

Anton Basketballers Bid For State Crown

ANTON BULLDOG Coach Loyd Turner draws a play Anton will use against La Poynor in the opening round of the state championship tournament in Austin Saturday morning. Starters are Leroy Medlock, Terry Belcher, Elisha Thomas, Mark Grace and Alan James. Team members leave for Austin by bus at 8:30 this morning. They will work out at Georgetown this afternoon, then work out in Austin Friday afternoon. Anton beat La Poynor in the opening round of the tournament at 8:45 Saturday morning.

Bulldogs Meet East Texas '5'

PRESS is the word at Anton. And with their full court and half court press, the Anton Bulldogs are pressing their way toward the Class B state basketball championship in Austin Saturday.

Anton hasn't had a basketball team to make it to the state tournament since the girls of 1939 won that distinction. And the town of Anton hasn't been as excited as it is now since that memorable year 33 years ago.

There won't be any classes at Anton Friday. With at least half of Anton's population planning to follow the team to Austin, school officials decided to dismiss classes.

Five hundred Anton fans poured into the South Plains College Dome Saturday to see the regional games, and the Bulldogs certainly didn't lose any fans by winning the regional title.

Some people down in the Texas Capitol country are favoring Snook because that little town's team has made it to the state tournament in eight of the last 10 years.

But Antonites say it's going to be the Anton Bulldogs all the way.

The Bulldogs run a 2-1-2 offense and try for fast breaks. They play 1-3-1 zone defense plus full and half court press.

Anton has a better record at 29-2 than Snook's 30-9. Old Glory is 38-2, but Sands played Old Glory of Stonewall County a couple of practice games and won both by one and two points. Sands that Anton edged 68-67 Saturday night for the regional championship.

"La Poynor will be pretty tough," Coach Loyd Turner said. La Poynor, near Jacksonville, is 41-4, and the Bulldogs will battle them at 8:45 Saturday morning.

Then Snook and Old Glory lock horns later and the winners of the two games fight for the Class B basketball title at 8 p.m. Saturday night.

Anton has the height advantage over La Poynor. Terry Belcher is 6' 10" and even without his 401 points for the season, his height works a psychological disadvantage against the opponent. Besides his high scoring percentage, he is the team's top rebounder with 373 rebounds in 31 games, and his ability to block shots is a strong point. During the Meadow game, Belcher pumped in 27 points, rebounded 23 times and blocked 17 Meadow shots.

"By halftime," Coach Turner said, "Meadow wouldn't put the ball up without looking to see where Belcher was."

Leroy Medlock is Anton's most consistent scorer with 514 points thus far. He averages 15-20 points per game and holds a 17.1 scoring average for the year. He has 248 rebounds. Medlock came to Anton from Muleshoe where he was an honorable mention all-district selection in Class AAA last year, and he is an All-South Plains Class B selection this year.

Mark Grace's total points add up to 346 for an 11.2 game percentage. Coach Turner said Grace is the Bulldog's best outside shooter. "When he's hot, he's hot," the coach said. With 221 rebounds, he is no slouch in the defensive department, either.

Alan James made All-South Plains honorable mention this season and All-District Class B last year. He excels defensively with 279 rebounds and is a

GREEN THUMB workers get a 10-minute coffee break every hour. The rest period is specified because all workers are over 55. Shown here are Jack Hurt, M. L. Chisholm, C. A. Parker, Levi Coble, and VOLLIE DICKERSON. This week the men are trimming trees in LaGuna Park.

GOLDEN AGE OPPORTUNITY

Green Thumb Jobs Pay 'Old Men' Well

By NILAH RODGERS
Leader News Staff Writer

They are called Green Thumbs, wear green helmets, and think the Green Thumb program is the greatest thing invented since social security.

Since the Green Thumbs started work in mid-October, their thumbs have been just about every color except green, since most of their jobs have involved painting.

