Corporations Are Merged, ElectriCar On Schedule

\$100,000 Raised In Short Order

By BILL TURNER
Leader-News Editor, Publisher

ELECTRICAR Corporation of Littlefield, a \$100,000 company to which the full amount of stock was subscribed here within a few hours, and Electrically Motivated Vehicle Corporation (EMV), originator of the ElectriCar, became one this week.

Merger of the two corporations was announced following the signing of papers by presidents of the two companies and approval by the secretary of state at Austin. It completed an agreement reached June 24, 1969, when EMV first signed a contract calling for Littlefield to become headquarters for the development of a vehicle its designers believe will be the first practical electric car.

ELECTRICAR Corporation is the name of the company resulting from the merger. It is a \$1 million corporation, with Littlefield's \$100,000 subscription of stock representing 10 per cent of the total.

This was agreed upon in the contract signed less than seven months ago, allowing EMV to retain effective control of the resulting corporation. Official papers calling for the merger were signed by D. L. (Cotton) Whatley of Amarillo, president of EMV, and Paul A. McCormick, of Littlefield, president of ElectriCar Corporation.

"Everything is right on schedule, and our prospects for industry here are greater than ever before," said McCormick. Whatley also expressed pleasure at the signing of the papers, and commented then, as he has before: "We've already come a long way, and there's no way we could have come this far without the help and cooperation of Littlefield."

MAYOR J. E. CHISHOLM said he felt Littlefield had taken an important step in merging with EMV, because, "first of all, it completes what we agreed to do last June, and secondly, it puts us together in negotiating for future mass production of the car in Littlefield."

The mayor, who along with McCormick was a member of the board of directors of both corporations before the merger,

said ElectriCar's negotiations with other interests for the establishment of a plant and production here will be under way in the next few weeks.

Whatley, McCormick and Chisholm said they have "high hopes" that mass production will begin early in 1971. This is also on schedule, they pointed out, saying 1971 was the target year when the first agreements were signed last June.

THE FIRST MEETING of the stockholders of the new corporation has been scheduled for 8 p.m. Monday, Feb. 9, in the XIT Room of Security State Bank.

The purpose is to elect a board of directors, and these directors later will elect officers.

The stockholders include the original 34 from EMV and 26 from the \$100,000 Littlefield group. Six Littlefield men, however, were stockholders in both corporations, so the stockholder total will amount to 54.

The 26 who are in the Littlefield group subscribed for the \$100,000 in stock in only a few hours after it was made known the stock was being offered.

"Actually, we were oversubscribed," Mayor Chisholm said. Besides the \$100,000 put up by the 26 Littlefield men, there were others here who were interested in helping, but their subscriptions would have put the total over the amount called for in the corporation's charter, the mayor explained. Also, he said, state law regulated the number of stockholders to 35 or less.

In addition, approximately \$25,000 in stock was sought by persons outside Littlefield, but the local group decided it wanted the funds raised from Littlefield itself.

A NUMBER of firms have made contributions in which no stock is involved, and this money will be needed later as expenses occur, the mayor said.

One such expense not covered in the charter will be the purchase of land on which the ElectriCar Corporation already has an option.

The option is effective through Dec. 1, 1970 on 175 acres of land now owned by the Finley estate, located in labor 8 of league 673, a plot directly south and east of Lamb County Electric Co-Op.

DEVERELLE LEWIS

Athletics Helps Build Youngsters

Littlefield's head coach Deverelle Lewis is building next year's football team now, but that isn't all he is building. The 277 Littlefield students under Coach Lewis' direction are developing confidence, strength under competition, and respect for authority, among other things.

Lewis insists that his boys be a credit to God, themselves, their families and their school. "Boys participating in athletics are in the formative years," Lewis said. "As a coach, it is my responsibility to see that each receives the necessary guidance and attention. I would be deeply hurt and embarrassed if I learned a boy wasn't just a little better person after having played under my guidance."

Coach Lewis' concern is boundless. He knows that boys not only do what they are taught, but tend to become what the coach is. "There is no greater reward for a coach

than to see his players achieve their goals in life," Lewis said, "and know that he had some small part in the success of the boy's endeavors. Life is a game, and athletics is just one inning."

One of Lewis' main concerns since coming to Littlefield is building a well-rounded athletic program. "We don't want boys this age to specialize in one sport," Lewis said. "There is a time in life to specialize after a boy has had a taste of it all."

Lewis concedes that most boys like one sport better than another, but says each sport is good for the other. He likes for his boys to get after football during football season, then jump into basketball and track in their season with just as much enthusiasm. "It's doing the young an injustice to get him to specialize," Lewis declared. This year's plan allows boys in the Littlefield athletic

who may be contacted for tickets.

Tickets are \$3.50 per person and are also available in the Chamber of Commerce office, located upstairs in the City Hall. "We are looking for a good turnout again this year," Chamber Manager Jim Kelly said.

42.2 Percent Lamb Voters Registered

"Operation: Everybody!" Chairman Mrs. James A. McMullen, III of Fort Worth has revealed that Lamb County has attained 42.2 percent of its voter registration quota as set by the Texas Democratic Party.

The quota for Lamb County was set at 3,260 voters.

"That figure puts Lamb County in eleventh place in its division," County Democratic Chairman Glenn Batson said.

"The state-wide goal is to have 4,250,000 Texans registered by the time the 123-day voter registration period ends, Saturday, Jan. 31."

Governor Preston Smith is pushing for voter registration throughout Texas, and sent the following telegram Friday to County Judge G. T. Sides:

"Voter registration still lags in some areas of Texas. Your assistance needed to register all eligible voters. Act now. Time is short. Preston Smith Governor of State of Texas."

"OPERATION: EVERYBODY!" is a project of the State Democratic Executive Committee, Mrs. Carol Vance of Houston, as vice-chairman, serves with Mrs. McMullen on the special drive.

"More than half of the state-wide goal has been reached," Batson said. "Voter registration application forms are at the County Tax Assessor's office in the courthouse."

"Lamb County will be competing with other counties of similar size for state-wide recognition in meeting and exceeding their quotas," Batson said. Gold, silver and bronze plaques will be awarded to the counties which exceed their quotas by the highest margins.

County Thefts Being Probed

A 1970 half-ton Dodge pickup truck valued at \$4,143.85 was stolen from Garland Motor Company early morning. The white and blue vehicle had a dealer's number P4-369, on it at the time it was taken, and Garland Motor Company is on the bumper. A white male 60-65 years old was believed to have driven the pickup from Garland lot.

A Spade man reported the theft of a Browning automatic shotgun Monday night. Wallace owned the gun valued at \$300.

A Springlake man, Refugio, returned home Thursday on a trip to Mexico to find his house had been broken into. Missing items were a black and white Zenith television set, a Silvertone record player, a new G. E. Radio, records and three six-foot extension cords.

Earlier this week, Morton, who lives three miles from and one mile west of Springlake-Earth Schools, reported the theft of a portable Zenith television set and a record valued at \$300.

Three Seek Re-Election

County Democratic Chairman Glenn Batson has announced that three candidates have filed for placement on the Democratic primary ballot this week.

They are Bill Clayton, for re-election as state representative for District 2; C. Roy Stevens, for re-election as county school superintendent; and W. T. Tobe Vereen, for re-election as Precinct Peace Justice (Sudan).

Anti-Hail Group Names Directors

Harvey L. Messamore, who farms west of Amherst, and Kenneth Burgess, vice president of the Olton State Bank, were named directors to represent Lamb County in the Plains Weather Improvement Association.

A climatologist, Oliver Newton, explained the proposed hail suppression program, the treating, effects and percentages obtained in cloud seeding to prevent destructive hail storms.

Bill Jones opened the meeting and introduced Lamar Aten of the ASC who gave a report on the damages to cotton and grain from the '69 hail storm. Joe Blevins, SCS conservationist, reported on other crop

damages and personal property damage.

Messamore and Burgess will serve along with a farmer and a businessman from each of the nine counties included in the hail suppression study.

