Borger Rallies To Win 6-3 Play Here Friday Night

Borger Pony League All-Stars came from behind by sco-balls. Robinson was the only ring five runs in the bottom of the sixth to record a six to three win over Littlefield's Pony League representatives in the first of a three game playoff.

Royce McAdams had held the winners to only two hits and one run through the first five innings before being replaced in the sixth, after Randy Thomas led off with a walk and Randy Cornelius singled.

Green Underwood replaced McAdams and when the first hitter grounded back to him Underwood threw wild to second allowing the tying run to cross the plate. After getting one out, Underwood walked Steve Rose and was replaced by Bobby Wood.

Wood struck out the first man to face him but then gave up two consecutive singles before Pat Duffy finally put out the fire.
Lynn Kelly went all the way
for the winners giving up only
two hits while striking out 17

batters. The winners scored in the first on a homer by Larry Hup-fine, but the losers came back

to score two in the third for a Gary Pirkey led off the third

field fence to tie the score, Then Randy Walker walked and came around to score on two passed

Littlefield made it 3 to 1 in the fourth when Gary Robinson singled for the losers last hit

City Property At

Conservation Office Gets Soil Funds

The local Lamb County Soil Conservation office has re-ceived an allotment of \$60,000 for the Great Plains Conservation Program funds for fiscal

These funds will be obligated in contracts with farmers to carry out soil conservation programs on the great plains.

Under the program a farmer can receive up to an average of \$2,500 a year as the Government's share if he decides to participate in the soil conservation program. The minimum contract is for three years with a maximum of ten.

Last year 19 contracts were inaugurated by farmers in this area. The program gives the farmer a guarantee cost sharing to complete his conserva-tion plan. The farmer is also aided in working out a proposed soil plan before he enters into

A BIG IMPROVEMENT -- With the cooperation of the Santa Fe Railroad the north end of Phelps Ave, across Delano is looking better each day as the land has been landscaped

and better than 40 trees planted in the property owned by the railroad. The railroad has leased the property to the city at the cost of one dollar per year.

Snyder - November 12

Alex H. McGlinchey, Governor of the North Texas Optimist District was the featured speaker as the Littlefield Optimists Club was host to members of Optimists clubs throughout Zone at the Crescent House Sunday

from Lubbock, Plainview, Levelland and other clubs heard McGlinchey outline the pro-grams for the Optimists and give details of the National convention in New Orleans and the

Other honored guests included the Lt. Governor of the district Russell E. Wimberly, Roy Hobby, chairman of the Young Committee and sidents of the clubs within Zone

the Attorney Generals confer-ence also attended the meeting at which the clubs outlined their expected goals for the 1965-66

the most factual publication of rise, not only with the boys who its kind in the state, and this year's edition is no different, however, we were grossly dis- | and will be backed up with altown folks as well, marked by appointed with the mention giv- most identical speed and power

> Coach John Howle said he feels the magazine might have been kind to his crew, in that they are not considered strong contenders, to be picked to win is tantamount to being knocked off before you begin. The experience and speed of this year's crew could help carry the 'Cats much higher than first appearances would indicate. According to Howle the 1965 team will be built around the speed and experience of fine performers such as Steve Lewis, who is expected to land the starting quarterback slot. A 170 pound senior letterman, who has fine speed and good moves from the down-under spot, his speed and ability of ball handling, coupled with a good passing arm should be a strong factor in the 3AAA race, starting in September.

