

# RAIN RAISES CROP HOPES AFTER 3-DAY RAINY SPELL

Light rain warmed up Littlefield and County Wednesday and Thursday, raising hopes after 72 hours of a dry spell and rain for the area Saturday, Sunday and Monday.

The spell lifted off Tuesday, accompanied by a light shower for a little more than an hour late Tuesday afternoon before the sun finally poked its way through Wednesday morning.

Weather forecasters said Wednesday the wet spell may have run its course and that a cold front far to the north may bring the area.

It was good news for cotton farmers. Their crops have been scorched all year long and cotton is running at least a month behind schedule.

Rains over the three days totaled more than two inches at some gauges over the county. Littlefield's official weather station, Western Cotton, recorded only 1.35 inches for the period, however.

The oil mill's record showed 20.56 inches on Saturday, 21 Sunday and 27 Monday. Its total for the year was 21.61 inches.

That compared with 11.82 inches at this time last year and 17.62 at the same time in 1955. The county's average is about 16 inches.

Ep Elms, Western Cotton manager, and County Agent Ed Kirschbough said rains were fairly general over the county, with the totals running from an inch to 2.25 inches in different spots.

"Elms said the wet spell will definitely lower cotton grades. We've been hurt again, but we don't know how much."

He said cotton values will run "okay" if the area can get about 30 days of warm, dry weather before a killing frost. Kirschbough cautioned farmers to wait until cotton is "good and dry" before harvesting.

"If we can get five days of dry weather without much dew, and if farmers will wait for that, it'll make 'em money," Kirschbough said.

The county agent said some good dry spells would help the drying-out period along.

Kirschbough cited the case at Coleman Terrell at Llanos as a cautioning farmers to wait for dry cotton.

He said Terrell has harvested 20 bales and has drawn off the rest from 20 more to 30 bales for his cotton. All cotton Terrell harvested in the month was 1,200 bales, but all he harvested in the afternoon was white, Kirschbough said.

The county agent also warned.

STYLIZED, LAMB CO., TEXAS, THURSDAY, OCTOBER 24, 1957

## Littlefield Flu Have Classed as 'Epidemic'

Flu in water was classified as epidemic Wednesday and Thursday, according to county health officials.

County health officials said the epidemic was spreading rapidly, although it is probably a "mild" one.

High building, especially at schools, said Wednesday, that he expects to see an increase after some medical officials.

Littlefield said 428 students out of the student body of 470 at the high school Wednesday.

## PANEL TO TALK SANTA CLAUS

Santa Claus will dominate the discussion Friday at 7 a.m. when the retail merchants committee of the Chamber of Commerce will meet in Thornton's Cafeteria.

The panel will outline the city's entire Christmas observance.

Kenneth Ware, chairman of the committee, urged all local merchants to attend the meeting. Holiday store hours will be set and the entire merchants program for the holiday period will be discussed.

## Deadline On Airport Plan Set By CAA

The Civil Aeronautics Administration set a deadline of Dec. 1, 1957, on completion of plans for a new municipal airport in a letter to the city Tuesday.

The CAA letter said plans for the new airport are progressing too slowly and told the city it must move fast if it wants a government grant-in-aid.

The deadline was set on the project application, plans and specifications and other information "required for the grant aid of \$4,275,000."

The CAA made the offer about a year and a half ago, saying it would split the cost of a new airport here dollar for dollar.

The city made its move to transfer the present airport site to a site west of the city in 1954. Voters later approved the move and made it possible for the city to sell present airport land for its part in the split in costs with the CAA.

A CAA official recently okayed the city's plans for a new airport site, but the decision was changed by higher CAA representatives. New specifications were sought by the CAA and city officials are studying them at present.

While the city continues study of plans for the new airport, a contract is being ready for sale of present airport land.

Representatives of the Littlefield Development Corporation verbally agreed to purchase the site for \$2,000 about two weeks ago.

# Wildcats, Phillips Meet In Flu-Tarnished Battle

READY FOR PHILIPPS - Captain Bruce Fry, left, and Bill Johnson, right, talk over strategy for the Wildcats. The Phillips players are in the background.

## At Least 5 Cats May Miss Game

Littlefield's Wildcats and Phillips Blackhawks go off here Friday night in the District 1-AAA opener for both teams, but the flu bug may be the big winner.

Flu is sure to be a big equalizer in the contest. Cat Coach Gene Mayfield says he's never known "flu to be such a determining factor."

The flu wave is sure to take some of the gloss off the battle. A few weeks ago the Cats would have been favored to take the measure of Coach Joe Minto Blackhawks.

But right now, "it could take a steady team to pick up to win," Coach Mayfield says.

At least five Wildcats may miss the game. Three of them are starting back: Hallock, Bobby Jones, quarterback James Priddy and fullback Tommy Long. Long hasn't made practice since he fell ill last week. They would have to come along late to make Friday night's game.

Center Landon Roberts and tackle Gene Ashby also fell victim to the bug, and their status is doubtful.

Phillips Backup Record  
 The Blackhawks are 2-2 in the season. They played on Oct. 14, 17 and 21. They were defeated by Vernon last week 21-17. Vernon lost to El Paso 20-14.

