LITTLEFIELD "GOES OVER THE TOP" FOR THE JUNIOR COLLEGE

Commissioners Vote Unanimously for Lamb County Farm Agent

CONSTRUCTION ON BUILDINGS WILL START IN 30 DAYS

Friday afternoon Littlefield "goes over the top" in its financial campaign for securing the Junior college location here. A big mass meeting was called for that afternoon, held in the Palace theatre, and under the direction of Dr. G. H. Bryant, of Denver, Colo., \$5,000.00 remaining portion, was quickly subscribed.

For more than a month past Littlefield citizens had been threatening both the surrounding country and the college location. The college had been offered 1,416 acres of land on which to locate its buildings and other activities. The land to be donated was valued at approximately \$75,000.00. Littlefield, small town tho it is, had before undertaken some large projects. It had never failed. There was a much greater understanding than its citizens had ever before entered into. However, they did not hesitate, but plunged enthusiastically and confidently into the work.

Large donations were quickly obtained, then dropping down a step, a series of smaller donations were received. Reaching a still higher mark the donations continued coming in, each not counting so large, but in the aggregate all contributing toward the final goal. With but few exceptions, every citizen did his part, and did it well. Many of these people not only contributed liberally, but gave their time in an unselfish manner, some of them virtually quitting their work or business to devote their best efforts to this worthy cause. Numerous names of those manifesting their intense loyalty might be cited, but they would be too long a list for publication. No man was seeking any personal glory, no man stopped to count the amount of his contribution, but as a whole they threw themselves into the work with determination that it should be successfully accomplished. And it was. The honor of Littlefield was at stake; that honor has now been upheld.

Friday afternoon there came a new chapter in the history of the campaign. It appeared that nearly every cent obtainable had been subscribed. \$4,000 more was needed to complete the task. Dr. G. H. Bryant, known psychologist and telephonic, was at that time in Littlefield. He volunteered to put the amount "over the top." He did, and in a very short time. Apparently with no effort, yet to the amazement of many local citizens Dr. Bryant obtained the worthy cause and needs, appealing to the local patriotism of the people, advising them of the benefits accruing from the proposed college. It was apparent that even before the doctor was ready to begin his subscriptions many were anxious to make contributions. And within a few minutes after the opportunity was presented, the deed was done and the sum realized.

Of course, there are yet several details to be worked out before the college officials will be given construction. The land has all been contracted to and this week abstracts are being examined, payments made and the manager for the college, accompanied by other interested representatives, will be in Littlefield next week, the 16th and it is confidently expected that material will begin to arrive on the ground within the next three weeks, while the actual construction will begin within the next 30 days. The initial contract for the college buildings calls for an expenditure of \$482,000 this year, and plans to open the first term of Littlefield College September

OLD FIDDLERS CONTEST

Amarillo, Texas, April 12.—More than 25 counties in the Panhandle, Eastern New Mexico and Western Oklahoma, are staging old fiddlers contests, the winners to be entered in the championship old fiddlers contest to be staged by the Amarillo Tri-State exposition in Amarillo, April 27. The entrants in this big event in which \$250 is offered in prizes must be winners of county contests.

Milt Trout, Castro county, winner of second place here recently is the first county winner to be announced. All county contests are to be finished by April 17 in order that the winners may be entered in the fair contest. The big event in Amarillo bids fair to surpass the first contest held in March in every respect. 20 fiddlers competed before 2,000 persons at that time.

CUNNINGHAM CHILD DIES

Joe Robert, four year old son of Mr. and Mrs. J. B. Cunningham, died April 6, of stomach trouble, at the home of his parents near Bula. Burial was in Littlefield cemetery Sunday afternoon with Burleson-Mason undertakers in charge.

HAVE WEINER ROAST

Galvin Irvin chaperoned his class of manual training boys and invited guests, on a weiner roast, to Yellow House canyon, Tuesday night.

A sumptuous feast of roasted weiners and marshmallows, fruit salad and drinks were enjoyed by a large number of young people.

Hey, Fellers,—They're Choosin' Up!

City Commission Authorizes Bids For Paving of Main Street to Highway

ORDER ENFORCEMENT OF SANITARY ORDINANCE REDUCES NUMEROUS COSTS, PASS SOME NEW ORDINANCES AND OTHER BUSINESS.

The Littlefield City Commission, meeting in regular session Tuesday night ordered the publication of ordinances relative to paving Main street and that bids for construction would be called for on May 3rd at two o'clock p. m. The paving project embodies all of Main street from the city park north to the north side of the highway and thence 1,050 feet leading east on the highway past the City garage and W. H. Heinen property. Also, all intersections and cross streets leading for one block each way from Main street will be paved. It is thought that actual work on the paving will begin within 20 days following the letting of contracts. Notice for bids will be found in this issue of the Leader, and citizens desiring to acquaint themselves with the plans and specifications of the work contemplated will find such on file in the office of the city secretary and subject to their access.

The Commission also ordered the enforcement of the Sanitary ordinance relative to sewer connections. This ordinance was passed at the time of the sewer installation some time ago and provided that property connections should be made within six months following such system installation. Later a prescribed section in the business district came in force and such connections were ordered made. Now it becomes mandatory that connections of such nature shall be made throughout the entire city where sewer lines are available.

It is explained by the Commission, on an investment of \$75,000, such as was entailed through installation of the sewer system, that it was poor business policy to have no more revenue returning from such investment. The present revenue per month from the sewer system is about \$90.00. The sum of \$4,500 in interest must be met by the city, besides what is necessary to be set aside in the sinking fund looking toward retiring of the bonds. Furthermore, it is stated that the sewer system was installed largely in behalf of sanitary conditions of the municipality—looking toward better health relations, and as such a means should be properly patronized

Snow Here Easter Day Makes Southerners Think Christmas Nearer Than July Fourth

A "white Easter," something very uncommon in this section of the country, was the experience of Littlefield citizens last Sunday.

It began falling Saturday, increasing as the temperature began tumbling into the mercury bulb. Occasionally there would be spasms of rain but principally the sky-juice was of a white flaky nature, melting into the ground as rapidly as it fell.

By night time there were indications of whiteness on terra firma, and Easter morning as some of the citi-

zens arose for the "sunrise" Easter service; they failed to behold the sun, but the ground was nicely hidden with a white coverlet much resembling Christmas time.

Throughout Sunday there was more or less drizzling snow, and again that night the ground was covered.

While the moisture content of the falling snow was not much, yet it is claimed by some of the farmers and gardeners of this section that will be of great value to growing wheat and, in some instances helpful for early spring crop planting.

TO ORGANIZE CO-OPERATIVE EGG MARKETING ASSOCIATION

A meeting will be held at the High school auditorium tonight, (Thursday) at 7:30 o'clock, for the purpose of organizing a co-operative egg marketing association for the section, the local organization to be affiliated with the parent management which covers eight counties in this part of the state. Manager Hatch, of Plainview will be present to explain the details and merits of the organization.

All farmers and other egg producers of this section will be interested in this movement which is vital toward securing a more desirable outlet for their products and at higher prices and should not fail to attend this meeting.

THREE SCHOOL TRUSTEES WERE ELECTED LAST WEEK

Pat Boone and R. L. Hendrix were re-elected as trustees of the Littlefield Independent school district, and Jess Dow was chosen instead of Lee Bennett, whose term expired, at an election held here last Saturday.

The unofficial return show there were 149 ballots cast, as follows:

Pat Boone	80
R. L. Hendrix	80
Jess Dow	74
Lee Bennett	69
C. E. Strawn	64
Bill Williams	57
Mrs. J. M. Stokes	50

THOMAS GOES EAST TO IMPORTANT POST IN NEW ENG. STATES

R. S. Thomas accompanied by his estimable wife, left last Saturday for Springfield, Mass., where he has accepted a position as district manager for the Eastern State Barbers Exchange, his work carrying him through portions of Massachusetts, Connecticut and Rhode Island.

