"HERE'S YOUR FAVORITE PIE" says Kelly Hampton to her father, David Hampton, as they attended the annual Girl Scout Father-Daughter pie supper Monday night at the Community Center. Before the pie was served, approximately 200 who attended were entertained with skits and songs presented by the various Scout and Brownie troops.

FOR ALL COUNTY EMPLOYEES

Retirement Plan OK'd

Measure Adopted By Majority Vote

By a 2-1 vote the Lamb County Commissioners Court Monday ordered the county to enter the Texas County and District Retirement System.

This means that effective Dec. 1, 1968, all employees of the county will come under a joint participation retirement plan never before in use here.

In a warmly debated public hearing Monday morning, the measure was passed on a motion made by Precinct 3 commissioner Roy Yeager and seconded by Precinct 4 commissioner Hubert Dykes. Precinct 1 commissioner A. J. Spain cast the dissenting vote. He has been unyielding in his opposition to the proposal since it was first introduced into the court approximately one year ago.

Spain voiced his opposition to the plan in a letter to the editor of the Leader-News which was printed in the edition of Thursday, Nov. 7. His objection is based upon the contention that the plan overly favors the county official entrenched by longevity and age at the expense of the newer employee and the taxpayer.

Of the estimated 40-50 persons appearing at the hearing approximately half were from Precinct 2, whose commissioner Henry Lewis was absent due to serious injuries in a car accident received in early September. They sought a postponement of a vote on the measure until such time as they could be represented on the commissioners court.

Their arguments did not prevail, however, as the court decided that the matter had to be acted upon at that meeting.

Following the first order placing the county in the retirement system, a second motion was made by Yeager and seconded by Dykes to make the effective date of the plan Dec. 1, 1968. The motion passed with exactly the same vote as on the first motion.

IT'S NOT OVER UNTIL THE COUNTING'S DONE AND CHECKED--The Lamb County Commissioners Court is shown in session Monday as they canvassed the county vote in the Nov. 5 general election. The tally was approved and certified with minor corrections.

Left to right the court includes Judge G. T. Sides, presiding; Roy Yeager, Precinct 3; Charles Jones, county clerk and recorder; Hubert Dykes, Precinct 4 and A. J. Spain, Precinct 1.

Historical Grave Marker

Early Lamb Sheriff Will Be Honored Here

Texas Historical Marker will be placed at the grave of a former Lamb County sheriff in Littlefield Sunday.

Official ceremonies beginning at 3 p.m., the marker will be placed at the grave of Franklin A. Loyd in the Littlefield cemetery.

Loyd was sheriff of Lamb County from 1935 until he was fatally wounded by a man he was attempting to apprehend on Oct. 19, 1937. He died two days later of the bullet wounds.

His wife served the remainder of his term as sheriff, and she moved to Dimmitt to teach school. She is now retired there.

The inscription reads: Franklin A. Loyd, March 6, 1887-March 21, 1937. Born in Matague County, and took office as Sheriff in 1935. Served with honor until mortally wounded in line of duty. Buried here. Mrs. Grace Owen Loyd served the remainder of his term. He was the father of his children.

According to a law enforcement officers magazine, Sheriff Loyd was conscious until his death and one of his last requests was that his assailant be given a fair trial.

The assailant was a Negro named Sheriff Loyd had attempted to arrest on suspicion of bootlegging.

Before being elected Sheriff of Lamb County, Mr. Loyd had been a merchant, civic leader, a church deacon, a Mason and a school board member in Lamb County.

His life's main achievement--that his children get to attend college--was realized after his death. Mrs. Loyd and seven of the children attended Texas Tech, while a daughter attended Hardin-Simmons University.

Together, they earned five bachelor's degrees and two master's degrees.

One of the Loyds' sons was Owen T. Loyd, who died in 1953 while serving as principal of Dimmitt High School. He had been principal there, and his mother a teacher, since the early 1940's.

The other children are Tom Loyd of Lubbock, Mrs. Silva Adams of Lubbock, Mrs. Doris

FRANKLIN A. LOYD

Hair of Hereford, Mrs. Lucille Bley of Olton, Mrs. Wilma Colbert of Brownwood, Aubrey Loyd of Borger, and Mrs. Jeanne Cryer of St. Joseph, Mo. The marker honoring Sheriff Loyd is one of a series in Texas that will record the deeds of the state's lawmen from the days of the Republic to the present.

