## Vandenberg Says Charter Means Collective Peace

### Taft To Attempt To Limit Power Of Delegates

By JACK BELL  
WASHINGTON, June 29 (AP)—Senator Vandenberg (R-Mich) told his colleagues today they must accept the United Nations charter as a brave experiment or cheat the world of "its only collective chance" for peace.

In a vigorous endorsement of the San Francisco conference agreement he called the pledges given out there "a new emancipation proclamation for the world."

Before the tall Michigan senator took the floor, Senator Taft of Ohio, chairman of the republican steering committee, said he and others are thinking of trying to write into the ratification resolution limitations on the authority of Edward R. Stettinius, Jr., who will be an American delegate on the proposed world security council.

Speaking from a prepared manuscript, Vandenberg said he would support the charter "in the deep conviction that the alternative is physical and moral chaos in many weary places of the earth."

Vandenberg, who helped draft the charter as an American delegate, said the pacific settlement of disputes, not force, is the real genius of the charter.

Vandenberg met the argument that what really was created at San Francisco was a military alliance among the United States, Great Britain and Russia with the agreement that so far as peace enforcement is concerned "there is substance to this contention."

## Senate To Vote On Rationing Oratory

By FRANCIS J. KELLY  
WASHINGTON, June 29 (AP)—A 12-hour, 32-minute session that ended early today brought the senate face-to-face with a decision whether to ration oratory.

Senator Taft (R-Ohio) and 31 colleagues representing both major parties presented a rarely-accepted closure petition to limit senatorial debate.

Most of the free and unlimited conversation which began at noon yesterday centered on a controversial proposal to vote operating funds to the Fair Employment Practice Committee, a division of government which has a minimum of support from southern senators.

Senator Bilbo (D-Miss) and a potent, talkative bloc of southerners opposed it on their contention that it spelled trouble between the races, friction in industry and governmental meddling in business.

Senator Chavez seeks to write a \$446,200 appropriation for FEPC into a \$770,000,000 omnibus bill carrying funds to support a score

of war agencies.

If the closure petition is successful, it means every senator is limited to a total of one hour of talk on the pending question.

Chavez said he was going to present his amendment if he had to wait until Domsday. For a while it looked as though he had the situation accurately scouted.

Majority Leader Barkley (Ky) offered a proposition: Give FEPC \$250,000 to last all next fiscal year instead of the \$446,200 Chavez declared essential.

Bilbo said he was in no position to do any horse-trading at that late hour. He said he and his colleagues would think it over this morning.

Senator Taft sought opportunity to present a closure petition formally.

Barkley moved to recess, and quickly wished he hadn't. The senate slapped his motion down—apparently—19 to 28 on a roll call, but Senator Wherry, the republican whip, figured out that 19 and 28 do not add up to more than half of 95 senators. (There's one vacancy.)

Midnight passed. The senate had been in session a full 12 hours and now were waiting for a quorum.

In a silence Joseph C. O'Mahoney, Wyoming democrat, strolled into the chamber at 12:12 a. m. (EWT).

Taft presented his petition.

## School Census Shows Increase

Scholastic population of Howard county is due to show an increase for the 1945-46 term on the basis of final census figures reported through the county superintendent's office to the state department of education.

Total scholastics, subject to revision by the state on a recheck of records, was listed at 5,325 at the office of County Superintendent Walker Bailey. This represented a substantial gain over the 5,217 for the 1944-45 term.

Big Spring led in the increase with 3,677 scholastics, a gain of 155 over the 3,522 last year. This might mean around \$4,500 additional revenue to the Big Spring Independent school district.

Coshoma had 337 scholastics, a decline of only one from last year. Knott slipped 12 scholastics for a total of 309, and common school districts were off only 29 for 1,002.

## US Fleet Sails In Borneo Waters For First Time Since Dark 1942

By SPENCER DAVIS  
MANILA, June 29 (AP)—An American fleet has returned to the Makassar Straits east of Borneo for the first time since the forlorn days of January, 1942, Gen. Douglas MacArthur disclosed today.

The invasion-conscious Japanese reported a naval bombardment of the Borneo east coast had been in progress for ten days.

A Dutch correspondent who flew over the port of Balikpapan, fronting on the straits, reported earlier this week seeing the warships-in-action, and the Japanese radio has claimed that Allied landing attempts there already have been beaten off.

MacArthur's communique on the Southwest Pacific today reported the destruction of three Japanese torpedo planes on Monday by American surface ships in the Makassar Straits and told of continuing Allied air blows throughout the East Indies, particularly at Balikpapan.

The ships involved undoubtedly belong to the U. S. Seventh fleet.

The Australians last were reported to have taken Beaufort, in a 15-mile advance northeast up the Borneo coast along the narrow-gauge railway toward the Japanese base of Jesselton.

In the Philippines, with the major phase of the Luzon campaign ended, the U. S. Sixth division made a 400-yard gain in the northern mountains toward the still stiffly-defended Japanese base of Manila.

Filipino guerrillas advanced after beating off three Japanese banzai charges in Ilocos.

On Mindanao the U. S. 24th division occupied more ground near the head of the Davao river.

## Last Rites Set For Miss Frances Jones

Funeral services will be held Friday at 7:30 p. m. in the Snyder Baptist church for Miss Frances Jones, who died at noon Thursday following a heart attack. Rev. Criswell will conduct the services.

Survivors include a sister, Mrs. C. C. Smith of Fort Worth; three brothers, Charles Jones of Fort Worth, Francis Jones of Arkansas and Madison Jones of Bono; and a niece, Mrs. Horace Reagan of Big Spring.

The body was carried overland to Snyder Friday afternoon in a Nalley car, and burial will be in the Snyder cemetery.

## Banks Close Early

Both Big Spring banks — the State National and the First National — will close at 1 p. m. Saturday and will hold to this closing schedule throughout July and August, it has been announced.

## LECLERC TO LEAD FRENCH

PARIS, June 29 (AP)—Gen. Jacques Leclerc, commander of the famous Second armored division, has been selected to lead the French expeditionary force against Japan, the war office announced today.

## Truman Sees No Hope For World Peace Without US Ratification

KANSAS CITY, Mo., June 29 (AP)—President Truman put squarely up to the senate today what he termed the decision on future peace.

Unless the United States leads the way by ratification of the United Nations charter and a world court, he declared, "there can be no peace in the world."

His solemn warning, voiced in a homecoming ceremony last night in which he received the honorary doctor of laws degree from the University of Kansas City's law school, increased speculation he may submit the charter to the senate Monday in person.

"We are going to have to ratify this constitution of San Francisco," the president declared, "and I want to say to the United States: Do it first."

Meanwhile the president arranged a 4 p. m. (CWT) conference with former Gov. Alf M. Landon of Kansas, 1936 republican presidential nominee.

