BOND ISSUE FOR MUNICIPAL WATERWORKS AND NEW OFFICERS UNANIMOUSLY ELECTED LAST MONDAY

Littlefield municipal water bonds in the sum of \$75,000 carried favorably in the election Monday, only two votes being cast against them.

Plans for this system have already been provided, and after some work has been worked out will be submitted for contract. It is expected the system will be ready for operation within 90 days following setting of contract.

Election was also held last Monday for the selection of a new set of

officials to direct the city's destinies during the coming 12 months. L. R. Crockett, who served very efficiently as a commissioner last year, was advanced to the office of mayor, J. M. Stokes lead the ticket for re-election as commissioner, and P. W. Walker, one of the city's early citizens and most progressive business men, was elected a commissioner. With this set of men to manage the affairs of this rapidly growing little municipality, its welfare for another year is satisfactorily assured.

OLD TIMER IS HERE

Former Cow Puncher of West Texas Notes Many Changes.

J. H. White Jr., of Como, Mississippi, cousin of J. P. White, of the Yellow House ranch, is here this week on a prospecting tour.

Mr. White was a cow puncher in this section away back in 1879, and drove cattle from off the South Plains into Kansas City and St. Jos, Mo. He declared the change which has transpired here in recent years is beyond belief, especially in the Littlefield section.

Mr. White called at the Leader office Monday and had a quantity of the last last week's special edition mailed back to his friends in Mississippi.

CLEAN UP DAY

County Health Officer Commands A General Renovation of Premises.

Notices are this week being posted by County Health Officer Dr. W. P. Pillians proclaiming Saturday, April 11th as a general clean-up day throughout the county, and urging that on or before that date all combustible rubbish collected around the various premises shall be gathered up and burned, while the non-combustible material shall be put in piles in boxes, sacks or barrels and in convenient place for the garbage wagons to haul away.

Everyone throughout the county should co-operate in this laudable movement toward making Lamb county a healthy and desirable place in which to live.

WITHARRAL WANTS SCHOOL

County Superintendent Meets With Citizens Regarding New Building

That Witharral will have a commodious, modern and well equipped school building for use when school begins again this fall, is the consensus of opinion of the citizenry of that community.

Thursday night of last week a mass meeting attended by a large number of the new settlers and by County Superintendent Evans was held to discuss the matter, and another meeting will be held Friday, at which time the matter will be definitely settled.

Witharral school began about three months ago in true pioneer style, with the teacher and six small pupils sitting in chairs and on boxes and using a few home made desks. Later on blackboards and modern equipment were secured. There are now 34 pupils enrolled, ranging from the first to the ninth grades, inclusive. A recent enumeration taken by Messrs. Lee Cromover, W. M. Armstrong and M. Vickery shows that there are now 84 pupils in the district, 72 of which are entitled to state aid.

A convention of haberdashers has decided that a gentleman must have a necktie for every shirt. Some who have one necktie may meet the requirements.

5,000 PEOPLE HERE TO ATTEND THE BIG TRADES DAY MON.

Before eight o'clock Monday morning the people had begun coming into Littlefield for the fourth Trades Day event. On horseback, in wagons, autos, trucks and on the train they came, until by the noon hour the streets were thronged with vehicles of every description and people from all the surrounding sections. There were a half dozen of the side streets that were well filled with conveyances of the visitors, and the folks that gathered here were generally estimated to make up a crowd of not less than 5,000.

Promptly at 12:30 the auctioning began, and more than \$1,000 worth of stuff of different kinds changed hands. At one o'clock the mothers began bringing in their babies for the "better babies contest," and 38 of them were registered. If this bunch of babies was a fair sample, and it must have been; then the South Plains certainly produces a fine crop of this variety. Little Eraine Friday won the first prize of \$10,000 and Marston Speight won the second, \$5.00.

The women attracted by the egg contest brought in great baskets full of them, Mrs. E. Mueller winning the \$2.50 prize for bringing in the largest number—42 dozen. The oldest man who came to town that day was Samuel Evans, 94 years. To see him get around one would almost think the figures should be reversed in their standing. Mrs. D. T. Fairley, 69, was the oldest woman to register. Each received prizes of \$5.00. Ed Abney, living five miles from Littlefield brought in the largest family—15 in number, counting father and mother, six boys, six girls and a little grand-child. Grandfather and grandmother also came along.

There were also beauty contests and ugly contests, foot races, horse races, sack races, and various other events; all of which carried with them the spirit of enthusiasm, com-

LITTLEFIELD VOTED FOR NEW DIRECTORS ON LAST SATURDAY

At the school election held here last Saturday, Messrs. Arthur P. Duggan and W. G. Street were re-elected on the Board of Trustees and S. E. Strawn and J. B. Yancy were chosen as new members.

Messrs. Duggan and Street were both members of the first Board of Trustees ever formulated in the Littlefield school district. They have both taken a very active and interested part in school affairs, and the present welfare of the district is largely attributed to their loyal efforts.

Littlefield schools today number more than 1200 pupils, and with the two present large and commodious buildings there is still insufficient room for accommodation. Plans are now on foot for the erection of a \$100,000 primary school building, and an election will be called early next month for voting bonds for this purpose.

Littlefield is indeed proud of her public schools and is putting forth every effort possible to keep them abreast of the needs of this rapidly growing community.

HOLD BOX SUPPER

Would Raise Money For Benefit of The Union Sunday School

A box supper will be held at Witharral Sunday night, the proceeds going to the benefit of the Sunday school.

Everybody is invited to attend, bring their boxes of good things to eat and enjoy the occasion.

PRIMARY TEACHERS OF LITTLEFIELD SCHOOLS ELECTED

At a meeting of the Littlefield School Board held Monday night all teachers of the Primary Department were re-elected to their respective places for the coming year and with a 10 per cent increase of salary. Those elected were as follows: Mrs. Bessie Baze, supervisor; Mrs. B. L. Coghill, Miss Lois Graham, Mrs. Harry Wiseman, Miss Vesta Brannen, Miss Vivian Courtney and Mrs. L. D. Jones.

Other re-election were: W. E. Street, principal, grammar grades; E. D. Parnell, vocational agriculture; Mrs. Patsey Brittain, domestic science.

It is understood that the teachers of the intermediate and high school departments will be elected at a meeting to be held next Thursday evening.

NEW NURSE IS HERE

Miss Beryl Kaigle, of Helena, Ark., the new county health nurse for Lamb County arrived in Littlefield Tuesday, and is beginning her work. She succeeds Mrs. T. T. Garrett, who has been the county nurse for the past year.

Miss Kaigle has had considerable experience in this department of work and is well equipped for her new duties. As soon as possible she wants to get into every section of the county, getting acquainted with the people and beginning her work.

Some men's idea of economy is to preach it to their wives.

MEETING AT MINERAL WELLS IS TO BE THE BIGGEST AND BEST IN HISTORY OF WEST TEXAS CHAMBER

"The strongest and most interesting in the history of the West Texas Chamber of Commerce Conventions." This is the statement issued by the program committee in charge of the program at the annual convention to be held in Mineral Wells May 4-5-6. Among the speakers who have already accepted invitations are Rev. George W. Truett, Pastor of First Baptist church of Dallas; Walter A. Cline, of Wichita Falls; Governor Miriam A. Ferguson; Senator Morris Sheppard; Col. Harvie Jordan, President American Cotton Association; Senator Earle B. Mayfield and a number of others. Some of the best known musical organizations of the state will give numbers during the speaking portion of the program. The management of the West Texas Chamber of Commerce and the Mineral Wells Chamber of Commerce have banned all street entertainment features and demonstrations during the sessions of the convention which are from 9 o'clock in the morning until 12:30 p. m. Following these hours there will be joy unrestrained.

"There need be no fear as to the ability of Mineral Wells to entertain the thousands who will attend the annual convention of the West Texas Chamber of Commerce to be held in this city May 4-5-6" said Allen Guinn, Chairman of the general arrangement committee of the convention this week. We are listing more hotels, more rooming houses, and more private residences each day, and can say at this time that there will be ample room to provide for the thousands that come. We are hoping, in fact pleading for people to advise us without delay, the prospective numbers that will come from their town, so we can have no doubt as to how many rooms to provide. Co-operation upon the part of West Texas towns will be most helpful to the Mineral Wells people."

Maids and Matrons are being named for the various towns in West Texas for the West Texas Chamber of

Commerce Convention to be held in Mineral Wells, May 4-5-6. The Chairman of the Committee in charge of this feature announced a number of social functions had been arranged in addition to the historic pageant to be given on the second evening. The Mineral Wells committee wishes it distinctly understood that the visitors participating in the pageant will have costumes furnished and that every effort will be put forth to make the visit of the honorees from the various West Texas towns pleasant and agreeable. Towns that have not made appointment are requested to do so without delay.

Organized delegations to the West Texas Chamber of Commerce Convention to be held in Mineral Wells, May 4-5-6 and are strongly recommended by convention headquarters and the organization. Such delegations will be quartered as near together as possible or if they desire camping arrangements these will be secured. The delegation parade staged for the second day will eclipse anything in the history of the organization and prizes for the best float is intensifying the interest in the floats. Original floats that typify some industry or resource of the community entering them will make a wonderful showing to the thousands who attend the convention.

