

Prisoner Of War Writes To His Folks Back Home

Belmont Williams, son-in-law of Mr. and Mrs. J. D. Williams, recently wrote a letter to his father, Henry Belmont Williams, prisoner of war, somewhere in Japan.

His father received official notice from the U. S. Navy that Belmont was a prisoner of war last February. Williams, who was Pharmacist's mate, third class, was at the island of Guam when the Pacific Islands were attacked by the Japanese December 7. He enlisted in the Navy in March, 1940, and had been stationed on the island of Guam since last May. Prior to that time he was on the Mare Island, near San Francisco, Calif. He visited at Amherst about two years ago.

Rebekahs Sponsor Salvage Campaign

At the regular meeting of the Rebekah Lodge Monday night, members voted to sponsor a Scrap Drive, Miss Regna Crow, Noble Grand, reported this week.

A pen has been built at the home of Mr. and Mrs. John Blair on XIT Drive, one block off Main Street, for convenience of members and anyone else who has any kind of scrap metal, rubber or other scrap needed by the government.

The scrap will be sold by the Rebekahs, and proceeds will be used to purchase War Bonds.

FIELD DAY WILL BE NEW FEATURE OF PRODUCTS SHOW

Flying Clubs Will Build Hanger Here

Erection of a hangar for the Littlefield Flying clubs will start next week on the Duggan acreage south of the city limits, as the old sheet-iron building on Phelps avenue owned by A. C. Chesher has been purchased by the clubs and will be moved to the site.

Civic minded citizens have been working toward the obtaining of a government designated air port for Littlefield, and a government inspector informed the group that he would approve the Duggan land as an excellent location, for an elementary flying school. However, reports are that there are now more flying schools than there is equipment available.

It is expected, however, that the local airport will eventually be designated as a government landing field.

Mr. Cunningham invites all farmers, business men, county agents and vocational agriculture teachers to attend the Product Show, which will be held at the former location of the Hall Motor Company on Phelps Avenue, just north of the West Texas Gas Company, and to visit his farm, where many varieties of crops will be shown.

Mr. Cunningham has several varieties of new Milo from which the seed will be distributed for the first time this year, and he invites everyone to see the crops while still in the field.

Demonstrations will be staged all day Saturday.

School For Red Cross Workers Is Announced

A school of instruction for volunteer workers for the Lamb County Red Cross Surgical Dressing Preparation program will be held next Tuesday and Wednesday, September 29 and 30, Mrs. Lyle Brandon of Sunnydale, county chairman, announced Wednesday.

The project is located in the John Blair building, located opposite the Patton Hotel in Littlefield, and equipment and supplies have been installed in the building this week.

Mrs. I. B. Holt of Olton is assistant to Mrs. Brandon in the program.

Each community in Lamb county is urged to send at least two women to attend the school of instruction, who will be trained to supervise the work in their respective communities.

The school will begin each day, next Tuesday and Wednesday, at 9 a. m., and will last until 4 p. m. Those attending the school are instructed not to wear nail polish; must wear wash dresses, and something on their heads, and must be free of contagious and skin diseases.

Mrs. Brandon stated that the Lamb County quota is expected to reach 10,000 bandages and dressings per month.

Finances for this program are limited, and any financial donations that citizens wish to make are much needed and urged.

The plan is to install the county program in Littlefield, and as soon as workers from the communities have been trained, similar work programs will be set up in those areas.

The Red Cross is now providing 80 per cent of the surgical bandages and dressings being used by the armed forces.

Vernon Eagan Wins In Golf Tournament

Littlefield golf players enjoyed the handicap tournament with muddy clubs, and the eight best golfers got the "mud off their clubs" first—and were declared winners, after playing almost two weeks.

The tournament closed Sunday, with Vernon Eagan, almost slated as the pro-fessional, coming out with top score . . . making six and a par.

One local woman gave the players stiff competition, Mrs. P. W. Walker—who walked away in the tournament with fourth place prize.

Prizes were defense stamps, and there were 30 entries in the tournament.

Winners, reported by Judge Sikes, green chairman of the tournament, were: Eagan, first; Beaman Phillips, second; Fly Thornton, third; Mrs. Walker, fourth; Dr. J. R. Coen, fifth; L. C. Hewitt, sixth; J. H. Barnett, seventh, and Leo White, eighth.