The mayor, who along with McCormick was a member of the board of directors of both corporations before the merger,

MRS. MYRTLE CLAYTON

There's No Stopping Mrs. Myrtle Clayton

By NILAH RODGERS
Leader-News Staff Writer

Mrs. Myrtle Clayton of Springlake is never idle.

"I don't want to be," Mrs. Clayton said. "Life's not long enough to do all I want to do."

Mrs. Clayton piles a heap of activities in her days.

She is a historian, with scrapbooks galore of the Clayton family--six each on her three children, Representative Bill Clayton, Donnie Clayton and Mrs. Anne Kelley. All of the Springlake First Baptist Church bulletins and the early history of this church since the time the Claytons moved to Springlake are neatly catalogued in volumes of scrapbooks.

The Springlake church was organized in the Clayton living room, and Mrs. Clayton has been teaching Sunday School 45 years.

"I kept all the bulletins in scrapbooks for eight or 10 years," Mrs. Clayton said, "and after that they wouldn't let me stop."

The late William T. (Bill) and Mrs. Clayton bought their land at Springlake in 1924. "Bill worked on the Swastika well in Archer County," Mrs. Clayton

said, "the first oil well at McGargle. They told Bill they couldn't pay him for working, but if the well came in that there'd be plenty of money and he'd get all he had coming."

"He worked for weeks without pay. The first thing he did after they brought that well in was to buy a new car. Then he socked the rest of it in this place. That's how we got our start."

After Mr. Clayton had a heart attack, the Claytons took up rock hounding to replace Clayton's hunting.

A little house at the Clayton farm holds tumblers, saws, and other rock hound equipment. Mrs. Clayton's "rock room" just off her kitchen is a lapidarist's delight. Displays such as a "Rocks of the Bible" exhibit have won awards in state shows. A replica of the first true diamond, various opals and a good sampling of fools' gold are just a tiny part of the rock collection that is complete with the scientific names and chemical analysis of every item.

Each year the Springlake Earth science class visits Mrs. Clayton's rock room. "This fascinates the kids," Mrs. Clayton

said. "The teachers have a time getting them all back on the bus." Boy Scouts and other groups find the rock room and garden interesting, too.

Mrs. Clayton is an artist, too. "Oh, I dabble in everything," she said, "and I'm not perfect in any of it." She paints in oils, water colors and varnish. And the framed paintings are displayed throughout her house.

Mrs. Clayton does her own gardening, and her yard is a testimony to her green thumb. "It's time consuming," she

Water Meeting

Members of the Lamb County Water Association and Water, Inc., are urged to attend the annual meeting of the Water Association, Tuesday, Jan. 27 at 7:30 in the XIT Room of the Security State Bank. Officers and directors for the coming year will be elected.

Rep. Bill Clayton and Tom Williams, both executive directors of Water, Inc., will be present for the meeting.

Ex-Students Plan Homecoming

The Pep Ex-student Association extends a cordial invitation to all former students, teachers, patrons and friends to attend the 11th annual Homecoming, Saturday, Jan. 31. Registration begins at 4:30 p.m. with open house throughout the afternoon.

A basketball game will be at 5:00 p.m.

The Banquet at 6:30 p.m. in the school cafeteria will be \$1.25 per plate. On the menu will be ham, baked potato, green beans, tossed salad, and straw-

berry shortcake. The cooking committee includes Mrs. Gaubert Demel, Valeria Shannon, and Evelyn Albus. Banquet speaker is Owen C. Commor, Pep school counselor. Master of ceremonies will be Elroy Simnacher, a member of 1951 graduating class.

Mike Albus, president of the Ex-students Association, will preside at the business meeting.

A free dance ticket will be given to the person or persons having the closest birth-

day. A door prize will be awarded. The 1970 Homecoming Queen will be crowned after the business meeting.

The evening activities will close with a dance at 9 p.m. with music by a western band.

IMPROVEMENT PROGRAM

As of now, 220 communities are enrolled in the statewide community improvement program. Community organization officers have until Jan. 31 to get in their entries. Final enrollment is expected to exceed 300.

MRS. JIMMY PENCE

Johnson-Pence Vows Pledged

Linda Johnson and Jimmy Pence were married Dec. 27 in a double ring ceremony at the First Baptist Church in Amherst. The Rev. Glenn Wilson, pastor of the church, officiated.

Parents of the bride are Mr. and Mrs. Cleon Johnson of Amherst. The bridegroom is son of Mr. and Mrs. Alton Pence of Whitharral.

Given in marriage by her father, the bride wore a formal-length gown of white peau de soie, featuring a yoke of scalloped chantilly lace and scalloped bell sleeves of lace. The cathedral train of lace fell from the bride's shoulders. Her shoulder-length pouf veil fell from a circle of peau de soie and seed pearls.

Mrs. Sheryll Johnson of Whiteface served her sister-in-law as matron of honor. Bridesmaids were Misses Brenda Davis of Amherst and Norma Johnson, cousin of the bride, from Crescent, Okla. They wore floor-length empire gowns, of pink peau de soie with an overlay of pink organdy flocked with dark pink roses. They carried long stem white carnations.

Tommy Waldrop of Whitharral was best man. Groomsmen were Larry Gage and Ronald Pence of Whitharral. Candle-lighters were Terry Cowan of

Amherst and Denise Johnson, cousin of the bride of Crescent, Okla. Mickey Johnson, brother of the bride of Amherst and Dewey Waldrop of Whitharral seated the guests.

Miss Jay Priddy of Amherst registered the guests. Miss Debbie Landers of Amherst was organist and Mrs. Betty Haver of Lubbock was soloist. She sang "Because", "The Twelfth of Never" and "The Lord's Prayer".

Ring bearer was Scott Gage of Whitharral and flower girl was Tasha Enloe of Littlefield. Mrs. Debbie Cox of Amarillo and Miss Deloris Abbott of Amherst served at the reception which followed in the fellowship hall. Following the reception, the couple traveled to New Mexico for a wedding trip.

The bride is a 1969 graduate of Amherst High School and is attending South Plains College. The groom is a 1969 graduate of Whitharral High School and is also attending South Plains College.

The couple will be at home in Levelland.

Spies Family To Testify This Morning

The Gene Spies family present their Christmas Eve service in the 10:40 a.m. service.

Young Danny Spies was ically injured in Laguna Aug. 30 when a riderless cycle careened into a crowd of spectators during a motorcycle exhibit for Festivities.

Danny is regaining use of left arm and leg, after the right portion of his leg which governs the "motor" is left side.

Doctors in Lubbock Texas gave Danny a good report. The family is encouraged.

Rev. R. B. Hall, pastor of the church, states, "Few people have a testimony like Spies family. God has wonderfully through them in these last few months. There is no doubt that will use their words to the lives of all who hear your plans to attend the Sunday morning."

Switzerland Studied Woman's Meet

First of two courses of Switzerland was presented to the Littlefield Women's Club Wednesday, Jan. 21, in the Home Room. Horace Mitchell presented a discussion entitled, "Introduction to Switzerland." He brought out many known facts, including the fact that 74 per cent of the population is German, 21 per cent French, 4 per cent Italian, and 1 per cent a variation of Latin; 54 per cent of the people are Protestant and 46 per cent Catholic; the three main export items are watches, cheese and chocolates.

Thrift is a virtue in Switzerland and every family has at least one bank account--there are no slums, and they have the soundest currency in the world today. Although the Swiss are a well-educated people the women do not vote. The international organization of the Red Cross was founded there. February's meeting will be a continuation of the study, with Mrs. Lovell Sharp showing slides taken during her recent visit to the country.

Mrs. Lyle Brandon, president, presided for short business meeting when members voted to donate \$100 to the County Library, one of the club's projects for many years. Mrs. C. O. Stone, chairman of the nominating committee, presented the slate of new officers to be voted on, and it was carried as presented. New officers for the next two years will be: Mrs. Lyle Brandon, president; Mrs. Roy Taylor, first vice-president; Mrs. O. I. Bennett, Sr., second vice-president; Mrs. Fred Dodd, recording secretary; Mrs. H. C. Randall, reporter; Mrs. D. C. Lindley, treasurer; Mrs. W. Z. Florence, Federation Councilor; and Mrs. Roy McQuatters, parliamentarian.