Mr. Thomas, before coming to Littlefield, was for seven years connected with Purdue University, Lafayette, Indiana, having charge of the Soils and Crop Department of that institution, and was recently asked to resume this position by the University, but on account of the larger opportunities offered and an increase in salary has accepted the place in the New England states.

During the four years Mr. and Mrs. Thomas have lived in Littlefield they have won to themselves many friends. Mrs. Thomas will be missed in social and church activities, while "Tommy" is so familiarly known to his fellow citizens will be missed in the various rotary and civic enterprises in which he actively engaged.

Mr. Thomas is well qualified, both by training and experience, to efficiently handle the duties of his new connection, and he and his wife carry with them the good wishes of many friends in Littlefield.

COUNTY FARM AGENT WILL BE AVAILABLE HERE DURING FALL

The Lamb County Commissioners Court, in regular session last Monday, voted unanimously for the employment of an agricultural farm agent for this county, his services to begin in the fall, possibly sometime in August or September.

The regular meeting of the Commissioners Court was largely attended by both town and country representatives from various sections throughout the county urging a favorable action on the matter. Petitions were also presented, signed in large numbers by farmers throughout the county, and it appearing that the majority of the farmers of this county were in favor of the measure, the Court so voted accordingly, appropriating the sum of \$1,600 toward the farm agent's salary, which sum will be matched by another \$1,600 appropriated by the Extension Department of the A. & M. College.

District Agent J. T. Eagan, of Austin, was present at the meeting and commended the Court very highly upon the forward step they had taken. He said he would probably be able to furnish an agent for this county some time during the coming fall, which would be the proper time for him to enter upon his work.

In presenting the matter to the court Mr. Eagan stated that the State had now received its appropriation from the federal government for this work; that Lamb county was next on the list to be supplied, and that action of some kind must now be taken on the matter held over for another two years time. He informed the court that the Chamber of Commerce in Littlefield had filed a \$1,000 guarantee with the Extension Department some 14 months ago in order to hold the relative position of this county in receiving recognition regarding an agent. This guarantee had now served its purpose, he said, and at this time it was up to the Court to take some action one way or another.

Most of the representatives present and sponsoring the county agent movement were farmers, all of whom spoke highly in favor of an agent for this county. Several of them had formerly lived in counties where the work of these agents had been in vogue and they spoke first hand as to the benefits accruing. Citizens attending from the Littlefield community were J. T. Elms, W. S. Mitchell, J. R. Henson, L. M. Ratliff, Geo. Hanks, E. S. Rowe and Jess Mitchell. Since Olton now has a prospect for obtaining a railroad there has been some increased activity in real estate matters in that section. In this respect Judge Oxford, of Plainview, appeared before the court asking a reduction of taxes on a large number of lots owned by his client in the county seat townsite, but no action was taken on his plea.

The general routine of business was also followed and current bill allowed by the court.

The financial report of M. M. Brittain, county treasurer was checked by the Court and found to be O.K., the treasurer being highly complimented upon the efficient manner in which his records were being kept. The records show that there is now on hand in the county depository the sum of \$59,875.59, or approximately \$20,000.00 more than at this time last year. The peak months of expenditure have passed for the year, and it is thought the county will be able to close its year's work with some money remaining in the treasury for the beginning of the coming year.

GETS STOLEN CAR

Sheriff Len Irvin picked up a stolen Pontiac sedan near Sudan last Saturday afternoon. It was the property of a man living in Roaring Springs, and was discovered on information from the sheriff of Floyd county.

(Continued on Page 8)

Pep Paragraphs

Mr. and Mrs. W. O. Fortenberry went to visit relatives near Groom, Texas, Friday.

Mr. and Mrs. J. F. Albus, Mrs. J. F. Gerik and sons, Eugene and Raymond, Mr. and Mrs. J. F. Murphy and Mr. and Mrs. J. E. Stengle attended Lenten services in Littlefield, Friday evening.

The trustee election held in Pep

last Saturday resulted in the re-election of the trustees whose term of office had expired. They are: J. F. Albus, M. J. Demel, H. J. Greener and J. E. Stengle.

The snow which fell here Saturday and Sunday greatly benefited the large wheat acreage in this vicinity.

T. O. Bray was attending to business in Littlefield, Saturday.

Mrs. J. F. Gerik and Mrs. F. S. Murphy did some Easter shopping in Littlefield, Friday.

Miss Jean Lupton spent the week-end in Pep.

J. F. Albus sold several head of cattle to a buyer from near Anton last week.

Walter Lupton, Jr., spent the latter part of the week with his relatives Mr. and Mrs. W. H. Heinen in Littlefield.

W. T. Jungman took his little daughter, Gladys, for medical attention to Littlefield, Monday. The little girl's leg which was injured by a splinter several weeks ago, is still giving her trouble. Though the splinter was removed the leg has not yet healed. An X-Ray picture was taken of the injured limb last week and revealed no cause for the failure of the wound to heal. The doctor in charge believes the wound will soon yield to treatment.

the Soul." Sunday, 11:00 A. M., "The Atonement." Sunday, 8:15 "The Two Mountain Peaks of Divine Revelation." —Contributed.

AUXILIARY MEETING

The Presbyterian ladies Auxiliary met with Mrs. Cook and Mrs. Bills at the latter's home Tuesday afternoon. The meeting was opened by prayer by Mrs. Hilliard.

It was voted by the ladies to study the book, "The Moslem Faces the Future."

Following the business meeting the devotional was led by Mrs. Hilliard. An interesting lesson on "Africa," from the magazine, "Women and Missions," was given by Mrs. Cook, Mrs. Miller and Mrs. Wiseman.

Refreshments of cherry pie with whipped cream and coffee were served to the following members: Mesdames Bessie Baze, C. C. Clements, M. V. Cobb, J. S. Hilliard, Doc Miller, Anne Rutledge, F. G. Sadler, W. G. Street, Harry Wiseman, T. P. Wright, Selma Yohner and the hostesses.

The next meeting will be with Mrs. Cobb at the home of Mrs. Clements.

Some Mineral Mixtures Are Good for Porkers

Some of these simple mixtures are good for swine: Equal parts by weight of ground limestone and salt; equal parts of wood ashes and salt. These supply calcium, but no appreciable amounts of phosphorus. Equal parts of ground limestone, salt and either bone meal or ground rock phosphate. This furnishes both calcium and phosphorus. Nine parts of either bone meal or ground rock phosphate and one part tankage for flavoring. These mixtures also furnish both calcium and phosphorus.

The most necessary elements which are furnished by all mineral mixtures are calcium, phosphates and chlorine. All of the above simple mixtures supply these elements.

Experimental data shows that hogs which have access to good, succulent pasture are benefited to a very slight degree by mineral mixtures. Also, hogs which are fed upon a ration of corn and tankage respond very little to mineral mixtures. However, there is a place for mineral mixtures where hogs are fed an unbalanced ration, especially in the dry lot.

REV. RAMAY DRAWS GOOD CROWDS IN A BAPTIST REVIVAL

The Lord, in his tender mercy, has been pouring out blessing after blessing on the Baptist church since December. There has been some 50 additions and half as many conversions. The word has gone out that it is a place where wayward sinners meet God. It humbles our pride. In place of boasting there is contrition. The evangelistic fires in the regular services—a lost note in this age—were burning in every redeemed heart. Once again, we are understanding the mission of the New Testament church "and daily in the temple, and in every house, they ceased not to teach and preach Jesus Christ." Acts 5:42.

