REIGNS OVER HOMECOMING

Kathie McBride Crowned Queen

Kathie McBride, a 5'8" brown-eyed blonde senior at LHS, was crowned Homecoming queen during pre-game ceremonies Friday night in Wildcat Stadium--one of the highlights of two days of activities here.

Kathie, daughter of Mrs. O.C. McBride Jr., was crowned by Ex-student Emil Macha in a setting provided by the Wildcat Band in their pre-game performance.

She received the honor by secret ballot of the student body

and the winner was kept secret until the ceremony.

She and two other nominees--Kay Armistead and Rachel Harlan were escorted to the field from a green convertible by two members of the Littlefield Ex-Students Association, Macha and Ernest Mills.

Homecoming activities were begun Thursday night with the huge parade down Phelps Avenue, followed by the bonfire and pep rally near Wildcat Stadium.

A premature bonfire set shortly after noon Thursday, didn't dampen the spirits of LHS students. They rallied to the cause and collected more wood to build another huge bonfire for the regularly scheduled time.

The Kat Klub float, built by student body boosters, took the top prize for the float division. The Girls Athletic Association float took second place and the Vocational Industrial Clubs of America float won third place.

Winners in the commercial division were: Leader-News first place; Luce-Nelson Imple-

ment, second place; and Littlefield Lions Club, third place. David Alan Robison, four-year-old son of Mr. and Mrs. Carl Robison, won first place in the individual category. He pedaled his tractor and proceeded to "Plow A Dimmitt Bobcat" under.

A spirited pep rally Friday afternoon kicked off the big day as students, exes, cheerleaders, twirlers and the Wildcat Band whooped it up.

Exes were honored at a coffee in the Flame Room immediately following the pep rally and the Lions Club served their traditional pancake supper to about 400 hungry people.

Gifts honoring those who traveled the farthest distance and the representative of the oldest class present were to have been presented during the reception, but were postponed until the business meeting following the Littlefield-Dimmitt game.

Those recognized for coming the farthest distance were Mr. and Mrs. Warner DeSautell of See QUEEN, Page 4

Ex-student Emil Macha places the crown on her head as Ex-student Ernest Mills hands her the bouquet of long-stemmed red roses. Flower Girl Tonya Mills and Crown Bearer Steve Hampton wait during the procedure.

MUSIC spurred this united youngster into a handclapping and good mood at the bonfire Thursday night. Bands of students, ex-students and city residents turned out for the bonfire and pep rally.

DIMMITT DAMPERS HOMECOMING, 13-0

Cats Didn't Fumble, But They Did Tumble

Your luck is running ragged.

Dimmitt again to the Littlefield Wildcats here Friday when they lost a 13-0 game.

Dimmitt before a good-looking crowd.

Cats came through their game this year without a fumble, but it still didn't seem to be their seventh loss.

It was a backfire of a strategy that resulted in a Dimmitt first quarter touchdown and, as it turned out, all the Bobcats needed to win.

The Wildcats with fourth straight District loss.

Field's Matt Giles lofted a punt to the Dimmitt defense in the first period and the Bobcats stopped Scatback Frierson at the Littlefield 20.

A red flag signalled an infraction, and after minutes' discussion,

Frierson put the icing on the cake for the Bobcats in the last minute of the third quarter, when he returned a Wildcat punt 75 yards to a score.

Other than the blocked punt and the third quarter punt return, it was a defensive ball game for both teams.

Dimmitt reached the Littlefield 6-yard-line in the second period after an interception, but the Wildcats stubbornly refused to give ground.

And the Bobcats drove to the Littlefield 14 in the second quarter, but a big play by Linebacker Giles dropped Bobcat QB Mark Wohlgemuth for a 10-yard loss, and a fourth down field goal try hit the crossbar and bounced back onto the field, no good.

Halloween Carnival, Parade Plans Made

Girl Scouts are busy making plans and completing arrangements for their Halloween parade and carnival, slated for downtown Littlefield Saturday, Oct. 31.

All Halloween goblins and witches are encouraged to gather behind the City Hall to march in the parade. Judging on the entries will begin at 3:45, prior to the parade at 4:30.

Five categories of costumes will be judged, and first, second and third place ribbons

will be given in each of those categories.

The first category is "Most Typical of Halloween"; the second category, "Best Nursery Rhyme Character"; third, "Prettiest"; fourth, "Tackiest" and fifth, "Best Television Personality."

Judges have been chosen from three Littlefield women's clubs. The parade will start down Phelps Avenue at 4:30, when the children will walk to the 300 block. Winners will be announced over the loud speaker system on Phelps Avenue following the parade.

Scouts will be manning about 15 concession stands and booths in an empty building in the 300 block of Phelps Avenue, where hot dogs, sandwiches, brownies and cookies and hot and cold drinks will be served. Other booths will feature cake walk, country store, bingo, fortune telling, etc.

A spook house will be open in the 200 block, and will be operated by the senior Girl Scouts.

The carnival and parade are planned for entertainment of the whole family, and residents in Littlefield and surrounding communities are invited to attend.

