

Little League Players Selected; LL Park Needs Dads To Help

League officials are on the night of May 27, two weeks from Monday, the park needs some work.

W. A. Wolf, president of the Little League said, "This recreation program is for the youth of our city. It is a non-profit organization and the parents and friends of these boys must see that the facilities are there in good condition, for the boys to play with. The parents showed up last year when we asked for help in building the park and I am sure they are more than willing now to put in a couple of hours of work to keep it up. Bring a rake, hoe or lawnmower and let's get it done."

The PONY League players were auctioned off by L. V. Pierce, Player's Agent, thus completing the whole player system for this year. All teams in both leagues have now been formed and are waiting for the opening day.

All players on the PONY League are asked to be at the Fairgrounds, Friday afternoon where they will meet their manager and workout dates scheduled. The time for all the players to be present is 5:00 o'clock for the Ware & Keeling and Dairy Queen teams, while members of the Roden Druz team are scheduled to meet an hour later at 6:00 o'clock.

Ware & Keeling will be managed by Joseph Johnson and Pete Estrado while the Dairy Queen team will be managed by Edgar McCandless and Bill Carter. A definite coach for Roden has not been obtained but is expected to be announced before Friday. The other team in the (Continued on Page Six)

C-C Board Plan To Redecorate Building In June

The Board of Directors of the Community Center held its regular meeting Monday night. Lenon Smith, board president presided.

In routine business the board voted on a long range program of repainting the steel chairs. They approved a motion of reconditioning the air conditioners and putting them into operation. Smith announced that twelve new steel chairs have been added to the center. A motion had been made to allow regular renters to have keys to the center, but the board felt that this is the only way they can continue jurisdiction of the center, so it was not passed.

A committee of Mrs. Jack Brooks, Rev. Arthur K. Hunt, and Ed McCandless was appointed to work with Teentown members in putting a 40 x 80 foot concrete terrace at the back of the building. The terrace should cost approximately \$700 for materials. The Board has announced that (Continued on Page Six)

Cunningham On Winning

By JIMMIE W. CHAPMAN

Bobby Cunningham, 17 year old high school junior and son of Mr. and Mrs. T. J. Cunningham of Route 1, Littlefield, was still all-smiles Monday morning when we called on him to get an interview about his winning the State Championship in the Mile Run in Class AA.

Bobby said that while he was in Austin the three days before the Meet that he was nervous all the time and couldn't eat or sleep. The main thing that was on Bobby's mind was the fact that his arch rival, "Speedy" Gonzales of El Paso, had beaten him out the Saturday before in the Red Raiders Relays at Lubbock and Gonzales was the defending State Champion in Class AA.

Bobby knew that Gonzales was the man to beat in the race. He had made two trips to Austin and had been beaten twice by Dale Byrley of Coleman. Byrley set a new state record Saturday in the Class A Mile in the time of 4:32.9.

Cunningham said that he immediately began to feel good as the race started. He trailed Gonzales and Barnett Garrison of Houston Lamar the first three laps and waited till the right time to make his kick. When the last lap started, Bobby was still in third place in the race and Garrison was in the lead in the fourth quarter backstretch. Gonzales began his kick and was out in front with only about 30 yards to go and Bobby was right on his heels after passing Garrison. Bobby said that when he met on his final kick to catch Gonzales, "I knew when we were both about 25 yards from the finish, that I had the race won."

Bobby began smiling at this point and when he shot past Gonzales to win and break the string at the finish line, that grin was still on the West Texas lad's face.

When the times were given, Cunningham had the time of 4:26.5 and Gonzales was timed at 4:26.6 while Garrison came in third with a sensational time of 4:27.9. This is the fastest that the mile has been run since Jaylor Montes set the present State record in 1947, one fifth of a second better than Cunningham. Montes was from Bowie High School of El Paso. Gonzales' stampering grounds, Gonzales congratulated Cunningham after the race and told him that he hoped that he would break the state record next year. Gonzales is a senior.

Cunningham had nothing but praise for the help that the local (Continued on Page Six)

All Smiles State Meet

THAT BOY AND THAT SMILE — Bobby Cunningham is shown holding the medal that he won after he was crowned the new State Champion Miller at Austin Saturday. His time of 4:26.5 is only one-fifth of a second off the State record that has stood for 10 years. Bobby is a junior and the son of Mr. and Mrs. T. J. Cunningham.

Sudan Voters Approve Bond Assumption

The maintenance tax and bond assumption Election held Saturday by the Sudan School district was approved with a 38 to 1 vote.

Enlisting was necessary because of the reforming of Lamb and Bailey County School districts due to the consolidation of the Circleback school district with that of Sudan.

The vote means that maintenance tax and bonded indebtedness will be applied to all of the newly formed district, including the former Circleback district.

Special Benefits Offered To Veteran's Children

At a regular meeting of the Littlefield American Legion, Vernon Hofack, Legion president announced that the bill has been enacted to secure college education for the children of all veterans who died in service during World War I, World War II, or the Korean Conflict.

Any student may apply for these benefits at the Veteran's Administration in Lubbock. Hofack has announced. Legion members are anxious that any eligible person be notified of this enactment.

"The Legion is anxious for any eligible person in Lamb County to obtain these benefits," Hofack said. He urged any person knowing persons eligible for these benefits to notify them.

Majorettes Are Chosen For '57-'58 Wildcat Band

Majorettes for the Wildcat Band for the school year of 1957-58 were chosen at a band meeting Monday night.

Judging was based on the twirling of the batons. Candidates were Jan Greer, Paula Carmickel, Kay Smith, Paula Jensen, Joy Windwehen, and George Ann Matthews.

Kay Smith, Paula Jensen, Joy Windwehen, and George Ann Matthews were the majorettes selected.

Max Morris To Attend A. & M.

Max Morris, son of Mr. and Mrs. Floy Morris, has accepted a four year football scholarship to attend Texas Agriculture and Mechanical College at College Station, Texas.

Morris had received several offers of Football Scholarships to attend other colleges but decided to accept the A. & M. offer.

Morris was a co-captain with Mike Greer. He also played full-back.

Former Olton Man Kills Self and Shoots Wife

Paul Robinson, 27, a former Olton resident critically wounded his wife, Thelma Fay, 25, then shot and killed himself Monday in Columbus, Ohio. Mrs. Robinson underwent surgery to remove the .32 caliber pistol bullet from the back of her head but died a few hours later in a Columbus hospital. Officers said that Mrs. Robinson had threatened to leave Robinson and come back to her home in Amarillo, Texas. Robinson shot into his right temple killing himself instantly.

