TOASTMASTER

TALES

By Glenn Burk

Toastmaster Zeke sez that a pessimist is a guy who sizes himself up and then gets sore about it.

"Dad," asked the small boy, "why is a man not allowed to have more than one wife?" "My son," replied the father, "when you are older you will realize that the law protects those who are incapable of protecting themselves."

Congratulations to Toastmaster Bill Street on winning the "Best Speech" trophy. If you want to know just how much Bill has improved since becoming a Toastmaster about a year ago, just ask some of his fellow lawyers.

Van Colthrap is to be commended for winning the "Best Participant" award, too. Van did an outstanding job as "Toastmaster of the Evening."

Benjamin Franklin said, "All mankind is divided into three classes: those that are immovable, those that are movable, and those that move."

We've been asked "How does the Toastmasters Club operate?" The Littlefield Toastmasters Club meets weekly for dinner at 6:30 p.m. The program is over at 8:00. The president introduces a member appointed Toastmaster of the evening who then presides over the program.

mal speech program, every member has an opportunity to be on his feet during the "Table Topics". A member, who has been appointed Topicmaster, presents topics of current events and other stimulating subjects. Each member is called on in turn and has one minute to discuss the subject. These are impromptu speeches and give the member training on collecting his thoughts, organizing and presenting material effectively.

The formal speech program is then presented by four or five members who make short speeches varying from five to occasionally ten minutes in length. These speeches are prepared in advance except for one which is assigned as the meeting is called to order.

Following the program of speeches comes the period of evaluation. Constructive criticism is a vital part of Toastmasters training. Every speech is evaluated. The usual way is to have a member serve as evaluator for each speaker, with a General Evaluator to review the entire program.

Awards are then made for the best speech of the evening and for the best participant.

Educational material comes from Toastmasters International. The Toastmaster was telling about a frightening experience he'd had out West. "It was awful," he declared. "Indians to the left of me, Indians to the right, Indians to my rear, Indians in front, Indians everywhere."
"Whew!" exclaimed a listener. "What did you do?"
"What could I do?" There was a sigh. "I bought an Indian blanket!"

Even a turtle gets nowhere until it sticks out his neck.

Incorporation Of Local Industrial Foundation Near After Major Drive

merchants and laborers, merchandisers and farmers are joining in a united effort to give the town a boost which will long be remembered.

The industrial movement is destined to succeed. With organization as the key word in the entire project, it can only be a positive direct-

As businesses are built on planning and cooperation, cities are built by citizens working together toward a common goal. (See story on Lubbock on page 1, section 2.)

Officials of the two banks have commended on taking the lead in what they consider a workable project.

In their direction, the Littlefield Industrial Foundation will be a tool to attract industries. By giving the town their support, they have expressed faith in the future of Littlefield. . . as a town with faith in our ability to prosper.

Following the example set by the citizens of Littlefield, efforts are being made to give the project enthusiastic support.

Where but in a West Texas town could you expect spontaneous support given the Littlefield Industrial Foundation. Over \$30,000 has been subscribed for the first 10 hours after the plans for the foundation were formulated.

Of us who have been active for many months on the realization of Littlefield are proud to live among people who believe in the power to shape its future. . . people who will lay personal prejudices and for a common goal.

Over the horizon is a day for Littlefield. . . bright by a renewed spirit of unity and cooperation.

Mayor Keeling agreed, but added that "There is a law here" against peddling without first securing a license. Left to right in the picture are Police Chief Walraven.

IN LARGE GROUPS AND SMALL ONES, Littlefield citizens met this week to discuss the Littlefield Industrial Foundation. A charter will be applied for the non-profit corporation after temporary officers are elected next Monday morning. Seated left to right are Wade Potter, C. O. \$22,000 In Stock Is Sold

By BILL TURNER

Citizens of Littlefield joined forces this week in a united, concentrated effort to push the doors open wide for industry to come into Littlefield. Civic leaders moved swiftly during the early part of the week to bring this city within sight of a long awaited and planned Littlefield Industrial Foundation.

More than \$22,000 in voluntary subscriptions were made in the first two days of the week as Littlefield citizens quickly and decisively showed their faith in the city's future growth and development. The amount was sufficient to guarantee the founding of a \$50,000 corporation.

Expected Monday at the weekly industrial breakfast — one of the activities which brought local citizens together in the quest for industry — is the filing of an application for incorporation and the election of a temporary board of directors to serve until January 1. Shareholders in the up-coming corporation will name seven temporary leaders at the breakfast meeting to be held at Thornton's Cafeteria at 6:30 a.m.

The two local banks took the lead in pledging money that would provide homes for well-established industries which seek to locate in Littlefield. Both the Security State Bank and the First National Bank purchased 100 shares at \$50 per share — totaling \$5,000 each.

From there, local industry boosters began a series of meetings, calling in merchants and farmers. The pledges began to stack up, as citizens after citizens purchased shares after hearing Homer Garrison, chairman of the steering committee, explain the purpose of the Foundation.

"The money you invest in this Foundation will be used only to buy real estate or held in cash," Garrison pointed out as he pledged that no bonuses or gratuities "will ever be paid to a prospective industry."

"We are looking only for sound industries who want to come into Littlefield and become good citizens of our town," Garrison continued.

Under the provisions of the charter, plants will be built to the industry's specifications on a long-term lease basis. Land will be purchased with Foundation funds and money will be borrowed to construct or repair buildings.

The industry's lease payments will be large enough to meet the payments on the building plus taxes and insurance. The industry will have an option to purchase, with money paid for leasing to be applied on the purchase price.

"Industry wants to come where it is wanted and appreciated — and certainly Littlefield citizens are proving this week that they want new friends and citizens in

the form of industry," Garrison declared.

Garrison pointed out that Littlefield has much to offer industry, saying that "We have the finest schools, churches, transportation facilities, public utilities that any town of 8,000 can offer."

"But, most important," he continued, "the wholesome friendly and progressive attitude of our citizens is our greatest asset."

The Littlefield Foundation is being patterned after a similar organization at Tyler, Tex., where civic leaders were highly successful in attracting industry. Under the charter, no dividends on the stock, which is transferrable and non-accessible, will be declared. Money pledged will be kept in the general fund, except where used to purchase real estate. According to an internal revenue ruling on the Tyler Foundation, subscriptions to the local Foundation are deductible.

The corporation is a civic undertaking and is not organized for profit or personal gain. Any profits earned will be placed in a surplus fund to further the Foundation's purpose of attracting industries.

One of the primary interests of the Foundation will be the attraction of agriculture-type firms to handle area farm products, including such industries as vegetable processing plants and canneries.

To continue during the rest of this week are meetings of all Littlefield businessmen and farmers for the purpose of explaining the Foundation. Two such sessions are scheduled today in Thornton's Cafeteria at 10 a.m. and 4 p.m.

Spade Man Is Critically Shot

Victim Says He Was Shot By An Unknown Assailant

Spade's Betty Byars Is Named State 4-H Winner

GRID EXPERTS EMBARRASSED

COLLEGE STATION, Oct. 18 (Spl) — Betty Alayne Byars, outstanding Lamb county 4-H girl, today was named winner in the state 4-H frozen foods program. In making the announcement Floyd Lynch, state 4-H leader, said Miss Byars would receive an all-expense trip to National 4-H Club Congress, Chicago, November 25-29 and that her record would be submitted for national consideration.

BETTY BYARS

Donor for the frozen foods award program is the Whirlpool-Seeger Corporation of Saint Joseph, Michigan.

Miss Byars is a member of the Spade Senior 4-H Club and is completing her eighth year of 4-H club work. Her completed demonstrations have included clothing.

(Continued On Page 6)

There were quite a few red faces this week in the Leader's football contest. The grid experts ran into a flock of upsets and good records tumbled.

But, a lot of the prognosticators will turn a little redder when they read this:

A fifth grade student—and to beat that, a girl—won the contest this week by picking 15 winners in the 29 games. She is Sallie Duggan of Littlefield, and she proved it isn't luck.

Sallie placed second only two weeks ago, and this time picked up all the marbles when the experts ran into Mr. Upset.

And to beat all, Sallie beat her big brother, Alex, Alex who won the first contest this year, also picked 15 winners, but Sallie's breaking score on the Duke-SMU game was almost unbeatable. She said Duke would win 14-7, and Duke won, 14-6.

