in the home of her sister, Mr. and Mrs. Bill Swanson Sunday.

JACK GRACE, Roy Grace and David Grace were in Yuma, Ariz. several days last week to be with their brother and father, J. C. Grace, who was critically ill in a hospital there. They returned home Saturday and reported J. C. was improving.

THE 1960 STUDY Club met in the home of Mrs. Olan Johnson with Mrs. D. J. Peters as co-hostess. Special guest speaker was a foreign student from the Netherlands, now attending Texas Tech. Special guests were the Anton school teachers and teachers wives.

VISITING IN the home of Mr. and Mrs. Gus Maynard over the weekend were their son and family, Mr. and Mrs. Buddy Maynard and children from Tom Bell, and Miss Jenna Maynard and Mrs. Jean Strawn from Seminole.

VISITING IN the home of Mr. and Mrs. Bert Harper last week were his brother and sisters and families, Mr. and Mrs. J. B. Harper, Mr. and Mrs. Rex Mahan, and Mrs. Bell Giles, all from Brownwood. They were all guests in the home of Mr. and Mrs. Woody Harper in Plainview Sunday.

MRS. S. D. EVITT is in the Littlefield Hospital being treated for injuries she received in a fall at her home.

BAND BOOSTERS added more than \$1,000 to their funds with the Band Boosters barbecue Saturday, May 1. The noon barbecue preceded the Loyalty Day Parade, and an evening meal concluded a May Day celebration of old-fashioned flag waving and picnics.

ENOCHS NEWS

MRS. ALMA ALTMAN

MR. AND MRS. Chester Petree went to Lubbock to be with her brother while he had surgery. Nap Hill is much improved at this time.

Appling, Mr. and Mrs. Zed Robinson of Muleshoe and Jerry Cox of Bula.

MRS. DEWITT TILLER and children visited Saturday in Littlefield with her parents, the John Aduddell. Two other daughters and their children were there, Mrs. Kerby Carrell and boys, Kenny and Clay, from Dimmitt and Mrs. Ronnie Barns and small daughter Renee of Canyon.

VISITORS SATURDAY afternoon with the Douglas Betts were her grandparents, Mr. and Mrs. L. E. Bartlett of Lubbock. They came for the Miss Cotton Contest at Morton where another granddaughter, Dorothy Spence, was a model.

MR. AND MRS. H. M. Black and Mrs. E. W. Black visited Sunday afternoon at Muleshoe with Mr. and Mrs. B. H. Black. MR. AND MRS. Cecil Jones were in Hereford Monday for the surgery of his aunt, Mrs. Stella Wood, she underwent major surgery at the Deaf Smith Hospital.

IN PREPARATION for their three-day revival, members of the Baptist Church are having cottage prayer meetings in the homes. Monday evening the group met at the home of Mrs. Rowena Richardson, Tuesday evening at the Dewitt Tiller home, Wednesday evening at the home of Mr. and Mrs. P. R. Pierce and Thursday evening at the home of Mrs. E. W. Black. Rev. Wayne Gray of Plainview will begin the revival Friday evening.

MR. AND MRS. W. T. Thomas left Tuesday for Abilene after hearing that her sister, Mrs. Roy Wooley, would undergo surgery in an Abilene hospital on Wednesday.

MR. AND MRS. John Hubbard visited Saturday evening with their daughter, Mr. and Mrs. Richard Stanley at Hereford.

MR. AND MRS. Otis Neel of Friona visited Sunday afternoon with the Gene Bryans and attended services Sunday evening at the Church of Christ.

MR. AND MRS. Phil Geek and boys of Lubbock attended services at the Church of Christ Sunday and he was asked to preach at both services. He is a senior student at the Sunset School of Preaching and will soon be leaving for work with a church. They were lunch guests of Mr. and Mrs. Cecil Testerman.

MR. AND MRS. J. W. House attended the FFA Banquet in Sudan Monday evening as guests of the chapter.

MR. AND MRS. Perry Lynch of Baldwin Park, Calif. spent the past week with her mother, Mrs. Pearl Walden, and the group did some visiting with other children of Mrs. Walden and other relatives.

MR. AND MRS. W. R. Adams attended the funeral Sunday afternoon at the Church of Christ in Littlefield for a long-time friend, Mrs. Ben Eidson. Later visited with her children and friends at the home.