Many of the limelight cities of West Texas are now making preparations for sending big delegations to the convention. Dublin will be there 500 strong, all dressed in Irish green, to typify that ancestrally named city. Comanche will be there arrayed in Comanche Indian regalia. This town, also, ought to be represented with a strong delegation and properly arrayed in significant manner.

The last day of the convention has been designated as College Day, and all colleges of West Texas are invited to participate in the program.

This town ought to take advantage of this opportunity to put herself in the middle of the West Texas map with a ring around it.

some coveted honors.

Lubbock won first place in the stock judging, Farwell first in plant production team, while Embert Mueller, of Littlefield was high point man in the poultry judging.

The Littlefield animal judging team, consisting of Lee Pool, Willow Street and James Berkshire stood eighth in the contest, with the poultry judging team, consisting of Embert Mueller, Willie Hay and Harnie Pool, with Travis Baker as alternate received third place in that event.

For his skill in poultry judging, Embert Mueller received a four year scholarship in West Texas State Normal and a \$25 White Leghorn cockerel, donated by the Amarillo White Leghorn Farms, also a year's subscription to a leading poultry journal. This is the second Littlefield boy to win a scholarship on poultry, Stanley Stripe having won a two year scholarship to A. & M. College in the contests of last year.

The boys are now planning to attend the state contest, if funds are available, which contest will be held at College Station, April 20th.

The contest judges came from West Texas sections. County Agent H. Benton of Amarillo, Tisdall of Panhandle, Dunkle of Hereford, Bennett of Tulia, Thomas of Plainview, Wilson of Floydada, and Frank Eaton of Lubbock served as judges. Ted Neely of Amarillo, J. D. Tinsley, Santa Fe Agricultural Agent, and Byron Gist of Amarillo, also did judging work. Superintendent R. E. Dickson of the Spur Experiment Station served as judge in the sheep division and R. E. Karper in the grain sorghum division.

Teams from the following towns participated in the live stock judging contest: Tulia, Canyon, Kress, Olton, Pampa, Silvertown, Hale Center, Littlefield, Lubbock, Dalhart and Hereford. Poultry judging teams attended from Muleshoe, Canyon Normal, Littlefield, Lubbock, Hale Center, Pampa and Silvertown. There were teams in plant production from Farwell, District No. 10, Farwell, Liberty, Muleshoe, Lubbock, Clarendon, Littlefield, Kress, Happy and Union Hill.

A THOUGHT FOR THE WEEK

Faithful are the wounds of a friend.—Prov. 27:6.

The wound is for you, but the pain is for me.—Charles IX.

AMERICANS AS "JOINERS"

The fact that the census bureau reports that manufacturers of emblems and insignia did \$10,500,000 worth of business in 1923 is cited as evidence that Americans are a race of "joiners." But no statistics are required to make that plain. Nearly every citizen, whether he wears an emblem or not, belongs to some sort of organization—fraternal, patriotic, social, political, educational, religious, commercial or civic—and there are individuals who maintain membership in dozens of them. It is doubted if foreigners are so much given as Americans to forming societies interested in every conceivable sort of activity; but at any rate when they come to the United States they are infected with the American spirit and promptly proceed to form brotherhoods and associations.

The American begins his career of joining almost at birth. He is put on the cradle roll of the Sunday school at the outset and a few years later is a member of the Band of Hope or the Little Sunbeams. About the time that his interest in these societies has waned he is ready to join the Boy Scouts—or, if a girl, the Girl Scouts or Campfire Girls—for feminine Americans are almost as much addicted to joining as the others.

Then come the Y. M. C. A. and Y. W. C. A., or similar organizations of other religious denominations, the high school and college fraternities and sororities, literary and debating societies, musical clubs, etc. By the time he has reached adulthood, the joining habit has fastened itself firmly upon him, and he needs little solicitation to attach himself to organizations that are interested in the same things that he is. If he is a politician he will join anything, whether interested in it or not.

In so far as banding together in organized herds kills individuality, it is a bad thing for a country and a people. Great politicians often spring from the lodge and the club. But great writers, or painters, or sculptors, or musicians, or teachers do not. Perhaps because this is a nation of joiners is the reason America is deficient in the arts.

Organizations are good in their places. If unity there is undoubtedly added strength of purpose and of action. But the thing that is bad with organizations is that so often they defeat individual thought and action and we as a people are too prone to let some one else do out thinking and our acting. Where one man really thinks for himself, there are a thousand who accept the thoughts of others and follow them. A number of organizations could be pointed out today that have already lost or are rapidly losing their potency, because controlled by rabid, selfish minds.

NO CLOUDBURST YET

It is sometimes really amusing to see the anxious look and hear the worried expressions of some of the newcomers regarding the lack of early spring rainfall, and then to see the look of merriment and hear the robust laugh of the oldtimer at the tenderfoot farmer of the Plains.

It is no surprise that easterners coming west should worry about the rainfall—they have been used to "poodles" of it where they came from. It drenched the valleys, washed away the hillslides, tore up the early planted crops and produced a superabundance of weeds. But out in this country excessive rainfall is unneeded,

due to the peculiarities of the soil with its moisture retentive qualities. Oldtimers who have been here from five to twenty-five years know it will rain when the proper time comes, so why should they worry?

In a recent issue of the Big Springs Herald, the editor, T. E. Jordan, gives some information that should be quieting to the pulses of those who are inclined to weather nervousness, as follows:

"We can expect scant rainfall in January, February and March, as there are but few exceptions to this rule. April, May and June are the months we receive our greatest rainfall. A rainfall record of the past twenty-five years will prove the truth of this. July and August are also months of greater rainfall by a big margin, than are the three months at the beginning of the year. Only once in 25 years have we had an inch or more of rain in January. In only five of the 25 years have we had an inch or more of rain during the month of February. In only seven years out of 25 we had an inch or more of rain during the month of March. During sixteen years we have had an inch or more for April; and in twenty out of 25 years we have had an inch or more of rain each May. June's record for an inch or more is 19 years out of the 25. It is possible for a mighty big crop to be made with June planting, so there is no need of our getting the "willies" on account of the lack of rainfall at this stage of the game."

"Mr. Jordan has been in the newspaper business at Big Springs for over twenty years and he has a fine business down there. He has not starved and is still here and not one bit discouraged because it has not come a cloudburst during the first part of this year."

PUTTING IT OVER

Without a doubt Littlefield enjoyed her largest crowd ever in the history of the town when 5,000 people gathered here last Monday to celebrate the fourth Trades Day event, many of them coming far from 25 to 60 miles around.

The day was all that could have been desired. There was plenty of entertainment, a good program, fine music by the band, an excellent auto show, good auctioneering, etc. The merchants put on extra sales values and reduction prices that were very attractive, and all report excellent patronage throughout the day.

Through the 32 page edition of the Lamb County Leader put out last week the event had been well advertised, and these were hundred of people here to enjoy the day who had never visited Littlefield before. Friday and Saturday there were about 40 of Littlefield citizens and business men who took their cars, each loaded with several hundred papers, and put them into the homes all over Lamb, Cochran, Hockley and Bailey counties. It was indeed a fine spirit of co-operation on their part. The 5,000 copies of this newspaper put out last week both locally and abroad will mean some excellent publicity for Littlefield.

This Trades Day event is but another concrete illustration of the fine spirit of home loyalty and co-operation existing among the citizens and business men of Littlefield. Every man and woman in business here went their full length toward making the day one big success. It is just such fine spirit and activity as this that puts any town in the lead. Let the good work continue.

SYMPATHY

With all the free hospitals, public clinics, charity organizations, welfare workers, community welfare campaigns and relief organizations, which have given the United States a world-

wide reputation for compassion, there is too little mutual sympathy among men. Children thoughtlessly, and adults deliberately, mock the afflicted. Few are really touched by the pitiable condition of the human delinquents that are constantly encountered on the highways and byways of life. On the contrary, the disfigured and crippled are more apt to excite the selfish to derision than to pity.

Heinrich Heine, the German poet and satirist, who was an invalid during the last seven years of his life, has written of this same subject:

"Alas! one ought in truth to write against no one in this world. Each of us is sick enough in this great lazaretto, and many a polemical writing reminds me involuntarily of a revolting quarrel, in a little hospital in Cracow, of which I chanced to be a witness, and where it was horrible to hear how the patients mockingly reproached each other with their infirmities; how one who was wasted by consumption jeered at another who was bloated with dropsy; how one laughed at another's cancer in the nose, and this one again at his neighbor's lock-jaw or squint, until at last the delirious fever patient spurring out of bed and tore away the coverings from the wounded bodies of his companions, and nothing was to be seen but the hideous misery and mutilation."

EDUCATION BY POLITICIANS

Two hundred years ago a great scholar said to another, "I disagree absolutely with what you say, but I shall defend to the death your right to say it." Thus was laid down a fundamental rule of freedom and toleration, and the last rule that should be violated by a civilized country and intelligent men.

But the Tennessee legislature and political executives of three other states either are not informed of this rule of toleration or consider it fallacious. At least, they have forbidden in the public schools of those states the teaching of evolution. They do not believe in what the scientists have taught for generations and will henceforth forbid them to teach it.

