

**HOLE ON FLIGHT DECK**—Smoke still rises from this gaping hole on the flight deck made by a bomb, released from one suicide plane before it crashed into the USS Bunker Hill, May 11, off Okinawa. Several of the ship's pilots were killed when the bomb struck. Crew managed to bring the ship to a west coast yard for repairs. (AP Photo).

### Ryukyus Battle Costly In Lives, Lost, Wounded

US Lists 46,319 Men As Casualties, 11,897 Killed Or Missing

GUAM, June 28 (AP)—The Ryukyus campaign, including capture of Okinawa Island and several associated strikes by the navy's fast carrier forces on the Japanese homeland, cost the United States 46,319 casualties, of whom 11,897 were killed or missing.

Naval casualties of 4,907 killed or missing and 4,824 wounded—a total of 9,731—for period March 18 through June 20 were announced in Fleet Adm. Chester W. Nimitz's communique today. Previously, he had reported army and marine casualties of 6,990 killed or missing and 29,598 wounded in Okinawa ground action.

The navy's first venture into the Okhotsk Sea, west of the Kuriles—a penetration which destroyed or damaged a five-ship convoy—also was announced in today's communique. A task force of cruisers and destroyers sank three cargo ships, probably sank a fourth and damaged the fifth in a daylight action west of Harumukotan Island, 60 miles south of Paramushiro. Success of the daring thrust indicated almost daily air raids have pretty well neutralized Japanese airfields in the Kuriles, only 600 miles from the homeland.

Naval casualties for the Ryukyus operation included nearly 1,000 killed, missing or wounded on the Carrier Franklin, and 656 on the Carrier Bunker Hill.

The Inland Sea attack, in which the Franklin was damaged, cost the Japanese the 45,000-ton battleship Yamato sunk, along with two cruisers, five destroyers and several smaller vessels sent to the bottom. The enemy lost an estimated 3,500 naval personnel on those ships.

Japan also lost more than 4,000 pilots and planes in attacks on America's Okinawa sea and land forces, and 111,351 of her ground troops.

#### GRANTED LEAVE

MEXICO CITY, June 28 (AP)—Gen. Enrique Calderon Rodriguez yesterday was granted a six-month leave from the army to become a candidate for the presidency in the next elections.

### Announced Combat Casualties Rise 7,226 Within Past Week

WASHINGTON, June 28 (AP)—Combat casualties of the armed forces since the beginning of the war reached 1,030,679 today, a rise of 7,226 within the past week.

Army losses on the basis of names received here through June 21 amounted to 908,025 and navy casualties totaled 122,654.

A breakdown on army losses as reported today by Undersecretary of War Patterson and corresponding figures for the preceding week follow:

Killed 190,277 and 189,294; wounded 564,302 and 560,836; missing 39,255 and 39,956; prisoners (before liberation) 114,191 and 113,615. Patterson said that 338,646 of the wounded are back on duty.

Similar figures for the navy: Killed 46,458 and 45,517; wounded 69,986 and 59,196; missing 10,985 and 10,908; prisoners 4,225 and 4,231.

### Area Peace Officers Attend Meet To Promote Safe Driving Rules

The 25th of a series of statewide meetings for the promotion of driving safety and education was held Wednesday afternoon, with peace officers from this area attending.

The session was conducted by Judge L. H. Fiewellen, assistant attorney-general of Texas. Other speakers at the meeting included W. J. Elliott, chief of the Texas Highway Patrol, Joe Fletcher, assistant chief of the drivers license division of the department of public safety, and Bob Smith of the Texas Safety association.

Informal discussions were held concerning safety measures being observed at the present time in Texas, and plans and advice for more effective driving accident prevention in the future were given.

Smith pointed out that since 1937 the traffic casualty rate has steadily decreased, due to a great extent to driver licensing throughout the state. He added that with increases in licensing, the toll would undoubtedly decrease still further.

Sgt. Lester Jordan of the Texas Highway Patrol spoke briefly on the addition of courses in driving education which have been adopted in 87 schools within the state, following legislative action last session. He explained that on successful completion of the course and the passing of the drivers license test young people 14 years of age or above could be issued licenses without special permission of the county judge. He added that the course would give credit toward high school graduation.

Judge Cecil Collins spoke on behalf of James P. Alexander, chief justice of the supreme court of Texas, who was unable to attend the meeting. He discussed the importance of traffic regulations, and the importance of the peace officer in handling infrac-

# Truman To Appoint Successor Monday

## Connally Launches Move For Quick Ratification

WASHINGTON, June 28 (AP)—"We leagued our armed might for war," Tom Connally told the senate today. "Now let us league our moral and material might for peace."

Thus the tall Texas democrat, chairman of the foreign relations committee and a delegate at the San Francisco Conference, opened the campaign for speedy ratification of the United Nations charter by a highly receptive senate.

## Byrnes Favored To Succeed As Head Of State

By JACK BELL

WASHINGTON, June 28 (AP)—If President Truman picks James F. Byrnes as his new secretary of state the cabinet shift may be followed by a drastic departmental shakeup. This makes the fifth change during Truman's presidency.

Capitol Hill is convinced the choice of a successor to Stettinius will be Byrnes, former Senator, supreme court justice and war mobilizer who quit the latter job shortly before President Roosevelt died.

Selection of Byrnes probably would mean an almost complete turnover in the ranks of assistant secretaries named when Stettinius took office last December and began reorganizing the state department. The one likely survivor of this group is William L. Clayton, assistant in charge of economic affairs, although others may be asked to stay on for awhile.

Friends thought it likely that if Byrnes gets the post—said to be the only one in the government he would be willing to accept at this time—that another place also may be found for Undersecretary Joseph C. Grew, former ambassador to Japan.

Mr. Truman's choice of Byrnes for the state portfolio could be expected to be received favorably in the senate. There is some opposition to him there, however, from those who don't like his labor record and who do not class him as a member of the so-called liberal wing of the democratic party.

Byrnes was one of the first to denounce sitdown strikes while he was in the senate. He balked labor's efforts to break the Little Steel wage formula while he was war mobilizer.

Due to a last-minute change in plans, Stettinius will remain in Washington during the forthcoming Big Three meeting to be available while the senate debates the charter.

## Chinese Capture Railway Station

CHUNGKING, June 28 (AP)—The Chinese high command announced today that Chinese forces assaulting Luichow had captured a railway station in the western suburbs of that strategic Kwangsi province city and a part of the airfield to the south.

Field dispatches earlier had reported that the Chinese column on the west, paced by low-flying American fighter-bombers, was battling toward a junction with other forces battering at Luichow's south railway station.

The development came in a sudden, swift thrust through enemy defenses, and followed a bitter 10-day battle in which 1,300 enemy troops were slain.

## Leche Freed Of Two Federal Complaints

NEW ORLEANS, June 28 (AP)—Former Governor Richard W. Leche of Louisiana was freed today on two federal charges of using the mails to defraud but he still faced a third charge of conspiracy to violate the Connally (hot oil) act.

United States Attorney Herbert W. Christenberry announced yesterday the two cases had been wiped off the court records. Leche is serving a ten-year term for mail fraud at the federal correctional institution at Texarkana, Tex., in another case. He is expected to be released on parole Saturday after serving three and one-half years of his term.

#### NEW TEST PILOT

LOS ANGELES, June 28 (AP)—Maj. Richard Bong, American ace, has been assigned to duty here to test Lockheed P-80 Shooting Star jet fighter planes for the army air forces, the Air Technical Service Command has announced.

... shoots opening gun for ratification.

## Negroes Fire One Shot To Take Six Marianas Isles

GUAM, June 28 (AP)—American negro troops landed on six small islands in the Northern Marianas and brought them under American domination with a single pistol shot, Pacific fleet headquarters announced today.

It was purely a reconnoitering operation to locate more areas where crippled Superforts could crash land while limping back from raids on Japan. Reconnoitering troops left no holding force behind after discovering Japanese didn't have a garrison on any of the islands.

The operation was carried out by two platoons of negro infantrymen, aided by native guides and Japanese captives who promised their compatriots good treatment in the hands of Americans. The "naval force" consisted of a destroyer escort, and two 153 foot LCI's (landing craft, infantry).

Neither ships nor landing forces spent a single bullet. A pistol fired only one shot—a cartridge expended on a Japanese who refused to surrender.

About 24 Japanese civilians and 38 natives, mostly employees of a Japanese copra company or survivors of sunken Japanese merchant ships, were removed. Ample foodstuffs were left there for about 260 natives and Japanese civilians who remained behind.

## Invalid To Testify Via Television Set

LOS ANGELES, June 28 (AP)—A unique trial, in which a bedridden woman will testify via television from her home, will be held August 8 in superior court.

Judge Samuel R. Blake ordered the novel procedure when attorneys for Mrs. Mathe J. Anderson, 38, widow of a former Oklahoma oil man, said she was too ill to appear in court for three months. She is being sued by William Wilhelm who claims she broke an agreement to sell him her home after he had paid two-thirds of the \$31,500 purchase price.

## Back To Work Signal Flashes On And Off As Many Return To Jobs

By The Associated Press

The semaphore along the nation's labor front flashed red, green and amber today as traffic in many lanes of industry remained congested by strikes and work stoppages.

The idle throughout the country numbered about 80,000, as against yesterday's 93,000. Settlement of a strike at the Hudson Motor Car company in Detroit, involving 11,400 workers, brought the number of idle in the automobile city below 60,000 for the first time this week.

"The world charter for peace is knocking at the doors of the senate," he said, adding: "We shall not turn it away."

Early ratification here will stimulate and encourage ratification by other nations," he declared. "The eyes of the entire world are centered on what we do here."

Connally seemingly had no doubt what the decision would be. Before he spoke, he estimated to reporters that no more than ten senators would oppose ratification.

Describing the charter as "a monumental performance," Connally told his colleagues:

"Mere documents and language and phrases cannot themselves prevent war and preserve peace. They must rest upon the will and the purposes and the desires of the peoples and nations of the world."

Sketching a broad outline of the developing organization, he devoted particular attention to the widely discussed veto power vested in the big five nations, permanent members of the 11-nation security council.

"The basic thesis of the rule of unanimity of the five permanent members of the security council is that as long as the great powers remain united, they shall be able to preserve the peace of the world," Connally said.

"If the great powers should be divided—if discord should arise—they could not successfully preserve international peace."

Connally gave repeated assurance that the rights and sovereignty of this nation will not be imperiled by participation in the organization.

"We must remember, however, that world peace will cost something," he said. "It is worth something."

"It will cost cooperation. It will cost the will to peace. War can be prevented by international cooperation."

"In the charter we have endeavored to construct the mechanism to create that cooperation for peace. It is a noble beginning."

As chairman, Connally will call the foreign relations committee into session Saturday to map out the course of the hearings. Until the matter is discussed by the 22-member group, he declined to estimate how long the hearings would last.

NEW YORK, June 28 (AP)—A storm-battered Liberty ship, the Jonathan Elmer, with 390 reassignment troops, docked today after weathering a 70-mile an hour hurricane en route from France, which caused the ship to roll as much as 40 degrees from center.

The veterans included elements of the 65th, 66th, 71st and 106th infantry divisions, the Eighth air force, the 101st airborne division, and the Fourth armored division.

## Ross Refuses To Comment On Any Byrnes Rumors

KANSAS CITY, Mo., June 28 (AP)—President Truman will send the name of his nominee to succeed Edward R. Stettinius as secretary of state to the senate Monday.

Charles Ross, the president's press secretary, in making the announcement refused to comment on reports that James F. Byrnes, former war mobilization director, would be named for the post.

Ross said Stettinius' resignation was effective yesterday and that Joseph C. Grew would continue as acting secretary until a successor has been confirmed by the senate.

He planned to make the most of his reunion with the homefolks before starting for Berlin early next month for a "Big Three" meeting at which he hoped to help lay the groundwork for a final peace treaty "we hope will maintain the peace of the world for generations to come."

