

## Skat Staff Editors Named

### Paula Fields Picked For Top Position

Journalism class of 62-63 elected their Skat Staff Tuesday during class. They are as follows: Paula Fields, editor; Gennie Baker, assistant editor; Pat Thornton and Carol Nickelson, society editors; and Gary Fitzgerald, sports editor.

The Journalism class consists of 23 members who are in charge of reporting the school news and putting together the Skat which appears in the paper each Thursday.

Assignments are made each Thursday during the class period with students taking all pictures and writing all stories for the Skat.

Other members of the staff include Rhonda Ammons, Margaret Bass, Barbara Blackman, Frank Crone, Pete Estrada, Don Hicks, Patsy Hodges, Karen Howell, Phyllis McClanahan, Ishmael Mendoza, Marilyn Merrifield, Lola Beth Rankin, Larry Shipp, Irene Spencer, Kathie Steed, Ginny Teck, Beth White and Larry Wood.

Sponsor of the Skat is David Penn, editor of the Littlefield newspapers.

DE CLUB OFFICERS -- Littlefield High Distributive Education Club recently elected officers for the coming year. They are from left to right, Randell Thomson, sergeant-at-arms; Johnny Eddings, treasurer; Linda Williams, sweetheart; Lonnie Cape, president; Pam Manley, reporter; Pat Smiley, parliamentarian and Gary Bernethy, vice-president.

### Lonnie Cape Chosen President Of DE Club

The Distributive Education Chapter of Littlefield High School met at 8 p.m. in Room 114 in Littlefield High School on September 10.

There were twenty-one members present at this first meeting of the year. The new officers were selected by a vote of all the attending members.

The chosen officers are as follows: Lonnie Cape, president; Gary Bernethy, vice president; Linda Williams, secretary; Johnny Eddings, treasurer; Pamela Manley, reporter; Randell Thomson, sergeant-at-arms; and Pat Smiley, parliamentarian.

The 1962-63 D. E. Sweetheart is Linda Williams, daughter of Mr. and Mrs. W. J. Williams, 1001 West 5th. The runners-up are Georgia Heckard and Lavetta Wilson.

Immediately following the meeting, an Executive Committee meeting was held in room 114 to discuss plans for the year concerning the D. E. jackets. No definite decision was made. The date for the next meeting was not set.

The sponsor is Bill Lyman. The year's dues were set at two dollars per person.

### Primary Has 752 Enrolled

Primary enrollment for the school year of 1962 and 1963 was reported Friday morning, September 14, by principal Paul I. Jones.

The total of the three grades is 752. He reported 294 students in the first grade, 219 in the second grade, 239 in the third grade.

### Council Sets Two Events

Student Council has set two dates within the next two weeks concerning the crowning of Football Queen and Twirp Week ending with a Powder Puff Game between the seniors and juniors.

Football Queen will be crowned this Friday night during the half time of our Littlefield and Seminole game. She will be selected by the Varsity Club boys.

Starting off the week of September 24 will be Twirp Week and ending with the Powder Puff Game. Juniors are getting ready to try to make a change in the winner this year. We will find out Friday night, Sept. 28, at the football stadium.

### FTA Heads Meet With President

An FTA executive meeting was held August 29, at the home of Marilyn Richey. The officers went over the programs for the year, plans for the year book, and set up committees to sell workbooks, as a money making project, at the beginning of school.

Officers for this year are Marilyn Richey, president; Donice Reast, vice-president; Joyce Green, secretary; Bonnie Richey, treasurer; Pam Manley, scrapbook; and Bob Badger, reporter.

Friday, August 31 is the date for the next regular meeting. All new members are invited to attend. Members of FTA must maintain at least a C average throughout the year. The main topic of discussion at this meeting will be a project of selling pens with the 1962 Wildcat football schedule on them. Money from this project will be used toward the cost of the year books, the trip to State Convention, and other incidentals. The year's activities include the District meeting, which date has not been set, and State convention, March 8 and 9 in Dallas.