Rev. M. E. Ramay, of Wagoner, Okla., is doing the preaching in an efficient fearless manner. He loves God, His word, lost souls, and victory is sure. Hear him. Excellent singing, led by Bro. Happy Jordan—Mrs. Hopping and Mrs. Lucas at pianos. Services at South Ellis building each morning at 10:00 o'clock. We thank the loyal business men for closing one hour each day service.

Rev. Ramay announces the following themes:

Thursday evening 8:15, "Christ's Claims for the Gospel."

Friday evening, "Three Young men who would neither bend, budge, nor burn."

Saturday evening, "The Destiny of

OK

Because we are delivering more new Chevrolets than at any other time in our history, we are offering a number of exceptional values in reconditioned used cars.

Our used cars carry an official O. K. tag which is reproduced on this page. Attached to a used car by a Chevrolet dealer it signifies that every vital part of the car has been inspected, properly reconditioned and where worn, replaced by a new part. This plan enables anyone to select a used car with absolute confidence as to its satisfactory operation, and the price is absolutely fair and right.

Reasons why you should buy your used car from a Chevrolet dealer

- 1—Chevrolet dealers have been selected by the Chevrolet Motor Company on the basis of their financial responsibility and dependability.
- 2—Chevrolet dealers offer used cars on a plan originated and endorsed by the Chevrolet Motor Company.
- 3—Chevrolet dealers have the necessary modern tools and equipment to properly recondition used cars.
- 4—Chevrolet dealers desire the good will of used car buyers the same as they enjoy from new car buyers.

A few of our exceptional Used Car values "with an OK that counts"

CHEVROLET TOURING, 1926
Excellent condition, looks good. \$120 down, balance easy terms.

FORD COUPE, 1924
You will have to see this coupe to appreciate its value.

CHEVROLET TOURING, 1926
This car has good paint job, new top, seat covers, motor overhauled, good tires—miles and miles of good service in this car.

FORD COUPE, 1926
This coupe is good looking and is in the very best shape. Priced to sell. Terms if desired.

FORD TOURING, 1926
This car has been thoroughly overhauled, has new castings, looks good and is priced right. Terms.

FORD TOURING, 1924
This car is in good shape, good shape, good rubber, starter and battery good. Priced to sell at \$75.

Pep Paragraphs

Mrs. J. O. Alessan, J. F. Albus, Mr. and Mrs. F. S. Murphy and Mrs. W. P. Lupton attended the Saturday session of the Hockley county interscholastic meet in Bula.

J. E. Stengle recently added a nice garage to his farm improvements.

Mr. and Mrs. J. N. Williams, of Roswell, New Mexico, are visiting the family of G. C. Hillis.

Bernie Allison was absent from school last Friday and Monday because of illness.

Mr. and Mrs. F. S. Murphy and Walter Lupton, Jr., made a flying trip to Lubbock, Saturday evening.

Melba, Vera and Andrew Williams were enrolled as pupils in the Pep school Tuesday. Their parents recently moved here from Turkey.

H. J. Greener and W. T. Jungman were transacting business in Littlefield, Friday.

A. G. Jungman and family were visitors in Levelland, Saturday.

W. P. Lupton, of Tulsa, visited his

family in Pep, Sunday.

J. F. Gerik and W. P. Lupton were in Morton, Monday.

Child Badly Cut

Little Walter Gerik narrowly escaped a fatal accident last week. His older brother, Alvin, aged eight, was digging with a grubbing hoe in a flower bed. Just as Alvin brought the grubbing hoe on the down stroke the younger child stooped his head under it. Walter sustained an ugly though not a serious gash on the head.

(Too late of last week)

Pep Wins Places

Three first places and one third place in forensic contests at the Hockley county interscholastic meet were won by the pupils of the Pep school.

In the rural school division Thelma Dempsey won first place in senior declamation; Katherine Lupton first place in Junior declamation. The senior spelling team from Pep composed of Bernice Allison and Walter Lupton, Jr., won first place, while its sub-junior spelling team won third place. Pep also entered contestants in junior spelling, but we have not yet heard who won in this contest.

Pep is proud of the creditable record made by its school in forensic contests.

Whitharral Items

Miss Louise Houk, of Lubbock, spent the weekend with homefolks here.

Mrs. W. T. Hanes was a visitor last Saturday in Lubbock.

W. O. Workman spent Saturday in Lubbock.

Mrs. Chas. Houk and daughter, Mrs. Elton Houk, were visitors in Littlefield, Tuesday.

Mr. and Mrs. A. J. Pace and family were visitors in Littlefield, Saturday.

Mr. and Mrs. E. V. Duke visited in Littlefield, Saturday.

Mr. and Mrs. W. O. Workman visited in Sudan, Tuesday.

The Whitharral baseball team played the Levelland team Wednesday, in Levelland.

Lee Crownover was a visitor in Littlefield, Friday. Mr. Crownover is the owner of a new Chevrolet sedan.

NEWS FROM ANTON

Pat Cox has returned from Hico, where he has been visiting friends and relatives for the past week.

Miss Grace Conner visited friends in Littlefield this last weekend.

The Anton Independent base ball team came out Thursday to play the High school boys, but owing to the severe dust storm that came up immediately after the game began it was postponed until a later date.

Due to the bad weather the Easter program given at the High school auditorium Sunday night was not so well attended as expected. However, the program was a wonderful success.

The Anton Independent base ball team have fixed up the building adjoining the barber shop and drug store for Ernest Leatherman, their manager.

The Seniors have begun to get up their play, "Forest Acres," but due to the small senior class several students from other grades were placed.

Miss Loula Denham visited in Lubbock, Saturday.

Mrs. Bryan visited home folks in Slaton last weekend.

Miss Mercedes Allen visited in Littlefield last weekend.

Mrs. Charlie Bruce went to Post, Friday to spend the weekend with her husband.

Base Ball Game Friday

The Anton High school base ball team played Shallowater Friday to a very thrilling close. The weather was fine and all the boys seemed to be in good condition. The scores were tied several times during the game and at the close of the ninth inning the score stood at 10-9 in favor of Shallowater. The Shallowater boys are to return the game Wednesday on the local ball diamond.

Lubbock High School Band Program

The Lubbock High School Band, directed by James W. Crowley, and made up of selected musicians, entertained at the High school auditorium last Friday evening at 8:00 o'clock. "Wiggins" an Irish magician, was a special added attraction of the program. Twenty-five per cent of the proceeds of the entertainment went to the Athletic club.

NOTICE TO BIDDERS

Sealed proposals addressed to the Hon. Jess Mitchell, Mayor of the City of Littlefield, Texas, will be received at the office of the City Secretary until May 3, for furnishing all necessary materials, equipment and labor for constructing certain street improvements for the City of Littlefield, Texas.

Bidders must submit certified check in the sum of five per cent (5%) of the amount bid, payable without recourse to the order of Jess Mitchell, Mayor, as a guarantee that bidder will enter into the contract and execute bonds in the forms provided within ten days (10) after notice of award of contract to him. Bids without the required check will not be considered.

The successful bidder must furnish bond for fifty per cent (50%) of the sum bid on the attached form from a responsible surety company satisfactory to the City Commission.

The City reserves the right to reject any and all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions.

Proposals, forms, specifications and plans are on file at the office of the City Secretary, and of MONTGOMERY AND WARD, CONSULTING ENGINEERS, WICHITA FALLS, TEXAS, or may be secured upon deposit of Five Dollars (\$5.00), to be returned to the Contractor on submission of a bona fide bid on the work with such plans and specifications; or upon returning such plans and specification immediately after examination of same and advising the Engineer that bid will not be submitted; otherwise the deposit shall be forfeited.

Approximate quantities are
23,578 sq. yards excavation.
23,578 sq. yards Concrete, Brick or Vibrolithic Pavement.
6,877 Linear feet combined concrete curb and gutter.
670 Linear feet separate 24-inch concrete gutter.
784 Linear feet concrete headers.
E. C. CUNDIFF, City Secretary.
April 12, 19, 1928.