Behind Lewis, Howle is counting heavily on 160 pound senior speedster Larry Schovajsa, and senior Jimmy Burk to provide inside and outside speed, in the case of Burk, the threat of the halfback pass. Power will be

Sudan Resident Contest Winner

Mrs. Edna Dent, 401 Bosen Street, Sudan, was the grand champion winner in the seventh week in the "Weekend in the Rockies" contest sponsored by Littlefield and Sudan merchants and the County Wide News. She and her husband Jinks

have farmed in the Sudan area for the past 39 years moving here in 1926. The winner stated that the Lumpkin Food in Sudan, where she was the preliminary winner to qualify for the final drawing, was the only place where she had registered, but she said,

"I have been registering every week but did not ever expect to win." The contest, which has three more weeks to run entitles the winner each week to a free weekend at a mountain resort or hotel, including meals and

accomodations for a family up to and including five persons. The eighth week of the contest is now in progress at the participating merchants' firms and the preliminary winners will be drawn at each of the stores tomorrow, and published

day's County Wide News. Everyone over the age of 21 is eligible to enter the contest which has no gimmicks and no necessity of purchasing anything when registering.

in their advertisement in Sun-

With the start of football tick of the Texas Football mag- supplied by big Charlie Powell, practice only three weeks in the azine, considered by many to be a 185 pound senior, who saw most of his duty last year going up the middle. These four are

expected to land starting roles. Tim Tapley. 170 pound junior track man, who in all likelihood will see duty both ways this year, his mate. Denny Walker, another junior with three years of football know-how under his belt. Powell can expect adequate help from junior, Fred Koontz,

ation and desire. The 1965 edition of the Wildcats' backfield will be rounded out with the outstanding help of last year's freshman team, which includes Mike Grissom, expected to see duty at the quarterback post, fleet footed Richard Wright, 155 pound halfback up from the 1964 freshman group.

a 170 pound fullback, who makes

up for his weight, in determin-

These are the performers on which the Littlefield coaching staff is depending to carry the backfield chores this fall. Howle's staff feels the experience of Lewis, Schovajsa, Burk, and Powell will be the basis of our backfield's success, and in the event of an injury to one of these expected starters, the bench strength of Tapley, Walker, Grissom, Conway, and

Koontz can mean a great deal. While the Wildcats will not have great weight up front in 1965, averaging 175 from end to end, they are expected to give their foes serious worries with their mobility and speed.

Coach Howle, is expecting great things from Mack Mangum, 170 pound junior center, who is called by his coaches one of the finest blocking centers to come out of Littlefield High School in many a moon. Mangum's offensive ability is, if anything, exceeded by his defensive powers. His fine pur-suit, and ability to see a play coming, before it begins, were great helps to last year's defensive unit, and coaches are expecting the experience to add to his effectiveness.

Flanking Mangum will be guards Al Mann and Dale Thompson, both seniors. Mann at 165 will be one of the lightest linemen in the chase, but his pursuit and speed will make him a stellar performer. Thompson is expected to battle 180 junior Ed Blessing for the right guard post, but experience and blocking ability could well give him the edge for the starting assignment, Blessing, who as a sophomore last season, sawhis share of action will give the 'Cats valued depth at the guard post where he will be joined by several freshman and B-team

Tackles will be plentiful on (See WILDCATS, Page 8)

graduates.

Charges Name Chief, Assistant Chief, Sergeant

Joe Condren, former Little-field police officer, has filed a civil suit in District Court on behalf of his son Tommy, against Police Chief Flager Fitzgerald. Assistant Chief James Cox and police sergeant Jerry Collins, asking for up to \$77,500 in dam-

The suit alleges that on July 3 the Condren boy was arrested without warrant at about 5th and Lincoln in Littlefield by a police officer acting under orders of the defendants and that he was detained without consent and will and was imprisoned in jail.

It further alleges that the arrest was not lawfully made under provisions of any valid city ordinance and the plaintiff was not violating state law or stature.

The suit also alleges that the imprisonment was unlawful and the result of conspiracy of the defendants to imprison him at the first opportunity. That the defendants formed an agreement for concerted action to arrest him and which conspiracy matured into action which inflicted injury upon him, that is false arrest on or about July 4.

