VOLUME 24 LITTLEFIELD, LAMB CO., TEXAS, THURSDAY, JULY 11, 1957 NUMBER 7

DOYLE GIPSON KILLED INSTANTLY IN ACCIDENT

The wedding of Mr. and Mrs. Clarence Monroe ended in tragedy Tuesday night, when the maid of honor was critically injured and a groomsman was killed instantly while chasing the newly-weds. Unaware of the tragedy, the couple are away on their wedding trip. Doyle Gipson, driver of the 1957 Ford, was killed instantly and Miss Patricia (Peachy) Cowan remains in very serious condition at the Medical Arts Hospital, after the car landed on a sand pile on a dead end country road. In the picture on the left teen-agers examine the car after a large crowd has assembled at the scene of the accident. (Staff Photo)

Accidents Follows Wedding; Couple Unaware of Tragedy

Doyle Gipson, 22-year-old son of Mr. and Mrs. Cecil Gipson, who live one mile south of Hale Center, was killed apparently instantly Tuesday night and a Littlefield girl, Patricia (Peachy) Cowan, was seriously injured when their car hit a ditch on a "dead end" rural road four miles northwest of here.

Miss Cowan, 18, is in serious condition at the Medical Arts Hospital. She suffered severe cuts and lacerations on the face, several teeth knocked out, and she has a broken leg, cut knee, and a broken ankle.

The accident occurred around 9:30 p.m., while the young people were chasing a pair of newly-weds, Mr. and Mrs. Clarence Monroe, following their wedding at the First Baptist Church in Littlefield. Gipson served as a groomsman and Miss Cowan was maid of honor.

Miss Jo Ann Parrack who was riding in one of the other cars that was chasing the newly-weds said that they had slowed down due to the dust after Jerry Wells, driver of the car, had said, "We'd better slow down, I almost got killed in a deal like this." Gipson and Miss Cowan then passed them. Gipson was driving a 1957 Ford, Billy Frank Johnson and Shirley Moore were riding in the back seat of the Pontiac with Wells and Miss Parrack.

Indications were that Gipson applied the brakes at the last second in an effort to stop. The car hit a ditch at the "T" intersection, bounced over a high embankment and came to rest several yards out in a field. Both Gipson and Miss Cowan apparently were thrown out of the car. The car did not overturn.

Newly Weds, Unaware of Tragedy
Unaware of the tragedy that ended the happy occasion, Mr. and Mrs. Monroe continued on their wedding trip. They did not date them had failed Wednesday afternoon. They are believed to be in Colorado.

Gipson was pronounced dead on arrival at the hospital. He died from head and other injuries.

Victim Is Native of Littlefield
Gipson was born April 8, 1936, in Littlefield where he had lived most of his life.

He was graduated from Littlefield High School in 1954, where he was a member of the Wildcat Football team.

A member of the First Baptist Church and the Jaycees, he had worked at Western Auto, Jones Motor and a Texaco station in Littlefield. He was farming with his father at the time of his death.

Survivors are his parents; a sister, Mrs. Robert Dity of Lubbock; a brother, Dwayne Gipson, who is in service in the Mediterranean area; his maternal grandmother, Mrs. C. W. Smiley of Littlefield; and his paternal grandparents, Mr. and Mrs. R. S. Gipson of Crosbyton and four uncles.

The services are pending awaiting the arrival of Gipson's brother, Dwayne.

WEST OF TOWN APPROVED

\$72,375 Allocated For New Airport

Nearly News
BY BETTY WILLIAMS

Farm Dinner Is Tonight At V.M. Peterson Farm

The V. M. Peterman farm near Amherst will be the scene of a Farm Dinner tonight at 8 p.m.

Joe Hoover Gets Football Scholarship

Joe Hoover, son of Mr. and Mrs. Houston Hoover, of Littlefield has received a Football Scholarship to Texas Western College in El Paso, Texas.

Joe was a tackle on the Wildcat team. He was graduated from Littlefield High School in May.

Three other boys in the district received scholarships to the same college, two from Levelland and one from Brownfield, but Joe was the only recipient from Littlefield.

The purpose of the dinner is to get Littlefield business, especially new men, and farmers, better acquainted.

The exact location of the farm is eleven miles north, one-half mile west, and another one-half mile north of Littlefield. Tickets, which entitle a businessman and a farmer to dinner, are on sale at the Chamber of Commerce office in Littlefield for \$2.50.

The Agriculture Committee of the Chamber of Commerce is sponsoring the dinner. I. D. Onstead and Paul Carmickle are chairmen of this committee.

The ladies of the Rocky Ford Home Demonstration club will serve the meal. This is the first dinner in that area.

R. W. Manley will be master of ceremonies.

Those who plan to attend are asked to meet at the City Hall at 7 p.m. and go to the farm in a group.

Duggan Field Property to Be Sold

A total of \$72,375 in government funds has been allocated to the construction of Littlefield's new airport, Mayor E. J. Foust announced this week.

Foust was advised of the increased allocation this week by A. E. Dyatt, district airport engineer for the C.A.A.

According to Dyatt, the \$12,000 allocation which had expired was now being renewed. Two additional grants, one for \$30,000 and another for \$30,275, make up the total.

The government money will be matched with funds derived from the sale of the present airport site.

The city commission has advertised for sealed bids on the 191-acre Duggan Field, reserving the site for the proposed route of Highway 81.

Movements are underway to request the commission to also retain a portion for a city park and to zone the land before it is sold.

Although a definite site has not been purchased, the C.A.A. has approved a labor three miles west of town. In reference to the new site, Dyatt said in his letter to Foust,

"Several contacts with representatives of your City have previously been made by personnel of this office. It is noted that Mr. McFall made a site inspection of the then proposed location, and this site was cleared by the C.A.A. Staff Planning Committee in their meeting July 15, 1956."

Many Children Have Oriental Influenza

Local physicians say that many children have had an Oriental type of influenza. It starts with high fever and a headache, followed by a sore throat, but there is no cause for alarm since it is far from an epidemic.

Two Local Woodmen Win Trip To New York City

W. D. CHAPMAN

Ed McCandlies

Mr. and Mrs. W. D. Chapman, Mr. and Mrs. Ed McCandlies, and Mr. and Mrs. Merle Beard will leave Littlefield next week to attend The Sovereign Camp of the Woodmen of the World in New York, City.

The meeting will begin July 22 and continue through the 25th. It will be held at the Statler Hotel.

Chapman and McCandlies won the all-expense paid trip to New York for themselves and their wives by excelling in the sales of Woodmen of the World insurance.

Side trips will be made by the guests to the places of interest, along with sight-seeing trips. Visits to television and radio shows and a ferry ride to the Statue of Liberty will complete the trip.

Teen Town News

There will be an important meeting of the Steering Committee and the student board of Teen Town Thursday night at 7:30 p.m. at the Chamber of Commerce office in the City Hall.

Friday night's entertainment at Teen Town will feature music of the Moon Glows, which will be a record party.

Pioneer Woman Dies Wednesday

Mrs. Eva Spann died Wednesday at 11 a.m. after a lengthy illness in the Medical Arts hospital.

Mrs. Spann moved to a farm near Littlefield in 1924. Funeral services will be conducted Friday afternoon at the Littlefield Drive Church of Christ.

Accident Demolishes Two Cars

Littlefield police have issued four tickets this week. One ticket was for driving without an operator's license, two were for speeding and the other was for shooting fireworks within the city limits.

Of the \$26 parking letters sent out to warn of due payment, 150 have been paid, according to police officials. Officers stated that offenders will be allowed to pay back tickets at twenty-five cents apiece until August 1, 1957.

One collision occurred this week at the corner of Littlefield Drive and 6th St. The 1950 Buick belonging to Williams Jennings of Littlefield was properly parked when Teddy Jesse Vigil, also of Littlefield, drove his 1939 Chevrolet into the right rear fender and side of the Buick. Both cars were totally wrecked, according to officials. Vigil was issued a ticket for speeding, disregarding stop sign and drinking, police said.

Delaware is sometimes called the Diamond State.

There are those nights it just isn't pay to go to bed. Tuesday night was one of them.

They had had an extra hard day and were all in bed when Owens called about 10 o'clock to tell us about the tragic wreck.

Two of the kids dashed to get pictures. About an hour later they returned home with either pictures or a story. They couldn't find the wreck. The phone rang again. It was with more specific details of the exact location of the accident. He had had trouble finding the wreck and getting details on the tragedy, it had to settle down again. By then when the fire whistle blew long blast, everyone was found asleep again. Only when he heard the whistle, and was too sleepy to do anything about it.

Again the phone rang. This time it was the fire department telling us that the Littlefield car was on fire, and asking us to come down and unlock the door for the firemen.

Everyone was up, and dressed in a matter of seconds. Still in a daze, we methodically hurried to the car for another night of sleep to feel the full impact of this call.

The blaze turned out to be only a large pilot light underneath the melting pot in our cast-iron stove. One of the patients in the Medical Arts saw the blaze through a window and reported it.

Do you appreciate the volunteers who make up the volunteer fire department as much as when your own property is threatened in the middle of the night. This week just got off to a bad start Sunday afternoon I was

(Continued on Page Two)

Officers Find Liquor Cache

Deputy Sheriff Elson McNeese said Wednesday that on Saturday night he and other officers were watching the home of James Thornton in the Flats section of Littlefield from a vacant house and found him violating the liquor laws. Thornton was then charged with liquor law violation.

Sheriff Dick Dyer and McNeese went back to Thornton's home Sunday morning and found enough liquor to file another case.

Thornton was again charged with liquor law violation, and has posted a \$1000 bond, County Attorney Curtis Wilkinson said.

Tuesday night Dyer, McNeese, Highway Patrolman Leroy

Hargrove, County Attorney Wilkinson, and Justice of the Peace O. M. Edwards started searching for a liquor cache.

The cache was found by the side of a dirt farm road two miles south of the J. W. Emfinger farm on the Lubbock highway. McNeese said that the twenty-five cases of Tall Boy beer, one case of whiskey, and a case of wine was neatly stacked behind some tall weeds under trees along the road.

The find was purely accidental. The officers had been following a known bootlegger, when they came upon the cache.

They have not found out who the liquor belongs to.

School Board Hires Four New Teachers

Members of the Littlefield School board held their regular meeting July 8 in the school secretary's office. A steak dinner was served.

The board voted to open the school term on September 2 and will be dismissed for the summer vacation on May 23, 1958. Official holidays will be Thanksgiving, November 28 and 29; Christmas, December 21 through January 5; District Teachers Meet, March 7; Easter, April 4 through April 7.

The year's budget will be adopted at the meeting of the board on August 12. The public is invited to attend this meeting. The

Security State Bank has been chosen for the school depository for the next two years.

The board voted to fence the football field of the new stadium with a 7-foot cyclone fence at a cost of \$3725 for the entire enclosure. The cyclone Fence Co. of Lubbock was awarded the bid.

New teachers for the coming year employed were Kenneth Ringo, junior high school coach; Mr. and Mrs. Jim T. Combs, sixth and first grades respectively; and Mrs. David F. Eaton, Jr., junior high school art teacher.

