LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, APRIL 24, 1930

NO. 2

Littlefield Cats Trounce The Amarillo Texans in 7-4 Game Here Sunday

Buck Freeman and his Tackless Texans invaded the Littlefield ball park last Sunday and battled the locals desperately only to loose in the final stages of the game, 7-4.

The visitors started off with a bang when McCasland doubled down the third base line after Vaughnt went out second to first. Gibson singled to right, and Horton walked filling the bases. Nicklaus hit into a double play Art Mueller to Johnson to Hanaks, retiring the side. The locals were retired in one two three order in their half of the first inning.

A three base hit coupled with an error put over the first score of the game and for the visitors. In the second half the Cats went out in order, but came back in the third to tie the count. Fly Thornton connected for three bases and Moore singled to right field accounting for the tally.

In the fourth a double, single and a base on balls spelled another for the Texans. Only to be out done in the half by the home nine when a rally was started by Newty Moore who opened the half with a single. Mick Ratliff sent a line drive to left for a home run. Al Mueller reached first safely, Dick Ratliff hit to deep left for three bases, and Hanks dropped one just inside the left field foul line for a two bagger. When the smoke cleared away four runs had been registered for a safe lead and a ball game. The visitors put two across in the eighth while the locals scored one in the seventh and another in the eighth.

Moore was invincible in the pinches and though his support was quite ragged at times he repained master of the situation. Nine of the Amarillo sluggers went the strike out route. Moore's best pitching feat came in the eighth when the bases were full and he struck out Emery Goeber the Babe Ruth of the Amarillo Club.

As a preliminary feat Pat Boone resident of the Littlefield club pitched the first ball to inaugurate the 1930 base ball season for Littlefield. A. Ratliff, vice-president of the club took a cut at the pitch ball but missed the sphere. D. Ratliff, local pitcher, donned the mitt and did justice to the receiving job.

Next Sunday the fast Southland empire team will come here to try and get revenge for the two defeats handed them last year. The Southland boys have assembled a nice club and should give the Cats a run for the money.

May the fifth the House of David club will make their appearance in this city. You can not afford to miss this game. It will be one of the outstanding performances of the year. Not only will these athletes display Class "A" ability as base ball players but they are a real curiosity with their long hair and long beards. Don't miss it!

May 11th the base ball team from Lewis will play in the local park. A full base ball program will be assured the base ball fans of this city and community if the fans will support the club properly.

The game will be called at 3:00 p. m. next Sunday.

REHE
Amarillo—0 1 0 1 0 0 2 0—4 7 4
Littlefield—0 0 1 0 4 0 1 1 x—7 9 5
Home runs, Mick Ratliff; three base hits, D. Ratliff, Freeman, Al

JONES TO NUMBER HOUSES

The City Commission has placed Ray Jones in charge of the numbering of houses and marking of streets within the corporate limits of Littlefield.

Each resident is asked to contribute the sum of \$1.00 which pays for the number to be placed on his occupied property and helps defray the expense of the street name to be posted on the corner of each block.

It is understood that Jones is also contemplating compiling a city directory.

Rotary Nominates Men For Year's Officials

The Rotary Club held its regular weekly luncheon at the Methodist church April 17, with 28 members present. Also, the following visitors Walter F. Lemond, Rev. R. B. Freeman, and Mr. Walker, of Lubbock.

After lunch President Clements called the meeting to order and advised this was the day for the naming of the directors in the Rotary club for the coming year. The following men were placed in nomination: R. T. Badger, Ross Mayhew, J. H. Ware, Clyde Hilburn, John H. Arnett, Joe Grizzle, C. C. Clements, J. S. Hilliard, T. S. Sales, and A. P. Duggan.

At the annual meeting, May 22, seven directors will be elected from the above number for the coming Rotary year.

Rev. Freeman, of the Lion's club, member of the street numbering committee from his club, advised that the contract had been let for marking the streets and numbering of the houses. F. G. Sadler was appointed as a committee of one, from the Rotary club, to act with a like committee from the Lion's and Chamber of Commerce, in looking after this work.

Rev. Freeman then made an appeal to the members relative to the matter of cleaning up the moral condition now existing in the negro quarters of the town, and the president appointed a committee composed of Joe W. Hale, Joe P. Grizzle, and R. E. McCasland, to look into the matter.

Station "LFD" On Air With 2 Daily Programs

If anyone has a vague idea that Littlefield is not strictly abreast the times they should listen in on their radio a couple times a day when such a notion will quickly vanish in thin air, for this little city now has a broadcasting station which reaches around for several miles in every direction.

Edward Kenyon, radio expert with the Littlefield Radio and Music Shop, last week built a small "sending set" which reaches out into the country an average of 25 miles. Just turn your receiving dial somewhere around 1100 and you will hear a nice program each day between the hours of 9:00-10:00 a. m., and 11:30 a. m.-1:30 p. m. The station in sending out these test programs is operating under an experimental license, and with its small radius of operation does not interfere with any of the larger broadcasting stations operating during these hours.

When the station has been completed it is the intention of Mallory Etter, proprietor, to take out a regular license under the Federal control board.

RABBIT DRIVE FRIDAY

The second annual spring rabbit drive will be held from the Spade Community building Friday morning, beginning at 10 o'clock.

A big basket dinner will be a feature of the occasion at the noon hour when the modern Nimrods return from the chase.

All men are invited to come bringing their guns.

A large number of the county candidates will be present, it is stated.

An optimist is one who believes the senate will pass a good tariff bill.

Mueller, Thornton; two base hits, McCasland, Goyer & Hanks; double plays A. Mueller to Johnson to Hanks Stolen bases, Thornton; struck out by Moore 9; by Maxwell 0; by Freeman 2. Time of game two hours and ten minutes. Umpire, Alex DeLong.

Always Plenty of Moths

By Albert T. Reid

W. H. Bell For Public Weigher, Precinct Four

The Leader is this week authorized to announce W. H. Bell, of this city as a candidate for the office of Public Weigher, Precinct No. 4, subject to the action of the Democratic primary.

Mr. Bell is a native Texan, and for the past seven years has been a resident of Lamb county. He states this is the first time he has ever asked for public office of any kind, and is doing so at this time feeling he is competent to efficiently handle the duties of the office he seeks.

He is an experienced business man accustomed to meeting and dealing with the public in a courteous and friendly manner. He states he has been a cotton farmer practically all his life; that he is well acquainted with the different grades, qualities and classifications of the staple; and if elected to the office will give it his very best attention, looking after its duties in a manner entirely satisfactory to the citizens of this precinct.

He will make an effort to see every citizen of this precinct before the coming primary, and respectfully solicits their favorable consideration.

IN MUNICIPAL COURT

A perusal of the "blotter" on the desk of City Secretary W. G. Street at the City hall is convincing of the fact that there is still some money floating around among some folks for indulging in their favorite pastime.

Fines assessed during the past two weeks were as follows: Drunkenness, \$47.90; fighting, \$22.90; gambling, \$57.90; disturbing the peace, \$34.35 traffic violation, \$2.00; a total of \$164.05 going into the city treasury.

SOME VISION, EH!

Did you know that if you were to go to the roof of the county capital in Morton that you could count 93 windmills representing that many homes from that position. One observer said that he believed he could see train smoke between here and Littlefield. No telling.—Cochran County News.

HAVE WEINER ROAST

An enjoyable time was spent last Friday evening at a weiner and marshmallow roast at Bull Dam, by Mrs. J. S. Mill's Sunday School class of the Tabernacle Baptist church. Games were played and refreshments were served until a late hour.

Those attending the roast beside the regular class were: Mr. and Mrs. J. S. Mills, Mr. and Mrs. R. V. Armstrong, Mr. and Mrs. Bob Cox, and Mr. and Mrs. Jim Davenport.

"HAVE YOU BEEN ENUMERATED" IS THE QUESTION THE LEADER ASKS THIS WEEK

"Have you been enumerated?"

Believing it is very important that every man, woman and child in Lamb County should be listed in Uncle Sam's 10 year inventory, the Leader is asking this pertinent and important question.

There is about one week more in which to get in on this census enumeration, and the Leader is reliably informed there are some individuals and some families that have not yet been interrogated by the census takers. Therefore, it would be well for every citizen interested in a full quota from Littlefield and Lamb county to appoint themselves a committee of one to find out if their friends and neighbors have been listed on the big white sheets that go up to Washington, D. C. See that your business and employees and co-workers, your relatives and your neighbors and friends have been included in this 1930 census.

There are some families not living here now—left the county temporarily. If you know of such instances—and know where they are now temporarily residing see that this information gets to the proper authorities—that this county may have its proper showing when the new census is published.

Littlefield High School Lads Win Honors In Interscholastic Meet at Lubbock Last Week; Will Attend State Meeting at Austin

Littlefield High School tied with Slaton, Olton and Lamesa for third place in the District Two meeting of the University Interscholastic League held at the Texas Technological College at Lubbock, April 18 and 19. Lubbock High School won first place in the total scoring of points, while Plainview came second after winning high score in track and field events.

Carson Glass won the Extremoporous Speech contest for Littlefield and he is generally conceded a chance to place in the State meet to be held in Austin, May 1, 2, and 3.

Percy Carter was the outstanding track man representing the local school in athletics. He won the 430 dash and was clocked at 52.6 seconds which lacks only one tenth of a second tying the district record. This was an outstanding performance when the sandstorm which was in progress during the meet is taken into consideration. Carter also won second place in the javelin, besides running as anchor man on the mile relay.

The most thrilling event of the meet was the mile relay in which Littlefield's team consisting of E. Carter, P. Carter, D. Henderson, and R. Herring won fourth place out of a field of eleven teams. Three of Littlefield's men in this event were competing for the first time in a district meet and two of them are Freshmen in high school. The school and patrons are proud of this splendid record made by their representatives and are making plans to send them to the State meet at Austin next week.

CHOICE BITS OF NEWS FROM NEIGHBORING TOWNS

Morton
The Westbrook-Slaughter No. 1 oil test well this week began drilling at a depth of 5,200 feet. The bit goes down slowly in a hard dark like formation, averaging only about 12 inches per hour. The drillers are optimistic over the prospects.

Farwell
Work has begun on the gas distribution system here.

Numerous cash prizes will be offered here in the daily show to be held April 25-26.

Olson
L. T. Condra has been appointed city marshal.

Hale Center
Several oil stations and various residences have been burglarized in this town and surrounding community during the past week.

The initial census count for Hale Center gives a population of 995.

JIMMY SINGER HERE
Jimmy Singer, former Littlefield citizen, who has been manager for several months past of the Tahoka division, State Telephone Co., moved back to Littlefield last Saturday, and has been placed in charge of the Littlefield territory for the same company.

The many friends of Mr. Singer will be glad to welcome him back to his former home.

South Plains Finest Laundry Opened Here Tuesday; J. F. Bumpass

Representing an equipment investment of \$27,000 the finest laundry on the Plains of Texas began business here last Tuesday. It is owned and operated by J. F. Bumpass, formerly of Lubbock, where for 12 years he operated the Bumpass Steam laundry.

This new concern is in reality a laundry de luxe where the highest type of work is turned out and the very best possible service rendered its patrons. It is an institution that would do credit to a town many times larger than Littlefield now is; but Mr. Bumpass having faith in the growing future of this place has builded here a plant that will render service to the thousands yet to become residents here during the near coming years.

