WARN MOTORISTS AGAINST LAW VIOLATIONS

ACT ESPECIALLY GUARD SCHOOL CHILDREN'S LIVES

Must Not Pass Trucks When Children Boarding Or Disembarking

L. R. Rochelle, County School Superintendent, has asked the Leader to warn all motorists and truck drivers on the highway and to remind them that a Truck Transportation law was passed about two years ago prohibiting vehicles passing school trucks when they are loading or unloading school children.

Supt. Rochelle says that cars are accustomed to passing these school trucks at a high rate of speed, which endangers the lives of the children. He points out that a child was crippled in the Spring Lake district last year when she was struck by a passing car, as she was alighting from a school truck.

The law in force states that all motorists and truck drivers must come to a full stop and remain so until all children have either got on or off the truck.

The Schools of the County have enlisted the aid of the Sheriff's Department in the enforcing of this law, and the public are hereby warned that it is the intention of this department to fully enforce the law in order to safeguard the lives of the school children.

School Truck Drivers over the County will take the numbers of all

WORK EXPECTED TO BE STARTED IN NEAR FUTURE

Bids Asked Are For Grading 17 Miles From Hockley Line

Bids are being advertised in this week's issue of the Leader for construction of 17.566 miles of grading on Highway No. 7, extending from the Hockley county line to Amherst, and for construction of 10.9 miles of grading from Amherst to a point three miles northwest of Sudan, also on Highway No. 7. Both of these strips are inside of Lamb county.

According to the State Highway Department, construction is expected to start in the very near future.

Local Dentists Agree on Opening And Closing Hours

In cooperation with the spirit of the National Recovery Act, Dr. Max G. Wood, Dr. Wm. N. Orr and Dr. C. C. Clements, dentists of Littlefield, have agreed to maintain the following office hours, except in cases of emergency; Monday, Tuesday, Thursday, Friday and Saturday of each week from 9 a. m. to 5 p. m., and 9 a. m. to 1 p. m. on Wednesdays. This agreement will continue in force until agreement is made to discontinue.

Local Band to Render Concert Friday Afternoon

Upon the request of several business men, who were unable to hear the band concert last Saturday afternoon, Bandmaster Ab Taylor informed the Leader that another concert will be given by the local band, Friday afternoon of this week, at five o'clock, for the special benefit of the business men of the city.

Every professional and business man of Littlefield is urged to hear this program, which will be given on Phelps Avenue.

The band is composed of the following:
Cornets: A. B. Taylor, Jr., Eugene Lattimer, H. C. Pumphrey, Wayne Madden, Daniel Doone Hemphill; Clarinets: Vellie Dalton, Ruth Wells, Linton Smith, Buford Eagan, T. A. LEASE IS SIGNED ON BUILDING FOR CREAMERY HERE

Several Building Projects Starting in Littlefield Trade Territory

Considerable activity in the expanding of Littlefield industrially and commercially is underway at this time.

The Bumpass building, now owned by the Foxworth-Galbraith Lumber Company, is undergoing a complete renovation in preparation to house the equipment and machinery of the new creamery company, which will operate in Littlefield in the near future.

A lease of the building has been signed by Mr. Wayne of Cuero and the Foxworth-Galbraith Lumber Company, according to Dr. Ira E. Woods, president of the Littlefield Chamber of Commerce.

On being interviewed yesterday by a Leader representative the local manager of the lumber company said he had received instructions to replace the broken window panes, and repair and redecorate the inside of the building ready for installation of the creamery equipment.

WE SHOULD EXERCISE TOLERANCE

By Dr. Ira E. Woods, General Littlefield NRA Committee

So far as we locally, and the NRA committee of Littlefield, are concerned for the present there are just two or three important things to get and keep clearly in mind.

The Blue Eagle Campaign is divided into three distinct phases as follows:

1. The Sign-up campaign.
2. The Educational campaign.
3. The Enforcement campaign.

The first phase is almost completed, and the Administration at Washington has requested that the public exercise tolerance for the present, and refrain from any criticism of individual employers, or efforts to enforce the agreement through boycott, until they give the word that all have had sufficient time to thoroughly familiarize themselves with the President's Agreement as it applies to their particular business. This campaign is not intended to hurt any one, and if it does, it will be clearly their own fault.

The second phase of the campaign has already begun and there is coming to this committee almost daily copies of the substituted wage and hour provisions that apply to each industry and business. Any local business man who is not perfectly sure that he understands fully what is required of him, should contact at once a member of the committee, and read the instructions from Washington as they apply to him.

General Johnson has advised us that a campaign of enforcement will be launched in the next few weeks, and we can only urge that each of our local employers leave no doubt as to his complete compliance.

One thing to remember is that this campaign CAN NOT fail and those who are first and most thorough in their efforts to comply will be most benefited by it. This statement has been made again and again by those in charge of the drive. And there is no question but that they have the power to enforce the will of the large majority of Americans which the success of this campaign has shown itself to be.

Another important thing to ponder in our minds is the recent statement of our President that he would be either our most successful President or our last one. Is it not possible that he realizes the desperateness of our situation more fully than we? Is it possible that we do not see as fully as he the necessity for drastic remedies? There seems nothing for us to do but follow our leader step by step as he leads us out into the New Era of American Prosperity.

GOVERNOR OF FORTY-FIRST DISTRICT OF ROTARY INTERNATIONAL DELIVERS ADDRESS AT MEETING OF LOCAL CLUB

An interesting, instructive and inspiring talk was given by O. B. Sellers of Fort Worth, governor of the forty-first district, Rotary International, on the occasion of his official annual visit to the Littlefield club last Thursday night.

Mr. Sellers' talk was very much enjoyed; in fact, it was generally expressed by the members that it was the best address which had been delivered before the local club in a long time.

A. R. Hendricks, president of the Littlefield club presided at the meeting.

G. D. Holbrook To Be Stationed At Lubbock Sept. 10

G. D. Holbrook, Deputy State School Superintendent, who will be stationed in Lubbock after September 10, will have supervision over the schools in fifteen counties on the South Plains, and pass on all State aid in this district and affiliation of all high schools.

School trustees of the district will have the privilege of consulting with Mr. Holbrook on matters pertaining to the schools.