Ringo is a graduate of West Texas State College where he played guard on the Buffalo

team. He was graduated in 1954. Ringo was formerly coach at Spearman, Texas. He replaces George Logan who resigned to coach in Cleburne.

Mr. and Mrs. Combs, who live at 715 E. 14th St., taught last year at the Springlake School. Both have degrees from East Texas State College in Commerce. Combs has taught nine years and Mrs. Combs has taught the first grade for one year.

Mrs. Eaton, a well known artist, has taught in the Littlefield schools four years. She is the wife of David F. Eaton, former county agent, now manager of the Littlefield office of the Ford-Hill Western.

Whitharral Schools To Begin Classes On Sept. 2

The Whitharral School will open September 2. The new superintendent, W. M. Roberts announced opening date this week.

Other new teachers are Willard Hedges, who is high school principal. Assistant football coach is Lester Ramsey, who is to receive his degree from West Texas State have three children, Alton War-Colege. He and Mrs. Ramsey, ren, who has taught at Forest and Roy, New Mexico will teach the eighth grade and coach girls-basketball. He is married and has one child.

Home Economics teacher, Mrs. Maxine Yeary is to receive her degree from Texas Tech at the end of the summer session. She and Mr. Yeary will move to Whitharral in the near future. Yeary is a student at Texas Tech.

Other teachers on the faculty

are Coach Johnny Ussery, who is beginning his second year; vocational agriculture teacher is O. L. Harris who is also beginning his second year; Mrs. Elva T. Crank who teaches English is beginning her sixteenth year; Grade school principal is A. A. Mitchell; Mrs. Alma Tate will teach sixth grade and Mrs. Nita Morgan will instruct the fifth grade; Mrs. Iva Cummins, the fourth grade, and Miss Maude Hicks the third grade.

Custodian will be Paul Mayers and bus foreman will be A. L. Burris. They are making extensive repairs and repainting the buildings and grounds.

Board members are Weldon Newsom, T. R. Northern, R. L. Heard, James Marrow, T. C. Wade, Wade Strother, and Earline Mitchell.

and Jimmy left Thursday for Albuquerque, N. M. They go from there to Orenda, Calif., where they will visit the Morris Keeney's. They plan to go thru Oregon and Washington and into Canada before they return in 2 or 4 weeks.

Mr. and Mrs. Don Reding and Mr. and Mrs. Robert Avery were recent week end visitors in Ruidoso, N. M.

South Side Church of Christ here moves to Abilene in September to accept a church there.

Mr. and Mrs. Chris Lightfoot with Mr. and Mrs. Jim Waters and children of Morton are home from a recent visit with relatives at Albuquerque, N. M. The Lightfoot's grand daughter of Albuquerque, Miss Mary Lou Keeney came home with them for a visit.

NEARLY NEWS-

(Continued From Page One) driving along that narrow, crowded Highway 81 between Oklahoma City and Enid listening to a record program.

The announcer cut in... and in a solemn voice announced that there had been 12 fatal accidents on Oklahoma's highways during the holidays. "Will you be the thirteenth?" he intoned.

Just at that time, with a mighty crash the hood of the car blew up, wrapping itself around the top of the car... pulverizing the windshield. The car began swerving from side to side... and

blindly I attempted to bring it under control... without turning over and without hitting an oncoming car head on.

I finally brought the car to a stop... with no damage other than a crushed windshield, battered hood, and shattered nerves. A service station attendant wired the hood down and I drove slowly to Oklahoma City where the windshield was replaced. I continue to amaze our family and friends who unanimously accuse me of being a terrible driver. They can't seem to understand why such an absent minded driver can escape wrecks. And especially with such a perfect opportunity as this.

"Monday night Maxine Clarida's bachelor brother, Sam Bradley was injured when his car overturned near Snyder, Sam, who farms near Lamesa but spends every weekend in Littlefield, I battered and bruised but miraculously escaped serious injury when his car was totally destroyed.

Some plants, we are told, benefit from the use of an electric light. The electric light me of them. — The Har (London.)

Not So Smart We think we're a smart but it took half a century of almsmen to learn not to a woman customer what she — Toledo Blade.

ed in the one-car wreck. He taken to the Cogdill Hospital Snyder where he will be a patient for several days.

Surely the useless don't call a halt to the foolishness of chasing wedding. One teenager who has been chase several times deserves as being more dangerous than other teenage racing... ing drag racing. It's just a red ditch'em race.

West Texas is one of the places where the practice exists.

Yes, That's Right

Some plants, we are told, benefit from the use of an electric light. The electric light me of them. — The Har (London.)

MR. and MRS. ROSS JOSEPH

Couple Wed Recently In San Francisco Ceremony

The wedding of Miss Loretta Jean Ferrer and Ronald Ross Joseph was solemnized July 8th in the Temple Baptist Church in San Francisco, Calif. Parents of the couple are Mr. and Mrs. Robert S. Ferrer and Mr. and Mrs. Elmer E. Joseph, all of San Francisco.

Baskets of white gladioli and stock interspersed with white candles and ribbons decorated the chancel. The service was read by Rev. Davenport.

Exchanged and given in marriage by her father, the bride was

gowned in a chapel length gown with a white veil. The bride carried a bouquet of white amaranth lilies, sepharotis, and baby's breath on top of a white fan. The bouquet was designed by Mrs. Elton Hauk of Littlefield.

Miss Carol Lehmann attended the bride as maid of honor and the bridesmaids were Miss Monya Hauk, Miss Raye Allen, and Miss Ardith Ann Hirst. They were gowned in powder blue dresses and carried American Beauty Roses.

Best man for the ceremony was

Local Woman Is Instructor At WSCS Meetings

Mrs. Roy B. McQuatters was the instructor for a school of instruction for vice-presidents at the meeting of the subdistricts of the Brownfield District of the Women's Society of Christian Service. Mrs. McQuatters is the vice-president of the District.

The sub-districts held individual meetings on the first three days of last week. Sub-district three met in Brownfield on Monday, two met in Grassland on Tuesday and number one met at Amberst on Wednesday.

Local women attending the meeting at Amberst on Wednesday were Miss Louise Chisholm, Mrs. Rhea Bradley, and Mrs. H. J. Hoover, chairman of Sub-district No. 1.

Lawn Party Honors Pair

Whitharral (Sp.) — Mrs. Jack Kirby of Spade and Michael Rex Kirby of Levelland were honored with a lawn party Thursday night, the fourth of July, at the home of the former's parents and the latter's grandparents, Mr. and Mrs. Vick Matthews, southwest of Whitharral. This event marked the birthday of each.

Hot dogs, home-made ice cream and birthday cake were served to Mr. and Mrs. Jack Nix and children, Mr. and Mrs. M. F. Nix and Mr. and Mrs. Douglas Nix of Spade, Mr. and Mrs. Aubrey Kirby, Cheryl, and Michael Rex of Levelland, and Misses Georgia Ann and June Matthews of Littlefield.

Mackey Carroll and ushers were Richard Holm, Richard Spackman, Jack Brown, and Allan Happe.

The House of Lawton was the scene of the ensuing reception. The four-tiered wedding cake was flanked by gladioli, roses, and candelabra. Miss Hauk caught the bride's bouquet.

For her wedding trip the bride wore a gray dress with a white collar and white accessories. Her shoes were gray and white. Her corsage came from the wedding bouquet.

The couple will establish residence in San Francisco. A graduate of Lincoln High and San Francisco State College, the bride is a graduate of George Washington High and San Francisco State College and affiliated with the Sigma Chi Delta fraternity.

Mrs. Ferrer and Loretta are former Littlefield residents. Loretta is the niece of Mrs. Sam Hutson of Littlefield.

Spade H. D. Makes Ivy Planters

The Spade H. D. Club met Tuesday, July 9 at 2:30 p.m. in the home of Mrs. Joe Prater. A short business meeting was held and the club voted to have their next meeting September 11 at the home of Mrs. Marie Hamilton.

Ivy planters were made by the group. Refreshments of punch and cookies were served to Mesdames H. P. Pointer, Ada Reed, John Vrabel, Marie Hamilton, and Bayne McCurry and the hostess.

Stanley Family Has Reunion Near Beck Gin

Mr. and Mrs. Tom Stanley of the Beck Gin Community had as their guests their five children and their families.

They are Mr. and Mrs. E. R. Myers and son, Billy, of Bakersfield, California; Mr. and Mrs. W. E. Vernon and daughters, Shirley, Robbie, Sue and Vickie of Levelland; Mr. and Mrs. Eugene Stanley and children Dale, Larry, Joyce and Royce of Spade; Mrs. Hulon Brown and children, Beverly and Tommie B.; Mr. and Mrs. T. J. Stanley and children Jim, and Joan of San Mateo, California.

Also visiting were their three granddaughters and their families, Mr. and Mrs. W. W. Black and children, Stevie and Bruce of Chicago, Ill.; Mrs. Douglass Chavez of Bakersfield, California; and Mr. and Mrs. Frank Giles and daughter, Laqueta Sue of Levelland.

Dressmaking School Begins

Mrs. Jewel Robinson, County Home Demonstration Agent, was instructor for the Dressmaking Class which began at the Whitharral Home Ec Cottage Wednesday afternoon, with the Home Demonstration Club serving as hosts.

Measurements were made and patterns discussed and chosen. This school meets each Wednesday through the month of July.

Mrs. Erwin Sadler served cold drinks to the following guests, Mesdames Robinson, Maxine Tipton and Viola Helms of Levelland, Roy Taylor of the North Side Club and Weldon Newsom and Buford Hayes.

Members present were Mesdames Russell Cotton, Ella Hewitt, Guy T. Hughes, A. L. Chisholm, Rafe Rodgers, W. C. Hawks, B. L. Hicks, Sr., Hub Spraberry, E. E. Pair, L. C. Lewis and Sadler.

Carver Family Honored With Thursday Supper

Whitharral (Sp.) — Mr. and Mrs. Carl Reed and Miss Linda Reed were hosts for an ice cream supper at their home southwest of Whitharral Thursday night honoring Mr. and Mrs. Leroy Carver, Kim and Kay of Wichita, Kans.

Present to greet the Carvers who formerly resided here (Carver was minister of the South Side Church of Christ), were Mr. and Mrs. Fred Smith, Mr. and Mrs. James Fagan of Lubbock; Mr. and Mrs. Albert Epperson, Albert and James, Mr. and Mrs. Frank Bryson, Mr. and Mrs. Oville Kirby and children, Mr. and Mrs. Wilburn Baxter and children, Earl Lewis and sons, Mrs. L. L. Hood, Miss Casandra Hood and Layman Hood.

Valley View CC Meets Thursday

Mrs. J. C. Hodges hosted the Valley View Community Club at her home, Thursday afternoon at Arton.

Mrs. Nova Melton of Littlefield demonstrated a products party.

Mrs. Jack Nix was "Lucky Lady" with Mrs. Norman Hodges "Guessing the Sales."

A July 4th theme was carried out in the refreshments of punch, peppermint sticks, candies, and brownies, which were served from a lace covered table centered with a huge firecracker.