The Green Thumb program is part-time work designed for men who are old enough to draw social security but who are still active and willing to work.

They work three days a week or a total of

six to nine days a month. Work consists of suitable handy work for city, county and non-profit institutions. For their work, the government pays them \$1.60 an hour, or \$12.80 a day.

This means that in addition to their social security, they make a little over \$70 a month.

What do the men like best about the program? "Pay and the coffee breaks," they quip.

"The pay's good for old men," C. A. Parker, foreman of the project said. "And we get a 10-minute coffee break every hour," he added.

Perhaps the best part of the program is that it is giving these people a new lease on life.

The six men involved in Lamb County's Green Thumb program are not strangers to work, and they welcome the opportunity to get involved in meaningful activities again.

Parker is 68 and worked for the city of Littlefield four years. Before that he operated his own grocery stores and service stations. He closed his last store when he applied for social security.

Merle Chisholm is the monitor or straw boss of the Lamb County project. At 64, Chisholm is one of the youngesters of the group. He pipelined until the day he joined the Green Thumb program.

Levi Coble is the eldest at 74. He has lived in Lamb County 37 years and was a self-employed farmer until 1957. He still has six acres and keeps "piddling at farming."

Vollie Dickerson, 72, has farmed "purt near all his life," and he never has "plum retired."

Jack Hurt is 68 and he farmed 50 years before he retired five or six years ago.

At 59, Frank Poteet is the youngest. He is on vacation this week and wasn't present for the picture and interview.

Since becoming Green Thumbs, the men have painted the airport office and the fat stock show barn, inside and out, the interior of the city shop and rest rooms in Crescent Park, and the interior and wooden trim of the community center.

The 13 city wells all sport new aluminum paint jobs. The rest rooms and covers on the picnic tables at Littlefield's free trailer park have been painted, and the old booster pump station got a face-lifting.

Now that warm days have arrived, the men are trimming the trees in Laguna Park. They like the work outdoors when the weather is nice.

"Do you know how many trees there are in the park?" Parker asked. "There are 466 large elm and cottonwoods. Me and the straw boss (Chisholm) counted them last week. And that's not counting the little cedars."

Area Towns Name Spellers

Lamb County schools have named representatives for the County Spelling Bee, which is scheduled for Friday, March 18, at 2 p.m. in the courtroom of the courthouse in Littlefield.

STATE CAPITAL Highlights AND Sidelights

By BILL BOYKIN

TEXAS PRESS ASSOCIATION

Leaders of both Democratic and Republican state parties will meet March 13 for major decisions as well as routine housekeeping duties.

Texas law requires executive committees of political parties on that date to certify statewide candidates, set ratios for state convention delegate selection, fix hours and sites for June 13 and Sept. 19 state conventions and select a place to canvass May 6 primary returns.

National GOP Committeeman Peter O'Donnell Jr. gave Republicans something else to think about when he unexpectedly submitted his resignation, the vacancy to be filled at the statutory R.E.C. meeting in Austin.

State Rep. Fred Agnich of Dallas is the overwhelming choice to succeed O'Donnell as committeeman, and may get the job unopposed.

Time is also getting close for Republicans to adopt a formal set of written rules for operation of party conventions and regular operations, although that is considered no great problem for the GOP.

Rules writing is a problem of major proportions for Democrats. April 6 is the deadline under new state law for the parties to submit their rules drafts to the secretary of state.

Democrats are expected to make a choice at the March 13 meeting between a set of reform rules drawn under direction of William R. Anderson Jr. of Corpus Christi and a watered-down draft which opponents claim perpetuates the winner-take-all system of convention operations.

Supporters of the Anderson rules claim a majority of the State Democratic Executive Committee will adopt them in preference to the alternative which has SDEC rules sub-committee approval.

COURTS SPEAK

Texas Supreme Court has agreed to decide whether party primary election costs can be paid from state funds without special legislative authorization.