The Girl Scouts, their leaders and parents wish to credit the many merchants who donated merchandise for the prizes, and want to thank Mrs. Virginia Walker McCarty who donated the use of her building for the event.

CHAMBER OF COMMERCE STUDY

County Bank Deposits, Sales Up

West Texas area has a population increase of 10 per cent from 1960 to 1970, according to a study released by the West Texas Chamber of Commerce this past week.

The report shows, however, that Lamb County's population had decreased 20 per cent during the same period, but bank deposits in the county increased 27 per cent and retail

sales increased nine per cent.

Their figures show that Lamb County's population was 21,896 in 1960 and that it is now, according to preliminary census figures, at the 17,427 mark.

Bank deposits in Lamb County as of Jan. 1, 1969 were \$29,884,000, and by Dec. 31, 1969, were up to \$37,965,000--27 per cent.

Retail sales for 1968 were \$29,313,000, while in 1969 were up to \$30,770,000--a nine per cent change.

The report shows that Bailey County, to the west, lost 10 per cent of its population between 1960 and 1970. During the same period bank deposits in the county were increased 53 per cent and retail sales were up 42 per cent.

In Castro County, to the north, its population increased 15 per cent, bank deposits were up 135 per cent, and retail sales were up 97 per cent.

Cochran County's population was down 19 per cent, while bank deposits were up 53 per cent. Retail sales were down seven per cent.

Hale County's population was down nine per cent, but bank deposits were up 65 per cent and retail sales were up 50 per cent.

Hockley County lost 10 per cent of its population. During the same period bank deposits were up 96 per cent and retail sales were up 44 per cent.

Lubbock County's population was increased 12 per cent, bank deposits were up 72 per cent and retail sales were up 55 per cent.

Farmer County gained eight per cent in population. Bank deposits in the county increased 92 per cent and retail sales were 108 per cent.

Figures in the study are based upon the preliminary census figures, and many change slightly when final figures are released by the Census Bureau.

Retail sales throughout the West Texas area showed a substantial gain of 58 per cent and bank deposits were up 86 per cent, according to F. V. Wallace of Amarillo, president of the regional organization.

The report also compares population growth or loss with the economic trends for each of the 132 counties in the West Texas area.

Chamber officials explained that a large percentage of the increase in retail sales and bank deposits can be attributed to inflation. After the inflation factor is removed, there are still substantial increases of 13 per cent in retail sales and 44 per cent increase in bank deposits.

The eastern one-third of West Texas, east of the 100th

meridian, showed a larger growth than other areas in both population and other economic factors.

The Central West Texas area showed a 14 per cent increase in population compared to a 2 per cent in the Southwest Texas area and a 6 per cent decrease in the Panhandle area.

The Central West Texas area had a 94 per cent increase in bank deposits compared to an 87 per cent increase in the Southwest and a 71 per cent increase in the Panhandle.

Increases in retail sales by area were: Central 71 per cent, Southwest 47 per cent, and Panhandle 45 per cent.

Dinner will be served in the Lamb County Community Center from 11 a.m. to 3 p.m.

Two Drivers Hospitalized

Two drivers were hospitalized at Medical Arts Hospital Friday afternoon following a two-car collision at the intersection of LFD Drive and East 13th.

Injured in the accident were Patricia Hebel Baisden and Hobson Grand, both of Littlefield.

According to the investigating officer's report, both automobiles were extensively damaged, and about \$1,000 in damages resulted to a house at 129 E. 13th, owned by Alvis Jones.

The Baisden vehicle was traveling north on LFD Drive when the Grand vehicle, traveling west on East 13th, pulled from the stop sign in front of the Baisden Chevrolet.

The Grand vehicle jumped the curb, crossed the yard and northeast corner of the house with the left front fender.

City police are investigating three cases of theft.

Mrs. J.D. Fox reported that eight stereo tapes were taken from her vehicle while it was parked on the parking lot at Parkview Baptist Church Sunday night. Also taken was a six-bottle carton of Coca-Cola.

Lowery Lewis reported that a 12-gauge bolt action three-shot shotgun had been taken from his residence sometime between Thursday and Tuesday. Entry had been gained through the front door and about \$20 in change had been taken.

Bob Wilson reported that someone had broken into Bob's Auto Parts sometime after 9 p.m. Thursday. Entry was gained through the back door and several items were taken.

Included were 3/8" sockets, 1/2" and 9/16" combination box end wrenches, four cartons of assorted cigarettes, and a small amount of change from the Coke machine.

Our Clock Moved Back?

Did you get to sleep an hour longer this morning?

Did you forget to set your clock back one hour before you went to bed last night?

Six months of Daylight Saving Time faded into history at 2 a.m. today, and Lamb County residents get to sleep an hour longer this morning if they made the change before retiring last night.

If you forgot--here's a reminder to turn your clock back before you go off to Sunday school and church today.

Remember the catchy phrase that helps determine which way to turn the hands every 15 months: "Spring forward, Fall back."

Gayle's Bakeries

By GAYLE MILLS
LEADER-NEWS SOCIETY EDITOR

I WONDER how many of you housewives have experienced and found the many uses of canned biscuits?