Windmill 'Closer'

The "world's tallest windmill" project for Littlefield is one more step closer to completion, reports John Clayton, project chairman.

The fan to top out the windmill tower, which had already been obtained, has been purchased from a hardware and building supply firm in Sudan, Clayton announces.

The fan is approximately 12 feet in diameter and will be mounted on a short sub-tower at the top, bringing the total height of the structure to 105 feet.

"The main difficulty now is to procure the rig builders necessary to erect the tower," Clayton said. "With oil companies no longer erecting the old well towers, rig builders are getting mighty scarce," he added.

Clayton said he is on the trail of the necessary people in the Levelland area, and hopes to have them on the project soon. He estimates that the foundation laying will take approximately two weeks.

Cost of the retirement program has been estimated at \$10,000 to \$15,000 per year to taxpayers of the county, and a like amount from county officers and employees.

He pointed out that an official or employee who has worked for the county 12 years and reaches the age of 60, can retire under the system after having participated in the program only one month. He further contended that there is a strong possibility that the system will eventually bring about a raise in taxes.

On the other hand, the commissioners favoring the retirement system contended that Social Security alone is not sufficient to retire on in these modern days of higher living costs. That is the only present source of retirement for county employees.

Commissioner Lewis Dies

Henry William Lewis, 65, of Earth, Lamb County commissioner from Precinct 2, died in Littlefield Hospital at approximately 6 a.m. Wednesday. Lewis had been unconscious since suffering severe head injuries in an automobile accident near Earth Sept. 9. A complete obituary can be found inside.

M.B. Welborn Dies Of Heart Seizure

Myles Brantley Welborn, widely-known groceryman associated with Renfro Brothers Supermarket in Littlefield, died of an apparent seizure late Tuesday.

Welborn was stricken while at work in the store where he has been employed for over 39 years. He was pronounced dead on arrival at Medical Arts Hospital at 4:15 p.m. Tuesday.

Born at McKinney Nov. 28, 1907, Welborn came to Littlefield in 1929 and was employed by Renfro Brothers two weeks after they founded their store that year.

In his association with the public over the years, he made a host of friends and acquaintances.

Services have been tentatively set for 10 a.m. today in the First Baptist Church in Littlefield.

Welborn had just returned from a vacation in Richardson where he visited in the home of his son, Dr. M. B. Welborn, when he was stricken. Friends and relatives say that he had suffered several less severe seizures in the past.

Services have been tentatively set for 10 a.m. in the First Baptist Church in Littlefield. A complete obituary can be found inside.

Williams Pigeon Champion Of Annual Komorner Show

Jerry Williams of Littlefield took top laurels at the 4th annual Pigeon Show of the Komorner Kapital Klub held at the Lamb County Show Barns Saturday.

Grand champion of the show was Williams' Recessive young yellow hen, winner over all breeds shown.

The show was hosted by the local club and was held in conjunction with the American Komorner Tumbler Club of which it is a branch.

All birds shown here will be eligible to enter the national show to be held in Fort Worth in January 1969.

There were 13 exhibitors showing a total of 141 Komorner.

Those exhibiting included Jerry Williams, W. W. Fry, Larry Dempsey, Edwin McBride, Terry Jackson, Loy Dal-

ton and Bill Turner, all of Littlefield.

Also, John Tubbs of Cone; H. W. Mortenson of El Paso; Cecil Hill of Abernathy; Bobby Ivey of Lubbock; R. A. (Doc) Leonard of Spade and Fred Smith of Henderson, Ill.

Judging was done by Robert Seale of Shallowater.

Winners in the various categories of the show are as follows:

PAINTING PORTRAITS and figures was topic of interest Monday when the Art Club of Littlefield met in the Reddy Room to receive instructions from Dick Cheatham, art instructor at Texas Tech. Shown working on portraits

are Mary Myatt Hagler, foreground; Maurine Mercer, center; and Louise Bennett, background. The instructor used a slide projector to "pose" the picture on a screen for the artists.

IN SHOW--Jerry Williams of Littlefield proudly shows the pigeon that won for him the grand championship in the show hosted by the Komorner Kapital Klub in Littlefield Saturday. The bird is a Recessive young yellow hen, which took top prize over all birds of all breeds in the show.

