

Ambulance situation, details considered

In their meeting Thursday night, the Littlefield City Council discussed the ambulance costs to the city and to the county, and asked City Manager Greg Ingham to work up a proposal for consideration during their next meeting, Dec. 16; conducted a public hear-

ing on the Community Development Block Grant; elected three members to the Texas Municipal League Workmen's Compensation Board of Trustees; discussed, but took no action on personnel problems; and were updated on the traffic problem at XIT, LFD, Phelps and Highway 54.

During the discussion of the ambulance situation, City Manager Greg Ingham reminded the council that the city also absorbs the cost of gasoline in running the ambulance, and he presented a total analysis of the city's expenditures, not included in monthly billings to Lamb County.

Itemized in expenditures were: personal services, \$3,500; contractual services, \$75; supplies and materials, \$400; and fuel costs, \$1,689—a grand total of \$5,664 per month.

Ambulance costs for the fiscal year of 1975-76 amounted to a grand total of \$34,430.73. Revenues during that same period amounted to \$10,597.25, leaving a total of \$23,833.48 due from the county.

Members of the city council suggested that the county propose to Amherst and Sudan to make a contribution to help the county with its share of the cost—just as Earth and Springlake do in the north portion of the county.

Ingham advised the council that they have approximately \$6,000 of Revenue Sharing money that could

Swine Flu shots to be given today at Sudan, Olton

Swine Flu immunization clinics are scheduled today at Sudan and Olton in their respective school cafeterias, from 12 noon to 5 p.m.

Dr. J. W. Chatwell of Amherst will be in charge of the inoculations at Sudan, and Dr. Jack Hillman of Plainview will direct the program at Olton.

Troy Gardner resigns from School Board

Troy Gardner, Littlefield School Board Trustee, submitted his written resignation Wednesday to the board president, who in turn submitted it to Jack York, superin-

tendent. Gardner advised the Leader-News the resignation was for personal reasons.

According to Superintendent York, the board will meet in a specially-called meeting Monday night, Dec. 6, at 7 p.m. in the High School lunchroom to discuss the resignation.

By law, the board can appoint someone to serve the four-month term, until election time. Gardner's term was to be up then.

Gardner's letter reads:

"Gentlemen:
"With this letter I hereby submit by resignation from the Board of Trustees of the Littlefield Independent School District.

"There is an education itself to be gained from such an experience, even in the short tenure that I have been privileged to serve the people in this capacity.

"I wish for this Board every success in continuing the progression of achievement presently being experienced. Thank you for every assistance given me.

"My sincerity and wisdom be your guide in every decision that you make."

Sincerely

Sacred Heart Church hosting festival

Sacred Heart Church is hosting a Christmas festival today, Dec. 5th, from 12 noon until 6 p.m.

The County Agricultural and Community Center on Hall Avenue is the site for all the festivities and Santa Claus will be a special guest for the event.

All townspeople are invited to spend the day shopping at the Country store where home-made goodies and hand-crafted items will be available for Christmas gifts.

A double-bed afghan, original painting and potted plant are being raffled off for only \$1 a ticket, and a rummage sale will feature many items.

Games include Bingo (some prizes donated by local merchants and also money prizes), a cake walk, grab bag, balloon-dart game, color wheel and basketball toss. There'll be something for everyone of every age.

Among the prizes donated by merchants are: \$30 certificate—Original Tasty Taco; hairstyle, shampoo, and conditioner—The Kut Hut; tune-up kit—Teo's Auto Parts; combination dinner for two—Tasty Taco; \$25 worth of parts, or minor tune-up—Cervantez' Auto Shop; \$25 certificate—Littlefield Upholstery; \$20 certificate—First National Bank, Amherst; Towel set—J. C. Penney Co.; and jewelry—Macha Seed.

Sandwiches, tamales, burritos, Frito pies and beverages will be offered for eating.

Pictures will be taken with Santa from 1 to 5 by Oecia's Photography for \$3.

Local health issues set for discussion

Local views on health issues will be received during a local public meeting for Lamb County, set Tuesday night, Jan. 18, at 7 p.m. in the Lamb County Electric Coop's Willy Room in Littlefield.

Coordinator for the public meeting will be Kenneth Day.

Members and board of directors of the South Plains Health Systems, Inc., which are sponsoring the meeting, will conduct a meeting Thursday, Dec. 9, in Lubbock in the Community Room of the George and Helen Mahon Library, 1306 Ninth Street, to set forth a process for initially involving every board member in a health plan development process.

That meeting will begin at 7 p.m. with John H. Selby, M. D., chairman of the South Plains Health Systems, Inc., presiding.

Littlefield merchants invited to view shoplifting film

Littlefield merchants are invited to attend a film on preventing shoplifting.

The film will be shown Monday night at 8 in the XIT Room of Security State Bank.

Chief of Police James Cox urges all merchants and their employees to make plans to view the 20-minute film. A police officer will be on hand to answer questions.

There is no admission charge, and refreshments will be served by the Lamb County Leader-News.

Those who have not read the story about "Squanto", the Indian who befriended the Pilgrims, this would be an appropriate time to read it to our column:

One spring morning an Indian named Squanto came out of the woods and found a small colony of Pilgrims who had just arrived the first winter after leaving Plymouth Rock in 1620.

There had been a man who nursed the Pilgrims, he might have faded away into the forest until he was found enough braves to sneak in and wipe out the palefaces. The heart of hatred had been sown by a greedy British sea captain, who had seized Squanto several years before and sold him into slavery in Spain.

Squanto escaped to England. He was home again only through the kindness of a different kind of Englishman, one who treated a forlorn human being as a strange land, and in so doing sowed the seed of love.

Heart Squanto must have been a happy soul, for he chose to be a good neighbor rather than a member of the seed of love.

State Comptroller's representative to visit Littlefield Tuesday, Dec. 14

State Comptroller Bob Bullock announced he is sending a representative from his Lubbock office to Littlefield Tuesday, Dec. 14, to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Lillie Cross will meet with local taxpayers at the Littlefield Courthouse basement from 9 a.m. to 12 p.m.

"If Littlefield-area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax

forms, Mrs. Cross will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet

with his representatives on Dec. 14th that they may still get their questions answered quickly by calling his toll-free tax information number in Austin: 1-800-252-5555.

The Lubbock office, headed by Donald F. Paxton, serves Lubbock and surrounding counties.

Jaycees sponsor tots, senior citizens, name officers

A group of Littlefield men have organized a Littlefield Jaycees organization and elected officers and are already underway on their first two projects.

Littlefield Jaycees have initiated a Toys for Tots project to collect new and used toys for Christmas presents for underprivileged children. In addition to collecting, repairing and distributing toys, the Jaycees want to help senior citizens of Littlefield to decorate their homes for Christmas this year.