Present were Mrs. Jack Nix and daughter of Spade, Mrs. Aubrey Kirby of Levelland, Mrs. V. D. Hodges, Mrs. Norman Hodges, Mrs. Jimmy Starnes, and Mrs. Eva T. Crank of Whitharral.

Mrs. Warren Tipton will be the hostess for the next meeting at her home southwest of Oklahoma Flatt on July 18th. This will be the last meeting until Sept. 5th.

MR. and MRS. CLARENCE MONROE

Bethel-Monroe Ceremony Solemnized Tuesday Night

In an impressive ceremony Tuesday night at the First Baptist Church, Peggy Bethel, daughter of Mr. and Mrs. H. L. Bethel, 202 Westside Ave., became the bride of Pte. Clarence Ray Monroe, son of H. R. Monroe, Star Route 2, Littlefield.

The Rev. E. W. Henry, uncle of the bride, read the service arrangements of white gladioli backed by a green archery and white roses decorated the altar. Candelabra completed the setting.

Organist, Miss Gracie Russell, accompanied Miss Johnina Gallini as she sang "Because", "Wonderful One," and "The Lord's Prayer."

Miss Phoebe Cowen of Route 1, Amherst, attended the bride as maid of honor. Bridesmaids were Miss Jo Ann Parrack and Miss Shirley Moore. The sister of the bride, Miss Dorothy Bethel served as junior bridesmaid.

They wore identical dresses of blue Chrysaline featuring a low neckline and full skirts. They carried bouquets of white daisies.

Pte. Jerry Wells served as best man and groomsmen were Doyle Gipson of Hale Center, Billy Frank Johnson of Hart Camp. The junior groomsmen were Glen Wayne Monroe.

Escorted to the altar and given in marriage by her father, the bride was attired in a dress of white lace over white taffeta with the lace coming to points on a skirt of net and tulle. The bride carried white orchids on a white Bible.

For her daughter's wedding the bride's mother chose to wear a light blue lace dress with navy accessories and a corsage of white carnations. The groom's mother wore a moth color lace dress with accessories.

Immediately following the ceremony the bridal party was honored at a reception in the parlor of the First Baptist Church. White gladioli centered the serving table which was laid with a lace table cloth over blue. Assisting

Methodist Youth Go To Abilene

Local youth of the First Methodist Church are presently attending the Methodist Youth Assembly held at McMurry College in Abilene. Attending from Littlefield are: Sandra McNeese, LaVois Oldham, Fat Street, Margie Williams, Joe Hoover, Tommy Davis, and Mrs. J. B. Davis, counselor.

The Assembly began Monday and will last until Saturday evening. Included on the agenda for the youth are class sessions, workshops, recreation, and Bible study in cell groups.

Several ministers attending from this area are: Rev. Hugh Daniels, of New Home; Dr. Vernon Henderson of Brownfield; Rev. Bill Pierre of Lubbock; Rev. Marshall Rhew, District Superintendent; and Rev. Harry Vanderpool, of Littlefield.

Calypso Club Meets With J. C. Hodges

Whitharral (Sp.) — Mr. and Mrs. J. C. Hodges were hosts to the Calypso Club at their home at Arton Saturday evening.

Present were Messrs and Mesdames Pervadus Wade, Hollis Smith, Aubrey Kirby, and Johnny Waters of Levelland, Ralph Wade and E. G. Wade, Jr.

Sandwiches, pie, and coffee were served.

A swimming party is being planned for the next meeting with Mr. and Mrs. Johnny Waters of Levelland.

W.M.U. Presents Malaya Study

The Hart Camp W.M.U. met Monday afternoon at the church. Mrs. Leonard Sullivan presided and Mrs. Charles Vanlandingham had charge of the program.

A map featuring Malaya was the center of interest. A round table discussion featuring information about "The Peninsula of Malaya" was presented by Mrs. Ray Osthus, Mrs. Dewey Pakky, Mrs. H. V. Lynch, Mrs. Leonard Sullivan, Mrs. Charles Vanlandingham and Mrs. Junior Muller.

The group voted to help a new Baptist Mission in Almagre, financially and to provide funds for two G.A.'s to attend camp.

Don't Tell Anyone, ...

By MAKINE CLARIDA
What in the world is happening in our colleges? One-half of one percent of the students at Texas Tech in the Spring Semester made a 3.00 point grade average and only five percent made the Honor Roll.

We were discussing the Honor Roll proposition with a veteran educator in high schools.

It was his theory that young people have the idea that being a top ranking student makes them unpopular with other students. But, it is not popularity that gets a person through life. It is the determination to succeed.

When we were in high school I even at Tech a car at the time was a novelty. Drive up to Littlefield High School sometime and look at the cars. They aren't the "hoopies" that kids like to drive, but late model cars. Thousands of cars are parked in the dormitory lots at Tech. Are these and the other luxuries getting the 3.00 grade averages?

Do the young people this day know how to work? It makes no difference how good an education, what kind of grades a young person has if he doesn't know how to work, all of it is wasted.

Boys and girls must know the things that aren't in books. First and most important grades are never given on how to get along with your fellowman, personally, and the great love for people.

The instance about the little girl breaking the window glasses caused a bit of comment. Certainly there are few of us who haven't been involved in some kind of escapade.

In discussing this with some friends we were recalling the worst prank we ever pulled as a child. So this is the one that came to our mind. Our dad was an auto dealer. In those days cars were stored. We had a large storage room. In the day time the cars were parked outside.

Furniture and Undertaking Cox stored their combination ambulance and hearse in Bradley Auto.

We had a colored man whose name was Friday. Friday moved the cars out each morning. One morning, along with our two brothers, we cooked up a "scare" for Friday. Our older brother got under the sheet on the stretcher and waited, patiently until Friday had parked the

—LIL—

Clyde Dodson shows satisfactory improvement in the Littlefield Hospital.

Roberts Is New Superintendent At Whitharral

W. M. Roberts, formerly of the Estelline school system, has been appointed new superintendent of the Whitharral Schools. Roberts is a graduate of North Texas State College at Denton and received his Master's Degree at Eastern New Mexico University. He served as high school principal at Farwell for six years before going to Estelline two years ago.

Roberts is married and has two children: James, who is married and now lives in Estelline; and Charles Roy, twelve years old, who is in the seventh grade.

Two vacancies exist in the Whitharral schools in the first and second grades.

Willard Hedges, coach at Frisco, Texas for the past year, will serve as high school principal. Hedges grew up in Oton and was graduated from West Texas State College at Canyon. He and Mrs. Hedges moved to Whitharral from Littlefield. They have an eight-year-old son.

Assessments will be notified in advance of the meeting. The meeting will begin at 9 a.m. when the board composed of Martin Maxwell, G. W. Maxwell, and Fred Meeks will meet at the high school building.

The Hubert Dykes family was in Texaco Sunday to visit in the home of his parents, Mr. and Mrs. H. L. Dykes.

First Half Champion Will Be Decided Saturday

Unbeaten Moore To Face Estrado

Davy Estrado of the Jaycees will face unbeaten Kenneth Moore of the WOW Saturday night in a game that will be for the championship of the first half in the Littlefield Little League.

Estrado has a record of 1 win and two losses for the season, all against the WOW and Moore has a record of 4 wins and no losses. Moore has landed Estrado both his losses while Estrado's victory was over Jerry McCain.

The game will be played as a result of both the Jaycees and WOW ending the first half of their schedule with a record of 7 wins and 2 defeats. Both of the Jaycees losses were at the hands of the Woodmen while the WOW lost once to the Jaycees and were tied twice by the Rotary.

Foust And VFW Play To 12-12 Tie Tuesday

In the evening game Tuesday evening Foust and the VFW tied 12-12.

Foust had 12 runs on the side. They took the lead in the fifth inning with one run. The hitting stars were Randy Harve and Bob Ross.

Gary Smith pitched the entire game for Foust.

The VFW got 12 runs on Foust. The VFW had the game 4-0 in the sixth inning. Batson took the lead in the seventh.

Ray Cook pitched the entire game for the VFW. Other stars were Joe Simpson and Jimmy Evans. The hitting star was the first time batting being followed by Ray Simpson.

Jaycees Come From Behind to Beat Lions

The Little League and Jaycees, which both won a game of seven, led the Jaycees lead in the seventh inning. The hitting stars were Randy Harve and Bob Ross.

Jerry McCain pitched the entire game for the Jaycees. The hitting star was the first time batting being followed by Ray Simpson.

The Lions got all of their runs in the seventh inning off of starter Billy Baker when they collected three hits and five walks before Jerry Simpson came in to relieve him and got out the rest of the game.

Jones had to leave the game in the sixth inning when he was injured by a ball from Willie Simpson. The hitting star was the first time batting being followed by Ray Simpson.

LITTLE LEAGUE BASEBALL LEAGUE STANDINGS

Has Anyone Seen My Glove?

Davy Estrado of the Jaycees and Charles Johnson of the WOW are making a desperate plea to anyone who may have found their baseball glove. They say it is a very nice glove and if anyone has found it, they would like to see it. It has a name on it and it will be easily identified.

Charles Johnson's glove is a very nice one and if anyone has found it, they would like to see it. It has a name on it and it will be easily identified.

These gloves cost around \$10.00 and the loss of them may hurt some boys from staying in the Little League ball.

If anyone has the gloves, if they would bring them to Jimmie Chapman at the Littlefield Press, they will be returned.

Yarbrough Takes Win Over Batson To Stay On Top

Monday evening in the Minor League game Yarbrough Foust defeated Batson 12-12, staying on top.

Yarbrough Foust took the lead in the first inning with three runs and held it until the sixth. Yarbrough Foust won with 12 runs on 11 hits.

Batson started for Yarbrough with Jimmy Fair and Johnnie Hayden with three hits at four times at bat. Jerry Cox came close behind with two hits.

Jerry Cox pitched the first four innings for Yarbrough being relieved by Doug Yarbrough. Jerry Cox was the winning pitcher.

Batson started for Batson with three hits. Other stars were Douglas Hunt with two hits and Charles Pictorial with one.

Charles Pictorial pitched the entire game for Batson, and was credited with the loss.

Three runs in seven four times at bat. The winning pitcher was Thomas Lewis.

Amateur Batson got 12 runs off of four hits. Amateur Batson stayed behind until their last time at bat. They scored seven runs. Jack Durbin was the losing pitcher.

Roden Defeats Keeling 12-7

In the Pony League, Monday night Roden Drug defeated Ware and Keeling, 12-7.

Roden Drug came out from behind in the last inning. They got 12 runs off of 11 hits. The hitting stars were Jerry Kuller, Frank Strain, and George Moore, who all collected home runs. The winning pitcher was Van Austley.

Ware and Keeling got 7 runs off 8 hits. Pedro Contreras and Max Ball were the hitting stars for Ware and Keeling. Ware and Keeling was closed until the last inning. The losing pitcher was Pete Estrado.