### Sport Shorts

BY FITZ

Littlefield Wildcats went to Brownfield and came home with a loss to even their record to 1 and 1. The Cubs were really fired up for the contest and the cats were too, but not as much. The Cats played good ball for the first three quarters. Brownfield had two good lines and they ran the Cats until they were tired.

The Cats are now getting ready for their halfgame this coming Friday against the Seminole Indians. The Indians have a real good fullback along with several other outstanding players.

After the Seminole game we have an open date so we can correct our mistakes.

### FHA Names Parents, Boys

Patsy Lively Chapter of FHA held its first meeting of the 1962-63 year Friday in the Home Economics Lab. Joyce Green presided over the meeting.

The club elected Mr. and Mrs. Roy McQuatters and Mr. and Mrs. Vernon Steed as the club parents.

This year's Dream Boy is Mike McCaugh and the Buddy is Billy Bankston.

### Menu

Monday - Hot Dogs with chili, corn chips, tossed salad, milk and fruit - salad with cookie.

Tuesday - Roast beef & gravy, green beans, creamed potatoes, cranberries, rolls, milk and cobbler.

Wednesday - Fried chicken, whole kernal corn, Jello salad, bread or rolls, milk, cinnamon rolls.

Thursday - Fried ham, scalloped potatoes, strawberry delight, rolls, milk, brownies.

Friday - Fish sticks with tartar sauce, blackeyed peas, cantaloupe, rolls, milk, banana pudding.

OUTSTANDING WILDCATS -- Chosen for their outstanding play in the Muleshoe game are these two Wildcat gridgers, Gary Schovajsa, left, received the Back of the Week award and Gary Fitzgerald, right, was named Lineman of the Week. The awards were presented by Gene Pratt representing the Wildcat Quarterback Club at the pep assembly Friday.

### Coach Taylor Chosen Teacher Of The Week

Coach Jim Taylor has been chosen as this week's teacher of the week.

Coach Taylor came to Littlefield from Ontario, Canada and resides at 620 E. 14th St. with his wife and three children. He grew up in Clyde, a small town outside Abilene and went to high school there. Later he attended Baylor University.

Taylor says he likes Littlefield and thinks the success of the football team this year depends upon the spirit and attitude of the boys.

His philosophy of life is you don't get nothing for nothing but nothing and his pet peeve is club house lawyers.

Taylor played professional football before he came to Littlefield and lists the most memorable day of his life as the day of the big college all-star game with the Cleveland Browns. Taylor has played professional football for 7 years.

ANY NEWS ITEM FOR THE SKAT MAY BE LEFT IN THE JOURNALISM BOX IN THE HIGH SCHOOL

COACH JIM TAYLOR

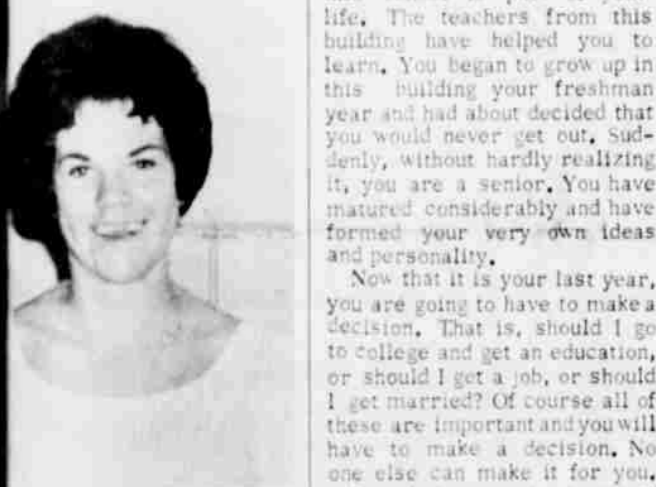

SKAT STAFF EDITORS -- Paula Fields, seated, will serve as editor of the Skat this year. Named to other editor positions were (pictured from left to right) Gennie Baker, assistant editor; Pat Thornton and Carol Nickelson, society editors; and Gary Fitzgerald, sports editor.