The tournament was reported a success—all but the rain, which prolonged it two weeks, instead of one.

At the 11th annual session of the Texas State Certified Seed Growers Association Saturday, W. H. Cunningham was named president, and Aubrey Edward of Shallowater was elected secretary-treasurer. Mr. Cunningham succeeds James T. Dunn of Lamesa.

The session was held at the agriculture building at Texas Technological College, Lubbock.

Mercury Drops Sharply Here

Fall was ushered in last week end with a strong north wind and rain that sent the official temperature down on Friday from 88 degrees to 43 degrees Saturday morning. Sunday morning the gauge went one degree lower at the West Texas Gas Company, recording 42 degrees, record low for the season.

Drenching rains which began here Friday and continued through the night brought a surplus of 1.59 inches of unwanted moisture to this section. This brought the total rainfall for September to 3.41 inches, the official gauge at the West Texas Cottonoil Company showed.

The twister which damaged several airplanes in Lubbock Friday afternoon swept across a portion of Lamb county, blowing roofs off barns, and damaging slightly pump houses and out houses on several farms.

A roof blew off the barn on the W. P. Cox farm, a few miles east of Littlefield on Oklahoma Avenue, and landed in the highway.

While the lower temperatures are seasonal, the heavy rainfall, fairly general over the South Plains, is described abnormal, and will in no (Continued on Back Page)

The Campbell quartet from Levelland and the Simms Quartet of Clovis, N. M., offered several songs during the day.

J. Ernest Jones represented the local schools, and made a patriotic talk, and O. K. Woodall made a talk for the American Legion.

Judge J. V. Purdus of Lubbock was also a guest speaker.

In March the singing convention will be held at the Fieldton school building, and Littlefield will be host again to the Lamb County Unit of the Plateau Singing Convention the third Sunday in June.

Colorful Parade Staged By Schools Here Friday

A colorful parade, staged by the various clubs, classes, and organizations of the Central, Primary, and High Schools Friday afternoon, was enjoyed by a large crowd of parents and friends.

The parade and calisthenics preceded the football game between the Army and Navy teams.

Included in the parade were the primary students, the central school students, and the Future Farmers of America, exhibiting white face calves, maize heads, and cotton stalks. The Future Home Makers wore dark skirts and white blouses, the Spanish club members wore Spanish costumes, each representing a different country; members of the tennis club wore white sailor suits; the Hi-Y Club members wore patriotic colors, and the band, which circled the athletic field playing marches, and doing stunts. The enthusiastic Pep squad led some good yells, and sang patriotic songs as the band played.

First prize was awarded the primary school, second prize to the Spanish club, directed by Mrs. Ralph Gray, and third prize was awarded the Tennis club, directed by Mrs. H. C. Edmonds. Judges of the parades were Rev. J. H. Sharp, and Mrs. T. L. Matthews.

Visits Sister Whom Had Never Seen

A. J. Williams, who has been pastor of the Assembly of God for the past five years, has visited his sister, Mrs. Bula Stephens, who resides in Los Vegas, Nevada, for the past 30 years. At the time Mr. Williams and his sister first met she was visiting in the home of another sister, Mrs. Bula Stephens, who resides in Los Vegas, Nevada.

Rev. Williams came to Littlefield from Lockney and throughout his pastorate outstanding progress has been made by the local Assembly of God congregation. There has been an increase in membership, work has been completed in the building of a new church, and a parsonage has been built.

Rev. B. C. Walker, who has been substitute pastor at the Assembly of God Church during the absence this summer of Mr. Williams, is continuing as substitute pastor. He is a native of this section, and a student at Southwestern Bible School, Fort Worth.

TEXANS ASK MODIFICATION OF GAS RATIONING

Eastern Plan Not Suitable

Texas, and other western states, are protesting nation-wide rationing of gasoline . . . at least in the present form of drastic cuts in consumption as exist in the east.

Protest developed immediately following President Roosevelt's announcement that he would put into effect "as rapidly as arrangements can be made" a set of recommendations from his special rubber committee, which includes nation-wide gasoline rationing and drastic restrictions on civilian motoring.

Governor Coke Stevenson immediately voiced his protest, declaring that the extension of gasoline rationing to this section of the nation would not save rubber. He later said that Texans had been saving rubber by slower driving.