The High Court heard arguments in the historic case Monday, March 6. Secretary of State Bob Bullock claims he has power to make rules for conduct and financing of the May and June primaries. Atty. Gen. Crawford Martin maintains only the legislature can provide the money — in this case via special session. Martin tried unsuccessfully to prevent Bullock from bringing the mandamus action against Comptroller Robert S. Calvert to force payment of two minor preliminary election bills.

Court of Criminal Appeals has held that probation cannot be revoked for association with disreputable persons unless it can be shown the probationer knew of the reputations of his friends.

CONTROVERSY REVIVED

Parks and Wildlife Commissioners postponed for 60 days a showdown on a proposed purchase of 3,965 acres on Mustang Island for a park development after earlier voting to forget the whole thing.

Commissioners voted two-to-one to kill the \$4.2 million island purchase, with three new members abstaining. They agreed to hold off on a firm decision, however, following legal advice that a majority — at least four of six members — had to vote to make action binding.

Former Commission Chairman Pearce Johnson blocked the Mustang purchase early last year with a federal court suit. A higher court reversed the lower court decision, throwing the decision back to the Commission.

SALES TAX LOSS

A Senate committee's staff report that at least \$12 million a year is being lost by the state in uncollected sales taxes due to alleged faulty administration by the state comptroller's office is figuring in three campaigns.

Sen. Joe Christie of El Paso, chairman of the senate committee, is talking about it in his race for lieutenant governor. Randy Pendleton of Andrews, a candidate for comptroller, blames the loss on Comptroller Robert S. Calvert and Attorney General candidate John Hill of Houston claims Attorney General Martin should be more diligent in filing tax collection suits.

AG OPINIONS

A public school district can permit neighboring parochial school students to participate in its music (band) program, Attorney General Martin held.

In a flood of other recent opinions, Martin concluded:

*Parks and Wildlife Department is not authorized to appoint any game wardens, salaried or non-salaried, other than those permitted under the current state appropriations act. PWD further has no appropriation to buy a white-winged dove habitat.

*The state treasurer may accept mortgage-backed serial notes as collateral for state deposits if payment is unconditionally guaranteed.

*A court has discretion whether criminal case judgments and sentences will be announced orally and subsequently entered by the clerk or prepared in writing by the clerk and signed before being entered.

*A county is not required to pay out of its funds any portion of court costs due the criminal justice planning fund which are served out in jail by a convicted defendant. If a defendant pays part of the total court costs and serves out the remainder in jail, money collected is to be pro-rated among various costs including that due the Criminal Justice Planning Fund. No cost has priority over another.

*An act providing for treatment of cars left too long at parking garages as abandoned does not prohibit enforcement of mechanics' liens on the vehicles.

*An active or retired judge appointed as a master in proceedings before the judicial qualifications commission draws \$25 a day from a \$28,380 commission appropriation.

A non-licensed accountant who lists on his letterhead that he is a member of accounting organizations is in violation of the public accountancy act.

*Combination of a "potti-a-lift" (towing device) coupled to a vehicle and towed by a passenger car falls within the statutory ban on a passenger car's being coupled with more than one other vehicle.

HORSE OWNERS WARNED

Horse owners have been warned to have their animals immunized for protection against another Venezuelan Equine Encephalomyelitis (VEE) outbreak this spring and summer.

A Texas Veterinary Medical Association spokesman said foals born since the 1971 epidemic and horses vaccinated under six months of age during the epidemic or afterwards are prime targets for exposure.

INSURANCE CHANGED

New changes in the crop hail insurance program aimed at savings on premium costs to farmers were reported by the State Board of Insurance last week.

The new "stepladder policy" will enable cotton growers, for example, to buy insurance after July 1 at a drastically-reduced rate. Value of the coverage increases as the crop grows in value. Policies are cheaper after July 1 because hail usually ends with May and June.