## Weather Slows Drive

## C-C Pushes Membership Campaign, Urges More Individual Contacts

The Chamber of Commerce "Let's Start Over" drive for membership is slowed around the \$5,000 mark Wednesday.

Weather took its toll in the drive early this week as rains slowed contacts for new members.

Chamber President Charles Lovell called for more manpower in a meeting of the membership committee Tuesday morning.

The committee passed out more contact cards, and pushed for more individual contacts.

In other C.C. action this week, the Chamber's safety committee authorized letters of appreciation to Capt. of School Police Sgt. Harold Baker, Sgt. Harold Baker, Sgt. Harold Baker, and Sgt. Harold Baker.

The committee also urged members to get out more in contact with the community.

### Anton News

The Anton Garden Club is holding its annual flower show Oct. 24 from 3 to 6 p.m. in the Anton Cafeteria. Mrs. W. M. Alexander is general chairman of the flower show committee. Mrs. Jack Grace is chairman of stage committee. Mrs. Jack Grace is head of horticulture and Mrs. Roy Carden head of arrangements. All entries are to be in by 10 o'clock. The show will be open to the public.

A son Arnold Max was born to Mr. and Mrs. Arnold G. Ashburn, Sept. 21 in Berkeley, Calif. They are formerly of Anton.

Tuesday night, Oct. 22 at 8:00 Scouts and their families met at the Scout Hut for their regular monthly meeting. The theme was "Ghosts and Goblins." All Scouts were dressed in Halloween costumes.

A group of women of Anton met to organize a Girl Scout group for Anton. Mrs. C. E. Siger called the meeting to order. The nominating committee composed of Misses A. L. Rose, David McVey, and Preston Lyle presented the following names and were accepted by the group: Neighborhood Chairman, Mrs. Troy Jensen; Public Relations Chairman, Mrs. J. D. Webb; Troop Consultant, Mrs. Earl Glass; Troop Organizer, Mrs. Dalga Bass; Telephone Chairman, Mrs. Earl Baker.

The regular meeting date was set for the second Tuesday of November, January, March, May and September. The time of the meeting is at 2:30 at the Scout House. The next meeting date is November 12.

The name, "The Gay Little Ones," was chosen for the name of the organization.

There will be training courses offered for this group which several ladies have indicated they were anxious to take to enable them to be more efficient leaders.

Mr. and Mrs. Bob Bittle and three children visited in the home of Mrs. Bittle's brother and family, Mr. and Mrs. B. C. Bailey of Lumbert, Texas over the week end.

Anton seventh and eighth grade boys played Crockett Thursday night and lost by a score of 18-0 in favor of Anton.

Rev. and Mrs. Alby Cockrell, Methodist pastor of Herring visited in the home of Mr. and Mrs. Bob Bittle this past week. He was the Bittle's pastor for several years at Herringburg.

The first meeting of the Hookby County Teacher's Association was held Tuesday night, October 15, in Levelland in the new elementary school building at 7:30. A business meeting was held after which a book review was given by Mrs. Earl Hothering of Levelland.

Refreshments were served following a social hour. Mrs. Landers of Anton is secretary-treasurer. Mr. W. E. Taylor, superintendent of schools at Anton is first vice-president. Mrs. Maxey of Sundown is president of this organization.

Gay Special Laboratory Schools are progressing nicely with a large enrollment. One room was first begun and increase in attendance is being reported. Another teacher so we have at this time, two rooms of students taught by Mrs. Tom Bl. He and Mrs. Jimmy Johnston.

Mr. Marion Harper, who was injured in a trailer mishap several weeks ago, is still in the hospital at Levelland but is much improved at this time.

Several people of Anton were injured in a two-car collision at a county road a few miles from Anton. Joe Brantlett of Anton, who was riding in back seat, was thrown out of the car. He had a series of X-ray pictures, but nothing of a serious nature was revealed. In another car was a group of Latin Americans. They were taken to a Littlefield hospital and the extent of their injuries are not known.

The lady in the car with Mr. Brantlett and Mr. Pinnon were considered to be in critical condition, as well as Mr. Pinnon, the driver of the car.

Several children are absent from school this week because of illness. Mrs. Betty Herrin is out of school on account of illness and her little girl is also ill. Nancy Webb is suffering from a cold and is absent from school.

