one of many such penalties for the Cats throughout the game. Going around right end in the second play, McCaneles loped 52 yards down the sideline for the second score. The kick for point by Cox was good and the count stood 14-0.

Crosbyton's right halfback, Dick McDuff, received the next Wildcat kick on the 20 and moved back to the 26. In their first play the Chiefs gained 2 yards. Then Mason tried a hole at left tackle, only to be downed by Freddy Howard on the line of scrimmage. Hash took the ball in the next play and ran back to his own 10-yard line to pass, but was tackled by Wildcat Co-Captain, Left End Bobby Cox before he could get rid of the ball.

Wildcat quarterback, Joe Wal-

den took the Crosbyton kick on the 50 and made yardage, only to be brought back to the 50 when a clipping penalty was exacted. An incomplete pass to Cox and a gain to two yards by McCaneles came before Renfro smashed through the center of the line for nine yards and a first down on the Crosbyton 38. A handoff play to Reels was stopped when he was tackled on the Chiefs' 40 marker for a two-yard loss. The Chiefs narrowly averted another Wildcat score when McCaneles went to the 21-yard-line before going down. He fumbled, however, and Crosbyton recovered.

On the offensive again, the Chiefs' Quarterback Bill Mason moved ahead two yards. Another Wildcat penalty put the ball on the Crosbyton 25. When the play was done over again, the Chiefs gained four more, but in the next play McDuff fumbled on his own

30 and Wildcat Left Tackle Arlene Wesley recovered.

Driving for their third score, the Wildcats began to move when McCaneles plowed around right to the 22 yard line, where he was stopped by Chiefs Davis and Brewer. Another one-yard gain and still another to the nine-yard line for a first down put the Wildcats in scoring position again. Then Northam took a pitchout from McCaneles and went across. The Littlefield backfield was in motion, however, and the ball was returned to the 14. McCaneles tore through for four, Renfro took a handoff from McCaneles and made two more, leaving the Wildcats with a first down and goal to go. Northam took the ball on the eight ripped around left end and over for the score. Cox' try for the point failed, and the count remained 20-0.

Littlefield's kick was returned from the 45 to the Crosbyton 49. McDuff took it into Wildcat territory on the 49 and Harris plowed all the way to the 43, but the play was called back on a penalty. At this point the first quarter ended. In the second quarter Suddeth went around right end and was downed on the 44. After another attempt through the line, a kick, a penalty, and another kick, the Wildcat took possession on their own 20.

The Wildcats managed to move forward eight more yards before kicking to the Chiefs. The Littlefield team was composed now almost entirely of 'B' team men.

A fumble and a pass play set up Crosbyton's lone touchdown. The Chiefs recovered Reel's fumble on the Wildcat 35, and an off-side penalty moved the ball to the 30. But the visitors drew a similar fine which returned the ball to the 35. From there Hash faked a handoff, faded deep and passed to End Darwyn Fowler, who had gotten behind the Littlefield secondary. Fowler took the ball in the clear on the Cat 15 and reached the nine before he was hauled down from behind.

It was Hash the rest of the way. He smacked center for six yards, one yard, and then two yards which produced the touchdown. His placekick attempt for the extra point hit the upright and was no good, leaving the score 20-6.

After the Crosbyton score the Wildcat regulars returned to the field. They took over on their own 30 and drove to the Chiefs' 34. A pass from McCaneles was incomplete, and Renfro fumbled on the Crosbyton 29, where the visitors recovered.

Arlen Wesley and Renfro smashed in to down Hash on his own 30, brought the ball back to the 24, where McDuff took it another yard. A penalty on the next play put the Chiefs on the 9 from where they kicked to the Wildcat 47.

The Wildcats took over on their own 49, and Northam began things by taking a handoff from McCaneles and plowing ahead 22 yards. Renfro's next touchdown run was called back to the Chief 11 when the Wildcats were penalized for backfield in motion. Northam

plowed through center for four. McCaneles passed to Northam, but the try was unsuccessful. On third down, McCaneles hid the ball on his hip and tore around right for the score. The conversion kick failed again and the score remained 26-6.

