

Proposed Water Rates Announced

Lamb County Leader

Slate Hinges On Approval Of Bond Vote

Early News
WILLIAMS

VOLUME 23 LITTLEFIELD, LAMB CO., TEXAS, THURSDAY, NOVEMBER 22, 1956 NUMBER 26

Water bills will increase slightly for most local citizens, but some 805 families actually will get reductions if voters approve a \$1,700,000 water-sewer bond election here Dec. 11, the city said Monday.

The announcement was made after a special city meeting in which commissioners okayed a water rate schedule for the proposed program.

Under proposed rates, the typical water user in Littlefield, who now pays an average of \$4.60 a month, would pay an average of \$5.74 monthly—an increase of less than four cents a day.

At the same time, 805 families who now use 2,000 gallons of water or less in the winter months, would get a reduction in the present minimum rate of \$3.30 to \$3.00. Some 368 of these 805 families use less than 2,000 gallons in the summer, and would qualify for the lower rate during the peak season of water use, according to the city.

The new schedule would incorporate the four rates now being used—residential, business, irrigation and industrial—into a single rate schedule.

The overall average increase in rates would be slightly less than 25 percent, however there is a variation according to the amount of water used. The citizens who use the minimum would get a 9.1 percent reduction. The man who uses slightly less than average would have about a 20 percent increase while the resident who consumes a little more than average would pay about a 30 percent increase.

As the city commission puts it: "The residents who use the most water will be asked to pay the largest increases."

City water revenue would be increased by about \$200,000 per year and bring total water income to more than \$160,000 annually. About \$94,000 of the \$160,000 would be used annually to pay off all outstanding water-sewer revenue bonds plus interest, including \$372,000 in present revenue bonds which must be refinanced under the program. The biggest part of the remaining \$66,000 would be used for water department operating expenses.

Grudge Battle Rated A Toss-Up

It's turkey on the table for the winner of Friday night's game between the Levelland Lobos and the Littlefield Wildcats as the two teams battle it out for the championship of District 1-AAA and the opportunity to represent this district in a southern day observance of Thanksgiving a week from now.

Both district contenders are about equal in weight and ability, but Levelland has the edge in team speed. Not only do the Lobos sport a fast backfield, but also their line is exceptionally quick and agile. Both teams will be playing their best, since this one is it. It's winner take all in the game billed as the game of the year for the Plains country.

Coach Johnny Hickman of Levelland has expressed the opinion that his team will be in good condition and that his ace back, Jesse Sudderth, will see some action. Sudderth, one of the Plains' leading scorers and classier backs, was injured in the Hereford game last Friday.

Coach Gene Mayfield has two doubts. Joe Hoover, tackle, is trying to nurse his bruised knee into playing condition and will probably see action if he continues to improve and gets the okay sign. Guard Ernest Hoppe is still sore from a badly sprained back suffered in the Dumas game.

The Littlefield head mentor has stated simply the sentiments of all Wildcat players and fans in his pre-game comment by saying: "A victory over the strong Levelland club would be one of the most enjoyable wins for our boys since we have 12 seniors who will be playing Levelland for their last time and they have never been able to win from the Lobos in varsity competition.

"However, Levelland will be out for this big one, also. The Lobos have quite a few seniors who have never lost to a Littlefield team and they will not be in favor of breaking the ice and letting Littlefield win.

"By way of summary, I would like to add that our boys really wanted to win, and will be playing to win. We look forward to a good game."

Senior members of the Wildcat team are: Ends Andy Parker and Larry Weaver; Tackles Joe Hoover and Davis Lee Williams; Guards Ernest Hoppe, Lawrence Hutson and Gerald Zybara; Centers Roger Lowe and Doyle Montgomery; and Backs Mickey Ratliff, Mike Greer and Max Morris.

Mayor Proclaims Victory Day

WHEREAS there is no finer city on the South Plains of Texas, and

WHEREAS the City of Littlefield and its citizens will always demonstrate ability far beyond the normal expectations of a city of like size, and a citizenry of like kind, and

WHEREAS the public schools of the City of Littlefield are superior, and

WHEREAS the Littlefield Wildcat Football Team is able to meet any test with honor and with victory, and

WHEREAS on November 23, 1956, the Littlefield Wildcat Football Team is to meet its staunchest test of this season on the gridiron of our sister City of Levelland;

THEREFORE, I, Raymond G. Keeling, Mayor of the City of Littlefield, County of Lamb, State of Texas, do hereby proclaim Friday, November 23, 1956, as

VICTORY DAY FOR LITTLEFIELD

AND I do hereby request all our citizens to join the spirit of the day.

Springlake Voters OK Water Bonds

A new water works system is in the offing for Springlake citizens.

Residents unanimously approved the town's \$50,000 water bond election Saturday.

The vote was 34-0 for on \$34,000 in revenue bonds and 33-0 for on \$16,000 in tax bonds.

Sheriff's officers picked up a Littlefield Negro man for Hereford officers Tuesday on a charge of liquor law violation. The man was taken to Hereford the same day.

TWELVE WILDCAT SENIORS will be playing their last game against Levelland Friday night, this time for the District 1-AAA Championship. These Wildcats have never beaten Levelland and will be seeking a revenge victory. Left to right are Guard Gerald Zybara, Guard Lawrence Hudson, Center Doyle Montgomery, Tackle Joe Hoover, Back Mickey Ratliff, End Larry Weaver (out with broken collarbone), Center Roger Lowe, Guard Ernie Hoppe, Back Max Morris, Tackle Davis William, End Andy Parker, and Back Mike Greer.

Two Injured In Similar Highway Mishaps Sunday

Two local citizens were injured, one seriously, in separate one-car accidents that occurred near Littlefield Sunday.

In serious condition at Medical Arts Hospital here Wednesday was Donald Holt, 36-year-old Littlefield farmer, whose auto overturned five times about 1:40 p.m. Sunday on the Bula Highway near Bull Lake.

Listed as in fair condition at the hospital was Tommy Pierce, 17-year-old son of Mr. and Mrs. J. W. Pierce of Littlefield. Pierce's vehicle landed in a bar ditch on Highway 84 near Littlefield Cemetery about 1:30 a.m. Sunday.

Holt was suffering from broken ribs, a broken wrist and internal

injuries. The Littlefield farmer was driving alone when the accident occurred.

A highway patrolman who investigated the accident said Holt lost control of his sedan and ran

off the right-hand side of the pavement. The car slid sideways across the highway, hit the left-hand bar ditch and turned over five

times. (Continued on Page 6)

In Football Contest Cloninger Picks 18 Right

A newcomer to the winning ranks walked off with first prize in the Leader's football contest this week.

The winner is Tommy Cloninger, of 1101 West 10th, Littlefield, who picked 18 out of the 20 games in one of the best scores of the sea-

son. Cloninger missed only the Minnesota-Michigan State and Dimmitt-Oilton games.

Closest to the front-runner was Gene Alexander, Box 856, Littlefield, who missed only three games. Like Cloninger, Alexander

PROVING REPORTER TODAY'S QUESTION:

WHAT DO YOU THINK OF LITTLEFIELD'S CHANCES OF BEATING LEVELLAND FRIDAY NIGHT?

Glenn Reeves, high school principal, says: "If we play ball this Friday like we did last Friday against Dumas, then it won't be a matter of chances . . . we'll win!"

James says, "I'll win by seven points. We have that team."

Mackay Greer says, "I think it's a toss-up. Going by their past record, the two teams are about even."

LEADERS IN THE SCOUT FUND DRIVE hold a confab Wednesday as their campaign to raise operating expenses for local Boy Scouts hit its peak. They will continue raising funds during the week. Left to right are Carl Keeling, High School Principal Glenn Reeves, Gene Pratt, and Elementary School Principal Jimmy Hines.

WATER ELECTION OFFICIALS NAMED

Ballot Bears 3 Proposals

The ballot for the Dec. 11th water-sewer bond vote and election officials were approved this week by the city commission.

The ballot itself will carry three propositions, all of which must be passed if the entire \$1,700,000 in improvements is to go through, according to the city.

Named as election officials were Arthur Jones, presiding judge; Ann Barnett, assistant judge; and Irla Mae Smith and Opal Pierce, clerks.

The ballot reads as follows:

1. FOR or AGAINST the issuance of waterworks and sewer system revenue refunding bonds.

2. FOR or AGAINST the issuance of waterworks and sewer system improvement and extension revenue bonds.

suance of sewer system improvement and extension revenue bonds.