I have found a few and would like to share them with you. Treating our families to an extra special treat for breakfast once in a while could get their day started off to a better pace.

JELLY DOUGHNUTS made with canned biscuits are a good beginning.

Remove the biscuits from the tube and fry in deep, hot fat until brown and floating on surface. Turn them so the other side can get brown too.

Drain the biscuits on paper towels when done. When the biscuits are cool, make a slit with a small knife and insert a teaspoon of your favorite jelly. Sprinkle with powdered sugar. They are really good eating.

FAST COFFEE CAKE: Coat each biscuit with margarine or butter, then roll in a combination of nuts, cinnamon and sugar. Raisins may also be used.

Place biscuits on edge, one resting slightly on another to form a ring (such as a breakfast roll). Put in oven and bake.

REGULAR DOUGHNUTS: Cut out the center of the biscuit with a large thimble or the center of any doughnut cutter.

Fry, drain, cool and sprinkle with cinnamon, sugar or powdered sugar.

Plain sugar can be put on the donuts when they are warm. Or try dipping the biscuits when hot into your favorite recipe for powdered sugar icing.

CRESCENT ROLLS for lunch or supper: Stretch each biscuit into a two-by-three inch rectangle. Spread oleo on biscuits and then sprinkle the top with parmesan cheese.

Roll each biscuit like a jelly roll, then shape to form a crescent. Top with oleo and bake. Sesame seeds may be sprinkled on the top—or onion flakes.

party! They are fun to make, economical to serve and appeal to all age groups.

Try this easy homemade recipe the next time you would like to spring something a little different on your family or guests.

PARTY PANCAKES
2 1/4 cups unsifted all-purpose flour
2 tablespoons sugar
3 teaspoons double-acting baking powder

1 1/2 teaspoons salt
2 eggs, well beaten
2 cups milk
1/3 cup shortening, melted
Butter

Maple-blended syrup
Mix flour with sugar, baking powder, and salt. Combine eggs and milk; add to flour mixture with shortening, mixing just until flour is moistened. (Batter will be lumpy.) Bake on hot greased griddle. Serve with butter and maple-blended syrup. Makes about 24 pancakes.

NOTE: To freeze pancakes prepare Party Pancakes as directed above, under-cooking slightly; then freeze between layers of wax paper. To re-heat place on baking sheet and heat in 300 degree oven for 8 to 10 minutes or heat in toaster set at medium setting.

COOKING TIPS
GRATED ORANGE rinds makes a fine addition to the usual spices added to pumpkin custard or pumpkin filling for a pie.

MAKING CORNBREAD soon? Try using tomato juice instead of milk for a change, as it gives the bread a fresh corn flavor.

COOK POT ROAST beef or stewing hens in water, to which two teaspoons of instant tea has been added. It will make them real tender and they will be masquerading as roasted.

ROLL raisins in flour before stirring into a cake to prevent them from going to the bottom.

TO LESSEN lumping of your gravy, mix salt with flour. This is also a good idea for white sauce.

ARE YOU TIRED of digging out shortening from your measuring cup? Prevent the shortening from sticking to the measuring cup by breaking eggs into the measuring cup first, pour into another container; then measure shortening in the same cup. The whites of the eggs leaves a nice coating and the shortening won't stick!

Flower Talk

THE ASTER, STAR FLOWER

Someone has said that flowers should all be named by poets.

The Aster, the stately flower of such dignified beauty, is a native of China. Their name, however, is derived from the Greek word "astra" for star. The attractive flowers range in color from white to dark purple.

Because these flowers bloom at the time of the feast of Michaelmas, they are known in England as Michaelmas Daisies.

Whatever this flower is called, it is still beautiful. All our flowers are beautiful, and we arrange them especially for you—to fill your order.

DEAR EDITOR

What Our Readers Think

Petition Begun

Dear Editor,

To follow-up the letter from Floyd Rowell, Administrator of the Amherst South Plains Hospital-Clinic, which appeared in last Sunday's Leader-News concerning increasingly high standards which have resulted in the closing of some small hospitals: a group of interested citizens have written a letter of petition which will be mailed to four government leaders next Thursday.

We urge all interested persons to sign the letter, so the voice of the people can be heard in this extremely important matter.

In Amherst they may contact Mrs. Raymond Heim and Mrs. Cletis Dunn; in Littlefield they may contact Mrs. Ray Heim, 1313 W. 3rd or (after 5:00 p.m.) Linda Hensley, 1315 W. 3rd.

Thank you for your assistance. Linda Hensley

Crooked Finger Farris?

Oct. 21, 1970
The Newspaper of:
Littlefield, Texas

Dear Editor:

In the late 1950's the Muncie Star Newspaper of Muncie, Ind. printed an (AP) item as follows: "Crooked Finger Family Littlefield, Tex. (AP) being born with a crooked little finger is an inherited trait in the Farr family. As far back as any living member can remember, one Farr born in each generation has had a crooked little finger on each hand. The fingers are bent slightly from the first joint to the tip."

Forgetting to jot down the exact date of this item I only have the one copy and don't want to lose it.

I have both little crooked fingers like that and of two sons, only one inherited it from me.