Every piece of machinery installed in this new plant is of the very best quality and the latest approved type for this particular line of business. The arrangement is a model of efficiency from the time a bundle of laundry leaves the checker's hands, passing directly through all the various stages, until it is wrapped for the deliveryman.

In conjunction with the laundry there is also a dry cleaning plant of the latest approved type, where all kinds of cleaning and pressing for every member of the family is done. Hats are also cleaned and reblocked.

The plant opens with a force of 18 people catering to the needs of the public in this particular line, all of them dressed in snow white uniforms. Mr. and Mrs. Bumpass will give their personal attention to the laundry department. C. N. McGhee master cleaner with several years of successful experience in leading Lubbock shops, will have charge of the cleaning and pressing department. Associated with him will be Hoyt Ford of Levelland, who has also had several years experience in this work with some of the leading shops of this type in Lubbock. Two delivery wagons will be placed in service, one for local city use and the other for the accommodation of nearby towns and neighborhoods.

Formal Opening
The formal opening of the plant has been set for next Monday. Guests will be admitted at all hours of the day, but is especially requested that between the hours of 7:00 to 9:00 p. m. that visitors will be received when "open house" will be in order, all the machinery of the different departments will be in actual operation turning out the replenished products and special attention will be given by trained men in explanation of the various machines and the particular function they perform, also the various stages of work performed on garments of different kind, making them clean and new looking.

Mr. Bumpass, through the columns of the Leader, extends a most hearty and cordial invitation to the public generally to be the guests of the management next Monday. He expresses his confidence in the future of Littlefield in the installation of this strictly modern plant, and says it is his desire to lend his every effort and influence toward the greater progress and perpetuity of this little city.

Henry Ford makes it plain that he prefers golden-rod to forty-rod.

At the advertiser's door hard times looks in but dares not enter.

Wants Jobs for All

Julius Barnes, Chairman of the U. S. Chamber of Commerce, who told leaders of industry they must find a way to keep workers busy the year round.

Heads University

Walter Williams, starting as a printer's devil in a country newspaper office, founded the first School of Journalism and has been made President of the University of Missouri.

PEP PARAGRAPHS

Pep people are proud of the fine showing made by their school at the District Interscholastic meet at Lubbock.

The school made 35 points at the meet.

In tennis the Pep girls made a splendid showing. Lucile Stengel won the district championship in girls tennis singles, competing against students from class A and class B schools. She was awarded a gold medal.

In tennis doubles Lousia Heitzman and Blanche Stengel did some fine playing. They were victorious over several teams but lost to the team from O'Donnell in the semi-finals.

The Pep music-meory team composed of Wilma Gerik and Ida Jungman won the rural school championship and a gold medal in this contest. The good grade made by this team in the test elicited words of warm appreciation from one of those who were in charge of the giving of this test.

Sylvester Greener who is only 10 years of age, competed with boys in

their 14th and 15th years in the junior boys declamations. He was the youngest contestant in the finals. He won second place and was awarded a silver medal.

Mrs. A. V. Williams, who has been ill for the past week or two, is able to be up and around again.

J. L. Bartosh of Mt. Calm, who bought a tract of land north east of Pep is having J. R. Silhan to break a hundred acres of the land for him. W. E. Smith lately moved from this vicinity to Amherst.

At three o'clock Easter Monday the school children here enjoyed an Easter egg hunt on the school grounds. In addition to the hunt there were egg races and egg eating contests. Prizes were given to the winners in the races and the contests.

The Catholic congregation from

Littlefield enjoyed a pleasant outing in the form of a basket dinner at Pep Easter Sunday. The Catholic congregation in Pep enjoyed the afternoon visiting with the Littlefield people.

The young people from Littlefield engaged in an Easter egg hunt as part of the day's diversion.

An illness of a few days duration caused Bennie Robert Gerik to break his perfect attendance record at school for this year.

In addition to the contestants mentioned above the following Pep school pupils went to Lubbock to attend the District Interscholastic meet: Garris Hanley and Lorena Jungman, who represented Hockley county in the rural school division for Senior boys and Junior girls declamations respectively and Blanche Stengel who represented Hockley county in the Senior Girls Declamation, rural school division. Accompanying the Pep contestants to Lubbock were: W. T. Jungman, Mr. and Mrs. J. E. Stengel, V. Glumpler, Mr. and Mrs. F. S. Murphy, Miss Elizabeth Lupton and Mrs. W. P. Lupton.

Mr. and Mrs. W. H. Heinen, of Littlefield visited Mrs. W. P. Lupton and family in Pep, Monday evening.

San Jacinto Day was observed by the flag raising and the giving of the salutation to the flag and the singing of "America" by the school students. After the ceremonies pictures were taken of the students in a body with baby Jack Murphy in the center as mascot. Other pictures were taken of each room separately.

HARTS AND SPADES

Mr. and Mrs. Aile Robertson are the proud parents of a baby boy born at a Lubbock hospital, Monday evening.

S. H. Wallace, of Mangum, Ok., is visiting in our community. He reports it is very dry around Mangum.

We are expecting a large crowd to attend the rabbit drive Friday at the Spade community house. Every one is invited to come and bring a gun and lunch.

The Spade school trustees will hold a meeting at Spade community house Saturday morning at 10:00.

Mr. and Mrs. Claude Campbell and children, Jean and Buddy, of Littlefield, were visiting in the home of O. D. Yeager, Sunday afternoon and evening.

The children of Harts Camp greatly enjoyed the Easter egg hunt Sunday afternoon.

The small son of Mr. Henderson, of Spade, died of pneumonia, Monday morning. Burial was made at the Littlefield cemetery Tuesday afternoon at 4:00 o'clock.

Miss Pauline Cook entertained several of her small friends Sunday with an Easter egg hunt. Those attending the hunt were: Helen Brown, Mickey Yeager, Lena Lee Powell, Ford and Bennie Bishop and Bruce Sanley.

Rev. Anderson, of Clvosi, New M., will preach at Spade Sunday night. He will bring a small moving picture machine to illustrate the sermon.

Miss Eva Bertram, of Spade, spent the weekend in Abernathy.

Mr. and Mrs. Mahaffey and small children, Marcella and Wayne, Mr. and Mrs. O. D. Yeager and children, Gene, O. D. Jr., Mickey and Maxine, Martha Barbarick, Lester Ragdale, and Wayne Jackson were the guests of Mr. and Mrs. Calvin Patterson Sunday.

Archie Brown, of Spade, is on the sick list.

The Spade community house was filled to overflowing Sunday night. Everyone will be glad to know that after this every third Sunday will be free for singing.

Miss Pearl Strawn, of Olton, attended Sunday school and singing Sunday at the Spade.

Miss Leota Wody attended Singing Sunday night.

Huck Whitfield, Lester Ragdale, Wayne Jackson, Tony Thomas, Martha Barbarick and Maxine Yeager were seen in Littlefield, Saturday night.

Mrs. Jackson spent the weekend at the home of her son, Earnest Jackson near Anton.

The young folks enjoyed the weiner roast held at the Sandhills Friday night.—Jack of Diamonds.

WILL SOME ONE TELL US

—Why Eva Lenora talks so much?
—Why Mr. Boles never forgets anything.
—Why Melvin is so fat
—Why Louise wants her way?
—Why Norma Lee finds Lubbock attractive.
—Why Avis is interested in the welfare of Amherst?
—Why Pauline and Fern don't want to be business managers for the Wildcat.
—Why Leo cut his hair.
—Taken from the Wildcat.

DID SOMEONE SAY

—Azalea was thinking of advertising for a husband? Or is that all a mistake? We think it is.
—Carson Glass was a speaker? Perhaps.
—Prudence has lost all of her books? Yes.
—"The Good Speakers Program" was a success? Ask a club member.

—Littlefield was going to win the County Interscholastic League meet? Wait and see.

—George made an A in Latin this six weeks? Not hardly!

—Pauline likes blacksmith's boys? It seems that way.

—another geometrical fact is that shooting away one side of it doesn't wholly solve the eternal triangle.

—Taken from the Wildcat.

The SANDMAN STORY

ABOUT THE COWS

"MOO, moo, moo," said Mrs. Cow. "no one has asked me for my opinions of late, but I think I shall tell some of them, just the same."

"In fact, no one has asked me my opinions at all, either of late or before."

"Don't let it discourage you," said Miss Cow. "moo, moo, don't let it do that."

"I'm glad you don't think I should be discouraged, moo, moo," said Mrs. Cow.

"Well, what are your opinions, Mrs. Cow?"

"The cows were all out in the pasture, for the spring had come and they were enjoying the nice days."

Some of the cows had wandered far up in the pasture near the woods, but Mrs. Cow and Miss Cow were down by the fence, near the farmhouse.

"In the first place," said Mrs. Cow, "I think it is absurd the way people

all day, you know. We've got to be getting on. We've a long distance to make yet."

"And the person who has been taking a little longer hurries down a few more bites and then patiently says: 'I'm all through.'"

"The one who has been hurrying, then says: 'Are you sure you're all through? I don't want to hurry you, you know.'"

"And the person says, 'Yes, I'm through,' in a sad voice."

"Then they're off in a cloud of dust, as the saying is."

"I just can't understand it. Why don't they sit awhile and talk and chew? Or if they haven't anything to talk about, why don't they just chew?"

"They'd digest their food better. They'd feel more amiable and pleasant."

"I often think the reason we're so even-tempered is because we chew so contentedly."

"But really, Miss Cow, I wouldn't be surprised, with the way they're getting to hurry more and more, to find people before long bringing special automobile horns to picnics and to hear them toot and say: 'Hurry, hurry, toot, toot, we've no time to waste, toot, toot, we've got to be on our way, toot, toot, we've a lot of mileage to make yet, toot, toot.'"

"We don't want to get there when it's dark, toot, toot."

"We've got to be ahead of time in case we have any tire punctures, toot, toot. You've eaten enough, toot, toot."

"I wouldn't be in the least surprised if it came to that."

"And I'm of the opinion that this is no way to enjoy life or motoring or having a picnic."

"They're in such a rush they don't have a good time. They're always fussing about getting on further."

"Ah, no, Mrs. Cow doesn't approve of it. I also think it would be a good idea if every once in a while they stopped and got out and gazed at the scenery around."

"I don't approve of this rushing so fast they don't enjoy anything. I can see from their faces they don't enjoy themselves."

"And it's my opinion that they will wear themselves out rushing."

"Yes, Mrs. Cow has opinions, and she thinks they're good ones. Probably that's what every one thinks of her own opinions, moo, moo."

(Copyright.)

Mrs. Cow Expresses Her Opinion About Picnic Parties.

have picnics. I mean, particularly, the people who travel in automobiles.

"You know, Miss Cow, they have got so into the habit of hurrying that they eat in a hurry, too."

"Really, I wouldn't be in the least surprised to see them toot horns at each other before long to hurry each other up."

"They come along here. They put their lunch basket down. They begin to eat."

"If anyone eats slowly, some one in the party fusses and fumes and says: 'Come on now, we can't sit here

How It Started

By JEAN NEWTON

"PELL-MELL"

TO DO something pell-mell is to do it in indiscriminate haste and confusion. The expression is commonly used in every day speech, but the person is rare who understands the allusion with the knowledge of how it started.