One of a series of moves to unite both parties and all factions behind non-partisan objectives, the meeting will take place in the president's temporary suite atop the Hotel Muehlebach.

The president's speech in the municipal auditorium, given extemporaneously, was a reiteration of his oft-expressed request for an end to isolationism.

"It is absolutely necessary for the greatest republic that the sun has ever shown upon, to live with the world as a whole, and not by itself," the president, clad in cap and gown, declared.

**TRUMAN GETS A HAIRCUT**—President Harry S. Truman, visiting the Kansas City section for the first time since he became chief executive, takes time off from official duties June 28 to get a haircut. Frank Spina has done the haircutting for Mr. Truman for 26 years. (AP Wirephoto).

The world, he continued, "is one world, as Willie said, and he added that nations must get along as well in the republic of the world as the states do in the United States.

Mr. Truman ordered red roses for his wife yesterday, for their 26th wedding anniversary. Mrs. Truman and Margaret were in Kansas City for the day's festivities.

The Congress party has insisted it represents all Indian communal groups, including many Moslems not members of the league.

## London Regime Claims Support Of Polish Army

Big Three Expected To Recognize Lublin Cabinet Momentarily

LONDON, June 29 (AP)—A spokesman for the Polish exile government in London declared today that the Polish army of 200,000 to 250,000 men remained "completely loyal to us" but admitted the future of the regime was unknown.

With "Big Three" recognition of the new Warsaw government expected almost momentarily, the spokesman was asked what the exiled regime intended to do when British and American recognition is withdrawn from it.

"All I know is that the Polish government in London desires to remain by the side of the Polish armed forces who have served under its leadership."

He denied, however, a London report that the government was looking for sanctuary either in Eire or Canada.

A British foreign office commentator said today formal recognition of the Big Three powers of the new Polish provisional government of national unity awaited only assurance that the Yalta conference plan for Poland's future was being carried out by the new administration.

Part of that plan called for early free elections in the war-torn country.

The new unity government, headed by Edward Osobka-Morawski as premier, held its first cabinet meeting last night at Warsaw.

The government, as announced by the Warsaw radio, follows the lines agreed upon by the British-American-Russian conference in Moscow.

# Huge Fires Raging In Blasted Cities

## Mrs. Stevens To Stand Trial For Sailor-Slaying

BRIDGEPORT, Conn., June 29 (AP)—Coroner Theodore E. Steiber today found Mrs. Imogene Stevens, 24, criminally responsible for the death by shooting of Albert Kovacs, 19, submarine sailor whom the army major's wife shot and killed in the home of a neighbor in New Canaan last Saturday night.

The coroner said that statements furnished by police indicated that Mrs. Stevens was "under the influence of liquor and under a high emotional strain" when she fired three shots into the Norwalk youth's body but asserted that "the intoxicated condition of Mrs. Stevens does not absolve her from a charge of manslaughter."