Price's Representative To Be Here May 12

Congressman Bob Price has announced that his District Representative, Charles Lanehart, will be in Lamb County May 12 to assist residents with any problems they may have with the federal government.

each of the 28 counties in our District on a regular basis. For this reason, I have made arrangements for Mr. Lanehart to be in each county in the 18th District as frequently as possible, hopefully once a month," Price said.

W. R. ADAM'S sister and husband, Mr. and Mrs. Sam Moore of Plainview, were lunch guests of the Adams Sunday. They were enroute to California for a visit.

about My MOTHER

Most all other things come by twos, threes, or even by dozens. See the roses, the stars, the sunsets. Ah, there's brothers and sisters, too, and uncles and aunts and cousins a plenty. But in all the whole big world there's just one mother. There's much more about my mother and good it all must be. In fact she's as good as goodness is, and that's enough for me. Her words are kind, her faith is strong, and her hope as high as the highest tree. You can see from here that she is a dear. — she means everything to me. Not one single emotion comes nearer the divine than my mother's love for me. She is the soaring cloud of radiant rapture that lifts me to new attempts and the strength I need to see me through. I'm taking my mother to church this Mother's Day — what about you???

Nursing Course Applications Are Accepted

Applications are now being taken for the pilot program of the school of Vocational Nursing at South Plains College. There will not be a class beginning in January; so it will be necessary for those planning to enroll for VN to register before August 30, when classes begin.

This program is approved and accredited by the Texas Educational Agency and the Texas State Board of Vocational Nurse Examiners. Graduates will be eligible to take the state board licensure test qualifying them to practice as a Licensed Vocational Nurse. Instructors are fully qualified registered nurses.

It takes a total of 50 weeks to complete the study. The classroom and laboratory activity comes first, followed by clinical experiences at the various affiliated hospitals. Heretofore the classroom, laboratory and clinical experience were integrated, but in the future they will be totally separated in two divisions of 27 weeks of classroom and laboratory work and 23 weeks work in the affiliated hospitals.

Hospitals cooperating in the program are: Levelland Hospital, Levelland; Medical Arts Hospital, Littlefield; Littlefield Hospital and Clinic; and Cochran Memorial Hospital, Morton.

A person must be from 18 to 50 years of age to get into the program, have two years of high school or the equivalent (pass the G. E. D. test). She must have a personal interview at the School of Nursing on second and fourth Tuesday of each month, from 9 a.m. to 4 p.m.

She also must have references, definite interest in nursing, moral integrity, and take an aptitude examination.

The test will be given on the first and third Monday afternoon of each month. It will be given in the Administration building at the college and to set up an appointment, one must contact counselors in the Technical-Vocational Division of the college or the Vocational School of Nursing.

There will be five holidays during the year and a one-week vacation at the completion of classroom and laboratory activity.

'MOUNTAIN GIRL' was the song that won the first place award for Taloa Mark in the Individuals Division of the Girl Scout Hootenany. She was accompanied by her sister, Donna Mark, at the piano. Jan Sisson won second place with her rendition of 'Where My Love'; and Sandy Wards won third with her twirling to the tune of 'Tijuana Taxi'.

JERRY GONZALES' instrumental band won the first place award in the Group Division of the Girl Scout Hootenany Friday night in the Junior High School Auditorium. Besides Gonzales, other members of the band are Mario Rangel, David Abeyta and James Freeman. An acrobatic act done to the tune of 'The Garden', was given second place honors. Members of the act were Leslie Lowe, Karla Walker, Kenda Walker and Roger Lowe. The Soul Sockin' Sisters, made up of Rachel Green, Barbara Colbert and Barbara Moody, won third place.

The Heart Muscle

OF THE GREAT dramas—and of our time is taking place in the heart and the pulsating arteries that carry our life's blood to the heart.

Tragedy too often occurs with the shutdown of one of those arteries, a stroke that destroys the resilient but the heart muscle, or impairs the ability to pump blood, thereby causing sudden death.

PHYSICIANS, heart disease is a frustrating problem, because we know in precise detail just how it happens. We have learned this from studies in laboratory animals, where scientists have seen the slow accumulation of fatty plaques in blood-vessel walls, the hardening of those streaks into brittle plaques, the narrowing of the vessels as plaques thicken, the pounding taken by cells that smash into the plaques, finally, the sudden clot that causes the clogging.

