Billy Graham Will Speak At Governor's Inauguration

AUSTIN — Governor-elect Price Daniel has announced that Dr. Billy Graham, world-renowned evangelist, will be the main speaker at a dedicatory prayer breakfast preceding the inauguration in Austin on Jan. 15.

Dr. Graham, a longtime friend of the new Texas Governor, also will attend the Inaugural ceremony at high noon.

Daniel himself asked that spiritual emphasis be added to his Inaugural Day schedule. He said: "It is fitting that we open a new chapter in our State Government by rededicating ourselves to those spiritual principles upon which Texas and our Nation were founded, and I am happy that Billy Graham can be with us on this occasion."

"The parade, ceremonies and other festivities sponsored by the citizens of Austin are very much appreciated and enjoyed by each new Governor and his friends, but I am happy that this year we shall add emphasis on the importance of the moral and religious principles which are so necessary for proper guidance in the affairs of men and government."

The breakfast at the Driskill Hotel, starting at 8 a.m., will be sponsored by Christian Leadership, U.S.A., a nondenominational organization which sponsors the annual President's Prayer Breakfast in Washington as well as weekly prayer groups for leaders of government, business, industry and labor. Daniel is national president of the group.

Members of the Legislature and other State officials will be invited to attend the breakfast.

Zollie Steukley, Austin attorney who has been designated by Daniel for appointment as Secretary of State, is chairman of the local arrangements committee.

The sponsoring organization, Christian Leadership, U.S.A., originated the weekly prayer breakfast groups attended for many years by members of the United States Senate each Wednesday morning and by members of the House of Representatives each Thursday morning while Congress is in session.

There are now several hundred of such groups meeting throughout the United States and in most

of the nations of the world. Their international association is headed by Senator Frank Carlson of Kansas as president and H.R.H. Princess Wilhelmina of The Netherlands as honorary president.

Dr. Abraham Vereide of Washington, D. C., founder and director of the organization, will attend the Austin meeting.

City, County Reports Quiet New Year's Day

One of the quietest New Year's celebrations in history was observed here Monday and Tuesday.

City and county officers agreed that it was a lax day and night for them, adding that about the only noise made was from firecrackers.

No accidents were reported in the county during the night and New Year's Day, and no fires broke out in Littlefield. The local fire department commended citizens for the safe holiday.

City police issued three tickets for shooting fireworks Tuesday and county officers made three arrests the same day.

County officers arrested a Hart Negro for driving while intoxicated, a Kennedy Latin man for vagrancy and a wetback. Border patrol officers took the wetback back across the border.

Coffee Breaks

By MORLEY B. DRAKE

If we can live to what is known as a "ripe old age" and retain the respect and the confidence of the folks in the community . . . that will be good enough for us.

Our inspiration for that thought at this time is J. T. Bellomy, who will be 81 on January 31. He represents to us the ultimate in attainment and satisfaction . . . a life with the final chapters filled with those things most worth while on this earth.

We encountered Mr. Bellomy at a Littlefield service station a few days ago. He was accompanied by his son, Quinton. They were preparing for a trip to Kerrville to visit their son and brother, Ray Bellomy, who has retired from the navy and, with his family, is living in the Hill Country city.

We are happy that during the past year we have been the recipient of many kind remarks from friends. But one of the statements that we will always cherish was made by our long-time friend — J. T. Bellomy — as we were making a few notes in refreshing our mind concerning him and his family. He said:

"Morley, I am glad that you are taking this down; it seems like one in the family."

The long-time resident of Littlefield, who spent much of his life in building construction, and the produce, coal and feed business, came to this city from Stephenville in 1925, accompanied by Mrs. Bellomy and family.

The Bellomys had four chil-

dren, two boys and two girls, Ray and Quinton, and Bessie and Jessie, who were the first twins born in Hill County.

Bessie, who was county treasurer of Lamb County for a number of years, is Mrs. Walter Ford, and is living in Lubbock. Jessie is the wife of W. T. (West Texas) Jones, who was in the produce business in Littlefield for many years, and who now owns the Lone Star Turkey Farms at Coleman. We know "West Texas" about as well as he knows himself, and we'll drop in on that turkey farm some day.

Mr. Bellomy has six grand-children and four great grand-children. Two of the grand-children are Carol, 13, and Anna Q, 18, daughters of Mr. and Mrs. Quinton Bellomy of Littlefield. Carol is a student in Littlefield Junior High and Anne Q is a freshman in Texas Tech.

