seconds past high noon, Friday, Nov. 15, in below freezing weather, Wildcat Band director, "Pop" Rountree's Wildcat Band of the pieces together in near competition to be one of the four of 17 bands to win a unanimous 1, or rating, by all three judges in the Marching Contest in Jones on the Texas Tech campus.

Judges comments included, "very fine on entrance," "band shows great training and a lot of hard work rehearsed," "good ideas," "well rehearsed," "overall fine band," "fine marching band with a lot of spirit and pride," and "congratulations" from all three.

Because of the disagreeable weather, there were very few spectators present at the 2A, 3A and 4AA bands perform today.

Littlefield Band Boosters that

FLAVOR SEZ: "Some people are surprised—they don't appear until the end of the show."

CONGRATULATIONS to the Wildcat Band. Their number one rating in the marching contest last week was well deserved. They have usually put on fine half time shows during the football season and their performance should not have surprised anyone. Best of luck to Darle Rountree and the band throughout the coming year.

The Junior High band under the direction of Mike Threadgill didn't bring home a rating, they certainly "don't play second fiddle" to anyone. Reports from the contest, going to be the nucleus of our school band in a few years and certainly going to have a long tradition to live up to.

POLITICAL CANDIDATE in this advertisement is campaigning his race, and it is worth noting. In my campaigning I lost 100 hours sleep thinking about the race, lost 40 acres of corn and a lot of sweet potatoes; lost two teeth and a whole lot of hair in a head encounter with an opponent; lost one beef, four shoats and five barbecues; gave away two suspenders and five calico shirts; five dolls and 15 baby rattles; 128 babies; kindled 14 kitchen stoves; put up eight stoves; cut 495 pounds of fodder; walked 4,065 miles; attended 9,060 times; told 10,000 lies; attended 27 revivals; was dunked four times by immersion and by sprinkling; contributed \$15 to missions; got dog bit 39 times, and lost the election."

had the privilege of seeing the Wildcat Band perform when the UIL judging took place Wednesday. The entire Littlefield community could not have been present to watch them perform," stated Hubert Henry, president of the Band Boosters.

"It is absolutely unbelievable what this band has done the past three years, and especially this year, when in competition with other bands in their district," he continued.

"Their performance Wednesday only signifies that this band has character, and has had some excellent direction. The Littlefield Band Boosters are very proud of the Wildcat Band members and their director," he continued.

The Littlefield Junior High Band did their UIL marching show on Tuesday, Nov. 14, at Texas Tech Jones Stadium.

The Junior High Band received an "excellent" rating for their efforts under the direction of Mike Threadgill.

One judge rendered a 1 verdict, and two judges rendered 11 verdicts, which results in an "excellent" overall rating.

The Junior High Band marched in 45 degree weather under sunny skies.

The same judges who judged the Wildcat Band gave these comments: "Much fine spirit evident," "much fine work evident by group and director," "this band shows lots of work and spirit," "enjoyed your performance," "nice opening and fanfare and good sound," "kids hold horns well" and "band starts out well."

Henry emphasized: "The Littlefield Band Boosters are very proud that they, as a booster organization, have been in a position to assist the band program in the Littlefield schools by more than \$2,000 this school year. Approximately \$1,800 has been used to buy instruments for the bands that were not provided by school funds. The Band Boosters also bought a storage cabinet for the Junior High band hall to be used in the storage of sound equipment. "We ask the band parents to go by the Junior High band hall and see this very fine locally built cabinet.

"For all of the officers of the Band Boosters, I want to thank the parents, band directors, business people of Littlefield, our local school officials and citizens for the tremendous support that the band program has received from each. The Littlefield community can be proud of the band program in the Littlefield schools," Henry concluded.

New Chamber Directors Elected

Five new directors for the Littlefield Chamber of Commerce and Agriculture were revealed this past week following their election Monday.

From the 101 ballots returned to the C-CA office by deadline time Monday, the five who were elected were Barry Armes of Armes Equipment, Kenneth Day of the Littlefield Hospital, Rad Richardson of General Telephone Co., Wade Warren of the Leader-News, and Doyle Winfield of AAA Truck and Auto Parts.

Cotton Allotment Cut Causes Concern

By NILAH RODGERS

The announcement this week of the cut in the cotton allotment which means doing away with cotton set-aside acreage and a considerable reduction in government payments is being received by farmers in this area with mixed feelings.

As of this date, the local ASCS office has not received any official information concerning the announcement.

For now this is the way the situation looks:

The USDA has decided the current cotton picture and other considerations demand a 1.5 million-acre cut in the 1973 allotment from the 11.5 million acre allotment in 1972.

In addition to the pay acres decrease, cotton producers will not be required to have any set-aside acreage for cotton in 1973.

An example of how the new program will affect the cotton program will be: In 1972 a cotton producer with a 100-acre allotment and a 500-pound yield would receive a price support payment of \$7,500 if he planted at least 90 per cent of the 100 acres and set aside at least 20 acres of idle land on the farm.

This would involve 120 acres of land, 100 acres planted and 20 acres idle.

The same producer in 1973 would only

have to plant 87 acres of cotton and have no idle land to be set aside for the cotton program. His 1973 price support payment would be \$6,525, a \$975 or 13 per cent reduction from 1972, but he would have 33 acres of land on which he could plant either soybeans, feed grains or cotton, thus having his income from the market place rather than from the price support payment.

This example is based on the assumption that the 1972 and 1973 cotton payment yield is the same. If the producer was unable to hold his same yield, then the difference between the 1972 and 1973 payments would be more than the 13 per cent reduction figure.

In 1972 Lamb County had an effective cotton allotment of 134,825.3 acres with a required set-aside acreage requirement of 26,965 acres. In 1973, if the allotment reduction is an across-the-board cut, the effective cotton allotment will be 117,298 acres which would leave 44,492.3 acres on which Lamb County producers could decide to plant cotton, grain or soybeans.

This announcement appears to be another move in the plan to shift farmers' income from the government to the market place.

With this area so dependent upon the farming economy, it is little wonder that the cut is viewed with alarm by many agriculture officials. Among those who expressed complete disfavor with the cut are U. S. Sen. John Tower, Jay Naman, president of the Texas Farm Bureau and U. S. Rep. Bob Price.

At Lubbock, Donald Johnson, executive director of the 25-county Plains Cotton Growers Association said the reduction in the cotton program from 11.5 million to 10 million acres means the government has "used its axe on us as much as they can."

"We (PCGA) were keenly disappointed earlier this year in the announcement of a low loan rate," he said. "Now we are just as disappointed in this matter of reduction of paying base since this is really income which will be taken directly from the farmer."

It is hoped the public, particularly the consumer, will read the report from Washington correctly. The president of the Texas Wheat Producers Board said if the government quits paying the farmer for part of his production costs in order to perk up the market place, that means the cost of food and fiber from agriculture products will increase by similar amounts when the consumer pays his food and clothing bills.

Last year the government "turned cotton loose" after a crop that left the cotton situation about 3 million bales short, and with this year's bumper crop farmers have produced about 3 million extra bales since they were allowed to produce all they wanted over the allotment.

The promised 90 per cent parity that would put cotton at around 23 cents per pound or more is set at 19.5. Farmers are first to say that they had rather sell their cotton for a fair price on the market than get a government check, but they say they can't compete with foreign markets, mainly due to cheap labor outside the U.S. A survey five years ago showed that it costs a farmer \$84 per bale to raise cotton.