Dairy Queen Downs Amherst

Dairy Queen defeated Amherst 12-12 in Tuesday's game. Dairy Queen got 12 runs off of 11 hits. Buzz Gertz and De Pierre were hitting stars. Each got

THE SWING THAT HAS SENT FIVE OUT OF THE BALL PARK. Davy Estrado of the Jaycees swings and hits the ball against the Lions Tuesday night. The catcher is Johnny Weaver and the umpire, James E. Jones. Estrado is currently leading in home runs with five to his credit. (Staff Photo)

TONY ESTRADO LEADS WITH FIVE

22 Home Runs Hit In 1957 Little League Play

Davy Estrado of the Jaycees, who tied with Van Austley and Tom Lewis last season for the home run honor, leads the Little League at present with five home runs after getting off to a slow start. Roger Morris of the WOW is second with three to his credit.

Through Tuesday's game, the total for the season now stands at 22 with three being hit in the minor league. Doug Yarbrough of Yarbrough Foust and Jimmy Evans of the VFW have two to be the only hitting in the minor league to put the ball over the fence.

Estrado is a pitcher, catcher, shortstop and fielder for the Jaycees, playing everywhere except first base.

Below is listed the home runs and the teams that the legs are

- AWARDS: Davy Estrado 5, Billy Stone 1, and Robert Casper 1.
- WOW: Roger Morris 3, Berry Gertz 1, Raymond McKinstry 1, and Kenneth Moore 1.
- ROTARY: Clinton Holley 2, Gary Schowaga 1, and Don Stephens 1.
- LIONS: Vernon Trammis 1.
- VFW: Jimmy Evans 2.
- YARBROUGH FOST: Doug Yarbrough 1.

2:15-5:00 p.m. - Pos ton.

Whitharral People Attend Church Reunion

Whitharral residents who attended the last four days of the annual Church of Christ reunion, in Sulphur, Okla., June 23th through July 4th, were: Mrs. W. A. Pen- tree, and son Gene, Wayne Sev-

ton of Whitharral, Mrs. Willie Lyons and son Ronald of Levelland, also Bro. Alto Whitharral and wife Janice of Levelland, recently from Panama City, Florida. A large number were present from Oklahoma and neighboring states. The more distant states with greatest representatives were: California, Oregon, Indiana, Alabama, Florida, West Virginia and Georgia. Two services were held daily with all day services

the 4th, ending before 4 p.m. that day. The party was entertained en route home at Wichita Falls by a supper and freezer of ice cream by a group of Wichita church people and relatives of Mrs. Lyons. Attending the reunion was a man from foreign land. Several years ago missionaries were sent by the church to Africa. E. C. Seyere, a native of Nyasaland, Africa, after several months of awaiting passport regulations to

be completed, flew to this country and was present for the meeting. He speaks several different languages. He hopes to learn subjects while here to help them in their worship and growth as Christians in his native land. He is rapidly adapting himself to our customs and manners and is much amazed over the many things here, one can buy, especially the good food. Severe returned to California but will later tour other states

Monthly WSCS Luncheon Held

The Women's Society of Christian Service held its monthly luncheon meeting in the parlor while on leave here. Levelland is one of the Texas towns he plans to visit in the near future, and will speak in the church there.

of the First Methodist Church Wednesday at noon. Hostesses for the luncheon were Miss Louise Chisholm and Mrs. Buster Owens, Jr. A new topic, "Mission Field, U.S.A." was developed and discussed by Mrs. Harry Vanderpool. An executive meeting precede the luncheon at 11:00 a.m. Attend Your Church Regularly

Summer Recreation Program Ends Friday

The Summer Recreation program in Littlefield for all ages between the ages of six and twelve ended Friday. Gene Mayfield, who was general of the summer program, said that the program this year was most satisfactory. He said that the average daily attendance was 175, which is the best attendance that has ever been.

Presley, Coach Gene Mayfield, Anne Q. Bellomy and Merle Roberts assisted Mayfield with the activities. One person spent playing in the swimming pool, one in the park and other at the swimming pool. The year funds derived from the sale of tickets to the City swimming pool go into a Swimming pool fund, which pays for the recreation program. Coach Mayfield said that June is a good month for the pool, as the summer goes on and the funds dwindle. Enough money was made to pay the expenses of the program during the closing day of the program. The following were announced as winners of the Recreation Program's water events.

Logan Cummings Conducts Youth Led Revival

Logan Cummings (619 E. 16th) a Littlefield junior at Texas Tech, is one of 45 Texas Baptist students conducting youth-led revivals in churches throughout the state during the summer months.

Dr. W. F. Howard, director of the student department of the Baptist General Convention of Texas, said the young ministers will conduct more than 100 revivals during the summer.

More than 1,000 revivals have been conducted since the program was begun by the department in 1946, Dr. Howard said. More than 44,000 decisions for Christ have been recorded.

The young ministers and music directors go out in teams of twos and fours to conduct the services. Most of them are in school preparing for full-time Christian service.

Revival campaigns started in June and will continue through mid-September.

Before beginning their work this summer, team members met for a two-day clinic at the Mount Lebanon Encampment grounds near Cedar Hill.

Mr. And Mrs. Bob Rogers Attend Reporters Meet.

MR. AND MRS. BOB ROGERS

Bob Rogers, district court reporter, was elected Secretary-Treasurer of the Texas Short-Hand Reporter's Association. The election was held at the association's annual meeting on

Governor Proclaims Farm Safety Week in Texas

College Station, July — The death toll from farm-work accidents last year in the nation was higher than in any other major industry, "Farm accidents," said Governor Price Daniel on June 13 when he issued his Farm Safety Week Proclamation. "It has become a serious problem which not only causes untold suffering among our rural population, but which affects the economy of the entire Nation."

In proclaiming the week of July 21-27 as Farm Safety Week, Governor Daniel pointed out that the Texas Safety Association, the Texas Farm and Ranch Safety Council and the Texas Agricultural Extension Service would be cooperating with the National Safety Council and the

U.S. Department of Agriculture in carrying out a farm accident-prevention educational effort. This campaign is in keeping with a proclamation issued earlier by President Eisenhower on a national basis.

Governor Daniel said, "The effect of accident-prevention programs has indicated that our rural residents, through attention to safety education, can greatly reduce accidents and the resulting loss and suffering. Therefore, as Governor, I urge all farm families to join in a continuing campaign against needless accidents."

The Texas Farm and Ranch Safety Council strongly believes that farm accident prevention efforts should be made a part of every family's plan for improving their farm and home. "Until farm families become conscious of the multitude of accident hazards which surround them, little progress can be made in removing the hazards," says the Council. "We would like to see the farmer and every member of his family become as safety conscious as are the people who work in industries where the accident rates have been reduced almost to the zero point. We think it can be done, if as Governor Daniel says, everyone will participate in a continuing educational campaign to wipe out farm accidents."

Rogers is married and has three children, Joanna, Mark, and Andy. Mrs. Rogers attended the meeting with him. Both Mr. and Mrs. Rogers are originally from Plainview.

WE NEED USED CARS NOW..

WE'RE OUT OF USED CARS

YOUR PRESENT AUTOMOBILE WILL NEVER BE WORTH MORE

Due to the complete exhaustion of our supply of used cars we can truthfully say "Your Present Car Will Never Be Worth More." We are out of used cars and the demand is great. Tranquilizers Kill Anxieties That Help Us

Many people in the United States have resorted to tranquilizer drugs to get relief from anxiety and tension. It was estimated that nearly a third of all prescriptions now contain some tranquilizing agent.

The estimate constitutes a sorry indictment of either our way of life, or many of our people. Is the pace of business and home life so severe that tranquilizers must be gobbled up like vitamin pills, or have many people weakened to the point where they are unwilling to experience any of the anxieties which man has known since the beginning of human existence?

Dr. Robert H. Felix, director of the National Institute of Mental Health, has been studying the effects of the tranquilizers since they first came into widespread use. He says there is no reason for tranquilizers to be taken by persons who are not mentally ill.

Dr. Felix contends that by doing this the doctors are defeating the mechanism that nature has provided for the normal person to meet periods when they have to put out a little extra. The happy pills slow down mental and physical performance.

In a well person, the doctor has found, tranquilizers disorganize him, while in the schizophrenically ill person, or ganizes him better.

It would seem from the doctor's remarks that the liberal use of the tranquilizers by doctors and patients should be curtailed.

National Hot Dog Month

Newspaper editors all over the country recently received five pages of facts and data concerning National Hot Dog Month, which is July. Not only did the information sheet fail to knock us out of our seat but, in addition, it brought to mind the extremes to which publicity is carried in the United States.

The information received stated that communities throughout the nation would hold Hot Dog eating festivals and that a national Hot Dog queen would be selected. Governors and mayors are issuing proclamations concerned with Hot Dog Month.

If governors and mayors do not have more to do than issue proclamations about Hot Dog Month and if beauty contestants vie for the title of Hot Dog Queen, then we guess that makes it official. However, we are having too many special days, weeks and months these days and the publicity barrage in America is reaching fantastic proportions.

Some of the "Poop" put out by the publicity outfit booming Hot Dog Month notes that the hot dog has often been looked upon as an index of business conditions. The theory holds that the fatter the hot dog, the better economic conditions. Stock traders might watch this.

The longer we live the more we realize most of the baloney in life is unnecessary, and most of the highly-publicized events, celebrations and observances are ninety per cent humbug. It is well for citizens who have something to contribute to their community to put their time and effort to worthwhile causes, and limit the number of causes, and accomplish something, rather than fritter away time and efforts on nonsense as so many of us seem to do these days.

On Pay Television

The climax seems to be approaching in the battle over pay television vs. free television. Several companies are apparently ready to go ahead with plans to install pay television systems and Congress might be called upon to decide the issue.

The great arguments against pay television is that the television air waves should be free, just as are the radio wave lengths. The American peoples should not have to pay for programs which they could see free if the advertisers continued to pay for them—as our radio and television industry now operates, according to this argument.

On the other hand, advocates of pay television say that the public would be allowed to see programs they could not otherwise view, and that television fare would improve greatly if charges could be made for high-quality programs.

We think Congress should call a halt to the initiation of pay television operations until a thorough study of the question can be made. There would be no harm in experimental projects, some of which have already been made but the question is too vast to be solved by default, so to speak. Congress should decide the course to be followed and direct the FCC to implement its decision and this should be done in the next two months, although we know chances probably are not good for such action.

However, Senator Strom Thurmond, Democrat of South Carolina, has introduced legislation in the Senate which would prohibit pay-as-you-see TV, and in the House, Representative Emanuel Celler, New York Democrat, has introduced a similar bill.

LAFF - A - DAY

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—"Summertime... and the livin' is easy" says the song. But under the State Capitol dome there's quite a bit to keep folks uneasy, even in this summer lull.

House Speaker Waggoner Carr stirred things up by saying he was afraid the state couldn't afford the possible half-million-dollar tab for a special session in the fall. It might mean new taxes, said Carr, since last Legislature appropriated nearly every cent no win sight for the next two years.

Gov. Price Daniel, who is considering the special session, has fended to say that he had "no idea" of submitting a new tax request. He pointed to his recent effort to get foreign oil imports limited so Texas production could be increased. Much of Texas' tax revenue comes from oil production, so this move, if successful could improve the state's financial outlook.

Another source of uneasiness is the Travis County grand jury — hard at work, despite the heat. Insiders predict six or seven indictments resulting from the ICT and bribery investigations begun by the Legislature.

