

## Board Approves \$525,000 Budget

**LOAD OF MILO**—Lewis Kuykendall, left, who farms two miles west of Littlefield, brought first reported load of milo in Lamb County this year to the R. L. Byers Grain Co. Tuesday. Kuykendall delivered about 9,000 pounds of the grain to Clinton Byers, center, and Andy Houk, right, during the day. The Littlefield farmer figures he has more than 50,000 pounds of the grain acres at his farm. Planted the 15th of April, the milo will bring about \$1.85 per hundred pounds.

**OPEN COTTON**—A sign that the first bale of cotton for Lamb County isn't far away turned up early this week when Cliff Griffin brought in the first reported open cotton bolls. Griffin planted the Paymaster seed on April 23 on his 65 acres of irrigated cotton land at the Peyton Industrial Addition. He found open bolls on August 11th.

## Hire 10 Teachers, School Tax Rate Kept At \$1.40 Level

Local Superintendent of schools Ralph Schilling was still in a quandary this week, despite the fact that Monday night's school board meeting solved most of his problems.

Somewhere, somehow—he has to come up with six more teachers after a rash of resignations turned up this month.

1. Accepted five teacher resignations.
2. Employed 10 new teachers.
3. Employed a new junior high custodian.
4. Re-employed the firm of Cornell and Co., of Amarillo to audit the books.
5. Set the reserve seat admission prices for football games.
6. Decided to continue last year's policy of making bread and milk purchases, and
7. Adopted a budget for 1956-57 and set the tax rate. (See story in column 8).

Schilling said he has openings for one first grade teacher, one third grade, one fourth grade, two sixth grade, and one junior high art teacher.

Trustees accepted the resignations Monday night of Mrs. Bula Dolerty, homemaker; Mrs. Dorothy Powell, third grade; Sherman Taylor, sixth grade; Mrs. Sherman Taylor, third grade; and Mrs. Iona Donnelly, fourth grade.

Monday night, the school board, with new member Jake Armstrong of Fieldton sitting in on his first session, took these actions:

Mrs. Ray Keeling of Littlefield as a homeroom teacher; Mrs. Kenneth Hill of Littlefield as a high school math teacher, and Mrs. Fred Smith, who has been teaching at Oton, as a seventh grade social studies teacher.

Also in teacher changes, the board announced the transfer of Clarence Williams as a seventh grade math teacher to general science teacher, and Mrs. Ma. Blackwell from seventh grade social studies to seventh grade math.

Alfonso Gutierrez was employed to replace J. S. Abernathy as junior high school custodian. Abernathy has been ill in a Lubbock hospital.

Football reserve seat tickets will go on sale for \$1.25 per game, a cut from the \$1.50 price of last year. Season tickets for the five home games will be \$5.25 for reserve seat admission.

In keeping the same total tax rate of \$1.40 per \$100 valuation, the district anticipates collecting about \$125,000 in local taxes for the maintenance fund and about \$45,000 for the interest and sinking fund. The \$1.40 is divided into 90c for maintenance and 41c for the interest and sinking fund.

Here is a general breakdown of the budget:

## Civic Development Board Project Gains New Support

A special committee boosting the creation of a local Board of Civic Development this week got favorable response from several local organizations.

"The local Jaycees, the Industrial committee and the Chamber of Commerce have gone on record as favoring the establishment of the board," Dr. Glenn Burk, chairman of the committee, declared Wednesday morning.

The committee scheduled their presentation of the proposed board for the Lions Club meeting Wednesday and the Rotary Club session slated today.

"A vote for the creation of the board is a vote of confidence in the future of Littlefield," Dr. Burk said in one of the meetings this week.

"We have looked over several other ordinances on Boards of Civic Development in other cities," Dr. Burk said, adding that the one proposed for Littlefield "looks like the best one of the lot."

"The method of selection of members for the board proposed by the local ordinance is the difference," he continued.

Dr. Burk said the ordinance provided for the selection of nine members of the board from a list of 18 names submitted by leaders of various civic clubs and organizations.

Under the plan, the presidents of the Rotary, Lions, Jaycees, Industrial Committee, Chamber of Commerce, VFW and American Legion would form a nominating

committee to submit the 18 names.

Then the city commission would select nine men from the list and determine by lot which three of the nine would receive three-year terms. Three others would receive two-year terms and three more would get one-year appointments.

In this manner, Dr. Burk said, the board would be set up with rotating terms, where each year three new members would be named to the board.

"We're interested in outstand-

ing people, however," Dr. Burk said, adding that the 18 name groups in the city, not solely from civic clubs.

To be eligible for the board, the person would be required to be on the city tax rolls and to live within the local school district.

The board's purpose would be to advertise and promote the advantages of Littlefield. It also would promote agriculture, better highways, charity drives, better transportation and other such facts that affect Littlefield's growth and development.

## MAN GETS TIME AFTER FAST RIDE

An Oton man has time on his hands to do a lot of thinking before tearing through local streets and disregarding rules and regulations concerning public safety again. He was lodged in the city jail Tuesday night with seven traffic violations filed against him.