The entire program is set up in revenue bonds only, with interest not to exceed 4 1/2 percent. Only persons who own property within Littlefield and who have paid poll taxes will be eligible to vote in the election, according to state law.

The first proposition on the ballot, which refers to refunding bonds, deals only with present outstanding bonds which total \$372,000. These bonds would be refinanced to wrap up the entire financing into a single project.

The second proposition deals with the waterworks system and proposed improvements. Some \$1,162,000 is earmarked for improvements in the water system alone, and some \$345,000 of that is for

in-town improvements recommended by Dallas engineer Homer A. Hunter. The other \$817,000 is for getting water from sandhills water rights to Littlefield.

The third proposal on the ballot takes up anticipated sewer improvements only. Money slated for sewage improvement in the city totals \$166,000.

The second proposition carries the meat of the ballot, about two-thirds of the money involved. Contemplated in-town improvements include about \$166,000 to the present water distribution system, which now is overloaded with two-inch mains in residential areas. If approved, the bonds would go toward setting up a 12" loop line around the city so that all areas could be served well.

Miss Joyce Marie Brock Becomes Bride of Johnny Harold Lattimer

MR. AND MRS. JOHNNY LATTIMER
(Photo by Taylor Studio)

Miss Joyce Marie Brock became the bride of Mr. Johnny Harold Lattimer in an informal wedding ceremony held Sunday afternoon at 2:30 in the home of the bride's parents, Mr. and Mrs. Ruben F. Brock, of Route 1, Littlefield.

Parents of the groom are Mr. and Mrs. E. L. Lattimer, also of Route 1, Littlefield. Melvin West of Littlefield read the double ring vows before a mantle topped with white mums and greenery. Baskets of the white mums flanked the fire place.

The bride wore an Allen Kay creation of rayon brocade accented with pink satin trim complimented with white accessories. The bridal bouquet was an arrangement of white rose buds topped with white carnations.

Mrs. Donnie Walker, of Littlefield served as matron of honor. She chose a brown suit with white accessories and a white carnation corsage.

Harold Colbert, a student at Texas Technological College, Lubbock, served as best man.

Attired in a brown dress, the mother of the bride wore a corsage of white carnations. Mrs. Lattimer chose a brown suit with a white carnation corsage.

A reception followed the ceremony. The table, laid in an imported Irish linen damask cloth was centered with a three tiered wedding cake topped with a miniature bride and groom. Appointments were in silver and crystal. Miss Martha Ann Williams poured the punch. Miss Teddy Jo Bitner served cake and guests were registered by Miss Linda Lattimer, sister of the groom.

Mrs. Lattimer, a 1956 graduate of Littlefield High School was employed by Roden Drug. Her husband was graduated from Cotton Center High School in 1956 and attended Texas Technological College one semester.

The couple is making their home in Plainview where Mr. Lattimer is employed as bookkeeper for a cotton oil mill.

Mrs. Brown Is Hostess To BWC Meet

Mrs. A. E. Brown was hostess to members of the Charlene Moore Business Women's Circle in her home at 145 North Westside Avenue Monday evening.

A Thanksgiving theme was carried out in the decorations with arrangements of broeze and yellow mums. Refreshments of pumpkin pie, whipped cream and coffee were served to the following members: Mrs. Kenneth Berg, Mrs. Loyd Crume, Mrs. Melvin Thedford and to Mrs. Chester Harvey and Mrs. Pete Harrell, guests.

Mrs. Crume conducted a mission study program following a brief business session. Topic of discussion centered on the community missions project for the month.

The next meeting will be December 3rd in the home of Mrs. Crume at 720 East 15th.

KAT'S KORNER

By GAY DOUGLAS
Wow! What a football team we have! That game last Friday night is one that will certainly be on everyone's minds and tongues for a long time. Our boys outplayed Dumas all the way. Those statistics prove that beyond a shadow of a doubt.

Tomorrow night is Levelland and excitement is running high at school. "What's the good word" can be heard between every class. I sure hope we win that game.

I am really proud of Jo Ann Robertson for winning that \$10 on her Industrial Essay. We may have a future author in our midst. She won the Fire Prevention Theme contest, too, you know.

Tuesday is the big day for the band. Marching contest at Lubbock is on that day. The contest will be held on a different basis this year and spectators are encouraged and cordially invited to come watch "The Finest of Marching Bands". The Gridiron Jubilee, as it is called, will be an evening well spent. Admission is 50c for adults and 25c for students. It starts at 7:30 in Jones stadium.

The other branch of our music department has a big date for next week too. On Monday night the choir will present their first formal concert of the year. The high school and junior high choirs will sing as well as the new girls' choir. The program will consist of religious, concert, and folk music. Prices are 75c and 25c. The National Honor Society has

put their Student Directories on sale to all high school students. The directories contain the names, addresses, and phone numbers of all the students in high school. (Boys, maybe you had better get one of these handy little books of phone numbers.)

I have to go take an English test now. See you all at the Choir Concert.

Holiday Dinner Scheduled At Pep

PEP — The annual Thanksgiving picnic will be held by the members of St. Phillip's Catholic Church on Thursday, November 29.

The supper, which features turkey, country sausage, and homemade bread, will be served from 4:30 p.m. on. Other items on the menu are dressing, gravy, potatoes, beans, sauerkraut, pie, cake, milk and coffee.

Sandwiches will be served during the dance that follows at 9 p.m. The music will be furnished by Tommy Hancock and his Roadside Playboys of Lubbock.

Other activities which begin at 2 p.m. include bingo, cake walk, ball throwing, fish pond, and bell throwing.

ART CLUB SCHEDULES ALL-DAY MEET FRIDAY

An all-day meeting of the Art Club is scheduled Friday. Mrs. Paul Pharris will be hostess in her home at 612 East 7th Street. Members will eat lunch in town.

Dene Anne Bullard arrived Sunday at 8:28 a.m. Her parents are Coach and Mrs. Gerald Dean Bullard of 714 West 2nd. The little girl weighed six pounds seven ounces.

Double Ring Ceremony Read Saturday At Olton

OLTON — Miss Darlene Taylor and Gerald Wayne Cochran were married Saturday, November 17 at 8:00 p.m. in the home of J. D. Taylor in Olton. E. R. Higgins, Minister of the Church of Christ, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. M. E. Taylor of Olton, and the bridegroom is the son of Mr. and Mrs. G. W. Cochran of Rosser, Texas.

The bride wore a mauve wool suit and carried an orchid atop a white Bible. Her bridesmaid, Miss Leah Eby, wore a brocade taffeta suit in winter white and carried a pink carnation nosegay. Elmer Phillips was best man.

Immediately following the ceremony there was a reception in the home. Miss Charlene Taylor, sister of the bride, registered the guests. Miss Carolyn Daniel served the three-tiered wedding cake, and Miss Francis Morris poured the punch.

After a brief wedding trip, the couple is at home in Olton. The bride is a senior in Olton High School, and the bridegroom is employed at Jack's Service Station.

Fifty guests attended the wedding. Out-of-town guests were Mr. and Mrs. Lee Williams and Billy Wayne, Lubbock; Mr. and Mrs. Hiram Cox, New Deal; L. L. Ber-

She also announced that a clothes drive would be conducted from the 18th to the 24th of November. Those appointed to serve on the cake walk committee were Mrs. A. A. Homer, Mrs. E. V. Meyer, Mrs. Conrad Demel, and Mrs. Clarence Albus.

Mrs. Gaubert Demel read the life of St. Elizabeth and then the meeting was turned over to the entertainment chairman, Mrs. Leonard Albus. She read poems entitled "Protein Prayer" and "Thanksgiving Prayer." Mrs. Anton Demel won the attendance prize when her name was drawn by Mrs. E. L. Schlotman.

The meeting closed with a prayer led by Mrs. Henry Franklin. Those who attended the meeting were Mrs. A. A. Homer, Mrs. E. L. Schlotman, Mrs. Frank Sinnacher, Mrs. Albert Sokora, Mrs. A. G. Jungman, Mrs. V. H. Dierling, Mrs. Henry Franklin, Mrs. Franklin Green, Mrs. James Gumpfer, Mrs. Clara Albus, Mrs. Leonard Albus, Mrs. Anton Demel, and Mrs. Gaubert Demel.

Juvenile Is Committed To State Clinic

A 14-year-old Littlefield youth who officers said had been in constant trouble here was taken to the State Hospital for Epilepsy in Abilene Wednesday.