The Littlefield Jaycees will repair any used toys that are donated to their project. Boxes will be set up at participating Littlefield merchants so residents can drop toys in while shopping. Or they will pick up toys. Call Curry Motor Freight, 385-4244.

Senior citizens who are unable to hang up their Christmas lights or decorations will be assisted by the Jaycees. Jaycees will bring ladders and equipment and hang lights for older persons. Telephone Del Ezell at 385-5608.

New officers include Ed McConaha, president; Charles Robison, first vice president; C. E. Dickerson, second vice president; Joe Medina, treasurer; Bill Richey and Paul Webb, directors; Gary Shipley, reporter; and Kenny Birkelbach, state director.

The purpose of this organization is civic service through the organized efforts of the young men of the community to promote the welfare of the community and its citizens through active, constructive projects.

The internal purpose of the Jaycees is to build their young men into productive leaders by having leadership courses and projects.

Jaycees are hosting their wives at their Tuesday night meeting, Dec. 7, at 8 p.m. in the community room of the Tri-County Savings and Loan Building. All members and their wives are urged to attend. Others interested in being a part of this organization are invited to attend and bring their wives.

LITTLEFIELD JAYCEES officers for the coming year are, back row, Kenny Birkelbach, Gary Shipley, Ed McConaha, and C. E. Dickerson. Seated are Joe Medina,

Charles Robison and Billy Richey. Jaycees are sponsoring a Toys for Tot drive and helping senior citizens decorate for Christmas for their first two projects.

Dear Editor:

There is probably nothing that means more to our boys at Christmas time than new clothing, so again this year we are going to try to outfit all of them through the Christmas Suit Fund Project.

We have 350 boys, so the job is a big one, but thanks to the help you have given with the advance publicity in the past, we have always been able to reach the goal. I do hope you can find a place for the enclosed to help the boys again this year.

We also want to invite you to the presentation of "His Love Reaching," the Christmas Cantata that our boys will be presenting in the Boys Ranch Chapel on Dec. 17 and 18.

Supper in the dining hall will be served at 6 p.m. on both nights, with the Cantata at 8 p.m. on Friday night and 7 p.m. on Saturday night. I know you would enjoy taking part in these activities and also meeting some of the boys.

Thank you for any help you might give them with the new suits and I do hope you will come to the Ranch whenever you can. With best wishes for a Happy Holiday Season, I am

Sincerely yours,

To Littlefield Leader-News:

We at Whitharral would like to express our appreciation to you for the fine coverage you gave our football team.

All athletes like to see their name in the paper, and at one time or another you mentioned every boy on the team.

I feel as though this helped our team, knowing that we would be covered by a newspaper.

Most newspapers will give small schools a little write-up if someone will call the game in, but I know of six games that the Leader-News had someone there to cover the game.

Again, thank you very much.

"ASSASSINATION OF MCKINLEY"

President William McKinley was attending a public reception on September 6, 1901 at the Pan-American Exposition in New York City. Among those waiting to shake hands with the President was an American-born Polish anarchist. The man reached with his left hand to shake the President's hand and at the same time fired two shots with a gun covered with a handkerchief in his right hand. President McKinley died on September 14. From the collection of American National Insurance Company, Galveston, Texas.

IF YOU WANT to serve baked turkey for a special holiday meal, but are afraid the meat will turn out dry and unattractive, don't despair.

The Texas Department of Agriculture home economist suggests this method of preparing turkey.

With no basting and careful watching, the turkey will be tender and golden brown.

TURKEY-IN-THE-SACK

- 1 tsp. pepper
- 2 tsp. salt
- 3 tsp. paprika
- 4 tsp. hot water
- 1 cup peanut oil
- 1 turkey, 14 to 16 lbs.

Combine pepper, salt, paprika and hot water. Let stand at least 10 minutes. Add peanut oil and mix thoroughly.

Wash and dry turkey. Rub peanut oil mixture into inside and outside of turkey. Truss as desired.

Pour remaining oil and additional oil into large paper sack (type used in grocery stores). Rub oil into inside of sack until every pore in every inch of the sack is sealed.

Place turkey in sack, breast up. Fold over end of sack and tie securely. Place on cookie sheet.

Bake at 350 degrees, approximately 10 minutes per pound. Before removing from sack, place in a large pan to catch drippings. Let stand 20 minutes before opening the sack.

Since the sack is airtight, the turkey is cooked by steam; therefore, be careful when sack is opened.

TURKEY and dressing are traditional holiday meals.

But if you feel that you've gotten into a rut serving the same dressing time after time and would like to try something new, the Texas Department of Agriculture

ROY E. STEWART

Services for Roy Edmond Stewart, 67, of Littlefield and a native of Lubbock, were conducted Friday afternoon in Hammons Funeral Home Chapel with Jack McCormick, minister of the Ninth Street Church of Christ, officiating.

Burial followed in Littlefield Memorial Park.

Stewart died about 6:45 p.m. Wednesday in Medical Arts Hospital.

Stewart was in the trucking and grain business. He moved to Littlefield 15 months ago from El Paso. Stewart married Verdell Jakes in 1933, in Roswell, N.M.

Survivors include his wife; a son, Ronald of El Paso; two sisters, Mrs. Helen Bonaguidi of La Jolla, Calif and Mrs. Mickey McSpadden of Ruidoso, N.M.; and four grandchildren.

suggest Rice Pecan Dressing.

RICE PECAN DRESSING

- 1 pkg. [6 oz.] long grain and wild rice
- 3/4 cup sherry or chicken broth
- 1-1/2 cups sliced celery
- 1/2 cup butter
- 1 pkg. [8 oz.] herb stuffing mix
- 1 cup hot water
- 1 cup chopped pecans

Cook long grain and wild rice as directed on package, substituting sherry or broth for 3/4 cup water called for in package recipe.

Meanwhile, saute celery in butter for two minutes. Add herb stuffing mix, hot water and pecans; mix well. Add hot cooked rice and mix. Serve with turkey.

be devoted to helping with the purchase of a new ambulance, and the council recommended that the funds be offered.

Ingham is to work up a proposal, which will be submitted to the county later, for the city's consideration at the Dec. 16 meeting.

In discussing the community development program summary during a public hearing, the council recommended to the city manager that he take the areas that most need water, sewer and street improvements and make proposals for the council's consideration at the next meeting.

Grants offered under the Housing and Community Development Act may be for 100 percent of the project costs and must be no less than \$50,000, nor more than \$250,000.

The council asked Ingham to prorate out the possible improvements to the maximum of \$250,000.

The council voted to elect the three candidates listed on the ballot for the Texas Municipal League Workmen's Compensation Board of Trustees. They are Abe Allen, councilman from Abilene; Juanita Brodecky, mayor of Rio Hondo; and Don Cheatham, city attorney of Amarillo.