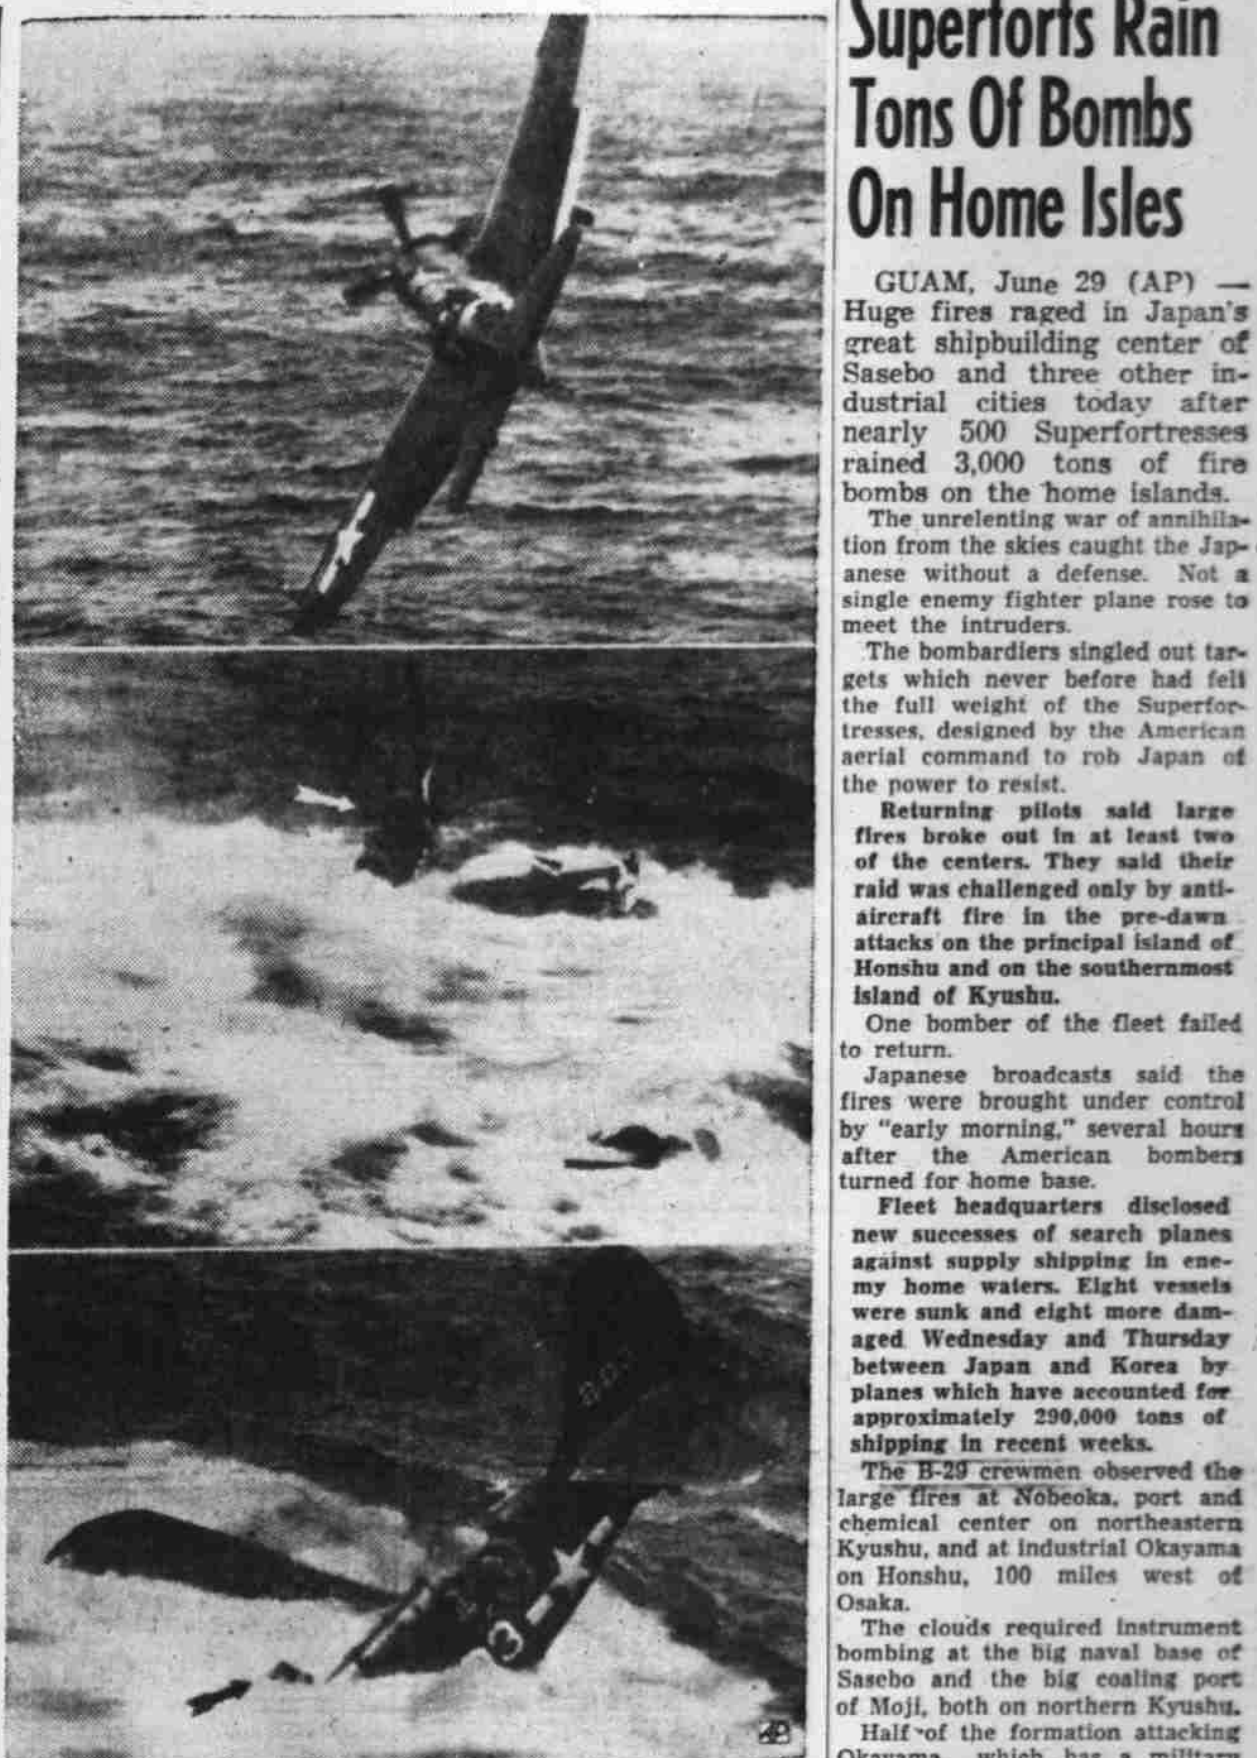

Steiber reported chemical analysis of Albert's body showed he, too, was "definitely under the influence of liquor."

From statements made to police by Mr. and Mrs. Charles Milton, in whose home, adjoining that of the Stevens residence, the shooting occurred, it would appear, said Steiber, that "an illicit love had existed between Mrs. Stevens and Mr. Milton which caused the Milton home to be broken up for a number of months."

On the night of the shooting, the coroner said, Mrs. Stevens and Mrs. Milton went to a Darien tavern and told the bartender they did not intend to leave the place until they had consumed at least 20 glasses of beer, 10 each.

As the drinking party was finished Milton joined the two women at the tavern and to quote his words, "he stated that both women were drunk."

Then the Miltons and Mrs. Stevens went to the Stevens home where the coroner said "more liquor was consumed" and while (See SLAYING, Pg. 6, Col. 4)

**CARRIER PLANE MAKES SPLASH LANDING**—A carrier based scout plane (top) gets into trouble just after taking off and is headed for the water. It hits the water and starts to disintegrate (center) as the crewman (white arrow) struggles to get out of the rear cockpit. The pilot is temporarily submerged. Part of a wing floats away (lower right). The pilot (black arrow, bottom) emerges from the sinking plane. Both men were rescued. (AP Wirephoto from U. S. Navy).

## Automobile Tax Rush Forecast

Automobile use tax stamps sales reached 2,500 at noon Friday at the postoffice, only 24 hours ahead of the deadline.

Records at the county tax collector's office showed a total of 6,030 automobiles registered, indicating at least 3,500 car, truck and farm truck owners have not yet purchased \$5 stamps.

Federal regulations call for each automobile in use after June 30 Kiangann to have the green internal revenue stamp displayed on the car.

The number of unstamped automobiles here likely far exceeds 3,500 since there are known to be several hundred out-of-state registered cars in use here, but subject to the federal tax nevertheless.

The postoffice closes its windows at 1 p. m. Saturday, and before that time Postmaster Nat Shick anticipates a terrific rush.

## Chinese Capture Liuchow Airfield

CHUNGKING, June 29 (AP)—A Chinese army spokesman announced today that Chinese had captured the main airfield in the southern suburb of Liuchow which Maj. Gen. Claire Chennault's 14th air force was forced to abandon to the Japanese last Nov. 7.

The spokesman said Chinese forces also had retaken the city's south railway station.

Fierce fighting was reported raging in the western and northwestern suburbs of Liuchow where other Chinese forces were battling their way toward the center of the important Kwangsi province city.

The spokesman said Liuchow had been burning since June 23 and that the core of the city was destroyed. He estimated that less than 1,000 Japanese remained in the city.

Approximately 100 miles northeast of Liuchow Chinese forces were closing in on Kweilin, another former U. S. air base site. Dispatches from this front said one Chinese column was engaging Japanese troops at points 10 to 12 1-2 miles north of Kweilin and another was about 18 miles northwest of the city.

Between Liuchow and Kweilin a Japanese force was reported pocketed by two groups of Chinese, one of which had reached a point three miles north of Liuchow while the other was closing in from

15 miles further north.

The Chinese spokesman said all Japanese remnants west and south of Liuchow had been "cleared out. This meant that virtually the whole Kweichow-Kwangsi railroad had reverted to Chinese control—the first railroad occupied partly or entirely by the enemy to be restored to the Chinese since the war began in July, 1937.

The line, however, needs repairs and rebuilding.