Some agricultural officials view this as a way of making the farmer more reliant on the market and less reliant on the government. A farmer can look at the planned program in the light of whether he wants a guaranteed income or more choice of what he does.

An individual producer's opinion could boil down to whether he wants his money to come from the government or the market place.

One thing is certain, proponents of the cut in cotton allotment and abolishment of set-aside are looking at the situation from a nation wide and world basis and not from an isolated High Plains standpoint.

There are 60 million bales of cotton produced annually, world wide, and of this total the U. S. produces 13.8 million bales. The loan value is the floor, and to raise the support price would be raising other countries proportionately and would make cotton less competitive.

Manufacturers want to use cotton in their blends, but if cotton doesn't remain competitive the manufacturers would go synthetic.

If the government can find more markets for cotton, whether domestic or foreign, cotton will remain more competitive.

Lamb County had 134,825.2 acres of cotton in the payment program for 1972, and to participate 26,965 acres were set-aside to make the farmers eligible to receive price support payments.

If the program for the coming year stays as announced, this means that 26,965 acres in Lamb County will be available to producers to grow cotton, feed, soy beans or whatever they like instead of remaining idle.

This approach would also cause a phase out of farmers producing a crop that isn't economical for him. Under the present situation, to get his check a producer has almost got to plant cotton even in unsuitable areas unless he transfers his acreage to another farm for a lesser amount. The 1973 plan would cause a shift of commodities to where they can be grown on an enterprising basis rather than one of compliance.

Because Thanksgiving is this week and several of the games in this week's football contest will be played on Thanksgiving Day, all football contest entries must be in on a new deadline this week.

Entries must either be in the box in the Leader-News office by closing time Wednesday or be postmarked before Thursday, Nov. 23. Late entries will be disqualified.

Contestants are reminded to please turn in or mail this week's contest early.

SNOW!!

The first snow of the season drifted down in the Littlefield area Friday afternoon and Saturday morning with estimates of up to three inches.

It takes one inch of snow to give .1 of an inch moisture. Precipitation varied from 2.5 to 3.5 around the area Saturday morning and there were promises of more snow to come.

The snow flurries, intermittent rain and snow brought the grain and cotton harvest to an abrupt halt. The biggest percentage of the grain sorghum in the area has been cut, but the cotton harvest which was only getting underway came to a early halt.

At press time the weather was just considered one of those winter miseries—gray overcast, slow drizzles and chill. Although there were hazardous driving warnings out, weather conditions had not contributed to any wrecks in the Littlefield or Lamb County area.

DOWNTOWN CHRISTMAS decorations were put in place the latter part of this past week, and Southwestern Public Service snorkel trucks were caught in action late Friday just before the snow storm struck. Workers were erecting a giant Santa Claus head over one of the cement canopies on Phelps Avenue. (Staff Photo)

Spirit Of Thanksgiving

THIS NOV. 23 is Thanksgiving Day —one of the most thoroughly American of all our holidays.

It celebrates the very beginnings of the United States, and the mere mention of this holiday conjures up memories of the traditional turkey dinner.

IN OUR SEEMINGLY dissentious nation, we tend to lose the real relevance of Thanksgiving —we have the feast without remembering its reason.

The importance of Thanksgiving has increased with each passing year. The first settlers in our land found the time to offer thanks for their lives, the meager food on their tables and the chance to live in freedom and hope on

the hostile shores of an unknown land. Let us pause for a few minutes this Thanksgiving to contemplate the many good things we enjoy and offer our thanks for them. In doing so, we will gain a renewed strength to tackle our difficulties and imperfections with faith and good spirit.

WITH GRATITUDE for the strength, purpose, charity and pride of our forebearers to which we owe the freedom and opportunity that bless us today, let us bow our heads this Thanksgiving Day.

It is indeed a day to count our blessings. And it is a time to renew our care of them for the sake of generations yet to come.

What Our Readers Think

EDITOR'S NOTE: This letter was received by the Wildcat Band Director, Darle Rountree this past week following the marching contests in Lubbock Wednesday. Rountree states that he knows of Pemberton's reputation as an authority on marching shows, but that he does not know him personally. The Band Boosters feel the public should look over Rountree's shoulder, and read the complimentary letter about the Wildcat Band.

Dear Mr. Rountree:

It was a pleasure to see your band at Region 16 UIL Marching Competition Wednesday. Your band's show was more difficult and more interesting than any of the AAAA shows.

If the ratings had been based on level of variety, interest, and difficulty, instead of execution and sound, there would have been less first division ratings in AAA and AAAA. Change of step style and tempo changes was the best all day.

Would you be willing to loan us your contest film later this year or trade for our film for a couple of weeks? If not, perhaps we could trade drill charts.

Your band made my trip to Lubbock Wednesday worthwhile.

Sincerely,
s/Sam L. Pemberton Jr.

Dear Miss Lovvorn:

Every six weeks this office receives newspaper clippings pertaining to the American Cancer Society from the Texas Press Association.

I am pleased to tell you that Lamb County has more newspaper clippings than any other County in the District. Your news stories are very interesting, concise, and deal with a variety of subjects.

Through your efforts the American Cancer Society is a well known organization in Lamb County. Your hard work and support are appreciated, not only by myself, but also by the District Leadership Development committee.

Thank you again for your effort, and if there is anything I can do for you, please feel free to call on me.

Sincerely,

THE ABUNDANT LIFE

Disappointments

NO ONE IS FREE from disappointments. It may be that the people with the fewest expectations have the fewest disappointments; but these folk are not necessarily better off.

Of course, it is wise to form our expectations on truth and reality. They must never be unreal or unjustified.

PERSONS WHO are inclined to despair rather than hope may have fewer disappointments than those who prefer the way of hope.

It does not follow, however, that their way of despair, with fewer disappointments, is the better way. The way of justified hope, whatever the disappointments, must surely be the wise way.

WE MUST CONDITION ourselves for disappointing experiences, because regardless of how diligent we are in our efforts to prevent them, they will occur.

In most things we undertake, there is a calculated risk. Knowing this, we are better prepared for the disappointments; when they come.

WE ARE NOT PERFECT, and can be sure that we will, now and then, be disappointed in ourselves. Of course, we must continue well-thoughtout plans for self-improvement.

Even so, there will be some disappointing happenings; but this is no reason for discouragement.

THERE WILL BE disappointments, in our associations with and expectations of others. These will often be our fault, because we let ourselves expect too much.

We may even be unreasonable in what we expect. We know, however, that

there will always be some pain for disappointments.

WE CAN HANDLE disappointments because they are no worse than them to be. The sting will pass if we will let it go. In fact, our disappointments help us.

They can improve our understanding; strengthen us; help us keep our feet in reality; and help us be more diligent in trying to meet the expectations which others have.

WE MUST BE ON GUARD against the damage that disappointments cause. They can hurt, but we must know that the hurt is just temporary and will pass, but not much to brood about them.

They can cause estrangements; can fortify ourselves against possibility. Disappointments are a common lot of all people. Damage is minor; unless we are much of them.

"NO MAN, with a man's heart gets far on his way without some soul-searching disappointment.

Happy is he who is brave enough to push on another stage of the road and rest where there are living waters, and three-score and palms." —Brown.

IT IS NOT REALISTIC to suppose everything will happen as we wish that we and others will always according to our desires.

WE MUST NOT let disappointments hide the many things that we should appreciate.

We must not permit disappointments to dominate us, because they are that big.

HONNY GRATS

By CORNBALL BLEVINS

HOW ABOUT that Wildcat Band? Three ones, wasn't it? That's great going. Congratulations to them on a job well done!

