FOR THE SCHOOL GIRL
Pattern 8899: This fascinating style for youth will be just the thing to start your daughter off on the second term. It has a whole list of worthwhile features: cute puff sleeves, trig pockets on either side of the waist, a darling collar and shiny buttons for a dash of contrast. The purchased belt can be a means of introducing further contrast.

The simple gently-flared skirt is most graceful and offers everything for the active school girl. Make the dress of soft wool plaid, or a lighter material if you're looking ahead to summer. Better still, cut it twice and your daughter will be set for now and months to come.

INTEREST OF PARTNER IN STOKES - ALEXANDER DRUG CO. IS PURCHASED BY J. M. STOKES

Stokes-Alexander Drug Co. Store

J. M. Stokes recently purchased the interest of his partner, E. G. Alexander of Plainview, in the Stokes-Alexander Drug Co. of this city. The purchase of Mr. Alexander's interest in the local concern terminates a pleasing and successful partnership in the Littlefield business for the past 15 years.

The Stokes-Alexander Drug Co. is one of Littlefield's oldest businesses;

was established when there were few stores in this city, and has been continually under the management of Mr. Stokes.

While one of Littlefield's oldest concerns, the store has kept abreast of and anticipated the needs of this city and territory. Improvements have been made and the personnel enlarged with the growth of the business and the continually increasing

number of customers.

A few months ago the store was enlarged by the building of 30 additional feet at the rear, giving a structure extending almost from Phelps avenue to XIT drive. With the increased floor space the stock was enlarged and a number of improvements carried out. The Stokes-Alexander drug store is one of the most modern businesses of the kind on the South Plains.

words "how" and "wow" spoken by pioneers, Indians, and Scouts and have wondered what they meant.

In the early days, the Indians did not learn the white man's language quickly, but two words they did learn were "how" and "wow." Should an Indian dislike someone or something he would point to the object and say "wow." "How" is expressed by the Indians with the hand extended outward or upward. It means that something or someone is pleasing to the speaker. Since the pioneers dwelt among Indians they had to learn this language or be termed a tenderfoot. The Scouts have adopted the words because scouting represents outdoor life.

CORRECTION!

In last week's issue of the Lamb County Leader it was not my intention to state that the various lodges, and clubs other than the B. & P. W. club would sponsor the President's Ball. What I intended to state was that the cooperation and support from all interested in building a fund to stamp out infantile paralysis, including the various lodges, clubs and individuals, would be more than appreciated.

Introduce Bills To Stop Race Track Betting In Texas

Senator G. H. Nelson, of the 30th senatorial district, has introduced in the senate a bill to repeal pari-mutual betting on horse races in this state. Senator Nelson is quoted as saying: "The time has come when the good citizenship of Texas must take an active stand to curb the gambling instinct of the people. Something must be done to remove the temptations of gambling from the boys and girls of this generation." Rep. Bryan Bradbury of Abilene, introduced a bill almost identical to that of Senator Nelson. In his proposal, Bradbury said race tracks attracted "criminals and undesirables causing an alarming in-

crease in crime and promoting detrimental influences." Both bills provided not only for repeal of legal wagering but for re-enactment of penal statutes prohibiting buying and selling of betting pools, bookmaking, aiding others to bet or permitting property to be used for wagering on "any horse race to be run, trotted or paced" in the state. Bookmakers would, on conviction, be fined from \$200 to \$500 or confined in jail from 30 to 90 days and bettors would be fined from \$25 to \$100.

SECRETARY WALLACE OUTLINES TEN POINT AGRICULTURAL PROGRAM

Secretary Wallace has outlined a ten point program for keeping America's 30,000,000 farmers on a par with business and industry.

"Agriculture is no longer the forgotten industry of the United States," he said, citing a four-year rise in estimated farm income from \$5,500,000,000 to \$9,000,000,000.

The farmer's income has returned to its pre-war parity with urban incomes, Wallace said, declaring he will seek to maintain that relationship.

His program:

1. Free opportunity for farmers to organize.
2. Fair and stable income for the farmer, on an equal with city incomes.
3. Supplies of farm goods adjusted to adequate home needs and foreign demand.
4. Foreign policies to encourage peace with other countries and an expanding market abroad for American farm products.
5. Conservation of the soil and other natural resources.
6. Turning below standard land to non-farm uses.
7. Crop insurance, to cushion the shock of drought, flood, frost and plague, combined with the ever normal granary.
8. Better opportunities for the man with the hoe to own his land, and increased security for tenants and owner-operators.
9. A higher standard of living for the poorer farmers.
10. Industrial policies to insure abundance for wage earners and farmers alike.