The spokesman admitted, however, that the Japanese had recaptured Pingsiang on the Liuchow-Dongdang railway about 11 miles from the French Indo-China border, but he quoted an unconfirmed report that the Chinese had retaken Kweiping on the west river, 85 miles southeast of Liuchow.

## House Bloc To Renew Drive For Food Power

WASHINGTON, June 29 (AP)—A house republican bloc today organized a drive bent on restoring to price control extension legislation virtual "czarist" food powers for the secretary of agriculture.

Rep. Anderson (R-Minn) said his group will seek to reject a senate-approved two-chamber compromise and put back into the bill the supreme food powers the house voted to Clinton P. Anderson, incoming agriculture secretary.

The senate accepted the compromise by a 40 to 8 vote last night.

## Record Heat Persists Here

The trend at noon Friday pointed toward the worst successive days of heat on record here.

Thursday's maximum was reported by the US weather bureau at the airport at 107 degrees despite a few scattered clouds. The US Experiment Farm thermometer got above 108 degrees. In each case the temperature was about two degrees off the high's of Wednesday when records of 21 years standing were tumbling.

At noon Friday the reading was 93, the same that it had been the day before, but the sky was a "silver dome" and prospects were that Thursday's mark might be bettered.

As the current wave hit the peak Wednesday, all water consumption records were broken with 4,339,000 gallons metered out. Thursday the consumption was down to 4,000,000 gallons and indications were that another decline might be recorded Friday.

Crops were suffering over a wide area. Particularly hard hit were young cotton and feed planted in the wake of showers nearly three weeks ago.

## Library To Close One Day Of Each Week

The Howard County Free Library is to be closed on Fridays effective after July 1, it was announced today.

The day of closing was planned in order to permit the librarian to catch up on a large amount of shelving and to start work on cataloging. A number of new volumes have not been shelved due to the press of business.

## Police Investigate Prowlers In City

The Big Spring police department has had a run on prowlers for the past weeks, as one was investigated Wednesday night on Wood street and another Thursday night at 4th and Gregg streets.

Friday morning's city court yielded four gaming fines, one drunk and two investigations.

## Prospects Indicate Swelling Of War Bond Quota Before Deadline

Howard county was well over the top on its Seventh War Loan quotas Friday, and prospects were that the excess would swell further by deadline time of July 7.

Thursday Howard county citizens responded nobly with purchases of \$18,600 in E bonds, according to reports compiled by Ted O. Groebel, war loan chairman.

The telling blow, however, came from the Big Spring Bombardier school, which cleared two blocks with the El Paso Federal Reserve bank in the amount of \$34,443.75. Altogether, purchases from this source which were put against the local quota have approximated \$99,000. Groebel was profuse in his praise of this effort, without which the county might have fallen well below its quotas.

As nearly as the chairman could figure, sales accredited to Howard county through Thursday amounted to \$616,047.25 in E bonds against a quota of \$585,000. Payroll deductions and other figures likely will add much to that total.

Over-all sales were estimated at \$1,532,065, against a quota of \$1,475,000.

The chairman reiterated his thanks for those who helped in the drive as members of the staff committee or as sales representatives—and particularly to every person who bought bonds, whether they were children investing pennies, GIs giving up part of their small pay, or persons able to buy several thousand dollars worth.

### Rodeo Association Contracts Stock

Directors of the Big Spring Rodeo Association have contracted with Earl and Jack Sellers of Del Rio to furnish stock and specialty acts for the 1945 rodeo, scheduled here for Aug. 2-3-4-5.

More than 100 head of calves, steers, broncs and animals to be used in the specialty numbers will be required for the show, according to Tom Good, president of the association.

There will be two clowns to fill in various spots on the program. Direction of the show will be in charge of the association.

### ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMER'S SWAMP ROOT—that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 18 herbs, roots, vegetables, balsams. Dr. Kilmer's is not harsh or habit-forming in any way. Many people say its marvelous effect is truly amazing.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department D, Kilmer & Co., Inc., Box 1258, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

### Texas Today—

## Plainsman 'Discovers' Mockingbird In Texas

By JACK RUTLEDGE Associated Press Staff

Ornithology, says a Texas columnist, is a \$10 word meaning bird study. He plans to brush up on it.

It seems the Plainsman in the Lubbock Avalanche-Journal discovered a mockingbird in a neighbor's yard. He devoted quite a bit of his column to it.

Then a Mrs. Warren Clements, who knows something about birds, informed him that in his own backyard were mockingbirds which had been there three years. Not only that, but also in his yard were hummingbirds, cardinals, red-headed warblers and gold finches. It was all news to him.

Which recalls the tale of a prospective land purchaser inspecting a tract of Texas soil. He wasn't too impressed.

A bird dashed across the road. The homeseeker asked what kind it was. The native said it was a bird of paradise.

"It's a heluva long way from home," snapped the visitor.

The Farmers Produce company of Waco was burglarized. Burglars got \$5 for their trouble. The company didn't mind losing the \$5, but they were annoyed at the thief or thieves for ruining a \$175 safe in getting to the loot. There is always another \$5, they said, but \$175 safes are hard to get these days.

Washing drying on a line between the archway of a filling station on a main highway into Harlingen causes no more than passing interest today.

Many Texas stations have been converted into homes, apartments, stores or just abandoned, comments the Valley Morning Star.

The unusual thing, says the paper, is to find one in full operation.

### Western Sheriff Chases 'Big Bag'

SALT LAKE CITY, June 29 (AP)—Authorities obtained contact one of the balloons Japan has been sending over North America—thanks to the tenacity of a western sheriff. The Salt Lake Desert News told the story.

Informed that a balloon had lodged against a hillside, the sheriff drove to the spot, the News said, just as the big bag started to ascend.

The officer started after it in his car, which mired in a mud-hole, then continued the chase on foot.

"I ran for more than two miles, up and down hills, before I finally grabbed hold of it when it was forced to the ground by a down draft in a deep ravine," the sheriff said.

But the balloon started to rise again. "I fought that darned thing for 55 minutes," the officer related, "before it dropped to the ground and I succeeded in tying it to a choke cherry bush."

### Pastor Makes Sweet Gesture For Couple

HAVANA, Ill., June 29 (AP)—Rev. James L. Dial, pastor of the Havana Christian church, not only performed the wedding ceremony for Marine Pfc. Russell Petty, 23, and Lois Marie Engelke, 18, but he made possible their wedding cake.

When a check of relatives of the couple disclosed there was no sugar available to make the cake, the Rev. Dial loaned the newlyweds three pounds.

### Hitler Baby Factories

Close In Rush Season

BAD WIESSEE, GERMANY, June 29—The baby factories Hitler built for the SS are closing down, but not for lack of business.

Thousands of babies conceived before the German surrender will be born in the next seven months, many of them to unwed mothers, but instead of coming into the world in such idyllic surroundings as this Bavarian garden spot, they will be born at home or in city hospitals. Under the Nazi regime dozens of maternity homes were scattered in hotels about Bavaria.