Neighbors Call Police

Both were found in a cabin motel after neighbors who heard the shots called police.

A note, apparently in Robinson's handwriting was found in the cabin.

Amherst Woman Found Dead In Her Home Tuesday A.M.

Dr. J. R. Kantor and Justice of the Peace O. M. Edwards conducted an inquest in the death of Mrs. Clemmie Effie Sweet, 63, who was found dead at her home on Bell Street in the East part of Amherst Tuesday morning at 10:55 A.M.

Mrs. Jim Pugh found Mrs. Sweet when she went to see if she was all right. Mrs. Sweet lived alone.

Dr. Kantor said death came as a result of a stroke. Edwards rendered a verdict of death from natural causes. Investigators believed the woman had been dead 12 or 14 hours.

Burial will be in the Amherst cemetery under the direction of Payne Funeral Home.

The Board of Education of the Littlefield Schools will be honored at a dinner tonight in the Home-making Department of the school.

Five Girls Compete For Cotton Queen

KARLYN HULSE, LINDA LATTIMER, ELLEN ALLEN, CAROL CALDWELL, JOY WINDWEHEN

Jess Everett, manager of the Littlefield Chamber of Commerce, announced the names of five candidates who have been entered in the Queen's Contest of the Cotton Carnival. The girls and their sponsors are Carol Caldwell, Duncans; Linda Lattimer, Future Farmers of America, Co-sponsored by Pioneer Natural Gas; Karlyn Hulse, Jaycees; Ellen Allen, Tracy Perkins Roofing Co. and Joy Windwehen, Batson Motor Co.

Glenn Batson is chairman of this year's carnival. He and Everett have met with civic clubs and home demonstration clubs and invited them to sponsor a Queen's entry for the show.

The Sorenaders, as a courtesy of the Western Cotton Co., will furnish music during the festivities. The show will be held in front of the Lamb County Court House.

Any organization in Lamb County is invited to enter a contestant in the Queen's contest. The Jaycees-ettes will sponsor this event.

Rules for the contest were released by Everett this week. They are as follows:

KAT'S KORNER

Hi Cats

Well, the Junior Senior banquet is over for another year, and what wonderful memories it has left with the Juniors who gave it and the Seniors who have two banquets to remember now.

The cafeteria was transformed in just a few hours by some very hard working Juniors into a pastel May day. Crepe paper streamers and balloons helped create a festive atmosphere while Gay Minyard read the Senior Will. Teddy Jo Diner was the prophetic of the future of the Seniors.

Speaking of Seniors, the Methodist Church women gave the annual Senior Breakfast yesterday morning for their honored guests.

The program was given by the class members and everyone thoroughly enjoyed it. It's pretty nice of the women to do that.

don't you think.

The Band Banquet for band members, their guests and this year, the Student Council, is going to be Friday night in the cafeteria. All these banquets right in a wad are going to make a bunch of well-fed broke people around L.H.S.

The Future Teachers Club members went to Olton Tuesday morning for the installation of officers in the Olton FTA club. The ceremony was very beautiful and impressive and was one I feel the local group will keep in mind when they are planning their own installation services. That ceremony for our local officers will be held on May 13.

On May 13, too, the Choir will have their annual Variety Show. This year it's called "Historically Speaking" and the choir members all say it's going to be the best

show ever.

The Senior English classes though they were through with themes for good when they handed in their research themes last Friday. But they had another think coming. Mrs. Lynn told them then that they had another one to write. But it wasn't so bad. There weren't any references or footnotes or outlines or bibliographies, and best of all it was written in class. So no one quit school over it.

The football boys have been in spring training now for nearly as long as the rules allow and the intersquad game will be held pretty soon, I imagine. I hope so anyway.

Every year in speech class when just about all the other speech work is over, the classes write original plays and give them for the rest of the class. This year's class has written some pretty clever plays. If they're good enough, maybe Mrs. Huff will have them presented in assembly. I have to go watch television for an English report now, so I'll see you at the Variety Show.

BWC Entertain Husbands Monday

The Charlene Moore Business Women's circle, of the First Baptist church entertained their husbands Monday evening, with a covered dish dinner, at the home of Mr. and Mrs. M. P. Theford, 531 W. First Street.

An arrangement of tropical flowers in African elephant planters formed the centerpiece for the buffet table, from which the food was served. Guests were seated at foursome tables.

Mr. and Mrs. Kenneth Reast were special guests and Mrs. Reast gave a review of the book, "Back Side of Nowhere," by Roberta Cox Edwards, a medical missionary to Africa. She also showed color slides of Africa made by the author.

Those present were: Mr. and Mrs. Reast, Mr. and Mrs. Kenneth Berr, Mr. and Mrs. Fred Mathis, Mr. and Mrs. Aubrey Brown, Mr. and Mrs. Loyd Crume, Mr. and Mrs. Chester Harvey, and Mr. and Mrs. Theford.

Teachers, School Employees, and Officers of PTA Are Honored Tuesday at Littlefield High School

Some two hundred school patrons paid tribute to teachers, school employees and Parent-Teacher Association officers of the Elementary and Junior High School in ceremonies held Tuesday afternoon at 2:45 at the Littlefield High School auditorium.

Rev. Arthur Hunt gave the invocation. Mrs. K. Houk gave the auditor's report. Mrs. Ralph Douglas and Mrs. James Davidson gave the report of the historians for their respective associations.

Officers Installed in Impressive Ceremony

In an impressive ceremony Mrs. Oscar Wilemon, a member of the 14th District Parent-Teacher Board, installed the officers for the Elementary and Junior High School for the coming year.

Elementary officers installed were: Mrs. Ralph Maurer, president; Mrs. Landon Grissom, vice-president; Mrs. Harry Vanderpool, secretary; and Mrs. George White, treasurer.

Junior Senior Officers installed were: Mr. and Mrs. Alvin Webb, president; Mr. and Mrs. O. Dunagin, vice president; Mr. and Mrs. G. M. Nickelson, treasurer; and secretary. The lady of the husband and wife team attended the installation.

Mrs. Wilemon asked Mrs. Al Chambers and Mrs. C. Smith, to distribute the slips printed with the objects of the National Congress of Parents and Teachers to each person. After these were passed she asked the audience to stand and read the Objectives aloud in unison. She then asked the officers to make their pledge of service. These officers were then a book mark reading "Do unto another's child as you would have others do to your child." E. C. Rodgers, president of the Board of Education of the Littlefield Schools made this presentation.