Only two dangers threaten the farmer's future, farm experts said—a European war or another drought.

A plan for the government to insure farm crops is on the president's desk. The insurance would start only in wheat in 1938, but administration leaders say congress may include cotton and corn.

The president has indicated he would press for aid to the nearly 3,000,000 tenant farmers, varying from southern cotton share-croppers to renters of fertile corn belt acres.

"Hello," Dan listened at the receiver. His dazed eyes rolled. "Lefty! What You've got it—already!—and it would not be long happening! Wait. Wait'll I think."

Quillen had his cash; he wanted to come for the stuff now. "Listen," Dan mumbled, "I—I haven't got it any more. Hold on—I know I promised! But Graber came in like a cyclone, I was talkin' to Helen, see? I'm crazy about her. On the level, I am!"

He nodded. "Sure, I figured she was nothing to you. But I—I want her!" he whispered hoarsely.

"Otto to the rescue! Listen, maybe you still can get that snow, Quillen. Won't cost you a cent. What do you say? You know Graber's ways! You must know where he'll head! Come on—you get the snow, I get the girl."

What do you say? Take it?"

Again he listened, panting. Hope flamed in his bloodshot eyes. "Sure Graber flies—that's so! He's got a plane.

"Right, Lefty. Meet you at the field, fifteen minutes. Hell, I tell you I want Helen, that's all!"

He hung up. Clinging weakly to the desk, Colwell uttered a prayer that had the fervor of his soul in it. He stumbled drunkenly for the door.

"If Lefty's wrong!" he mumbled in anguish. "If Lefty's wrong!"

They left their hurriedly chartered cabin ship at Norcross, a city of considerable size. Ewing had no airport nor even a landing field shown on the chart.

It was seventeen miles to Ewing. The deal with a taxicab driver was quickly made. The two men sprang in and the car rolled away. Colwell waved a ten-dollar bill before the fellow's eyes. "Keep over forty-five and this is yours. Get us there in a hurry!"

He sank back. His glance at Lefty Quillen made him ponder again for the dozenth time, on the strangeness of his sudden partnership. But there was no other chance so far as he knew. Graber's camp was not in Ewing, and a man could search these timbered hills for weeks aimlessly without discovering what he sought. Quillen would do; he was as anxious as Colwell to confront Otto.

Their glances crossed. "Remember, I get the snow! That's on the level, ain't it!" There was an evil threat in the way he said it.

LOCAL BOYS BASKETBALL TEAM ARE DEFEATED BY LEVELLAND

By Buck Munger
Suddenly waking up, the Levelland basketball team made 7 points in the first minutes of play Tuesday night at the Littlefield Wildcats.

The game started the scoring with Levelland on the first play of the game. Several movements passed in the latter of Littlefield made a goal for the Wildcats. Littlefield fouled and Levelland made a point from free shots. Levelland led but Littlefield failed to make good the free shot given them. The first quarter ended, Levelland 3—Littlefield 2.

The second quarter, with Littlefield fouling, but Levelland failed to make a point from free throws. Littlefield scored another field goal and Levelland quickly returned the compliment and added one more point from free shots. Both teams fouled once more but no points were made, until Wilson, Littlefield guard, standing near the center of the court, tossed the ball, which hit the backboard, bounced once and fell through the net. Littlefield scored again just as the half ended, Littlefield 9—Levelland 6.

The third quarter opened with Levelland scoring first and Littlefield missing two free shots, but making one field goal. Levelland quickly followed with another field goal. After a long series of free shots for both sides the Levelland team scored again just as the quarter ended, Levelland 12—Littlefield 11.

The fourth quarter kept the fans wondering which side was going to win. A number of free shots were given and Levelland made one point from them.

Littlefield started it by making a field goal, taking the lead 12-13. Levelland kept it up by making a field goal, taking a 14-13 lead, but the Wildcats came back and scored another point to make it 15-14 in the fourth quarter, they did not keep it up, and how! The Wildcats scored the which gave them a 15-14 lead. Levelland was late in the quarter, but scored again to make the score 16-15. Well, who ran up against the score and knocked it 2 points further over for Levelland. Whoever it was was not satisfied for the same boy quickly scored another field goal for Levelland. Littlefield fouled and Levelland made good the free shot given them. Then someone on the Levelland team knocked the score board completely over on Levelland's side by scoring another field goal just as the whistle, ending the game, blew.