Legislation never has and never will decide the mysteries of life, and neither will it prove or disprove a scientific theory. It is not for the legislature to decide whether any scientific theory is sound or unsound, nor is any legislature qualified to decide the curriculum of the school. Humanity was kept in total ignorance for centuries by men who thought they knew what other people ought to or ought not to know. Such censor on knowledge or the pursuit of knowledge is not democratic, and it is not right.

WYOMING RUG MAKERS

Gov. Nellie Taylor Ross, of Wyoming, is a rug maker. She makes her rugs on a hand loom. It seems that Governor Ross has a vast deal of idle time on her hands. She is an economist and when she is not attending to the duties of her office she makes rugs of a democratic pattern.

Governor Ferguson, of Texas, isn't a rug maker. She is a farmer, a cotton grower, a poultry fancier and when it comes to canning and preserving vegetables, she is said to be at the head of the procession of Texas women. She hasn't any idle time on her hands for the making of rugs on a hand loom or a loom even driven by electricity.

Governor Ross is a democrat; Governor Ferguson is a democrat. Now just when are the republicans of any American state going to call a woman to the high office of governor?

THE ELECTIONS

Littlefield took big forward strides during the past week. The election of four good men on the School Board means everything to the future welfare of our schools. The election of L. R. Crockett as mayor, of J. M. Stokes to serve another term as commissioner and of Phelps W. Walker as commissioner insures the welfare of the town for another 12 months. All these men are well known successful business men, men of vital integrity and highly interested in community development.

The passage of the \$75,000 bond issue for local waterworks was a distinctive forward stride. In fact, no movement ever previously made in this community will mean so much

toward insuring the perpetuity of the city's welfare.

THE AUTO SHOW

That a town the size of Littlefield is able to "pull off" an auto exhibit and style show of the magnitude as was demonstrated last Monday is both unusual and surprising. At the leading and popular cars sold on the South Plains were represented and more than 1,000 people came to see them and talk with the various representatives. As a matter of fact, Littlefield can do nearly anything she wants to.

LITTLE LEADERS

The really uncomfortable phase of running into debt is running into creditors.

The Good Old Days were ones in which the town belle bit her lips to keep them red.

It is better, girls, to have loved and lost if he wasn't much of a man in the first place.

It has been suggested that some of the Littlefield business men use the Chamber of Commerce meetings as an excuse to get away from home—but we wish to inform their wives that they don't come to the meeting.

A zoologist says that man 2,000,000 years hence will have a huge, dome-shaped head. Swelled, presumably.

The boy from Wayback says these bell-bottom pants are old stuff on the farm. Buff Cochins and Clydesdale horses have been wearing them for years.

To illustrate again the hopeless limitations of the language: what is called a small-calibre gent is invariably a tremendous bore.

"Is a chicken a fowl or an animal," now is propounded, and all that a lot of people ever get hold of, to judge by, is the neck.

STORE CLOSES DOORS; STOPPED ADVERTISING IS GIVEN AS REASON

Champaign, Ill.—Withdrawal of all advertising several years ago from the Champaign News-Gazette is blamed as the chief contributing cause of the failure of Murdock Brothers, for 18 years a leading ladies' ready-to-wear store in the universal city.

The blame is assumed by E. L. Murdock in a signed letter published in the News-Gazette, following the voluntary closing of the doors of the concern to avert being thrown into bankruptcy. The part of his letter touching upon his inability to hold the public's trade without using newspaper space follows:

"Another contributing cause, and perhaps the greatest contributing cause, is the fact that during four years our firm, because we thought the rate was too high, withheld all advertising in the News-Gazette. For two years we were out of the paper. We were without proper means of getting messages about our store into the homes of our friends and buyers. The result was they soon forgot us. We tried other forms of advertising to supplant the News-Gazette, but we found none that was effective. Our business continued on the down grade.

"After two years we saw the error of staying out of the News-Gazette. Arrangements were made again with the News-Gazette to carry Murdock Bros. advertising into the homes of this community. The business began to thrive—but it was too late. Seemingly our friends had forgotten about us. The fault was ours. For too long a time we had failed to remind them about the splendid merchandise and values in our store."

An Evening Prayer

The service of the day is over and the hour come to rest. We resign into Thy hands our sleeping bodies, our cold hearths and open doors. Give us to wake with smiles, give us to labor smiling. As the sun returns in the East, so let our patience be renewed with dawn; as the sun lightens the world, so let our loving kindness make bright this house of our habitation.—Robert Louis Stevenson.

Displaying the Flag

When the flag is hung vertically to be viewed from one side only it should be hung so the blue field and stars are to the right as the spectator faces the flag. As a banner across a street the flag should be hung with the field of blue toward the north in streets running east and west, and to the east in streets running north and south.

"True virtue," writes Dr. Crane, "is unconscious." Evidently we're most virtuous when asleep.

I. WALPOLE, photographer, of El Paso, Texas, but recently of Brownfield, Texas, arrived in Littlefield this week. LOCAL STATE BANK
DOUBLES CAPITAL
CHOSING OFFICERS

At a meeting last week, the Littlefield State Bank doubled its capital stock, increasing from \$20,000 to \$40,000. Directors for the coming year were elected as follows: E. A. Logan, A. C. Chesher, Pat Boone, J. M. Pope, J. M. Stokes, C. O. Stone and Arthur P. Duggan.

The Board of Directors then elected for the coming year, the following officers: E. A. Logan, president; J. M. Pope, active vice-president; Pat Boone, vice-president; C. O. Stone, cashier.

The new bank building is now progressing nicely, and this institution expects to occupy it by the middle of next month.

A revival is in progress at the Methodist church this week, the preaching being done by the pastor of the Methodist church at Carbon, Texas. Everyone is invited by the pastor to attend.

Mr. and Mrs. John Brown, joined by Mr. and Mrs. Robert Brown, of Sterling City, have just returned from spending two very enjoyable weeks fishing on the Concho river.

C. Hendriks, of Wellington, Texas, brother to Manager Hendriks, of the Panhandle Telephone System, with his newly wedded bride, stopped off here last week to visit his brother, while en route to El Paso on a wedding trip.

The interest shown by Littlefield citizens in making this town one of beauty, is highly commendable. Hundreds of trees have been planted this year, together with the surfacing and planting of lawns and shrubbery.

J. O. Linton, a prominent land owner of Terrell, Okla., is here improving his recently purchased Yellow House farm. He is breaking out considerable land, fencing and putting up buildings. He expects to move here this fall.

W. S. Hulse of Hollis, Okla., accompanied by his son-in-law, H. G. Estes, is here this week with a big tractor turning over the soil on his 188 acre farm southwest of town. They will move their families here this fall.

Mrs. J. W. Robertson was called to count of the serious illness of her Cape Girardeau, Mo., last week on account of her brother. He was stricken with acute appendicitis, and, following an operation died. She will return home next week.

The Leader is this week in receipt of a letter from Dr. B. B. Liles, who is taking a special course in surgery at Chicago. The doctor states he is getting just what he wants, enjoys it fine, but is getting homesick to be back. We are cheering him up with a copy of the Leader this week.

W. B. Madry, of Fort Cobb, Okla., who recently bought a ten acre tract in Broad Acres, this week send in a subscription to the Lamb County Leader, stating he wanted to keep in touch with the fastest growing town in the Southwest. He also stated he would move out here this fall, improve his place, making this his future home.

M. E. Stanka, of the Littlefield Variety store was the successful recipient of the \$100 Crosley 8-tube radio outfit given away by the Sadler Drug Store last Monday. There were about 1,000 keys to the mysterious box, but only one that unlocked it, the possessor receiving this handsome radio outfit, capable of receiving messages out of the air from thousands of miles away.

Commissioner Simon D. Hay was ruminating in our midst last Monday. Simon came down to enjoy Trades Day, but there were so many farmers landed on him regarding road improvements, that it took all the joy out of the occasion. Simon would build a good road in every section if the county would provide the means, but unfortunately it does not, so the most of us have to get along the best we can.

Nothing adds more to the beauty of any home and the general attractive appearance of any thriving city. Folks like to live in a town where the home-owners show a pride in their places of residence. It is one of the best possible indices of any citizenship and the strongest possible advertisement to new comers.

BEWARE OF "SOLICITORS"

By Clayborn Harvey
 Secretary Littlefield Retail Merchants Association.

What is a parasite? There are parasites in the plant and the animal kingdom and they are classified under various scientific headings and the definition commonly known is a living organism that gets its sustenance from the energy stored up thru the efforts of "legitimate" organisms known as the hosts.

There is such a thing as a human parasite. This special "species" live off the efforts of his fellowman. He appears in the form of beggars, grafters, men who are in the business of giving the public a "great deal" for practically nothing, offering wonderful appealing inducements to a "selected and fortunate" few who are just in-time to derive great benefits from the proposition which he has to order.

In the last few weeks Littlefield has been infested to a certain extent has been infested to a certain extent bargains to offer at an extremely low cost; and since the public is always prone to get something for nothing or, to say the least of it, get as much for its money as possible, they have been "bit." To mention one special instance, a very smooth and intelligent salesman "sold" several rugs to some of the housewives of the community, collecting a very small down payment, the balance to be paid when the rugs arrived. This instance occurred about three weeks ago and the good women have never heard from their rugs nor the salesman since the day he took their "orders."

Upon examination of the carbon copy of one of the order blanks or receipts, there was found to be no

firm name or any way to identify the salesman. There is only one conclusion to which one could arrive and that is that the salesman collected the money and put it in his pocket.

