

2 ISSUES FOR BOND VOTE NOV. 19

Water Issue, \$988,000; For Drainage, \$162,193

The Littlefield city council reached the end of a 6-week maze of engineering studies, advisory meetings and finance sessions Monday night with a decision to offer to city residents two bond proposals on November 19, one for water system improvements and a second for drainage of Highway 84 through town.

The water proposal would beef up the city distribution system extensively and go to nearby "sandhills" for a new, larger water supply; the drainage proposal would install storm sewers to drain the city route of Highway 84 which often stands at 14 to 16 inches of water, all but blocking highway passage for a couple hundred yards and backing water up over the intersection of Highways 84 and 385.

The water issue will call for \$909,000 for new construction in the water system, plus \$79,000 to pay off present indebtedness on the 7,360 acres of sandhills water rights the city owns. The total water issue will be \$988,000 and will be financed by 30-year revenue bonds against the water and sewer departments.

The water plan as adopted by the city is a variation of Plan IV, developed recently by McMorries and Associates, an Amarillo engineering firm. It calls for \$220,000 in improvements in the city distribution system, utilization of the present well field, and extension of a large 21 or 24-inch main to the sandhills, 13 miles above town. Bill McMorries, who heads the firm, presented a refinement Monday night that would bring the sandhills line directly into town, instead of coming just to the present waterfield--which is almost on its route--then enlarging the existing transmission system to come on into town.

The present well field will be maintained with much its present system, and used for city water peaking and as stand-by supply. The new McMorries refinement would be to get increased flow from the sandhills directly into town, without increasing the size of transmission pipe the entire 13 miles plus into town. Originally, McMorries proposed a 21-inch pipe from the hills for 58,000 feet to reach the present water field. Here, the present transmission system into the city would be enlarged and stepped up with booster pumps to move a larger volume of water to the in-city distribution system.

He estimated that a 21-inch line would gravity flow 3.9 million gallons daily to the present well field. This was met with alternate suggestions that the big line be run directly into town, independent of the present well field transmission system, and that its size be increased to flow more than 5-million gallons a day. McMorries new plan would get 6.1 million gallons of water delivered daily largely by gravity flow, he said. To do this, he would run a 24-inch pipe from the well field for about a mile towards town, where the line would cross a promontory. On this high ground, the ground storage for the sandhills field would be located, and water from the wells pumped directly into it. The increased tank altitude would allow gravity flow of 6.1 million gallons daily through a 21-inch pipe, on into town, the engineer said. This would be a more economical means than laying a 24-inch pipe the entire 13 miles plus into town, he pointed out. The cost estimate of this plan is the basis for the \$909,000 program.

This alternates on 24-inch and 27-inch pipe all the way into town will be included in bid call for the transmission system, if the bond issue is successful. The drainage proposal tentatively is for \$162,193. The council hopes the amount may be lessened some by State Highway Department participation, after a meeting later this week. The drainage bonds will be retired by tax levy over a 30-year period. The two proposals will be on the same ballot but will be voted

GAS PRICES DOWN--There's nothing better than a pretty girl to illustrate the story that gasoline prices have dropped in the Littlefield area. Pointing to the low price and turning a thumb down is Rhonda Thompson, vivacious Littlefield High sophomore. She's a cheerleader and the daughter of Mrs. Leveta Thompson.

County Column

Mr. and Mrs. Clinton Byers and Mr. and Mrs. Elbert Dillon were in Brownwood over the weekend for the Texas Junior Chamber of Commerce Fall Board Meeting. Byers is president of the local Jaycees and Dillon is past president, now on the board of managers. A board meeting of Jaycees-ettes was held in conjunction with this meeting which the women attended. The couples also visited the State Fair in Dallas while gone.

Back from Pages, Colorado late Tuesday, loaded with deer, were part of a Lamb County hunting contingent to Colorado. Back home were Amos Ward, with a doe that dressed out about 100 pounds, A. O. "Preacher" Dickson, with a fat buck and doe, Overton Phillips and Bill Hill. Bennett Phillips, who is still at the hunting camp, has a buck, and is continuing the hunt with brother Dwan Phillips and B. E. Ivey.

Weather

The U.S. Weather Bureau's 5-day forecast for the Lamb County area calls for temperatures to average 3 to 7 degrees above normal, turning slightly cooler Sunday or Monday. Precipitation to average .25 of an inch in widely scattered showers. Normal high about 71 normal low 43.

IN SECOND WEEK

Gas 'War' On, Motorists Happy

You can fill up your gasoline tank over much of Lamb County even cheaper this week than you could last, in a gasoline "war" that is well into its second week. Going rate on gasoline in Littlefield Wednesday was 24.9 cents for regular, 28.9 for premium, five to six cents off prices before the "war" started.