In Bad Wiessee alone, a small resort town on the shore of a mountain-rimmed lake, there are 15 maternity homes.

### Watermelon Feast Held In USO Garden

A watermelon feast was held in the garden of the USO Thursday evening and 316 service personnel, wives and dates were present. Informal dancing followed the feast.

Mrs. J. P. Dodge was desk hostess and Mrs. N. S. Edwards and Mrs. R. B. Dunivan were VSO members present. Wylene Brown and Dessie Hump were guests.

GSO members who had charge of the serving were Wilda Faye Simpson, Virginia Irwin, Debra Bradford, Nita Chapman, Maurine Word, Opal Chapman, Jean Nixon, Ann Thompson, Letta Frances Walker, Dorothy Sue Rowe and Theresa Huettis.

Plans were made for the swimming party and picnic to be held at Seven Wells, near Colorado City Sunday.

### Coke Party Is Planned For Cadets

All cadets stationed at the Big Spring Bombardier school will be entertained with a coke party from 6 o'clock until 10 o'clock Sunday evening in the Cadet club.

A cadet orchestra will furnish music for the affair and refreshments will be served. Mrs. Lynette McElhannon, cadet hostess, is in charge of the entertainment and any girl who would like to attend may call her at 1573-J.

### Cadet Dance Planned For Saturday Night

Cadets, wives and hostesses will attend a dance at the Cadet club Saturday night from 9 until 1.

Music will be furnished by a cadet orchestra and refreshments will be served.

### More Meat In July, Not Enough To Cut Ration Values Yet

WASHINGTON, June 29 (AP)—There'll be a little more meat on the nation's dinner tables in July, but not enough to cut ration values.

The OPA announced yesterday that the supply will be five per cent greater than this month, but at the same time handed out this gloomy news.

From next Sunday through July 28 margarine will cost 14 points a pound instead of 12, while canned fish will require two to three more points a pound.

On the brighter side, cheese point values will be reduced from two to four points a pound, depending on the kind.

Current ration values on butter and all canned fruits and vegetables will be maintained through the July period.

Present point values for nearly all cuts of meat must be maintained to improve distribution to shortage areas, OPA said.

The only meat value changes are for seven fat pork cuts, which go up one or two points a pound. These include jowls, fatbacks, plates, sides, and jowl and plate bacon. Regular bacon is not affected.

### Mighty Seventh Is Biggest Of Them All

WASHINGTON, June 29 (AP)—The "smash-Japan" 7th war loan is the biggest of them all. It ends tomorrow.

Bond sales have reached \$21,639,000,000, breaking the previous record of \$21,621,000,000 made in the 6th war loan last winter.

Although the 14-billion-dollar overall quota has been snowed under, not all quotas have been reached.

E-bond sales are \$3,071,000,000, or 76.7 per cent of the 4-billion-dollar quota.

Individual sales, which include the E-bonds, are \$6,910,000,000, or 98.7 per cent of the 7-billion individual quota.

Corporation sales are \$14,729,000,000, more than twice the 7-billion corporate quota.

### Youth Brings Wife To Dallas To Woman, Does Not Want "Man" Doctor

DALLAS, June 29 (AP)—A shy, 18-year-old husband hired an ambulance to bring him and his 16-year-old wife, an expectant mother, from Shreveport to Dallas to be certain that a woman doctor would deliver their baby.

Although at times it appeared the stork would win the race to Dallas, the baby, a girl, was delivered at a hospital shortly before 1 a. m. Thursday by Dr. Marianna Hood, Dallas woman physician.

The trek started when the young couple, Mr. and Mrs. Glenn Hampton, found that the woman doctor who had been attending his wife had left Shreveport on her vacation. But Hampton, an ex-sailor, said "no man doctor" was going to touch his wife.

### Lunch Program Sets New High

Howard county schools reached a new high during the past school year in community school lunch programs, according to figures released by Walker Bailey, county superintendent.

One independent and four common school districts have been serving adequate noon-day lunches to about 505 children. Bailey gave credit to the aid of War Food Administration and to local sponsors for success of the program.

Last year highest participation accounted for only 359 children.

Lunch agreements were signed jointly by WFA and local sponsors, who assumed responsibility for operation of lunchrooms. WFA reimbursed sponsors in part and distribute perishable foods bought from farmers under price support programs.

WFA reimbursements totaled \$5,812.15, of which \$4,593.67 went to common school districts compared to \$16,118.82 from local sources. \$8,180.47 of this in the common districts. Bailey said the balanced, warm meals were served at a cost of 24.1 cents per meal. No discrimination was made between those able to pay for their lunches and those unable.

Among perishable goods received through WFA were apples, carrots, cabbage, beets, onions. Participating in the program were Forsan, Elbow, Gay Hill and Midway common school districts, and the Knott independent school district.

SANTA ANITA RACE ARCADIA, Calif., June 29 (AP)—Thirteen horses are expected to go to the post for the \$100,000 Santa Anita handicap tomorrow and, unless there is a surprise entry, it will tie for the 1940 Seabiscuit race as the smallest field in the handicap's history.

Louis B. Mayer's No. 1 horse, Thumbs Up, is the solid favorite. Johnny Longden will be aboard.

HALL AND BENNETT CLINIC announce the association of DR. EDWARD H. STRAUSS In The Practice Of Obstetrics And Gynecology

# Hayes Plays In 217 Consecutive Games

By JOE REICHLER (Associated Press Sports Writer) Frank Hayes will set a new major league endurance record for catchers today when he dons the mask and mitt for the Cleveland Indians against his former mates, the Philadelphia Athletics.

The 29-year-old iron man caught his 217th consecutive big league game yesterday to tie the mark set by Ray Mueller of Cincinnati last year. Traded to the Indians three weeks ago for Receiver Buddy Roar, Hayes has been a potent

factor in the Tribe's recent spurt which saw them win four of their last six games to move within a half game of the sixth-place St. Louis Browns. Although batting under the .250 mark, he has driven in 23 runs and walloped seven homers, third high in the league. Jim Bagby of the Indians hung up an 11-0 whitewash yesterday, spacing six Philadelphia hits for his second triumph of the campaign against eight losses. It was the Athletics' ninth straight defeat.