At approximately 10:45 p.m. Tuesday, three police cars, assisted in stopping a renegade driver who flew through two stop signs, ran a red light and drove 60 miles an hour in a 30-mile zone. He was also cited for disturbance with a motor vehicle, reckless driving, driving the wrong direction on a one-way street and resisting arrest.

## THE BLANTON SURVEY: FINANCIAL CONSIDERATIONS

### Bank Deposits Will Triple By 1980

**Editor's Note:** This is the fifth in a series of eight condensed articles on Burt C. Blanton's technical survey of Littlefield and Lamb County. These articles are prepared in the belief that every citizen of Lamb County should be informed of the area's present status and its possibilities for the future.

Total deposits in the two Littlefield banks as of December 31, 1955, amounted to about \$10,000,000.

Twenty-Five years from now, they are expected to total more than \$30,000,000.

In this manner, Burt C. Blanton begins section 13 of his 124-page industrial survey of Littlefield and Lamb County.

Total deposits in all Lamb County banks in December amounted to more than \$23,000,000.

Twenty-five years ago, bank deposits in Littlefield amounted to about \$400,000.

And so the story of growth is reflected in financial considerations of this area. Blanton also notes the growth of the local Savings and Loans Association from its beginning in 1946 to its total assets of more than \$2,000,000 in 1956.

Blanton estimates that Littlefield citizens will earn about \$15,000, this year and will spend more than \$12,000,000 of the total.

The \$3,000,000 that is left over, says Blanton, indicates the potential debt-paying power of the inhabitants.

By 1980, the amounts Littlefield citizens earn and spend will more than triple, Blanton predicts.

Over the entire county, he figures citizens will earn about \$39,000,000 this year and spend \$39,000,000. In 1980, he forecasts these figures to be \$92,000,000 and \$73,000,000 over Lamb County.

## MAN GETS TIME AFTER FAST RIDE

Littlefield's economic growth and prospective development is also reflected in postal receipts. These figures prove the point: 1930—\$15,000, 1940—\$20,000, 1950—\$48,000, 1955—\$67,000 and 1980 (predicted)—\$142,000.

Farm and ranch cash income, although it has had its ups and downs in the past 10 years, should start a steady climb and reach a total of \$71,000,000 in 1980, according to Blanton. It was \$42,000,000 in 1955, \$21,000,000 in 1953, \$29,000,000 in 1951 and \$32,000,000 in the big cotton year of 1949.

## Mosquitoes Heavy, But Spraying On

Mosquito traffic was heavier than usual early this week and city officials said Wednesday that spraying would go full blast until the pests are liquidated.

City Manager Ray Metzger said that a new wave of the insects had blown into Littlefield over the week-end. He added that water in the city park has been controlled and that mosquitoes will get no chance to multiply there.

## Fenton's To Have Grand Opening Friday and Sat.

Grand Opening of Fenton's Shoe Store in its new location at Phelps will be held Friday and Saturday, according to Myron Fenton, owner of the firm.

The business moved from its former location, two doors south on Phelps, two weeks ago. The size of the new building is more than double the previous location.

"I am pleased with the reception we have received in Littlefield and feel the market justifies this expansion," Fenton said this week.

Mrs. L. D. Foley is local manager.

Mr. and Mrs. J. C. Harrison Sr. and Beverly, moved Monday to Odessa where Mr. Harrison has accepted employment with Duke Electric.

## Harold Estate 1A Drilling Continues

Oil work in Lamb County slowed to only one well this week as Livestock Drilling Company continued its venture on the Harold Estate 1A.

Drilling Wednesday morning was at 3640 feet in lime on the project. It is being drilled for Geochemical Co., of Abilene.

"Mechanical conditioning versus vegetation conditioning" was the theme of the address given by Otis Armstrong of Abilene, field planning engineer with the state Soil Conservation Board as the finale of the annual SCS field day held in the Sudan area Tuesday. Armstrong's address followed a barbeque in the Sudan city park, sponsored by the Sudan Chamber of Commerce.

The speaker was Junior Cotton King of the U. S. in 1923 when he raised almost three bales of cotton per acre. He told how the same land produced one-sixth of a bale in 1949. Armstrong predicted that West Texas soil will be in the same condition as East Texas soil if it isn't protected.

Pictured above enjoying the barbeque are Joe Sullivan, Rt. 1, Amherst; Jimmie Robinson, Star Rt. 1, Littlefield; Joe Meryl Harmon, Amherst; and Charles Hinds, Rt. 2, Sudan. Back row—Robert Grunewald, Rt. 1, Littlefield; and Frank Lehman, Rt. 1, Littlefield.

# Yard of the Month

PICTURED ABOVE in the Yard of the Month is Carl Keeling trimming a juniper shrub in the front yard of his home at 1209 East 13th. A secret committee of the Garden Club selected the Keeling yard for special recognition. Keeling who does all of his own yard work is especially proud of his lawn, a virtual carpet of Bermuda grass. Lining the long, narrow porch is a row of Privet, a small low-growing shrub. Dahlias, geraniums, iris, and petunias compose the flower beds. Shading the back yard is a giant willow tree and a border of populars and blue column evergreens along the back. Mr. and Mrs. Keeling, who have two children, Paul, 11, and Carlita, 7, won a similar distinction in 1946. (Staff Photo)

# Groom Is Sudan Man Wayland Students Are Wed At New Deal

Miss Wilma Mae Woods, daughter of Mr. and Mrs. G. G. Woods of New Deal, and Jerry Morris, son of Mr. and Mrs. Homer Morris of Sudan, exchanged wedding vows Friday afternoon at 3 o'clock in the Monroe Baptist church in New Deal.