The past officers were then presented a Certificate of Merit.

A tribute to teachers and school employees was then made by Dr. B. W. Amstutz, vice president of the Board of Education. E. C. Rodgers then presented the pins. Diamond Centered Pin Presented to Mrs. Collins.

A gold pin bearing a diamond in the center was presented to Mrs. Audie Collins for 25 years service to the Littlefield Schools. D. C. Lindley, received a pin centered with an emerald denoting twenty years of service, as did Allan McDonough, a bus driver. A sapphire centered pin was presented to Mrs. Edward Bettes and Forrest Moors, a bus driver, for fifteen years service.

Five Receive Ten Year Pins. The ten year pins were centered with a ruby. Receiving these were Mrs. Alma Fay Carter, Mrs. Frances Jones, Mrs. Fay Massey, Mrs. Lucy Barnett, and A. L. Massey.

Plain gold pins were presented to Mrs. Lenton Smith, Mrs. Bertie Lee Erume, Mrs. Mary Davis, Mrs. Ina Donnelly, Mrs. John Driskill, Mrs. Thelma Duval, Mr. Pat Goodwin, James Hine, James Pirkey, Mrs. Georgia Thompson, Mrs. Doris Williams, C. E. Williams, Gene McCannies, Mrs. LaVerne McCown, Mrs. Marjorie Richey, Mrs. Mary Schilling, Ralph Schilling, Mrs. Iva Martin.

MRS. W. W. JONES, Mrs. Forest Martin, Mrs. Faye Massey and Mrs. Lucy Barnett were the luncheon employees honored at the Parent-Teachers Installations and School Employees and Teachers recognition ceremonies held Tuesday at Littlefield High School.

Future Homemakers Have Tea and Style Show

The Whitharral Chapter of the F.H.A. held open house Friday afternoon with a tea and style show.

The tea table was laid in linen and decorated with miniature Maypoles. Misses Gwen Bolton, Kay Maner, and Patsy Boisten alternated at the table.

A huge Maypole of pastel shades formed the background for those who modeled "dress-up" dresses, party dresses, casuals, blouses and skirts and sportswear.

Miss Anita Burnett gave a pantomime.

Guests included Mesdames W. D. Terry, Art Polk, Carl Reed, John Waters, Doyle Gilley, Ray Denney, John L. Burnett, Doss Maner, J. H. Davis, L. L. Hood, E. L. Hicks, Sr., Earnie Mitchell, F. J. Bryson, Sr., Vernon Cox and Elva T. Crank.

Friend of God

Lesson for May 12, 1957

COUNTED a saint by three religions, Abraham is unique among the great men of the world. The Mohammedan name for him is simply "The Friend," meaning Friend of God. His greatness is not in anything that is especially admired and paid highly for in America, so that his reputation among us is not what he deserves. He was not a noted business man, executive, or popular novelist; no oil was ever discovered on his property. However, he might be introduced to an American audience as a successful cattleman. Even small boys might be interested to know that he was extra good as a deputy sheriff. But these facts were not the main point about him.

Dr. Foreman

Faith That Works
The big fact about Abraham was his religious genius. To some persons God seems very dim. Even Abraham's father worshipped "other gods"—we have no idea how many. But Abraham, out of an idolatrous home, came forth a man for whom God was his closest and most real friend. To use the Bible word, Abraham was a man of faith. In one book of the New Testament (Romans) Paul says that Abraham was "justified"—that is, God looked with approval on him—for his faith.

Belief
"Abraham believed God," it is said. No living man now knows how God spoke to Abraham. Long ago Saint Augustine debated, but did not decide, the question whether God spoke in tones that the ear could catch, or in a voice audible only in the soul. The point is that when Abraham knew it for God's direction, or God's promise, he believed that what God said was true. God made some pretty unlikely promises to him: that he would have a son at all was very unlikely; that this son's descendants would be more numerous than the stars was equally unlikely; that they would live in and own the countryside where Abraham was a landless nomad was still more improbable; but most incredible of all was that through Abraham's descendants the whole earth should be blessed. Yet we are told that Abraham believed all these things; and indeed they all came true.

Obedience
It is one thing to believe that what God says is true; it is another thing to set about living by that truth. Many a person will stand up for the proposition that the Bible is the inspired Word of God, but simply won't act and live in accordance with what the Bible plainly teaches. Such "faith" as James said is "vain"—but Abraham's faith was not vain. He took God at his word; when God said "Go," he went, and he went all the way. "Whatever my God ordains is right" is a song Abraham could well have sung.

Patience
Abraham's faith was shown also by his patience. Most of us are like small children, whose clocks show only two times, NOW and NEVER. If Father has promised a ride, or Mother a lollipop, the child wants it right this minute. If it's not to be had, tears fall and wails arise. If I can't have it now, I'll never get it! So we pray and expect an answer as if it were by return mail. We can't trust God to time his blessings. Abraham knew better. He was willing to wait. Indeed some of the promises God made to him he never lived to see. But he did not think that God had cheated him.

Sacrifice
The story of Abraham's sacrifice (or near-sacrifice) of Isaac shows the endless lengths to which Abraham's faith would go. Psychologically and morally impossible for a sane American today, the act of child-sacrifice was not so impossible for Abraham, living as he did among people for whom human sacrifices were all too common. But it is impossible to exaggerate the meaning of this sacrifice to Abraham. It meant cutting off, so far as he could see, all the promises of God. Indeed it may well have seemed to him, that God had changed his mind and was taking back all he had promised for the future. All this added to the deep love Abraham had for this child of faith, the child for whom he had waited so many years, made the act seem especially terrible. But Abraham's faith went the last mile. Residents of Disaster Areas Make Amazing Come-Back

Two weeks and three days have passed since that quite Easter Sunday when tornadoes cut a wide path through Lamb County.

To the South, West and East of Littlefield, victims have picked up the pieces from the shanties of their homes. Every 2x4, every nail, and every piece of lumber has been salvaged to help build back the dwellings and farm houses wiped out by the Sunday blast.

The last victim, Mrs. Mary Brooks, one of the twenty nine treated, has been removed from the hospital. Only one victim, Mrs. Jim Shipman remains confined to the Methodist Hospital in Lubbock. Mrs. Brooks is visiting a daughter, Mrs. Mack Johnson, in Lubbock until the Ernest Brooks can rebuild their home. Mrs. Brooks is reported to be improving.