Queen's Appearance In U. S. Thought-Provoking Event

Heretofore people who never before considered that there was any concern of theirs are currently asking themselves what it is all about. Their questioning is due to the presence on the North American continent of a charming and young woman. This young woman is Queen by their own choice of more than that most sovereigns have ever reigned over. Her twentieth-century version royalty is really "all freedom, about constitutionalism, international order, social reform, even bloodless revolution. This should not be regarded as startling. We are now all accustomed to apparent and superficial contradictions between what they are. Despite ornate symbols which are its outward, an untimely rallying of snobs to its standard, we are too surprised to be told that royalty performs a very humble, exacting workaday role. Queen Elizabeth has, however, inherited the duties of a monarch not only of the British people but of the millions of other races and colors who make up the Commonwealth. The Queen and the British Royal Family share more than a symbol. During World War II Britain accomplished a major renaissance in the national life. This development in some countries would have been impossible without civil conflict. Both "halves" of the nation found their tactful leadership providing a national rallying point above the social and political contest. The Queen, on the broader field of the Commonwealth; Members of this vast international community could not have led their own newly won independence with any support from a British Parliament. But they could accept the Queen as a superparliamentary symbol of their unity and then they could do so with the respect the British Royalty commanded. The uses of royalty are many. Britain's recent kings and queens have, for example, engaged and exercised their influence on the people in ways both constructive and satisfying. Constitutional monarchies royalty plays a part which is often reserved for other popular figures. For many Britons feel it is all to the good that British monarchs and to some extent follows the royal example of manners, dignity, and simplicity of bearing and dress. It is merely copying the glamorous appeal of commercialized "heroes." Now, all this is not to say that Britons or anyone else under the influence of royalty today can feel only admiration for the institution. There are brilliant rebels against traditional absurdities of monarchy and nobility in our country where these still exist, however, little is said about it except as home-grown critic's exported barbs.

It is why the appearance of a sovereign like Queen Elizabeth is so thought-provoking an experience. There must be more than meets the eye here, the reassured observer would think. And there is—a great deal more—of national and international history and of individual consecration and distinction. (Christian Science Monitor)

**Arguments And Issues Ever Black And White**

One of the fascinating things about life is the constant flux, among intelligent people, that few arguments are ever black and white, and that few final conclusions or rules can be laid down in blanket fashion to cover every portion of the population on any major question. What we are getting at is the fact that the older and the wiser get, the more he realizes his limitations. The wisest man, the more readily he realizes the comparatively small quantity of knowledge at his command.

When talking with others, if you will note the readiness to change their statements, or their conclusions, you will usually determine the depth of their philosophy and the amount of wisdom they have acquired over the years. Those who always feel sure they have the answers are most often those who are actually bewildered and in need of further enlightenment.

Therefore, those who should make an effort to improve their minds, and add to their knowledge and education, are those who are completely content never to read the books, look over the news intelligently or try to draw conclusions of their own.

Admittedly, we live in a complex world and it is hard enough to tell the truth, who really knows the score, and where to find it. A general approach which would be of value to readers is that which includes keeping abreast of the news by devoting a few minutes each day to reading a paper, listening to several news commentators, with an attempt to determine political philosophies, and reading a stimulating book every month or two. Then, weigh all the opinions and conclusions, think for yourself and make your own decisions.

"What would you suggest for a forty-year-old woman who is celebrating her twentieth birthday?"

Highlights and Sidelights From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN — No member of the legislature is saying there shouldn't be laws on lobby control, water conservation or the other items listed in Gov. Price Daniel's special session call. But there are about as many ideas on how-to-do-it as there are members in both houses. Hence, for each law the road to passage probably will be littered with scores of amendments.

Contributing most to the discomfort and difficulties of the lawmakers is shortage of money. Robert Calvert, State Comptroller, bluntly predicts a \$6,000,000 deficit by the end of this biennium.

To meet costs of this session the legislature re-allocated funds appropriated for the regular session. Money to launch the new water planning program is to be gotten, a little here, a little there from unused appropriations in other agencies.

But if this session, and the program the governor seeks from it squeaks by financially, there's a rougher showdown ahead. That's whether to have another 30-day session for segregation laws.

If so, the state presumably would have to go into debt to pay for the session. For legislators, most of whom will be facing campaign opponents in a few months, this is a hard choice.

**EAST TEXAS PUSH**—Efforts of a bloc of do-or-die East Texas legislators to protect Texas segregated schools overshadows other lawmaking.

Governor Daniel promised the group that no federal troops will "occupy the campuses and halls of our schools as long as I am governor."

But the governor said he wasn't ready to say if or when he would submit segregation laws to the legislature.

This was too vague for Rep. Joe Pool of Dallas. He introduced a resolution demanding the governor announce immediately if he will allow introduction of segregation features this session or call another session for that purpose. Nineteen other representatives co-signed with Pool.

Some half-dozen measures designed to preserve local control of schools have been put forward.

**LOBBY CONTROL**—At least nine lobby registration proposals are before the legislature. No one bill pleases a majority of members.

Rival bills in the Senate are sponsored by Senators Crawford Martin of Hillsboro, Searcy Braswell of Houston, Jimmy Phillips of Angleton and Henry B. Gonzalez of San Antonio. Senator

DOWN MEMORY LANE

Miss Laura Virginia Bills attended the home coming at West Texas Teachers College at Canyon, Saturday.

Joe Replins returned Sunday from Kermit, where he has been managing their branch store for the past several weeks. Mr. Replins plans to remain here.

requested by the governor. **LAW ENFORCEMENT STUDY**—Creation of a law enforcement commission, which failed in the regular session, is back in the legislative mills.

This time the proposal is for a commission to study means of crime prevention and improvement of the penal code but not to investigate specific violations.

Sponsors are Rep. Dick Cory of Victoria and Sen. George Moffett of Chillicothe.