District Officers To Attend Lamb Co. Council Meeting

According to Mrs. Roy B. McQuatters, President of the Lamb County Council, P. T. A., Mrs. Jas. B. Day, of Rotan, District President; Mrs. A. C. Surman of Post, Past President; and Mrs. Strahorn of Rotan, and other district officers will attend the County Council meeting at the Methodist Church, Littlefield, Saturday, September 16.

Luncheon will be served at 12 noon, and all members are asked to bring one dish to assist with the eats. The program, which will be published in next week's issue of the Leader, will be rendered at 1:30 o'clock.

COTTON CHECKS ARE EXPECTED IN VERY SHORT TIME

Great Numbers Are Being Written in Washington Every Day

In an interview with an officer of the Farm Credit Administration Wednesday, this official said that he believed the cotton reduction checks would start coming into this territory in three or four days. He said the check writing equipment had broken down, but that he was advised it was now repaired, and that a large number was being mailed each day. He added that Comanche County had received over 300 checks and Swisher county 169.

If Mr. Roosevelt doesn't shoo a little money this way soon we may be reduced to the extremity of eating the blue eagle.—Blooming Grove Times.

Copy of Proposed NRA Code for Retail Stores Has Been Received in This City

According to information received in Littlefield there have been three different retail codes submitted to the National Recovery Administration, none of which have been approved. Two of these codes have been rejected, and a third code presented to General Johnson, NRA Administrator. Although this third code has not as yet been approved, Deputy Administrator Whiteside has stated he believes it will be approved substantially as follows:

To effectuate the policy of title 1 of the national industrial recovery act, the following provisions are established as a code of fair competition for the retail furniture, hardware, mail order houses, clothing and furnishing, dry goods associa-

New Gin Being Constructed On Plainview Highway

Construction got underway Monday in the erection of a new gin for D. G. Hobbs and Leonard Hobbs seven miles west of Olton on the Plainview highway.

The Murray system will be installed in the building, which will be of sheet iron construction.

It is understood that the new gin will be in operation in time for the ginning of this fall's cotton crop.

H. W. Teeters is doing the construction work, while Cicero-Smith are furnishing the materials.

BERNARD LAMBERT, EDGAR WALTERS AND BILL WELLS ARE WINNERS IN LITTLEFIELD TENNIS TOURNAMENT

Bernard Lambert, city champion in tennis singles, and Edgar Walters and Bill Wells, champions in tennis doubles, were the winners in the city tennis tournament, which started last week, and ended Sunday afternoon.

Great interest was shown and the matches were closely contested. It is the plan to hold next year's tournament in July, and all players in Lamb County will be invited to compete.

In the tournament just completed the winners received sport shirts as prizes.

Lubbock Defeats Local Team; Return Game to be Played

A Littlefield soft ball team, who call themselves the "Colorado Spudgers," went to Lubbock last Friday afternoon and played the Ashbury Presbyterian church team. The Littlefield team was defeated 10 to 9.

The members of the local team are: Pierce Teeters, James Anderson, J. W. Bell, Bernard Lambert, A. C. Tremain, Norfleet Gillette, Bon Herman, Robert McKnight, Bill Davis and Harry Teeters.

The Lubbock team is expected here this Friday for a return match.

We Do Our Part

Interesting Reading

Most people read advertising in newspapers with as much interest as they do the reports of the events of the day. And it is quite natural that such should be the case. What is advertised is of more importance in our daily life than a great many of the events of the day. Successful people advertise and successful people read advertising.

Most advertisements are very interesting. An example of good advertising is contained in the series of advertisements which are being published by Anderson, Clayton & Co. in The Texas Weekly. They are being published under the caption, "The Story of Cotton."

The first of these series of advertisements reads as follows:

"The story of cotton begins in the

pages of Ancient History. It dates back to an authentic 800 B. C. in India and it is highly probable that the use of the fleecy commodity by the teeming millions of the Indian Peninsula even precedes that early time. Certainly India and, on the other side of the world, Peru had both developed cotton textiles which showed a remarkable perfection of technique and pattern long before either country came in contact with the white races of Europe.

"Indian cotton goods were known to the Europe of the Middle Ages, and they formed a substantial portion of that roundabout trade with the East which later excited the imagination and stirred the blood of an adventurous Renaissance. It was to find a direct route to India's cotton fields that Columbus dared the Atlantic; and it was the cotton clothing and cotton yarns of the aborigines he found on San Salvador which led him to believe he had discovered a new road to the Indies and to call the inhabitants "Indians." The cotton these people spun and wove, however, was the far flung evidence of Peru's primitive but highly developed cotton industry. Peruvian cotton was the mother plant of "Sea Island" cotton, generally acknowledged to be the finest staple ever grown.

"Six years after Columbus found the West Indies, Vasco de Gama, Portuguese shipmaster, sailed around the Cape of Good Hope and opened a direct trade route to India, which was soon crowded with the stately traffic of the times. "Calicut" cloth became calico; madras we still know by that name.

"Even so, cotton cloth remained a royal raiment for many years, and only the rich possessed a purse deep enough for its purchase. Today cotton is a universal fabric; wherever people wear so much as a loin cloth cotton is sold; and the development of new uses for cotton is carrying the white staple into every department of industry, the arts and the professions."

More About Schemers

The Lamb County Leader is among the newspapers of the country which have published warnings against the operations of smooth tongued salesmen, particularly those who try to peddle some kind of an advertising scheme. Such a salesman is not interested in you or your success; he doesn't live in Littlefield; all he wants to do is to get all the money he can out of the merchants, then float to some other city.

Read what the Shiner Gazette says about the scheme artists:

"The newspapers are again sounding the warning on fake advertising schemes. With the cotton season here and money more plentiful, every scheme in the world will be worked, not only in towns but all over the rural sections. The Shiner Gazette could publish columns of fleeing schemes. In a nearby town forged gin tickets were presented recently and a merchant was gypped out of the price of several bales of cotton that did not exist. Then another successful stunt worked in a nearby rural section was the selling of bogus brewery stock. It would be well for the folks in the rural section to ring their merchants or bankers for advice when these agents appear. Hot check artists are numerous.