### Fields Findings

BY PAULA

One day in the future, when I have nothing to do, I wish I could drive by Littlefield High School. Stop your car in front of the building and get out. If you would rather you just sit in your car, you are a freshman this ex-

periment would mean nothing to you. And most likely it would mean nothing to a sophomore or junior. But if you are a senior, it might mean quite a bit. Just think about this building that you have spent four long years. You begin realizing that this school is part of your life. The teachers from this building have helped you to learn. You began to grow up in this building your freshman year and had about decided that you would never get out. Suddenly, without hardly realizing it, you are a senior. You have matured considerably and have formed your very own ideas and personality.

Now that it is your last year, you are going to have to make a decision. That is, should I go to college and get an education, or should I get a job, or should I get married? Of course all of these are important and you will have to make a decision. No one else can make it for you.

Yes, being a senior is great! You are the top man on the totem pole and everyone does look up to you, but you still have to answer that question, What becomes of me after graduation?

While you are still thinking about this building, its teachers, and the memories it holds, the future for you seems to be farther away. Seniors, the future is closer than you realize so why don't you begin early and make your plans now.

STUDENTS OF THE WEEK -- Gary Schovajsa, left and Christi Pressley were chosen as the students of the week by the Skat staff. Schovajsa was picked for his outstanding showing on the gridiron and Miss Pressley for her contribution to the school as a cheerleader.

### Worlds Fair Highlights Vacation

Martha McQuatters, senior in Littlefield High School, attended the Worlds Fair, held in Seattle, Wash. She made the trip with her grand-parents, Mr. and Mrs. Roy E. McQuatters, Sr.

Among all the interesting sights, Martha's favorite was the General Electric House of Tomorrow. She also listed the Space Needle, The World of Tomorrow Pavilion, and all the Foreign pavilions as sights to see.

The Fair this year was not originally scheduled to be a World's Fair. It was to be The Twentieth Century Exposition, but some foreign countries wanted to have exhibits so they had to call it a World's Fair.

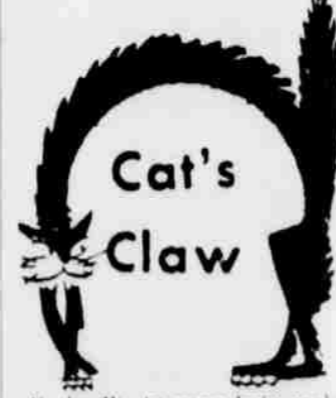

The last day of the Fair will be October 21 and it will then be closed and reopened the two days later as the Twentieth Century Exposition.

### Local FFA Places High

FFA boys Edward Dubeck, Joe Blessing, Dwight Favor, Bobby Aiford, Jerry Lancaster, Ken Minyard and Benny Eddings accompanied Ronnie McNutt to the Amarillo Tri - State Fair.

Agricultural products were entered in competition and an agricultural products exhibit booth was set up.

Eleven of the entries placed first, eight placed second, five placed third, and four placed fourth.

Kathy W. is your hair really bleached? We know a certain senior's sister who had better stay out of her sister's boyfriend's car! Mrs. Kisner, is it Wildcat or Wildcat?

Linda Kay, throwing paper wads is not for girls your age! What's the new triangle? Could it be Ray - Brenda - Richard?

Smiley, did you find your Chevy II at noon?

Larry, have you been to a candy - pulling party lately? Congratulations, Prof, the band put on the best show yet last Friday night!

Christy, you'd better stop jumping so hard in the lungs! Burr, it's good to see that you're playing the field again.

Gary, on the football team you play the backfield, why do you insist on doing this with the girls???

Marsha, strange things happen when people daydream, don't they???

Ty, how does it feel to be the only senior boy with a red stripe down his leg?

Wonder what lucky gal will get homecoming queen this year?

The seniors have their rings and have been flashing them at the lower classmen.

Pat, we here that you had a blast over the weekend. What did you do that you're constantly blushing about???

Charlie, who's the new flame? Linda, did you and Linda ever find fourth street last Thursday night?

What is that purple monstrosity we see sitting in front of the building each day, Richard? (See Claw on Page 2)

GUESS WHO -- This week's Guess Who is a Senior in Littlefield High School. Her locker number is 27. She is five foot one and one-half inches tall and weighs 101 pounds. She list her favorite subject as English.