The above instance is only one that has been brought to the attention of the Retail Merchants Association. Doubtless there have been many more such cases in the past few weeks. There is always a way for the house wife to protect herself against such fraudulent schemes and that is by making this person furnish evidence that he is in a legitimate business and can furnish the necessary information that will convince the people that his proposition is good and will stand up. This will be but very little trouble, by only stepping to the telephone, calling the Retail Merchants headquarters and asking if this person has called around to present his proposition, and if you are informed that he has not, just impress upon the individual that you cannot do business with him until he is able to furnish a letter of recognition signed by the secretary of the Littlefield Retail Merchants Association.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF LAMB COUNTY—
GREETING:

You are hereby commanded to summon J. B. Lauterstein, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be holden at the court house thereof, in the town of OLTON, on the 1st Monday in May, A. D. 1925, the same being the 4th day of May, A. D. 1925, then and there to answer a petition filed in said Court on the 18th day of March, A. D. 1925, in a suit, numbered on the docket of said Court No. 113, wherein Dickens County, a duly organized county of the State of Texas and a political corporation and subdivision thereof is plaintiff, and J. B. Lauterstein is defendant, and said petition alleging that on or about the 9th day of October, A. D. 1922, plaintiff was lawfully seized and possessed of the following described land and premises, situated in the County of Lamb, in the State of Texas, holding and claiming the same in fee simple, to-wit: 316.28 acres of land, known and being the West one-half of Block No. Twenty (20) of League No. 244, Dickens County School Lands, as shown by plat of the subdivision of the three leagues, Nos. 242, 243 and 244, Dickens County School Lands, of record in Volume No. 3, pages 380 et seq., Deed Records of Lamb County, Texas, being described by metes and bounds as follows, to-wit:

Beginning at the south west corner of Block No. 20 and the north west corner of Block No. 21. THENCE, North 2300 varas to the North West corner of Block No. 20; THENCE East 776 and 3-7th. varas to a point, the center of the North line of said Block No. 20; THENCE South 2300 varas to point, the center of the south line of said Block No. 20; THENCE West 776 and 3-7th. varas to the place of beginning.

That on the day and year last aforesaid defendant unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withholds from plaintiff the possession thereof to its damage Three Thousand Five Hundred Dollars.

That the reasonable annual rental value of said land and premises is \$200.00.

Plaintiff further alleges that the only claim defendant has or is asserting to, the land hereinabove described is through and by virtue of a certain order of the Commissioners' Court of Dickens County, Texas, passed by said court on the 11th day of September, A. D. 1922, authorizing the sale of said land to the defendant, J. B. Lauterstein, for the sum of \$3.35 per acre, aggregating the sum of \$2008.41, upon the following terms, \$158.00 cash in hand paid, and the balance \$1850.41 on 30 years time, to be evidenced by a promissory for said last amount, executed by the said J. B. Lauterstein and payable to the order of the Commissioners' Court of Dickens County, or their successors in office, bearing interest at the rate of 6 per cent per annum, interest payable annually at Dickens, Texas, said note to provide for attorney's fees, in the usual form. That the defendant has in no way complied with the terms of said order, but the same is a cloud upon the title of plaintiff to said land. Wherefore plaintiff prays judgment of the court that defendant be cited in terms of law to appear and answer this petition, and that plaintiff have judgment for the title and possession of said land and premises, and that the cloud upon plaintiff's title to same by virtue of said order be removed and forever quieted and that a writ of restitution issue and for its rents, damages and costs of suit, etc.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Olton, Texas, this 18th day of March, A. D. 1925.

M. R. CAVETT, Clerk
 District Court, Lamb County,
 Mar. 19, 26, Apr. 2, 9.

New
CHEVROLET
 Now on Display

New value—new quality—a new line of Chevrolet models even better than ever before. Chevrolet has become the world's largest producer of automobiles with modern, 3-speed transmission by making quality cars to sell at low cost. Now this Chevrolet quality has been greatly increased.

New chassis—with larger, stronger frame; new semi-elliptic, chrome vanadium steel springs; stronger axles, rear axle of the finest construction—banjo type housing with greatly strengthened gears; improved, fully enclosed dry-plate disc clutch requiring no lubrication; extra heavy brake bands; and many improvements on the powerful Chevrolet motor.

New bodies—of even greater beauty and comfort. All models have new radiator of more beautiful design, made of non-rusting airplane metal. All closed models have new and exceptionally beautiful Fisher bodies with the new VV closed-body one-piece windshield and automatic windshield wiper. Balloon tires on all closed models and disc wheels on the Sedan and Coupe.

New finish—all models are now finished in Duco—the new finish that retains its color and lustre almost indefinitely and withstands the severest usage. These are but a few of the quality features of the new Chevrolet—quality features that you would expect to find only on cars of much higher price.

FRUIT PROSPECT
 Edward Demonstrates Profit

 The Jeremiah eyed
 prophets of calamity could
 not see the fruit tree branches
 into the Leader office this
 year. M. C. Logan, residing two
 miles west of Littlefield on the Ozark
 branch, they would doubtless feel like
 pulling into some hole and pulling
 the door in after them.
 Two branches were from
 the trees, each of them was not
 more than a foot long, but in that
 length there were more than
 a dozen developing apricots. He

also brought in a little plum switch
 about eight inches long which had
 crowded on it 50 developing plums.
 Mr. Logan has a small orchard of
 only about 20 trees, but they are all
 heavily laden with fruit. If there has
 been any damage to it this year
 from early frost, he says he has not
 been able to detect it.

**WHAT SHALL WE HAVE FOR
 DINNER**

By Miss Esther V. Erickson
 Red Cross Nutrition Worker

"It's all very well to say this is
 good, and that is bad for us but what
 I want to know is what am I going to
 have for dinner." One person was
 heard to remark.

Here are some definite ideas on
 the subject from the Red Cross Nutri-
 tion Worker, Miss Esther V. Erick-
 son.

First, for all but the smallest chil-
 dren, some kind of meat or a meat
 substitute. It is better not to have
 the meat fried. Have a stew, roast,
 boiled meat or broil it. Did you ever
 try this? Have you some round
 steak ground, or use hamburger
 steak; make into a flat cake with a
 little flour, put this into a broiler
 or flat toaster, and cook directly
 over or under the flame; sear it
 quickly then let it cook more slowly
 it will be done in 10 or 15 min-
 utes. Put some butter and salt on it,
 serve immediately, and see if it does
 not taste as good as any fried steak.
 It is far more healthful for the chil-
 dren.

Instead of meat you may have bak-
 ed beans or other legumes, an egg
 dish, clabber, cheese or a dish made
 with cheese (as macaroni and cheese or
 cheese omelet.) Do not serve both,
 one of these and meat, but have it in
 place of meat if you like.

Second, a starchy food, potatoes,
 sweet or Irish, and lets not have them
 fried, rice macaroni, grits, or hominy.
 One of these is enough; it makes the
 meal too starchy to have both macar-
 onni and potatoes, for instance.

Third, a green vegetable or two. I
 have heard people say "Vegetables
 don't count, just an extra, not real
 food." Remember that vegetables
 build red-blood, bones and teeth, pre-
 vent constipation, and help keep us
 in good general health, can you say
 they are not a good food? So always
 plan at least one vegetable for dinner,
 other than potatoes. If you are not
 going to have two for dinner. One of
 them might well be salad.

Fourth, milk for the children. A
 glass every meal is the best rule.

Fifth, Bread and butter of course.
 Have graham whole wheat or rye
 bread often.

Sixth, a wholesome dessert. Let's
 have fewer pies and cakes and more
 fruits and simple puddings.

With this general plan, it is easy
 to vary the menu from day to day and
 still have healthful meals. Especially
 remember the vegetables, milk and
 simple dessert.

First Trip to Australia

The first authenticated voyage to
 Australia was made by the Dutch in
 1606. It is believed, however, that the
 country was visited by the French
 prior to this date, though there are no
 actual records. The first important
 explorations were made by Captain
 Cook, who visited the country in 1770.

Retaining Youth

As I approve of a youth that has
 something of the old man in him, so I
 am no less pleased with an old man
 that has something of the youth. He
 that follows this rule may be old in
 body, but can never be so in mind.—
 Cicero.

To Empty Pitch Barrel

A barrel of pitch can be emptied by
 allowing it to flow very slowly from a
 small hole. At any time during the
 flow a sharp hammer blow will shatter

Meaning of the Word Mutt

Mutt is a slang word for dog, espe-
 cially a mongrel dog. To call a per-
 son a mutt is only a mild way of call-
 ing him a cur. The word seems to be
 spelled either "mutt" or "mutt."

An Ancient Anesthetic

In prehistoric times, Zuni and
 other tribes of North American In-
 dians used a substance obtained from
 the Jimson weed as an anesthetic dur-
 ing surgical operations.

OBSERVE SAN JACINTO DAY

Churches Planning Big Program For Tuesday Night.