Hostesses for this meeting were Mrs. D. C. Lindley, Mrs. W. Z. Florence, Mrs. James Johnson, Mrs. Truitt Sides and Mrs. Guy Willis. Thirty members attended and one guest was present, Mrs. Berry, mother of Rev. Phillip Berry.

MRS. JERRY HOPPER

Whiteaker-Hopper Joined In Marriage

Sherry Suzan Whiteaker and Jerry Lynne Hopper exchanged wedding vows Jan. 24 at the First Baptist Church of Sudan with Rev. Jack G. Riley, pastor of Trinity Methodist Church of Amarillo, officiating. Parents of the couple are Mr. and Mrs. Wayne Whiteaker of Sudan and Kenneth B. Hopper of Sudan and the late Mrs. Hopper. Traditional wedding music was furnished by organist, Mrs. Tommy Evans of Sudan and soloist, Miss Karen Reddell of Junction. She sang "Wedding Prayer" and "Whither Thou Goest."

The bride was attired in a white velvet empire-designed gown trimmed in seed pearls with a stand-up rolled collar and featured petal-point sleeves. The back was accented with a cathedral-length train. Her cathedral-length veil of illusion was attached to a velvet cap, which was trimmed in seed pearls. Maid of honor was Venita Whiteaker, Mrs. Donnie Mayfield of Dallas was matron of honor, Misses Karen Reddell of Junction and Connie Robbins of Kansas City, Kans., served as bridesmaids.

Larry Shuttlesworth of Amarillo was best man. Blake Wallace of Sudan, Mike Hopper of Littlefield, cousin of the groom, and Brent Whiteaker of Sudan, brother of the bride, served as groomsmen. Ushers were Dan Martin and Brent Whiteaker of Sudan. Donnie Graves and Michelle Graves of Albuquerque, N. M., cousins of the bride, were candlelighters.

A reception was held in the parlor of the church following the ceremony. The houseparty included Kathy Minyard, Andrea Thomason, Mmes. Adrian Martin, Bill Nix, Bonita West and Waymon Bellar, all of Sudan; Becky Futrell of Hart; Mrs. Willey Mudgett of Big Spring; and Carol Hoshizake of Waco, who registered the guests. After a short wedding trip, the couple will reside at 4412 Cole Avenue, Caribbean Apartments, number J, in Dallas.

Shower Honors Linda Becker

A miscellaneous shower honoring Linda Becker, bride-elect of Larry Weldon Wisdom, was held Thursday in the home of Mrs. W. H. Berry. The round serving table was covered with a gold cloth under a net overlay. The table was centered with a gold arrangement.

Serving the lime punch and white cake with wedding bell design was Linda Hopper of Spade and Patsy Crenshaw of Levelland. Approximately 50 guests and gifts were registered by Carla Becker, sister of the bride, Alan Wisdom of Levelland and Lisa Berry as the gifts were opened by the honoree. The hostess gifts were a set of Melmac dinnerware, steam iron and pressure pan.

Special songs were sung by Evah and Mary Tucker accompanied by Mrs. Jane Shipley as Mrs. W. E. Davis presented a play portraying the lives of Larry Wisdom and Linda Becker. Special guests were Mrs. Becker, Carla and Louann, Mrs. J. W. Wisdom, Alan and Betty Barker. Out of town guests were Mrs. Jimmy Crenshaw and Mrs. H. T. Crenshaw.

Bula Churches Present Musical

BULA--The Bula and Three-way Baptist Churches presented a Christian-folk musical, "A New Kind of Dream", written by George Gagliardi and directed by Rev. Eddie Howard, pastor of Bula Baptist Church. It was given Sunday evening at 7:30 in the Bula school auditorium. Several numbers by the choir were given.

"We're Riding High", "Bend an Ear--You People", "I've Got The Lord On My Side", "A Man of Galilee", "Brother-Sister Wake Up", and "All I Can Give is Myself" were selections presented by the choir.

"Peace, Without Within", a soprano solo by Kathy Hicks; "The Joy of a Christian", a duet by Kathy Hicks and Eddie Howard; and "Life Forever", a tenor solo by Mark Sysong were given as special music.

Performers for the evening were Donna Crume, piano; Barbara Black, flute; Ken Richardson, drums; Mark Wysong, guitar; Diane Crume, and Joe Partlow, narrators.

Others participating were Helen Black, Patty Carpenter, Rhonda Dupler, Kay Fine, Velda Gant, Kathy Hicks, Danett Lane, Jana Sue Lane, Rena Neutzler, Pam Partlow, Lanita Powell, Vanessa Powell, Jonny Rankin, Margaret Richardson, Candy Sowder, Mike Sowder, Beverley Tiller and Ann Warren.

HD Council Conducts Meet

Four clubs of the County Home Demonstration Council met for a business session Wednesday, with eight members represented.

Among important dates set during the meeting were Friendship Day, slated for 10 a.m. Monday in the Willie Room, when a salad luncheon will be served.

County Judge Truitt Sides will bring the program and will speak on "Juvenile Problems".

Date for the 4-H Club Food Show was scheduled for March 7 at the Community Center.

A report was made on the net income from the food booth at the Junior Livestock Show--a net of \$225.20, which will be used for work of the council. Education chairman and 4-H chairman for the council were appointed.

Charlene Houk Is BSU Officer

Charlene Houk, sophomore at West Texas State University, was recently elected to the office of secretary of the Baptist Student Union on the campus.

She is daughter of Mr. and Mrs. Andy Houk of Littlefield. Frances E. Hampton, also of Littlefield, was elected as officer over music.

A news release from the University, printed in Thursday's issue, stated that Charlott J. Houk, senior, had been elected to the office, but relatives here say this was an error.

THE ABUNDANT LIFE

Sense Of Humor

By BOB WEAR

THE BUSINESS OF LIFE is serious business.

This is freely admitted; however, this does not eliminate the need for a sense of humor--good humor.

There are so many people who make life seem so very harsh, severe and even cruel.

LIFE MUST BE TAKEN seriously, but not too seriously. If taken too seriously, life is soon burdensome and unwholesome.

It can even be made impossible. When we develop and maintain a right concern for what really matters, we have met all requirements of seriousness. This does not exclude a sense of humor.

A SERIOUS VIEW of the living experience does, very definitely, shut out the shallow and frivolous attitude which many people assume as a way of unjustified escape.

The wholesomely serious view of life does not rule out a wise sense of humor. In fact, the serious view of life without a sense of humor will eventually go sour.

WE NEED A STABILIZING factor in both our self-concept and in our inter-action with others.

This is the function of a sense of humor. Without it, we become increasingly ineffective.

We become cranky, easily irritated, and develop conflicts, serious conflicts, within ourselves; and in our associations with our fellow men.

A SENSE OF GOOD HUMOR will absorb many of the inevitable shocks of life, and will lessen the strain of our anxieties.

The person who cannot laugh at himself and his mistakes is doomed to a life of misery and unhappiness...

"For health and the constant enjoyment of life, give me a keen and ever present sense of humor; it is the next best thing to an abiding faith in providence." --Cheever.

GOOD HUMOR IS A BOON to both mental and physical health. It is the lubricant which prevents the machinery of life from becoming overheated. It aids the smooth working of all the parts. It will also prevent many of the fatal collisions in the traffic of human society.

"Good humor is a tonic for mind and body. It is the best antidote for anxiety and depression. It is a business asset. It attracts and keeps friends. It lightens human burdens. It is the direct route to serenity and contentment." --G. Kleiser.

"A CHEERFUL HEART does good like a medicine, but a down-cast spirit dries up the bones." --The Bible. The word "heart" in this usage includes the intellect, the will and the emotions.

Without a sense of good humor, a cheerful heart is impossible. Without a cheerful heart, an effective life is impossible.

Obviously, many persons have the false notion that we are born one way or the other: with or without a sense of humor. Not so.

A SENSE OF HUMOR is acquired. This may be an easier accomplishment for some than for others, but it is possible for all of us; to a helpful degree.

This desirable quality of life is a natural fruit of a good sense of values. Therefore, let us be busy choosing a good sense of values.

Life is serious, and demands our best; but we can neither give nor receive the best without a continuing sense of good humor.