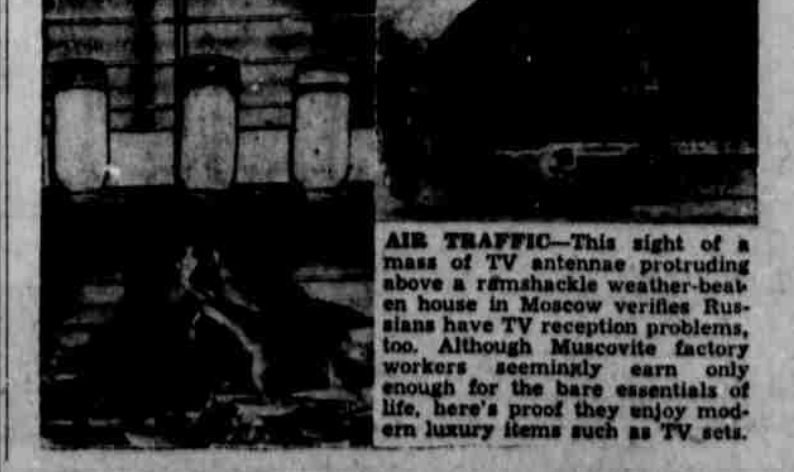

The boy, who officers believe was connected with recent burglaries of Homer Garrison Motors and several homes here, was taken to Abilene by Sheriff Dick Dyer. The youth had been in the juvenile ward here, and on one occasion was able to break jail. Officers said he crawled under the bars, escaped and was recaptured shortly thereafter. New bars have since been installed. Several charges were pending against the youth when he was taken to Abilene this week.

Traffic All Snarled Up!

WATER TRAFFIC—How these Venetian boatmen steer their craft without plowing into one another is a navigation miracle. This mass of gondolas and assorted vessels glide along the Grand Canal in Venice, Italy, as part of the traditional festivities marking "The Wedding of Venice With The Sea," climaxing the tourist season.

TRAFFIC BOTTLENECK—This picture presents an unusual traffic "bottleneck"—two hamsters scuffling over the same bottle of milk. When this pair of two-year-olds were abandoned by their mother, an enterprising Irvington, N. J., man came up with this ingenious idea of feeding. (U P Photos)

AIR TRAFFIC—This sight of a mass of TV antennae protruding above a ramshackle weather-beaten house in Moscow verifies Russians have TV reception problems, too. Although Muscovite factory workers seemingly earn only enough for the bare essentials of life, here's proof they enjoy modern luxury items such as TV sets.

Choral Contest Slated Monday

sake of conservation, which calls for wise use of wildlife, the Executive Secretary of the Game and Fish Commission risked a culinary crisis by passing along his wife's favorite recipes for cooking duck and venison.

He said venison may be prepared as follows: "Lard and sprinkle with garlic salt, pepper and flour. For accurate judging of cooking time, insert meat thermometer into center of roast, being careful that it doesn't touch a bone. Roast in preheated 350-degree oven until rare or medium-rare which gives the best flavor and most tender meat. Use readings on thermometer for beef or allow 20-25 minutes per pound. Baste frequently with melted bacon fat."

"Roast Duck—Omit a stuffing but place lemon wedges, onion slices, celery tops or parsley springs in the duck cavity. Then discarded before serving. When roasting at 350 degrees, allow 15 minutes per pound for small ducks, 20 minutes per pound for larger ducks."

More Should Take First Aid Training, Says Civil Defense

Texans were told recently of the need for more of their number to take first aid training.

William L. McGill, state coordinator of defense and disaster relief, said a minimum of one member of every family should be a graduate in first aid. He also advised that one member of every family be trained in the home care of the sick.

McGill said the standard Red Cross first aid course is of particular importance to business and industry and all governmental agencies concerned with the protection of life and property.

"In times of general emergency, the doctors and nurses in your community will be too busy to respond to all calls," McGill reminded. "This is when the individual trained in first aid can be of great help to his neighbors or fellow workers. Yet his services can be of inestimable value in the kind of emergency that happens every day—the common accident causing injury that requires attention until medical professionals can take over."

There are now 4,155 authorized instructors in first aid in Texas and Red Cross records indicate nearly 40,000 Texans received certificates of graduation in the standard course last year. In the same period the Red Cross also instructed 7,610 persons in the home care of the sick.

"Because the facilities for this training are widely available and the need so obvious, we are urging all who can to take an active part," McGill said.

Groups interested in forming classes may contact either their local Red Cross office or the local civil defense director for particulars.

Hints Given On Winter Pasture Management

COLLEGE STATION (Special)

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry winter pastures. Too, says E. M. Trew, extension pasture specialist, plantings can still be made but late plantings mean less grazing. However, he adds, a little grazing is much better than none.

Management practices followed will determine to a large degree the amount of grazing which winter pastures will provide, points out Trew. Small grains and annual clovers should not be grazed until the plants have developed root systems sufficient to keep them from being pulled up by grazing animals. Upright type plants such as Alamo oats and Goliad barely should be 8 inches high before being grazed. The prostrate types such as Mustang oats should be from 4-6 inches high before they are grazed. First year plantings of bromes.

France was the first country to recognize the United States of America.

Vermont was the first state to be admitted to the Union after the original 13.

orchard, fescue or perennial rye unless irrigated or on very fertile soil should not be grazed. The first season's growth of these perennials may be taken as hay in order to give the plants an opportunity to become established.

When winter pastures are ready for grazing, Trew says to graze the plants down fast and evenly then move the stock to another

pasture. Rotate the grazing for maximum forage production. Stock on winter pastures should continue to get dry hay. The dry feed will help control bloat.

Fertilizing is a very important part of management. After grazing down the plants, Trew recommends a top dressing of 30 to 40 pounds of nitrogen an acre if moisture conditions are good. This practice usually pays big dividends in increased growth and Trew reports that some stockmen topdress their pastures twice.

As an aid in managing the winter pasture, the specialist suggests that a copy of 1-258, Winter Temporary Pastures, be obtained from the local county agent.

Survey Shows Use of Winter Tires Has More Than Doubled in Last Four Years

NEW YORK—More than one in every four of the nation's farm trucks and passenger cars rolled on winter tires last year, according to the Rubber Manufacturers Association. Farm drivers led all other segments of the economy in the use of these special tires for bad weather driving.

The RMA, basing its report on a special Crowell-Collier survey, reported that 27 percent of all registered farm vehicles in the truck-passenger classes—used winter tires last year, and predicted even greater usage in the winter ahead.

The survey, first ever made public, showed that winter tire use

more than doubled in the past four years. More than 20,000,000 such casings were used during the winter of 1955-56, an estimated 3,747,000 on farm vehicles. The winter tire is an accessory designed to put "automobility" on a year-round basis. It gives added traction and safety under mud and snow driving conditions and eliminates the annoying and time-consuming job of applying other traction aids.

RMA Tire Division Chairman George Flint has noted a significant increase in the use of these special tires in the tier of states bordering on the snow belt where mud rather than snow presents difficult driving problems.

Sheriff Asks Farmer Cooperation

Sheriff's officers this week warned of an expected increase in thefts of batteries, generators and other parts of irrigation motors and urged farmers in the area to cooperate in holding such thefts down.

With most irrigation motors through with work for the season, officers said that they will be "ripe" to have parts stolen from them. Officers said farmers can best cooperate by marking all motors so that they can be identified and by storing them in a safe place.

A spokesman for the office said that reports had already come in on motor parts being stolen in the Spade area.

Heat and Cold Highway Killers

CHICAGO — Do you ever moan, "This heat is killing me?" Well, it can — and so can cold!

Excessive heat and cold killed 1,208 persons in the United States in 1954. Excessive heat was responsible for 978 of the deaths, excessive cold for 230.

Hunger, thirst and exposure killed 238 other persons, according to "Accident Facts," the National Safety Council's statistical yearbook, which is just off the press.

The 1954 figures are the latest available.

New Type Pig Sheds Are Pushed

Modern pork production has revised the old truism, "you can't raise a pig in a parlor". Apparently you can! And at a neat profit, too!

Southwestern hog feeders are showing interest in a recent housing and management practice that involves a "pig parlor" believed far superior to pens and wallows. The method calls for fattening of hogs in low-cost, shed-type buildings erected on concrete slabs.

This development approaches the broiler producer's concept of putting production on efficient assembly line basis. The idea makes it possible to market as high as 300 head of hogs a year with a minimum investment in money and labor, yet get maximum returns.

