

Sudan Festival Will Hear U.N. Representative

Joe T. Salem, Chairman, Expects September 25-26 Crowd of 20,000

"If we practice love in action and in deed, we can have peace and true brotherhood in the world". In these words, Joe T. Salem, chairman of the Sudan Fall Festival committee, expressed the philosophy of the little town which last year raised a big voice for the principals of the United Nations.

Sponsored by 21 civic and fraternal organizations in Sudan, this year's festival to be held on September 25 and 26 promises an outstanding contribution to the promotion of love, goodwill and understanding throughout the world, and should draw nearly 20,000 people.

Last year's festival, in which each Sudan business represented a member country of the United Nations, and residents wore typical costumes, was climaxed with an elaborate pageant in the Sudan

park. Films of the festival parade, which draws handsome floats from many West Texas towns, were taken, and events of the festival were broadcast by the Voice of America to forge a link with 75 countries in which it was heard.

Mr. and Mrs. Salem have just returned from a vacation to New York and Washington, during which they were requested to show the Festival film to officials at the State Department offices in Washington. Later they were

invited to show it at United Nations in New York, where it served excellently to aid friendship ties with the countries represented there.

Peace Formula Contest
One of the most important features of this year's Festival will be a Peace Formula Contest, which has been opened to individuals as well as organizations. For the best formula, not exceeding 200 words, \$100 will be awarded. The winning formula and those receiving honorable mention will be announced on United Nations Day, October 24. Dr. E. N. Jones, president of

Annual REA Business Meeting Scheduled For Thursday, September 9

The annual business meeting of the Lamb County REA will be held in Littlefield September 9.

Some 300 members are expected to attend the afternoon meeting, which is scheduled to begin at 1:30 in the Community Center building.

Highlighting the business meeting will be the election of the nine-member board of directors. Ben Gann, Anton, president of the cooperative, will preside.

Members of the board for the past year are C. M. Sanders, Pettit; V. H. Diersing, Pep; Dosa Manor, Lum's Chapel; Oren Kirk, Littlefield; J. T. McGown, Anton; J. R. Kuykendall, Morton; L. G. Fox, Sudan; and H. G. Walker, Olton.

Band Parents Asked To Meet

Beryl Harris, new director of the Littlefield High School band, has announced there will be a special meeting of the students who plan to enter the band for the first time this fall. The meeting will be held Tuesday night, Sept. 11, at 7:30 in the band room at the high school.

Parents of these beginning band students are urged to accompany their children. Four band rehearsals have already been held, and about 85 will make up the band membership this year.

County Fair Boosters Finish Plans

Lamb County Fair boosters will have their chance to jump on the bandwagon when the Chamber of Commerce Booster Trip takes off at 8:30 the morning of September 15.

In a whirlwind sweep, the tour will visit Amherst, Sudan, Earth, Springlake, Olton, and Spade in a single morning returning to Littlefield for lunch. The county towns will be plastered with circulars advertising the County Fair, and everyone who wishes to contribute to the success of the trip is urged to join the crowd at 8 a. m. on the 15th at the Chamber of Commerce office.

Final plans for the Fair have been completed this week, it has been announced by Jesse Everett, manager of the Chamber of Commerce here. A larger number of entries than ever are expected in each division.

Farmers who plan to enter the Swine Division will be interested in the choice of a judge, who will be W. B. Griffin, county agent of Lynn County. Assistant judge for the swine division is Leroy Colgan, county agent of Dawson County.

Bob Gibson, manager of Lockney Paymaster Farms at Lockney, will be judge of the agriculture, horticulture, and educational exhibits.

Readers of the Leader will find complete stories on the art and garden shows to be held at the Fair elsewhere in the paper, to encourage entries.

American Legion Will Meet For Reorganization

The Littlefield American Legion Post will hold a regular reorganization meeting at the Legion Hut Monday, September 7, at 8 p. m. Wayne Butler, commander, has announced that a constitution and by-laws framed by the constitutional committee will be considered for approval, and urges that all members bring a veteran with them to this meeting.

New officers elected for the coming year are Mr. Butler, commander; Alex Kraushar, 1st vice-commander; Art Lichte, 2nd vice-commander; James McKinney, adjutant; Gene Bartley, finance officer; Ernest Gaston, sergeant-at-arms; Huston Hoover, chaplain; Homer Howard, historian; and Bob Kirk, service officer.

Littlefield's Test Well Reaches 8'660 Feet

The Texas Company's No. 1-98 Union Compress and Warehouse Company, Littlefield's oil test well, was drilling in the Pennsylvania formation Wednesday afternoon at a depth of 8,660. It was drilling in tan and grey limestone with green and gray shale with a small amount of chert.

It is expected that the drill will reach the Mississippi formation at between 8,900 and 9,100 feet.

BRO. TOMMY WILLIAMS

New Minister Assumes Duties

The new minister of the Ninth Street Church of Christ, Bro. Tommy Williams, assumed his duties at the morning service Sunday, August 30.

Bro. Williams, a graduate of Abilene Christian College, comes to Littlefield from the Fredericksburg Road Church of Christ in Kerrville. He and his wife, together with their three sons, Thomas, Joseph and Allan, are at home at 623 East 9th Street.

Commissioners' Court Appoints Ralph Douglas County Engineer

Ralph Douglas was appointed county engineer at a special meeting of the Commissioners' Court Monday morning. In making the appointment, the commissioners took action on a petition presented several days ago which requested Douglas's appointment. The petition was signed by T. A. Hillman and 43 others.

Douglas recently resigned as Littlefield's city engineer and established a consulting engineering firm at 427 Phelps Ave.

The commissioners' court was presented a petition signed by P. R. Smith and nine others requesting the closing of a half-mile long dirt road connecting farm road No. 1072 to farm road No. 54. The petitioners claim the little-used road hampers both irrigation and soil erosion projects on the surrounding farms.

Judge O. F. Dent was instructed to issue and post proper legal notices setting the day of hearing.

The commissioners signed a two-year lease-renewal contract with the state highway department on the office building occupied by the department's resident engineer. Built especially for the state engineer five years ago, the highway department pays the county \$20 a month rent.

Following the business session the commissioners inspected the construction work on the new court house and expressed approval of the progress being made.

Approximately \$20,000 of the contractor's estimates is expected to be approved at the next regular meeting of the Commissioners' Court September 14, according to Judge Dent.

OLTON LOTS SOLD TUESDAY

Ninety-eight Olton lots were sold in a tax sale Tuesday morning in a fast-moving auction.

Chief Deputy Sheriff Dewey Dennis was auctioneering and described it as a mighty good sale. The total amount received by the county was not available late Wednesday.

24 Divisions Listed For Local Art Show

The sixth annual Art Show to be sponsored at the Lamb County Fair by the Littlefield Art Club is expected to out-draw last year's show by far, Mrs. Paul Pharris and Mrs. C. R. Cox, co-chairman, have announced.

"Classifications have been streamlined out this year," Mrs. Pharris said, "so that there will be a group for each type of artwork entered." Mrs. Cox commented, "There are 24 divisions this year, so that everyone should have a field to enter." Over \$125 in prizes will be offered by merchants of Littlefield.

The 24 divisions include: Oils, pastels, water colors, pen, pencil, and charcoal in Division I for adult professionals; in Division II, also professional, oils, pastels, water colors, pen, pencil and charcoal; Division III, children 6 to 9 years, includes those classes listed above with the addition of crayon; Division IV, for children 10 to 12 years, includes the same groups as for the younger children; Division V is for children 13 to 18 years, and includes oils, pastels, water colors, pen, pencil, and charcoal.

Division VI a copy section, is for adults only, and will be displayed but not judged. The children's copy section, Division VIII, includes all mediums, but will be awarded ribbons.

Adult Ceramics Division
Division VIII is in ceramics, for adult non-professionals, including 15 types of ceramic work.

The adult professional ceramic designs are to be judged in Division IX, and Division X as a ceramics division for children age 6 to 11 years.

Divisions XIII through XIV are hand-modeling ceramics divisions; XII, children 6 to 11; XIII, children 12 to 19 years, and XIV, adults.

Porcelain ceramics by adult non-professionals will be entered in Division XV; professional porcelain is included in Division XVI. Adult non-professionals may enter Division XVII in china painting. Division XVIII is for adult professional entries in china painting.

Division 19 is Doll Show
Hand-made non-professional dolls will be judged in Division XIX on the basis of the smallest, largest, and prettiest. The same basis will be used in judging Division XX for hand-made professional dolls. Division XXI will be for the oldest dolls.

Division XXII will be Dresden craft hobby work for adults, and Division XXIII will be Dresden craft work done by children ages 6 to 11. Division XXIV will be entries by children 12 to 19 years in Dresden craft work.