The expression comes to us from the old English game of pall mall or pall mail, which was introduced during the reign of Charles I, and subsequently became very popular in England. A game in which a ball was driven with a mallet, and taking its name from the Italian "palla maglio," palla meaning ball and "maglio" hammer. In quick pronunciation pall mail became "pell mell" and it was from the fact that under certain circumstances in the game, the players would rush headlong at the ball that such needless, hasty activity came to be described as "pell-mell." And though the game which brought it into existence has served its time and passed out of the picture, the expression "pell-mell" has survived in modern speech.

Why We Do What We Do

by M. K. THOMSON, Ph. D.

WHY WE LOSE INTEREST

WE GET interested, but we don't stay interested. We lose interest either temporarily or permanently, taking on new interests and casting them off as worn-out clothes. Some interests hold us longer than others.

The reasons for losing interest are fatigue and saturation. We lose interest because we become tired in body and mind and cannot hold our attention on the interest. As much as children love to hear stories, they sometimes get so tired that they lose interest and fall asleep.

True fatigue causes the loss of interest in the economy of health. It is also true that loss of interest due to being fed up on the thing causes false fatigue. Often we think we are merely tired when in reality we are merely disinterested. We are tired of the thing we are doing and assume that the whole body is tired. We say, "that makes me tired," or "he makes me tired," when we mean that the thing or person referred to does not interest us.

Some interests we lose permanently because our tastes are changing. We grow away from the thing that once held us firmly. Darwin, for example, testifies that after thirty years of research in animal and plant specimens in support of his famous theory of evolution he suddenly discovered that he had lost his interest in literature.

Here is a curious thing in the matter of losing interest. We lose interest if we overindulge in a thing and get fed up and tired if not actually disgusted. On the other hand, we also lose interest if we neglect the thing so that it dies of disuse. To keep up an interest in anything, it seems necessary to indulge moderately and at rather frequent intervals.

Aurora Borealis

There is a discussion on concerning the noise which some persons claim to have heard accompanying the demonstrations of the Aurora Borealis in the northern skies. It has been described as a crisp monotone, like the passage of sleigh runners over the crisp snow. Some explorers claim to have heard this noise, but they state that it was heard under the most favorable circumstances, and, on the other hand, there are other persons who have had the opportunities who say the flashes are absolutely silent. Another description of this sound is that it was like the swishing of a whip or that of a squall through the upper rigging of a vessel.

NEW CREAM STATION

Armour & Co., are this week opening a Cream station in the Hopping building, just to the rear of Cuenod's dry goods store, on L F D drive.

J. H. Jones, an experienced man in this line from Brownfield, has charge of the business.

They will also handle all kinds of poultry, eggs and cream.

Farm Bureau Meeting In Littlefield Friday

As there seems to be so much confusion as to the meaning of the "proxy cards" mailed out from the Dallas office to the Farm Bureau members of Texas, and especially in Lamb County the director of the 19th district, Mr. M. S. Hudson of Hale Center has agreed to be in Littlefield, Palace theatre building, Friday at two o'clock to explain just what the changes in our charter and by-laws proposed by the Federal Farm Board are, according to County Agent, J. W. Hammock.

Lamb County members are usually good about coming to a meeting of this kind, and it is necessary that every member who possibly can should be in this meeting whether his proxy card is mailed back to the Dallas office or not. In a meeting of this kind there should be enough members present to secure a correct understanding of the movement and be able to inform the neighbor in their community who might have the wrong idea about the whole movement, Hammock said.

Mr. Hudson will be expecting a good audience at Littlefield, judging by the other times he has visited Lamb County, so be in Littlefield next Friday at two o'clock and come to the Palace theatre.

THE KISS

Of no use to one
Yet absolute bliss for two
The small boy gets it for nothing
The young man has to steal it
The old man has to buy it
The lovers prize it
The baby's right
The hypocrites mask
The married man's duty
To a married woman—hope
To a young girl—Faith
To an old maid—Charity.

School Board Elects Teachers for Next Yr.

At a meeting of the Board, Littlefield Independent School district held Monday night the following teachers were re-elected for the coming year:

High School

F. O. Boles, R. A. Box, J. R. Tucker, L. D. Rochelle, Loyd Neeley, Mrs. Mallory Eiter, Mrs. Pat Boone, Miss Eunice Wright, Miss Ruth McKee, Miss Carrie Collins.

Grammar School

J. E. Chisholm, Miss Thelma Killough, Mrs. R. E. Riley, Miss Daisy Ross, Miss Mary Bell Montgomery, Mrs. B. D. Garland, Mrs. M. M. Brittain, Mrs. J. M. Tunnell, Mrs. T. R. Collins, Miss Dahlia Hemphill, Miss Gladys Wales, Miss Lucille Killough.

Primary School

Mrs. B. L. Cogdill, Mrs. H. W. Wiseman, Mrs. R. A. Davis, Mrs. B. M. Harrison, Miss Gladys Porter, Miss Margaret Teal, Miss Elsie Mitchell, Miss Ruth Matthews, Mrs. Ray Jones, Mrs. W. F. Fulton, Mrs. Janie Powers, Mrs. W. G. Street.

Superintendent B. M. Harrison was last year elected for two years.

A SLOGAN FOR LITTLEFIELD

There is offered a \$5.00 reward for the best slogan for Littlefield. A town with such unparalleled prosperity, good will, and liveliness surely needs an appropriate slogan, and seeing the need of such a committee from the Civic organizations makes this offer for a good slogan.

All slogans must be turned into Kenneth R. Hemphill by Wednesday, April, 30th, at 9:00 o'clock, and all turns by that time will receive due considerations by the committee.

Never judge by appearances. The biggest crook often has the straightest crease in his trousers.

NEW WAYS TO COOK CARROTS

By CAROLINE B. KING
Culinary Expert and Lecturer on
Domestic Sciences.

LACK of sufficient vitamins in the diet is one of the commonest causes of poor health and susceptibility to disease. But although most of us know this, it is sometimes difficult to induce the family to eat just those vegetables which are of particular value because of their high vitamin content. Frequently, the difficulty is due to the way the vegetables are cooked. We've been cooking some of them in the same old way for so many years that we have grown tired of their inevitable sameness.

Carrots have the highest vitamin content of all of the root vegetables, yet the carrot is one of the vegetables that has suffered most from the fact that it is almost invariably cooked in one of a few standard ways. It has suffered undeservedly, for there are all sorts of ways in which carrots can be prepared so as to give them the added zest of novelty. A special tip to remember when you are boiling carrots, is to put about a tablespoon of sugar in the water. The sugar both adds to their food value and brings out their flavor.

Carrot Loaf will help you to impress the family with your skill and ingenuity in the culinary art. It's easy to prepare, too. Scrub the carrots and boil in sweetened water until tender. Mash and to a pint of the pulp add two well-beaten eggs, a half teaspoon of salt, a quarter teaspoon of pepper, two tablespoons of sugar, and a quarter cup of cream. Pour into a well-buttered mold. Stand this in a pan of hot water, and bake in a moderate oven until firm. Turn out on a hot platter and surround with peas, or serve with a white sauce.

Glazed Carrots With Mint—In just enough water to prevent burning, cook three cups of sliced carrots until tender. Not more than one-fourth cup of water should re-

main at the end of the cooking. Season with three tablespoons butter, three tablespoons sugar, salt and a dash of nutmeg. Cook about three minutes. Sprinkle with one tablespoon finely minced mint leaves and serve immediately.

Candied Carrots—Cook carrots until partly tender in boiling water to which a tablespoonful of sugar has been added. If carrots are large cut in three slices; small carrots, cut in half. Then place in a baking dish and sprinkle the carrots with salt, pepper and granulated sugar. Dot generously with butter. Bake until nicely browned.

Carrot Chips—Scrape the carrots and cut them in thin slices, allowing one pound of sugar to each pound of carrots; also half a cup of lemon juice. Place the sliced carrots in layers in a preserving kettle, sprinkling each layer with the sugar. Pour the lemon juice over all and let marinate for twenty-four hours. Then add water to cover and a few pieces of green ginger root, scraped and cut in thin slices. Simmer the carrot slices until they are tender, then set aside to cool. After four days drain the syrup from the carrots and cook it slowly till very thick. Place the carrots in jars, pour the hot syrup over them and seal when cool.

TAKE IT FROM DAD

By Frank H. Cheley

Do Nice Girls Pet?

"You look sleepy tonight, Bob. too much party last night. Think you stayed at it pretty late."

Bob made no reply. He was quite absorbed with his thoughts. Then suddenly he got up and crossed the room toward his father with a half-clouded expression on his face.

"Dad, I was disappointed in the party and it's been troubling me ever since. You remember how many times you have told me 'hands off' with the girls. I've been wondering if that was just a notion of yours for certainly none of the rest of the boys have ever heard of such an idea and certainly do not practice it. But what I want to know is, Dad, do nice girls pet?"

Immediately Mr. Smith thought understood the mood. Suddenly it dawned upon him as never before that his lad was growing up—maturing; that he had come already to the place where he must face social questions and arrive at a personal philosophy.

"So that's what's bothering you, is it? Well I'm not surprised except, Bob, at the way you put the question. Why not turn it around and share the responsibility? Do fine boys pet? Surely it isn't entirely up to the girl to decide, Bob, and your question smacks too much of the old and certainly outworn idea that anything a man can get by with with a woman is all right; that when things go wrong it's the woman's fault. Bob get it straight—that's one of the surviving ideas of the savage age. In all social questions the man is equally responsible with the woman or more so notwithstanding the fact that for generations society has allowed men to have their fling as they say, but have positively outlawed with a bitter injustice the woman who has accommodated the man.

"One of these times I'd like to discuss with you this whole question of a double standard of morals. It's a big question now and I'm afraid we'll have to say that many, many nice girls and fine boys do pet.

"Let's start here, Bob. Petting in any form is but the expression of the inevitable dawning and development of the sex in life. Healthy boys and healthy girls are naturally drawn to each other. It is nature's law. Without it, all progress would end. There would be no marriage, no homes, no children and no race.

"If, on the other hand, every boy and every girl, as they plunge into young manhood and young womanhood, could have an intelligent, broad-gauge education along sex lines and have right attitudes toward each other established before 'petting time' comes the problems and dangers would be very greatly minimized.

"It is, however, because most young people, even in this enlightened day, have no adequate understanding of such things that they just follow along their physical impulses as far as social custom will let them, experimenting, as it were. Petting, my boy, is but a popular and slang expression for the age old play of making love.

"True love and courtship are the most sacred things we humans know, so to, through ignorance, drag them down to the level of cheap pastime is to very greatly belittle your own self-respect and totally unfit some fine girl for the great love that will sometime come to her and be the main spring of her life.

"Petting involves intimacies usually associated only with those who have pledged themselves as future mates. What real fellow wishes to have any part whatsoever in breaking down a girl's natural reserve by a willingness to handle or paw-over or spoon with her even though she permits it, for surely with the loss of her reserve comes the loss of self-respect. Cheaper her thus in her own eyes, you have dealt a serious blow to her character.

"Pawing over, spooning and close dancing that are indulged in merely for the sake of physical thrills are apt to arouse emotions which may be checked with difficulty.

