

Poppy Day Sponsored By VFW To Be Staged In Littlefield On May 26

TOP RANKING HOMEMAKING GIRLS

Pictured at right are the winners in the FHA Style show held here last week. They were judged entirely on merits on their dresses made in Home-making. Shown wearing their dresses, which were winners are left to right, Bobby McShan, freshman, second place winner, Betty Clement, Senior, 3rd place and Vondee Fowlkes, sophomore, 1st place. Bobby Jo's dress is aqua pique, trimmed with white pique and she is wearing white accessories. Betty chose purple salyna cloth for her dress, with chateause accessories, while the first place winner is wearing white organdy. Judges for the style show were Mrs. Tom Maye, Homemaking teacher of Sudan, and Mrs. R. A. Brotherton and Mrs. Howard Taylor both of Littlefield and Homemaking majors.

Three top ranking Home Making girl students of Littlefield High School and FHA members, who won an all-expense paid trip to Fort Worth and the annual State FHA meeting, are pictured left. At extreme left is Miss Preble Lewis, who also holds a District elective office as Historian. Shown with her are Etoyle Pierce and Shirley Weatherford. Accompanying the girls to Fort Worth were the instructors, Miss Laverne Hayhurst and Mrs. Frances Nesmith.

FHA to Have Picnic Tonight At City Park

Due to the fact the Littlefield High School homemaking class has grown so large and seating capacity for a banquet is limited, the annual Mother-Daughter banquet, sponsored each year by the organization will not be held—but there will be a "Parent-daughter" picnic tonight, (Thursday) in the City Park, to be held in the northwest corner, at 7 p. m. Students will bring a basket supper and the food will be spread and a picnic supper will be enjoyed. Both parents are invited. More than 300 are expected to attend.

JIMMIE CHAPMAN IS CHAIRMAN IN CHARGE OF DRIVE

Report Heaviest Welfare Load In History Of Post

As announced by Commander Earl Drerup of Post No. 4854, plans are underway for staging the 30th annual nation wide poppy sale by the veterans of Foreign Wars. Saturday, May 26, is the date set for the sale on Littlefield streets of these familiar flowers.

Commander Drerup announced the appointment of Jimmie Chapman to serve as chairman of the sale in Littlefield. Chapman has led the Buddy Poppy drive in Littlefield or the past three years, with the help of Gold Star Mothers.

A World War II veteran, Chapman served in the Marines for three years. He spent 26 months in the Pacific theater of operations.

As in previous years, the Buddy poppy symbols of the fields of Flanders, will be sold by a group of volunteer young girls and women, assisted by Gold Star Mothers.

"Most of the money that we collect in this sale will remain right here in our own community, to help finance the relief and welfare work which we have undertaken in behalf of our own veterans in need and their dependents."

Fire Damages Gage Home Tuesday

Fire broke out in the home of Mr. and Mrs. Rusty Gage on the Bula highway Tuesday afternoon about 2:30 o'clock and completely ruined the furnishings of the living room and did considerable damage to the room and smoked the remainder of the house.

No one was at home when the fire broke out, and before it was discovered by neighbors, considerable headway had been made when the fire department arrived.

Mr. and Mrs. Gage are both employed. He works for Garland Pump and Equipment Co., and Mrs. Gage is employed at Walter's Drug. However, they had been at home during the noon hour, it was reported.

Mother's Day Theme to Be Featured At Emmanuel Lutheran Church Sunday

Climaxing National Family Week, the worship hour—now set for 10 a. m. at the Emmanuel Lutheran Church, 417 West Third Street, this Sunday, May 13, will center its attention upon the home and the family in connection with nation-wide Mother's Day.

In connection with this National Family Week Observance, the Board for Parish Education of the Lutheran Church—Missouri Synod, has developed a new "Christians Family Standard." This standard will be used in counselling newly married couples, families in trouble and Christian families trying to get the most out of family life. To that end members of the Lutheran Church will also use the Standard.

Mother's Day, May 13, at Emmanuel Lutheran, according to the funds for the support of the Armed Service Commission of the Lutheran Church. Emmanuel Lutheran will be joined in this endeavor by their fellow-Lutherans throughout the United States. The Commission has the tremendous task of

(Continued on Page 5)

Last Rites Held For Fire Victim

Mrs. Louise Stanfield, 24 year old Negro housewife was burned to death last Saturday morning at 7 a. m. when she was trapped in her two-room frame home on the Doyle Pinson farm 7 miles west of Olton, and about a mile and a half from the Phillips Pipeline Station.

An attempt by George C. Brown, Lamb County commissioner and also a farmer living adjacent to the Pinson farm, to save her life was unsuccessful. He and a helper, Tony Martinez saw the fire and rushed about 100 yards to the house.

Brown went inside but couldn't locate the woman, who he said, was screaming and beating the walls. He fell as he tried to leave the burning building and Martinez, a 17 year old Latin-American who does not speak nor understand English, pulled him from danger.

Although Brown was almost overcome by smoke and blaze, he was not seriously injured.

The victim's husband told law authorities that a kerosene oil lamp had been left on papers on

Hart Camp High School Students To Attend Olton High Next Year

Announcement was made and who for the past twelve years published in Olton last week, following a meeting of the Olton School Board with the School Board of the Hart Camp School and completed a contract, whereby Hart Camp High School students, Lonnie Neinst, C. P. Montgom-

Father of Mrs. Q. T. Bellomy Taken By Death

Funeral services were held Tuesday morning at Coleman for W. T. Jones, 85, who passed away in a hospital at Burnett, Sunday afternoon at 5 p. m. The body was taken to Breckenridge following the funeral services, for burial beside his wife, who predeceased him in death many years ago.

Surviving are two children, a son, W. T. Jones, Jr., of Coleman and a daughter, Mrs. Quinten Bellomy, Littlefield. Both were with him when he passed away. Mrs. Bellomy had been with her father.

OPS Official to Be Here Tuesday

The Office of Price Stabilization is sending L. C. Tyson price specialist from the Lubbock district OPS office, to Littlefield Tuesday afternoon, May 15, to assist business men of this area in complying with the federal pricing program. It was announced by the local chamber of commerce.

Mr. Tyson is a price specialist in the foods branch of the Office of Price Stabilization. However, he will be able to give information to representatives of all types of businesses concerning the ceiling price regulations. He emphasized that practically all business men, excepting those specifically removed by the "tailored" regula-

Farm Worker Rescues His Boss

FIGURE COURTESY PHILLIPS PIPELINE

Tony Martinez, 17 years old, is unable to speak or understand English. But that didn't keep him from saving the life of Lamb County Commissioner George C. Brown, shown here as he rests in an easy chair in his farm home near Olton. Brown was overcome by smoke as he attempted to rescue a Negro housewife who burned to death Saturday morning when flames destroyed her two-room home on a farm adjoining Brown's property. Martinez, who works on the Brown farm, reached through the door of the blazing house and pulled his employer to safety.

Lamb County Spelling Entry at Amarillo to Be Held May 28 Before His Elimination

Howard, champion speller of Lamb County, having topped in the Globe-News Spelling contest last month, is to compete in the spelling bee, even though

he did not get the honor of repeating his winning of first place here.

A field of 38 spellers from throughout the area was on hand for the Amarillo competitions and Bert "Spelled down" 28 of them, before he was retired on the word "moratorium"—rather a jaw-breaker for a 13-year old.

And it may not have been an actual misspelling of the word that made him No. 29 on the retired list, because both Bert, and his

RODEN IS IN CHARGE OF GREEN DRUG STORE; MONKRES, ASST. MANAGER

R. T. RODEN E. E. MONKRES

Mr. Roden, formerly of Friona, has taken over the management of the Roden-Smith Drug Store. Mr. Monkres, formerly of Friona, will move his family to Friona for the summer months. Mrs. Roden has two children, Mack aged 10 and 7 years old. Mr. Roden is the brother of R. T. Roden and both of Clovis, Texas. Mr. Roden comes here from Friona where he has been manager of Friona Hospital and in connection for some time a registered pharmacist. He has been connected with the business since a boy sixteen years of age. He came to this area from San Angelo, Texas. Mr. and Mrs. Monkres, who are living at 408 West Second Street, have two sons, Jackie aged 8½ years, and Ronnie, 7 years old. Miss Catherine Blackburn is bookkeeper and cosmetician, while Mrs. Corrine Vest and Mrs. Lorene Stephens are cashiers under the new management. Weldon Shultz, formerly of Clovis, New Mexico, is in charge of the fountain at the Roden-Smith Drug. This store is a Walgreen agency, and carries a full line of nationally advertised drugs, cosmetics, sick room supplies, candies and sundries. Previous to Mr. Roden taking over the management, the store was under the management of Reed Bond and Joe Shields. Mr. Bond has purchased an interest in a drug store at Abertathy; and Mr. Shields has returned to the South Plains Cooperative Hospital, where he was employed previous to coming to Littlefield.

Young People of Parkview Church To Have Service

The Young People of Parkview Baptist Church will have charge Sunday in the absence of the pastor, Rev. Elvin Ingram who will deliver the sermon of baccalaureate for the graduating class of Amherst High School.

Services will begin at 8:30 o'clock, immediately following Training Union. Kenneth Holliday will bring the message. Special songs will be rendered and devotionals will be brought by Misses Dorothy Bitner and June Roberts. Misses Joetta Burton and Doris Robinson will sing a special duet, accompanied by Miss Katherine Charles Timms will lead the congregational song service.

Cpl. Emmett Farrell, son of Mr. and Mrs. Toby Dodson is still confined in the hospital and will undergo surgery. He was not wounded as was earlier reported.