Early Wednesday one major company withdrew from the "war," and former prices were posted. Wednesday afternoon, however, no other Littlefield stations had joined the return. Some independents, in fact, were at 23.9 cents.

There is the possibility that prices could drop even further, "and it could quit tonight," one dealer pointed out. "But so far it hasn't shown any signs of letting up, and we can't be sure it won't go lower." Reports indicated that the price competition started in Lubbock, moved on up Highway 84 to Anton and then into Littlefield more than a week ago. First price drop was four cents a gallon, then they went down

City Group In Austin On Highway 84

A Littlefield city delegation will meet in Austin today with the Texas Highway Department on a proposal that might cut \$8,000 to \$10,000 off an estimated \$162,163 needed to drain Highway 84 through town.

In Austin are Mayor Bill Armistead, City Manager J. W. Harrison and Bill McMorries, Amarillo engineer retained by the city.

The city has a long-needed drainage program in the mill for the Highway 84 section through town. Engineers estimates put the cost at \$162,000, a figure that may be lessened by highway department agreement.

The drainage proposition will be part of a bond issue vote here on November 19. With the highway drained, the state highway department has pledged to make extensive improvements in the city route, widening it and improving the appearance of approaches into town.

another cent over the weekend. The "war" prices generally are on in Anton, Littlefield, Bula and Pep, and there are signs that it may move on up the highway west.

In Pep, where gasoline prices frequently are a cent below other parts of the county, the regular gasoline price was 23.9 cents Wednesday, still a cent below.

At Olton, Spade and Springlake, however, prices were still at "pre-war" level Wednesday morning. They are off the major east-west highway and wholesalers have not included them in the price drop.

Gasoline for farm machine use was in a peculiar place Wednesday, priced one-half cent above the retail station price. Farm gasoline price was 26.4 cents, with a one-half cent discount, for a net of 25.9 cents, a penny above retail station level.

As always, no one is sure just who started the "war". But when it moves into an area, gasoline distributors can get clearance through their companies to meet competition, as happened right on through last week. This is the second round of price competition this year for the Littlefield area. A July "war" dropped prices to the present level for about five days.

BOOSTERS TAKE BUS

Seats on a special chartered bus to Perryton were still available Wednesday. Quarterback Club President Ed McCanlies announced.

The QB Club chartered the bus so fans could follow the Wildcat football team to Perryton. Tickets are \$8 per person and the club must sell 25 in order to pay for the trip.

The bus will leave between 7 and 7:30 a.m. Saturday and is scheduled to arrive in Perryton in time for lunch before the 3 p.m. game. The bus will leave from the courthouses.

Fans wishing to ride the bus must purchase tickets by noon today. Tickets are being sold at the City Barber Shop and C&O Cleaners.

ANTON'S HOMECOMING QUEEN -- Martha Barton, 16, Anton High School junior, was crowned Homecoming Queen last Friday at half-time of the Anton-Amherst game. Linda Webb and Kay Motl were runners-up for the honor. Co-Capt. Melvin Bell crowned Martha, daughter of Mr. and Mrs. Floyd Morton. A capacity homecoming crowd saw the 12-12 football battle.

FOR LITTLEFIELD HIGH SCHOOL

Bids Due Nov. 14

Plans on the construction of Littlefield's new high school will be opened Thursday, Nov. 14 at 2 p.m., it was decided at a meeting of the Littlefield School Board Monday.

Trustees approved final plans of the architect, Haynes & Co., and called for the bids resolution at the close of a special session Monday. Bids will be opened at the high school at 2 p.m. on Nov. 14. Trustees will meet at 7:30 p.m. to consider the bids. Architect L. H. Kirby was at a special meeting to go over the plans and specifications for a final approval. The board has placed a number of alternates in the construction plans, including some site paving.

As the only other business day night, trustees heard

three men protest the proposed sale of the Dunbar school property in northeast Littlefield. Joe Johnson, D. C. Stewart and Rev. Walter Griffin were the spokesmen from the colored community.

Johnson said the group was vitally concerned with having a park in that area of town and "wanted to find out if there is something we can do to keep the property as a park." Board President Jack Barton along with several other trustees, explained the school's position in the matter. Barton reviewed events which had led to the school's offering the property for sale.

After a short discussion, the board suggested that the group approach the city council on the matter, since it is up to the city to provide and maintain parks.

"We offered this property to the city at a very fair price," Barton stated. "We had rather sell it to the city so it can be maintained as a park, but in fairness to the taxpayers we represent, it is the board's feeling that we should not give it away."

