Announces For Re-election

BEN RAMSEY

Ben Ramsey of San Augustine, winner in a field of twelve candidates for Lieutenant Governor two years ago, announced for re-election to another 2-year term. He said he was running on the same principles he did two years ago.

OKLAHOMA FLAT TO HOLD PIE SUPPER

The Oklahoma Flat Community will hold a pie supper March 5 in the Oklahoma Flat Community house with the proceeds to go to the Red Cross. A Red Cross worker will show movies. The public is invited to attend.

Jaycee Membership Drive To Close With Banquet April 1

First Spring Style Show To Be Held Tuesday Night

The public is invited to attend the first spring showing of spring and summer styles, sponsored by the girls of the senior class of Littlefield High school, and the merchants of Littlefield, to be held in the new high school auditorium, Tuesday night, March 4, at 7:30. The admission will be 50 cents.

The show divided into two parts will include an Easter parade, showing the latest in styles, spring suits, informal dresses and hats, followed by a Fifth Avenue show, of sport togs, including sundresses, shorts, peddle pushers, etc., and also will include the latest styles in evening wear. During the intermission there will be musical numbers presented by local high school talent. Approximately twenty-five girls will model in the show. The proceeds will go toward the annual senior trip.

Mrs. Lucy Boykin of Fort Worth, who was called here last week due to the death of her sister, Mrs. H. T. Bartley returned to her home Wednesday.

Littlefield Jaycee organization is in the confines and throes of a big membership drive, which has not yet been completed, but already 25 new members have been secured in the membership drive, according to John D. Smith, president.

Two Working Groups

For purposes of the drive, the membership was split into two groups, each group forming a membership drive team, and the group which produces the least number of new members will forfeit and feast the winners at a banquet to be staged when the drive ends, April 1 will see the end of the drive.

To Double Membership

Prior to the start of the drive, there were 45 active Jaycees enrolled here. The campaign for new members, it is hoped will result in doubling of the membership.

Lamb County Concert Association To Present Final Performance

Lamb County Mutual Concert Association will present the final concert of the season next Thursday night, March 6, at 8 o'clock in the new high school auditorium.

The noted Demi-Tasse Players will present three delightful one-act plays comprising a program everyone will enjoy. No tickets will be sold at the door, and only those who hold season tickets are admitted.

Senior Play Practice To Begin On Annual Class Play

The date for the annual senior play has been set for Tuesday night, March 18, when "The Great Caesar's Ghost," a three act comedy will be presented. The cast will include 12 members of the class. Tryouts were scheduled to get underway last night.

Directors will include Mrs. Claude McDougall and Dalton Teague, senior class sponsors. The proceeds of the play will be used for the annual senior trip.

SUPERINTENDENT OF NURSES HOSPITALIZED

Mrs. Byron Douglass, superintendent of nurses at Littlefield hospital, is a patient at the hospital, having been admitted Sunday for treatment.

Basketball Game Tonight Between Seniors And Dunbar

There will be a basketball game tonight at the high school gym between the senior boys and girls and the Dunbar boys and girls. Game time is 7:30 o'clock, and admission is 25 cents for students and 50 cents for adults. The proceeds will be divided between the two schools. The senior class will use their net returns in the senior trip fund.

Official Visit Of State Manager Of WOW Tuesday

Mrs. Laura E. Krebs, state manager of W.O.W. at Austin was guest of honor at a meeting of Loyalty Grove No. 2178, of Woodmen Circle, held in the home of Mrs. Ellen Yeary last Tuesday night.

Mrs. Krebs was making her official visit to the local Grove, as she is to other circles in the Mable Loftis district.

Plans were made for local members to attend the state convention which will be held at Herman on May 22, and also for a visit to the Woodmen Circle home for old ladies, located adjacent to the city of Sherman.

New Owner Of White Auto Store

NEW OWNER OF WHITE AUTO STORE HERE—Paul Carmickle, formerly of the White Auto Store at Amarillo, is the new owner of the White Auto Store in Littlefield. He purchased the business from Clarence Lewis. Mr. Carmickle is making extensive increases in the stock of merchandise carried in the Littlefield store.

Troy Armes Will Give Report On United Nations

Troy Armes, principal of Littlefield High school will speak at a high school assembly meeting this morning (Thursday), at 10:45 a.m. He will give a report of a meeting of the United Nations which he attended in New York City recently.

LUBBOCK MAN TO BUILD FROM 20 TO 40 HOUSES HERE

City Asked To Erect Curbs On South Phelps Ave.

The city commission held a meeting Saturday night, with all members present, and while no new ordinances were passed, and much of the business conducted was routine, nevertheless, it was forced into a rather lengthy session, with many matters up for consideration and action.

To Collect Delinquent Taxes: Highlighting the session was an issued order for an effort toward collection of delinquent taxes, for the years 1925 through 1950, totaling \$13,346.11. Some of this is probably uncollectable, but some of it also is. Secretary Street was authorized to turn the list over to an attorney, with instructions for the attorney in turn to bring suit to enforce collection. The amount of delinquent tax is comparatively low, and is the lowest figure at which it has been for several years past.

Houses To Be Built: A petition was presented by R. C. Hurlson of Lubbock, owner of a 10-acre tract in high school addition, asking extension of sewer mains thereto. He plans to build from 20 to more than 40 houses in the addition, and offer same for (Continued on back page)

Mrs. C. H. Messer Accidentally Shot In Foot With Rifle

Mrs. C. H. Messer was accidentally shot through the foot by a .22 rifle last Sunday at her home north of Littlefield. She was rushed to Littlefield hospital in a Hammons ambulance where the bullet was removed, and where she is remaining a patient.

Mr. and Mrs. Messer's son, Pfc. Larry Messer stationed at Randolph Field, San Antonio, was granted a five day pass, to visit his mother.

Mrs. Messer was planning a trip to San Diego, California and was scheduled to leave last Monday morning. She was going to accompany a sister, Mrs. R. M. Saunders of Hedley. Needless to say the trip was called off.

Amherst School To Observe Texas Education Week

Supt. Of Lubbock Schools To Be Guest Speaker At County Wide Teachers Meet

There will be a county wide teachers meeting to be held Monday night, March 3, at 7:30 o'clock, in the auditorium of Amherst schools. Nat Williams, superintendent of schools in Lubbock, will be the guest speaker. Musical numbers representing

each school in the county will be presented preceding the introduction of the speaker. Troy Armes, president of the organization, will preside during the business session, at which time delegates will be elected to the West Texas teachers convention to be held at Odessa, March 14.

Amherst school will observe Texas Education Week—March 2 to March 8, with special emphasis upon attendance at the county wide teachers meeting Monday night, March 3, and a special visitation day Friday, March 7, according to W. D. Kay, superintendent. Open house will be held from noon Friday until 3:45 p.m. and patrons and friends are urged to come and eat at the lunch room on the same basis as the children eat every day. Typical examples of work done in the various classes, will be on display beginning Thursday, March 6, at 12 noon.

Farm Problems Are Discussed By County Agent In Meet

ately 65 area county A county committee and county PMA secretary a two-day district field in Hotel Hilton, Thursday and Friday.

The sessions were devoted to a cotton outlook conference which dealt with the cotton outlook for 1952 in the area, which was in charge of J. D. Prewitt, F. C. Elliot and Ed Bush of the Texas Extension Service at College Station.

The meeting Thursday afternoon was devoted to promoting a better understanding between producers and retailers of commercial fertilizers.

Included in the afternoon program were John Box, agronomist of the Texas Experiment Station here; J. E. Adams, head of the De-

partment of Agronomy at Texas A&M; John Hutchinson, extension horticulturist of College Station; and M. K. Thorntop, extension agricultural chemist of College Station.

A general farm outlook conference, including the price forecast of 1952, together with the overall picture of the farm outlook as to machinery, fertilizer, insecticides, planting seed supply, defoliants, and feed supply, opened the meeting Thursday.

Grain Sorghum Emphasized Ed Bush, cotton gin specialist,

and J. G. McHane, agriculture economist, both of the Texas Extension Service of College Station. O. C. Cowser, program specialist of the state PMA committee, and W. I. Chenault, administrative assistant of the state PMA, were speakers in the morning session.

The importance of increasing grain sorghum acreage was emphasized by Cowser, who pointed out that the USDA has set a goal of a 53 percent increase in grain sorghum production over the crop of 1951.

Bush, in giving a general out-

look on machinery, fertilizer, insecticides, seed supply, and defoliants, said that the supply of farm machinery in 1952 was apt to be extremely short, due to present shortages of steel and other metals needed in manufacture of farm machinery.

Shortage Acute At Harvest The shortage will be most acute by harvest time this year, he said. In general, he continued, the outlook for the supply of commercial fertilizer is up about 5 percent over last year. But, he said, that does not give the entire picture.

While nitrogen production is up about 8 to 10 percent, and potash output is up about 13 percent over 1951, he said, the production of some fertilizers, such as superphosphates, which include large amounts of sulphur, is down.

The allocation of sulphur for fertilizer production is down by 20 to 25 percent, Bush said, and therefore, fertilizers containing sulphur will be much scarcer this year than in 1951. Adequate Supply Expected Defoliant manufacturers estimate a 1952 production of 150 mil-

lion pounds of defoliant compounds, and the demand for chemical de-

Pretty Home Wedding Unites Miss Middleton and L. G. Hoover Jr.

Mr. and Mrs. C. H. Middleton of Levelland are announcing the marriage of their daughter Annie Pearl, to L. G. Hoover Jr., son of Mr. and Mrs. L. G. Hoover sr., which took place Sunday, February 10 in the home of the bride's parents.

The double ring ceremony was performed by Rev. E. R. Ingram of Lubbock, a former pastor of Parkview Baptist church, Littlefield, at three o'clock in the afternoon.

Musical selections were presented by Misses Linnie Enloe and Betty Britt of Amherst and LaVelle Caraway of Levelland.

The bride was lovely in a ballerina length dress of white net over satin with sprays of forget-me-nots. A flangertip veil was framed with seed pearls and she carried a white Bible topped with pink and white carnations with white satin streamers. Her Bible belonged to the bridegroom's mother.

Attending as maid of honor was the bride's cousin, Miss Janelle Jolly of Lubbock, who wore a dress fashioned like that of the bride in lime green over matching satin.

Dwain Hoover of Littlefield served his brother as bestman.

Immediately after the ceremony a reception was given in the home. The bride's table was laid with a white lace cloth centered with a tiered wedding cake, surrounded by an arrangement of snapdragons. Miss Wanda Terrell of Amherst served the cake, while Miss Joyce Pryor of Sudan presided at the punch service.

Mrs. Hoover wore a pink gabardine suit with pink and white accessories for her wedding trip to New Mexico. The couple is now at home at 2420 33rd street in Lubbock.

The bride was attending Amherst High school, where she was classified as a junior before her wedding.

Mr. Hoover is a graduate of Littlefield High school, and is now employed at the Avalanche-Journal in Lubbock.

To Present Piano Pupils In Recital

Mrs. Cecil Williams and Miss Dorothy Nell Todd of Whitarral will present their students in a piano recital at 7:30 p.m., Friday, Feb. 29, at the Whitarral Baptist church. The public is invited.

This will be the second in a series of three recitals. The first one was given in December and the final one is to be given in May, at which time students entered in the music guild will receive pins and certificates of award.

Students presented at this date will include Judy Martin, Shirley Hewitt, Carolyn Ratliff, Barbara Gage, Jerry Hasley, Joyce Bennett, Barbara Montgomery, Annabelle Hoelscher, Sharon, Hale, Carolyn Hasley, Barbara Crews, Betty Burnett, Anita Bennett, Linda Martin, Betty Cook, Janice Thatcher, Carla Ann Davis and Judy Webb.

Theory classes taught by Mrs. Williams meet in groups once a week outside of their private lessons. These groups are elementary, grammar grade and high school.

Yellowhouse H. D. Club Meet In Haire Home

Yellowhouse Home Demonstration club met in the home of Mrs. Lloyd Haire Tuesday, February 19, at 2 p.m., with Mrs. Xie M. Collins giving a talk on pruning for better shrubs, lawns and watering.

Roll call was answered with shrubs I like best.

Mrs. Loyd Haire was elected to represent the club as a delegate for the T.H.D.A. meeting at Dimmitt.

Mrs. Roy Hutson received several birthday gifts.