Mr. and Mrs. V. T. Tannery and girls spent the weekend in San Angelo and Abilene.

Mr. and Mrs. W. T. Clayton visited with their grandmother in Lubbock, Wednesday.

Mr. and Mrs. J. S. Henderson were visitors in Springlake, Thursday.

Pvt. Jimmy Smith son of H. D. Smith stationed in South Carolina is home for a few days. He will visit in Oklahoma before returning to duty May 11.

Fellowship Meeting At Local Church Today and Friday

A Top of Texas Fellowship meeting will be held at the Missionary Baptist Church beginning this morning, (Thursday) and continuing through tomorrow night. Outstanding speakers will be here from West Texas, Panhandle and the South Plains. Dr. Maurice Hutchinson of Pampa, president of the organization will lead the services.

There will be preaching and singing throughout the two day session. Dr. Luther C. Peak of Dallas, who is here for the revival services, will be the main speaker today, and will speak at the 11 o'clock hour.

Ladies of the local church will serve dinner at noon and supper at 6 o'clock, both days of the Fellowship meeting.

Enjoying Trip to Hawaiian Islands

Friends of Mrs. T. A. Henson are receiving cards from her this week, written while on board ship "S. S. Lurline," Queen of the Hawaiian seas.

Mrs. Henson says she is enjoying her trip and meeting many interesting people. She is making the trip to Hawaii with her daughter Mrs. Ila Sewell. After visiting relatives in California, on their return trip, they will be home the latter part of this month.

F. H. A. NEWS By The Reporter

The F. H. A. met Tuesday night at 7:20. The group voted to have a picnic after the dismissal of school for summer vacation.

The Mother-Father-Daughter picnic is scheduled for Thursday night, May 10, in the City park. Everyone taking Homemaker is invited to come and bring their parents.

Preble Lewis, Shirley Weatherford and Etoile Pierce presented the program and reported on their trip to Fort Worth. Everyone enjoyed the program.

WOW State Head Is Visitor Here

George Hine, WOW State Manager, arrived in Littlefield Thursday, and was a visitor and guest speaker at the regular meeting of the Woodmen of the World here Thursday night, which was held at the Legion Hut.

Four Candidates were initiated into the Woodmen, following which an icecream supper was enjoyed.

A large attendance is reported. Besides Mr. Hine, others making talks were Merle Beard and Bob Kirk.

A number of visitors from Earth, Amarillo, etc. were in attendance, among whom were C. D. Livingston of Amarillo.

HAVE WEEK END VISITORS

Mrs. Jerrold Smith and two chil-

dren of Lubbock and Mr. and Mrs. Bedwell and daughters, Mr. and Mrs. O. L. Bundick of Jal. New Mexico spent the week end here with friends and relatives.

Poppy Day

(Continued From Page 1)

Commander Drerup explained. "The balance of the proceeds of the annual Buddy Poppy sale is used to help maintain the nationwide rehabilitation service of our organization," he added. "For example, we contribute one penny for each Buddy Poppy sold to the operation of the V. F. W. National Home for widows and orphans at Eaton Rapids, Mich. This is the only home of its kind in the world. It was founded in 1925. Since then hundreds of orphans of veterans have been given the opportunity to become healthy, self-supporting citizens."

"We are going to need the additional funds that will be made available if we have a sufficient number of workers to help us sell a greater number of Buddy Poppies this year," Drerup explained. "We are confronted with the heaviest veterans welfare load in the history of our Post," Drerup said. "Inflation has brought great hardships to many veterans and their dependents. We are particularly interested in the assistance from the federal government in the form of disability compensation or pension checks. The cost of living has spiraled upward for these men, just as it has for all other persons. But these veterans and their families, are dependent upon incomes that were fixed by Congress when food, clothing and rent costs were considerably lower than they are today."

OPS Official

(Continued from Page 1)

tions, are covered by the general ceiling price regulation.

The chamber of commerce says plans have been worked out for the OPS office to have a price specialist in Littlefield every Tuesday afternoon to work with business men in the area. Specialists from different branches will rotate in order to cover completely the regulations within the shortest time possible.

All business men are urged to consult with the OPS representatives in order to bring their firms into complete voluntary compliance as soon as possible.

Mothers Day

(Continued from page 1)

keeping the church with the servicemen. It serves enlisted men, officers and chaplains of the church. A goal of \$600,000 has been set as the national goal which is to care for the needs of the commission for the next three years.

Sing Festival Benefit Set For Friday Night

Music lovers will be given a treat Friday night, when a total of more than 40 singers will be here to present a sing festival Friday night at 8 p. m. at the High School auditorium for the benefit of the Lamb County Youth Center.

The Lubbock chapter of the Society for the Preservation and Encouragement of Barbershop Singing in America, will bring from three to five quartets.

The proceeds will be used to improve the Youth Center.

C. A. White, president of the SPEBSQSA Lubbock chapter, is arranging details of the concert. He has announced the Tech Harmonettes, girls quartet, the Khord Kings and the Boy Scout Troop Rebelaires are among the groups scheduled to sing.

James Preston Joins Employment Office Here

James Preston, of Ralls, who has done temporary work for the Texas Employment commission, has joined the Littlefield office on a full time basis, according to J. D. Jordan, local manager.

Mr. Preston will be farm placement interviewer, serving the farmers of Lamb, Bailey, Farmer and Castro counties, in obtaining help.

The four counties are expected to have 600,000 acres in cotton this year and a tremendous amount of help in various capacities will be required. It is this big need that necessitates the expansion of the service at the local employment office.

Mr. Preston is married and has two children. The new family is living at 721 East Fifteenth Street.

American Legion

(Continued from page One)

a large number of towns in West Texas and generally is bounded on the west by the New Mexico line, on the east by Snyder and east and west from Lamesa to Plainview.

The state is divided into numerous districts. As the season closes, districts will have play-off tournaments with winners advancing to regional, state and finally to national competition.

All boys who wish to play are asked to report at the Fair ground ball park evenings at 5:30 for practice workouts lasting until about 7:00. The team selected to represent Littlefield, is limited by the rules to 16 players, providing a team with seven relief and substitute players.

Hofacket a ball player and baseball enthusiast, is going to work his men hard the remaining days of this month, to select the best possible team.

League playing schedules are now being worked out at district headquarters and are expected to be announced in the near future, with league play probably to start on or about June 10.

Harrell Collard

(Continued on Page 5)

the scene of the service, but always offering inadequate seating capacity.

School officials made the announcement of the completion of the plans Wednesday.

In addition to the main address by Mr. Collard, Rev. Lee Hemphill, First Baptist Church, will give the invocation with Rev. Carter McKemy, First Presbyterian Church, pronouncing benediction.

A vocal trio composed of Minyon Theford, Clarabeth Theford and Margie Gregg will render two numbers, "God Is A Spirit," and "Now Is The Time." Congregation will join in singing the traditional "Faith of Our Fathers." Announcements will be made by School Superintendent, Joe Hutchinson.

Hart Camp

(Continued on Page 5)

and arranging the contract.

Under the agreement worked out the Hart Camp School Board will care for the transportation and tuition at the Olton School.

Last week, in Littlefield, Judge Otha Dent announced that petitions had been received from both Hart Camp and Spade, asking that an election be set and held on the issue of whether the Hart Camp and Spade schools should be consolidated, which will be voted upon May 26.

Whether the outcome of this election would change the announced Olton-Hart Camp High School arrangement, is not known. It is probable that some extensive improvements would be made at the Spade School, if the consolidation were approved by the voters, as it would sharply increase the Spade enrollment.

Disappointed At Senate Action

The Texas Senate Tuesday, passed by a vote of 18 to 12, as an amendment to the Hull Bill, known as a "Long Line" Gas Tax Plan, after turning down the alternate proposal which would have boosted the production tax on Natural Gas from 5.2 to 10 per cent.

The action is not final, of course, as House concurrence must be obtained, but with legislators already on half-pay as the regular session overran its time, legislators are in the mood to hurry things through and may, in this humor yield to the Senate wishes.

Judge Dent, expressed disappointment at the Senate action, as head of County Judges and commissioners Association and stated that he would go to Austin this weekend, to continue his efforts for the bill to tax Natural Gas at one cent per thousand feet.

D. E. Class Enjoys Palo Duro Canyon

Littlefield Distributive Education students and sponsor, Jesse Foster and several guests enjoyed an outing and picnic at Palo Duro state Park, Sunday despite the cold blustery weather, Mr. Foster said.

Representatives from D. E. Classes in Big Spring, Lamesa, Lubbock and Littlefield were in attendance.

Each person present brought a picnic lunch which was spread during the noon hour and a get-acquainted hour followed. Hiking and exploring the canyon was enjoyed by the group.

Those attending from here included Emil Macha, Wayne Shaw, John Cobb, Robert Attaway, Evelyn Jenkins, Jack Yeasel, Wanda Owens, Gwendolyn Colson, Harlan Cline, Gayle Seifers, Lucille Dunn, class members and Irene Smith, Louis Sage, Jackie Beckner and Roy Lee Dunn, who were guests and the class sponsor, Jesse Foster.

Last Rites

(Continued from page 1,

the kitchen floor to keep some baby chickens warm. Sheriff Sid Hopping said the lamp probably exploded or turned over, igniting the papers.

The Olton fire department was called but the house was in ruins upon their arrival. Brown was working on an irrigation well 50 yards from the house when he saw flames and heard the woman scream. The victim had been

asleep when Stanfield, a worker on the Pinson farm, left to milk cows.

The woman's charred body was taken to South Plains Funeral home in Lubbock where funeral services were held the first of the week. The couple had no children.

Father Of

(Continued from page 1) since he was stricken with a heart attack Wednesday, April 25, at his home in Marble Falls.