NINE CASES APPROVED BY LOCAL BOARD

Red Cross workers with Miss Dorothy Smart, Disaster Advisor and Leo Whitman, Building Estimator of St. Louis, met with the local advisory board and reviewed three cases and made awards in six cases for rehabilitation on an emergency basis. The total money spent in these cases was almost \$5000. These were sent to Red Cross headquarters for approval.

One case that had applied, found after receiving the insurance that they would not need Red Cross assistance and withdrew their application.

This left nine cases to be presented to the board and then to St. Louis for approval. These nine cases include medical, building and repair, and household furnishings. Workers hope to complete these cases in the immediate future.

VICTIMS RECEIVE SHOWERS

Neighbors, friends, well-wishers, clubs, and church groups have showered all the victims with clothing, household goods, linens, dishes, silver, and other necessary items to help the disaster victims get back to normal living.

Judge Robert Kirk held a meeting of the Disaster Group last week in the County Court room to better organize in event of any future disaster should befall Lamb County's residents.

LOCAL CLUBS ADOPT CHILDREN FOR LUNCHES

Five children whose parents have lost everything they had in the disaster have been adopted by The Jaycees and The American Legion Auxiliary for hot lunches in the school cafeteria at noon each day until school is dismissed for the summer holidays.

Federated Clubs Assist In Securing, Distributing Clothing

The local federated clubs, The Woman's Club and The Forum have spent many hours securing clothing and assisting at the Red Cross center on Phelps Avenue in distributing of clothing and bedding to disaster victims.

Mrs. Sue Bennett Gets Promotion

Fred Mathis, District Manager for General Telephone Company of the Southwest, has released that Mrs. Sue Bennett, Chief Operator, has been promoted to Division Traffic Instructor and will move to Brownfield. Mrs. Bennett has been chief operator in Littlefield since December 23, 1951 and has been employed by General Telephone Company since March of 1946. She will assume her new duties on May 12, 1957.

Mrs. Ed Trimmer will replace Mrs. Bennett as Chief Operator effective May 12, 1957. Mrs. Trimmer has been employed by General Telephone Company since June 1, 1951. She moved to Littlefield as a switchboard operator January 22, 1955 and was promoted to Assistant Chief Operator March 1, 1956. Mrs. Trimmer has been acting Chief Operator on previous occasions when Mrs. Bennett was conducting classes in Human Relations throughout the Western Division of General Telephone Company.

Setting up to replace Mrs. Trimmer as Assistant Chief Operator will be Mrs. Elmer Koller who has been with General Telephone Company since July 1, 1953. She has been Service Assistant since January 1, 1955. Mrs. Koller came to Littlefield in 1941. Mathis said that he is always happy to see employees advance in the company.

Whitharral Drops Smyer

A strong Whitharral nine defeated Smyer, 4-2 in a district 4-B baseball game Tuesday afternoon. Whitharral opened up the scoring early in the game with one run in the fifth. Whitharral broke the game open with two more big runs to make the score of 4-0. Smyer's only two runs came in the top of the sixth.

Dale Gage pitched a brilliant game for Whitharral. Going into the sixth inning he had pitched a shutout and a one hit game. With two out in the sixth, Whitharral made three consecutive errors and allowed two unearned runs to ruin Gage's shutout.

Billy Thiford the center fielder for Whitharral got the only extra base hit. He got a triple for three times at bat. George Hyman hit a double in three trips to the plate.

Whitharral will play the winner of the Adrian-Nazerath play-off for the district crown sometime next week. Adrian-Nazerath are playing a best of three series for the championship of District 3-B. The date and have not been decided but the place for the district game will probably be played on a neutral field.

Wendell Woody went all the way on the mound for the Whitharral nine and Nub Edwards caught. Woody struck out 11 men in the seven inning game. Bill Lowman was the starting pitcher for Spade. He was relieved in the fourth by Eugene Williams. Holly was the catcher. Lowman struck out five and Williams four.

Larry Heard was the big gun for the Panther nine as he hit a single and a triple for four trips

to the plate. The triple in the fifth inning and a home three runs. The Spadeer, Eugene Williams, hit for two trips at bat. Whitharral won the game in the fifth inning as they got the score up to that time to two. Spade sat three to the bottom of the fifth couldn't overcome the deficit.

J-2 ROCKET!

OLDSMOBILE NOW OFFERS YOU THE MOST EXCITING NEW ENGINE DEVELOPMENT SINCE THE FIRST HIGH-COMPRESSION POWER PLANT!

Greater economy for all normal driving! A greater reserve of extra safety power for the exceptional situation! That's why Oldsmobile's new J-2 Rocket Engine* is like two engines in one. And you, the driver, are in complete control of how you want to travel. For practically all driving needs you enjoy the fuel-saving economy of a single carburetor. Or, a touch of the accelerator past the three-quarters mark will bring two additional carburetors into use. This gives you gas-saving performance over a 50 percent broader operating range plus a reassuring reserve of power that means added safety. If you have not already tried the J-2 Rocket, your nearby Oldsmobile Dealer invites you to come in for a drive soon. Be his guest for a J-2 test. You'll find it is a totally new and wonderful driving experience.

ECONOMY WHEN YOU WANT IT!

Here's the secret of its greater gas mileage. In the J-2 Rocket a single two-barrel carburetor serves the engine, at peak efficiency, for all your ordinary power needs.

You choose your own kind of performance—you're in economy range up to ¾ throttle. Yet you enjoy famous Rocket action all the way.

POWER WHEN YOU NEED IT!

All three carburetors (six barrels) go into action, automatically, whenever the occasion demands. Push your foot to the floor, and you have extra safety power on tap to whisk you up the steepest grade, or out of the path of danger. Here's alert action for added safety in any driving situation!

Fund Started For Former Littlefield Boy

"Mike Turner Fund" was started this week in Knox City and Benjamin to aid the family of Mike Turner who has the little-known dread disease cystic fibrosis.

Mike is the seven year old son of Mr. and Mrs. Russell Turner, former Littlefield residents. He is a great-grandson of the late Mr. and Mrs. Lee Bonnett, pioneer Lamb County residents. He is a great nephew of Mrs. Millard Phillips of Littlefield and Mrs. Hazel Parker Webb of Cimarron, Kansas. Mike's father was employed by the REA in Littlefield for several years.