I was also told it came from a long line of ancestors on my deceased father's side whose last name was Bennett and his mother's maiden name was Taggart both families of Virginia and West Virginia.

Could and would you forward this information to the Farr family of Littlefield or vicinity and ask them if they would care to contact me?

I am very curious to know if by chance we are related or the crooked fingers are just a coincidence. Thank you kindly.

Mrs. Ruth Conaway

Who Set The Fire?

I hope the smartalck who set the pile of wood for the bonfire on fire on Thursday afternoon got a kick out of it. This person or persons probably did not give one stick of wood for it. This sort of thing is what is wrong with our country as it is now.

Why would a person want to do such a thing to school kids anyway? Just because it was there for a purpose not just for the fun of working to put it there for some smartalck to set on fire before it was intended to be. These kids work like everything to have something to boost the team with. Do you go to school here or have kids that do?

THE PHILOSOPHER

More Worry

(Editor's note: The Sandhills Philosopher on his Johnson grass farm tries to get his mind off the Middle East this week, more or less.)

Dear editor:

I've noticed that in the last few weeks there has been a widespread tendency in this country to drop everything and worry about the Middle East, but I learned long ago if you want to get any work done during your stay on earth you'd better go ahead and not wait because the Middle East has been a powder keg ever since the keg was invented. Take the fuse out of one keg and you find the other end leads to five or six others.

Consequently, I got my mind off the matter by reading a couple of items about Congress I ran across in a newspaper last night.

According to one, a committee of leading business men has been studying ways to re-organize Congress to make it more efficient.

This strikes me as a dangerous undertaking. Congress is so efficient now we're being taxed and lawed to death.

The other item was a report of a TV network executive arguing

that sessions of Congress ought to be televised.

I don't have any strong opinions on this, but one question immediately pops into my mind. Who're they going to get to sponsor the program?

The patent medicine people have almost exhausted themselves now inventing new remedies to pay for the newscasts we're currently getting and I don't see how they or the human body can take on any more just to get Congress on the air.

Everybody who has a bad cold or tired blood surely is now being reached by the nightly newscasts, and you can't make me believe televising Congress would open up a new market for these remedies, although I can see how the headache tablet people might see some possibilities for increased business, once we had a close-up look at Congress 8 or 10 hours a day.

Some Congressmen oppose being televised on the grounds it would lessen the dignity of Congress.

I don't think it would hurt Congress, but it might kill television.

Yours faithfully,
J. A.

I'M KINDA GLAD I'm no older than I am. -- It'll be at least another ten years before I'm eligible for Social Security, and Medicare. I betcha that by the time I am eligible, that things'll be, by far, better than they are now.--Just leave to H.E.W.--When better things are done, they'll do 'em!

HONESTLY, we're getting a great deal more Federal control than we can pay for!--Looks like by the time they get through, we'll be the Healthiest, Educatedest, and Welfare-est nation in the world!

True, there's a great many things that need regulatin', but seems to me that Joe, average, taxpayer is bein' regulated right into the welfare program, himself.

SURE, and I'm bettin' that the Medicare program is bein' abused, but, what "Give-away" ain't?--Most anybody could set up a nursin' home, ans start collectin' the ageds Medicare, if there weren't SOME regulation!

At today's prices, most hospitals could treat a coupla Medicare patients per one cash, list-price payin' customer. (Or, does it just SEEM that way?)--If you remember, hospital room rent has just about trippled what it was before Medicare! (Or, perhaps, a little more)

A WOMAN'S VIEW

Tools

By PEARL BRANDON

I WAS REARED in a family of builders. All our growing years we children played around where my father was building something. We gathered the wooden blocks to build for ourselves crude bridges, houses, etc. We carried off his hammers and wasted his nails.

IN ALL THIS we learned many things.

Of course the first thing my father taught us was to lay a good foundation and to build a good frame work. Another thing was to always use plenty of nails. My father's buildings were always sturdy and strong.

ALONG WITH all this he taught us to do an honest day's work for an honest day's pay...to meet our obligations and keep our word.

In this matter of building my father used many tools such as skill-saws, planes, levels, plumb lines, squares, hammers and nails.

RECENTLY in our church school our lesson was on the tools for studying the Bible. They recommended a good Bible commentary, a Bible dictionary and several different translations of the Bible--as well as maps.

All this leads us to the tools for living.

THE ABUNDANT LIFE

Just Criticism

THE RIGHT TO CRITICIZE seems to be generally considered an inherent right. This is a privilege which may be used by everybody, and it is sometimes a duty.

Of course, like many other rights and privileges, it is often shamefully abused and, as a duty, often neglected.

SOME CRITICISM is justified and some is unjustified. Some of it comes from persons who are selfishly motivated, such as persons out of office but would like to be in office.

This is neither responsible criticism nor just criticism. It should not be accepted as approved political action, because it weakens our social order.

THE LOSS from unjustified criticism (whatever the source) is in the fact that it signifies dishonesty and slander. It also discourages the sincere and capable public servant, and the conscientious citizen. It lends credence to the false and unwholesome assumption that we build up ourselves by tearing down others.