Third this week was, confound it, another woman—Mrs. Deverelle Lewis, who picked 14 right and won over three men when her tie-breaking score was best.

A mysterious gunshot that flashed in the night early Sunday morning critically wounded Robert McBride 25-year-old Spade man.

Doctors at Littlefield Hospital Wednesday described McBride's condition as still "critical" following a gunshot wound in which a .38 calibre bullet entered the victim's abdomen on his left side and lodged in the lower right side.

McBride, a white man, underwent surgery Sunday morning after he was brought to Littlefield Hospital by "Big James" Thornton, resident of the Littlefield "Flats" section, and H. P. Elkins, Spade farmer.

McBride, questioned in Littlefield Hospital Wednesday morning by Leader Editor Bill Turner, said that the incident occurred in the Flats about 1:30 a.m. Sunday. He said that he had been playing cards in the Negro section, and that he had been shot by an unknown assailant in the dark.

Reports at the County Sheriff's office and from the City Police said that McBride appeared at

Thornton's home in the Flats and asked for help. At McBride's request, Thornton took the wounded man to Spade, but there Elkins saw the gunshot wound and brought the victim to Littlefield Hospital.

Police said that \$6.03 was found in the man's possession, but that a robbery motive had not been discounted. Sheriff's officers said they believed after questioning several persons that McBride's wallet at one time contained more money.

Details of the incident were still entangled, and conflicting reports were heard. Officers continued their investigation during the week, seeking to locate the weapon used in the incident.

The first officer on the scene Sunday morning was Asst. Chief of Police Phil Chapman, who said he learned of the shooting at 2:50 a.m.

GIRL SCOUT DRIVE

Leaders in the Girl Scout Fund Drive reported Wednesday that \$900 had been collected toward their \$2500 goal.

USDA Approves Compromise

Cotton Allotment Will Be 'About Same' In '57 - Mahon

LUBBOCK (Special)—Congressman George Mahon of the 19th District advised from his office in Lubbock this week that he has received information from the Department of Agriculture in Washington indicating that the 1957 cotton acreage allotments in Texas will be about the same in each county as it was in 1956.

An additional large shift of acreage from West Texas to East Texas is not contemplated since it is planned that each Texas county will get not less than 96 per cent of its 1956 allotment. Under the plan most West Texas counties should get slightly more acreage than in 1956.

The Department of Agriculture has approved a compromise plan which had been submitted by the State ASC Committee which will allow the State Committee to with-

hold from the State allotment slightly less than four (4) per cent for small farms of 15 acres or less. For hardship cases and all purposes other than small farms 2.78 per cent will be withheld for other than small farms. The total amount withheld for all purposes will be about 6 1/2 per cent of the State allotment.

Mahon said, "I had joined with other West Texans in an effort to keep the withheld acres to the lowest possible figure. I think our efforts helped because an additional large shift of acreage out of West Texas in 1957 is not now contemplated. However, the compromise plan still gives the edge to the small farm acres of East Texas."

LITTLEFIELD BUSINESSMEN hear how the Littlefield Industrial Foundation will affect the growth of the city at one of the informal meetings held here this week. Deadline On GI Insurance Set December 31, 1956

Veterans separated from active service since September 4, 1956, will NOT have 120 days in which to apply for 5-year term nonconvertible GI insurance; they will have ONLY until December 31, 1956.

Robert W. Sisson, manager of the Veterans Administration regional office at Lubbock, said the new application deadline was set by the recently enacted Servicemen's and Veterans' Survivors' Benefits Act (Public Law 831, 84th Congress).

Before this law was enacted, Mrs. Sisson said, eligible veterans had 120 days from separation in which to apply for the post service five-year term nonconvertible policy.

The new law ends issuance of this insurance effective January 1, 1957 and thereby established December 31, 1956 as the deadline for application, even though less than 120 days have elapsed since separation, Mr. Sisson said.

Whitharral P-TA Elects Delegates

Lamb County Included In Hay, Roughage Program

Walter T. McKay, State Director of Farmers Home Administration, today advised Truman J. Jones, FFA County Supervisor, of the designation of Lamb County under the Hay and Roughage Program for Texas.

Applications to participate in the Hay and Roughage program will be received by county Farmers Home Administration committees immediately at the Farmers Home Administration office located at Littlefield.

The Hay and Roughage Program was worked out between the Governor and the Secretary of Agriculture to provide emergency assistance to farmers and ranchers in the State's designated disaster counties. Under the program the local county FFA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drought Committee's account. Applications may be filed through December 3, 1956 for a supply of roughage needed to last through December 31, 1956. Roughage under the program includes hay either baled or loose, cotton seed hulls, peanut hulls, corncoals, sorghum bundles or ensilage.

Store our Cotton at Home!

The most economical method, for the orderly marketing of cotton, is for the cotton to remain in this area of production until it may be sold to the domestic cotton mill or exported.

Send Us
Your
Cotton!

We have nothing to sell but service, our time and energy is devoted to compress and warehouse work only.

Littlefield Compress

Hoover, Gen. Supt. Littlefield

Each time cotton is moved from one place to another on its way to its destination the costs continue to build up. We offer efficient storage facilities at home where cotton may be held at lowest cost until such time as its final destination is known.

Cotton stored with us has the competitive advantage of the selection of any market. The Negotiable Insured Warehouse Receipt is acceptable throughout the cotton trade. Cotton may be shipped via any transportation means without penalty, and by shipment direct to ultimate destination, no additional expense is incurred.

Luther League Has Panel Discussion

"Youth Speaks on Social Issues" was the topic of a panel discussion at the Luther League meeting Sunday evening in the home of Walter Hill on the Spade highway. Luther is an organization of St. Martin's Lutheran church.

The panel was composed of Luther Hill who spoke on "Reckless Driving"; Eugene Langner; "Juvenile Delinquency"; Phil Neimast; "Social Drinking"; June Garmis; "Youth in Government and Politics"; Sandra McCraw and John Henry Ganzer, League president served as moderator.

In the business session that followed, Leaguers discussed selling Christmas cards in church, sponsoring a book display, participating in the United Youth program and collecting for CROP. It was suggested that instead of going "Trick or Treating" at Halloween, that they ask for donations for CROP Christmas Rural Overseas Program.

The recreation period was directed by Carolyn Ganzer, recreation promoter for the League. Refreshments of cookies, cakes and hot chocolate were served to ten members attending.

Luther League meets on the second Sunday of each month. The local League was host to Levelland League Saturday night with a wiener roast and skating party, at Levelland.

Mr. and Mrs. Levi Coble, Jr., are local sponsors and Mr. and Mrs. E. C. Selfert, Jr., are sponsors of the Levelland group.

Approximately 12 young people were present.

Monday night the group staged the Green Hand initiation at the Vocational Ag Room. Receiving this degree were Don Cheek, Charles Burris, Donnie Folk, Ronny Grant, Jimmy Johnson, Phill Hutson, Mackey Woody, Teddy Gray, Lowell Davis and Paul Tharpe.

Chapter Farmer degrees were issued to Stevie Bryant, Dobby Brown, Charles Dickerson, Jimmy Gray, Roy Mayes, Jerry overman, Billy Thetford, and Gerald Pair.

Refreshments of cookies and cold drinks were served to approximately 35 boys and sponsor, O. L. Harris, by Billy Thetford and Stevie Bryant.

Sunny Dale Meets Friday At REA Building

Sunny Dale Home Demonstration Club met Friday at the R.E.A. building with Mrs. Paul Lewis, Mrs. Thos Harris and Mrs. E. J. Grisham, Jr., as hostesses.

For the opening exercise Mrs. B. E. Reagan directed the group in the playing of two games in which every lady had to participate. Mrs. W. O. Hampton then gave a devotional reading with Thanksgiving to God, for the fall harvest as the theme.

Roll call was answered with further ideas and suggestions on how to improve the club.

A very short business meeting followed, at the conclusion of this, officers for the coming year were elected as follows: President, Mrs. Thos Harris; Vice-

President, Mrs. B. L. Wheeler; Secretary - Treasurer, Mrs. J. W. Brooke; Council Delegate, Mrs. W. O. Hampton; Alternate Delegate, Mrs. Dale McLaughlin; Reporter, Mrs. L. G. Grizzle.