Judd Walker's Father Dies Sat. At Dallas Home

George W. Walker, 76, father of Judd Walker of Littlefield, passed away at his home in Dallas Saturday night, August 29.

Mr. Walker was born in and had been a lifelong resident of Anderson County, Texas, except for the last year of his life, when he had resided in Dallas. Services and burial were held at Field's Chapel in Palestine, Texas.

Besides the widow, other survivors include six sons and three daughters: Howard, of Lubbock; Sherman, Jim, Ray, and Larry of Dallas; Bob, of Palmer; Mrs. Iris Edmonds and Mrs. Geneva Trustsell, of Dallas; and Mrs. Vista Plemons, Houston. Mr. Walker had 16 grandchildren and five great-grandchildren.

Lions Guest Tells About Postwar Austria

"I'm having the time of my life in Texas," Mrs. Renee von Bronneck told the Lions Club at the weekly luncheon held Wednesday. The Austrian lecturer was the featured speaker, her first public appearance in the United States.

About 45 members and guests heard Mrs. von Bronneck tell of the amazing strides being made in reconstruction of war damage in Austria, mainly through American aid furnished by the Marshall Plan funds. "It will take some time to secure independence and an economic future," she said, "although Austrian industry is now producing more than before the war."

Cooper Tourist Dies Here Tuesday

A tourist from Cooper, Texas, died instantly of a heart attack Tuesday as he was entering the city limits of Littlefield in a car driven by his son, William Roy Grant, 55, Delta county farmer, was rushed to the Payne-Shotwell hospital following the attack but was found dead on arrival.

Mr. Grant was enroute to Amarillo with his wife and his son, Carlton Grant, when he was stricken.

BULLETIN

Frau Renee von Bronneck, Austrian lecturer who is visiting in Littlefield, will appear on the "Star Time" program over Lubbock's KDUV-TV, channel 13, at 6 p. m. Tuesday. She will be interviewed by Jack Starr.

Get out your coonskin coat and chrysanthemum corsage, it's football time again! Littlefield's Wildcats will have to sharpen their claws a lot this year to rate the championship name of last year, but Coach Jay Fikes is confident his squad will look good when they go into action September 18 against Hereford.

Five members of the 1952 team have returned this year to bolster up the 32 freshmen and sophomores on the roster. Coach Fikes is holding two practices daily, morning and evening, to let the boys get the feel of the ball and

decide his starting lineup.

Good coaching should round up the new squad into good working shape, with the addition of Roy Carter as assistant to Coach Fikes. Carter captained the Hardin-Simmons Cowboys and was an all-conference center in 1953 before graduating.

Littlefield is the only Lamb County team which will not open play on September 11, but Wildcat boosters are looking forward to the game at Hereford, and the first home game, to be played against Brownfield on September 25.

Howard Is New Secretary For Littlefield School Superintendent

Small Howard handles busiest spots in the system as she replaces William J. Rumback as the superintendent. R. Pearce.

Howard, who is a former member of the Woman's Club of Littlefield, came here from Lubbock with her husband and daughter Dale.

Howard has resigned as secretary to Wilson, Arts, and Education and their children. Mr. Rumback had been in the county business with Mrs. Rumback, J. V. and F.

Comfort and Informality Combined in Yarbrough Home

Sewing Nook and Laundry Make Kitchen Delightful Work Center

Versatility and comfort were two all-important factors considered when the Merlin Yarbroughs designed their new home at 911 East Ninth.

Such features as a sewing nook in the kitchen and built-in ironing board in the dining area in view of Television are examples of the ingenuity used to promote living.

Even the location of the new house denotes convenience. Merlin and Martha Yarbrough built their home near the Yarbrough Grocery which is owned and operated by Merlin and his father, R. M. Yarbrough.

The six-room modern stucco house is finished in pale green with patio rose and pearl grey trim. The front is accented with porch, which Merlin considered a from the picture window across the front door and carpet. A rose trellis to the right of the porch, which Merlin considers a "must," adds charm to the entrance.

The spacious living room with a dining area in one end runs across the entire front of the house. One wall papered in hunting scenes in tones of brown and green accents the other three walls which are papered in light green. The figured wallpaper continues into the entrance hall and into the hall which runs the entire length of the house. Moss-green traverse draperies add color to the two picture windows and give privacy to the

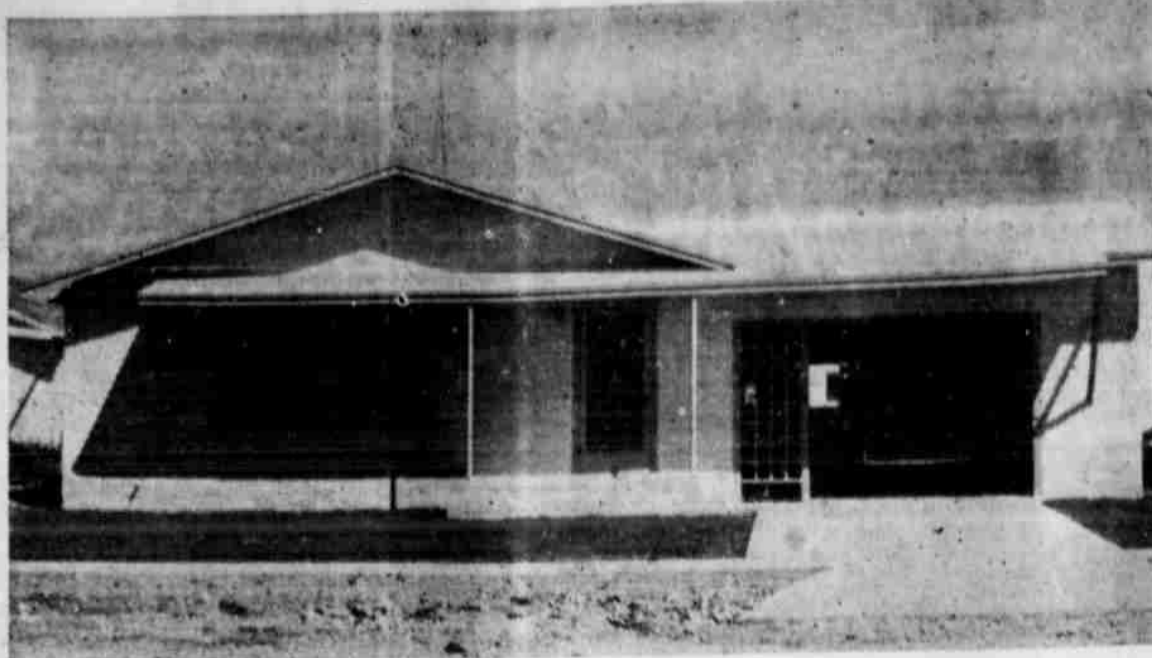

room. A crystal chandelier hangs in the dining area.

Deep blue and yellow are the colors chosen by Martha for the large 12'x17' kitchen. The floor covering and counter top of rubber linoleum are in a bright canary yellow, while the lower part of the walls are done in blue plastic tile. Provincial wallpaper on the walls and ceiling combines the shades of blue and yellow of a grey background in an interesting design.

The cabinets, which extend most of the way around the kitchen, and the built-in snack bar are in natural wood. The window above the sink overlooks the play yard. The automatic washer and dryer in one corner and the sewing machine in the other make this kitchen truly the work center of the home.

Bouquets of apple blossoms on a grey-blue background decorate the walls and ceiling of the master bedroom which runs across the back of the house. A half-bath and twin closets, all done in chartruese, open off this large airy bedroom.

Six-year-old Douglas chose a sil-

Simplicity is the keynote of the six-room stucco home built recently by Mr. and Mrs. Merlin Yarbrough which is pictured above. Warranty On Ferguson Tractor "30" Extended To Six Full Months

Riley & Burt, Ferguson tractor dealers, have good news for the Ferguson tractor owners, and others planning to buy Ferguson tractors in the future. They have announced that the warranty period on the Ferguson "30" has now been extended from 90 days to six months. This is double the length of the former warranty, and means that the Ferguson tractor owner is protected for six full months against flaws in materials and workmanship.

This, according to Mr. Burt of Riley & Burt Implement Co., is Ferguson's way of saying to you: "Our tractor is built right for the American farmer. Our tractor is quality through and through—in design, in manufacture—and we are proud to stand behind it."

spread and custom built toy shelves make Ann's room simple to keep clean and orderly. Like her big brother, she has a closet with shelves in one end from top to bottom. The closet has two rods, one which she can easily reach now and one "to grow on."