"So, Bob, this 'indoor sport' of pawing over is a pretty dangerous and shoddy one for a thoroughbred to indulge in when he understands.

"Now I know full well there are foolish girls who demand such attentions; who have been led to believe that boys insist upon such familiarity and who consent in order to be popular and to 'get invited.' It is true that too often girls who refuse get left out, but Bob, that's where the self-respecting boy comes in when he deliberately seeks as his partner at social affairs that sweet girl who would rather die than be pawed over by first one and then another ignorant youth. Such practices as common 'petting' will disappear from well-bred gatherings. Don't ever let anybody fool you boy. One of the chiefest assets of a desirable girl friend is her utter unattainableness by all ordinary methods. Have always a grand good glorious time—be a regular guy—you know how I despise a sissy but remember you are a Smithough, respected and honored. Make the girl of your choice happy to accept your invitations because of your fine self respect for both yourself and them."

When She Was a Boy

Elmore Ulmer, 16, of Chicago, who posed as a boy for two years, and got away with it until a school principal became suspicious.

BREWER BIRTHDAY PARTY

Mrs. Mike Brewer entertained a number of little friends of her two daughters, Kathleen and Ida Joe Brewer, in honor of their 11th and sixth birthdays, at her home, Thursday afternoon of last week.

Games were played, and the honorees were the recipients of many nice gifts.

Refreshments of sandwiches, cake and punch were served to the following:

Sybil Mae Byers, Leona Varner, Grace Scott, Maggie Lou Teeters, Ruth Wells, Dorothy Stripe, Juanita Hazel, Eula Wright, Opal Yeary, Sadie Marie Worley, Alice Lynn Street, Freddie Charles Bills, Jerrine Wharton, Elena Hays, Helen Porter, Essie Faye Porter, Olene Robbins, Josephine Wales, Nora Mae Green, Pauline Wallace, Oma Green, Pearl Green Betty Ann Hilliard, Treva McNutt, Billy Brandon, Nell Fraley, Ima Gene Porter, and Kathleen and Ida Joe Brewer.

School children have begun to think of vacation time. A man never knows how much he can loaf until he tries.

He who lives best, lives the happiest. Buy your Groceries from Renfro Bros., and you will always be happy, because we sell you only the best.

Jokes, Gertrude Yohner.

Reading, "Signing Pledge," De-ward Hutson.

Play, "Cousin Imagene's Dinner," Seventh Grade.

Characters: Homer Roberts, Zora Mae Morgan, Urlene Foust, Mike Brewer, John Jones, Winifred Crow, Max Houk and Mary Frances Willis.

Playlet, Sixth Grade.

Dialogue, Wallace Varner, and Urlene Foust.

HORSE TRAMPLES THE YOUNG SON OF MR. AND MRS. MCGEE

The young son of Mr. and Mrs. Ben McGee, who reside just west of town, was painfully injured the early part of last week, when the child accompanied by his mother were in the lots—the child wandering into another lot where several horses were unnoticed by Mrs. McGee. The youngster was missed by the mother and glancing around she noticed the child lying prone on the ground with one of the horses standing over the body pawing at it. Mrs. McGee frantically screaming, hurried to the rescue and succeeded in driving the animal away, but not before serious injuries had already been inflicted.

A broken collar bone, cuts and bruises about the head and body were many, but the child soon recovered and is doing nicely at this time.—Amherst Argus.

CHARGED WITH SWINDLING

Sheriff Len Irvin arrested Chaney Tarbor, negro, at Clovis, N. M., Saturday afternoon on a charge of swindling.

He is being held in the Olton jail.

PERSONAL ITEMS

Mrs. G. C. Vaught's father, of Ardmore, Okla., is very sick.

Nurse Tells

How CARDUI Helped Her

Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes:

"I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can."

"I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

CARDUI

USED BY WOMEN FOR OVER 50 YEARS

Take Theford's Black-Draught for Constipation, Indigestion, and Biliousness.

GENERAL ELECTRIC

Refrigerator

"Makes it Safe to be Hungry"

When the Research Laboratories of General Electric take fifteen years to perfect a refrigerator, you have the right to expect a superior product—"years ahead" in design. These refrigerators are indeed different from all others. You owe it to your comfort—and your family's health—to get complete information about these revolutionary refrigerators. Come in today.

THAXTON BROS. HARDWARE

LITTLEFIELD,

TEXAS

SHERWIN-WILLIAMS PAINT HEADQUARTERS

Let cold figures prove the economy of SWP

Here are facts on painting, which we can prove by the simplest arithmetic. SWP is the most economical paint you can put on your house. It costs more per gallon, of course. But did you ever stop to think of how much extra surface a gallon of SWP covers? Mark this—a gallon of SWP will thoroughly cover almost twice as much surface as cheaper paint. Therefore far fewer gallons of SWP are needed. In addition, SWP lasts twice as long as cheaper paint—saves repair bills by giving full protection to the surface—and its rich, weather-proof colors retain their beauty to the end. Come in and let our figures prove it.

FRIDAY AND SATURDAY SUGGESTIONS

SWP House Paint

The world's standard of house paint quality. SWP is made in one quality only and that the very best. Famous for long life and the permanency of its many beautiful colors. Covers more square feet of surface per gallon. Coats less on the house than cheaper paints at a lower price per gallon. Regular colors per gallon \$4.50. Gloss White, per gallon \$4.00.

Trade-mark Registered. S-W Paint Products are sold the world over under this famous trade-mark.

S-W Porch and Deck Paint

Especially prepared to withstand outside exposure and hard wear on porch floors, steps, decks of boats, etc. Per quart..... \$1.50

S-W Mar-Not

A water-resisting floor varnish made to withstand tramping heels. For oak, light maple, birch or linoleum. Per quart \$1.50

S-W Enameloid

The world's finest rapid-drying decorative enamel. Ideal for wood-work, furniture, toys, etc. Wide range of charming colors. Per quart..... \$2.00

The Best Separator for the Creamery is Best for YOU!

That's a De Laval

PRACTICALLY all of the world's creameries and milk plants use De Laval Separators, because years of experience have proven they skim cleaner under all conditions of

use, are more reliable and durable than any others. Butter made from De Laval separated cream has won first prize at every Annual Contest of the National Creamery Buttermakers Association, with but one exception, since 1891.

It is just as important for you to have the best separator—and that's a De Laval. The one you use is made in the same factory, with the same care, with the same principles of design and construction as the big De Laval for creamery use.

The wonderful "floating" bowl of your De Laval will separate just as efficiently and you will get as good results in every way as the creamery does from its De Laval. That's why there are more in use than all other makes combined.

Call on or phone us to see and try a new De Laval.

HIGGINBOTHAM-BARTLETT CO.

SOONER OR LATER YOU WILL USE A De Laval

Sure, but Why Mention It?
 When a mother, father and daughter live together and there is an argument, father is the minority.—Toledo Blade.

England is a little ahead of this country. It is talking about a "fourth party."

Fascination of Thrift Grows With Mounting Accumulation

By S. W. STRAUS, President American Society for Thrift
 On August 16, 1819, a deposit of \$10 was made in a New York savings bank. On the 26th of the same month the next year a deposit of \$5 was made. No other deposits have ever been made for this account. The original depositor never returned to claim his money. The account still stands but through the processes of compound interest it has grown to more than \$2700 or 180 times its original value.

An office boy on an errand lost merchandise worth \$110. Ten years later the boy found himself able to make restitution although it was not compulsory. He gave \$110 to the man whose merchandise he had lost. The amount really lost, however, was \$198.67 for that is what the \$110 would have become had it been invested at 6 per cent compounded semi-annually. In fact, if the office boy had waited one year and 263 days longer it would have been necessary for him to return \$220 if he had taken into consideration the compound interest which the \$110 had earned.

The attention of the writer recently was called to the illustration of a Roman child's bank 1900 years old with this explanation: "One cent if saved in this bank and kept at 3 per cent interest compounded annually until now would amount to twenty-

four sextillion dollars—\$24,000,000,000,000,000,000,000—more money than there is in the world."

If you can save \$90 a month during the next twenty-five years and invest their income at 6 per cent compounded semi-annually you can then retire with \$61,975.

One continually is hearing stories about the fabulous accumulation of money through some brilliant scheme or lucky break but there are no financial fairy tales more absorbing than those based on the wizardry of compound interest. The piling up process may seem slow and prosaic enough at first but as time goes on we catch the spirit of the magic spell.

Thrift in theory is a dry subject but when it comes into our lives, enriching our hopes and giving point and purpose to methodical routine, we feel in it a tense and ever growing fascination.

EASTER BREAKFAST

A large number of the Leaguers attended a sunrise breakfast given Easter Sunday, in the pasture of J. T. Elms.

As the sun was rising, Rev. R. B. Freeman led the group in a song and then a prayer. Two more songs were sung, and some sentence prayers given, after which very inspirational talks were given by both Rev. R. B. Freeman and Rev. Joe F. Grizzle.

The sunrise breakfast consisted of bacon, eggs and buns, which was enjoyed by the following: Misses Marie and Irby Holly, Eva Gertrude and Louise Chisholm, Sybil and Josephine Glenn, Gladys Porter, Vera Jim Battles, and Naomi Freeman, and Troy Foster, Lloyd Reid, Kenneth Hemphill, J. D. West, and Rev. R. B. Freeman.

B. Y. P. U. "TACKY" PARTY

The Senior B. Y. P. U. of the Tabernacle Baptist church enjoyed a "Tacky" party given Wednesday night of last week at the home of Rudolph Kemp.

Numerous games and jokes were played. Otis Connell won the candy-eating contest, and the "Brown Beans" won the jellie bean prize in the bean contest. Elizabeth Brewer won the tacky prize.

Refreshments of all day suckers, jellie beans, and jawbreakers were served to the following: Misses Elizabeth Brewer, Fleddie Dunagin, Lois Etheridge, Nina Ogilvie, Ophia Kemp, Lexie Dunagin, Eva Lena Clark, Ruby Clark, Mrs. Henson, and C. L. Ogilvie. P. L. Henson, Odell Crow, Carl Etheridge, Robert Brewer and the host and hostess, Mr. and Mrs. Rudolph Kemp.

TRIPLE TESTED

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline because of all of these tests converged into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with *power* for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

Mrs. Duggan Would Interest Students In Dramatic Art and Study Contest for Texas

A "Native Drama" contest is being sponsored by the Federated Clubs of Texas, according to Mrs. Arthur P. Duggan, chairman of the Seventh district. The object of the contest is to promote and encourage dramatic art and study in clubs, schools and communities of the state, and to cooperate in the production of plays and pageants worth while.

The rules of the contest are as follows:

Rules in "Native Drama" Contest
Contestants must be residents of the State of Texas.

Plays must be original and owned by the author, and must not have been previously produced or published professionally.

The subject matter of plays must relate to Texas in scene, setting and characterization. The treatment may be in any manner, drama, comedy, tragedy, historic, legendary or otherwise.

The plays should be in one act and should require from twenty to forty minutes to perform.

Each play should be typewritten on one side of page only, with name and address of the author together with return postage in separate sealed envelope attached. The author should retain one copy of the play.

Authors should send plays to the drama chairman of the district of T. F. W. C. in which they live, by September 15th.

The various chairmen will in turn mail the plays to the state chairman of Drama before October first. The state chairman will in turn submit the manuscripts to judges.