FELT PRETTY GOOD at the end of last Sunday. I hadn't had to suffer through another game with the Dallas Cowboys. Honestly, I think those guys are gonna be the death of me, yet! Just know, if they make it to the playoffs, again, I'm done for.

Anyway, last Sunday wasn't much different from the others, except for the fact that this time they didn't suit-up. But, root for them, I do! Hope they wake up soon.

THERE'S A LOT of uneasy feelin' goin' around about the plight of our savings accounts in the face of continued, and increased inflation. The idea of our storing up quarter-sized dollars, that are sure to turn into the ten-cent variety, is causin' a lot of scare talk.

This kind of thing has been going on every since Nov. 2nd. There are those that pooh-pooh the idea of there being any difference, whether Ford, or Carter had been the winner. However there's a good many of our people who are having' second thoughts about the matter.

IT MIGHT BE a good idea to get yourself a copy of the current News and World Report. On page 24 of said issue, there's a brief, and to the point list of the major promises Mr. Carter has made to get himself into office.

While most of us hate to be lied to, we'd better hope that he's already discarded a lot of those wild and irresponsible promises. So what if everyone does have a ten-dollar per hour job, and cotton IS bringing \$2 per pound; how

much better off will we be at \$1.75 per gallon gas in our roller-skates, and puttin' on per pound hamburger slices of \$2 per loaf bread

AT THOSE prices, our security won't even pay our bills!

And so some are investin' diamonds, some in gold, others in land. But still, to worry about what would happen if we did go into another market crash like as of '29, the guy with his back yard buried currency would be winner! Oh, Worry, Worry!!

GUESS WE'D BETTER on Matthew, 6:19-21??

FORTY YEARS AGO, as 29th, an older sister of mine advising my parents not to and my present wife gettin' "Why those kids don't have the slightest idea of what marriage is all about!" she was sayin'.

I know I'm pretty slow on, but you know?? I'm beginnin' to wonder if she was right?? We'll give it a little more time next time!

SUDDEN THOUGHT, what happened to that "Fido the-pot" cartoonist we had?

IF YOUR BUSINESS is workin' you, I can give you a hand. Just quick handling good merchandise, give poor service, and cuttin' down on your selection.

A Woman's View

By Pearl Brandon

I MISSED another week from writing this column as I was too ill to think of it in time to get it to the office.

I am home again and feeling much better. The Lord has blessed me in many ways and I am thankful, especially to be home again.

LIFE IS GOOD as long as you can care for yourself, but I have heard many old people pray for death to come. It is pitiful for old people with sick bodies to keep on living.

Along late in the afternoon people get off work they go to the hospital to see their ones.

One thing I learned is people DO care about theiratives and friends who have old and sick.

I DREW comfort from the chapter of First Corinthians. Paul is talking to the people of Corinth. The 43rd verse says "The bodies we have now are rags for they become sick; die; but they will be full of life when we come back to life. Yes, they are weak, dying now, but when we live again will be full of strength."

"They are just human bodies, death, but they will be supplied with new bodies, they are natural human bodies, they are also supernatural, spirit bodies."

Then in verses 49, 50 and 51 we have this, "Just as each of us has a body like Adam's, we shall some day have a body like Christ's."

"I tell you this, my brother, earthly body made of flesh and blood cannot enter God's kingdom. These perishable bodies of ours are not the right kind to live forever."

"But I am telling you a wonderful secret; we shall not die, but we shall all be given new bodies!"

"It will happen in a moment, the twinkling of an eye, when the last trumpet is blown. For we will be a trumpet blast from heaven and all the Christians who died will suddenly become new bodies that will never die; and then we who are still alive shall suddenly have new bodies too."

THIS COMES FROM "Love" translation of the Bible. "I'll close with this little poem written by Rhema S. LaFeure. "Winter is the evening. A time for sleep and rest. As nature closes weary eyes. And quietness is blest.

Life too, has its morning. Its mid-day and evening hours. It too, has its sweet repose. For it is God's own plan for ours."

MAY GOD bless and keep

OBITUARIES

DR. W. NEIL RECORD

Services for Dr. W. Neil Record, 68, longtime South Plains Baptist minister and Wayland Baptist College administrator, were conducted Thursday morning in First Baptist Church of Plainview.

Dr. Roy C. McClung, president of Wayland Baptist College, and Dr. Carlos McLeod, pastor, officiated.

Burial was in Parklawn Memorial Gardens under the direction of Lemons Funeral Home of Plainview.

Dr. Record died at 12:30 p.m. Monday, Nov. 29, at Central Plains General Hospital after suffering an apparent heart attack.

A native of Kelvin, Ariz., Record grew up in Phoenix where he worked with the Phoenix Title and Trust Co. from 1923 to 1945. He then moved to Plainview and attended Wayland Baptist College graduating summa cum laude in 1949, the first senior class.

While attending Wayland, he was a minister at the Edmonson Baptist Church. Record then moved to Prescott, Ariz., where he helped start Grand Canyon Baptist College. At Grand Canyon, he was business manager and taught Bible classes until 1951.

He later moved to Tulia where he was pastor of the First Baptist Church until 1963. He then returned to Plainview and served as assistant to the president of Wayland Baptist College until 1970. Record became pastor of the First Baptist Church in Lockney in 1970, retiring in 1974.

Since his retirement, Record had served as development adviser at Wayland Baptist College and as interim pastor of Friona, Ralls, Abernathy, Matador and Plainview churches. He was a member of the First Baptist Church of Plainview.

Record was married to the former Haley Farrar April 28, 1927 in Phoenix, Ariz.

Survivors include his wife; daughter, Mrs. C. T. (Mary Lu)

TODAY'S THOUGHT

How old is old? A 5 year old may think grandma is old at 45. Grandma, perhaps herself showing signs of gray, rarely refers to her gay mother at 65 as old, or even getting old. When obituaries show names of friends aged 65 to 70, often you hear, "Gee, he wasn't so old." At age 80, one often hears, "getting up there in years."

Clothes are made to make one look young [excepting certain styles at times]. Cosmetics create a youthful glow from head to toe. Wrinkle erasers [do they really work?], can be bought. These are physical fallacies about age to support another fallacy, "you are as old as you feel." So again, how old is old?

General Douglas MacArthur, at age 75, answered it this way: "Nobody grows old by merely living a number of years. People grow old only by deserting their ideals. Years many wrinkle the skin but to give up interest wrinkles the soul." Come to think of it, his definition is good advise... [Incidentally, we like advice from time to time. Whether you agree or disagree with what you read here, write to us any time you wish.]

Special guests were Barbara's parents, Mr. and Mrs. J. A. Chester from Littlefield.

More than 80 guests registered and toured the home during the evening.

FHA style show, supper fete mothers

ANTON— A salad supper and style show was hosted by members of Anton FHA honoring their mothers Monday night in the school cafeteria.