## San Angelo Boy In Tennis Semi-Finals

EVANSTON, Ill., June 29 (AP)—Francisco (Pancho) Segura of the University of Miami (Fla.) who is shooting for his third consecutive national collegiate tennis championship, tackles fifth seeded Bernard Barten of San Angelo, Tex., William and Mary freshman, today in the tourney's semi-finals on Northwestern University courts. Top seeded Ecuadorian Segura met his stiffest opposition yesterday in the singles matches in sixth-seeded Howard McCall of Georgia Tech. But he needed only 30 minutes to accomplish a 6-2, 6-3 victory. Segura has dropped only 10 games while winning 30 in the three singles matches he has played this far.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR. NEW YORK, June 29 (AP)—Most of the 40 or so college baseball coaches who'll meet here today and tomorrow are a bit warm under the collar from other things than the weather. . . . Two of their big handicaps are the snatching of their players by professional clubs and the insistence of football coaches on having the boys for spring practice during the baseball season. . . . But the sponsors of the meeting, realize that they won't get anywhere by quarreling with coaches or with the athletic directors. . . . What they want to do is to make college ball strong enough to stand on its own feet before they tackle any of these long-term improvements. . . . The prospects look good, too, for every one of more than 100 coaches who replied to Barnes' invitations came out in favor of the organization and its aims.

## Last Year's Winner Not Too Confident

CHICAGO, June 29 (AP)—Harold Jug McSpaden, the short, hard-hitting golf pro from Sanford, Me., started out today after his second straight Chicago victory National Open golf championship, but he wasn't too confident. McSpaden, who sank a 40-foot putt on the last hole to tie Lt. Ben Hogan and then beat out the air forces officer in a playoff last year, had a much more formidable field to compete against this year in the 72-hole tournament. A field of 33 pros and nine amateurs will play 18 holes today, 18 tomorrow and wind up with 36 holes Sunday in the 72-hole medal play tournament.

**Fish Story**  
The Iowa conservation letter relays this yarn of how a retired farmer, J. B. Hulsman, went cat-fishing in the Iowa river. . . . After a long wait, Hulsman hooked a big one and had it near shore when a muskrat grabbed the fish. . . . During the struggle, the catfish escaped and the muskrat was hooked. Then the Hulsman family dog jumped in to tangle with the muskrat and got himself hooked while the rat got away. . . . Disgusted, the angler hauled in the dog, rolled up his line and went home. . . . Poor guy—he probably had to eat meat for supper that night.

## REVISE COLLEGE BASEBALL

NEW YORK, June 29 (AP)—Professional baseball leaders and high school coaches will join with the college baseball coaches today in a meeting designed to bring about a revival of interest in college baseball. Branch Rickey of the Brooklyn Dodgers will represent organized baseball at the two-day session, during which a national association of college coaches is to be formed.

**One-Minute Sports Page**  
After seeing Tam Mauriello, who never was a quick finisher, make Lou Nova his second straight one-round KO victim, Manager Jimmy Johnston decided he'd drop Nova if Lou would quit fighting. But Lou won't, so Jimmy figures on keeping Nova out of bad managerial hands. **Service Dept.**  
Six big league baseball scouts have visited Fort Benning, Ga., in the past couple of weeks. And you should see their faces fall when they realize that big right hander who looks so good out there is George Munger, formerly of the Cards.

Detroit regained undisputed possession of the American league lead by defeating Washington 5-2 while the Browns were humbling the New York Yankees — 9-4 in their third straight night contest. Lefty Hal Newhouser, last year's top winner in the majors, appeared on his way to repeat by registering his 12th victory, tops this season, and his seventh in a row. Trailing 2-1, the Tigers pounced on the Senators' Roger Wolff for a pair of markers in the fifth frame and added two more later. Detroit now holds a one-game lead over the Yankees.

The world champion St. Louis Cardinals narrowed the breach between themselves and the league leading Brooklyn Dodgers by defeating the Philadelphia Phillies 6-1 as the Dodgers were losing to Chicago's Cubs 11-8. Ken Burkhardt registered his eighth triumph in limiting the Phils to six hits while the Cards hammered Bill Lee for five runs in one big inning.

Six pitchers took part in the Cub-Brooks slugfest, with Claude Passeau the winner and Leroy Furd the loser. Harry Lowrey of the Cubs and Goody Rosen of the Dodgers connected for homers. Pitcher Nick Strincevich and Outfielder Al Glonfield combined to defeat the Giants for Pittsburgh, 3-1. Chuck Workman's homer with one on and two out in the ninth enabled the Boston Braves to defeat the Cincinnati Reds 7-6. Jim Tobin helped his own cause with a two-run homer, his third, in the fourth inning. Tommy Holmes of the Braves hit safely in his 24th consecutive game.

The American league Boston-Chicago tilt was postponed by rain. **Coach Doubtful If Team Will Equal Randolph Ramblers**  
FORT WORTH, June 29 (AP)—Major Douglas A. Fessenden, who will coach the Army Air Forces Training Command football team, doesn't think his eleven will be as strong as the team it succeeded—Randolph Field's Ramblers—but that won't necessarily mean it will fall to win as much glory. The former Montana University mentor, here taking his first look at prospects for next season when the training command participates in the seven-team air force conference, explained that while the TC eleven may not be up to the par of mighty Randolph Field, No. 1 in the nation in 1944, he doesn't think it likely any other service team will be either.

His conservative statement is that "you may be sure we will not be better than the Randolph Field eleven last year" and to bolster that he adds "we have a very stiff schedule." "I still belong to the 'union'," he smiled. "Been in the army three years but I've kept my dues paid." He meant it still was "Coach" Fessenden, even though he's a major, and he's as cautious as any other coach would be moving into a new spot. As yet there has been no public announcement regarding squad personnel, except that there will be a policy of emphasis on veterans returned from overseas.

**Bobby Jones Is Only 'Golfing Husband' To Wife Protecting Rugs**  
BILOXI, Miss., June 29 (AP)—Bobby Jones, like a good many other golfing husbands, has orders to keep his clubs in his own room. The ultimatum came from Mrs. Jones. Pvt. Robert Tyre Jones III, who's taking his basic air force training at Keesler Field, said his father formerly kept his clubs in almost every corner of the house and would take a swing with one as he passed through a room. Then, a few days before he left his Atlanta home, says Pvt. Jones, his father sliced a big hole in the living room rug.

**California Vs. Texas In Interscholastic**  
PHILADELPHIA, June 29 (AP)—It will be California vs. Texas in the semi-final round of the 37th national boys' inter-scholastic tennis tournament today. Second ranked Herb Flam of Beverly Hills, Calif., tackles Dick Savitt of El Paso, Tex., fourth seeded, while top-ranked Rolar Ray of Sinton, Tex., representing Andover (Mass.) Academy engages dark horse Hugh Stewart of South Pasadena-San Marino, Calif.

## New Kings Reign In Texas Tourney

FORT WORTH, June 29 (AP)—There were new kings of the court today as the Texas sectional tennis tournament entered the final stretch at Colonial country club.