The walls of the large bath are in rose tile with medium green linoleum floor. Wallpaper with a silver background splashed with white flamingos and water lilies is used on the upper walls and ceilings.

Closets of all description throughout the house supply more than ample space. A 5'x22' storage room is just off the carport.

The Yarbroughs moved into their new home last week. "We live quite informally, and we planned the whole house to suit our needs and conveniences as nearly as possible," Martha commended.

NEW PHARMACIST NOW AT RODEN SELF-SERVICE DRUG

Dan Howard of Van Buren, Ark., accepted a position last week as pharmacist at the Roden Pharmacy. Originally of Fayetteville, Mr. Howard is a graduate of the University of Arkansas pharmacy school in Little Rock.

Mr. and Mrs. Martin have a two-year-old son, David Martin. They are members of the Baptist Church and Mr. Howard was a member of Lions Club in Van Buren.

L. C. Comer Named Santa Fe Assistant

L. D. Comer, director of employment of the Santa Fe System, Chicago, has been named in charge to the vice president in charge of personnel, according to an announcement made today by C. R. Tucker, vice president, operations. Comer succeeds S. C. Kirkpatrick, deceased. The appointment is effective September 1.

Comer began his railroad career with the Santa Fe as a stenographer at Raton, N. M., in December 1919. He served in various capacities at La Junta, Colo., and Amarillo, Texas, and was transferred to the personnel department at Chicago in 1923. Granted a leave in 1939 from Santa Fe service to serve as examiner for the National Railway Adjustment Board, Comer returned to the Santa Fe January 1, 1941 as manager of personnel at Chicago. In July 1942 he was appointed assistant to the general manager with headquarters in Los Angeles and returned to Chicago as director of employment November 1, 1944.

**Early Morning Service Feature
Of Coming Methodist Revival**

The revival which begins at
First Methodist Church, Littlefield,
Sunday will feature a morning
service that is unique. The morn-
ing services, Monday through Sat-
urday, will begin at 7:45. Busi-
nessmen, who go to work at 8:30,
and school children are especially
invited. The service will be devo-
tional in nature, and will conclude
promptly at 8:25.

Homer Vanderpool, pastor of
Grace Church, Dayton, Ohio, will
speak at the morning services, and
each evening at 8 o'clock. Harold
Taylor, song leader, will sing at
the morning services. The revival
is the first held in the local Meth-
odist Church in 18 months. Plans
have been in the making for almost
a year.

Dr. Vanderpool, who will be the
preacher for the services, is pastor
of one of the largest Methodist
churches in the world. He has
been in Dayton two years, going
there from First Church, Baton
Rouge, La. Earlier he served the
Tyler Street Church in Dallas,
where he had the largest Sunday
School attendance of any Meth-
odist church in America. He is
well known, not only as a pastor,
but as an evangelist and after-din-
ner speaker. This summer he was
platform speaker at a six-day re-
vival of Methodist church leaders
in Ohio and Indiana, speaking
twice daily to over 1000 teachers.

The song services of the revival
will be conducted by Rev. Taylor,
pastor of First Church, White
wright, Texas. Formerly he was
soloist with the SMU glee club,
and minister of music at First

CARD OF THANKS

We wish to express publicly
our sincere appreciation for the
many, many kindnesses extended
our families following the loss of
our loved one.

Every expression of sympathy in
food, errands, flowers, visits,
service and prayers will be cher-
ished in our memories of the churches,
neighbors and other friends.

May God bless you each and
every one.

GMC Dealers Have Safety Display

Approximately 3,000 GMC truck dealers across the nation are participating in a fall program to promote highway safety and forest conservation. It was announced today by R. C. Woodhouse, general sales manager (trucks) of the GMC Truck and Coach Division in Pontiac, Mich.

Wall and window displays have gone up in GMC truck dealerships to focus attention upon the theme "At Work or Play, Make Safety a Habit." Mr. Woodhouse said. The GMC dealer in Littlefield is Sumrall Pontiac Company.

"Smokey," the famed black bear symbol of the nationwide forest fire prevention campaign conducted by The Advertising Council for the U. S. Forest Service and the Association of State Foresters, is used in the large poster display to urge conservation of our forests.

Large posters, resembling a flock of geese each of which bears a forest safety message for sportsmen, campers, etc., implement the conservation theme, while similar posters in the shape of falling oak leaves, each with its highway safety slogan, gets across to drivers of trucks and passenger cars alike what precautions they must take in the interest of safety.

The project, sponsored by the GMC Truck and Coach Division through its dealers, is one of the most unusual ever undertaken and its timing, in the fall of the year during hunting seasons and just prior to hazardous winter driving conditions, is expected to draw nationwide attention to both safety problems.

The National Safety Council, the U. S. Department of Agriculture, and The Advertising Council have cooperated with GMC Truck in promoting the program.

Supplementing the program will be 400,000 direct-mail brochures from GMC truck dealers to customers, containing the safety and conservation messages and a wealth of interesting information on guns, ammunition, and game.

she visited Mr. and Mrs. L. B. Jordan.

Mrs. E. B. Byair was ill the first of the week.

Mrs. L. W. Williams and Mrs. George D. Goen were shopping in Littlefield Tuesday.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Farm Bureau Will Meet Wednesday

The Sudan Farm Bureau will meet in Sudan Sept. 8 for their regular meeting. E. J. Stone, president of the organization, has announced. The meeting is important and many surprises are in store for those who attend. Mr. Stone said this week.

Resolutions to be submitted to the county resolutions committee will be discussed. All of those who have any ideas on this matter will please attend this meeting and give the resolutions committee a helping hand. "We need to know how you farmers feel on such matters as cotton classing, cotton prices, loan values and other vital matters in order to submit resolutions that will be a real representation of the Sudan area farmers," Mr. Stone said in urging members to attend.

Attend World Baptist Fellowship Meeting

Dr. and Mrs. Weldon B. Meers left Monday morning for Ft. Worth to attend the annual meeting of the World Baptist Fellowship.

They plan to return to Littlefield Friday. Tommy Meers and Kenneth Evins will also attend this meeting.

Pictured above is 20-year-old Mary Belle Perryman with her parents, Mr. and Mrs. C. C. Perryman of Lubbock.

Local Dealer Designs and Builds Removable Controls For Students

Remember back in your teenage days how exciting it was when you first learned to drive? For 20 year old Mary Belle Perryman of Lubbock that excitement was accelerated several fold by the lifelong fear that she would never be physically able to drive.

Power steering, ingenuity and a long-time hobby enabled Manell Hall, local Ford dealer, to bring the pleasure of driving to the daughter of one of his former college professors.

Mary Belle, daughter of C. C. Perryman, a professor at Texas Tech, is only four feet tall and barely tips the scales at 58 pounds. Her diminutive size, coupled with the weakness of her arms, had always prevented Mary Belle from driving the family car.

Mr. Hall resolved to do something about the young girl's plight by designing a special group of controls that would enable her to drive safely in spite of her handicaps.

In "tailoring" her new car to her individual requirements, it was necessary to build an auxiliary seat, raising the normal position seven inches. The foot brake pedal was extended approximately seven inches, and an auxiliary foot feed and dimmer switch were added.

To compensate the increased cushion height, the steering wheel was reduced from 18 inches in diameter to 15 inches. Power steering enabled Mary Belle to handle the car efficiently, in spite of the weakness of her arms.

One of the amazing features of the project is that all of the

changes were so designed that the entire group of special controls can be removed within three minutes so as to permit a normal size person to drive the car.

Mr. Hall's woodworking hobby was put to use when he built the auxiliary seat in his shop at his home. The specially designed controls were built by mechanics at the garage. The extra seat is upholstered to match the seat covers in the car.

Mary Belle is a junior in the Texas State College for Women at Denton, majoring in costume designing and fashion illustration. In spite of her physical handicap, she has made an outstanding record, both in high school and college. In high school she was a member of the National Honor Society.

While in her freshman year in college, she was elected to Alpha Lambda Delta honor society, was selected secretary of her freshman class, and this coming year will be secretary of the Roundtable Council, which is the governing body of all clubs in the college.

Butter consumption in the United States in 1942 was 16 1/2 pounds per capita. It is now 9 pounds but consumption of other dairy products has steadily increased during this same period.

COME SEE HOW TO MAKE YOUR DRIVING UP TO DATE

On your first ride you'll find that Lincoln brings you up to date in more ways than styling. True, Lincoln's long, slim lines offer welcome escape from the bloated bodies of cars designed like yesterday. But Lincoln also brings you a new kind of performance, with both astonishing action and faultless efficiency built into its new 205-horsepower engine. For in a Lincoln, you're driving the 1-2-3-4 winner among stock cars of the Mexican Pan-American Race,

considered the world's toughest test of motoring stamina. At the same time you're driving the fine car champion of the 1953 Mobilgas Economy Run. And to make your modern driving even more exciting, you can have the wonderful ease of power brakes, power steering, and the 4-way power seat. Truly Lincoln is the one fine car designed for modern living—completely powered for modern driving. Make a date for a drive in the new Lincoln soon.