**Bible Verse**

"Rebel not ye against the Lord, neither fear ye the people of the land. . . The Lord is with us: fear them not."

1. Who made the above plea?
2. To whom were they speaking?
3. Upon what occasion?
4. Where may this statement be found?

**OIL IMPORTS HIT**—Companies which import foreign crude oil could have their Texas production cut back under a proposed House bill.

Representatives John Lee of Kermit and Charles Bailman of Borger introduced the bill. It is "waiting in line" with others that cannot be considered until the governor opens the session to additional topics.

**It would give the Railroad Commission power to reduce the allowable production on wells owned by those who import oil. It is designed to help Texas producers who have been unable to find markets for their oil.**

**SHORT SNORTS** — Asst. Atty. Gen. J. L. Smith has resigned to return to law practice in San Augustine. Linwood Shivers of Carthage has joined the attorney general's staff. . . State Comptroller Robert S. Calvert will be honored Nov. 18-16 as man of the year at Howard Payne College homecoming. . . Clark Dietel has resigned

The Sandhills Philosopher It May Be Easier To Whip Space Than His Own Farm

**Editor's note:** The Sandhills Philosopher on his Johnson grass farm is still thinking about the satellite. His letter this week reveals he'd get used to it eventually.

Dear editor:

I was out here on my farm yesterday afternoon speculating on the Russian satellite. I don't know of a thing I could conclude on the thing that's worth anything to be or the rest of the world, but speculating is easier than farming, and the thing that interests me is not what conclusions I've come to, but what opinions a lot of other people have come to.

According to the reports I've been reading, everybody is saying the Russians are ahead of us and thus have a great psychological advantage. It's a great propaganda weapon for the Russians, and our reputation as a top-notch scientific nation has been tarnished.

Well, now, I'll tell you, trying to out-maneuver the Russians with propaganda, on earth or in space is about like trying to control the weeds in your garden with psychology. I'd be in favor of doing it if I could, nothing would suit me more than to scare my weeds to death or frighten them into pulling themselves up by the roots and moving on or to fall down where they are in complete surrender, but it won't work — at least not with the type of weeds I've got out here.

I'm perfectly willing to admit

the Russians were first with a satellite into outer space, but I suspect we'll have one up before too long, certainly before the next election, probably with a 1958 model instead of a 1957, with longer tail fins, and everybody knows the later the model, the better, although this doesn't apply to some things, say to water pipes for example — fortunately man is just as happy with a 1929 model water pipe as he with a 1957 if it produces running water, and it's a good thing, as it's all we can do now to change models in cars and clothes without pulling out our plumbing every year — and after we get one up, or a dozen up, life here on this farm isn't going to be very much different.

I don't care how far out into space man explores, he's still going to have to operate from within the same style body he's been using for thousands of years, and a hundred satellites circling the globe ain't going to change the fact a man still needs three good meals a day and somebody is still going to have to go up one row and down another to provide them.

Maybe man will be able to conquer space some day, but somebody is gonna have to stay behind and keep on conquering this land, although I'll admit there are times, when I look at this place, when I believe I'd just as soon tackle space.

Yours faithfully,  
J. A.

**Good And Bad Taxes**

As far as we have been able to observe, there are two types of taxes: good and bad taxes. Good taxes are those levied upon other people, and bad taxes are those levied upon ourselves.

Therefore, there is wise expenditure of public funds and expenditure of such money. Wise expenditures promote the public necessity (and may afford us an opportunity for a little profit on the side) and foolish expenditures are those which, so far as we can judge, do not direct cash, or benefits into our pockets.

If you will thoroughly understand the distinction that exists in regard to taxes and expenditures, you will be able to understand a great deal of the grumbling that you hear from time to time hearabouts.

# Rev. Rutledge Visits, Leaves For Tennessee

The Rev. and Mrs. Warren H. Rutledge and their family of Amarillo visited his mother, Mrs. W. H. Rutledge, in Littlefield this week before going to Maryville, Tenn., where Reverend Rutledge will begin a new pastoral charge. He will serve as assistant pastor in the First Presbyterian Church in Maryville. Dr. Frank W. Fritchard, former pastor of the First Presbyterian Church of Amarillo is joining Reverend Rutledge as second in pastor of the Northampton Presbyterian Church in Amarillo since June 1936.

## Boys' Scout Troop 23 To Sell Pumpkins

Boys' Scout Troop 23 met Wednesday afternoon for a regular meeting when plans were made for a pumpkin sale as a money-making project. The pumpkins were raised by the troop members. Presiding at the business session was Gail Thompson.

Other activities conducted was group singing and the making of wooden spoon dolls.

Medleys present were Barbara Young, Sheila Baker, Patsy Cartwright, Dyanne Clark, Linda Dotson, Brenda Drake, Gandy Fremont, Sandra Lane, Lydia Martin, King, Jan Harper, Susan Jones, Len Miller, Nancy Nix, Gail Thompson, Joyce Williams, Renee McKay. Leaders meeting with the group were Mesdames Bob Drake, Mrs. Nix, W. H. Jones and Frank Lane.