No more scores were made during the first half. The Wildcats kick gave the Chiefs the ball on their own 17, where Hash, after three downs and one yard gained, kicked out on his 36-yard-line.

In possession of the ball again, the Wildcats tried four passes, all of which failed.

The first half ended after Crosbyton made only two plays.

The Wildcats began the second half when Renfro took the Crosbyton kick on his own 15 and sunfished all the way to the mid-field stripe. The final score of the night was made in the next play when Northam shot around left and outran the Crosbyton team to score. McCaneles attempted a pass for the extra point, but it fell incomplete.

Crosbyton took possession of the ball on their own 20, where their returning the Wildcat kick was stopped. Hash was next downed on the 19 by three Wildcats who broke through the line. Hash handed the ball to Suddeth, who was stopped on the 26. The Crosbyton team made a first down when Hash went through center to the 30. Another blow through the center put Hash on the 33. He tried again and made one yard before he was smacked by Glenn Barnett and Bobby Barker. Suddeth made another yard to the 35. But on the fourth down a pass from Hash was intercepted by Joe Walden and he was downed on the Chief 46.

McCaneles tried another pass, which was completed and put the Wildcats on the Crosbyton 30. Two more incomplete passes brought up third down, on which a McCaneles-entro pass was fumbled, and Crosbyton recovered on their own 31.

In possession again, the Chiefs plowed ahead for another first down, putting the ball on the mid-field stripe, from where Hash kicked to the Wildcat 18.

The Wildcat eleven, composed once more almost entirely of reserve men, edged to their 28 before they kicked to the Crosbyton 47.

Still fighting with all they had the Chiefs wracked up two more first downs and landed on the Wildcat 20, seemingly on their way to another counter until Reels intercepted a pass and went down on his own 22.

Littlefield penalties began again in the first play from scrimmage. They were on their 15 when Beckner went to the 23. Tommy Meers then took the ball to the 38 and accounted for another first down. Still another penalty brought the ball back to the 33.

In a series of plays marked with gains and penalties the Wildcats made their way up to the Crosbyton 48, where the ball went over to the Chiefs.

Hash took the ball on the first Chief play and slammed over to the Littlefield 46. Power-driving ahead again, Hash carried the ball three times to move up to the Wildcat 34. A pass from Hash to Roy Armstrong was incomplete. Savage took the ball on the next play, moved back to pass, was downed on the 40. On the fourth down Hash kicked to Joe Walden, who took the ball and was downed on his own 16.

A pass to Cox was complete and he was tackled on his own 45, another first down. After two passes, one successful, the other not, and a penalty, the Wildcats ended up facing their second down with 15 yards to go on their own 40. Then Renfro faked a pass, broke and ran instead and followed McCaneles interference to the Crosbyton 40, totaling a gain of 20 yards. Then Northam took over, receiving a handoff and making it to the 18 before going down. Repeating the performance he progressed to the 18 before being tackled. The play went over, however when the Wildcats were penalized 15 yards for offensive holding. Brantley and Northam, fighting against time, plowed forward another 11 yards. The Cats lost possession of the ball when Renfro fumbled.

With time for only one more play the Chiefs tried desperately to score. Hash hurled a long pass downfield, but it fell incomplete and the game ended.

coming. A. D. Jones, formerly of Littlefield, now of Hereford, couldn't see Jimmy standing on the side of the highway. The car going south was in his line of vision.

The screams of brother Glenn and sister Helen brought gin manager, Jack Howell, who was working in the gin office. He rushed to the side of the child and lifted him in his arms.

Another car, driven by R. G. Carruthers, in the direction of Littlefield happened by.

"Put him in here," Carruthers said.

By that time Jimmy's father had reached the scene. Howell handed the child to Joplin.

"I think he's dead," Howell said. "Yes," said the father. "I guess he's dead."

But maybe there was hope. Some small spark might still be there.

They put the unconscious form into the Carruthers car. Joplin got in and they sped away toward Littlefield.