The winning play will be announced at the state meeting of the T. F. W. C. at Houston and if possible produced before the delegates there assembled. After the state meeting the play becomes the property of the author to do with as he so desires.

The prize—a handsome trophy—will be awarded to the manuscript which the judges shall declare the winner.

This trophy is presented through the generous courtesy of G. W. Halton, Jeweler of Ft. Worth.

The rules herein stated constitute the terms of contract between the author and the Drama Department of the T. F. W. C.

UNION B. Y. P. U. PICNIC

The Senior B. Y. P. U. of Anton, met the B. Y. P. U. of the First Baptist church of Littlefield, at the Yellowhouse ranch Sunday, where they had a joint Easter picnic.

A few enjoyable hours were spent, while games were played and lunch was served.

A large crowd was present from both towns, and this gave the two unions a wonderful chance of getting better acquainted.

J. T. HARRIS HARDWARE & IMPLEMENTS

We have on hand a full line of **B. F. AVERY and JOHN DEERE IMPLEMENTS JOHN DEERE G. P. TRACTORS**

PERSONAL ITEMS

Lee Harris was a Clovis, N. M. visitor, Sunday.

Mrs. B. N. York and three sons, Mr. and Mrs. W. H. Willis and Mr. and Mrs. Guy Willis, of Olton, spent Sunday with Clyde Willis and family.

Mrs. L. F. Wade and sons, Eldon and Tom, of Jayton, were guests of Wm. J. Wade and family the first of the week.

Mrs. C. R. Singer went to Abilene, Saturday to attend the funeral of her aunt. She was joined in Lubbock by her mother.

Mr. and Mrs. G. C. Vaught and little son, also Bryant Vaught, took dinner Sunday with Mr. and Mrs. Paul Vause.

J. S. Hilliard and Dr. C. C. Clements left Tuesday morning to attend the district meeting of Rotary International being held at Temple.

Miss Mary Bennett, who has been visiting her cousin, Miss Norma Lee Gattis, for the past week, has returned to her home in Childress.

G. C. Vaught's sister and husband, Mr. and Mrs. E. A. Beaver, of Childress, also his niece, have been visiting him the past week. They like the Plains fine.

Rev. Wm. F. Fulton left Tuesday night to attend a meeting of the Amarillo presbytery being held at Canadian, Wednesday and Thursday of this week.

C. H. Yolland, auditor for Phillips Petroleum Co., has just finished two week's auditing the station here, checking out C. J. Duggan and checking in T. E. May, agent.

Mrs. E. J. Stovall and daughter, Charlene, Miss Blackwell, of Presidio, and Mrs. W. C. Prescott, of Big Springs, spent last week with Mr. and Mrs. C. C. Beebe.

Mrs. W. O. Burford and children, accompanied by Mrs. Jennie C. Parker, and Miss Lois Greene, spent part of last week in Roswell, New Mexico, visiting Mrs. R. D. Roberts.

Miss Edna Byers, of Lubbock, spent the weekend with her parents. Mrs. J. F. Bumpass and sister, Miss Vivian Lane, are ill with pneumonia this week.

Lee Page, who has been in Hobbs, New Mexico, for the past week, celebrating the arrival of the first train to that city, returned to his home in Littlefield, Sunday.

Mr. and Mrs. Roy Blessing, Mr. and Mrs. T. S. Sales, and Miss Alma Busher visited Geraldine Robinson, in the Lubbock sanitarium, Sunday. Her condition is very much improved.

W. W. Baird, president of the Baird Buick Co., spent Tuesday and Wednesday in Littlefield. Mr. Baird had two Fisher body and Buick mechanics, assisting Cain and Cain in the service department of Buick automobiles while he was here.

Orvid Pinckert, from Hereford, was in Littlefield Sunday to see about organizing a flying school. In case Mr. Pinckert can get a satisfactory amount of pupils to enroll, the school will probably start sometime this week.

Dr. Ben Harris, head of the agriculture department in North Texas State Teachers College, Denton, and J. H. Leggett, professor of botany in the same college, were the guests of Mr. and Mrs. T. Wade Potter, Monday.

R. D. McDonald, of Abilene, arrived in Littlefield Saturday to escort Miss Vesta Henson to her home in Dallas. She will spend a few days in Abilene with friends before going on to Dallas, where she will resume her work there.

G. S. Glenn has been appointed architect for the new Flag school building. Contract for its construction was let to Carnes & Pierce of Abernathy, the consideration being \$8,000. He states he has also completed plans for a 20 bed hospital to be built at Hobbs, N. M.

J. S. Hilliard and Jess Mitchell attended the "Maundy Thursday" meeting of the South Plains Scottish Rite Club held at Lubbock Thursday of last week. Dr. J. T. Hutchinson, of that city was elected president of the club for the coming year, and Jess Mitchell, vice-president.

A card received last Saturday from Monte Bowron who, accompanied by his wife is sojourning for a week in Chicago, states he is having an enjoyable visit, and while there met Clayborn Harvey, former Littlefield citizen. Monte won the Chicago trip

Senatorial Nominee and Her Pal

Congresswoman Ruth Hanna McCormick, who defeated Senator Lyceum for the Republican nomination for U. S. Senator from Illinois, with her intimate friend, Alice Roosevelt Longworth (right). The mass Mrs. McCormick defeated Lyceum his seat over her late husband, Senator Medill McCormick

for selling the most Delco light systems in his territory.

LEGION SERVES DINNER

The American Legion and the Legion Auxiliary served an army dinner, consisting of stew, doughnuts, ice cream and soda pop on the Gold Star cafe lot, Saturday.

About \$20 was made above expenses, which will be used to buy pop-

pies from the disabled veterans. These poppies will be sold on memorial day by the Legion.

Congress is expected to take a vacation in June. That will mean a vacation for everybody.

Nimrod was a great hunter, but that was before the day of coffee buttons that persist in rolling under bureaus.

Ask for a Ride

in the Red Rocket demonstrator . . . learn what fine performance this low-priced six provides

Hail the driver of the car with the RED ROCKET. Ask to ride in and drive this New Series Pontiac Big Six. Learn what splendid performance Pontiac now provides.

SPEED, PICK-UP, POWER—Pontiac's high speed, quick pick-up and abundant power for climbing are made possible by its sturdy 60-horsepower engine, with 200 cubic inches piston displacement. It is the largest engine in any six of Pontiac's price.

UNUSUAL SMOOTHNESS—This engine is also unusually smooth due to new type rubber mountings—a more rigid crankcase—and the Harmonic Balancer which overcomes torsional crankshaft vibration.

EASY RIDING and DRIVING—Pontiac's riding ease is increased by Lovejoy Hydraulic Shock Absorbers (standard equipment at no extra cost), and by large, comfortable Fisher bodies. Driving too is easier and safer due to Pontiac's new steering system acting on roller bearings and its new non-glare windshield.

Ask to drive the car with the RED ROCKET. Or come to our salesroom and receive a special demonstration. You'll find this finer Pontiac an exceptional "buy" at its low price.

Prices are f. o. b. Pontiac, Mich. plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

LITTLEFIELD,

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

IT'S GOOD BUSINESS

"I certainly like to trade in a happy place," said a total stranger a few days ago as he came out of a local store to get in his auto. He was addressing himself to whoever happened to be in earshot, and while no one paid much attention to the remark it struck us as revealing the real secret of running a successful business.

People love to trade in happy places, where everybody is on the job and anxious to meet the wants of the customer. A willing and smiling clerk shows satisfaction with his boss and in that way he boosts the business. Politeness, cheerfulness and a desire to please cost nothing whatever but they are mighty forces in building good will, and good will is the foundation stone of any business. The customer who is made to feel that his friendship is just as desirable as his money is pretty apt to go back regularly. And it is his good will that encourages other buyers to visit the same place he does.

To have a happy place it is not necessary to encourage loafing, singing and loud laughter. Such nuisances really drive business away. The Littlefield business man who realizes this, and who knows there are far better ways to make his customers happy, is sure to enlarge his business, no matter what kind of business it may be. "I like to trade at a happy place" said the stranger

as he stepped on the starter and then on the gas. And we believe everybody in the community feels the same way about it.

If the ads are true, the toothbrush is even more important in modern life than the can-opener.

BREAK THE CHAIN

We note in an exchange that the old-time chain-letter nuisance is again bobbing up despite the numerous attempts made by the postoffice department to discourage such foolishness.

Anyone around Littlefield who gets a letter instructing him to write a certain number of letters just like it and to mail them on to that number of friends, along with a veiled warning that "bad luck will descend upon anyone who breaks this chain" should tear the letter up. No need to read it in full, after you've discovered what it is. Such nuisances are originated by people with more time than brains; they do not help anybody or any cause; they mean a waste of time, paper and stamps, and simply add to the burdens of hard-worked postal employees. You will show good judgment if you ignore the "chain-letter."

As far as having bad luck if you do so is concerned, that is to silly to even think about.

Maybe now that the long skirts are coming back our girls can start getting vaccinated again.

LITTLE LEADERS

As most Littlefield girls view it, the tan obtained in front of a kitchen stove doesn't count.

Littlefield motorists have one consolation—their license plates last 12 months without needing repairs.

Another thing Littlefield housewives will soon be worrying about is what became of last summer's fly-swatter.

We often wonder what life would have been for some of our Littlefield girls if nature hadn't provided them with noses to powder.

We heard a Littlefield man say the other day that one trouble with the sea of matrimony is that his wife is always sailing into him.

Conscience is that little thing which makes a Littlefield man tell his wife something he is afraid she is going to find out.

More than one girl around Littlefield has found that dishwasher not only makes a wedding ring lose its lustre but its fascination, too.

One of the hardest jobs any Littlefield man tackles is trying to convince his wife that the man he works for isn't Santa Claus.

Some Littlefield women have an idea that the only comfortable shoes to be had are the ones they can slip off in a picture show.

Our idea of a foresighted man is the Littlefield motorist who has already figured out how he can get all of the picnic equipment on the running board.

Our idea of the best natured man in Littlefield is the one who can stand around all afternoon while his wife prices everything in the store and then get back home in a good humor.

A Littlefield kid asks us why, if when a holiday comes on Sunday it is celebrated on Monday, when it comes

on Saturday it can't be celebrated on Sunday.

A Chicago bandit recently died a natural death. That looks like a good plot for a mystery story.

PAVEMENT PICKUPS

R. B. Freeman declares it is his firm belief that liquor will never be kept out of politics until it's kept out of politicians.

"Lesi" says that since a fellow gets typhoid from drinking water, paralysis from drinking Jamaica ginger and a headache from drinking soda pop, it's about time to abolish thirst altogether.

"What I can't understand," says Kenneth Hemphill, "is why a man

Clean Fields bring INCREASED YIELDS

GET YOUR CASE Pivot Axle Cultivator now and be ready to reap the full benefit of clean and uniform cultivation—a sure way to maximum yields and greater profits.

Easily operated foot levers guide the wheels—and at the same time shift the gangs for cultivating crooked rows. Quick dodging to catch stray weeds is a simple job with the Case Pivot Axle. Beams swing from side to side with surprising ease—so easy to guide a boy can do it. The beams are horizontally

rigid—always parallel with direction of travel; shovels always face forward and cut their full width. Wheels and beams are easily adjusted to cultivate close-set or wide-spread for all field conditions.