Other survivors include four grandchildren, Tommy and Beverly Jones of Coleman and Anne Q. and Carol Bellomy, Littlefield.

Deceased had spent considerable time here with his daughter and had made a host of friends who regret his passing.

Mr. and Mrs. Q. T. Bellomy and children and his father, J. T. Bellomy were present for the last rites and returned home Tuesday night.

Lamb County

(Continued from page 5)

parents, Mr. and Mrs. C. S. Duncan, as well as his spelling teacher, Miss Flo Dickinson, think that he spelled the word correctly—that the judge failed to correctly hear—but "decision of the judge was final."

Not a bit down-hearted the young man was awarded and now is the proud possessor of a trophy inscribed, on bronze, "Lamb County Champion, Globe-News 1951 Spelling Bee."

Bert is back on the job here at the Lamb County Leader, where he is employed after school hours, and the look in his eye, indicates trouble for the 1952 spellers.

News of Women

Ellen Massengill Honored As Top Freshman Student at Lubbock

Miss Ellen Webb Massengill, daughter of Mr. and Mrs. L. L. Massengill, was signally honored Thursday night by the Association of Women Students of Texas Tech. when they observed their annual May day dinner, held Thursday night in the main ballroom of the Hilton Hotel, for having made the highest grade point average of all freshman women in Tech, during her freshman year. She was presented with a gold necklace with a pendant replica of the Forum pin. The award was made by Rachel Dunaway, president of the Forum.

Miss Massengill received the Pan Hellenic award of \$75 last September for having made the highest grade point average of any freshman in the Home Economics Division, but did not know until Thursday night, when she attended the banquet that she was the highest of freshman women in Texas Tech.

The honor student was elected vice president of the Junior Council, at a meeting held prior to the banquet Thursday afternoon. This organization is made up of 20 students, selected for their high scholastic average and can be a member but one year.

Special guests present for the May Day dinner, included Margaret G. Twyman, Dean of Women, Mrs. D. M. Wiggins, wife of Tech's president, Mrs. Young, Drane Hall housemother, Mrs. Mox Eikel, Women's Dorm III housemother, Mrs. Cecil Turner, Women's Dorm IV housemother, Miss Margaret Weeks, dean of Home Economics, Mrs. Doak, former dean of women, Miss Sue Rainey, Forum sponsor,

Jane Rumback Honored On Ninth Birthday

Jane Rumback was honoree at a birthday party, Sunday May 6, in celebration of her 9th anniversary when her mother, Mrs. Wm. J. Rumback entertained for her in the banquet room of Hayes Coffee Shop from 3 to 5 o'clock.

A May Day theme was carried out in decorations. The refreshment table was laid with a white cloth centered with a May pole made of pastel shades of crepe paper. The birthday cake decorated with a light shade of yellow icing, with the words, "Happy Birthday Janie," in green icing and white daisies with yellow centers decorated the top of the cake. Ice cream was served with the cake.

A series of games were enjoyed by the children and Janie received many lovely gifts.

Those attending the party, included Keith Dickson, Gay Hall, Janie Rumback, Carol Jean Naylor, Lena Fern Naylor, Frances Louise Rogers, Phillips Zahn, Darlene Chisholm, James Hayes, Terry Hyatt and Bobby Badger.

Dr. Agnes True and Doris Nesbitt, junior council sponsors and Mrs. J. G. Allen, wife of the Dean of Student Life.

Luncheon Meeting of Presbyterian Women Is Held Monday

Both groups of the Presbyterian Auxiliary met jointly in the church dining room Monday for a covered dish luncheon and business meeting, with Mesdames By-

Local PTA Officers Are Installed In Impressive Ceremony Tuesday Afternoon

A joint session of Central and Primary PTA was held in the High School auditorium Tuesday afternoon, marking the closing of the years work by the two groups.

Reports were made by the historian of the groups; Mrs. C. O. Greer gave an outstanding report of the years work accomplished by the primary PTA and Mrs. Huston Hoover historian of the Central School organization gave their report.

Following the business session, a most impressive candlelight installation service was held, for the newly elected officers. Mrs. Ralph Nelson was installing officer. Two huge candles, one of maroon color and the other white, (the school colors) were lighted by the installing officer. White was to represent the light of purity, while maroon, composed of two colors, red and blue, represented the light of love, (red) and blue the light of truth. Each officer in turn lighted a candle, which portrayed one of the virtues. These virtues compared to virtues of "motherhood." Mrs. Nelson said and she used short poems on "motherhood" in conjunction in giving the charge to the officers.

The local PTA has recently been re-organized. There are still two divisions—the Elementary and the Junior High School, replacing primary and central divisions. The former takes in grades from one through six and the Junior High includes the seventh, eighth and ninth grades.

Officers of the elementary PTA include Mrs. C. C. Latham, president, Mrs. Roy Wade, vice-president, Mrs. Arthur Duggan, secretary and Mrs. Ralph Nelson, treasurer. Junior High PTA officers installed, were Mrs. F. E. Yohner, president, Mrs. J. H. Lee, vice president, Mrs. L. H. Ream, secretary and Mrs. O. P. Wilemon, treasurer.

Following the installation ceremony, gifts were presented to the retiring presidents, Mrs. A. S. Parack, Mrs. Ray Hulse, of the Primary department. Presentations were made by Rev. Carl Schulte and Mrs. Troy Armes, respectively.

Short talks were made by the newly installed presidents and Mrs. Latham introduced chairmen of her committees.

MRS. C. C. LATHAM

MRS. F. E. YOHNER

Congratulations To:

Mr. and Mrs. Wm. Jerold Munger of Littlefield on the arrival Saturday of a daughter at the Littlefield Hospital. The infant has been named Rita Mae Munger.

Mr. and Mrs. Jack Carrell a dudel of Bula on the birth of a son Tuesday, May 1, at the Littlefield Hospital. The boy weighed 8 lbs. 2 oz. and has been named Randy Guy.

Mr. and Mrs. V. V. Wojtek, Jr., on the arrival of a daughter Wednesday, May 2, at the Payne-Shotwell Hospital. The boy weighed 7 lbs. 6 oz. and has been named Evelyn Katherine. Mrs. Wojtek and baby were released from the hospital Saturday.

Mr. and Mrs. Albert Vidlar of Anton on the birth of a son Saturday at the Payne-Shotwell Hospital. The boy was named Albert Dwayne, and weighed 8 pounds 2 ounces.

Mr. and Mrs. D. E. Layman of Earth on the arrival Saturday of a son at the Payne-Shotwell Foundation weighing 7 pounds, 10 ounces.

MRS JONES IN DALLAS

Mrs. Dennis Jones is spending several days with her son, Eddie Ray Jones, student at Southern Methodist University, and also visiting in the home of Mr. and Mrs. Dave Hicks, former Littlefield residents.

An informal tea was held in the auditorium during the social hour. Punch was served by Mrs. Frank Rodgers and Mrs. O. P. Wilemon.

Mary Rue Fox Recent Concert Tour

Miss Mary Rue Fox, student at Hardin-Simmons College, Abilene, plans to spend Friday night with Misses Dorothy Yarbrough and Margie Renfro at Tech and then come to Littlefield for the week end with her parents, Mr. and Mrs. O. C. Fox.

Miss Fox, who is majoring in music, has been on a recent concert tour with the Cow Girl Band of Hardin Simmons, visiting Waco and other points.

Now Available to Local Farmers

The Greatest Agricultural Discovery of the Century

Calfide 104

"Natures Own Soil Conditioner"

DIRECT FROM THE HEART OF THE ROCKIES TO THE FARMERS OF THE NATION

When Properly Applied

Releases locked up plant food—Induces spectacular plant growth—Breaks up adobe soil—Will not burn most tender plants—Speeds germination—Sweetens acid soil—Helps retain moisture—Repels aphids and other insects—Sure death to alkali.

Signed Statements Testify That

1. CALFIDE 104 will neutralize alkaline soil.
2. CALFIDE 104 will break up heavy and adobe soils.
3. CALFIDE 104 modifies both the physical and chemical nature of the soil.
4. CALFIDE 104 releases plant food which has been locked up in the soil.
5. CALFIDE 104 speeds germination.
6. CALFIDE 104 Greatly improves soil tilth and retention of moisture.
7. CALFIDE 104 furnishes many essential mineral elements.
8. CALFIDE 104 will not burn the most tender plant.
9. CALFIDE 104 assures a better yield and higher quality crop on any type soil.
10. CALFIDE 104 is free from weed seed and has a lasting effect on the soil.

CLASSIFIED ADS PERSON-TO-PERSON WANT ADS FOR QUICK RESULTS!

6, 1949.

There were 26 society members during the first year of the organization. This number has been reinforced by dozens of other cadets through desires of group members to add materially and spiritually to Tech.

Despite the fact that the group has grown considerably during its two year history, standards by which members are selected are fairly strict. To become a member of the society the cadet must be regularly enrolled in advanced ROTC and must maintain a 1.0 point grade average in his work.

St. Martin Lutheran Church Will Observe Pentecost in Services Sunday

Pentecost will be observed Sunday at St. Martin Lutheran Church, with Sunday school at 10 a. m. and morning service at 11 o'clock. In the evening there will be a special Mother's Day Service, sponsored by the Luther League. A sound filmstrip entitled "At Home With God" will be shown. Refreshments will be served following the service. The public are cordially invited to attend.

Donald C. Power New President of General Telephone

NEW YORK, April—Donad C. Power was elected president of General Telephone Corporation, effective June 1, 1951, at a directors' meeting today following the annual meeting of stockholders. Mr. Power, a Columbus, Ohio, corporation and public utility lawyer, will succeed Harold V. Bozell who reaches automatic retirement age on May 31. Mr. Bozell, who has been president since 1940, will serve as president until his retirement, after which he will continue as a director and in consulting capacity.