SHORT SNORTS

A qualified 18-year-old voter can run for municipal office in Midland where there is no statutory or legal barrier, Secretary of State Bullock held.

Former State Sen. Grady Hazlewood of Amarillo is campaigning for tougher parole eligibility regulations in the prison system.

Texas Highway Commission approved a \$240 million, two year program for development of almost 2,000 miles of highways.

The first early childhood development program under the Texas Department of Community Affairs began operations last week in Corpus Christi.

A Democratic Senate candidate, Thomas M. Cartledge, plans a 300-mile walking tour to dramatize the high cost of campaigning.

The Texas oil pumping output is 100,000 barrels a day less than a year ago, according to Railroad Commission Chairman Byron Tunnell.

New workmen's compensation insurance rates in effect April 1 will save employers more than \$7.7 million, the State Board of Insurance reports.

LITTLEFIELD GIRL SCOUTS extend an invitation to everyone to come by the Girl Scout Hut Sunday afternoon from 2-4 o'clock for the open house celebration that kicks off Girl Scout Week. Handwork and sewing will be on display. Sunday morning Littlefield Girl Scouts will attend church at Crescent Park Church of Christ. These girls are senior cadets from Troop 36. Back row are Julia Tomme, Michele Sawyer, Sheila Dangerfield, and Steffanie Benner.

HONEY GRITS

By CORNBALL BLEVINS

NO, AUNT EDNA, your #4 motor vehicle inspection sticker is NOT due, until sometime during the FOURTH month.

AFTER ALL'S SAID and done, more is bein' said than was done, during that China trip!

ONE THING FOR SURE! It's fairly certain that by the time they get through with that hot air exchange down Abilene way — no one, but NO ONE will know the facts of the case.

Mutscher is missin' his best bet there. Why couldn't he follow the example of Angela Davis, and claim it to be a "Political" thing?

NOW, IN CASE you're going down "Big D" way. Help yourself to a chunk of advice. Take a navigator along.

Otherwise, when you get on one of those "Speed-Ways" you can make more mistakes at 70 mph than you ever thought possible.

BEST THING TO DO is stop at a station, on the outskirts of town, and secure a map of the Dallas-Ft. Worth area. Then take time to carefully plot your way through town, explain the whole process to your navigator, then turn the map over to him. Chances are about 6 to 4 that you'll BOTH be lost in a very few minutes!

THE PEOPLE THAT live there are very unsympathetic. They use those free-ways every day, and know them like the backs of their hands. Just pull a boo-boo and listen to the horns, and observe the disdainful looks!

SATURDAY, the Junior High Band went to Hale Center to compete in the Hale Center Band Festival. This was good practice for the band (for UIL) and they brought the "Outstanding Band" trophy home. Way to go, band!! (And congratulations!)

We also made some additions to the trophy case Saturday afternoon at the track meet. The freshmen rated second in the meet with 154 points and won in several events. Congratulations!! Keep up the good work!!

THE TROUBLE with some people who don't have a thing to say is that you have to listen so long to find that out!!!

THIS IS a class composition written by Lisa R. "He can climb the highest mountain or swim the deepest ocean. He can fly the fastest airplane and fight the strongest tiger. My father can do anything. But most of the time he just carries out the garbage!!"

FRIDAY NIGHT the FHA girls honored their fathers with the annual Father-Daughter Dinner. Now, the FHA girls are

They're very adept at gathering around you, much like a bunch of blockers around a half-back, and carrying you in numerous directions you had no intention of going.

WHICHEVER PLACE YOU had intended to turn off, as it turns out, you're always in the WRONG LANE!

So you run yourself through one of those "Mixmasters" (Interchange) and lose all sense of direction. You think you're on the way to Arlington and you come face to face with a sign, after a while that, helpfully suggests: "WACO. — MILES"!!

DON'T LOSE your cool now, you can easily remedy the situation in a couple of hours or so!

Wrestle with the thing for a half-day, and I'm sure you can understand why so many of those drivers turn to drink. It just ain't for the faint-hearted!