"Sometimes the high powered talking salesman, and sales women as well, enter a community, secure a copy of the local paper, and in trying to put over a fake advertising scheme inform those whom they approach that it means a big job for the home print shop, when the home printery has never seen them and first of all does not want their work as these people also have ways of fleecing the printer, if they fail, for their work. We know the Gazette is among the many victims who have already been stung. We would appreciate it if every party in our vicinity, upon being approached with a proposition of this kind, would ring the office. We are furnished a listing in the State Press Messenger each month of fake schemes and it might save you money if you could call the Gazette office. Not many months ago a slick artist wheedled one or two business men out of some good money, on a plea of having established an advertising contract with the Gazette, to begin with a half-page at once. They had never arranged any such of a schedule and like all of their kind had purposely steered clear of the printing office."

Buy At Home

An editorial relative to house-to-house peddlers, which was published recently in the Crowley Signal, hits the nail right on the head. Here's what that newspaper says:

"The days pass, the salesmen from out-of-town continue to come and business continues to leave here.

"The lessons learned in the past are effective for a time but sooner or later we slip and then get 'burned,' so to speak, all over again. "Magazine salesmen, hose salesmen and others continue to make each town and they continue to find those who are willing to order, put up part or all of the money and then find they don't get the goods or it is unsatisfactory if it does arrive.

They have no one to blame but themselves. It is too late to do anything about it but to vow "never again." A few weeks and then a few months roll by, and another slick-tongued salesman comes along and you fall again.

The best thing to do is to buy from the individual whom you have learned you can trust. This idea of sending your money out of the town you are pledged to support is being abused to an unheard of damageable result, and until we who are the residents of the town, begin to show the proper respect for the men who are and have

Texas Relief Funds To Be Curtailed

Texas is withdrawing relief from persons who are able bodied if they are situated so that they may obtain employment in the cotton fields or elsewhere.
 Lawrence Westbrook, director of the state rehabilitation and relief commission, instructed county chairmen to "confine your operations for the present to direct relief purely, taking care that no family is permitted to suffer from lack of food," but he insisted that "all able bodied persons obtain jobs in the cotton fields or elsewhere."
 No Cash Allowed
 He advised the chairmen that should there not be work available to extend direct relief to an able bodied person, but in groceries only not in cash.
 Westbrook said that until the legislature can meet and carry out the instructions of the electorate, which have authorized the issuance of \$20,000,000 in bonds, proceeds to be used for relief purposes, "it will be necessary for us to get along on the funds we were able to save during the month of August."
 He said that of the \$2,237,000 allotted to Texas for August relief, the commission had managed to save about half of that amount against the "rainy day" interim between now and availability of the bond issue money.

RFC Funds To Be Loaned Employers Under NRA Agreement

A tentative plan for pouring out some of the Reconstruction Corporation's millions to aid willing but financially disabled employers who are trying to operate under the NRA is nearing completion. This plan will, of course, have to be presented to the President for his approval.
 The rugged outlines, as disclosed today, embrace mortgage corporations formed by business men in various communities to receive funds from the RFC and in turn lend them to business firms to supply money for the increased payrolls incidental to the recovery program.
 The tentative credit plan to be placed before President Roosevelt next week would permit business men to set up a mortgage company in their own community which would become eligible to receive direct loans from the Reconstruction Corporation and in turn make loans to industry to finance the increased payrolls and,

 This indirect method had been decided upon because all provisions for loans directly to industry were stricken out of the recovery-public works bill before it went to congress.
 Jesse Jones, the RFC chairman, suggested a possible alternative plan of increasing the capital structure of banks through the issuance of preferred stock in which the RFC would participate.
 Jones supported the statement of Administrator Johnson that the commercial banks were not functioning enough to meet demands, although they as a whole have the necessary funds.

Ford Will Return Thousands To Work

The return of between 3,000 and 4,000 men to their jobs in the Ford Motor company factories was announced Friday last in a communication sent by Ford officials to Ford Welfare officials in the suburbs of Dearborn, Inkster and Garden. ICE

In Large Cakes
Absorbs No Odors

To be efficient the ice box should be filled to capacity with large cakes of ice. There is no film of frost to absorb and pass on flavors from one fruit to another. Each food retains its true zest and aroma. It is far more economical to preserve foods in this way—there is no waste, no loss due to food spoilage. Use pure ice for greatest satisfaction.

Miss Thelma Davis And Archie Roper Wed at Clovis, N. M.

The marriage of Miss Thelma Davis, daughter of Mr. and Mrs. W. B. Davis of Littlefield, and Archie Roper, son of Mr. and Mrs. J. T. Roper of Portales, N. M., was solemnized at Clovis, N. M., Sunday last.

Miss Davis has been a resident of this section for about four years. She lived four miles southwest of Littlefield until last fall, when she moved to this city.

Mr. Roper came to Littlefield nine years ago, and has made his home in and around Littlefield at intervals since that time. He returned to Littlefield three months ago from Dahlhart, here he had been working on a ranch.

Mr. and Mrs. Roper are both well and favorably known here; having a great many friends who wish them much happiness.

The young couple will make their home here.

MRS. J. W. WILLIS HOSTESS JUNIOR CLUB MONDAY

The Junior club met at the home of Mrs. J. W. Willis, Monday, August 28, where Miss Mashburn met with us. Miss Mashburn gave us an interesting talk on "What We Should Do in Order to be a Good Club Member." Miss Ara Baker gave the members of the club several different kinds of patterns. Miss Lorena Mills gave a talk on "The Uses of a Work Box and How to Make One." Mrs. Frank White suggested we keep our club in the country to which all members agreed to do.

We elected our council member, Miss Lorena Mills.

Our next meeting will be held the second Monday of September at the home of Mrs. Parks.

All members are urged to be present if possible.

MRS. J. H. WILLIS HOSTESS JUNE H. D. CLUB

Mrs. J. W. Willis of 6 miles northeast of Littlefield was the hostess Monday, August 28, to members of the June H. D. Club.

Miss Ruby Mashburn, county home demonstration agent, was present, and explained matters pertaining to the County Fair. Mrs. Chas. Touchon and V. Bitner gave interesting reports on Mrs. Spire's and Mrs. Roberts' talks.

All club members who have anything to enter in the County Fair, report to Mrs. V. L. Bitner, D. V. Stewart, or J. H. White.

Dainty refreshments were served to both June club and 4-H Girls. All reported an interesting meeting.