IF THEY CANNOT SEE this process in a living person, for the doctor is on the

outside looking in. The physician must base his prediction of future heart trouble on external conditions, judging a man's heart by the elements of his life style.

Of course, the Texas Health Department cooperates with voluntary health agencies in keeping the physician up to date on the latest professional information.

AT PRESENT, the answer lies in heart-disease prevention, by eating properly, exercising, giving up smoking, and learning to relax.

The same rules hold true for anyone who has one of two diseases that have been linked to heart trouble: diabetes and hypertension.

DIABETES is a complex condition that not only raises blood-sugar levels but also causes progressive damage to the blood vessels. Even when physicians lower the blood-sugar level, heart disease develops gradually and irreversibly.

The link between high blood pressure and heart disease is much simpler. High blood pressure puts an added strain on the blood vessels in the same way that ex-

cessive air pressure puts an added strain on tires. Bringing pressure down probably reduces the heart attack death rate.

THE TEXAS STATE Department of Health is very deeply involved in heart disease prevention programs.

The State Health Department also provides financial assistance and consultative support to a number of heart clinics throughout the state.

Farm Prices

PRICES RECEIVED BY Texas farmers on Dec. 15 were three points or 1 percent less than in Nov. and 10 points or 4 percent below a year ago, said the Texas Crops and Livestock Reporting Service. Livestock and livestock products were 1 percent below last month and 10 percent below a year ago. Hog prices continued their downward trend. Nationally, farm prices dropped 2 percent during the month ending on Dec. 15.

Use Individuality In Accessories

It's the age of individuality, especially in home accessories. By using a few well-chosen accessories you can spark a room with personality.

Several trends are showing up in home accessories. Ethnic and handcrafted items, as well as chrome and plexiglas, remain popular, while bronze, brass and pewter finishes are focusing into attention. Wall tapestries and hangings, which create a focal point in rooms and entries, are also gaining popularity. Candles continue to be popular, especially with the young.

To retain an individual look, mix the old with the new—combine antiques, vinyls, plexiglas, chrome and other new finishes. For example, mount original wooden plates, which were once used for printing wallpaper, in chrome frames for use in picture groupings.

Creating harmony in a decorative scheme requires careful planning. Choose and place your useful accessories first, then add others. Use only accessories that serve a purpose and are of good design.

To determine if an accessory has a good design, study the lines of the item. They should be simple and relate to the object's over-all shape. The lines should carry the eye easily from one part to another, and the various shapes of these different parts of the item should be in good proportion to one another.

Antique shopping often helps the consumer find unique accessories. But one visit isn't enough; search in several antique shops and flea markets for that special object which stamps your personality on a room.

PATIENTS
On any given day, one and a half million Americans are patients in hospitals.

IN MAJOR LEAGUE

Rotary LL Winners

KELLY PRATT beats out a ground ball as the throw arrived too late for Ware-Richey first baseman Ken Turner. Roden Drug picked up its first win of the year, 10-7, in the Friday night game.

A steal home by Billy Owens in the fifth inning gave the Rotary a 6-5 win over WOW Friday night in the Major League Baseball action.

The score was tied 5-5 in the bottom of the fifth when Owens took the signal and stole home to break the tie and give the Rotarians the win.

Rudolph Smith was another stand-out for Rotary as he led the hitting department with a round-tripper. Blake Wood got two hits, a double and a single. Steve Jackson got a double. Tommy Twitty, James Kemp, Stan Jackson, Van Jaques and Billy Owens each got singles.

The WOW, who had a one-run lead at the top of the fourth, got three singles for the night. The hitters were Bobby Avery, Wade Conwright, and Richard Rogers.

Tommy Twitty was the winning pitcher. Leo Green pitched for the WOW.

BIRKELBACH 4, LIONS 2
In the Major League the Birkelbach team topped the Lions, 4-2, Thursday night.

Ralph Mendez was the winning pitcher, allowing only two hits, for the Birkelbach team. Norva Simington was the losing pitcher.