The meeting then adjourned and the hostesses served iced cake squares with lime - pineapple punch to the following members, Mrs. Wheeler, Mrs. Brooke, Mrs. Hampton, Miss June Lackey, Mrs. Bob Lackey, Mrs. A. L. Aldridge, Mrs. Reagan, Mrs. Lehman Elms, Mrs. C. E. Walker, Mrs. Grizzle and a new member, Mrs. Hal Ferguson and to a visitor, Mrs. B. Eitelgeorge of Dennison. Mrs. Eitelgeorge is the mother of Mrs. Elms and is currently making her home with her daughter.

Club will hold its next regular meeting Oct. 26th at 2 p.m. at the home of Mrs. Bob Lackey.

Home from Texas University at Austin during the weekend was Paul Yarbrough.

Local Youths Attend District M.Y.F. Meeting

Six local teenagers and four adult workers attended the District Methodist Youth Fellowship at Seminole Saturday afternoon. Highlighting the program was a film, "Far From Alone" dealing with a college boy's liquor problems and talks by three McMurray students, Marsha Cockrell, Martha Roper and Phil Daniels who presented the devotional. The fall project of the M.Y.F. concerns alcohol.

Registration began at 4:30 p.m. followed by a sing-song. During the business meeting, a discussion of the District newspaper was held.

Attending from Littlefield were Gay Douglas, Gay Minyard, Tommy Davis, Lefty Mayberry, Linda McLaugh and Dale McGee, Mr. and Mrs. Bill McGee new intermediate sponsors; Mrs. J. B. Davis, senior sponsor and Rev. Harry Vanderpool.

Mrs. Terrell Entertains Amherst Garden Club

The Amherst Garden Club met Friday, at 2:30 p.m. in the home of Mrs. H. W. Terrell.

The President, Mrs. George Harmon presided. Plans were made for members to attend the District Zone meeting at Leveland Wednesday.

Mrs. W. P. Holland brought a program on "Color Galore with Fall Bulbs".

The club scheduled a bake sale Saturday, October 21st at the Amherst Flower Shop. All club members are asked to bring one

cake and two pies to sell. Refreshments of pumpkin pie topped with whipped cream and coffee were served to nine members. The next meeting will be Nov. 9th with Mrs. Lee Payne.

Those helping were Carol Jean Naylor, Margo Williams, Sandra Carmickle, Jan Greer, Joyce Colbert, Carolyn Hampton, Beth Hunt, Sandra McNeese, Patsy Richardson and Mrs. Leonard McNeese.

State Contest Is Nov. 12 Tulia Girl Is Area Farm Bureau Queen

Pretty Miss Joann Vaughn of Tulia will represent 17 counties in this area at the Texas Farm Bureau queen contest Nov. 12th in Houston. She will compete against 12 other lovely Farm Bureau district queens.

Miss Vaughn was chosen District 2 queen in a contest held Sept. 13 at Lubbock.

Miss Vaughn, 17, daughter of Mr. and Mrs. Marshall Vaughn of Tulia, is a senior in the Tulia High School. Her school activities include Thespians, Future Teachers of America, speech (drama), and band. She plays clarinet in the Tulia High School Band and is a majorette. The brown-haired beauty plans to attend West Texas State College at Canyon and major in elementary education with a minor in speech.

All contestants will receive expense-paid trips for themselves and their matron escorts to the state contest which will be held in connection with the 23rd annual convention of the Texas Farm Bureau. In addition they will receive beautiful wrist watches. All except the one chosen state queen will receive a week's stay at the Crazy Hotel in Mineral Wells, compliments of the management.

The lucky girl chosen state queen will receive \$500 expense money for herself and her ma-

Little's of Littlefield

Sudan, Amherst Get Spotted Rain

Cotton harvesting was slowed this week by hour-long rains and light hail which fell between Littlefield and Muleshoe Monday night, with Sudan and Amherst. Spotted rains sent moisture to Sudan itself, but left some areas dry just north of Sudan. About 40 of an inch was recorded in Sudan and about .25 was reported at Amherst. Littlefield itself got only a light shower.

food preparation, canning, poultry, bedroom improvement and the big one, frozen foods.

During the four years in which frozen foods demonstrations have been conducted, Miss Byars says, "I have frozen every food which is practical for this area and for our family's needs and taste. It didn't take long to find what kind of food the family liked best frozen or canned."

A summary of her four years' record shows that 889 quarts of fruits and vegetables, 61 pies, 11 cakes, 65 pie shells, 1,304 pounds of meat, 37 dozens of cookies, and smaller amounts of many other farm-produced products were frozen. "It is hard to say how much we have saved on our food bill by freezing and storing, but it has been considerable, and we have had an excellent diet," said Betty.

"Too," she added, "We like frozen foods because they taste like the fresh products and are easy to process."

Miss Byars has won other honors as a result of her 4-H activities. She is a Gold Star girl, a county dress revue winner, district and state winner in vegetable team demonstration work, and her top award came in 1955 when she represented Texas in the National Cherry Pie Baking Contest held in Chicago. She holds many other county and district awards and only last summer was a member of a singing sextet which won a blue ribbon placette in the State Share-the-Fun Festival.

She is a song leader, a junior leader and has held many offices in her local club and served on county and district council committees. Also an active youth leader in church, school and community and for years has been a heavy winner on exhibits entered in county and district fairs. She has given food demonstrations, not only in Lamb but adjoining counties, before home demonstration and 4-H clubs.

The adult leaders of her club are Mrs. Joe Prater and Mrs. Bayne McCurry and her home demonstration agent supervisor is Mrs. Lady Clare Phillips.

"My achievements and success in 4-H have been made possible through the help and assistance I have received from my parents, adult leaders and home demonstration agents. All have given freely of their time and have also given me the encouragement needed to make my work successful. My 4-H training has taught me self-confidence, how to think and speak and above all I have learned the meaning of true citizenship and teamwork. I feel that 4-H work is fitting me for any phase of homemaking should I choose it for my life's work."

One Thing Sure: Wildcats Will Win

CO-CAPTAINS FOR THIS WEEK'S game with the Clovis Wildcats are Halfback Buddy Jones, right, and Center Doyle Montgomery. The Wildcats will be trying to protect an undefeated season's record.

Littlefield Plays Clovis Wildcats

Only one thing is sure Friday night: The Wildcats will win, unless they tie. Littlefield's Wildcats meet the Clovis Wildcats at Seely Stadium at 8 p.m. Friday. Coach Gene Mayfield was watching his unbeaten eleven closely on fumbles this week for two reasons: 1. His Wildcats almost fumbled away the ball game to Canyon last Friday night, but still had enough to win, 14-6. 2. Fumbles have cost the Wildcats the ball game against Clovis for the past two years.

How well the Cats can hold onto the ball may be a deciding factor Friday night when the Mayfield eleven hosts another bunch of scrapping Wildcats from just over the border.

Littlefield has an old score to settle with the New Mexico team. Clovis won 19-6 last year when the Cats fumbled 10 times and lost the ball on seven occasions. The New Mexico eleven also won the year before, 18-7, on Littlefield fumbles.

The non-district clash will pit the two similar elevens against each other. Both stick to the ground for the most part, and both have shown an ability to come from behind.

Clovis has a 3-2 record this year, all against New Mexico opposition. They catch Littlefield and Hereford during the next two weeks however. The Clovis team whipped Lovington, 19-6; Carlsbad, 14-12; Tucumcari, 32-20, and lost to Highland of Albuquerque 0-20, and Artesia, 7-20.

They run from the winged-T and sport a quarterback named Den Fila, who New Mexico sports writers claim "can do anything but sell programs—and could probably do that if he wanted to." Clovis also has a couple of strong runners in Brothers Harold and Darold Fulcher. They are not fast, but run hard for their 135-pounds.

According to Sports Editor Jim Abarr of the Clovis News-Journal, the Clovis team is a four-yard-at-a-crack team that specializes in ball control.

"Of course, they bust out with an 80-yard run every now and then too," Abarr added. The Wildcats did it against Tucumcari last week as they came on from a 20-19 deficit in the third quarter to win, 32-20.

Littlefield stacks up about the

Schedule: Clovis (N.M.) at Littlefield; Lovelland (open); Dumas at Snyder; Portales (N.M.) at Hereford; and Phillips at Vernon.