WIDESPREAD SKEPTICISM and other disinterest have been created by the falseness and confusion of unjust criticism.

Many concerned persons feel that they do not know the truth about public questions or public personalities. Worse than this, they feel that they have no way to learn the facts. This cripples our national structure, and causes insufferable loss.

WE DO OURSELVES and our country a disservice when we criticize without just cause, and when we condone such criticism. There will always be situations and public personalities deserving just criticism. Such action, when necessary, must be pursued with vigor, but not with violence. If our criticism comes from ignorance, prejudice or selfish ambitions, it is out of order and destructive.

The Sapling

The strong, vigorous but loving hand of protection will see this sapling through. Every sapling needs such care if it becomes a mighty tree. It must grow straight if it grows tall. It must be shielded from the blight of insects... it must have food and light.

Father, Mother, are you your sapling's guiding hand? Remember, as the sapling is bent, the tree will grow. You have a responsibility... you are accountable to God. Do not provoke your children to anger, but train them in the discipline and instruction of the Lord. Are you doing that? Juvenile Court records show few church and Sunday school children go wrong. Be your sapling's guiding hand.

This week the Lamb County sheriff's department recovered stolen property valued at over \$2,000 and jailed two suspects on separate burglary charges. Ronald Reyes Hernandez, a 19-year-old from Sudan, is the county jail charged with the burglary of Roark Jewelry in Sudan early Monday morning. Deputy Sheriff Homer McLauri and Glyn Williams, Sudan city marshal, said the front door glass and lock had been broken with someone reaching inside to unlatch another lock. The two officers found barefoot prints inside the shop and followed the tracks to the Sudan Hotel where they arrested Hernandez who then showed the officers where he had hidden rings valued at \$950. The suspect remains in jail with bond set at \$2,000. Olan Roark, owner of the jewelry store, said his business has been robbed in the past 17 years but the fastest any of the items had been solved. An 18-year-old from tinez, is in jail charged with the burglary of Compress on Sept. 13. McLauri and Williams covered assorted items in the robbery valued at \$2,000. Olton's District Hopes 'Gone With The Wind'

DANNY FRIERSON, Dimmitt's speedy halfback, is brought down by Jerry Kemp (32) and Russell Turner (64) after a short gain. Other Wildcats visible are Max Huber (67) and Dennis Hartley (24).

Leader-News Sports Writer

The Mean Green machine did it, and without a doubt are the best football squad in the area in AA. The Floydada Whirlwinds played host to the unbeaten Olton Mustangs and showed them why they are ranked in the top five teams in the state in Class AA. The Winds of Floydada breezed by the Mustangs in a 28-7 loop victory.

The win virtually gives the Whirlwinds the district title, barring any unforeseen upsets. Olton now can only hope that Abernathy upsets Floydada and the district ends in a three-way tie. A two-way tie would send Floydada to bi-district.

Olton found out where the trouble was going to be coming from in the early minutes of the first period. With a third and four situation on the third play of the game, Rick Biggs of the tough Whirlwind secondary snatched an Olton pass from Steve Stockdale. This was to be just one of the three aeriels that the Floydada line-backers were to pick off.

The Mustangs stayed tough on the line and forced the Winds to punt after three downs that had lost them four yards. This time Stockdale came out passing. On their own 34, Olton's first pass went astray. The second pass was right on the button, Floydada's button though. This time Steve Puckett picked the pass off. The interception seemed to awaken the Winds' offense and demoralize the entire Olton team.

It took the Winds only eight plays before Walter Harris, the stronghorse of the Winds, crossed the goal for his first touchdown of the night. Harris bulldozed in from the four-yard line to put the first six on the scoreboard for the Whirlwinds. Gregg Campbell added the extra point by kicking. With 9:10 left in the half the Winds had taken a 7-0 initiative.

Luis Rey of the Mustangs took the kickoff on his own four and ran it back to the Olton 29. Stockdale took over and managed only seven yards on running plays. Again the Mustangs were forced to give the ball back. Stockdale's punt traveled 31 yards to the Floydada 34.

Floydada started with a bang. On second down Hale hit Puckett with a pass that covered 34 yards. On top of that the Mustangs drew one of only two penalties for the night, a clipping call that cost them 15 yards. In all the Winds picked up 49 yards on the play.

With a first down and the ball on the Olton 16-yard line another Floydada TD looked certain, and the winds made certain it was. On the second play Harris broke away for nine yards and another Floydada score. Campbell tried the kick but a penalty against the Winds brought the ball back to the 18 yard line and gave the Winds another chance. Hale tried a pitchout to Puckett, who tried a halfback pass, but the points-after attempt failed.

When the Mustangs got the ball again they looked as if they were really going to be on the move. Workman piled into the line and netted five yards. Stockdale then hit end Mike Parsons for a 13-yard pass. With a first, Stockdale turned around and hit Alonzo Springer with a four-yard pass. Workman pounded the line for two and then was held to one and the Olton drive just fizzled out. Stockdale was again forced to punt away, this time it went away, clear back into the end zone for a 46-yard punt.