THE BITTER TRUTH.

HONNY GRITS

By CORNBALL BLEVINS

H.E.W. . . . PHEW!

THE HIGH and mighty H.E.W. is missing a trick or two.

The thought has just occurred to me, that of all the Chinese and Japs in this country, we don't even have one, as far as I know in our schools!-- They needn't deny the existence of these 'citizens' because I happen to know they're in these United States!--And furthermore they're natural-born.

'PEARS TO ME that if they really wanted to pursue this idea of integration to its fullest extent, they'd be "bussing" some of these people in here so we could become better acquainted.--Oh, yeah.--and what about the American Indians?

S'POSE YOU noticed the case of the York lad in Oklahoma City. They changed a whole district boundary just so they could get this lad properly integrated!

Us?--We don't even have ONE Chinese--period!--Not that the York child is Chinese, you understand, I merely use this as example.

ONE THING I'm sure of, tho.--given time, this "Super Mixmaster" will come up with SOME silly answer to my problem.--and I'm equally sure, it'll be just as impractical and as expensive, and as irritating as most of the others they've come up with!

NOTHING IS BLACK or White, according to H.E.W.--But a wholesome Grey!

If that is not their aim, then,--what is?--'Course it'll take a hun-

dred years or so to accomplish this master feat.--Then we can pass a law forbidding WHITES or BLACKS to enter this country!--May work out all right if our offspring come out blended rather than spotted!

PITY IS, neither sober-thinking Whites NOR Blacks wanted this situation to come to it's present status.--Equal opportunity and treatment?

Sure!--But forced mixing and association of the races?--Nertz!--This is not welcomed by either group.

I LIVE in this community because I like it here.

The people, the town, the schools (I even have friends of different races).

I resent being forced into "crackpot" changes! (If they make sense--O.K.) I'm getting THAT old!

NOW IF THE powers that be, decide to start "bussing" my kids to some other school, solely for the sake of "mixture", I'm afraid I'm liable to lose my "Sunny disposition"!

I'm quite sure that the serious thinking Black man is of the same opinion.

REMINDS ME of my "kid-hood" days.

My mom gave me castor oil for everything from dandruff to ingrown toe nails.

"It's good for you!" she'd vow.--But, you know?--She NEVER DID make me like it!

A WOMAN'S VIEW

Elijah

By PEARL BRANDON

ONCE ELIJAH, that strong man of God, became very discouraged and was ready to give up in despair after he had accomplished a great feat in the name of the Lord, as described in First Kings.

Elijah was like so many of us after walking on "mountain tops", he experienced a terrible let down. Even though he had proved the power of his God before large numbers of people, when Jezebel threatened him he was extremely frightened and fled for his life into the desert. He finally fell under a juniper tree and requested for himself that he might die.

AS HE LAY there exhausted through soul and body life didn't seem worth the effort. "It is enough, now, O Lord, take away my life; for I am NOT better than my fathers'....and poor, tired Elijah fell asleep.

And then a marvelous thing happened. As he slept the sleep of exhaustion under the juniper tree an angel came and brought him food. Elijah awoke and ate and went back to sleep.

AFTER AWHILE the gentle angel came again the second time, and touched him and said, "Arise and eat; because the journey has been too much for thee."

Elijah was ready to give up, but the Lord didn't give up on him. Always this is so. We poor human creatures with all our weak-

nesses often reach out giving up points when life deals us a dirty blow. We want to lay ourselves down and die.

I THINK INTO all our lives there comes a time when there seems nothing to pray for..... or pray to.

Just darkness out there, and pain, and no good thing in sight for us. We, like Elijah, are ready to give up. "It is enough now, O Lord, take away my life."

I am so glad that when this happens we are not expected to have faith and be strong. The Lord knows how weak we are and how prone to err. He loves us anyway.....He made us....remember?

So He just holds us up in His everlasting arms until our poor weak souls have time to recover. "Rest on, weary one, the journey has been too much for thee."

THE LORD is not asking us to be brave and strong and noble. All He wants is for us to give him a little room in our hearts and He will come in and heal us and make us well again.

He wants to abide in us....and we are happy.

THANK THEE, Lord Jesus, for having faith in us.

"Not as the world giveth", our Lord has said, "My peace I give unto thee".

PAUL HARVEY

More Houses

A NEW HOUSE is available to you now at half price! Move to Michigan and you can have a brand-new three-bedroom home, including the lot, for less than \$15,000.

Why only in Michigan? Because construction unions in that state have decided to gear themselves for the 20th century, to stop building houses the old-fashioned way with hammers and saws, one nail at a time.

FOR 20 years we have known how to build houses as we build cars, on a factory production line. The house can be delivered in sections to the site, erected in a matter of hours. Plumbing and wiring are already semi-installed in the walls.

If the slab is ready and the crew is on the site in the morning, you can move in the same night.

HERETOFORE, antiquated building codes and union rules have tried to hold back this dawn. If houses or their components are mass-produced in factories, many unions refuse to handle them. Other unions may demand that the prefabricated section be disassembled and reassembled at the site.

Doubtless such featherbedding did protect jobs in the construction trades for a while, but now the practice has backfired. Construction costs have soared to where home-building, mostly in decline for 10 years, is now down to 1.33 million units per year.

CARPENTERS, plumbers, electricians and brick masons, whatever their fat contracts provide, receive nothing-per-hour when there is no work available.

Choking off new construction are high interest rates on borrowed money, inflation generally increasing the prices of materials and the escalator clauses in many construction contracts which insure that next year's houses must cost more than this year's.

WHEN THESE FACTORS conspired to increase the prices of handmade automobiles, Ford pioneered mass production. If we were still building cars the way we are now building most houses, a Chevrolet would cost about \$300,000. There would be few cars. Auto workers might receive high pay, but there would be few auto workers.

As today, what good is \$12 an hour--or \$20 an hour--if there is no work?

UNIONS, RIGHTLY alarmed by the depressed construction industry and by the increasing popularity of mobile homes, must make the next move to facilitate an expanded market. In Michigan, they have.

Three building trade unions have signed a contract with a manufacturer of prefab houses. The pact calls for a top wage scale of \$4.60 an hour. That is much less than the per-hour pay of most on-site construction workers.

MEANWHILE, when the houses are erected, union pay scales will prevail at the sites.

Thus, at long last, however gradually, construction workers are beginning to recognize and accept technology which will mean more houses for less for you and more work for them.

--10 YEARS AGO (County Wide News, Jan. 24, 1960) GOLDEN GLOVES

The second annual Littlefield Jaycee Championship Golden Gloves Tournament will open at the Littlefield Sports Arena on Thursday night. It is scheduled for three nights, Thursday, Friday and Saturday, at 8 p.m. The Jaycees said Saturday that boxers will be competing from Lockney, Petersburg and Plainview. Referee for the bouts is the well known J. C. Oakley of Plainview.

EASTER CANTATA

The Ministerial Alliance will be sponsoring an Easter Cantata again this year. All choirs in Littlefield, Negro, Mexican and white churches are invited to participate.

20 YEARS AGO (County Wide News, Jan. 26, 1950) NEW CPA

He's a CPA Now--This coveted distinction came to Alvin Webb, Littlefield accountant, this week in the form of a wire from the Texas State Board of Public Accountancy at Austin. The wire offered congratulations and said a Certified Public Accountant certificate had been granted to Webb on the basis of an examination he took in November 1949 at Mineral Wells.

SCHOOL CONTRACT

On its low bid of \$324,346.87, the Gilstrap Construction Co., of Lubbock, was awarded the general contract Tuesday afternoon on Littlefield's new half-million dollar high school building.

Dear Nilah:

I enjoy your features about "Early Lamb County," and have often thought it would be interesting to interview the Petermans. Think his initials are V. M. and her name is Emily.

I remember them from my grade school days in western Oklahoma. Her family lived the next house from a country school named Mayfield.

In the early 1920's the couple moved to the Sudan area in a wagon. At the time I thought it would be real romantic to be a bride moving to a far away country in a wagon.

Give my best regards to Bill Turner.