Officiating for the double ring ceremony was Rev. Wayne Perry, pastor of the Sudan Baptist church. Mrs. M. M. Styles played selected music and accompanied Miss Margaret Isaacs of New Deal as she sang, "Bless This House," "Be-cause," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a white street-length dress of eyelash embroidery designed with a fully shirred skirt, a low neckline, and cap sleeves accentuated the fitted bodice. Her shoulder-length veil of tulle was attached to a lace headpiece. She carried an arrangement of white carnations atop a white Bible.

Miss Charlene Naul of Lubbock was maid of honor. She wore a dress of pink polished cotton styled along princess lines, and a small pink headpiece with veil and flowers. She carried a long stemmed white carnation bouquet. Jehnnie Tims of Bledsoe was best man. Ushers were Duane Farris of New Deal, a cousin of the bride, and Wendell Woods, brother of the bride.

A sheath dress of ice-blue polished cotton with white accessories was the bride's choice for a traveling ensemble.

After a short wedding trip, the couple will be at home in Plainview where Mort is a Senior ministerial student at Bayland Baptist College. He is a graduate of Sudan High school. Mrs. Morris graduated from New Deal High school and has attended Wayland the past two years.

Among those attending the service from Sudan were Mr. and Mrs. Homer Morris, Mrs. Shelby Morris, and Mrs. J. W. Parton.

THE GREATEST MODERN MOVEMENT

### Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in advance through cooperative insurance plans. This is probably the greatest voluntary movement toward improved health and welfare in the history of the world.

Every phase of this activity is laudable. The cooperation of industry and its employees, and the foresight of breadwinners to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal, and you may depend upon us, as upon your physician, in the achievement of these objectives for your family.

**STARTING BATTERIES:** Pictured above are the starting pitchers and catchers of the Little League teams that will begin their 1956 playoffs tonight at the Little League ball park. It was not known at press time whether the Lions or the VFW would be the opposition for the league leading

Jaycees due to the fact that both teams ended up in a tie for fourth place in the league standings and were scheduled to play one game Wednesday night to decide who would be in playoffs. Pete Estrado is the only starter on any of the teams that ended the season with a perfect record. The 12-

year-old right-hander has 10 wins against no losses. The first game will feature the Jaycees and either the VFW or Lions, game time 6:30. In the second game, the WOW team will take on third place Yarbrough.

## Huber Pitches No-Hitter For VFW Against Rotary

This week saw the last games of the regular season play in the Little League, but you could hardly tell by some of the performances made by some of the lads in Monday and Tuesday night's action.

In the first game Monday afternoon, Tony Estrado knocked three home runs out of the park for the home run lead with Van Ashley of the WOW and Tom Lewis of the Lions. All three of the boys have put the ball over the fence

six times this season. And the big news of the year as far as Little League fans were concerned, happened in the night game Monday night as Joe Huber pitched brilliant ball and got the first no-hitter of the season in the VFW last regular scheduled game.

Huber hurled the Veterans to a 3-1 triumph over the Rotary and earned the right to meet the Lions in a game that was scheduled to be played last night to determine who would meet the Jaycees in the finals.

The Lions played the Jays and Co. team Saturday night 18-7 and then came back Tuesday afternoon to beat the Yarbrough team 11-0 on a one-hit pitching job by Tom Lewis. In a meeting immediately after the game, Tom Lewis insisted the Rotary win over the Lions last week due to the fact of an incredible pitcher, and this is what caused the extra game to be played Wednesday night.

In the last game of the regular season Tuesday night, the Foust Food and Lowe and Co. teams played ball as though they were playing for the championship instead of their last game, with Foust Food edging out Lowe, 5-2.

Below is a list of the pitchers and their win and loss record of the season.

- JAYCEES**  
Pete Estrado (10-0); Tony Estrado (6-1); Pedro Contreras (1-1); and Billy Halters (2-0).
- WOW**  
Roger Morris (5-0); Van Ashley (4-0); Kenneth Moore (4-5); Ray McKinney (1-0); and Craig Brest-rup (1-1).
- VFW**  
Joe Huber (6-4); Jerry Potts (3-3); and Billy Thomson (2-3).
- YARBROUGH FOOD**  
Billy Shaw (6-2); Richard Wil-dams (2-1); Grover Pilgrim (2-5); Mike Nelson (0-1); and Richard

- Kimbrough (1-0).
- LIONS**  
Tom Lewis (7-2); Spike Jones (4-3); Jimmy Melton (0-4); Johnny Weaver (0-1); and J. R. Her-rell (0-1).
- FOUST FOOD**  
Robert Moore (1-3); Maurice Stephens (3-3); Robert Conley (3-5); Don Stephens (2-0); and Terry Gage (0-1).
- ROTARY**  
Shelly Duval (1-9); Jimmy Glover (2-3); Jackie Gage (0-1); Richard Pierce (1-1); and Lonnie Cape (1-1).
- LOWE & CO.**  
Roy Edwards (2-6); Terry Jones (0-5); Billy Bangston (0-5); Phil-lip Sellers (0-1); and Willie John-son (0-1).