If true, this means more people are in trouble than outsiders can as yet account for.

Others are critical of the State Water Board's inaction. Plagued by internal disagreements, the board has delayed a year in ruling on the Canyon Dam squabble. In this case the City of San Antonio and the Guadalupe-Blanco River Authority locked horns over whether San Antonio could get water from the proposed dam.

Governor Daniel will be able to make a new appointment to this board in August.

COX TRIAL DUE—Trial of Ex-

Rep. James E. Cox of Conroe is set to open Monday (July 15), but there are good indications it'll be delayed.

Cox was indicted last spring on charges of consenting to accept a bribe. Dist. Atty. Les Proctor says the state is "ready to go." But defense attorneys admit they'd rather wait until publicity dies out and the weather cools off. They spoke of probable postponement moves.

Reporters, recalling the sweltering weeks spent covering the trial of former Land Commissioner Bascom Giles two summers ago, admit they're not eager to see this one start now.

INSURANCE STUDY ON — An overall survey of the Texas Insurance Commission's operations by a private outside agency is going forward with official approval from all sides.

First action of the new Insurance Board was to request a Texas Research League study of the department. Actually, the League already had begun the task after requests last spring by then-Comm. Chm. John Osorio and by a House investigating committee.

Reorganized board took the reins after swearing in of new member David B. Irons and Joe P. Gibbs, who had served "temporarily" for the past few months. Former Dist. Judge Penn Jackson was installed earlier.

Governor Daniel expressed confidence the board would soon get rid of the few "rotten apples" still remaining in the insurance industry. None of the men sought the jobs, said the governor; they were "drafted."

50-50 PLAN LAUNCHED — A new era in Texas highway building opened when the state executed its first contracts to help

DOWN MEMORY LANE

(From the files of the Lamb County Leader, July 8, 1937.)

Dr. and Mrs. J. B. Wright of Floresville, Texas visited Dr. and Mrs. Thomas B. Duke enroute to Albuquerque, New Mexico.

Mr. and Mrs. Bob Cox returned from a few days visit in Central, Texas.

Mrs. Ben Lyman and her son, little Billy, returned Friday after spending Monday on a sight seeing tour of Carlsbad and Ruidoso, New Mexico.

Hall Motor Company advertised a 1933 Chevy 4-door, 5 passenger Sedan. Clean. This crate only needs a little work on it and you will have a good car. Price \$257.55.

counties with right of way costs. Until now, law required local governments to buy the land and the State Highway Department to pay construction costs. A new law passed last spring allows the state to share 50-50 in land costs.

Highway Engineer D. C. Greer says that the highway department is working ahead of the effective date of the bill (Aug. 22), "in order to get the program under way."

Counties with which contracts were negotiated are Jefferson, Falls Cherokee, Wood and Hill.

SCHOOL STANDARDS UPED—More money and more study are in prospect for Texas public school children.

State Board of Education voted to hike state aid to schools by \$1 per pupil. It means \$82 per pupil for roughly two million pupils in the 1937-38 year.

Board also gave final confirmation to a plan to raise accreditation requirements for high schools. Future graduates will have to have 16 units of study, one more than before. Health and physical education won't count, but credits must include four in English, two in math, two in laboratory science.

Beginning in 1939 accredited high schools must have four, instead of three, full time teachers.

UT SALARIES RAISED — Teachers in the University of Texas system can look forward to raises averaging \$800 a year for the coming school year.

Due to bigger Legislative appropriations, new budget adopted by UT regents is 16 per cent higher than this year's.

Faculty members will get \$500 to \$2,500 raises, depending on rank. For the average prof, it means a jump from \$6,009 to \$6,815 per year.

RAIN NEEDED AGAIN — Almost a month of dry sunny weather has many Texas farmers returning to an old refrain—"more rain!"

U. S. Department of Agriculture reports that most of the state except that touched by the hurricane, need showers.

Range growth has slowed, said USDA, and cotton is running very late. But it predicted one of the largest sorghum harvests on record.

SHORT SNORTS—Texas construction contracts awards in June were up \$34,000,000 over last year, reports the Texas Contractor magazine. A billion-dollar construction year is foreseen... Truck freight rates will go up five per cent beginning July 10, announced the railroad Commission. It will cost shippers an estimated \$2,500,000 per year... Texas' draft quota for August is down slightly, 547 compared to 661 in July. Col. Morris Schwartz, State Selective service director, also announced new regulation giving draft exemption to members of Ready Reserve units... C. C. Crutcher of Austin has been named director of the League of Texas Municipalities. He succeeds E. E. McAdams who served as director for 22 years... Governor Daniel has asked the federal government to approve flood control projects for Hudson, Hays Counties. Work would be financed jointly by the U. S.

Sandhills Philosopher Ignores Farm Problem For A Change, Picks On Russia

Dear editor:

While it may sound a little odd for a country that can't figure out how to ban a crop surplus of its own to be attending a meeting of world leaders on how to ban the world-wide testing of the Hydrogen Bomb, none the less I was reading about the conference they held over in London recently on banning these H-bomb tests and I went to the trouble of slipping working in the field two whole days just to think about it.

As I understand it, the United States is willing to ban these tests, provided Russia will agree, and Russia will agree, provided we'll take her word for it.

As I understand it, the United States is willing to ban these tests, provided Russia will agree, and Russia will agree, provided we'll take her word for it.

Now I'll tell you. Outside of trying to buy a money order on the installment plan, I don't know of anything harder to do than trying to get Russia to live up to an agreement.

If Russia agrees to ban further testing, it means one of two

things, or she'll go right on ignoring them. If some inspectors one go off, the Russians will smile and first say there's nothing to it. It was just an exploding a firecracker test of the Ukraine. If the inspectors swore their detecting showed it was a hydrogen bomb, the Russians would promise investigation, and after months of talk would admit the bomb did go off, but it was an accident, some scientist leaving the laboratory in a hurry to get home to supper and he was turning off the light when he flipped the switch.

I'll tell you, the Russians a Russian answer for every If I had one 'em living to me on an adjoining farm his cows got over into my pasture and I complained, he'd come with an indignant statement my pasture was attacking cows and I owed him money for the outrage.

All I've got to say is I'd meet some of these people will accept a signed agreement from Russia on anything to some Confederate bonds to sell them for cash.

Your faithfully,

J. A.

Dearborn CORONET Air Coolers

Kitten-quiet... Dearborn Coronet Air Coolers operate with the softest of purrs. And pretty as a picture... cool as a seashore breeze... that's Dearborn Coronet cooling, too! It puts cool comfort right at your fingertips... jewel-tone pushbuttons that let you control the temperature to suit yourself. It operates with such thrift, you can cool your entire home for what it usually costs to cool just one room by other methods.

Come in and see the finest, most beautiful air cooler made... the Coronet. It's a Dearborn product, famous for quality all over America.

By the makers of famous Dearborn heaters.

Ford wins the battle of the builds

Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.
2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.
3. Only Ford in its field offers automatic variable-rate rear springs that automatically adjust to give a smoother ride, no matter how rough the road conditions.
4. Only Ford in its field offers new swing-back ball-joint front suspension that "rolls with the punch" on rough, bumpy roads.
5. Only Ford in its field offers as many as five strengthening roof cross members for a more rigid roof... greater quiet and safety.
6. Only Ford offers such a savingful car. A Ford Six beat all other cars in the 1937 Mobilgas Economy Run in the miles-per-gallon department.
7. Only Ford in its field offers a frame with 3 tubular cross members. There are 5 cross members in all... enabling the frame to withstand stress from all directions.
8. Only Ford, among all makes, electronically balances every V-8 engine while it's operating under its own power.
9. Only Ford in its field offers so much soundproofing for a quieter ride under all road and weather conditions.
10. Only Ford in its field offers such a well sealed body for greater freedom from dust and weather wherever you travel.
11. Only Ford in its field offers rear door assist springs and two-position front door checks for easier entrance and exit.

First Water Arrives In Lubbock From Bailey County

Following more than five years of planning and construction, the first water from a 50-year supply in the sandhills of Bailey County flowed into Lubbock distribution lines Friday.

The water arrived at 5 p.m. last Thursday by gravity flow through the recently-completed 56-mile concrete pipe supply line and was pumped in Lubbock city reservoirs during the night.

Investment of \$5,500,000
Arrival of the first water represented an investment of \$5,500,000 by the City of Lubbock in a future water supply envisioned by the Lubbock City Commission and members of the Water Resources Board back in 1952.

That was when negotiations were started for the purchase of the first water rights on approximately 50,000 acres in the sandhills area. Funds to finance the project were voted in a \$9.8 million bond program adopted by Lubbock citizens Nov. 8, 1955.

Detect No Difference
Only six million gallons of water from the sandhills source went into city distribution lines last week, Public Works Director N. B. McCallough said.

Users won't be able to detect any difference in taste or hardness of water, McCallough said, as the Bailey County water has basically about the same chemical analysis as Lubbock water.

Before the water was turned into the reservoir in Lubbock, the 56-mile pipeline was thoroughly cleaned out, sterilized and chlorinated, McCallough said.

Three weeks were spent in sterilization and chlorination of the line, with samples being taken by the State Health Department from

the wells and various sections of the line in making the analysis of the water which has been approved by the department.

Heavy chlorinated water was forced out of the line at various points and used to compact the pipeline trench by flooding.

First water to flow through the big supply line only filled a small portion of the pipe, which ranges from 42 to 45 inches in diameter. The line is 45 inches to Littlefield and 42 inches from Littlefield to the Bailey County reservoir.

The line has a gravity flow capacity of 40 million gallons a day and a 60 million gallon daily capacity by pump pressure.

Installation of pumping stations on the line probably will not be made until at least 1963, City Engineer John Hickerson said unless Lubbock shows an unexpected population gain before that time.

The water is being pumped from eight wells in League 206, the nearest point in the sandhills area on the Lamb-Bailey County line. The wells are being pumped slowly at a rate of about 500 gallons per minute so as not to bring up sand in collector lines Hickerson said. This rate deposits about 4,000 gallons per minute in the terminal in Bailey County.

Plans Orderly Development
The city plans orderly development of the sandhills area in which it owns approximately 75,000 acres of water rights purchased at a total cost of \$1,255,000.

The first water rights were purchased in 1952 on approximately 50,000 acres for \$10 an acre. Later, in 1954, League 206, containing 4,400 acres, was purchased at the same price and recently the city added to its holdings by buying rights on 21,000 additional acres from Ewing Halseil and others at a cost of \$35 an acre.

This last purchase joined all the land into one tract. First portion of the 56-mile supply line was constructed to Shallowater three years ago at a cost of \$650,000. The portion from Shallowater to the sandhills was finished earlier this year at a total cost of \$3,150,000.

In addition, the city constructed a reservoir and pump station in League 206 at a cost of \$250,000. Drilling of the eight wells and running of collector lines cost an additional \$250,000.

Assures Ample Supply
The Bailey County supply has been estimated by engineers as being sufficient source of water through the year 2000, even if the Canadian River dam and pipeline project is not constructed.