The president made no effort to challenge reports that James F. Byrnes is his choice for a new secretary of state at his press conference yesterday at Independence.

His idea, apparently, was to emphasize the importance of the assignment for which he picked Stettinius, that of American representative to the United Nations world peace league projected under the charter approved at San Francisco this week.

He told correspondents assembled at his home town of Independence, 10 miles from here, that the new job Stettinius will undertake is the most important within the gift of his government.

The president lauded the White-haired diplomat for his work at the San Francisco security conference.

The president said he would announce Monday or Tuesday, probably Tuesday, appointment of a secretary of state. Stettinius' resignation became effective immediately.

The president's homecoming celebration here today, following up yesterday's enthusiastic welcome in Independence where he has a two-story frame "Little White House," will include receipt of an honorary degree of doctor of laws from the University of Kansas City tonight.

He told a wildly-cheering 12,000 last night at Independence that he shall devote all his time from now on, at the White House, and in Berlin, to winning the war and winning the peace.

When he gets together with Marshal Stalin and Prime Minister Churchill, he said, "we shall discuss the preliminaries for a final peace treaty, which we hope will maintain the peace of the world for generations to come."

The president, who may have another cabinet resignation in mind for announcement after he returns to Washington Sunday, possibly that of Treasury Secretary Henry Morgenthau, passed up opportunities to say so.

The 61-year-old chief executive went through an 18-mile parade yesterday, his gray head beared to the sun, acknowledging the greetings of his neighbors.

## Beaufort, Kuala Belait Captured

MANILA, June 28 (AP)—Today's communique reported that Australian invaders of Borneo have entered the railroad terminus of Beaufort on the north flank of Brunei Bay and, southward, have occupied Kuala Belait, river port for the Seria oil fields.

The communique announced that heavy and medium bombers unloaded more than 200 tons of explosives on Balikpapan, east coast oil center.

Tokyo radio said today that warships continued to bombard the Balikpapan area. It made the unconfirmed claim that Japanese planes sank two destroyers and damaged two others Tuesday. A Japanese war correspondent was quoted as saying the city of Balikpapan has been destroyed and the garrison is "now ready for the possible landing of the enemy."

#### TO ASSUME OFFICE

CHICAGO, June 28 (AP)—Rotary International headquarters here announced yesterday that Earl Ferguson, Brady, Tex., oil man, would assume office as district governor July 1.

## Bunker Hill Saved By Danger-Filled Action

WASHINGTON, June 28 (AP)—Sorely wounded and set afire by two Japanese suicide planes, the 27,000-ton aircraft carrier Bunker Hill was saved to fight again by a danger-filled maneuver. It consisted of dumping overboard thousands of gallons of flaming gasoline and tons of water from firefighting hose.

The story of the Bunker Hill's ordeal, which ranked her second only to the Franklin as a surviving casualty of this war, was told by the navy as the ship still was undergoing repairs at the Puget Sound, Wash., navy yard. She was described there as the most extensively damaged ship ever to enter the yard.

The Bunker Hill was the flagship of Vice Admiral Marc A. Mitscher, commander of fast carrier task forces. For 58 consecutive days and nights her planes had been carrying destruction to Japanese strong points.

While many of her planes were aloft, supporting marine and army ground advances on Okinawa early on the morning of May 11, the two suicide planes struck within 30 seconds to turn the Bunker Hill into a flaming holocaust which cost 656 casualties, including 373 killed or dead of wounds, 19 missing, and 264 wounded.

The first suicide plane streaked in fast and close to the water. The enemy plane skidded off the deck into the water, but its crash had started large fires among the parked planes.

Seconds later a single engine Japanese dive bomber came in from the stern. It dropped a 500-pound bomb which penetrated the after flight deck and exploded in the gallery deck just below. The plane crashed on the flight deck just at the base of the island.

Admiral Mitscher was in flag-plot at the time and escaped injury, although three officers and 11 enlisted men of his staff were killed nearby and 20 others were wounded or overcome by smoke.

The ship was enveloped immediately in flames, and fires and exploding ammunition swept the flight deck. Below, the hangar deck became a furnace of burning gasoline fed by fuel from several fuel lines and exploding ammunition from parked planes. But despite intense heat and suffocating smoke, men stood their posts to ward off further attacks and fight the flames.

As thousands of tons of water were poured on the flames, the weight of the water caused the ship to list. On lower decks, men were dying of heat and suffocation.

It was then that Capt. George A. Seitz, Coronado, Calif., the Bunker Hill's skipper, decided on the maneuver that meant the difference between life and death for his ship. The listing carrier went into a wide, sweeping 70-degree turn.

Gradually at first, and then with a roar, tons of water and burning gasoline and oil on the hangar deck sloshed away from the fire fighters and poured over the edge of the deck into the sea.

With renewed heart, firefighters resumed their task, and more than four hours after the suicide planes' attack, the fire was under control.

## Larger Quota For Air Corps Discharge

FORT WORTH, June 28 (AP)—Lt. Gen. Barton K. Yount's headquarters today announced an additional quota for discharge of both officer and enlisted personnel in the army air forces training command under the adjusted point system of demobilization.

Under the new quota the AAF Training Command will discharge 2,225 rated officers (pilots), 186 non-rated officers, and 2,907 enlisted personnel.

## MacArthur Writes Off Philippines

By SPENCER DAVIS

MANILA, June 28 (AP)—American and Filipino forces have won the campaign for mountainous north Luzon, "one of the most savage and bitterly fought in American history," to completely liberate this biggest island in the Philippines, Gen. Douglas MacArthur announced today.

His triumphant communique added conquest of the 200-mile-long Cagayan valley in 28 days. A juncture Tuesday in the Cagayan valley of the U. S. 37th Ohio infantry division, which entered it May 31 from the south, and the 11th airborne division, which had parachuted into the north end near Aparri, wound up "the major phase of the northern Luzon campaign."

"The losses inflicted on the enemy (in all north Luzon) were heavy—113,593 dead, with the graves of many other thousands located but uncounted, and several thousand prisoners. Our losses were 3,793 dead, 34 missing and 11,351 wounded, a total of 15,178. Our troops comprised the First corps and the north Luzon guerrillas, all of the Sixth army, closely and most effectively supported by the Far Eastern Airforce and the Seventh fleet.

"The entire island of Luzon, embracing 40,420 square miles . . . is now liberated."

In effect, MacArthur wrote off the Philippines reinvasion, which began last October at Leyte. The only other active sector is the southern island of Mindanao, and

## BOYCE SWORN IN

AMARILLO, June 28 (AP)—Maj. William O. Boyce of Amarillo was sworn in yesterday as justice of the seventh court of civil appeals. Boyce, who was relieved of active duty last week after three years in the army, will succeed Clayton Heare, Amarillo, who resigned.

## County Over Top On Bond Quotas

Howard county was over the top Thursday on its Seventh War loan quotas.

Just how it came about was not entirely clear to bond leaders, but nevertheless sales and figures from the Federal Reserve bank indicated an excess in both E and other bond purchases.

There was no accurate figure available, but Ted O. Groebl, Seventh War Loan chairman, estimated that the total was somewhere between \$600,000 and \$615,000 in E bonds.

The over-all quota of \$1,475,000 likewise was substantially exceeded although no specific totals were possible.

Howard county was hammering for approximately \$42,000 in E bonds when reports Thursday

morning showed the county with 99.5 per cent of the E bond quota raised through June 28. Sales since that time and a heavy run on Wednesday sent the sales over the top.

Groebl, Ira Thurman, county bond chairman, and other bond leaders called off a "Over-the-Top" radio program previously scheduled over KBST inasmuch as the county apparently was well over.

Thurman said that checks Thursday, however, showed the county responding well to appeals to E bond purchases, for sales had been brisk throughout the morning. Both he and Groebl expressed appreciation to all who worked in the campaign and to everyone who purchased bonds.

### Social Calendar Of Events For Week

**WEDNESDAY**  
SEW AND CHATTER CLUB will meet at 3 p. m. with Mrs. E. E. Wood, 807 Runnels.

**THURSDAY**  
ROYAL NEIGHBORS will meet at 2 p. m. in the W.O.W. hall.

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 16 million of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent urination, messages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 16 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Try and Stop Me

**DAILY STORY FROM THE BEST-SELLING BOOK**  
By BENNETT CERF

COLE PORTER, the top-flight composer, comes from a wealthy and socially prominent family. Before the war, he lived in a rather grand manner that baffled some of his Broadway associates.

One summer the Porters had a cottage near Long Beach. The stage manager of one of his old shows noticed that twice a week the Waldorf-Astoria sent a truck out to the Porter abode. Consumed by curiosity, he finally knocked on Porter's door and said, "My wife wants to know what is so special that you can't get it in Long Beach and have to have it sent out twice a week by the Waldorf?"

"Oh," said Porter, surprised. "I guess it's our laundry. They call for it Mondays, and get it back on Thursdays!"

Producers never could find Porter in the old days when the boats were running. One wailed, "I waste hundreds of dollars in cables trying to locate the guy and where do I finally find him? He is fault-booting down the Rhine! First, I am sick and tired of chasing him around the world when anybody else is no farther away than Lindy's and second, what in hell is faultbooting?"

## Ruth Class Has Picnic At Ranch

A picnic was entertainment for the Ruth class of the First Baptist church Tuesday evening at the B. Reagan ranch. Hostesses were Mrs. L. C. Saunders and Mrs. H. B. Reagan.

Devotional was given by Mrs. W. W. Pendleton and Mrs. Boone Horne presided at the business session.

Those attending were Mrs. M. E. Anderson, Mrs. J. L. Billings, Mrs. Joe Clere, Mrs. W. H. Kay, Mrs. H. W. McCanless, Mrs. George B. Pitman, Mrs. B. Reagan, Mrs. S. M. Smith, Mrs. Elton Underwood and Mrs. A. A. Chapman.

During the first half of 1943, murders in the U. S. were 4.4 per cent under the pre-war average.

Betty Field, Columbia star, is shown standing in a field of cotton bolls, symbol of "The Southerner", the new picture in which she is appearing. She is wearing a Mexican blouse and gay-spirited playskirt of cotton.

## Parties Given For College Friends Of Joanne Rice Here

Joanne Rice, daughter of Mrs. Beth Rice and sophomore at the University of Texas in Austin, has been hostess to several of her college friends for several days.

Since school has been out the girls have been on a progressive house party making stops at San Antonio, San Angelo and Big Spring. Those in the group are Vanita Van Landingham of San Antonio, Margaurite Haynie of Bastrop, Bobbie Bailey of San Angelo and Miss Rice.

A slumber party was entertainment Monday night and a picnic was held on Scenic Drive Tuesday evening. A coke party was given Wednesday morning in the M. H. Bennett home.

Those attending the picnic were Camille Inkman, Bill Underhill, Marijo Thurman, John Ulrey, Barbara McEwen, Stewart Smith, Wynelle Wilkinson, Jack Walsh, Louise Bennett, Rufus Ward, Miss Van Landingham, Robert Coffee, Miss Haynie, Paul Miller, Miss Bailey, Joe Bruce Cunningham, Miss Rice, Wesley Deats, Mr. and Mrs. Frank Smith and Mrs. Beth Rice.

## Couple Marries

Mrs. Eleanor Mignonne Van Crunk and Guy L. Siverling of Pittsburgh, Pa., were married in the home of the bride's sister, Mr. and Mrs. Willard Read, 911 Scursury at 8:30 o'clock Wednesday evening.

Rev. J. E. McCoy read the single ring ceremony in the living room which was decorated with baskets of peach gladioli and vases of snapdragons.

Mr. and Mrs. Read attended the couple.

The bride wore a rose crepe street length dress with white accessories. Her corsage was an orchid. For something old and borrowed, she wore pearl earrings belonging to Sara Maude Johnson.