Mr. Power has been a director of General Telephone since last April and a director and counsel of its Ohio subsidiary since 1932. A specialist in utility law, he has served for the last three years as general rate counsel for the corporation's fifteen operating telephone subsidiaries which own 1,340,000 telephones in nineteen states from coast to coast.

Prominent in Ohio affairs for many years, Mr. Power is senior partner of Power and Griffith, attorneys at law located in Columbus, and at present is chairman of the board of trustees of The Ohio State University. From 1939 to 1943 he was Secretary to the Governor of Ohio during the term of John W. Bricker and prior to that served for three years as Assistant Attorney General and Attorney of the Public Utilities Commission of Ohio.

General Telephone Corporation is the parent Company of Southwestern Associated Telephone Company which operates the local telephone exchange.

CHAMPION—The winner of the annual university donkey race is Mrs. B. Stretch (right), riding the donkey at left. But Dr. Stretch had some help from Kay Mitchell (walking, extreme right). Dr. Stretch has been champion donkey rider since the event started in 1932 on Baylor's annual Play Day. (AP Photo)

Lowering Irrigation Pumps Is 'Danger Signal' Reports Group

With another heavy irrigating season under way, many farmers in the South Plains area are having to lower the pumps on their water wells, according to reports received by the High Plains Water Conservation and Users Association.

Illustrating the fact that the problem is widespread, one farmer reported that Flatview pump company put him on a waiting list and said it would be at least two months before they could get to the job of lowering his pumps.

Other reports indicate that a lot of windmill wells, used mostly for domestic purposes, have failed in the 60-70 foot upper strata and have had to be deepened to the irrigation well level. This indicates that the higher water sands are being depleted.

While water levels have not gone down much and there seems to be no immediate danger of the irrigation water running out, this lowering trend is interpreted by the association as a "danger signal."

"Now is the time to do something about the lowering of water levels while the problem is small enough for us to tackle," a spokesman said.

An underground water conservation district, if created, will have conservation powers which should stop the gradual decline of the water level, or at least retard the decline, the association pointed out. Proper spacing of wells, prevention of waste, better pumping practices and a re-charging program would help keep the water levels up.

Amherst Baptist Church Dedication Held Sunday With All-Day Program

The Amherst Baptist Church was formally dedicated last Sunday and the first services held in the new church building.

An all day meeting opened with Sunday school at 10 a. m., church at 11, with Rev. J. Henry Cox, pastor, delivering the morning message. A basket dinner was served at the noon hour.

The afternoon program opened at 2 o'clock at which time the associational and district officers were introduced. Rev. A. W. Blair, pastor of the Muleshoe Baptist Church brought the dedication message.

Training Union was held at 7:30 p. m. and the evening sermon was delivered by Rev. John E. Evans of Havener, Okla. He is a former pastor of the church, having been pastor from April 1932 to September 1936.

Verble Barker was in charge of the program and arrangements; W. D. Kay, music director; Jim Edwards, training union director; Mrs. E. L. Schovajsa, pianist; Mary Brantley, vice chairman of the board of deacons; Mrs. Willie Tomes, president of the Women's Missionary Union; Ira Holland, building chairman and T. I. Batson, finance chairman.

In the summer of 1924, an organizational meeting of the First Baptist Church was held in a small frame building on the lot where the A. A. Blair home now stands. This was used as the one room school and the community building. The moderator for the meeting was J. H. Akers, who was a

Two Types of Rabies--'Dumb' and 'Furious', Says Dr. Cox

Wherever there is an over population of biting animals whose natural defense is their teeth, and which travel along the ground, there is a potential danger of a rabies outbreak.

This is the word from State Health Officer Geo. W. Cox concerning the disease which is currently flaming over Texas.

Wild foxes and skunks are chiefly responsible for the East Texas trouble, Dr. Cox said, and urged residents to take strong measures against them.

"There's a law prohibiting the sale of pets during December or January, but there is no law to prevent killing them anytime they can be caught in artificial light," the health official declared.

He described rabies as being of two types--"dumb" and "furious." Either type is one hundred per cent fatal to animals and humans once the symptoms develop. And, he added, any warm blooded animal, including birds, can contract the disease.

Disclaiming the classical mad dog with its frothing jaws as "misleading," he explained that a rabid dog's appearance frequently leads the owner to suspect bone lodged in its throat.

"More than one owner has forced open a dog's mouth to investigate, and made himself liable to rabies exposure," Cox said.

He urged that suspected animals be put in care of a veterinarian for observation and declared that a definite change in behavior is usually the first symptom of infection.

Livestock losses have been high in the eastern section of the state, the health officer said, but indicated that they are heightened when wary farmers kill valuable stock because they suspicion rabies.

He said that of the 127 raw heads sent to the State Health Department laboratories for examination so far this year, only 25 of them were positive indicating the others had been killed without allowing sufficient time for observation.

AUTHOR Of the Week

By W. G. ROGERS

George Santayana, at 87, has just completed what is supposed to be his last book, "Dominations and Powers: Reflections on Liberty, Society and Government." In his long life he has been a prolific author, beginning with a volume of sketches in 1884; among his 30 or so titles, some of them like "The Life of Reason," running to several volumes, the one probably best known to the man in the street is his novel, "The Last Puritan," which was published in 1895. Santayana was born in Spain, studied in Harvard, Berlin and Cambridge, and taught at Harvard, Oxford and the Sorbonne. For some years he has been living in Rome in a nursing home, but his health, according to his publishers, is good.

the business as Dyer's. The cafe is located at 600 West First Street.

Mr. and Mrs. Wofford have announced they will move to Abilene where he has accepted a position with the Veterans Administration. He was formerly with the VA office in Lubbock, but for the past year has taught in the Central School. Mrs. Wofford has operated the business under the name of Wofford's Fine Foods for the past several months, having bought the cafe from Mr. and Mrs. Fischer.

RETURN HOME

Hugh Vincent has returned home to Sudan after spending 5 days visiting Mrs. Vincent's parents Mr. and Mrs. Chas. Tisdale of Westaco, Texas and fishing in the Gulf of Mexico. Mr. Vincent said the Valley looked as if it was

burned up, due to the hard freeze; lack of rain. However, he reports the cotton crop looks fair.

There are almost 3,000,000 square miles in continental United States.

Latex for rubber is obtained by wounding a tree which by trying to heal the wound

CITY OF DETROIT TO OBSERVE 250th BIRTHDAY DURING JULY

The City of Detroit, Michigan is celebrating its 250th birthday in 1951 and one of the major activities of the broad program will be music.

Conductors have been engaged for the entire series of symphony concerts to be performed on Belle Isle this summer as a part of Detroit's 250th Birthday Festival. Eduard Werner, chairman of the Festival music committee and president of the Detroit Federation of Musicians, it has been announced.

Berry Montoux, director of the San Francisco Symphony, will conduct the first concert on July 5. The program will feature the music of France and appropriately, Montoux was born in Paris. He attended the Conservatory there, played violin for the Opera Comique, and conducted his own "Concerts Montoux".

During his long career in the concert field, he has directed the orchestra for Serge Diaghileff's Ballet Russe, the Paris Opera, the New York Metropolitan Opera and the Concertgebouw Orchestra in Amsterdam, Holland. In America, Pierre Montoux has conducted various orchestras including the Philadelphia, Boston, New York

Los Angeles and San Francisco symphonies.

Antal Dorati, director of the Minneapolis Symphony Orchestra, will conduct the July 13 concert. Dorati, who has led orchestras all over the western world from Brisbane and Adelaide to Budapest and Florence, is a particularly appropriate choice to lead the International Concert in the series.

Born in Budapest, Dorati, who is surprisingly young, studied under Hungary's most distinguished composers, Zoltan Kodaly and Bela Bartok. He has conducted symphonies in Budapest, Florence, London, Toronto, Vancouver, Washington, Minneapolis, Melbourne, Brisbane and Cleveland. The third concert on July 22 will be conducted by Sir Ernest MacMillan, director of the Toronto Symphony. Sir Ernest MacMillan, director of the Toronto Symphony, Sir Ernest, whose engagement has already been announced will conduct a program of British and Canadian music.

The last of the concerts, on July 29, will be directed by Walter Poole of Detroit. Born in Oklahoma Territory, Poole will conduct a symphony featuring the music of America.

Poole is now the resident conductor of the Detroit Symphony, the conductor of the Summer "Pop" Concerts, and a professor at Wayne University.

Coming from pioneering stock, Poole has a broad background in native American music. During the time he was conductor of the Michigan Symphony Orchestra, he introduced more than a dozen American scores including works by Aaron Copland and Roy Harris.

"The high caliber of the series is assured," Werner said. "This will be the springboard for many developments," he said, "for there is a tremendously active desire on the part of Detroiters generally to the effect that the Detroit symphony become a permanent thing in the fall. I think there is a probability that this will come to pass providing the forces desiring a symphony, band together in a proper manner."

SAFEST TRUCKS ON THE ROAD

NEW DODGE "Job-Rated" Trucks

The trucks that do the most for you

Safer stops with "Job-Rated" brakes
Step on the brakes of your Dodge "Job-Rated" truck and you're sure of smooth stopping action far in excess of normal requirements. You get long-lasting Cyclebond "no-rivet" brake lining--with lining area increased as G.V.W. rating goes up! Now, on models 1 1/2-ton and up, except air brake models, you get another Dodge "first"--new Tapered, Molded Cyclebond brake lining. It's longer-lasting, extra quiet--free from "squeal." Independent hand brake also adds to safety.