A group of big pioneers came up with the parlor idea, starting with a large group of pigs on concrete. According to studies of the Ralston Purina Company, the first 32 hogs marketed from a "parlor" returned a labor profit of \$5.32 per pig in 45 days on a 15c market.

A parlor 30 x 22 feet can handle 50 pigs weighing 60 to 80 pounds. Maximum efficiency of investment, labor and feed is claimed with a turnover over 60 to 70 days. The cost of the parlor including equipment was about \$400 in the experimental locations.

Feeders who have used the parlor system believe that their hogs show better carcass yield in addition to these stated advantages: quick turnover of investments, fewer disease problems, ease of adaptability to either hot or cold weather, and higher daily gains.

Texas hog raisers may want to investigate this method of pro-

Littlefield FFA Takes One Top Award In Contest

Littlefield High School Future Farmers of America picked up a first place in radio broadcasting at the recent District contest at Friona.

Participating were Thomas Boren, Lawrence Macha, Mickey Ratliff, Doyle Montgomery and Lloyd Locke. Other ratings were Sudan, second; Dimmitt, third.

FFA, Quiz first place honors went to the Spade team of Jimmy Mouser, Larry Lockwood, Marcus Ramage, Charlee Coggburn; Littlefield was second and Muleshoe, third.

Friona captured the Junior Farm Skill top rating followed by Farwell and Springlake. Senior Farm Skill honors went to Friona, Dimmitt and Farwell.

Muleshoe walked away with a first in Junior Chapter conducting followed by Littlefield, second; and Dimmitt, third.

First in Senior chapter conducting was won by Olton, (Bobby Johnson, Sherrill Alexander, Doug Smith, James Simmons, Sammy Thomas, Jerry Fancher, Jimmy Stone, Max McGill and Wayne Allen), second by Spade (Darold Hardin, Bobby Williams, Bobby Nelson, Kenneth Hutchins, Filex Sipes, Ernest Young and Sam Nickel); Dimmitt took third

duction, in view of the high competition for the consumer dollar. In addition, current hog prices call for low production costs in order to make a profit.

Information concerning "pig parlors" may be obtained by writing to John White, Commissioner, Texas Department of Agriculture, Austin.

Gin Workers Plagued By Accidents

J. C. Tucker, 20, was admitted to Medical Arts Hospital early this week for injuries to his right hand. An employee of Littlefield Farmers Co-op Gin, Tucker caught his hand in a running saw while working on a gin stand.

Bobby Crawford, 19-year-old Hart Camp Gin employee received a back injury Tuesday. Crawford and another gin employee were lifting a bale of cotton with hooks when the other man's hook slipped.

The cotton bale which was tilted, dropped back to its position when one hook slipped, pulling Crawford up with it. Crawford's back was injured by the sudden upward jerk. He is a patient in Medical Arts Hospital.

Washington D.C. Is Safest Place

CHICAGO — Ever wonder why so many people want to be congressmen and senators?

The District of Columbia is one of the safest places in the country to work and to drive a motor vehicle. The death rate there last year from accidents occurring at work was 1.4 per 100,000 population, and the motor vehicle death rate was 11.6 — as compared with 8.6 and 23.3 for the nation.

According to the 1956 edition of "Accident Facts," the statistical yearbook of the National Safety Council, which is just off the press, Wyoming had the country's highest work accident death rate — 22.2 per 100,000 population. New Mexico had the highest motor vehicle death rate, 48.7.

Successful Farmers Agree
on FALL APPLICATION
of Phillips 66
Agricultural Ammonia

Yes, successful farmers agree that Fall application of Phillips 66 Agricultural Ammonia is a good farming practice. This high nitrogen fertilizer feeds soil bacteria, indirectly speeding up decay of turned under stalks, stubble and other residues to help feed next year's crops. This improves soil tilth and increases soil fertility.

The 82% nitrogen in Phillips 66 Agricultural Ammonia helps your crops GREEN UP and GROW for a healthier spring start . . . helps them obtain the full benefits of other vital plant foods in the soil.

Apply Phillips 66 Agricultural Ammonia direct to the soil with injection equipment during your own slack work season. This long-lasting fertilizer resists leaching because its root zone placement keeps it ready to go to work when spring weather arrives.

Bula Tackles Mobeetie For Bi-District Crown

The Bula Bulldogs will be out to defend their Regional Six-Man Crown, won last year, this Saturday night at Pampa when they take on the Mobeetie Six for Bi-District honors.

Bula Club will be after this game since the winner will take on the Paint Creek crew for the regional crown.

Bula sports an eight won and two loss score card. One of Bula's losses was an early season affair to Paint Creek. Naturally, Bula would appreciate the opportunity to prove that "practice makes perfect" as their district record indicates.

Bula's co-captains, Burley Roberts and Junior Austin want a rematch with Paint Creek and will be leading the other Bulldogs into battle for the honor of playing Paint Creek for regional.

Panthers Beat Smyer in Opener

Whitharral High opened its basketball season Monday with a victory over Smyer, winning 37-32.

Coach Johnny Ussey's Panthers led all the way in winning, paced by Nub Edwards' 18 points. Dale Gage added eight for Whitharral. Whitharral led at the half, 21-10.

Next for the Panthers is Morton, which comes to Whitharral tonight in a game that starts at 8 o'clock.

The Whitharral girls play the Morton girls at 6 p.m. and the B-Team takes on the Morton B's at 7 p.m.

The B girls took care of Smyer Monday night, 33-31, paced by Anita Burnett's 21 points. Smyer's A Girls beat Whitharral, 10-35. Peggy Balsden and Geneva Raines both garnered 14 points to spearhead the Whitharral attack.

Look Out For Pedestrians, Says Texas Safety Association

A safety warning was given drivers today by E. C. McFadden of Dallas, Vice President of Employers Casualty Company and President of the Texas Safety Association, who spoke in behalf of the current pedestrian protection program of the Texas Safety Association. He stressed the necessity for more give and less take on the part of drivers.

"Our high pedestrian fatality rate is an indictment of the selfish attitude displayed by many drivers," McFadden said. "I know that pedestrians often invite disaster by their own careless behavior, but this does not excuse

drivers from blame." He said the fact that the average car weighs well over 3,000 pounds while the average man weighs 160 pounds or so should convince any driver that he should bend over backwards to protect the pedestrian. Contesting the right of way with pedestrians is hardly fair play, he said.

McFadden listed the following rules as musts for drivers who want to discharge their responsibilities to pedestrians in traffic.

1. Stop at crosswalks for pedestrians.
2. When stopped at a crosswalk, stay behind the line until the signal changes.
3. Don't jump the gun when the signal changes. Give walkers a break.
4. Be sure the crosswalk is clear before making a turn.
5. Be especially alert when approaching blind intersections or lines of parked cars.
6. Watch out for children and elderly people.

Also among the \$345,000 for in-town improvement is an elevated storage tank which would cost approximately \$94,000.

The \$817,000 set aside for going to the sandhills and bringing water back is largely to be tied up in a 20-inch transmission line, which would cost \$457,000. The rest of the money would go for six six-inch water wells, a field pump station, reservoir and other detailed improvements.

To correct a sewer system that is "adequate for only 3500 people," according to Engineer Hunter, the third proposition, if approved, would provide additional sewer lines and repair old ones. The present treating plant also would be enlarged and improved.

times, according to the officer. The car was a total loss.

In a similar mishap, Pierce was driving east on Highway 81 when he lost control of his 1952 model car after running off the pavement. The car slid across the highway and ended up in a bar ditch. The auto rolled over on its top, then toppled back on its wheels, the investigating officer said.

Pierce was suffering from severe lacerations about the head. Attendants at the hospital said 74 stitches were taken in his head and that skin grafting was necessary. Two passengers riding with Pierce at the time of the accident escaped without serious injury, but a third, Alice Reel, received emergency treatment for cuts and bruises and was released. The other passengers were Sandy Stewart and Laquita Lambert. All are from Littlefield.

missed the Minnesota and Dimmitt upsets, but also dropped a third when he picked Texas Tech to beat Tulsa.

Third place this week turned out to be a real battle. In the end, three persons tied and a fourth almost came into the money winnings. James Pirkey, 503 W. 4th, Littlefield; Lloyd Pollard, Rt. 1, Sudan; and Ralph G. Maurer, 501 E. 13th, all tied for honors, picking 16 winners on the nose. All three were exactly 15 points away from the correct score on

the tie-breaker, Littlefield-Dumas. Mackey Greer of Littlefield barely missed the winners' circle, picking 16 games right, but missing on the tie-breaker. Some 15 other persons who entered the contest missed only five games.