### Armyworms Beginning To Appear

Fall armyworms, which develop best during cool, wet weather, are being reported in many areas of the state, according to C. F. Garner, and W. H. Newton, entomologists, Texas Agricultural Extension Service. The worms which feed primarily on pastures, lawns and native grasses during this part of the year, may later become a problem on small grains, say the specialists. They probably cause more economic damage to fall planted small grain, grain sorghum, and Bermudagrass in Texas than to any other crops, they add.

The worms eat the forage and tender stems of the plants they attack and cause whitish patches in fields of grain or pastures which are the first signs that the worms are present.

The adult moths are active in the late evening and at night and females usually lay eggs in masses of 150 on blades of grass or on the leaves of houses, since they are attracted to light.

The young larvae hatch in 2 to 4 days but the young larvae are usually not noticed until they are 1 to 1 1/2 inches long. Larvae feed for about 2 to 3 weeks and pupate in the ground completing a life cycle in about one month.

For the best control of the fall armyworm, insecticides should be applied at the first sign of an outbreak and when the worms are small. For information on their control, the entomologists suggest a visit with the local county agent. Copies of MP-339, "Texas Guide for Controlling Insects on Sorghum, Small Grain, Corn and Grasses" are available from the agent or the Agricultural Information Office, College Station, Texas.

#### AT WHITHARRAL

Mr. and Mrs. Tom Drinkard were in Van Horn for the weekend where they took their daughter, Mrs. C. E. Harlow and two sons, who were returning home after several weeks stay here. Mrs. Harlow underwent recent surgery in Lubbock.

Spending the weekend here with their uncle, Mr. and Mrs. C. E. Throckmorton, and children were Norman, Hal and Dana Jordan of Lubbock.

Sunday guests of the former's sister, Mrs. E. P. Havins, and Mr. Havins were Mr. and Mrs. Omar Yantis of Plainview.

C. E. Timmins, Adolph Dukatnik and John Dukatnik were fishing at Limberger Lake Friday and Saturday.

#### CLAW

(Continued from Page One) Seems the football boys did not have too much trouble getting in to eat after a little chemical experiment by a certain professor.

Linda S., why is your left hand heavier than your right? Paula F., the school colors are Maroon and White -- not Red and Black!

Mike M., are you always that ticklish? Gary B., why aren't you ticklish?

Gennie E., where is it that you get your jokes? Shipp, what happened Friday night at 1:15 p.m.?

Why do the L H S girls go around scratching? Could it be that there are too many mosquitoes at the drive-in?

Larry, I hear that you're crazy about egg nog!

What was Ilene doing tooting at houses on Twitchel street Sunday night?

What did Ilene find in her purse Saturday, Ginny? How did you really get a bruised hand, Beth?

Boys that wear the maroon helmets in the football games are the ones who played the tuffest during practice!

## Philosopher Takes Look At Cuban Situation But Decides Nothing

Editor's note: The Sandhills philosopher on his Johnson farm discusses the Cuban problem this week, without making much dent in it.

Dear editor:

I was talking with a man in the other day who keeps with things in the world and he said it was time we did something about Cuba.

"Whatta you mean?" I asked.

"I mean it's time President Kennedy did something about Cuba, that's what I mean."

"Whatta you suggest he do?"

"Me suggest? That's not my job. That's his."

I came on back home and got to thinking about this and decided he's right.

Something ought to be done about Cuba. Something ought to be done about the Berlin wall. Something ought to be done about Russia, about the Congo, India, Algiers, something should have been done about Hitler before he got cranked up, something should have been done about the Kaiser, about Attila, the Hun, Julius Caesar, the driver who nearly ran over me when I was coming back from town, high taxes, economic depressions, and the next man who's going to go berserk and shoot up his family.

The trouble is, there are some problems that can't be solved ahead of time. There are too many things in life that can't be headed off.