Meanwhile Helen had been sent to the Springlake Cafe to bear the tragic news to Mrs. Joplin.

Both Mr. and Mrs. Jones were in a state of shock. Mrs. Jones, face white, sobbed and said, "Get him to a doctor." Shortly after the Carruthers car left, Jones turned around and started back to Littlefield.

Howell, who stayed behind to keep things in order as much as

possible, put Mrs. Joplin in a car driven by Leslie Watson. Then he, too, left for Littlefield.

The hope that had been, was gone when Jimmy's body was brought to Littlefield hospital. He was pronounced dead on arrival.

Later in the afternoon, Howell said he had seen lots of folks die, lots of soldiers killed. "But nothing as bad as this."

The body was taken to Plainview by an ambulance from Lemmons Funeral Home. Interment will be at Meadow. Funeral arrangements were still pending Monday afternoon.

On the trip back home Jimmy was in the lead. He stood at the edge of the highway and waited for a car to pass going south. He didn't think about the fact that another car might be out of his sight coming from the other direction. Danger was something that didn't bother him much anyway. He was on his way home. That was the important thing for him right then.

Jimmy, spunky and full of life and energy, rushed across. A swish of brakes on the wet pavement, a sickening thud, and Jimmy lay crumpled and limp on the road.

Squint's Drumming For Fair Play!

Squint Miller's mighty proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Coach Herman Raphael's Morton Indians, who will clash with the Littlefield Wildcats at Morton October 27, report a dismal and unsettled outlook for their team this year.

The Indians, who open the season Friday with the Abernathy Antelopes, are reported weak in reserves and completely outclassed in weight and experience by most of the teams on the 1950 schedule, a rugged slate, which includes, besides the 1949 State Champion Wildcats, Levelland, Brownfield, Post, Muleshoe, Slaton, Ralls and Taboka.

Most of last year's players will be on this year's team, but Coach Raphael admits, "We're in a tough district and it will be pretty rough on us. We don't have enough reserves and are an inexperienced team. It's hard to predict how we will come out."

Two Indian forwards weigh 200 pounds, but Coach Raphael says nearly all other position will be weak in weight.

Bumper Cotton Crop Forecast

Another bumper cotton crop loomed Saturday for the South Plains as the arrivals of first bales marked the start of the 1950 harvest.

Prospects, however, did not appear as bright as they were a month ago, as emphasized in the monthly forecast based on crop conditions Sept. 1 issued by K. N. Clapp, dean of the area's cotton observers.

Clapp said present conditions point to a crop of \$22,000 bales—a huge production, but a drop of \$1,000 bales from his Aug. 1 forecast of \$23,000.

This region appears certain to retain the record of producing more cotton than any area of comparable size—about 20,000 square miles—in the United States, if not the world.

In cash value, the indicated crop should range between \$150,000,000 and \$200,000,000.

Clapp attributed the reduction in his forecast since Aug. 1 almost entirely to the need for rain on the more than 850,000 acres of unirrigated land planted in the staple above the Caprock.

He accompanied his forecast with the further statement that cotton on most of the unirrigated land must have rain within the next week or suffer further serious damage. This Clapp said, applies particularly to Dawson, Lynn and Terry Counties, which have more than 500,000 unirrigated acres—well over half of the South Plains total—in cotton.

Clapp, who has been observing cotton above the Caprock since 1923 for Anderson, Clayton & Co., of Houston firm, termed the condition of the crop "excellent" on the approximately 600,000 acres of irrigated land in the staple.

Large Yield Per Acre Seen

The prospects still are favorable for the largest yield per acre in South Plains history, although the production now forecast is short of the ginings of three previous years—1,684,000 in 1949; 953,000 in 1947, and 944,000 in 1948.

The acreage in each of those years, however, was substantially larger than the 1,450,000 estimated by Clapp still to be in the staple this year. Last year's record-breaking crop came from about 2,750,000 acres.