**Carl Harrington Wins Anton Golf**  
ANTON (Sol.) — Carl Harrington is winner of the Anton Golf Club's annual President's Cup golf tournament. The tournament was completed Sunday.

Needing a gross 29 to win and a 40 to join Brad Gilbert, Alvin Crews and Chester Jones in a three-way tie, Harrington sank his final putt, giving him the 39 and a gross score of 160 to win the 36-hole tournament.

Brad Gilbert's gross 141 was outstanding. The net scores of the golfers entered in the tournament are as follows: Brad Gilbert, 137; Pat Rvrum, 144; Oris Lambeth, 149; George Ashur, 150; Marlon Maves, 146; Hurlan Black, 141; Richard Motl, 145; Hank Matthews, 139; Don McGuire, 151; Cecil Overstreet, 148; Chester Jones, 137; Craig Darden, 140; Jerry Ruffe, 147; Bob Biffle, 150; Ray Billings, 139; Herman Biffle, 150; Alvin Crews, 137; Max Harrington, 145; J. W. Jackson, 144; Walter Hobgood, 146; Bill Brewer, 139.

### Loser Of This Week's Tag Team Card Must Leave Town

Littlefield wrestling fans, after this week, will no longer see two of the wrestlers in this week's matches. The losers will leave town and will not be seen in the local arena for some time. This was the agreement when Promoter John Ussery signed the four wrestlers back to this week's Main Event Tag Team Match. There were no winners in last week's matches. The first lasted 55 minutes, and since it was a 2 out of 3 fall match and time ran out with only two minutes in the last fall and neither side won the fall, the match ended in a draw. The first fall went to Newman and

Tokyo Joe. Orton and Guerrero wanted a return match with no time limit and a signed statement that the two men who lost the match as (or falls) would leave. The opening event will see Guerrero taking on Tokyo Joe in the warmup match, with Orton again matched against "Shoulders" Newman. Both these falls will be a 20 minute time limit. The main event will be for the best two out of three falls with no time limit. The losers to leave and not return to Littlefield Two referees will be used Saturday night. One on the inside and one on the outside of the ring.

## Plains Cotton Growers Begin Battle To Regain Lost Acres

West Texas struck back at East Texas in cotton acreage this year as Plains Cotton Growers Inc., began a drive this year to regain lost acreage.

First step in the campaign is the form of a letter to U. S. Department of Agriculture, Benson organization, working as representative of all West Texas cotton farmers, also a 20-point brief with the listing its thinking on an equitable distribution of the state reserve in our

county members of the Cotton Growers board are also president of the Farm Bureau, and Rip

recommendations were in the letter. They were: limiting the State Committee maximum of 2.0% of the state allotment for use in all years except that of small farms as published in the Federal Register of July 7.

limiting the State Committee 2.25% of the total state allotment for small farm adjustment. This recommendation is precedent, and the figure represents the average

allotted to small farms in the last three years, repeated three years in which controls have been in effect, the state committee

USDA definition of small farms being not over 15 acres. Appointment of a West Texas producer on the state committee in this area does not now represent a cotton

point brief which went through the three recommendations.

7.0% cut, while giving Texas a 7% gain, thus reversing trends.

Texas planted all acreage in uncontrolled years, allowable in controlled years building up a strong decided upward trend amount of 191,000 of legally earned acres was away from West Texas state committee in 1956, even to East Texas on the "trend losses," and along with "hardships" final figures. record shows that many Texas areas did not even their allotments in 1955. West Texas has always its full allotted acres. East did not plant in many cases of the favorable prices for feed, but now that these

**FIELDHOUSE NEARS COMPLETION**—Scheduled to be completed three weeks from today, Littlefield High School's brand-new \$18,000 fieldhouse will provide Wildcat athletes with the latest training facilities. The building is being constructed at a practice field just south of Highway 54. The practice field will be converted into the Wildcats' regular playing site in time for the 1957 football season.

have declined they are asking for return of acres which they lost by default according to law.

10. The impression has been given that West Texas received a big increase in 1953 at expense of East Texas because an adjustment was made to area 1-S of 1,113,900 acres. The truth is this was an adjustment due to severe drought in 1953, and this was allotted by the USDA in Washington, and not by the state committee, and it had no adverse effect on East Texas.

11. The impression has been given that hardships exist only on small or family size farms. Reducing acreage raises costs per unit of operation to a high degree, efficiency is reduced, and cotton becomes less competitive to synthetics and foreign production.

12. The policy of extracting acres away from natural trends will lead to nothing but small farms, a situation certainly not intended by the law. The present average cotton farm across the nation now is only 17.5 acres. This average being composed of many small ones and a much smaller percentage of large ones. If carried too far, the taking away from the large to give to the small could lead to nothing but 15 acre farms—and this certainly is not the intention of the law.

13. West Texas does not have re-

presentation of a cotton producer on the state committee. It is not democratic that such a large and important cotton producing area should go completely without a voice of the committee.

14. Many West Texas counties have no irrigation water, and their yields per acre are very low. It, therefore, required many more acres to make an economic unit.