Safer steering and easier handling
Now, you can maneuver your Dodge "Job-Rated" truck with less effort! Steering is more accurate. New easy-acting worm-and-roller steering gears on many models. To make driving still safer, Dodge "Job-Rated" trucks have new, shorter turning diameters. You also get the easy-handling advantages of cross-steering, short wheelbase, wide front tread. All these features add up to the easiest handling truck on the market!

FLUID DRIVE now available
Only Dodge "Job-Rated" trucks offer this great "exclusive"--available on all 1/2, 3/4, 1 and 1-ton models and Route-Vans. Help assure less wheel-spinning on slippery surfaces... less tendency to spin in mud, sand, snow or wherever the going is tough. What's more, gyrol Fluid Drive makes driving easier, helps protect loads, lowers operating costs, and lengthens truck life.

Come in today... see and drive the 'safest' truck on the road... a DODGE Job-Rated TRUCK

Local Farmer Arrested In Lubbock

Lubbock police were holding a man from Littlefield area Thursday night, on a drunk and disturbance charges, believed to have cut his wife with a butcher knife several hours before his arrest in the 2600 block of East Fourth Street, Lubbock.

The man's car was said to have been stuck in a sand pit when arresting officers found him. His father-in-law later said the man's wife had been slightly wounded with a butcher knife during an argument at the couple's farm home. A kitchen knife was said to have been in the prisoner's possession.

Last Rites Held Recently For Mrs. Mattie Jarnagin

Mrs. Mattie Jarnagin, 79, mother of N. L. Jarnagin and N. T. Nixon of Littlefield, passed away April 21 at Caney, Oklahoma as a result of pneumonia and Arthma.

Funeral services were conducted Sunday, April 22, at 2:30 p. m. at the First Baptist Church of Caney, Oklahoma, with Rev. Tom Luther, pastor, officiating and burial took place in the cemetery there.

Mrs. Jarnagin was survived by nine children, all of whom were present at the last rites.

The sons were: N. L. Jarnagin, N. T. Nixon, of Littlefield, Walter Jarnagin of Plainview and J. W. Jarnagin of Oklahoma City and the daughters are: Mrs. J. E. Hood of Lubbock, Mrs. Mollie Lofett of Waurika, Oklahoma, Mrs. Beulah Austin, Mrs. W. L. Tucker and

Billy Sisson Named Class President

HOME OF COMPLETE BUILDING SERVICE

ALWAYS BE CAREFUL DRIVING

The difference goes more than Skin-Deep

NOBODY wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly

aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches

shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflo Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in

a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:
DYNAFLO DRIVE* • FIREBALL POWER
4-WHEEL COIL SPRING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on other Series.

JUNIOR-SENIOR BANQUET HELD

A rainbow theme was used in carrying out decorations for the Junior-Senior banquet, last Friday night, when members of the Junior Class were hosts to the Seniors and entertained with a formal banquet and program at the First Methodist Church.

L. B. Gibson gave the benediction, Virgil Hardin was toastmaster and gave the welcome address. "Somewhere over the Rainbow," a toast to the seniors by Betty Hunkill, "The Pot of Gold," a toast to the Juniors, Joah Way, "Rainbow Follows the Storm," Kenneth Field, "A Sign of Promise" by Jack K. Noyes. "There's a Rainbow Shining in the Sky," by the entire group, with Patsy Griffin playing the accompaniment. The sophomore girls served the banquet and were dressed in identical dresses, each a different color.

PICNIC AT MCKENZIE

Thursday, May 3 the high school students, several mothers and the faculty spent the day in Lubbock at the McKenzie Park. They visited the Tech museum, enjoyed swimming, skating and had lunch in the park.

PINK AND BLUE SHOWER

Wednesday, May 2, a pink and blue shower was given for Mrs. Jack Stubblefield at the John Ramage home. The honoree was presented with a number of lovely gifts.

VISIT IN ARKANSAS

Mr. and Mrs. G. H. Nabors and Mr. and Mrs. Tyson Nabors and daughter, Channie Sue, have returned home after spending several days visiting Mr. and Mrs. H. C. Lackey in Surcey, Arkansas.

ATTEND BANQUET

Mrs. Joe Hutchinson and Mrs. Olene Gibson of Littlefield and Mrs. W. W. Brown and Miss Anna Neale of Spade attended a Delta Kappa Gamma banquet held in Plainview, Saturday.

VISIT IN WILSON

Mr. and Mrs. C. O. Head spent Saturday night visiting friends in Wilson.

SUNDAY GUESTS

Rev. and Mrs. C. W. Williams had as their Sunday guests Mr. and Mrs. J. B. Rainey.

FISHING TRIP

Mr. and Mrs. Benedine Hammock and Mr. and Mrs. J. C. Hammock spent the weekend on a fishing trip at Lake Kemp.

FISH AT COLORADO

Mr. and Mrs. E. C. Hardman and son Donnie and Mr. and Mrs. T. S. Tyler spent a few days fishing at Colorado City's new lake. The Tylers visited relatives while they were there. Colorado City is Mrs. Tyler's former home.

AAUS LUNCHEON

Miss Anna Lee Neal member of the Spade school faculty attended an A. A. U. W. luncheon at Lubbock, Saturday. She was a guest of Mrs. Rainey.

WORK IN CEMETERY

Mr. and Mrs. H. R. Wallace attended a cemetery working at Lakeview, last Thursday. They report an enjoyable time and met a number of old friends.

FOOD festive starter for MOTHERS DAY

By CECILY BROWNSTONE
Associated Press Food Editor
Start Mother's Day off right for her when she gets up. If she's an early riser you might serve her fruit juice, hot muffins or corn sticks (using a packaged mix), marmalade, and as the piece de resistance—a delectable French omelet. If breakfast is to be late in the morning Ringed Eggs with Cheese Sauce are fun to prepare and delicious to eat. Here are the recipes:

FRENCH OMELET

Ingredients: 2 eggs, 1 teaspoon cold water, 1/4 teaspoon salt (scant), dash of pepper, 1-2 tablespoon butter or margarine.

Method: Blend eggs, water, salt, and pepper thoroughly with a fork; avoid foaming. Meanwhile, heat butter in skillet quite hot—until a drop of water dropped in the pan sizzles. Pour in egg mixture—it should set immediately at the edges. Start stirring with a fork briskly to heat and cook the mixture evenly. At the same time, shake the pan to keep omelet from sticking and to speed the cooking. Draw the cooked portions toward the center allowing the uncooked to fill the spaces. Tilt the skillet if necessary to hasten the flow of the uncooked. Keep the mixture as level as possible at all times. When the eggs are set and the top is still moist, increase the heat to

VISIT IN ENOCHS

Mr. and Mrs. Leon Leonard spent Sunday visiting with Mr. and Mrs. Irlf Leonard in Enochs.

VISITORS

Mrs. E. P. Hutchins spent Wednesday visiting in the L. E. Arnold home.

DOC VANN ILL

Doc Vann is ill and is a patient in the Lubbock Memorial Hospital for the past few days.

VISITS RELATIVES

Mr. and Mrs. R. A. Leonard spent Sunday visiting with Mr. and Mrs. Shorty Leonard and other relatives in Pettiet.

brown and bottom—this takes a second or two. Shake again to loosen the omelet and loosen edges if necessary. Fold in half or roll. Makes 1 serving.

More than half the human race are farm workers.
For Best Results Use Cold Water

NOTICE IRRIGATION WORKERS

There has been a new medicated lotion developed by a registered druggist to use on your hands and face while working with your irrigation or any type of outdoor work. This is Cotton Pickers Medicated Lotion.

When applied to hands and face 2 or 3 times daily the film-like coating on the skin that gives hours of protection. It is guaranteed to keep hands from getting sore or cracked while doing any type of outdoor work. Contains several different chemicals and ingredients, to make it the only lotion of its kind on the market.

Large Bottle for only 50 cents on a money back guarantee.

Made in Littlefield, Texas.

Sold at Local drug stores.

Meet the Economy Champion

WINNER SECOND STRAIGHT YEAR IN MOBILGAS ECONOMY RUN

Again in 1951, Mercury out-classed all its competitors in the nationally famous Mobilgas Economy Run. Over the tough, grueling 840-mile course, Mercury, with optional overdrive, delivered greater pound-for-pound economy than any other car in its price-class—for the second consecutive year.

With the Proved Long Life

92% OF ALL MERCURYS EVER BUILT ARE STILL ON THE ROAD!

Latest annual registration figures, officially showing total cars in service, prove that 92% of all Mercurys ever built are still in service. This is solid proof that Mercury quality-construction gives you extra-long life; extra freedom from excessive repair bills. For mile-after-mile economy in a car that really stands up, the smart choice for you again is the 1951 Mercury.

Try it today- MERCURY For "the buy of your life!"

3-WAY CHOICE! For "the drive of your life!" Mercury now offers a triple choice in transmissions: Merc-O-Matic Drive, the great new simpler, smoother, more efficient automatic transmission; thrifty Touch-O-Matic Overdrive (both optional at extra cost); plus silent-ease standard transmission.

Plans Under Way For Men's And Women's Club Gold Championship Golf Tournament Starting Sunday, May 27

SPORTS

NEW ROLE—Former Methodist University pitcher Kyle Rote limbers up for a game with Corpus Christi Class B Gulf League. He is expected for an estimated year with the New York Giants professional football team, but he decided to play baseball while waiting for the football season. Rote's potent bat has boosted him from a pinch hitter to a regular spot in the outfield. (AP Photo)

Plans have been announced by Pro. Kenneth Wright for the second annual Men's and Women's Club Gold Championship tournament at Littlefield Country Club. The 18-hole qualifying round will be played May 27 through June 3, Wright said. Golfers qualifying for medalist must do so by Sunday, June 3.