Mrs. Libby Mudgett
C-O Lamb County Leader-News
Littlefield, Texas

Dear Mrs. Mudgett,

Why do you loathe Joe Namath just because he wears a mink coat and has long hair and a beard? I'm referring to your article entitled, "Go Cowboys" in the August 28 edition of the Leader-News.

I think Joe's own words will clarify the issues, so I'll quote from a recent magazine article in which Joe was interviewed:

"Some people got really shook up when I posed in that \$5,000 fur coat....I didn't go out and buy the coat, I got it free for posing for the picture. It's not the sort of thing I'd go out and buy--I just don't have any need for a fur coat--but I don't think there's anything wrong with it. The coat was stolen during the week of the Super Bowl, but I might get another one, as long as I just have to pose for a picture for it....I never wore that coat in public."

"What....difference does it make how I wear my hair? Suppose it hangs down to my toes. What does it hurt, except me, when I'm trying to get away from a tackler? The Only Perfect Man who ever lived had long hair and a beard and didn't wear shoes and slept in barns and never put on a tie. I'm not comparing myself with Him--I'm in enough trouble trying to stack up against Bart Starr--but I'm just saying that YOU DON'T JUDGE A MAN BY THE WAY HE CUTS HIS HAIR. Shoot, I never saw a picture of a Saint who didn't have long hair. Abraham Lincoln had a beard, and George Washington wore a wig. Sure I know there've been famous people who were clean cut, too, like John Dillinger, for instance....."

"I saw a story in a Miami news-

paper about a coach kicking a kid off the high-school baseball team because he had long sideburns. The coach said, in essence, he didn't want any dirty people on his team. He said athletes are supposed to be clean-cut and people with long hair and sideburns are not clean-cut people. I almost called that coach on the phone. That coach could be ruining a boy's life over something he has no right to judge. The boy wants to wear sideburns that's his business. To say he's not a clean person because he wears sideburns is worse than ridiculous."

I'm writing this letter to you because I hope that you will print it or at least let it be in the Leader-News because I remember a few instances similar to the one described above by Joe Namath that happened to boys at good old Littlefield High. I remember that many of the good citizens of Littlefield judge people by such silly standards as the length of their hair.

Therefore, Mrs. Mudgett, I think you owe Joe Namath an apology. More important, however, I think that you and the coaches and teachers and parents in Littlefield and surrounding communities need to reevaluate the standards which you judge others.

I wear my own hair cut short. I always have because I like it that way. But I will defend the right of Joe Namath or anyone else to wear his hair at whatever length he wants to; and to dress in whatever way he wants, so long as it is not indecent exposure.

Sincerely,
R. L. (Butch) Howard

(EDITOR'S NOTE: During the past three years, Mrs. Mudgett wrote a column titled, "Farmer's Wife" where she commented on anything and everything. She has recently moved to Big Spring and has been out of the paper the past three weeks. We hope to have her back soon.)

Woodmen Honor Kirks, Manager

Bob Kirk, Littlefield attorney who also serves as national trustee for Woodmen of the World Life Insurance Society, was honored by Woodmen Thursday night at a special Officers' Recognition and Get-Acquainted Banquet.

Also honored, in absentia, was Kirk's wife, Mary Katherine, who had undergone an appendectomy the night before and was in Medical Arts Hospital.

Long banners, stretched across the stage in Lamb County Community Center, lauded the two, along with Emmett A. and Ann Bowers of Abilene.

Emmett Bowers is state manager of the WOW Northwest Texas Area and will retire Sept. 1.

Woodmen from several area towns were in Littlefield to pay special honors to a "longtime friend and fellow Fraternity Brother."

Ray McKinney of Littlefield, Consul Commander of Camp 3871, served as emcee for the program and introduced those

who presented awards to the special recipients.

Speaker for the evening was the national president of Woodmen of the World, Nick T. Newberry, of Omaha, Neb.

In lauding growth of the organization, Newberry stated, "From a dollar and cents standpoint, your society has never been as strong as it is today." He went on to say the society had grown a billion dollars in a decade.

He revealed that the society has 600,000 members and challenged approximately 175 who attended the banquet to "give a little more dedication to Woodmen of the World."

Other special guests from out-of-town included Hoyt Davis of Abilene, who will move up to manager of the Northwest Texas Area when Bowers retires; Oklahoma State Manager Bob Simmons; and Chamber of Commerce Manager Jim Kelly.

Newly installed officers from Camp 3871 and Women of Woodcraft Court 4254 were introduced.

Guests and members from Lubbock, San Antonio, Farwell, Hale Center, Amarillo, Hereford, Dimmitt, Muleshoe, Brownfield, Welch, Plainview, Friona and other nearby cities had been invited to attend.

Cattle-Car Wrecks Cause Heavy Damage

Calves owned by Winston Cummings strayed onto Highway 385 nine and one-half miles north of Littlefield this week and caused two separate wrecks that resulted in losses of over \$2,000.

The first of the two wrecks occurred Friday about 7:30 p.m. when Dave Lee Koontz of Earth was driving a '67 Dodge pickup owned by Garland Koontz of Rt. 1, Littlefield, Koontz was traveling south and struck two calves that had wandered onto the pavement. Both calves were killed and approximately \$800 in damages was done to the Koontz vehicle.

Monday night, Fred Jack Dunn of Dimmitt was traveling north in a '67 Oldsmobile when another calf owned by Cummings strayed onto the pavement. Bill Angel, highway patrolman who investigated both wrecks, estimated \$1,000 damages to the Dimmitt man's car.

LOTS OF FOOD
The average American had more chicken, turkey, beef, rice and fruit in 1969 than in 1968. He ate less lamb, veal, eggs, butter, and milk but about the same amount of cheese, coffee, ice cream, melons and cereal and bakery goods. All told, that is more than 1,400 pounds of food.

ENERGY DEMANDS
U.S. petroleum companies will have to invest up to \$200 billion to be able to meet the anticipated energy demands of the next dozen years, according to Petroleum Today.

GEORGE DAVIS
Davis Heads Girl Scout Fund Drive

George Davis of Littlefield has been named chairman of the local Girl Scout Fund Drive scheduled to open Feb. 2 it was announced this week by the Caprock Girl Scout Council.

Volunteer workers will seek \$3,500 to continue and expand Scout activities for girls from seven to seventeen years of age in this area.

"I have accepted the chairmanship of this campaign", Davis said, "because I believe that the Girl Scout program provides the best opportunity for girls of our Council area to acquire the fundamentals of American citizenship".

He called attention to the increasing need for youth programs today when young people are spending so much of their time away from home and when they have so much more leisure time on their hands.

"Through Girl Scouting", he asserted, "Girls enjoy wholesome recreation, from rewarding friendships, develop practical skills and healthy attitudes that may well determine the direction their lives will take."

High Quality Cotton Is Still In Demand

The sorriest cotton from the 1969 crop on the High Plains has been the most actively sought by buyers and is still selling for the highest premiums over loan values.

Yet spinning mill representatives, Plains Cotton Growers, Inc., and others continue to exhort producers to strive for quality cotton. And, understandably, to some this makes no sense at all.

But according to PCG executives, there is no real inconsistency involved.

"The strong demand for low quality short staple cotton this season is simply explained by the law of supply and demand," Donald Johnson said, "and there is still ample evidence that producing cotton of the highest possible quality year after year is a paying proposition."

He points out that government stocks of short staple cotton in 1969 were almost nil and that the High Plains produced the market's only

substantial supply of cotton stapling below an inch. "So mill buyers paid premiums for low quality short staple cotton because that was the only short cotton available to them, not because they prefer their short staple cotton to be low in quality."

By "quality", Johnson emphasizes that reference is made to uniformity as well as grade, micronaire and strength.

"It was fortunate for High Plains growers that they were able to get prices above the loan for the large volume of poor quality cotton that resulted from the early freeze and other factors," Johnson agrees, but goes on to caution that growers will be making a serious mistake if they relax efforts to produce quality cotton in the future.

"Low quality cotton can only be a residual supplier of the market, selling only when nothing else is available in the desirable staple range," he concluded.