Barton pointed out that the school district and the city were different bodies, that many school taxpayers lived in rural areas. It would not be fair to these school property owners to give their property away, he added.

Trustees agreed not to bind the property for sale until the group had discussed the matter with the council. Rev. Griffin said the Negro community might arrange to purchase the property as a last resort in order to keep a park in that area.

The new high school facilities, to be constructed on a large tract at Sunset and W. 10th St., are part of an \$800,000 school improvements program approved by voters earlier this year.

Bonds for the program included renovation and remodeling work on present buildings, erection of a new junior high school building near the present gym, and the new high school--including the site and architects' fees.

Sun Follows County Rain

With the weather forecast still calling for temperatures to average three to seven degrees above normal in this area, the cotton harvest was expected to pick up momentum this week. Light showers dotted the county last Saturday, the moisture ranging from a trace up to .50 of an inch in several areas. The possibility of widely scattered showers was forecast today in very light amounts.

The first bale count in the county last week showed 1269 bales had been ginned, and most ginner predicted the big rush wouldn't occur until after the first frost. The majority of farmers will be machine harvesting their cotton this year.

A shortage of pullers was noted last week as many farmers were ready to harvest some of their cotton. The Texas Employment Commission reported at least 500 pullers were needed. The cotton crop, as a whole, is about 30 to 45 days late this year.

Another bale count will be published Sunday.

Pep Rally Today

A pep rally is scheduled at 3:30 p.m. today at Littlefield High School, the rally coming a day earlier than usual.

The pep rally will be held for the Wildcats today since the team is leaving early Friday for Perryton. Fans are invited to attend the pep rally.

United Fund Drive Nears

The countdown on Littlefield's 1963 United Fund Campaign started this week, and the drive gets off the launching pad Monday when the advanced gifts division starts solicitations.

Houston Hoover, chairman of the advanced gifts drive, announced Wednesday that a breakfast meeting of volunteer workers in his division will be held Monday at 7 a.m. in the Crescent House Restaurant.

The advanced gifts division, with approximately 105 prospects, will account for a large portion of this year's goal of \$27,321. Hoover expects about 35 helpers in the drive, which will last one week.

The general campaign, including all other divisions, will kickoff with a breakfast meeting Monday, Nov. 4, according to announcement from Chick Conway, general campaign chairman.

An out-of-town guest speaker will be on hand for this kickoff meeting. General instructions, methods of solicitation and other explanations, will be presented at this meeting.

Participating agencies in the United Fund here are: Boy Scouts, Girl Scouts, Littlefield Baseball Assn., Salvation Army, Red Cross, Texas United Fund, Gonzales Foundation.

AT LONG LAST! -- Littlefield city councilmen and their engineer and fiscal advisors took a long breath Monday night after completing details of a bond election for Nov. 19. Around the table, left to right, are Councilman H. C. Randall, engineer Bill McMorries of Amarillo, Joe Smith, city fiscal agent of Lubbock, Mayor Bill Armistead, City Manager J. W. Harrison, Councilman Paul McCormick, James Shotwell and B. D. Garland, Jr.

headright acres a few miles from town.

On his infrequent visits to town, the chief was sought eagerly for his weather forecasts, that were phenomenal. If he granted "Big rain come," it was time to go home and get in the chickens.

If it was "Snow couple days," then get out the car chains and fill the larder. Farmers planted crops and gathered hay by his forecasts.

His fame spread and one day a metropolitan reporter came to town, intent on a story about the preservation of ancient tribal weather lore. He sought out the chief's wickup, which turned out to be a comfortable house with electric power and the other conveniences.

"Chief," the reporter started right off, "we have heard about your weather knowledge far up in the city. Would you tell me, on what do you base your forecasts?"

"Ugh," the old one replied, pointing to a familiar box in the corner, "Watch blondsquat on Channel 8."

Rep. Billy Wayne Clayton of Springlake is passing out some mimeographed booklets with information on the upcoming Texas constitutional amendments on November 9. We have a few at the Leader-News office for distribution. You will find them valuable.

Billy Wayne voted against a legislative action to submit the amendment that would abolish the poll tax as a requisite for voting. He has firm opinions against the amendment and will have out a statement explaining his reasons in a few days.

The word in Hale county is Plainview has a right good chance of getting a sugar beet crop. These plants are, in fact, placed by the Department of Agriculture according to beet production and community effort.

Around Plainview 40 farmers have planted 1,000 acres, with the active urging of the business community, and have good prospects for getting a good crop-related factory the way the world did. This is another interesting example of realistic effort by the farm and commercial business communities.