Mrs. J. T. Bellomy passed away six years ago, but her memory will linger on through the years as possessing a sweet personality — a woman who was loved by all who knew her.

Dan Harris — many of you folks will remember him as manager of the Furr Food Store in Littlefield — seems to be going up in the Furr organization.

Good luck to you, Dan! You were always a hard worker, and it is our thinking that you earned the promotions that are coming your way.

We were visiting with Buri Ham a few days ago, and in the conversation he told us about Dan. Buri is the man who is in charge of all the markets in the southern string of Furr Food Stores.

Dan was succeeded in Littlefield by Kenneth Hinkle, who is another

New F.I.C.A. Tax Rates Are In Effect In 1957

Tax rates under the Federal Insurance Contributions Act (Social Security) and filing requirements under the Federal Unemployment Tax Act have been changed by recent amendments to the law, according to

Howard O. Nichols, Administrative Officer of the Lubbock office.

New F.I.C.A. rates on wages paid on or after January 1, 1957 will be 2 1/2 percent each for employers and employees, a total of 4 1/2 percent, Nichols said.

The changes in the Federal Unemployment Tax Act, he explained, provides that employers who had four or more employees on at least one day of each of 20 calendar weeks during 1956 will be required to file Form 940 by Jan. 31, 1957. The filing of Form 940, Annual Federal Tax Return of Employers, was formerly required of employers who had eight or more employees.

Nichols said that copies of this return have been sent to most of the employers in the district. However, he suggested that employers who have not received this form by January 9, obtain copies from the local Revenue office at Lubbock.

Mr. and Mrs. Charlie Landers arrived home Monday from Stillwater and Ada, Okla., where they spent several days visiting with relatives. Mrs. Landers is convalescing from recent surgery in San Antonio.

A prominent banker tells you:

EVERY MONTH

make one

payment to

yourself with U. S. Savings Bonds

Eric Coche, Vice-Chairman of the Board and Chief Executive Officer, Fulton National Bank, Atlanta, Georgia; President, American Bankers Association

Today Americans ~~save~~ spend more and live better than ever before in our history. And, to keep that prosperity healthy, I think each one of us should have a sound and balanced savings program.

I recommend that part of that program be regular investment in U. S. Series E Savings Bonds. And here are three good reasons why.

- You're sure of your principal in Savings Bonds. Your investment is not subject to fluctuation.
- You're sure of your returns. Your Government guarantees both principal and interest to holders of U. S. Savings Bonds. And even after your Bonds mature, they go on earning for 10 additional years.
- You're sure of the future when you invest regularly in U. S. Savings Bonds. There's nothing like the feeling of security—that comes from a backlog of savings—including safe, sure U. S. Savings Bonds.

As a patriotic service, banks everywhere in our country sell U. S. Savings Bonds. Stop in regularly where you bank and make a payment on your own future security by buying a U. S. Savings Bond.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS

The U. S. Government does not pay for this advertisement. The Treasury Department thanks the advertising Council and its members for their patriotic donation.

From the files of the Lamb County Leader, Jan. 7, 1926

The Stone Mountain Confederate Memorial contest, for the purpose of raising money to build that memorial in Georgia, will be opened at the Chamber of Commerce meeting to be held at the Lee Theatre Friday night.

Friday of last week Littlefield received the highline current from the Texas Utilities' plant at Lubbock. It was a New Year's gift worth while and for which the town had been looking forward for many months.

Duval's Background For Dictatorship Is One of Violence and Sudden Death

By-FREDERICK HODGSON SAN DIEGO, TEX.—To know the history of Duval County is to understand the power of George B. Parr. To know the county's people is to know Parr himself. Parr's power, and that of his father before him, is based on the Latin-American, by tradition an easily led "follower."

Highlights and Sidelights From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, Tex.—Conflict, complications and suspense made 1956 one of Texas' newswiest years.

These are some of the headline-makers: POLITICS went everyone to a frazzle. Gov. Allan Shivers took his first political tumble when Sen. Lyndon Johnson won control of the May Democratic convention.

DROUGHT, in its seventh year, grew steadily worse. Crops buried up. Streams stopped flowing. Reservoirs dwindled. State Water Board had its hands full trying to referee squabbles over water rights.