Construction of the Canadian project should extend the supply for another 50 years, engineers say.

Production and distribution of the sandhills water may eventually be controlled by a micro-wave supervisory control system, which may eliminate the necessity for pump staffs along the line except in cases of emergency, Hickerson said.

Through this system, an operator at a single control board can turn on and off pumps, valves and other facilities electronically.

The Shallowater and local well fields are now operated by a similar system connected by electric lines, which has been in operation for the past two years. This wired system cost \$110,000, while the micro-wave system to Bailey County would require an expenditure of approximately \$350,000.

Peak Two Weeks Earlier

Despite a wet June, during which water consumption has been below normal demand, the peak pumpage day was registered two weeks earlier this year than in 1956, so the Bailey County water project can be cited as an insurance against a possible water shortage, City Mgr. H. P. Clifton said today.

The 1957 peak pumpage day was reached Tuesday when 34.2 million gallons of water were sent through distribution lines. It was the fourth consecutive day that pumpage had been above the 30 million-gallon mark.

Clifton said the past several days of hot weather accounted for the rapid rise in usage of water, which up until July 1 had been far below last year's total

News From Amherst

By MRS. LESTER LA GRANGE

Mr. and Mrs. James Holland, Jan and Paul were guests of Dr. and Mrs. Charles Craig and Jessie in Floydada July 4th.

Mr. and Mrs. Wafford Crosby, and family were in Cliby for the fourth as guests of her relatives.

Mrs. Edmond Dayton and little daughter, Cindy Lee of Lawton, Okla., are spending the week with her parents, Mr. and Mrs. Jim Pugh and other relatives. Mr. and Mrs. Pugh went for them Friday.

Mrs. Bert Bench, Helen Feagley, Elvin Jo Chapin, Judy Angeley, Mary Vance and Ann Canada were among those attending the Baptist encampment at Blanco Canyon, near Floydada Friday. The camp was held at the home of Mrs. Edmond Dayton and between four and five hundred attended.

Guests in the J. B. Allensworth

and had resulted in a decline of approximately \$300,000 in water revenues.

But starting Sunday, when 25.4 pumpage figures have been near million gallons were used, the the peak. On Monday, pumpage was 31.6 million gallons; Tuesday, the peak day, 34.3 million gallons; Wednesday, 32.2 million gallons and Thursday, a holiday, 30.4 million gallons.

home are his sister and family. Mr. and Mrs. J. W. Long, son and daughter of Oklahoma City.

Dameris Crosby, daughter of Mr. and Mrs. W. H. Crosby entered Draughon's Business College, in Lubbock Monday. She was one of the honor graduates of the 1957 class of Amherst High School.

Guests in the Rob Feagley home for the Fourth of July week end were their son Bill, wife and little daughter of Fort Hood, where he is stationed in Army Training.

Jim and Gene Templeton were in McKinney for the weekend.

Billie Gene Gee was here from ACC, Abilene, with his parents and brother, Mr. and Mrs. E. E. Gee and Jerry for the holiday weekend.

Mr. and Mrs. Ray Blessing and son, Pat and her sister, Mrs. Lucille Loventhal of Georgetown visited Mr. and Mrs. Ray Young in Lubbock Saturday.

Mrs. Stirl Harmon visited her daughter, Mrs. Dale Wheeler and husband in Midland last week.

Mr. and Mrs. Lester LaGrange and Mary Lenore spent the July

4th weekend in the mountains of northern New Mexico. They were guests of Mr. and Mrs. L. E. Slate of Sulan, who are spending some time there. Other guests were Mr. Slate's brother and wife, Mr. and Mrs. John Slate of Denver, Colo.

Mr. and Mrs. Jack Melton of Abilene were her for the weekend as guests of his mother, Mrs. Velma Melton and brother, Jim and family. Their son Jody, who had been here with his grandmother for a few weeks, returned home with them.

Debbie Kindred of Lubbock spent last week with her grandparents Mr. and Mrs. Allan White. Her parents spent the week at Ritos, N.M.

Mrs. David Harmon took her daughter Pat, Marian Baker, and Joe Willard to Abilene Monday where they attended the Methodist Youth Fellowship Assembly at McMurry College. Mrs. Harmon spent Monday night with her daughter Mrs. Jarrell Thorp and Rev. Thorp at Tye.

Mr. and Mrs. O. A. Summers of Carlsbad, N.M., visited her father and sister, W. B. Smith and Mrs. Effie Veach last week.

Mrs. Lina Grissom is spending this week with her daughter Mrs. Wilma Swindle and granddaughter, Mrs. Edward Bennett and families in Hart.

A. J. and Alvie Mote and Bill Robertson left Monday for the harvest in Kansas.

Mr. and Mrs. C. E. Williams and sons of Hereford and Mr. and Mrs. Ray Williams of Amarillo were here for the fourth of July. They, with Mr. and Mrs. S. D. Williams enjoyed a picnic dinner at the Eryle Abbott home.

Guests in the home of her aunt, Mrs. Maude Bennett three days last week were her niece and husband, Mr. and Mrs. Don Huffman of Throckmorton.

Mrs. Huffman accompanied Mrs. Hattie Noble, Mrs. Bennett's

sister from Albuquerque and Mrs. Wilson Clayton and daughter of Littlefield to Austin and San Antonio this week.

L. M. Atkinson, C. F. Thompson and others are employed in the wheat harvest near Spearman.

Deak Brantley, son of Mr. and Mrs. Many Brantley entered Army training Tuesday of last week. He was sent to Fort Carson, Colorado from Amarillo.

Ronnie Mann returned to his home, Centralia, Ill., last week after spending the past few weeks here and in Littlefield with relatives. His uncle Loyd Crosby took him by plane.

Mr. and Mrs. W. O. Long and children visited his parents, Mr. and Mrs. Ted Long during the weekend. They have attended the first summer term of West Texas State College, Canyon, and plan to return to Utah this week end. W. O. and wife are teachers in the Inter Mountain Indian school at Brigham City.

Mr. and Mrs. "Shorty" Vernon of Hereford were guests of her mother Mrs. P. S. Steddum during the weekend.

Guests of Mrs. Amy Bench for the weekend were her grandson, J. Y. Kisinger, his wife and sons of Irving and the Bill Kisingers of Earth.

Mr. and Mrs. Fred Wilson have a new grandson named James Robert Wilson. Their son and wife, Mr. and Mrs. Buster Wilson of Kenal, Alaska adopted the infant recently.

Mr. and Mrs. Joe Brandstatt and family returned Saturday from the family reunion held at Lake Murray near Ardmore, Okla.

Mr. and Mrs. A. T. Hedgpeth left early Thursday morning when they received word that his mother, Mrs. J. D. Hedgpeth, 82,

had suffered a heart attack, at her home near Gatesville. She passed away within two hours. Funeral services and burial were at Liberty, near Gatesville, Friday.

Mr. Hedgpeth's father died a few months ago. Mr. and Mrs. A. T. Hedgpeth visited their son Harry and family in Fort Worth and their daughter Mrs. Hal Beck at Coleman and family as they returned from his mother's funeral.

Mrs. Beck's health is much improved at this time.

Guests in the home of her sister Mrs. A. J. Mote, are her sister Mrs. A. W. Trammell, Mr. Trammell and three children of Lawndale, Calif.

They visited her brothers Troy Lance and O. B. Lance of Sudan and sister Mrs. Woodrow Alford of Littlefield, while here. They have gone to San Antonio for a few days the last of the week for a visit with other relatives and will return here next week before leaving for California.

Mrs. E. M. Tucker of Amarillo was a guest in the Mote home Sunday, also.

Mr. and Mrs. Sid White and sons of Amarillo, Mr. and Mrs. Allan White, Jr., and son of Lubbock were here for the Fourth of July with Mr. and Mrs. Allan White, Sr.

Members of the Amherst Volunteer Fire Department and their wives enjoyed a steak supper at the Bob Clayton home Friday

night. Mr. and Mrs. Herschel and family of Memphis visited their cousins Mrs. Shirley and family and Mrs. Homer Campbell last end.

Mrs. J. W. Withrow and her family returned to Amherst after residing sometime in Tulsa.

Mr. and Mrs. Bill Stammers and family of Sudan were here Monday. Mrs. Stammers continues treating the local hospital for the school bus accident Sunday.

Mr. Joe Boreman, Boreman of Lubbock, Frankman, Springlake, Mrs. Boreman, Earth and Mrs. Boreman of Quamedo attended their cousin Eb Boreman's golden wedding anniversary party in Mexia recently.