TREES IN WEST TEXAS

The only thing West Texas lacks is trees! Can you picture the rocky canyons dotted with scrubby cedars, and trees growing over the sandy plains? Can you picture brooks and creeks and water over the used-to-be sand beds, and fish and craw-dads in those streams? Small lakes dotted around with shrubbery, with no rattle snakes to chew you up, no coyotes to wake you every night with their howlings, and no sand storms to put your eyes out? Wouldn't we wonder what had happened to the good old plains? Green trees! With a little less school, a little more vacation! A chance to be lazy! A chance to lie in the sun and fish and plan and dream! I could stand a lot of this sort of thing!—David Glenn.

Ansel Stone, who has been in Lubbock for the last week is spending a few days in Littlefield.

GRAMMAR

Be careful of your grammar,
Don't let nobody find
You ain't been taught how you had ought
To speak what's in your mind.
I never knowed no person
What wouldn't find their speech
Improved a lot by learning what
The grammars have to teach.

Then grammar books will learn you
How English should be spoke,
So you won't make no bad mistakes
Like crude, uncultured folk.
Don't never talk like they does,
There ain't no reasons why
You couldn't be as smart as me,
And learn to talk like I.

Us educated people
Wherever we have went,
Finds others whom fills us with gloom,
Because they are content
Without no kind of care,
To speak the English language
Though if they looks, they's grammar books
To learn 'em everywhere.

SOME SNAP SHOTS

A married man always wonders
how a bachelor manages to finish the
story he tarted without some aid
from the back seat.

We read in an exchange that a
man an make an easy living out of
chickens. And some chickens can do
even better out of a man.

Women are never satisfied. Even
a grass widow can become green with
envy.

This is the day and age when an
outlaw robs you of money while an
in-law takes it on a promise to pay it
back.

These doctors who advocate walk-
ing for health seem to forget that
walking has grown to be pretty un-
healthy since the auto came.

It's almost as funny to see what
some women take to get this as it is
to see what they will take to get mar-
ried.

It begins to look as if all the relief
the farmers will get from Congress
will come when Congress quits talk-
ing and adjourns.

A St. Louis man has worn the same
pair of shoes 25 years. But some-
thing tells us his pants wore out fast-
er than that.

Why is it that the weight of a
woman's first baking is equal to twice
the ingredients?

If knowledge is power, then how
does it come that a prize-fighter gets
\$4000 an hour and a school teacher
has to be satisfied with \$40 a month.

Even though it is the dryest publi-
cation in America, no one has accused
the Congressional Record of being a
prohibition sheet.

And you can also lead a flapper to
a long skirt but you cannot make her
wear it.

A lot of outstanding politicians are
going to be standing out in the cold a
few months from now.

THE LOVE TRAIL

Here o' late I have a vision
And I'm believing it is true
That I must make a decision
Take the love-lit trail to you.
When the twilight starts to falling
Then begins my nights unrest.

Seems I hear your heart calling
Call from the one that I love best.

When the sun is red and glowing
As it goes over the horizon's line
'Tis then to you I must be going
'Tis for you my heart doth pine.
Up and down the land I've traveled
Pretty faces I've seen, too,
But your face, my love unraveled
I must hit the trail to you.

Makes no difference where I'm roam-
ing
I can feel the old heartache
In valley or mountains gloaming
I must take the trail for true love
sake.

Makes no difference where I'm goin'
On the land or ocean blue,
The love in my heart keeps imploirin'
To take that love trail back to you.

When a kid I used to fancy
Truer love far, far away
And I would get quite romancy
That 't would come to me some day.
Then one day I had a vision,
Come to me thru the Heaven's blu
And now I have made a decision,
To hit that old love trail to you.

There are four state and one Fed-
eral fish hatcheries in Texas.

LITTLEFIELD SERVICE STATION

Our garage is now in charge of
Mr. W. A. Ashmore, formerly of
Little Rock, Arkansas.

You will find Mr. Ashmore a
courteous gentleman to deal with,
a mechanic of superior ability and
many years experience in garage
work.

We are especially equipping our
garage with nothing but the best
and latest up-to-date equipment.

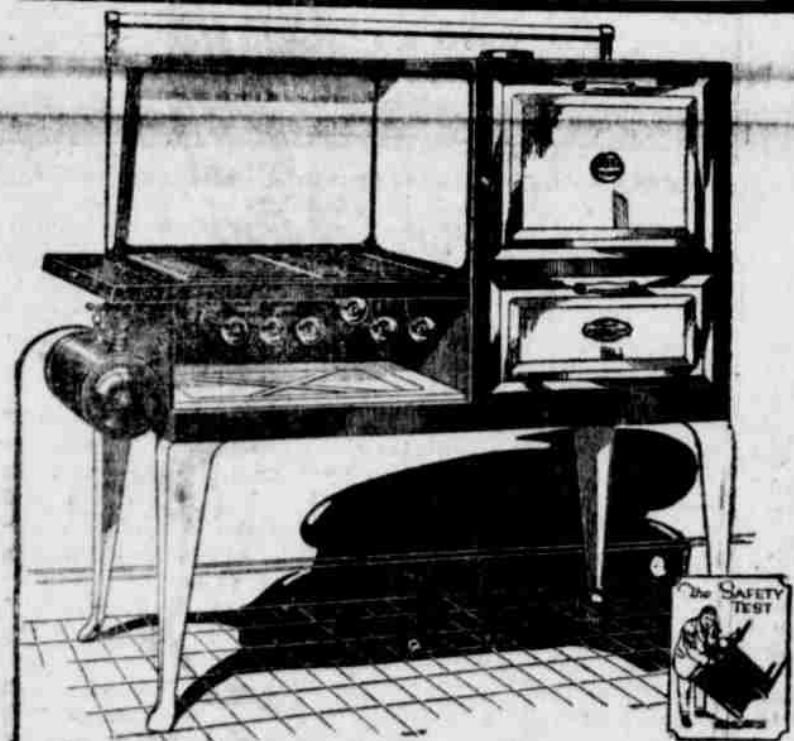

OUR MOTTO IS:
Service with a Smile

LITTLEFIELD SERVICE STATION

KITCHEN KOOK

THE WORLD'S EASIEST COOK STOVE

City Gas Convenience for Homes Without Gas

Every home no matter where it is located can now have the convenience of gas for cooking and baking. **Kitchenkook** brings you everything you can ask for and more; cleanliness, safety, convenience, economy, speed—faster than city gas at a lower operating cost. It makes its own gas from common gasoline. Takes less than one minute to light it. All burners are ready for use at once; turn on or off like gas. No delay, no waiting, no smoke or soot; keeps utensils clean and bright. Be sure to see **Kitchenkook**, the wonder cook stove, in operation. Then you will know you can never be satisfied with any other cook stove. Sixteen attractive models.

A Public Demonstration of this Stove will be given at our store

FRIDAY and SATURDAY, APRIL 13-14

A Factory Representative will be here at that time to explain its superior merits. Don't fail to attend

Braves Ocean Waves

Charles Seilitz, 68 year old boat-
house owner, who made a voyage from
New York to Miami, Florida, in a
twelve-foot rowboat. It was a journey
of 1,400 miles. Seilitz lost 20 pounds
on the trip and was nearly drowned
during several severe storms he en-
countered.

Always iron with the thread of the
goods, and iron until the garment is
dry. Otherwise it will pucker. Shiny
gloss on hems, tucks or seam, can be
removed by moistening a piece of
cheesecloth with clear water, wring-
ing it dry and wiping it quickly over
the shiny surface.

**ALEXANDER NOVELTY
FOUR A MUSICAL TRIUMPH
FOR CHAUTAUQUA**

"A triumph for those who love
music and a genuine novelty in
every sense of the word," is the
way one paper styled the Alexan-
der Novelty Four, who are the
third day number for Chautauqua
this season.