Regardless of how violent and dangerous a family squabble next door is, and regardless of how wrong one side is and how

## Littlefield Graduate Named To High Plains Research

Dr. Arthur F. Gohlke was elected to the position of Soil Scientist at the High Plains Research Foundation, by the Board of Trustees, upon the recommendation of Dr. Earl H. Collister, Director, at the semi-annual meeting of the board on September 14. Dr. Gohlke will conduct research on specific soil and plant projects and also supervise the research at the Foundation with soil and water research. He will join the staff at Halfway permanently when he completes some very important basic research projects in radio active phosphorus and soil and water relationships in the Department of Biochemistry at Michigan State University, Lansing, Michigan.

Dr. Gohlke is a native of the High Plains of Texas. He farmed with his father and brothers near Littlefield. He received his bachelor of Science degree at Texas Technological College in 1953. He was employed by Agricultural Chemicals, Inc., Greenville, Mississippi. He was employed by the Plainsman Supply Co., Plainview, in 1956, and 1957.

In the spring of 1957, he commenced his graduate program at Texas Technological College receiving his Masters degree in Agronomy in August, 1958. He was accepted for

## State 4-H Food Show Set At A&M

Forty-eight Texas 4-H Club girls -- all top winners in district elimination contests held recently in the 12 districts of the Texas Agricultural Extension Service -- are scheduled to compete in the second annual state-wide 4-H Favorite Food Show at Texas A & M College, September 22.

Contestants will set up their favorite food exhibits in the Ballroom of Memorial Student Center. The girls will prepare their food exhibits after reaching College Station, entering in one of the following food groups: milk, meat, fruit and vegetable, or bread and cereal.

Each state finalist will include as part of her exhibit a table service for one set correctly for the particular food exhibited, along with appropriate table decorations. Maena Cox, Extension Service foods and nutrition specialist who is contest superintendent, has announced.

A complete day's menu and the recipe for the food prepared will be included with each exhibit. Each girl will explain to the judges how her favorite food was prepared, why it was prepared in that manner, and give other nutrition information. Miss Cox said.

The girl with the highest score in the contest will receive an all-expense trip to the National 4-H Club Congress in Chicago this fall. Champions will be named in the four food groups, and ribbons also will be awarded to blue, red and white category winners.

All contestants will be honored at a dinner the evening of September 21.

## Screwworm Release Shows Success

Officials of the Screwworm Eradication Program are hopeful that a recent absence of screwworm cases reported in certain counties within the sterile fly release area reflects the effectiveness of the program. In early July all counties within the sterile fly release area, which includes over 60

## South Plains College Increase 20 Percent

LEVELLAND (Special) -- With still one week of registration to go, South Plains College is experiencing a 15 to 20 percent increase over last year's enrollment.

A total of 620 had registered through Thursday with the additional days of enrollment expected to bring the number up still more.

The enrollment thus far this year includes 440 in the day school and 180 in the evening school.

Last year's total enrollment was 470 with 345 of that number in day school and 125 in the evening school.

One of the fastest growing junior colleges in the state, South Plains, in its fifth year, is already experiencing a need for more buildings.

Under construction at the present time are two class rooms at the end of the left wing of the administration building, two tennis courts and a beautiful large entrance marker featuring the school seal and name.

Appointed and accredited by the Texas State Department of Education and the Association of Texas Colleges and Universities, South Plains College is now over a 2 million dollar school plant which features the

## Five Stars Set For Prison Rodeo

Five of the nation's most popular entertainers will make personal appearances at the 31st Annual Texas Prison Rodeo to be held at Huntsville in the \$1,000,000 prison stadium each Sunday in October.

On October 7, the star attraction will be Rex Allen, better known as "Mr. Cowboy," and his famous horse, Koko. The celebrities to be featured on October 14 include Anita Bryant, recording artist, who rose to fame with Bob Hope; and Ann Marston, a nationally famous archer.

For the October 21 show, the star will be none other than Willie Mays, baseball mainstay of the National League's San Francisco Giants.

For the final showing of the rodeo on October 28, Dan Blocker, who portrays the role of "Hoss" Cartwright in the weekly Bonanza television series, will be on hand to round out a stellar two-hour show, beginning at 2 p.m.