Playdays Begin Today

Lamb County Sheriff's Office will begin Playday action at 10 p.m. today in the Playdays located near the Littlefield ball parks, just off Highway 385. Registration for entries to events will close at 1:30 p.m. to time for the events to be held.

Entries will be divided into three categories. Pee Wee Junior and Senior classes. Events to be run include: ribbon relays, barrel races, rings, flags and paper races.

Each rider will be required to sign a liability release. Entry fee for each event will be 50 cents and trophies will be awarded for individuals with high points and first place. The Posse has decided to conduct a playday once a month every month this year, and invites the public to see the event.

Kenan Lichte Back To School

Kenan Lichte, son of Mr. and Mrs. Les Lichte, is back home and will be returning school Monday.

He suffered what his physician termed "a slight concussion" Wednesday when he fell at Hum Dinger Drive in the noon hour.

He and a friend were fully scuffling when Kenan's footing, fell to the pavement and was knocked unconscious when he bumped his head.

An ambulance was summoned and he spent the night in Lubbock hospital. He was missed Thursday morning when he returned to Lubbock Friday and underwent tests.

Kenan showed the Champion Steer at the January Stock Show last Saturday.

SAFE AND EFFECTIVE

When properly handled and applied, pesticides provide an effective and inexpensive means for minimizing and controlling the damage and discomfort caused by insects in the home. Proper and safe use depends upon the pesticide user's basic knowledge of the materials being used, including the chemical, formulation equipment, application, handling procedures, storage and disposal of containers.

Seven Teachers Attend Workshop

Seven teachers from Littlefield attended a Special Education workshop Jan. 15, sponsored by the Region XVII Education Service Center in Lubbock.

Attending from Littlefield were Mrs. Rachel Green, Jack Christian, James B. Settle, Nan Ellen Largent, Jeanette Williams, Janell Trees and Wilma Martin.

The purpose of the workshop was to investigate new ideas, materials, and techniques in curriculum planning and implementation.

Mrs. Doris Nored, consultant in special education materials and curriculum, conducted the sessions. Mrs. Nored demonstrated and explained how specific materials can be used to accomplish the objectives as outlined in the state guide for special education by the Texas Education Agency.

OBITUARIES

MRS. TULA BLANCHE TAYLOR

Services for Mrs. Tula Blanche Taylor, 59, of Houston, a former Littlefield resident, who died Tuesday evening in an Odessa hospital, were Friday in the First Baptist Church here.

Burial was in Resthaven Memorial Park Cemetery at Lubbock by Hammons Funeral Home of Littlefield.

Mrs. Taylor, born at Tahoka, lived in Littlefield from 1944 to 1960 when she moved to Valley Mills. She and her late husband owned and operated Taylor's Studio here.

She was a member of the Order of Eastern Star, Rebekah Lodge and Woodman's Circle. She was a Baptist.

Survivors include two daughters, Mrs. Russell (Joan) Rice of Odessa and Mrs. James (Laura) Haas of Colorado Springs, Colo.; a son, Lonnie Conrad of Houston; two brothers, W. M. Kuykendall of Clifton and S. K. Kuykendall of Fort Worth; two sisters, Mrs. Gladys Moore of El Paso and Mrs. Grady Beard of Portales, N. M., and eight grandchildren.

O. C. McBRIDE

Services for O. C. McBride Jr., who was found dead in the garage of his car at about 4 p.m. Thursday, were in the Crescent Park Church of Bob Wear, minister, and James, pastor of the Sacred Heart Catholic Church, officiated.

Burial was in Littlefield Memorial by Hammons Funeral Home.

He had apparently been working on his car. The motor was running and the car was closed. The hood had been raised and there were tools scattered on the fender. Justice of the Peace J. J. En said his inquest ruling would be dental death by asphyxiation.

McBride was a native of Bula and attended schools in southwestern Oklahoma. He moved to Littlefield 15 years ago. He operated a cotton gin and was an eren of World War II.

McBride is survived by his wife, four daughters, Marcia and Jane, both students at the University of Texas, and Barbara of the home; a brother, O. C. McBride of Corpus Christi; and a sister, Mrs. Terry of Fort Worth.

Dale Rogers Has Surgery

Dale Rogers, 24-year-old Littlefield beautician, is scheduled to undergo open heart surgery Monday morning in the University Hospital in Denver.

Several area residents have donated blood in Dale's behalf, and anyone wishing to donate is asked to go to the Lubbock Blood Bank, Fifth and Avenue R.

His father, Floyd Rogers, reports that they made the trip to Denver through some ice and snow, but encountered no difficulty.

Dale attended Littlefield schools and graduated from Amherst High School in 1964.

School TB Test Scheduled Friday

Testing for tuberculosis will be made in Littlefield Public Schools Friday, Jan. 30, according to Mrs. Joyce Oliver, school health nurse.

The painless Heaf tests will be administered at school to first and seventh graders, as well as the special education students and children who have recently moved here from out-of-state.

"It is very important that each of these children be in class that day, so that they may be assured of getting the TB test," Mrs. Oliver emphasized.

"The tuberculin test signals the presence of TB germs, and with drugs now available, preventive treatment can be given to many of the infected, especially certain groups who are in special danger of developing active disease," Mrs. Oliver advised.

Importance of the tests was emphasized by Mrs. Oliver when she stated, "Tuberculosis is still one of the world's greatest killers. Today, in the United States alone, there are about 30 million people with living TB germs in their bodies. More than a million and a half of them have actually been ill with the disease."

Permission slips have been sent to parents of the children involved and Mrs. Oliver emphasizes that it is important to the child, to the family, and to the community that every child who is enrolled in the specified classes have this free painless test.

Results of the test will be read the following Monday, Feb. 2.

Citrus Season

January through May is orange and grapefruit season in Texas; the high vitamin C, low calorie citrus are most abundant now.

Mrs. Lady Clare Phillips, Lamb County Home Demonstration Agent, has one reminder for orange buyers; you get about as much juice for the price from small oranges as from large oranges.

Heavy fruit usually is more juicy.

O. C. McBRIDE JR. died here Thursday noon. McBride's home column had appeared in Leader-News, Lubbock and Journal and had syndicated for nationwide distribution. His wife, Barbara, dealt heavy blows all areas of life from home to business and to the city to national level. See other details in obituaries column.

STRENGTHEN YOUR FAITH

Through Regular Church Worship

"LET ME PRAY"

"Oh, Lord!" — in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart. With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. *Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child.* Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God. With firm faith that sees beyond the failures of men — Father, you have let me pray."

City Activities

By Jim Shearer, City Manager

A NEW STREET SWEEPER was purchased and put into service the early part of December, which has significantly improved the effectiveness of the street sweeping operations.

The new sweeper is a 4-wheel, truck-type vehicle with two separate engines for propulsion and sweeping.

The new machine will eliminate costly repairs which had been experienced with the old street sweeper.

Approximately 35 per cent more sweeping work per month can be accomplished with the new equipment, which is in use 240 hours per month sweeping residential and commercial areas of the city.

Cost of the new equipment was \$14,262.

MUCH WORK has been devoted by the City Manager recently concerning the application of Pioneer Natural Gas Company for a gate rate increase from 28c to 34c per MCF.

The application, which effects 61 cities in Pioneer's West Texas system, was officially filed in October. Forty-nine of the cities effected (representing over 90% of the total customers) have joined together, and have collectively hired rate specialists to represent them in the hearing before the Railroad Commission.

Since Nov. 24, three sessions have been held before the Railroad Commission, and the final concluding session will be held Jan. 26.

Subsequent to the final session, briefs will be filed by Pioneer and by the cities, and the Railroad Commission will then make its decision. The cities' rate specialists have made a very thorough analysis and study of Pioneer's application, and have found several items to be subject to question.

This is the first time that Pioneer Natural Gas Company has ever been challenged in such a thorough manner on a gate rate increase.

Costs to the city of Littlefield for this project are estimated to be 35c per gas meter.

RECENT COLD WEATHER has certainly had a bad effect on the operations of your municipal government in terms of damages and costly repairs.

In addition to the obvious damage to city streets, many water lines in certain areas of the city have frozen and broken, sewer line stoppages have increased, slick streets have prompted more police attention and investigation of accidents, and fire hazards are usually increased during such periods of cold weather.