There are many ramifications to the Texas protest, and that of other western states, but it can be partially summed up in this brief statement:

In some cases it is so far from one place to another in West and Southwest states that the jackrabbits carry their lunch.

Lack of other transportation facilities has built up a total dependence in automobile and truck use in some sections.

The East is the East . . . and the West is the West . . . what would be reasonable regulation in the East would be destructive, dangerous control in the West.

In the East marketing, shopping, and professional services, such as doctors, are available within very little distance, with rare exceptions not more than five miles, and often less than a mile.

But, in the West . . . well, it is a

case of keep on driving till you get there.

"Immediate reconsideration" by the Federal government of proposed gasoline rationing in the West and Southwest was asked by Robert Lee Bobbitt, Texas highway commissioner and president of the Western Association of State Highway Officials.

He said the association, which includes 12 western states, is considering what steps it can take to seek "an immediate revision of the plan for blanket rationing of gasoline in the Southwest and West."

The protest was sent directly to President Roosevelt and members of the Texas delegation in Congress.

The association's voice was added to growing protests, mostly based on the pleas that gasoline rationing would impose undue hardships on residents of Texas and other southwestern states where distances to be travelled are great and public transportation facilities not as adequate as they are in the more compact east.

Also the arguments that such drastic cut in gasoline consumption would virtually wreck the tax and economic structure of many states involved, particularly Texas, and that tires not in use deteriorate rapidly, are being pressed.

"If the states in this part of the country will not be excepted from blanket rationing, they at least should get more liberal rations of gasoline per car," declared Mr. Bobbitt.

In the East Coast rationed area 70 per cent of the motorists have A books limiting them to 240 miles a month, 18 per cent have B books allowing them graduated amounts above 240 miles according to their needs, and a few have C books for necessary driving in excess of 270 miles a month.

street. Nobody seems to be in a hurry here—must be similar to America about 1880. Speaking of 1880, their trains are about that model. On the way up here, some of the Aussies were shooting out of the train windows at rabbits and kangaroos—the Aussies are a wild bunch of people.

"The Americans are doing all they can to make a good impression, and they seem to be doing all right, especially among the women because the General won't let our soldiers marry them now without the commanding officer's permission. The Aussies are doing all they can to make a good impression too—at times it's quite comical. They are trying to get the General to ease up on the restriction because they think that by letting the Americans marry their girls, they will stay here after the war is over and help develop this country. This really is a land of opportunity. A person with a little money could do wonders here.

"Well, at last I'm assigned to a permanent unit, so until this war is over my address will be the same as on the envelope. I hope you'll write every now and then—letters will help a lot. Mail service is very poor—takes from six weeks to two months for a letter to arrive, however, V-mail takes only two weeks. Our V-mail stationery is rationed—one piece every two weeks.

"American cigarettes are very hard to get and pipe tobacco is a luxury. Once in a long while we get a cup of good American coffee, the remainder of the time we have to content ourselves with this Australian imitation with a lot of chicory—you wouldn't recognize the taste.

"We are working pretty hard and have little leisure time. Sleep part of the time on the ground and part of the time in tents. You should see me shaving and sewing on buttons—you'd get a good laugh. My lamp is a Pet milk can with a little kerosene in it and a piece of rope for a wick, but it works all right. I've gained quite a bit because I have difficulty in buttoning my trousers now—guess I'll have to go on a diet. Physically, I haven't felt better in my life.

"Tell everyone 'hello' for me. I'll be looking forward for a letter from you. Thanks again for everything you have done for me.

"Sincerely,
"Crawford."

Army Sleeper

—Photo By U. S. Signal Corps

Private Gerald MacAllister demonstrates the Army's new cotton duck sleeping bag. Issued to troops in cold climates, the sleeping bag is of a leaf type and has a canopy attached. With removable cotton covered inner mattress, the entire bag weighs only 14 pounds.

For Hot Climates

Designed by the Quartermaster Corps for warm climate and garrison wear, this new Army uniform features knee-length cotton shorts. The cotton-covered fibre helmet shows the soldier's regimental insignia. Both the open collar shirt and the stockings are of cotton.

Chic Velveteen

Dressy, though simple in design, this cotton velveteen "date" dress is one of the latest fall creations for the college crowd. Buttons down the front and on the contrasting belt are made of plastic material. It's well within WPB fabric limitations.