At Pep, Syl Diersing says there are more than 600 bales of cotton that have been harvested there but this week has been slowed down by the weekend rains. Appraisers were expected back to the fields by midweek, given the more of those high blue bales with which we have been blessed these past few weeks.

Jim Mangum has a freeze forecast of the week of November 5. That most people will be for, the last day of the week, preferably. He doesn't say how he arrives at this happy forecast, but he's looking better as the week goes by. That's another two weeks, and Jim would be early.

GOLDEN WEDDING ANNIVERSARY--Mr. and Mrs. F. C. Byer of Bartlett, longtime residents of Littlefield, will observe their golden anniversary Sunday with lunch and open house at the American Legion Hall in Bartlett.

Former Residents Observe Anniversary

Mr. and Mrs. F. C. Byer, longtime Littlefield residents, will be honored Sunday, October 27, in observance of their Golden Wedding Anniversary. Lunch and open house will be at the American Legion Hall in Bartlett.

The six children, assisted by their wives and husbands, hosting the event are: Mr. and Mrs. Aubrey Messer and Mr. and Mrs. Jessie Hunt of Bartlett; Mr. and Mrs. Roy Taack, Hart; Mr. and Mrs. Hugo Beyer, Dimmitt; Mr. and Mrs. Coy Rogers, Olton; and Mr. and Mrs. T. H. Coslett of Maydelle.

The Byers also have sixteen grandchildren and six great grandchildren.

The theme will be "The Rose Loving Byers", and floral arrangement of red roses with gold will feature the banquet style table.

Laid with white ruffled net over white, the reception table will be centered with a large white satin covered Bible with red roses and crystal candle-labras. A crystal punch bowl will decorate one end of the table while the other will be adorned with the wedding cake. The golden accented cake will be topped with a miniature 1913 model T Ford and bride and groom.

Mr. and Mrs. Byer were married October 25, 1913, at the home of her parents, Mr. and Mrs. William Zschiesche.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem. The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It feels like nothing on but has such slimming strength, it gives your figure everything that's possible with a foundation.

Irwin-Lowe Rites Are Read In Albany

Wearing a gown of white satin, Miss Ann Yvette Irwin descended the aisle of Matthews Memorial Presbyterian Church in Albany to become the bride of 1st Lt. Roger Clark Lowe Saturday, Oct. 12.

Parents of the couple are Mr. and Mrs. J. C. Irwin Jr. of Albany and Mr. and Mrs. Ernest Milton Lowe of Littlefield.

The Rev. Earl D. Sherman, pastor of College Heights Baptist Church at San Angelo, officiated for the couple's wedding. Nuptial music was presented by Mrs. Jimmy Godfrey, organist, and Mrs. James Garvin.

Marilyn Irwin of Plainview was maid of honor. Bridesmaids were Mrs. Tom Beasley of Carrollton, Mrs. Lawrence Clayton of Rusk and Mrs. Dale Irwin of Plainview.

De Lys Clayton of Rusk was flower girl.

The bridegroom's brother, Steve Lowe of Littlefield, was best man. Groomsman were Don McCarty of Littlefield, Tom Beasley of Carrollton and Jerry Lowe of Odessa.

Mr. Irwin gave his daughter in marriage. She was attired in a white satin gown accented with appliques of embroidered organza overlaid with seed pearls and crystal beads fashioned with a large bow and rose at the back waistline. Unpressed pleats gave added fullness to the skirt with a chapel train.

A bridal crown of crystals and seed pearls held her veil of illusion. The bride carried a bouquet of phalaenopsis orchids and stephanotis atop a white Bible.

The bridal attendant's dress-

es were of red brocaded satin. Matching slippers, white veiled crowns and long white gloves completed their attire. Their flowers were of white fringed carnations.

A reception was held in the Fellowship Hall of the church immediately following the double-ring ceremony.

The bride is a graduate of Albany High School, she attended Tarleton State College at Stephenville and has been employed as a secretary at Weber Aircraft Corporation in Burbank, Calif.

The bridegroom is a graduate of Littlefield High School and Arlington State College. He is presently stationed at Fort Hood and the couple will reside at Nolanville.

Grandson of Local Couple Speaks at Lions Club Meet

Carl Moore, recently returned student ambassador to Sweden, was guest speaker at the Anton Lions Club meeting in the school cafeteria Monday night. He showed colored slides of the country, its agricultural and economic aspects, his adopted home and family, and scenic views.