A Calcutta Pool and Dutch lunch is scheduled for 7:30 p.m. Sunday, June 3, in the Country Club.

First round matches will be played June 4-10; second round matches June 11-17.

Finals in all flight are scheduled for Sunday, June 24, with presentation of prizes to be made at 6 p. m. in the club. Trophies will be awarded to the winner and runner-up of each flight, and a prize will be given to the medalist.

Entry fee for the championship tourney is \$3, Wright announced.

and 26 homers. He stole 22 bases, walked 94 times and fanned 90 times.

Pretty good for a switch hitter who made 55 errors as a shortstop. Mantle is the first of five children. Ray and Roy, his baseball-playing twin brothers, are 15. Mickey will be 20 next October 20.

Mantle is the most reserved rookie you would care to meet and everybody on the Yankees loves the kid, even Hank Bauer, whose job he appears to have taken in right field.

About the only wisecrack Mantle ever made regards his speed. A fellow once asked him if he could run. Said Mantle:

"Heck, when we got ice in Oklahoma I used to unscrew the cleats on my football shoes and chase rabbits across the ice."

Mickey watches Joe DiMaggio's every move in center field. And everybody's watching Mickey.

A fat boy who runs a restaurant on 51st street says:

"Mantle will be in Kansas City in two weeks.

The fat boy has been wrong before. This time he's dead wrong. Here's what Stengel thinks of Mantle:

"The boy is a great prospect. He never played the outfield. He will learn to get a better pump on the ball. I'm worried only about our low concrete wall in Yankee Stadium. He never played in a concrete park in his life. Tommy Hendricks (he means Henrich) has been teaching him how to play his old position.

Yankees in the Kansas-Oklahoma-Missouri (KOM) League. The team won the pennant and Charles Mantle, as he is listed in that league's records, batted .313 in 89 games. He made 101 hits, including seven homers, had 20 steals and struck out 66 times. Independence won the pennant and play-offs. His manager was Harry Craft, ex-Cincinnati outfielder.

Last year Mantle moved up the Yankee chain and drew a reported \$11,125 in the Class C Western Association. In 137 games he led the league in hitting with .383 and was voted the league's most valuable player. The Joplin Miners won the pennant but lost in the semifinal play-offs.

Slugged .637 At Joplin

Again under manager Craft, who moved with the embryo Ty Cobb, Mickey (The Man) Mantle batted .383 to lead the circuit. His slugging average was .673 based on 331 total bases in 519 trips to the plate. He had 39 doubles, 12 triples.

"We still can't figure out whether Mickey had more power batting from the left or the right side. One minute he has power right handed and you say 'that's it.' The next minute he's up there left handed and hitting the ball over the right field wall like he did in that

Girl's Softball Group In Practice

FROM THE GRANDSTAND By WILBUR MARTIN Associated Press Staff

The University of Texas basketball team was a definite surprise last season, but Snee Hull will find his first Longhorn tear anything but a puzzle.

Only one regular will be missing—Capt. Frank Womack—of the team that ended up the season in a three-way tie for the Southwest Conference championship.

Hull didn't conduct spring training, being still on the staff of Lamar Technological College at Beaumont. But he did get up for a couple of scrimmages assistant

exhibition game at Ebbets Field. Just before that game batting right handed in practice he parked three balls in the upper left field stands. We still don't know if he has a weakness. He's not afraid to take a cut at the ball. He is a quiet boy. He steps into the batters box like a veteran and nothing seems to bother him. Sometime I can't believe my eyes."

Mantle is less than two years removed from Commerce High in Oklahoma where he played shortstop and three years as a triple threat halfback. In a football game in 1946 he got kicked in the left leg.

Marshall Hughes set up. About the most notable difference between next year's Texas team and the one Jack Gray sang his swan song with will be improved shooting from outside the foul circle.

Don Klein, Jimmy Viramontes, Cecil Morgan and Leon Black have shown the most improvement on marksmanship.

Hull, a former Longhorn star under Gray, has a tough row to hoe on the forty acres. He's following a man who has become a symbol of basketball there. As a matter of fact, there are few people who can remember when Jack Gray wasn't coaching the Longhorns. And Gray is still a young man. He started as head coach at the tender age of 25 in 1935.

The one trait Gray, a six foot individual, brought to Texas will probably still be much in evidence under Hull. That is the use of the "Little Man." Gray was noted for giving these under six foot players a chance. And how that policy paid off. Hull was a teammate of several and acquaintance of many more. He'll probably still be willing to let individual ability be his guide, and not a yardstick.

JOCKEYS GET AID
NEW YORK—(AP)—The Jockey's Guild paid \$9,643 for 1950 medical service, including financial aid and loans, the Guild paid out \$22,025, Secretary Sterling Young has announced.

GOLD FOR THE GOVERNOR
HELENA, Mont.—(AP)—The game warden who stops Governor John W. Bonner to check his big game license next fall had better wear dark glasses.

The governor's license will be printed in gold. The state's fish-game commission followed its annual custom of buying the governor's big game license. Only this time the board decided to have it lettered in gold.

Besides Klein, Viramontes, Morgan and Black, Hull will have these returning lettermen: Joe Ed Falk, George Sealing, Ted Price and James Dowies.

Promising newcomers include Gib Ford of Amarillo, Billy Powell and Joe Cortez of San Antonio and Glen Moore of Lockhart.

The Girls Softball group are meeting at the Fair Grounds each afternoon from 6 to 6:30 for the purpose of practicing. Mrs. Dan Heard is meeting with them and assisting in the organization of the team and the working out of the girls.

She urges all those interested in playing ball to come out and practise.

TENNIS TALENT LACKING IN INDIA

NEW DALHI—(AP)—Krishna Prasad, President of the All-India Lawn Tennis Association, blamed a dearth of talent for India's failure to participate in the Davis Cup tourney.

He said Association finances had not permitted an active program since 1948. But, Prasad added, a coaching plan for boys and girls will be started to make entrance in future international competition possible.

The Latins once considered the harp a musical instrument of "barbarians."

FRANK STENDEL GETS 'NO-IN-A-ROW' WINS

FRANK ECK
Features Sports Editor

It is believed that General Manager George Weiss of the Yankees thought Mantel's talents would be better suited for Kansas City this year. However, two days before the season opened, Stengel huddled with the Yankee brass and "got his man." Mantle is the second teen-ager Casey has brought up in less than a year. Last June he insisted on Eddie Ford, the rookie southpaw. Ford won nine straight and beat the Phillies in the World Series.

No shrinking violet this Stengel. The season opened in Yankee Stadium and Casey had the former shortstop playing in right field against the feared Boston Red Sox.

Walked Into Park

In May of 1949 while still in school he walked into the ballpark at Joplin, Missouri and asked manager Johnny Sturm, ex-Yankee first baseman, for a job. Within a half hour, Sturm was in touch with the Yankees. "Send a scout out here," he said. Three weeks later Scout Tom Greenwade showed up and two days after graduation he signed baseball's newest sensation. No other scout bothered him.

Mantle asked for no bonus but the Yankees gave him \$1,000 and signed him to a Class D contract (\$2,600 maximum salary) with the Independence, Kan. (pop 13,000)

AMERICAN STARS AND STRIPES—Five former All-American stars gathered for the Red Raider Round-up queen at Texas Tech in Lubbock. Left to right are: Mal Kutner, Wade Walker, Mrs. Emily Keyes O'Grady, 20, Tech queen from Fort Worth, Jack Mitchell, Glenn Davis and Bobby Layne. (AP Photo)

Lighted Field for Anton

Anton will have a lighted softball field in the immediate future, according to announcement made by Russell McAnally.

The field will be located on the block just west of the Co-op gin. The lighting equipment was purchased last week and was installed during the week-end.

Names of players are to be drawn and at least four teams formed. It is also expected that teams will enter from County Line, Roundup and Whitharral.

The lighting equipment was purchased last week and was installed during the week-end. Names of players are to be drawn and at least four teams formed. It is also expected that teams will enter from County Line, Roundup and Whitharral.

TEXAS BUSINESS INDEX—The composite index of Texas business compiled by the University of Texas bureau of business research advanced from 229 in February to 235 in March. It recovered somewhat from the six per cent decline in February, but it remained 4.1 per cent below the peak of 245 reached in December of 1950. Bureau analysts predict that the best that can be expected for business in the near future is for it to continue at the present level. (A. P. Photo Chart).

State Medical Association to Meet April 29

More than 2,000 Texas doctors will converge on Galveston for the 84th Annual Meeting of the State Medical Association of Texas there from Sunday, April 29th to Wednesday, May 2nd. More than 100 scientific papers and discussions are scheduled for the 4-day meet in a "refresher course" for practicing physicians throughout Texas. The papers will range from new developments in the treatment of TB and cancer to uses of such so-called wonder drugs as penicillin, aureomycin, chloroquin and others.

Texas doctors will also see full television of several major operations conducted in Galveston hospitals during the meeting. This year's session has two significant Texas aspects. First, it marks 50 years to the day since Texas doctors, in the very same city, formally acquired the present Association charter. The Association is renewing its charter for another half century this year. Second, emphasis is placed in this year's meeting on Texas medical contributions. Virtually every speaker in the scientific sessions will be a Texas doctor. In addition to the scientific meetings, medical men will hear addresses by former Congressman Martin Dies of Lufkin and Senator George Smathers of Florida. Dr. Allen T. Stewart of Lubbock will succeed Dr. W. M. Gambrell of Austin as Association president.