Wedding cake and punch were served and guests attending were Mrs. Eleanor Russell, Bill Van Crunk, Mr. and Mrs. G. E. Gilliam and James Roy Horton.

**PALS**—Dedlock, thoroughbred racer of the Myers and Levey string, has a stablemate in Buttons, a goat, who travels with the horses and sleeps in Dedlock's stall.

## Rev. Robert Bowden Speaks Here Sunday

Rev. Robert E. Bowden, Sweetwater, former pastor of the Main Street Church of God here, will fill the pulpit of the local church Sunday at the 11 a. m. and 8:30 p. m. worship hours.

The congregation has invited the Rev. Mr. Bowden's friends to join with members in hearing him. The pastor, Rev. Wesley R. Hutchings is holding a revival meeting in the Rev. Bowden's church in Sweetwater.

## Lawson Opening New Hattery Concern Here

A new type of business for Big Spring has been opened here by J. M. Lawson.

Pending the time he can secure a business location, Lawson is operating a hattery at his home at 903 Runnels street where he will engage in custom hat making, blocking and cleaning.

Since 1929 he has been a hatter, having been much of the time with the W. B. Fishburn company in Fort Worth. Lawson has his equipment installed and supplies on hand. He also plans to develop mail order business in this territory, since his concern will be the only one of its type between Fort Worth and El Paso.

Mrs. T. R. Richardson of Ballinger accompanied Mrs. Harris.

**HOME ON LEAVE**  
E. J. Davis, Jr., QM 1/C, arrived here Monday to visit his wife and sons, Jay and Pat, and Mr. and Mrs. W. M. Gage for 30 days. He has been in the South Pacific for 16 months. Davis will also visit his parents, Mr. and Mrs. E. J. Davis of Austin.

## Mrs. George Thomas Is Hostess To Club

Mrs. George Thomas was hostess to the Merry Wives Bridge club Wednesday night and two guests, Mrs. Bob Ballenger of Garden City and Mrs. Jim Bob Pool of Austin, were present.

Mrs. Ballenger won high score and Mrs. Ocle Henson was second high. Mrs. Steve Baker will be next hostess.

Other members present were Mrs. Durwood McCright, Mrs. James C. Jones, Mrs. Howard Stephens and Mrs. Baker.

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Collins Bros. and all other druggists.

## Night Shift ON THE FOOD FRONT

**THEY DID IT BEFORE— THEY CAN DO IT AGAIN**

**With Farmall Tractor Power**

Throughout the Spring, from the Rockies to the Atlantic seaboard, worried farmers searched the skies for signs of clear weather, but the cold rains fell relentlessly.

For more than a month the seed should have been germinating in the warm soil. Millions of acres lay unplanted because the ground was too wet for preparation of the seed bed and too cold for germination of the seed.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when their fast, uniling tractors averted crop failure. Then, too, rains flooded the fields and the month was all but spent before they could go in on the land and plant.

In 1943, most farmers drove their tractors from dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many peoples—even one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their tractor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.

**Radium Cache Found**  
 BAD TOLZ, Germany, June 28 (AP)—Dr. Karl F. Weiss, head of the reich radio-activity laboratory at Berlin, led a party of American and German scientists yesterday to a cache of 21.8 grams of radium, valued at \$2,000,000, which he had buried in the Bavarian mountains. He said it was Germany's entire radium supply.

**Texans Beat Off Japs As Company Sleeps On**

WITH 33RD DIVISION ON LUZON—Three Texas boys, Pfc. Carroll McKinney of Coleman, Pfc. Joseph Zboril of Bay City and Pfc. Victor Fredrickson, in the 136th infantry of the 33rd division, were responsible for preventing the Japs from entering their company perimeter one night recently in the Cagayan valley on northern Luzon.

**Bowles Says Wartime Controls Relaxed Soon**

WASHINGTON, June 28 (AP)—Price Administrator Chester Bowles informed congress he is "anxious to get away from wartime controls as quickly as possible" and predicted many relaxations in the next year. He told the house postwar planning committee there may be some erasure of controls "more quickly than you think." However, he added that inflationary pressures will be the greatest in the next year, and that any relaxation of price ceilings must begin on a selective basis as the supply of various products come into balance with demand.

**Fewer Pigs Saved, Less Bacon Eaten**

AUSTIN, June 28 (AP)—If you hanker for bacon note this: The U. S. department of agriculture says the Texas spring crop (pigs saved from Dec. 1, 1944, to June 1, 1945) is 1,122,000 head or 19 per cent less than last spring's crop. Further, sows farrowed on Texas farms were 22 per cent less than those farrowed in the spring of 1944. And fall farrowings this year will not exceed those of last year. The spring crop this year was 48 per cent less than that of 1943 when 2,148,000 pigs were saved.

**Past Presidents Address Lions**

Former presidents of the Big Spring Lions club reminisced over their administrations Wednesday as a prelude to the inauguration of the new officers at a ladies night affair Monday. Jack Y. Smith, personnel director for Cosden Petroleum Corp., will be the incoming president, succeeding Dan Conley. Those who told of the early tribulations of the club and of its progress in recent years, of the disappointments, successes and humorous incidents, were Cecil C. Collins, first president of the club in 1929, Dr. P. W. Malone, Joe Pickle, B. J. McDaniel, Dr. J. E. Hogan, Burke Summers, Schley Riley, Lawrence Robinson and K. H. McGibbon. C. L. Rowe, only other former president who still resides here, was out of town. Marilyn Keaton, accompanied by Roberta Gay, favored with two vocal selections. Ted Groehl, Seventh War Loan chairman, appealed for E bond purchases and club members responded with purchases of \$2,650 in maturity value.

**'Death Rattlers' Set New Shooting Record**

HONOLULU, June 28 (AP)—All existing records of the marine arm have been broken in the Pacific by the youthful "Death Rattlers" squadron. Without the loss of a man to enemy planes, the Death Rattlers squadron is credited with downing 124 1/2 Japanese planes in less than two months. (Half credit for one plane went to a flier in another squadron.) The list of aces includes Lt. Joseph V. Dillard, of Midland, Tex., credited with 5 1/3 planes.

**No Shuttin'-Up For Beaten Up Pitcher**

CHICAGO, June 28 (AP)—There will be no shuttin'-up Karl Scheel, Chicago White Sox batting practice pitcher who was beaten by members of the St. Louis Browns in the battle of the dugout at St. Louis, June 20. "He's gonna keep sittin' on the bench and hollerin' his head off," said Jimmy Dykes, White Sox manager. "Why not?"

The attack on Scheel, a 23-year-old Chicagoan who served 22 months in the marine corps, resulted in fines against Manager Luke Sewell and three Browns players.

**O'Daniel To "Do All He Can" For Charter**

WASHINGTON, June 28 (AP)—Sen. O'Daniel (D-Tex) said yesterday he intends to do all he can to hasten senate ratification of the United Nations charter. He was the 54th senator to announce his full support for the document worked out at San Francisco in a poll by the Associated Press, five other senators said they probably would vote for ratification. "The San Francisco charter may not be perfect," O'Daniel said in a statement, "but I believe it is definitely the best document that could be written under present conditions by the chosen representatives of 50 nations. I intend to do all I can to hasten its ratification."

**Dallas Sports Writer Dies At Work Desk**

DALLAS, June 28 (AP)—Victor Davis, 40, sports writer for the Dallas Morning News, died at his desk yesterday. Davis had been with the News for 25 years. He was a native of London, England. Survivors include his father, William John Davis of London; an aunt, Mrs. A. H. Bracking, New York City, and a cousin, Charles Biddell of Dallas.

**Prisoners Cook Up Tooth Powder Pie**

MALLEN, June 28 (AP)—They called it tooth powder pie. Lt. Robert Dean of MalLEN, said another name for it was "Kriegie's Delight" (Prisoner's Delight). Dean, who parachuted into Germany when his bomber was shot down, said the pie was whipped up from contents of Red Cross parcels and contained potatoes, bread, cracker crumbs, margarine, powdered milk and sugar. As a substitute for baking powder, a heaping spoon of tooth powder was added, Dean declared, "to make it fluffy." It wasn't bad, he asserted.

**SAY YOU SAW IT IN THE HERALD**

**To the People of this Community**

Flag Day was once a day when your children came home to tell you about the pretty little exercises in school. You saw the flag on public buildings and on some homes, perhaps your home. You may have been one of the rare individuals who pictured the blood, sweat and tears it represents. Today you need no special day in the year to honor the flag. The flag is alive every moment in your home through missing pieces at the dinner table, through a tear-drenched telegram from the War or Navy department, through your very daily war efforts. It is no mere play-acting when Americans symbolize triumph in combat by running up the flag on improvised poles such as the deathless ceremony enacted on Mount Suribachi. The flag means life, liberty and the pursuit of happiness. You are asked now to buy the most extra War Bonds you have ever bought in a war loan to help preserve the flag and what it stands for: other Americans trying in faraway places for the same high purpose.

**EVERY PLY OF EVERY RIVERSIDE IS... 12% STRONGER!**

THAT'S WHY WE SAY... **MORE MILES OF SAFETY ON RIVERSIDES!**

Today... Riversides are even stronger... 12% stronger than our super-safe, pre-war Riversides! Every ply is stronger because each individual cord is stronger to begin with, then each cord is chemically-strengthened in an impurity-removing bath to make it stay stronger longer! Next, the cords are immersed in a "bonding" solution which "welds" them together. In the final operation, the cords are imbedded between two layers of synthetic rubber. THE RESULT:—A Riverside ply... a 12% stronger ply! It's this built-in strength that insures your getting MORE MILES-OF-SAFETY on RIVERSIDES!

### Plan A Point-Free Party For Your Family On Independence Day Now

PEANUT PIE . . . Holiday dessert.

By CHARLOTTE ADAMS  
Associated Press Food Editor

Time was when we all went on picnics on the Fourth of July, got the first bad sunburns of the season and came home happy and tired to watch the fireworks in the evening. Such time is no more, but we needn't give up celebrating our nation's birthday entirely. Whether it's just for the family, or for guests as well, why not give a party on Independence Day?

If the matter of points worries you, relax. Plan a buffet meal, with an appetizing salad and a nutritious dessert—none of which requires red points. It can be done. Here's how:

#### FOURTH OF JULY SUPPER MENU

- Vegetable and Pot Cheese Salad
- Special Dressing
- Whole Wheat Bread
- Apple Butter
- Peanut Pie
- Iced Tea

Good! Sure it's good. And that supper is easy to prepare, serve and eat! Here are the recipes.

#### Vegetable and Pot Cheese Salad

- 1 bunch broccoli, cooked
- 1 cup cooked peas
- 1 cup cooked carrots
- 1 head lettuce
- 2 cups pot cheese
- 1-2 cup sour cream
- Salt and pepper
- 1 teaspoon mixed herbs

Mix the pot cheese, sour cream and herbs. Season to taste with

salt and pepper. Arrange lettuce leaves on a platter. Place the pot cheese in the center and sprinkle it with paprika for color. Around the cheese arrange broccoli, peas and carrots so that they look neat and appetizing. Serve this with the following dressing:

#### Special Dressing

- 1 cup real mayonnaise
- 2 tablespoons chili sauce
- 1-2 teaspoon prepared mustard
- 1 teaspoon tarragon

Mix all ingredients well, chill thoroughly, and serve in a bowl with a ladle.

#### Peanut Pie

- 2 tablespoons all-purpose flour
- 1-4 cup sugar
- 1-2 teaspoon salt
- 1-4 cup cold water
- 1 cup dark corn syrup
- 2 eggs, slightly beaten
- 2 tablespoons shortening
- 1 cup chopped peanuts
- 1 unbaked 9-inch pie shell

Combine flour, sugar and salt, then stir in water and corn syrup. Boil gently for 3-5 minutes. Then slowly pour into eggs, stirring continuously. Add shortening. Spread peanuts over bottom of pie shell; then pour filling into crust. Bake in hot oven of 425 degrees for 10 minutes; reduce heat to 350 degrees and continue baking 35 minutes longer. When silver knife inserted in center comes out clean, pie is done.