## Wedding Rehearsal Party

Members of the wedding rehearsal party for the Pope-Thompson wedding were entertained with refreshments at the home of the bride-elect's parents, Mr. and Mrs. Claud Pope, following the rehearsal at the Church of Christ Friday evening.

Those attending were the bride-elect, Twana Pope and her fiancé, James E. Thompson; Mr. and Mrs. Marvin Thompson of Cleveland; Ronald Thompson of Memphis, Tenn.; Don Aull of Lubbock; Kenneth Kittle of Kermit; Mr. and Mrs. Claud Pope, Jr. and son, Mitch of Littlefield; Charley Pope of Lubbock; Miss Elaine Rankin of Lubbock; Mr. and Mrs. E. Pope; Mr. and Mrs. Walter Bostick; Ginger Wallace; and Mrs. Minnie Bell Wright, all of Egan.

Attending the Tech-Hay game in Lubbock Saturday evening were Coach and Mrs. F. M. Smith and wife. They were accompanied

# Texas Jaycees Open Search For 5 Outstanding Young Men

GRAND PRAIRIE, Tex.—Across the vast expanse of Texas the search is on to find the five outstanding young Texans of 1937.

W. E. Jackson, President of the Texas Junior Chamber of Commerce announced that nomination blanks have been mailed from Texas Jaycee Headquarters in Grand Prairie to all Jaycee clubs in the state, all newspapers, radio and television stations, and to many civic, fraternal, religious, labor, educational, and professional groups throughout Texas.

Nomination blanks may be obtained by request from the Texas Jaycees, Box 428, Grand Prairie, Tex.

Annually, for the past several years, Texas Jaycees have honored the five top men of the year between the ages 21 and 35 who have made outstanding contributions to their work and professions and to the general welfare of the people. These men have come from all walks of life and are exemplary of the purpose of life's program—to present to the world concrete evidence that success in our free enterprise system is still available to those individuals who strive to achieve.

Last year's winners included George Herbert Walker Bush of Midland, Edward J. Drake of Dallas, Dr. Harry Maurice Stryker

Jr. of Sherman; Bill Southwell of San Antonio and T. D. Tankley Jr., of Lamo.

Each year the public is invited to nominate young men from their own communities who are deemed worthy of such a high honor. Neither nominees nor their nominators are required to hold membership or be affiliated with a Junior Chamber of Commerce. A panel of business and professional men, serving only in the public interest, will make the selection. Deadline for receipt of nominations is Dec. 5, 1937. The 1937 winners will be honored at the annual awards banquet to be held in San Antonio, on Jan. 11, 1938.

## Two Texas 4-H Youths May Share Scholarships

CHICAGO—Two Texas 4-H Club members may share in the \$1500 special scholarship program provided by the Chicago, Rock Island and Pacific Railroad. Similar scholarship awards will be available to 447 in 10 other states according to the National Committee on Boys and Girls Club Work. The Texas winners to be selected by the State Extension Service will receive a \$100 scholarship.

# Dads' Day Set Scheduled At UT

AUSTIN—Dads' Day, Homecoming and dedication of a new ROTC Building are scheduled at the University of Texas for the weekend of Nov. 25.

Also on tap is the first election to the Longhorn Hall of Honor at four men who have made outstanding contributions to University athletics.

New Hall of Honor members will be announced at half-time of

the Nov. 9 Texas-Baylor University football game in Memorial Stadium.

The University Educators Association will elect new officers, present Best All-Round Boy and Girl awards and have an interval vote for members of the Nov. 9 Dads' Day.

Governor Price Daniel and University Board of Regents Chairman Leroy Jefferys of Houston will be made Dads' Association honorary patrons at a Dads' evening committee dinner Friday Nov. 5.

Homecoming students will honor Dean K. Hilde, who is in

modified service as athletic director, with a testimonial dinner in the Hotel.

Freedom events will include at 8:00 p. m., and the homecoming will be held at 8:00 p. m.

# FURR'S

# Assistant To Ike Slates Keynote Talk At Irrigation Conference In Lubbock

An irrigation conference of interest to farmers, agricultural leaders and the irrigation equipment industry has been scheduled Nov. 14-15 at the Lubbock Hotel in Lubbock.

This conference is being sponsored by the newly-formed Texas Inter-Industry Irrigation Council and irrigation specialists from throughout the nation will be on the program.

Jack Z. Anderson, administrative assistant to President Eisenhower will highlight the conference. He will talk on "Irrigation Farming — A Key to Better Living."

Dr. E. N. Jones, president of Texas Tech, Dr. W. N. Williamson, assistant director, Texas Agricultural Extension Service, College Station and C. I. Wall, president of Pioneer Natural Gas Co., Amarillo, will preside over the conference sessions.

Other noted authorities on irrigation included on the program will be Guy Woodward, educational director of The Sprinkler Irrigation Association, Salt Lake City, Utah; Dr. Ivan D. Wood, irrigation consultant, Denver, Colo.; Dr. Moyle Williams, chief agricultural economist, National Plant Food Institute, Washington, D.C.; E. V. Dignan, vice president of the U. S. National Bank in Denver, Colo.; Dr. T. R. Timm, head of department of agricultural economics and sociology, Texas A&M College; Dr. Robert Hagan, chairman, department of irrigation, University of California; Dr. Marlowe Thorne, head of agronomy department, Oklahoma State University, Stillwater, Okla.; J. W. Pruitt, irrigation farmer, Inverness, Miss. and other officials from leading irrigation equipment companies.