In speaking of Sweden he compared that country to the USA saying they are very closely related in every way due to the mass migration of their people to America during the past half-century. "Most every one in Sweden has close relatives in the USA today," he said, "thus making a closer understanding between the nations."

One of the things that impressed Carl most was the cleanliness of the countryside. There was no evidence of litter anywhere in Sweden.

A period of questions and answers followed in which Carl answered questions about his impression of the country, its government, ways of life, the youth of the nation, the Swedes' opinions of the U. S. and other vital issues of today.

Sidney Landers, program chairman of the Lions Club, introduced Carl. He is the grandson of a local couple, Mr. and Mrs. D. T. Teague.

A large number of guests, as well as members, attended the meeting. Each Lion was asked to bring a teen-age guest. These were introduced preceding Carl's address.

Mr. and Mrs. Lester Orr and family spent the weekend with friends in Hereford.

RECIPE OF THE WEEK--Mrs. Roland Bell, 400 Crescent Drive, and sons, Greg, 6, and Kevin, 4, are pictured above. Mrs. Bell furnished a chocolate pound cake recipe for this week's feature. This is one of the Bell's favorite cakes as it is not too sweet and freezes well.

Favorite Cake Of Bells Is Featured

We chose Lavanda Bell, 400 Crescent Drive, to be featured in the recipe story this week. She is the wife of Roland Bell and the mother of two handsome boys, Greg, 6, and Kevin, 4. Roland is a postal clerk at the Post Office where he has been employed for eleven years. Lavanda was employed as a bookkeeper before they were lucky enough to adopt the boys two years ago.

Greg and Kevin like to spend lots of time on their grandparents' farm. Their grandparents are Mr. and Mrs. W. F. Farington and live 2 1/2 miles east of Littlefield. One reason they like to visit them could be the 9 shetland ponies they have, including 2 small colts. The Faringtons are Lavanda's parents.

An activity the Bells enjoy is working in the yard. They have a beautiful back yard including a rose garden in the center with about 45 roses. An iris border surrounds the yard, and they also have many other varieties of flowers.

Another hobby of Roland's is taking movies. He really took quite a lot of them in April when they took the boys to California and visited Disneyland and Marineland among other places of interest.

The Bell's drew their own plans for their home and included a glassed-in nook between the dining room and the back yard, where Lavanda keeps her many lovely house plants and also a collection of salt and pepper sets. Another hobby of hers is sewing.

Lavanda is a 1950 graduate of

Teachers Have Social Monday

Approximately 100 teachers attended the salad supper and social held Monday night in the Sudan Cafeteria by the Lamb County Teacher's Association. Superintendent Hancock welcomed the teachers.

A Halloween theme was carried out in the decorations. Dinner music was furnished by a local school student at the piano.

SHOWS CHAMPION LAMB--Marlana May, an Olton 4-H'er, smiles happily after her Dorset crossbred lamb was named champion crossbred lamb of the Junior Livestock Show at the State Fair in Dallas. She also exhibited a purebred Dorset lamb that placed 18th.

Olton Girl Shows State Fair Champ

Marlana May, Olton 4-H Club member, showed the Champion Crossbred Lamb at the Junior Livestock Show at the State Fair at Dallas last week.

Marlana's lamb was first in the Dorset crossbred class and competed for championship honors against first-place crossbred winners in the Suffolk, Hampshire, Shropshire, and Southdown classes.

Marlana also exhibited a purebred Dorset lamb that placed 18th. Miss May was accompanied to the State Fair by her father, Archie May, who is an adult leader in the 4-H Club

at Olton. Rickey and Mickey Mills also of Olton exhibited lambs at the Fair. Rickey exhibited a purebred Shropshire that placed first in its class. Mickey exhibited a Dorset that placed 20th.

In the purebred Southdown class, Terry Horn, Olton 4-H'er, placed his lamb third.

Danny Sides of Olton had three entries in the Junior Barrow Show. Danny's Chester White placed 13th, his Hampshire placed 13th, and his Duroc placed 18th. Truitt Sides accompanied his son to the fair.

New CHEVELLE!
by Chevrolet

Only this could come between Chevrolet and Chevy II. The Chevelle is a highly polished car on a trim 115-inch wheelbase. With its weight down in the 3,000-pound range. All of which makes it a sweet-handling, easy-to-manuever automobile.

But it's roomy and relaxing inside, with the kind of ride you'd expect in a bigger car. And it's styled with a lively grace and refinements (note the curved side windows and pillars, for example) that make its modest price all the more remarkable.

A neat trick? We agree. But not so difficult really when you have the skills of seasoned Body by Fisher craftsmen to draw upon.