The Alexanders play more than
ten legitimate instruments in an
infinite variety of combinations.
Their presentation includes solo,
duet, trio and quartet arrange-
ments using cornet, clarinet, saxo-
phone, mellophone, violin, banjo,
banjo ukelele, piano, Hawaiian
steel guitar, and Spanish guitar.

Every member of the company
is versatile and an artist. An au-
dience has no chance to become
tired of the music since it is a
genuine novelty program as the
name indicates. The instrumental
numbers are spiced and inter-
persed with clever character im-
personations, and screamingly funny
monologues.

The program is a sparkling one
—brilliant, entertaining and origi-
nal. Their repertoire varies from
the classics to the latest popular
numbers with now and then a
dreamy, exotic Hawaiian melody,
played on the native instruments.
The comedy impersonations and
monologues add much clean fun
and amusement.

The Alexander Novelty Four is
headed by J. F. Alexander who,
as he says, "always could play a
band instrument." Mrs. Alexan-
der is the pianist for the quartet,
and also plays banjo, mellophone
and Hawaiian instruments. Anna
Blair Miller, the third member of

the company, is an unusually ver-
satile young lady. She plays four
instruments and has specialized in
vocal and dramatic work as well.
Marjorie Allen, who makes up the
quartet, is a student of the Bal-
win Wallace Conservatory at
Berea, Ohio. She is an accom-
plished violinist, monologist, and
vocalist.

Press comments concerning the
Alexanders are unusually favor-
able:

Barbourville (Ky.) Mountain
Advocate: "A wide variety of mu-
sical instruments and an excellent
repertoire of musical numbers, to-
gether with fine readings, a de-
lightful readiness to respond to
the frequent encores, and the
pleasing personality of all the ar-
tists made a most favorable im-
pression."

The Washington (D. C.) Post-
Rotary Club, Washington, D. C.:
"The musical selections rendered
by the Alexander Novelty Four
were the peppiest and most en-
joyed of any given for some time."

De Quincy (La.) Enterprise:
"The name expresses their ability.
Their program was out of the ordi-
nary. Strictly professional in
every way."

Waterville (Vt.) Record: "They
gave the best entertainment that
has ever been heard here. All cov-
ers of music are loud in their
praise. They were called back un-
til their encores were exhausted."

Pittsfield (Me.) Advertiser:
"The Alexander Four are, we be-
lieve, the most versatile group of
artists who have ever given an en-
tertainment here."

**"SUNSHINE DIETRICK"
HITS HOME WITH
"SACRIFICE HIT"**

An imaginary ball game with a
very real life and blood star is one
of the attractions for this year's
Chautauqua.

"Sunshine" Dietrick is one of the
celebrities of the platform. His
"Sacrifice Hit" has become a
Chautauqua classic. It is a study
in team work based on an imagi-
nary baseball nine which Mr. Die-
trick makes up from local profes-
sions and businesses. He will give
it on the second evening of Chau-
tauqua.

Mr. Dietrick has delivered his
lecture, "Sacrifice Hit," in over
4,000 communities during his plat-
form experience of sixteen years.
He has lectured in practically
every state in the Union.

"Sunshine" Dietrick's real name,
of course, isn't "Sunshine" at all.

His parents christened him Paul.
This lasted until he grew up and
started entertaining, when some-
body nicknamed him "Sunshine"
because of the optimistic view he
has of life and his ability to pull
other people out of the dumps and
fire them with new enthusiasm for
living and working.

The Associated Chautauquas
make an attempt to secure the
outstanding speakers and enter-
tainers of the country and this
year when the programs began to
be planned, it was felt that "Sun-
shine" Dietrick should be secured
for a headliner on the list.

Chautauqua audiences in recent
years have been more and more
particular about their lectures.
They don't want quite so many of
them and the ones they do have
must be not only outstanding but
have something new to say. Mr.
Dietrick fills the bill. There is
nobody just like him.

"Sunshine" Dietrick builds all

**FORMER RINGLING BROS.
CIRCUS BAND MAN TO
APPEAR AT CHAU-
TAUQUA**

"We have appeared in every
state in the Union," said J. F.
Alexander in speaking of platform
experience. "We have played
across Canada from Halifax, Nova
Scotia, to Vancouver, British Co-
lumbia. Our audiences have varied
from an all Indian audience on the
Indian reservation at Browning,
Montana, to the very exclusive
Rotary Club of Washington, D. C.
We have seen our audiences come
in limousines in the East, drawn
by oxen in Kentucky and Missis-
sippi, and on dog sleds and snow-
shoes in Canada."

J. F. Alexander, who heads the
Alexander Novelty Four, has had
a life of action and varied expe-
rience which has well prepared
him to head such a company. His
career started when a youngster
in high school. Because of his de-
sire to travel he overrode his par-
ents' objection one night and slip-
ped out the window, slid off the
roof of the low kitchen to the
ground and joined an "Uncle
Tom's Cabin" company, where he
played in the band and took the
part of George Harris on the stage.

For two years Mr. Alexander
was a member of the famous con-
cert band of Ringling Brothers'
Circus. However, he decided that
this was hardly the life he wished
to continue and located at Ann
Arbor, Michigan. For seven years
he was a member of the "Univer-
sity School of Music" orchestra.
He also received most of his mu-
sical education at Ann Arbor and
taught there. It was here that he
met Mrs. Alexander, who was also
teaching.

But the Gypsy fever again
proved fatal and the Alexanders
returned to the road. They were
known as the "Musical Alexanders
in Moments Musical," and for six
years played the principal vaude-
ville circuits of the East.

"It was nine years ago that we
did our first Chautauqua work,"
Mr. Alexander concluded, "and we
immediately fell in love with it.
It is the hardest work we have
ever done but such a satisfaction,
because we feel it is worthwhile.
We hope to be an inspiration that
encourages other musicians to go
on with their work and in bringing
a program that will entertain all."

his lectures from the standpoint
of the audience and the commu-
nity. He is eager to lift and not
tear down. He is an optimist. He
is a booster and not a knocker.
His lectures are positive and not
negative in their teaching.

**DIVERSIFICATION
IS THE KEY WORD
Of The South Plains**

Diversification of farm products has proven to
be the most successful manner of farming in
this section of state.

Diversification of food has proven to be the
healthiest manner of living for all human beings.
Diversification of brands and commodities
is a well known advisable policy among successful
business concerns.

"M" System Stores fully recognize the truth
of these three statements and conduct their busi-
ness accordingly.

Here you will find the purest and best the
market affords, direct from the prouder to the con-
sumer.

We endorse the Diversification idea in every
respect, except when it comes to Price.

We have but ONE Price, and you will
always find it the lowest of any
grocery store

Obituary, news of deaths, and resolutions of respect will also be charged at the same rate.
Any corrections, additions upon the character, standing or reputation of any person, firm or corporation should be given to the publishers of the Littlefield Leader will be gladly corrected upon being brought to the attention of the publisher.

A THOUGHT FOR THE WEEK
Out of the abundance of the heart the mouth speaketh.—Matt. 12:24
The heart that is honest yields to the power of the truth.—Blair

THAT CHILDISH THRU

It is an interesting and timely article which Littlefield is taking the children into consideration while playing or starting work in the yard garden. Someone must do as for get as you grow older, the things that you do as children in your younger years. Parents usually have a right of the child they want to get out of a few games every day and a few feet of well attended to their work. The other children of it, they are not equal to realize that their own children would like to have privileges equally as thrilling.

It is why not to make a few and not certain ones, or a special one in the garden for the children? Let them feel that they too, are doing something to share the responsibility of providing for their own self-sustaining food?