Autumn Smartness

Among the season's smartest new cottons is this beige coat of wide-wale cotton corduroy. Simple severity of the coat is relieved by the slight blouse effect over the belt made of the same corduroy material.

How to get new mileage into worn-out automobile tires is demonstrated to Miss Dorothy St. Lawrence of Providence, R. I. at the Firestone laboratories. The trick is simple; by merely applying an all-cotton protector to the inner tube and inserting both into the old tire, an additional mileage life of 4,000 to 5,000 miles is obtained. Not bad in these days of rubber shortages.

Demonstrating the new summer uniform for WAAC officers is Bettejane Greer. Like soldiers' outfits, the uniform khaki in color. The cap is of cotton twill or gabardine. The forms for the Women's Army Corps are made and designed by the Quartermaster Corps.

Last Rites Held For Father Of Mrs. Nall

R. E. Stafford, 49, father of Mrs. H. R. Nall of Littlefield, passed away suddenly Monday morning, September 14, at Abilene, as the result of a heart ailment.

Mr. Stafford had been enjoying good health. He and his wife had moved to Abilene from Ballinger two weeks previous.

Funeral services were conducted Tuesday afternoon, September 15, at 2:30 o'clock at the First Baptist Church, Winters, Texas, with Rev. W. T. Hamer, pastor, officiating, assisted by Rev. Thomas J. Young, of Northview, Texas. Burial followed in the Northview Cemetery.

The couple continued to live in that county until their settling in Runnels county in 1924. Their first location was in the Drasco community northwest of Winters, living there several years before moving near Bradshaw.

Mr. Stafford was converted at a very early age, uniting with the Missionary Baptist Church, and held for many years an active membership with the Bradshaw Church.

Attending funeral services were Mr. and Mrs. H. R. Nall of Littlefield and J. D. Nall of Morton.

Dedication of the Service Flag, on which are 100 names of men in the armed forces from Amherst and vicinity, was staged in a beautiful and impressive service Sunday night at 8:45 o'clock at the First Baptist Church, Amherst.

Participants in the dedication formed a procession as they entered the church, including small girls dressed in patriotic colors bearing flowers, followed by two girls carrying the Texas flag and the United States flag. A girl entered with the Service Flag, followed by a woman dressed as a Red Cross nurse; then four boys dressed in uniforms representing the Army, Navy, Air Corps and Marines, followed by a mother and a father of an Amherst boy in the service, then two wives of men in service, followed by two Legionnaires who took the Service Flag as the group assembled on the stage.

The congregation stood and sang the National Anthem before parents and wives of the service men who attended the service were recognized.

Troy Rowland sang "God Bless Our Soldier Boys Tonight," and Miss Frances Lee Grigsby gave an appropriate reading. Three girls offered several songs, before Rev. Roy Shahan, Littlefield Baptist pastor, brought an inspiring message and led the dedication prayer.

ARMY DEFEATS NAVY, 6-0, IN FIRST GAME OF SEASON AT SEELY FIELD LAST FRIDAY

In what was considered an upset by most fans, especially the Navy boosters, the Army football team won the first game of the season 6-0 played Friday afternoon at Seely Field.

The only score was a pass from Buddy Boles to Homer Peel, late in the third quarter. The pass was about 12 yards, then Peel ran by three teachers to score standing. After the rain the field was damp, but the hot sun soon steamed the field, as well as the players and spectators.

The game was about even the first half, with the Navy having the edge in statistics. The Navy made the first long gain and first down, when Raymond Reddell made 25 yards on a fake punt play. The Army's passing attack was spoiled by Warren Hennegar, who blocked several passes.

Outstanding players for the Army were Buddy Boles, Homer Peel, Doyle Elliott, and Winston Barton. For the Navy the outstanding players were Raymond Reddell, Warren Hennegar, and Kenneth White.

Mascots for the teams were a billy goat, owned by Jimmy Cockerham, for the Navy, and a dog owned by Norris Onstead and a donkey owned by Les Barker for the Army.

The lineup of players for the games were:

Navy—Kenneth White, fullback; Junior Elms, halfback; Raymond Reddell, halfback; Cecil Harp and Warren Hennegar, ends and tackle; D. H. Brewster, guard; Walter Sewell, guard; Wade Strother, end; Gene Hill, guard; Derrell Landrum, quarterback; Jack Kowan, tackle; and Bill Lyman, center.