The club will meet September 11 with Mrs. C. A. Parks of four miles northeast of Littlefield.

FRIENDSHIP H. D. CLUB MEETS AT W. R. BOYD HOME

The Friendship H. D. club met Friday, September 1, at the home of Mrs. W. R. Boyd. There were eight members present and one visitor. We had a very interesting lesson, and after the lessons Mrs. Boyd gave another talk on her trip to College Station, which was very interesting and enjoyed by all.

We had a very interesting discussion on getting our products ready for the fair.

The Friendship H. D. club wishes to thank the Sudan H. D. club for the nice entertainment offered to the Friendship and Blue Bonnet H. D. clubs. Although all of the members could not attend those who did attend certainly had some interesting reports to give to the ones who were unable to attend. They all enjoyed themselves, and said the Sudan H. D. club knew how to fellowship with other neighboring clubs.

CHURCHES LUTHERAN CHURCH

The annual mission-festival of the local Lutheran church will be celebrated Sunday, September 10th. Friends of the congregation members from several of the neighboring Lutheran congregations will be present. The public is heartily invited to attend the services.

The Rev. Wm. Remmert, pastor of the Lutheran Church at Plainview, Texas, will deliver both addresses. The morning services will begin at 10:45 and the afternoon service at 2:30. The afternoon service will be held in the English language. Rev. Remmert is well known among the Lutherans of the plains, and has held mission addresses here on several previous occasions.

The Parochial school opened on Monday of this week. While the enrollment is not large, yet that very fact should serve towards a thorough instruction of the children attending. Any parents wishing to have their child, or children, receive a special training also in scripture, besides the regular secular branches may get in touch with the pastor, W. J. Luecke.

The choir of the church has been practicing diligently and will render several selections during the services Sunday. It is hoped that with the interest aroused that they may continue also toward the rendering of a concert for the Littlefield public some time this fall.

Friday all the members of the

church are requested to come to the church, for arrangements must still be made for the mission services Sunday. The meeting will be held at 8 o'clock.

W. J. LUECKE, Pastor

The Church of Christ at 9th St. and Park Avenue is to commence a protracted meeting Saturday night, September 16. L. W. Hayhurst is to do the preaching.

Many here have heard Bro. Hayhurst in days gone by, and those who have not, will be well paid for their time and effort to hear him during this series of meetings.

Everybody invited to attend each service.

Prohibition Meeting Called Sunday Afternoon

A mass meeting was called at the Methodist Church Sunday afternoon at 3:30 o'clock to organize the dry forces for the purpose of fighting the sale of 3.2 beer in this city.

J. T. Elms was elected Chairman; J. E. Chisholm, Vice-President; and Pryor Hammons, Secretary and Treasurer. Campaign and publicity committees were also appointed.

A meeting was also held Tuesday afternoon at three o'clock to make further plans for the drive.

According to those in charge of this work, no stone will be left unturned to prevent the sale of beer in Littlefield.

Local Chapter O. E. S. Celebrate Founder's Birthday

The local chapter of the Order of Eastern Star entertained Wednesday evening of last week with an indoor picnic, celebrating the birthday of the founder of Eastern Star, Robert Morris.

The Fire Department Orchestra furnished the music for the evening, and a short program was enjoyed.

Some girls go in for calf club work in their 4-H training. Some are led all around the barnyard or the show ring by their calf in a more or less unpleasant stampede. Some are led to the highest achievements in 4-H. Every girl who goes in for calf club work should strive to learn the causes for the difference, so that her calf will lead her where she will be happy to go.

Florence A. Woodbury of near Salt Lake City, Utah, is one girl who was led far by her calf club project and to goals which have brought her national recognition besides the utmost personal satisfaction. She has been selected as the national champion Holstein dairy calf girl by the Holstein - Friesian Association of America, which is the register for purebred animals of this breed. Every year they name a national champion boy and girl. The boy is Kark H. Kainz of near Elkader, Iowa. Both champions have remarkable records, and were started on their road to achievement by purebred Holstein calves.

Florence began five years ago and has had a dairy project every year, making exhibits and taking part in public demonstrations and contests with signal success. Twice she was named the state champion Holstein calf club girl. In 1932 the state farm bureau association awarded her a gold medal for being the outstanding leader in her projects in the state. Two different years she was delegated to attend the state leaders training school at the agricultural college. Each year of her club career she has served as a leader of a local club and with fine success. That's where her club calves have led her.

Young Kainz was named state champion and awarded many trips, prizes and other honors. She is a virile leader of the young people in this community and county. Four years ago he took on the responsibility of running the 80-acre farm of his grandparents and mother to keep it in the family and he has done a man's job, and even better, say competent observers.

"Flying Devils" To Be Shown At Palace Theater

With motors tuned up, lucky all polished, steel nerves prepared, new tests, Hollywood's battle-death, the stunt flyers, spread wings once more in RKO-Radiantures' thrill drama of the air, "Flying Devils," coming to the Palace Theatre Saturday night, and continuing through Sunday and Monday with Eric Linden, Arline Jay, Bruce Cabot, Ralph Bellamy, Cliff "Ukelele Ike" Edwards in melodrama of the perils and of state fair exhibition aviators.

All that modern mechanical sources and flying ingenuity can do in the way of new and spectacular thrills are performed these aerial demons in "Flying Devils." They fly upside down, double drops in one parachute, head on in mid-air, do inside loop drop in tailspins, nose-dive to a crash, loop wings a thousand feet above, and entangle in barrel spins.

The picture captures the lives of these intrepid barnstormers and around a dramatic tale of their chivalrous romancing. Of his fellow members of the "Black Cats," Murray is most solicitous of his life—for he is in love with Ann, a pretty young wife of Speed, who owns the air carnival. Speed Bud's death as a sort of prelude to the crash they are to fly in planes for a midair collision. Before the crash they are to bail out in the parachutes to safety. A momentary impact, Bud learns that Speed had cut his chute. And then follows the big thrill sequence of this drama.

At the throttle of their dramatic roles are Eric Linden as Bud Murray; Arline Judge as Ann; Ralph Bellamy as the half-insane Speed; Bruce Cabot as Bud's oldest brother Ace; and Cliff Edwards providing the picture's comedy with June Brewster, Russell Birdwell directed "Flying Devils" from Louis Stevens' story.