Cloninger will receive \$500 for first, Alexander will get \$300 and Pirkey, Pollard and Maurer will each receive \$200.

Another contest is underway in section three of today's Leader, with a star-spangled line-up of the nation's games and two area contests—Littlefield vs. Levelland and Bula vs. Mobeetie. All other area teams have finished their seasons.

29 points better than the Lobos on offense; but Levelland has allowed 12 points less than the Wildcats defensively speaking. Statistically, then, the game is a toss up. Levelland has lost but two games by the small margin of nine points. One of the losses was a 2-0 affair to the currently rated number one AAA team in the state—mighty Snyder. The other loss was a freak 7-0 one to Dumas. Yes, it's a toss-up between two of the best.

Marketing Vote, 11th Of Its Kind, Voted Dec. 11 For Cotton Farmers

Referendum on upland cotton marketing quotas, to be held on December 11, will be the eleventh of its kind, Doyle Turman, chairman of the county Agricultural Stabilization and Conservation Committee, said his week-long vote on cotton marketing was held in March of the last previous referendum was in December. In the last vote, 93 percent of the farmers voting expressed approval of using the quotas on the 1956 cotton crop. At least 80 percent of the farmers voting on quotas before they expire in effect. Legislative provisions, Secretary of Agriculture must approve a national marketing and a national acreage allowance for upland cotton when the total supply exceeds the normal supply.

At the time the Secretary issued the proclamation for the 1957 crop, the total supply of upland cotton for the 1956-57 marketing year was estimated at 27.5 million bales, which included on August 1, 1956 carryover of 14.1 million bales, 1956 production of 13.4 million bales (the August Crop Report) and estimated imports of 50,000 bales. The "normal supply" figure of 17.7 million bales included estimated domestic consumption of 9.1 million bales and exports of 4.5 million bales, plus a 30-percent "carryover" reserve of 4.1 million bales. Thus the prospective total supply for 1956-57 at the time the quota was proclaimed exceeded the normal supply by about 9.8 million bales.

Marketing quotas operate through acreage allotments. A grower who exceeds the cotton acreage allotment for his farm, under a cotton marketing quota program will be subject to a marketing quota penalty of 50 percent of parity on the farm's excess production. Growers who do not exceed their cotton allotments may market free of penalties all the 1957 cotton production from their farms.

Plans for an area High School Press Association were pressed at Texas Tech Journalism Day in Lubbock Saturday. Fifteen area schools, including Littlefield, plan to enter the organization. In competition with schools from through the Panhandle and eastern New Mexico, Littlefield placed second in mimeographed newspapers with the "Skat," official student publication. Co-editors of the "Skat" are Gay Douglas and Barbara Massingale.

Local School Band Director Beryl Harris extends an invitation to all interested persons to be on hand Tuesday night for the "Gridiron Jubilee" scheduled at Jones Stadium in Lubbock. The Jubilee, a contest of bands is scheduled to begin at 7:30 p.m. All bands of Region I will be competing in the Interscholastic League AAA contest. Harris reports that "he expects the toughest competitors will be Brownfield and Levelland."

Police Investigate Minor Accident

City police investigated one accident over the weekend and it resulted in light damages only. The mishap occurred Sunday afternoon when Herman Greener, a Pep farmer, pumped his into the rear of a car driven by James Lansford, Littlefield butcher. Both cars were traveling north on Phelps avenue when the accident occurred.

Greener was given a ticket for following too closely. Damages amounted to only \$45 on the Greener auto.

Eight Local Students Attend Tech Conference

Among the 39 area high school students attending the annual Texas Tech High School Activities Conference for speech and drama students Saturday in Lubbock were eight Littlefield students.

Students attending from here were Sam McCormick, Roseene Bingham, Carol Caldwell, Sue Jones, Teddie Jo Bitner, Gay Douglas, Larry Sharp, and Pat Street.

The first four students participated in poetry reading while the last four took part in senior declamation.

Office Surveys USDA

Mail carriers have left cards along their routes that want back in a few days. The cards are used in making a survey of the number of livestock on Texas farms. Joplin, postmaster, explained that this year at this time the post office cooperates with the U. S. Department of Agriculture in reports from farmers and ranchers about their livestock holdings. Distributing these survey cards along their routes means that not every farmer gets a card. Joplin said this means, it's important for everyone who gets a card to fill it out so that USDA has a true sample of the livestock holdings. Facts and figures secured by the survey are the basis for the national pig crop report and inventories of livestock on farms as of the end of the year.

CHOIR MEMBERS OF THE FIRST BAPTIST CHURCH had something to sing about Sunday, which was declared Victory Day by the Pastor, Dr. Lee Hemphill. First, for the first time in the church's history, the choir wore robes recently purchased.

Second the contributions Sunday were only a little over \$6,000 shy of the \$25,000 goal. The church membership pledged a total of \$18,771 and it is believed that the balance will be raised by December 1st. (Staff Photo)

Course To Be Offered Here In 'Merchandise Display'

Littlefield merchants and their employees are enrolling for the University of Texas training course which will begin here Monday. Training is being offered in "Merchandise Display" and in "Show Card Lettering". Sponsoring the program are the Distributive Education Class of Littlefield High School and the Chamber of Commerce.

W. G. Bohannon, advertising specialist of the University of Texas, has been engaged as the instructor. Bohannon is a man of practical experience, having spent many years with retail stores and other businesses. He has had commercial art experience with a leading sign company in Austin, and has operated his own sign and display business. The "Merchandise Display" course offers demonstrations of correct display techniques, new ideas in advanced principles of display. Consideration is given to arrangement, balance and proportion, the unit, drama, lighting, painting with light, and window backgrounds. Time will also be given to design and construction, color, interior display, open front stores, soft and hard lines. Actual practice with miniature windows and other props will be demonstrated. Fee for the entire course, all supplies furnished, is three dollars per person.

The "Show Card Lettering" course follows the Display course each evening with actual practice in lettering with the brush. Effective show cards through improved layout, color and the proper use of alphabets will be taught. Supplies and text are furnished at no extra cost with the fee being three dollars per person for the entire course in lettering. Both courses appeal to: 1. Display personnel 2. Store owners 3. Store managers 4. Salespeople responsible for interior displays. The "Merchandise Display" group will meet Monday through Thursday, four evenings each week, for two weeks, beginning on Monday at 7:00 p.m. at the City Hall Building. The "Show Card Lettering" class will meet immediately following the Display class at 8:30 p.m. on the same evenings for a period of two weeks. Enrollment in the Show Card Lettering course is limited to twenty people and advance registration may be confirmed by calling the Chamber of Commerce or D. E. Co-ordinator, Bill Lyman.

Tech Opens Cage Season On Dec. 3rd

LEBOCK (Special) — A minimum of conflicts with high school basketball games has been attained by Texas Tech's 1956-57 cage schedule. Coach Polk Robison believes "most high school games seem to be on Tuesday and Friday nights," Robison said. We have only one Tuesday night game, with the Phillips 66 Oilers here Jan.

19, and a single Friday night game at home, with Iowa State Dec. 14.
All home games except the Phillips 66 contest will be preceded by a 6 p.m. freshman contest. Before the Phillips game, the Wayland Flying Queens, national AAU champions, will meet the runner-up Nashville Business College quintet.
Season tickets for 13 double-headers (not counting the Jan. 19 pair) cost \$19.50. The Jan. 19 card cost \$2.50 and \$2 for reserved seats. Mail orders are being accepted if 25 cents for mailing charges is enclosed. Jimmie Wilson, business manager of athletics, said.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Texas' 56th Legislature will have much of its work cut out for it by Jan. 8.

State agencies and public and semi-public groups by the score are busy drawing up desired changes in state laws. Almost every day brings one or more public appeals pinpointing some proposed enactment as vital to state progress.

Some want certain laws liberalized. Others want them tightened. Many departments of State Government seek new or increased appropriations.

Examples in the news: STATE BOARD OF EDUCATION wants \$50,000 a year for the next two fiscal years for education and rehabilitation of mentally retarded.

BOARD FOR STATE HOSPITALS AND SPECIAL SCHOOLS wants the state cigarette tax providing \$5,000,000 a year for its building program continued two more years. Contingent on this, it asks \$11,000,000 for building improvements in the next biennium.