Arrange whipped cream (whipping directions follow) around border of pie. Place 1-2 pint day-old cream in top of metal double boiler. Fill bottom of double boiler with ice cubes and sprinkle 2 tablespoons of salt over ice. Then beat with chilled beater until cream peaks. Season to taste with sugar and vanilla.

#### Good Excuse

GREEN BAY, Wis., June 28 (AP)—Sgt. Norbert Rasmussen's excuse to police for not being able to produce his driver's license was a new one to the law. Rasmussen, who had been a prisoner of war in Germany, casually explained that in an attempt to conceal his identity he had eaten his license when captured last Dec. 14.

BRITISH MILITARY PORT—This port in the Gereloch of the Clyde, on the west coast of Scotland, was built after the fall of France closed channel ports to large craft.

### IRIN AND BEAR IT

By Licht

"I merely asked him to write a simple ad combining the idea of the returning soldier, sweetheart, a vine covered cottage, mother, and Snodgrass Horseradish!"

### FURTEENTH POLIO CASE

GALVESTON, June 28 (AP)—A 14-year-old girl became the 14th case of poliomyelitis on Galveston island yesterday. The city-county total is 24 cases including one fatality.

The Army buys nearly 2,000,000 pairs of shoes each month.

### Services Held For Sailor As Slayer Remains In Jail

NORWALK, Conn., June 28 (AP)—Funeral services, once postponed, were to be held today for Albert Kovacs, 19-year-old sailor. Meanwhile, Mrs. Imogene Stevens, 24-year-old wife of an army major, remained in Fairfield county jail in connection with the shooting of the youth in New Canaan, Conn.

A naval board of inquiry, named to investigate, did not return the body of Kovacs here in time for services originally scheduled yesterday.

Mrs. Stevens, who told police she shot Kovacs because she thought he was intruding in the home of her neighbor, was held on a manslaughter charge. She has sent a cable to her husband, Major G. Ralsey Stevens III, in Germany pleading "come home at once."

New Canaan town Prosecutor Edmund L. Morrison set July 30 as the date for Mrs. Stevens' arraignment. But there was a possibility the case would be taken over by county prosecuting officials after the issuance of a finding by Coroner Theodore E. Steiber, expected in a day or two.

### Livestock

FORT WORTH, June 28 (AP)—Cattle 2.00, calves 800; steady to slow; medium and good slaughter steers and yearlings 12.00-15.00, cutter and common kinds 7.00-11.50; medium to good beef cows 9.50-12.50; sausage bulls 7.00-11.50; good and choice fat calves 12.50-14.00; common to medium butcher calves 8.50-12.50; good kinds of stocker and feeder calves and yearlings 12.00-14.00; plainer kinds of stocker and feeder calves and yearlings 8.50-12.00; stocker cows 7.00-9.50.

Hogs 500, unchanged; butcher hogs 14.55; packing sows 13.80; stocker pigs 14.00-15.00. Sheep 18,000, steady; medium and good spring lambs 12.25-13.50 with cut land common kinds 6.00-12.00; medium and good shorn lambs and yearlings 11.25-12.50; cull and common shorn lambs and yearlings 8.00-11.00; slaughter ewes and aged wethers 5.00-7.50; medium to fairly good shorn feeder lambs 10.50.

Eight hundred typewritten pages were required to set down the details of the Navy's part in D-Day.

SAY YOU SAW IT IN THE HERALD

### Suspect Held In Beheading Case

EL PASO, June 28 (AP)—A Philadelphia father, making a one-day plane flight to Texas, is here today to aid his son, charged with murder and lying critically wounded in a hospital.

William R. Main, an official of Main and Co., accountants, arrived here late last night from Philadelphia.

His son, William F. Main, 28, is charged with murder in the decapitation slaying of an 80-year-old man.

He was wounded Monday night in an exchange of shots when Sheriff Alan C. Fahey of El Paso and two deputies sought to question him in connection with the finding of a headless body in a shallow grave near Ysleta, east of here.

The victim's head was later discovered in a blood-stained box in a hotel checkroom.

The father told associates before taking a plane to Texas that his son suffered a nervous breakdown at Indiantown Gap, Pa., in 1941. His family said young Main came to Texas for his health.

### Audie And Frankie

Have Common Ground

GREENVILLE, June 28 (AP)—Lt. Audie Murphy today could sympathize with Frank Sinatra. The 21-year-old officer, who holds more combat decorations than any other U. S. soldier, was mobbed by a good-natured crowd of bobby soxers following an appearance here yesterday.

Mary Lee of Floyd, Tex., a student at the East Texas State Teachers college, Commerce, and Murphy's girl friend, stood on the fringe of the crowd and said, smiling: "I surely do have rivals." Eventually state police made their way to the youthful hero and escorted him to an automobile.

### MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula. Collins Bros. and all druggists. (adv.)

### Texas Commanded Superfort Performs Impossible Loop, With Help Of Storm

DALLAS, June 28 (AP)—A Superfortress in the Pacific theater, commanded by Second Lt. Jack Tunnell of Cross Plains, Tex., performed an inside loop, a trick aeronautical engineers termed impossible.

A storm helped. Wick Fowler, war correspondent of the Dallas News, writing from the Seventy-Third Wing base on Saipan, said 10 crew members of the big plane substantiated the story. One of the crew members was S-Sgt. Bob Byrd, center fire-control gunner from San Angelo, Tex.

"We struck a big thunderstorm at about 12,000 feet," the plane commander said. "Our plane weighed about 60 tons and had four 2,000 pound bombs in the load. In the downdraft of the storm we dropped so fast the bombs smashed the tunnel in the roof of the fuselage. We must have dropped several thousand feet when suddenly, with our

speed registering more than 450 miles an hour, we struck an up-draft which sent us rising so rapidly the bombs tore through the bomb-bay doors."

The controls were neutralized. "We just gunned her," Tunnell continued. "In the upward swing she looped. The plane was pretty badly damaged but we made it to Iwo Jima and landed there."

Fowler said another West Texan with the 73rd Wing is Capt. W. S. Morrison, an intelligence officer who formerly was county judge at Big Spring.

### TEAM TO PLAY IN EUROPE

NEW YORK, June 28 (AP)—Cmdr. James Crowley, in his first official act as commissioner of the new All-America Football conference, has volunteered to put together a pro team in this country for a series of games against an army eleven in the European theater. Crowley said that he was willing to coach the team himself.

### Stretch Your Sugar Supply

By RHEBA MERLE BOYLES  
County Home Dem. Agent

Sugar helps most canned fruit hold its shape, color and flavor. But sugar is not necessary to keep fruit from spoiling. When canning without sugar or with a small amount of sugar, use the strained juice from crushed fruit which has been heated. Process unsweetened fruit the same as sweetened. Make sugar syrup according to availability of sugar and personal taste:

Kind of Syrup	Water or Juice (Cups)	Sugar (Cups)	Approximate Yield in syrup (cups)
Thin	1	3	3 1/4
Medium	1	2	2 3/8
Heavy	1	1 1/2	1 1/2

The general wartime rule is 1 pound or 2 cups of sugar to 4 quarts of fruit. One cup of syrup usually covers 1 quart of fruit when it is well packed. A thin syrup is very desirable from a nutrition standpoint.

**Sugar Substitutes**  
Corn syrup or corn sugar may be substituted for part or all of sugar. One cup sugar and 2 cups corn syrup to 6 cups of water make a desirable syrup. This is a thin syrup. If corn syrup is to replace all of the sugar, use 1/2 to 3/4 cup syrup and 1 cup water.

Brown sugar or syrups that have strong flavor such as sorghum are not desirable for canning.

Honey may be used to replace a small part of the sugar. It affects the flavor of the fruit more than corn syrup. It is very good with canned figs. It is also good with fruit pickles.

Never use saccharin in canning. Heat makes it bitter. If saccharin is used, it should be added at the time you serve the fruit. Consult a doctor before using it, because too much saccharin may be harmful.

**How To Make Invert Sugar**  
A Florida experiment station scientist recommends making invert sugar to make it go farther. To do this, mix 2 cups of sugar and 1 cup water. Add 1/4 teaspoon of tartaric acid (which you can get at any drug store). Cover this sugar, water and tartaric acid mixture and simmer gently for 30 minutes. Allow to cool. Then you have invert sugar syrup. Each cup is about 1 3/4 times as sweet as the same weight in plain syrup.

This syrup is excellent to use in canning, but it should be diluted. Use 1/4 cup invert sugar syrup to 1 cup water for a thin syrup. It is also good in sweetening fruits, cereals, ice cream and beverages. The above information applies to freezing as well as to canning. Honey does not freeze as solidly and it thaws more quickly than sugar syrup or corn syrup. Therefore, it is not as satisfactory for freezing.

**MAKE ICE CREAM**

### Good Peach Crop, Good Summer Eats

By MILDRED ATKINSON  
Emergency War Food Ass'n.

With prospects bright for a big peach crop this summer, homemakers can add variety and interest to their meals for the next few weeks by use of fresh peaches in their menus.

Yellow peaches are not only delicious, but they also furnish a fairly generous amount of Vitamin A. All peaches contain some Vitamin B and compare favorably with strawberries, cantaloupes, plums and pineapples in Vitamin C content.

It is desirable to serve at least two fruits in each day's meals, and peaches particularly lend themselves to simplicity in serving. One of the best ways is to wash them, arrange them in a wooden, glass, pottery or silver bowl and serve them as a beginning course or as a dessert. For dinner, serve them in a peach chiffon pie made with corn syrup. Peach crisp is quick, easy dessert, and peach cobbler or shortcake are old favorite recipes. For supper serve the family frozen peach salad, or cottage cheese salad mold with peaches.

An excellent recipe for a cottage cheese salad mold with peaches is: Soften one envelope gelatin in cold water. Place bowl over boiling water and stir until gelatin is dissolved. Mash two cups cottage cheese very fine, add one-eighth teaspoon paprika and one-fourth teaspoon salt for seasoning, one-half cup cream or milk and the gelatin. Turn into ring mold that has been rinsed in cold water. Chill. When firm, unmold ring on lettuce. Fill center with peaches and serve with a favorite dressing.

For peach crisps, place sliced peaches in a buttered baking dish. Cover with one-half cup corn syrup. Mix one cup sifted flour, one teaspoon cinnamon, one-fourth teaspoon salt, one-half cup butter and one-fourth cup corn syrup together and spread over peaches. Bake in moderate oven (about 350 F.) for 45 minutes. (Honey is very good used in place of syrup.)

### Vegetables Frozen In Refrigerator At Home

By MILDRED ATKINSON  
Emergency War Food Ass'n.

If garden peas, beans or greens get ahead of family appetites now and then, a small quantity may be held over in the freezing compartment of the home refrigerator.

For finest eating quality, garden vegetables must be gathered when they reach just the right stage, or they lose flavor and food value and become tough. Gardeners will be wise to pick all vegetables when they are just right, even if there are more than the family can use on that day. The extras may be frozen and kept in the refrigerator for meals a few days ahead.

Wash and prepare the vegetables as for cooking. Put them in a cheesecloth bag and dip in boiling water for the length of time recommended for freezing in lockers—approximately two minutes. Then cool immediately by dipping in ice water. Drain and place vegetables in cellophane bags, seal with hot iron and place in the freezing compartment of the refrigerator.

Vegetables frozen this way will be ready to cook in just a few minutes. Never try to hold them longer than a week or two in the refrigerator.

Oklahoma produces almost every crop grown in the United States, and 35,000,000 of its 44,000,000 acres are farm lands.