Mike was a first-grader in the Knox City school when Dallas specialists confirmed the diagnosis of his illness and extended no hope to the parents.

The specialists prescribed expensive treatments and advised the parents to obtain various equipment to make Mike's remaining life more comfortable. Contributions will be accepted in Knox City by Wesley Garrison in care of the City Hall or the Citizens State Bank, Knox City.

In Benjamin, the fund was started with a substantial donation and personal appeal from Mr. and Mrs. Bartel, who lost their own seven year old son, Gary with the same disease in November 1954. In Benjamin funds will be accepted by W. M. Hertel in the County tax assessor's office.

Art Club Members See Guild Exhibit In Lubbock

Affording the general public an opportunity not only to visit the private workshops of members but also to see artists and craftsmen of Lubbock in action the South Plains Art Guild held a studio tour from 3 until 7:30 p.m. Saturday and Sunday in Lubbock.

The tour was divided into two parts with three studios on the visiting list for each day.

Visitors were welcomed in the various homes by the hostesses and served refreshments as they viewed the paintings indoors as well as out doors.

Painting in the various media, sculpture, weaving and artistic endeavors were exhibited, but were demonstrated by the artists, who have achieved state and national recognition for their efforts during the past years.

The studios that were open to the public Saturday were those of Mrs. Jack Griggs, Mrs. Bernice Fix, and Mrs. George R. Pierce. Sunday's studios visited were Dorothy Gay Irwin, Meda Parker Johnston, and Dr. A. C. Isham.

The newly formed Lubbock Men of Art Exhibit was of particular interest to the visitors.

Sudan Artists Exhibit Mrs. Cecil Foster and Mrs. Hazel Wiseman of Sudan exhibited paintings at the Griggs homes.

Members of the Littlefield Art Club attending the exhibits were as follows: Mrs. E. J. Pussanmas, Mrs. L. C. Hewitt, Mrs. W. C. Thaxton, Mrs. Tracy Perkins, Mrs. Paul Pharris, and Mrs. Jerry Kirby.

PARTICIPATING IN FLY-UP CEREMONIES conducted Friday evening at the annual Girl Scout Awards Banquet held in the school cafeteria were the girls pictured above. They are left to right, Dyanne Curry, Carla West, Sharon Waiser, Janice Mathews, Devorah and Elaine McKay. (Scott Photo)

IN THE MATTER OF THE ESTATE OF CLANTON SMITH SIMMONS IN THE COUNTY COURT OF LAMB COUNTY, TEXAS

NOTICE OF APPLICATION TO MAKE OIL, GAS AND MINERAL LEASE

TO ALL PERSONS INTERESTED IN THE ABOVE NAMED MINOR OR HIS ESTATE:

You are hereby notified that I have on the 8th day of May, 1957, filed with the County Clerk of Lamb County, Texas, an application under oath for authority to make, enter into and execute an oil, gas and mineral lease for mineral exploration and development without pooling provisions or unitization clauses on that certain real estate described as an undivided 1/20th interest in and to the West Half (W2) of Section Thirteen (13), Block AK, Lubbock County, Texas, providing for exploration for and de-

HD Clubs Honor Mrs. King and Mrs. Jess Padon

Members of the Spade and Yellowhouse H.D. clubs met in the home of Mrs. Joe Prater May 3 at 2 p.m. to honor two of their neighbors, Mrs. Jess Padon and Mrs. Leonard King, who are non-club members and recent tornado victims with a miscellaneous shower.

This was also a social hour in observance of National H.D. week. Refreshments of punch and cookies were served to Mesdames Claud Jones, C. D. Elder, Fred Duffey, Tom Ham, Sam Tindal, Jay Phillips, E. H. Gray, John Vrabel, Bayne McCurry, Marie

County, Texas, containing 320 acres, more or less, in the entire tract, and the undivided 1/20th interest belonging to the estate of said minor which is sought to be leased being an undivided 1/20th acre interest more or less; that Robert Kirk, Judge of the County Court of Lamb County, Texas, on the 8th day of May, 1957, duly entered his order designating the 20th day of May, 1957, at 10:00 o'clock A.M. in the County Court room in the Courthouse of said County as the time and place when and where such application would be heard and that such application will be heard at such time and place, at which time and place all persons interested in said minor or his estate are required to appear by filing a written answer and contest such application should they choose to do so.

All the interest in and to the above-described land belonging to the Estate of said minor, which is an undivided 1/20th interest in and to the entire West half (W2) of Section Thirteen (13), Block AK, Lubbock County, Texas, is sought to be leased, without pooling provisions or unitization clauses, providing for exploration for and de-

velopment of, oil, other liquid hydrocarbons, gas (including liquid hydrocarbons in the gaseous phase), metal, and other solid minerals, and other minerals or any of such minerals in place, belonging to such estate; and such lease sought to be given shall provide for the usual one-eighth (1/8) royalty of the oil and gas produced and saved from said land and 1/10th of all other minerals except that on sulphur shall be 50c per long ton.

Given under my hand as Guardian of said Estate this 8th day of May, 1957.

egg Law Protects Producers And Consumers

Members of the Plains Egg Producers, Inc. were advised this week by State Senator Preston that the passage of the Texas egg law will...

The new egg law provides that eggs sold for human consumption must be graded according to consumer grades and weight classes set up by the United States Department of Agriculture.

The new law also makes it illegal to sell or advertise shell eggs below the quality of Grade A as "fresh," "yard," "select-d," "henney," "new-laid," "case," or other words which represent such eggs to be fresh.

Another provision involves licensing of certain dealers and processors of eggs, with fees set according to the volume of eggs handled.

Any person desiring a copy of the new egg law or additional information on egg grading should send a request to John C. White, Commissioner, Texas Department of Agriculture, Austin, Texas.

Small budgets love big Fords

You don't have to be rich to enjoy fine-car luxury. The new kind of Ford is America's lowest-priced* big car... yet it offers the beauty, V-8 GO and luxury ride of cars costing far more!

If you love big-car performance you'll love our '57 Ford. If you love thrift you'll love our '57 Ford. No car ever before has offered such perfect blending of big-car luxury and small-car price.

Once you take the wheel, you'll discover how the "Inner Ford" gives you the kind of ride you have experienced before only in cars costing far more. You'll find its advanced design chassis and lower center of gravity let it corner as if it were on rails... that its engine is as responsive and nimble as a polo pony. Six or V-8 the going is great!