It isn't expensive, it is the free being a waste of time, and anyone who knows to find the time to a child's permission to have a hand in participating knows its value to their development and happiness. Take the children into consideration—let them have a garden, too.

Some friends think you are wrong and your excuse that you are wrong—that you have to do the rest of the work.

A NEW INVESTMENT

A fair yield of wheat in this country is estimated at 100 bushels to the acre. Because yield 22,000 bushels to the acre. If you've bought an acre of land recently you can have a fair idea of how much more profitable it would be to raise an acre of wheat than an acre of wheat. In fact, the profit is almost twice as much as to produce that alternative as an acre of growing in alternative crops offering any profit in business plantations in Central America.

It is a long way from here to a real money, and there may be a lot of investments that do not appear to be so and that we know nothing of. Perhaps reader we can only hope that across around Littlefield, who are contemplating getting the money to invest will investigate before they invest. There is still good money to be made in the stock market. But if you feel you want to get it in a quicker way, then maybe the business plantations will do it for you. But at any rate the safest plan is to know what you're putting your money into before you let go of it.

Advertisement your business builds it up and adds to it. Just advertisement your trouble will do the same thing.

ANOTHER GOOD REASON

These are busy days throughout the land as the crop-harvesting, and knowers are starting are being worked to the limit. From now to next and take to get! Uncle Sam's supplies are busy in the great armies of men, women, and children, and members of the vast army to and around Littlefield are joining in the campaign.

We've often called attention of the value of stepping up the program from the standpoint of health and community sanitation. But here is one phase for house-cleaning we've never mentioned. We mention to the

DOCTOR FRANK CRANE SAYS

FIN PRICKS

The gentleman who gives you a kick in the jaw does not arrive in that position in the lady who continually kick at you. We can stand the kick of a woman who better than we can stand the continual kicking that comes over the dam.

It is not the big things in life that we look to for as much as it is the little things.

We ought to be kinder our lives than our daily existence with people that are pleasant and not irritating. I know an old woman who has two daughters.

The oldest is better and gave up a career to take care of her mother in her old age. The other moved to a far city, hardly ever and never came to see her.

The old woman complained continually of the little irritations her step-daughter caused her and continued upon the virtue of the daughter she served her.

When she died and her will was read I was told she had left everything to her daughter who had never come to see her. There of the way went of leaving the one she would be better to care of the one.

The father took and was the best years of his life to see her and she was with her. While the other daughter was away in her career in the town of the world, but got off the marriage, had given up the career in the plan.

At the father's death I was told that he had left the farm to be divided equally among the two boys.

Whether we can make best or all of the justice of the story of the old woman to "love your neighbor as yourself" is responsible for a lot to human nature.

As the servant of a locomotive is viewed into a snowwind and by chance, the irritating little rough piece is personally sent to face in the "air" of.

The small irritations in the air who stay at home are evident and continuously sent.

Each gift are counting poor not only when given, given unkind but when they prove irritating.

In time you or we either the small irritations lower larger essential irritations.

The pin-pricks outweigh the.

Wash the butter for a cream, but do not melt it. Bread into this even often are going to trim off the fat. Butter has more cream, sandwiches is best where issues old.

FRED NIBLO
Photoplay Director, writes:
"To a moving picture director there is no comfort or luxury like a good cigarette. Such a cigarette I have found in 'The Lucky Strike'—and during the filming of big pictures like 'Ben Hur' I smoked 'Lucky's' even while directing in the open air thousands of supernumeraries, and never once did I ever suffer from throat irritation."

"PUTTING THE CART BEFORE THE HORSE"

Borrowing money and not paying it back when due is like putting the cart before the horse—it gets you nowhere.

"Easy Money" has hurt more farmers than it ever has helped.

It is important to borrow money when you need it, but it is equally important that you pay it back when due. This builds credit standing with your bank.

We are always ready and eager to lend money to responsible farmers. But we must make good loans and established credit gets most favorable attention.

You are cordially invited to avail yourself of our banking service.

BUSINESS FAILURES LESS

Austin, Texas, April 10.—There were but fifty two commercial failures having liabilities of \$909,000 during March, according to facts noted by Bervard Nichols of the Bureau of Business Research of the University of Texas. This number was the same as that of the month previously, Mr. Nichols said; however, the insolvencies involved liabilities of \$1,776,000 in liabilities for February. This decline, Mr. Nichols said, is seasonal. For the whole quarter of this year, Mr. Nichols has found commercial failures to be 42 per cent below those of the same period of 1927.

ON LIQUOR CHARGE

A man giving his name as L. C. Goode was arrested at his farm north-east of Amherst last Friday by Sheriff Irvin on a charge of making intoxicating liquor and paid a fine of \$31.80 for first offense.

About 20 gallons of beer was found on his farm, according to Irvin.

To clean a carpet sweeper, empty the box on a damp newspaper, and use a buttonhook or coarse comb to remove hair and dirt from the brushes. Oil the bearings occasionally.

Mr. and Mrs. C. E. Ellis visited friends in Hollis, Okla., for a few days last week.

R. L. Fesmre, of Smyer, was transacting business in Littlefield, Saturday.

Mrs. G. W. Mahone, of Lubbock, was the guest of Miss Myrtle Willis last week.

Mrs. Buddy Jones, Miss Bessie Bellomy and Quinton Bellomy were Lubbock visitors last Friday.

J. E. Hill, of Fort Worth, was in cation for a plaining mill. He ex-Littlefield this week looking for a job pressed himself as well pleased with the forward movement of this little city and of its future outlook.

WHAT IS DOING IN WEST TEXAS
 By West Texas Chamber of Commerce

Perryton.—A twelve weeks course on dairying is being offered by County Agent G. R. Sheets to Perryton farmers.

Bovina.—Roads leading out of Bovina to the west and north are being worked to form a good route into adjoining territory of New Mexico.

Rankin.—Rankin's building program is being continued without interruption.

Eola.—Bonds for a \$20,000 modern fireproof school building to be erected here by the Independent School District have been sold.

Eden.—A carload of corrugated iron culverts, the first ever shipped here, have been unloaded for distribution through the county.

Midland.—Hotel Wallace, a first class seven-story hostelry, is to be erected here at once.

Seagrave.—Seagraves citizens are planning rebuilding of their town following destruction of 21 of its business shouses.

Abilene.—Abilene's new directory shows a population of 32,400 people, a gain of 7,000 people in seven years.

Friena.—Friena will be an incorporated city as result of a 65 to 34 vote in the matter.

The value of mineral waters produced in Texas ranges between \$50,000 and \$200,000 annually.

America's Richest Girl

Miss Doris Duke, 15, daughter of the late James B. Duke, tobacco financier, who was just awarded by the Supreme Court a \$1,600,000 Fifth Avenue House filled with the richest furnishings, a private railroad car bearing her name, four automobiles, a collection of rare tapestries and other luxuries worth a fair sized fortune. She is the richest girl of her age in America.

AT THE CHURCHES

METHODIST CHURCH
 Let us prepare for our district conference by completing half of our year's work by the date it convenes, April 18, Thursday of next week. Your pastor would like to have one-half the benevolences paid by that date. Sunday school 9:45 A. M. League services, 7:00 P. M., will be all the church services we will have in the Methodist church Sunday. Our people are urged to attend the Baptist revival both morning and evening. Saturday we entertain the League union officers in the church. I am still training applicants for church membership after Junior League, 3:30 P. M., Sunday.
 —GEO. E. TURRENTINE, Pastor.

EPISCOPAL SERVICE
 Episcopal services will be held at the Presbyterian church in Littlefield next Sunday night, at the usual hour, conducted by Rev. Williams, rector from Lubbock. The public generally is invited to attend.