The island of Hawaii is roughly triangular in shape.

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

"Here is Mrs. Jimenez's statement: 'My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

Fertilizer Sales in Texas Climb

COLLEGE STATION, Texas farmers bought more than a quarter of a million tons of commercial fertilizers from July 1 to December 31, 1950, according to Dr. J. F. Fudge, State chemist, Texas A. and M. College System.

The tonnage sold during this 6-month period exceeded that sold in any entire year prior to 1945. It was 29 per cent more than the amount sold during the last half of 1949.

Approximately one-fourth of the total fertilizers sold were mixed goods. One third of this was 0-14-7 and another third was 5-10-5.

Much more 0-14-7 was sold last year than in 1949, and 57 times as much as in 1945. During the last half of 1950, nearly five times as much 5-10-5 was sold as during the same period in 1945, while only about two-thirds as much 4-12-4 was sold in 1950 as in 1945. The sale of high analysis fertilizers, such as 10-20-10 and 11-21-11, was important last year—with 2,250 tons being sold.

Nitrogen sales were 50 per cent greater than in 1949. Potash sales were nearly twice those of a year ago, and seven times as great as in 1945.

The sales of 20 per cent superphosphate totaled 129,524 tons. Ammonium phosphate sales (15-20-0, 11-45-0, 13-20-0, etc.) were nearly five times as great as they were a year ago, nearly all of these products have appeared on the fertilizer market during the last five years.

Hidalgo and Wharton counties led the State in use of fertilizer last year, both using more than 10,000 tons. Farmers in Hidalgo county bought 15,282 tons.

Between 1,800 and 10,000 tons were sold in Cameron and Harris counties.

The distribution of the different fertilizers by counties is given in Texas Agricultural Experiment Station Progress Report 1225, available from the Publications Office, College Station, Texas.

About two-thirds of the world's supply of sugar comes from cane. The remainder comes from beets which can thrive in cooler climates.

Heat Control System Is Used In Raising Turkeys

RALEIGH, N. C.—A brooder alarm is now being used on the Birchwood Farm at Fayetteville, N. C. The alarm operates by thermostatic control, one under each cover, and is wired to the turkey producer's residence. If the temperature drops below 75 degrees or rises above 110 degrees, a bell rings in the producer's bedroom.

L. W. Herrick, Jr., extension turkey specialist at State College, says faulty brooder operation or a brooder stove going out may cause points to chill, pile up, and smother. Or the stove may become extremely hot and possibly cause fire to break out in either case, the alarm will notify the turkey manager. This could mean saving the profits from smothering or poisoning the house, equipment, and birds from being destroyed by fire.

CONSTRUCTION WILL START ON GROCERY BUILDING

Bob and Vada Beck of Lubbock are planning to start construction on a new grocery store on their own lots at the Beck community in the very near future. The building will be built with living quarters in the rear. A couple from Littlefield will manage the store.

Immense Increase In Irrigation

Irrigated farming now occupies an important place in Texas agriculture. During the nine-year period, 1940-1948, the area under irrigation increased from 1,045,000 acres, according to figures cited in a new publication recently released by the Texas Agricultural Experiment Station.

Most of the expansion in irrigated land resulted from the development of wells by individuals and partnerships. Wells accounted for 1,369,000 acres, while an increase of 463,000 acres resulted from utilizing surface-water supplies.

Nearly 1,000,000 acres were developed between 1946 and 1948, almost three-fourths of which came from wells developed in the High Plains area.

In 1948, 30,000 Texas farms were partly or wholly dependent upon irrigation for their production. Approximately 10 per cent of the total acreage harvested in 1948 was from irrigated land. And crops from irrigated land accounted for nearly 30 per cent of the total farm value of all principal crops grown in Texas that same year.

Miscellaneous Publication 59, which gives the historical development and the present status of irrigation in Texas, is available from the Publications Office, College Station, Texas.

Cook where it's Cooler

In an All-Electric Kitchen

... and start to build your all-electric kitchen by installing an electric range now.

Electric cooking is cool — coolest of all cooking methods. You look fresh, crisp, neat, cool — almost like you have been cooking inside an ice block — when you cook the modern electric way. It's the pan-hugging heat of electric cooking that keeps you and your kitchen cool — the pan-hugging heat that goes right into the cooking job to be done.

Cook where it's cooler. Cook where it's cleaner, too. Cook in an all-electric kitchen. See your local electric appliance dealer and see the modern electric ranges he displays. Start to build your all-electric kitchen now.

It's the only new-type engine in any "new car"!

Chrysler FirePower

Finest engine ever put in an automobile

180 HORSEPOWER

The new Chrysler Hemispherical Combustion Chamber, heart of the finest car engine built today. In this dome-topped area, you see the only ideal combustion chamber... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

With so many engines claiming newness... how can we call FirePower the *only* new type engine today? The answer's very simple, and one you ought to know before you invest in a car. The fact is that engine "improvements" happen every year... but a basically new motor car engine is a very rare thing. And FirePower is the *most basic* new development since Chrysler introduced high-compression in 1924!

To get to the heart of the matter, just go to the heart of the engine... the combustion chamber where the spark fires gas into power. Here Chrysler brings you something no car has had till now... a Hemispherical combustion chamber... the *only perfect and ideal* combustion chamber in any passenger car. Here the same amount of gasoline delivers you

far more energy than it could in any other car. What this means to the man at FirePower's wheel is impossible to tell you till you take that wheel yourself. FirePower's 180 horsepower can outperform any other engine on the road, even on regular grade gas.

Remember, too, that Chrysler now offers the wondrous road-ease of new Oriflow shock absorbers with twice the shock-absorbing power of any others... and the exclusive safety and delight of Hydraguide power steering* which takes four-fifths of the work out of steering! You can learn for yourself how Chrysler has changed your motoring life by seeing your Chrysler dealer now!

*HYDRAGUIDE regular on Crown Imperial, optional at extra cost on all New Yorker and Imperial models.

Rustler Didn't Die Just Changed Tactics

THE TEXAS, MAY—The brand inspectors keep a sharp eye out for doctored brands, or cattle with brands whose owners have reported missing stock. They're on the job at Denver, Col., Kansas City, Mo., the national stock yards in Illinois; Oklahoma City; St. Joseph, Mo.; Texarkana, Fort Worth, San Antonio, Lubbock, Houston, Abilene, Alice, Amarillo, Austin, all in Texas.

The association was organized 74 years ago under an oak tree at Gaham, Texas. Forty-odd ranchers gathered then with just one thought: To wipe out the rustlers. The aims of the association are broader now, but this is still a primary purpose. More than 8,000 members in 16 states are free to call for aid from a field inspector or from the association's department.

Field inspectors are backed with the same authority they carried when the old west knew them as range detectives; Texas ranger commission in Texas and a set of tough laws. Some of these are hangovers from the days of the open range.

Field inspectors ride in automobiles and use modern criminology. But the pattern or any case—1883 or 1951—is the same. A rancher lose some cows. He reports it to the sheriff, and if a member, to his association.

Sometimes the rancher discovers the loss immediately. But some ranches are big. It may be months before the cattle are missed.

H. L. Hodges, inspector at San Antonio, figures the 318 cases on which he has worked have been "ninety per cent hard work," starting with maybe only a tire track.

A rancher near Floresville, Texas, found a bellowing cow. Its calf was gone. Hodges found a tire track, then marks where something had been dragged to a low fence. The trail disappeared there.

Ask the kids down the road. "We saw a gray car."

Ask a question and get an answer. "Who drives a gray car?"

Thirty days later Hodges got his first break. A farmer remembered

Earl Chester Is Re-elected Manager of Gin

Earl Chester was re-elected as manager of the Sudan Farmer's Co-Operative Gin to serve his 5th year as manager of the organization at the annual meeting of the Board of Directors, held at Sudan Saturday afternoon, April 28th. Chester was first employed by the organization in 1917.

E. E. Merriman, Lubbock auditor, made the annual report of the company's business for 1950. Leroy Cole was elected a new member of the board and was also named to serve as secretary.

Other officers of the organization who will serve during the coming year are: I. R. Boren, President; L. C. Olds, vice pres.; Leroy Cole, Secretary; Earl Chester, Manager and R. L. Masten and W. B. Jones, Sr., directors.

Chester said that any member who was not present for the annual meeting last Saturday, at which time stock certificates were issued, should drop by the plant and pick them up at his earliest convenience.

Rooster Crowing Brings Fine

ONTARIO, Calif.—(AP)—The cock that crowed in the morn proved the undoing of Iselabo B. Julaton, 42, of Salinas, California.

3:30 o'clock Saturday afternoon, with Rev. Frank Beauchamp officiating. Burial was in Littlefield cemetery.

Surviving besides the parents, is a twin sister, Rebecca, and the grand parents, Mr. and Mrs. Bill Elliott of near Muleshoe, and Mrs. Mable Elliott.

He stopped at a gas station at 5:45 a. m. and a couple of passing policemen were attracted by the lusty crowing of a rooster. The officers said they found six game cocks in the back of Julaton's truck. He was fined \$25 for illegal possession of fighting birds and the fowl were confiscated.

LUBBOCK, TEXAS

SON OF MR. AND MRS. ELLIOTT DIES

William Mitchell, two day old son of Mr. and Mrs. Doyle Elliott passed away at Amherst Cooperative Hospital, Friday afternoon about 4 p. m.

Funeral services were conducted from Hammons Funeral Chapel, at

a gray car. Sure, it was around about the time the calf disappeared. He knew a man who had a gray car. Kin to one of his hands.

This man's daughter knew where the man was. In Lubbock, perhaps. He's a bad one. Always in trouble.