County Officials Elect Judge E. L. Pitts As Leader

At the close of the semi-annual convention of the West Texas County Judges and Commissioners association, which convened in Lubbock Friday and Saturday last, Judge E. L. Pitts of Lubbock was elected President, and the convention voted to meet in Sweetwater in 1934.

The association turned down only one proposed resolution, calling for diversion of a half cent of the gasoline tax for payment of bonded indebtedness. The delegates asked the legislature to handle funds from a relief bond issue without administrative cost, urged payment of boll-worm eradication costs in 11 West Texas counties, and urged that Texas be allotted an additional \$75,000,000 from the public works fund for Texas highway construction.

Judge Pitts, who has been secretary-treasurer, succeeded Judge A. O. Newman of Coleman county. Judge John P. Marrs of Wichita Falls was named secretary-treasurer and Judge W. E. (Happy) Smith of Lynn county was elected vice-president succeeding Judge W. L. Shelton of Hemphill county. A total of 257 persons registered, the association's greatest attendance.

State Senator Clint C. Small of Amarillo, speaking Saturday, declared that no new taxation proposed at a special session of the legislature would have his support. He declared that if expectations of supporters of legalized beer and horse racing are upheld, revenue from sale of the brew and operation of horse races would provide funds for the \$20,000,000 bond issue.

Condemns Wage Cuts
Judge Helton, a delegate to the Oklahoma constitution assembly who discussed a proposed new constitution for Texas, before Senator Small spoke, had condemned the legislature in reducing salaries and voting for the members the maximum salary.

Senator Small, assigned to explain the new home rule amendment, devoted his time to a plea for proper expenditure of the \$20,000,000 bonds for relief of destitute and unemployed.

Expenditures Attacked
Sharply attacking expenditure of federal funds under the work relief set-up, Senator Small held as "a reflection on the intelligence of our citizens" some of the uses of the funds.

"We let able bodied men chop a weed here and there, and put them on a dole," he declared. "We've been spending federal money that way. I want to see Texas money spent on needed, worthwhile projects."

"Weed cutters are squandering the money and creating in their minds the idea the government will care

for them," he declared. There was ringing applause.

Give Them Work
"Tell the able bodied men, 'We are going to give you a chance to work, and if you don't work you can starve. There's no place for you in Texas.'"

He pointed out that destitute persons who cannot work will be cared for out of the bond issue funds.

Mr. Small declared that the full amount of bonds allowed under the amendment would not be issued.

He urged counties to plan projects, including lateral roads, for work relief.

"If your counties can't take care of this money without administrative expenses, I'm for letting you take care of your needy by yourselves," he said. "Let's use this on lateral roads, we need them."

Jones Is Praised
Without calling his name, Mr. Small praised Clifford B. Jones of Spur who is administrator in three states of the public works funds.

Mr. Small said "chances are good for 25 to 50 million dollars more in federal funds for use on Texas roads." He credited A. B. Davis, chamber of commerce manager, of Lubbock with starting the move for funds.

Sterling C. Evans, district agricultural agent, discussed farm legislation and the national farm recovery program.

The legislature set July 1, 1934, as a date for payment of delinquent taxes without penalty and interest. The association asked that this date be fixed at December 30, instead.

West Texas Will Have Special Train To Legion Convention
AMARILLO, Texas, Sept. 9.—With excellent prospects that the Mineral Wells band and the Amarillo ladies' drum corps will be members of the party, it now appears that the West Texas Special to the National Legion Convention in Chicago will be the "train to ride." These musical organizations won first prizes in their divisions last week at the State Convention held in Wichita Falls.

This train will leave Amarillo Saturday afternoon, September 30, returning eight days later, and the Legion Committee in charge has worked out the problem of transportation, housing and entertainment so as to provide them at the lowest possible cost. Indications are that practically

Following is total feed consumed: 4,384 pounds grain sorghum heads; 1025 pounds threshed grain; 2000 pounds bundles; 750 pounds cotton seed meal, and 50 pounds limestone flour with a grinding expense of \$8.22. Average prices during marketing season was \$2.50 per ton for heads, 22c for threshed grain, \$1 per ton for bundles, 1 cent per pound for limestone, this giving him a total feed expense of \$24.34.

Total net weight at conclusion of demonstration was 1645 pounds, which sold for \$5.76 per hundred with a total income of \$94.85, of which Mr. Halsell received \$47.56 for the original weight of the calves. Average daily gain for this demonstration was 2.1 pounds. Feed cost per pound of gain was \$.0296 per pound. Total profit after hauling was deducted was \$21.70 or \$10.85 per head. These were sold at Lubbock Calf Show.

4-H CLUB BOY SELLS FEED CROP AT GOOD PRICE THROUGH FEEDING OUT TWO HEREFORD BABY BEEVES

"I sold my sorghum grains for \$10 per ton, my threshed grain at 75c per hundred, and my bundles at \$5.00 per ton when the market price was \$2.50 per ton for heads, 22c for threshed grain, and no market at all for bundles by feeding my 4-H feed demonstration crop to two Hereford baby beeves last winter under the supervision of our county agent, D. A. Adam," states Roy McQuatters, 4-H feeder of the Spade club.

He received these two calves on September 8, 1932, on a cooperative cattle feeding agreement with W. E. Halsell of Amherst, at an initial weight of 825 pounds, and these were fed until March 24, 1933.

There we go; we issue bonds in hard times to take care of people until good times return so we can pay off the bonds and be ready for hard times again.—Mynatt Smith in McAllen Daily Press.

Some merchants seem to think W.D.O.P. means "We Double Our Profits" instead of "We Do Our Part."—Silsbee Bee.

Such a living is worth about \$600 at current prices, they say, pointing out that no other present farm enterprise can offer such certainty of a net \$24 per acre return.

The plan is based on producing all the feed for necessary livestock including two horses, and all the human food that can be had from plants and animals under average Texas conditions. It assumes the ordinary work stock, farm implements, fences, buildings and native pasture that most farms already possess.