Mitchell, on first down at the Floydada 20, pounded through the line to pick up 18 and another Floydada first. Then their drive went sour and they were forced to punt.

Olton ran four plays and once again had to give the ball back. Stockdale punted from his own 10-yard line, a 40-yard boom-er.

There was only one problem. Puckett made another fantastic play. He caught the ball on the 30-yard line and started running. Olton's trouble was that he just didn't stop running. With 1:10 left in the half Floydada scored again. Harris took a handoff and scampered across to add the extra points. With the half all but over, the Whirlwinds of Floydada had taken a 21-point lead.

The second half started out a little differently. Floydada took the kickoff and was stopped after four downs. Then the Mustangs came roaring back. Rey broke through the Floydada line for nine yards. The Stockdale picked up the first on the quarterback sneak. On first down at the Olton 45-yard line, Stockdale found Emiliano Marquez in the clear and passed complete for 31 yards. Then Stockdale found Parsons for 12 yards. At the Floydada 11, the Mustangs had a first down. Workman pounded the line for three, then Stockdale hit Springer in the end zone for a Mustang TD. Stockdale kicked the conversion and the score was 21-7.

Floydada took the kick and began marching downfield. In 14 plays the Winds amassed 44 yards and three first downs. On fourth and 12 to go the Winds missed the pass and the ball went over to the Ponties.

It was the same story with Olton, though. Floydada got the ball back via Rick Biggs again. While roaming around in the Winds' secondary, he happened to be in the right place at the right time to grab his second Olton pass. With 00:10 left in the third period the Winds were in business once more.

The Whirlwinds took just nine plays to push Harris across the Olton goal. Harris took the dive from the one-yard line. Campbell kicked the extra point to give Floydada 28 points with 8:42 left showing in the ball game.

Olton then pushed the passing button. Stockdale passed six times. But of these six, he completed one for 16 yards. Not enough to keep the drive going.

Walter Harris was the man to watch on the Floydada side of the field. Twenty-six carries netted the 145-pound junior back 120 yards. Harris scored three of the Floydada TD's and ran for two of the extra points.

Van Mitchell and Andy Selman were the other workhorses of the Floydada squad. Mitchell ran for 75 yards and Selman ran for 59. Steve Puckett ran back an Olton punt 50 yards and a TD and he also gained 44 yards in pass receptions. Biggs shone defensively, being on the spot twice for Olton passes.

Springer and Mike Parsons did a good job as the receiving end of the Stockdale passing. Parsons caught three for 37 yards, while Springer caught three for 32 yards and a TD.

Olton will next face Morton, 0-4 in the loop, on their own field.

CRISTAN INTERCEPTS PASS

JV Captures Third Win

The Littlefield J.V. captured its third win of the season Thursday night against an aggressive Muleshoe JV, 14-8. The Wildcats hit for a TD in the second and fourth periods and added the extra points to the second-quarter score. Muleshoe's eight points came in the fourth period.

Jesse Davila and Bill Hamblin were the workhorses of the JV victory. Davila carried the ball 14 times and picked up 64 yards. Hamblin carried nine times, gaining 30 yards. Hamblin picked up the first Cat score on a run from two yards out. He also carried for the extra two points.

Joe Cristan snatched a Muleshoe pass that decided the ball game winner late in the fourth

period, with only two minutes left to play. Cristan ran the interception back for 38 yards, and the six deciding points.

The Mules actually outran Littlefield with 177 yards to 123 for the Wildcats. One of the differences in the win was the fact that Littlefield completed three of seven passes for 24 yards. Muleshoe passed nine times and completed none.

J. E. Johnson was a stand-out for the Cats on both the offense and the defense. With Johnson as offensive standouts were Davila and Hamblin. With him as defensive standouts were Cristan, Ricky Sanchez and Arturo Soria.

With a 3-3-1 record the Littlefield JV will next go up against Tulla in a home tilt Oct. 29.

Happy, in an attempt to catch up, scored from the one with Mark Hargrove carrying the ball. The extra-point attempt failed. Sudan turned right around and scored on a 20-yard pass completion from Bo Lance to Roger Bellar. Engram kicked the extra point then returned with a yard pass by Hargrove to Cole. Ruben Garcia added two extras.

Edwards broke the scoring with a plunge of one. The extra point gory McNabb turned 22 yard run for another TD. Engram kicked the one. David Weaver then ered 65 yards for the Sudan score.

HEAD COACH DEVERELLE LEWIS, who suffered a heart attack during the second week of the season, was back on the sidelines Friday night, though he spent most of the game in a chair. Here, Lewis outlines a play that he thought might go for Kim Hill (80). Others are Wendell Horn (22) and Booster T.W. Mackey.

S-E Loop Chance Foiled By Farwell

The Springlake-Earth Wolverines fought a fourth quarter rally Friday night against Farwell, but it fell short by six points. Farwell outlasted the Wolverines by 14-8.

The defeat means loss of any hope to take, or tie for the district championship. Farwell now stands at 4-0 in the loop action while the Wolverines hold a 1-3 record.