15. West Texas has been reduced drastically more in acreage than other parts of the state, the percentage ranging from 40 to 53 per cent in West Texas and from a one per cent gain to a 30 per cent loss in East Texas, with only one East Texas area reduced by as much as 43 per cent.

16. The state committee has been very inconsistent with respect to distribution of reserves, allotting 80 per cent in 1954, 62 per cent in 1955 and nothing in 1956 for trends.

17. The adjustments for small farms during the controlled acreage years has averaged 2.25% of the state allotment.

18. Our position is supported by the Plains Cotton Growers, the West Texas Chamber of Commerce, the Trans-Pecos Association, and by the Farm Bureau (a state-wide organization) which has made it an official state policy to ask that the state committee be permitted a maximum of 2% for

ALL purposes.

19. Ten percent of 7,400,000 acres is a tremendous responsibility to put on a committee, especially with the wide variations which exist in the state of Texas. Granting full good faith, the relieving of one hardship only serves to create others. With such tremendous amount at stake, the pressures on the committee make it impossible to allocate acreage fairly.

20. Reduction of the percentage which the state committee may reserve is the best way to assure fair and equitable distribution of the state allotment.

### County To Have Ag Exhibit At South Plains Fair

Lamb county is one of 14 counties which will have a county agricultural exhibit at the Panhandle South Plains Fair September 24-29, announced Superintendent Lowell D. Richardson.

The county's entry was submitted by County Agent W. R. Kimbrough. Each county entering booths in the agricultural show automatically receives a \$50.00 participation award, providing the quality of the booths is educational in nature and acceptable to the officials of the agricultural department.

Purpose of the agriculture building exhibits is to be a "Show Window" of South Plains agriculture, and only deserving exhibits will be paid the \$50 cash award.

All county exhibits will be carefully and tastefully arranged. Neatness, attractiveness and general arrangement of the exhibits will be scored on a basis of 100 points. Each county must show 25 different kinds of agricultural crops which shall be selected and scored for a total of 900 points. The total possible score will be 1,000 points.

Fair President R. E. (Bob) Gee is expecting one of the greatest Fairs ever to be held in Lubbock. One of the top attractions will be "Holiday on Ice of 1956" which will be seen in Fair Park Coliseum for nine performances beginning Sunday evening September 23, and extending through Friday, September 28. Matinees will be held on Monday, Tuesday and Friday at 2:30 p.m., with children being admitted at half-price.

A giant tank truck can be loaded with gasoline at the rate of 40 gallons a minute—that's a load of 5,000 gallons in less than 15 minutes.

Currently it costs the oil industry an average of \$1.08 to find each new barrel of oil in the ground.

### Sumrall Horse Romps To Win In Ruidoso Test

I. F. Sumrall did it again at Ruidoso Downs Sunday.

The Littlefield man got his second winning horse in the past two weeks when "Tea Beau" raced to victory Sunday, winning the eighth race in 28.2. The distance was 550 yards. The time equaled the course record.

Another Sumrall horse, "Be Bold" placed second in the same race. "Be Bold" was a winner two weeks ago in the 550-yard race, romping to victory in 29.3.

"Tea Beau" paid \$9.10, \$4.20 and \$3.30

# Do You Want A Republican As Your Governor of Texas?

### He Asks You to Nominate Him As A Democrat But Look At His Long Republican Record

[FROM THE CONGRESSIONAL QUARTERLY]

#### 1953

Newly-elected Price Daniel took his seat on the Democratic side of the Senate in January 1953. Lyndon Johnson was elected Minority Leader by the Democratic Senators and furnished the leadership for his party in the Senate.

#### Third From Bottom on Democratic Votes

On 46 roll call votes in 1953, the majority of the Democrats disagreed with the majority of the Republicans. Daniel voted with the Democrats only 47% of the time, the third worst record of any Democratic Senator. On these same issues Johnson voted with his party majority 69% to rank third best on his side of the aisle.

#### Opposed Oil for Education

Daniel opposed the Democratic majority and Lyndon Johnson when he voted against using Federal oil revenue for education. He opposed the majority of Democrats and Johnson when he voted to sell the rubber plants to the major rubber companies. He voted against the Democratic motion to maintain the aid to our allies, and he voted with McCarthy and against Johnson on restricting foreign trade.

#### Absent on Hospital Bill

When the Democratic minority was squeaking through on a close 43-41 victory on funds for hospital construction, Daniel was absent.

Out of 47 Democratic Senators he ranked 45th

#### 1954

Many of the issues which started in the first Session of the 83rd Congress were voted on in the second session. In 1954 Daniel voted with the majority of the Democratic Senators only 55% of the time ranking 40th out of 48 Democrats. During this same year Lyndon Johnson had an 81% party vote score.

#### Supported McCarthy Pal

Daniel broke with his Democratic colleagues to support the confirmation of a McCarthy protege, R. E. Lee for the Federal Communications Commission. He backed Republican Copehart in his move to scuttie the Mutual Aid program.

#### Opposed Tax Cut

Democratic Senator Russell Long proposed a 5% cut for each taxpayer and the elimination of the dividend special credit. Daniel voted with the Republicans to beat this measure. He opposed the majority of his own party when he voted to pass the revenue code WITHOUT a tax cut for the low and middle income taxpayers.