Item four of the suit states that "as a result of the arrest the boy suffered humiliation, fright, pain and was held up to public contempt and ridicule. As a result, - he a recover-

ing polio victim - has suffered and is suffering from a nervous condition." As a result his record and reputation as a peaceful and law

abiding citizen was injured and that he is entitled to judgement of the Court of \$2,500 for humiliation, pain suffering and ridicule inflicted upon him by reason of wrongful acts of the defend-

The Plaintiff further alleges in the suit that he is entitled to defendants, jointly or from each of them, because this conspiracy which resulted in his arrest was wrongful, willful, intentionally performed and in gross disregard of his civil rights and liberties, entitled to an award of punitive damages in the sum of \$25,000.

According to police records, the arrest in question was made at 1:35 a.m. the morning of July 4 near the intersection of West 5th and Ripley with officer Charles Hensley making the arrest.

The Condren boy, 18, was charged with profanity to a police officer. He pleaded not guilty to the charge and was released on \$50 bail since 10 a.m. July 4 while awaiting trial in Corporate Court.

When asked why he stopped the Condren car Hensley stated that with a sharpe rise in vandalism in Littlefield just prior to the fourth, the police had instituted a policy similar to a curfew after midnight and telling teenagers of the policy when they were stopped. had already told Condren about this policy on a previous occasion, and that night when I told him again and that he should go home, he used profanity and threatened me to go to Levelland," Hensley stated.

With Chief Fitzgerald out of the city and unavailable for comment, Assistant Chief Cox affirmed Hensley's statement regarding police policy. Cox also denied the conspiracy charge stating, "We have never given orders to get the Condren boy or anyone else, and the first time I heard about a conspiracy charge was when I was served with the papers."

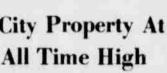

Cox further stated that he was off duty the night of the arrest and was notified around 3 a.m. by Sgt. Collins that Tommy

Condren was in custody.

At 8 a.m. Sunday, Cox contacted Corporate Court Judge Robert Barton who set bail at \$50 and then released him to his parents at 10 a.m. Sunday.

Sgt. Collins also vigorously denied the conspiracy charge stating, "Nothing was ever said in my presence concerning getting Condren. In fact I took the Condren boy all the way home to Levelland only a few nights earlier when I saw him walking along the side of the road at 3 in the morning. I told him about the police curfew policy at that time and also on an earlier occasion when he was at my

When contacted Tuesday evening. Joe Condren, the plain-tiff's father, declined to make a statement at this time.

The addition of the million dollars will mean an increase of nearly \$12,000 in tax receipts for this year.

and boll weevil control.

Roy Forkner, president of the twenty-three county cotton pro-ducer organization, has announ-

bably be approved in the \$250,-000 range. Covering the fiscal period July 1, 1965 through June to textile mills, advertising and promotion of High Plains cotton

sidered on the House floor in early August.

and a study of latest developments on cotton legislation will top the agenda at four o'clock today, July 29 when directors of Plains Cotton Growers, Inc. meet at the Johnson House in Lubbock.

PCG Directors To Adopt

ced that the budget will projor expenditures will be agricultural and technical services

The legislative report will be brought to the forty-eight mem-ber board by Donald A. Johnson, Executive Vice President of Plains Cotton Growers, who has spent much of the past few months in Washington, Johnson states that the PCG Board of Directors has adopted legislative principles in direct opposition to many of the provisions now contained in the propsed "Cooley" bill, and that all possible influence is being used to secure more acceptable legislation. The "Cooley" bill, proposed by Representative Harold Cooley (D. -- N.C.), is contained under Title IV of H.R. 9811. the omnibus farm bill recently reported from the House Agriculture Committee. The bill's cotton provisions, almost universally opposed by cotton pro-ducers, call for a low government loan level and direct compensatory payments to farmers. H.R. 9811 is expected to be con-

The PCG Finance Committee, of which M.A. (Rip) Elms of Littlefield is chairman, will meet prior to the board meeting and formulate its budget recommendations to the Board.