Tuesday, April 21st, is San Jacinto Day, a holiday in Texas, though not generally observed in Western Texas. On this day in 1836 General Sam Houston defeated General Santa Anna on the battlefield of San Jacinto, a point between Houston and the Gulf, and Texas was freed from Mexico. We will observe the day in Littlefield with a TEXAS PARTY in the High School building, 8 p. m., under the auspices of the Presbyterian, Baptist and Methodist churches, and make of it a real get acquainted social for everybody in this community who wants to know and mix with their neighbors. Children will be divided into two groups and have special amusements while the adults will be entertained in the gymnasium. A short patriotic program will be given in the auditorium for all ages, after which the groups will march to their respective rooms and be entertained in a most unusual manner. An admission fee of ten cents will be asked of all over 8 years of age, which amount will be used in defraying the expenses of the occasion. Remember the date and come prepared to "hurt yourself laughing."—Contributed.

WE'RE MILKING AGAIN

This is to advise the public that I have again taken charge of the Littlefield Dairy, and am prepared to give you good service in this line. I want to thank all my old customers and solicit their future business.—W. L. STANDRIDGE. etc.

A \$126,000 COURT HOUSE FOR COCHRAN COUNTY UNDER WAY

After a series of injunctions and other litigation proceedings, work on the Cochran county court house is now in progress. The basement is all dug out, much of the material has arrived, and this week the workmen are cutting out lumber for the foundation work and getting the concrete ready.

This new court house building was designed by Architect Kaufman, of Amarillo and the Rice Construction Co., of Amarillo have the contract for construction. It will be three stories with basement, with handsome chambers for all the various courts, county officers and community room for general public accommodation.

On the strength of the settlement of the county seat and court house controversy which has been existent since the organization of the county nearly a year ago, Morton is now enjoying quite a building boom. Several new business houses and residences are now in process of construction, some are putting on additions and otherwise enlarging their quarters. The Panhandle Telephone System has just finished a telephone line into Morton from Littlefield, which line is to also be extended to the new town to be laid out on the Doud extension of the Santa Fe railroad to run through Cochran county.

LIGON LEADERS

It is reported here that the town lots in the new town to be built south of here will be sold at auction. This town will be located on the new line of the Santa Fe to be run out of Doud toward the New Mexico line.

The Ligon school pupils enjoyed a picnic at Camp Slaughter, April 1st. It wasn't any April Fool picnic either.

An order has been issued for the discharge of Carl W. Yeary from the U. S. army.

WEST TEXAS NEWS

HASKELL—Plans are under way for a new \$60,000 hotel for Haskell. An expert hotel man is expected to take charge as soon as the building is completed.

LAMESA—The James Key Gin, one of the largest gins on the South Plains that burned a few nights ago will be rebuilt and ready to take care of the coming crop.

COLORADO—This city will soon have installed a new modern telephone exchange. The Chamber of Commerce through the Secretary, W. S. Cooper has been after this exchange for more than two years.

SLATON—This city claims 250 new homes were built in 1924 and 41 homes built during January 1925. The \$135,000 high school building has just been completed.

PADUCAH—Much interest is being developed here owing to the discovery of potash. It is now hoped that the mineral will be found in paying quantities as further development shows the area to be large and the quantity increasing from recent developments.

PORTALES, N. M.—Land planted to cotton irrigated 6 times produced an average of 41 pounds per acre for cost of irrigation, leaving 778 pounds lint per acre. Many thousands of acres can be irrigated in this section from shallow wells and centrifugal pumps at small cost.

SPUR—A contract has been let for the installation of a new sewer system. When completed the cost of the improvement will amount to \$50,000.

ROCHESTER—This city is working for a creamery and same is likely to be obtained. Strong efforts are being made to secure it.

ROBY—Roby is soon to have a new modern 14 room school building with a large gymnasium. Plans are now being drawn for this purpose. The new \$40,000 high school building here is nearing completion.

Not Fiction,
But Truth
A Book
Of Gripping
Startling
Human
Achievement

"Like a bolt of lightning illuminates the sky, it flashed across my mind that someone was behind me! Furey had been looking me straight in the eye. Now, his gaze shifted from side to side.

"I jumped back, putting myself outside his reach. Then darted a quick glance behind me.

"I saw the muzzle of a sawed-off shot-gun not sixty steps from me. Instantly it was jerked under the broad, flat fans of the dense palmettos. I sprang behind Furey, putting his heart between me and the shot-gun. I pressed my old forty-five against his head just behind his right ear."

The coolness of him—the audacious courage of him—the lightning thinking of Norfleet saved his life in many a seemingly inescapable cul-de-sac, and brought the highly organized band of outlaws, one by one, to justice. The soul stirring story of this Texas rancher's four-year self-imposed task of running to earth the largest and most desperate gang of crooks in the United States is graphically told in Norfleet's own words which are powerful in their very modesty.

It has often been said that Truth is stranger than Fiction—but those who have read Sir Conan Doyle's Sherlock Holmes stories, The Chronicles of the Mysterious Fu Man Chu, the Episodes of the Grey Ghost, or a dozen other "thrillers" in the category of "detective" and "mystery" yarns have undoubtedly entertained a slight doubt as to the accuracy of the old time aphorism.

But now comes Frank Norfleet with a chronicle of adventure that makes the "Grey Ghost" stories tame by comparison; a series of dramatic situations that reduce the ordinary "thriller" to the commonplace; a history of detective work that causes Sherlock Holmes' attainments to sink into insignificance—and withal, a lesson in morality and "square shooting" that should prove greatly beneficial to the youth of our Nation.

And the beauty of the whole work is that it is the TRUTH! Just the unexaggerated account of what one brave man has actually done in the face of seemingly insurmountable difficulties.

English literature has been enriched by this most gripping, startling compilation of thrills, laughter and pathos, held together by a thread of stupendous human endeavor, tempered by tolerance and compassion. Norfleet is a book that will appeal to men and women of all ages and in every walk of life. Norfleet is a book that parents will place in the hands of their boys to read, knowing that the truths contained therein and the lessons taught are well worth while. Norfleet has been read and enthusiastically endorsed by leading educators, ministers, publishers, bankers, professional men and criminologists.

Physically, the book presents a beautiful appearance. A heavy dark blue cloth cover, lettered and designed in gold, with more than 350 pages of fine quality egg-shell paper and splendidly illustrated.

Norfleet is destined to run into the hundreds of thousands of copies and will undoubtedly find its way into every home and every library where English is read.

NOTICE OF SCHOOL TAX AND BOND ELECTION.

The State of Texas
County of Lamb
Littlefield Independent School District.

To the Resident Property Taxpaying voters of Littlefield Independent School District:

TAKE NOTICE that an election will be held on the 2nd day of May, 1925, within said district, in obedience to an order duly entered by the Board of Trustees the 30th day of March, 1925, within said district, in obedience to an order duly entered by the Board of Trustees on the 30th day of March, 1925, which is as follows:

On this the 30th day of March, 1925, the Board of Trustees of Littlefield Independent School District convened in special session with the following members present: Arthur P. Duggan, President; W. G. Street, W. O. Gray, F. A. Butler, C. W. Towes, Pat H. Boone and G. A. Stagers and among other proceedings had by said Board of Trustees was the following:

There came on to be considered the petition of H. C. Arnold and twenty-six other persons asking that an election be ordered upon the question of (levying and collecting a tax for the maintenance of the public, free schools in Littlefield Independent School District, and also upon the question of issuing bonds of said school district for the purpose of building and equipping school building making necessary repairs to present building in said school district; and

It appearing to the satisfaction of the Board of Trustees that said petition is signed by at least twenty property tax-paying voters of said school district, and is otherwise in conformity with law, the Board is of the opinion that said petition should be granted, and said election as prayed for should be ordered:

THEREFORE, BE IT ORDERED BY THE BOARD OF TRUSTEES OF LITTLEFIELD INDEPENDENT SCHOOL DISTRICT:

That an election be held in said Littlefield Independent School District on the 2nd day of May, 1925, which is not less than thirty days from the date of this order, at which election in accordance with said petition, the following proposition shall be submitted to the resident qualified property taxpaying voters of said school district for their action thereupon:

Proposition No. 1
Shall the Board of Trustees of Littlefield Independent School District have the power to levy and collect annually a tax upon all taxable property in said school district for the maintenance of public free schools therein of and at the rate of not exceeding \$1.00 on the \$100.00 valuation of all taxable property in said school district until the same shall be discontinued as provided by law.

Proposition No. 2
Shall the Board of Trustees of Littlefield Independent School District be authorized to issue the bonds of said school to the amount of one hundred thousand (\$100,000.00) dollars to become due and payable serially from one to forty years from date, and bearing interest at the rate of five per cent (5 per cent) per annum, payable semi-annually for the purpose of building and equipping new building and making necessary repairs to old building in said school district, and there shall be annually levied and collected on all taxable property in said school district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due; (provided, that the maintenance tax and the bond tax together shall never exceed for any one year, one dollar (\$1.00) on the \$100.00 valuation of said property.)

The said election shall be held in basement of Presbyterian church in said Littlefield Independent School District, and the following named persons are hereby appointed officers of said election: J. T. Elms, Presiding Judge, Silas Dixon, Judge, Arthur Mueller and O. V. Mayben, Clerks.

The ballots for said election shall have written or printed thereon the following:

Edobi iudam, hnrnTtizBONDS..E
"FOR MAINTENANCE TAX."
"AGAINST MAINTENANCE TAX."
"FOR ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."
"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."
(As to each of the foregoing propositions) each voter shall mark out with black ink or black pencil one of the above expressions, thus

leaving the other as indication his vote (on the two propositions respectively.)