#### Voted for Wetback Labor

While a majority of the Senate Democrats were supporting a good neighbor agreement with Mexico, Daniel supported the bill to recruit low-wage Mexican labor without any agreement as to wages or conditions.

#### Opposed Federal Standards

The Democratically sponsored amendments to the Unemployment Compensation law were designed to protect the funds against unauthorized use. Daniel voted with the Republicans on the issue.

Out of 48 Democratic Senators he ranked 40th

#### 1955

The Democrats won the 1954 election and Lyndon Johnson became the majority leader of the Senate and responsible for steering the program through the Senate, but in 1955 Daniel voted with his Democratic colleagues even less than he had in 1954. He supported the majority of his own party only 52% of the time on issues on which the parties disagreed. He ranked 44th out of 49 Senate Democrats.

#### Voted Against Tax Cut

Daniel broke with the majority of Democrats by not supporting the \$20 tax cut for each dependent in the House Tax bill.

When a majority of the Senate Democrats opposed the sale of the government-built rubber plants to the big rubber companies, Daniel voted with the Republican leadership.

#### Voted to Cut Aid to Allies

He was one of only 12 Democrats voting to cut aid to our allies. He backed a McCarthy motion against the Democratic leadership, when even a majority of the Republicans would not go with McCarthy.

He was one of 11 Democrats voting against the Mutual Aid appropriation.

#### Against Housing

Only 9 Democrats in the Senate voted against the passage of the Housing Bill of 1955. Daniel was one of them.

Out of 49 Democratic Senators he ranked 44th

#### 1956

Opposed Consumer Interest  
A majority of the Democrats supported the amendment to require the Federal Power Commission to consider the interests of consumers in fixing gas prices. Daniel voted against this proposal.

#### Inconsistent on Farm Program

Although voting with the Democratic majority on some phases of the farm bill, he opposed amendments by Kerr of Oklahoma and Humphrey of Minnesota which had the backing of Johnson. He supported farm amendments which the majority of Democrats opposed.

#### Opposed Collective Bargaining

Only 7 Senate Democrats, Daniel among them, voted to prevent free collective bargaining in the transit system in Washington, D. C. When this amendment was defeated he was one of only 6 Senate Democrats voting against the final passage of the bill.

#### Voted Against Prevailing Wage

Only 12 of the Senate Democrats voted against the prevailing wage section of the Highway bill which would allow the Secretary of Labor to fix the wage scales based on area rates. He voted against the majority of his party on all roll calls dealing with the highway bill, except one.

#### Voted Against Social Security Benefits

He voted with the Republicans against lowering the age to 50 years for Social Security benefits for fully disabled people.

Accepted Senate Pay Even Though Not Serving  
During the last highly important session of Congress he drew his salary of over \$2000 per month from the tax payers while campaigning for another office in Texas.

### BOND ELECTION SLATED FOR FARWELL

Details of a much-discussed bond election for the City of Farwell finally got ironed out enough this week for the city to call the election. It will be Saturday, August 18, in amount of \$30,000. Three propositions will be placed before the qualified city voters. They will be asked to approve (1) the issuance of \$20,000 in bonds for the construction of a fire station; (2) the issuance of a sewer system; and (3) the issuance of waterworks system, tax bonds in the amount of \$5,500 for extensions of \$4,500 worth—to expand the water system and improve fire protection issues. The \$20,000 issue, if approved, will be not only for building a station, but for purchase of equipment as well.—**THE STATE LINE TRIBUNE.**

### COTTON PRODUCTION ESTIMATED 68,000

The latest estimate of cotton production in Bailey county this fall has been set at 68,000 bales by cotton experts. County Agent J. K. Adams, now on sick leave, told The Leader by phone Monday that barring early frost, that figure could easily be reached and perhaps surpassed. All signs point to one of the best fall harvest seasons in several years on the Plains. Dryland areas of the Plains count on more promise of good yields than they have in a long time, and even irrigated crops are putting on a few extra heads or bolls.—**THE MULESHOE JOURNAL.**

### HERFORD LOOKS FOR BANNER HARVEST YEAR

With the potato and onion harvest nearing completion it is estimated that the two vegetable crops have enriched the Hereford area by over nine million dollars. Added to that a two million dollar wheat harvest from irrigated land—almost entirely—and field crops this year have brought in 11 million dollars, which is almost as much as last year's final total of about 15 millions. With grain sorghum, carrots, lettuce and cotton yet to go, Hereford looks like a banner harvest year for Hereford.—**THE MULESHOE JOURNAL.**

### BAILEY FARMERS PLEDGE \$5,425 FOR RESEARCH

A total of \$5,425 has been pledged in financial support of the plains station of the Texas Research Foundation, by farmers in Bailey county, it was announced this week. Of the total 15 pledges received thus far, 13 have been from farmers, who have thus expressed their interest in and support for the station to be located on the Plains, Lonnie M. King, secretary for the group said.—**THE MULESHOE JOURNAL.**