Aside from the stars, there will be tough inmate riders contesting tougher prison-produced rodeo stock in a number of thrilling events. These

## AT SUDAN

The Sewing Club met last Thursday in the home of Mrs. Van Rogers.

Present for the meeting were Mmes. Gilbert Masten, Joe West, H. P. West, Virgil Lane, Martin Maxwell, Otis Markham, Jinks Dent, H. W. Qualls, and a guest, Mrs. Wilson.

The next meeting will be held September 27 in the Lubbock home of Mrs. Blanche Jones.

## HD Women Will Meet In Dallas

The Texas Home Demonstration Association will hold its 36th annual meeting at the Sheraton Hotel in Dallas, September 19 and 20.

Advance registration indicates that approximately 1,000 delegates and other members will attend from throughout Texas. Mrs. Melton McGee, association president from Wylie, has announced.

Registration will take place the afternoon of September 18. The annual meeting will open at 8 a.m. the following day, and continue through September 20, closing with a banquet that evening.

Mrs. Florence W. Low, assistant director for home economics with the Texas Agricultural Extension Service at A&M College of Texas, and president of the American Home Economics Association, will be keynote speaker for the program. She will use the association's theme, "Facing the Challenge of Today's Tasks," as her subject. She will be introduced by John E. Hutchison, director of the Extension Service.

Emphasis at the meeting also will be placed on workshops, with delegates taking part in actual demonstrations, forums and discussions that can be shared with families back home.

An election of officers -- who will serve two-year terms -- and the adoption of a program of work for 1962-63 will be among other highlights of the annual meeting.

Featured speakers for the two-day meeting also will be Dr. Steve Williams, Dallas dentist and clinic leader; the Rev. Hubert Faust, pastor of First Baptist Church of Graham, and Pat Porter, a state and national club winner in public speaking and other subject matter fields.

Workshop sessions on 4-H, citizenship and civil defense will be held the first day, and sessions the final day will cover recreation, family life, and health and safety.

Presentation of the 1962 Woman of the Year Award will take place the first morning.

## Bevel Ends MP Training

(AHTNC) -- Army Pvt. Leslie T. Bevel, 22, whose wife, Kathy, lives on Route 1, Amherst, Tex., recently completed eight weeks of military police training at The Provost Marshal General's School, Fort Gordon, Ga.

Bevel entered the Army in March of this year and received basic training at Fort Chaffee, Ark. He is a 1958 graduate of Littlefield High School and attended Eastern New Mexico University, Portales.

His parents, Mr. and Mrs. Horace R. Bevel, live on Route 2, Amherst.

## AT SUDAN

Present for the meeting were Mmes. Gilbert Masten, Joe West, H. P. West, Virgil Lane, Martin Maxwell, Otis Markham, Jinks Dent, H. W. Qualls, and a guest, Mrs. Wilson.

The next meeting will be held September 27 in the Lubbock home of Mrs. Blanche Jones.

## Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' bah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drown them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

See the "New Reliables" now at your Chevrolet dealer's!

# 1963 Chevrolet Trucks Go On Display At Armes

**New power, durability in 1963 Chevrolet truck line**

Two new, modern, more efficient six-cylinder engines lead a long list of improvements in the 1963 Chevrolet truck line. Other features include a new front axle and spring design in medium- and heavy-duty series for excellent ride and durability; generally heavier frames; easy-riding independent front wheel coil springing in light-duty models; narrower front sheet metal for easier handling in close quarters on many models and improved body and sheet metal mounts for softer ride.

New lighter weight, more efficient six-cylinder power, addition of an economical four-cylinder engine, significant suspension redesign for most favorable ride, durability, and load capacity, and new frame designs tailored for specific load requirements head a broad list of improvements offered

in the 1963 Chevrolet truck line.

"These advances represent the most extensive chassis changes in our history and combine the best of the time tested and proved Chevrolet features with the latest truck design innovations," Troy Armes, local Chevrolet dealer, said

in announcing the new line. Outlining new developments in the 1963 truck line, Armes cited:

- \* New 230 cu. in. and 292 cu. in. seven-bearing, six-cylinder engines of 140 and 165 horsepower.