Following the meeting the hostess served refreshments of cherry ice cream and cookies to Mesdames Ray Rhoten, Roy Rhoten, W. B. Jones, Claude Jones, C. D. Elder, C. E. Lewis, W. J. Derstine, Mach Tucker, Fred Duffy, Lloyd Haire, Xie M. Collins, and one visitor, Mrs. Brock.

The next meeting will be in the home of Mrs. Tom Ham, Tuesday, March 4, at 2 o'clock.

First Baptist WMU Meet In Circles

Members of the Missionary Society of the First Baptist church met in circle meetings last Monday afternoon.

The Ella Ruth Solesbee circle met with Mrs. J. J. Renfro; the Ray Buster, with Mrs. Hal Ferguson; the Ruth Moss with Mrs. J. A. Dunn; the Lottie Moon with Mrs. Jarold Jones; the Blanche Groves with Mrs. W. E. Heathman; and the Mary Frances Nichols with Mrs. Harry Williams.

Programs on missions were presented at each circle.

Wanda Henderson And Arlis Hogue Married At Clovis

Miss Wanda Henderson of Sudan became the bride of Arlis Hogue also of that city on Friday, Feb. 15, in Clovis.

The young couple were attended by their parents, Mr. and Mrs. V. L. Henderson and Mr. and Mrs. Clyde Hogue.

The bride was attired in a dusty rose suit with navy accessories.

Following the ceremony the wedding party went to Portales, N.M. for a short visit before returning to Sudan.

Both the bride and groom have attended Sudan schools for several years. Mrs. Hogue being in the junior class, and Arlis in the 1952 graduating class.

Brownie Scouts Meet Wednesday Afternoon

Troop 13 of the Brownies met last Wednesday in the Scout House, with their leaders Mrs. William Rumbach and Mrs. Frank Rogers.

The children began practice on dramatization of a play they will present at the "fly-up" ceremony to be held at the close of school in May.

Hostesses for the day included Lee Wilkinson and Kay Bartlett.

News of Women

MISS CONNIE WRAY HOPPING, daughter of Mrs. Jim McQuire of Littlefield is shown at the left with Miss DeRose Wittenberg of Eden, both students at Texas Tech, who are shown as models taking the spotlight in the semi-annual Western Market association spring showing held at Lubbock the past week. Both

young ladies are modeling the latest styles in spring dresses.

Miss Hopping is a Home Economics major and a senior student at Texas Technological college, Lubbock. She has received first place awards in many beauty contests, during her school career.

Cochran County's Oldest Resident To Celebrate 98th Birthday Mar. 12

Mrs. Martha Adair, believed to be Cochran county's oldest resident, is looking forward to observing her 98th birthday on March 12. She has lived in Cochran county, on the same farm, northwest of Morton, since 1928.

Mrs. Adair was born in Missouri, and came to Texas 70 years ago with her husband, T. M. Adair, who died in 1925. The Adairs settled in Grimes county. They later moved to Hill county, where Adair farmed with oxen, sometimes using as many as 10 head to a plow. They also farmed in Wichita county. Mrs. Adair recalls that there were times when they were living in Wichita county that her husband and the

older children would go west in the fall to pick cotton, leaving her with the little children to do the farm chores. Their nearest neighbor at that time lived four and a half miles away.

Six of the eight children born to the Adairs are living. One son died in service during World War I and a second son died when a small child.

Her children are: Mesdames Donah Barbatic and R. R. Long of Morton, Hattie Lockabay of Abilene and Maggie Riggs of Oklahoma City, M. D. Adair of Morton and W. P. Adair of Los Angeles, California.

Valentine Party Given At J. E. Wade Home Feb. 14

A Valentine party was given by Mr. and Mrs. J. E. Wade of Whitarral in their home Feb. 14.

As the guests arrived they were given a piece of paper upon which they were to compose a Valentine verse. These were later read and a prize was given for the best verse.

Games of canasta, hearts and bingo were enjoyed by the group.

The serving table was covered with a lace cloth and centered with a huge heart across which was placed an arrangement of sweet heart red carnations tied with a red ribbon. The large heart was flanked by three smaller hearts which held red candles.

A crystal punch service was used. Refreshments were individually boxed heart-shaped cakes and sandwiches. Heart candies were used as plate favors.

Those attending were Messrs. and Meses Jimmie Starnes, T. C. Wade, J. C. Hodges, Ralph Wade, Johnnie Waters, Pervadus Wade and Bruce Wren Jr.

Seventy-Nine Present For Annual Rocky Ford Birthday Party

Residents of Rocky Ford Community, whose birthdays are in February met Sunday, at the home of J. A. Roberson, for the 18th annual birthday celebration. The first celebration was held in February 1935.

It all began when Mr. Roberson and L. L. Dunn whose birthdays are February 27 and February 22, respectively, wanted to have a little birthday party 18 years ago—since that time the membership has grown—and the birthdays have increased.

A bountiful dinner was served during the noon hour. A large four wheel trailer was loaded with good things to eat. The food was served in West Texas style, as the sand came in time to "catch the dinner."

The 19th celebration will be held out of the community. It was announced Sunday that it will be held at the L. L. Dunn home in Littlefield.

Among the 79 guests present Sunday were included the host and hostess, Mr. and Mrs. J. A. Roberson, Amherst route 1, Mr. and Mrs. W. H. Roberson and children Billie and Steve of Amherst, Mr. and Mrs. Less Lichte and Gail of Littlefield, Mr. and Mrs. Herbert Roberson and Harold, Jo and Dora of Amherst, Ola Mae Roberson of Plainview, Ernest Roberson and Edd and Tommy of Lubbock, L. L. Roberson, Amherst, Mr. and Mrs.

C. C. Dunn and children Linda, June and Ray of Amherst, Mr. and Mrs. L. L. Dunn, Mrs. John Dunn and some of field, Mr. and Mrs. Loyd Haire, Amherst, Mr. and Mrs. Edwards of Littlefield, Mrs. A. Z. Dunn of Littlefield, Mr. and Mrs. Floyd Haire, children, of Amherst, Mr. and Mrs. Claud Rogers of Littlefield and Mrs. J. M. Mayfield of land, Mr. and Mrs. Luke Haire, three children, Mrs. Arlene and Durrell, Gayle Mayfield, Gurley, Doyleene Sharnock and Mrs. M. G. Mayfield and children all of Levelland.

Mr. and Mrs. Lee Carnes, Mr. and Mrs. A. McGee Springlake, Mr. and Mrs. Carnes and two children, book, Miss Dorene West Plainview, Mrs. J. H. Goss, six children of Littlefield.

Bro. and Mrs. J. C. Smith of the Rocky Ford church, wife, and Mrs. A. M. Crenshaw.

Mr. and Mrs. C. S. Doss son Bert are leaving today to spend a week, visiting home of her parents, Mr. and R. T. Badger.

SPADE NEWS

Spade FFA Boys To Stage Show At Spade School

Friday, February 29, the Spade F.F.A. boys will sponsor a stage show, with "The Sons of the Golden West," of Three Way putting on the acts. It will be held in the school auditorium, at 8 p.m. Admission is 60 cents for adults and 30 cents for children. Everyone is cordially invited to attend.

Mrs. John Edd Hutchins was honoree at a pink and blue shower held in the parlors of the First Methodist church, last Tuesday afternoon.

The honoree received a number of lovely gifts. Refreshments of cake decorated in pink and blue, coffee and cocoa were served to a large number present.

Hostesses for the occasion included Mesdames Bayne McCurry, Albert Lockwood, J. W. Wells, Charles Mills, C. W. Rosson, D. L. Greenwood, T. S. Tyler, W. S. Savage, Joe Porter and Bill Dodd.

Meridith Tinsley Honoree At Birthday Party

Miss Meridith Tinsley was honoree at a lovely birthday party given last Monday night, at the home of her parents, of northwest of Spade, in celebration of her 12th birthday. She is the daughter of Mr. and Mrs. Alvin Tinsley.

Games were enjoyed and lovely refreshments were served.

Those attending were Wanda Richards, Joyce Ann Hodges, Gloria Faye Grey, Marie Castle, Dennis Vaught, Rne Elkins, Tommy Pierce, Larry Holley, David Haynes and Glennis Holley.

THEATRE PARTY

The freshman class of Spade High school enjoyed a theatre party last Tuesday night. Those attending were Tam Pointer, Maubon Tinsley, Mary Shaw, Marie Anderson, Wanza McCain, Pat Pointer, Willie Jay Giffin, Jerome Head, W. B. Jones, Donald Mouser, James Dempsey, R. C. Haynes, Mrs. Alvin Tinsley, Mrs. Preston Pointer, Mrs. Clarence Anderson, Mrs. J. W. Griffin and Mr. and Mrs. C. O. Head.

ATTEND WORKERS CONFERENCE

Several women from Spade attended the Baptist Worker's Conference held in Littlefield, Friday. Amherst won the banner for having the most in attendance.

Those from Spade attending were Mrs. W. E. Savage, Mrs. H. Harvey, Mrs. Doc Yarn, Mrs. C. D. Stafford, Mrs. Joe Prater, Mrs. Bayne McCurry, Mrs. Lillie McCurtin and Mrs. E. L. Miner.

IN HOSPITAL

Clarence Anderson spent a few days in the Payne-Shotwell Foundation this past week. He was suffering from flu.

BIRTHDAY SUPPER

A birthday supper was given last Sunday night for Mrs. R. D. Stokes and her sister Mrs. H. Mager in Littlefield at the home of Mr. and Mrs. Fred Owens.

VISIT IN SUDAN

Mr. and Mrs. Bill Cook and daughters spent last Sunday afternoon with her parents, Mr. and Mrs. C. B. Alexander at Sudan.

SUNDAY GUESTS

Joyce Brook and Glennis Holley spent Sunday afternoon visiting with Barbara Mouser.

VISIT IN TAHOKA

Mrs. Tom Williams and sons Bobby and Eugene spent the weekend visiting her mother-in-law at Tahoka.

VISIT DAUGHTER

Mrs. Turner is spending the next two weeks visiting with her daughter and family, Mr. and Mrs. H. B. Thomas and children.

CHURCH NIGHT

Wednesday night a religious film was shown to about 20 people at the Methodist church. It was regular church night and a supper was served, preceding the showing of the film.

LIVESTOCK JUDGING CONTEST

Carl Dykes, agriculture teacher accompanied by three of his students, Doyal White, Lester Mouser and Keith Elkins will go to Amarillo next Thursday, March 6, to take part in the livestock judging contest, which will be held there.

RETURNED HOME

Mr. and Mrs. M. C. Davis sr., Mrs. M. C. Davis jr., and Pat have returned home after a trip visiting various points of interest. They enjoyed Brackensridge Zoo at San Antonio; visited with friends at Argo Dulce, and on to Brownsville, where they enjoyed fishing in the gulf. They also went across into

TELLTALE DIFFERENCES between good and bad money, pictured in a new educational movie entitled "The Secret Service Story," are pointed out above by U. E. Baughman, chief of the U. S. Secret Service, using an enlargement of Lincoln's portrait on a \$5 bill to show how lifelike expression on good currency (right) contrasts sharply with imperfect reproduction on counterfeit (left).

The next time someone hands you currency, take a good long look at it. It might be phony.

That's the advice given the American public in a new educational film just released entitled "The Secret Service Story."

Produced by the Atna Casualty and Surety Company in close cooperation with the United States Secret Service, the 17-minute film calls attention to those features of our currency which most counterfeiters have difficulty reproducing. Pointing out that spurious money represents a dead loss to those who accept it, U. E. Baughman, chief of the U. S. Secret Service, said he hoped widespread use of this new film, now available for showings without charge, would make it even more difficult for counterfeiters to operate.

Spotting a bad bill is not difficult, Chief Baughman said, if you take these precautionary steps:

1. Study the portrait. On good money, the likeness is sharp and clear; on counterfeits, it is usually dull and lifeless.
2. Check the sawtooth points on the seal. On counterfeits, the points are usually ragged and uneven.
3. Study the paper. Genuine money is printed on paper with colored fibers. Counterfeit money is usually on plain paper.
4. If in doubt, compare a suspected bill, feature by feature, with one known to be genuine.

The movie tells the story of the Secret Service by dramatizing the

training of a prospective new agent in the three fields for which this organization is responsible: suppressing counterfeiting, preventing the theft and forgery of government checks, and protecting the President.