Army—Edgar McCanlies, end; Neil Singer, guard; Lee Roy Smith, guard; Buddy Boles, quarterback; Roy Grissom, end; Toby Walker, fullback; Elbert Rhodes, halfback; Winston Barton, halfback; James Gimmell, fullback; Doyle Elliott, tackle; Jimmy Armstrong, center.

Planes At Lubbock Airport Damaged

Sudden bursts of wind accompanying Friday's rain caused close to \$15,000 damage at the Dagley Flying school at Lubbock. Several planes were damaged. The planes were owned by individuals.

The two planes owned by Littlefield flyers, usually stay at the Dagley flying school in Lubbock, when they are not being used by local men who are learning to fly.

The planes owned by local flyers had been checked out of the airport at Lubbock Friday morning and were here at the time of the storm. Two men started to the farm owned by Jim McGuire near Whitharral with the planes late Friday afternoon, but the hard wind caused them to return to the local field and tie the planes down.

It is quite possible if the planes had not been here at the time of the storm in Lubbock they might have been damaged. It is also quite evident that Littlefield needs an airport and hangar, so the planes will not have to return to Lubbock after every 72 hours of use.

With South Plains Men In The Service

When ordered to active duty, he will report to the U. S. Navy Pre-Flight School, University of Georgia, Athens, Ga., for three months of physical conditioning, instruction in naval essentials, military drill and ground school subjects. After completing this course, he will be sent to one of the Navy's numerous reserve bases for primary flight training.

Mrs. Dee Chapman received a letter last week from her son, John Henry, who enlisted in the Marines July 6. He was first sent to San Diego, and after boot camp was stationed on North Island for two weeks. He is now in aviation school in Chicago. He was released from boot camp on September 5, and his entire battalion, with the exception of 10 boys, was sent overseas the next day. John Henry was among the 10 who made the highest grades to be sent to school.

He has two brothers in the Marines: Sgt. Loyd W. Chapman, first guard company, Marine Base, San Diego, who has been a Marine more than six years, of which about two

and one half years he was in foreign service, stationed in Shanghai, China; and George W. Chapman, who is a guard at the Naval prison, Mare Island.

"MRS. MINIVER", WARTIME HIT, OPENS AT PALACE SUNDAY

Noted Greatest Film Ever Made

Voted by theatre patrons "The Greatest Movie Ever Made," and featuring two hours of titanic thrills, the widely acclaimed "Mrs. Miniver" screen adaptation of Jan Struther's novel, will open at the Palace Theatre, Littlefield, Saturday midnight, and will continue as a feature attraction through Sunday, Monday and Tuesday.

Jan Struther's best-seller, "Mrs. Miniver," heart-warming story of average English woman, has

brought to the screen as a timely and significant motion picture, dealing as it does with the heroic courage of the British middle classes on the home front during the present war.

The story, simply, honestly and graphically told as it might be in a dispatch from a bombed English village, is woven around the Min-

ivers and their family. Greer Garson as Mrs. Miniver and Walter Pidgeon as her husband, Clem, are starred in the Metro-Goldwyn-Mayer picture. The film happily reunites them as the public demanded, after their outstanding performances in "Blossoms in the Dust."

Spectacular Sequences

Principal locales of the picture are London shortly before the war and a nearby village on the Thames, where the Minivers live in solid middle class fashion with their three children. While the picture has several spectacular wartime sequences, the rescue at Dunkirk and the bombing of the village, emphasis is placed on the reactions of these everyday people going through the horrors of war in their own homes, rather than the tragic events themselves. The Dunkirk sequence, for example, shows the non-combatant British men of the village collecting their fleet of tiny boats to rescue trapped fathers, sons and brothers across the turbulent and dangerous channel.

Miss Garson appears in an appealing and inspiring role as Mrs. Miniver. Pidgeon, as Clem, her husband, typifies the sturdiness of the average Britisher. They live in a quiet village. Their son, at first at Oxford, joins the RAF and becomes engaged to the village belle.