FROM THE RUMBLINGS in the Democratic camp, do believe you'd just as well junk those McGovern buttons. Don't seem that they're countin' on him bein' back in '76.

SHED A TEAR for our truck owners, that've spent a tub of money on havin' those new-fangled "I.D." lights installed on their ol' trucks for state inspection purposes. Our changeable legislature has decided that they're unnecessary! Just got the word.

Don't know if the light lobby failed to keep their end of the bargain, or not, but as of now, just forget you ever heard of 'em.

ONE THING OF interest to our local farmers tho, is the fact that lighting requirements on cotton trailers have been relaxed. If you're pullin' your trailer durin' daylight hours, the light bar is no longer required, however, if you're on the highway after dark, you gotta use it.

Too, the trailer brake law, as concerning cotton trailers, has kinda fizzled. 'Course, you're still limited to a speed limit of about thirty-some miles per hour while pullin' these rigs. Think it'd be wise to check with your local patrolman, just to keep yourself in the clear.

As of January first, your local state inspector is supposed to measure the tread, if the tire looks questionable. Unsafe tires will now be a cause for rejection of your vehicle, pertaining to getting your sticker.

NO LONGER WILL you be able to get a sticker on a car with the air showing through the tread. Slicks will not pass, whether racin' slicks, or tires that are slick from wear. The tire cord must not be exposed in any place, for more than

one inch, regardless of tread condition. May as well tell you also the labeled "farm use" or "rural highway use" are to be regarded as condition. It may be to be some kind of headache.

I'D PERSONALLY thought it foolish for the inspector to shake on a steering wheel, for a little slack, then put an ok on a vehicle shoddy tires. Now, that's what I'm not the one to have to live these rules. Somebody ain't goin' happy!

However, don't despair. By your tires are worn out, the legislature may change its mind, again!

ANOTHER THING that's in the air is that if you're involved in an accident that renders your vehicle unequal to passing inspection, the investigating officer is supposed to take the sticker your windshield, and stick a probationary sticker in its place.

This sticker is good for thirty days at the end of that time, you have restored your vehicle to state status and had it re-inspected, you are subject to penalty of the law, if still driving said vehicle.

MEANTIME, don't worry about thing! You're bein' taken care of.

 Mrs. E. G. Brunson led the group in the monthly Bible study from the book of Mark.

Xi Nu Nu Chapter Plans Holiday Socials

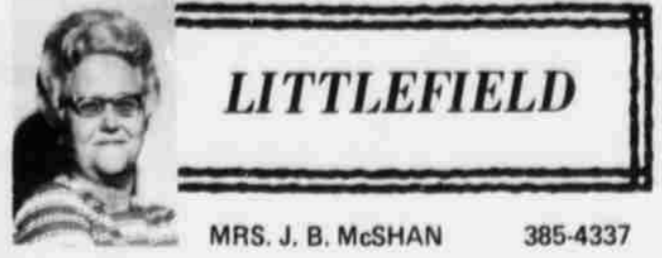

The Xi Nu Nu Chapter of Beta Sigma Phi held its regular meeting Monday night in the Pioneer Natural Gas Flame Room.
 The social committee announced that the Thanksgiving supper would be held Monday, Nov. 20, at 6:30 p.m. in the Willy Room of Lamb County Electric. Both Chapters of Beta Sigma Phi are planning this jointly with husbands invited to attend.
 The Christmas social was also discussed.
 The Chapter voted to help with the Arthritis Fund Drive in Littlefield.
 The Ways and Means chairman, Ann Pullig, gave rules and regulations on the Bridge Marathon that the chapter is planning, and asked that each member contact interested parties.
 Also, as a Ways and Means project, the Chapter members are selling telenote sets and mini-max pen sets.
 The program on the "Good Lives" was presented by Carol Brooks and Carolyn Spies.
 After the meeting "The Ritual of Jewels" ceremony was given to the four new pledges: Kay Pace, Carolyn Warren, Doris Simpson and Pat Conway.

Self Protection, Program Topic
 ANTON—"Protect Yourself from Attack" was the topic presented to 17 members and guests of the Anton Junior Home Demonstration Club Wednesday, Nov. 8, at the Scout Hut.
 Bert Sinclair, Department of Public Safety Officer, and Patrolman Don Hatches from Lubbock showed slides and gave suggestions on self defense for women.
 Sinclair brought out that statistics show that "once every 43 seconds, violent crimes are committed in the United States."
 He gave instructions on how a woman can protect herself on streets and highways in a vehicle, at home, or in an apartment, and how to handle crank or obscene phone calls.
 In summation, Sinclair cited five ways a citizen can help protect our land.
 They are: 1. Prevention is best defense; 2. Be familiar with weapons; 3. Be observant; 4. Call authorities in doubtful situations; and 5. Get involved.
 A business meeting was held following the program. Plans were made for the Golden Age luncheon that will be held in November.
 Refreshments were served to 14 members and three guests, Mrs. Marion Anderson, Mrs. Bobby Davis and Mrs. Ferrell Edwards.

VFW Auxiliary Holds Meeting
 The regular meeting of the Ladies Auxiliary of the Veterans of Foreign Wars was held in the Post home Wednesday night.
 During the meeting, with President Faye Bussey presiding, members finalized their plans for the District Convention, voted on accepting four new members, and planned the Christmas program and dinner.
 In a report on volunteer work, members learned that 20 hours have been spent in the Veterans' Hospital in Amarillo.
 The 11 members present decided to conduct a Christmas party for patients in the Veterans' Hospital, and clothing and other items will be sent.
 Members were reminded that their pledge is, "To honor the dead by helping the living."

40 Attend HD Supper
 Forty club members, their families and guests attended the Oklahoma Avenue Home Demonstration Club's annual Thanksgiving supper in the Flame Room Thursday night.
 The club began celebrating Thanksgiving with a supper about 25 years ago. No one remembers the exact year the suppers began, but the club used to go to the old Legion Hut in Laguna Park and take their covered dishes. Then games were played after supper.

Moses Host Family Party In Their Home Sunday

Springlake—Mr and Mrs. J. J. Moses hosted a family dinner party in their home Sunday.

Guests were the hostess' sister, Mrs. D. E. Wynn and a niece and family, Mr. and Mrs. Robert Clark, Earl Wayne, Traci and John of Amarillo, a sister, Mrs. Vina Stewart of Olton, and a brother-in-law and sister, Mr. and Mrs. T. C. Covington of Cotton Center; their daughter

and family, Mr. and Mrs. Robert Struve, Shelli and Tullie Hugh of Olton, and from Littlefield, the Covington's son and family, Layton Covington, Kristi and Kari.

DAVID M. VIGNESS, chairman of the Department of History of Texas Tech, spoke to members and guests of the Littlefield Woman's Club Tuesday night during their annual Scholarship Banquet. The address was titled "Straight Ahead, Texas" and followed the theme of patriotism to Texas. (Staff Photo)

Library Week Closes Today

National Library Week closes today, and many citizens are unaware of possibilities for resources of information.

Lamb County Library is one of 17 libraries in a 29-county area surrounding Lubbock that have qualified for membership in the Lubbock Major Resource System organized under provisions of the Texas Library Systems Act. Administered by the Texas State Library, the Systems Act gives public libraries that meet certain standards of local support the right to join a system for carrying out cooperative programs of various kinds.

Lubbock City-County Library serves as the Major Resource Center for the system.

Serving as area libraries are Midland County Public Library, Ector County Public Library, and Unger Memorial Library.