Various types of shovels are available for all conditions. Case-made wheels—suspension type—strong and rigid. Easy to pull—built to last—you need this great Case Cultivator. Come in and see it—also other one-row cultivators. You won't get better service anywhere.

Sidewalk Furnishes Interesting View

Reporter Finds Stream of Characters Passing in Big Review on Littlefield Street Corner

"Oh for a rain to wash away the tobacco spit from around the First National Bank building and adjoining sidewalk and gutters," remarked a Littlefield citizen a few days ago. He wasn't in the business of selling tobacco, but insurance of the life variety, and his foot had just slipped on a big cud of expectorated tobacco as he stepped up from the pavement gutter.

The remark excited the cupid of the Leader newshound whose avid eye is always peeled for a modicum of human interest, so while standing around the aforesaid financial corner, he counted 14 quids of tobacco lying within that particular territory and spied enough dried amber to back up the purchase of \$16.80 worth of good spitting plug.

It was along about ten o'clock in the morning, real honest to goodness news was rather scarce just at that time, so this reporter continued to saunter around this money holedery just to see what he could see.

In a few moments a girl probably 14 years of age and made up like a chorus girl came tripping along. Her hair was a natural blonde and her lips were a vivid red. She wore sandals, ankle socks, and her dress was of the suntan variety, cut extremely low in the back and about half way above her knees—all this notwithstanding the thermometer was not any ways near summer heat.

A moment later two lads came along. They had a sack of popcorn, i e the older one had it, and, evidently feeling his superiority both in size and appetite, was explaining to the smaller one that too much such "junk" wasn't good for little boys.

Looking across the street leaning against the brick post in front of the Rowe Abstract Co. office was slouched a man who looked like a page torn from a movie magazine. He had on a large nuba felt hat, a little smaller shape than the famous 10-gallon size, wore a bright red shirt with large white buttons, had a yellow silk kerchief about his sun-tanned neck, and there were fancy topped boots on his pedal extremities. He looked the typical drug store cowboy as he made eyes at a little flapper who was coming across the street.

Perambulating a couple of doors down the street there was a large lady of generous adipose tissue standing in front of the United Dry Good Co. store. She kept looking from one side to the other. She looked our way and we looked the other. Then, deciding no one was watching her, she quickly stepped onto the scales in front of the store. The indicator spun around once twice, and then half way round again—250 pounds. Incidentally the scales now repose in the back of the store wearing a placard, "Out of Order."

Just then two men coming down the street in heated argument, paused nearby. They were arguing politics. We heard the names of Jim Ferguson and Dan Moody mentioned, and Jim's man seemed to be getting the better of the tongue tilt—so we moved on.

About three doors farther a man was sitting on the sidewalk, (where there was more dried tobacco juice) there was a pair of crutches beside him and a hatful of pencils and chewing gum in front of him. Watching for a few moments we saw a few passers-by drop in some nickels and dimes only one taking out a pencil, and the

supposed cripple didn't leave any money showing.

About that time a typical old-time rancher from somewhere abouts drove up in his Ford car. He was accompanied by his wife. His form was rotund his cheeks sun burned and he was smoking an old briar pipe that looked as tho it had seen duty for ten or fifteen years past. Years in the saddle had bowed his legs until it would have been impossible for him to have headed a hog in the lane. His wife was a dressed, of a smiling countenance and dressed, of a smiling countenance and twinkling dark eyes.

In a moment another car drove up to the curbing and four men got out. They were all strangers. One asked us the way to a well known real estate and we told him, said they were looking for land. Later we learned that three of them found farms which they purchased.

It was getting about time for the rep., to be showing back at the office and as we wended our way toward the sanctum of news issuance we could not help thinking something like this has been going on for the past seven years we have been living in Littlefield and getting more common every day. Seven years ago we knew everybody that lived in the little burg, but now after standing about one particular corner for nearly an hour there were at least four fifths of the people passing whom we never knew, and they didn't have the honor of our acquaintance either.

A newspaper man sometimes gets credit for knowing about everything; he surely doesn't know everybody.

LUM'S CHAPEL

The Sing-Song at Lum's Chapel was enjoyed by a large crowd.
Mrs. Pierce gave the Junior and card Sunday School classes an Easter egg hunt, Sunday afternoon.

Misses Sudie Lightsey, Iris and Ethel New, Cloice Malone, Floyd and Earl Jackson, Porter Humphries and Harvey, Nathan and Melvin Thedford took dinner with Mr. and Mrs. Banks Sunday.

The chaperones of the Senior Sunday School Class, Mr. and Mrs. Hobba took the young folks on a picnic Sunday evening. They all had a good time.

Mr. and Mrs. N. H. Humphries and family, John Dee Jackson, and Mr. Malone took dinner with Mr. and Mrs. John Nance, Sunday.

Mrs. Easley gave a "tacky" party Friday night. Miss Inez Crow won the prize for being the tackiest girl. Harvey Thedford won the prize for being the tackiest boy.

Miss Ethel New spent Friday night with Miss Myrtle Nance.

Misses Mary Katherine and Sudie Lightsey spent Tuesday evening with Cloice Malone.

Junior and Senior B. Y. P. U. diplomas were given to the following Sunday night: Mr. and Mrs. Mealer, Mr. and Mrs. Hobbs, Mr. and Mrs. Kilerese, Mrs. Nance, Inez and Myrtle Nance, Bill, Mary Katherine and Sudie Lightsey, Valarie Humphries, Cloice Malone, Marie and Lee Banks, Addison and Raymond Rogers, and Lois and J. R. Hodges received Senior diplomas. Vaneta Hodges, Lucille Rogers, L. V. and Darwin Pierce, Fay Lightsey, Joyce Winters and Ethel Rogers received Junior diplomas.

Liddie Barton spent Saturday night with Lillie Montgomery.

Mr. and Mrs. Doss Maner are building a big new house. It will be several weeks before it is completed.

Audrey Evans visited her omther, Mrs. Miller Sunday.

Iris New visited Inez Nance, Saturday.

Misses Lois Hodges, Liddie and Sarah Barton were Sunday dinner guests of Misses Lillie and Mary Belle Montgomery.

Floyd Jackson stayed all night with Nathaniel Thedford, Saturday night. Miss Arminda Bean spent Wednesday night with Misses Essie and Annie Malone.

PRESBYTERIAN AUXILIARY

The ladies auxiliary of the Presbyterian church met Tuesday afternoon at the home of Mrs. G. G. Hazel, who was assisted by Mrs. F. W. Wynn. The meeting was opened by a song, "What a Friend We Have in Jesus."
Mrs. Smith gave an interesting lesson on "The Negroes in America."

The devotional was in charge of the Junior club girls, who gave interesting talks on their trip to the Lubbock conference. Those taking part in the program were: Mildred Wharton, devotional; Laura Bills, "Dr. Lewis' Message," Eleanor Hodges, "The Fun, Wilma Wilkerson, "Dr. Kinger Ideas," and "Double Your Life," by different members of the club.
Refreshments of ice cream and cake were served to the following:
Misses Rae Barber, Laura Bills, Mildred Wharton, Ina Bell Wharton, Eleanor Hodges, Wilma Wilkerson, Winifred Willis, and Mesdames Chas.

EASTER EGG HUNT

Miss Louise Chisholm entertained classes number three and four of the Methodist church with an Easter egg hunt, Sunday afternoon, at 4 o'clock.

Mrs. Eagan, teacher of Class No. 3 hid the eggs the first time for the children, but later two more Easter egg hunters joined the group and the eggs were hidden again.

The children, as well as the sponsors, enjoyed the Easter egg hunt very much. There were about 12 children present, and the sponsors were Misses Louise Chisholm, Marie Holly, Lucille Avens, and Mrs. Eagan.

A Hollywood actress is suing for \$1,000,000 damages to her reputation and even if she didn't have much of a one before she fled the suit she ought to succeed in getting one now.

The spring crop of candidates seems to have almost blossomed forth.

COLLEGE NEWS

Several students are busy taking the college entrance examinations of the State Department of Education given Tuesday, Wednesday, Thursday and Friday in order to accredit the high school work taken in unaccredited high schools, or to absolve credits not received in high school work.

Mrs. R. F. Duckworth gave her two small children, Bertha May and Frank an Easter egg hunt, Saturday afternoon. A number of the little school

folks and their friends enjoyed the hunt.

Mr. and Mrs. R. O. Conner and son, Roy, returned from Dallas, Saturday.

Miss Fields spent the weekend in Lubbock and Lorenzo visiting relatives.

Mr. and Mrs. H. A. Bozeman of Lorenzo, and Mrs. John McGuire and little son, Jack, were visitors on the campus, Sunday.

Miss Connie Finney spent the weekend at her home in Davidson, Oklahoma. There was a family reunion, and Miss Strange who accompanied Miss Finney was honor guest. Miss Finney also attended the annual alumni banquet of Tipton Senior High school, Tipton, Okla.

Misses Thelma Smith, Ida Barton, Nova Austin, and Mr. E. K. Kitching spent Sunday at Fairview.

Mr. and Mrs. John L. Pollock made a business trip to Plainview, Hale Center, Abernathy, and other points Friday.

Mr. and Mrs. W. E. Bentley, of Shamrock, visited the campus, Tuesday.

Ben F. Simpson, of Northfield, a

member of the Board of Directors, visited the college, Monday.

MRS. SADLER ENTERTAINS

Mrs. F. G. Sadler was hostess to the Thursday Afternoon Bridge club last Friday afternoon. The entertaining suite with its ferns, geraniums, and sweet peas, carried the note of Spring time and Easter, all the appointments of the game being Easter.

After five games of bridge had been played an ice course, consisting of individual Easter lily molds of cream and angel food cake was served. Plate favors were sweet peas, and Master Bunny was served as centerpiece.

A very enjoyable afternoon was spent by the following: Mesdames Pat Boone, S. J. Farquhar, Lena Howard, E. S. Rowe, W. G. Street, C. L. Harless, J. C. Hibun, J. M. Stokes, J. C. Whicker, H. W. Wiseman, J. W. Haile, Tom B. Duke, J. E. Whicker, W. H. Gardner, Sid Hopping, W. T. Orgain, Miss Margaret Orgain, and the hostess, Mrs. F. G. Sadler.

Double Header Boxing Match Monday Night Doss-Fraley Matched

It is predicted that the most interesting boxing event of the season will be the one staged for next Monday night at the Skating Rink when Jack Doss and Marvin Owens come together for 10 rounds of fistie skill exhibition. Both men are tough and experienced and the fans are assured their full money's worth for the evening.

Doss has had large experience with the mitts, and though outweighed several pounds by Owens he has confidence in his ability to stand the "country boy" off until the last gong sounds. Doss has boxed with some of the best men of his weight and larger to be found in the States. He was a former sparring partner with Jack Dempsey, has boxed with Clyde Hull, the world's welter weight champion, and with Clyde Chastine, leading middle weight boxer of Chicago.

Owens has had plenty of experience to make it interesting for Doss. Two weeks ago he knocked Lee Fraley out in the first round. Last Saturday night he is reported to have knocked out his man in the first round at Hobbs, New Mexico, and again Sunday night stopped his opponent.