Chief Baughman, reporting that Secret Service agents last year investigated nearly 36,000 forged checks valued at more than \$2,600,000, warned that "all too many merchants and others cash government checks for people they don't know."

Photographed in Secret Service headquarters and in the White House, the movie reveals for the first time many details of the never-ceasing protective watch kept over the President—protection which little more than a year ago aborted the attempt on Mr. Truman's life at Blair House.

In a behind-the-scenes glimpse of how threats against the President, which last year totaled 3,629, are investigated, the movie portrays the work of the Protective Research Section, which opens all suspicious packages and evaluates and investigates threatening letters received by the chief executive.

"The Secret Service Story" can be obtained for showings on a free loan basis through the Secret Service and its regional offices, or through the Atna Casualty and Surety Company and its local representatives throughout the country.

Family Of Mrs. A. F. Doshier Called Here

Mrs. A. F. Doshier who underwent major surgery about two weeks ago at Littlefield hospital, remains in a critical condition. All the immediate members of her family not living here, have been called. They include brothers and sisters, Joe Blackwell of Davidson, Oklahoma, Mrs. W. H. Young of Hot Springs, Arkansas, J. B. Blackwell of Dimmitt, Paul Blackwell of Morton, Mrs. Dutch Brannon of Odessa, and a son, Gene Doshier of Baltimore, Maryland.

old Mexico.

VISIT IN MIDLAND

Mrs. O. M. Edwards of Littlefield and Mrs. R. D. Stokes have recently returned home after spending several days visiting the former's daughter and family, Mr. and Mrs. McCarty at Midland.

PATIENT AT HOSPITAL

Mrs. I. A. Leonard was a patient in the Amherst Hospital the past few days. Her condition is reported improved.

MOVED TO SPADE

Mr. and Mrs. J. A. Rader of Lubbock have moved back to this community, where they plan to make their home. He will be employed at Savage's butane plant. They are old time residents of Spade.

FAT STOCK SHOW

March 29 is the date set for the Spade FFA Fat Stock show, to be held on the school campus, under the sponsorship of Cecil Dykes, vocational agriculture teacher. There will be prizes for first, second and third place animals.

The classes are fat barrows, fat lambs, sows, fat steers, and sows with litters. Only Spade FFA boys will participate.

The boys would like to have several farmers in the county attend.

BIRTHDAY CELEBRATION

A birthday celebration was held at the Methodist church parsonage last week for the pastor, Rev. Carl McMaisters.

HAVE GUESTS

Guests in the home of Rev. and Mrs. Carl McMaisters are Rev. H. F. Dunn and family of Lottoso.

Mrs. Dorothy Moore Of Earth Dies At Her Home Tuesday

Funeral services for Mrs. Dorothy Moore, 30, of Earth, will be held this afternoon (Thursday), at Blackburn-Shaw Memorial Chapel, Amarillo.

Mrs. Moore died Tuesday morning at the family residence at Earth. She underwent an operation about a year ago and had been bed-fast since September. She was the wife of O. F. Moore.

She was born June 19, 1921 at Bookhoma, Oklahoma. She had lived in Earth about a year. She was a member of the Assembly of God church.

Survivors include the husband, a son, Billie Oneal Moore, a daughter, Edith Edwina Moore and her parents, Mr. and Mrs. W. R. England, and a brother W. J. England, all of Earth.

J. C. Rothwell of San Antonio, a former Littlefield resident spent the weekend here attending to business.

CARD OF THANKS

Our hearts are filled with thanks and gratitude to all who in any way assisted us, during our recent bereavement, when we lost our dear wife and mother, Mrs. H. T. Bartley.

We thank those who sent the lovely flowers, to those who brought food to our home, and to those who gave us words of comfort and sympathy. Your acts of kindness will never be forgotten.

H. T. Bartley
Mr. and Mrs. Jerald H. Bartley
Mr. and Mrs. Frank H. Bartley
Mr. and Mrs. Gene Bartley
Mrs. Lucy Boykin

CARD OF THANKS

May we take this means of thanking our many, many friends for their acts of kindness during the time I was in the hospital, during my operation and the time I was convalescing. To those who sent flowers, and cards, we are most grateful. We also wish to thank all those who came and visited with me, which helped to pass away many long hours.

Your deeds and acts of kindness and your prayers meant much to us, and they will never be forgotten.

Lt. Curtis R. Wilkinson Announces Candidacy For Re-election To Office

Emmanuel Lutheran To Observe Lent Each Sunday Night

Lent with its opportunity to study closer the suffering and death of Christ will be observed at Emmanuel Lutheran church, 417 West Third, beginning March 2, at 7:30 p.m., and every Sunday night thereafter until Easter, with divine worship. The meditations for these Lenten services will be based upon the Lord's Prayer. The topics are as follows:

- March 2—Hallowed Be Thy Name
- March 9—Thy Kingdom Come
- March 16—Thy Will Be Done
- March 23—Give Us This Day
- March 30—Forgive Us . . . As We Forgive
- April 6—Lead Us Not Into Temptation
- April 13—Deliver Us From Evil
- April 13—For Thine Is The Kingdom, Power and Glory, Amen

Emmanuel Lutheran church with the message of the Lutheran Hour (heard every Sunday night over KVOW at 8:30) remembers the season of Lent that members and friend alike may meditate more upon the frightful price of their redemption from sin and death.

Resident Of Pettit Is Taken By Death

Funeral services were held Tuesday afternoon at 2 p.m. at the First Methodist church at Pettit, for Ernest E. Eskew, 58, who died at his home at Pettit, about 11 a.m. Monday.

Deceased had been a resident of Pettit about seven years. Officiating at the last rites were Rev. W. E. Price of Levelland and Rev. Clarence Bounds of Whiteface. Interment was in Levelland cemetery.

Survivors include two brothers, Carl of Beaumont and D. E. of Eldorado, Ark.; and two sisters, Mrs. W. E. Price of Levelland and Mrs. W. F. Collins of Eldorado.

Two Amherst Tech Students Pledge Kappa Kappa Psi

Two Amherst students, Bill McDaniel and Robert Holt were among the eleven new pledges introduced to members of Kappa Kappa Psi, band fraternity, at a meeting held in the music building at Texas Technological college, Lubbock, Tuesday night.

Mr. McDaniel is a arts and science major, and Holt is majoring in business administration.

The editor is in receipt of a letter from Lt. Curtis Wilkinson, Lamb county attorney, written from Mago-ri, North Korea, dated February 1, in which he authorized the editor to announce his candidacy for re-election as county attorney.

Believing the letter to be of interest to our readers, many of whom are personal friends of the young lieutenant, we are herewith reproducing it in part:

"We are back at what was a Korean town by the name of Mago-ri. Actually there is no town here now as our air, naval gunfire, and artillery destroyed everything here while the Communist held it. We are in reserve position and are performing our reserve missions of training and patrolling. Actually this is an "unglorified" rest camp as we have tents and can build fires. Also we have occasional movies here which we thoroughly enjoy. Since being here in reserve we went out on "operation Guerrilla" with a mission of blocking the advance of some 250 Communist guerrillas who were about 20 miles away. However, the main body of the Communist got away and we only captured two and killed two. We lost three men ourselves and one Korean interpreter. We move back up on the lines in a short while, and will be up there for a minimum of six weeks before we can expect to be relieved. I can sure tell you that six weeks is a long time to spend "up there" as cold as it is.

"I sure miss the Lamb County Leader, but by the time it got over here by 4th class mail the news would no longer be news.

"I sure wish that I was in a position to distribute clothing, etc., to these poor Korean civilians, especially the children, because if I were in such a position I would not hesitate to write some of the civic clubs or churches there in Lamb county as I know they would quickly respond.

"I know that this "encounter" over here doesn't seem very real to the people back home (as I was back there not too long ago myself), but believe me Mr. Drake, this is more than a little police action. Men are still dying everyday and suffering almost unbearable hardships. If you don't believe me ask some of our Lamb county boys who spent last winter over here. I must say, however, that the government has been issuing us good warm clothing and our shoes are really great, being constructed on the principle of a thermos jar.

Please give my regards to Mrs. Drake and I hope that it isn't very long before I can be back where I think I belong—there at home in Lamb county.

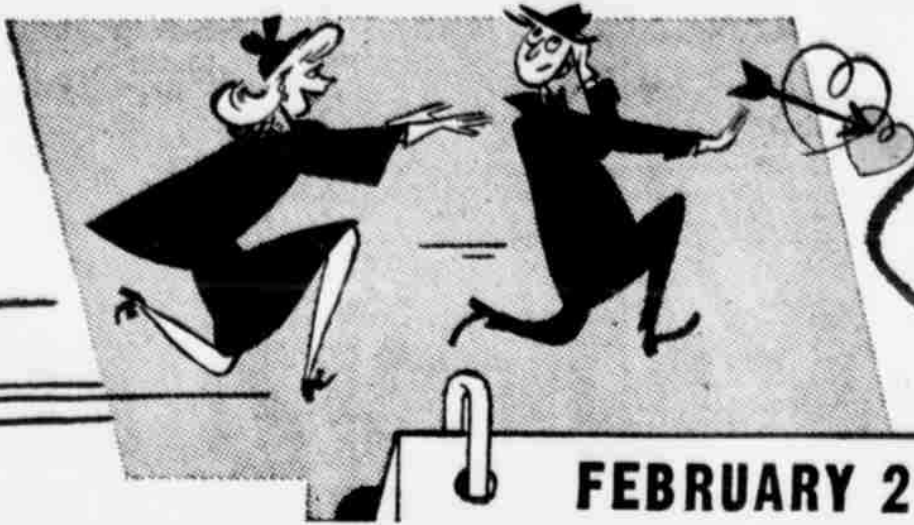

Very Sincerely,
Curtis R. Wilkinson

W. N. Townsend became suddenly ill while attending services at Littlefield Drive Church of Christ Wednesday night, and was taken to Littlefield Hospital, for treatment.

LYMAN'S
RECIPE OF THE WEEK
By Mary Lee Taylor
Tuna Macaroni Slices
Broadcast: March 1, 1952

1 well-beaten egg
1/2 cup Pet Milk
1/2 cup water
1/2 teaspoon dry mustard
2 teaspoons grated onion
1/2 teaspoon salt

2 cups cooked macaroni, drained
1 cup grated American cheese
1 cup flaked tuna, canned
4 tablespoons catsup

Mix egg, milk, water, mustard, onion, salt, macaroni, cheese, and tuna in a bowl. Put mixture into a greased baking dish measuring about 9 x 5 inches. Bake in a moderate oven (375°) 45 min. or until firm and light brown. Cut into pieces. Top each with equal parts of catsup. Makes 4 servings.

You Will Need:
Pet Milk, Canned Tuna, Macaroni, Catsup, American Cheese, Dry Mustard.

County Council of ... ation Clubs met in

Wednesday after-

Localite's Mother Dies In Oklahoma February 20

noon at 2:30 p.m., February 20 in Amherst with twenty five members and visitors and Mrs. Xie Collins present.

Mrs. Floyd Seymore, chairman, presided. Presidents from each club gave a report. Minutes were read and approved by Secretary Mrs. Travis Hopper.

Mrs. A. C. Chesher, chairman of a new cancer project, asked chairman from each club to get material and film before the people. The films are good for both children and adults in the fight of cancer.

The standing committees gave their reports.

The club council will sponsor the western jamboree in Sudan in the near future.

Mrs. Collins announced there will be a training school March 12 at Amherst for making quick cakes and icings. Also for making pastries. This will cover the training schools for April.

The recommendations for this year were read and accepted.

The clubs of Lamb county are to have a meeting in March or April, date to be announced later, similar to district meetings with a covered dish luncheon and several speakers.

There will be a call meeting of all club presidents and council recreation committees Saturday, March 8.

Mrs. C. G. Lindera was elected T.H.D.A. chairman for the next year. Mrs. Hub Spraberry, Mrs. Elsie Seymore and Mrs. Travis Hopper were elected delegates to the district meeting at Dimmitt May 7. First alternate is Mrs. W. C. Adams, second alternate Mrs. J. B. Halre, third alternate Mrs. Jack Yarbrough.

Mrs. Bill Qualls has returned from Dallas where she has been for the last two weeks with her mother who is ill in the Baylor hospital.