Power steering, 4-way power seat, power brakes, sea-tint glass, and white side-wall tires optional at extra cost.

Miss Barbara Jones Married At Whitharral Baptist Church

The Whitharral Baptist Church was the scene Sunday afternoon, August 30, for the wedding of Miss Barbara Jones, daughter of Mr. and Mrs. Henry Jones, and Mr. Jack Milburn, son of A. L. Milburn of San Diego, Calif.

Under an arch of pink orchid flowers entwined with greenery and banded with candelabra, palms, and baskets of pink gladioli, Rev. Joe Denton, pastor, read the double ceremony.

Mrs. Weldon Newsom, organist, accompanied Mrs. John R. Davis, who sang "Because," "You'll Never Walk Alone" and "Bless This House," and played the traditional wedding march as the bride entered on her father's arm.

Chantilly lace over white satin formed the bridal gown, with a tiny collar topping the fitted bodice. Lilly point sleeves accented the bodice, joined to a lace tunic, with tiny covered buttons reaching from collar to waist. The tunic design spread over a floor-length satin skirt.

The bride's fingertip French silk illusion veil fell gracefully from a tiara of seed pearls and rhinestones, and she carried a white-Bible topped with a lovely arrangement of pink rosebuds and stephanotis.

Mrs. Milburn was married with her grandmother's wedding band, and her tiara and Bible were her "borrowed" items. She wore the traditional penny in her shoe.

Bride's Sister Matron of Honor
Mrs. Tom Burrus of Smyer was her sister's matron of honor. Misses Sue Hennessey, cousin of the bride, and Martha Sue Parks, both of Tipton, Okla., were bridesmaids.

Mrs. Burrus' strapless ballerina gown was of gray mist net over pink, with a stole framing the shoulders. She carried a bouquet of pink and orchid asters. The bridesmaids wore matching dresses of orchid taffeta, and carried pink and orchid aster bouquets.

Mr. Bill Jones, brother of the bride, served as best man.

Coda Stephenson, Jr., and Miss Rhea Bristow of Lubbock lighted the candles. Miss Bristow wore a pink net ballerina design with orchid asters as a corsage.

The flower girls, who wore dainty wristlets of pink asters with their full-length orchid taffeta dresses, were Misses Patricia Hayes and Marsha Burrus, the bride's niece from Smyer.

Messrs. Claude Lee Horton and Joe Al Bryant ushered the guests to their seats.

For her daughter's wedding, Mrs. Jones wore a brown crepe design with brown accessories and a corsage of white carnations.

Reception Held At Church
Following the ceremony, Mr. and Mrs. Jones gave a reception in the church parlors honoring the newlyweds. The bride's table had as a centerpiece an arrangement of the attendants' bouquets and the triple-tiered cake was topped with a bride and groom. The cutwork tablecloth was laid over a pink background.

Mrs. Bill Jones, sister-in-law of the bride, poured punch, and Mrs. Norman Hodges served cake. Mrs. Richard Frazier registered guests, while Mrs. Eugene Carter played piano selections.

Bride's Traveling Costume
Mrs. Jones changed to a gold faille suit with brown accessories before a brief wedding trip to Amarillo. She was a 1950 graduate of Whitharral High School, and attended Hardin-Simmons University of Abilene two years. She has recently been employed at Whitharral High School.

Mr. Jones was graduated from Whitharral High School in 1948, and was in the army for two years, stationed at Fort Sill, Okla. The couple will be at home near Whitharral, where the groom is farming.

through the rollers, instead of placing them in a neat stack as her contemporaries did. Ole' Betty had a way of tossing them in the air.

Our biggest gal, Karen, was seven at the time and it became her job to "catch" the papers. We tell her now she would be two inches shorter if it hadn't been for the stretching exercise she got back then in grabbing the papers as they flew through the air.

We didn't have a linotype that lipped as the one in the movie did, but I accused ours of talking pig latin. Our only employee was a two-finger operator who was making \$9.00 a week. Sam's generosity got the best of him and he raised him to \$12 the first pay day.

When the editor in the movie got praised for making it rain and blamed for causing a flood, neither of which he did, I thought of Sam's water episode.

The first few weeks we were there, the town kept running out of water for days at a time. On the spur of the moment one day, Sam wrote a blazing editorial on water conditions. Among other things, he described in pretty strong adjectives the worthlessness of the city's new fire truck with no water to run through its hose.

The whole town cheered. He had put into words what everyone had felt, and they loved it... Or at least 98 percent did. Among the dissenting 2 percent, however, was, of all people, our banker who owned lots of property locally and who was also in the insurance business.

In just as strong and colorful phrases as Sam had used, the banker told him just what could happen to the town as the result of his impetuosity. He said that not only was every property-owner faced with the threat of having his insurance rates raised substantially, but the insurance companies might pull out of the town completely.

The story had a happy ending. That week the city dads tried a new technique for acidizing wells, which gave the town all the water it could use. And even though Sam's tirade had nothing to do with the outcome, he was given the credit for the abundance of water. As luck would have it, the town wasn't without water another day as long as we lived there.

Texas Tech, is chairman of the judging committee.

A distinguished representative of the United Nations will be the principal speaker, and Congressman George Mahon will be master of ceremonies. Statements are being requested on the subject of what can be done to procure and maintain World Peace. These statements will be published in the Sudan paper, with 350 copies to be sent to the United Nations Assembly.

Gifts Asked From U. N. Nations

Letters have been sent to each member of the United Nations requesting a gift representative of that country, and these gifts, together with those purchased by a Sudan committee, will be auctioned off at the Festival. Proceeds from the auction will be sent to the United Nations Children's Relief Fund.

Chairman Salem urges every community and organization to enter a float in the Festival parade. Floats will be judged on points, 50 percent of which will depend on a connection with the Festival theme.

The Sudan Rotary Club plans to barbecue 500 chickens, to aid in feeding important guests and other visitors.

In Los Angeles, and have designed exquisite draperies on made-to-order figurines. In this process, real lace is dipped in "lace slip." During the firing, the actual lace burns up under the terrific heat of the firebrick-insulated kiln, leaving the lace pattern in ceramics.

Three Kilns Kept Busy
One of the things which keeps the three kilns at the Ceramic Shop full and going all day is the flood of special-order work done by Mrs. Cox and Mrs. Pharris. Orders from as far away as California and Connecticut have come for special pieces such as wedding plates, china-headed dolls, baby cradles, and stained ceramics.

Such unusual items as china footballs decorated in gold with the names of the team are ordered as souvenirs for stars of school teams. The display of a clever ceramics Santa Claus perched on his sleigh, with the reindeer strung out in front with red ribbon, has been shown locally in the past several years at Christmas time.

As if ceramics itself doesn't keep her busy, Mrs. Pharris also designs and makes fabric lampshades to order. There's only one warning they have to give you if you decide to take up ceramics as a hobby... be prepared to work hard, and it will give you fine returns both in satisfaction and money.

YOU NAME IT...

By Karen Williams

Hi! Kids— First I'd like to introduce myself. I'm Karen Williams from Enid, Oklahoma, and I just moved to Littlefield a couple of weeks ago. In Enid we had a "real zone" teen column that really went over big. I hope maybe this one will too.

My only problem is a name for the column and since Littlefield High seems to have so many ingenious minds I thought perhaps they could do a better job than I. So here's the deal... there will be a box in the high school office for ideas on titles. The contest will last for two weeks and the first one putting in the winning name will collect a cash prize of \$2.50. The judges will be Mr. and Mrs. Sam Williams of the Lamb County Leader, and my parents no less.

Some of the scenes the past week with the sophs undergoing initiations were... sweet voices over KVOW about 9:00 o'clock Friday night as the sophomore girls sang delightful lullabies... also singing the "Stinky Sophomore" song up and down Main street. Beva Jean Ray's home was the site for a slumber party held in "honor" of the soph girls. Quite a time was had by all!

Monday many sophs were seen trotting down the hall with Ed Wisdom's autograph on their foreheads and often Judy Christian's "John Henry" was seen on their arms. Monty Montgomery and Trudy Smith saw that the sophs' clothes were on wrong side out and backwards. We'll probably see a lot of little red faces in the hall left over from stubborn lipstick.

Welcome to the new high school teachers! The kids of Littlefield High are glad to have you and will make your jobs as pleasant as possible. You know how well high school students can do that!