A total of 195 libraries throughout the state qualified for system membership. "We are particularly gratified that 29 libraries that did not qualify for membership last year joined the systems this year," said Dr. Dorman H. Winfrey, director of the Texas State Library. "This not only means that local support for libraries is improving but also that libraries are recognizing the benefits of system membership to their patrons."

In recent years, library systems have been organized in many states.

The Texas legislation differs from that enacted in some states in that Texas systems draw upon existing strength in libraries. Although provision is made for limited kinds of grants for new libraries or for areas with a tax base so low that funds are not available for library service, emphasis is upon the development of programs that are best carried out by a group of libraries.

DIANNE MILLIGAN and Debbie Cutshall were among the first Wildcat Band members off the bus Wednesday following their marching contest and Number One rating of the UIL Contests in Jones Stadium at Lubbock. Band students, their director, Darle Rountree, and parents celebrated the accomplishment with the entire student body. (Staff Photo)

Scholarship Dinner Fetes Woman's Club

The Lamb County Community Center held a capacity crowd Tuesday night for the Littlefield Woman's Club Annual Scholarship Dinner.

Members of the club and their guests heard a brief history of Texas, sparked with wit and humor during the main address presented by David M. Vigness, chairman of the Department of History of Texas Tech. Title of his speech was "Straight Ahead, Texas".

The entire evening's

program was based on a patriotic theme directed toward Texas.

Jan Sisson sang "The Yellow Rose of Texas" as she intermingled among the tables of members and guests.

Mrs. A. B. Brown presented the greetings and introduced the master of ceremonies, Bob Wear, who kept the program moving.

Alvin Jones led the group in singing songs about Texas, following the dinner of chicken breasts with slivered almonds, cornbread dressing, giblet gravy, carrots and peas, candied yams, cranberry mold, coconut with fresh fruit, and other trimmings.

Ticket chairmen for the dinner were Mrs. D. C. Lindley and Mrs. Otto Jones.

Proceeds from the dinner will go into a college scholarship fund which will be awarded to a graduating senior at Littlefield High School.

'A Mighty Army' Be Shown Tonight

"Like A Mighty Army" is the down-to-earth true story of a man in tune with his times. It will be shown at Littlefield's First Baptist Church tonight at 7:15 p.m. according to producers of the film. "The social situation among young people today is frightening in its aspects. Even the church is being seriously undermined as to its existence and activity. Instead of leading with bewilderment and confusion, a handful of people in Lauderdale, Fla. led by young minister, Rev. Jim Kennedy, committed themselves to the principle of changing life-changing lives for the people of their

community. In nine short years the Coral Ridge Church has become one of the fastest growing congregations in the world, growing from 17 to more than 2,000 members and needing three Sunday morning services to handle the crowds.

This true story has been made into the film by Gospel Films, Inc., of Muskegon, Mich. Starring in the role of Dr. Kennedy is Chris Robinson who is best known for his role as an Air Force Sergeant in the television series, "Twelve O'Clock High". As Jim Kennedy, Robinson gives the best performance of his career.

ANTON

MRS. C. D. NELSON

MR. AND MRS. C. E. Campbell and Mrs. Emma Jean Grant attended funeral services for their brother, Mike Farino, 61, held in the Douglas Boulevard United Methodist Church in Midwest City, Okla. Thursday, Nov. 9. Mr. Farino was a former Anton resident. He is survived by his wife, two stepsons, four brothers and six sisters.

MR. AND MRS. L. H. Williams returned home Tuesday from a 10-day visit with Mr. and Mrs. Claud Spradley at Gatesville and with their son and family, Mr. and Mrs. Cecil Williams.

A LAYETTE shower honoring Mrs. Kenny Beebe was given in the home of Mrs. Ted Zant, Nov. 4. Guests called from 10-11 a.m. Out-of-town guests were the honoree's mother, Mrs. James Minton and a friend, Mrs. Pat White, both of Lubbock. The serving table was centered with a cake surrounded by baby rattles. Hostess gifts were a high chair, a heated food server and a baby book. Hostesses for the event were Mrs. S. M. Monroe, A. L. Roe, Mike Roberts, Scott Cate, Jerry Fisher, Bud Stone, Larry Conkin, Nicky Biffle, George Tucker, Johnny Williams, Ted Zant and Miss Susie Williams.

TWENTY-SEVEN attended the final Booster Club meeting of the season Tuesday night.

ARMY SERGEANT First Class Charles L. Parker, son of Mr. and Mrs. Robert Parker, Anton, recently received the army commendation medal on Okinawa. The medal was awarded for meritorious service for demonstrating skills and dedication far above the average. Sgt. Parker earned the award during his last assignment at Ft. Eustis, Va. The sergeant is now serving as an operations sergeant in the 412th

997-4261

transportation company on Okinawa. He entered the Army in 1963. The sergeant is a 1949 graduate of Anton High School. His wife, Dorothy, lives in Lubbock.

ANTON SCHOOL MENU
MONDAY: Meat loaf, tomato sauce, cole slaw, buttered corn, hot rolls, butter, milk, pineapple upside down cake.

TUESDAY: Fish portion, tartar sauce, lima beans, buttered cabbage, cornbread, butter, milk, fruit cobbler.

MR. AND MRS. C. S. Stephenson, June and Sammy were in Konawa, Okla. over the weekend to attend funeral services for Mrs. Stephenson's brother, Claud Allen, 55. Mr. Allen, a resident of Lubbock, died from a heart attack Thursday while visiting relatives at Konawa.

MRS. BRYAN JOHNSON spent several days in Medical Arts Hospital last week.

REV. AND MRS. James Turner and family moved from Anton to Temple last week to make their home. Rev. Turner has been pastor of the Bethel Baptist Church here for the past several months.

MR. AND MRS. T. E. Woods, Friona, were guests in the home of Mrs. R. M. Newell, Thursday.

S. SGT. Lewis Goodson,

Study Club Hosts Dinner

SPRINGLAKE -- The members of the Springlake XIT Study Club and their families met Tuesday evening in the home of Mr. and Mrs. Ernest Baker for the annual Thanksgiving dinner. Turkey and all the trimmings were served.

A fashion show was presented by one member of each family modeling a garment made by the lady of the home. The highlight of the entertainment was provided by Mrs. W. B. Hucks who read "The Diary of a Sports

Widow," relating the experiences and reactions of a wife whose husband is a sports event addict.

Attending the dinner were the Bud Matlocks, Ed Jones, W. B. Hucks, Ralph Rudds, James Packards and Jim Winders, Hollis Cains, and the Bakers.

The next meeting of the club will be the Christmas party to be held in the home of Mr. and Mrs. Bud Matlock, Dec. 5. The club members will take cookies for the children at Lubbock State Home.

Convention Continues For Veterans

Mrs. Ann T. James, state president of the Ladies

MRS. ANN T. JAMES

Auxiliary of the Veterans of Foreign Wars, has sent Mrs. Eva Teer of Waco as her representative to Littlefield this weekend for the District 13 Convention of the Veterans of Foreign Wars, which concludes today at the VFW Post Home.

Registration today begins at 8 a.m., with a joint service at 9 a.m., when Mayor J. E. Chisholm will address the convention. Separate meetings for the Auxiliary and the VFW members begin at 10:30.

Lunch will be served at noon.

Clifford Teer of Waco is representing the state organization.

Kay Flowers of Canyon, District 13 president for the

Auxiliary and Roy Bussey of Littlefield, District 13 president of the VFW, will be present to preside for the sessions.