Although planned and sponsored by a Texas organization, the meeting will be of national importance to the irrigation industry.

## Legal Notice

Statement required by the Act of August 24, 1912, as amended by the Acts of March 3, 1933, and July 2, 1936 Title 39, United States Code, Section 233 showing the ownership, management, and circulation of

The Lamb County Leader published Thursdays once a week at United States Post Office, Littlefield, Texas for Oct. 24th, 1957.

1. The names and address of the publisher, editor, managing editor, and business managers are: Publisher, Sam L. Williams, Littlefield, Texas; Editor, Bill Turner, Littlefield, Texas.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given.) Sam L. Williams, Littlefield, Texas; Mrs. Sam L. Williams, Littlefield, Texas.

3. The known bondholders, mortgages, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: Morley B. and Ethel Drake, Littlefield, Texas, Allen Hodges, Littlefield, Texas.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of each issue of his publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: (This information is required from daily, weekly, semiweekly and triweekly newspapers only.) 3893.

SAM L. WILLIAMS Sworn to and subscribed before me this 14th day of October, 1957 (SEAL).

BETTY POE WILLIAMS (My commission expires April, 1959).

FIREMAN CURT WILSON

## 'Wizard With Wedge' Slates Golf Exhibition Here Nov. 2

Fireman Curt Wilson, who never played a round of golf until he was 30, will hold a "short game" clinic at Littlefield Country Club Saturday, Nov. 2, at 2 p.m.

Wilson, at 36, one of golf's best around the greens, will show how he has become a "wizard with the wedge."

The clinic is sponsored by the Muscular Dystrophy Association of America. Admission is free.

Wilson has two 64's to his credit and has broken six course records. He doesn't try to tell golfers how to swing, leaving that to the golf professional.

His exhibition will show the weekend golfer how to score with the golf swing he has. He will put emphasis on how to chip, how to put and how, when and where to use a wedge.

He donates his time and expense in holding the exhibitions to help thousands of children who are afflicted with muscular dystrophy.

Wilson also will go against Country Club Pro Bob Hicks and Club champion Rhenard McCarty in an exhibition match.

More than half of them have received more than \$1,000 each in treatment. A Michigan member has received \$5,375.69 in free treatment to date, an Arizona man \$5,274.92 and a Kansas member \$1,380.45.

This medical care is not part of the Society's insurance contract with its members. It is provided as a free fraternal service to afflicted Woodmen after one year's membership in the organization.

## Annual Anton Flower Show Set Today, Friday

ANTON — The Anton Garden Club is holding its annual flower show today and Friday in the Anton School cafeteria.

Mrs. Jack Grabe is in charge of the schedule.

Mrs. Wm. Alexander is general chairman of the flower show committee, and Mrs. Paul Tullis is staging chairman. The show is divided into two classifications, arrangements and horticulture. Mrs. Grace is chairman of horticulture, and Ms. Roy Carden is chairman of arrangements.

Hockley County residents are invited to participate. Anyone wishing to place entries in the show is asked to contact a flower show official for rules and regulations.

governing the entry and of the specimens to be in either class. All entries must be in 8 and 10 a.m. Thursday. The show will be open to the public from 3 to 6 p.m. Thursday and 3 to 8 p.m. Friday.

None can love freedom but good men; the rest freedom, but license.

# happier sunset years

THANKS TO WOODMEN...

THE "SUNSET YEARS" are happier years for retired grocer W. G. Thornton, 75, Paducah, Ky. Though taken by ambulance to a St. Louis hospital early last year for treatment of pulmonary tuberculosis, he was back home six months later in improved health and enjoying visits from fellow Woodmen.

The cost of his treatment was nearly \$2,000, yet he paid nothing. Woodmen of the World Life Insurance Society footed the bill. Now it pays for his out-patient treatment.

Free treatment of pulmonary tuberculosis is another non-contractual "plus" benefit of Woodmen membership. More than 5,000 Woodmen have benefited from this service.

It is an example of the true fraternal regard the Society has for each of its members... and of a great service unparalleled in the insurance industry.

## Tech, SCS Set Up Project To Use Lubbock Flood Waters

LUBBOCK—A cooperative project that will help rid this city of flood waters and provide Texas Tech engineers with water for storage and irrigation experiments was announced this week by Tech and the Soil Conservation Service.

A large diversion ditch has been cut into the Tech Farms to capture runoff from some 1,000 acres northwest of Lubbock — an area that previously has been responsible for the flooding of George Wolffarth School (3202 Erskine Road), a meat packing plant and homes in the area.

Asst. Prof. William Schwiesow, Tech soil and water specialist,

said drainage from the area also has contributed to flooding of Yellow House Creek and consequent damage in lands through which it runs. The creek bed cuts through the city of Lubbock.