The tables were decorated with red streamers and centerpieces featuring red Christmas bells. Placemats emphasizing proper diet for mothers-to-be provided by the Student Council SCORE project were used.

The stage set a living room scene with fireplace decorated with Christmas stockings and seven candelabra with red votive cups. A Christmas tree with blinking lights, golden garlands of tinsel, and colored tree decorations and completed the scene.

Lisa Boothe narrated "The Night Before Christmas" accompanied by Lori Stephens with background piano music.

Junior homemaking students modeled their class clothing projects. Nancy Herrin and Beatrice Synatschck led off the style show. They each modeled black pantsuits. Then, Rosa Rendon, Edna Rendon, and Olga Luna modeled pantsuits with vests.

Chloe Hooper wore a camel

colored corduroy with a printed vest and Sherri Dutton modeled a denim pantsuit with vest.

Dena Goen wore a grey wool with fake fur long coat with fur-trimmed hood.

Cecile Herrin, in a narrow wale tan corduroy pantsuit; Demaris Walthall, in a green corduroy pantsuit with vest; and Kathy Bailey, in a tan jacket, completed the show of class projects.

Home projects were modeled by Susan Harper, in a pink velour robe; Barbara Sea, in a pink jumper; Nancy Herrin, in a deep rose jumper; and Cecile Herrin, in a skirt and shirt.

Jump suits were modeled by Tina Gossett, Olga Luna, and Beatrice Synatschck.

Tracy Green modeled a floor-length party dress of dotted Swiss. Edna Rendon showed a floor-length blue party dress she had made.

Demaris Walthall and Dena Goen showed pantsuits.

The cue for the arrival of Santa Claus was given by "A visit from St. Nick," and he came, bells and a mighty "Ho! Ho!"

A Banker's Viewpoint....

They're trying a new experiment in Philadelphia. School pupils in 17 of the city's schools show up neatly dressed, they march in lines to their classes, recite the Pledge of Allegiance, and they study the 3Rs.

Emphasis in these 17 schools is on discipline, good manners, patriotism and learning.

The kids who study their lessons and pass final examinations can move up to the next grade. Those who don't are flunked. Report cards show actual achievement on solid subjects like arithmetic, reading, writing and history.

The dress code requires neatness and cleanliness. A principal explains: "Children act the way they are dressed. When they are dressed well they feel proud. The tenor of school this year is much quieter."

And the children are learning more.

A great many people years ago could have forecast such results. After all, schools did a good job for scores of years by requiring performance. Results ebbed only when courses were watered down, passing to the next grade became a "right", and discipline relaxed.

What is especially heartening about the Philadelphia situation is this: Parents of all economic levels, all ethnic backgrounds, have given the program overwhelming support.

Originally Philadelphia's school system planned to operate only one "back-to-basics" school as an experiment. Parents could send their children to this school on a purely voluntary basis.

Response was so great that it took 17 schools to meet this year's demand, and many more are expected to be made available next year.

Nearly all parents, after all, want their children to be educated, not merely passed through a set of grades. And they want their children to behave themselves.

Philadelphia's experience proves these points, as well as another more important one. Teachers in the experimental schools, which have only returned to old-time methods of teaching, say the children are learning more — much more.

Heartening, isn't it?

The above is published as a public service by the Security State Bank. We are proud of Littlefield Schools, Teachers, Administrators and Trustees, as well as the other schools in our area. We appreciate their attitude on all "basics" and hope they will continue to stress the policies and virtues mentioned above.

The honoree, her mother, Mrs. Kuehler and Mrs. Bill Sowder were

presented corsages of baby sox to wear during the afternoon.

The honoree was assisted in opening her wrapped packages by her mother, Mrs. Kuehler and Mrs. Sowder, while her sister, Mrs. Rice registered the gifts in the baby book.

Among the pretty and useful gifts presented to the honoree, was a package from the hostess containing, five crib sheets, bed bumpers, snuggle pillow and comforter.

Hostesses assisting Mrs. Claunch were: Mrs. Loyd Pollard, Mrs. Robert Claunch, Mrs. Buck Medlin, Mrs. I. L. Clawson, Mrs. Dewitt Tiller, Mrs. Wanda Legan, Mrs. Myrna Turney, Mrs. Tom Newton, Mrs. R. T. Newton, Mrs. Dennis Turney, and Mrs. Cecil Jones.

Special guests for the evening were the honoree's mother, Mrs. Louis Kuehler, and sisters, Mrs. Debbie Rice and Mrs. Betty Lyons of Morton and Mrs. Bill Sowder of Bula.

S-Sgt. Bill Foster participating in Hawaiian training

Army Staff Sergeant Bill W. Foster, son of Mr. and Mrs. Hollis H. Foster of Littlefield, is participating in a 30-day training exercise at the Pohakuloa Training Area on the Island of Hawaii.

The annual training includes live fire with small arms, defensive operations, withdrawal under simulated enemy pressure, crew drills and platoon individual training as well as night tactical operations.

Sgt. Foster is a team chief in the 25th Infantry Division at Schofield Barracks, Hawaii.

His wife, Debby, lives in Wahia-wa, Hawaii.

Goin' Band from Raiderland sets concert

Twirling batons, swaying flags and music from "The Goin' Band From Raiderland" will fill the Municipal Coliseum Saturday,

Dec. 11, for the fourth annual Marching Band Scholarship Concert.

The 8:15 p.m. concert will

feature the 427-piece marching band of Texas Tech University. Films also will be shown from some of the performances of the band.

The band recently was pictured on the cover of the nationally published "Instrumentalist."

Director Dean Killion said the show is "for all ages and the music will be enjoyed by the whole family."

Tickets may be purchased from any Downtown Kiwanis Club member for \$2 for adults and \$1 for students. Band members are also selling tickets or tickets may be obtained from the band office at (806) 742-2272.

The money will go towards students band scholarships for 1977.

Square Dancers plan two special dances

Circle Eight Square Dancers have elected a new slate of officers for the next six months, voted to host a half-way get-together this Thursday, Dec. 9, for students now taking lessons, and approved a student dance on Jan. 27th.

Fun, games and dancing will highlight the Thursday night special. Club members will furnish the refreshments and entertainment for some seven squares now taking lessons. All students and club members and former club members are invited to attend. There will be no charge for the dance. Regular club caller Hap Pope will do the calling.

Then on Jan. 27, the students plan to host a dance for the club members. Various chairmen have been named for the event.

New officers for the first six months of 1977 have been elected as follows: Clinton and Joyce Green, president; Robin and Nancy Davis, vice president; Gary and Christy Donathan, secretary; Joan Williams, assistant secretary; Kenneth and Gloria Jackson, reporter; and directors are retiring president Bill and Wanda McKinnon, and Troy and Tess Gilliland, and Eddie and Louise Landers.