There are air raid alarms; touching, human episodes in air raid shelters. Clem joins the older men, going in ramshackle boats to aid in the rescue at Dunkerque. Life goes on among the villagers as nearly normally as possible. Finally an air raid wrecks the village, kills many. With calm courage and faith, the villagers continue to "carry on," as they listen to their vicar in the shell torn church.

Teresa Wright, bright Hollywood newcomer from the New York stage success, "Life With Father," and who recently scored in "The Little Foxes," plays Carol Beldon, granddaughter of the village aristocrat. She is romantically teamed with Richard Ney, also from "Life With Father," who has the role of Vin Miniver, son of the Minivers and an RAF pilot. Lady Beldon, benevolent ruler of the village, who looks down her nose at the middle classes, is portrayed by Dame May Whitty, noted English character actress. In other leading featured roles are Henry Travers as the station master and Henry Wilcoxon as the village vicar.

William Wyler, who recently gave the screen another hit in "The Little Foxes," directed, and Sidney Franklin produced.

"Holiday Inn" Opens Saturday Midnight At Ritz Theatre

"Say It With Music"—one of Irving Berlin's old song hits—seems to have been his inspiration for Paramount's new Bing Crosby-Fred Astaire musical, "Holiday Inn," which opens at the Ritz Theatre, Littlefield, Saturday midnight, and will continue as the future attraction through Sunday and Monday.

For this great song-and-dance production, America's number one tunesmith has written 11 new "Hit Parade" songs—songs which you've been hearing and humming, and songs which "say it" about the nation's most dearly loved and most widely celebrated holidays. The holidays are an integral part of the story of "Holiday Inn."

There's "Let's Start the New Year Right," which is sung on New Year's Eve; "White Christmas" for the festive close of the year; "Be Careful It's My Heart" written for Valentine's Day; "Abraham" in celebration of Lincoln's birthday; "I Can't Tell a Lie" for Washington's birthday; "Song of Freedom" and "Let's Say It With Firecrackers" for the 4th of July; "Plenty To Be Thankful For" in celebration of Thanksgiving Day. Then, for good measure, you'll hear Irving Berlin's "Happy Holiday," "I'll Capture Your Heart Singing," "You're Easy to Dance With." There are also two old Irving Berlin favorites in "Holiday Inn"—"Lazy" and "Easter Parade," the latter sung on Easter Sunday.

The majority of the 13 songs are sung by Bing Crosby and constitute the biggest repertoire America's popular singer has ever warbled in one picture. Fred Astaire, and two new dancing partners—Marjorie Reynolds and Virginia Dale, do eight really sensational dance routines to a group of these songs. Mark Sandrich directed the film.

the Primary Parent Teacher Association.

Mrs. Wade reported that all dues must be paid by the above date, and a first prize of \$2.00 will be awarded the room with the most members. Second prize will be \$1.00. Dues are 35 cents, and parents are urged to pay their dues to the member of the committee representing the room in which their child is enrolled.

Members of the committee representing the rooms are: Mrs. Bill Pass, Miss Margaret Teel's room; Mrs. Lynn Dobbs, Mrs. Dick Carl; Mrs. Cal Harvey, Miss Inelle Biffle; Mrs. Ollie Ratliff, Mrs. Ruth Strother; Mrs. Jack Farr, Miss Teague; Mrs. Norman Dubose, Miss Puryear; Mrs. E. \$5,000 More For Month Is Goal

Motion picture theatres throughout the Nation have made a stupendous and spectacular contribution to the war effort through the conducting of War Bond sales.

Thousands upon thousands of dollars have poured into the United States treasury through the special efforts of theatre men and the liberal purchase of bonds by patrons of their amusement establishments. Cooperating in this great nationwide campaign for the increased purchase of bonds is the Palace Theatre, Littlefield, of which W. J. (Bill) Chesher is manager.

The first bond sale at the Palace, conducted early this month, brought about the sale of \$3,100 in bonds. Since that time an additional \$500 in bonds has been sold through the efforts of the Palace.

\$5,000 More Is Objective
With a total of \$3,500 in bonds sold this month, Mr. Chesher has set as the theatre's goal sales of an additional \$5,000 in bonds for the remainder of September.

The sale of the additional \$5,000 in bonds is underway, and will be featured with the showing of "Mrs. Miniver," wartime hit which will open at the Palace Saturday midnight and continue as the feature attraction through Sunday, Monday and Tuesday.