Lt. J. Don Eagan left Monday morning from Amarillo by rail for San Francisco, California. He was

accompanied to Amarillo by Mrs. Eagan, who went on to Pampa for a few days visit in the home of Mr. and Mrs. Bill Behrman, and then will return here and will remain with her parents. Mr. and Mrs. John A. Price, until her husband returns from sea duty.

Mr. and Mrs. Joe Edwards and her parents, Mr. and Mrs. T. J. Overstreet returned home Sunday night from Snyder, Okla., where they were called on account of the death of Mr. Overstreet's mother, Mrs. J. W. Overstreet, age 99 years, 7 months and 15 days, who passed away Wednesday, February 20, at her home at Wanapucka, Okla. Soma.

Funeral services were held Sunday afternoon at 2 p.m. at the Prairie View Baptist church near Snyder, with Rev. Walter Wilson officiating. Burial was in Indianoma cemetery.

Mrs. Overstreet had been bedfast for the past 15 years, and was totally blind for the past ten years. She was born in Tennessee, and moved to Oklahoma in 1909, with her husband and family. Mr. Overstreet preceded her in death, August 1, 1929.

Eight children were born to the union, four children, three daughters and one son, preceded their mother in death.

Survivors include the above mentioned son, and another son R. A. Overstreet of Wanapucka, Oklahoma, Richard Overstreet, Indianoma, Okla., and a daughter Mrs. Etta Price of Visalia, California. All were present for the last rites with the exception of the daughter.

Also surviving are 54 grandchildren, 180 great-grandchildren, and a large number of great-great-grandchildren.

VISITORS FROM OKLAHOMA

Mrs. Don Berger and two children, Carol Marion and Donald Edwin of Bartlesville, Oklahoma, are spending a week visiting in the home of her parents, Mr. and Mrs. W. G. Street, while Mr. Berger is in Berger this week attending to business. He brought his family here Sunday and will come for them next Sunday.

Mrs. J. E. Chisholm and Mrs. Odell Matthews invites the ladies in this area to come in and see the newly decorated and enlarged Louise Dress Shop—Special Dollar Day Values—Also exciting new spring fashions. Louise Dress Shop, 402 Phelps Ave. Littlefield. 1-1tc

Automatic Defrosting Is Feature Of New International Harvester Refrigerator

F. E. (Shorty) Yohner, manager of the Littlefield Truck and Tractor Company, attended open house of the Nunn Electric Supply Company at Lubbock Monday of last week, which was held in the Lubbock Hotel, at which time the new 1952 models of International Harvester refrigerators were presented.

Automatic defrosting, one of the most significant recent advances in domestic refrigeration is a feature of new 1952 refrigerators now on display at Littlefield Truck and Tractor Co.

Striking color inside, as well as colored door handle inserts, is another important feature of these new "femineered" refrigerators, built by International Harvester.

"Tri-Matic" Defrosting "Tri-Matic" defrosting, as Harvester calls it, is a great improvement in automatic defrosting because it permits the owner to choose any of three defrosting methods," said Mr. Yohner. "It leaves the homemaker with absolutely nothing to do to defrost her refrigerator—no muss, no fuss, no worry."

To defrost automatically, a homemaker has only to set the control dial and forget it, he said. Automatic defrosting then occurs every morning at 3 o'clock. The refrigerator also may be defrosted electrically at any time merely by changing the control setting.

The electrically-operated defrosting cycle takes only 15 minutes. Frozen food—even ice cream—remains brick hard. Defrost water drains into a receptacle over the motor compressor and evaporates. It never has to be emptied.

The third alternative is the conventional defrosting method, which the homemaker can employ when she wishes to clean her refrigerator interior.

Special Colorings "Color accents in the door handles, introduced in 1951 by International Harvester, will be retained," Mr. Yohner said. "In addition, four models are tinted a soft, 'Spring-fresh' green on the inner door panel and the breaker strip. Two of these four have all green interiors. Three models have an white interior, and one has a green chill tray and freezer door."

A new color—gold—has been added to the colored door handles, giving homemakers a choice of 11 different colors to accent their kitchen color schemes. A smart gold motif has been carried throughout the inside, too, in the form of lettering and trim.

The top model for 1952 has "Tri-Matic" defrosting, a fully colored interior, a 50-pound freezer, and cold-to-the-floor refrigeration. It has a full-width chill tray, two stain-resistant porcelain crispers that hold 23.3 quarts, a 10.8-pound-capacity meat drawer, four "Pantry-Dor" shelves and a butter compartment with separate temperature control. Its built-in bottle opener is magnetic to hold on to bottle caps. An exclusive "Tight-Wad" compressor unit has a five-year warranty permanently attached to the refrigerator cabinet.

Mother Of Local Woman Dies At Age Of Ninety-One

Funeral services were conducted from Ester Funeral Home in Albuquerque, N.M., Tuesday afternoon, for Mrs. Tibacha Landaw, age 91, mother of Mrs. T. A. Henson, of this city, who passed away at the home of a daughter, Mrs. W. L. Berry, at T. Cookmon last Friday, February 22. Burial was in Memorial Park Cemetery at Albuquerque. Mrs. Landaw had been bedfast for the past five years. She suffered a fractured hip at that time, and had never been able to walk, following the accident. Mrs. Henson had spent considerable time with her mother at Throckmorton, and was with her last fall, when she fell and fractured her knee. Mrs. Henson was in Hot Springs, N.M., taking mineral baths for her injury, when she received the message of her mother's death.

Survivors include five daughters and two sons. The daughters are Mrs. Stella Salmon, Montana, Mrs. T. A. Henson, Littlefield, Mrs. Willie Wright, Oxford, Kansas, Mrs. Millie Marchant, Albuquerque, N.M., Mrs. W. L. Berry, Throckmorton, and Elmer Landsaw, Salt Lake City, Utah and a son who resides in Oregon. All were present for the last rites with the exception of the son who lives in Oregon.

Attending from here were Mrs. Henson and her daughters, Mrs. Ila Sewell, Mrs. Jack Henry, Mrs. Tommy Fullbright and son T. A. Henson Jr.

In 1949 about 48 million U.S. workers were in jobs covered by old-age insurance.

Chisholm Floral Begins Construction On New Greenhouse In College Heights

Work began this week on the construction of a new greenhouse for the Chisholm Floral J. E. Chisholm Jr., owner, announced Wednesday.

The new plant, which will be approximately the same size as the present capacity will be located in the College Heights Addition, more than a mile distance from his present location.

When completed the new addition will add approximately 15,000 square feet to the growing capacity of the local greenhouse.

The new addition will be known as Chisholm Wholesale Floral Company. Mr. Chisholm announced it would be devoted to the culture of pot plants, cut mums and snapdragons in large measure for wholesale purposes.

The new addition with total cost not announced is expected to be completed on or about May 1, and Odell Matthews, presently employed will manage the new greenhouse.

Jack Brooke is building contractor.

Pioneer Resident Of Bailey County Dies In Hospital

Henry A. Angeley, 78, who made his home with his daughter, Mrs. Herman Haberer of near Springlake, died shortly after admission to Green Hospital at Muleshoe, Tuesday morning, about 1 p.m. He suffered a heart attack about midnight. He arose and dressed and then went to his daughter, who took him to the hospital.

A resident of Bailey county for 27 years, Mr. Angeley was a retired farmer. He was born in Arkansas, March 11, 1873.

Survivors include four sons, E. K. and Jarvis, both of Muleshoe, W. E. of Morton and O. K. Angeley of Earth; three daughters, Mrs. Herman Haberer of near Springlake, Mrs. C. E. Bearden, Ellensburg, Washington and Mrs. Adolph Meyer, Vancouver, Washington; two sisters, Mrs. Doshia Eastman living in Montana, and Mrs. A. T. Baker, Waxahachie, 21 grandchildren and 15 great-grandchildren.

Funeral services will be conducted at 2 o'clock Friday afternoon in Earth Church of Christ with J. E. Randall, minister of the Muleshoe Church of Christ, and Rev. A. W. Blaine, pastor of the First Baptist church, officiating. Burial will be in Earth cemetery.

Funeralbearers will be six grandsons, Russell, Ted and Gerald Haberer, and Rex, Jerry and Jack Angeley.

School Week Observance Schedule Announced

Texas Education Week, March 28, as proclaimed by Governor Allan Shivers will be fittingly observed in the schools in Littlefield, in both the white and colored schools, with activities each night during the week.

The following schedule has been released by Supt. Joe C. Hutchinson:

Monday: county wide teacher's meeting at Amherst. Each teacher is to bring a guest. Time 7:30 p.m.—musical numbers from school and address by Nat Williams, supt. of schools, Lubbock.

Tuesday: Style show, high school auditorium. Time 7:30 p.m. Admission 50c. Masonic banquet at Dunbar school at 7:30 o'clock. Program will be furnished by 1st and 2nd grades.

Wednesday: Visitation at primary and central schools at 9:30 a.m. to 3 p.m. Woman's club special lecture by Mrs. Eudore Hawkins, at 4 p.m. at high school auditorium. Title: "Remember the Alamo."

Thursday: Dunbar visitation day. Lamb County Mutual Concert Association—"The Dem! Tassie" players.

Friday: Sports night (7:15 to 9:15), and WOW drill team demonstration in high school gym. Volleyball teams representing civic clubs, etc., with Forrest Martin, chairman. Senior class will have concession stand. Visitation day at junior and senior high school, 9 a.m. to 3 p.m. Dunbar's annual musical at 8 p.m.

During Education Week, all organizations in the community are urged to meet at the school lunch room. However, arrangements must be made in advance.

The elementary and junior high P.T.A.'s will be hostesses during visitation days at the respective schools.

School exhibits including Dunbar, primary, central, junior high, senior high and Lamb county vocational school will have displays in windows of business establishments in the city.

Funeral Service Wednesday For Former Resident

Funeral services were held Wednesday afternoon, February 27, at the First Baptist church, for Leonard Newton Hairston, age 58, who passed away shortly after admittance to Littlefield Hospital, Monday afternoon. Death was said to have been caused from a heart attack. Rev. Lee Hemphill, pastor, officiated and burial was in Littlefield cemetery. Hammons Funeral Home was in charge of arrangements.

Mr. Hairston and his wife resided at Booneville, Ark., and were visiting in the home of their daughter, Mrs. Wayne Kirby at Leveland, when he became ill. He was rushed to the hospital here, immediately.

The family formerly lived in the Hart Camp Community north of Spade and also resided east of Littlefield for a number of years. They moved to Booneville, Arkansas two years ago, where Mr. Hairston was engaged in stock raising.

Surviving are the wife, Annie Hairston, and three children, two daughters, Mrs. Wayne Kirby of Leveland and Mrs. Verna Wilms of Booneville, Arkansas and a son, L. E. Hairston of Seagraves, and two grandchildren. Three brothers and four sisters also survive. They are Roy and Dennis of Wichita Falls and Alvin of Los Angeles, and Mrs. Myrtle Freeman of Muleshoe, Mrs. Alta McGuire of Fort Worth and Mrs. Bert Keese of Lubbock.

Funeral services were held in the auditorium at Whitharral schools Tuesday morning, members of the football squad, athletic managers and school administrators were presented with striking new football jackets. The Eisenhower type jacket is red, with black trim of a twill material. Harvey Tubbs is head football coach.

The team had made an outstanding record the past season, and is looking forward to a better season in 1952.

Whitharral Football Team Presented With Jackets

During a special assembly program held in the auditorium at Whitharral schools Tuesday morning, members of the football squad, athletic managers and school administrators were presented with striking new football jackets. The Eisenhower type jacket is red, with black trim of a twill material. Harvey Tubbs is head football coach.

The team had made an outstanding record the past season, and is looking forward to a better season in 1952.

Farm Problems

(Continued from Page 1) foliants is estimated at only 139 million pounds, so the supply is expected to be more than adequate, he said.

The supply of planting seed available is expected to meet demands, though farmers wishing to plant one certain variety may not be able to find that particular variety, he said.

McHaney gave the farm outlook picture as to prices for the 1952 crop season. While not able to make definite statements as to prices which could be expected for agricultural commodities, he pointed out that, on the whole, the farm price outlook for this year should follow about the same pattern as in 1951.

Production Costs To Rise The demand for cotton, small grains, and livestock will continue, he said, and though a farmer may get a slight increase on price of his goods, the cost of producing the commodities would also increase.

This means that the margin of profit on farm goods will remain about the same as the 1951 level, he said.