None but resident qualified property taxpaying voters of said Littlefield Independent School District shall be allowed to vote at said election.

The Secretary of this Board of Trustees shall forthwith issue a notice of said election stating in substance the contents of this election order and the time and place of said election, and said Secretary shall post a copy of such notice at three different places within the boundaries of said Littlefield Independent School District which posting shall be done not less than three weeks prior to the date fixed for said election. And said Secretary shall cause a copy of said notice to be published once each week for three weeks prior to the date fixed for said election in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in Lamb County, Texas, and in said School District.

Immediately after said election has been held the Officers holding the same shall make returns of the result thereof to the Board of Trustees of said school district, and return the ballot box to the Secretary of said Board for safekeeping.

The manner of holding said election shall be governed, as near as may be, by the General Election laws of this State, except as modified by Chapter 24, of the General Laws passed by the Thirty-seven Legislature at its regular session, 1921, and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

W. G. STREET,
Secretary Board of Trustees.

A. & M. WILL HAVE BEES FOR TEXAS USERS THIS YEAR

The Texas Agriculture and Mechanical college will again furnish bees to persons desiring to take up bee culture and plans are being laid by the college authorities now to furnish more bees this year than ever before.

Queens of a selected race of the Three-Branded Italian Bee of very superior quality are distributed regularly each year by the agricultural research laboratory of the Texas experiment station which is located near San Antonio, Texas. These valuable queens are a product of the research work in the queen rearing yard, and when the necessary records are made on each individual it is then available for some Texas beekeeper desiring

same for the purpose of improving the quality of his colonies. Last year every queen that could be spared from the laboratory was spoken for months ahead, and requests are already on file for as many as can be supplied up to the first of June this year. H. B. Parks, the apiculturist in charge announces that the prospects for the present season indicate there will be some 200 queens to spare and that distribution will be made April 23, May 14, June 4, June 25, July 16, August 6, August 27 and September 17. In order to supply these queens, the laboratory finds it necessary to make a nominal charge of \$1 for each of them. Beekeepers desiring one or more of these queens should send their requests to the state Apicultural Research Laboratory, San Antonio, Texas, Route E. Box 368, as early as possible, stating date of shipment desired so their reservations can be made, though the money should not be sent until notification is received that shipment can be made as requested. Requests from outside of Texas will be filled only when there are no requests on file from within the state.

Baileyboro Buzzings

Mr. and Mrs. Neal Warren were Muleshoe visitors Saturday.
Misses Grace, Vesta Annie Mae Brannen and Jack Jr. Brannen spent the week-end with relatives in Baileyboro.

A number of the folks from this community attended church services and the basket dinner at Circleback Sunday, which concluded the three days Primitive Baptist revival, which has been in progress there.

Trixie Henderson, Winifred Young, Blanche Blackshear and Charlie Durham, were in Muleshoe Sunday.
Mr. and Mrs. C. C. Duncan and Mr. and Mrs. O. M. Long were Sudan visitors Sunday evening.
The Muleshoe Chamber of Commerce met with the Baileyboro folks Monday night, music was rendered by the Muleshoe Orchestra and talks on various matters were made by the members and also by several citizens of this community.
Cecil Harvey, Roy and J. D. Bayless enjoyed a short, but successful fishing trip near Inez, New Mexico, Tuesday.
An exciting rodeo was held here Saturday afternoon for the benefit of the city's visitors. Two wild mules were saddled and Elliot Maitlock and J. D. Bayless proved themselves true broc riders holding their seats without "pulling leather."
Carrol Byrd of Lockney, Texas,

spent four days of this week with old friends in and around Baileyboro, en route to his claim near Hobbs, New Mexico.

In the basket ball game here Wednesday between the school team and the local team resulted in a victory of 14 to 6 for the local boys.

The pupils of the Baileyboro high school enjoyed Wednesday, April 1st picnicing near Monument Dam and the Abney Lake.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Lamb County, Greeting:

You are hereby commanded to summon R. L. Funk, and the unknown heirs of R. L. Funk, and all other persons owing, claiming or asserting any right, title or interest in and to the lands hereinafter described by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District Court of Lamb County, to be holden at the Court House thereof, in Olton, on the first Monday in May, A. D., 1925, the same being the 4th day of May, A. D. 1925, then and there to answer a petition filed in said Court on the 30th day of April, A. D. 1925, in a suit, numbered on the docket of said court, No. 118, wherein W. S. Hall is plaintiff, and R. L. Funk, and the unknown heirs of R. L. Funk, and all other persons owning, claiming or asserting any right, title or interest in and to the lands hereinafter described are defendants, and said petition alleging and for cause of action, plaintiff represents to the court that on or about the 30 day of March 1925, he was lawfully seized and possessed of the following described land and premises, situated in Lamb County, Texas, holding and claiming the same in fee simple, to-wit:

All of the Northeast one-fourth of Section No. 42, in Block No. 1, of W. E. Halsell's subdivision, as shown by plat of said subdivision recorded in Vol. 3, Page 550, in the Deed Records of Lamb County, Texas.

Plaintiff claims to be the owner of said premises in fee simple owning, holding and claiming the said premises, by actual, visible, notorious, exclusive, peaceable, uninterrupted, continuous, adverse possession of same by use, cultivation and occupancy thereof for ten years and more next proceeding the institution of this suit, and claiming to be during all of said period the true, real and legal owner thereof against the said R. L. Funk, his heirs and legal representatives, and any and all other person or persons, whatsoever asserting or claiming any right, title or interest to said land, of any kind or character whatsoever.

That on the day and year last aforesaid defendant, R. L. Funk, unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof.

Wherefore, plaintiff prays judgment of the court that defendant R. L. Funk, and the unknown heirs of R. L. Funk, and all other person or persons owning, claiming or asserting any right, title, or interest in said premises, be cited to appear and answer this petition, and that the defendant, R. L. Funk, and the unknown heirs of R. L. Funk, and all other persons claiming or asserting any right, title or interest in said premises, be and they and each of them divested of all right title or claim thereto and that plaintiff W. S. Hall be declared to be the true, legal and rightful owner thereof in fee simple, against the said R. L. Funk, his heirs and legal representatives, and such other person or persons claiming or asserting any interest, right or title therein.

And plaintiff further prays the judgment of the court, that all claim, or right, title or interest in and to said land by the above defendants or any of them be and the same is hereby declared a cloud upon plaintiff's title, and that said pretended claim, right, title or interest be by proper judgment of the Court cancelled, set aside and forever held for naught. And that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for costs of suit, and for such other and further relief special and general, in law and in equity, that he may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Olton, this 30th day of April, A. D. 1925.
(Seal) M. R. CAVETT,
Clerk District Court, Lamb County.

CITATION BY PUBLICATION

In the District Court of the Sixty-fourth Judicial District of the State of Texas, in and for Lamb County.

T. B. White Plaintiff, vs. Ellie White Defendant. No. 116.

The State of Texas, to the Sheriff of Lamb County, Texas, Greeting:

You are hereby commanded to summon Ellie White, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be holden at the court house, thereof in Olton, on the 4th day of May, 1925, the same being the first Monday in said month, then and there to answer a petition filed in said court on the 30th day of March, 1925, in a suit, numbered 116, on the docket of said Court, wherein T. B. White is plaintiff, and Ellie White is defendant, said petition alleging: that the defendant is and has been guilty of excesses, cruel treatment and outrages toward the plaintiff, to such degree and extent as to render and which has rendered living together of the plaintiff and defendant insupportable; and said petition further alleging that the plaintiff and defendant are husband and wife, that the defendant is a non-resident of the State of Texas, but

that the defendant's whereabouts are unknown to the plaintiff, and said petition praying for a divorce, for costs and general and special relief.

Herein fail not, but have you before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness M. R. Cavitt, Clerk of the District Court of Lamb County, State of Texas, this 30th day of March, 1925.

AMHERST NEWS

ENTERTAIN FRESHIES

Mr. and Mrs. H. R. Carpenter entertained the Freshman class last Saturday evening.

The house was beautifully decorated, carrying out the class colors, and flowers, green and white, with white roses.

As the guest arrived, Miss Mar Lee Carpenter, received them and pinned green and white ribbons on each person. This was a token, the freshmen bestowed on their honored guest.

Each member of the class having invited one friend, their were about fifty present, which at the close of the evening were served with punch and cake by the hostess and her daughter.

AMHERST VS. MULESHOE

Muleshoe challenged Amherst with a baseball game Sunday on Amherst grounds. The game was a pretty close one up to the last half of the ninth inning. Geo. Harmon was pitcher, while Virgil Goodman was catcher. At this point Geo. went to the bat, with three men on bases, he hit a sound ball, sending two men home, one on third, and one on second, ended the game, with scores, 10 to 12, in favor of Amherst.

D. B. CLUB

D. B. Club met in regular session last Thursday with Mrs. J. T. Whitsett, while Mrs. Allen White was hostess. After a business hour, and plans being laid, the hostess assisted by Mrs. Whitsett, served plates of sandwiches, dev'l eggs, fruit salad, stuffed dates, olives and lemonade.

The next meeting will be with Mrs. R. B. Eoff, Thursday, April 16th.