One of the reasons Mrs. von Bronneck gave for the poor economic situation in Austria is that the Austrian government is required to buy back its own oil from Russia, and must pay 20 percent occupation tax to all countries with forces stationed there, except the United States.

Austrian Peasant Customs
Table manners in country home are far from fancy in Austria, the lecturer explained, although peasants are very devout and say grace before and after meals. Meals are served in one bowl, and everyone is provided with a spoon. Drinking is a family affair too and everyone drinks from the same pitcher.

Carroll Pouncey introduced Mrs. von Bronneck and other guests, Mr. and Mrs. W. E. Little, and Mrs. R. R. Ater, wife of the Lions' president.

Wade Potter of Littlefield, was among the graduates at Texas Tech in Lubbock last Wednesday evening. Sgt. Nordyke, who is stationed at Reese Air Base, received a Bachelor of Science degree in petroleum geology at summer session graduation exercises.

Other Littlefield students who received degrees included: Coy Dean Orr, Bachelor of Arts in chemistry; Flora Webb, Burks, Master of Education; Olene Robbins Gibson, Master of Education; William Wyatt Hall, Master of Education in agriculture; Frances Martin Jones, Master of Education in home economics; Clarence Forrest Martin, Jr., Master of Education; and James Earl Pirkey, Master of Education in agriculture. Degrees were conferred by President E. N. Jones.

Mr. and Mrs. Potter and daughter, Polly Lou, attended the ceremonies.

Exports of cotton from the United States during the first 10 months of this season total 2.7 million bales. This compares with 5.2 million bales for the same period last season.

New Faces Appear Among Teachers

**Lamb County Farm Bureau Members
Attending District Meeting Today**

Many of the Lamb County Farm Bureau members are planning to attend the District II meeting to be held in Lubbock Thursday at the Lubbock Hotel. Among those from the county now known are Bob Badger, service agent; Mrs. Mickey Stephens, office secretary; Prof. Shelby, president, and Gerald Allison, secretary-treasurer.

The highlight of this program will be a queen contest. The Farm Bureau Queen selected from each county will enter and the winner will attend the state convention in November. Carol Pouncy, Littlefield, will be a judge for the Lubbock contest.

Featured speakers at the all-day meeting are C. H. DeVaney, vice president of the Texas Farm Bureau; Marvin Carter, organization director of the Texas Farm Bureau; Leon M. Lane, state field representative, and M. C. Jaynes, organization specialist, from the Extension Service.

All Farm Bureau members are urged to attend this meeting.

**Olton Man Injured
In Freak Mishap**

Willard Morris, Olton, feels just like a house had fallen on him. And he's got witnesses to prove it, in case he should care to.

The house in question is a ready-built one being moved onto a lot at Olton by the Ed Thompson Implement Co. for employe housing. Thompson and Morris, who is an employe of the company, were inspecting the house about 2 p. m. Saturday, when a truck said to have been driven by Lloyd Pruitt, Lubbock, drove up to remove a steel skid on which the house had been towed.

The brakes on the truck apparently failed to hold and the truck plowed into the house, carrying Morris with it and pinning him between it and the house.

One side of the house was caved in.

Morris was taken to Olton Memorial Hospital, where it was determined that he had four fractures of the pelvis, fractured left thigh, possible other breaks, bruises and lacerations of the legs, arms and chest, possible internal injuries and a severe case of shock.

He was taken to the Lubbock Memorial Hospital, where his condition was termed as good by hospital attendants.

Morris' wife and two-year-old daughter live in Olton. The family moved there two years ago from Dymitt.

Fifteen new teachers greeted their students in Littlefield schools Monday. Hallds R. Pearce, superintendent of schools, reports that the training and background of these newcomers to the school system illustrates the excellent quality of teachers in the community.

The new basketball coach and assistant football coach have been outstanding players at Hardin-Simmons, and should help the Littlefield Wildcats continue their championship teams. Joe Simmons, a 1953 graduate of Hardin-Simmons, coached freshman basketball there last year, and will continue as basketball coach at the high school. Roy Carter, an all-conference center at Hardin-Simmons in 1953, will be assistant to Coach Jay Fikes, and will teach high school physical education.

New Shop Teacher
For the course in shop training inaugurated this year, Mr. Pearce has employed L. C. Browder, who will teach shop in junior and senior high school. Mr. Browder has taught at Muleshoe, and holds his M. A. from West Texas State.

Mrs. Inell Lowe, senior high business teacher, holds a B. B. A. degree from West Texas State, and has taught previously at Crosbyton.

Beryl Harris, who made an excellent record as instructor of the Pampa junior high band, has already held one rehearsal for the high school band, which he will head. He holds an M. A. degree from Texas Tech.

FERGUSON "30" WARRANTY INCREASED

**THAT'S EVIDENCE OF A
QUALITY TRACTOR**

The materials and craftsmanship that go into the Ferguson Tractor are of such outstanding quality that this rugged tractor has built up a remarkable record of dependability throughout the nation.

As a result, Ferguson has determined that they can back the tractor with even greater confidence — a long warranty or guarantee period—than before.

The warranty period on the Ferguson "30" has now been extended from 90 days to six full months. This is double length of the former warranty.

Here's what Ferguson's new warranty means to you:

You'll have time to work your new tractor on light jobs and again during the heavy job season . . . even when you buy in an off season.

You're protected for six full months against flaws in materials and workmanship.

This is Ferguson's way of saying . . . "Our tractor is built right for the American farmer. Our tractor is quality through and through — in design, in manufacture — and we are proud to stand behind it."

It is Ferguson's way of showing once again, its conviction that the benefits of new design, new mechanical developments, new high standards of quality, should be passed to the farmers who buy its tractors.

Highway Dept. Moves Into New Warehouse; Storage Space Tripled

The new \$30,000 highway department house on West Delano is nearing completion, according to H. C. Edmonds, of Littlefield, state highway maintenance foreman for Lamb County. Construction began early this spring.

The transfer of machinery and material to the new building from the old warehouse on the Levelland highway began this week. The new all-steel structure will be used to house the machinery. The old building which is to be used for material storage will be moved to the rear of the new plant early this fall.

The new 40'x100' warehouse will provide 4,000 square feet of warehousing space compared to 1,200 feet in the old building. Painted the traditional silver of the state highway department, the new plant will be landscaped with evergreens later this fall.

The new plant is located on a four-acre plot of ground purchased last year from Buck Ross, local dirt contractor. All the ground in the rear of the warehouse is enclosed with a high steel fence. The enclosure will be used to store an asphalt tank, gravel and other road materials.

In the north end of the building, a 20-foot area has been partitioned off for the foreman's office, a shop room, and a locker and show room. An upstairs room across the end will be used for miscellaneous storage such as the license plates for Lamb County.

Publisher's Son Recovering From Attack of Polio

James Post Martin, six-month-old son of Mr. and Mrs. Troy Martin of Olton, is recovering in a Fort Worth hospital from a recent attack of polio. Mr. Martin is co-publisher of the Olton Enterprise and Amherst Times.

The child became ill four weeks ago while visiting in Fort Worth. Although he is recovering rapidly and will have no paralysis, he will continue to be hospitalized for some time. Within a few days he will be moved to a hospital in Lubbock or Plainview.

employed by the county branch of the highway department. Mr. Edmonds has been head of the local branch for 10 years. He has been with the highway department for the past 23 years.

Wayland College To Inaugurate Seventh President

Wayland College in Plainview opens on September 12 its 44th session, the seventh session as a senior college with its seventh president, Dr. A. Hope Owen, who will be inaugurated on Oct. 6. Dr. Owen took over the presidential duties July 1 and will be presented to his first full faculty meeting on Sept. 12 with registration following on Sept. 14.

One of Dr. Owen's first appointments was that of Bryan Robinson, Fort Worth, as dean of students. Dean Robinson took over his duties on Aug. 1 and is rapidly getting the Freshman Orientation program in shape.

Sam Choy, director of Baptist Student Union and overseas students, returns from a seven-month tour of the world with news of his 4-months' work in Korea with Southern Baptist missionaries in relief and preaching services. He has also interviewed students around the world who wish to come to the Plains of Texas to participate in Wayland's unique international program, and visited parents of students now in Wayland.

Two members of the music faculty, Dr. Shelby Collier and David Appleby, have returned from a 45 day tour of Brazil during which they and a unit of Wayland's colorful International A Cappella Choir gave concerts and appeared in many church services in seven of Brazil's largest cities.