And the advantage of Full Coil suspension developed by the

same engineering talent that came up with the Jet-smooth Chevrolet's ride. And that irrepresible Chevrolet spirit in a choice of four engines—V8 or 6—including optional-at-extra-cost versions all the way up to 220 hp. Small wonder this one turned out the way it did.

Did we say one? Actually there are 11 models—wagons, sedans, sport coupes, convertibles—in three series.

Even some cars that have been around for quite a long time don't give you a choice like that.

Sound like something you ought to check into further? Consider this your invitation for a real hood-raising, door-slaming, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

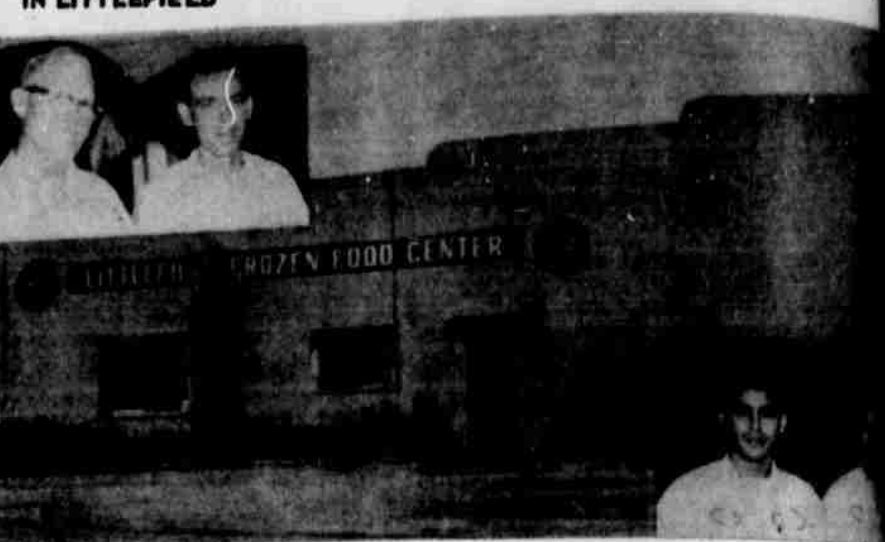

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

2 Big, Efficient Gins At Your Service NIGHT & DAY

The Whitharral Farmers Co-op Gin features two modern gins that have been equipped with the most efficient ginning equipment on the market to assure you a better turn-out, better grade and staple ... more money from every bale of cotton.

Experienced ginners who have many years of "know how" combined with modern equipment make this year's crop more profitable for you when you gin here.

Cotton ginned here is received, pressed and stored at the Farmers Cooperative in Lubbock. The Seed is delivered to Plains Cooperative Oil Mill in Lubbock for processing and sales.

Cotton is marketed through Plains Cotton Cooperative Marketing Association with dividends from each of these originals returned to growers along with dividends from the Gin Association.

DEMONSTRATIONS SET AT PEP

Cotton Basket Introduced

Jay Miller, owner and manager of Niko, Inc., of Sudan, is introducing a Niko Stripper Basket this week -- a machine which Miller claims will solve a farm labor problem for cotton producers.

Field demonstrations of the basket will be conducted today and Friday at Pep, according to an announcement from Miller. Signs will direct the way from Pep to the demonstration field.

The idea is not a new one, but Miller says manufacture of the machine is now practical because legislation is making it "almost impractical to obtain labor for cotton trailers."

Miller's "basket", presently being manufactured only for John Deere strippers, provides an overhead storage for cotton, then dumps it in the cotton trailer.

"This does away with the man in the trailer," says Miller, "and makes it possible for one man to harvest the cotton."

Similar type baskets have been introduced before, but while braceros were available, manufacture of the machine was not practical, according to Miller. They were first introduced at Vancouver, near San Angelo, and then several shops around Abertnathy made them, says Miller.

"The only difference in our basket and others are a few improvements we've made," remarked Miller. The Niko basket has a unique way of dumping the cotton, raising 18 inches and tilting up and over into the trailer.

It also comes with an attachment so that cotton can be dumped on the ground, picked up again by the machine and put into a trailer. A green-bolt catcher is situated behind the tractor and below the basket.

With the bracero program the way it is and the future in doubt Miller thinks there is now a good market for the sale of baskets. He has been developing the Niko Basket for more than a year. Miller started out making four baskets a day, and says his firm is now capable of turning out 16 a day. An implement dealer in Sudan for about 10 years Miller organized Niko, Inc., about four years ago. The company specializes in cotton wagons, acre counters, baskets and basket trailers.