The largest problem facing the farmer today, Chenault said, is that of making his land produce more per acre. Only 16 out of every 100 Americans live on a farm and make their living by farming, he said.

Therefore, he said, 16 percent of the population must produce enough food and fiber for the remaining 84 per cent of the total population, or shortages will become extremely acute.

And, he continued, the farmer today must produce more food and fiber on less acreage. Back in the depression days of the 30's, he said, the ratio of land to persons was about 3.25 acres to each person. Today, the situation differs. The ratio of land to people is about 2.25 to one.

This clearly emphasizes the need for greater production per acre, and also explains the growing concern of soil conservationists, he said.

American farmers have almost reached the largest acreage of land available and suited for cultivation, he pointed out, so the only feasible way to meet demands of food and fiber in the future, considering the present rate of population increase, is to make the present number of acres produce more.

"If every five acres now in cultivation would produce the amount of food and fiber now produced on six acres, the solution to the problem will be reached," he said.

Monday is Dollar Day in Littlefield. Don't buy until you've seen the special value at the Louise Dress Shop, 463 Phelps Ave. Littlefield. 1-11c

Temperatures Nose Dive As North Wind Hits Area

Summer, or summer-like weather which has prevailed here almost uninterruptedly since shortly after the turn of the year, suddenly departed, and winter slipped in, with a strong wind from the north sending in a trace of snow and 20-degree thermometer reading early Monday morning, and hitting a low point of 17 degrees Tuesday morning.

In spots the ground was white with snow, but the blanket was so thin, that the moisture received was of practically no consequence.

Some early blossoming plants and trees were injured by the freeze, and a few damaged car radiators, and freezing of household water lines was reported.

Rain is needed throughout West Texas, there having been no moisture of consequence since a 3-inch snow fell early in January.

Following is the temperature readings as listed at the gas office for the past week:

	High	Low
Thursday	68	35
Friday	70	35
Saturday	55	37
Sunday	60	38
Monday	38	20
Tuesday	70	17
Wednesday	70	38

Mother Of Mrs. D. C. Lindley Dies At Tylertown, Miss.

Mrs. D. C. Lindley returned home Tuesday night, from Tylertown, Mississippi where she was called due to the illness and death of her mother, Mrs. Ollie Simmons.

Mrs. Simmons, 78, passed away at her home at 6 a.m. Friday, February 22. Death was caused from a heart attack. She suffered a heart attack late in December, but had sufficiently recovered to be up a part of the time. However, she suffered the second attack about a week before her death.

Funeral services were conducted from the family home at Tylertown, Saturday afternoon at 2 o'clock with Rev. Vernon May, pastor of the First Baptist church there, officiating. Burial was in Tylertown cemetery.

Survivors include two sons, Fred B. Simmons of Brooksville, Miss., and T. N. Simmons of Tylertown, and two daughters, Mrs. Jewel Bankston of Tylertown and Mrs. D. C. Lindley of Littlefield.

Mrs. Simmons was quite well known here, having visited in the home of her daughter and family on several occasions.

Local Ag Teacher Attends Meeting In Lubbock Monday

W. W. Hall attended a meeting at Texas Tech, Monday afternoon, when all agricultural instructors in the district met, for the revision of the five year state plan for high school vocational agriculture.

Mr. Hall stated that very little change is being made.

City Considers

(Continued from Page 1) sale. Commission believe the approximate cost would be \$3,000. They agreed to build the sewer line, if Burleson would advance \$1,000 of the cost, on a partial rebasis, if and when the houses are built.

They authorized a 3-year contract to an out-of-state concern, for placing of advertising (national only) on the city's 350 parking meters. The city will profit from the ads to the extent of \$175 per month—50c per month per meter.

To Take Paving Bids An order was issued to call for bids on paving 46 1/2 blocks of city streets on Candiff Ave., 17th street, West 9th, Lake Ave., East Eighth, Park Ave., West 4th, Morse Ave., West 11th, Copeland Ave., Seldon Ave., and Badger avenue, and the work is expected to get underway in the not-too-far distant future.

Commission took cognizance of the fact that water bills, or too many of them, have a habit of becoming delinquent. A new order instructs the secretary to shut off water, if bills are not paid by due date, and water service will only be re-instated after payment of the bill, plus a \$1 fee for re-instating service.

Woman's Study Club of Sudan, owner of a traffic light, which has been in operation near the Sudan schools, and which had produced some "static," offered to sell the light to City of Littlefield, and the city made the purchase.

A committee from the garden department of the Woman's club composed of Mrs. Mamie Chesher, Mrs. Otto Jones and Mrs. Lon Campbell, presented a petition asking the city to build curbs on South Phelps avenue, between 6th and 9th, to form a center of the street park site or boulevard. When this street was paved, the center of the street was left unpaved, with the boulevard idea in mind. Commission agreed to curb one of the three blocks, at this time, and may pave the remainder next year.

The Woman's club will plant the strip to grass and trees, and plan that each tree shall be dedicated to the memory of some Littlefield boy who has given his life in service of country. They plan an appropriate plaque, listing the names of all who made the supreme sacrifice in the Korean War and in World Wars I and II.

Commission approved a request for some new and additional street working equipment, and authorized the city engineer to negotiate for, and purchase same.

Beauty Consultant To Visit Reese Drug From Monday Through Saturday

Miss Alberta Melton, beauty consultant from Reese, will be at the Reese Store here from Monday through Saturday week through Saturday.

Miss Melton says she has naturally red hair, and includes anything from copper red—don't know head charm by allowing to become drab and brown. The "mog" of cilia has dimming bright hair!

Helena Rubinstein, who Tone, Brunette-Tone and Red-Head Shampoo have popularity, has new Red-Head Shampoo heads! It is the exact dyeing used so successfully famous Salons.

This exciting new dye only leaves your hair shining, softer, cleaner, and manage, but imparts highlights and flatness color as well.

No fuss or bother to shampoo, you merely would an ordinary shampooing the hair, work in the to a rich lather, and if repeat again after rinsing. Head adds temporary dye to your hair, and is not a dye.

If you are a moody happy brownette—don't red-headed sister! Thank you why you can't share glamorous color highlights hair!

Since the coming fashioning show a trend toward feminine look, you'll want more and more upon you a flattering accessory hair and color.

Busy Weekend For City Police Gambling, drunkenness, peace disturbance were loose in Littlefield Saturday and over the weekend, to the extent that seven police white and colored, city court, after arrest by Police Walraven and his and the seven paid fines approximately \$75, including J. C. Moore, Walter Henry James, all colored, guilty to gambling on "flats."

D. C. Lee, W. P. Goolsby, Frank Billings were arrested for drunkenness, and white colored, was adjudged peace disturbance.

Beauty Consultant To Visit Reese Drug From Monday Through Saturday

Mrs. A. L. Massey, an employee at the school cafeteria, received second degree burns last week, when she lighted a pilot light on a gas cook stove at the cafeteria. Evidently gas had accumulated, and ignited when she struck the match. No damage was done to the building, it was reported.

Mrs. Messey was rushed to Littlefield Hospital, where she received emergency treatment, and where she was hospitalized for three days.

Mrs. Forrest Martin, manager of the cafeteria, stated that it will probably be at least three weeks before Mrs. Massey will be able to resume her work.

Presbyterians To Hear McCormick Seminary Student

Rev. Henry Haupt of Paw Paw, Illinois will fill the pulpit at the regular morning service at the First Presbyterian church at 11 o'clock, Sunday. He is a student at McCormick Seminary at Chicago, Illinois, from where he is scheduled to graduate May 1.

Rev. Haupt and his wife and their youngest son, 8, arrived in Littlefield Wednesday afternoon.

The visiting pastor and his wife will be special guests at a church supper, for the entire membership to be held in the dining room of the church Friday night. Rev. Haupt met with the men's council Wednesday night for a special meeting. They are also being entertained in the homes of various members, during their stay here.

Grand Jury Convenes Here

Lamb county grand jury convened at the court house in Littlefield Monday morning. They recessed Monday evening, with no reports made, and will reconvene Friday.

With Judge Bills presiding the regular trial term of district court for February, also got underway this week, and has been engaged on the civil docket which, like the criminal docket, is reported light.

Littlefield City Officials Ask Delay To Prepare Water Estimates

L. F. Wylie, Bureau of Reclamation construction engineer for the proposed Canadian River conservation project met here Monday with Ralph Douglas, city engineer, to discuss additional time to prepare estimates of long-range water requirements, as requested by Littlefield city officials. Meeting with the two men was R. L. Oldham, Lubbock director of public works. The tree, and other local officials, tentatively plan another meeting here, probably during the latter part of this week.

The Bureau of Business Research of the University of Texas forecast recently that Littlefield's population will increase from 6,540 in 1950 to 17,790 in the year 1970. Water requirements for 17,790 gallons daily to \$200,000 during the same period.

Mr. Wylie, who is staying in Lubbock this week, plans conferences in most cities in this area interested in Canadian as a possible water supply for the past few years. He can be reached through Lubbock city engineering department at the city hall.

Other Canadian projects in the South Plains, additional Littlefield, are Lubbock, Sulphur, Tahoka, O'Donoghue mesa.

Region One Playoffs Will Begin Friday

All district basketball races in Class AA and Class A have been completed with games played Saturday night, assuring a top field for the Region 1 playoffs in Texas Tech gym Friday and Saturday.

Seven games in each class will be unraveled over the two-day period, with four games in Class AA and a similar number in Class A being played on Friday.

Three games in each division will be run off Saturday, including the final game in each division.

Overwhelming favorites to win the Class A title will be the Dimmitt Bobcats, who have breezed through their season without a loss. The Bobcats represent District 2-A.

No clearcut favorite looms in Class AA, although the Levelland Lobos come close to fitting the bill. The Lobos have won 25 of 30 games played this year, but face trouble in Phillips and Canyon.

The winning team and their districts in Class AA follow: District 1, Phillips; District 2, Canyon; District 3, Childress; District 4, Quanah; District 5, Snyder; District 6, Tahoka; District 7, Levelland; and District 8, Kermit.

Class A winners and their districts were: District 1, White Deer; District 2, Dimmitt; District 3, Abertathy; District 4, Denver City; District 5, Big Lake; District 6, Ozona; District 7, Clyde; and

FORTY-FOUR CANDIDATES REPORT FOR TRACK TEAM

REPORTS GENE RENFRO NOW PLAYING LEFT GUARD . . .

Coach Jay Fikes Attends Coaching Clinic At Waco

Coach Jay Fikes returned Saturday night from a three day coaching clinic at Baylor University in Waco.

Coach Fikes was accompanied to Waco by Coach Pat Patterson, head coach of the State Champion Lubbock Westerners. Toby Greer of Brownfield also went to the clinic but did not return with Fikes and Patterson.

The coaches were permitted to watch the Baylor Bears go through their spring training and Fikes reported that Gene Renfro, a former Wildcat football star is looking good in Spring training.

Renfro was an All-State full-back when he played for the Wildcats but Coach George Saur has shifted Gene to the Left Guard position. He is making a good defensive player for the bears and Fikes said he was proud of the way he is showing up at the guard slot.

District 8, Roby.

The first game will be at 9:30 a.m. Friday when Dimmitt takes on Ozona. Quanah meets Tahoka in a Class AA game at 11 a.m.

White Deer and Clyde tangle at 1:30 p.m.; Snyder and Levelland collide at 3 p.m.; Abertathy faces Roby at 4:30 p.m.; Phillips and Childress clash at 7 p.m.; Denver City and Big Lake meet at 8:20 p.m.; and Kermit and Canyon face each other at 9:40 p.m.

Forty-four Wildcats reported to track coach Charles Hester Monday morning for the first day of practice for the locals.

The track team had to remain in the gym Monday due to high winds and freezing weather. They worked out in trunks doing mostly running and limbering up of the muscles.

Out of the forty-four boys, Hester is hoping to build one of the best track teams in the history of the school. Several outstanding football stars of the past season is on the roster including three all-district players. M. C. Northam, Bill Brantley and Cam Jordan are the three and they will go out for several different events. Northam will probably run in the 100-yard dash, low hurdles and on the mile relay team. Jordan was a discus thrower last season and will probably return in this event. Brantley will be going for track for the first time so it is not known what events he will participate in.

The District Track Meet will be held March 29.

Coach Charles Hester is being assisted in coaching the boys by Forrest Martin and Jay Fikes.