"We are looking forward to a big bond sale for the balance of the month of September. Uncle Sam needs more guns, tanks, planes and ships with which to overthrow our enemies. Everybody's cooperation is needed to increase the bond sales in Littlefield and Lamb county. Will YOU and YOU and YOU help your country to fight our ruthless enemies," Mr. Chesher appealed.

Lubbock Rotarians Host To Inter-City Meet Tuesday Night

J. W. Keithley, Lowell Short, W. D. T. Storey, Carl Arnold and F. O. Boles, Littlefield Rotarians, attended the Lubbock club's 18th annual inter-city barbecue and program Tuesday night of last week at the livestock judging pavillion at Texas Tech.

An outstanding program was presented, including an address by Lt. Col. Stuart Pearce, nationally known Presbyterian preacher and Army chaplain, who told the 300 Rotarians in attendance, "we could lose this war, but we won't. And we won't because we love God and the freedoms our forefathers bought for us with their blood."

Native Texan and a veteran of overseas fire in World War I, Col. Pearce came from Fort Sam Houston, San Antonio, to deliver the address in Lubbock.

The Sudan Rotary club contributed an outstanding number in the musical program, introducing Bill Findley, whose humorous talk and unique performance with Scotch bagpipes and an odd flute instrument he called his "potato," brought a round of cheers. In a solemn moment, Findley also sang a patriotic number, it being one of his own compositions. Findley is band director in the Sudan schools, and also is a Rotarian. He is a native of Edinburgh, Scotland.

Rotarians from many towns in West Texas attended.

Jack Norman Writes From Solomon Islands

First man in the armed services from Littlefield to be heard from in Solomon Islands is Pfc. Jack Norman, son of Mr. and Mrs. J. E. Norman, who is in a radio company in the Marines, and is believed to be stationed on the island of Guadalcanal, one of the chain of islands in the South Pacific.

Mr. and Mrs. Norman received a V-letter Friday from Jack, passed by naval censors, stating that he was on that island. He wrote that the South Sea islands were more beautiful than in pictures, and he hoped he could visit there in peace time. He said he was well and happy, but did not state anything about the combats on the islands.

Recently Mr. and Mrs. Norman received a letter from Jack from

HAPPENINGS at WHITHARRAL

By RUBY ATTAWAY

The seniors of the Whitharral High School are sponsoring a school paper this year. They intend to have all the school events in it, along with other happenings.

The reason the seniors are going to have a paper this year is because of the national emergency and they won't get to have over one play and they intend to use the money from the paper to buy something to leave with the school.

This paper will have all the sports results and all the interesting events happening in and around the school. Yes, even a weather report. This paper will also have a social page, a report from all the grades in school, a patriotic page, and also a write-up on local happenings in the community.

The editor-in-chief is Maida Faye Pryor and she is well qualified for this position, as she knows a lot about the way a paper should be printed. The publisher is Clifford Throckmorton, a swell guy, who has had a lot of experience with the typing machine. Troy Robertson, is the patriotic editor, he is a very patriotic gentleman, and aren't we all? The sports editors are Maxine Davis and Johnnie Waters, they take place in all sports events. The man to get the local happenings of the community is Ray Newsom, a well qualified young man. There is always a man to censor and edit the jokes and that man is Albert Keeny. The advertising and sales manager is Johnnie Waters, and that completes the staff. It is really a swell staff, which has pledged to work hard and make the paper a success.

The Juniors and Seniors of Whitharral believe in keeping themselves fit through the duration and to do so they go skating every Monday night. The skating party is usually headed by a group of upperclassmen such as: Sylvester and Billy Brock, Jimmie and Bernice Hooper, Ray Newsom, Lonita Smith, Pearl Collier, Wanda Miller, Rufus Douglas, and Albert Keeny. This last Monday night they had as their guest Mr. Bobby Pryor, who is a former student of Whitharral High but is now employed at the army camp at Colorado Springs, Colo.

Mrs. Cary Receives Interesting Letter From Australia

Mrs. John Cary recently received a very interesting second letter from Mrs. E. Scammell, resident of Australia, and who with her family, are well acquainted with Burl Cary, son of Mr. and Mrs. John Cary, who has been stationed in Australia for some time. Believing the letter very interesting to the average American, and especially those who have sons or husbands overseas, the Leader is publishing it as follows:

"Lang Lang, 7th August, 1942. "I have just received your very welcome letter. Thank you so much.