TEXAS PRISON BOARD wants some \$5,500,000 for new building and staff needs resulting from an 80 per cent jump in prison population.

TEXAS LAW ENFORCEMENT CONFERENCE wants 29 law changes aimed at up dating criminal detection and trial procedures. Typical items: set up a statewide file of fingerprints of convicted felons, allow drunk driving convictions upon scientific blood tests, provide public defenders for defendants without funds, etc.

TEXAS JUNIOR CHAMBER OF COMMERCE wants to institute annual legislative sessions with annual and more substantial salaries.

TEXAS CONGRESS OF PARENTS AID TEACHERS wants a 10-point program involving improvement of the school system and teacher salaries, strengthening of laws concerning juveniles, banning of common law marriages, sales of narcotics to children and sale of fireworks.

COSTLY CHANGE — At an approximate cost of \$1.00 per vote, Texans have approved a plan to aid the permanently disabled.

It was the third time in history the Legislature had fumbled its calendar in setting a constitutional amendment election. Eight amendments were taken care of with the general election. But the ninth, by error, was dated for a week later.

Confused or short of funds, nine counties held no election. Another held it a week early. In all, some 200,000 straggled to the polls. Estimated cost: \$200,000.

Under the amendment, qualified persons will receive \$58 a month; \$20 from the state, balance from federal funds.

NAACP SEEKS MOVE — Next encounter between the state and the NAACP will be in Tyler district court Dec. 3. NAACP will then seek to have the site of future hearings changed from Tyler to Dallas or Austin.

Last month in Tyler Dist. Judge Otis T. Dunagan granted a temporary injunction against operation of the NAACP in Texas. Defendants gave oral notice of appeal.

Since, the organization abandoned appeal efforts and asked for a full trial on merits. If it loses, this, the injunction becomes permanent.

Atty. Gen. John Ben Shreppler said his staff already is at work preparing and that he "earnestly hopes" the trial can be com-

pleted in December. Shreppler will be succeeded by Will Wilson on Jan. 1.

OIL BOOST OKAYED — Texas December oil allowable will be 3,442,592 barrels daily — an increase of 75,503 barrels a day.

A 16-day producing pattern was set by the Railroad Commission, compared to 15 days in November.

Several major companies had urged 17 to 19 producing days because of disruption of supply lines from the Middle East. But representatives of Texas Independent Producers and Royalty Owners contend crisis needs could be met with surplus oil in above-ground storage.

In announcing the 16-day pattern, Comm. Chmn. William Murray said the commission could issue a half-month emergency order later if necessary.

STATE WINS TIDELAND — State Supreme Court added to Texas' public domain in a case setting the boundary between tidal and landholder's property.

"Highest tide of the year," not "average high tide," determines the dividing line between tidal and coast land, ruled the court.

In the test case Texas gained 4,986 acres of mud flats along Laguna Madre north of Port Isabel. Eventual result, said Atty. Gen. John Ben Shreppler, will be the gaining of hundreds of thousands of acres and millions of dollars for the permanent school fund.

Tidelands, according to law, belong to the state. Income is earmarked for education.

TAX ISSUE CLARIFIED — Corporation franchise taxes do not have to be figured on the rate in effect at the end of the year if the rate was lower during the year.

Third Court of Civil Appeals so ruled in a suit brought by Southland Cotton Oil Company to recover taxes paid under protest.

During most of Southland's first year the franchise tax was \$1.25 per \$1,000 taxable base. By the end of the year the rate was up to \$2.00.

State officials contended the company should compute the entire year's taxes at the \$2.00 rate. Southland paid the full amount, but sued for recovery.

Sand Hills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm probably is misinterpreting somebody's speech, his letter this week indicates.

Dear editor: With the north wind picking up speed recently, I've been getting more newspapers than usual blown onto my farm out here, and there's nothing more satisfying than a good newspaper to read on a chilly day in a warm spot.

Yesterday I found one caught on a barbwire fence—a barbwire fence is one of the greatest inventions in the history of man when it comes to snagging a blowing paper, and while maybe there are some papers worth chasing after all over the pasture as the wind scoots them along the ground, it's a lot more pleasant to let the fence do the work for you — and I pulled it off and took it home and settled down to my main occupation.

I hadn't read far before I ran into an article that made me smile. According to it, an agricultural expert made a speech recently and declared that "agriculture is now a business, requires business methods, and a few acres of land is no longer a haven of refuge where a man can sit and dream."

Well, I'll tell you, it looks to me like somebody has been sitting and dreaming about what farming maybe ought to be. There's some business connected with farming, all right, but most of it is applied to what the farm produces, after it leaves the farm. You take a Jersey steer from my farm. Very little business administration goes into getting him ready for market, outside of what he's picked up on his own, but the minute he leaves my hand at a price set by somebody else, not me, then business takes over, and a 10-cent steer turns up a little

little less than last year, but better than expected earlier. A 28-million-bushel corn crop is forecast by the U. S. Dept. of Agriculture. This compares to 49 million bushels in 1955. Sorghum is expected to hit 98 million bushels, a drop of about one third. Rice is set at 46 million bags, a 15 per cent decline.

Even so, forecasts showed an optimistic upturn since the last estimates a month ago. Another bright spot: USDA expects citrus production to run more than 50 per cent above last season.

Lipstick Logic . . .

Did you ever get all dolled up for a very special event—such as a wedding—only to discover you've picked up two gloves for the same hand? Have you ever waited until "the big day" arrives before calling for a hair appointment, only to find your favorite beauty operator too busy to take you?

And invariably some strange twist of conscience prompts you to buttonhole all comers and relay the bad news: "Look, I forgot to change my shoes. These old things look terrible!"

Some women habitually cut short their grooming time, not because they're different to appearance but because they find other things to do up to the last minute. Then when they encounter a woman who has spent hours planning and executing her toilette, they gaze admiringly at her perfection, chide themselves for being so careless. But chances are the next time they'll repeat the harum-scarum performance and appear with one earring missing, the wrong purse, or an unpressed skirt.

Chronic haste is just as much a habit in some as careful grooming is in others. We remember hearing a good homemaker answer decisively when asked: "Would you leave the lunch dishes or let your husband go alone if he wanted you to run a quick errand with him?" "I'd do both," she said unhesitatingly.

Perhaps efficient planning would take care of the woman who is trying to have her cake and eat

later on as a 40-cent hamburger or 60-cent round steak.

I know that not all farms are run like mine, or there wouldn't be a surplus, but the surplus itself demonstrates somebody is failing to be very business like in agriculture. You don't hear of the U. S. steel industry producing four times as much steel as the country needs. This country has more oil than it needs, but you don't hear of any surplus gasoline depressing the price you pay at the filling station.

And as far as a farm being a haven of refuge where a man can sit and think, that's what mine is exactly, and if it comes to a choice of installing a business administration out here or giving up sitting, you know which one I'm gonna choose. I haven't got anything against business or business methods, but if I wanted to go into business, the best place to do it is in town, not in the country.

Yours faithfully,
J. A.

Deadline Approaches On 1956 Soil Bank

Dryland farm operators in this area are reminded by the county Agricultural Stabilization and Conservation committee that Nov. 30 is the final date for placing land in the soil bank conservation reserve program for 1956. All agreements must be finally signed by that date. Past procedures up to 30 days after the closing date.

To be eligible land must not have been grazed or harvested during 1956, or seeded to wheat on allotted acreage for harvest during the 1956 season.

An individual may place as much of his base acreage in the conservation reserve as qualifies for the program up to a maximum payment of \$5,000 annually. The normal payment per acre in this county is \$12. Base acreage is determined by the two-year crop history for 1954-55 for the 1956 program.

To be placed in the five or 10 year conservation reserve, starting in 1956, no existing cover crop is required. The cover crop provision applied only to the three-year program and that short term program is not available in this

area. It too by dressing hastily for social events rather than giving up other activities. Leaving that last telephone call until she gets home from the party, or laying out dress and accessories before the time gets pressing could allow for a life of wide activity and a feeling of being a lady, too.

county, reports Lamar McCall, office manager. The ASC office has offered 1957 conservation contracts. Final date for placing acreage in next year's program has been set as March 31.

DRAKE'S COFFEE BREAKS

Just Slightly Stimulating By MORLEY B. DRAKE

Junior... that's what we named him... a little stary brown cocker... stole the show Sunday from two local canine aristocracy.