Pre-tournament favorites fell yesterday and the man-to-watch in the men's singles seems to be Charles Hunt, Dallas city champion. Lt. Gene Holbrook of Corpus Christi and Ken C. Crawford of Dallas, seeded No. 1 and No. 3 in the men's singles, were top upsets yesterday.

A first class private from Camp Crowder, Mo., Frank Smith, defeated Holbrook 6-1, 6-0, 7-5. But yesterday afternoon Smith fell before Hunt 6-1, 6-2. Crawford was defeated by Harold Folks of San Antonio in one of the stunning upsets of the day. Folks defeated the Southwest conference champion 6-0, 7-5. Jack McManis, San Diego, Calif., a top favorite came through with a 6-1, 6-0 victory over Jay Fuller of Houston. Sgt. Billy Owens now ranks with Hunt as a favorite. An "unknown" early in the tournament, he has moved up and yesterday downed Bob Widmer of Fort Worth 6-2, 6-3.

## National Track Meet Gets Underway Today

NEW YORK, June 29 (AP)—Shorn of some of the glamor that goes with international competition and record-breaking performances, the National A.A.U. track and field championships will be held at Triboro stadium today and tomorrow with a home-bred field of 328 entries.

The junior championships are open to any athlete who never has won an Olympic, National AAU, IC4-A or N.C.A.A. championship and some of the nation's fastest runners are in this class. Among them are Perry Samuels of San Antonio, Tex., and Zane Moon of Kemmerer, Wyo., high school sprinters who have turned in this year's fastest times for 100 yards.

## One Killed, Two Hurt In Dynamite Explosion

TYLER, June 29 (AP)—A premature explosion of dynamite killed one officer and injured another officer and two enlisted men here yesterday. The accident occurred at Camp Fannin. Lt. James H. Hurley of Wood River, Ill., died shortly after the accident. His wife is an employee of the Camp Fannin post office.

## CHAMPIONS CLASH

NEW YORK, June 29 (AP)—Two former world tennis champions clash today in an effort to reach the semi-finals of the national professional tennis championships. They are big Bill Tilden, unsurpassed in his amateur days, and Karel Kozeluh, formerly of Czechoslovakia. Vincent Richards, another veteran, meets Dick Skene of Los Angeles in another quarter-final match.

**Funeral Services For Wilson Watt To Be Held Today**

**COLORADO CITY, June 29 (Sp) —** Funeral for Wilson H. Watt, 64, has been set for 5 p. m. this afternoon at the Presbyterian church here. Rev. Charles Brinkley, pastor, will be assisted by Rev. G. W. Parks, pastor at Roscoe. Mr. Watt, office employee of R. E. Harwell, wholesale Magnolia dealer, died late Thursday in Root hospital of severe head injuries received in a collision of two cars on a residential corner here Monday night. A young soldier, Pvt. Gene Britton of Camp Wolters, was released on bond after having been charged with assault with a motor vehicle.

Born in Stoney Point, North Carolina, January 28, 1881, Mr. Watt lived in Roscoe from 1902 until three years ago. He operated a trucking line in Roscoe. He was married to Miss Ann Broadwell in Sweetwater, Sept. 6, 1911.

He is survived by his wife, a son, Walter Thomas Watt of Sweetwater, a daughter, Mrs. Oscar Sherman of Colorado City, four grandchildren, two brothers, and three sisters.

Burial will be in Colorado cemetery.

**Windstorm Causes Extensive Damage In Electra Area**

**ELECTRA, June 29 (Sp) —** A windstorm which struck Electra at 9 p. m. last night caused damage estimated unofficially at a half million dollars as it unroofed houses, demolished small buildings, twisted off trees, tangled wires, and leveled or damaged oil field derricks and pump stations.

Part of the city was without power throughout the night. Crews were engaged today in untangling light and telephone wires. For more than two hours the town was isolated from telephone communications with other communities and telephones in rural districts were still out today.

Few houses in the residential section escaped damage. Only light rain accompanied the first storm, but heavy rain, accompanied by a high wind, hit the town two hours after the early blow. The winds smashed farm outbuildings in the immediate Wichita Falls area.

Five inches of rain fell at Thalia, 15 miles west of Vernon.

A brilliant electrical display accompanied the winds. Rains measured 1.18 inches at Wichita Falls; 1.40 inches at Quanah, and 1.47 inches at Vernon.

**IRIN AND BEAR IT**

"And don't worry about not having fine neighbors—they're folks like you who just couldn't find anything better!"

**Service Halted In Railway Walkout**

**DALLAS, June 29 (Sp) —** All passenger, freight and express service on interurban lines of the Texas Electric Railway company was halted today by a walkout of transportation, shops, line and power departments employees.

James P. Griffin, company president, said "the walkout came without notice and at the very beginning of negotiations between the company and the CIO toward reaching an agreement with its employees represented by the union." He said some 400 employees were affected.

Rufus High, president of the United Railroad Workers of America, CIO, branch of the company's employees, declared "this work stoppage is caused by the failure of the employees to obtain any adjustments whatever in numerous grievances."

Employees at Denison said a contract was being sought calling for an eight hour day and time and one half for overtime, and that motormen and bus drivers were asking a wage increase of from 75 to 95 cents an hour.

A report from Sherman said city buses there stopped running about 5:30 a. m., leaving many early morning workers to hitchhike to jobs.

Railway employees said they were trying to make arrangements with other bus owners to pick up many persons stranded at the Woodlake Baptist encampment, between Sherman and Denison. The encampment was due to close today and tomorrow.

**Pvt. Tyler Wounded In Luzon Campaign**

Mr. and Mrs. Cleve Tyler of the Morgan community have received a telegram from the War Department saying that their son, Pvt. C. T. Tyler, was wounded in the battle on Luzon June 3.

The parents have heard from their son several times since he has been in the hospital and he says he is improving every day. Pvt. Tyler was shot through the hip shattering a part of the pelvis bone.

Pvt. Tyler went into service Oct. 17 and received his training at Camp Walters. He went overseas in March.

**Livestock**

**FORT WORTH, June 29 (Sp) —** Cattle 700, calves 300; steady to weak; common to medium slaughter steers and yearlings 10.00-14.00 with other grades scarce; common to medium beef cows 8.50-10.00, while individual fat cows up to 12.00; canners and cutters 5.50-8.25; bull prices 7.00-11.00; good fat calves 12.50-13.50; common to medium calves 9.00-12.00; cull calves 7.00-8.00; common to medium stocker calves and yearlings 9.50-12.00.

Hogs 150, unchanged; all butcher hogs 150 lbs and up 14.25, packing hogs 13.80.

**House Hurries Up Succession Bill**

**WASHINGTON, June 29 (Sp) —** In an unusual burst of speed the house called up the Truman-backed presidential succession bill today with proponents determined to send it on to the senate before nightfall.