Last week's results: Phillips 80, Mangum (Okla.) 0; Littlefield 14, Canyon 6; Lovelland 20, Andrews 13; Dumas 40, Seymour 6; and Plainview 27, Hereford 32.

same way, sticking mostly to the ground, but butting loose with a long run now and then, as Soph Quarterback James Pressley did Friday night against Canyon, when he ran back a punt 70 yards for a t.d.

Max Morris, Mike Greer and Buddy Jones should be ready along with Pressley for the encounter. It is a well-balanced backfield, with Morris, Greer and Jones just about even in scoring for the year.

Line play may end up as the highlight of the game, however, with Clovis boasting about its big tackles. But they can expect trouble from Joe Hoover, Ernie Hoppe, Davis Lee Williams, Wallace Lee, Roger Love and other Cat line mainstays.

Spade Longhorns Of 1956

PICTURED ABOVE IS THE FIFTH in our series of area teams, featuring this week the 6-Man Spade Longhorns. The Longhorns beat Nazareth last Friday night for their first victory of the season, 58-0. Left to right in the picture are, front row, Roy C. Dodson, Ernest Jones, and Bobby Nelson; Second row,

Ronald Rhodes, Jerry Neel, Larry Lockwood, Tommy B. Young, Jim Mouser; back row, Manager Marcus Tommy Park, Kenneth Hutchins, Rene Elkins, Merlin N. Holly, and Coach Kendrick Joy.

Looking At Area Games

Sudan-Springlake Tussle May Decide 3-A Winner

A District 3-A contest between Sudan and Springlake, both strong contenders for the loop's crown, highlights area grid games this week as conference warfare begins in earnest across the South Plains.

It will be homecoming at Sudan when the Hornets and Wolverines get together, and the game is rated a toss-up.

Springlake has the better record, sporting a 5-1 mark for the season, but Sudan has had a week of rest while the Wolverines were being upset by Amherst, 13-6, last Friday night.

Sudan, 3-2 for the season, will be relying on Halfbacks Jimmie Williams and James Gore in the encounter, while much of Springlake's hopes depend on whether Jimmy Herring, star halfback who was injured in the opening minute of the Amherst-Springlake game, will be able to go at full speed.

Sudan and Springlake both have played Muleshoe, with Sudan's Hornets falling, 20-19, and Springlake whipping the Mules, 19-14.

In another contest, Olton takes on Muleshoe at Muleshoe in a district game. Olton, sporting a 3-1-1 mark, needs a victory in its battle with Canyon for district honors. The Mustangs will be favored.

Anton gets Crosbyton at Anton this week as the two clubs meet in a District 4-A clash. Disap-

pointing so far this season, Anton is seeking its second win of the year. Coach Eugene Carter's eleven lost to Whitharral last week, 6-0, in a homecoming affair.

Amherst, surprising just about everybody this year, journeys to Lazbuddie, Keith Blair, a stick-out quarterback against Springlake last week, will probably fill the air with passes in an effort to beat the Bailey County eleven. The Bulldogs are 2-3-1 for the year and sport a 1-0-1 district record.

Two six-man teams, Bula and Spade, have district games this week, with Bula travelling to Cotton Center and Spade going to Smyer. Bula is 3-2 for the year and a favorite in the district race, while Spade won its first of the season last week over Nazareth, 58-0. Bula whipped Smyer, Spade's opponent, last week by 53-8.

SEASON RECORDS		
Springlake	5-1-0	146-41
Olton	3-1-1	112-82
Sudan	3-2-0	73-61
Bula	3-2-0	180-103
Whitharral	3-2-1	93-79
Amherst	2-3-1	44-109
Anton	1-4-0	53-93
Spade	1-4-0	113-144

Last week's results: Amherst 13, Springlake 6; Bula 53, Smyer 8; Whitharral 6, Anton 0; Spade 58, Nazareth 0; Olton (open date); Sudan (open date).

Bus Tickets On Sale For Chartered Trip To Phillips

Tickets for chartered bus to the Wildcat-Phillips District 1-AAA football clash are on sale at the Chamber of Commerce office in the City Hall.

The tickets are being sold for \$5.50 per seat round trip, with adults' and children's seats selling for the same price.

Plans at present are to charter as many buses as necessary for the trip — with 41 seats to the bus. Buses will leave from the City Hall at 3 p.m. Oct. 26th and arrive in Phillips at 6:30 p.m., giving riders a chance to eat before the ball game. The buses will leave immediately after the ball game and arrive in Littlefield at about 1:30 a.m. Saturday morning.

The ball game will pit the Wildcats against the highest scoring team in the state. Undefeated currently ranked 4th in Class AAA in the state. It will be the first conference game for both clubs. The chartered bus trip, sponsored by the local Quarterback Club, is being used as a safeguard against heavy traffic that will be

on the road to Amarillo the night of Oct. 26th. Lovelland will play at Dumas the same night.

These two ball games should provide a favorite in the 1-AAA race. Phillips and Lovelland are being given the nod by most sports writers at present.

HEART GROUP WILL ORGANIZE

An organizational meeting for a new Lamb County group will be held at 7:30 p.m. Thursday in the County Courtroom at the courthouse.

The Lamb County Chapter of the South Plains District Heart Association will be formed and officers will be elected in the meeting. The local chapter will perform educational and community service in the combat against heart disease. It is an open meeting and the public has been urged to attend.

Springlake Game Tops Sudan Homecoming Activities

SUDAN — The crowning of the Homecoming Queen, a football game between Sudan and Springlake, and a dinner in the school cafeteria will be among highlights of the program activities to be conducted at the 4th annual homecoming for ex-students and teachers of the Sudan schools to be staged, Friday, Oct. 19th at the schools. Hoyt Robertson, president of the ex-student organization, announces individual invitations have been mailed to several hundred ex's. The program will get underway with registration at 5 p.m. in the grade school building to be followed by an informal dinner served in the school cafeteria by the Band Parents Organization from 6 to 8 p.m.

The football game will begin at 8 with the Homecoming Queen to be crowned during half time activities. The queen is to be selected by popular vote and the candidates are: Charlotte Howell, daughter of Mr. and Mrs. Wayne Howell; Arlene Hogue, daughter of Mr. and Mrs. Clyde Hogue; Mary Lee Masten, daughter of Mr. and Mrs. Robert Masten. The girls are members of Sudan high school.

Following the football game a social hour will be held in the high school study hall where refreshments will be served by members of the Home Economics department under the direction of Mrs. Arva Knight, Home Ec. instructor. An election of officers will be conducted in the high school auditorium. Present officers of the organization include Hoyt Robertson, president; Horace Blanchard of Lubbock, vice president; Mrs. Mildred Baker Lance, secretary.

Winners In Fire Prevention Contest At Schools Told

Winners in the local Fire Prevention Week contest sponsored jointly by the Chamber of Commerce and local insurance agencies in cooperation with Littlefield Public Schools were announced Tuesday.

The winning contestants are Jo Ann Robertson, high school division; Teena Smith, junior high theme division; William Hill, junior high poster division; James Earl Bratcher, elementary school division and Sarah Hill, primary school division.

Each of the five students will receive checks for \$6.00 as winners in their respective groups. Second place awards are \$4.00 each and third place prizes are \$2.00 each.

High school and junior high students submitted 100 word themes, while elementary and primary children entered Fire Prevention week posters. Junior High Art Dept. students submitted posters. The theme of the contest was "Fire-Friend or Foe".

Other winners in the five divisions were: High School — Sharon Jo Burkhardt, 2nd, and Max Long, 3rd; Junior High Themes — Wanda Mae White, 2nd, and Patricia Campbell, 3rd; Junior High Posters — Sharon Heckard, 2nd, and Eva Mae Davis, 3rd.

Middletons Purchase Earth Sun

Ross and Polly Middleton, publishers of the Earth News, announced the purchase of the Earth Sun from Publisher Leonard Stephens this week.

The Sun, owned until recently by Mayor Roy Neal of Earth, has been published in Earth for some ten years. The printing plan for the newspaper, however, has been located at Sudan, and the Middleton purchase did not include printing equipment.

Originally from Oklahoma, the Middletons have published the Earth News since August of 1954 when they founded the News in a partnership with Sam Williams publisher of the News and Leader, and Doug Poe, former co-publisher of the Littlefield newspapers.

Buying out the Williams-Poe interest in the Earth News in Jan. 1955, the Middletons moved printing equipment from Littlefield to Earth at that time.