The biggest cuts shown in his

new forecast table, as compared with the predictions of Aug. 1, were in Lynn county, from 110,000 to 75,000 bales and Lubbock county, from 170,000 to 135,000.

His forecast for Dawson county remained unchanged at 70,000 bales. But he noted that Dawson is the county which is likely to suffer most unless rain falls soon. The county has more than 200,000 acres of unirrigated cotton land.

Lubbock to Hold Lead

Despite the reduced prediction, Clapp expects Lubbock to retain position as the largest cotton producer on the South Plains. Nearly 200,000 acres of the county's cotton fields are irrigated, less than 50,000 unirrigated.

However, if the Lubbock county production is no larger than the 135,000 bales forecast by Clapp, it is questionable whether it can retain, for the third straight year, its place as the top cotton producing county in Texas.

Hockley county is rated second in Clapp's table, with a Sept. 1 forecast of 120,000 bales unchanged from that of a month previously. Hockley has approximately 100,000 acres of irrigated cotton and around 75,000 acres unirrigated.

While all observers apparently agreed continued dry weather will reduce the crop, they seemed equally unanimous that rain within the next one to three weeks would necessitate an upward revision of forecasts. General moisture within the next week or 10 days probably would send ginings close to the 1,000,000-bale mark, providing the first killing frost occurs no earlier than the average date, No. 11.

An early frost undoubtedly would reduce the production many folds, the larger the crop almost thousands of bales. The later the certainly will be, a prospect emphasized by the fact that much of the cotton was planted two to three weeks late. The earliest frost on record here occurred Oct. 19, the latest on Dec. 5.

While insects still are present over large areas, Clapp's survey indicated that they are under control. Poisoning is heavy, especially of leaf worms. Approximately 100 airplanes are being flown on a dawn-to-dusk schedule as the principal factor in spreading the poison.

He estimated that, due to precautionary activities, the insect damage has been less than 5 per cent of the total crop. Important contributors to this record, he noted, were the demonstration

conducted early in the season by county farm agents under sponsorship of the Texas Extension service and under the direct supervision of Guy Carpenter, extension service entomologist.

Without these demonstrations which were attended by several thousand farmers who were taught how to recognize injurious pests and how to combat them, the insect damage this year might have reached disaster proportions, Clapp said.

Although first 1950 bales have been ginned in several counties and communities, the large-scale harvest of the crop is not expected

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky

that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only see your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Mr. and Mrs. Albert Dukatnik

Miss Peggy Ann Timmins, daughter of Mr. and Mrs. Charles Timmins of Hart Camp, and Albert Dukatnik, son of Adolph Dukatnik, were married Sunday evening at the Hart Camp Baptist Church, with Rev. Charles Vandlingham officiating with the single ring ceremony.

The ceremony was performed before a background of evergreens, flanked by tall baskets of rust colored chrysanthemums and mandealabra.

Given in Marriage by Father
The bride wore a black street length sheer dress with black accessories, and a corsage of white rose buds.

Bridesmaids were: Miss Wanda Mae White and Miss Wanda Lou Presley.

Miss White wore a tan dress-maker suit with green accessories, and a white rosebud corsage.

Miss Presley wore a navy dress with black accessories and a pink rosebud corsage.

Brother Is Best Man
John Dukatnik, brother of the groom, was best man.

Miss Meka Waldo played the traditional wedding marches, and also played "Always," accompanied Carl Timmons, brother of the bride, while he sang "I Love You Truly."

Following the ceremony a reception was held in the Hart Camp school auditorium.

Reception Is Held
Mrs. Junior Muller presided at the bride's book.

The bride's table was laid with lace cloth and centered with a three tiered white wedding cake, topped by miniature bride and groom, at one side of which was a bowl of varied colored asters and at the other the crystal punch set.

Misses Reed, White Pour
Misses Charyne Reed and Wanda Lou Presley poured the punch, while Misses Wanda Mae White and Betty Whitfield cut and served the cake.

The happy couple are at home at Lubbock.

Guests were present from Littlefield, Spade, Fieldton, Hart Camp and Kress, Texas.