Levelland 21—Littlefield 15.

Spade Longhorns Exchange Game With Westerners

Playing a court to court exchange on successive evenings, Spade Longhorns matched strength with the Lubbock Westerners in basketball, Friday and Saturday, January 15 and 16. Each team won with apparent ease on its own court, but the Longhorns were able to out total the Westerners in points.

The Longhorns played at Lubbock Friday night scoring 17 to their opponents 27. In a slow and rough game in which the local boys did not seem able to click. They were saved from embarrassment by the consistent and lucky playing of Jackson, stellar guard.

The return game played before an enormous crowd in the Spade gym, Saturday night showed the Westerners at as great disadvantage on a narrow court as the Longhorns on a wide court.

Vann, Longhorn center, earned the greater share of the 35 points by which the local boys out distanced the 18 made by the Westerners.

Spade Girls Capture First Place At Sudan

On Friday, January 8, the Spade girls entered the invitation tourney at Sudan. On arriving at Sudan Friday evening, the girls were given a friendly welcome. They were scheduled to play Tulla at 8:00 o'clock. Tulla did not come so Spade was to play Idalou at 10:00 o'clock Saturday morning.

Saturday morning the Spade girls rushed into the gym ready for the fight. The girls played a good game and won the game by three points. This game gave the Spade girls second place. They had to play the winner of Sudan and Littlefield for first place. Sudan won over Littlefield by a small margin.

Spade and Sudan came on the court Saturday night with the feeling each had to win the fight. The Spade line up was: Nabers, Greer, and Brown as forwards; Keese, Hucabee, and Bentley as guards. Spade worked hard throughout the game and beat Sudan by two points, this giving them the first place trophy and ten gold basketballs. Sudan took second and Amherst consolation. Helen Brown and Loveta Hucabee of Spade were chosen as allstar players, each receiving a gold basketball. Brown and Bentley of Spade each got medals for being the most help to their team. The Spade girls went home with a proud feeling of victory.

Spade Longhorn Boys Take Second At Anton Tourney

Thursday, January 7, 1937, the Spade Longhorn boys entered a boys tournament at Anton. Thursday night the Longhorns won over the Shallowater Dragons. Friday they eliminated Friendship and Anton B to emerge as contestants of the final game of the tourney.

The last contest was with the Anton Bulldogs and was a close struggle from beginning to end, resulting in a tie that had to be determined in a period of extra play. The final score was 22-24.

Harrell Hunt and Bud Vann were chosen for the all-star team of the tournament. Bud Vann also won a medal for being the best sport during the tournament. The entire team was presented an attractive trophy for second place.

Littlefield To Play Crosbyton Thursday Night

Thursday night the Littlefield basketball club will meet the Crosbyton club in the Wildcat gym. Two weeks ago the Wildcats defeated Crosbyton, 43-30.

Tuesday night the Wildcats will play the Ralls club at Ralls. The team has defeated the local club in a former game.

Littlefield has played five conference games and have won 2, lost 3. They have lost twice to Levelland and once to Ralls. They won once from Olton and once from Crosbyton.

Girls Basketball Club Defeats The Whitharral Team

In a nicely played game Tuesday night, the Littlefield Kitties defeated the Whitharral team 16-7. Littlefield fouled 8 times, while Whitharral fouled 10 times. Brack of Whitharral, a guard was taken from the game because of four fouls.

The Whitharral club kept pace with the Kitties until the latter part of the game, when the Kitties opened fire.

ONE-ACT PLAY CONTEST

The freshmen staged "Keeping Kittie's Dates;" the sophomores, "Elmer"; the juniors, "And the Villian Still Pursued Her;" and the seniors, "Ambition."
 An extra large crowd was attentive and appreciative of the entire program. Competant judges from Hale county were secured to determine first, second, and third places among the plays as a whole, among the girls, and among the boys.
 At the close of the program they gave the following decisions: Among the plays, first place to "Elmer," the sophomore selection; second place to the freshmen in "Keeping Kittie's Dates;" third to juniors in the melodrama "And the Villian Still Pursued Her."
 Flo, played by Edith Allen was awarded first among the girls who placed, Jeanie, by Frankie Lou Teague, second, and Susan, by Kathryn Darby, third.
 Elmer, played by George Farrington, was awarded first among the actors; Mr. Fleming, a magazine salesman, played by Norvell Strawn, second; and Mr. Handout, played by Sonny Jackson, third.