Funds for Plains Cotton Growers operations come primarily from cott a producers in the form of 15 cents per bale dues, with supplementary funds from gins, oil mills, compresses, banks and other agri-business on the Plains.

The meeting is open to all dinner will be served at six

District Court Jurors Selected

A Petit Juror list of 72 persons has been selected to report to the 154th Judicial District Court at 1:30 p.m. Monday

Twelve criminal cases are on the docket to be heard by District Judge Pat Boone, Jr., dur-

ing the week. Included among the cases scheduled is one murder without malice charge against Roosevelt Sloan in the November shooting of Elret McLaughlin near Sudan last November.

Two defraud cases, an assault with intent to murder, and one each for fraud with securities; passing a worthless check and removing mortgaged property from the state are included on

the docket. The list of prospective jurors is listed on page 9 of today's issue of the Leader.

OPTIMISTS ARE HOSTS -- The Littlefield Optimist Club was host Sunday afternoon to Optimist Clubs throughout the area as the Zone "C" meeting was held here. Pictured above are presidents and officials of some of the many clubs attending the meeting. Front Row (L-R) H.D. Collins, Southwest Lubbock;

Lamb County residents who are members of the South Plains Genealogical Society are, Mrs. Elzey L. Hobbs, Littlefield; Mrs. Jo Morris Chester, and Mrs. Naomi B. Cooner, Olton; and Mrs. R. C. Williams, Rt. 2, Sudan,

Everyone interested in genealogical and historical research is invited to attend, announced Mrs. R. P. Swofford, president of the organization,

Reference books, maps and other materials helpful in tracing family lineages will be supplied from the library of the genealogical organization and by its individual members. No formal program is planned in order that those attending may use as much time as possible in research among the historical materials provided for the two day event. Lineage charts, family group sheets and other record forms will be available for purchase.

No admission fee will be charged but participants will

have the opportunity to contribute to the SPGS library fund as a way of helping purchase books for use at future work-

Among the books for use will be some forty DAR Lineage Books from a recent extensive gift of books to the South Plains Genealogical Society by Lub-bock's Nancy Anderson Chapter. Daughters of the Americal Rev-

Refreshments and dining fa-cilities at the Center will be available for persons attending the workshop who wish to bring sack lunches or covered dish meals, Mrs. Swofford said,

Students Leave For Council Meet

Four officers and the sponsor of the 1965-66 Littlefield High School Student Council left Saturday for Abilene to attend the Texas Association of Student Councils Workshop being held on the campus of Hardin-Simmons University, July 25-30. Those attending are Randy Hutson, president; Gary Lee Bradley, vice president; Marsha Phillips. treasurer; and Mert Naylor, social director. The group is sponos red by Mrs. B.T. Kisner.

The agenda includes general sessions, council meetings, a volleyball tournament, track meet, banquet, talent contest, and one afternoon at Lytle Lake.

The purpose of the workshop is to train the delegates how to solve many problems that face high school councils.

The Littlefield council has also been chosen to participate in this year's program. They will lead the Pledge of Allegiance at the first general session on Monday night and will give the devotional on Tuesday

Walls Have Played Interesting Part In History Of Man

Since the time a suspicious queen built "ears" into walls, people have been saying that "the walls have ears." And whether they close you out or keep you in, walls have played an interesting and entertaining part in man's history.

secrets and plots!

One of history's most famous walls was built of stone in 246 B.C. The Great Wall of China winds on for a length of 1500 miles, and averages 25 feet in height and from 15 to 30 feet

land, extended 80 miles, and was called the Roman Wall since Roman conquerors built it to keep out the invading Picts, a fierce British tribe, Some people refrer to it as Agricola's Wall because a man named Agricola built its south bank; others call it Hadrian's

Whereas walls once were built to keep out the enemy, they now invite the visitor in, Modern homeowners and arch-

itects use texture and patterns of building stone to make walls Another wall, this one in Scotcontrast with the entrance to the home...or use walls leading toward office buildings' entrances to focus attention on the doorway. Today, stone walls tell the visitors, "We remember the importance of beauty even though our plant is built for efficiency"--low decorative walls in front of manufacturing plants provide a framework