**RUSSIAN THREAT TO JAPAN**—Broken arrows indicate possible attack from Soviet Siberia (shaded) against Japanese forces in Manchuria. This possibility of Russia's entry into the war was noted by Lend-Lease Administrator Lee Crowley who said the U.S. was sending lend-lease material to Siberia. (AP Wirephoto Map).

### Leopold Reported To Abdicate Soon

BRUSSELS, June 27 (AP)—The leading spokesman for the Belgian communist party predicted today that King Leopold would make an abdication statement before the end of the week.

Dr. Albert Marteau, communist minister of public health, said the communists had no objection to the manner in which the king abdicates.

"Leopold must tell the whole world he is giving up his crown, but once that is done we have no interest in whether he completes the formalities of abdication here or in Germany," Marteau said. An airplane trip by deans of the Belgian bar to consult with Leopold—presumably on the legal aspects of abdication—was reported delayed until tomorrow because of bad weather.

Martean said the communists "wholeheartedly welcome" the retention of Prince Charles as regent, until Leopold's oldest son, Prince Badouin, reaches the age of 18 three years hence.

### Moisture Favorable In Most Of State

AUSTIN, June 27 (AP)—The United States department of agriculture reported today favorable moisture conditions for most of Texas, although the drought remained unbroken over a large part of the north and south high plains and in west central and extreme western counties.

Cotton planting in the late areas of the northwest made some progress but a large acreage remains unseeded. With the exception of a few too-wet areas, the crop made splendid progress in north central and eastern counties.

Ranges in most areas were furnishing excellent grazing and livestock was in good condition with the exception of Edwards Plateau and trans-Pecos areas and some western counties. Feeding in these areas was essential, grass was scarce and water limited.

The wheat harvest was fairly general in the high plains, with spotted showers causing some delays.

### Stalin Appointed To Newly Created Rank

LONDON, June 28 (AP)—The Moscow radio said last night that the Supreme Soviet had elevated Premier Marshal Stalin to the newly created rank of generalissimo.

The rank was created by the presidium yesterday to be awarded "for especially outstanding services to the motherland in directing all the armed forces of the state in the time of war." Stalin was given four new decorations at the time.

**RUNWAY BUILDING**  
DALLAS, June 27 (AP)—A 7,200-foot runway at Tarrant Field, Fort Worth, to cost \$1,934,894, was started yesterday by the Texas Bitulithic company. The runway will be 300 feet in width.

### Today On The Home Front—EASC Rises From Rank Of Stepchild To Become More Important Agency

(Editor's Note: This is the fourth of six stories explaining the operations of the new United Nations which came into being in San Francisco.)

By JAMES MARLOW

WASHINGTON, June 28 (AP)—Starting from practically nowhere and winding up front with the winners, the Economic and Social Council (EASC) was the dark horse of the United Nations conference at San Francisco.

Before the conference started everyone knew that the three important agencies of the United Nations after the war would be these:

The security council (to prevent wars), the general assembly (to discuss world problems), and the international court of justice (to try to settle international disputes by legal means).

Everyone knew there would be an Economic and Social Council but many—including some of the American delegates—looked upon it as a stepchild that might be helpful but not important.

As the conference wore on this view changed. Now, with the conference over, it emerges as one of the most important agencies of all. After this war, the problem of reconstruction—including trade, education, health—will be huge.

And it is right there that the EASC has a job. It can start

studies in all those fields. Don't expect anything sensational from the EASC. It can do little in a direct way.

But it can spread information and make reports that would be helpful generally and, through embarrassment caused by publication of these reports whip into line nations that are out of step with the rest of the world.

The EASC has no power to force any government to do anything. All it can do is report and recommend to the general assembly or members of the United Nations things it thinks should be done.

The EASC still is in a sort of formative state. This much is definite: It will have 18 members elected by the general assembly. The Big Five—United States, Britain, Russia, France, China—will not dominate the EASC.

The EASC will coordinate the work of the various international agencies now operating or soon to operate in the fields of food, health, labor and finance.

Texas Today—

### Double Life Of Vito Giacalone Ending Now

By JACK RUTLEDGE  
Associated Press Staff  
Fate, probably to save time, doubled up on the career of Vito Giacalone.  
He is stationed at Camp Hood, Texas—both of him.  
This is the stranger-than-fiction story told by the Camp Hood News:  
Pvt. Vito Giacalone was born of Italian parents in St. Louis, Mo. Also born of Italian parents in St. Louis was another Vito Giacalone. The families were not acquainted. Both families moved from St. Louis to San Diego, Calif. The first Vito finished his schooling there in 1932. So did the second Vito.  
The first Vito became a commercial fisherman. So did the second Vito. The only difference was

that the first Vito owned his own boat, while the second Vito avoided further confusion by operating one belonging to his father. Still they hadn't met.  
On March 30, 1945, Vito Giacalone was inducted into the army at Fort MacArthur, Calif.  
Unbelievable as it sounds, the second Vito was inducted on exactly the same date, at the same time and at the same place.  
Both were sent from Fort MacArthur to Camp Hood's North Camp, and wound up in the same battalion. However, one was sent to Company C, the other to Company D.  
For the first time they became aware of the strange set of circumstances.  
And, having met at last, fate has decided to separate them. The

second Vito is going to receive his discharge soon. Sun spots are thought to be composed of whirling gases.

### One By One Liberators Take Off On Their Longest Bombing Trip

By RICHARD C. BERGHOLZ  
HEADQUARTERS, 13TH AIR FORCE, Philippines (AP)—The ground crews lounged around the airstrip and watched the big Liberator bombers warm up, engine by engine, checking manifold pressures and rpm's and temperatures and all the other things that have to be right before the take-off.

and the ground crews' ability to have everything just right. One by one, in close order, the bombers took off. They didn't waste gasoline gaining altitude. They simply leveled off "on the deck" and headed west. The mission, the longest in history for Liberators, the one the Japs and most of our air force said couldn't be done, was on the way.

Now the clumsy-looking bombers were warmed and checked and ready to go. Then all engines were snapped off and gasoline trucks raced up and filled each tank to the brim. The engines were turned over again and with no more preparation the Liberators took off.

The Japanese were surprised, all right. Cars cruised along brilliantly lit streets. The harbor lights looked like jewels set in an ebony figure.

First went Maj. Bayliss E. Harris of Clovis, N. Mex. It was his squadron of "snooper," that hit unescorted in the night, and it was he who cooked up the mission. Before the United States got in the war, he had flown British Wellingtons and Halifaxes and Spitfires. Then he flew Liberators in Europe before coming out here. Not long ago he planned and led a raid on Soerabaja, the longest formation flight ever flown by Liberators.

Three Liberators peeled off in a dive and roared over the harbor at 200 feet. Two of the planes found no shipping worth hitting. The third plane picked up a Japanese destroyer and its bombardier dropped the whole load on the warship.

Then came Royal A. Putnam of San Antonio, Tex., and the other officers and enlisted men whose lives were riding on Harris' ability to figure gasoline consumption

Some planes lumbered over and blasted the Tandjoeng-Priok seaplane base. Other planes picked what targets they could find. Then they wheeled and formed up and started the long trip back. This was where Harris' calculations began to work out. Here was where pinpoint navigation and the luck of the weather paid off.

901 E. 3rd Phone 1216

Eighteen hours and 20 minutes after he had taken off, Harris circled the field and put the bomber down to an easy landing. Twenty minutes after Harris landed, the last plane had been checked in. All had made it. More than 3,000 miles. To Batavia.

All the planes were unscratched. But the men—their faces were gray and drawn. Some were so tired they could hardly walk. For them there was only relief and sleep, balms for the horrible tension of the past 18 hours.

The greatest number of arrests in 1942 was made in the 18-year age group for boys; the 21-year group for girls.

### Vichy Secretary Taken By Allies

ROME, June 28 (AP)—Joseph Darnand, secretary of interior in the Vichy regime and one of the most urgently wanted of French fugitives, was arrested three days ago by Allied intelligence agents, it was announced today.  
Darnand, as secretary general of the French militia, was accused of some of the harshest measures against French patriots, particularly irregulars of the Maquis. His position in the rump French regime corresponded to that of Heinrich Himmler in Germany.  
The arrest was made near Edolo. Darnand was hiding in a house.

### Okinawa Carriers Set Record For Sorties

GUAM, June 28 (AP)—Escort carrier planes flew 35,000 sorties in support of the Okinawa conquest—more than were flown in the entire war by this type of aircraft until that campaign—Rear Adm. Calvin Thornton Durgin said yesterday.  
The admiral admitted the durability and performance of pilots, ships' companies and ships was far beyond what he expected his forces would be called upon to deliver when they set out for Okinawa.

**FARM HAND BURNED**  
WICHITA, Kas., June 28 (AP)—The body of Jackson E. Calvert, 28, Mingus, Tex., who died in a hospital here earlier in the week after being burned while working as a farm hand on a western Kansas ranch, is being returned to Mingus for funeral and burial services. His father, James H. Calvert, three brothers and two sisters, all of Mingus, survive.

**ARCHAEOLOGICAL QUEST**

# Tiger-Breaking Pitcher Ties New York, Detroit

By JOE REICHLER  
Associated Press Sports Writer  
Detroit has dropped out of

## Do FALSE TEETH

Rock, Slide or Slip?

**FASTTEETH**, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sticky, pasty taste or feeling. **FASTTEETH** is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get **FASTTEETH** at any drug store.

Our Shoe Repairs put new pep in old shoes  
**CHRISTENSEN SHOE SHOP**  
Cor. 2nd and Rummels

complete dominance of the American league and is tied today with New York's Yankees for first place, all because they met up once again with Washington's Dutch Leonard, the hurler who cost them the pennant last year. Facing the Tigers for the first time since he outpitched Dizzy Trout on the final day of the 1944 pennant race to cause Detroit to finish one game behind the pennant winning St. Louis Browns, Leonard maintained his pitching wizardry over the Bengals in a twilight game yesterday, by spinning a neat four-hitter triumph 9-1.

The Tigers' downfall, plus the Yankees 7-2 victory over the Browns, brought the league leadership into a tie. Floyd (Bill) Bevens registered his seventh victory against two defeats as he held the Browns to six hits in pitching the Yankees to their seventh straight triumph. With Luis Olmo, the league's leading RBI man driving in the winning run in the ninth, the fast stepping Brooklyn Dodgers increased their National league lead over the second place St. Louis

Cards to four full games by shading the Chicago Cubs 6-5. A crowd of 29,960 paid cheered itself hoarse as Olmo scored Goodie Rosen with a two-out single in the last half of the final frame.

New York's Giants swept past Pittsburgh into third place by annexing a twin bill from the Pirates 10-4 and 3-2 to inaugurate their second home stand against the west.

Cleveland's Indians handed Russ Christopher his third loss against 11 victories in dumping the cellar dwelling Philadelphia 9-2, for the Mackmen's eighth successive defeat. Veteran Southpaw Al Smith, limiting Philadelphia to eight hits to gain his second triumph, was ably abetted by teammate Dutch Meyer who garnered two singles, a double and triple.

Cincinnati's Vern Kennedy won his 100th major league game and Boston's batting leader Tommy Holmes hit safely in 23 consecutive games while the Reds were sweeping a doubleheader from the Braves, 5-4 in 10 innings and 4-2. The 36-year-old righthander out-pitched Mort Cooper and two successors in the opener.

The Cards and Philadelphia Phillies divided. Vince DiMaggio's third grand slam of the season, his 12th homer of the year, in the eighth inning of the opener paced the Phils to an 8-3 victory, but Blix Donnelly hurled a magnificent one-hit shutout 6-0, to gain the world champions a split.

A pinch single by Dolph Camilli followed by Ed Lake's fourth hit of the game, drove in two runs in the ninth inning and gave the Boston Red Sox an 11-9 victory over the Chicago White Sox before 16,584 night patrons.