Pledge of the VFW is "To honor the dead by helping the living," and the program will follow that theme.

The convention began Saturday afternoon, and was followed by a salad supper and social hour for departmental officials.

Mrs. James, the state president of the Auxiliary, is from Sherman and was elected and installed as head of the more than 21,000-member organization during the state convention in Dallas in June of 1972. She has been an active member of the Auxiliary the past 23 years.

Anton Woman Named 'Who's Who'

ANTON—Mrs. Betty Newton of Anton has been selected for inclusion in Volume I of "The World Who's Who of Women—1973." This volume is superceding and incorporating the former reference volume, "Two Thousand Women of Achievement." Mrs. Newton's letter of notification, which came from the International Biographical Centre, Cambridge, England, stated: "The volume is the only illustrated international Who's Who of Women." In 1969 Mrs. Newton was nominated and chosen for the publication, "Foremost Women in Communications, 1969-1970." This is a reference work on outstanding women in publishing, journalism, broadcasting, advertising, public relations and related fields. She was selected under the category of Education and Research.

Mrs. Newton is a graduate of Anton High School, where she was valedictorian of her senior class, and was voted "Most Outstanding Girl." She received a Bachelor of Arts degree in Journalism from Texas Tech University. At Tech, she was a member of Theta Sigma Phi, national honorary journalism fraternity; junior council, president of the Press Club, and co-editor of the college newspaper. She was tapped for Mortar Board, a scholastic service organization for 15 senior women who are outstanding on the campus.

At the present she is an active alumnae of Tech's Mortar Board chapter in Lubbock. Mrs. Newton received a Master of Education degree from Texas Tech in 1968. She was awarded a Graduate Fellowship from the Department of Education the last semester of her graduate work. She was initiated into Phi Kappa Phi, national honorary society in which only the top 10 per cent of the graduates students are eligible for membership.

At present Mrs. Newton is a Title I Reading teacher at R. P. Webb Elementary School in Olton. She is married to Madison Newton, Anton farmer. They have two children, Kim, who is a senior, and Monty, a sophomore at Anton High School. They are members of the First United Methodist Church.

MR. AND MRS. J. W. Wells returned home Tuesday following a two-week trip to parts of Arizona and California. They visited in Yuma, Ariz., with Mrs. Wells' brother and family, Mr. and Mrs. Victor Neinast and children and at Hyder, Ariz. with another brother and sister-in-law, Mr. and Mrs. Lonnie Neinast. In Oxnard, Calif. they visited Mr. Wells' cousins, Mr. and Mrs. Lloyd

Lambert and Mr. and Mrs. Argene Lambert. MRS. BLANTON MARTIN was in charge of the WMS program Monday morning when the ladies of the Baptist Church met for their regular bi-monthly meeting. Mrs. Martin gave a book review on the first half of the mission study book, "Europe, a Mission Field?" Others taking part on the program were Mmes. Dewey Parkey, L. W.

Sullivan, H. V. Lynch, Edwin Oliver, Gerardo Alvarado and K. Sorrenson. REV. AND MRS. M. O. Evans of Plainview were Sunday dinner guests in the Dewey Parkey home. Rev. Evans will be serving as interim pastor of the Hart Camp Baptist Church until a pastor can be obtained.

SIX CLASSMATES of Jeff Neinast came home with him

from school Friday afternoon. They all accompanied the Aubrey Neinast family to Littlefield Friday night to see the Littlefield-Oton football game, and spent the night with Jeff in celebration of his birthday. The boys who spent the night were Steven Rose, Calab McClure, Brad Alcorn, Buzz Howard, Chris DeBerry and Robert Harrell.

SATURDAY NIGHT guests in the George Stewart home were Mr. and Mrs. Tony Bernardo and son, Mark, of Roswell, N.M., Mrs. Rita Conner of Toronto, Canada, and Mrs. Mary Mills of Ontario, Canada.

MRS. EDWIN OLIVER and

Debbe were in Lubbock Sunday afternoon to see the movie "Funny Girl". VISITING IN the J. W. Wells home part of the week are their grandchildren, Christy and Chad Metcalf of Springlake.

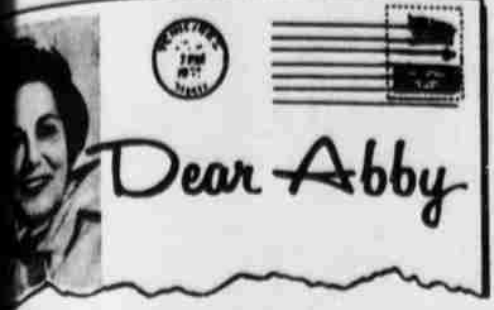

MRS. DEWEY PARKEY and Mrs. L. W. Sullivan visited near Oton Thursday afternoon in the Homer Worley home. Mr. Worley was recently dismissed from Methodist Hospital in Lubbock.

DON PARKEY of Amarillo spent the weekend with his parents, Mr. and Mrs. Dewey Parkey and sons. He returned to Amarillo Sunday afternoon. MR. AND MRS. Floyd Oliver

of Amarillo and Mike Allison also of Amarillo were Monday dinner guests of the Edwin Olivers.

MR. AND MRS. Blanton Martin were in Lubbock Thursday to visit relatives. The Martins and their daughter and son-in-law, Mr. and Mrs. Jerry Perry, Mrs. Martin's sisters, Miss Eulalie Davis and Mrs. Jo Spikes and Jimmie Spikes all ate out for the supper meal.

PAM FOSTER returned home last week from a few weeks stay with a girlfriend in Iowa. Pam will be employed at the Hart Camp Coop gin this fall.

Dear Abby

a healthy man his manhood?

By Abigail Van Buren
© 1972 by Chicago Tribune-N. Y. News Synd., Inc.

MR. ABBY: Please tell me if there is such a thing as losing his manhood? I hope you won't think I am old. I am 59, and my husband is 60, and we have not had relations for over 12 years. I asked our family doctor about it, he said it's for some men to lose their manhood at 40. Is this a disease? I asked a couple who have been close friends for a number of years if their sex lives had come to a halt, and they said their sex lives were better now than when they were younger. The man is 63 and the woman is 61. Are they in good health and so is my husband. I am no sex addict. I really do believe my husband could do better. I've tried. But how can I be sure he is capable of making demands he can't fulfill. Keep this in mind, please. BOSTON READER

MR. READER: It's not normal for a healthy man to lose his manhood at 40. He should be examined physically. If he's physically sound, his problem could be psychological. Be sure he covers all the bases. He has many years ahead of him—and so have you!

MR. ABBY: This is a message to office employees, men, and mine in particular: I came to this office as a much younger man and now in a responsible executive position. My secretary was when I started, and along with other employees, she called me by my first name. Once an employee calls the boss by his first name, it's almost impossible to ask for a favor without creating a chill that affects office efficiency. My secretary is capable, but more than once she has asked me to be called "Mister" after one is addressed by first name. That's the situation I find myself in. My employees will see this, and understand why they can't go wrong with a "Mister," but you can't have embarrassment and control irritation with a first name in my contact with other executives, I am never impressed with an office staff who refers to the boss as "Harry." CALL ME MISTER IN MID-MISSOURI

MR. MISTER: Since you had what it took to go from "Mr." to an executive, lay it on the line, and tell your wife "Harry" is okay in inner-office conversation, but the "family" you'd prefer to be called "Mister."