Spring cannot come too soon for city personnel this year!

NEW EQUIPMENT has recently been purchased for the refuse collection operations as provided in the 1969-70 budget.

A new truck has been purchased and equipped with the hoister unit to service the dumpster containers. Also, one new 16 cubic yard garbage packer unit has been purchased.

This new garbage packer unit is a loading unit, and is the same type purchased during the past fiscal year.

With the new refuse collection unit to the disposal grounds will be reduced 50 per cent, thereby providing efficient and economical refuse collection service.

The cost for both items of equipment was \$7,801.

THE CITY COUNCIL has approved a mission of an application to the Justice Council of Texas for funds to finance the installation and operation of a teletype machine in the police department.

On June 19, 1968, the Omnibus Crime Control and Safe Streets Act of 1968 became law.

It is a federal act which provides increased federal aid to state and local enforcement agencies to strengthen and improve the nation's crime control efforts.

A comprehensive law enforcement program was developed by the State of Texas.

The Littlefield application has been in accordance with policies and procedures of the State plan.

In addition to improved communication crime control, the teletype will serve very useful way for the exchange of information pertaining to weather conditions, various types of civil emergencies.

The control center for the regional type net is located in Lubbock, Texas, direct communications to the Department of Public Safety in Austin. With the addition of Littlefield, 17 law enforcement agencies will be served by the regional teletype system.

THE FOLLOWING INFORMATION has been reported concerning the city water supply for the calendar year 1969:

Water pumped from the new sandhill field was 308,376,700 gallons.

Water pumped from the old well field was 98,799,300 gallons.

Total water pumped was 407,176,000 gallons.

Daily average for 1969 was 1,115,550 gallons.

The water level in the new sandhill field decreased two feet in 1969, and water level in the old well field also decreased two feet.

Ninety-six water samples were taken in 1969 for bacteriological analysis. All samples were free from coliform organisms.

Four samples were taken for chemical analysis from city wells in 1969, and four received a favorable report.

IN ACCORDANCE with provisions of City Charter, the deadline for payment of 1969 City taxes is Jan. 31.

All taxes not paid prior to that date are deemed to be delinquent, and shall be subject to penalty and interest as provided in ordinance.

Through Jan. 15, the Tax Department collected 69.29% of the 1969 tax roll.

Olton Methodists Littlefield Church Schedule Revival To Host Congress

First United Methodist Church at Olton will begin revival services today with Rev. Jack A. Gray Jr. serving as evangelist.

Rev. Gray is conference evangelist for the North Texas Conference and will be preaching for the 10:55 a.m. and 6 p.m. services today.

Beginning Monday, a 7 a.m. breakfast meeting will be held daily and a worship service will be conducted at 7:30 p.m. daily.

Services will continue through Sunday, Feb. 1, and special prayer group meetings will be held each weekday at 7 p.m.

Rev. Gray is a native of McLean and has conducted several revivals in this area.

He served 17 years as a pastor and was elected to the conference evangelist post in 1968. His evangelistic schedule runs about a year in advance and is supervised by a council of Methodist laymen and ministers, chartered by the State of Texas and approved as a non-profit organization.

Rev. Gray served as minister of youth at First Methodist Church in Lubbock from 1955 to 1957.

Rev. Tommy Nelson, pastor of the Olton church, extends an invitation to the public to attend the services.

The Executive Board of the West Texas Baptist District Sunday School Congress will meet at Irvin Street Baptist Church Tuesday, Wednesday and Thursday.

A musical program will be presented Tuesday night, beginning at 7:30. Barbara Simington will be in charge of that program, according to Dr. W. A. Terry, pastor of the host church.

R. M. Montgomery of Pecos is president of the congress, and will be directing the event. Mrs. Inez V. King of Eastland is congress secretary.

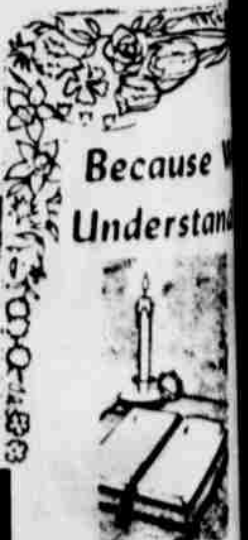

Highlight of the meet is expected to come Thursday when Dr. A. L. Dunn of Lubbock, Associational Moderator, delivers a message to the board members.

Meetings are to convene at 9:30 each morning, 3 p.m. and 7:30 p.m. daily.

A. G. Sanders of Mineral Wells, Dean of the Congress, will certify instructors who will

Mothers' March Nets \$1,010.72

Approximately \$1,010.72 was collected for the March of Dimes Monday night when 75 Littlefield mothers made their annual Mothers' March.

"We certainly appreciate the cooperation of the various clubs in town who helped us with the drive," Mrs. Jean Banner, Mothers' March chairman said. "They did an efficient and thorough job in canvassing the town for a worthwhile cause," she emphasized.

Canisters, which have been placed in several downtown businesses, will not be picked up until later, and the total collected will be added to the Mothers' March collections.

Organizations which donated members to do the leg work were: Beta Sigma Phi, Ladies Auxiliary of the VFW, Women of Woodcraft, Girls of Woodcraft, and The Forum.

dry up, lady!

Think about it. Your biggest complaint about washday is probably the clothesline routine. With a family, it gets to be a hang up. You can spend a big part of your life hanging out T-shirts, mini-skirts and Hubby's socks. And sheets, and jackets, sweaters, bedspreads... even curtains. Not to mention the unmentionables.

You don't like lifting, lugging and wrestling loads of heavy, wet wash to the backyard. Then there's always the weather. Now's the time to do something about this bundle of problems with a GAS clothes dryer. A gas dryer does five loads of clothes for the price of one load in an electric dryer. So. dry up with gas.

County Gridders Named WT Academic Team

County youngsters named to the "All Academic Football" according to the West of Commerce. They were made from 400 high schools county area served and selection to membership was made by committee named by Fike Godfrey of Sudan High School—linebacker and linebacker respectively. Harvey's grade point average is 89 and Larry Joe's grade point is 90. The "All West Texas Academic Football Team" includes Aurelio Rivas lineman for Amherst High School, who has a 93 grade point average. WTCC President Godfrey said, "We feel that exceptional academic achievement in addition to athletic ability should be recognized and encouraged in West Texas high schools. Too often there is too much honor bestowed for athletic achievement without regard to scholastic attainment." The effects of the selection of such an academic team in each school classification from AAAA to B has encouraged better grades in some of the schools, according to one of the coaches. "Last year after notification of their selection we sent the nominees to the Junior High School to talk to the football

WILDCATS TRY BROWNFIELD

The Littlefield Wildcats resume basketball action Tuesday night when they host Brownfield, winner by two points over Estacado Friday night. The JV game is at 6:15 p.m. and the varsity clash will follow.

Carter Pops For 29 To Lead Cat Attack

A clock watcher with a weak heart couldn't have made it at Wildcat gym Friday night. The scoreboard showed only a tie at 63-each for Littlefield and Slaton and timekeeper Bobbye Pylant was the most popular girl in town. When heads turned her way, she announced: "There's a minute and 37 seconds left. And that's the way it was when Charles Carter popped in his 28th and 29th points from the foul line to give Littlefield a 65-63 lead. The whistle blew often after that, mostly on calls against the Tigers' desperation efforts to reclaim the ball. And of course, when there was a whistle, it was time to look toward Bobbye and her timepiece. With six seconds left, Keith Woody made his late appearance into the game a dramatic one. He sank both ends of a one-and-one to give Littlefield the margin it needed. It mattered not that Slaton hit a shot in the last six seconds to narrow the gap to 67-65, which was, by the way, the final score. By the time the Wildcats started to go inbounds with the ball, the final buzzer sounded and Littlefield claimed its first victory in district play since the 1967-68 season. Littlefield now is 1-3 in District 3-AAA North Zone play and 6-13 for the year. Slaton dropped to 0-4 and 10-11. The last three minutes were hectic. After Charles Holt's free shot tied the score at 61-61, the Wildcats had numerous chances from the foul line to give Littlefield some breathing space. But it remained for Carter's two little pills, and then Woody's, to ease the pain. The Wildcats started out like they would blow Slaton right out of the gym. From the time Holt hit the first shot of the night to three-fourths of the way through the first period, Littlefield romped out to an 11-3 lead. But, here came Slaton, depending mainly on Larry Moore's great springing legs for rebounds, and the Tigers came back for a 16-15 lead. Max Hutchins' drop-in just as the buzzer sounded gave the Cats a 17-16 lead at the quarter, though. From there, the Cats rolled to a 35-31 halftime lead, but the Tigers came back with a