## John Lorms Takes College Golf Title

COLUMBUS, O., June 28 (AP)—Somewhere in his school books Johnny Lorms of Ohio State must have read and become convinced that the shortest distance between two points is a straight line.

Certainly he operated on that theory yesterday as he hammered out a 4 and 3 victory over Johnny Jenswold of Michigan to win the 1945 national collegiate golf championship.

He was "down the middle Johnny" virtually all the way in his triumph over Jenswold, a 22-year-old naval trainee from Duluth, Minn.

Since the last war, the range of American anti-aircraft artillery has been increased 100 per cent, individual firepower 250 per cent, size of bombs 300 per cent, and speed of tanks 700 per cent.

## Private Breger Abroad By Dave Breger

"Like I always say—give a general a little authority and he sure makes the most of it!"

## Discharged Vet Can No Longer Play Ball

LOS ANGELES, June 28 (AP)—Harry Danning, former New York Giants catching star who was medically discharged from the army last week, said today he was quitting baseball because of bad knees.

Danning said he had written a letter to Horace Stoneham, president of the Giants, explaining that the arthritic condition which caused his service discharge would prevent his playing.

## Indians Retake Troy Unless US Pays Rent

TROY, N. Y., June 28 (AP)—Troy goes back to the Indians Aug. 1 unless the U. S. government comes through with four bolts of calico for each member of the Mohawk tribe of the St. Regis reservation in this state.

The calico represents the annual rental for Troy, set by an old Indian treaty which runs "as long as the sun shines."

## Sue Who? The Dog?

JEFFERSON CITY, Mo., June 28 (AP)—A bill to "encourage the raising of children instead of dogs" was introduced in the Missouri senate yesterday by Sen. H. R. Williams of Cassville, republican floor leader.

Under the measure, landlords would have their licenses revoked if they barred children while allowing dogs on the premises. Any child could sue for \$5,000 liquidated damages if his parents could show that a dog had priority over the child.

## JOYCE CAN HAW HAW IN JAIL

LONDON, June 28 (AP)—William Joyce, who broadcast Nazi war propaganda as Lord Haw Haw, was bound over formally today for trial in Old Bailey on charges of high treason against the British crown. The court offered to pay for two attorneys for Joyce.

## Simpson Gets Warm Welcome At Home

WEATHERFORD, June 28 (AP)—The town where he was born yesterday gave Lt. Gen. William Hood Simpson a 15-gun salute as he rode into town in a car flying a red flag with three golden, significant stars.

He led a parade through the dressed-up streets and around the square. In the parade were members of the highway patrol, army tanks, jeeps, trucks, artillery and two army bands. Planes flew overhead and dipped in salute.

The general who led the victorious Ninth army almost to the gates of Berlin addressed a crowd that packed the city square.

"I can't tell you how deeply I am affected by this demonstration, this homecoming here in Weatherford where I was born," he said. "It is good to see your smiling faces after I have seen so many scowling faces."

He was presented a gold trophy on a mahogany pedestal. It was a warrior brandishing a sword.

Congressman Fritz Lanham of Fort Worth was master of ceremonies. He introduced Gen. Simpson and other speakers and guests, some former schoolmates of the general.

## Chief Carries Flowers For Unknown Soldier

BLOOMINGTON, Ill., June 28 (AP)—Police Chief S. Clyde Hibbens is playing the role of Daniel Cupid for a GI Joe overseas.

A year ago the chief, in response to the soldier's request, bought a bouquet of flowers for the soldier's girl friend. He had written he did not know any one else in the city to carry out the mission.

Hibbens received a similar request the other day and again he executed the order, delivering the flowers in person for his unknown soldier friend.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, June 28 (AP)—When the Ring's "ferocious gentleman," Freddie (Red) Cochrane—well, he says he's not a bum—was telling off the boxing writers the other day, he insisted that he was the only boxer who ever had beaten two world champions in successive bouts. . . . Freddie would have to go back only three years before his victories over Fritzie Zivic and Lew Jenkins to find when Henry Armstrong took the welterweight title from Barney Ross—on May 31, 1938—and in his next start—Aug. 17—whipped Lou Ambers for the lightweight crown.

Its a Butte—The Tulsa, Okla., claim of having the biggest junior baseball program per capita in the nation doesn't stand up when the figures from Butte, Mont., come in. . . . Butte (pop. 40,000) has 20 teams in three divisions, exclusive of an American Legion junior club, as compared to 22 teams for Tulsa's 193,363 inhabitants. . . . Butte citizens contributed \$2,700 toward equipment and upkeep for the circuit.

One-Minute Sports Page — Lt. Ben Hogan, golf instructor at Camp Davis, the army air force convalescent base, has appealed to North Carolina golfers to add \$8,000 to the \$1,000 they recently raised in PGA rehabilitation tournaments. Camp Davis needs a nine hole course. . . . Los Angeles county folks paid the bills for seven kids—mostly high school athletes—to come to the AAU track championships and figure they may be rewarded with the junior team title.

Service Department—Instead of summer football practice at the Jacksonville, Fla., naval air station, Lt. Jim Tatum is holding an "instructional clinic for players." The reason: only three holdovers from last year. . . . And Jack Morris, former Oklahoman who won two "met" track titles for the New York A. C. last week, is an Air Transport Command officer who has flown the Atlantic 100 times and has been over the Hump eight times. He also can go over the hurdles.

The 9,000,000 acres of rubber trees in the far east produced more than nine-tenths of all rubber used since 1920.

## Segura On His Way To Win Third Title

EVANSTON, Ill., June 28 (AP)—Francisco (Pancho) Segura, of the University of Miami (Fla.) national collegiate tennis champion in 1943 and 1944, today was well on his way to becoming the second player in the 61 year-old tourney to win three consecutive titles. M. G. Chace of Yale won his third straight title back in 1895 and no player has yet duplicated his performance.

Segura, a student from Ecuador who ranks third nationally, romped to an easy third round victory over lanky Delbert Russell, Wayne (Detroit, Mich.) University negro, in straight sets, 6-0, 6-0, to join the "select eight" in today's quarter-final bracket. Today Segura meets Howard McCall, of Georgia Tech. Carroll McCarter, of the University of Texas, eliminated Tom Burke, of Miami, 7-5, 6-2, Tuesday, Burke, who is Segura's doubles partner,

## Winkler County Gets Federal Rent Control

Federal rent control for Winkler county will be inaugurated July 1. C. N. Sullivan, district OPA rent executive, has announced. The legal rent ceiling will be the same as rents charged March 1, 1944.

Winkler county will be a part of the Pecos Defense Rental Area, which includes Reeves and Ward counties, but will operate under the Monahans office.

## How big is the job of beating the Jap?

No one knows. No one can say with certainty how big the job of licking him is—but this is how big the Jap is, this may give you an idea:

The Jap has a giant empire—Somehow we have always looked upon Japan as a small nation, a "little island." But—the Japanese empire is vast, huge, one of the largest in the world. It is nearly 5,000 miles long. It is over 3,000 miles wide. 400,000,000 people now live under Japanese rule—three times as many people as there are in the United States.

The Jap has great production—Japan's home islands are industrialized to an eye-widening degree. So are vast areas Japan has held for the past twenty years. The Japs are building planes, ships, guns and tanks in huge numbers. Japanese workers work 16 hours a day, 7 days a week. The fiber of the Jap is tough stuff. How big is the job of beating him? No one can say. But this is how big the Jap is—this may give you an idea.

x 4,000,000  
+ 2,000,000

The Jap has a huge army—Japan can put in the field from 4,000,000 to 5,000,000 war-hardened fighters. 2,000,000 more can be quickly called. How many is six million soldiers? Three times as many as there were Germans fighting the allied armies in western Germany.

The Jap has ample resources—In their home islands and the vast territories the Japs have taken are all the things that Japan needs to conduct a long and vicious war. The figures on Japan's resources are startling—in many cases, greater than ours.

Says Admiral Halsey: "The Japanese are hard fighters. It will take all the force America can muster to beat them. The task may be long, how long no one can say. But we can say this: It can be shortened only if every American worker sticks to his job of backing American fighters. It will take the best every one of us can do to beat Japan."

This explanation of the war ahead is published in cooperation with the Armed Forces by

Over The Top On Bonds

Today is "Over-the-Top Day" in Big Spring. This is the day we meet our minimum E bond obligation of the Seventh War Loan. May we pass on to you this little thought, not original with us, which perhaps will draw the issue more clearly for your consideration:

A bond is a line in a chain. A chain that reaches from your fireside to a fox-hole. From the snug warm comfort of your bed last night To a little army cot in a first aid station From sick and lonely hearts over here To sick and lonely hearts over there From you and me—to the still cold hands of a soldier Who today... This very minute... Has given his life That we may live in peace.

Awareness of a Problem

The meeting of highway patrol, department of public safety and representatives from other state departments including the attorney general's office here in the interest of promoting better traffic court procedure should stir public concern in this matter.

Officials are to be commended for their awareness of this problem and for their attempts to take action on it in advance.

Back of this maneuver is the idea of forestalling or mitigating what may prove to be an unprecedented wave of loss of human life and property on highways in the immediate years ahead. Yet, this business of enforcement and public cooperation happen to be the key to the situation.

It is no particular discredit to anyone that the average traffic case this day and time is handled rather abruptly, routinely and sometimes haphazardly. This habit is a part of a system that has grown along the lines of least resistance.

The individual picked up on the highway for a road law infraction is prone to adopt the attitude "they got me: might as well pay off and be done with it."

A companionate attitude is found in the average traffic courtroom where the case is called. Here exists the routine of: "John Jones, you are charged with speeding. You plead guilty, don't you? The fine will be \$1 and costs."

In 99 cases out of 100, the charge is well taken. Texas highway patrolmen, a fine type of officer, usually exercise a generous amount of patience and commonsense in dealing with the driving public. Yet, in a hurried, haphazard hearing of the case, even the justly accused cannot help but feel in some

Today And Tomorrow—

It CAN Work; WILL It?

By WALTER LIPPMANN

To ask whether the charter of the United Nations will work is rather like asking whether a B-29 will fly from San Francisco to Guam. A B-29 can be flown that far. But whether it will be flown that far does not depend on the engineers who designed it and the managers and workers who manufactured it. The machine itself will not fly itself anywhere: it has to be flown by a pilot, a navigator, and a crew, and if they do not know how to operate it, and if they do not know how to find their way, the plane, no matter how well designed and constructed, will not go to Guam.

The fair and accurate question to ask about the charter is not whether the international institution will work. The question is whether we can make it work. The difference between these two questions is all-important. If we stand around and ask

whether it will work, we are really saying that we expect "it," a piece of paper with words written on it, to be a kind of automatic robot and big tin god to keep the world at peace. But if we ask whether we, the American people acting through our government and using our power and influence wisely, can make it work, then we are asking the right question. When our own Constitution had been written and ratified, the question of whether it would work was answered by Washington, Hamilton, Jefferson, Marshall, and the others who were determined to make it work, and knew how.

What warrant have we for thinking that this charter can be made to promote and preserve peace? That it is the charter of a union or confederation which contains all the nations now capable of waging war; war can occur only if this union is dissolved. This

The War Today

by Dewitt Mackenzie AP Foreign News Analyst

Quite a lot of good folk who are sensitive in the matter of mental tidiness are worried because the Allies haven't yet announced a detailed program covering every phase of the punishment and regeneration of Germany.

Speaking of programs in general, these critics may be right in insisting that the 's be dotted and the 't's be crossed, but there are exceptions to every rule—and this is one of them, as I see it. Anyway, there certainly are great advantages in being able to handle the Germans under a very flexible arrangement at this juncture. So there's method in the Allied madness.

The point is that we are dealing with a lot of trick imponderables in working out this problem. The Big Four must proceed cautiously in making commitments lest they find their hands tied in uncomfortable situations.