New faculty members are: Dr. B. P. Maddox, Clovis, N. M., Bible and religion; Mrs. Cecil Cosper, Plainview, home economics; Miss Mayme Louise Edwards, Louisville, Ky., English and psychology; Mrs. C. E. Meredith, Waco, piano, organ and theory; and Miss Diana Hampton, Marathon, business administration. Two other staff members are Caddo Mathews, Morse, coach of the Hutcherson Flying Queens of Wayland, and Miss Peggy Preston, Quanah, assistant registrar.

Department is Enlarged
With the employment of Mrs. Cosper, plans are underway to enlarge the department of home-making and family life. Her training and experience is varied, including graduate work at Columbia University and Texas Technological college, employment as home economist with Westinghouse Electric and as administrative assistant to the head of the home economics department at Columbia University.

Miss Hampton, who holds the B. S. and M. B. E. degrees from Sul Ross, is being added to the department of business administration to meet the increasing demand for college trained secretaries, especially church secretaries.

Dr. Dorothy McCoy, chairman of the division of mathematics and science, was the only Texan at a Mathematics Conference at the University of Colorado, to which she was awarded a fellowship. Dr. McCoy has departed for Baghdad, Iraq, where she will teach in the College of Arts and Sciences, on a year's leave from Wayland.

Work on Elevator Scheduled to Be Finished Sept. 15

Work is expected to be completed September 15 on the additional storage unit of the Springlake elevator. R. L. Byers is owner of the firm.

Construction began July 1 on the new storage unit which is designed to double the present capacity. Total storage of the elevator will be increased to over 250,000 bushels.

Do You Remember?

(Taken from the files of the Lamb County Leader on Thursday, September 6, 1934.)

Littlefield in all probability will boast a new manufacturing plant in the near future.

Drivers Training Course Added to Curriculum

By Mrs. Bayne McCurry

The school faculty met Saturday morning to make final plans for the fall school term which opened Monday at 9 a. m. with a large number of parents, the three local preachers and most of the school board present.

Supt. J. A. Lumsden opened the assembly program by welcoming the parents and visitors. Bro. McInroe, pastor of the Church of Christ, spoke to the group and led in prayer. Betty Byars and Don Hardman, both freshmen, led the group in a song. Bro. Smith, new pastor of the Baptist Church, Bro. C. P. Mc Masters, Methodist pastor, and C. C. Byars, member of the school board, each spoke a few minutes. Supt. Lumsden introduced the teachers and made announcements. He announced two basketball games in the school gym Friday, Sept. 11; one between the school board and the high school girls, another between the married ladies of the community. A new course for juniors and seniors is being added this year. It is a Driver Training Course for which students will receive a half credit.

After assembly program grade school room mothers met in groups and made plans for the year. Mrs. Linda Holley is chairman of the room mothers. The school buses left the school building at 2:00 p. m.

The Spade Home Demonstration Club will meet in the home of Mrs. Joe Oden Tuesday, September 8, at 3 p. m. The county H. D. agent, Mrs. Hazel Hickman, will present a program on "Cooking Vegetables Wisely and Well." Plans for the Spade H. D. educational fair exhibit booth will be made.

DORCAS CLASS HAS WATERMELON PARTY

The Dorcas Sunday School class met in the home of Mrs. Howard Harvey Thursday at 2:30 p. m. The ladies drew names and exchanged gifts. Mrs. Harvey, who had been teacher of this class for about 15 years resigned so that she could become teacher of the juniors. Mrs. J. A. Greer was elected teacher; Mrs. H. R. Wallace, assistant teacher; Mrs. T. B. Elder was re-elected class president; Mrs. Marie Hamilton is secretary; Mrs. W. M. Weatherly, assistant; Mrs. R. A. Leonard, Mrs. Ada Reed and Mrs. Bud White are on the flower committee. Watermelon was served to the following: Mesdames W. M. Weatherly, J. A. Greer, R. A. Leonard, Bud White, Ada Reed, T. B. Elder, Marie Hamilton and the hostess. The next meeting will be in home of Mrs. J. A. Greer Thursday, September 24.

Bro. W. F. Smith, who has been pastor of the Bull church for the past three years, was in charge of services in the Baptist Church Sunday. There were 104 present for Sunday School. A special offering for the Baptist Orphan Homes was taken at the morning worship hour. After the evening services the church met in special conference in which Bro. Smith was called as new pastor. He and his family plan to move to this community the first part of next week.

International Sunday School Lesson

Proper Use of Money Can Bring Contentment and Eternal Riches

(Below is a discussion of next Sunday's International Sunday School lesson written by the Rev. John C. Taylor, pastor of the Parkview Baptist Church and president of the Littlefield Ministerial Alliance. Each month another local minister will be asked to contribute to the column.)

By JOHN C. TAYLOR, Pastor
Parkview Baptist Church

Topic: The Christians' Use of Possessions.

Scripture: I Tim. 6:1-19.

Golden Text: "The love of money is the root of all evil; which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows." v. 10.

Central Truth: The right use of our possessions as stewards of God will bring eternal riches and contentment.

Money earned is human life in concrete form. Therefore it is a vital factor in both spiritual and material progress.

The Bible has much to say about: 1. the ACQUIRING of money, 2. the POSSESSION of money and, 3. the DISPENSING of money. This lesson deals with the "use" of material possessions.

1. THE STEWARDSHIP OF POSSESSIONS. God owns everything in the universe, even those things in our possession, by right of creation. He owns the "cattle upon a thousand hills." (Ps. 50:10).

God has allowed man to possess things but not own them. He has

not relinquished the deeds. He has made man a trustee, a steward or manager over his property and subjects.

A good steward manages the property according to the desires of the owner. He instructs his stewards how to manage His business, entrusted into their hands. God tells the Christian steward to return into the "Storehouse" at least a tenth (Mal. 3:10) and tells him to do it regularly, systematically and proportionately. "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him. . . ." I Cor. 16:2.

A successful banker recently said that most churches have better credit than many of their members because their pastors are better trained to lead them in the good sound business principles of the Bible. Budgets and systematic handling of money and other possessions are scriptural for churches as well as individuals.

Tithing is the Bible method for Christians to finance the work of carrying out the great commission of Mt. 28:19, 20, through the churches.

As Dr. Louis D. Newton of Atlanta, Ga., once said, "Yes, I tithed because Abraham COMMENCED it, Jacob CONTINUED it, Moses CONFIRMED it, Malachi COMMANDED it, and Jesus COMMENDED it." We might add that Paul COACHED it. He told HOW.

2. THE DANGERS OF POSSESSIONS. There is danger one will serve possessions rather than

using them to serve God. One makes an awful mistake when he puts material progress before spiritual progress.

The love of money tempts people to use sub-Christian methods to get it. "The love of money is a root of all kinds of evil" (ASV).

Would the advocates of the freedom (actually, "license") to drink be so concerned for democracy if there were no big money in it? Would Hollywood attract and prostitute the talents and habits of young people, were it not for the excessive profits? Why have the liquor and beer industries and the tobacco companies directed their advertising toward the womanhood of America? Why art they opening a gradual, but sure, effort to capture the "teenagers"? Is it because tobacco and alcohol elevate and enoble womanhood? Is it because they benefit the spiritual programs of our youth?

The Bible's answer is, "The love of money is a root of all kinds of evil."

Wealth also tempts one to be "highminded," or proud, as seen in v. 17, "Charge them that are rich in this world, that they be not highminded, not trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; that they do good, that they be rich in good works. . . ."

3. THE BLESSINGS OF POSSESSIONS. Some Christians, who are poor, misunderstand these teachings about wealth. They seem to think the Bible is condemning everyone who is rich and the possession of much money and property. To the contrary, this lesson is warning of the wrong use and influence of wealth, and it promises spiritual riches untold for right use of one's possessions.

Possessions can bless our fellow men. They can bless oneself. They can be of service to Jesus.

The jewels of a Christiana widow in Charlotte, N. C., were so dear to her because of their constant reminder of her husband's sacrificial love. Once a friend noticed her without them and asked, "Where are your rings and stones."

Optometrists Begin Visual Ads

"We would have had you over sooner but it took us 6 months to save up money for the steaks."

As a public service feature, the South Plains Optometric Society in connection with the Texas Optometric Association is beginning a series of newspaper advertisements to point out to the citizens of Texas facts about vision and vision care of which they may have heretofore been unaware.

This series, which begins in this newspaper today, will run for six months. It was announced today by Dr. J. Davis Armistead, chairman of the South Plains Optometric Society's committee on public information.

The first in the series presents facts pertaining to the visual problems of school age children and is part of the society's Back to School statewide program being carried on by the Texas Optometric Association during the months of September and October.