- \* Availability of the proved 153 cu. in. economical 90-horsepower, five-bearing, four-cylinder engine in 1/2-ton forward-control models, the first Chevrolet four-cylinder truck engine since 1928.

- \* Coil spring independent front suspension replacing torsion bars on most light-duty models.

- \* Two-stage coil rear springs and optional cantilever leaf-type auxiliary rear springs in conventional 1/2- and 3/4-ton models.

- \* New front suspension in medium- and heavy-duty series combining the excellent ride characteristics of variable-rate leaf springs with the load capacity and durability of I-beam axles.

- \* Ladder-type, channel section frames on most 1/2- and 3/4-ton models for easier mounting of special bodies. Throughout the line, frame gauge thickness and support members are revised for maximum strength and precise tail-

- oring to load requirements.
- \* Over-all width of most medium- and heavy-duty models reduced more than seven inches for better maneuverability in narrow roads or alleys.

- \* Shear-type sheet metal and rear body mounts on most models to provide softer overall ride and improve durability of cabs and components.

- \* Alternating current generators standard equipment on all but Corvair 95 series.

- \* Self-adjusting brakes on all Corvair 95 series.
- \* Positive crankcase ventilation system and improved exhaust system durability on all models.

- \* Fuller Roadranger transmission available on heavy-duty diesels and all models with 409 cu. in. gas engine.

The new engines are of overhead-valve design, precision cast for reduced weight and with internal reinforcements to assure rigidity and durability. A particularly important feature is use of main bearings between each crankshaft arm, resulting in exceptional rigidity, durability, smoothness and quiet operation.

The 292 cu. in. engine incorporates additional durability features for heavy-duty use. They include forged steel crankshaft, aluminum inlet valves, stellite-faced exhaust valves equipped with rotators, and heavy-duty premium-alloy bearings.

The four-cylinder engine will be used only in 1/2-ton forward control models. The 230 six will replace the 235, 5-

cu. in. six in all former applications, except four-wheel drive models, and similarly the 292 will replace the 261 six. In the Corvair 95 front suspension for 1963, greater parts durability and reduced maintenance are provided through extended-life lubrication. Chassis lubrication intervals are extended to 6000 miles or six months, and engine oil changes to 6000 miles or 60 days. Also contributing to reduced maintenance on the Corvair 95 are self-adjusting brakes.

Other improvements to the Corvair 95 line include relocation of gear shift and clutch controls to more protected locations for freer operation, refinements in steering linkage for easier steering and faster response, and heavier rear

springs to maintain more constant wheel camber and more longer tire life. Ammeter and oil pressure gauges in the instrument cluster give direct readings on generator charge and oil pressure, particularly important operations involving long periods of engine idling.

Adoption of alternating current generators across the line except for the Corvair 95 assures adequate electrical power even at long periods engine idle.

Another safety feature is relocation for better visibility of front directional signals from the hood panel to the face of the cow on all medium- and heavy-duty models, except tilt-cabs.

## August Patrol Report Shows Grim Statistics

The Highway Patrol investigated 15 rural accidents in Lamb County during the month of August according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

These wrecks accounted for one person killed, four persons injured and an estimated property damage of \$10,530.00.

The rural traffic accident summary for Lamb County from January through August of 1962 shows a total of 103 crashes. As a result of these crashes there were 4 persons killed and 67 persons injured. The estimated property damage amounted to \$80,340.00.

The veteran patrol supervisor stated, "With fall and

winter approaching, now is the time to have vehicles checked in preparation for the cold winter ahead."

The Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways. All vehicles registered in this state are required to be inspected once a year, he added.

The new motor vehicle inspection year began September 1. However, the only thing new about the inspection this year in the sticker itself, the sergeant pointed out, that this new sticker is a dry mount decal which we believe will adhere regardless of weather conditions.

### First Baptists Hold Conference

The local First Baptist church was host for an Assn. of Music Workers conference Monday evening.

The meeting got underway with a board meeting at 5 followed by a supper at 6:15.