Junior has been living at the homes of Dr. Lee Hemphill, 401 East Eighth street, and O. A. Pressley, 402 East Seventh street. With this little dog wide open for adoption, we poured on the adjectives in last Sunday's County Wide News in a voluminous effort to find him a permanent home.

The average city yard has accommodation for one dog... and some two when a neighbor of the canine population drops in for a visit.

The Hemphills have "Dandy", a registered brown cocker; the Pressleys own "Mike", a registered black cocker.

What we started to write last week was a story about "Dandy" and "Mike." But we got off on a long eulogy about the qualities of Junior and his great need of a permanent home, with the result that "Dandy" and "Mike" did almost a complete fade.

The two aristocrats sent us word that if we were going to say anything about them that they would prefer the "Coffee Breaks" column. They also wanted to know if there was any truth in the report that our dog "Prince" had his morning coffee. Yes, boys, the report is 100 per cent true; "Prince" does enjoy his morning coffee... in fact he likes Boston coffee... that's coffee with a lot of sugar and milk... cream for folks who can afford that fattening luxury.

"Dandy" and "Mike" are smart dogs; there is just an alley between the two backyards, and they live at both the Hemphills and the Pressleys. They take runs together. They eat a; which ever home "chuck's on." And it wouldn't surprise us in the least if on some occasions they get double meals... a meal at the Hemphills... a meal at the Pressleys. "Dandy" and "Mike" prefer the Pressley garage for sleeping.

These young aristocrats "have it made and don't know it." If one family is away from home, the other family feeds the dogs; "soup is always on" at one household or the other.

"Dandy" and "Mike" are enthusiastic supporters of the Wildcats. In fact, they have been raised on football.

Hilton Hemphill, 15, and James Pressley, 16, are sophomores at Littlefield High, and both play for the Wildcats. James is a quarterback and Hilton plays end. "Mike" probably has a larger diet of football at his house than "Dandy". This emanates from the fact that Neal Pressley, 8, is considerable of a football player, and he hopes that some day Lloyd Spencer (his cold will be better by that time), will be broadcasting "just two more seconds in the ball game", the score is tied, and Neal Pressley kicks for the extra point that can win or lose a championship for the Cats. "It is good. IT IS GOOD!"

The Hemphill and the Pressley dogs seem to be in agree-

Texas Records 800 Births Daily Over Two-Year Period

AUSTIN (Special) — Over 800 births a day in Texas were recorded by the Division of Vital Statistics of the Texas State Department of Health during the last biennium, September 1, 1954 to August 31, 1956, an advance look at the department's biennial report shows.

During the same period, 134,045 deaths were recorded. This compares with a total of 624,403 births. Four births for each death coupled with the influx of newcomers making their homes in Texas has shot the Texas population well over the 8 1/2 million mark.

The Division of Vital Statistics is just one of 22 divisions under the State Department of Health, charged with the severe responsibility of watching over the health and sanitary level of the citizens and locales of Texas. The report shows that watching over the health of Texans is not enough. The health department incorporates inspection, research, active aid, and education in its program of bettering the health standards of Texas and Texans.

Inspection and research walk hand in hand to evaluate the effects of local outbreaks of disease throughout the state. Aid is

ment on everything. They even come under the same general influence. Dr. Hemphill is pastor of the First Baptist Church and the Pressleys are member of that congregation.

We hope you two canine aristocrats are entirely satisfied; we have told about everything we know about you... even about what influence you come under in saying your prayers. And you should say your prayers... regular... because both you young rascals have, no doubt plenty of sins for which you should be brought to account.

then rendered if at all possible.

Following closely in the footsteps of research, education of the public in the many advances and improvements in public health comes as a matter of course. Sometimes, education is concerned not so much with advances, as with commonplace health procedures, which Texans occasionally seem to neglect. Every drink of water, every bite of food, and even each breath of air comes under the careful scrutiny of one or more divisions. At night, before counting that last sheep, you might even consider that the mattress on which you sleep—if manufactured or sold in Texas—has been O.K.'d by the Redding Division.

The complexity of the Redding Division's duties alone during the past biennium can be shown by a total of 40,412 separate violations to the State bedding law and regulations, most for the omission of revenue stamps.

The Health Department, through the Communicable Disease Division, distributes the Salk Vaccine in Texas completely and equitably. Results have been most gratifying.

Of 211 investigated cases of paralytic polio only 25 were vaccinated children under age 20. None who had received all three shots of the vaccine was stricken. This is just one of the many and varied strides made by the Texas State Department of Health during the biennium.

Dr. Robert Anderson Is Whitharral P-TA Speaker

WHITHARRAL — Dr. Robert Anderson, Professor of Psychology at Texas Tech was guest speaker at the Whitharral P.T.A. Monday evening. Speaking on Mental Health, Dr. Anderson said that mental health cannot be pushed into the closet and left, that it is illness that is preventable and treatable. He listed as sources: disease, senility, environment, declaring that many problems are traced back to the home, the school and even the community.

Three levels were named by the speaker as the normal person who is confused and maladjusted. The neurotic who feels inadequate and has an unhappy life; and the psychotic, the insane

person who no longer has contact with reality.

Conducive to good mental health stated Dr. Anderson are: 1. A good relationship between husband and wife which is based on mutual love, respect and the worth of an individual; (2) The ability to talk things out or to share feelings and (3) The ability to distinguish between thought and action.

Guidance programs, the participation in activities, and the evaluation of the child himself as to right and wrong have been stressed by the school and community guidance clinics.

In conclusion Dr. Anderson stated the Mental Health is something that we as people can do something about and most effectively in our own home.

Mrs. Ralph Wade presided at the business meeting at the close of which a charter for Pack 108 of the Cub Scouts was presented to the P.T.A. Rev. J. M. Gilbert accompanied by Judge Paul Williams, both of Levelland made the presentation to the P.T.A. who sponsor the Cub Scouts here. Members of the P.T.A. who are active in this work were recognized and presented cards.

Write District, Not Austin, Says Social Security

Many people are losing time on social security matters by writing to the State Capital instead of to the district office which serves their address, according to John G. Hutton, Manager of the Lubbock District Social Security Office.

The office located at Austin is not a general headquarters office and is not the proper place to write unless you live in Austin or in one of the nearby counties which it serves. Hutton further explained that inquiries sent to Austin must be forwarded to the proper servicing social security office which causes unnecessary handling and loss of time in receiving a reply.

No matter where you live, your nearest post office can give you the address of the social security district office which serves you. Your district office was established to inform you of your rights and benefits under social security, help you apply for old-age retirement payments or survivors payments, issue original or duplicate social security cards, or assist you on checking up on the amount of wage credits or self-employment credits to your individual social security account.

A representative of the Lubbock Social Security Office will be in Littlefield on Nov. 30, at 10 a. m. at the Employment Office and will be glad to assist in all matters pertaining to Social Security.

County Officers Arrest Seven

Sheriff's officers picked up seven persons over the weekend, six of them on drunkenness charges.

Included were two Negro females and a white man from Sudan and two Latin males and a Negro man from Littlefield. All were charged with drunkenness, fined and released.

A Negro man was also arrested in Sudan for not having a driver's license. He was fined and released.

Legal Notice

NOTICE OF ELECTION THE STATE OF TEXAS COUNTY OF LAMB CITY OF LITTLEFIELD TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF LITTLEFIELD, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Littlefield, Texas, on the 11th day of December, 1956, on the propositions, and at the place more particularly set forth in the election resolution adopted by the Board of Commissioners, which is as follows:

RESOLUTION Calling an election on the question of the issuance of Waterworks and Sewer System Revenue Refunding Bonds; Waterworks System Improvements and Extension Revenue Bonds; and Sewer System Improvement and Extension Revenue Bonds.

WHEREAS, the Board of Commissioners of the City of Littlefield, Texas, deems it advisable to issue the bonds of the said City for the purposes hereinafter mentioned;

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF LITTLEFIELD, TEXAS:

1. That an election be held in said City of Littlefield, Texas, on the 11th day of December, 1956, at which election the following propositions shall be submitted:

PROPOSITION NO. 1 "Shall the Board of Commissioners of the City of Littlefield, Texas, be authorized to issue the bonds of said City in the amount of \$372,000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Thirty Five (35) years from their date, bearing interest at a rate not to exceed Four and One-Half (4-1/2%) per cent per annum, for the purpose of refunding the presently outstanding \$24,000.00 City of Littlefield Waterworks and Sewer System Revenue Bonds, Series 1948, dated July 1, 1948 and \$48,000.00 City of Littlefield Waterworks and Sewer System Revenue Bonds, Series 1956.