Every day the Allies are discovering fresh and startling facts about Hitler's plans for conquering the world. His schemes exceeded anything he displayed in action. Official letters and documents discovered in Berchtesgaden and other places are proving to be gold mines of information.

One of the vital questions to be ironed out is the exact attitude of the German public as a whole towards the activities of Hitler the Hun. Are any of them repentant, or are they just sorry that they lost the war and want another chance at conquering the world?

Another indication that it pays to proceed methodically is seen in the report on Germany's power of recovery by U.S. Foreign Economic Administrator Leo T. Crowley. In a statement to the senate military affairs committee he declared that despite the Allied bombing many German industries could be started again quickly.

cases that they were given but one choice. By re-examining our procedure in these cases and renovating it to make the average person feel that he has been given every consideration in the matter, a better respect for the court's decision will prevail. In turn, this will have its effect in increasing esteem for the entire traffic code.

Officials will then have a powerful weapon with which to lead the fight against a wholly unnecessary carnage which could claim more victims in a year than any one major battle we have had in this war.

And Nothing Can Be Done About It

With The AEF: Germans Didn't Know It, But Ship Carried Gas

By GEORGE TUCKER

(Substituting for Hal Boyle) WIESBADEN, (AP)—Remember the big raid on Bari harbor in December, 1943? The Luftwaffe came in low just at sunset, its favorite moment for attack, and got 23 ships. What made it so bad was the four ammunition ships. They made a big show when they went up together.

Here is a hitherto unpublished angle of that costly affair. In all the maze of shipping crammed into that Italian harbor, one English ship whose luck had run out got a dead center hit with a 500-pound bomb.

Almost its entire personnel died, in a manner everyone hoped never would be necessary in this war. The ship was loaded with poison gas. All armies have to carry it—just in case. The Germans never knew how lucky they were.

The prettiest dog I ever saw is a big rangy animal named "Smokey Joe Bright." He is shaggy without being unkempt. He is relaxed but

not lazy. His coat is a gorgeous hue that seems to catch fire when the sunlight hits it. Women all over the world have tried for a henna to match this rippling running flame but few ever matched it.

"He was only a little fella when I picked him up," said Lt. H. R. Bright, Dallas, Tex. "He was moaning in a bombed-out house at St. Lo. His leg was broken. I took him to Second General Hospital and they X-rayed it and put a plaster cast on him. He's been with us ever since."

"Us," I gathered, was the 1374th engineers petroleum distribution company. "Old Smokey comes around and wakes us all up every morning," said Sgt. L. D. Harris of Shreveport, La.

Lt. Bright added, "I brush his teeth every morning when I brush mine. I give him two malted milk tablets every day to keep him healthy. Folks send 'em to me from home."

Washington—

Senator Indulges In Golf Fest

By BUS HAM

(Substituting For Jack Stinnett) WASHINGTON — The oldtimer behind the desk in the Senate secretary's office was talking golf with Sen. Millard Tydings of Maryland.

He turned out to be James D. Preston, quite a golf figure in his day. He also was in charge of the Senate press gallery for 35 years and now is indexer of the Senate Journal.

When Bobby Jones was scoring his famous grand slam in 1930, Preston posted the scores on the National Open and National Amateur official scorecard.

For years, Preston served as official scorer at not only the Open and Amateur but also the National Women's and Public Links tournaments.

He told how Jim Barnes won the 1921 Open with 289. President Warren G. Harding made the presentation speech, and American newspapermen for the first time sent their stories from the tournament site.

"I can hear President Harding saying to Barnes as it were only yesterday: 'Jim, when you plant your foot on the sandtrap on the last hole, I knew you were going to blast out for one putt and a real champion's finish.'"

That year the National Open was held at the Columbia Country Club in Washington and everything had to be the very latest.

Before that, sports reporters had used messenger boys of the telegraph companies to run their copy back into town, sometimes from five to ten miles, for filing.

But Fred Haskins, tournament chairman at Columbia, conceived the idea of running telegraph wires to the club grounds for the convenience of the press.

"When the blase reporters showed up, they growled as usual," Preston recalled. "Suppose you've got the same old antiquated messenger-boy system."

"After we'd explained the new set-up, you should have seen those fellows. They were so surprised that you wouldn't have known them as the old hard-boiled gang."

The telegraph companies went a step further and installed special signal corps field phones out on the course at every other hole.

used to make the United Nations become an international society. More than that no one had the right to ask of the conference: to have done that much is to have done all that was possible, and to have earned in full measure the confidence and gratitude of mankind.

Washington Merry-Go-Round—

Russia Losing Grip On Lublin Poles

By DREW PEARSON

WASHINGTON—Now that all the hullabaloo over Poland has subsided, inside diplomatic reports from Europe indicate that the Lublin-Warsaw Polish government is not going to be such a Russian puppet government after all.

Despite the fact that the Lublin-Warsaw Poles were called all sorts of pro-Red names by the London Poles, they are now getting just as independent and, to some extent, arrogant, as their London brothers.

Or, as some neutral diplomats summarize it: "A Pole will always be a Pole whether he's in London or Lublin."

Illustrative of how the Poles are feeling their oats was a meeting which took place at Moscow last week regarding the Polish row with Czechoslovakia. The meeting was attended by Russian Under Secretary for Foreign Affairs Vyshinsky; also by Ex-Premier Mikolajczyk of the London Poles, plus Ungot Morowski of the Lublin-Warsaw government.

Morowski, though supposedly a Soviet puppet, started the fireworks by ranting against the Czechs. He said the Czechs had no right to Teschen, a small coal-mining town which had always been Czech, but which the Poles snatched away from Czechoslovakia when she was powerless in Hitler's hands after Munich.

Soviet Commissar Vyshinsky emphatically differed with Morowski. He pointed out that the Poles have peaceful means for settling their disputes, should not use the aggressive tactics of the Nazis, finally Morowski subsided.

Other uncensored diplomatic reports show that the Warsaw-Lublin Poles are getting tougher and more independent and that the Soviet grip is slipping. Here are some developments which, for some queer reason, have been hushed up by European censorship:

1. Twelve Catholic papers are now being published in Poland. (There has been considerable opposition to the Lublin Poles by Catholic groups, on the grounds that the church was being suppressed.)

2. The Warsaw-Lublin Poles have indicated they want an alliance with the United States and Great Britain just as strong

as that with the Soviet. This, they say, would guarantee Polish independence. 3. Poles are already demanding that the Red army withdraw from Poland; also, that the Soviet secret police withdraw.

4. The Lublin Poles also resent the latest Russian attitude of friendliness to the German people, which they criticize as a symbol of unprincipled Soviet bidding for German support in order to counter-balance the pro-Germanism of certain British leaders.

5. The Lublin Poles also resent Russia's opposition to Polish expansion in the northwest, where the Poles would like to take over the German city of Stettin.

6. Finally, the Lublin Poles resent the fact that the Russians now insist upon bringing outsiders into the Polish government—in line with the Hopkins-Stalin conversations. Stalin promised Hopkins to give Ex-Premier Mikolajczyk of London and other Polish leaders cabinet seats in the Lublin government, which means that some of the Lublin Poles will have to give up their cabinet posts. Naturally, they are sore.

So it looks as if the Polish puppet pot, which once boiled against the London exiled Poles, is now simmering against its friends in Moscow.

Hands Off Churchill One of the well-kept secrets of the late presidential campaign was a statement Winston Churchill prepared urging the American people to re-elect Franklin Roosevelt.

Undoubtedly Churchill was a planning reciprocity for the help which Harry Hopkins had given him two years before. At that time, the winter of 1942, just after Pearl Harbor, Churchill faced growing criticism in parliament. So Harry Hopkins went to London and with Roosevelt's blessing dropped the word quietly in British political circles that the president of the United States appreciated the fine cooperation he was

getting from the prime minister and would be sorry to see any change of British leadership.

Harry Hopkins was very open and above-board about this and later told friends in Washington about the worry he and Roosevelt had felt regarding Churchill's tight political position.

A lot of water has passed down the Potomac since then, and to day things are different. Today the White House is keeping strict hands-off the British election. In the first place, President Truman does not have President Roosevelt's intimate and personal friendship with Churchill. If anything, he is a little unsympathetic. Regardless of this, however, it is the belief of many American political leaders that it would be very unwise to dabble in British politics even in the most oblique manner.

Furthermore, there is a considerable body of opinion in the senate which has been quiet, though definitely critical of Churchill's policies in Greece, Belgium and Italy, and which feels that Churchill has played the old British balance-of-power game to stir up trouble between the United States and the Soviet. Were a more liberal prime minister in office, many senators feel that our cooperation with both Britain and the Soviet would be easier.

All of which is why the White House is watching the British political struggle with keen interest but meticulously keeping hands off.

Collection Of Hollywood Information

By BOB THOMAS

HOLLYWOOD—Clips from the cutting room floor:

Sidelight on the Abbott-Costello fight: each now employs a different press agent. . . . Andy Devine soon will end his 20th year with Universal. He has been through three studio regimes and has had only three contracts, the first one written on the top of a shoe box. . . . Invitation to mayhem: tell Maria Montez she looks like Yvonne de Carlo.

Humphrey (baby's husband) is a haddie again in "The Two Mrs. Carrolls." He says: "It's another of those roles Warners gives me to teach people how to win friends and influence people". . . . Esther Williams and Robert Walker couldn't recognize each other at 10 paces—without glasses. . . . Poker fiends: Betty Grable and Harry James.

Add useless information: Danny Kaye hates peanut butter. . . . Rex Russell gave herself five years to make good as an actress or quit. She did it in four. . . . Some actors can't stand it, but Van Johnson loves to be surrounded by a crowd of bobby soxers. . . . Betty Hutton is the nearest thing to a one-woman show on a movie set since Carole Lombard.

Bing Crosby, Fred Astaire, Xavier Cugat, Charles Boyer and Paul Lukas could be charter members of a Successful though

Bald Club. . . . Louis Hayward's thinking about joining the merchant marine so he can visit his family in England. . . . Monty Woolley is playing himself as a Yale undergraduate in "Night and Day," the Cole Porter biography. The only alteration is a blonde-dyed beard.

In the mail: Sgt. Walter Kuhl reports seeing the "This is the Army" troupe in the Philippines. "I thought the movie was good, but this was out of this world. Even the 'girls' looked real through our eyes." . . . Ens. Richard Bardrick on an attack transport writes: "We got a break for the last stretch of movies—Hedy Lamarr, Betty Grable and Lana Turner on successive nights. Wow."

From Radio Tech. Tom Oughton of the Navy: "We get fairly new pictures on board ("Bathing Beauty" last night) but we have only one projector, which means we have to sit and wait until the operator changes reels. Very aggravating indeed."

Pfc. Charles Johnson from Germany: "A copy of the Manchester Guardian somehow infiltrated over here and I noticed their dramatic critic lambasting "Since You Went Away." Apparently the English critics are very unsentimental gentlemen—anything that smacks members of a Successful though

PROXY MARRIAGE HOLLYWOOD, June 28 (AP)—A proxy marriage was performed in Juarez, Mexico, yesterday for film actress Merle Oberon and film cameraman Lucien Keith Ballard while the two were at work on a movie set here.

SAY YOU SAW IT IN THE HERALD To the People of this Community

This was Civilian D-Day a year ago. Its impact was felt in every home, at every work bench, at every office desk. Millions of Americans whose sons, brothers, fathers, husbands and friends were at grips with Hitler's Nazis in Normandy prayed for the safety of loved ones and victory.

The first anniversary of the great home front unity demonstration comes at the 7th War Loan in its final phases. Take a look at the war loan totals in this newspaper. Are you represented in a mighty share? Recall how many bonds you bought in two war loans of 1944 held from January to July. Have you matched that personal record in the single drive held so far this year?