Another feature of the evening will be a 10 round bout between Lee Fraley and "Cyclone Burns", from Oklahoma. Fraley is a well known and popular local boxer with plenty of punch and ability to take punishment. Burns is said to be well up on the job, with a bunch of scalps dangling to his belt.

There will be several preliminaries among light and welter weights. Arrangements have been made with a yodler and guitar player from Lubbock to be present to furnish music between bouts.

The sunny summer season approaches rapidly.

A lot of obituary notices would never be written if there were no good liars to handle the job.

HALF THE WORLD'S TROUBLES ARE WOMEN'S FAULT. THE MEN ARE TO BLAME FOR THE OTHER HALF.

LITTLEFIELD VOTES \$35,000 FOR ERECTION CITY HALL

Our sister city of Littlefield has done herself proud in voting an appropriation of \$35,000 for the erection of a new city hall. The building will be erected at the south end of Main street, in the beautiful little park located there. Albert Neuenachwander, local contractor, has been awarded the contract for the work.

Sudan congratulates Littlefield on the progressive spirit displayed. We are not jealous of your success, neighbor city, for Sudan is doing some lusty growing herself.—Sudan News.

SCOUTS IN SAND HILLS

Scout Master Herb. Teal, assisted by American Legion Commander J. H. Ware took 14 members of Mr. Teal's Boy Scout troop to the sand hills last Friday night for an all night outing, the truck conveyance being furnished by Bell-Gillette Co.

A big bond fire was built up around which the boys sat until a late hour before rolling up in their blankets for the night. Both supper and breakfast were cooked over the camp fire.

They report an enjoyable event.

Even the greatest of movie stars must pass.

Men prefer blonds—that is if they can cook.

METHODIST MISSIONARY

The Woman's Missionary Society of the Methodist church met Monday afternoon at the church house. The purpose of the meeting was to determine whether or not the women would deserve the Mother and Daughter banquet, which will probably be given in the basement of the Presbyterian church, May 8. The women decided they would deserve the banquet.

Those attending the business meeting were: Mesdames E. G. Courtney, D. G. Hobbs, J. A. Eagan, Luther Hargrove, W. C. Thaxton, L. K. Whitaker, G. S. Glenn, A. G. Hemphill and W. H. Gardner.

A kiss in the dark is worth two in the light.

THE STATE OF TEXAS: COUNTY OF LAMB:

WHEREAS, by virtue of an execution and order of sale issued out of the District Court of Lamb County, Texas, on a judgment rendered in said court on the 23rd day of December, A. D. 1929, in favor of L. R. Crockett and against W. S. Brandon and Julia T. Brandon, said cause being numbered No. 470 on the docket of said court, I did, on the 8th day of April, A. D. 1930, at 9:30 o'clock A. M., levy upon the following described tract or parcel of land situated in the City of Littlefield, in Lamb County, Texas, to-wit: Being all of Lots Nos. One (1), Two (2) and Three (3), in Block No. Sixteen (16), in the said

city of Littlefield, in Lamb County, Texas; according to the map or plat of said city, recorded in Vol. 6, Pages 500-502, Deed Records of Lamb County, Texas, reference to which is here made for a more particular description of said land; the same having been so levied on by me as the property of the said W. S. Brandon and Julia T. Brandon. The said Order of Sale having been issued on said judgment foreclosing the vendor's lien on said land, in favor of the said L. R. Crockett. And on the 6th day of May, A. D. 1930, being the first Tuesday in said month, between the hours of 10:00 o'clock A. M., and 4:00 o'clock P. M., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. S. Brandon and Julia T. Brandon in and to said property.

Dated at Olton, Texas, this 8th day of April, A. D. 1930.

LEN IRVIN, Sheriff Lamb County, Texas. Apr. 10, 17, 24, 1930

BANKERS FIND GROUP BANKING WIDESPREAD

Over 13 Billion Dollars of Bank Assets in Affiliated Systems Numbering 1,850 Members— in Nearly Every State.

Over 1,850 banks with more than thirteen billion dollars in resources are shown to be associated with chain or group banking systems in the United States in facts recently gathered by the Economic Policy Commission of the American Bankers Association. The chairman of the commission, R. S. Hecht of New Orleans, pointed out that the facts indicate that "almost 7 1/2 per cent of our banks and over 18 per cent of our banking resources are in the great net of group or chain banking that now covers almost every part of the country."

The commission's facts comprised chain and group banking affiliations in the broadest sense of the term, the report said. They included those groups in which the controlling element was a particular bank, there being reported 75 instances of this class involving 407 banks and about \$6,473,000,000 in combined banking resources. They included also groups in which a non-banking holding company, not subsidiary to any particular bank, was in control and of this class 28 instances were found, involving 330 banks and nearly \$5,335,000,000 in resources. The report also included groupings in which control was exercised by individual persons and these cases numbered 167, involving 1,071 banks and about \$1,463,000,000 in assets.

The Total Figures

The total was over \$13,275,000,000 in aggregate resources. Some of the systems comprised 50 to 100 banks each. Head offices of the groups were found in all jurisdictions, but nine of the states and the District of Columbia.

"We have not included in these figures," the report says, "banking groups in which a commercial bank, a trust company and an investment house, and sometimes a savings bank, are tied together by some form of stock holdings and operated as complementary elements in an organization rendering complete financial services. We have held that such groups are similar to a departmentalized bank and different in the purposes and operations from a chain or group banking system."

"For purposes of the present report we define chain or group banks as systems in which centralized control, whether corporate or personal and either rigid or informal, directs the operations of two or more complete banks, not functionally complementary, each working on its own capital and under its own personnel and located in one or more cities or states."

Commenting on the question whether the rapid development of chain banking was in the nature of a reaction against restrictions imposed on branch banking by the banking laws in many states the report says that observation does not wholly confirm this theory since chain banking is prevalent in some states where virtually no restriction is imposed on branch banking, as well as in those where the establishment of branch banks is prohibited. It adds:

The Question of Branch Banking
"However the facts do show that anti-branch banking laws have been a factor in some cases, and probably in some sections, in the spread of chain banking. Instances have come to our attention where expansion along chain bank lines has been carried out by state banks whose expansion along branch bank lines was stopped by the passing of state laws prohibiting further branches. Yet whether expansion would have been along branch bank lines if the laws had imposed no barriers, it is impossible to say. There is obviously a well developed banking opinion in some sections that the chain bank method brings to outlying banks the strength and efficiency of a big organization without depriving them of their local individuality and sympathies. In view of the mixed factors noted, we feel it is unsafe to generalize as to what bearing branch banking laws have on chain developments."

"The recent era of rapid chain bank developments has found specific reflection in some state legislative action tending to restrict or control chain or group banking. Also we find a sharp difference of opinion among state bank commissioners who have expressed their sentiments regarding chain banking."

In a foreword to the report, issued in booklet form by the association at its New York City headquarters, Chairman Hecht says that "the Economic Policy Commission does not take a stand in advocacy of or in opposition to this new method of concentrating banking resources through the affiliation of banks into groups and chains, but is simply offering as a fact finding body what we believe is the first complete national picture of this rapidly growing movement."

SCHOOL SAVINGS GROW

A total of 4,329,926 school children participated in school savings banking in the United States during the last school year, depositing \$29,673,496 and rolling up net savings of \$10,539,986, bringing total bank balances now credited to this movement to above \$6 million dollars, according to the annual report of the Savings Bank Division of the American Bankers Association. Schools in the number of 24,000 are enrolled in the plan.

ATTEND PAMPA MEETING
Mrs. F. G. Sadler, chairman of Art in Home and Garden, of the Seventh District, Mrs. T. Wade Potter, dele-

gate of the Woman's Study club, and Miss Dahlia Hemphill, delegate of Junior Study club, left Tuesday afternoon for Pampa, where they will attend the Seventh District federation meeting.
They will be met in Plainview by Mrs. Tilman Jones, of Post, vice-president of Seventh District, who will accompany them to the meeting.
They expect to remain until Friday, on which day the meeting closes.

JUNIOR LEAGUE ORGANIZED

The Juniors of the Methodist church met at the church Sunday afternoon at 3:00 o'clock to organize an Epworth League. The superintendents of this League are: Mrs. Floyd Neely and Miss Louise Chisholm.
Songs were sung, which were fol-

lowed by several sentence prayers, before the business of organization was begun. Also the story from Luke, of Christ's Resurrection, was read by Miss Louise Chisholm.

The following officers were elected by the members of the league: President, Mildred Reid; Vice-President, Edith Holly; Secretary, Frances

Areens; head of program committee, Edna Bell Gillette. Some of the officers were not chosen at this time, but will be at a later date.

After the business meeting a song was sung and the group was dismissed by a prayer.

Now is a good time to rake up acquaintance with your back yard garden.

It's all right for girls to take up singing, providing they don't take it up too far.

Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance.

As days go by you will find that it becomes more and more your favorite car to drive—so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller—the farmer—the industrial worker—the owner of the spacious two-car garage in the suburbs—to all of these it brings a new measure of reliable, economical service.

Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price."

FORD MOTOR COMPANY

House of David Whiskered Baseball Men To Play Littlefield Here Monday, May 5th

The House of David baseball team, bewhiskered sphere swatters of the diamond, will be here Monday afternoon, May 5, for a game with the Littlefield Cats.

From the shoulders up, looking

like the proverbial cave man of ancient history, the members of this team are reputed to know about everything there is to be known about the baseball game, and form one of the most interesting aggregations of

human beings since the barber trade was established back in China several hundred years ago.

The long flowing whiskers these players wear, according to the tenets of their faith, probably adds nothing to their skill as tossers and swatsmen but it does furnish a unique picture gallery in action never before seen by the fans of this particular section.

Every member of the team is an athlete, and they have a record of winning practically every game they play—even with the semi-pro teams all over the country. That the Littlefield Cats will give them a merry game there is no doubt, and it is probable most of the business concerns here will close shop Monday afternoon for this particular event.

roots and underground stems. In addition to the plants mentioned above, the beetles have been known to attack beet, celery, sweet potato, corn, dahlia, cabbage, sunflower, and cotton, and some weeds as ragweed and red-root.

"This is the Carrot beetle. It hibernates in the soil at a depth of six inches to four feet and is found in the field in greater or less abundance throughout the growing season. The eggs are laid in the soil. They are white, smooth and shining, nearly globular, grayish, and about 1-14 inch in length when newly laid. They increase considerably in size before hatching, which takes place in one to three weeks. The larvae feed on the roots of grasses and decaying vegetable matter and sometimes attack the same plants as do the beetles. When mature, the larvae is 1 1-4 inches in length, bluish white with the head brown. From six to eleven weeks are spent in the larval stage. The mature grubs construct earthen cells within which to pupate and the beetles emerge two or three weeks later. There is apparently only one generation annually.

Clean farming and a short rotation of crops will under ordinary conditions prevent serious loss.

The women who have entered the living room contest are: Mrs. M. M. White of Sod House club; Mrs. L. A. Robinson, Mrs. H. A. DeYong, Mrs. J. E. Holland, and Mrs. J. B. Perry, all of the Fieldton club. The final judging will be done April 29th. The winner of first place in the county will receive a free trip to the Short Course at A. & M. College.