PROPOSITION NO. 2 That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed directors of said election:

Arthur Jones, Presiding Judge, Ann Barnett, Assistant Judge, Iris Mae Smith, Clerk, Opal Pierce, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature.

4. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of the two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided, in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this 19th day of November, 1956.

Ray G. Keeling Mayor, City of Littlefield, Texas

Valley View Club Stages Annual Dinner

WHITHARRAL — The Valley View Community Club held their annual Thanksgiving dinner Thursday at the home of Mrs. Johnnie Nuller of Oklahoma Flatt.

Turkey and all the trimmings were served at the noon hour to Mesdames H. G. Ferguson of Littlefield, Aubrey Kirby of Loveland, J. C. Hodges of Anton, Jimmy Starnes, Pervados Wade, Buddy Miller, Hollis Smith, A. B. Roberts, Ted Gray, Wade Strother, Buddy Gray, Hayes Denney, Norman Hodges and the hostess.

One local man was arrested Sunday morning on charges of having no driver's license, no brakes and being drunk. The man later voided his disagreement with the charges by setting

1/2 Million New U. S. Businesses Predicted By 1976

A half million new businesses of all sizes will be created by 1976, if an expansion of demand for high standards is to be met, it is predicted in a new booklet, "The Growth of the Business Community," published this week. The booklet states that the composition of U. S. business establishment is changing in the varying business structure is like the educational, mill, church establishments, sizes of facilities vary and are shaped by the needs that could be met only by a business structure including small, medium-sized, and large firms.

Now there are 4.2 million small firms, but by 1976 there will have to be 5.7 million to keep pace with present trends. "Instead of the 3,500 large firms, there will have to be 7,000, and they must be larger than they are today to provide the resources of money and men that new technological developments will require."

The booklet also predicts that the American family's living standard will almost double. There will be at least 19 million more jobs.

These predictions merely project present trends, assuming there will be no catastrophe "and that business growth is permitted and encouraged."

"Growth and progress are shared by all members of the business community. Each is contributing to the growth of the business community. Each is contributing to the growth of the business community. Each is contributing to the growth of the business community."

"Business size is determined not by fiat but by function," it continues. "How large a firm may grow is controlled not by a preconceived theory, but by the size and nature of the needs a business seeks to fill, and the

standard based on high-volume, low-cost output, demanding big production units. Economic and geographic barriers to growth crumbled. As a result, since 1900 the living standards of the nation have been transformed. At the same time, it has been a period of swift business growth, with a continuing needs for firms of all sizes and opportunity for each business to expand.

It has also been a time of increasingly vigorous competition because of the abundance of products and services available to the consumer. However, most firms normally compete with companies of about the same size, rather than big ones against little ones.

Small and large businesses, instead of competing with each other, usually complement each other's efforts. The large firms undertake the jobs that call for extensive facilities and investment, and the small ones operate in fields where their flexibility and personal services enable them to make unique contributions, the booklet points out.

"Whatever the nature of the businesses concerned, instances in which large compete directly with small are rare. Particularly in industry, diverse technical requirements and functions make it illogical for large and small to try to serve the same customer in the same way."

Illustrating this with a roadside diner surrounded by trucks hauling new cars, the booklet says:

"Without large firms, the demands of the American motorist never could be met. In recent years, the public has bought an average of more than six million cars and 52 billion gallons of gasoline per year. Small firms alone could not have provided either. But at the same time, the motorists' needs were in large part filled by more than 190,000 service stations and 85,000 auto repair firms (three-quarters of which three employees or less) and some 50,000 auto dealers. If these could not survive without big business, certainly big business could not survive without them."

Services Held Thursday For Olton Farmer

SerVICES were held at 2:30 p.m. Thursday at the Olton Assembly of God Church Thursday afternoon for Grover C. Shaw, 63, an Olton farmer. Officiating was the Rev. W. A. Gray, pastor.

Shaw died at his home after an illness of several months. He was born December 24, 1892 in Bonham and moved with his family to near Olton in 1932 from Blanchard, Oklahoma. He was married to Miss Georgia Estell Gurley at Pauls Valley, Oklahoma, in 1919.

He is survived by his wife, three daughters, Mrs. Helen Jones, Kress; Mrs. Marie Jones, Hereford and Mrs. Pearl Price, Blanchard, Okla.; no son, Bobby Edmonson, two brothers, Luke Sawyer, Oklahoma; and Dude, Roswell, N. M., and 14 grandchildren.

Burial was in Olton Cemetery under the direction of Lemons Funeral Home of Plainview.

Pep Church To Sponsor Holiday Meal

Turkey and sausage with all the trimmings will be served Thanksgiving Day, (November 29th) at the Pep School Cafeteria between 4:30 and 9 p.m., announced spokesmen of St. Phillips Catholic Church, Pep.

The annual holiday dinner is sponsored by the church. An evening of entertainment will include games and dancing with music furnished by Tommy Hancock and his Roadside Playboys.

Charlotte Howell Crowned Sudan Football Queen

SUDAN — Charlotte Howell, daughter of Mr. and Mrs. Wayne Howell, was crowned football queen in a coronation ceremony conducted November 9th preceding the Sudan-Farwell football game.

Performing the coronation services was Ronnie Fisher. The queen was chosen by members of the football squad by a popular vote.

Her attendants were Quinelle McCaghren and Arlene Hogue. Escorting the queen was Jimmy Williams. The attendants escorts were Kenny Wells and John Bolter.

The school band, under the direction of Jimmy Strange, provided a musical background for the ceremony, playing the selection "Let Me Call You Sweetheart".

Sheriff's Officers Arrest Five Men

Sheriff's officers picked up a California man at Olton for tampering with a motor vehicle and also arrested four other men late last week.

The California man was fined \$25.00. A Lubbock man, charged with check law violation was fined \$102.50 and released. A Littlefield Mexican was fined and released after officers found that he had no driver's license and a Plainview resident was charged with driving while intoxicated. objects of any kind in letters without marking the envelope for hand stamping. High speed canceling machines cannot process such letters and often jam, damaging letters.

4. Do not mail cash in any Christmas gift. For safety's sake, use postal money orders or checks.

5. Make sure parcels are well packed and securely wrapped in strong containers. Cushioning material, such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the Christmas gift. The carton should be wrapped in heavy paper and securely tied with strong twine.

6. Gifts of a delicate nature, such as glass, china, electrical appliances, radios and musical instruments, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable" if subject to spoilage.

7. Insure parcels. Register letters of real value. Where only proof of delivery is required for letters of no intrinsic value use Certified Mail. Use Combination Mail where a letter or message—other than a gift tag—is to be enclosed inside a Christmas package.

8. Ask any post office for the free pamphlet, "Post Office Department Publication No. 3" which contains rates of postage and limits of size and weight for domestic mail.

9. Mail Christmas cards and parcels early to avoid the last minute rush and waiting in line at the post office. The best times to avoid crowds at stamp windows in most post offices are before 10 a.m. and between 1:30 and 3:30 p.m.

10. Every postal employee is happy to answer questions on postal rules and regulations. Anyone with problems about mailing Christmas parcels should avail himself of the opportunity of discussing the problems with postal employees and taking advantage of their experience.

Lamb County Teachers Group Hears Address by Culpepper At Christmas

Sam B. Culpepper, Director of Field Service for the Texas State Teachers Association, Austin spoke at a meeting of the Lamb County Teachers Association at 7:30 p.m. Monday. The dinner meeting was held at Littlefield

High School. Culpepper discussed the TSTA Legislative Program for 1957.

Culpepper, a graduate of Howland Payne College and Baylor University, has had a rich background of experience in public

Here are ten ways to make sure your Christmas cards and gifts get prompt and safe delivery, according to Postmaster Arbie Joplin.

1. Address mail fully and clearly. Write legibly or print plainly. Where applicable, use zone numbers on the address and return address. Avoid using abbreviations which might confuse handlers.

2. Be certain that a return address is printed on the upper left hand corner of both Christmas cards and parcels. This will prevent any undelivered mail ending up in a "dead letter" office.

3. Do not enclose coins or hard

school work. He has served as a classroom teacher, principal, superintendent of schools, deputy state superintendent in the State Department of Education and director of the Division of Health and Physical Education for the State Department.