The plan, which any farmer can work toward in a short time, calls for two meat hogs, a flock of 50 hens, one beef animal, four milk cows, and if desired a few sheep. Under average conditions six acres would be devoted to sudan pasture in summer and small grain pasture in fall and winter, 12 acres in corn or grain sorghums or other grain crops, four acres in hay and ensilage, two acres in cane for syrup, field peas, sweet potatoes, peanuts and melons, 1/2-acre for garden and 1/2-acre for orchard.

Yearly food requirements for a family of five are given by the Extension Service as 2184 pounds of fresh and canned vegetables, 1456 pounds of fresh and canned, dried and preserved fruit, 728 pounds of protein from meat, cheese, eggs, nuts and peas and beans, 780 pounds of grains, 310 pounds of sweets, 234 pounds of fats, 365 gallons of milk, and a few miscellaneous foods.

With the exception of about \$100 needed for sugar, salt, flour, coffee and cans or jars for canning, all this may be produced from the crop-livestock unit in the living-at-home plan. The cash needed to supply the remainder, and the small amounts of cash needed for keeping the unit in operation may be obtained by sales of cream and poultry products supplied at certain seasons in excess of family requirements.

In making the living-at-home unit self-sustaining, provision is made for securing the protein needed for hogs and chickens from skim milk; for getting the protein for balancing dairy cow and beef rations from pasture and cottonseed; and where bran or oats are needed in cow or poultry rations for trading corn or grain sorghums for the feed desired.

County farm and home demonstration agents are in a position to help with the details of the plan.

Nation's Buying Power Increased; Many Put To Work

An increase already of five billion dollars in the nation's purchasing power, which is enough to raise retail sales 17 per cent has been revealed by a survey made by the American Federation of Labor. This is ascribed to the National Recovery program.

The monthly survey of business by the federation said "as business opens we can already see clear signs of real progress" adding that "since the cooperative rise of business was checked in July, figures are beginning to reveal a solid foundation for business advance.

An estimate taken on September 1 shows that 2,033,000 men and women are back at work.

Texas A. & M. Gives "Live-at-Home" Plan

COLLEGE STATION—If you have 25 acres of average Texas land and \$200 worth of the right kinds of livestock you can get three square meals a day for yourself and family of five for a year without being out any cash if you follow the Extension Service plan of living-at-home, declare authorities at Texas A. and M. College.

Full School Apportionment To Be Paid

Assurance that the full per capita scholastic apportionment of \$16 would be paid, both for last year and this year, was given last week by L. A. Woods, state superintendent at a Lubbock meeting. In this regard Mr. Woods said:

"We have an actual income this year of \$18 per capita, but we expect to pay \$2 of it on our indebtedness," the state superintendent said. "We hope to eliminate our entire indebtedness in two years time, if conditions do not become any worse."

He explained that the department, under his direction, was doing its best to standardize all state schools. This work is directed by 24 district deputy superintendents who are visiting all schools in their districts.

"Every school must have at least eight months, and we want the schools so standardized that a child from an eight months' school will lose no time in transferring to any other school," he explained. "And we can do it in two or three years if patrons and trustees will cooperate."

Childress Man Is New Resident Here

L. L. White, formerly of Childress, is a new resident of Littlefield.

Mr. White came to this city to look after about 18,000 acres of land which is owned by the Childress School District.

This property is located southeast of Enochs, and about 60 per cent of it is in cultivation and improved.

There we go; we issue bonds in hard times to take care of people until good times return so we can pay off the bonds and be ready for hard times again.—Mynatt Smith in McAllen Daily Press.

Some merchants seem to think W.D.O.P. means "We Double Our Profits" instead of "We Do Our Part."—Silsbee Bee.

Such a living is worth about \$600 at current prices, they say, pointing out that no other present farm enterprise can offer such certainty of a net \$24 per acre return.

The plan is based on producing all the feed for necessary livestock including two horses, and all the human food that can be had from plants and animals under average Texas conditions. It assumes the ordinary work stock, farm implements, fences, buildings and native pasture that most farms already possess.

The plan, which any farmer can work toward in a short time, calls for two meat hogs, a flock of 50 hens, one beef animal, four milk cows, and if desired a few sheep. Under average conditions six acres would be devoted to sudan pasture in summer and small grain pasture in fall and winter, 12 acres in corn or grain sorghums or other grain crops, four acres in hay and ensilage, two acres in cane for syrup, field peas, sweet potatoes, peanuts and melons, 1/2-acre for garden and 1/2-acre for orchard.

Yearly food requirements for a family of five are given by the Extension Service as 2184 pounds of fresh and canned vegetables, 1456 pounds of fresh and canned, dried and preserved fruit, 728 pounds of protein from meat, cheese, eggs, nuts and peas and beans, 780 pounds of grains, 310 pounds of sweets, 234 pounds of fats, 365 gallons of milk, and a few miscellaneous foods.

With the exception of about \$100 needed for sugar, salt, flour, coffee and cans or jars for canning, all this may be produced from the crop-livestock unit in the living-at-home plan. The cash needed to supply the remainder, and the small amounts of cash needed for keeping the unit in operation may be obtained by sales of cream and poultry products supplied at certain seasons in excess of family requirements.

In making the living-at-home unit self-sustaining, provision is made for securing the protein needed for hogs and chickens from skim milk; for getting the protein for balancing dairy cow and beef rations from pasture and cottonseed; and where bran or oats are needed in cow or poultry rations for trading corn or grain sorghums for the feed desired.

County farm and home demonstration agents are in a position to help with the details of the plan.

Retail Codes—

(Continued From Page 1)

tions, shoe retailers, and any other branches of the retail trade which may hereafter be included within these provisions.

ARTICLE I.

Section 1—The provisions of this code shall apply to any individuals or organizations selling the merchandise at retail, provided, however, that this code shall not apply to selling at retail in food or grocery stores or drug stores, and provided also that it shall not apply to any other branch of retail selling which may hereafter come under a separate code of fair competition approved by the President of the United States.

Section 2—The provisions of this code shall specifically apply to, but shall not be limited in its application to, the following retail establishments, classified according to the principal commodities and popular designations.

(A) Retail furniture stores, meaning those dealing in carpets and rugs, furniture, draperies, beds and bedding, and or kindred lines of home furnishings and equipment.

(B) Retail hardware stores, meaning those dealing mainly in commodities, such as mechanics' tools, building supplies and similar implements for the home or farm; stoves, ranges and kitchen supplies, cutlery, china and glass, and or kindred lines.