Health-Wrecking Functional PAINS
 Severe functional pains of menstruation, cramping spells and jaugled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!
 Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains, and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.
 Try Cardul. Of course if it doesn't help you, see your doctor.

SPADE FRESHMEN LEAD IN KING AND QUEEN CONTEST
 At the close of the third unit of sale, the freshmen are leading the other classes in the king and queen contest by a large margin.
 To determine the king and queen of Spade high school for 1936-37, the four classes are selling tickets for school programs in five series of contests. The candidates for king and queen of the respective classes are:
 Freshmen—Vollie Stokes and Edith Allen.
 Sophomore—Louis Cook and Kathryn Darby.
 Junior—Vernon Lee Jackson and Connie Fern Yeager.
 Senior—J. E. Turner and Lucille Nabers.
 The votes are secured at a penny each by the sale of tickets in these several contests. The first class that hands in five dollars on any contest gets one hundred votes as a bonus—The freshmen have received the bonus twice.
 The competition is lively and the contest will be long remembered as outstanding events of high school days.
SPADE TEACHER RESIGNS
 On January 1, Miss Elizabeth McFarling resigned her position as third grade teacher and director of music of Spade school. At that time she announced her engagement to Mr. H. E. Wilson of Tulsa. With the loss of Miss McFarling the school and community have lost a competent music director and teacher.
 Mrs. M. C. Bierman substituted the week following Miss McFarling's resignation.
 Mrs. Edna Edmonds of Spur arrived Monday, January 11, to assume the duties of teacher and director. Although Mrs. Edmonds had been with the student body for a short time, it is reported she has already found her way into popularity with the boys and girls. She will have charge of glee club work, choral singing, music memory, and public school music.

"Polo Joe" To Be Featured At Palace Over Week End

"The word 'Art' is a rather inclusive word," said Joe E. Brown to the lady interviewer, as they sat on the side lines between scenes of "Polo Joe," the Warner Bros. picture which comes to the Palace Theatre Saturday midnight, continuing through Sunday and Monday.

"It is indeed," replied the young woman with the pencil and pad, "but just why do you mention that rather obvious fact?"

"Watch what I do in the next scene and you'll know!" said Joe with a characteristic grin. "It's not art only but High Art!"

"Just what do you do?" "Well, I sit on the forward-facing seat of a compartment in a stream-lined train — eating breakfast — and at the same time balancing a coffee spoon on the edge of a cup."

"And?" "All of a sudden I hit the handle of the spoon, see, and with the bowl of another spoon, I make the first spoon do a couple of loops in the air, and land in a water glass on the other side of the table. And that's not all!"

"What else, for heaven's sake?" "At the same time I have to sing a Chinese folk-song!"

"A real folk-song — or do you fake the words?"

We Think—

at present. Nearly 2,000 people were killed in traffic accidents in Texas and 35,708 fatalities occurred on the roads and streets of the Nation during the year 1936, according to Governor Allred's statement.

Governor Allred says, "We face a peace-time destruction comparable to the casualties of the battlefield. Safety demands a right about face attitude in the minds of our people. We must realize that accidents don't just happen; they are caused and therefore can be prevented."

Citizens of the State who are well-known for their interest in safety are being selected as members of the committee. Other civic leaders will be invited to serve on this Commission from time to time, the Governor announces. The Governor and the Committee expects the co-operation of local organizations and civic minded citizens all over the State in order to reduce the number of traffic tragedies that horrify us every day of the year.—Kerrville Times.

WE THINK—

That Governor Allred and the Committee should have the wholehearted cooperation of every citizen in the program to make streets and highways safe for traffic. AND THAT THOSE WHO WILL NOT HEED THE REQUESTS AND WARNINGS IN THE INTERESTS OF SAFETY SHOULD BE GIVEN A LESSON THAT WILL STAY WITH THEM THE REMAINDER OF THEIR LIVES.

Thousands Attend—

nor and Mrs. Allred. Lieut.-Gov. Woodul was the first to receive the oath from Associate Justice John H. Sharp of the supreme court, officiating in the absence from the state of Chief Justice C. M. Cureton.

Introduced formally by Senator Will D. Pace of Tyler, a school mate at the University of Texas, Woodul talked only a few seconds.