Leading the congregation was Bob Watt; Scripture reading was by Earl Lovelace; Music: Esmelle, the Littlefield First Baptist Church; "Music Ministry at a church" was given by Johnny Burgett; "Youth Choir" by the First Church in

Mulhouse; "Music Ministry in your church," by John Ward.

Bob Randall of Farwell was guest speaker at the Sunday services at the Church of Christ.

New students in Sudan High school include seniors, Rita McNally, San Angelo, Tom Bar-Pheos from Corpus Christi; sophomores, Gary Adams, Whiteface; Monette Robinson of Mulhouse; Ann Odum of Amarillo; Freshmen, Rosetta McNally of San Angelo; Judy Hazel of California.

Mrs. Bill Qualls of Roswell visited last Tuesday in the home of Mrs. H. W. Qualls.

Mr. and Mrs. Robert E. Fowler of Oklahoma City visited during the weekend in the home of Mr. and Mrs. W. V. Terry.

Mrs. Sadie Lynch of Lubbock visited Friday with her mother, Mrs. H. W. Qualls. Mrs. Lynch moved recently with her family to Lubbock to make her home.

Visiting Sunday evening in the home of Ros, and Mrs. Willie Hazel was her brother and family, Mr. and Mrs. Glenn Hazel of Kress.

Mr. and Mrs. Bruce Newman and family have been vacationing in the Great Lakes area this week.

Jackie Brown was among those leaving for college last week when he returned to fall classes at West Texas State College.

Mrs. Jack Downs and Keith were weekend visitors in Denver City.

Fishing at Lake Brownwood this week are T. Wingo and Jack Downs.

Visiting Sunday in the home of Mrs. H. W. Qualls were Mr. and Mrs. Vernon Qualls of Fieldton; Mrs. Terry Pickrell, Mrs. Leo Mann and son of Littlefield.

# Anthony's HOME FURNISHINGS SALE

Anthony's Home Furnishings Sale . . . Quality merchandise at special low money saving prices. No wonder more and more people shop Anthony's where quality is consistent and savings are always assured.

## FIBERGLASS DRAPERIES

Beautiful new novelty textured pattern, solid color Fiberglass drapes. Ready to hang 48x84 size 10 pinch pleats to pair. White, pink, beige, nutmeg.

# 4.99

PAIR

## COLORFUL 27" x 48" THROW RUGS

A new novelty checkboard pattern in rich Nylon and Corval Viscose rayon pile with foam base, or space dyed variegated colors in 100% Viscose rayon with latex back.

# 2.99

EA.

ROOM SIZE

Beautiful Solid Color-Rayon Plush Pile

## ROOM SIZE 9'x12' RUGS

Viscose rayon plush pile rug with cushion foam back, serged on all four sides. Crystal clear solid colors of rose beige, spice brown, turquoise, Evergreen, Federal Gold, Red.

# 16.88

Solid Color—2 and 3 Piece

### BATH MAT SETS

3.99

Lovely Floral Screen Printed

### BATH TOWELS

77¢

Screen Printed Terry

### TEA TOWELS

3 for 88¢

Size 27" x 30" Birdseye

### TEA TOWELS

4 for 88¢

Lovely Garland Rose Damask

### LUNCHEON CLOTH & NAPKINS

Big 56"x76"  
6-17"x17" Napkins

# 3.99

SET

Fine combed yarns. Floral pattern cotton and rayon damask matched luncheon sets, white, Pink, Topaz, Ivory, Yellow, Aqua, Blue.

Fancy Floral, Nylon and Rayon Filling

### BEAUTIFUL COMFORTER

Size 72"x84"  
Pink, Blue, Melon

# 4.99

Fancy floral rayon French crepe top, solid color bottom. Lightweight warmth, nylon and rayon filling. Colors, Pink, Blue, Melon on White grounds.

Here Is Extra Quality at Big Savings

### BIG 72"x90" BLANKETS

Special Low Price

# 2.99

Big savings are yours on these slight imperfections of much better quality blankets. Every one guaranteed to your satisfaction.