STATE U. COMMENCEMENT

Austin, Texas, April. 12.—Rabbi Henry Cohen of Galveston, will deliver the baccalaureate sermon at the University of Texas commencement June 3, it has been announced by members of the commencement arrangement committee. The commencement address will be delivered on the following day by Dr. H. Y. Benedict, president of the University. Both addresses will be delivered at

8 o'clock in the evenings of the two days in the Memorial Stadium.

It is estimated that approximately 650 students will receive degrees at the June commencement.

I. O. O. F. ORGANIZED

An organization of Odd Fellows has been perfected in Littlefield with 40 charter members. A membership goal of 150 members has been set for the next 60 days.

Officers will be elected at the meeting next week which will be held in the old theatre building.

BUY FROM AMERICA

Yarn mills in Japan making the fine grades of cotton yarns for mills in China and elsewhere are buying almost all their raw material from American sources this season. For the first five months of the current season the Japanese bought 727,023 bales. This was only a little more than three-quarters of the demand in the same period last year, because conditions in the Japanese spinning industry are not favorable.

"Keep advertising and advertising will keep you!"

New Speed Champion

Photo shows: Captain Malcolm Campbell, British ace, just after he established a new world's speed record. He drove his huge Napier-Blue Bird Special over the hard beach course at Daytona Beach, Fla., at an average speed of 207 miles an hour, breaking all records.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by Stokes & Alexander Drug Co.

HAVE RABBIT STATION

A new rabbit experiment station under the direction of the Biological Survey of the United States Department of Agriculture, has been established and was recently dedicated at Fontana, Calif. The station is in a beautiful orange grove, and is provided with an administration building

superintendent's residence, garage, a number of buildings containing rabbit hutches, a large feed building, and a storage house, all of which have been furnished by local rabbit breeders without cost to the department. An interesting feature of the dedication program was a dinner at which rabbit meat was featured. This was followed by a "style revue" in which

models displayed the latest creations in rabbit fur.

Never fit a garment wrong side out. Few people are exactly alike on both left and right sides, and when the garment is turned right side out it may not set smoothly.

Help keep Littlefield clean!

WASHKOWSKY'S OLD SHOE

We call the attention of the American Bankers Association to the case of Mr. Washkowsky of Brooklyn. Mr. Washkowsky is hard working and thrifty, but like so many of us his education is defective; who is to blame for that we don't know. Mr. Washkowsky has been saving a part of his weekly wages for a long time, but hadn't told Mrs. Washkowsky where he was depositing his nest egg. That was a mistake, probably, but an inquiry into it belongs to another branch of education with which it is probable the bankers association cannot be held to have any concern.

But with Mr. Washkowsky's depositary it has. He chose for that purpose an old shoe. He kept the shoe and its mate in his closet, and up to the other day had tucked away in one of them savings amounting to \$250. On that same other day Mrs. Washkowsky, rummaging Mr. Washkowsky's closet like a good housewife, seeking what she could throw away or transfer to another place where Mr. Washkowsky couldn't find it, as is the habit of good housewives, found this same pair of old shoes. We suppose she said to herself, Mr. Washkowsky not being present to have it said to him, "Isn't that just like a man?" and acting thereupon just like a woman she sent the shoes to the cobbler to be repaired. It was either that or the ash barrel for them, and being frugal and Mr. Washkowsky paying the cobbler bills anyway, she sent them to the cobbler.

A distraught man was Mr. Washkowsky when he next went to make a deposit in his old shoe. "What new place," he asked in that martyr tone affected by husbands on similar occasions, "have you found for my old shoes?" Mrs. Washkowsky told him, expecting to be praised for her thoughtfulness. Women—but that's another branch of education.

Mr. Washkowsky went to the cobbler and found his shoes, but not the money, which we cannot but feel is not remarkable. We hope he will find it, but he hasn't yet, which again should cause no astonishment.

But what we would like to hear from the American Bankers Association is what steps it is taking to discourage people of magpie habits from keeping their money in stoves, shoe-mantle clocks, behind wall pictures, under floor boards and similar places. We have made no exact calculation but from casual evidence we are inclined to believe there are enough funds hidden away in such places in this enlightened and progressive country to pay off the national debt. Not that we advise paying it off, because that would leave congress nothing to fuss with Mr. Mellon about; but if deposited in banks our banker might have some to lend when we need it, which he now never has; he says money is very scarce. We hold it is not; it is merely in Mr. Washkowsky's shoe.

Seeing that we have been pursuing education, or something called that for several centuries, we cannot but feel this is a bad showing and that the bankers association is somehow responsible. It hasn't sufficiently impressed on the people that it has banks and what they are for. Mr. Washkowsky hasn't heard. And there are a lot of him in this country.—Kansas City Star.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Stokes & Alexander Drug Co.

LIVE STOCK

PURE-BRED STOCK FOR EVERY FARM

Pure-bred live stock on every farm will some day be the rule in the United States. It will come through the use of registered sires; then the addition of registered females, and finally by the weeding out of "pedigreed scrubs."

The pedigree is an index of quality, for "like begets like or the likeness of an ancestor." But pedigree is not absolute proof of exceptional quality—not in the United States, it isn't, says Farm and Breeder. It can be made so in time, and breeders are urged to bring that day to pass by culling every animal whose individual characters and the chances of passing them on to its offspring do not match up with its royal lineage.

In the past there has been great reliance on the herd book. Animals have been sold for reproductive purposes because they carried the blood of popular sires and dams. Many of them should have been sent to the block. It is bad enough that less than 10 per cent of the live stock in the United States is pure bred; it is worse for the breeding industry that short-sighted men see only the dime in front of their nose and not the dollar a few years off.

In Europe the culling of animals for breeding purposes is much more rigorous than in our own land. Over there pedigrees carry a guarantee of individual excellence, because it has been the custom among breeders to register only outstanding animals. That's what we will come to in America. A pedigree should stand not only for the presumption of inherited characters and prepotence; it should also represent high quality in the individual. Some day "pure-bred live stock on every farm" will indicate high-class farming in fact as well as in theory.

It Is Quite Economical to Let Swine Pick Corn

In this age of efficiency, when everyone is trying out labor-saving devices and economical systems, you may have overlooked the fact that in handling corn you may simply open the gate to the field and let the hogs help you in your work. Under the old system every ear of corn had to be handled at least three times. The ear is first pulled off the stalk and thrown into the wagon. Then it is thrown from the wagon into the crib. After that the basket is filled at the crib and the corn carried to the hog-pen.

The hog not only reduces the number of handlings but eliminates them completely. All that is necessary is to open the gate and drive the hogs into the field. They clean up the corn with less waste than if it were harvested by men, and they also spread the manure over the field.

In sections where the seed will mature, cowpeas, or soy beans, sown broadcast through the corn at the last cultivation, produce a large quantity of feed in addition to the corn. The beans, being high in protein, balance the ration and make almost an ideal feed for hog fattening. The hogs eat not only the beans themselves, but much of the green vines. Rape is another excellent crop to broadcast in the corn at the last cultivation to help out the sum total of hog feed. In some instances it may be advisable that a part of the field be set off by a temporary fence and the hogs not allowed to cover too much ground at one time.

Health Hints for Live Stock in Summer Months

During the summer months, one of the most important factors in maintaining the health of live stock is to see that they have plenty of pure drinking water. Overheat or sunstroke may be avoided, especially during harvest time, if the horses are watched closely and watered two or three times during the hottest periods of the day.

A small quantity of water in a pail given to the team will increase the amount of sweating. Evaporation of moisture from the body acts as a cooling agent. The small amount of trouble involved in getting plenty of water to work animals will be repaid by their ability to stand more work.

A good supply of pure water is just as necessary for cattle and hogs as for work horses during the hot weather. Where young and adult cattle are pastured together, the young ones are sometimes skimped on water on account of being crowded away, and the water riled and muddied by the larger animals. In some instances this can be avoided by increasing the tank space and having more water available when the herd comes to drink.