Outgoing officers are Bill McKinnon, president; Pete Harrell, vice president; Troy Gilliland, secretary; Louise Landers, assistant secretary; Nilah Rodgers, reporter; and Raymond Kelton and Tom Tollett as directors.

Julia K. Harley is appointed to health assistant

Mrs. Julia K. Harley has been appointed as Health Planning Assistant of South Plains Health Systems, Inc., (SPHS) effective Nov. 22.

Mrs. Harley will assist J. Michael Webb, South Plains Health Systems, Inc., director of planning, in developing a Health Systems Plan and related functions for Area II, a 15-county area including the counties of: Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum.

Initially, she will be working with area agencies to coordinate activities in regard to health systems plan development.

HEALTHY BABIES

Alcoholic mothers run a substantially higher chance of giving birth to a child with birth defects, according to the March of Dimes. Early, regular prenatal care, and good personal health habits improve a woman's chances of having a healthy baby.

Salvation Army kickoff meeting slated Tuesday

The kick off meeting of the Littlefield Salvation Army Service Unit's \$2,500 fund drive will be held in the Chapel of the First Baptist Church 400 E. 6th at 9:30 a.m. on Tuesday, Dec. 7th.

Campaign Chairman Rev. Roger Martin said the volunteer workers are ready to solicit gifts.

"We know that the people of Littlefield will contribute to this emergency fund program as they have so generously in the past," Martin said.

Funds will be used for local emergency aid to families in need and to stranded travelers during the fiscal year. Other Salvation Army services include sending boys to summer camp, caring for pre-delinquent girls and unwed mothers, helping families of prisoners and alcoholics, and providing relief in natural disasters.

"We exist to help people who do not qualify— for one reason or another— for help from other sources," Lee Behnke, service unit chairman explained.

Phi Eta Omega meets

The Phi Eta Omega Chapter of Sigma Phi met Tuesday, Nov. 23 in the Flame Room of the Chamber of Commerce Natural Gas Co. The meeting was opened with an opening ritual and the secretary called the roll. The minutes were read and approved. The president read a letter from the International office welcoming the new chapter and other members read similar letters they had received. The treasurer gave the report on the Chapter's account and balance. The Service Committee reported they had met and discussed a list of service projects with the members. The social committee reported plans for the upcoming Christmas party and discussed ideas with the members. It was decided the party would be held on

Dec. 11 in the home of Terri Peel. The meeting was adjourned and the vice-president conducted the Pledge Training. Members repeated the Closing Ritual and joined hands for the Mizpah. Refreshments were served by the hostess for the evening, Loretta Benton. Chicken spaghetti, hot rolls, pickles, and pumpkin pie were served to members Nancy Allen, Gina Bartley, Beth Anne Durham, Lisa Matthews, Cecilia McCamish, Kathy Moore, Janice Muller, Terri Peel, Cindy Ratliff and member advisor Brenda Denton. The Cultural program was on the subject of art and was given by Cindy Ratliff. The program was a home decorating party and many items for decorating the home were demonstrated.

Bonds sales reach \$99,549 mark

September sales of Series E and H United States Savings Bonds in Lamb County, which amounted to \$4,621, were reported by County Bond Chairman James T. Lee. Sales for the nine-month period

totalled \$99,549 for 59% of the 1976 sales goal of \$170,000. Texas sales during the month amounted to \$21,049,995, while sales for the first nine months of 1976 totalled \$198,746,369 with 73% of the yearly sales goal of \$272.4 million achieved.

7th wins, 8th, 9th lose

Littlefield's seventh grade girls' basketball team remained undefeated as they downed Dimmitt, 26-16, Monday night. While the seventh grade team is 2-0 in season play, their sister teams are now 1-1 as the eighth graders were defeated by Dimmitt, 38-27, and the freshman squad was eeked out, 30-27, by the Dimmitt frosh.

In the seventh grade game, Littlefield held an impressive 12-4 halftime lead before locking in their second win of the season.

Shotgunning the scoring for the winners were Vicki Tunnell, Shayla Bridwell, and Toni Richardson with seven, six and five points respectively. Lynette Spencer and Charla Pace each got four.

Cited for defensive standouts were Charla Pace, Lynn Jaquess, Vanesha Schroeder and Renea Altman.

DIMMITT 38, LFD FROSH 27
Littlefield's 8-7 first quarter lead was nullified in the second stanza of play as Dimmitt came back and took an 18-11 halftime lead before going ahead and icing the win, 38-27.

Michele Phillips swished the nets for 13 points to pace the winners, Linda Glover and Becky Williams each scored six and Alvina Gonzales hit two.

Miss Anthony and Miss Salinas scored 14 and 13 points respectively.

Cindy Klein, Jeanette Johnson and Arlene Williams got the nod for pacing the defense.

DIMMITT 30, LFD Frosh 27
Littlefield's fourth quarter rally attempt was a bit too late as they came within four points of dumping Dimmitt, Monday night.

Bridgette Twitty sparkplugged Littlefield by bucketing 19 points. Jamie Lee hit six and Tisha Martinez two.

Miss Truelock hit 18 for the winners.

The frosh defense was headed by Sandra Healy, LaVonna Sanderson, Gloria Brockington and Darlene Williams.

Monday, the 7th, 8th and freshman girls travel to Muleshoe for more basketball action.

Chapter meets for program business session

The Xi Nu Nu Chapter of Beta Sigma Phi met in the home of Loretta Winfield.

A memorandum from City Manager Greg Ingham, asking for the names of eight people to be considered for the Board of City Development, was read. The chapter submitted eight names.

Nancy Archer won the door prize. Members discussed various points of business including the Swine Flu Clinic to be held Dec. 11 from 12 to 5. Members helping with the clinic will attend an orientation meeting Monday, Dec. 6 at 7.

Members enjoyed a delightful and informative program presented by guest speaker Donna Brown of Home Interiors. Doris Simpson and Kay Pace were in charge of the program for the meeting. Hostesses were Loretta Winfield and Judy Vaughn.

Members attending the meeting were Ann Manning, Marilyn Parker, Edith Birkelbach, Doris Simpson, Judy Vaughn, Mary Knox, Nancy Archer, Jane Ann Byers, Sheila Hanlin, Kay Pace, Paula Schroeder, Janice Sebring, Cindy Walker, and Carolyn West.

Anton Student Council supporting SCORE program

ANTON— In promotion of the Texas Association of Student Councils' state project, SCORE, on the elimination of birth defects, a junior-senior high school student body meeting was held Monday morning. Nel Loper, executive director of Metro Lubbock Chapter, March of Dimes, showed a film strip titled "Tomorrow Happens Today." This filmstrip alerts young people to the responsibility for giving future children a healthy start in life.