SPEAKIN' OF DRINK! I notice Lubbock's havin' another of their often hassles about whether they buy their liquor by the drink, or by the fifth. Seems a little silly when all they've gotta do is call their places "Clubs", and go on about their rat-killin'!

SOME OF US SIT and worry about "What our kids are comin' to". Even tho we've given them everything they could possibly need — except a good example!

KEEP WONDERIN' if that ground-hog could'uv been pullin' our leg??

THE DRIVERS' ed class is coming along very well. They have just completed half of the course, and should be receiving their handbooks soon.

THE ABUNDANT LIFE

A Great Victory

A GREAT VICTORY, the greatest anyone can win, is the victory over self. This victory will bring the greatest blessings in both our personal life experience, and in our interaction with others.

It will subjugate all of the hurtful attitudes and actions, and set free the helpful attitudes and conduct so that these are in control of one's life.

WE CAN CONQUER SELF. Of course, this includes wholesome self-control; but it is more than self-control.

For example: It is not uncommon for us to feel the pangs of envy, but, having learned self-control, we may be able to keep this feeling from being expressed in our speech and behavior.

SELF-CONTROL in such things is commendable, but even so the feeling is detrimental to one's general welfare. There must be something more effective than self-control, and there is.

It is the conquering of self, until we no longer feel envious. This is not an unrealistic expectation, and we must work toward this end.

THIS CONQUERING of self is not an overnight accomplishment, and it may never be a total victory. We can, however, make encouraging progress.

All dependable sources of information pertaining to human behavior reveal that we can be reasonably successful in conquering self.

CONTINUOUS self-improvement is the strategy that brings victory. It is accomplished by wise submission to the

highest and most wholesome principles of human thought and action. The detrimental ideas and views be replaced with beneficial ones. To be done, if we have sufficient courage, we are willing to keep trying.

Some of this may be the trial and error method, but most of it can be done in a well-planned and diligently executed campaign.

EACH DAY CAN BRING some of the victory, at least enough to be encouraged.

We can make sure to hold the gain, and if we do this, the passing of days brings an accumulation of these victories. Thus, we conquer self.

WE HAVE WONDERFUL powers and capacities for good, but we also have capacities for evil. We must choose shall dominate us. Of course, there probably be a mixture of good and our life pattern.

We can, however, keep the evil harmless minimum. This will be a significant part of the victory over

"CONQUER YOURSELF." "I've done this, you are but a slave; I'm almost as well to be subjected to my appetite as to your own." — Burton.

WHEN WE CONQUER SELF, we gain the greatest degree of personal freedom, personal effectiveness, personal well-being; and all else contributes to constructive and satisfying life.

Anyway we view it, this is a victory.

ROY MEDLOCK (30) is being held by his teammates as he rips down the net after the Anton Bulldogs won the Regional I Class B Tournament. Anton will travel to Austin for the State Play-offs this weekend.

ARN TRIP TO STATE MEET

Anton Blasts Sands

Anton's Bulldogs squeaked past Sands, 67-66, for the championship of the Region I Class B Basketball Tournament Saturday night. The Bulldogs won their first round by a 10-point margin and then went into overtime to beat Channing, 62-60, in the second round before capturing the crown with a one-point win over Sands.

The Bulldogs were behind in the championship game by five points with 1:45 left in the game.

Elisha Thomas started the Bulldog rally with a 16-foot jumper with 2:22 remaining. Alan James connected with two free shots and 1:04 left in the game to cut the deficit to 45-45.

With less than a half-minute left, Leroy Medlock hit a turnaround jumper from the left to give Anton a 67-66 edge.

Lobby Beall came back for Sands and hit the first of a one-and-one from the free shot to knot the score, 67-67, with 12 seconds left.

Medlock played the ball off the boards and shot with four seconds left. Terry Belcher rebounded and fouled on an attempt to make a shot.