But even though this Ford handles like an expensive car, it's still priced Ford-low. In fact, model for model right across the board, the 1957 Ford is the lowest priced of the low-price three!

Ford is worth more at trade-in time. And when you go to trade your Ford, you'll find Ford's traditionally high resale value makes it worth more at that time, too.

Why not come in and Action Test this fun-lovin', budget-lovin' Ford? Why not come in and see it today?

On Kitchen Accidents

The University of Illinois Safety Department has some suggestions for housewives who must do much of the family's cooking. Here are a few of the suggestions offered, which are intended to keep you from dumping a pot of hot squash on junior's head, cutting yourself, or others, and experiencing other accidents in the most used room in your house:

First, prepare most of a meal before mealtime, so that you won't have to hurry.

Second, turn the handles of your cooking utensils to the back of the stove to prevent them from being turned over.

Third, check electric cords, be sure to use a safe step-ladder and have a special place for knives and other dangerous instruments, which is not in reach of small children.

Finally, if you are too tired to cook and do not have time to prepare a meal, take the family out to Joe's Joint for a hamburger. Caution should be exercised here also, so that no accident will occur over the question of who pays the bill. There is no general safety rule to solve this question.

More Horsepower Coming

Instead of a trend away from more horsepower, the word is out from Detroit that the 1958 automobiles will feature a considerable boost in horsepower and performance. This is surprising to those who thought the horsepower race had about reached the end of the trail.

It is reported that most of the horsepower increase will be achieved by the use of fuel-injection engines, usually to be offered as optional equipment. Reports from Detroit tell of experimental cars and first models of 1958 lines which exceed the performances of 1957 cars to a considerable degree.

In other words, it seems that the automobile industry has accepted the philosophy that greater and greater engine performance adds up to more modern and better automobiles. If this is true and is to be the continuing trend, then safety factors concerning automobiles and highways will fall further and further behind the times if both are not given considerable attention.

It has been suggested that automobiles begin using hydraulic bumpers, rather than the stiff-type bumper, and that brakes should be improved in keeping with the greater power offered the public. The automobile industry, seems to us, has an obligation to see that such moves as these, and many others, are made if greater and greater horsepower is offered the public. We can only hope the industry rises to the occasion.

On Dirt and Rain

Dr. Ross Gunn, Weather Bureau director of Physical Research said recently in Washington that the formation of rain over the United States may be slackening because of an increase in air contamination.

Dr. Gunn says a recent investigation has indicated a relationship between cleanliness of air and the likelihood of rain. In other words, the more dirt and trash included in the air, as particles, the more difficult it appears to be for rain to form in the clouds.

According to this theory, air contamination, which is the result of smokestacks, automobile exhaust, and even bomb explosions, may hold up the formation of rain and may have to be carefully controlled in the future. In fact, Dr. Gunn believes that the world will have to clean up the air around the earth if the normal pattern of rainfall is not to be affected.

Although Dr. Gunn's findings are highly interesting, and possibly significant, there is a difference of opinion on this question. Should atomic bomb explosions prove to affect the formation of rain, it may be that science is on the verge of learning how to control the layer of gas around the earth which makes up the weather.

LAFF - A - DAY

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—Texans will be a long time cleaning up from one of the greatest flood disasters in the state's history.

Nearly 10,000 persons were forced out of their homes and some 35,000 square miles were affected, according to official estimates.

State, national and private agencies are cooperating to help the flood victims. At the request of Gov. Price Daniel, Pres. Dwight D. Eisenhower designated the flooded counties as "major disaster areas." It brought an immediate flow of funds, equipment and supplies to aid State Disaster Relief Headquarters.

Governor Daniel also asked the Legislature for \$20,000 to replenish the National Guard's fund for emergency work.

As waters receded in most areas, people began to take stock of the future. Though crop damage was estimated as high as \$30,000,000, most farmers took a long range view.

Many missed the corn planting season and will have to switch to sorghum or some other crop. Others have put cattle back on dry feed after seeing the best pasture in years ruined by floods. "But," they say, "at least it's wet."

Water conservationists point to the flood-ravaged areas as "Exhibit A" in the case for more dams and lakes. Ramping rivers could be held in check, they say, saving top-soil and water for future use.

IT'S GOVERNOR LOCK NOW — Sen. Otis Lock of Lufkin became Governor for a day and received all the honors customarily paid on such occasions.

May 3 long will be remembered by the 45-year-old lawyer who has served 18 years as a state official.

He issued a proclamation designating the day as Texas Interscholastic League Day; addressed the high school journalists assembled in Austin; served coffee and cake in the reception room of the Governor's office; and attended a banquet given in his honor by his many Lufkin friends.

As president pro tem of the Senate, Lock became Governor for a day when Governor Daniel and Lt. Gov. Ben Ramsey left the state on official business.

LONG TALK — Longest filibuster in Texas Senate history brought only a "moral victory" for opponents of school segregation bills.

Sens. Abraham Kazan Jr. and Henry Gonzalez teamed up to talk 36 hours and 2 minutes against a bill to allow school boards to assign pupils to certain schools. When they finally quit, their colleagues passed the measure and sent it back to the House for concurrence on a minor amendment.

Proponents agreed to delay for a few days taking up other segregation bills.

Previous filibuster record was 31 hours and 25 minutes set in 1949 by opponents of a medical bill.

Kazan and Gonzalez were aided by prolonged questions from other anti-segregation minded senators. Those who opposed the bill included Sps. R. A. Weinert, Bruce A. Reagan, Hubert Hudson, Charles Herring, Carlos Ashley and Frank Owen III.

ICT REPORT — Senate ICT Committee's voluminous report had no kind words for those who had been connected with the \$4,000,000 failure.

It said the company was founded contrary to law and operated in a negligent, haphazard and downright fraudulent manner. It sharply criticized Ben Jack Cage onetime ICT manager, and labor leaders who had helped Cage sell union people on investing in ICT.

Union officials, it said had been compromised by "lavish entertainment" or payment of money. Their attitude was called "negligent or at least complacent."

Committee made 20 recommendations for tightening laws to prevent future ICTs. One would make insurance company officials criminally liable for false statements. Another would place insurance securities under supervision of a securities commission.

NATUROPATHS SET BACK — Naturopaths are in a worse quandary than ever now that State Supreme Court has ruled their licenses to practice are no good.

This upheld a lower court ruling that the 1949 licensing law was unconstitutional.