POLIO VACCINE restrictions were completely removed in late summer. But with plenty for everyone an indifferent public let vaccine supplies stack up.

BUSINESS LEVEL HOLDS — Capital expansion, the building of new and growth of old industries, has kept Texas' 1956 business index at its 1955 high.

FEDERAL LEGISLATION had Texas repercussions. Eisenhower supporters groaned when he vetoed the natural gas bill.

help in buying land for state highways.

INTEGRATION VS. SEGREGATION made news on many fronts. Voters overwhelmingly approved three pro-segregation interposition referendums in the July primary.

INVESTIGATION by legislative committees into US Trust and Guaranty Co.'s \$7,000,000 default brought demands for new lobby laws, controls on legislators' dealings with state agencies.

INSURANCE INDUSTRY underwent a statewide solvency check. Seven per cent, out of more than 1,300 failed to qualify for new licenses.

University of Texas Bureau of Business Research reported the 1956 11-months total as the same as 1955. Rapid industrial expansion has kept the average up, says the bureau.

CRIP VALUE DOWN — Value of Texas' 1956 crops is estimated at \$1,100,000,000 — nine per cent below last year and the 10-year average.

Increased irrigation accounted for some bright spots. Per-acre yield of cotton was the highest on record — 278 pounds.

Other reports: rice, smallest crop since 1943; wheat, double last year's crop, but half the 10-year average; peanuts, smallest crop since 1934; oats, 19 per cent under last year; barley, about average, hay and forage, about two-thirds of average; commercial vegetables, up 16 per cent from last year.

OIL RECORD PREDICTED — An all-time production peak in 1956 and continued heavy demands for the first quarter of '57 are foreseen for the Texas oil industry.

WHODUNIT? — Austin city officials promise every effort to find out who, if anyone, set fire to O. Henry's Honeymoon House.

SHORT SHORTS — Leonard Mohrmann has been named public information officer for the Texas League of Municipalities.

Among his playmates was Manuel "Mame" Marroquin, now Parr's most bitter enemy, editor of a militant, little-bilingual newspaper "New Duval."

Old Archie was a small man, pot-bellied in his later years, who spoke Spanish like a native and thought like a Mexican.

Sandhills Philosopher . . .

Editor's note: The Sandhills Philosopher on his Johnson grass farm takes a fresh start for the new year, his letter this week implies.

Dear editor: Here it is 1957 and naturally a thinking man's thoughts turn to Congress and the new session.

It's farmers' taxes. Under the present system, a farmer's taxes are based on the value of his land and how much income he makes.

Consequently, I am proposing that Congress pass a law just as soon as it gets through appropriating its salary-funds, stamp fund, office fund, etc., basing a farmer's taxes on his rain gauge.

If you think this Rain Gauge Tax and Rebate System has any chance of passing, I hope you'll throw your influence behind it.

Letters To The Editor

EDITOR'S NOTE: The Leader published a late Dept. of Health News release which criticized the Hoxsey Cancer Clinic of Dallas and Portage, Penn. A letter in answer to the article follows:

The Lamb County Leader Littlefield, Texas Having read an article in your paper about the Hoxsey Cancer Clinic and beg to say that I was treated there of face skin Cancer and Mr. Jim Douglas and Mr. L. M. Garrett sent me to the clinic of which they have my thanks.

Yours, O. S. Sullivan 3110 Fordham St. Lubbock, Texas

Lipstick Logic

If we could take a pair of field glasses and look back over 1956, what would we find?

We might walk out to that little mound of quietness we view from the window of every day, and make a try. First, we'd adjust the sights—close-up for last week, infinity for last January.

Lines and arrows like those on a battle map would mark our progress through the months of 1956.

Wasted hours, fruitless longing, injured feelings? These would be balanced by precious hours spent with loved ones, quick flashes of understanding between friends.

Viewed in perspective, through the binoculars of memory, the years 1956—like every other spent in America—was what we made it. For 1957, the privileges of freedom are equally great, limited only by our will to do.

100-YEAR OLD OIL MINE FOUND Discovery of a "lost" oil mine — dating back perhaps 100 years — pearls to have solved a mystery involving the first commercial oil production in California.

WHODUNIT? — Austin city officials promise every effort to find out who, if anyone, set fire to O. Henry's Honeymoon House.