SENIOR HI GAMES HERE

Local Teams Play Levelland Thursday

Levelland will provide the opposition for all of Littlefield's varsity teams this week. Two games slated here today evening and two at Levelland.

The junior high teams play today, with the 7th grade getting underway at 5 p.m. The Littlefield 8th is playing for its fifth straight win.

Littlefield freshmen play at 8 p.m. in Levelland, followed by a B-team game at 8:30 p.m. The varsity team lost a one-54-6 decision at Hereford last week, while the freshmen close 16-14 game. The high teams had an open date.

The Littlefield freshmen used a 55-yard pass-and-run play from Fred Kountz to Wilmar Williams and an 8-yard run by Gary Conway to forge out a 14-0 lead over Hereford after three quarters.

The home team bounced back, however, with the touchdowns in the final six minutes. A couple of 15-yard penalties aided Hereford's winning touchdown march.

Coach Bill Gerber cited Ed Blessing and Neal Pressley for outstanding defensive work, and singled out Bill Nowlin, Tip Tapley and Kountz for top performances.

SPEEDY'S SCOREBOOK

By Speedy Nieman

How wrong can you be? On the other end of the line, one contestant missed 16 games out of the 25. Two others guessed wrong on 15 contests.

The contest page, sponsored by local merchants, continues this week. Pick up a copy of the contest games from Sunday's County Wide News and enter this week. It's easy to enter, just circle your selection, guess at the tie-breaker score and get your entries to the Littlefield Press office by 5 p.m. Friday.

COACH JOHN HOWLE
... eyes 1-AAA opener

depend on his accuracy at picking the winners.

A good football prognosticator should hit more than 70 percent, so here we go again trying to raise the percentage.

In games of local interest: Littlefield to start the district race with a victory at Perryton (about 20-6), Dumas to dispose of Levelland, Phillips over Hereford, Whitarral to edge New Deal, Anton to win its first game over Whiteface, Olton by Morton, Springlake over Kress.

Also Plainview to top Pampa, Snyder over Lamesa, Brownfield by Colorado City, Friona over Dimmitt, Muleshoe to edge Stanton, Idalou over Silverton, Floydada to top Lockney, Petersburg by Ralls, Slaton over Spur, Crosbyton by Lorenzo, Happy to top Bovina.

On the college scene--SMU over Texas Tech, Texas to top Rice, Baylor by Texas A&M, Arkansas over Tulsa, Alabama to whip Houston, Arizona over West Texas.

Dump Takes Romero

Dale Lewis, Olympic wrestler, returns to the wrestling mat at Littlefield Sports Center Saturday night as he meets Alex Perez, the extension Gloves champ from Atlanta.

The 8:30 p.m. opening event will be a one-fall, 20 minute limit match. In the first event, Sputnik Monroe, of the roughest wrestlers to appear here, takes on Dory Funk Jr.

Monroe claims he has to meet both father and son every time he meets a Funk. This Monroe wants to wrestle when Pop is not available.

The top main event, pop-Ricky Romero meets Joe Gump, the Canadian woodchopper. Gump may have won a supporters when he met Tom last week. This is a one-hour time limit match.

Promoter John Ussery announces that the shiek will make his first appearance in the arena in the near future.

DALE LEWIS

5 Vie For Cash Prizes In Contest

Five entrants in the weekly Littlefield Press football contest picked 19 winners out of the 25 games listed and it remained for the tie-breaker total score of the Baylor-Tech game to determine the cash winner.

Missing only six games in the tough slate were Arthur Duggan and James F. Collins of Littlefield, Jeff Brantley of Lubbock, Bessie Smith of Littlefield and Bill Salter of Anton.

Duggan emerged as the first-place winner by guessing 40 points on the total score of the Baylor-Tech tilt. The total was 38. Collins got the \$5 second prize with a guess of 35, and Brantley came in third with a 31 estimate.

Everyone started off with two miscues when the games were posted in the A&M-TCU contest and the Amherst-Anton battle. Other stumbling blocks for many of the entrants were New Deal-Whiteface, Denver City-Sweetwater, Lazbuddie-Whitarral and Arlington State-McMurry.

How wrong can you be? On the other end of the line, one contestant missed 16 games out of the 25. Two others guessed wrong on 15 contests.

The contest page, sponsored by local merchants, continues this week. Pick up a copy of the contest games from Sunday's County Wide News and enter this week. It's easy to enter, just circle your selection, guess at the tie-breaker score and get your entries to the Littlefield Press office by 5 p.m. Friday.

IN SATURDAY AFTERNOON GAME

Wildcats Open District Grid Race At Perryton

The season is half over, but the play for "keeps" is just beginning for Littlefield's Wildcats.