Farwell struck for their two TD's in the second period of the game. Gene Sheets passed a 12-yarder to Randy Chandler for the first Farwell score. Sheets kicked the extra point. A little later Sheets passed to Gary

Erwin for 12 yards and another Steer score. Sheets again kicked the extra. At half Farwell led by 14-0.

The Wolverines held off any third quarter attacks by the Steers and went to work in the fourth period. A 20-yard pass from Hoyt Glasscock to Guy Davis was good to start the Wolverine rally. Davis caught another for the two extras. The Wolverines were now only six behind, but this six was still enough to determine the game's outcome.

Springlake will next face Hart, trying to come back from three straight losses.

... WILDCATS

Continued from Page 1

best advance was to the Wildcat 39, as Littlefield continued to play stubbornly on defense, led by Giles, HB Dennis Hartley, and Safety Alan Mackey. All three came up fast on running plays, and for the most part, contained attempts by fleet Dimmitt backs to get wide.

Also starring on defense was a new Wildcat linebacker, Don Hemphill, who moved there from second unit defensive half-back when injuries left the line-backing corps almost bare.

Hemphill recovered two Dimmitt fumbles, one of which stopped a Bobcat drive at the Littlefield 44 and another which gave the Wildcats possession at the Dimmitt 37 when the Cats were down only 7-0.

That possession saw the Wildcats reach the Dimmitt 16, where a fourth-and-two run by Ralph Funk was inches short of a first down.

But that was the story for the Littlefield offense most of the night.

The Wildcats used a 55-yard run by HB Hartley in the first quarter, when it was 0-0, to reach the Dimmitt 13. Hartley broke clear down the right sideline and seemed headed for a TD, but a Bobcat caught him at the 15.

But the Wildcats couldn't punch it past the 13, and on fourth down Calvin Kilby's field goal attempt from the 25 was far enough, but a few feet wide to the right.

The Cats had another opportunity in the second quarter, when they got the ball at the Dimmitt 38 following a 7-yard Bobcat punt.

FB Danny Estrada, playing for the first time in three weeks following an injury, got nine yards on a twisting, driving run that would have made it second-and-one at the Bobcat 29. A 5-yard infraction rubbed it out, and the Wildcats could make no further headway.

In the third period, with the score still 7-0, Littlefield drove to the Dimmitt 26, where the Bobcats put the stopper on, and to the Bobcat 16, where again the Cats couldn't punch it out.

The Wildcats reached the Dimmitt 18 midway in the fourth quarter, after they gained possession when Portirio Cristan recovered a fumble caused by a big hit by Kilby on the Dimmitt QB.

Other than Hartley's running, the Littlefield ground attack was almost nil.

Dennis gained 93 yards on 14 carries and, because of some big losses by other backs, that accounted for all but one yard of Littlefield's 94 net yards rushing.

Hartley also caught three passes from QB Jay Trammell for 31 yards, so the total of 124 he gained accounted for all but 40 the team netted for the night.

Trammell hit on six of 15 passes for 53 yards, with two intercepted. Mackey hit on one of two for 17 yards.

End Kim Hill caught two passes for 33 yards and Estrada caught two for six yards.

Dimmitt was led offensively by Frierson, with 14 carries for 52 yards, and by HB Jay Stanton, with 8 carries for 65 steps.

Dimmitt's Andrew Garza, a 145-pounder, was the top Bobcat defender.

Pen-reared quail, purchased from licensed game breeders, may be used in training dogs, but these birds may not be shot.

Run The Dogs, But Don't Shoot

Bird hunters about this time of year are getting the itch to run their dogs in order to train them for the upcoming quail season.

Bob Cross, law enforcement coordinator for the Texas Parks and Wildlife Department, says dogs can be run any time of the year as long as no effort is made to shoot the quail.

Pen-reared quail, purchased from licensed game breeders, may be used in training dogs, but these birds may not be shot.

OLTON TAILBACK Keith Workman, 44, picks up an Olton first down before time ran out in the first half. Joe Jones, 63, brought Workman down after he gained six yards.

HEALTH-BEAUTY AIDS IN FULL ARRAY

The city's Largest Selections of Health and Beauty Aids!" This is a boast of Gibson's Discount Center that is repeated in like fashion by stores in the franchise network. Rated the strongest "bread and butter" merchandise category since the start of Gibson's in wholesaling in 1932, health and beauty aids are credited with a constant and steady increase in volume since the shift was made to discounting in 1958.

Health and beauty aids...constitute perhaps our best year-round drawing cards, and there's no reason not to expect continued gains," says Lynn Low, buyer of health and beauty aids for the central offices of the franchise organization as well as pharmacy coordinator in working with Gibson's discount pharmacies.

The merchandise is mass displayed along the left wall and adjacent aisles in Gibson's stores, next to housewares, Gibson's merchandising format is massive displays of large-size items with emphasis on nationally advertised name-brand lines. He noted that the Gibson brand (Dixie Laboratories) in vitamins alone will account for an approximate \$1 million volume this year. The Gibson label is also sold in alcohol, hand and shave lotions, deodorant, hair sprays and other personal care products.