Check the detective bureau in San Antonio. They knew the guy. Had his record.

The rest is easy. You pick him up, his story to pieces, get the facts: He stuffed the calf in the trunk of his car, then butchered it. He sold it for \$20 on the San Antonio market plaza.

Two rustlers were involved. Both pleaded guilty. One was sentenced to four years, the other to two years.

Since 1883, field inspectors have brought back 138,409 head of cattle, valued at \$5,170,409.

A long rope and a good horse were all the tools an old time rustler needed. The modern rustler has even used airplanes.

Duke says the modern rustler usually "cases" a job.

Sometimes dogs are used to haze cattle into a portable catch pen. Some rustlers butcher at the scene, throw the head and hide away.

The rustler's market may be a packing house that buys from the individual, with no questions asked no records kept. It may be a retail butcher shop. It may be the records kept. It may be a retail butcher shop. It may be the recognized market, with forged bills of sale.

Brands make it hard to sell at a big market—unless the loss hasn't been discovered. The brand, burned into the hide, is indelible. Venting or changing it carries the same penalty as stealing the animal.

But that was the favorite method of the old rustler and some of them still try it. Some oldtime rustlers were artists with a branding iron. A lazy J, cross in a box, or a flying W tested their imagination.

Accounts of one, two, three head being rustled in Texas, New Mexico, Colorado and other cattle states prove the rustler didn't die. And he didn't mend his ways. He just changed them.

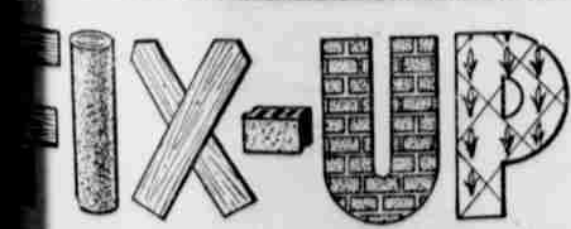

SURVEY OF LEADING POULTRY NUTRITIONAL DEFICIENCIES ARE COMMON IN POULTRY

By Dr. D. H. LeGear

A recent survey of the nutritionists reveals the poultry flocks in many areas suffer to some degree from deficiencies. These deficiencies vary greatly in extent, but conservative estimates indicate that 4 out of 5 poultry flocks have nutritional deficiencies. The most important deficiencies are B12, Riboflavin, Calcium, Phosphorus, Manganese, and Iron. Many of these deficiencies are caused by a definite lack of certain nutrients in the feed supplement being used.

Quality eggs, uniform in size, require a high level of vitamins and minerals. Deficiencies of these elements, particularly B12 and Phosphorus, result in inferior grades of hatched egg production.

It is suggested that all poultry raisers who are not completely satisfied with their production and profits try this new formula. 4 out of 5 will enjoy great benefits from it.

Home For Spring

Spring will soon be here and it is time to be planning that addition to your home or a new garage, a yard fence or new coat of house paint. If you need a loan let us help you get a repair loan up to \$100.00 with 30 months to pay. Ten per cent cash down with average interest rate of 5 per cent.

Health Talks

Prepared by the State Medical Association of Texas

On the surface there doesn't seem to be much in common in such diseases as rabies, shingles. But in the laboratory they all boil down to virus as the cause of illness.

Actually rabies, shingles and sleeping sickness do have certain characteristics that tie them together in that they develop sickness by attacking the nerves. The germ of rabies is spread to man by infected saliva from an animal, the germ of shingles is spread by a close contact with someone who has either shingles or perhaps chickenpox and the germ of sleeping sickness, the kind that may develop into an epidemic, is believed to be spread by contact with someone with the disease.

Smallpox stands out in any group of diseases as an example of the studies that might lead to a definite stop to the spread of a contagious disease. The horror smallpox in years past have given way to the mild inconvenience of smallpox vaccination all because a country doctor in England, Edward Jenner, discovered that milkmaids who developed pox sores infected cows never develop the more serious disease of smallpox.

Rabies could be just as well controlled, probably, by the simple act of vaccinating family pets. Though wild animals also become rabid when infected with the virus that causes this disease, it would not spread in civilized communities if the animals, especially dogs, had all been vaccinated as a protection.

A rabid animal not always froth at the mouth, though that is one of the most characteristic signs of the disease. A rabid animal will die within 40 days of developing the disease, however and for that reason the animal is kept caged up when it is suspected of being rabid. After it dies, the germs of the disease may be identified in the animal's brain and rabies can be definitely diagnosed.

Untreated rabies in a human being leads to death. Therefore, when there is any possibility that a person has been bitten by a rabid animal, the doctor advises the series of anti-rabies shots. These are pretty powerful shots, as they have to be and usually make the person receiving them pretty ill; but when it is a question of life or death, the shots are, of course, the preference.

There have been many superstitions in the past to treat the bites of mad dogs. If the dog were really mad, these stones and poultices would hardly suffice to prevent the spread of the powerful germ of hydrophobia or rabies. The Pasteur treatment, the name for the anti-rabies shots, is the safeguard of modern medicine against the devastation or rabies on human beings.

Speaking of superstitions, there are probably few diseases that have more calamitous beliefs connected with them than the shingles. These itching, hurting blisters that break out on the body follow a nerve tract and usually form a sort of circular band, maybe at the waist or the wrist. They hurt badly enough by themselves but every case of shingles will revive the old saying that when the blisters form a complete circle, you die.

Shingles is not a fatal disease, circle or no circle. It is pretty much the same thing as a fever blister on the lip and it may be even a closer relation of chickenpox sometimes break out in shingles.

The older the person with shingles the more pain and itching there seems to be with the disease; the pain is sometimes quite extreme.

You can see the out breaks of shingles and know you have it. Sleeping sickness is frequently not a disease you can see and may be so slight a case that you don't know you've had it until it leaves some mark during convalescence.

The first sign of the disease may be a sudden falling asleep or it may be a sudden delirium. On the other hand, there may be nothing sudden about it at all; just a growing drowsiness, a progressive lack of attention and awareness, a kind of stupor. And the degree of illness during the actual time of the disease is no indication as to how serious an after-effect it may have.

Some people may become desperately ill with a clear-cut case of sleeping sickness and after the disease is over return quite to normal. Others may have such a slowly-developing case that it is not recognized at all until such signs as tremors or twitchings of the body, a paralysis of the face that creates a "dead-pan" expression or even a definite change in mentality develop.

This is a fairly new disease of mankind and much remains to be learned about sleeping sickness, or encephalitis as it is medically known. Mosquitoes might spread some kinds of this disease and other such insects are suspected when the disease breaks out in epidemics.

Another type of the disease results from complications with measles, chickenpox and many of the minor childhood diseases.

With the lesson learned from smallpox, perhaps someday these other diseases will also be mainly of historical interest because science has devised ways of protecting against them.

In many Asiatic languages the words for rice and food are identical.

WHEAT—The wheat in this picture is near the knees. It is growing near Wichita Falls, Texas, where the National Wheat Harvest Festival will be held (May 14-18). The girls? Oh, they are Pat Moore, Pat Green and Pat Henderson. (AP Photo)

Amherst Baptist

(Continued from Page 1)

Among those attending the meeting were Mr. and Mrs. Allan White, Mr. and Mrs. W. H. Berry, Alst Berry who still resides in or near Amherst, Mr. and Mrs. E. B. Luce of Littlefield, Mr. and Mrs. Lee Crow of Station, W. B. Smith and Mrs. Beale Vean (nee Miss Eadie Smith) of Terrell, Mr. and Mrs. J. H. Akers, Mr. and Mrs. J. W. Eldridge and Mr. and Mrs. House whose addresses are unknown.

Following the organization they met in the one room school for several months. Rev. T. E. Miller was the first pastor of the church who was there until November of 1924. While Miller was pastor they moved from the community church to part of what is now the parsonage, which faced west and stood where the present educational building is located. Rev. C. C. McSpadden became the next pastor in January of 1925 and stayed until December of 1925.

It was during the ministry of Rev. J. W. Hembree who was there from 1928 to 1930 that the congregation moved into the church building which they have been in until the new church was recently built.

Under the leadership of Rev. John Cory, who was preacher from November of 1946 until October of

1948, the church began the erection of a two-story educational building in 1948. The building was nearly completed when Rev. J. Henry Cox, the present pastor came here December 4, 1948. Rev. Franklin Seaman, District Missionary of Dallas, came brought the dedicatory message.

On Sunday September 1 the ground-breaking ceremony was held for the new edifice. The auditorium is of tile and brick construction, 48 feet by 90 feet. This is connected to the educational building. The church will seat 620 people. It contains a balcony which will seat 108 of the number.

Pastors of the church were: Rev. T. E. Miller, who is now deceased; Rev. C. C. McSpadden, also deceased; Rev. W. T. Priddy, address unknown; Rev. J. E. Anderson, Amarillo; Rev. J. W. Hembree, Dallas, or Grapevine; Rev. G. M. Workman, in Oklahoma; Rev. W. A. Reed, deceased; Rev. John E. Evans, of Heavener, Oklahoma; Rev. L. S. Jenkins, deceased; Rev. B. F. Harrison, Arnett, Oklahoma; Rev. John C. Cory, Mesa, Arizona and Rev. J. Henry Cox, present.

At the end of the associational year there were 489 on the roll at the Baptist Church, of which 126 are non-residents.

The Board of Deacons at the present time are: W. T. Attaway,

M. D. Abbott, Aaron Tomes, W. I. Key, T. I. Batson, J. M. Brantley, Allan White, Glenn Batson, and Floyd Rowell. The church trustees are Ira Holland, T. I. Batson and Harry Brantley.