> ern facilities. Owners of home, whether in the country or the city, use walls of sandstone, quartzite, granite, marble, limestone and slate to say, "We love the out-doors." They use extensions of rugged outdoor walls in the living room, or even in a closed room, to take advantage of

of traditional interest for mod-

it near Agricola's section.

stone's natural beauty.
Or, to say, "We love the classics," homeowners use polished marble--it's among the many kinds of stone available in many touch-inviting surface textures thanks to new methods of quarrying and cutting, Building stone comes in a wide range of colors, in pre-cut, econo-mical sizes that are easy for do-it-yourselfers to use in constructing decorative walls.

Don't "hang by the wall"---

that means you're neglected. And if you "go to the wall." you're in worse trouble--people treat you as if you're dead! Fortunately, you can redeem yourself by "giving the wall," being courteous; this expression derives from the 18th century practice of allowing someone to pass you on the pavement on the side away from the gutter.

If you don't want to be seen, walls keep out eyes; decorative stone screens are so attractive, no one can take offense at your desire for privacy. And if you want people to enjoy coming in and sitting around your barbe cue or pool, bench-height stone tree-wells do the trick--they add beauty to the area, and act as retaining walls for earth around trees as well.

Walls, like fences, are to keep animals in or out; but for man, they are never anything more than an indication of what is desired. And walls are to romance by: any garden wall provides a refuge and an invitation to pause and talk.

So whether you think of old England, ancient China, or the eavesdropping Queen of France, one thing for sure, and Shakespeare said it; walls "take the -- the place of honor.

normal,

The nearsighted or myopic eye is usually longer than the average normal eyeball. Rays of light from a distant object focus in front of the retina, or seeing coat inside the eye, instead of on it. Vision for near objects is clear but dis-

tant objects are blurred. There is no cure for nearteaness, Glasses usually will correct the problem and permit relatively normal vision.

Even in healthy children, nearsightedness usually in-creases during the most active growing period because the eyes also grow larger. After full growth is attained there is usually no further reduction in vision for distance.

Today's Health, the magazine of the American Medical Association, says that activities that are good for the normally sighted child are good for the healthy myopic child--plenty of fresh air, routine play and exercise to the point of normal fatigue, working in well-lighted rooms and eating a sound diet.

Some cases of myopia are seriously progressive and may be associated with disease. Fortunately, seriously progressive nearsightedness is now rare in

the United States. Myopia is corrected with concave lenses. These glasses are thin in the center and thick at the edges, causing the rays of light which focus in front of the retina to diverge and strike the retina, thus making the image clear. In middle or old age nearsightedness may im-prove slightly because the eye

by the Comptroller of Public Accounts of the State of Texas on June 1, 1966, and fifteen per cent (15%) of such funds shall be allocated by said Comptroller on June 1, 1972, based on the following determinations:

"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases

needed in educational and general facilities by such eligible state institution to meet average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-

two).
"(3) All of the funds allocated on June 1, 1972, shall be allocated to certain of the eligible state institutions based on determinations used in the June 1, 1966, alloca-tions except that the allocations of fifty per cent (50%) of the funds allocated on June 1, 1972, shall be based on projected enrollment increases for fall 1972 to fall 1978, and fifty per cent (50%) of such funds allocated on June 1, 1972, shall be based on the need for additional square feet of educational and general facilities.

eral facilities. "Not later than June first of the beginning year of each of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Gent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each sucnot later than June first of the sixth year of each suc-ceeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determina-tions for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall

not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Rev-enue Funds. The State Comp-troller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation in-curred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution cated to any such institution. Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the

qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:
"FOR the Amendment to
Article VII of the Constitu-

Article VII of the Constitu-tion of the State of Texas by amending Section 17 there-of, providing a method of payment for the acquiring, constructing and equipping buildings and other perma-nent improvements at cer-tain state institutions of higher learning."

higher learning."