Mendez hit for two doubles and a single in the game while his teammates Kyle Shipley tripled and both Jody Tores and Steve Friday hit for singles. For the Lions, Rudy Ayala tripled and Richie Schroeder singled.

The Birkelbach team scored three of their runs in the second inning and took the final score in the fourth. The Lions got one each in the first and fifth innings.

Eighteen Jailed On Eight Charges

Eighteen persons were jailed in Lamb County jail this week on charges of felony theft, liquor law, check law, probation violations, and non-child support.

Bonds of \$2,000 each were set Friday for Jerry Wesley Ethridge, 20, James McDonald, Cary Durham, 17, and Bob Raper, 19, all of Dimmitt. The four were charged with felony theft of five sets of new hub caps valued at \$360.

Dorothy Thomas Jones, 39, of Littlefield was released on a \$1,000 bond after being charged with liquor law violation Friday afternoon.

David John Green, Rt. 2, Littlefield and Ornil Douglas Wilhelm, Sudan, both jailed on charges of non child support Tuesday and Wednesday of this week. Antonio Garcia, 704 W. 5th, Littlefield remained in jail on charges of violating probation.

Arrests made Thursday include charges of theft against Ismael Padilla Olton, and a check law violation charge against Manuel Cordona of Olton. Arrests through early yesterday morning included two youths at Sudan charged of minors in possession. The aliens were arrested Friday night and released to the border patrol.

Parsons Breaks All Mile Records

Mike Parsons timed his season perfectly Friday to turn in his peak performance in the state track finals in Austin.

His schedule came out so precise, the Olton senior broke all prior records in the mile run. Parsons ran a record setting 4:15.7 to win the state championship.

Last year Parsons peaked at state meet time but was defeated in the finals by Marvin Miller of Atlanta, who ran a 4:19.2. In the 1970 meet Parsons was just behind Miller with a 4:19.8.

Parsons record Friday breaks the record set in 1962 by Richard Gallegos of Crystal City. In '62 Gallegos ran a 4:17.4. Marvin Miller now runs in the AAA class as Atlanta was moved up. Miller won the AAA mile in 4:19.5.

Parsons ran away from the field in Austin. He opened up a 10-yard first quarter lead, then doubled that in the second lap.

Mike ended the race 50 yards ahead of his nearest pursuer as he sprinted the final lap.

Amherst Drivers Win Boat Race, Governor's Cup

Richard and Gary Sherrill of Amherst and Joe Randolph of Lubbock were drivers of the boat that won the third annual Governor's Cup Boat Race at Buffalo Lakes at Lubbock Saturday and Sunday.

The three won three heats and racked up the most points for first place and the Governor's Cup Trophy.

Their 23-foot boat is powered by three Mercury outboard engines, and they were competing against entries from Texas, New Mexico, and Colorado in the sanctioned American Powered Boat Association race.

Among those taking part in the events was the Chrysler Outboard Racing Team.

RODEN WINS FIRST

Marcum-B&C Pitching Notches 2nd No-Hitter

Marcum Olds-B&C Pump vaulted into the Babe Ruth League lead Friday night, as Johnny Villafranco pitched the club's second straight no-hitter.

The victim of the Marcum-B&C pitching corps this time was Amherst, which fell, 10-0, at Amherst.

Villafranco contributed to his own cause by belting a homer, and Terry Bryson had a perfect night at the plate with a homer, double and single. Gary Pace contributed a pair of singles.

In the season opener last week, Danny Cushion hurled a no-hitter as Marcum-B&C topped Ware-Richey, 9-0.

A showdown comes Monday night when Sudan, chief challenger to the defending champion Marcum-B&C team, visits Littlefield for an 8 p.m. game. Sudan won its only start of the year, 13-3, over Security State last week.

contest, and at the end of three frames had an 8-0 lead.

But Ware-Richey came back with a four-run rally in the fourth, then closed the gap to 10-7 in the bottom of the seventh before a Roden double play killed a bases-loaded, one-out situation.

The hitters for Roden were Kelly Pratt, Bill Turner, Danny Jefferies, Tommy Batson, Craig Ratliff, Ben Farmer and Ronald Parmer, all with one single each.

Jerry Palacios led the Ware-Richey team with three singles while Glenn Smith and Ken Turner had two one-basers apiece. Randy Cook and Jimmie Stanaford also connected for a single each.