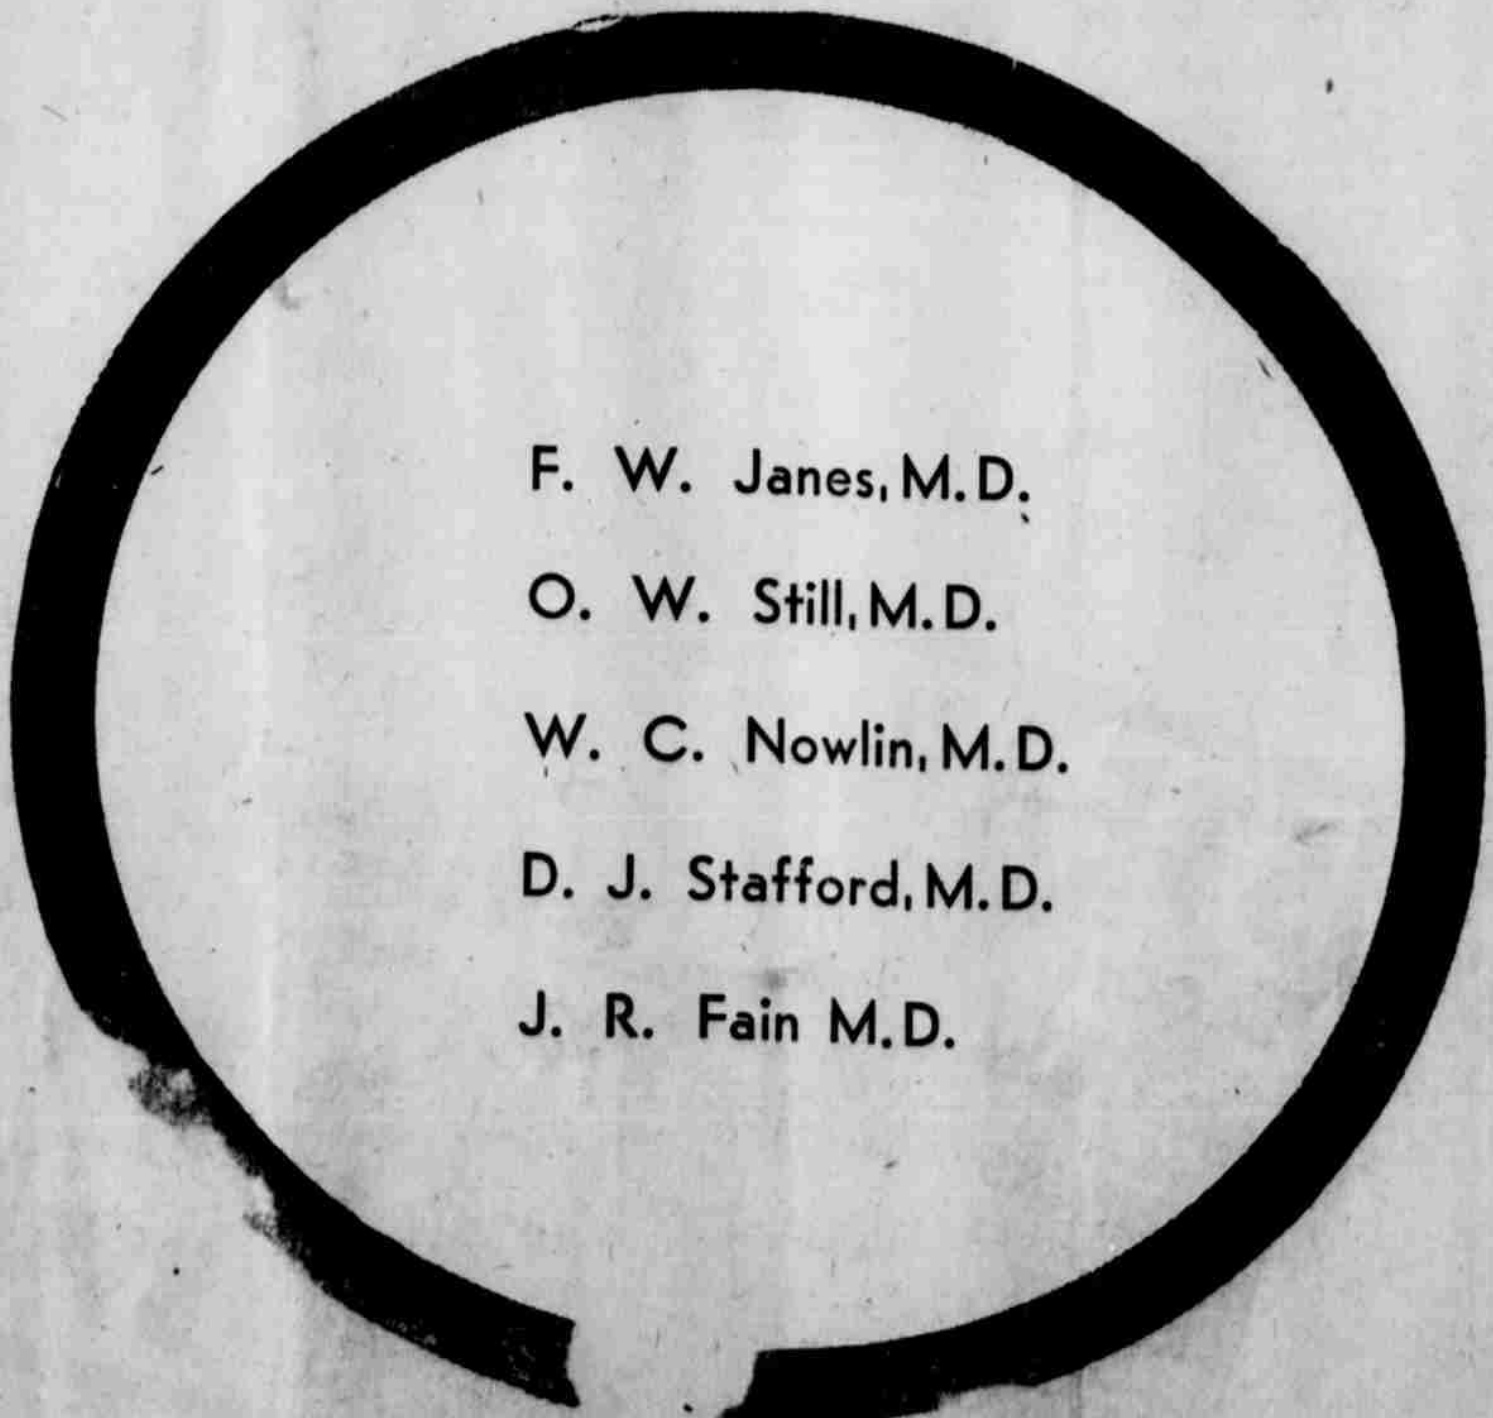

Use of daylight saving time was first advocated in 1907.

Washington News Letter

By Senator Lyndon Johnson
"Come now, and let us reason together."
July 3, 1957

Dear Friend:
An old story and a sad one

a point for the Southwest corner of this tract;
THENCE South 89° 30' East and parallel to the North line of said labor a distance of 250 feet to a point for the Southeast corner of this tract;
THENCE in a northerly direction at an angle of 73° 25' with the last described course a distance of 1930 feet to a point in the North line of said labor;
THENCE North 89° 30' West along the North line of said Labor 9 a distance of 800 feet to a place of beginning, containing 22.30 acres more or less; save and except, however all the oil, gas, and other minerals in, on, under and that may be produced from said land above described heretofore reserved by Alice Duggan Gracy and Arthur P. Duggan, Jr., in deed dated December 19, 1950, and recorded in Volume 140, Page 74 of the Deed Records of Lamb County, Texas, and Labor No. 2, Capitol League No. 673, Abstract No. 348, Original Grantee Abner Taylor, less however and save and except that portion of said property conveyed for road purposes and subject to any easements and public utilities and save and except 1/2 of all the minerals and mineral rights which were reserved by Alice Duggan Gracy and Arthur P. Duggan, Jr., in deed dated May 24 1944, recorded in Volume 100, Page 306, of the Deed Records of Lamb County, Texas, and save and except 21.2 acres of said Labor 2, Capitol League No. 673, heretofore sold and conveyed to Arthur P. Duggan, Jr. and Alice Duggan Gracy by deed recorded in Volume 164, Page 171 of the Deed Records of Lamb County, Texas, described by metes and bounds as follows:

BEGINNING at the Southeast corner of Labor 2, League No. 673 for the Southeast corner of this tract;
THENCE North 89° 30' West with the South line of said labor a distance of 1977.7 feet to a point for corner;
THENCE in a Northeasterly direction at an angle of 73° 25' with the last described course of 510 feet for a point for corner;
THENCE SOUTH 89° 30' East and parallel to the South line of said labor a distance of 1835.7 feet to a point in the East line of said labor;
THENCE South 0° 31' West with the East line of said Labor 2 a distance of 400 feet to the PLACE OF BEGINNING and containing 21.2 acres more or less.

The City of Littlefield, Texas, reserves the right to set-in and keep that portion of said land above described that has been designated or prorsized as the right of way for the new location of U. S. Highway 84 as shown by map or plat of said proposed right of way so designated on file at the City Hall of Littlefield, Texas, reference to which is hereby made for more accurate description of said proposed or designated right of way.

The sale will be for cash or on such terms and conditions as the City may see fit to grant, however bidders must enter their proposals or bids with the understanding and expectation and condition that the sale will be for all cash to be paid upon the delivery of deed and closing of the sale. The City will furnish only one abstract of title certified down to August 1, 1957, at 7:00 o'clock A. M. The bidder, if he so desires, shall inspect the land above described and familiarize himself with all the factors concerning the sale.

The City of Littlefield, Texas, reserves the right to reject any and all bids and to accept the bid deemed to be the most advantageous to the City.

Hi-Plains Station Makes Fertilizer Tests On Cotton

Halfway, Texas. Even though planted later than desired almost all of the fertilizer tests planned for 1957 at the High Plains Station have been planted and the crops are up to a good stand.

Fertilizer tests on cotton include a rate and ratios study using nitrogen and phosphate at 40, 80, and 120 pounds of nitrogen and phosphate per acre. Each of these rates is applied alone and in all possible combinations. These combinations include 40 pounds of nitrogen in combination with 40, 80, and 120 pounds of phosphate, 80 pounds of nitrogen with 40, 80 and 120 pounds of phosphate, and 120 pounds of nitrogen with each phosphate rate. This test is used to show which rates of nitrogen and phosphate are most efficient in increasing cotton yield.

In another fertilizer test with cotton six different sources of phosphate fertilizer are being compared at three rates, 40, 80 and 120 pounds of phosphate per acre. The phosphate materials used are 20 percent super and 45 percent super, ammonium phosphate, ammoniated super phosphate, raw phosphoric acid, and refined phosphoric acid. A uniform application of nitrogen at 60 pounds per acre was applied to each plot with the phosphate. All these materials are being sold to High Plains farmers and this experiment is being conducted to see if any of these materials is more effective in increasing crop yield and net return to the farmer.

A fertilizer experiment is also being carried out with cotton to compare pre-plant application of nitrogen with the same amount applied as a side-dressing when the first squares begin to appear. Application rates are 40, 80, and 120 pounds of nitrogen per acre for both the pre-plant and side-dressing applications. A uniform application of phosphate at the rate of 80 pounds per acre was made to all the plots in this experiment before planting.

Another fertilizer experiment is planned for cotton in which all these different methods of application now being used will be compared. These methods will include broadcast applications

Leonard Short Is Also Honor Student

Eugene McNeese And Leta Merle Roberts Are On Tech Honor Roll

A Littlefield resident, Eugene McNeese and a former resident, Leonard Short were two of the thirty-six top ranking students at Texas Tech. Miss Lu Anne McNeill, bride elect of Garland Thornton of Littlefield, also scored a 3.00 grade point average.

Miss Leta Merle Roberts was among the upper five percent of the student body.

Thirty six of Texas Tech's 6,953 Spring Semester undergraduates compiled 3.00 grade-point averages, the equivalent of straight A's the Registrar's Office of Texas Tech has announced.

Another 310 students joint the top 36 on the Spring Semester Honor Roll, composed of the upper five percent of the student bodies in each of Tech's five undergraduate schools.

One of the thirty-six students with a 3.00 grade average in Arts and Sciences is Miss McNeill, senior of Lubbock who is the bride elect of Garland Thornton of Littlefield.

In the school of engineering, with an average of 3.00 is Eugene McNeese, son of Mr. and Mrs. Leonard McNeese; and Leonard Short, sophomore from Post, son of Mr. and Mrs. Lowell Short, former Littlefield resident.

Area students in the upper and chiseled in at different depths and spacing before plowing and after plowing in the fall. Different methods of applying fertilizer to bedded land before and after the pre-plant irrigation will also be included. This experiment will be started this fall.

Elms And Lewis To Attend SP Cotton Growers Meet

Directors of the Plains Cotton Growers, Inc. will meet July 16 at 10 a.m. in the Caprock Hotel, Lubbock; to hear a legislative report on cotton bills now before Congress and to consider possible changes in 1958 cotton allotments.

W. O. Fortenberry, Lubbock, President of the PCG, said additional details of the PCG supported cotton bill introduced in the U. S. House by Cong. Paul Jones of Missouri will be explained by Geo. W. Pfeifferberger, Executive Vice-President, W. L. Edelman of Friona and Dan Dav-

is, Lubbock, who attended hearings of the bill recently in Washington.

Also the Texas Agricultural Stabilization and Conservation Committee are now at work drafting policies concerning the 1958 cotton allotments. PCG Directors will hear proposed plans on freezing Texas cotton allotments at the 1957 level and other policies affecting acreage.