Schrimsher, Littlefield, is heralded as one of the most acknowledged pulpit orators. He has preached in the most famous pulpits in the world including the First Baptist Church, Rome; Spurgeon's Metropolitan Tabernacle, London; First Baptist Church, Dallas; and Calvary Baptist Church, New York City.

He is a famous convention speaker and has been quoted by Time, Life, and Newsweek, as well as scores of religious peri-

Nicholson is a layman who has been giving full-time service to Music Evangelism for 19 years. Eddy is the composer of the hymn, "Try Jesus, Man of Galilee", and is a recording artist for RCA Victor.

Organist Bob Anderson is one of the few in the world who plays the organ and piano together proficiently. He is a recording artist as well as a radio and TV performer.

The Starlight Crusade is open to the public and the nursery will be open for all services.

Peace Corps To Test August 14

An opportunity for Lamb County area residents to offer abilities to the Peace Corps will come at 9 a.m., Saturday, August 14, at the Littlefield Post Office. The opportunity is the Peace Corps Placement Test, which

is not passed or failed and you can't study for it. It measures general aptitude and the ability to learn a language. If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an English-speaking area, The test is used by the Peace Corps only as a tool in the matching of Volunteers and jobs. The of Volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps ser-vice. It must be filled out and brought to the exam unless previously submitted.

Applicants should plan on about one and a half hours at the testing centers, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

SAFETY DEVICE -- In order to combat the growing me accidents involving slow-moving vehicles, a safety emis-been developed to alert motorists approaching from being emblem, shown mounted on the rear of the above tree brillantly colored for quick recognition either in daying night. A comprehensive program to encourage use of the state by farmers and others who operate slow vehicles and to the public with its meaning is being coordinated in Term Texas Farm Bureau Safety Department,

Safety Device For Farm Vehicles Being Developed

A comprehensive safety pro-] gram being inaugurated in Texas and other states could sharply reduce losses of life and property caused by rearend collisions with slow-moving vehicles on public roadways,

Farmers, contractors, and others who operate vehicles at speeds under 25 mph can use simple, inexpensive warning device to alert motorists in time to slowdown, Developed through extensive research at the University of Ohio, the brilliant two-colored triangular symbol is endorsed by the National Safety Council, American Society of Agricultural Engineers, Automotive Safety Foundation, and

other groups. An educational program aimed at developing widespread use by farmers and other operators of slow vehicles and acquainting the general public with its meaning is being coordinated by

the LHS campus this fall as the Wildcats will begin the campaign with four seniors vying for the starting roles. Randy Hutson, 175 now looks to be Coach Howle's choice for the left tackle spot and Danny Chester, the heftiest of the 'Cats at 195, should get the call for the right side slot. Battling with Hutson and Chester for the starting tackle posts will be senior James Black, 185 punting specialist, and 185 pound senior Mike Perkins, still another lineman letter winner expected to make the battle for the starting post lively.

The starting eleven is rounded out with junior end Phillip Pace, a 170 pound performer who saw only limited action at the end post last season. The right side of the line is anchored by Wilmer Williams . another junior whose playing weight is listed at 175. Last year Williams gave a good accounting of his ability all season, and if this year's plans pan out it's an even bet his role in the 'Cats success search will

To these probable starters can be added weight, speed, desire, and ability from the freshman and B-teams of a year ago, Kevin Hutson, Randy Birkelbach, Rickey Kloiber and Richard Wright plus Gary Conway are expected to give adequate bench strength and support to the starters. For right now these are the

Wildcats for 1965. It is expected some will be added and others dropped, yet all in all you can look for the 'Cats to be ready September 10, and for speed, depth and experience to be the Key to Littlefield's Locker.

IMPORTANT ADVICE FOR SENIOR CITIZENS.