HOW IT'S DONE — Sammy Baugh, in one of his first practice sessions with the Hardin-Simmons University Cowboys, points out how it's done to the boys. He stands over Roy Carter, center, and Jim Riddle, quarterback, as the two players brush up on details. —AP Photo

Morton Girls Takes District 7-AA Title With Win Saturday

Morton's girls earned the right to compete in the regional basketball championship Saturday night when they defeated the Muleshoe girls 37 - 31 for the District 7-AA title in a game that was played in the Littlefield gym.

Both teams had chosen Littlefield as a neutral site.

It was the second straight win for Morton in a best-two-of-three series. The squaws won the first one here Tuesday night, 38-34.

Betty Doyle paced the winners with 26 points and Joan Waggon got 24 for Muleshoe.

Muleshoe was leading 20-13 at halftime, only to have Morton come back strong after the intermission, tie it up 23-23 at the end of the three-quarter mark and go ahead in the final period.

Three Way Edges Springlake For Tourney Title

Three Way, behind the entire game, scored a field goal with 14 seconds to go to defeat Springlake 31-30 for the District 14 girls basketball championship at Sudan Saturday night.

Sprinklake had lead all the way and held a ten point lead at halftime but the Wolverines started missing their shots in the last half and Three Way nudged the girls from the sand hills out for the championship.

Lillie Reese was the villain, so far as Springlake was concerned, when she hit the two-pointer for the regional title. The winners will go directly to the state McCamey League tourney at Waco.

Wynonne Tyson led the scoring for Three Way with 16 points. Joanna Maxey had 13 for the losers. Cotton Center won third place in the meet, defeating Spade 48-40 on Colleen Johnson's 29 points.

Emma McCurry had 16 for Spade. Cotton Center led all the way and was threatened by the girls from Lamb County.

Tournament officials selected an all-tourney team, composed of six forwards and six guards as follows: Forwards — Tyson, Reese, Dorothy Cannon of Cotton Center, Wanda Hall or Bula, Sue Glover of Sudan and Maxey. Guards — Anna Margaret Gunter of Three Way, Joyce Sanders of Bula, Shirley O'Hair and Deweylene Green of Springlake, Wynoneta Lorens of Cotton Center and Ann Lee of Blue Center.

Only Millionaires Allowed

AP Newsfeatures

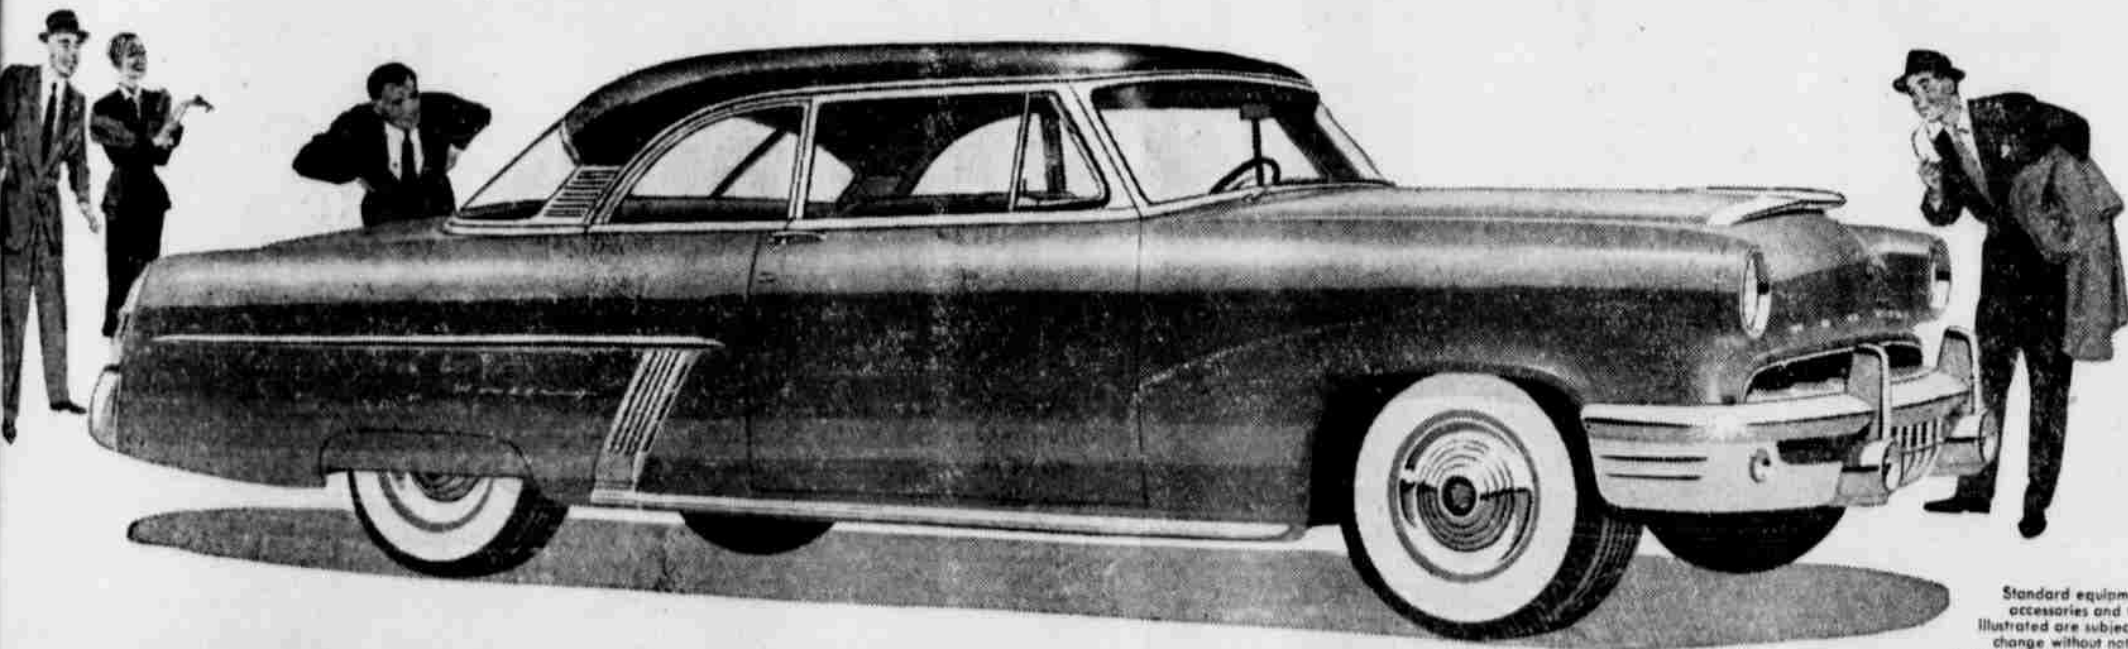

DALLAS—Professional baseball is noted for being the rich man's plaything. Few ever made any money out of it, especially in the minors.

Pro baseball really is a rich man's plaything in the Class B Big State League. There isn't a club owner who has less than a million dollars.

Actually there is \$50,000,000 back of this circuit. The league is made up of Austin, Longview, Wichita Falls, Texarkana, Greenville, Waco, Temple and Tyler, all in Texas.

A league of eight millionaires, in most instances multi-millionaires, can operate no matter how high the prices for players may go. The clubs show assets from \$22,000,000 down to \$1,000,000. The million dollar boys are sort of the "poor relations" in this circuit.

TEXANS IN WASHINGTON BY TEX EASLEY AP Special Washington Service

WASHINGTON, T.P.—Large shipments of fine Argentine wools into this country in recent months are causing concern among members of Congress from sheep raising districts.

Rep. O. C. Fisher of San Angelo, whose district is one of the nation's principal wool and mohair areas, has been in frequent conferences with Agriculture Department and other government officials about the virtually idle domestic wool market.

The current trouble, says Fisher, involves complicated international money exchange and Argentine President Peron's encouragement of exports to the U.S. of wool tops—the scoured, cleaned and combed lengthy fibers from the sheep's back.

As Fisher explains it, Peron caused accumulation of two year's production of wool tops. A few months ago he decided Argentina should get rid of this wool. American textile mills, which normally would buy large quantities of raw wool in the U.S., suddenly found they could purchase the choice wool tops for virtually the same price.

As a result, American buyers have turned to the Argentine tops and the domestic wool market has suffered. Western members of Congress checked up to see if laws forbidding the dumping of foreign products in the U.S. could be applied in this case. They urged higher tariffs or quotas to restrict imports so long as they constituted unduly stiff competition.

Nothing yet has been done, however, because Argentina has operated her export program within the anti-dumping laws. It seems that the Argentine wool top exporters, in converting the U.S. dollars into their own pesos, get about a 7 peso to 1 dollar exchange as compared with 5 to 1 granted exporters of raw Argentine wool. The effect of the program is to stimulate business for the Argentine processing plants.

What will be done is yet to be decided. Just now the Agriculture Department has under study a recent recommendation of western wool men that the Government's price support program be put on a loan basis rather than outright purchase. The purchase program is not currently operating. The Department is authorized to conduct such a program when it sees fit. Some announcement regarding a program on the 1952 clip is expected about April 1.

The announcement of 45-year-old Rep. Tom Pickett of Palestine that he will not seek reelection took his closest friends and colleagues by surprise.

However, supporters of the St. Lawrence seaway project probably will welcome his decision. Pickett has been the leading opponent in the House of the proposed seaway—which has been pushed unsuccessfully for many years by the Great Lakes region.

Two feminine of Pickett's secretarial staff, both recently married, expect to devote 700 time to home making when their boss leaves the Capitol. One is Mrs. Helen Chenault Chapin, formerly of Navasota; the other is Mrs. Veda Huddleston Hoopingarner, formerly of Dallas and Abilene.

The third member of his staff, Miss Doris Crewe, hopes to join some other Texas congressional office. She is the daughter of Mr. and Mrs. Sidney Crewe, formerly of Palestine. Her father came here with the Interstate Commerce Commission about five years ago.

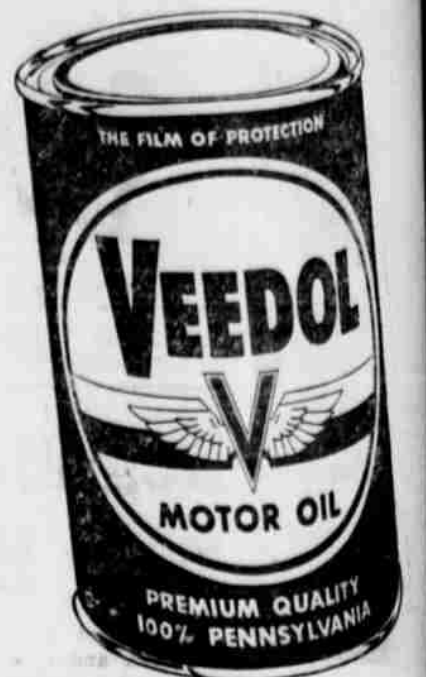

Two spokesmen for Texas cattlemen reported here that they were impressed on a recent visit to remote areas of southern Mexico with a definite change for the better in the attitude of the ordinary Mexican people toward efforts of the U.S. to help stamp out aftosa—foot and mouth disease.

The welcomed reversal was described by Ray Willoughby of San Angelo, president of the Texas and Southwestern Cattle Raisers Association, and Judge Joe Montague of Fort Worth, the association's chief counsel.

They voiced high praise for the cooperation of Mexican livestock owners as well as Mexican officials, and predicted there would be no further outbreak of the dreaded scourge again unless there is deliberate sabotage. Some disgruntled individual, wanting to injure both the existing Mexican government and the U.S., might try to infect a herd, they said.

The last outbreak was stamped out within 24 hours after it was discovered last August—some 1,700 cattle were promptly slaughtered. Montague said that if there is no recurrence by next September, it would be all right to consider lifting the present ban on bringing live cattle into this country from Mexico.

New Look for 1952 Henry J Sedans

NEW INSIDE AND OUT for 1952 are the Henry J Corsair four and six-cylinder sedan models. Wide horizontal bars, which enclose parking lights and a bronze "K" medallion, distinguish the new grille design. The rear styling treatment features new tail lamps mounted in the crown of the fenders. Exceptional fuel economy and high-performance horsepower are leading mechanical features of the low-priced models. Illustrated is the six-cylinder Corsair DeLuxe.