The Middletons came to Littlefield in June 1954, and Middleton worked as mechanical superintendent for the Littlefield newspapers until printing equipment for the News was transferred to Earth.

They were associated with Poe in Ada, Okla., for two years before coming here. Prior to that Middleton worked in the mechanical department of the Holden

All-City Choir To Meet Sunday

Hoping to make the singing of the "Messiah" at Christmas a Littlefield tradition, local citizens will meet Sunday at 2:30 p.m. in the First Methodist Church to form an all-city Christmas choir.

High school choral Director Hugh Ellison, who will direct the all city group, said this week that "we are anxious for everyone to understand that this is not a professional choir. If you like to sing, you are very warmly invited to join us. Learning and singing the 'Messiah' is an experience you will remember for a long time."

The portion of the "Messiah" which the city choir will sing requires about 40 minutes. The entire work takes more than two and one-half hours to perform. Mrs. Ivan Fowler, Mrs. Jim Penn and Miss Gracie Russell will be accompanists for the choir. Soloists so far selected are Miss Trudy McGee, soprano; Jim Penn, bass; and Kenneth Hill, tenor.

Funeral Services Scheduled Today For Mrs. Atkinson

Mrs. L. M. Atkinson, 64, of Amherst died Tuesday at 11 a.m. in the South Plains Hospital after a lingering illness.

Funeral services will be held this afternoon at 2:30 at the Main Street Church of Christ of Amherst. Burial will be under the direction of Payne Funeral Home, Amherst.

A long time resident of Amherst, Mrs. Atkinson is survived by her husband; two daughters, Mrs. Arnes Rhodes, Amherst and Mrs. Billie Coffey, Amherst and one son, Larry Atkinson, Los Angeles, California.

Lately In Littlefield
By WILDA STONE

Three Littlefield men, Pvt. Wesley Ogle, Jimmy and Kenneth Sanderson have recently completed basic training at Ft. Hood, and are home on furlough visiting their parents. Ogle is being sent to Kentucky, Jimmy Sanderson to California and Kenneth Sanderson to Virginia.

Mr. and Mrs. Melvin Dunagin and family of El Paso, formerly of Littlefield, were visiting in Littlefield during the weekend.

Mr. and Mrs. J. T. Jamieson were houseguests during the weekend in the home of Mr. and Mrs. James Womack and family at Amarillo. Mrs. Womack is a daughter of Mr. and Mrs. Jamieson.

Among the local residents attending the State Fair in Dallas are Mr. and Mrs. W. C. Thaxton and Mr. and Mrs. Jed Clarida. Both couples left Wednesday.

Mrs. Marvin Drake of Bula, who was a patient in Medical Arts Hospital, has been released. She was suffering from a virus condition.

Mrs. Drake was released from the institution a week ago Monday morning, but was read-

mitted in the afternoon of the same day.

Mrs. C. B. Alexander of Sudan, received a message early Saturday morning to the effect that her brother-in-law, Otto Alexander of Shreveport, La., had passed away Friday night as the result of a heart attack. Mrs. Alexander left early Saturday for that city, accompanied by two daughters, Mrs. O. B. Chambers of Slaton and Mrs. Bill Cook of Spade. The funeral was expected to be Monday. Another misfortune in the Alexander family is the illness of the dead man's son, Ellsworth, who has been sick for the past four years with bulbar polio and confined in an iron lung all that time.

Mrs. S. P. Gray of Winters, Texas, returned home Sunday after spending several days with her son and daughter-in-law, Mr. and Mrs. Brodie Gray and family of five miles south and two and one-half miles east of Littlefield.

Clyde Dodson is very ill and a patient of the Littlefield Hospital suffering from ulcers of the stomach, for which he underwent surgery over the weekend.

Current Article Tells Why Lubbock's Growth Zoomed

Editor's note: The current issue of "Texas Municipalities," official publication of the League of Texas Municipalities, gives space to Lubbock and why the city has enjoyed such tremendous growth. The following quotes from the article serve as a lesson to all cities which aspire to better things.

"The question has often been asked, 'Why has Lubbock had such a phenomenal growth?' The thought that usually comes to a person's mind is that Lubbock has grown because it is the Hub of the Plains, because of the rich soil, the presence of oil and natural gas, because of Texas Tech, etc. These things, however, can be said of other cities and towns in the West Texas area.

"If Lubbock is equaled or surpassed in natural resources by neighboring towns and cities, then why Lubbock's rapid growth? More and more people are answering this question in this manner: Lubbock's phenomenal growth is the result of an unending willingness on the part of citizens to participate in the affairs of their community, to work as a part of the team.

"Lubbock citizens are a walking Chamber of Commerce, telling the Lubbock story to anyone who will listen, working together on all major issues for the good of Lubbock, participating in every civic project, and giving

of their time and money to make Lubbock what it is.

"The people are, as a whole, eager to participate in the activities and projects of the city's institutional organizations. A visitor to Lubbock cannot fail to be impressed by the numerous, well-supported churches of all denominations, the expanding school system, the active civic organizations and the many other things that go to make up a good community.

"The outlook and vision of Lubbock citizens are clearly reflected in their city government. Lubbock was incorporated in 1909 and in 1917 the charter was amended to provide for the commission-manager form of government. The city commissioners hold office for a four-year overlapping term and the mayor is elected for a two-year period.

"Lubbock's growth and progress have been the result of a smoothly-functioning team with a desire to excel—a team composed of citizens boards and commissions, the City Commission, administration, the Chamber of Commerce, and other organizations, the press, radio and television, and probably most important—the citizens. The Lubbock team has

excelled because the team members are actively interested in

making Lubbock a good place in which to live."

MR. AND MRS. W. C. CANNON and daughter, former Littlefield residents, are shown as Cannon arrived in Littlefield last Saturday morning. The Cannons went on to Lubbock where Cannon was given a trophy at the Tech-West Texas Dad's Day game for coming the longest distance to the event. The Cannons came from Ica, Peru, to be with their son, Bob, a Tech sophomore. Cannon formerly was Western Cottonoil Mill manager here, was named Littlefield's "Man of the Year" for 1953 and served on the local school board. He is now manager of the Anderson-Clayton plant in Ica. Also honored at the Tech game Saturday night was Truman Jones of Littlefield, who was the dad with the most children at Tech.

General Poultry Meeting Set Tonight

A general poultry meeting is scheduled to be held at 8 p.m. Thursday at the Court House.

Orris Osheim, one of the nation's leading geneticists, will be the principal speaker. Osheim will be assisted by Chuck Hilton of Dallas, and Bob Mayfield of Feather Crest Farms of Bryan, Texas.

For the past 21 years Osheim has worked in the development of hybrid corn and inbred and cross-

bred chickens and is considered one of the top authorities on hybrid chickens. Mayfield, one of the state's largest caged egg producers, owns 55,000 caged chickens. Hilton is southern regional manager of Ames In-Cross company.

All persons of the South Plains interested in the chicken industry are invited to attend. The meeting is jointly sponsored by the Littlefield Feed Store, Ames In-

Cross company, and Feather Crest Farms.

DOWN MEMORY LANE

From the files of the Lamb County Leader, Oct. 16, 1924.

Hon. E. A. Bills, one of the leading attorneys of Eastland, Texas, is this week becoming a citizen of Littlefield. He was here about two weeks ago looking over the field with a view of locating here, and at that time was so favorably impressed with the future prospects of Littlefield that he at once advised several of the leading citizens that he would return very shortly for permanent location.

Indications now are that the high school building will be ready for occupancy by November 1st, but there are also indications that it will be filled to the capacity on the opening day.

At the regular meeting of the Lamb County Commissioners held at Olton last Monday an order was issued authorizing the building of a road from Amherst north and connecting with highway No. 28.

The Littlefield school board has authorized that for 30 days school shall begin at 8:30 o'clock in the morning and dismiss at 2 o'clock in the afternoon for the benefit of children who are called upon to assist their parents in picking cotton. Several of the town children are also taking advantage of the extra hours to pick up a little pin money in picking cotton.

Last Thursday Prof. Street took the grammar school football squad to Sudan for a game with the lads there and returned home with a victory score of 28 to 0.