Belcher missed the first shot but won the game by sinking the second one with only a couple of ticks left on the clock.

The Bulldogs' scoring department consisted of Medlock with 18, Thomas 16, Belcher 13 and Mark Grace 12.

Sands was led by Beall with 23.

Anton was forced into overtime play against Channing in their second tournament game when a shot by Elisha Thomas from the free throw line was nullified by a lane violation.

Channing had a 10-point lead in the third quarter but it was narrowed in the final period when Medlock and Grace each hit four points to make the score 46-45 with Channing still leading.

In overtime Anton scored first with a couple of field goals by Medlock and Thomas, although Channing closed the gap to 60-58 with 1:06 left. A couple of free shots by Thomas and Medlock gave the Bulldogs another four-point lead.

With five seconds left Channing's Vandiver hit from the corner. At the final gun Channing was still two points short of a win.

Medlock led the Bulldogs' scoring department with 20 points. Alan James hit 15, Terry Belcher nine, Mark Grace eight, and Thomas six. Hobgood and Brady Goen each got two.

consistent scorer with 296 points for a 9.6 game average.

Elisha Thomas has 292 points to his credit this season for a 9.4 game average. Thomas is a good play maker and ball handler and hits well from outside.

All five Anton starters are seniors.

An Okie with eight years of coaching experience in Class B and C Oklahoma schools before coming to Anton, Coach Turner has gained a niche in Texas schoolboy basketball in his first year in Bulldog country.

Long And Short

THE BELCHER brothers represent the long and short of it at Anton, and together they make a good team. Terry is 6' 10" and an Anton Bulldog starter. Larry is 4' 8" and the most ardent fan any team ever possessed. Larry will be right on the bus with the champs and out there on the floor with them at Austin. Being around all the athletes and going to all the ballgames are what Larry likes best about his job as manager. He has been team manager for five years or since he was in the seventh grade. Even with all the work he does, he says it's mostly all fun.

"WHEW"—COACH LOYD TURNER breathes a sigh of relief after his Anton Bulldogs won the Region I Class B Basketball Championship Title at Levelland Saturday. Happy Bulldogs with Coach Turner are Mark Grace and Leroy Medlock with the net around his neck.

TERRY BELCHER (42) bats away a rebound from a Sands player during their regional play-off Saturday. Alan James (12) and an unidentified Anton player are in on the action.

IT'S ANOTHER TWO POINTS for Anton as Terry Belcher (42) goes up for two of his points against Sands. Mark Grace (24) and Leroy Medlock (30) watch the action.

NEW INDOOR, OUTDOOR BATTING TRAINER
DELIVERS DIFFERENT PITCH EVERY TIME

Batter-Up, a year around indoor or outdoor batting trainer for all ages, is the first low-cost solo batting trainer that out performs expensive automatic pitching machines.

Key feature is Batter-Up's ability to deliver a different pitch to the strike zone every time. When rugged polyethylene ball is hit, the Fiberglass wand drives rubber winders around vertical shaft to set up return action. Ball returns to strike zone at a variety of speeds, ball spins, heights, and angles, depending on how ball was originally hit.

Endorsed by major league star, Johnny Bench, Batter-Up is an ideal winter practice device to keep batting eye and form sharp. Consistent practice will usually raise average within two or three weeks.

TO NOBILITY

NHS Obligates All Members

By TIMMIE CAMPBELL
Does "Noblesse Oblige," blue and gold, a yellow rose, or a keystone and flaming torch mean anything special to anyone?

They do to members of the National Honor Society. They represent the motto "Nobility Obligates," the colors, the flower, and the emblem. The Joe C. Hutchinson Chapter of the National Honor Society was organized in 1962 under the direction of Pat Goodwin who was the first sponsor. It was organized to give special recognition to students who make good grades.