A roar of applause then swept the chamber and the crowd came to its feet as Governor Allred placed his hand on the historic Bible of the supreme court, brought from a safe every two years for the purpose, and also repeated the oath.

A cannon placed in front of the 50-year-old granite capitol by a detachment of the national guard from Kerens roared a 19-shot salute, and the A. & M. band, one of the two present, played "The Eyes of Texas."

Former Governor Neff, who when governor started Allred on his successful political career by appointing him a district attorney, introduced the young executive, describing him as a man who had climbed to eminence over many obstacles.

Asserting the occasion was "a definite challenging call to service," the governor pledged a reconsecration and rededication "in all humility to the tasks that lie ahead."

"These tasks are easy by comparison with those which confronted us two years ago," he continued. "Due to the beneficence of the Almighty and to our own efforts, the prospect, as we face forward is for brighter now than then."

He quoted the clause in the Texas constitution that the faith of the people stands pledged to the preservation of a republican form of government subject only to the limitation the people may alter, reform or abolish such government "in such way as they may think expedient."

"This limitation, providing that

the people, in any change they make, stand pledged to the preservation of a republican form of government, was first placed in the constitution in 1876," the governor said.

"Today you and I still stand pledged by the faith of the people to the preservation of our form of government. The aim of that government should be to secure the maximum of human happiness for 6,000,000 people.

"Real principles of government are eternal and everlasting; but with time new problems arise; testing our ability to apply those principles to the people's needs. More and more, demands are made upon the state government to quickly minister to present needs and provide greater security for the future."

Three balls were planned for the night, one, with the main reception by the governor, at the gymnasium of the University of Texas, and the others at hotels.

Other committees on which Senator Nelson has been placed by the Lieutenant-Governor are: Civil jurisprudence; public lands and land office; penitentiaries; Governor's nominations; senatorial districts; representative districts; and highways and motor traffic.

Other numbers on the program were: a song by entire group, and talks by Hall Rowe, Jim Neal, T. L. Leach, Clyde Lee and Jim Walker, following by the closing song, "We're Boosters From L. H. S."

The banquet was served by the ladies of the Presbyterian Auxiliary, with Mrs. Oscar Wilemon as chairman on arrangements, with Mrs. B. Kersey, chairman of menu committee; Miss Naomi Robnette, chairman on decorations; Mrs. M. M. Brittain, chairman on salad committee; Mrs. Sam Rumbach, chairman on meat committee; Mrs. Kersey in charge of the desert, and Mrs. Ben Porcher in charge of the cocktail.

The committee in charge of the program for the evening was composed of Coach Bill Sanders, E. C. Cundiff, and Supt. A. B. Sanders.

Each of the tables was laid suggestive of a miniature football field, and placecards were in the form of a football, bearing the menu, program and songs.

Scout Officers—

number of 12 and 13 year old scouts and older boys they would have to recruit to meet their 10-year program objectives in the district. To meet this objective he pointed out that the district would have to recruit 46, 12 year old boys and 35, 13 year old boys and over. But still the troops must hold at least 80 per cent of their present enrollment, and have 9 scouts to reach four year tenure in scouting. The ten year program is a plan set up by the National council in 1932 that they should by 1942 have one of every four new male citizens a four year scout trained man.

Earl M. McClure, scout executive, outlined the organization set up of the council showing the relation of the council to the district committee and the relation of them both to the troop committee pointing out that all the preliminary organization of scout work was to develop a permanent program of activities and enthusiasm for the leaders so they could deliver to the scouts, which is the group that is desired to be reached anyway.

The program for the year was presented and adopted as a working basis for operation during the year.

Sam A. Henry made a few remarks commending the men of the district for the interest they are showing in Scouting. Mr. Henry is field commissioner for the South Plains Council.

Floyd Coffman presented a plan for the construction of a district scout cabin that would be constructed at the corner of the four counties comprising the Northwest district, on the Yellow House Ranch, where available native material may be found.

Those present at the meeting were—A. B. Sanders, F. O. Boles, W. D. T. Storey, Willard Street, Eugene Latimer, Owen Dennis, J. H. Ware, Ed Seely, Rev. Willis J. Ray, Floyd Coffman, all of Littlefield; Bill Stevens and Kendall Young of Levelland; Rev. R. S. Watkins and O. C. Beavers of Muleshoe; and Earl McClure, Sam A. Henry, V. L. Dougherty and Lyndon T. Grant of Lubbock.