New Henry J To Be On Display At Batson Motor Company Friday

A new model of the Henry J—the 1952 Corsair—makes its bow in Kaiser-Frazer dealer showrooms tomorrow (Friday) with extensive styling and engineering improvements.

T. I. Batson, owner and operator of Batson Motor Company, announced Saturday that this new automobile will be on display at his showroom, and he invites all interested parties to view this lovely new car.

Designated the Corsair and Corsair DeLuxe, the new sedans introduce the first major appearance and mechanical changes in the low-priced Henry J since its introduction in September, 1950. The Henry J is still the lowest priced of any full-size American sedan.

In addition to complete new front and rear styling, the 1952 models incorporate mechanical changes which enhance the "penny-a-mile" fuel economy and high horsepower-weight ratings of both the high-compression 68-h.p. four and 80-h.p. six-cylinder engines.

The Corsairs are the second 1952 models to be introduced in the Henry J line this year. Already in dealer showrooms are the '52 Vagabond sport sedans, which feature a Continental rear spare tire and wheel carriage.

A broad double-bar grille, with built-in contour parking lights and a bronze "K" medallion, highlights the front styling treatment. New splash shields and wrap-around bumpers are other features. There also is a new lance-type chrome

and plastic hood ornament with "Corsair" appearing in chrome script on the fenders.

Tail lights have been moved from their former position in the body below the trunk lid to the crown of the rear fenders, and are visible from the side as well as from the rear of the car. The former tail lamp positions are ornamented with circle "K" medallions which provide removal receptacles for custom installation of back-up lights, an accessory item.

A new convenience feature of the '52 models is a "pop-up" trunk lid which eliminates the need for a handle with which to raise the trunk cover. A turn of the key releases a spring latch which raises the lid to a convenient height for easy opening.

Interiors have been completely restyled with new door panel trim patterns and vinyl plastic fabrics in a selection of authentic Scotch tartan plaids. The upholstery is washable and stain resistant, yet luxurious in appearance and seating comfort. The interiors harmonize with six new body colors developed in cooperation with home furnishings stylists of House and Garden magazine.

New also is an instrument panel glove compartment.

In addition to new front and rear shock absorbers which maintain the Henry J's cushioned ride but improve control by dampening "rebound" action, mechanical changes include new steering tie rods and clutch linkage which provide new

ease of handling and shifting. Cold weather starting efficiency has been increased through the installation of a new "follow-thru" ignition and starting motor unit which engages the flywheel continuously until sufficient cranking speed is attained for engine operation.

A new 4.27 to 1 rear axle which increases the fuel economy rating of the 4-cylinder Henry J engine, as well as adding to top speed, is standard in the Corsair.

A new radiator with increased cooling capacity and new all-welded radiator shrouding are features of both the four and six-cylinder Corsair models.

Regional Meeting Of Girl Scouts To Be Held Here March 11

The Littlefield Girl Scout House has been completely redecorated, and everything is in readiness for the regional Girl Scout meeting to be held here March 11, in observance of the 40th anniversary of Girl Scouts.

A guest speaker from Dallas, who is a member of the regional committee will be present for the occasion.

All Girl Scout leaders, or anyone associated with Girl Scout work is urged to attend. Approximately 50 are expected.

Local Doctor And Family Attend Medical Convention

Dr. and Mrs. F. B. Faust and their two children, Bruce and Helen returned home last week from New Orleans where they attended the Mid-South Regional meeting of The American College of Physicians, which includes Louisiana, Tennessee, Texas, Arkansas, Mis-

issippi and Oklahoma. The convention headquarters was at Hotel Roosevelt on Friday and Saturday, February 15-16. Not since the middle of World War II has New Orleans been the site of a regional meeting of the American College of Physicians. Included in the new rugs described at the physicians' meeting was methonium compounds used successfully in reducing high blood pressure. Dr. Faust said that the local Payne-Shotwell Foundation has been using similar drugs since 1949. Mrs. Faust and her daughter enjoyed the special program of enter-

tainment arranged for the ladies at the meeting, which included banquets, guided bus tour of the city, quarter, and a luncheon at New Orleans Country Club. A highlight of the convention was a banquet and cocktail party held in the Gold Room of the Roosevelt Hotel.

Sudan Annual School Board Election To Be Held April 5

At a recent board meeting Quin-

ton McCaghen, William and Paul Christian, and others, mended as candidates to the school board will take place at 8:00 p.m. on April 5, 1952. These men are in the school board, O. L. Shattuck, Terrill, whose term expires in March this year. Since that date a sufficient number of signatures have been sent to the board in the name of Tom Wood, also. The wife of a U.S. Post Office official title.

PAID A DIME TO JOIN REDS —Lynne L. Prout, 35, RFC employee at San Antonio, Texas, told the House Un-American Activities Committee in Washington that he paid ten cents to join the Communist party in 1938 while he was a student at Oklahoma A&M College. He said he quit in 1939, and explained that he was then unaware of Communist party principles and purposes. —AP Photo

Three Graduates Of Local High School Make Tech Honor Roll

Only three Texas Tech students from Lamb county, and all graduates of Littlefield High school, made the fall honor roll at Texas Tech, it was announced last Friday.

Miss Ellen Massengill, daughter of Mr. and Mrs. L. L. Massengill, a major in home economics was one of six students, who made a three-point average. She is a junior student at Tech. Dewey Yeager, son of Mr. and Mrs. T. A. Yeager, a freshman at Tech, and a 1951 graduate of Littlefield High school, also made the honor roll with a three-point average.

Miss Elizabeth Shovajsa of Amherst, who graduated from the local high school, was one of 207 students who had averages of from 2.53 to 2.95.

Aged Aunt Of Local Woman Dies Saturday At Winters, Texas

Mrs. R. L. Byers, accompanied by her daughter and son-in-law, Mr. and Mrs. W. C. Adams and children Mike and Bill of Amherst attended funeral services at Winters, Sunday for Mrs. Mary Pumphrey, 1, who passed away at her home Saturday.

Mrs. Pumphrey was an aunt to Mrs. Byers. She was a pioneer resident of Rannels county, where she had lived since 1900.

Total farm output in 1951 has been estimated at 43 per cent above the 1935-39 average and nearly 4 per cent above 1950.

War And Democracy . . .

Members of a Senate appropriations subcommittee have been receiving reports as to skyrocketing costs of new weapons. As an instance the new K-1 bombing system is costing 31 times as much as the Norden bombsight of World War II.

After hearing many of these reports, Senator O'Mahoney voiced the opinion that science is making war impossible for those who wish to have an economy based on individual enterprise and freedom. A sobering corollary of that proposition is that even national preparedness to prevent another world war may be destructive of the old ways and national solvency.

There is plenty of reason for worry short of war. Freedom as usual is no longer tenable in a major conflict, and the shadow of the same threat may be lengthening in the modern defense emergencies short of war. Such considerations by no means are argu-

ments against democracy but are points in its favor, because freedom and security flower under the ways of peace, law and order.

Despotism by contrast flourishes in disorder, insecurity and fear. By fostering aggression, dictatorship contains the seed for its own destruction. Nor can the Soviet system stand the strain of modern rearmament too long, much less the devastation and dislocation of total war.

Fortunately for democracy, it must have liberty and stability in order to survive and flourish. A durable democracy should foster those conditions. It is threatened by the prohibitive cost of modern, scientific warfare. The task of harnessing science and materialistic progress for the service of civilization and humanity is the supreme challenge of this century. —Star-Telegram

Hormone Sprays For Killing Weeds . . .

Ranchers now can use hormone sprays to clear pastures of mesquite and other large brush as well as weeds, a special lecturer at the University of Texas reports.

He is Dr. George Sherman Avery, Jr., Brooklyn, N.Y., Botanic Garden director and famed plant scientist, who is a visiting instructor for a graduate course in botany.

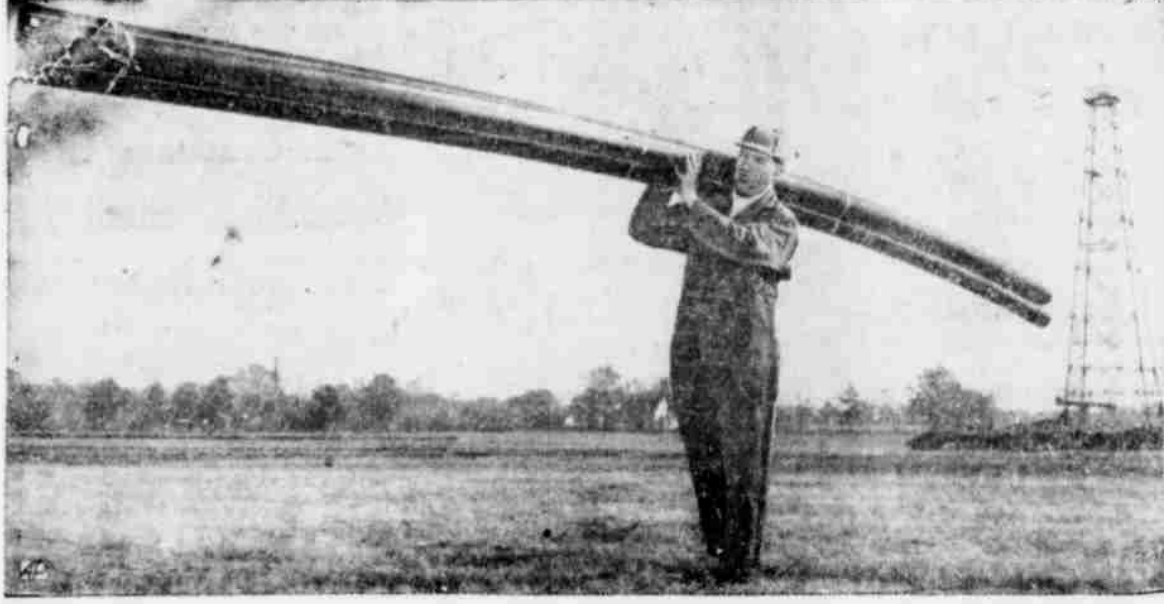

"Such hormones, or chemical substances which are growth factors, won't harm pasture grasses," Dr. Avery said. "Two effective hormones for improving pastures are 2, 4-D and 2, 4, 5-T, which will kill cactus, elm, black brush, blue brush, sand sage, hulsache, and yaupon, as well as mesquite."

He also described how hormones can be used to control weeds in wheat, rice, and strawberry fields; keep citrus fruits from dropping off trees prematurely; and prevent rosebud growth in stored nursery stocks.

"Ranchers, farmers and gardeners can find the correct hormone spray for their needs by contacting agricultural agents, hardwaremen, feed dealers or nurserymen," Dr. Avery said.

He predicted scientists will perfect hormone sprays for killing weeds in most field crops, preventing freeze damage to fruits, speeding peach and pear growth, and producing seedless apples and pears.

Pipe This Pipe Dream . . .

NO ILLUSION—This fellow really is walking off with that truckload of pipe. He is no professional strong man. If the pipe were made of steel and cement lined, as is customary for oil-field use, it

would weigh about 720 pounds. But this pipe is made of plastic from a base of cotton linters. It is good for all low pressure use in oil fields. Oil men are going in for it because it won't corrode when filled with

salt water or sour crude. It's easy to transport. This lot weighs only 60 pounds. It is made by the Tennessee Eastman Co. and steel shortages have given production a big push.

Senator Taft To Speak At Lubbock

Senator Robert A. Taft, "Mr. Republican" from Ohio, will make a speaking appearance on the Texas Tech campus March 12 on a swing through Texas on behalf of his candidacy for the Republican presidential nomination.

Dr. D. M. Wickins, president of Tech, has arranged for all classes to be dismissed at 3 p.m. in order that Tech students may hear Senator Taft. M. D. Temple, Republican committee chairman from Lubbock county, said Taft would fly to Lubbock from Dallas, where he is to make a major campaign speech.

Fort Worth Preacher To Conduct Spring Revival Services Here

The annual spring revival of the First Baptist church is scheduled to begin Easter Sunday, April 13, with Dr. Fred Swank, pastor of Sagamore Hill Baptist church, Fort Worth doing the preaching.

Dr. Swank is said to be an excellent pastor-evangelist.

The revival service here will be held simultaneous with other churches holding revival services throughout District Nine, when more than one hundred churches will be in a like campaign.