Take another look at the war stories. Japan is unbeaten with war costs mounting every day. Europe still requires tremendously costly attention. And surely you would not want to neglect the care of over 330,000 wounded men and women. If you have already bought as many War Bonds in the 7th War Loan as you thought you could afford, take another look at your resources. Maybe there's enough money left there for still another extra War Bond.

THE EDITOR

CARD OF THANKS We wish to express our sincere thanks and appreciation to our friends and neighbors for the kind words and deeds in the death of our son and brother. May God bless each of you in the future. Mrs. M. E. Henderson and Family.

SOONG ENROUTE TO MOSCOW LONDON, June 28 (AP)—The Moscow radio, quoting a Tass dispatch from Chungking, said today that Premier T. Soong had left the Chinese capital yesterday en route to Moscow.

ADOLPHUS IMPROVEMENT DALLAS, June 28 (AP)—A survey for modernization and renovation of Hotel Adolphus in excess of a million dollars was announced today by Manager Richard H. Nash. Nash said the re-

modeling would be undertaken in the post-war period. Eskimos at Cambridge Bay, northern Canada, have been collecting fox furs to "buy" a missionary, a traveling cleric reports.

**Inductee List Is Announced**

Names of inductees accepted on the June call were announced Thursday by the Howard county selective service board.

Inducted into the army were Paul F. Baker, Horace W. Dearing, Jr., Mitchell B. Cross, Joe R. Grimland, John A. Marshall, Donald A. Anderson, Alvin C. Mize, John M. Cooper, Clyde J. Franklin, Jose Vela Ambrosio Sanchez, Leon B. Lerma, Charles R. Chatwell, Robert J. Hicks, Leo C. Clanton, Marshall B. Childre (transfer from Goldthwait), Concepcion H. Munoz (transfer from Benjamin), J. D. Rowland (transfer from Lubbock), and J. P. Cauble, Jr. (transfer from Garden City).

Howard H. Smith, Arthur L. Flannagan, William E. Gibson, Jr., and Lee R. Jones (transfer from Corpus Christi) were inducted into the navy.

Herbert C. Parker, Muleshoe, and Fred B. Ratliff, Lubbock, were inducted into military service under regulation 622 involving men changed from 2-A to 1-A.

**Additional Divisions Bound For Pacific**

PARIS, June 28 (AP)—The 28th and 30th (Old Hickory) infantry divisions were designated today at supreme headquarters to leave Germany next month for deployment to the Pacific.

The 13th (Black Cat) armored division arrived today at Camp Atlanta in the redeployment assembly area on its trek from the reich toward Japan.

The re-deployment status of other divisions:

95th—advance party is home and the rest is on the high seas.

104th—advance party is home, the rest are loading in Le Havre.

8th—scheduled to finish loading at Le Havre July 2.

87th—advance party sailed, rest to begin loading at Le Havre July 4.

4th—advance party sailed, rest scheduled to start loading July 2.

2nd—processing at Camp Norfolk for shipment in July.

5th—processing at Camp St. Louis for shipment in July.

44th—scheduled to leave assembly area for Le Havre staging area today.

**William Cook Dies In France**

Mrs. Angle R. Cook, 1600 West Fourth, received word Tuesday from the war department that her husband, Cpl. William B. Cook, 34, died in France June 16. No other information was given.

Mrs. Cook received a letter from her husband that was written June 14. In another letter he wrote that his nerves were all shot and he needed a rest.

Cpl. Cook was employed at the H. O. Wooten Wholesale Grocer before entering the service in October, 1942. He received his training at the Big Spring Bombardier school and the Midland Bombardier school. Cpl. Cook was also stationed at San Antonio before going overseas in September, 1943. He served in Ireland, England and France with the 321st transport squadron.

His home was in Lynn county but he had been a resident of Big Spring for the past seven years. Mrs. Cook is employed by Cunningham & Phillips.

**F.D.R., JR.**—This picture of Lt. Cmdr. Franklin D. Roosevelt, Jr., USNR, commander of a destroyer escort, was made after his recent return to Guam from a 78-day cruise.

**Loss Of Arm Can't Stop Wedding Plans**

BEAUMONT, June 28 (AP)—Loss of an arm in an automobile accident did not prevent Roy S. Hanna, 21, of Nacogdoches with proceeding with plans for his marriage to Miss Oneta Wagstaff of Orange.

The operation was performed early yesterday morning at a Beaumont hospital and Wednesday night the couple were married in the hospital ward.

**FEPC Fight, Budget Clean-Up Collide On Senatorial Floor**

WASHINGTON, June 28 (AP)—The house rules committee today blocked off house action on any new funds for FEPC, while a senate talkaton prevented consideration of a proposed FEPC appropriation in that chamber.

The combined actions presaged a demise for the Fair Employment Practice Committee by the end of the week.

The rules committee tabled and thus laid aside legislation to appropriate \$125,000 to wind up the affairs of FEPC within three months, leaving the agency no funds with which to operate after June 30.

In the senate chamber, Senator Bilbo raised his voice against a proposed amendment to a war agencies appropriation bill which would grant funds to the FEPC.

Bilbo (D-Miss) talked against it for three hours and 32 minutes yesterday, forcing the senate to quit until noon today without acting on a pending war agencies' appropriation bill.

As long as Bilbo can talk, he has the floor. And until he yields the floor the business of the senate can't go on.

"And like Tennyson's brook, I can run on forever," he said.

He allowed Senator Connally (D-Tex) to report on the San Francisco United Nations Conference, but the understanding is that Bilbo is simply "yielding temporarily."

**Thurman Speaks To Kiwanis Luncheon On Why Buy War Bonds**

Robert Stripling, who had charge of the program of the Kiwanis club weekly luncheon Thursday, introduced Ira Thurman, Howard county war bond chairman, who discussed "Why Buy War Bonds."

"Go around Big Spring and look at your churches, schools, industries, and veterans who have returned from overseas duty," Thurman advised, "then go home and look at your children. That's why Americans should buy bonds."

Ted Groehl, chairman of the Seventh War Loan, expressed appreciation to the people of Big Spring for their cooperation in going over the top on the war loan.

Elra Phillips spoke on and distributed pamphlets about the handling of the American flag.

**Wednesday Heat Sets New City High**

Wednesday's 109 degrees was the hottest ever recorded by the US Weather Bureau here.

At the same time, the US Experiment Farm, which has weather records dating back 45 years, recorded 111 degrees, the highest figure in 21 years and only one degree off the all-time record of 112 degrees reached June 15, 1924.

While the temperature touched new highs, the heat wave does not yet compare with the tenacious blistering that baked Big Spring and vicinity under 12 consecutive days of 100 to 108 degrees the latter part of July and forepart of August last year. That one was the worst on record.

The temperature had reached 93 Thursday at 12:30 p. m., the weather bureau reported.

**Attack Fatal For Frances A. Jones**

Miss Frances A. Jones, 78, died at a local hospital shortly before noon Thursday from the effects of an heart attack.

She had been taken to the hospital shortly after she had suffered an attack.

The body was at the Nalley Funeral home and arrangements were pending.

Miss Jones had made her home at 500 E. 14th street.

Survivors include a sister, Mrs. C. C. Smith, Fort Worth; and three brothers, Finis Jones, Fort Worth, Charles Jones of Arkansas, and Madison Jones of Bono, Tex. Mrs. Horace Reagan, Big Spring, is a niece.

**Area**

(Continued from Page 1)

**Violations of traffic laws.**  
Judge Tracy Smith of the city court and Walter Grice, justice of the peace, described the handling of traffic cases in Big Spring.

It was the consensus of all officers present that the traffic problem would be a greater menace during the period following the war than ever before, due to bigger, better and faster cars, and to the fact that many servicemen will be able to afford automobiles who never had before.

The series will end Friday with a session at Brownwood, following on Thursday at San Angelo.

**Weather Forecast**

Dept. of Commerce Weather Bureau

**BIG SPRING AND VICINITY:** Partly cloudy this afternoon, tonight and Friday. Little change in temperature.

**EAST TEXAS:** Partly cloudy this afternoon, tonight, and Friday, not quite so warm in northwest portion Friday. Fresh to occasionally strong southerly winds becoming northwest over northwest portion Friday.

**WEST TEXAS:** Partly cloudy this afternoon, tonight, and Friday, not quite so warm in Panhandle and South Plains tonight.

**Court Imposes Two Sentences**

Two sentences were imposed in 70th district court here Wednesday when Judge Cecil C. Collings revoked the suspension of a term on Robert Moore, charged with car theft.

Moore, convicted here and given a five year suspended sentence, had a two-year sentence assessed in Abilene earlier in the week. Deputy Sheriff A. D. Bryan returned him Wednesday from Abilene and Judge Collings ordered Moore to serve the five years. Moore also is wanted in Sweetwater.

Wilma R. Lorenzen, held in custody for more than a month on a swindling charge in connection with issuance of a bogus check to a women's clothier, entered a plea of guilty and was given a two year suspended sentence by the court.

**School Meet Medals Ready For Presenting**

It's a bit tardy, but Walter Reed, high school principal, is now ready to present interscholastic league medals won in the district meet to Big Spring students.

The medals, earned in April, arrived this week. There are 21 of them earned in declamation, extemporaneous speaking, typing and in track and field events.

**Driving Fine**

A fine of \$50 and costs was imposed on N. A. Tankersley by County Judge James T. Brooks on Thursday after Tankersley entered a plea of guilty to a charge of driving while intoxicated. His driver's license was suspended for six months. Sheriff Bob Wolf and John Wood, highway patrolman, took the defendant into custody near Coahoma.

**HOME FROM SCHOOL**

Cornelia Frazier, who has been attending the University of Texas during the summer term, has returned home to visit with her parents, Mr. and Mrs. Bruce Frazier. She plans to leave July 14 for Mexico City.

**Bog Down Threatened In India Government**

SIMLA, India, June 28 (AP)—The Wavell conference in an interim government for India faced danger of collapse today as a result of an impasse between the Moslem and Congress parties over Moslem representation in the proposed new government.

Pessimism mounted hourly as it became evident that neither party was prepared to yield on the question of whether Moslem league members would be the only representatives of Moslems to be allowed in the government. Some Moslems are not league members.

**Firemen Called To Shut Off Ammonia**

City firemen made two calls Wednesday night to stop leakage of ammonia gas from electric refrigerators. The first was at 6:30 p. m. in the home of Mrs. B. F. Wills at 200 Nolan street. The second occurred at 11:55 p. m. at the Morris System grocery at 504 Johnson.

Firemen had to don masks and shut the gas off from the pipes of the refrigerators, then air the gas out of the buildings. Fire Chief H. V. Crocker accounted for the run on gas leakages to the fact that many electric refrigerators in use now are old models.

A grass fire set by children at N. Second and Bell streets at 6:45 p. m. was also put out.

**Action In Slaying Case Awaits Orders From War Dept.**

SAN ANTONIO, June 28 (AP)—Action in the case of Pvt. Fred Hulse, negro soldier, convicted at Camp Barkeley, April 19, 1944, of killing Pvt. Eugene Pinckney, another negro soldier, will be taken when orders are received from the war department, it was announced by the Fourth army public relations office. An application for writ of habeas corpus in federal court had delayed execution ordered under a court martial sentence.

Three other negro soldiers were also wounded at a dance in the service club at the time Pinckney was killed. According to testimony, Hulse had been denied admittance to the dance for negro soldiers and was alleged to have fired the fatal shots through the door.

**Services Changed**

Services at the St. Mary's Episcopal church Sunday will vary from those previously announced in the absence of the rector, the Rev. Charles Abele. There will be Sunday school at 9:45 a. m. and lay reading at 11 a. m. The communion services will be delayed until July 8 when the Rev. Mr. Abele will have returned.

**B&PW EXECUTIVE MEETING**

The executive committee of the Business and Professional Women's club was called for a meeting by President Lillian Hurt Wednesday for naming committee chairmen for the ensuing year. Prospective committee heads were to be advised of their appointment this week.