MR. ABBY: I am a 13-year-old girl and have a question. I hope you won't think it's too dumb to answer. How do I get a boy to notice you? NOT VERY PRETTY

MR. NOT: No question is too "dumb" to answer. You may notice you by noticing HIM. When he becomes aware that HE has been noticed by YOU, he'll notice you. Don't worry about being "not very pretty." A very young girl once said, "Beauty is a gift. Charm must be earned. A beautiful woman is one I notice. A charming woman is one who notices ME."

MR. ABBY: I have a 35-year-old daughter who has been married for 14 years to a man who is the most arrogant, foul-mouthed bully who ever lived. She tells at her in front of people and he orders her like she was his servant. Agnes has worked to help the family (they have four children) and between her and her home she has her hands full. Her husband never lifted a hand to help her at home. Every week she has a bum is either playing golf or at some kind of party.

Agnes is a gentle person who never stands up for herself. She just lets him push her around. I demand that as her father, I have the right to demand that she be treated with the respect she deserves. I would like your opinion. SON IN LAW PROBLEMS

MR. PROBLEMS: I realize it hurts you to see your daughter abused, but you have no "right" to demand anything. Agnes is an adult, and if she allows herself to be treated and used like a servant, it's her problem. And until she makes a few demands and stands up for herself, she can expect more of the same.

MR. ABBY: I baby-sit five days a week for eight children in my own home. I love children and I make money. I am a widow and am helping to get my children thru college.

The children I baby-sit with are given excellent care and attention, and I charge a nominal fee for the service I provide. Recently, a woman with two children asked me if I would give her a reduced rate. Abby, it's no easier to take care of two children from the same family than from two different families. If anything, it's more difficult, because the children are more likely to quarrel or gang up against the other children.

Doctors, dentists, amusement parks don't give discounts for children from the same family. Why should baby sitters? I explain it to this mother? CONSCIENTIOUS SITTING

MR. SITTING: Simple. The same way you explained it to me.

CONFIDENTIAL TO THOSE WHO DON'T KNOW HOW TO GIVE THE CHILD WHO HAS EVERYTHING FOR CHRISTMAS: I highly recommend a subscription to the monthly magazine Highlights for Children. There are articles for adults to read to youngsters not yet able to read, puzzles, pictures, things to do, riddles and puzzles which children can think! All entirely wholesome. No guns or violence. For a truly educational and worthwhile gift order Highlights for Children, 2300 W. 5th Av., Columbus, Ohio

Frosh Beat Friona, End Season 9-1

Littlefield freshmen played their final football game of the season at Friona Thursday to the victorious tune of 36-0 and brought their season to a close with a 9-1 record.

The frosh opened their scoring streak when Ricky Hopping blocked a punt and got the ball on the 30. Ronald Parmer scored the first TD on an eight-yard run and Hopping kicked the point after. Bill Turner scored the second TD from 12 yards out and Parmer ran the extra points to end the first quarter 15-0.

In the second quarter Turner passed to John Baiza for a 48-yard TD and Hopping kicked the point after. Brad Tanner blocked a punt and David Davis picked it up and ran 12 yards for a TD and Hopping again kicked the point-after for a 36-0 score at halftime.

The second half was played by the second unit and they held the Friona frosh scoreless while moving the ball well. Coach Bolton said the win was a super team effort by every player.

Individual stats showed Turner carried 11 times for 118 yards, Parmer four for 19, Sammy Schlottman seven for 42 yards, Lonnie Twitty eight for 16, Danny Martinez, three for 13, Oscar Rangel four for

three and Doug Perrin 2 for 17. The first basketball game of the season will be Nov. 27th when the seventh, eighth and ninth grade boys will play Dimmitt here.

Victory Bell Gets New Paint Job

The Wildcat Victory Bell is shining bright for a Bi-District victory. Ann Coffman bell ringer, recently cleaned the bell.

The old paint was removed from the trailer and a new coat was applied, and then the bell was polished. Judy Lee painted the Littlefield Wildcat sign on the back of the trailer.

Ann commented that she polished the bell so it would "look nice on the way to state."

Play Day Today

A playday sponsored by the Lamb County Sheriff's Posse, is slated for today at the Sheriff's Posse Area on the old fair grounds.

Registration starts at 1 p.m. and action begins at 1:30. The public is invited to view the competition at no charge.

MRS. BEN GREEN, right, instructs a story hour every Thursday morning from 10 to 11 a.m. in the Lamb County Library. The boys and girls sing songs, play games, finger plays and hear stories. Today closes National Library Week and the library will be open for open house at 2:30. (Staff Photo)

Sandra Carter On McMurry Volleyball Team

A student from Littlefield is playing on the McMurry Women's Volleyball Team this year.

Sandra Carter, daughter of Mr. and Mrs. E. E. Carter, Route 1, Littlefield, who is majoring in physical education and minoring in English is a 1971 graduate of Littlefield High School.

Their schedule includes matches with Abilene Christian College, Texas Tech, Sul Ross, Hardin-Simmons, Tarleton, Odessa Jr. College, West Texas State and Howard County Jr. College.

Public Hunt Drawing Held

"Step right up, pick a lucky number and win a free hunt." Yes indeed, it's time for the Texas Parks and Wildlife Department's annual public hunt drawing.

Some 20,000 prospective hunters tossed their names into the hat and 2,360 lucky numrods were selected to hunt deer on six department wildlife management areas and quail on the Gene Howe Area in Hemphill County and the Matador Area in Cottle County.

The Howe Area is also open to deer hunting along with the Chaparral in Dimmitt and LaSalle Counties, the Engeling in Anderson County, the Kerr in Kerr County, the Sierra Diablo in Culberson County and the Stephen F. Austin in Nacogdoches County.

A few unhappy, would-be hunters have complained to the department that they were disqualified from the drawing. Parks and Wildlife Department officials explained that the disqualified hunters were selected last year and ineligible this year unless permit quotas were unfilled.

Applicants for the 1972 drawing ran slightly behind last year's because the Black Gap Area is closed to hunting, the Alabama Creek and Moore Plantation Areas have been returned to the U.S. Forest Service and an experimental hunt at Pedernales Falls State Park will not be held this year.

Hunters selected in the drawing will be notified by mail as to the dates and times of the hunts.

AREA SCORES

Anton 72, Shallowater 7

The Anton Bulldogs must like cold, wet weather as they took to the elements in grand style Friday night as they axed Shallowater 72-7. It was the Bulldogs final game of the season and they compiled 728 yards total offense to bring their season record to 7-2-1 in their first season of Class A competition.

Trailing only once, and that was early in the game, Anton bounced back on the running of Tony Betts as he scored in the first quarter and also ran over the two bonus points to give the Bulldogs an 8-7 first quarter lead. Alvin Williams scored twelve more points for the Bulldogs in the second quarter to give the hometown a comfortable halftime lead. Williams scored again in the third quarter to make it Anton 26, Shallowater 7. But that fourth quarter was something else, the Bulldogs scored 46 big points with Brent Couch scoring 8 points, Steve Burt scoring 6, Domingo Ramirez 8 points, Williams, 14 points, Dewey Peacock 2 points, Brady Goen 2 points, and Pete Caswell 6 points.

Vega 22, 5-Earth 6

Springlake-Earth pulled the curtain down on the 1972 football season while being edged out by Vega, 22-6, at Wolverine Stadium, Friday night.

The visitors scored first for a 7-0 lead in the first quarter, but the Wolverines fought back and scored on a 14-yard pass from Larry Thomas to Brian Sanderson. The PAT failed and the Wolverines were unable to score again while Vega scored in the second and final quarters for their fourth win in league action.