Statistics show that each year 200,000 babies are born with a significant birth defect. The filmstrip explores potential damage which can be caused by V. D., drugs, cigarettes, rubella, and poor nutrition and challenges future parents to protect the environment in which life begins. A short question and answer session was held with the young ladies, and a filmstrip, "Inside My

Mom," was shown. Nutrition approached as a basic element of life is the theme of this entertaining and informative cartoon.

A pamphlet, DATA, was distributed to the students.

A film was presented by Janice Hassell, from Blood Services Lubbock promoting the blood drive held December 1. This part of the program emphasized the need for young people (17 and up) and adults to give blood, which is a life-saving material for which there is no substitute. Each pint of blood given will help three persons.

The Blood Services, Lubbock, serves a 22-county area with 38 hospitals. Sixty-five pints of blood are used each day in this area and there is a shortage. The goal set for Anton was 100 pints of blood. When a person is a blood donor, this gift protects his family for six months. The two programs were health and safety programs for the Student Council.

Annual Christmas suit drive now underway at Boys Ranch

The annual drive to provide the 350 boys at Cal Farley's Boys Ranch with a new suit or clothing package began today.

Whitharral HD Club meets for business

WHITHARRAL— The Home Demonstration Club met Tuesday, Nov. 16th, in the home of Vera Rodgers.

Lillie Thetford, president, had charge of the meeting. Opal Mixon read a poem "The end of the road, is but a bend in the road."

Roll call was answered with "What has meant the most to me in this year's program".

Linda Pitman, county extension agent, had charge of the program on "Widowhood".

The next meeting will be Dec. 7th at Lillie Thetford's home. It will be a Christmas luncheon and gift exchange.

Cake and coffee were served to: Marcy Clevenger, Lillie Thetford, Opal Mixon, Alma Kilgore, Iva Pair and a visitor, Willie Bryant.

Providing new clothing for the boys through the Christmas Suit Fund has become a favorite way of Christmas giving for friends of the boys who contribute \$35 for his purpose. Special discounts by Amarillo merchants and differences in prices of clothing for younger and older boys make the average cost of \$35 possible.

The suits replace those that have been worn out or outgrown, and in many cases, they are the first new suits some boys have ever owned. "The boys get to select their own clothing in Amarillo stores, and the suits will be worn by graduating seniors next spring."

Virgil Patterson, Ranch President, said, "A new suit is the best Christmas present a boy can receive because it is a year-round reminder of those who really care".

Contributions to the Boys Ranch Christmas Suit Fund may be mailed to the Boys Ranch Office, P. O. Box 1890, Amarillo, Texas 79174, or taken to the office at 600 West 11th Street in Amarillo.

HEAVY, HEAVY hangs over your head! Or it did Friday when a special crane lift was brought to Littlefield to place several air conditioning units on top of the new portion of First National Bank.
Workers faced power lines as the main obstacle of the project, and finally, the crane had to be moved to the front of the building to complete the job. [Staff Photo]

tax legislation effects estate planning

tax legislation that has the law will have a big impact on farm and ranch families, Tom Prater, an economist with the Texas Agricultural Experiment Station, says. Most of the new legislation is effective after Dec. 31, although gifts are effective after Sept. 8, and trusts as of

the legislation that affects the estate of planning. The new legislation will be the basis for establishing the value of farm and ranch property, Prater says. "This will result in a valuation below the fair market value approach which is

ten per cent or more of the value of the gross estate of real and personal property and passes to a member of the family, Prater says. Prater says that the new legislation will affect the value of the gross estate of such real property.

properties use for which the estate was established in the past eight years before the death of the decedent was used in business in the past eight years before the death of a member of the decedent's family materialized.

KEEP COLD
Eggnog should not stand at room temperature for any length of time. Freeze some of it in the form of ice cubes or in a ring mold to add to pitcher or punch bowl. The eggnog will keep cold without being diluted.

DECORATIONS
Eggnog can be prettily decorated with dollops of whipped cream or scoops of ice cream which have been garnished with strips of citron or angelica and a bit of maraschino or candied red cherry to simulate holly.

KEEP THEM SOFT
Soft cookies should be stored in containers into which you place a quarter of an apple. Change the apple every other day or so to keep the cookies moist. For crisp cookies, a cookie tin with a tightly fitting cover is best.

Prater says that the new legislation will affect the value of the gross estate of such real property.

Prater says that the new legislation will affect the value of the gross estate of such real property.

In addition to this deduction, there is an additional \$100,000 lifetime marital deduction gift exemption that one spouse can give to the other spouse with no tax, notes Prater. This has to come from separate property.

"Another important feature is the privilege of paying estate taxes over 15 years at 4 per cent interest if 65 per cent of the adjusted tax estate qualifies as a farm, ranch or closely held business. The federal government will have a first lien on property during this period of tax payout," explains Prater.

The recapture of estate taxes is also affected by the new legislation. If a farm or ranch is sold out of a family within 10 years, estate taxes on the total fair market value can be recaptured. If the property is held 10 to 15 years, the taxes can be partially recaptured.

State of Texas inheritance laws remain the same.

"All of these plus other changes brought on by the new tax legislation make it important for managers and owners of farms and ranches to review and revise estate plans so that all management opportunities are realized," emphasizes Prater.

High blood pressure: nothing to fear?

There is much about high blood pressure to fear.

For this disease, which doctors usually call hypertension, has no unusual symptoms. And in 90 per cent of the cases, doctors can't determine the cause. It is a major contributor in the development of heart attack and stroke, heart and kidney failure— diseases which together kill more 900,000 Americans each year.

But this silent killer which can strike without warning—this mysterious killer for which science still seeks a cause— is easily detected and can usually be controlled. If you are a black American, there is additional reason to be concerned. You are twice as likely to have high blood pressure as a white American.

It will strike at an earlier age and will probably be more severe. Science doesn't yet know why black Americans or anybody else has high blood pressure. And they don't know why it is more prevalent among blacks. But research is seeking causes and, hopefully, cures.

Meanwhile, take hope. High blood pressure can easily be detected by a painless, inexpensive medical examination. And it can be controlled.

But what is frightening about high blood pressure is the apathy of people who can't take seriously a disease which does not make them feel bad. Then there are those who foolishly assume that because an examination five or more years ago found their pressure normal, there's no need to have it checked again. These people are asking for trouble— heart trouble.

There is another kind of dangerous apathy— the "let George do it" attitude. Some day they'll worry about heart disease when they're older, for after all, isn't it one of the diseases of aging?

Of course, this is not true. Heart disease strikes people of any age, any race, any sex. And this is why all Americans should be interested in learning how to reduce their risk of these two killers— heart attack and stroke.

The Lamb County Heart Association recently conducted its annual Heart Fund drive to raise the dollars necessary to support its many programs in heart research, education and community service.