Texas Naturopaths will be in court next week when Ex-Rep. James E. Cox of Conroe comes to trial. Cox is charged with consenting to accept a bribe from a TNA member in return for killing a bill outlawing naturopathy.

INSURANCE REORGANIZATION — Governor Daniel is riding a crest of triumph after House passage of his plan to reorganize the Insurance Commission. After weeks of wrangling and nip-and-tuck committee votes, final approval was by a lopsided 109 to 25.

House version calls for a three-man, full-time board all to be appointed by the governor. Senate already has passed a similar bill calling for a part-time board.

Both versions would remove from office John Osorio, the present commission chairman, and Member Mark Wentz. Opposition by their friends in the Legislature was one of the main obstacles to reorganization passage. Joe P. Gibbs, the third member of the commission, was appointed recently to serve temporarily.

THUMBS DOWN — In the push to clear the Legislature calendars, a lot of bills are falling by the wayside. Measures which already have hit the dust include those to: Abolish the property tax on automobiles and substitute higher registration fees; provide for re-districting of county precincts; require county judges to be lawyers; allow cities on local option to elect officials for four years instead of two; raise the minimum age for senators from 26 to 30 and the minimum for representatives from 21 to 25; require persons over 60 years of age to obtain an annual exemption certificate to vote; prohibit cities from annexing property across county lines; and allow cities to issue bonds to build municipal parking lots.

APPROVED — Measures which apparently have made the grade: Allow use of tax money to advertise the state of Texas; levy penalties for tossing litter on public roads, parks and beaches; make it unlawful to carry a switch-blade knife; permit skipping of jury trials in lunacy cases; create a new Securities Commission to handle regulation now divided between the Insurance Commission and Secretary of State's office; create a system of full-time paid supervisors for paroled convicts; and define rights of REA co-ops to operate in areas annexed by cities.

SHORT SNORTS — First six officials to file statements of their personal business interests under the new code of ethics bill were Reps. Joe Pool, Tom Joseph, Joe N. Chapman, Herman V. Puckett, Jr., Rufus U. Kilpatrick and State Auditor C. H. Cavness. . . . New U. S. Sen. Ralph Yarborough is slated as main speaker at a state convention of the Democrats of Texas May 18 in Austin. Identified with the liberal-loyalist block, the DOT has been sharply criticized by the Democrat State Executive Committee.

Mr. Max G. Wood, who had had offices in the First National Bank building, moved his dental office to the Payne-Shotwell hospital this week.

The Littlefield Cooperative Gins elected the following director this week for the ensuing year: L. C. Gregg and J. M. Roberts to take the place of F. H. Glazner and R. N. Carpenter. Dewey Walker was re-elected manager for next year.

Rev. Donald Harris delivered the baccalaureate sermon to the seniors of the Littlefield high school this Sunday.

Letters To Editor

Littlefield, Texas
May 2, 1957
Lamb County Leader

Sir: Yesterday I had the pleasure of meeting our City Manager for the first time. I was surprised to meet a fine upright professional man of the highest order.

This man was eager to aid or assist in my problem of paving. I was shown a most complete planning program of all the city problems and where my particular question on paving fitted into the city's 1957 Budget Plans.

I would like to say that for the first time our city is being run with a plan and a program in mind that is balanced in its scope and far sighted in its thinking. The City Commission is to be congratulated on obtaining and retaining this type of man dedicated to a career of city management to aid our City Commission in carrying out their program of work.

Respectfully,
F. J. Johnson

Sandhills Philosopher Wants To Prorate Cattle Industry

Editor's note: The Sandhill Philosopher on his Johnson grass farm discusses the cattle business this week, a subject he's as much an authority on as he is the international situation, if you follow us.

Dear editor: I didn't have anything to do the other afternoon, or rather I had plenty to do but wasn't interested and went into town to sort of break the monotony and while I was there I borrowed a newspaper off the cafe counter and the first thing that caught my eye was an article about a proposal an agricultural expert has for establishing, as he calls it, the cattle business.

According to him, if the oil industry can prorate oil which as I understand control the amount of oil with an oil well can't do any one month, and the price of oil at \$10 a barrel, then farmers can prorate the number of calves being raised, and help a steer at 33 cents a pound.

However, he would not get away with selling cattle at 33 cents a year, and tract from the proceeds whereby a man does when a calf is born might take the adverse cattle raising.

Well, now, I'll tell you 33 cents a pound for a get monotonous to me but as far as I'm concerned ain't near as monotonous as 15 cents one year, 18 the next, etc.

To some people, raise to market age may be but as far as I'm concerned adventure starts and what you'll do with the

I know from experience there's a certain amount in raising calves scrub cows, in looking watching the calves as you sit in the shade and figuring when it's time 'em up and head for the big adventure comes get your check, and the most monotonous thing is getting one smaller figured.

If this fellow can figure to guarantee me a price cents a pound for calves year, tell him to get near up under the market.

Your faithful

Chocolate Milk Is More Popular

An all-time record for chocolate milk consumption — 4½ quarts per person — was set in 1956, according to the National Dairy Council.

This amount was almost 5% more chocolate milk per person than the record for 1955 and nearly four times higher than the consumption average for the product during the years 1935-39.

manufacturers of chocolate ingredients, the above information is drawn from the 1957 edition of "How Americans Use Their Dairy Foods," an annual National Dairy Council publication, issued recently, which reports per capita consumption figures for milk products and related statistical information.

It is estimated that the sale of chocolate milk utilizes about 2½% of the annual 30 billion quarts of bottled fresh milk in the United States. This figures out at more than 743 million quarts of chocolate milk for the year 1956, and includes only chocolate milk bottled and sold by dairies, not the chocolate flavoring of milk in the home.

MODEL RD-26 — When friends meet at your home, they will marvel at the beauty and convenience of this new Hotpoint Range. You will proudly tell them about the wonderful two-way Super-Matic, timed pushbutton cooking, automatic double oven versatility, indoor barbecuing and the pleasure of the exclusive musical Roast Right meat thermometer. Whether you select your new Range in one of the five beautiful Colortones or white, the all-new design will blend with your kitchen motif; the new "fashion front" quietly say that here is the world's most beautiful electric range.

Hotpoint

Super Deluxe

CIRCUIT BREAKER outlaws fuses, adds new convenience for you. When the power outlet is overloaded, the switch flips and shows red. Re-start it merely by pushing back in.