According to Mrs. Irene Lynn, present sponsor, "The main purpose is to encourage scholarship, and at the same time, to emphasize that character, leadership, and service are equally important in developing a well rounded personality."

A committee made up of the principal and four teachers gets a list of students who have a "B" average. Then the committee screens these students with regard to character, leadership, and service to see if they qualify as members of NHS.

The meetings, held on Monday mornings at 7:45, are

very serious affairs. Being a member of NHS is an honor and a privilege. Martha Brown said: "It is a worthwhile organization which deserves more emphasis. Being in this organization is an honor and I will never be able to fully express my appreciation."

Members of NHS clean the trophy cases, sponsor a needy family and decorate the school tree at Christmas. In spring they sponsor a bake sale and with the money received from the sale, they give a scholarship to one member. Plans are in the making for a free tutoring service for students in lower grades who need help. NHS also provides ushers for baccalaureate and graduation services.

Officers for the first semester

were Ralph Funk, president; Bob Grissom, vice-president; Gail Williams, secretary; Martha Brown, treasurer; and Kathy Turner, reporter.

Second semester officers are

Chuck Blevins, president; Cynthia Adair, secretary; Kathy Turner, treasurer; and Cathy Giles, reporter.

An induction of new members will be held March 21.

IN JOURNALISM

Never A Dull Moment

By CARLA OWENS

Mrs. Amy Turner, Littlefield High Journalism and sophomore English teacher, "newspapered" 15 years before teaching. One of these years was spent working on a daily newspaper in Iowa and two years were spent in Virginia.

The Turners first moved to Littlefield in 1955, and Mrs. Turner was employed as an advertising saleslady for the Leader-News. In addition, she did free lance promotion writing.

A native of Bryan, Mrs. Turner graduated from Bryan High School and then received her BS Degree in Journalism and English from Sam Houston State University, Huntsville. Later she attended Texas Tech, where she received her MA in English.

In 1960, the Turner family moved from Littlefield to Olton, where Mr. Turner owned and operated the Olton Enterprise. Mrs. Turner served as news editor for the paper, which was later named the best small town weekly in the nation.

When the Turners moved back to Littlefield in 1966 to purchase the Leader-News,

Mrs. Turner retired from active newspaper work, only writing a newspaper column called English teacher, "newspapered" 15 years before teaching.

Then, Mrs. Turner started her teaching career in January of 1967. In junior high school, she taught remedial reading for one and a half years, remedial English for one year, and she was a member of the English team teaching program for one year.

This year at LHS, with two classes of journalism, Mrs. Turner comments:

"Teaching journalism is actually quite new to me, and I find it is certainly different from actually doing it."

The high school journalism department has two publications each week, the Skat on Thursday and the Catalyst on Friday. In addition, Mrs. Turner sponsors Quill and Scroll, journalistic honorary society.

"I've had a good time working in the journalism department this year because there's never a dull moment out there," Mrs. Turner laughed. "Frankly, I never know what's going to happen next. Once the mimeograph machine actually spit in my eye! Needless to say, since that time, we have been using a duplicator," she added.