BIRTHDAY PARTY

Mrs. J. A. Hickey entertained her little four-year-old daughter, Mary Esta, last Wednesday afternoon from 2:30 to 6:00, with a birthday party. A large number came to bring gifts and good wishes to the little honoree.

Many tricks and games were enjoyed by the little guest. While later in the afternoon the little people went for an Easter egg hunt, which they all enjoyed very much.

At five o'clock, the hostess served lemonade with angle food cake. Everyone had a wonderful time.

ENTERTAIN FRIENDS

Misses Reba and Anna Mae Northington entertained at the family home last Wednesday evening, with a "42" party. Their most intimate friends were invited. Several tables were prepared for the games. Beautiful music was also rendered for those who loved music so much.

At the close of the evening the hostesses, assisted by their mother, Mrs. Northington, served delicious refreshments. Everyone had a good time.

ELECT TRUSTEES

Election was held last Saturday here for the Board of Trustees, those elected were Lige Cook, B. C. Linn, C. A. Crawford, Geo. T. Roman, Billy Harris, Charlie Harmon, T. H. Pennington.

Geo. Roman and family are visiting friends and relatives in Clovis, this week.

Ralph Banks, of Altus, Oklahoma, spent the week-end with his brother and family, C. C. Banks.

Mr. and Mrs. Jeff Bristoe and Miss Eunice Banks, left Sunday for Altus, Oklahoma, where he has accepted a position with the Altus bank.

Mr. and Mrs. R. B. Eoff and sons, Garland, Clyde and Herechel, left Saturday for Oklahoma City, where the father and grandfather is very ill.

Mrs. Will Stephens and sons, Cleo and Bill, also Bonnarie, of Floydada, were guests of Mrs. C. C. Banks and family last week-end.

Mr. and Mrs. Warner Flippens were Snyder visitors the last of the week, with her father and mother, Mr. and Mrs. Bill Chapman.

Ollan and Jack Waters of Bailey-boro, were in Amherst Tuesday and Wednesday on business.

Mr. and Mrs. Morton Howell have moved on tenth street, where they will put in a cafe.

Clifford Sampson, who has been in Clovis, New Mexico, for the past week returned home Wednesday.

"Shorty" Sanders and family have moved to their new home in the suburbs.

Mr. and Mrs. Joe Patterson, of Wellington, Texas, spent the week-end with her mother and brother, Mrs. Lusie and Will Garton and family.

Mrs. Lester La Grange was in Lubbock shopping Monday.

35 PER CENT OF TEXAS CORN WILL NOT SPROUT

Only 65 per cent of the seed corn in the cribs of the Texas farmers this year is fit for use, according to recent report. The figure is based on germination tests of seed corn from 99 farms in 15 counties in the state that were entered in the National Seed Corn Show held in Chicago last week.

Fully 35 per cent of the Texas seed corn tested showed poor germination, according to J. S. Taylor, the expert in charge of testing. Presumably they are the best ears that these farmers could find, and yet this large percentage of them will not grow when planted. Unless farmers test their seed corn before planting time, there will be prodigious amount of replanting necessary. Testing now will prevent an absolute shortage at harvest time, he says.

The big lesson of the National Seed Corn Show can be learned by each Texas corn grower in his own crib, says Mr. Taylor. "Take the dozen best ears. Then take the poorest dozen ears. Each dozen ears will plant an acre of ground. The land is the same, the work is the same. Same weather. Same overhead. Same cost. At the end of the season the best dozen ears will yield perhaps 32 bushels of corn to the acre; the poorest dozen ears will yield 16 bushels. The 12 good ears will yield twice the crop of the 12 poor ears. This is the lesson that every farmer should take to heart."

The Texas sweepstakes of the National Seed Corn Show was won by A. L. Kendrick, of Yorktown, Dewitt county, but he was later defeated for the grand championship by Mrs. Elsie M. Paluska, of Waverly, Ill., whose entry was awarded the thousand dollar C. M. Kittle trophy, the big prize of the show.

MRS. STEEN PASSES THIS LIFE AFTER A VERY SHORT ILLNESS

Mrs. Gertrude Steen, aged 62 years, seven months and two days passed this life, Wednesday, April 8th, at 1:30 o'clock.

As the pulse gave its last feeble throb, the tearful watchers standing about her bedside realized her day of earth was done, "as the darkness falls from the wings of the night like a feather wafted downward from an eagle in its flight," so the worn and broken body was enveloped in the darkness of death, as the soul, illuminated by celestial light, sped upward toward the realm of eternal peace. Some one turned to the clock to note the hour and minute, and consolingly remarked:

"There is no flock, however watched and tended

But one dead sheep is there! There is on fireside, howsoever defended,

But has one vacant chair!"

Mrs. Gertrude Steen spent her early days in Tehuacanna, Texas, and was a graduate of old Trinity College. The latter part of her life was passed in Groesbeck and Mexia, Texas, coming to Littlefield about seven years ago, where she has since made her home. Early in her girlhood she united with the Presbyterian Church and during the years since she was an earnest, faithful member. More than a church member, she was an ardent Christian, never more happy than when engaged in some work that was for the upbuilding of her church the uplifting of her fellow creatures. Every Sabbath found her in her accustomed pew for the hour of worship, and the radiant expression of her face invariably carried was always an inspiration to the minister in the pulpit. Every week day found her engaged in some ministration for needy humanity, and countless are the blessings that fell from her heart and hands in behalf of those afflicted in health or home.

For some time she had been a sufferer from chronic stomach trouble the nature of which could never be successfully diagnosed, and, during all these months of illness, when the spasms of suffering came on, she was patient to the last degree, and amid her own sufferings still thoughtful of others whose estate in life might be more unhappy than her own. While a blessing to others, she was a greater inspiration in her own home. Possessing that happy faculty of putting away her own cares and worries, she doubled her efforts to heighten the joys of her own immediate family. The writer of these lines never saw her but she had a smile upon her face and a word of kindly greeting.

It is a well known fact that there are some flowers in this world so beautiful in coloring and so sweet in fragrance that they do not need the skill or the taste of the artist to make an attractive bouquet of them. Take a bunch of gorgeous lilies, an armful of glorious roses, a few sprays of honeysuckle, or a hand's grasp of carnations, throw them together in any careless manner one may wish, and they will gladden the eye, sweeten the atmosphere and bring into the most cheerless room something of the summer-time glory of God's great out of doors. So one may take any human soul that has cultivated the virtues of love, peace, long-suffering, gentleness, goodness, faith, meekness and self-control, and let them blossom into smiles and kind words and self-denying and loving actions, and that soul cannot fail to transform the whole being and produce a charming personality down to the very last hour of life.

Such was the case in the life of "Mother" Steen. Her every desire was for the welfare of others. No life was more unselfish in its nature, more hopeful of others, more kind and considerate than that of hers. Even the weakness and infirmity of her ripe old age seemed to served only to bring into relief and to enhance the attractiveness of these glorious graces, which like the blooms that grow in the mellow richness of the garden soil, have about them something of the gracious warmth and rich sympathy absorbed from the sunshine and the showers of heaven's own skies.

And now she has lived her life and gone out into the greatness of the beyond; but there will remain behind her for many, many years yet to come the sweet fragrance of her being which will scent and influence the home in which she dwelt and the lives of those who were around her. Very true were the words of the Psalmist, when he said, "The righteous shall flourish like the palm tree; they shall grow like the cedars of Lebanon. Those that he planted in the house of the Lord shall flourish

in the courts of our God. They shall bring forth fruit in an old age." "Mother" Steen has lived to a ripe old age. She has been a fragrant blossoming tree in the Garden of God. She has been yielding fruit all the time. The kind words, the helpful ministrations, the loving acts, the wholesome advice, the yearning of her heart, the prayerful utterances of her lips have been richer than pomgranates, sweeter than honey and more precious than gold. Tho she will be missed and missed greatly—missed in her home, in the church, in the homes of many others, yet her departure will not be mourned in a selfish manner. She has passed her allotted three score years and is entitled to the rest she now enjoys.

The longer one lives with some people the more they come to appreciate the genuineness of their character, and when, finally, through the infirmity of years, the body at last fails to perform its duties and they pass out of this life it is hard to give them up. But there are always blessed memories of past associations that linger unforgettably. The real strength of life, the loveliness of expression, the sympathetic heart, the steadfast faith of the soul, the hallowed deeds and experiences, the serene, patient spirit of old age, mellowed and ripened by the passage of the years—all these are things that can never be forgotten, tho the face and form may long be out of sight and the voice years ago been hushed to silence.

All the arts and wiles known to human endeavor were employed to coax back to health the stricken being of "Mother" Steen. The skill of doctors, the deftness of nurses, the ministrations of loving hands and prayerful hearts were all employed, but in the will of Providence the twilight came on, dawn at last merged into night, the sky became overcast, the fountains became dried up, the songs were hushed, the wolf finally broke into the sheepfold to carry away the cherished loved one, a howl of woe came crashing through the joyous symphonies, the rough hand of disaster with one mighty stroke broke the harp-strings, darkness came, deep impenetrable darkness and the night was on.

"Mother" Steen leaves behind her four children, Mrs. G. M. Shaw and husband, W. G. Street and wife, J. T. Street and Robert Steen and wife. There are also four grand-children and a great host of friends and acquaintances who mourn her loss and yet rejoice in her final triumph.