### FIELD TAX EVALUATION SETTLED AT MORTON

Nearly all of the oilfield tax evaluation for the next tax year were settled this week in a three day session of Commissioner's Court as the major oil companies and the Oil Engineers' Association, Latham and Stults worked out their problems on the table. The group met three days this week figuring the value of properties in the county and working out the tax question. Perhaps a little more care was exercised this year on the fact that the county's figures last year and the suits pending on the last two major oil companies had years tax values. Those taxes had not been paid on check the Tribune made.—**THE MORTON TRIBUNE.**

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

**AUSTIN**—The eyes of Texas are on Chicago this week. And, politically speaking, the state nestles in one man's pocket. Sen. Lyndon Johnson heads the 112-member Texas delegation, each of whom will cast one-half vote of the state's 56 nominating votes. They are pledged to support him as a favorite son nominee until he releases them. Thereafter they will vote under the unit rule, probably for whatever candidate is favored by Sen. Johnson. All delegates and the 70 alternates were selected by the May convention with the Senator's approval.

Another Texan, Speaker Sam Rayburn, figures prominently in convention affairs. He will be presiding over a presidential convention for the third time.

**SEPTEMBER CONVENTION IN DOUBT**  
Who will win out and how at the September State Democratic Convention is a subject of heated debate.

Actual outcome will not be known until the meeting gets under way in Fort Worth. Rival conservative and liberal delegations will struggle for nearly 60 seats. Convention control hinges on these places.

Precinct and county conventions named some 577 definitely liberal delegates, about 224 conservatives. But neither side can control the 1900-vote convention without the contested seats.

Mrs. Kathleen Voigt of San Antonio, liberal leader, charged last week the conservative executive committee planned to "steal" the convention. She asked that the May State convention, which was recessed rather than adjourned, be reconvened to take charge of the situation.

Executive Committee Chairman George Sandlin dismissed Mrs. Voigt's charges as "the same old thing, every two years."

He promised the committee would give all contesting delegations a fair hearing and seat those legally entitled to places. He predicted the convention would be made up of middle-of-the-road conservatives "with no ax to grind."

As for the May convention, he felt the intervening precinct and county conventions had made it past history.

**WEBB INVESTIGATORS IN CONTROVERSY**  
Who should investigate alleged voting irregularities in Webb county is still being debated.

Atty. Gen. John Ben Shepperd has twice been set back in efforts to set up a state-level inquiry. But his office said he intends to continue the fight.

At Shepperd's behest, Austin Dis. Judge Charles O. Betts sent Dan Moody Jr., to Laredo to act as master of chancery of an

inquiry. Webb County Dist. Judge R. D. Wright issued an injunction to stop the Moody investigation. He claimed prior jurisdiction for the questioning being conducted in his own court.

Shepperd and Moody took the matter to the State Supreme Court, which rejected their petition. Meanwhile, the Webb county grand jury indicted seven persons. But spokesmen for the Reform Party called this "window dressing." They were still working for an investigation originating in Austin.

**RE-HEARING ASKED IN SANTA FE CASE**  
Awaiting the Supreme Court when it reconvenes in October will be a motion for re-hearing in the long-contested Santa Fe Railway case.

In July the court upheld the right of unions to make closed shop agreements in the railway industry. Such contracts are prohibited by the state "right to work" law, but allowed by the federal railway act.

In their motion, railway attorneys asked the court either to reverse the July ruling or modify it. They contended that union contracts should allow only for collection of "dues and assessments necessary to support collective bargaining action."

**SMALLER COTTON CROP SEEN**  
King Cotton is wearing a drought-scarred crown.

U. S. Dept. of Agriculture estimates put Texas' 1956 cotton crop at 3,600,000 bales, compared to 4,039,000 last year.

Prospective yields ran to extremes. They were termed "extremely poor" in dryland areas, "excellent" in irrigated sections.

Farmers who did not grow cotton will get the lion's share of Texas' soil bank payments. Of the \$22 million to be paid to Texas farmers by the federal government within the next few weeks, more than \$16 million will go for idle cotton acreage.

Other payments: \$5,524,000 for wheat, \$372,000 for peanuts, \$210,097 for rice.

**JUSTICE DEPARTMENT SUGGESTED**  
Texas needs a department of justice to bolster local enforcement of state criminal laws.

State Auditor C. H. Caviness made this suggestion last week in a report on the Department of Public Safety. He pointed out that legislative investigators had urged such a move three years ago.

Caviness also noted that while the DPS funds and staff have grown, they have not kept pace with needs and responsibilities.

## DOWN MEMORY LANE

From the files of the Lamb County Leader, August 21, 1924  
The ladies of the Woman's Home Demonstration Club had a canning demonstration at the school building Wednesday afternoon of last week, about 25 ladies being present. One hundred and fifty cans were filled and processed in less than three hours. The products used being corn, peas, beans and cucumbers.

Margaret Bernadine Owen and Mr. Paul Burrus were united in marriage at the bride's home in Oton Sunday, August 10th, Rev. G. I. Brittain of Plainview, officiating using the ring ceremony.

G. M. Shaw, accompanied by Mrs. Shaw and Mrs. W. G. Street will leave Friday for Dallas, Kansas City and St. Louis markets to buy goods for their establishment.

Miss Anne Douglass, after a two weeks vacation, has resumed duties with the Lamb County Mercantile Co.