(C) Mail order houses, meaning those whose main appeal for trade is through mail order catalogs and or those who also operate department or specialized stores in addition to their mail order business.

(D) Retail men's and women's clothing stores and furnishings stores, meaning those who deal mainly in the retailing of men's clothing and furnishings for men and women, and for shoes and hats for men and boys.

(E) Retail shoe stores, meaning those dealing mainly in shoes for men, women and children; hosiery and or kindred lines.

(F) Women's specialty stores, meaning those dealing mainly in women's and misses' apparel, millinery, underwear, hosiery, dress accessories, toilet goods, and or kindred lines.

(G) Department stores, meaning those dealing mainly in men's and women's outer and under apparel and accessories; dressmaking fabrics, trimmings and supplies; linens and cosmetics, and generally all of the lines mentioned above, including furniture, hardware, men's clothing and shoes; food and drugs, and or kindred lines.

(H) General stores, meaning those dealing mainly in general dry goods, women's and children's apparel and accessories; and or foods, household supplies and miscellaneous items needed by residents of smaller communities.

(I) Will be a description of variety stores, and (J) will be a description of music stores.

Section 3—Any branch of the retail trade which has not participated in the formation or establishment of this code may within 10 days after the effective date thereof, make application to the administrator to op-

erate under a separate code of fair competition, and the administrator may, if justice requires, stay the application of the code to such branch pending the approval by the President of the United States of a code of fair competition for such branch.

ARTICLE II.

Effective Date

The effective date of this code shall be one week after its approval by the President of the United States.

ARTICLE III.

Labor Provisions

Section 1—All employers in the retail trade shall comply with the following provisions of section U.

(A) of title 1 of the national industrial recovery act:

(A) Employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interferences, restraint, or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.

(B) No employe and no one seeking employment shall be required as a condition of employment to join any company union, or to refrain from joining, organizing or assisting a labor organization of his choosing.

(C) Employers shall comply with the maximum hours of labor, minimum rates of pay, and other conditions of employment, approved or prescribed by the President.

Section 2—On and after the effective date of this code, no person under the age of 16 years shall be employed by any member of the retail trade, except that persons between 14 and 16 may be employed for not to exceed three hours per day, and these hours between 7 a. m. and 7 p. m., in such work as will not interfere with hours of day school; it is provided, however, that where a State law prescribed a higher minimum age, no employer shall employ within such State any person below the age specified by such State law.

ARTICLE IV.

Store Hours and Employe Hours

Section 1—On and after the effective date of this code, no employe of any retail establishment shall work more than forty (40) hours per week, except as follows:

(1) In stores which are open for business not less than fifty-six (56) hours nor more than sixty (60) hours per week, employes may work not more than forty-four (44) hours per week.

(2) In stores which are open for business sixty-three (63) hours or more per week, employes may work not more than forty-eight (48) hours per week.

(3) Nothing in this section shall apply to executives, whose salaries are thirty dollars (\$30) per week, or more, nor to registered pharmacists, or other professional persons employed in their profession, nor to outside salesmen, nor to delivery or maintenance employes, which delivery and maintenance employes may work forty-eight (48) hours per week or more, if paid time and one-third for all hours over forty-eight (48) hours weekly.

(4) All employes may be permitted to work not more than forty-eight (48) hours per week for a period not to exceed three (3) weeks in any six months.

ARTICLE V.

Wages

Section 1—On and after the effective date of this code, retail stores shall establish minimum weekly rates of wages for a work week specified in Article IV, Section 1, as follows:

(1) Within cities of over 500,000 population (by reference to the 1930 Federal census,) at the rate of \$14 per week for a forty (40) hour work week, at the rate of \$14.50 per week, for a forty-four (44) hour work week and at the rate of \$15 per week for a forty-eight (48) hour work week.

(2) Within cities of from 100,000 to 500,000 population (by reference to the 1930 Federal census,) at the rate of \$13 per week for a forty (40) hour work week, at the rate of \$13.50 per week for a forty-four (44) hour work week and at the rate of \$14 per week for a forty-eight (48) hour work week.

(3) Within cities of from 25,000 to 100,000 population (by reference to the 1930 Federal census,) at the rate of \$12 per week for a forty

(40) hour work week, at the rate of \$12.50 per week for a forty-four (44) hour work week and at the rate of \$13 per week for a forty-eight (48) hour work week.

(4) Within villages, towns and cities of from 2,500 to 25,000 population (by reference to the 1930 Federal census,) all wages shall be increased from the rates at which they were on June 1, 1933 by not less than 20 per cent, provided that this shall not require wages in excess of \$11 per week, but in no case shall the minimum be less than \$10 per week.

(5) Within villages and towns of less than 2,500 population (by reference to the 1930 Federal census,) all wages shall be increased from the rates at which they were on June 1, 1933, by not less than 20 per cent, provided that this shall not require wages in excess of \$10 per week.

In The South

(6) In the South, all minimum wages specified in this section shall be \$1 less; provided, however, that in no case shall the minimum wage be less than \$10 per week, except in villages and towns of less than 2,500 population, in which villages and towns all wages shall be increased from the rates at which they were on June 1, 1933, by not less than 20 per cent.

The South is defined as the following States: Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Kentucky, Maryland, District of Columbia, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas.

(7) Junior employes, between the ages of 16 and 18 years, inclusive, may be paid at the rate of \$2 less than the minimum wage otherwise applicable to them for a work week for the first 12 months of their employment; and apprentice employes over 18 years with less than one year's experience, may be paid at the rate of \$1 less than the minimum wage otherwise applicable to them; except that in no case, shall the minimum wage rate be less than \$10 per week except in villages and towns of less than 2,500 population (by reference to the 1930 Federal census.)

ARTICLE VI.

Prices and Contracts

Section 1—No member of the retail trade shall increase the price of any merchandise sold after the effective date of this code over the price existing on July 1, 1933, by more than is made necessary by the absolute amount of increases in production, operating, replacement or invoice cost of merchandise due to the operation of the national industrial recovery act. Or by taxes or other costs resulting from action taken pursuant to the agricultural adjustment act, since July 1, 1933, and in setting such price increases members of the retail trade shall give full weight to probable increases in sales volume and shall refrain from taking advantage of the consuming public.