THIS WEEK

In Washington

Clinton Davidson

We Americans take pride in our individual independence and hate to be regulated. We start objecting to regulation at the age of four weeks and continue until death. When an industry regulated by a government agency in Washington prospers, stockholders of companies in the industry say it prospered in spite of the regulation and would have prospered more if it weren't for the regulation.

So I was surprised to read in a publication by the world's largest stock exchange firm about the spectacular growth and prosperity of the airline industry, that it is following a pattern advocated by Col. Joseph P. Adams, one of the five members of the Civil Aeronautics Board, which regulates the airlines just as the Interstate Commerce Commission regulates the railroads.

Merrill Lynch, Pierce, Fenner & Beane point out that since 1938 when the Civil Aeronautics Board was set up to regulate the airlines, air transportation has been our fastest growing industry. It has grown 30 fold compared to 15 fold for plastics, 10 fold for aluminum and 8 fold for chemicals.

They go on to say that the rapid growth in recent years is due to the development of "coach" or "tourist" traffic at low fares. The Civil Aeronautics Board in general and Col. Adams in particular deserve the credit for producing the big airlines into developing "coach" flights at low fares.

Adams earned the title of Colonel as a flying marine. Six years ago, President Truman appointed him to the Civil Aeronautics Board. Adams believed that the C.A.B. could best promote the prosperity of the airline industry by encouraging low fares, but at first, the big airlines and a majority of the C.A.B. members thought differently.

So Col. Adams started on his career in public service as a "great dissenter" like former Justice Brandeis of the Supreme Court. For example, he was the

sole dissenter in a case decided June 26, 1951, concerning fares between the U.S. and South America. In the Transcontinental Coach-Type Service Case, decided Nov. 7, 1951, he was again the sole dissenter. In these decisions Adams agreed with other C.A.B. members in practically everything except one—lower fares.

In 1953 Adams pointed out in a public address that, whereas low-fare coach service was only 20% of air traffic in 1952, "I am looking forward to the time when this figure will be reversed and 80-20 will mean 80% carried by coach service."

Today Col. Adams, just like the famous Justice Brandeis, doesn't need to dissent because a majority of his colleagues now share his far-sighted convictions. President Eisenhower has appointed new members of the C.A.B. who have frequently voted with Col. Adams during the past year, and he has appointed Democrat Adams Vice-Chairman of the C.A.B.

Now the big airlines are proving that Adams 80-20 prediction was right. Coach travel already constitutes 70% of National Airlines four-engine traffic, and other lines expected their coach traffic to reach the same figure shortly.

Amherst Woman Birthday Thursday

AMHERST—A great-great-grandmother, Mrs. Nannie Spain was 97 years old last Thursday.

She was given a birthday party by the Extension Department of the Baptist Sunday School.

Mrs. Floyd Howell is superintendent of the group.

A program was presented, gifts were taken to the honoree by Mesdames W. L. Key, A. Tomes, Alvin Mote, Harris Brantley, T. H. Pennington, J. F. Stephens, Charles Nixon, J. H. Bradley, B. O. Shavor, R. H. Hrbly, John Rankin, and guests, Mrs. Ernest Gaston, Mrs. A. A. Royal and Mrs. Hopper of Sudan.

Mrs. D. J. Stafford and children of Littlefield attended. The children are Mrs. Spain's great-grandchildren and Mrs. Ellie McCain and Mrs. C. D. Stafford of the home are daughter and granddaughter.

Mrs. Mary Harrell presented the birthday cake.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Texas' drought relief program is in high gear again. President Eisenhower announced a double-barreled shot in the arm for cattlemen's feed buying projects.

Grain subsidies were increased from \$1 to \$1.50 per hundred weight and the aid period extended 60 days to Dec. 31.

An additional \$5,000,000 was allocated to the hay and roughage buying program. This had been stalled for nearly a month after the original \$1,000,000 grant ran out. Certificates good for a \$7.50 per ton subsidy are again available to eligible livestock owners through the Farmers Home Administration.

To increase effectiveness of this project, officials said western railroads agreed to make a 50 per cent reduction in freight rates on carload lots of hay sent to drought areas. Reductions were to take effect this past weekend.

Both parties lost no time in making political hay with the new farm assistance. GOP National Committeeman Jack Porter said, "This will help greatly to win Texas for the Republicans."

State Agriculture Commr. John White, a staunch Democrat, expressed gratitude, "regardless of the political aspects." But, he pointed out, help needed several months ago didn't come until just before the election.

BOTH PARTIES WOO TEXAS — Both sides are rolling out heavy artillery in one of the most feverish campaigns for Texas' electoral votes in presidential campaign history.

Democrats will have an all-star cast of seven U. S. Senators stumping the state from now until Nov. 6. They are Sens. Stuart Symington, Missouri; Michael Mansfield, Montana; Russell B. Long, Louisiana; John Kennedy, Massachusetts; Albert Gore, Tennessee; Robert S. Kerr and Mike Monroney, Oklahoma.

In addition, Texas' own top Democratic brass, Sen. Lyndon Johnson, Speaker Sam Rayburn and Governor - Nominee Price Daniel, will be in the field.

For the Republicans, Vice President Richard Nixon made a second visit and termed the Texas race "neck and neck." But, he contended, Eisenhower represents Texas Democrats' views better than Stevenson.

Each party had a "big event" within days of each other. Republicans saluted Texas-born Ike with a statewide birthday party Saturday. Democrats, hard-pressed for operating funds, slated doorbell ringing on "Dollars for Democrats Day" Tuesday.

POLIO FUNDS UNUSED — Texas stands to lose some \$2,500,000 in federal funds unless polio vaccination is greatly stepped up in the next eight months.

State Department of Health officials said Texas so far has spent only \$540,000 of the \$3,064,124 allocated. If not used by June 30, 1957 funds will revert back to the U. S. Public Health Service. At present rate of inoculation, say officials, a sizeable portion will be left over.

In urging widespread vaccination, they cited statistics. Polio death dropped to zero among persons having the prescribed series of three shots.

Harrison County obliterated paralytic polio in its population this year by mass inoculation of its 7,600 school children. First project of its kind in Texas, it was without cost to the children. County-wide cooperation of doctors, nurses, teachers and bus drivers made it possible.

SCHOOL INVESTMENTS OUTLINED—Texas' permanent school fund now totals more than \$335,000,000. It's the largest of its kind in the U. S.

Annual income to public schools is about \$9,000,000, the State Board of Education has been advised by its investment counselor.

Two-thirds of the fund is invested in the U. S. Government, the remaining \$125,000,000 in Texas. In-state investments include \$92,000,000 lent to school districts, \$8,000,000 to cities, \$21,000,000 to counties.

"NEW LOOK" IN LICENSES — Next year for the first time since 1952 Texans will have black and white license plates on their cars. Letters will be black, backgrounds white.

State Highway Department said it is bowing to public insistence.

Bula Coaches

Attend Meeting

BULA — Coach Risinger and Claud Morrison attended Thursday night a district basketball organization meeting held at the Pop school. The district this year will consist of Pop, Pettit, Wiharal, Three Way, Bledsoe and Bula. A double round-robin will be played with a district tournament to determine the winner.

Black and orange plates didn't blend with today's auto color schemes.

New tags also will be dressed up with a "lone star" between the prefix letters and the numbers. Texas Prison System is producing some 4,500,000 pairs of plates and 352,000 single plates. They go on sale Feb. 1.

EXPENSES UP, INCOME DOWN — Texas government spent \$11,000,000 more than it took in during September, according to Comptroller Robert S. Calvert.

Expenditures totaled more than \$70,000,000, and revenue receipts came to only \$59,000,000. A net cash balance of \$32,671,870 was left in the general revenue fund.

Last year September was much better. Expenditures were \$63,000,000; revenue \$69,000,000.

Sand Hills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm discusses one of his favorite subjects, retirement, this week.

Dear editor: With the 4-day week being promised and the retirement age being lowered and social security being increased, oratorically anyway, naturally the problem of leisure is a big issue for the minds of the country to grapple with, and I was especially interested in an article I found in a newspaper which blew out of a car as a couple of teenagers rounded a corner by my farm yesterday afternoon throwing up gravel like a ditch-digging machine.

According to it, a lot of older people are considering retiring to a farm to take things easy, but some of them after they've tried it are finding a farm wasn't what they expected.