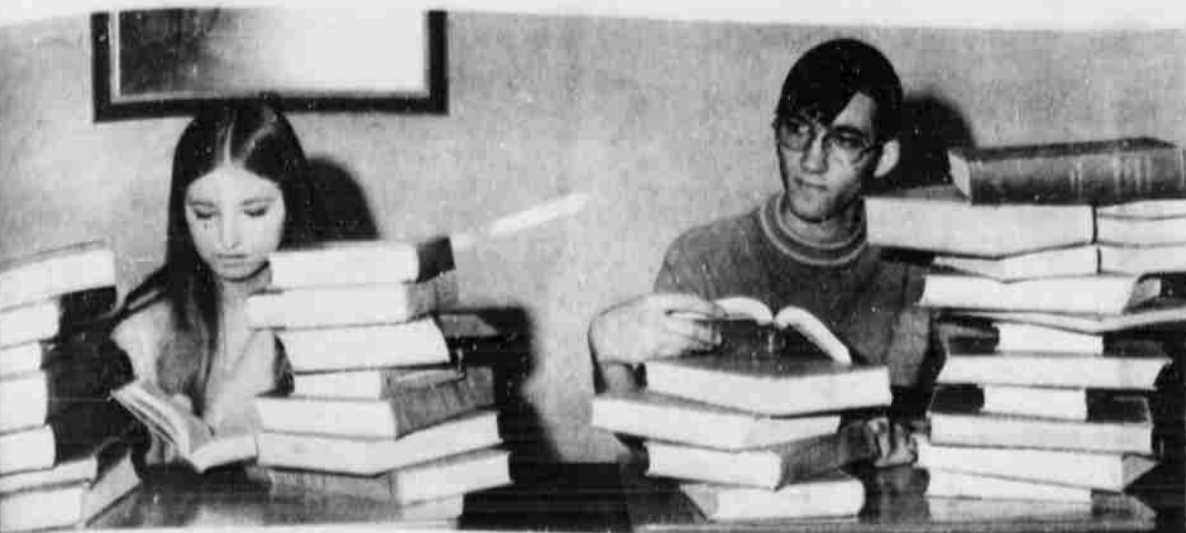

Mr. and Mrs. Bill Turner reside at 112 East 18 Street. They have three children, Kathy, 18, who has recently been named salutatorian in the 1972 class; Ken, 14, in the eighth grade; and Dandy, 12, a seventh grader.

She feels it to be the only Industrial Arts? She wants to know, just ask her. Nothing wrong with the Industrial Arts is that the girls are "little hairy," Debbie says. Littlefield Woman's Story Told In Book

A Littlefield woman's story is one of 10 poignant stories of people in this area who have overcome tremendous obstacles through faith, prayer and determination.

The story of Billye Charlene Smiley of Littlefield is included in the collection of true stories about real people. A Lubbock author, Mrs. Etta Lynch, wrote the book titled "Help Is Only A Prayer Away."

Hemphill Well's Little Book Shop of Lubbock will host an autograph party for Mrs. Lynch on Friday, March 10, from 12 noon to 4 p.m.

The following day, Saturday, March 11, the Baptist Book Store, 1212 Avenue Q, will give an autograph party from 12 noon to 4 p.m. The public is invited to both of these and several of those whose stories are in the book will be present to greet old friends, meet new ones, and autograph their chapter.

The author spent two years searching and interviewing the right ones for this work; another year in the actual writing.

"These are great people," Mrs. Lynch says. "I chose those who had overcome tremendous handicaps through faith, prayer, and determination."

Mrs. Wanda (Roger S.) Evans and her daughter, Christianne, of Shallowater are the subjects of a chapter titled "Miracle of Mended Hearts".

Mrs. Evans tells of Christianne's open-heart surgery and the wonderful help she received from the organization of Mended Hearts, Inc.

Handicapped by a brain injury, Miss Smiley spent seven years getting through high school and has since received special recognition for her work at Reese Air Force Base.

Rev. Boyce Evans, Lubbock evangelist, gives a dramatic account of his struggle with alcohol.

Mrs. Lynch's husband, Jimmy, is the subject of a chapter, "Death Slept Between Us", the story of his bout with cancer that struck him down three times.

G. B. "Babe" Hallmark of Lubbock tells of his victory over crippling arthritis, and young Mike Gordon's battle with drugs is detailed with painful honesty.

Mrs. Lynch is a full-time writer and has published fiction and articles in such periodicals as Guideposts Magazine, Teenage Christian, Christian Woman and Home Life. "Help Is Only A Prayer Away" is her second book.

A graduate of the University of Oklahoma's School of Professional Writing, Mrs. Lynch is also a member of National Pen Women and was recently selected for inclusion in the 1972 edition of "Two Thousand Women of Achievement".