"We are so glad our little letter brought you so much pleasure, and we hope your son will go back home from this terrible war safe and sound when it is all over.

"It's so very hard for mothers when their sons are so far from home. We are real babies, Lesley and I, because my husband only comes home 2 days a month, and we simply live for those two days, and he is only 50 miles away.

"We would love to meet you. Your letter sounds so homely and sincere. Both of our parents are in England, and we experience hours of anxiety when we hear of bombing hear our homes.

"But as yet God is good and they are safe and sound. Mail takes an awful long time from England, but we have to be satisfied with small mercies, and please God by this time next year our men and boys have won the war and peace will reign once more.

"I am enclosing a snap of us taken with friends. My husband is in uniform, and I am next to him. Lesley is in front of us. She loves all the soldiers fighting for our glorious country, and try to thank them in her little way. She goes to school and I go night and morning to help milk 22 cows on a farm half a mile away. Are you on a farm? This is a lovely country, ideal for farming, raising poultry, and pigs; in fact it's wonderful for everything. At present it is just breaking into Spring. The Wattle is all out in bloom along the river banks (Wattle is a lovely tree with bunches of yellow fluffy balls on one stem all over the tree; and the green background makes it look like fairy flowers). I'll send you some snaps of Melbourne, and if we have the pleasure of seeing you here, you will have some idea of our country.

"I must close now. Lesley has come in to dinner. She is reading your letter with great interest. Her face is wreathed in a wonderful smile. God bless and keep you all safe and please answer soon.

"Elsie and Len and Lesley Scammell."

"P. S. I have mislaid the snap with the three of us together, so I am putting in one of Lesley and her dad. I will send the group in the next letter. So sorry I mislaid them."

Mr. Scammell served three years in France in the 1914-18 war, and has already served two years, two months in this, and we are so proud of him as we are of all our soldiers (Americans, Africans, Free French, and so on). We wish them all a safe and speedy return Victorious."

Mrs. Cary also received a cablegram Monday of last week to the effect that Burl, who is now employed as a mechanic in the armed forces in Australia.

SCRAP IRON

Look over your homes... your farms... your places of business... there is a lot of Scrap Iron in Lamb County that has not been turned in. LET'S GATHER UP THE SCRAP NOW SO THAT IT MAY BE TURNED INTO IMPLEMENTS OF WAR TO CRUSH OUR FOES! DO IT NOW! OUR ENEMIES ARE NOT PUTTING OFF 'TIL TOMORROW WHAT THEY CAN DO TODAY IN THEIR EFFORTS TO CRUSH AND ENSLAVE US!

This Advertisement Subscribed For By
 Following Patriotic Individuals and Firms:

Here Is A Summary of the
 August Report of the
**LAMB COUNTY
 SALVAGE COMMITTEE**

There were 669,000 pounds of scrap iron turned in from the farms and ranches of Lamb County during the month of August, according to V. F. Jones, Chairman of Lamb County Salvage Committee.

Mr. Jones states that the committee is well pleased with the way people have responded and the amount of scrap they have brought in, but that the job is not nearly completed and each person should work a little harder to see that all scrap is turned in. Many of the farms have been thoroughly cleaned of all scrap

while there are many others that have not been touched. Farmers are urged to gather up all scrap material, even to the small pieces and turn them in. This scrap metal is needed badly.

This is a war of materials as well as manpower, and one of the big problems we face right now is shortage of materials—scrap iron. You can do something about this. It is the job and responsibility of every citizen to do their part to see that this scrap iron which is needed so badly is gathered up and turned in for the production of war machines.

We ask all of you—everybody in Lamb County to help get this scrap in.

The scrap was collected from the various communities as follows:

Earth	130,000 pounds.
Spring Lake ..	50,000 pounds.
Olton	110,000 pounds.
Littlefield ...	278,000 pounds.
Spade	12,000 pounds.
Sudan	43,000 pounds.
Amherst	46,000 pounds.
Total	669,000 pounds.

DON'T LOSE SIGHT OF THIS FACT

Deliberately or Unthinkingly, those who fail to dispose of Scrap Iron are depriving our men in uniform... our Nation... of the tools with which to drive back enemies who would destroy and enslave us.