One man, who invested his life's savings in a farm and settled

down to live on his social security check, found it was costing him more to live in the country than it did in town. The well was always running dry or caving in or the pump burned out, his milk cow was eating more than the price his milk would cost him at a supermarket, not counting the fact he had to milk her twice a day, his chickens layed first for a while then ceased and he figured his investment in a hen house, chickens and feed would more than pay for all the eggs he could eat for the rest of his life, etc.

Well, I'll tell you. Any city man who is figuring on retiring to a farm wants to think it over. It's true you can get by on a farm in some cases without working much, but it takes years of practice. You take the average city man and retire him to a farm and he'll find himself confused before he starts. When he gets there, he figures for example, it'll be pretty nice not to get a water bill on the first of the month, but one of the facts of life is that a lot of people in town can chip in through taxes and put in a com-

Future Academic Requirements For Schools Studied

Local school administrators in a recent meeting studied possibilities of increasing present requirements for high-school graduation.

Community water system a lot cheaper per man than one man can put in one water system for himself in the country. Turning on a hydrant and getting water in the country involves a lot more than turning on a hydrant in town.

Actually, the only way to retire in the country is to do it gradually. You've got to start way back and work on it gradually, so when the time comes to retire you can't hardly tell the difference from what you've been doing all the time. That's the system I'm using.

Yours faithfully,
J. A.

The meeting, held on level, was a general idea plan for the future of schools and was one of the range program intended for use in 1960.

About 35 administrators from the area attended and required this program of English, 2 years of Science, 3 years of physical education, and seven credits . . . totaling 20 credits.

Another discussion of is scheduled in Littlefield, 13.

Local Salvation Army wives, Lt. and Mrs. Rollins attended the State Convention at Mineral Monday through Thursday. Principal speakers were Col. Laity and wife, Comm. William Dray, Col. Guy Brig, Carl Cone all of "Ga.", and Col. John Moss Dallas.

GATE-CLOSERS

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended—things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

1957 Chevrolets Carry Individual Beauty

Two-level photo of the "Two-Ten" sport sedan, top, and the Bel Air convertible. Bodies plus wide range in color choices total 469 for the line.

Injection, New Transmission Debut Friday On 1957 Chevrolet

and a new triple-shaft transmission debut on the 1957 Chevrolet Motor Division today that fuel injection introduced on the Corvair. A lively new V8 engine that is to be available throughout the motor passenger cars for the first time in a transmission, known as the "Two-Ten" transmission, is also being introduced on the 1957 Chevrolet line.

It differs strikingly from 1956 models. While two and one-half inches have been added to overall length, the horizontal sweep of new styling motif gives the impression that the car is even longer than its 200 inches. All bodies are lower, with a reduction of an inch and a half in height of the cowl and substantially increased windshield areas.

Common to the design of all passenger cars is a rugged front end that combines a massive guard and bumper ensemble with an aluminum grille screen and inset parking lamps. Hood shaped windblips on the hood add a touch of modernity. However, most of the duplication in the appearance between the three series ends here. Chevrolet again offers exclusive exteriors and interiors in each of its series.

On the seven bodies in the Bel Air series, for instance, a lean chromium spear extends rearward from the headlamp, spreading gracefully downward to the bumper and also branching upward as a rear quarter molding. The area encompassed by the diverging lines of the spear may be two-toned to conform with the body roof color or fitted with an optional panel of rolled aluminum. Two-Ten models, eight in number, have a single downswept line molding from front to rear. One-Fifty side moldings on four body models extend downward from the fash and then horizontally across the rear fenders.

A variety of sparkling new colors in combination with the body selections furnishes the customer with 469 choices in the appearance of the Chevrolet he buys. Interiors, marked by rich upholstery in nylon cloth and plastics, have been completely refashioned. Seats have added comfort and are of an attractive slender Gothic form. Easily read instruments are sheltered under a cove, with all control knobs recessed as a safety measure. Other body highlights include a new ventilation system that has inlets under the headlamp hoods and

Spade News New Educational Building In View For Local Baptists

The Baptist Church held its regular monthly business conference following prayer services last Wednesday night at which approximately fifty were present. In the conference the church voted to adopt the Standard of Excellence in both Sunday School and Training Union.

Plans were made for a Youth Revival to be held November 11 through the 18 with the pastor in charge of services. Ted Hutchins, Kenneth Haire and Arvin Turney, appointed church ushers with Du Wayne Blackshear, Jess Emmons and Raymond Wiley Ass. ushers.

The church voted to start a building fund for the purpose of tearing down the old building and building a new educational bldg. in the near future. The fund was started that night with \$250.00. Ernest Savage, Kenneth Haire, Same Tindall, Clarence Bundick and Howard Harvey were appointed to the building committee. Deek Heard, Ernest Savage and Joe Scarborough were appointed to the church maintenance committee. Sam Tindall, Doc Vann, Grady Duffey, Howard Harvey and Mrs. Doc Vann were appointed to serve on the budget committee. Sam Tindall, Doc Vann, and pastor.

Oct. 14 was set aside as "Laymen's Day" and the morning plate offering was designated to be sent to Wayland College to be used on "Brotherhood Hall."

institution is expressed in the wording of the masthead of the prison newspaper:

"The ENCHANTED News From New Mexico. 'The Land of Enchantment'

'Together We Learn to Live' Published by the Men and Women of the Penitentiary of New Mexico."

We talked with A. K. Montgomery, president of the prison Board of Commissioners, and with Warden Swenson, and they, with the entire board, have one chief objective: sending men and women out into a new life of increased happiness, better equipped in every way to make good in the free world.

We were impressed with the fact that young men, and comparatively young men, make up the majority of the prisoners, or so it seemed to us. We have only skimmed over the details of the wonderful work which is being achieved at the New Mexico penitentiary. It seems to be operated on the kindly premise that as a tree is bent so will it grow.

Service is NOT Our middle name

True, but service IS one of the big reasons Woodmen of the World has become the world's financially strongest fraternal benefit society. In addition to the many services rendered our members, local Woodmen units (Camps) perform hundreds of services in their communities.

More than 437,500 Woodmen enjoy safe, sound, legal reserve, low cost life insurance protection through plans that meet every need. Of more than \$7 1/2-million paid in 1955 death and disability claims, litigation required settlement in but a single one—a record second to none in the life field.

These are some of the reasons why Woodmen of the World can be described as an institution of Fraternity . . . Protection . . . SERVICE.

Texans Find Ike Stands For Same Things We Do

A fellow was in our town the other day selling men's suits. He was from St. Louis, and he said he was a manufacturer's representative. Grandpa would have called him a dry goods drummer, and Papa would have referred to him as a traveling salesman. This shows you how things change with time. But actually that fellow from St. Louis was doing just about what the earlier visitors did—trying to sell suits.

You might say that he stayed in the same place but the names went off and left him. Reminded me some of the political situation in Texas.

I was reading a letter in the daily newspaper last week, from a man who said he was going to vote for Eisenhower. "I am a Democrat," he wrote to the editor of the paper, "but I feel like the party has run off and left me."

Come to think of it, a lot of conservative-type Texas Democrats are in that shape today. They haven't changed their views much on such things as local control, government spending, bureaucratic red tape, and freedom of the individual; they still travel down the same road they did 20 or 30 years ago, even if they do it at 70 miles an hour instead of 25.

They grew up believing that a man could live down nearly any-

thing except voting for a Republican. They always voted "er straight, until a good many of them jumped over the traces in '52 and went for Ike.

"I can't figure out what's happened," one of them told me. "Seems like Eisenhower talks like a Democrat and Stevenson talks like a college professor."

The other day this same fellow said: "I think I've got it figured out. Ike stands for the things us Texas Democrats have always stood for. Adlai is too thick with Walter Reuther and that crowd to suit me. I'm going for Ike again."

That's the way with most folks in our town. They decided to give Ike a try at it in '52, and they like the way he has gone about the job. There are some things they wished he'd done a little different, but by and large they think he has made us a fine President. At least all the hometown boys are back from Korea, and as far as we can tell the government is being run honestly.

Somebody asked that Missouri suit salesman how Mr. Truman was getting along, and he said he didn't know. "He isn't in the clothing business any more," he explained. "In fact, as far as I can tell, he is clear out of all kinds of business."