Springlake-Earth closed their season 3-7 and 1-5. Vega is 5-4-1 and 4-2.

Dimmitt 16, Otton 10

Oton and Dimmitt matched their season record Friday night as the Dimmitt Bobcats edged out the Mustangs 16-10. Both teams ended up with a 3-7 season mark and both stood 1-3 in district play.

The Mustangs tallied first on an 80 yard pass play as Tim Givens passed to Randy McCoy for the TD. Givens then booted the extra point to make it 7-0. Oton. With only 26 seconds left in the first half, Dimmitt tallied their first touchdown of the night as Danny Washington ran for the touchdown and also the two extra points.

Oton came right back in the fading seconds of the first half to kick a field goal by Givens to give the Mustangs a 10-8 halftime lead. Late in the third quarter however, Dimmitt came back to go ahead for good as Terry Powell passed to Travis Hampton for the go ahead points and then Gary Wise scored two bonus points to make the final score read Dimmitt 16, Oton 10.

Sudan 14, Kress 0

It took the Sudan Hornets three quarters to get going in their final outing of the season Friday night but the two touchdowns scored in the fourth period was all they needed to best Kress 14-0. Gary Edwards, Hornet fullback, scored the first TD of the night midway in the fourth period as he raced 30 yards on the cold, wet turf. Later in the fourth quarter, Kim Ingram, the quarterback, kept the ball on a one yard keeper to put the visitors ahead by 12-0. Edwards added to his point total of the night by going over on a running play to add two extra points to make the final tally 14-0 in favor of the Hornets.

With the win, Sudan ended its district play with 3-3 mark.

Whiteface 14, Amherst 8

The Amherst Bulldogs got close once again but was still unable to come out on the big side of the scoreboard as they lost their 10th game of the season Friday night. The score was the Whiteface Antelopes 14, the Bulldogs 8. The Bulldogs scored their eight points via a four yard run by Butch Sutton and then Louis Jimenez added the two extra points.

If Randy Peden hadn't shown up for Whiteface it would have been a different story as he scored all 14 points for the home team Antelopes.

HEARING LOSSES

Youngsters who exhibit signs of being unusually tense or tired after normal, daily activities may be displaying signs of unrelieved hearing losses. Children with impaired hearing frequently have to exert special efforts in order to hear enough to know what is going on around them.

TURN OF ROW COMMENTS

EMIL MACHA

LOOKS LIKE OUR Republican President and our Democratic congress and senate have gone and done it. As of next year, the government program for farmers will be somewhat different. There is a lot of discussion on the change, but from reports I've heard in the past, farmers wanted the government to "But Out", and looks like many of them will have their wish come true.

Perhaps most of us, including myself, have been creatures of habit. Now we will have to break that habit in reference to farming, and look toward more diversification. I doubt that there is one farmer in the area that wishes he could turn that waste barren set-aside acres into a cash crop.

The difference in controls may be a new era for the agricultural industry in our area. The boll weevil played havoc to the cotton industry in certain sections in Georgia a few years ago, and the farmers changed over to peanuts and have been more successful since. As a matter of fact, a monument has been built in behalf of the boll weevil for aiding in changing the farmers' habits in that southern state.

We all say you can't make any money farming—well, maybe now we can change our habits and start padding the back pocket again.

Just think, if we could have planted all that set-aside we had this year into feed grain, with this being a wet year, and the price of milo like it is, most of us would come out several dollars ahead.

SPEAKING OF MILO, records are being set in the grain harvest with today's modern combines. Gene Nixon cut 118 acres of feed that was producing more than 2,000 pounds to the acre in one day for Buster Feagley this week. That's getting it out in a hurry.

From other reports, the milo that was planted after the late hail storm in July is yielding more than 3,000 pounds to an acre. But the feed that was sprayed with weed killers is thrashing about 1,000 pounds per acre less. Many are thinking that chemicals may save you money in weed control, but costs you in the long run.

The application of chemicals costs a minimum of a dollar an acre on milo in most cases. If the labor was available, a person could get the feed hoed for \$7 an acre. This year a 1,000-pound reduction in yield costs \$22. Looks like some of us lost \$15 an acre by using chemicals. At the time we applied the weed killer to our milo, it was the best thing to do we thought.

FOOTBALL SEASON for most schools is over, now we swing into basketball. A good thing about this sport is that both boys and girls can participate. It does not create as much action as football, but more people have a chance to get involved. As I just stated, it is a sport for boys and girls.

But in some school systems I noted that the girls' coaching staff is undermanned. Here in Littlefield there are two girls' coaches to serve all grades from the seventh up.

In the lower grades there must be at least 50 girls

working out at one coach. In high school one coach. In high school girls working out, but there are at least 50 girls there with only one coach.

Our boys' department is not over by far, but in order to have a good program going on, we sure do need something about the supervision. If we increase the ticket on basketball games, we more competitive this can only be done each grade can be a manager to bring success.

Our two coaches in athletic department doing a good job, but help. There is a lot of ability in many of our girls that could be brought out had enough coaches with them to develop talent.

I wonder how scholarships have been because some student was not properly by our people.

TUESDAY, a group of Scouts working on a merit badge were to the newspaper. A requirement in earning merit badge, they should something for publication agreed that the topic on what could be done better Littlefield. This will dedicate a portion space for views from girls. Let us take note they will say during few weeks, maybe we learn something from young teenage point of view.

Twelve-year-old Tunnell wrote the following: "If I could improve the first thing I would be to improve street. Those empty downtown sort of appearance of Littlefield think that you might to paint the glass paintings inside.

For the Christmas we might paint scenes. I would someone would help organized.

I would also try to around the XIT DE Theater. It looks great around there. We could group of people and the trash, sort of picked up Bull Lake.

I would also paint the towers downtown and improve the appearance theater inside."

THOMAS A. EDWARDS quoted as saying: "The health by dieting, gorge themselves with foods, use up their time their digestion and themselves. If the would prescribe dieting of drugs, the illness normal man would die. Half the people are fat all the time. Dieting secret of my health."

LIVING REALITY

Representatives Attend Nursing Home Meeting

Jean Cheshier and Kenneth Knight, representing the Knight's Rest Home of Littlefield, have returned from the 22nd Annual Convention of the Texas Nursing Home Association, held Nov. 8-10, at the Sheraton-Dallas Hotel in Dallas.

Based on the theme, "Nursing Homes—We Care", the meeting drew over 1,000 nursing home owners, administrators, guests, exhibitors, and representatives from the health care field.

The convention "Kick-Off" luncheon featured Dr. Kenneth McFarland of Topeka, Kans., America's foremost public speaker who addressed the conventioners on the topic, "Selling America to Americans". The emphasis of the luncheon was America and Americanism.

Licensed nursing home administrators in Texas are required to take continuing education hours. The meeting offered six of the required hours at educational sessions covering supervision, principles of motivation, human relations, and psychological aspects of patient relationships.

The University of Texas at Austin, Division of Extension, Distributive Education Department, supervised and directed the special educational sessions.

The Annual Business Meeting resulted in a number

of changes in the By-Laws. Delegates approved the operating budget, elected officers and committee reports association activities. The convention featured a large educational display, geared to nursing home personnel the latest in techniques and available for their use. A number of social were held, the highlight the Annual Award Installation Banquet last evening which featured a presentation by Brewer of Austin for the 1972-73 President association.

The Texas Nursing Association, representing 44,000 of the State's beds, is the professional association of licensed homes in Texas.