In three days the measure—making the house speaker next in line for the presidency—has advanced from a rough committee draft to a finished bill, ready for final action.

Despite the hurried house pace, proponents conceded privately that they have little hope of such quick action in the senate, and opponents were confident the measure never would become law.

**WARREN PACIFIC BOUND**

Mr. and Mrs. John W. Warren, Sr. of Coahoma have received a letter from their son, John W. Warren, Jr., GM 2/c who is aboard the USS Slater serving overseas for more than a year. He was in Cuba and is on his way to the Pacific via the Panama Canal.

**For Feet That Sweat With Offensive Odor**

**Emerald Oil Must Give Complete Satisfaction or Money Back**

Don't wait another day. You can remove the disagreeable odors quickly with a few drops of this powerful penetrating Antiseptic Oil.

Druggists everywhere who know, say that Emerald Oil is the speediest and most effective preparation they have ever handled for itching, perspiring, ill-smelling feet.

The very minute that this wonderful foot balm touches these sore, tender, itching feet, you will get relief. It's simply amazing how quickly it acts, and no matter what others may tell you, there's nothing just as good.

Collins Bros. and Cunningham (adv.)

**Slaying**  
(Continued from Page 1)

that party was in progress the subject of Milton's relations with Mrs. Stevens came up and "the feeling between Mrs. Stevens and the Miltons became so intense that Mrs. Milton showed her temper in the matter by taking an ice pick and driving it through the screen and the window of Mrs. Stevens' house as she was passing the front door to go home."

The coroner said that in reprisal, Mrs. Stevens dashed out of her house and threw a beer glass through a living room window in the Milton home.

Steiber, expressing the belief it was more than a probability that scratches apparent on Mrs. Stevens after the shooting were inflicted by Mrs. Milton, said "it must be in this aura of sex recrimination, beer and window smashing reprisals that we judge the acts and the emotional state of Mrs. Imogene Stevens just before the shooting."

The coroner said that from the testimony of James Kovacs it would appear that "the mere refusal of Albert to leave the Milton home when ordered to do so by Mrs. Stevens produced three shots from the gun of Mrs. Stevens and caused his death."

James, 29-year-old brother of the slain sailor, had driven him to the Milton home to see Faith Coombs, who occasionally kept the Milton's three young children. He said that they were waiting in the Milton parlor when Mrs. Stevens entered. They stated their business and when told Faith was not there, Albert moved to the stairway to assure himself that this was so.

At this point Mrs. Stevens started firing, he said. As she pumped the last shot into Albert, he quoted Mrs. Stevens as saying, "Now, will you get him out of here."

Mrs. Stevens had told police that Albert had attempted to attack her as she ordered the brothers to leave the house. His brother vigorously denied this.

Mrs. Stevens, divorcee and mother of a six-year-old daughter when she married Maj. G. Ralsey Stevens III, in Nov. 1943, cabled her husband in Germany to "come at once." Her former husband, Carl L. Funderburg, Amarillo, started to Connecticut to gain custody of their child, but reconciled.

**MUSIC DIRECTOR**

Asa D. Couch, ministerial student at Hardin-Simmons University at Abilene, has been named musical director for the Baptist Student Union at H-SU for the next school year. Asa is the son of Mr. and Mrs. G. J. Couch, Big Spring.

**Liquor Control Board Has Active Month**

June has been an active month for the Texas Liquor Control board district office with over a dozen cases filed in the territory.

Through Friday, reports showed fines totaling \$700 plus court costs.

Among the out-of-town and previously unreported cases tried were two cases against Mr. and Mrs. O. T. Hunt, Gaines county, for sale; two against Roy Perrin, Gaines, sales; one against Abel Barrantes, Scurry, sale; H. T. Tollison, Mitchell, transporting. Fines of \$100 in each case were assessed. Two cases were pending in Scurry county against Charles Whitney, one in Mitchell county against Woodrow Jones, sale.

**Negro Workers Strike In Texaco Refinery**

**PORT ARTHUR, June 29 (Sp) —** Some 250 members of a negro oil workers local (CIO) were off the job today at the Texas Company refinery here, a statement from the president of the local said.

The statement said the workers were protesting what it called racial discrimination as to pay.

Approximately 200 negroes were still on the job.

White employees are represented by a separate local. Its president, Lamar Lawson, said it was not affected, but was backing protests of the negro organization.

The negroes are asking equal pay with whites for the same work and also asking observance of job classifications, with each negro worker doing a prescribed duty, union members said.

**Public Records**

**Marriage Licenses**  
Valentine V. Parras and Amalia Sanchez, both of Big Spring.  
Louis C. Darathers, Indiana, and Verna Jo Stevens, Big Spring.  
George P. Chavalas and June Cathryn Brown, both of Chicago.

Cozie Wienkauf versus R. A. Weinkauf, suit for divorce.

**Building Permits**  
Arah Phillips, to build 36x38 foot brick veneer house at 1308 Rannels, cost \$5,500.

**LEWTER JUDGES GARDENS**  
County Agent Durward Lewter judged Victory gardens of 4-H club members at Sterling City Thursday. Although there were evidences of good gardening, he caught them at a time when even okra looked like the last rose of summer. Two months ago when Lewter was to have judged the gardens, a terrific hail laid the plots low.

**Threatened Strikes Spoils Labor Peace**

A new crop of disputes broke out on the nation's labor front and others were in the budding stage today, spoiling an otherwise improved picture on the troubled labor scene.

More than 60,000 of the 93,000 workers idle yesterday by strikes and work stoppages, prepared to return to their jobs today, their controversies settled, at least temporarily.

Overshadowing the brighter side, however, were additional walkouts, boosting the idle up to the 40,000 mark, and threats of strikes by three railroads and at 18 Western Electric company plants.

The biggest improvement in labor conditions was in Detroit, where most of the city's 45,000 idle CIO United Automobile Workers were expected back on the job following settlement of an AFL-CIO jurisdictional dispute.

Another 15,000 strikes in 10 glass plants in 10 cities agreed to end their week-old strike, bowing to a War Labor Board request to resume work.

**Furniture Lost In Thursday Garage Fire**

A garage full of stored furniture was totally destroyed by fire Thursday at 4:50 p. m., firemen said. The house, located at 415 Dallas, was occupied by J. Bagley and was owned by Doc Young. Fire Chief H. V. Crocker said that the building was not insured, but there was about \$100 insurance on the contents. He reported that the blaze was started by children building a fire. That was the second fire this week caused by children and the fire chief warned parents to be cautious in allowing their children to play with matches and build fires.

**TOKYO SAYS CRUISER SUNK**

**LONDON, June 29 (Sp) —** The Tokyo radio said today Japanese planes had sunk a large cruiser of the "Cleveland" class, three other cruisers and one destroyer June 25 off Balikpapan.