M. A. Elms, Jr., and Paul Lewis are the Lamb County Directors of the Plains Cotton Grow-

Recent Discoveries May Mean Better Berries

College Station, July — Giant strawberries and blackberries collected recently in South America by Dr. George M. Darrow,

five per cent of the student body in the School of Arts and Sciences are: Lee E. Huddleston, sophomore of Anton; Leta Merle Roberts, freshman of Littlefield (she is the daughter of Mr. and Mrs. Virrel Roberts) Dennis G. Kuhler, junior of Sudan.

Student ranking in the upper five per cent in the School of Agriculture was Deryl Ray Machen, sophomore from Olan. Miss Carolyn Reynolds, senior from Enochs was the only area girl who ranked in the upper five percent in the School of Home Economics.

U.S. Department of Agriculture specialist, give promise of even better fruits for U.S. markets of tomorrow.

Plant breeders will use these larger cousins of our domestic berries to develop new and still better varieties through cross-breeding.

Both wild and cultivated strawberries with large size, disease resistance, and other promising characteristics were collected in Chile. They were growing under such diverse conditions as long, dry seasons, heavy rainfall, mild coastal temperatures and the rigors of the Andes Mountains up as far as the timberline. Some were found within 1,600 feet of the permanent snowline, where they ripen after freezing. A giant drought-resistant black-

Teacher Has Exciting Experience In Hurricane

Mrs. J. S. Abernathy, who teaches a fourth grade class at the Elementary School in Littlefield had an interesting experience in Hurricane Audrey while visiting relatives in Beaumont.

We quote from a letter received this week from Mrs. Abernathy who is now in Dallas.

"I was visiting in Beaumont when Hurricane Audrey arrived, and I was one of the 50,000 people who left ahead of it, or was I ahead? Anyway, we were rudely awakened about 5 a.m. by my nephew who was very excited. In exactly 13 minutes we were on the road.

It was blowing so hard we could hardly keep the car on the road and raining in sheets. But the main part was due to strike at 8 a.m. I only had a half-tank of gasoline and my nephew had less. The electricity had been knocked out by the storm and we had to drive 65 miles away from Beaumont before we could get any as all pumps are run by electricity. A situation like that had never dawned on me before. So you see I was really having a new experience.

"Electricity was off for 15 hours. There were numbers of very tall pine trees blown down across houses electric wires down all over town, debris covered every lawn. But, of course, no one was killed there.

"It was so much worse in Louisiana. It was an experience I do not care to have again. I was afraid to drive through it but more afraid to stay. So, I drove.

Junior G.A. Go To Floyd

The Junior G. A. holding their summer assembly this week. The ages nine and ten camp from Monday Wednesday. Eleven year-olds are camping nearby to Friday.

The program for the camp includes a drill, swimming, handball and recreation.

Accompanying the camp are Mrs. F. T. Hemphill, Mrs. V. and Joyce Colbert.

DEPENDABLE

is the word for Humble Service

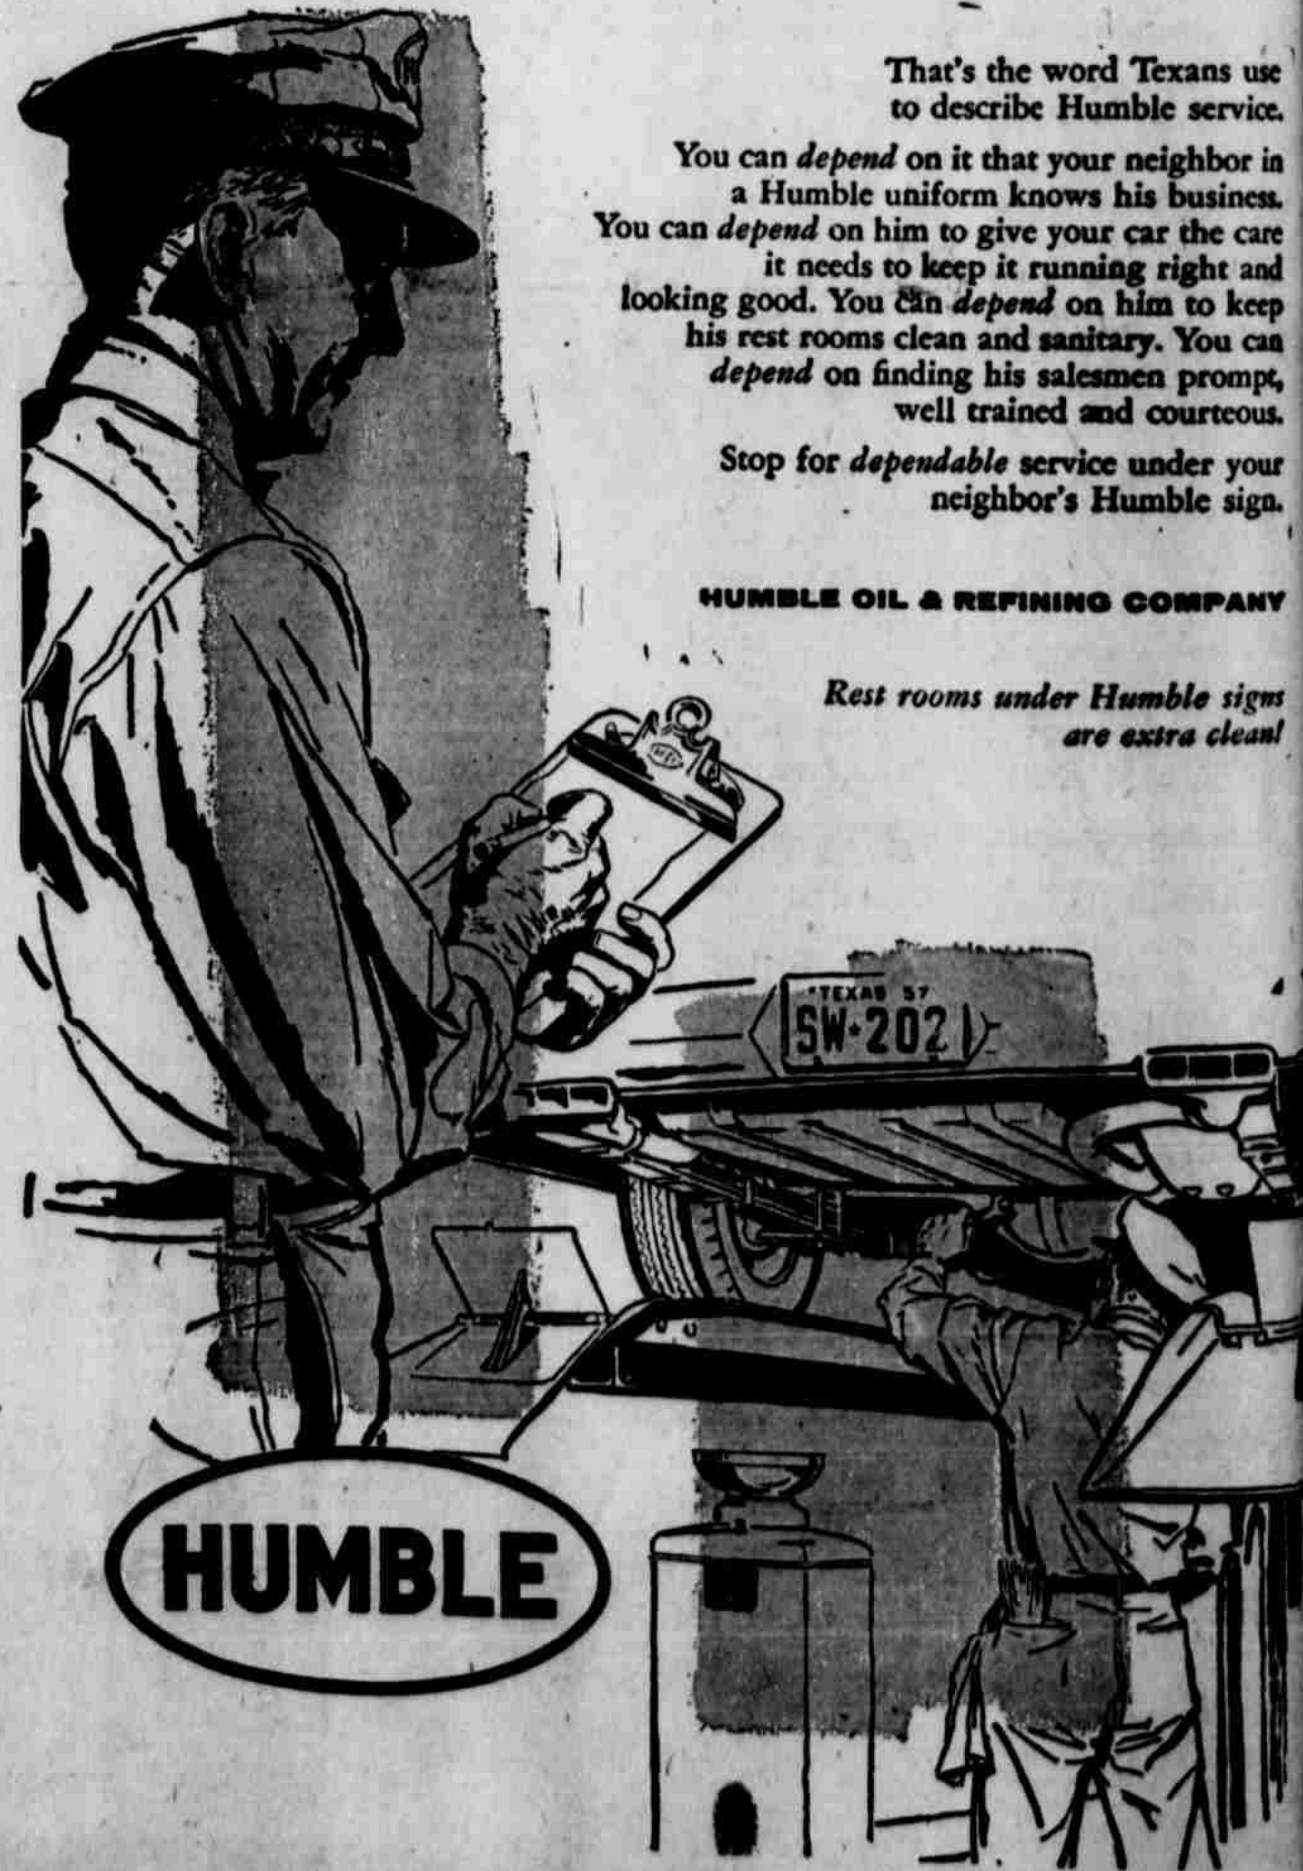

That's the word Texans use to describe Humble service.

You can depend on it that your neighbor in a Humble uniform knows his business. You can depend on him to give your car the care it needs to keep it running right and looking good. You can depend on him to keep his rest rooms clean and sanitary. You can depend on finding his salesmen prompt, well trained and courteous.

Stop for dependable service under your neighbor's Humble sign.

HUMBLE OIL & REFINING COMPANY

Rest rooms under Humble signs are extra clean!