So take care of your heart by getting a blood pressure test and by following your doctor's advice to control it. And support your Heart Association.

Taxes net state \$168,716

Comptroller Bob Bullock announced Friday that his Lubbock Enforcement Office, which serves Lamb County, collected \$168,716 in taxes during the first two months of the current fiscal year (September and October). Audits by the office yielded \$102,433 in additional taxes owed the state.

Bullock said the office conducted 41 audits in September and October, yielding an average \$113 in additional taxes owed the state per audit hour.

"I'd say that that's a pretty good return on our investment," said Bullock. "These audits produce money that otherwise would have gone uncollected if we hadn't dug it out."

Bullock emphasized that the collections by his Lubbock office are in addition to the state taxes routinely paid directly to Austin by Lubbock-area taxpayers.

The Comptroller's 36 district offices collected a total of \$9,777,919 in taxes for the two months and uncovered through audits \$5,112,000 in additional taxes owed the state.

The Lubbock office, headed by Donald F. Paxton, is located in Suite 400, 4902 34th Street, in the Terrace Shopping Center, and is open from 7:30 a.m. to 5:30 p.m. The telephone number is 795-0691.

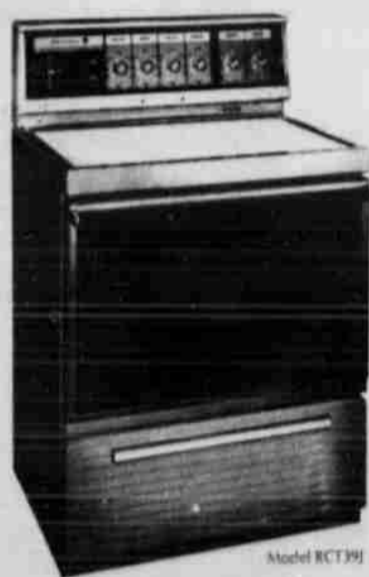

The Lubbock office serves Lubbock, Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, King, Lamb, Lynn, Motley, Terry and Yoakum Counties.

ASCS Committeemen slate convention

Ballots received in the Community Committee Election in the Lamb County office will be tabulated on December 10 in the Lamb County ASCS office in Littlefield.

The newly elected Community Committee will hold a County Convention on December 15, at the same location. During the Convention the Community Committeemen will elect one person to serve a three-year term on the County Committee and determine the position to be occupied by each member of the 1977 County Committee (Chairman, Vice Chairman, and member).

Details are hard to come by but we anticipate that a referendum will be conducted by mail ballot in the Cotton Research and Promotion Referendum from December 13, to December 17. Channel 11 in Lubbock will carry a program on this referendum on December 9th at 9 p.m. This program is to explain the purpose of the referendum and the Cotton Research and Promotion Act.

Lamb County Leader News

Dear Reader:

We have a special benefit which can now be enjoyed by our regular Leader-News readers. We think it will make sense to you.

Now you can give Christmas gifts of The Leader-News at a special rate.

In addition to the savings and convenience you already enjoy, now you can give someone 13 months of the Leader-News for the cost of 12. Pay only \$9.50 in Lamb County and \$11.75 elsewhere in Texas.

Here's what happens when you give The Leader-News.

...First, we send a beautiful gift announcement card in your name.

...Then we begin your gift subscription Christmas week with our special holiday issue.

...And, of course, you get all the convenience of a Leader-News gift. No crush on Christmas shoppers. No packages to wrap, mail, insure or exchange on December 26th.

Just tear off the coupon below and indicate the names of the people you want on your Leader-News gift list. Return it to us today, and we'll do the rest...from gift announcement to gift itself.

But do it now so we'll have time to get everything in order by Christmas week. You'll avoid both the commotion and expense of holiday shopping while sending someone a whole year of Christmas good will.

And that makes a lot of sense.

Cordially,

Jerry Tidwell

Cancer Information Service available to county citizens

A new "weapon" against cancer is now available in Lamb County to provide the public with current, factual information on cancer, its prevention and early detection.

Funded by the National Cancer Institute, the CIS functions as part of a nation-wide network.

Called the Cancer Information Service, the new program utilizes a toll-free phone line (1-800-392-2040) to answer public inquiries on cancer. The service will be extended to all residents of Texas by late this year.

Open from 8 a.m. to 5 p.m. on weekdays, the phone lines are operated by trained American Red Cross volunteers. All background material used to answer questions is reviewed by physicians to insure accuracy.

This CIS is part of a public educational effort sponsored by The University of Texas M. D. Anderson Hospital and Tumor Institute with assistance from the American Red Cross, American Cancer Society and many other health agencies in Texas which provide services to cancer patients and their families.

The program is designed to help create a positive sense of awareness about cancer that will encourage the public to seek physician evaluation for early detection and prompt treatment of suspected cancers.

"Important diagnostic, treatment, rehabilitation and research developments are occurring more frequently now. If people could overcome their fear of cancer many

more people would seek medical help at an earlier stage— when the rate of successful treatment is

much greater," said Dr. R. Lee Clark, president of M. D. Anderson.

Winter fishing good on Texas lakes

Texas sportsmen who prematurely put away fishing gear in the fall in favor of hunting rifles might miss some good fishing opportunities at several state reservoirs.

Fisheries biologists at the Texas Parks and Wildlife Department who are responsible for management of state lakes were contacted in mid-November for their recommendations on the best fishing spots and angling techniques.

Lake Texoma and Lewisville Reservoir in the Dallas-Fort Worth area are considered to be good

fishing spots for white bass (sandies). Preston Point at the confluence of the Wichita and Red Rivers is especially good. Fish slab lures in open waters 20 to 30 feet deep.

At Lewisville, West Lake Point and Stewarts Creek Cut also should be productive for white bass in open water using slabs.

Lake Falcon on the Texas-Mexico border normally is an attractive area for fishing in the fall. Fishermen fishing off the docks near the town of Zapata are catching crap-

pie with minnows. An occasional walleye and white bass also is taken.

Crappie fishing should be good in the upper end of Lake Palestine in Northeast Texas. The panfish are being taken on minnows in waters eight to 10 feet deep.

The heating discharge canal at Braunig Lake near San Antonio normally is good for most species of crappie and catfish. Cat fish are being caught in the discharge outlet with shrimp and cut bait.

Hybrid striped bass catches are sure things in the fall and winter using white grubs and trolling slabs in heated water discharge areas on power plant reservoirs. Lakes Nasworthy at San Angelo and Bastrop east of Austin should be especially productive.

Large hybrid stripers can be caught at Lake Pat Mayse near Paris by trolling white grubs, slabs and deep-diving lures in deep waters along the dam.

Rainbow trout fishing continues to be good at this time of the year in the Guadalupe River below Canyon Dam. Fishermen who use light tackle with small hooks and split shot to keep the hook on the bottom should catch some trout stocked last winter by the Parks and Wildlife Department.