Section 2—Where costs of executing contracts entered into before June 16, 1933, in this trade for the purchase of goods at fixed prices for delivery during the duration of this code are increased by the application of the provisions of the national industrial recovery act, it is deemed equitable and promotive of the purposes of the act that appropriate adjustments of such contracts to reflect such increased costs actually incurred be arrived by mutual agreement or arbitral proceedings or otherwise, and the retail trade authority provided for in Article VIII hereinafter is constituted an agency to assist in effecting such adjustments.

ARTICLE VII.

Trade Practices

To effectuate the purposes of the national industrial recovery act all members of the retail trade shall comply with the following trade practices, and violation of any of them shall constitute an act of unfair competition within the meaning of the Federal Trade Commission Act and amendments thereto:

(1) No member of the retail trade shall sell or offer for sale any merchandise at less than his net invoice delivered cost or current market delivered cost, whichever is lower, plus 10 per cent to insure that labor costs shall be at least partially covered.

Bona Fide Clearances
(2) Nothing in the preceding paragraph, however, shall be interpreted to prevent bona fide seasonal clearances of merchandise so advertised or plainly marked or of highly perishable or damaged goods so advertised or plainly marked, nor shall any member of the retail trade, for the purpose of a bona fide discontinuance of the handling of any line, when it is so advertised or plainly marked, be stopped from selling said merchandise at less than net invoice delivered cost plus 10 per cent to insure that labor costs at least shall be partially covered.

(3) No member of the retail trade shall use advertising (whether printed, radio, display or of any other nature) which is inaccurate and/or in any way misrepresents merchandise (including its use, trade-mark, grade, quality, quantity, substance, character, nature, origin, size, material content or preparation,) or credit terms, values, policies, or services; nor shall any member of the trade use advertising or selling methods which tend to deceive or mislead the consumer, including "bait" offers of merchandise.

The term "bait offer of merchandise" as used herein means the practice whereby a member of the trade through an appeal by price, brand, description, or other means, attracts

prospective customers into his store and then through inadequate or disparaging sales presentation or through the quantity available, or through other means places obstacles in the way of the purchase of the advertised merchandise and forces upon the prospective customer's attention other merchandise upon which a greater profit is to be made.

(4) No member of the retail trade shall use advertising which refers directly or by implication to any competitors of their merchandise, prices, values, credit terms, policies or services.

(6) No member of the retail trade shall secretly give any thing of value to the employe, or agent of a customer for the purpose of influencing a sale, or in furtherance of a sale under a bill or statement of account to the employe, agent or customer, which is false in any material particular.

(7) No member of the retail trade shall promote or take part in commercial merchandise lotteries, or schemes of chance.

(8) The National Retail Trade Authority, provided for in Article VIII hereinafter, shall make recommendations to the administrator looking toward the regulation of the buying and selling of prison-made goods by members of the retail trade.

ARTICLE VIII.

Administration

Section 1—To effectuate further the policies of the act, a national retail trade authority is hereby set up to act as a planning and fair practice agency for the retail trade and to cooperate with the administrator in the administration and enforcement of this code; this authority shall be constituted as follows:

(1) Two representatives, elected by a fair method of selection approved by the administrator, of each of the following branches of the retail trade:

- (A) Furniture stores.
- (B) Hardware stores.
- (C) Mail order houses.
- (D) Clothing and furnishings stores.
- (E) Dry goods stores.
- (F) Shoe stores.
- (G) Limited price variety stores.

(2) A representative or representatives, without vote, appointed by the President of the United States.

Section 2—The National Retail Trade Authority may from time to time present to the administrator recommendations based on conditions in the trade which will tend to effectuate the operations of the provisions of this code and the policy of the national industrial recovery act.

Section 3—The National Retail Trade Authority shall, subject to the approval of the administrator, require from members of the retail trade such reports as are necessary to effectuate the purposes of this code and may, upon its own initiative or upon complaint of any person affected make investigation as to the functioning and observance of any provision of the code and report the results of such investigation to the administrator.

Section 4—The National Retail Trade Authority shall, subject to approval of the administrator, supervise the setting up within local trading areas of local committees for the purpose of assisting in the administration and enforcement of this code within such local area.

ARTICLE XI

General

Section 1—The associations presenting this code, representing the various branches of the retail trade included within its provisions, shall impose no inequitable restrictions upon admission to membership in their organizations.

Section 2—The provisions of this code shall not be interpreted or applied to promote monopolies or monopolistic practices or to eliminate or oppress small enterprises or discriminate against them.

Section 3—This code and all the provisions thereof are expressly made subject to the right of the President, in accordance with the provisions of Clause (10) (B) of the national industrial recovery act, from time to

time to cancel or modify any order, approval, license, rule or regulation, issued under Title 1 of said act, and specifically to the right of the President to cancel or modify his approval of this code or any conditions imposed by him upon his approval thereof.

Section 4—Such of the provisions of this code as are not required to be included therein by the national industrial recovery act may, with the approval of the President, be modified or eliminated as changes in conditions or experience may indicate. It is contemplated that from time to time supplementary provisions to this code or additional codes will be submitted for the approval of the President to prevent unfair competition practices and to effectuate the other purposes and policies of Title 1 of the national industrial recovery act.

cars or trucks which violate this law and turn the numbers in to the Sheriff's Department, and the violators will be prosecuted.

The penalty for this offense is not less than a fine of \$10.00, or more than \$500, or 90 days in jail, or both fine and imprisonment.

Mr. Rochelle said he believed it was thoughtlessness on the part of the motorists and that if brought to their attention they would comply with the law.

Sheriff Len Irvin asks the cooperation of everyone in the enforcing of this law, saying he does not want to prosecute anyone, but that all motors and trucks must come to a full stop when meeting school trucks loading or unloading children.

According to Supt. L. R. Rochelle, Lamb County is the only county in Texas where all the rural children have the privilege of riding to and from school on their own trucks.

SHERIFF'S NOTICE OF SALE

The State of Texas, County of Lamb.

Whereas, by virtue of a certain order of sale issued out of the District Court of Lamb County, Texas, on a judgment rendered in said court on the 25th day of February, 1933, in favor of the said F.