A brief funeral service conducted by her pastor, Rev. H. J. Jordan, was held Thursday morning at the home of her daughter, Mrs. Shaw, after which the remains were taken to Mexia, where another funeral service was conducted by Rev. J. H. Bone, a former pastor, who was assisted by the local minister of that place. Then with tender hands they laid away all that was left of her mortal being in the family cemetery at Mexia.

The active pall bearers in Littlefield were, Messrs. C. D. Smith, W. D. Arnett, W. O. Stockton, E. C. Cundiff, W. V. Tolbert, and A. P. Duggan. Those at Mexia were Phil Karner, Hugh Everett, W. R. Story, W. A. Buckner, V. B. Gardner and Nelson Forrest.

"Today one sees but dimly through the mists and vapors, Amid these earthly damp, What seems to us but sad, funeral tapers, May be heaven's distant lamps.

There is no death! What seems so is transition. This life of mortal breath is but a suburb of the life elysian Whose portals we call Death."

SPRING IS HERE

By Phebe K. Warner

Unfailing Signs.

You don't have to look at the calendar to know that spring is here. We were out on the canyon today and saw the first wild flowers peeping out from under the rocks. The birds were calling across from one tree top and hill top to another and they seemed to say: "Here's a good place to build a nest. Fly over here, quick! Hurry, hurry, hurry, before some other bird gets this tree!" They were just as busy as they could be picking out locations for their future homes. And shining through the dead, grey grass was a new carpet of greenest green coming on. The plum bushes were white with bloom. And all nature seemed springing back to life. It's glorious to be out in the canyons when every bush and tree and blade of grass speaks new life and hope and cheer and beauty. It kind of makes a fellow want to come to life himself and get busy and DO SOMETHING.

Other Signs.

But we have noticed other signs of spring. Last Sunday nearly all the girls had on a new kind of little hat. We are glad the hats are to be small enough another year so you can see around them without walking out of your way. And another sign of spring is the sight of some of the men folks cleaning up around the back yard and the perfume of burning trash. But perhaps the surest sign is the talk we hear over the phone.

"Have you cleaned house yet?" "No. I'm waiting till it rains." Or "I'm waiting till the dust storms are over," or "I'm waiting until we can take down the heater and get a new rug for the living room."

What would LIFE be without spring? Do you suppose some of us ever would get a new hat or a new dress or a new rug or clean up the whole house if it were not for this world-wide habit of nature cleaning up and dressing up every spring in brand new tugs? There is so much inspiration in seeing and having something NEW in our lives once in a while. Nature sets the example. Let's every one try to follow her example this spring.

One New Thing:

Let's every one resolve to have something NEW about our home this spring. It may not be much but anything will be better than nothing. Let's DO something NEW if we can afford to have anything new. We might plant a tree, or make a new flower bed, or have a flower and plant exchange like the home demonstration clubs did in our country last week and TRADE things that we did have for something we did not have. One of our neighbors brought an automobile load of every-bearing strawberry plants to that exchange and one of the plans in our county this year is for EVERY HOME to have a strawberry patch. That's something new for a lot of us and it is also something beautiful and useful and so good and something that can be preserved for the cold winter days. Now, what can YOU do in your county that will help to build up the whole county and make life a little happier for everybody? Wouldn't it be fine if every COUNTY in Texas would decide on some county project and put it over all over the county this year? Where would we all be ten years from now if we were to do such a thing every year? And why not? The years will come and the years will GO. There is not a doubt about that. Why not have something new growing around your home all those ten years? What if you are dead and gone? There will be others to live after us. And look what we inherited when we discovered America that others had done for us to enjoy. And look how long God worked on this old world before anybody came to enjoy it!

The Best Sign.

But the best sign of all is another kind of growth. It is the growth in our own lives especially the lives of our women folks. And that new life is assured once every year when all the clubs hold their district meetings. This is going to be one of the greatest springs for women's meetings in the history of the country. Clip this list out and paste it in your club year book. It may help you to keep up with what the women of Texas are doing:
District Meetings, Texas Federation.

National and International Meetings.

The National Convention of the Congress of Mothers and Parent-Teacher Associations will be held in Austin, April 27 to May 2.
The Biennial of the National Federation of Music Clubs will convene in Portland, Oregon, June 6-12.
The Quinquennial, a world-wide meeting of women, including representatives from thirty-four different nations, will be held in Washington, D. C., May 4-14. Every club woman in Texas is invited to pay 10 cents for the entertainment of foreign delegates to this meet. Send your dime to Mrs. L. A. Wells, Amarillo, Texas, chairman of Quinquennial quota for Texas. Don't forget it.

June 4, U. S. delegates to the World Convention of the Women's Christian Temperance Union will sail from New York harbor aboard the "Zeeland" for Edinburg, Scotland, where the world's convention of the W. C. T. U. will take place from June 19 to 25, 1925.

This looks like some meetings for just women to hold. But remember there are 11,000,000 organized women in the United States at this time all working for a better, happier, healthier U. S. A.

TO SET CAR VALUATION

Ford Company Will Determine Price of Used Cars.

One of the most important steps yet undertaken to protect used car purchasers and at the same time place the handling of such cars on a more business-like basis is the announcement by Edsel B. Ford, president of the Ford Motor Company, that operating under a company plan Ford dealers will hereafter place a guarantee upon used cars disposed of by them.

"Every used Ford car represents so much unused transportation and is of value to someone," Mr. Ford said in his statement regarding the plan. The Ford dealer through his position and intimate knowledge of the car certainly is the best judge as to the value of this transportation—the best to determine a price on the mileage the car may yet be expected to deliver—that's his business.

If re-conditioning is necessary he has the work done by trained Ford mechanics using improved equipment and genuine Ford parts, and with these economies and advantages he is able to offer the used car to the purchaser at low cost and with a guarantee covering its mechanical fitness." The plan becomes effective at once and places a guarantee on used Ford cars purchased from authorized Ford dealers thereby insuring proper mechanical operation under ordinary driving conditions.

NOTICE

To the Citizens of Littlefield, Amherst, Sudan and Olton: As health officer I wish to say to all parties in and out of these towns in Lamb County, that it is not only decent but conducive to good health to always keep your places free from all kinds of rubbish at all times of the year.

Decency commands respectability and who is it that does not want to be respected of the community or by individuals. As citizens of said county, each and all of us should show more decency of our places in the future than we have in the past. The trash and movable combustible substances should be consumed by fire as fast as it accumulates around our places. If we will see to that we will have decent places all the time.

Obey the clean-up proclamation and you will gain the gratitude of your health officer.

NEW POP FACTORY

The second soda pop factory is this week being installed in Littlefield by L. E. Key, of Vernon, Texas.

Mr. Key is putting in a first class outfit in the Allen building on the Highway and expects to be ready for business by the 15th of this month.

History seems to be repeating itself. Firewater ruined the Indians and gasoline is breaking the white man.

petition and the coveted prize.

In the afternoon the public schools were dismissed, and the pupils, nearly 1200 strong, accompanied by their teachers, paraded from the school grounds down through Main street, headed by the Chamber of Commerce band and the local fire department. It was an inspiring sight to see this big aggregation of future American citizens stepping to the drum beat and carrying their banners asking their parents to vote for the new school building now so greatly needed.

One of the features of the occasion was the Auto exhibit and style show, in the Smith & Roberts garage. This new brick building, one of the neatest of its kind to be found anywhere on the South Plains, with a display floor space 60x120 feet, large show windows and appealing interior decoration and arrangement, was thrown open on this occasion in greeting to the thousands of visitors coming to Littlefield on that day. Many of the leading and popular makes of autos were on exhibit and several sales reported as having been made. Those showing exhibits were: West Plains Motor Co., Lubbock, Maxwell and Chrysler cars; Littlefield Motor Co., Fords and Fordsons; Royalty Motor Co., Lubbock, 3 models of the Dodge car; City Garage, Littlefield, Buick; Blair Implement Co., Littlefield, International tractor; Lub-Tex. Motor Co., Lubbock, Willys-Knight and Overland; Bell-Gillette Chevrolet Co., Littlefield, 2 models Chevrolet cars; Cullum Bros., Lubbock, 2 models Studebaker; Ragland Motor Co., Lub-

bock, Nash.

It was estimated there were at least 1000 visitors to the auto show.

The presumption that some folks make upon the credulity of the public, when they announce for public office is tremendous.

Coffee is now going up, thus giving new grounds for one more investigation.

The business man who will sell a bunch of Jake or extract to a man and which makes him go home and try to kill his wife is just as guilty of crime as the drunkard.

Three Million DOLLARS

—Land sales in less than two years to actual farmers by YELLOW HOUSE LAND COMPANY—A record that speaks volumes for the Littlefield-Level-land section of South Plains.

—The wonderful location of our splendid agricultural land, lying between Littlefield on the North, Levelland on the South and Anton on the East makes it one of the most attractive propositions ever offered to those who want a good home at reasonable price and on very liberal terms. For this reason, our sales since January 1st are almost as large as in the fall.

From December 13th to March 13th,

three months, our records show

Actual Sales to Farmers

Amounting to

\$751,214.77

Between 400 and 500 of the most choice farms and best locations on the entire ranch are still open and now going on the market.