TEXAS TECH ENROLLS 4,660 STUDENTS

Texas Tech has enrolled 4,522 students for the spring semester, a slight decrease from the spring semester of 1951 when 4,660 students registered.

The decrease was described as normal by college officials. Men students outnumbered women almost three to one. There were 3,136 men enrolled compared to 1,386 women.

The spring semester student enrollment is 384 students less than the fall semester enrollment of 4,906.

Local Optometrists Attend Area Meeting In Lubbock

Dr. Ira E. Woods and Dr. B. W. Armistead, were among the optometrists from here who attended a monthly business meeting of the South Plains Optometric Society held in Lubbock Thursday night. The group met at Chicken Village for dinner, then went to the office of Dr. Millard F. Swart for a business session.

In 1940 the center of U.S. population was 2 miles southeast by east of Carlisle, Ind.

Former State Senator Is Guest Speaker At Farm Bureau Meeting

Leroy Hackler, president of the Lamb county Farm Bureau, launched a membership drive last Monday when a group of Farm Bureau members met at the Amherst High school.

The nationwide membership has reached 1,452,210.

The bureau is, to a large extent, organized to give the farmer representation in national and state legislation. As such an organization, it is the farmer's means of being heard.

Dues collected by the bureau are divided, one half staying in the county for local programs, special activities, and insurance.

Speaker at the meeting Monday night was former Senator Nelson of Lubbock. Nelson emphasized the need for a farm bureau to represent agriculturists to legislatures. He cited the price of cotton as an example of the need for action, stating that the farmers, instead of getting 44 cents for cotton, are getting 24 cents. He maintained that the fixing price on cotton was exclusively for the benefit of the purchaser, particularly short staple cotton. Nelson said he could not imagine a farmer not wanting to belong to any organization which would foster his interests.

The former senator also spoke on an extensive trip of Europe and Asia which he took this summer. He dwelt at some length on agriculture in Egypt. Nelson said that the average annual income of an Egyptian farmer was \$27, and the

life of the farmer was an average of 27 years.

In Egypt, Nelson said, all agriculture is centered in the Nile valley, and 20,000 persons of a population of 23 million own all the land. The land is leased and subleased until it gets down to a family level.

Because of the annual inundation of the land by the Nile, the land

is rich, being better now than in the time of Moses, Nelson said. Although the crops are good, harvest methods are primitive, crops being harvested by a knife and threshed by hand.

He criticized the method of land distribution, being of the opinion that the land should be owned by those working it. Too large an ownership of land by any individual

bad socially and economically said.

He warned area farmers that if they must be retained it is to continue to have pointed at most of Asia as an example of the result of tation of soil. In the end, he said, the soil is completely out and, as a result, the crop is gone.

Ghostly Ghosts To Be Evicted

WICH VILLAGE WILL LOSE HISTORIC HOTEL BREVOORT

G. BAREUTHER Estate Editor

Many famous people are about to be evicted in Greenwich Village. The Hotel Brevoort, for a century gathering international celebrities, is being torn down. Along with Mark Twain's former residence, several adjoining old buildings are being razed to make way for a large apartment building in Avenue near the Wash-

ington pictures. The Brevoort's picturesque side has been a familiar landmark for years. The streets of Fifth Avenue's lately have been riding

under the glass tops of rubber-neck buses. Although the building has been closed as a hotel since 1943, because of the fire laws, its ballroom, restaurant and sidewalk cafe have remained in operation. The upper stories have been reserved for ghosts—of which the Brevoort seems to have had a social lion's share.

Presidents Registered There
For generations this hotel enjoyed the reputation of being one place in New York where a Broadway producer could recruit a complete cast for a play—where a publisher could enlist a staff for a newspaper or magazine at almost

any time. Opened in 1845 as one of the finest hostesses in old New York, the Brevoort kept a register that reads like a "Who's Who" of the world.

Presidents Lincoln, Garfield and Arthur signed in as guests. Emma, the dowager queen of the Sandwich Islands—now known as Hawaii—incribed her name in that fabulous book. Jerome Bonaparte, the Marquess of Queensbury, the Duke of Marlborough, the Earl of Londale, Prince George of Greece were among others who left their autographs.

The Brevoort was always noted for its cuisine. Early in the 20th Century, Raymond Orteil, popular host and wit, took over the proprietorship and introduced authentic French cooking with imported chefs.

Orteil was the man who in 1919 set up a \$25,000 prize for the first non-stop flight from New York to his beloved Paris. That was the prize collected just 25 years ago by Charles A. Lindbergh.

He Attracted the Famous
Orteil popularized the Brevoort as a meeting place for artists, actors, writers and thinkers of the new 20th Century. His basement dining room attracted Eugene O'Neill in his fledgling days, Isadora Duncan, Theodore Dreiser, Lincoln Steffens, Edna St. Vincent Millay, and many others who left their mark on the era.

One of the biggest social affairs remembered was a dinner party given by Annie Oakley, the crack shot circus performer, whose name is perpetuated in all free tickets marked by their three bullet holes.

Just north of the Brevoort, the old Mark Twain home is one of 10 smaller buildings which will be razed for the new project. This was where Samuel Clemens lived from 1904 to 1908 and where he completed his book "Adam's Diary." The house had been built about 110 years ago by James Renwick, whose friend Washington Irving often visited there.

LANDMARK DOOMED—New York's historic Hotel Brevoort on lower Fifth Avenue, which will soon be torn down. The small building at the left, once the home of Mark Twain, will also be razed to clear the block for apartments.

LET'S GO BACK FIFTEEN YEARS

The following items were taken from the Lamb County Leader files of the issue of March 4, 1937:

The Littlefield CCC Camp was declared, the most outstanding in

An Unusual Realty Deal
The structure to take the place of the Brevoort and Mark Twain house will be erected by Sam Minskoff and Sons, Inc., one of the largest apartment building organizations in New York. The firm has built more than \$150 million worth of luxury apartments and hotels in 25 years.

An odd feature about the deal is that the property has not been sold, but leased for 99 years. This is because it forms part of the old farm of Robert Richard Randall, a retired sea captain, who stipulated in his will in 1891 that the land would never be sold.

Randall left his farm, which originally had been the Henry Brevoort farm, for the establishment of Sailors' Snug Harbor. He wanted a home for "aged, decrepit and worn-out sailors" to be erected "upon some eligible part" of his farm.

But soon after Randall died, the trustees of his estate became convinced that the town of New York would grow northward on Manhattan Island and would require streets to be cut through the farm. They obtained permission from the state legislature to locate the sailors' home on Staten Island overlooking New York Bay, and to use the income from Randall's farm to support the institution.

Sailors' Snug Harbor still owns and administers 15 acres of valuable property in the heart of New York bordering Washington Square. Some has been leased to New York University and other parcels for new apartment projects.

the state.

Contract for drilling wildcat oil well announced on a block of several thousand acres recently acquired by R. F. Duggan, oil operator of Dallas and Laredo, located a few miles west and north of Pep in Hockley county.

Thirty-two members of the school

faculty were reflected at a regular school board meeting. All of the names of the teachers and the departments in which they taught were published.

Edith Vandergriff, Pauline Cook, Bob Pierce and Roy Saquistters competed in the invitation senior declamation contest sponsored by Lubbock high school Saturday, February 27.

In a front page editorial, much stress was placed on the fact that Littlefield needs and wants a new hotel. A double page ad, with more than 50 local merchants and professional men taking spaces, told why Littlefield needs and must have a hotel. (The ads—so far have never brought results.)

Hart Camp and Fieldton schools were declared fully standardized and accredited junior high schools. Supt. F. O. Boles, said this is the first time in the history of Lamb county that every school in the county has been fully accredited or standardized.

PARENTS OF A SON

Mr. and Mrs. Eligio Vega of Anton Rt. 2, are parents of a daughter weighing 7 pounds born at a Lubbock hospital, Wednesday morning at 1:30 o'clock, February 29. The father is a farmer.

The Bill of Rights of the U.S. Constitution was submitted to the first Congress at its first session, Sept. 25, 1789, in New York.

TO TAKE NEW POST—Bishop Thomas K. Gorman (above) of the Reno, Nev., diocese, has been named Bishop Coadjutor of the Dallas Catholic Diocese. He is expected to assume his new duties in a few weeks. —AP Wirephoto

Maine was the first state to ratify the proposed 22nd Amendment to the U.S. Constitution. It would limit to two the number of terms any person may serve as President of the United States.

FASHIONED LIVING MODERN LIVING

MODERN LIVING IS ELECTRIC LIVING!

Scrub-a-dub-dub, work in the tub... that was the old way of clothes washing with the steaming kettles of hot water on the old kitchen wood stove. Water in the tub was either too hot or too cold, cleansing of the really dirty garments meant backbreaking scrubbing on the old corrugated scrub board and usually the kitchen floor got its share of messy, slopped-over yellow soap suds. Today, thanks to electric service, and modern electric appliances, wash day is almost completely automatic. Your clothes are washed automatically with correct water temperatures and modern improved soaps or detergents replace the old scrub board.

How to get what you want and need in a truck

"Dodge 'Job-Rated' Trucks are the best we've ever used!"

...says PAUL CRUCE, Cruce Butane Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

SUPPOSE you need a 1½- or 2-ton truck. Naturally, you'll want one that costs less to run. You'll want one engineered to last for years and years. Above all, you'll want one that fits your job to a "T".

That calls for a truck in which every unit that moves the load is engineered to meet most severe conditions—and every unit that supports the load is engineered to provide the strength and capacity needed. What's more, load-moving and load-supporting units must be engineered to work together.

The way to get such a truck is to see us about a Dodge "Job-Rated" truck—one that's factory-engineered for your kind of work!

Yes . . . when it comes to your hauling job, you'll find everything you want and need in a Dodge "Job-Rated" truck. Come in today.

Power with economy. The big high-compression engine of a Dodge "Job-Rated" 1½- or 2-ton truck operates with outstanding economy. You get money-saving values like chrome-plated top piston rings, and exhaust valve seat inserts.

Time-saving performance. Low loading height on 1½- and 2-ton models and hinged center sections on stake bodies make loading and unloading easier. 5-speed transmission available on most models for more pulling power, better speeds.

Easy handling. Exceptional handling and steering ease is made possible by wide front tread and short wheelbase. Thanks to shorter turning diameters, you can turn sharper either right or left—back into tight places easier.

See us today for the best buy in low-cost transportation

Named Members American Hereford Association

Clyde Hilburn and E. J. Foust, Littlefield have been named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Missouri.

Two hundred thirty-two Hereford breeders were placed on the Association's official roster during January to boost the total mem-

bership to an all-time high of 20,061. Members represent every state in the nation.

The Hereford Association last year recorded a new world record of 506,061 purebred calves, an increase of 79,999 over the record established during the previous fiscal year. White faced calves registered last year were nearly three times the total registrations of all other beef breeds.

In 1947 there were six income tax returns filed with the Bureau of Internal Revenue whose adjusted gross income was at least \$5 million.

Whole World Supplies Logs For Veneer

The wood veneers used in fine furniture, radio and television cabinets, wall paneling, and flush doors are cut from choice hardwood logs brought to American veneer mills from all parts of the world.

Some of the more prominent woods are prime vera from Central America, rosewood from Brazil and the East Indies, paldao and narra from the Philippines, and satinwood from Ceylon, India and the East Indies.

Many woods are imported from Africa, often from the thick of the jungle. Among these are avodire, ayous, sapeli, tigerwood, and thuya. Mahogany, of course, is an African wood, but it also comes in quantity from Mexico, British Honduras and other parts of Central America, the West Indies and South America.

A lot of native American woods rank in beauty with those from more remote parts of the globe. A few of these are American walnut from the Middle West, myrtle from the Pacific Northwest, red and white oak, cherry, red gum from the South and the East, and birch and maple from the North.

More than a hundred species of wood veneer are used by the furniture and plywood industries. Thin sheets of veneer are permanently glued together into hardwood plywood, in which desirable structural properties are combined with the beauty of carefully selected and matched wood face veneers.

Date For W. T. Press Association Meet Is Set

The West Texas Press Association will hold its 22nd annual meeting at Alpine Aug. 8-9.

L. B. Smith, editor of the Brady

Standard and WTPA announced the date and location of meeting of WTPA officers and directors.

The invitation to meet was extended by M. A. W. the Alpine Chamber of Commerce. The two-day program will include a visit to the observatory and a tour of Bend National Park.