ELECTRIC APPLIANCE OUTLETS, one time

CALROD surface units feature internal coil design to provide even, overall heat at each of five heat patterns. Flat-top, coil coils give greater heating surface in contact with utensils for more efficient, faster cooking. Special heat pattern on right rear unit cooks small amounts. "Stay-up" hinges lift up out of the way for removal of aluminum reflector pans.

OVEN CLOCK lets you shop all day long home to a completely cooked dinner. Simple controls, automatic reset.

Full width **FLUORESCENT LAMP** floods the entire work surface with soft, glareless light. All-porcelain finish **OVEN**, finger-tip pull out bake and broil units, rounded corners and smooth shelf position guides make oven easy to clean. Ovens feature **AUTOMATIC TEMPERATURE CONTROL** from 150 to 550 degrees F. plus extra thick insulation on all six sides. Two broiler-roaster pans, two adjustable shelves, interior lights.

Two huge **STORAGE DRAWERS** feature one-piece construction, rounded corners, and nylon rollers.

The entire Range body is of one-piece welded steel construction, finished in long-lasting Titanium porcelain enamel. Four adjustable leveling legs.

Hotpoint Co. has a policy of continuous improvement on its products, and reserves the right to change materials and specifications without notice.

COLOR-LIGHTED PUSHBUTTONS — Makes cooking easy. The touch of your finger selects the heat pattern for each surface unit. Each button lights in a different color; each set of buttons is color-keyed to the unit it controls. The button marked "T" adds time control to each unit.

MEALTIMER — Times all surface cooking. New convenience in range-top cooking because this timer turns off any surface unit, including Super-Matic, at times you choose from 1 minute to 4½ hours. Then it sounds a continuous chime to call you. Use it to time other activities, too.

SUPER-2600 CALROD — Cooks quick as a wink. Giant 8-inch right front surface unit starts instantly, cooks bacon and eggs for four in 5 minutes or less. It heats a can of soup, or baked beans bubbling hot, in only 65 seconds. "Super 2600" adds new speed to those hurry-up meals.

WISHING

WON'T MAKE IT SO!

Everybody knows that merely wishing won't make things come to pass. It won't deliver us from decisions, nor will it solve any of life's problems. Sweat of the brow and sweat of the brain are needed in this world to get things done. In religion, however, many do little more than idly wish for faith and then wonder why it doesn't come as if on magic wings. Spiritual wishing, however, is as unproductive as any other. Wishes do not make life more meaningful nor help one to know God. Faith requires decision and active commitment. A pledging of life to God and creative participation in doing His will is the only road to deeper faith. Go to Church Sunday and begin to put your faith into active service.

Is something wrong with your life—an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church in everyone!*

Now Is The Time To Plant Sesame

It's planting time for Sesame the new cash crop on the High Plains which ranks second only to cotton as a money maker.

"The recommended best planting time for Sesame is spread from May 5 to June 5," says Robert L. Parker, executive vice president of the Texas Sesame Seed Growers, "with most experienced sesame growers planting between May 10 and 20. In general practice, most farmers follow their custom planting with their Sesame."

Parker estimated that on the basis of commitments already made more than 15,000 acres will be planted to Sesame in Texas this year - most of it on the irrigated High Plains.

"About 5,000 acres were planted to Sesame on the High Plains last year," Parker said, "and the results generally were very good, many growers grossing more than \$110 per acre. This year our organization has conducted 15 farmer meetings on the plains, and on the basis of the enthusiasm and interest of farmers, we estimate that the 1957 High Plains crop will reach more than 10,000 acres, and may even go to 15,000 acres."

Parker said there is a general recognition among plains farmers with two and three years of ex-

perience in growing and harvesting Sesame that it has finally established itself as their No. 2 money crop.

The only equipment needed to plant Sesame in addition to a standard planting machine is a vegetable seed planter box, Parker said. He suggested a planting rate of 1 3/4 to 2 pounds of seed per acre, and sometimes even more where farmers are shooting for 1,700 pound-per-acre yields or better and where they propose to give the crop the water necessary to produce these yields. This gives a plant density in the row of a stalk every half inch to one inch, when planted in 40" rows. Top farmers who have produced yields in excess of 1,000 pounds of seed per acre say these thick stands are absolutely necessary.

Parker said that in the beginning, obtaining good stands was a problem, on the plains. This has

"The Big Top" ... Still Lives ... 2nd Largest Circus Coming, Afternoon Only, Sunday, June 2nd.

Positive proof that the "under canvas circus" is still very much a part of "the American way of life" will be furnished residents of LITTLEFIELD and vicinity on SUNDAY, AFTERNOON, ONLY, JUNE 2nd, when Al G. Kelly and Miller Bros, the Nation's 2nd largest circus erects its fabulous "tent city" at the LAMB COUNTY FAIR GROUNDS. Contrary to the recent erroneous rumors that the American public has considered the "Big Top Circus as 'passe.'" The administrative staff of America's 2nd largest Circus reveal that during the previous year's tour, overwhelming success was registered at a majority of the 225 communities visited on their entire itinerary, with overflowing crowds to greet the real old fashioned traditional Circus under one "Big Top."

A standing invitation is extended the "children of all ages" to visit the showgrounds and witness the unloading, feeding, and watering the many animals, also the bewildering precision-timed erection of the "canvass city."

For the past quarter of a century this huge institution has found favor with both press and public alike over the entire North American continent including the U.S., Canada and Old Mexico. Undoubtedly this will mark the first appearance of a big circuit here in many years.

ter and where they propose to give the crop the water necessary to produce these yields. This gives a plant density in the row of a stalk every half inch to one inch, when planted in 40" rows. Top farmers who have produced yields in excess of 1,000 pounds of seed per acre say these thick stands are absolutely necessary.

Parker said that in the beginning, obtaining good stands was a problem, on the plains. This has been overcome in two ways: 1. Shallow plantings; plant just deep enough to germinate seed well below soil is dried by wind. By using rubber press wheels and other devices, farmers plant successfully at depths of 1" to 1 1/2". Two inches is the maximum recommended planting depth for any method. 2. Rotary wees, or other scratching tools are now used to break up soil crusts caused by rain or showers. Many fine stands have been "scratched up" which otherwise would have required replanting.

Market prospects, both domestic and foreign, continue excellent. Parker said that the prospects for marketing the biggest tonnage of Sesame ever produced at good prices are more favorable at this time than they have ever been in the past. Both domestic and export buyers of Sesame are already in short supply, he commented.