Now the runoff will flow into a Tech Farms playa lake and irrigation spreading system with a capacity of 65 to 80 million gallons of water. That's enough to supply a town of 4,000 persons with domestic water for a year, Schwiesow reported.

When the newly-acquired water supply becomes available, Tech engineers will use it for experiments in surface water storage, underground recharge, and irrigation experiments, Schwiesow said.

He emphasized that the drainage project is itself experimental and not something farmers will want to copy until all aspects of it are checked.

Going into detail about the Tech experiments, Schwiesow said runoff from heavy rains will be spread over 110 acres for flood irrigation studies. Runoff from light rains will be stored in a playa lake and used for ground water recharge experiments, he said.

The 1,000-acre drainage area has had a flow rate of approximately 225,000 gallons per minute, according to average runoff for the past 10 years, Schwiesow said.

The average annual accumulation of water for that period has been calculated at 240 million gallons, he added.

## Arizona's 'New Look' Offense In Store For Tech Saturday

LUBBOCK — An offense "25 years ahead of its time" confronts the winless Texas Tech Red Raiders in their game with University of Arizona in Tucson Saturday night.

Ed Doherty, Wildcat coach, makes the claim of having the offense all teams will go to eventually, and Tech Coach DeWitt Weaver readily admits its potential.

Doherty's offensive formation resembles one used a lot by the professionals—with widely spread ends and backs in the slots so created. But the maneuvering from there is different, and the Wildcats make much use of blind laterals and backward passes.

"Once the Arizona offense gets to clicking, I don't think there's anyone who can stop it. I just hope that it takes another week to get smoothed out," comments Coach Weaver.

Arizona is also winless, but the Wildcats have tied Brigham Young 14-14. Tech's 15-12 defeat at the hands of Baylor was the Raiders' fifth loss of the season.

Tech outgained Baylor, just as it did Texas A&M and Louisiana State, but weakened in the fourth quarter after holding a 12-9 lead. Tech's Ronnie Rice, Lefors sophomore, was the leading ground-gainer, with 105 yards on nine carries, but he had to leave the game injured in the third period.

## Schilling To Moderate Youth Development Meet

High Schilling will serve as moderator of one of the discussions at the Youth Development Workshop, sponsored by the District of Texas Parent-Teacher Association to be held at the Springlake School 8 a.m. to 3 p.m. Luncheon served in the school cafeteria.

Trout will direct the discussion. Trout is a minister at Springlake. He conducts a series each year at Corner University and is well known in South Plains for his youth work.

Discussions will be divided into groups. Some topics will be: Why They Go Wild, and Why Don't Listen. Daily Retarded Children. Grade: Your Child's Most Important Year. Dating. Three R's. You Can Help Your Child's Education. Six Year Old Truants Are Seen But Not Caught.

Invitation to be present is extended to parents, teachers, youth workers and all interested in young people's activities. Mrs. Arthur P. Dugan, publicity chairman for the district. J. M. Harper, of Lubbock, chairman of the district, will preside over the meeting. Those planning to attend include Mrs. O. P. Dugan, Mrs. Ralph Maurer, Mrs. Webb, Mrs. Frank Rogers, Mrs. Daigan.

**KEEP THIS AD!**  
For 20,000 Arthritic and Rheumatic Sufferers have found this Medicine since it has been on the market. It is expensive, can be taken at home. For Free information, give name and address to P. O. Box 522, Hot Springs, Arkansas.

## Ramona Nichols To Visit Church Here Sunday

Miss Ramona Nichols of Fort Worth will visit the First Baptist Church in connection with a call as educational secretary of the church.

Miss Nichols, who will complete requirements for the master of religious education degree at Southwestern Seminary in January, would serve as secretary and have duties in educational work at the church, it called.

She is a native of Birmingham, Ala., where she received an A.B. degree from Howard College in May, 1954.

She has served as church secretary and educational secretary at the Glen Iris Baptist Church in Birmingham.

## 'Stuttering Sam' Slates Free Show At Sudan Gin

SUDAN—Stuttering Sam, nationally known comedian and entertainer, will be featured in a free show at 6 p.m. Friday sponsored by Watkins and Son Gin at Sudan.

Sam, who has worked with Bob Hope and other top flight entertainers, has been featured on radio for a number of years.

After the show, which will be over in time for residents to attend the Sudan-Morton football game, a pony car and harness will be given away.

## A YEAR

# Only 1 Tube Failure In 42,000,000 Hours

**Exclusive Tube Sentry**

**Ends Warm-Up Power Surge... the Main Cause of TV Failure.**

At last, TV that stays young. New '58 Motorola TV features an exclusive Tube Sentry that cushions "warm-up power surge"—the main cause of TV failure.

Motorola's Tube Sentry is engineered to eliminate 3 out of 4 service calls... triple the life expectancy of tubes and other parts as well. Brings in picture and sound simultaneously, automatically fine tuned. There's no flash, flicker or hum.

Now for the first time Motorola brings to TV sets the same "warm-up" principle that is used to protect the most expensive radio and TV transmitting equipment. And it's exclusive with Motorola!

Only new '58 Motorola gives you this dependability. Plus new Thin Line styling—cabinet in rich-grained, hand-rubbed hardwood finishes.