Coach John Howle takes his LHS gridgers to Perryton Saturday for an opening District 1-AAA battle with the Rangers. Kickoff time is 2 p.m. and the

only afternoon game of the season for the Wildcats.

The Wildcats won two and lost three in their preliminary schooling, but the next five "grades" are the ones which count the most toward the gridgers' "master degree" in football.

Dumas, Phillips Boast Top Records

The District 3-AAA race gets underway Friday with the Dumas Demons favored to sweep through another undefeated season as the league champions.

The Demons went on to win the state title for their second straight year in 1962 and have hopes of making it three in a row this season. Dumas chalked up five non-district triumphs, including wins over two 4A schools and three strong out-of-state teams.

Phillips, rated no better than fourth in the loop race in pre-season polls, also has an undefeated record in five non-district engagements. The Blackhawks didn't have the impressive opposition met by Dumas, but still they are stronger than expected. Phillips plays at Hereford Friday.

Levelland, after a week start, has come on strong with a 3-2 mark against formidable opposition. Just how potent the Lobos are will soon be seen for they catch Dumas in a district

opener Friday night.

Perryton also notched a 3-2 won-lost record in non-district action but two victories were against AA teams and the other against Guyton, Okla. The Rangers will test Littlefield at Perryton in a Saturday afternoon game.

Hereford, like Littlefield, posted a 2-3 mark in pre-district play. The Whitefaces scored wins over two Class AA schools, Muleshoe and Dimmitt.

Phillips displayed the best offensive statistics against their foes, tallying 150 points while allowing five teams just 31 points. Dumas scored 92 and gave up 38.

The non-district standings:

TEAM	W	L	Pts.	Op.
Phillips	5	0	150	31
Dumas	5	0	92	38
Levelland	3	2	86	73
Perryton	3	2	93	50
Littlefield	2	3	77	70
Hereford	2	3	57	76

Littlefield, except for a 35-7 thumping at the hands of state champ Dumas, breezed through district play to capture runner-up honors last season, but the track appears a little tougher this year.

Perryton, the first hurdle, still remembers last year's humiliating 33-0 loss to the Wildcats. The Rangers came to Littlefield with an undefeated record and ranked high, but the Wildcats burst the bubble in no uncertain terms.

The Rangers went on to win seven and lose three but they lost 16 lettermen. Coach Ray Hopkins has a power running backfield with Rex Akin, 180, and fullback Gary Newcomb, 195, heading up the attack.

Tackle Kenny Watkins, 210, and end Larry McEntire, 190, are Perryton's standout linemen. The Rangers won three and lost two in pre-district play--beating White Deer (27-0), Guyton (38-8), and Canyon (14-7), while losing to Sittion (8-14) and Dalhart (6-21).

The Wildcats will leave Friday afternoon and spend the night in Borger before proceeding to Perryton Saturday morning. Coach Howle reports the team in good physical condition after an open date last week. Defensive halfback Steve Lewis is still sidelined after breaking a toe in the Denver City clash.

The probable starting lineup will be the same as in most games this season. The offensive starters will probably be Larry Wood and Jerry Cox at ends, Robert Bolton and Ricky Phillips at tackles, Steve Lowe

NEW STARTER--Roy Dale Pierce, sophomore back, will probably start as a defensive halfback against the Perryton Rangers Saturday afternoon. Pierce stepped in to replace Steve Lewis when the latter broke a toe in the Denver City game.

and David Dusek at guards, Tim Chambers at center, Ray McKinney at quarterback, Ronald Sittion at wingback, John Dick Carl at fullback, and Grover Pigrum at running back.

On defense, Sittion and Larry Coffman will probably be at end positions, Roy Dale Pierce and Junior Hodge at halfbacks, and Wood at the safety post. Lowe and Carl are the line-backers.

The Cats will be trying to rebound after two close defeats to close out the non-district slate. Denver City took a 7-6 win here, then Plainview captured a 20-18 decision in the final encounter.

CROP Night Is Sponsored By Alliance

Rev. D. L. Kreeger, chairman of the CROP program for this year wishes to remind Littlefield residents that time is approaching for the Halloween Christian Rural Overseas Program.

This is an annual event sponsored by the Ministerial Alliance and involves the cooperation of most churches in the city. Young people of Junior High and Senior High age will solicit donations from 5 to 7 p.m. Halloween night, Oct. 31.

The whole town will be canvassed and workers will be recognized by the two-one blue badges they will be wearing. Proceeds will go towards providing food for overseas projects, and disaster and famine areas.

A total of \$476 was collected last year and the committee hopes for an even larger amount this year.