Thank You

I would like to thank each of you for the trust and confidence you have placed in me, in re-electing me county commissioner of precinct 3. I will continue to perform my duties as efficiently as possible, and with a keen sense of right and justice for all.

6-Year Rabies Report Is Out

The skunk continues to be the single largest source of rabies in Texas animal wildlife. In a six-year summary compiled by the State Department of Health for the period ending Nov. 4 of this year, the Texas morbidity for animal rabies cases shows 322 in 1971, and of this number 186 was in skunks, 38 bats, 31 livestock, 26 fox, 21 cats, 18 dogs and two in other wildlife. Rabies cases in dogs has dropped from 98 in 1966 to 19 in 1970 and 18 last year. Rabies in cats declined from 43 cases in 1966 to 15 in 1970 and 21 in 1971. But rabies among skunks, foxes and bats has increased over the past six years.

Cotton Harvest Is Increasing

Cotton harvest operations are increasing daily on the South Plains, according to W. K. Palmer, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This increase is reflected in the increasing number of cotton samples being received at the area U.S.D.A. Cotton Classing Offices. The U.S.D.A. Classing Offices at Lubbock and Lamesa classed samples from 13,000 bales during the week ending Friday, Nov. 10th, bringing the season's total to 14,200. At this date last year 6,100 samples of the 1971 crop had been classed. Quality of this early cotton varied widely depending on the condition of the fields at the time of harvest. Low Middling was the predominant grade at Lubbock last week making up 47 per cent of all cotton classed. Strict Low Middling made up 31 per cent, Strict Good Ordinary 7 per cent, and Strict Low Middling Light Spotted 7 per cent. Staples were predominantly 31 to 34. Seventeen per cent had a staple length of 31, 26 per cent 32, 18 per cent was 33 and 13 per cent was 34. Sixty-one per cent of all cotton classed at the Lubbock office last week had micronaire readings in the premium range of 3.5 to 4.9, 1 per cent "miked" 5.0 - 5.2, 10 per cent 3.3 through 3.4, 20 per cent 3.0 through 3.2, 6 per cent 2.7 through 2.9 and 2 per cent was 2.6 and below. Trading was slow on the Lubbock market due to the small volume of cotton harvested.

Authority Receives Grant

The \$75,000 grant made by the Environmental Protection Agency recently, will allow the Brazos River Authority to move its study for development of a plan to protect and improve the waters of the Brazos River basin and adjoining coastal areas into high gear, according to Authority General Manager Walter Wells. "We have been eagerly waiting for this grant of Federal funds to go along with State and Authority money which has been available for some time for this critically needed study," Wells said. The Authority more than a year ago was designated by Governor Preston Smith, on recommendation of the Texas Water Quality Board, as the state agency to study and develop a water quality management program for the 44,000 square miles of Texas within the watershed of the Brazos River and a large segment of the Gulf Coast area reaching from south of Houston on the east to the Colorado River basin on the west. The Texas Legislature in 1971 appropriated \$300,000 through the Governor's office for use in the study, and the Authority added \$75,000 of its own funds and applied to EPA for a matching grant under Federal assistance laws designed to aid in the preparation of basin-wide plans for protection of the environment from pollution. "Soon after we made application for the EPA grant, we started preliminary work on the program, employed two

environmental engineers, both qualified in water quality matters, and began to set the study portion of the program in motion," Carson Hoge, director of planning and development for the Authority, said. Hoge said the Authority had been using its own funds for the work that has been done to date. "The \$75,000 is the first increment of the \$375,000 Federal grant requested," Hoge said, "and it is intended to help finance only the first year of the study." Additional Federal funds will have to come from future appropriations, according to information received from EPA. Wells said the study is urgently needed to provide an effective framework for a coordinated basin-wide attack on water pollution problems by federal, state and local agencies and by individuals throughout the basin. "Proper coordination is being emphasized from the beginning through a Planning Advisory Committee made up of representatives of the 10 Councils of Government in the basin and 15 other regional, state and federal government agencies concerned with water quality management," he said. "Also public meetings will be held at various locations at appropriate times during development of the plan to get public participation in the planning effort," Wells said. The Planning Advisory Committee met recently at the Authority's offices in Waco to

review the preliminary work accomplished and to check out plans for future work. "Now that the Federal grant has been approved, we anticipate another meeting of the Committee in the near future to review plans for acceleration of the work," Hoge said. FUNERAL SERVICES were held in Lubbock for Mrs. J. Berry Baker, 78, Wednesday at 2 p.m. She and her late husband lived here several years ago when he served as pastor for the Methodist Church. MR. AND MRS. Earl Moherman and children of Brownfield and Mr. and Mrs. Guy Brown of Levelland visited their parents, Mr. and Mrs. Henry Brown, during the weekend. They were all supper guests of Mrs. C. A. Thomas Sunday. ALANE WEAVER and a friend were home from West Texas State last weekend. MR. AND MRS. Harry Brantley returned recently from Columbus, Ohio where they visited their son, Rev. and Mrs. Harold Brantley and two sons. She was the former Jackie Thompson, niece of Mrs. Viggo Peterson of Littlefield. MR. AND MRS. Jesse Martinez of Fort Worth visited

her parents, Mr. and Mrs. Harry Brantley last week. WEEKEND GUEST of Misses V.O. and Willie White and Charlie White was their nephew, Blake Simmons, who attends Lubbock Christian College. RECENT GUESTS of Mr. and Mrs. Bill Workman were his sister and husband, Mr. and Mrs. L. C. Roddam of Muleshoe and her sister, Mrs. J. P. Bean of Levelland. MR. AND MRS. L. C. Rhodes visited her father, L. M. Atkinson and Mrs. Atkinson last week in Brownwood. MR. AND MRS. Elmer Watson of Lubbock attended funeral services for Mrs. Larkin (Velma) Nix at the United Methodist Church Tuesday afternoon. MR. AND MRS. Jim Pugh had as guests this week her son, Mr. and Mrs. Jack Nichols and three children of Marysville, Calif. MR. AND MRS. Charles Mixon took their granddaughter, Renea Mixon, home to Pampa Sunday after her visit of a week here. She visited her aunt, Mrs. Kenny Fisher south of Sudan while here also.

4-H To Expand Program

With the help of federal recently appropriated funds, the Texas 4-H is expected to make gains in reaching the state's two-and-a-half million eligible youth. County's 4-H enrollment has increased 10 per cent in the last year, according to County Extension Agent Buddy Stormal. "We have 320 boys enrolled in six clubs county, and a 4-H Horse Club. Other clubs are at Amherst, Valley, Sudan, Olton, and Littlefield. "We will receive some for expanding its 4-H program. Our goal is to boost enrollment in Texas by 1975 to 10 per cent for boys and girls, between the ages of 9 and 19. "Our goal is to boost enrollment in Texas by 1975 to 10 per cent for boys and girls, between the ages of 9 and 19. "Our goal is to boost enrollment in Texas by 1975 to 10 per cent for boys and girls, between the ages of 9 and 19. The Extension Service is the parent organization of 4-H. "Such an increase would mean a doubling of our present enrollment of 125,000 members," notes Stormal. Expansion efforts will initially concern the addition of new staff members to give added impetus and direction to 4-H activities. At present the state has three area 4-H and youth specialists located in various regions. This area staff will be increased so that a 4-H specialist will be located in each major area and serve either one or two Extension districts. There are 13 districts in the state. To provide for additional leadership at the county level, 4-H program assistants will be added to the county Extension staff in 46 counties, according