VALUE IN EVERY SENSE OF THE WORD. THIN-LINE STYLING, PERFORMANCE, PRICE... AMAZING BUY!

You can see it's good looking. Looks even better on Picture Pilot, Tube Sentry, Right-up-front controls, Golden M chassis. Mahogany, Blond, or Cherry-wood finish. Model 21K75.

## 15,000 Baptists Expected To Attend State Conventions

DALLAS - Nearly 15,000 Texas Baptists are expected to attend three statewide conventions in Fort Worth Nov. 4-7 in Will Rogers Memorial Coliseum, officials said here Wednesday.  
Evangelist Billy Graham heads a list of prominent speakers who will appear before the messengers, representing more than 1,000,000 Texas Baptists.  
A closed circuit television system will be installed to take care of overflow crowds expected to spill into a nearby auditorium.  
Purpose of the convention is to conduct the annual business of the Woman's Missionary Union of Texas, the Texas Baptist Brotherhood and the Baptist General Convention of Texas.  
Messengers from more than 2,800 Baptist churches in virtually every town and city in Texas will be asked to adopt a record \$10 1/2 million budget. Other business will include presentation of the Town and Country Achievement Award; honoring outstanding leaders; reports from convention officers, institutions and agencies; adopting permanent resolutions; presenting a convention press award; and selecting trustees for BCGT children's homes, schools and hospitals.  
The Woman's Missionary Union will meet from 10 a.m. Monday, Nov. 4, through 4 p.m. Tuesday, Nov. 5, in Will Rogers Auditorium.  
Principal speakers will include Dr. Baker James Cautchin, executive secretary of the Southern Baptist Convention Foreign Mission board; Dr. Kathleen Jones, missionary to Indonesia; Miss Lula Mae Henderson, executive secretary-treasurer of the Texas W.M.U.; Mrs. Tex Culp, Girls' Auxiliary secretary for Texas, and Miss Joyce Gill, Sunbeam director.  
Nearly 3,500 men are expected to attend the Brotherhood sessions from 2:30 p.m. Nov. 4, through 4:30 p.m. Nov. 5, in the Memorial Coliseum and at the nearby Arlington Heights Baptist Church.  
Theme for the 17th annual Brotherhood convention is "Men, Boys and Missions."  
Main speakers will include Texas Governor Price Daniel; Dr. Bruce Carter, president of the Northeast Oklahoma A&M College and chairman of the Southern Baptist Brotherhood Commission; Walter Jettson, Fort Worth caterer and a member of the SBC Brotherhood Commission; Dr. Willis J. Ray, executive secretary of the Colorado Baptist Convention, Denver, and three denominational leaders from the BCGT offices in Dallas; Dr. Forrest C. Frazier, executive secretary for Texas Baptists; Dr. C. Wade Freeman, superintendent of evangelism; Robert Chapman, state Royal Ambassador secretary, and Dr. L. H. Tapscott, Texas Brotherhood secretary.

JAMES MOSIER

## Last Rites Held For J. B. Mosier

Funeral services for James Bell Mosier, 45, were held Wednesday afternoon at 4 p.m. in the First Baptist Church. Dr. Lee Hamp-hill officiated.  
Burial was in the Littlefield Memorial Park under the direction of Hammons Funeral Home.  
Mosier died about 11 a.m. Monday when he was stricken by a heart attack at Garland Motor Co., where he was employed as a mechanic.  
He was born April 23, 1914, in Morley, Colo., and moved to Littlefield from DeLano, Calif., in 1953. He and his wife observed their 21st wedding anniversary Oct. 11.  
Survivors include his widow, Treecie; his mother, Mrs. Mary Ethel Mosier, Corcoran, Calif.; a brother, DeWayne, Wampa, Idaho; five sisters, Mrs. Othella Strong, Nampa; Mrs. Rebecca Ramsey, Morra Bay, Calif.; Mrs. Mildred Bell, Arlington; Mrs. Lois Steifer and Miss Amy Mosier, both of Corcoran, Calif.  
Mosier had been with Garland Motor Co. for the past seven years and was a graduate of the Chrysler Corporation master technician training course.

## Dedication Held For Wayland Hall

Dedictory services were held Monday for Brotherhood Hall, a new dormitory for men at Wayland College, Plainview.  
The dormitory was built with funds supplied by Brotherhood organizations in District 84 and 10, which includes the First Baptist Church of Littlefield.  
Each room in the new building was furnished by some individual. Mr. and Mrs. Troy Armes furnished one room in memory of his mother.  
D. F. E. Swanner, District 9 missionary, delivered the dedication address.  
Mrs. Violeg Peterson and Mrs. Norman Renfro of the Mesquite attended the service.

## Lamb County Men Back From Colorado Hunt

A party of five Lamb County men brought back five deer from a week's trip to Gunnison, Colo., this week.  
L. C. Harris of Littlefield came back with the prize deer, a 10 point buck. Harris also had an other kill.  
Winston Cummings of Littlefield also got a buck and three Amherst men, Gerald Coffey, Hill Bradley and Dale Weaver, were in on the kill of two other deer.