C. O. Stone put in an application for a young man to take John Pop's place in the bank. His wife applied for an assistant housekeeper. She got hers. The baby girl was born Saturday... Mother and child getting along fine. Dad was able to play ball Sunday afternoon.

### Guaranty Co., is scheduled for September 24.

Federal officials would have the power to prosecute if they found the company had violated U. S. postal regulations or securities laws.

U. S. Dist. Atty. Malcolm R. Wilkey of Houston declined to say what course inquiry might take.

### SHORT SHORTS

Withdrawal of Sen. A. M. Aliken Jr., from the lieutenant governor's race for health reasons, caused only minor delays in second primary preparations. Most counties reported they had printed only a few ballots for absentee voters. In urban counties voting machines were changed with little difficulty. State Health Department officials last week warned gardeners against use of some of the newer "organic phosphate" insecticides. Such sprays are safe only in the hands of professionals who use protective clothing, goggles and respirators, said the department. Texas Dept. of Public Safety polygraph (lie detector) examiner Dee Wheeler has been named one of the outstanding authorities in his field in the country. Wheeler was cited in the book, "From Evidence to Proof," by Michigan professor Marshall Houts former FBI man, lawyer and judge.

William L. McGill, state civil defense director, has been in M. D. Anderson Hospital in Houston for "examination and observation." McGill is nationally known for his work in civil defense.

## Lipstick Logic...

The custom of keeping things for the children may have had its day. For when Son becomes a man he may marry a girl who likes everything modern. When Daughter grows up, she may marry an interior decorator. Either may live in a trailer, an apartment hotel, or a mountain cabin—where those things once treasured for their delicate beauty seem unnecessary or out of place.

The other night a young man proudly displayed a copper percolator urn that had belonged to his parents for 25 or 30 years. It bore their monogram in old English letters. Other treasures dug from barrels stored in out-of-the-way places were a cut glass pitcher, some finely etched goblets and a set of Bavarian china. Luckily, he loved and appreciated them.

His wife said: "The only trouble is we had started our own china too." And "There are just six of things, and we almost always have eight when we entertain." Without knowing it, she resented their intrusion into her small home.

The mother, an attractive woman, has for years been resigned to let life pass her by. They uprooted their home when the son was nearly grown to move to a new town. Her husband was ill for several years before he died.

If her special way of enjoying the pretty things she and her husband had selected for their own home was by putting them away to keep for Jimmy's wife, she did right. But if either of them would have enjoyed using them more, we wonder.

Somewhere between the extremes of production is sort of like trying to teach a cow to eat up to your property line and not step into the adjoining pasture when the fence is down. You can take nearly any given farmer out of farming and make a barber or a grocery clerk out of him, but when he quits somebody else moves in, and production stays the same, maybe improves a little if the farmer who quits is not better at producing than I am.

To tell the truth, and I don't want this to get around to the politicians as I like to see something in all platforms about the farm problem, it's sort of like seeing your own name in the newspaper. It doesn't mean anything but it reads good, but as I say, to tell the truth, I don't think there is a solution to the farm problem. Eliminating the farm problem is about like eliminating the tax problem, or the problem of eventually needing a new car. All such problems are here to stay.

Years faithfully,  
J. A.

## Sand Hills Philosopher

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has been listening to the national convention, but apparently not closely enough, his letter this week reveals.

Dear Editor:  
I have been following the national political conventions pretty close lately but in between major speeches and during recesses I've been keeping some newspapers handy to brush up on my mental work, and the other day while the delegates were recovering from a speech solving the farm problem and before they settled down to hearing the foreign situation taken care of, I flipped through a paper and ran into an article that said that in spite of the drought in many areas the nation's farm surplus will double in the next ten years.

I have seen several answers to this problem, but haven't made up my mind.

For example, one expert says farms should be taken out of politics.

Another says they should be taken out of production. The only trouble with these two solutions is that they won't work. Trying to take the farm problem out of politics is sort of like trying to take Congress out of existence. And trying to take a farm

mes of saving everything for a next generation that may not appreciate your taste, and breaking up one's wedding gifts during the first three years of marriage, there must be a way to make material things bring the most happiness to the most folks.

## Duggan Ousted in Semi-Finals Of Plainview Golf

Alex Duggan star golfer at Littlefield High, continued along the summer tournament trail last weekend, going to the semi-finals of the Plainview Invitational before being ousted.

Duggan was beaten in the first flight semi-finals of the tourney by C. S. Bird Jr., of Lubbock, 2-1. Also in the meet from Littlefield was Roger Newton, who scored 76-74-76 in his first three rounds of the Invitational. Newton didn't turn in a card for his last 18 holes in the championship flight.

Formal opening is being held Saturday for Peggy's Beauty Shop. The shop is done in tones of pink and black and black wrought iron furniture.

**Farm Residence Is Being Rebuilt**

Five farm homes, and the remodeling and enlarging of others is one of the features of the progress of rural Lamb county.

A project underway at this time is the remodeling and modernizing of the home on a farm owned by Roger A. Burgess of Olton, and occupied by the Fleming family. This farm is seven miles northwest of Littlefield. The modernized home will have five rooms and bath, and will be of frame and stucco construction. Fitzgibbon Bartlett Co. of Littlefield, are the contractors.