terrific third quarter to take a 53-48 margin. Littlefield pulled back to 57-53, then closed it to 61-60 before Holt knotted up the score for the first time since 43-43. Carter was the big hitter for the night as he struck for 29 points on 11 goals and 7 free shots. In all the Cats hit 42 per cent from the field, a better than average night. Holt was the number two scorer for the Cats, with 14. Hutchins had 7, Gary Nace 6, Albert Sanchez 5, and Wendell Horn, Kim Hill and Woody, 2 apiece. Lloyd Kitten led Slaton with 18, and Moore came in with 16. The line score LFD. 17 35 48 67 SLA. 16 31 53 65

Cagers Fall To Frenship

Littlefield's eighth and ninth graders lost a pair of games to Frenship here Thursday night. Frenship eighth graders outscored the Littlefield eighth, 39-26. Terry Bryson paced Littlefield with 13 points. The visiting ninth graders coasted over the Littlefield ninth, 60-39, with Larry Hobbatsch high for the home team with nine points. Morton eighth and ninth are slated to play Littlefield's eighth and ninth here Monday at 5 p.m.

Raiders, Horns Win 7th Games

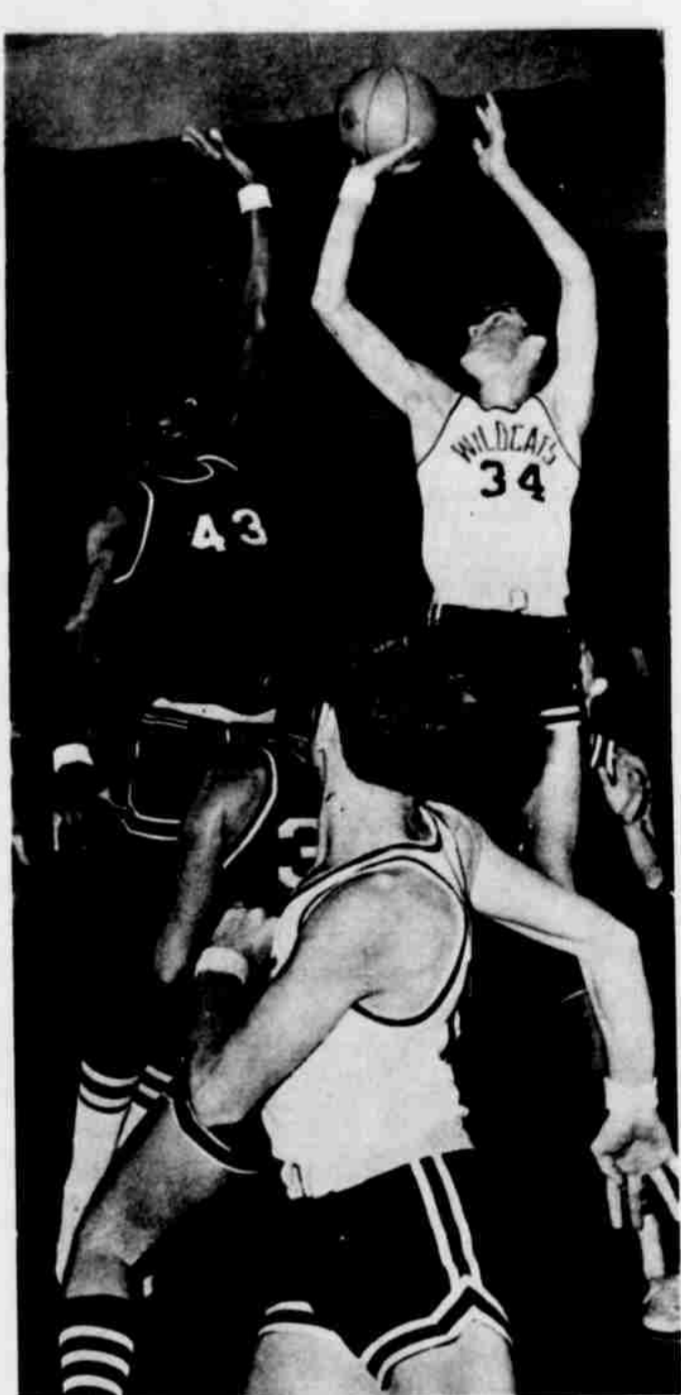

Seventh grade Raiders clipped the Mustangs, 24-18, and the Longhorns kicked the Aggies 36-22 in intramural play Friday prior to the Littlefield-Slaton varsity victory. Raider Tommy Hutson grabbed high-game honors with 12 points in the Raiders-Aggie bout, Danny Brockington hit six for the Mustangs. Chuck Robinson and Ben Farmer tied with 10 points each for the Longhorns, and David Blevins counted on seven for the Aggies before he fouled off.

JVs Lose Pair At Slaton Meet

Tahoka's junior varsity stopped the Littlefield JVs 45-36 in the opening round of the Slaton Tournament Thursday, and the little Cats dropped out of tournament contention Friday with a 52-43 loss to the hosts. Matt Giles paced the hometown JV in the opener with 15 points, and Ralph Funk notched 10 for Littlefield. Jerry McCary gained high-point honors Friday with eight. Ralph Funk was close behind with seven points. Although Slaton won over the Littlefield JV, Littlefield outscored the winners in field goal and free throw percentages. Littlefield hit 13 of 25 from the charity line and made 52 per cent from the floor compared to Slaton's 47 field goal percentage and 16 of 34 free-throws.

MRS. CLAYTON

said, "but I never think about it. When something needs to be done, I just do it." That is the way Mrs. Clayton handles her activities, too. She was instrumental in organizing Women of Wayland and was the group's first president. She and her husband were worthy matron and patron and Mrs. Clayton organized the Rainbow Girls in her community. She is a charter member of the Lamb County Pioneers and is on the board of directors. The Springlake Lions named her honorary Lioness, and she is an honorary member of the XIT Study Club. Recently Mrs. Clayton was advising Bill, her Representative son, to slow down. "Mom, look who's handing out advise," he chided. New officers will be elected.

DEVERELLE LEWIS

Continued from Page 1
one can't make the starting 11. That's about it. "But athletics, in its rightful place, can be one of the most wholesome, exciting and valuable activities our youth can possibly participate in. Athletics teaches a person to have complete control of himself, to gain self-respect and give forth a tremendous effort. At the same time he learns to observe the rules of the game, regard the rights of others and stay within the bounds dictated by decency and sportsmanship. Athletics," Coach Lewis continued, "teaches the fundamentals of honesty and integrity, the belief that a man's character and moral fiber are his most priceless possessions. "I consider athletics a vital part of our over-all educational process," Lewis said. "I feel that athletics can teach many valuable lessons that can't be learned in other phases of our school program. However, athletics should never precede the academic part of our educational system. The athletic program must be kept in the proper perspective with the whole educational program and athletes should be continuously reminded that their studies come first." Lewis said he has found that the boys who give the maximum effort in the classroom are usually the ones he can depend on for a maximum effort on the field. Athletics is a potent educational agent," he said. "It not only breaks the monotony of the regular school program, but is the focal point of loyalty and identification of the students." Lewis feels it is his duty to channel his boys intense interest in athletics into an awareness that the primary purpose of school is an education. "Coaches must convince their players that only when education is coordinated between classroom and the athletic field will it give its full share of what it has to offer," he said. "Sports are effective in developing many splendid qualities and contributing to the well-being of the individual and the nation. It is my hope and aim that the athletic programs of Littlefield schools will continue to contribute to the general welfare of our youth." Lewis concluded.