Yours Truly,

Tex

WESTERN RANCH DINNER

WESTERN RANCH DINNER

- 1 cut-up frying chicken (about 3 lbs.)
- 1 1/2 cups Pet Evaporated Milk
- 1 1/4 cups flour
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 2 teaspoons paprika
- 1/2 cup shortening
- No. 2 1/2 can elongated halves, drained
- 1 cup water
- 1 can oven-ready biscuits

Turn on oven and set at 425 (very hot). Dip chicken in 1/2 Milk, then roll in mixture of 1 cup flour, the salt, paprika. Melt shortening in 13 x 9 x 2-in. pan in oven. Put into pan, skin side down. Bake 30 min.

Turn chicken and move to one end of pan. Arrange french fries, paprika. Separate biscuits and put into other end of pan. Bake longer, or until biscuits are light brown. Remove from plates.

For gravy: Mix 1/4 cup flour into drippings left in pan. Stir gradually. Boil and stir 2 min. Stir in 1 cup Pet Milk. Do not boil. Add salt and pepper to taste. Serve with biscuits. Takes 4 servings.

MEMO FROM REDDY KILOWATT SUBJECT: ELECTRIC WATER HEATERS. I'm glad I can type. It makes it easy for you to understand what I'm going to say about electric water heaters. Of course, they're modern... you'll agree that anything electric is modern. But, what's very important to you is how practical they are, what they cost to operate and what they'll do for you. Let's see about the practicality: First, you can put them any place. No worry about vents, flues or chimneys. Electric water heaters are COMPLETELY insulated on ALL SIDES. A kilowatt needs no air to operate, gives off no fumes, so no need for vents. That eliminates a major item of installation cost. All an electric water heater needs to operate and give you hot water is the electric wires and the water connections. You can put an electric water heater in a closet, in the attic, in the garage, in an alcove, even in the kitchen or bath to make cabinet top space... they even LOOK good. Second, the safety, convenience, dependability are worth far more than the small cost of operation. Let's examine what it costs to run an electric water heater. The Public Service Company gives you a special water heater rate—only 1¢ per kilowatt hour. Here's what you get then. Plenty of hot water at any hour of the day or night, at an average cost of approximately a dime a day; roughly, three dollars a month. Now, think a minute. What else can you buy that costs as little and gives so much benefit? Fact is, three dollars wouldn't keep most folks in cigarettes for a month. Well, I've tried to correct some of the misconceptions some of you have had about electric water heating. Now it's up to you. Any questions you may still have, I'll be glad to answer... through your Public Service Manager. Just ask him, he'll be glad to help you. Reddy Kilowatt Your Electric Servant. P.S.: See your Reddy Kilowatt Dealer for electric water heaters on display. See Your Reddy Kilowatt Appliance Dealer. SOUTHWESTERN PUBLIC SERVICE COMPANY.

Dear God... there's so much I'd like to say to You. It's that way lots of times. I want to talk to You, and then somehow I get stuck for words.

I guess I do some stupid things, sometimes... like that fight with Butch Hendley yesterday. He said something I didn't like and then I said something, and that was it. I guess I won, but afterwards I was kind of ashamed. I told Dad about it last night and he went for a walk with me and we looked up at the sky and the stars. Everything looked so big, all of a sudden, that it scared me. It seemed too big to understand.

Then Dad told me that there are lots of things like the sky and the stars, too big for people to ever understand. And he said that that's where Faith comes in, and that it is good to have the Church to put our trust in.

I got to thinking about that, and I told Dad that I'd kind of like to ask Butch to come to Church with us next Sunday morning, but that I was afraid he wouldn't come. Dad grinned at me and said, "Why not ask him and see?"

Dear God... I did ask Butch, and he's coming. Butch hasn't been to Church regularly like I have, so maybe when it comes to praying he'll get stuck for words even worse than I do. But You'll listen to him anyway, won't You? Because he needs You very much... just like I do... just like all of us do.

Thank You, God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TOASTMASTER TALES

By Glenn Burk

Toastmaster Zeke says that a pessimist is a guy who signs himself up and then gets sore about it.

"Dad," asked the small boy, "why is a man not allowed to have more than one wife?"

"My son," replied the father, "when you are older you will realize that the law protects those who are incapable of protecting themselves."

Congratulations to Toastmaster Bill Street on winning the "Best Speech" trophy. If you want to know just how much Bill has improved since becoming a Toastmaster about a year ago, just ask some of his fellow lawyers.

Van Colthrop is to be commended for winning the "Best Participant" award, too. Van did an outstanding job as "Toastmaster of the Evening."

Benjamin Franklin said, "All mankind is divided into three classes: those that are immovable, those that are movable, and those that move."

We've been asked, "How does the Toastmasters Club operate?" The Littlefield Toastmasters Club meets weekly for dinner at 6:30 p.m. The program is over at 8:00. The president introduces a member appointed Toastmaster of the evening who then presides over the program.

Every member has an opportunity to be on his feet during the "Table Topics". A member who has been appointed Toastmaster presents topics of current events and other stimulating subjects. Each member is called on in turn and has one minute to discuss the subject. These are impromptu speeches and give the member training in collecting his thoughts, organizing and presenting material effectively.

The formal speech program is then presented by four or five members who make short speeches varying from five to occasionally ten minutes in length. These speeches are prepared in advance except for one which is assigned as the meeting is called to order.

Following the program of speeches comes the period of evaluation. Constructive criticism is a vital part of Toastmasters training. Every speech is evaluated. The usual way is to have a member serve as evaluator for each speaker, with a General Evaluator to review the entire program.

Awards are then made for the best speech of the evening and for the best participant.

Educational material comes from Toastmasters International.

The Toastmaster was telling about a frightening experience he'd had out West. "It was awful," he declared. "Indians to the left of me, Indians to the right, Indians to my rear, Indians in front, Indians everywhere."

"Whew!" exclaimed a listener. "What did you do?"

"What could I do?" There was a sigh. "I bought an Indian blanket!"

Even a turk gets nowhere until it sticks out his neck.

From the Toastmasters magazine — our DEFINITIONS OF THE WEEK:

IT IS IN THE PROCESS — So wrapped up in red tape, the situation is impossible.

A PROGRAM — Any assignment which can't be completed in one phone call.

EXPEDITE — To confound confusion with commotion.

CHANNELS — Trails left by inter-office memos.

UNDER ACTIVE CONSIDERATION — We're looking into the files for it.

RELIABLE SOURCE — A guy you just met.

WE ARE MAKING A SURVEY — We need more time to think of an answer.

WE WILL ADVISE YOU IN DUE COURSE — If we figure it out, we'll let you know.

GIVE US THE BENEFIT OF YOUR PRESENT THINKING — We'll listen to what you say, providing it doesn't interfere with what we've already decided to do.

P-TA Slates Halloween Carnival

AMHERST — The Amherst Parent-Teacher Association met in a called-meeting Wednesday afternoon at 3:30 o'clock. Mrs. Alfred Schroeder, president, presided in the meeting when plans were made for the annual Halloween carnival to be held Tuesday night, October 30.

There will be a queen candidate from each room. Booths and other entertainment features will be in and around the community center. A program will be in the gymnasium at 8:30 o'clock.

A spook parade will be staged at 6:00 o'clock. Mrs. Clois Tomer will be chairman.

Mrs. Melvyn Dutton assisted by Mrs. Laverne Bryant and Mrs. Clarence Black will have charge of the program in the gym.

Mrs. Leroy Maxfield is finance chairman and chairman of the booths.

Mrs. Elmer Watson, Mrs. John Norwood, Mrs. Forrest Nuttall and Mrs. Henry Prettyman are to have charge of the country store.

Delegates to the State Convention at Amarillo, November 14-15 will be Mrs. Schroeder, Mrs. Bob Clayton, Mrs. James Holland, Mrs. John Norwood, Mrs. Clois Tomes, Mrs. Doyle Tapley, Mrs. Forrest Nuttall, Mrs. Don Hevern, Lester La Grange.

Alternates will be named to replace those unable to attend.

Clean-burning No-Nox gives you many more miles of new-car power!

HINTS TO HELP YOU WIN!

1. No-Nox burns clean because Gulf refines out the "dirty-burning tail-end" found in ordinary gasoline.
2. No-Nox combats formation of carbon deposits which "shrink" engine power.
3. No-Nox protects your engine, keeps new-car power intact for thousands of extra miles.
4. Gulf No-Nox is a high-octane gasoline—gives more miles per gallon in short-trip driving.