The ageing process can cause hardening of the arteries and liver. Elderly people are more subject to arthritis, heart trouble, bronchial coughs, prostate and bladder troubles.

If you will immediately visit your physician at the very first signs of such troubles, the odds are you will not only get relief from distress, but also learn how to take care of yourself and live a longer, healthier life. We now have sustaining medicines to keep ageing allments

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

600,000 gallons of water.

The pollution of our air and water is something we can no longer afford. Your State Health Department has air and water quality surveys and other programs across the State.

But you was an individual have an important part to play. Support pollution control programs in your community, and think twice before you dump trash into your air or water.

Rogers Appointed To Committee

Lieutenant Governor Preston Smith yesterday announced the appointment of Senator Andy Rogers of Childress to the interim Committee on Faculty Compensation in State-support-ed Colleges and Universities,

The study group was authorized by resolution during the recent legislative session, Senator Rogers was co-author of the measure. The Committee on Faculty Compensation will examine existing security benefits for teaching personnel and staffs of state-supported institutions of higher education as they compare with similar benefits in other states and with such benefits provided by government and industry. Findings and recom-mendations will be reported to the Governor and to the 60th Legislature which meets in 1967.

Rogers has been a member of the State Senate since 1953 and prior to that served two terms in the House of Representatives, beginning in 1949. During the 69th Legislature this year he was chairman of the Senate Committee on Agriculture and Livestock, vice chairman of the Constitutional Amendments Committee, and a member of the following additional standing committees: Education, Finance, Game and Fish, Military and Veterans Affairs, Nominations, Public Health, State Affairs, Transportation, and Water and Conservation,

Water Sports Deaths Decrease

Deaths from water sports, following a disastrous Fourth of July holiday period spurt, slumped sharply in Texas, on the basis of reports to the Texas Parks and Wildlife Department.

For the two weeks period the overall toll was 18 compared to 24 for a similar preceding period.

J. B. Phillips, coordinator for law enforcement whose filed staff helps in emergency work, said several persons were rescued, notably a Corpus Christi young man. He broke his neck diving into the Nueces river and striking bottom with his head. An alert companion, noting that the man did not surface, got him out barely in

Of the fatalities only one was an angler. He stepped into a hole while fishing for crabs near Grange.
Ten drowned while bathing.

Seven perished in boating accidents.

Three double fatalities swelled the total. Two Barrett Station youth drowned in a sand pit near Houston. A man and his wife died when their small boat capsized in Alice reservoir. Two San Antonio youths drowned mysteriously, apparently when their boat upset in a farm pond.

REMEMBER- WHEN PULLING A LOADED TRAILER, YOUR CAR TAKES LONGER TO STOP OR ACCELERATE, IS HARDER TO CONTROL. BE SAFE - ADJUST YOUR DRIVING!

August Worst For Auto Deaths

More motor vehicle deaths occur in August than in any other month, the American Insurance Association points out. In 1964, 4,810 persons died in car accidents during August, almost four per cent more than in

October, the next most dangerous month for driving. According to the Association, er.

the high total for August is attributable mainly to the large number of vacationers who take to the roadways during that month. If you plan to be among them, the Association advises, observe all the rules of driving safety and most important of all, don't overload your car or trail-

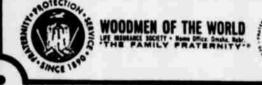

ONE HOSPITAL BENEFIT PLAN FOR **YOUR ENTIRE FAMILY**

Every member of your family can be covered with a Woodmen of the World Hospital Benefit Plan. And you don't worry about paying for the ex-tras. You get the benefits you select, no matter what your hospital bill is or what other insurance you may have. Plus, you get convalescent home care benefits, a flat allowance for maternity, a lump sum for dismemberment or loss of sight, and a lump sum — thousands of dollars — in case of accidental death. And the plan is renewable for life.

Make a quick call to ask about this hospital benefit plan, and also esk about Wood-men of the World's social and fraternal benefits.