Large sunfish and bass can be caught in the Guadalupe River on earthworms and small spinner bait.

More good sunfish, catfish and striped bass fishing is to be had on the Colorado River below Longhorn Dam in Austin. Minnows, earthworms and artificial lures have been the most successful baits.

VA TRAINING

Each year the Veterans Administration provides some training for about half of the nation's new physicians.

Check those 1977 seed tags

Farmers buying certified seed to plant their 1977 crop should pay particular attention to the labels on the seed bag —there's been a change.

"Certified seed sold after Jan. 1 next year must bear two labels —one certifying the variety and the other indicating a number of seed quality factors," points out Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service.

Whereas in the past, seed was certified for both variety and quality factors, the certification now pertains only to the genetic identity of the seed. However, since the Texas seed law still requires that seed quality information be truthfully stated, an analysis label must also accompany all certified seed, explains Metzger.

"The analysis label will tell the farmer such things as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination," notes the Texas A&M University System specialist. "The fact that the seed is certified has nothing to do with these particular factors."

Metzger explains the new certification labeling this way. "Take cottonseed, for example. TAMCOT SP37 sold as certified seed must bear a label (blue in color) that indicates that the seed is indeed the SP37 variety. The certification label will show net weight, kind and variety and who produced the seed, but nothing on quality factors. A second label on the seed bag will list the various quality factors mentioned above and will tell the farmer the percentage that the seed contains, such as the percent of weed seed.

"The main thing for farmers to remember when buying certified seed for the 1977 crop is to look at both labels on the seed bag."

emphasizes Metzger. "Both labels must be checked to get the complete story on the seed."

The change in seed certification standards in Texas came about recently in an effort to assure a more dependable supply of certified seed and to give seedmen more flexibility in producing seed for different markets, explains the specialist. The change also establishes uniformity with the Federal

Seed Act and encourages international seed trade.

Seed that is certified for genetic identity has been produced under standard procedures established by Texas Seed and Plant Board enforced by the Texas Department of Agriculture to assure the variety is as represented by certification label accompanying the seed. That's the blue label.

Pep couple serving as Peace Corps volunteer

AVRAS, Brazil— This morning Davis, formerly of Pep, and his friends are struggling with dense tropical vegetation on the outskirts of Lavras, north of Rio de Janeiro.

They are examining the trees. Davis explains why the particular stem is drying. His Portuguese-speaking friend nod and ask more ques-

tion. Davis, his long-haired bearded wife of 27, meanwhile surrounded with a flock of youngsters in a one-story building on the side of Lavras, a town of 25,000. She teaches them the alphabet this morning, but it has just well been spelling.

They are a couple, who have worked in the Gerais state since last year, are too thrifty with

money? In a sense. But Davis, both 1971 graduates of Texas Tech University in Lubbock and hailing from Pep, are Peace Corps volunteers. There are 175 volunteers currently serving in Brazil. Almost 6,000 Peace Corps volunteers are serving in 65 developing nations world-

wide. Davis, in his late twenties and sporting a goatee, is still in the lead behind Lavras' Superior Agricultural School. His friends are agricultural students from all over this largest and most populous South American nation.

He is giving one in a series of lectures on agro-ecological systems, pastures and pesticides that are conducted five days a week. His lectures are divided into four parts of about 25 each. There are 750 students at the school, more than ten percent are women. His courses are approved by the Ministry of Agriculture in

Brazil. Davis, a 1973 Master of Science degree from Washington State University in Pullman, says that on his studies these Brazilians will have the equivalent of a doctor's degree in the United States. They will be agronomists, animal husbandry specialists, agricultural engineers and plant sci-

entists. They will direct the future activity of almost five million Brazilian farms. Mrs. Davis' parents have little to look forward to. At 13 to 24 they are mentally

retarded. She teaches them how to count, to pronounce certain words and to write. All of my children go to bed at night. They're mentally retarded but educable," says Mrs. Davis whose major is in psychology.

She works through APAE, a nationwide organization helping retarded children. The organization relies on local financial contributions and free time to give them professional help. The APAE building here was donated by the Pep Club.

When my master's," Davis says, "we decided it would be to join the Peace Corps and settling down." The Peace Corps budgeted this year at \$80 million, is part of ACTION, the federal agency for volunteer service created by the President and passed in 1971. Also part of ACTION are 3,800 VISTA's in the United States.

Davis has studied Spanish more than three years and the couple have preferred a Spanish-speaking country, but came to Brazil instead in July 1973. They had three months of language and cultural training in Sao Paulo. Their first two years in Brazil. The Davises worked in Mato Grande, the state of Mato Grosso, east of Paraguay.

Davis reflects: "I taught basic physiology to physical education majors at the State University of Mato Grosso. Things like how the body works in a normal state under an activity, or about adequate nutrition of tissues." Davis worked with local agencies and with APAE of Mato Grande. "Most of my first year I taught various kinds of things. And the second as a social worker, interviewing parents and their children's behavior at school."

The Davises plan to return home in December. They rent a spacious, blue-painted, parquet-floored house on a Lavras street so steep it could take away a visitor's breath. Their rent comes to \$80 a month on a Peace Corps' living allowance of about \$200 each. All their rooms have ceilings, a luxury to be found only in homes of the affluent. Their furniture is modest, but stacks of books are overwhelming. A copy of Krishnamurti's "The Flight of the Eagle" is on the coffee table in their living room.

"We reached the saturation point with books about three months ago," says with a smile an otherwise solemn Davis.

Mrs. Davis, whose sister worked as a Peace Corps volunteer in Bolivia, enjoys Brazil. She comments:

"People here seem more oriented toward enjoying life, they enjoy life more than Americans do. But as they advance technologically they'll lose some of the cosiness of their life."

"Some Peace Corps volunteers," she says, referring to the living allowance, "are preoccupied with money the moment they get off the plane and that's all they think about until they go home."

"Brazil is getting short-changed," comments her bespectacled husband, "this country is not getting the same benefits that the volunteers are, out of their working here."

"A lot of Peace Corps volunteers also set their goals too high,

their egos are hurt afterwards," Mrs. Davis adds.

John Davis is son of Mr. and Mrs. John Davis of Lime Springs, Iowa. The parents of Mary Davis, Mr. and Mrs. Frank Sinnacher, reside in Pep.

Persons interested in joining Peace Corps or VISTA may call collect ACTION's recruitment office in Dallas at (214) 749-1855 for more information.

CHEESE CUTTERS

Knives, butter spreaders, scoops, miniature cleavers, thread, wire or scissors. All of these may be used at one time or another for cutting cheese. It just depends upon the variety of cheese which each cutting instrument fits best. Thread or wire is handy for cutting a crumbly cheese like Blue while scoops work well for scooping Edam or Gouda.