Culling Sheep Flock

As the lamb crop gives the best return it is given the first consideration when culling. A good type is most desirable. Cull out the ewes with weak backs or saddle backs. Ewes with long legs, shallow body and weak constitution are off type.

When it comes to wool production all sheep that produce light, frowzy wool, lacking density, or those producing wool with too much variation in the size of the fibers should be removed from the flock.

dinance be re-written so as to continue a tax assessment on businesses of any kind or character that were transient or itinerant in their nature. This in protection of residential permanent business concerns and as provided by the statutes.

The city attorney was instructed to file suits on property within the city where taxes are delinquent for the years 1925-26. These suits to be heard in this spring term of district court.

Current bills were then read and disbursed.

It then being 2:00 o'clock of the following morning the Commission adjourned.

Buy it in Littlefield.

Hogs Require Shade and Clean Water in Summer

Shade and clean water during the summer months are essential to successful pork production. All kinds of hogs must have shade. Too much direct sunlight and heat is a frequent cause of hogs failing to thrive and is often the cause of hogs dying. During July and August small pigs often blister on the backs and about the ears which causes, in some cases, severe infections and bad sores.

Expensive shelter is not necessary. Shade trees provide ample protection. Where no trees exist temporary shade may be provided by the covering of a frame with canvas, under which the hogs may go for protection. Some producers build individual hoghouses with sides that may be lifted to provide an increased amount of shade during the summer months. This plan furnishes shade for hogs where only a few are kept.

Clean fresh water for drinking and wallow is equally as important as, or more important than, shade. The old-time wallow hole covered with scum, which was once also the drinking fountain, is no longer in favor with the successful hog breeder. Hogs must have water to drink, and if they cannot get fresh, clean water in the trough or fountain, they will drink where they can find it, regardless of its condition. This fact has caused some to believe that hogs prefer nothing better, but they do, and will demonstrate the fact when they are able to get fresh water from the well.

Eradicate Stomach Worms

As a drench for the eradication of stomach worms in sheep, gasoline is the one most commonly used by stock owners in the United States. It should be given on three successive mornings after the animals have been kept away from all food and drink for sixteen hours, and after the dose is given they should be fasted for two or three hours more. Each dose should be measured separately and given in milk, linseed oil or flaxseed oil.

"Keep advertising and advertising will keep you!"

Live Stock Notes

Don't feed moldy, or spottedilage.

Don't put fresh feed in dirty or sour troughs.

Don't forget to salt all animals regularly.

Don't feed milk from tuberculous cattle to your animals.

Keep the brood sows on the farm—hogs are going to be high the coming year.

Supplement pasture with sufficient grain to keep the hogs in good thrifty condition.

Protect cattle, horses, and mules from the torment of the biting fly and the horn fly by using fly repellants.

Skim Milk Will Improve Ration for Market Hogs

Skim milk added to a ration of corn and tankage enabled the Ohio experiment station to market hogs weighing 255 pounds almost three weeks earlier than those fed on corn and tankage alone, at a saving of 78 cents a hundred weight on feed costs. The corn and tankage ration produced a gain of 0.9 pounds per pig daily with a ration of 3.61 pounds corn and 0.88 pounds of tankage. The cost per hundred pounds gain in this lot was \$7.0.

The skim-milk-fed lot received a ration of 4.66 pounds of corn, 0.28 pound of tankage, and 2.95 pounds of skim milk daily. The average daily gain was 1.33 pounds daily at a cost of \$8.91 per hundred pounds gain. The saving on feed for each 100 pounds of skim milk fed was 30.6 pounds. The skim-milk-fed lot received a small amount of limestone in the ration, and this helped to increase the gain.

Well, the weather's fine, crop prospects are looking good, so every one might as well be happy and smile.

There is no reason why fresh or properly preserved fish should not be eaten at the same meal as milk. Fish and milk are often cooked together in the form of milk chowders or creamed dishes.

Slip covers on the upholstered furniture not only save the covering of the furniture but actually make the room seem cooler and brighten it up so that it loses its winter look.

For sweetening fruitades and punches, make sirup, using two parts of sugar to one of water, cooked to- gether about 10 minutes and cooled. This sweetens more uniformly than sugar.

You need to know only a few of the exclusive superiorities offered by today's Pontiac Six to understand that its sensational success is based on sensational value. It is the lowest priced six in the world with body by Fisher. It is the lowest priced six offering the

G-M-R cylinder head, the cross-flow radiator and the AC fuel pump. It is the only low-priced six combining 185 cubic inches piston displacement, a full-pressure oiling system, interchangeable main bearings and instant action four-wheel brakes. Add to these evident advan-

tages in design the fact that it is the lowest priced six built by General Motors—that in the hands of 200,000 owners it has won a worldwide reputation for endurance, long life and high resale value—and then you will know why Pontiac Six sales are continually reaching new record-breaking heights!

Coupe, \$749; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to buy on the liberal General Motors Time Payment Plan.

LOCAL HAPPENINGS

Fred Hanna left last Wednesday for his home in Minneapolis, Indiana.

Charlie Fink, of Amherst, was a Littlefield visitor, Monday.

J. E. Barnes spent last weekend with his family in South Plains.

Mrs. George Sandidge is visiting her parents in Mineral Wells.

Mrs. Armon Logan, of Lubbock, visited relatives in Littlefield, Sunday.

B. B. Kline, of Amarillo, was in Littlefield on business, Monday.

Mr. and Mrs. Ben Lyman and son, made a trip to Lubbock, Sunday.

Mr. and Mrs. Foy Smith, of Levelland, visited his brother in Littlefield, Wednesday.

WHY NOT MOVE THE COURTHOUSE?

Yes, of course, we would like to see the county court house moved to Littlefield. It would be quite a task to get it across the sand hills, but we guess it would be worth the job after it was all done. It would be much more convenient to go to jail or court at home than it would among strangers.

But after all, we are more interested in moving nice fat livestock out of Littlefield than we are moving brick buildings into Littlefield. It will mean more money to our people, and more money brings more happiness—for it takes "kale seed" to but the things we need and desire.

Folks who raise chickens, hogs, horses and cows must come to know that they require a balanced ration in order to do their best. Plants must have soup—liquified food—in order to thrive, and animals need well ground food to be able to digest and assimilate, thus growing big and fat.

And right here is where we shine. With our big grinder we properly prepare and mix you just the kinds and proportions of feed needed for any ration—and the cost is so little when compared with the large results. Just try it and be convinced.

WORDS OF WISDOM

Your clothes will last just twice as long, if you keep them clean and in repair. Sounds reasonable doesn't it? Well, you'll find it is true. The right kind of repair work and the careful kind of cleaning and pressing service will make your apparel last longer and look better all the while.

EDITORIAL

Every once in a while we have a chance to join in some sort of "trade at home" campaign and we will admit that such campaigns have a lot to recommend them, but it has also been our observation that people do not mind buying goods from home stores and paying for them, providing they get their money's worth.

THINGS NOT WASTED

The courtesy shown a customer. Flowers sent to a sick friend. Praise given a fellow employee.

STRIKING BLANKS

Two ladies once passing a field where a pig was displayed an apple in its mouth. "There," said one of them, "that pig me that I Joe I'd get his pipe."

The reason why air planes are referred to as "she" is because it takes a he-man to run one.

Bids for paving Main street will be let May 3, and work will start soon after. Nothing like being modern!

The best plan live is just your income.

A chip of the block is often a head.

A brilliant boy is one who succeeds in school despite his mother's conviction that everything is the teacher's fault.

Oscar Walters, of Hagerman, New Mexico, is this week starting a modern 6-room bungalow in the Highway addition.

There is a fortune awaiting the man who can be depended on to do garden plowing when you want him.