Other phases of the program, Dr. Armistead said, will include the distribution of booklets and pamphlets on children's vision, motorists' vision, occupational vision, and hunting vision. These booklets are available now and can

Cancer Society Names Director From Lubbock

Miss Katherine Daniels of Lubbock has been named a representative of the American Cancer Society for 60 West Texas counties.

J. Louis Neff, executive director of the Texas Division, American Cancer Society, said that Miss Daniels has been trained as a professional staff worker in the society's programs of public education about cancer, service to cancer patients, and fund-raising.

She will assist volunteer directors in the organization of county executive committees and sub-committees for various education and service activities and will work with committee members to plan local work.

A native of Paris, Texas, Miss Daniels graduated from Waco High School and Baylor University. She has recently been associated with the Methodist Home at Waco, and is a former Campfire Girls executive director.

Counties to be assisted by Miss Daniels include Bailey, Briscoe, Castro, Childress, Cochran, Cottle, Crosby, Floyd, Foard, Hale, Hall, Hardeman, Hockley, Lamb, Lubbock, Motley, Parmer, and Swisher.

U.S. ROYAL MASTER

A MEASURED LIFE-SAVING DIFFERENCE!

Direct from a California proving-ground comes this dramatic action-photo. These two speeding cars applied their brakes on oil-slick track at the same instant. Car at left (on U. S. Royal Masters) stops promptly in straightline safety. But car at right (on regular tires) slides three car-lengths further—out of control!

LIFE-SAVING ROYALTEX TREAD TREATMENT
More than 3,000 gripping edges hold where tires never held before!

DAY AFTER DAY, YEAR AFTER YEAR, the great U. S. Royal Master holds its undisputed position as top tire of its time.

WHY IS THIS? WHAT CAUSED IT? The answers are plain. The U. S. Royal Master is America's super-tire, of recognized extra mileage, with positive life-saving differences throughout its construction, and in all of its performance.

IN SKID PROTECTION AND STOPPING POWER, the U. S. Royal Master has its own unique tread treatment, continuously renewable, holding peak safety to the last mile of its long life.

IN SIDEWALL CONSTRUCTION and CURB PROTECTION, the U. S. Royal Master is also entirely original and unique. The tire walls themselves are shielded from scuffing damage. The trim, clean whitewalls remain spotless, free from smear and abrasion.

AND WHEN TIRE COSTS ARE ADDED UP, there seems to be nothing to compare with this great tire's year-after-year economy. It rightfully remains America's top favorite in quality, outlasting because it deservingly outlasts.

- The protection that's always with you!**
- The Only ROYALTEX TREAD and TRACTION — skid protection and stopping power beyond all previous standards!
 - The Only RENEWABLE SAFETY TREAD — offering you up to twice as many safe miles — without retreading!
 - The Only EVERLASTING WHITEWALLS — preserving their trim beauty from cleaning nuisance and expense!
 - The Only CURB GUARD* PROTECTIVE RUBBER — preventing sidewall scuffing, abrasion and damage!

TEXAS WATER PROBLEMS DISCUSSED BY JOHNSON

UDON B. JOHNSON, U. S. Senator

Note: This is one of a series of articles based on a Bureau of Reclamation survey of the water problem, made at the request of Senator Johnson.

Division of Texas into supply problem areas by the Bureau of Reclamation of the state's water resources. These are the Pecos Valley, the Central Pecos area, the Gulf Coast Plains and Gulf Coast Red Bed portion of the area have major water problems, as defined by the Bureau of Reclamation.

High Plains, the Canadian River Project

It is a program that would require close cooperation between the state and federal levels of government.

Effect on State Income

Clearly, the proper use of our water resources deserves to receive the most careful consideration. We cannot escape the fact that per capita income in Texas is still below the national average. It is considerably below that of the western states which have utilized their available water resources to bring about tremendous industrial and agricultural expansion.

Time continues to pass away—and 85 per cent of our potential water supply, year after year, runs off into the Gulf and is lost to us. That is the condition we must change. Our economic future depends on our success in solving our water problem.

Pecans were first marketed through the channels of trade around 1880. At that time San Antonio was considered the pecan capital and in 1880 about a million and a quarter pounds were sold through the San Antonio market. The average annual Texas production now is about 30 million pounds and last year's crop was worth approximately \$10 million.

Littlefield Grads To Enroll Soon For College Terms

Many Littlefield high school graduates of 1953 will begin again at colleges this fall throughout the Southwest states.

Littlefield will be well represented at Texas Tech in Lubbock with Jeff Brantley, Jim Doherty, Sue Henry, Bill Jones, Don Nickels, Charles Parrack, Gary Pass, Jeff Pate, Edwina Sohojaja, Joyce Sharp, Eugene McNeese, Alan Bingham, M. Local Man Attends Indian Exposition

Leo C. Simmons returned recently from attending the five-day American Indian Exposition, Anadarko, Okla. A former resident of Anadarko, Mr. Simmons is personally acquainted with some of the officials of the exposition.

The event is the largest of its kind and is presented for educational purposes as well as entertainment. It is the only all-Indian managed gathering of its kind in the United States.

Mr. Simmons is one of the owners of the Littlefield Memorial Park, which recently moved its offices to 107 East Fourth Street.

Cameron College in Lawton, Okla., where he will begin studies on Sept. 1.

The second annual Soil Management Demonstration and Plowing Contest will be held at Pan-Tech Farms, in western Carson County, Texas, on September 11 and 12.

4-H and F. F. A. boys from the 26 Texas Panhandle counties and 3 Oklahoma Panhandle counties are eligible to enter stubble-mulch plowing and tractor driving contests. Entries must be in the hands of the chairman not later than Saturday, Sept. 5.

Entries for the queen contest, "The Sweetheart of the Soil," must also be in the Borger office of the Agricultural Workers Council by Sept. 5. Judging will be the evening of September 11.

A land judging contest open to all, under the direction of J. W. (Red) White of S. C. S., will be a new event. Other contests include shrub identification and grass identification. Research men from Texas Tech, Texas A&M, West

Texas State, and other cooperators. Barbecue, pies, soft drinks, and other food will be served both days.

Pearce Presides At Faculty Meet

Harold R. Pearce, superintendent of schools, got acquainted with his staff at the first general faculty meeting of the year held last Friday morning. He urged that teachers should "never stand still, but grow individually and as a group."

Mr. Pearce commented on the philosophy of teaching, the need for parent-teacher conferences, and the importance of aiding children with reading and studying difficulties.

Every teacher was urged to join the Texas State Teachers' Association, if not already a member, and to work up a calendar of activities for the year. A committee will be appointed to advise on teacher credentials problems, and a workshop will be held on Sept. 18.

Fifteen new teachers were presented to the group, and school faculty meetings were held following the general assembly.

Farm Machinery Companies Agree To Amalgamate

According to C. O. Burt of Riley & Burt Implement Company, Ferguson Tractor dealer for Littlefield and area, the Harry Ferguson Companies and the Massey-Harris Company have agreed to amalgamate and to operate in the future under the name of Massey-Harris-Ferguson, Ltd.

The release of this announcement sent to the local Ferguson dealers, stated in part:

The uniting of the Ferguson interests, whose tractors equipped with the revolutionary Ferguson System and mounted implements have blazed a new trail throughout the world, and the 105-year-old Massey-Harris Company, which pioneered the self-propelled combine in every country where wheat is grown and whose development and progress has been so spectacular in recent years, is probably the most important news in the farm equipment industry in the present century. It will not only bring together two progressive organizations, each of which has made an unprecedented contribution to agriculture and has set a pattern which the entire industry is seeking to emulate, but will pool their organizations which are spread wide over the earth. They include manufacturing facilities in the United States, where they have five plants, in Canada where they have four, and in England, Scotland, South Africa, France and Germany.

"When the Ferguson System was established some manufacturers made the mistake of thinking that the ultimate in design had been reached. Mr. Ferguson, however, constantly emphasized that this was only the beginning and that a multitude of new machines had yet to be created to stop the drift from the land and make farming prosperous, interesting and easier with shorter hours.

"During the past 10 years Mr. Ferguson and his skilled staff in Britain and the United States have been working in the greatest secrecy on many new machines. The Massey-Harris directors had full knowledge of the success of the Ferguson System in the past throughout the world but it was only after a complete disclosure of all the new inventions and a full investigation of new patents and applications for patents to give world-wide protection for a multitude of new inventions that they decided to make an offer to join forces with Ferguson. The two organizations are complementary rather than competitive and their coming together is expected to result in a great expansion of their operations and a further increase of both Ferguson and Massey-Harris exports from the United Kingdom.