GIRLS COUNCIL FIRE

The Bluebird group of the Camp Fire girls held council fire Monday evening with the Netopp group as guests. The Bluebirds opened the service with the fire lighting ceremony. The "Law of the Camp Fire" was given and then the Camp Fire song, "Mammy Moon."

Refreshments of sandwiches and cookies were served to the following of the Bluebird group: Opal Yeary, Ruth Wells, Orlene Robbins, Edna Bell Gillette, Ellarene Vase, Dorothy Newgent, Linnie Bea Thornton, and Guardian, Miss Eva Gertrude Chisholm, and the following guests of the Netopp group: Ruby Yeary, June McCormick, Urlene Foust, Louise Baird, Zora Mae Morgan, Winifred Crow, Mary Helen Harris, Mrs. Joe Wells and the guardians, Misses Thelma and Lucille Killough.

CARD OF THANKS

We wish to thank our friends for the floral offerings and for the many kindnesses shown us during the recent illness and death of our little daughter, and especially does our appreciation go out to Dr. W. H. Harris and Mrs. Wm. Taylor.
—Mr. and Mrs. Charles F. Murray and relatives.
2-1tp

About the only difference between the old-time dime novel and the modern mystery story is the price.

On a highway they're road-hogs, but in Congress they are progressive Senators.

PUBLIC NOTICE OF DISSOLUTION

Notice is hereby given that the partnership lately subsisting between Homer Snowden and J. T. Snowden, of Littlefield, county of Lamb and State of Texas, under the firm name of Snowden & Company, was dissolved by mutual consent, on the 1st day of April, A. D., 1930.

All debts owing to the said partnership are to be received by the said Homer Snowden, and all demands on the said partnership are to be presented to him for payment.

1-2tc. —J. T. SNOWDEN

NO. 465
C. H. WHITEHEAD
vs.
LEE L. LOWERY ET AL
IN THE DISTRICT COURT OF
BAILEY COUNTY, TEXAS.
STATE OF TEXAS
COUNTY OF LAMB

WHEREAS, that in the District Court of Bailey County, Texas, in cause No. 465, styled C. H. Whitehead, plaintiff, vs. Lee L. Lowery, Sarah M. Lowery in their individual capacity and Lee L. Lowery as the heir at law of Charles Lowery, deceased, and Charles Reeder, and the unknown heirs of Charles Reeder, a judgment was rendered in said court on the 13th day of May, A. D. 1929, in favor of the said C. H. Whitehead plaintiff and against the said Lee L. Lowery, Sarah M. Lowery in their individual capacity and Lee L. Lowery as the heir at law of Charles Lowery, deceased, and Charles Reeder, and the unknown heirs of Charles Reeder, for the sum of \$743.26, together with all costs and for a foreclosure of a deed of trust lien upon property therein described and hereinafter described by virtue of which an order of sale issued out of the district court of Bailey County, Texas, on the judgment above described, directing me as Sheriff to execute the said order of sale and I did on the 12th day of April, A. D. 1930, at 4 o'clock P. M. levy upon the following described tract of land situated in the County of Lamb and the State of Texas, and belonging to the said Lee L. Lowery, Sarah M. Lowery in their individual capacity and Lee L. Lowery as the heir at law of Charles Lowery, deceased, and Charles Reeder, and the unknown heirs of Charles Reeder, to-wit: the S 1/4 of the NW 1/4 of Tract No. 51, Edward K. Warren Subdivision, No. 1, in Block "W", Lamb County, Texas, and on the 6th day of May, A. D. 1930, being the first Tuesday of said month, between the hours of 10 o'clock A. M., and 4 o'clock P. M. on said day at the court house door of said county, I will offer for sale and sell at public auction for cash, all the right, title and interest of said Lee L. Lowery, Sarah M. Lowery, in their individual capacity and Lee L. Lowery as the heir at law of Charles Lowery, deceased, and Charles Reeder and the unknown heirs of Charles Reeder, in and to said property.
Dated at Olton, this 12th day of April, A. D. 1930.
Len Irvin, Sheriff of Lamb County, Texas. By R. E. Porter, Deputy.
April 17, 24, May 1, 1930.

ONE 1¢ SALE

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at the regular price. This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

Speed Up Cultivating

—this New Horseless Way

The McCormick-Deering FARMALL and 4-Row Farmall Lister Cultivator is first cultivation cleans 50 to 80 acres a day—without horses

Cultivating without horses? Sure! Not only without horses but with twice as much speed. How?

With a McCormick-Deering Farmall and Farmall Lister Cultivator! Here is an easily handled, one-man power cultivator that more than doubles your cultivating effectiveness. It is a winning combination of good tractor and good cultivator that knows no equal in speed, efficiency or performance.

With it you can finish clean, 50 to 80 acres of first cultivation in a day—and you'll like the ease with which you did it. Later you can drone along at the rate of 60 to 80 acres a day in succeeding cultivations.

It's downright surprising how fast, easily and well this Farmall and Farmall Lister cultivator does the work. The only way you can see it yourself—at our store.

Girls Clothing Contest Elimination Held Here

Last Tuesday afternoon the students of Home Economics II and III held an elimination contest to decide who would represent Littlefield at the State Clothing contest to be held at Houston, May 1 to 3. Mrs. Barnett, teacher of Home Economics in Lubbock Junior High school was the judge.

The winners of the local contest were as follows:

Traveling costume with bag packed for a three day trip to Houston: Wilma Winkerson, first; Avis Dow, second; Mary Duncan, third.

Afternoon or party dress: Muriel Stripe, first; Jessie Opal Busher, second; Mary Bell Burt, third.

The winners of first places in each of these two divisions, accompanied by an instructor, will leave for the state contest to be held in Houston, next Wednesday.

The definition of a "necessity" this day in time is something that can be bought for a dollar down and a dollar a week.

DELICIOUS Angel Food Cake . . .

IF YOU use a Clark Jewel Red Wheel Gas Range and follow the directions below exactly you will always bake "the finest cake you ever tasted." This is one of the many wonderful recipes in the Lorain Cook Book (given free with each stove sold.) Come in and see our wide assortment of beautiful ranges.

Angel Food Cake

Temperature: 325 degrees
Time: 1 Hour

- 1 1/2 to 1 3/4 cupfuls sugar
- 1 cupful specially prepared cake flour.
- 1 cupful egg-whites (from 8 or 9 eggs)
- 1 teaspoonful cream of tartar
- 1/2 teaspoonful salt
- 1 teaspoonful vanilla extract
- 1/2 teaspoonful almond extract

(For directions how to mix ingredients see Lorain Cook Book.)

Ora Whitford Killed In Auto Wednesday Near Earth, This Co.

Ora L. Whitford, 24 son of Mrs. E. B. Whitford, residing two miles east of Earth, this county, was killed Wednesday just before noon when the car in which he was riding overturned on a curve of the Olton-Earth highway.

According to report, the young man had gone to Earth and was returning home when he was taken into a car by a stranger who drove on about two miles past his home where the accident occurred. The car turned over, but is said to have not been seriously damaged. The unknown driver was dazed, but after having his car righted drove to Muleshoe.

Whitford was taken by friends to Olton, but died before reaching there. The owner of the car is said to have been arrested by Deputy Sheriff L. W. Walraven and taken to Olton.

MRS. DICK RATLIFF HONORED

Quite a host of ladies met at the home of Mrs. Enloe Smith, Tuesday p. m., to honor Mrs. Dick Ratliff, a recent bride, with a miscellaneous shower. The rooms were beautifully decorated in pink and white, and with several vases of flowers.

The honoree was led blindfolded to the seat of honor, which was placed under a huge pink and white wedding bell, suspended from the doorway.

As Mrs. Stone gave a short reading, the wedding bell, by means of a cord pulled by one of the ladies, let down a shower of rice upon the unsuspecting bride.

When the blindfold was removed a table laden with many lovely and useful gifts was presented to the honoree.

After a very pleasant social hour, lovely refreshments of cake and ice cream were served to: Mesdames Howard, Mayhew, Hollowell, Biesel, Duke, Lett, Davenport, Gregory, Kimmel, Collins, Mills, James, Harrison, Adams, Stone, Hilbun, Etter, Bigham, Clark, Faust, Woosley, Hale, Ratliff, Phillips, and Misses Edith and Katie Ratliff, and Maurine Irvin.

PEP SCHOOL WINNERS AT DISTRICT MEET

The girls team in tennis singles and tennis doubles of the Pep High school represented their school and their county at the Interscholastic meet held in Lubbock last Friday and Saturday.

Blanche Stengel and Louisa Heitzman played the doubles and made a very creditable showing not being eliminated until the semi-finals.

Lucile Stengel won first place in girls tennis singles, winning successive matches from girls representing Gaines, Terry, Lamb and Floyd Counties. She will represent this district in the bi-district matches to be played at Canyon later.

In the victories won in tennis at Lubbock the Pep girls reaped the rewards of that consistent practice which is so necessary for success in any branch of athletics.

A gold medal was awarded Miss Stengel at Lubbock for winning the district championship.

The Pep music memory team also won first place in their division and a gold medal.

Sylvester Greener won second place and a silver medal in the Junior boys rural school declamation contest.

In all Pep School won 35 points at the District meet. This is a notable number of points for a small school with an enrollment of less than a hundred.

LOST FOUNTAIN PENS

Ever since history has been written pupils have lost their various writing instruments. Even in pre-historic times, pupils, learning to make picture writings on the walls of caves, must have said, "Teacher, I have lost my chisel."

The early Roman boy, on entering school would draw up his "toga"

Nearly Killed By Gas—Druggist Saves Her

"Gas on my stomach was so bad it nearly killed me. My druggist told me about Adlerika. The gas is gone now and I feel fine."—Mrs. A. Adamek. Simple glycerin, buckthorn, saline, etc., as mixed in Adlerika, helps GAS on stomach in 10 minutes! Most medicines act on lower bowel only, but Adlerika acts on BOTH upper and lower bowel, removing poisonous waste you never knew was there. Relieves constipation in two hours. It will surprise you.—Stokes & Alexander Drug Co.

proudly and say, "Someone has stolen my reed, and I would appreciate very much his returning it." the schools in the time of Appius Claudius must have had no blackboard on which to post "stolen," "lost" and "please return" signs.

Education seems to have lapsed from the time of the fall of the Roman Empire until the Renaissance. Then the loss of the quill pen must have perplexed the teacher as losing the reed had bewildered the students and teachers in the Roman schools.

Now the loss of the fountain pen instead of puzzling the teacher and student, only adds a sign to the notices posted on the blackboard. It remains there until someone else loses a fountain pen, and the sign is changed to fit the last loser's need.—David Glenn.

Littlefield Section and the South Plains Has Had the
Greatest Agricultural Development in Texas for the Past
Few Years

1930 LOOKS LIKE A BANNER YEAR

Lamb County Has Already Ginned Over 49,000 Bales of
Cotton from the 1929 Crop and Will No Doubt Exceed
50,000 Bales

This demonstrates beyond question that the Littlefield section is a cotton country second to none, and everybody knows it is a wonderful feed country.

With these facts, and the rapid settlement of this section by good farmers from Texas and other states, there can be but one result—THESE GOOD LANDS MUST ADVANCE IN PRICE!

Why not secure one or more of our 100 per cent farm tracts, or combination propositions in the center of development while same can be had at present low prices!

The Terms are Liberal

and the interest rate is low