CAMERA DEPARTMENT FEATURES NAME BRANDS IN CARLOAD LOTS

The camera department features not only photographic equipment, accessories, supplies and processing, but also radios, electric shavers, stereo equipment, records and albums, record players, sound systems, and recorders. Brand names such as Carousel, Argus Kodak, Keystone and Polaroid are prominent among camera equipment and supplies. A wide range of projectors, cameras, previewers, tripods and other accessories covers the spectrum of shoppers from the beginning candid camera bug to the professional who wants it all.

"Carload buying of flashbulbs, film processing chemicals, and other supplies provides discount prices in the camera department," the manager said. Typewriters, with emphasis on electric portables with automatic carriage returns, are a part of the department, with manuals starting at low discount prices.

All standard brands of electric shavers for men and women fill several showcases. Radios from miniature pocket and purse size transistors to elaborate multi-band and stereo receivers fit into the department. Hundreds of clock radios to fit the decor of every type room or home are available in a range of prices, too.

Complete sound and stereo systems are purchased in big lots for retailing at wholesale or below prices at the new discount store. The department will have one of the city's largest selections of records and albums, along with cassette tape equipment with complete selection of tape cartridges.

Emphasis On Sporting Goods

Strong emphasis on sporting goods at Gibson's Discount Centers didn't happen by chance. Taking direction from founder H. R. Gibson Sr., an avid sportsman and outdoorsman, most of the Gibson's centers across the country are heavily oriented to sporting goods and camping equipment.

The emphasis also reflects the able influence of a veteran in sporting goods merchandising, Lee Roy Kelso, buyer of sporting goods and camping equipment for central offices of Gibson Products Co., parent firm of the national franchise discount chain. Previously engaged in retailing, jobbing and wholesaling of sporting goods, Kelso switched to discounting... with Gibson's... in 1962 and has since guided the development of Gibson's sporting goods departments into strong, year-round departments with sustained sales volume.

"Before I joined Gibson's, I came to the conclusion the discount method made possible with high volume mass merchandising was coming to the fore as the best prospect for sales dominance in distribution of sporting goods," Kelso says. "This has been proven to be correct, with the mass merchandising of fishing tackle, sporting goods and camping equipment at popular prices exerting a big effect on increasing the numbers of users of such equipment."

"Mass merchandising, with high volume and discount prices, has made virtually all popular sporting goods available at prices which enable many families to participate who could not have done so in prior years," Kelso said. He noted that more and more people are taking advantage of greater amounts of leisure time. The constant refinement and development of sporting goods items and ever-growing trend toward outdoor pursuits have also generated greater interest in the fast-paced market.

In the years Kelso has been with Gibson's, the central buying organization has added every top fishing tackle and sporting goods manufacturer to its list of suppliers. Acceptance at the store level is evident in the expansion of area devoted to sporting goods, up from approximately 5 per cent of total store area to about 15 per cent of store area.

Kelso noted that purchases and sales have grown to the point where Gibson's chain is now among the nation's top buyers and retailers of a number of leading name brand sporting goods lines. For example, Gibson's is rated the largest buyer of several brands of fishing tackle, these including such famous lines as Garcia, Zebco, True Temper and Heddon.

Gibson's is among the top merchandisers of such famous camping equipment, outdoor and vacuum goods lines as Coleman and Thermos. Gibson's is also rated close to the top among the leading retailers of Rawlings and Spalding athletic goods. Another basic reason for Gibson's success with sporting goods, according to Kelso, is "Knowledgeable sales people."

"While we try to stress self-service as much as possible, sporting goods also requires experience. Our people can demonstrate how to reload a rifle, the difference in fishing tackle and the proper method for setting up outdoor equipment."

Hardware-Automotive Aims Appeal

The "do-it-yourself" enthusiasts in home and auto up and maintenance are given big breaks on quality items at discount Centers in Dallas and across the country.

Bob Regeon, former stock car racer who is hardware tomotive buyer for central offices of Gibson Products Co. at Seagoville, notes that the chain concentrates on "bulk and butter" hardware items mostly under the \$10 range and similarly accents aid for the auto do-it-yourselfer with top-quality parts and accessories.

Both hardware and automotive categories have drawn heavy customer response and thus have gained expanded area and broader coverage in inventories and types of merchandise, and in new lines.

Hardware and automotive departments are adjacent to each other in the center rear of most Gibson's stores. Buyers in hardware are paints and both hand and power tools.

Gibson's units stock Devco and Southland brand paint, the latter a private brand for Gibson's. Leading brands in power tools include Ram and Toastmaster line. The department also features small hardware, electrical supplies and equipments, light fixtures, paint accessories and bath and closet accessories.

The power tools are rated among best sellers during holiday seasons. Automotive selections at Gibson's range from custom equipment to hard parts such as carburetors, starters, generators, voltage regulators, spark plugs and fuel pumps.

Although installation is not offered in most instances, the Gibson's centers do several million dollars volume in private brand tire sales (Cooper) and in batteries (Gibson Union). A few Gibson's franchise units have service centers, being considered as a new feature for stores in the Dallas area.

Biggest volume for present in-store automotive departments is generated by tires, batteries, additives and replacement parts.