"Sir John Black, deputy chairman and managing director of the Stamford Motors Company, Coventry, England, is planning to extend his company's plant to deal with the increased production which is expected to result from the Massey-Harris-Ferguson amalgamation. Sales and distribution of the combined companies' prod-

ucts will greatly benefit as a result of the association and it is anticipated that the competitive position of the Ferguson and Massey-

Harley dealers will be greatly strengthened and that many new and progressive dealers will join the organization.

"The name 'Ferguson' will continue to be carried on the tractors

and implements of Ferguson design. The administrative and policy-making direction of Massey-Harris-Ferguson, Limited, will be the responsibility of James S. Duncan, with the title of president.

Harry Ferguson, whose inventive genius has made such a vast contribution to world agriculture, has consented to accept the position of chairman of the board and will be responsible for the designing

engineering and application of the famous Ferguson System to the new company's products. It is felt that his combination of the human and material resources of these two forward-thinking and

dynamic organizations, already demonstrated leadership, will be a step forward in the world of agriculture."

Bitner-Hisaw Wedding Held Last Friday

Miss Esta Mae Bitner, daughter of Mr. and Mrs. J. W. Bitner, became the bride of Mr. Jimmy Ross Hisaw, son of Mr. and Mrs. B. B. Hisaw of Whitharral, at the home of the bride's parents last Friday evening.

Baskets of yellow and pink gladioli in front of candelabra flanked the fireplace, and a double bouquet of matching gladioli adorned the mantelpiece. Before this background, Dr. Lee Hemphill, pastor of the First Baptist Church, read the double ring ceremony.

Miss Rosa Lee Hemphill played traditional wedding music, and accompanied Miss Clarabeth Theford, who sang "Wonderful One" and "The Lord's Prayer."

Bride Wears Blue
Mrs. Hisaw entered with her father, who gave her in marriage, wearing a smart blue faille coat-dress. A spray of red roses with white satin streamers topped the white Bible which she carried. Her accessories were black.

As maid of honor, Miss Trudy McGee wore a gray faille suit with black accessories, and carried a bouquet of white daisies with white satin streamers.

Mr. Driscoll Bryant of Whitharral served Mr. Hisaw as best man.

Brother, Sister Candlelighters
Miss Teddy Jo Bitner and J. W. Bitner, sister and brother of the bride, lighted the candles preceding the ceremony.

Mrs. Bitner chose a red faille design trimmed with black velvet for her daughter's wedding, and wore black accessories and a corsage of white carnations.

The mother of the groom, Mrs. Hisaw, wore navy blue with a white carnation corsage.

Bride's Bouquet Centerpiece
The bride's red rose spray formed the centerpiece for the bridal table at the reception following the ceremony, for which Mr. and Mrs. Bitner were hosts at their home. A double-tiered white cake was beautifully decorated with yellow flowers and wedding bells, and Miss Sue McCown served. Miss

Mrs. McQuarters, president; Mrs. J. H. Lee, first vice-president; Mrs. W. C. Nowlin, secretary; Miss Joyce Holden, Federation secretary; Mrs. G. A. White, treasurer; Mrs. R. W. Badger, reporter; and Mrs. C. O. Stone, parliamentarian.

By a vote of the members, the following new members were accepted:

Davene Thompson, Jack Sageser Wed in Cotton Center Ceremony

In a formal candlelight ceremony read Saturday night at 7 o'clock in the First Baptist Church at Cotton Center, Miss Nancy Davene Thompson became the bride of Mr. Jack Forest Sageser.

Double ring vows were read by the Rev. Max Holleyman before an altar draped with white satin and banked with tropical foliage interspersed with baskets of white gladioli and candelabra.

Mr. and Mrs. Lewis F. Thompson of Cotton Center are parents of the bride. The groom is the son of Mr. and Mrs. Forest Sageser, also of Cotton Center.

Proceeding and during the ceremony, Mrs. Tommy Applewhite offered an organ medley of traditional wedding music. She accompanied Mrs. Martha White who sang "O Promise Me" and Miss Joan Patching as she sang "Because" and "The Lord's Prayer." "Claire de Lune" was played while the vows were read.

The bride was given in marriage by her father. She wore an original model gown of white imported Chantilly lace over net and satin. The upstanding collar was embroidered with seed pearls, and the fitted bodice was designed with long sleeves. The shirred fullness of the immense skirt was accented by full-length panels of tiered lace in front and back, sweeping to a graceful train.

Her veil of silk illusion was joined to a tiara embroidered with iridescent beads, rhinestones and seed pearls. She carried a white Bible covered in white lace and topped with a white orchid showered with Stephanotis.

Sister is Attendant

Attending her sister as maid of honor was Miss Sharon Thompson. Bridesmaids were Misses Laura Jo Starnes, Marianna Corry, Sandra Cone and Ellis Ann Benson. Miss Thompson's frill of orchid taffeta was designed with a fitted strapless bodice completed by a brief lace jacket. The bridesmaids wore dresses identically styled to that of the maid of honor in aqua. All carried nosegays of yellow roses and wore tiaras of pleated net.

Candles were lighted by Max Sageser, brother of the bride.

groom, and Miss Verna Ruth Liles, cousin of the bridegroom. Flower girls were Charlotte McKinstry and Janice Burnett, nieces of the bridegroom. Acting as ring bearers were Bob Mills and Carolyn Burnett, niece of the bridegroom.

Ferrel Wheeler of Southland served the bridegroom as best man.

Ushers were John Starnes, Elbert Harp, Ellison Stambaugh and Chester Banks.

Reception in Residence
A reception in the home of the bride's parents followed the ceremony. The bride's table was laid with an imported lace cloth over white satin and centered by a tiered wedding cake. Appointments were in silver.

Presiding at the table were Mrs. W. K. McCaskill, Miss Joan Patching and Mrs. Jack Barton. Mrs. Ed Horsford registered guests.

Others in the houseparty were Misses Arlene Johnson, Ruby Cannon and Mrs. Leon Koelder. Mrs. Bill Albers presided in the gift room.

After a wedding trip to Colorado, Wyoming and Yellowstone Park, the couple will be at home at Cotton Center. For travel, the bride chose a fitted suit of navy wool crepe with gold and navy accessories.

The couple are graduates of Cotton Center High School. The bride is a senior student at Texas Tech. The bridegroom was graduated from Tech in 1952 with a degree in agriculture education.

Mrs. D. M. Thompson of Plainview honored her granddaughter, Miss Davene Thompson, and Jack Sageser with a rehearsal dinner Friday night in Graham's Dining room at Abernathy.

The table was centered with an

Hostesses for the occasion were Mesdames J. E. Fuller, H. A. Cates, Ray Montgomery, Ralph Lam- bright, I. V. Fent, Raiford Daniel, Sr., L. E. Silcott, John Lambright, Loyd Cowart, Archie Sorley, Geo. Bohner, H. B. Bohner, H. B. Car- son, Roy Granbery, C. S. Silcott, and T. E. Lewis.

REBEKAHS SEND THEIR PLEDGE FOR NEW HOSPITAL

Mrs. Ross Morgan, Noble Grand, presided at the stated meeting of the Rebekah Lodge held Monday night at the I. O. O. F. Hall.

A check for \$39, raised through bake sales, was sent by the Re- bekahs to fulfill their pledge on the building fund for a Convales- cent Hospital for the Aged at Ennis, Texas.

The annual pilgrimage to the Children's Home at Corsicana, Texas, will be held on September 9. For over 100 years orphans who have been raised in this home have returned yearly with their families.

Mr. and Mrs. Doc Binyard of Littlefield plan to attend the pil- grimage this year, although they were not residents of the home at any time.

When purchasing or making dresses, watch for comfort, certain self-help features, suitable materi- als and good workmanship.

LYMAN'S
RECIPE OF THE WEEK
By Mary Lee Taylor
Chicken Pot Pie
 2 Tablespoons butter 1 cup drained cut-up carrots, cooked or canned
 1/2 cup margarine 1/2 cup onion, sliced
 1/4 cup flour 1/2 cup celery, sliced
 1/4 cup milk 1/2 cup peas
 1/4 cup butter 1 cup diced chicken, cooked or canned
 1 cup cream of chicken soup 1 cup biscuit mix
 2 Tablespoons water
 Turn on oven and set at hot (400). Grease a shallow baking dish holding about 6 cups. Melt butter in a saucepan. Blend in flour, salt and pepper. Stir in 1/4 cup milk and the soup. Cook and stir over medium heat until thickened, about 5 minutes. Add carrots, onion and chicken. Put into greased dish. Put biscuit mix into a bowl. Stir in with fork a mixture of 1/4 cup milk and the water. Drop by tablespoons on top of chicken mixture to make 8 biscuits. Bake on oven rack slightly above center until biscuits are brown, or about 10 minutes. Serve hot from the baking dish. Makes 4 servings.