**Anthony Store Slate
Founder's Day Eve**

It was 46 years ago that C.R. Anthony opened the first Anthony company store in Cushing, Okla.

This was the beginning of what is now a chain of more than 300 stores, including Littlefield's, located in 21 states and employing thousands of people.

To pay tribute to the company founder, the entire Anthony chain is staging a Founder's Day Celebration beginning today.

The Littlefield Anthony's store joins the event with a "Founder's Day Sell-A-Bration" today, Friday and Saturday celebrating the company's 46 anniversary.

The local store will be open until 9 p.m. each evening of the sale.

**Hospital Fire
Damage Light**

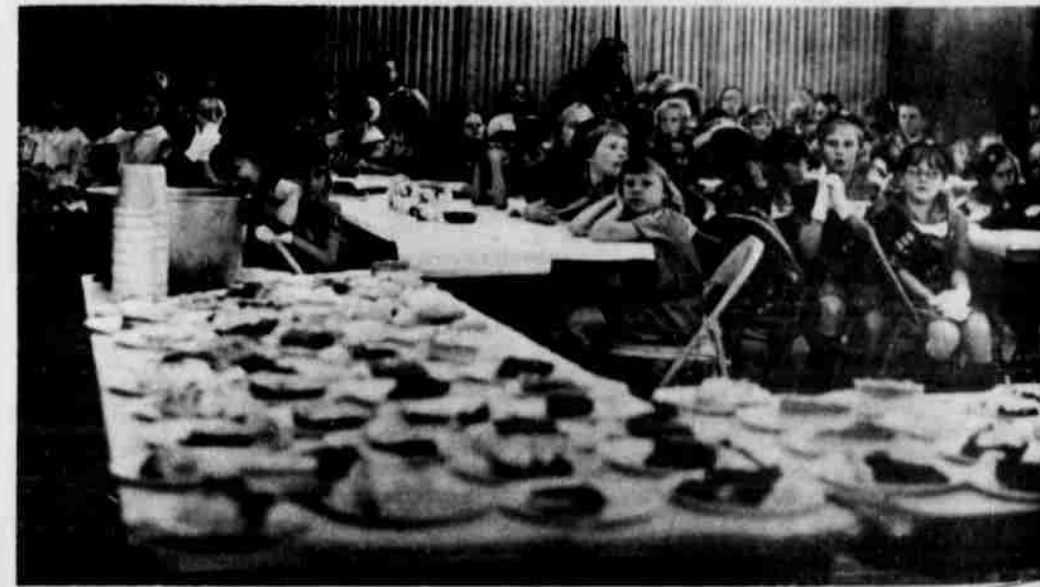

Minor smoke damage and inconvenience to patients and hospital personnel were caused by a mattress fire at Medical Arts Hospital Tuesday morning.

Heavy smoke from the fire in a room on the second floor made it necessary to evacuate several patients to areas away from the fire scene.

J. L. Kirby, fireman on duty, said that approximately 15 volunteer firemen answered the call at 2:50 a.m. He said the fire had already been brought under control by hospital attendants prior to their arrival.

Probable cause of the fire, according to the hospital manager and fire department personnel, was defective electrical wiring.

Firemen used electric fans to disperse the heavy smoke caused by the fire.

WoodWomen Conduct Meet

Ten members of Women of Woodcraft met Thursday night, Nov. 7, at Odd Fellow Hall. A short business meeting was conducted and members voted to buy dress material for Dorene Feagley and have the dresses made by Christmas. Her mother will forward them to her at Abilene.

The Christmas party for the Women of Woodcraft and Woodmen of the World and their families, was discussed. A committee from the two groups was appointed to decide a date for the party.

Alma Faye Carter reported guests attended the Halloween party, Oct. 26.

Officers for the coming year were elected. They are: Impress, Mrs. L. L. Carter; Duchess, Mrs. Jimmie Brown; Countess, Mrs. Doyle Dean; Hostess, Mrs. Jewel Baker; Secretary, Mrs. L. J. McCannles; Lady-in-Waiting Mrs. Ellen Yeary; Stewardess, Mrs. Mitchell Sisson; Trustees, Mrs. Benny Zahn, Mrs. Ray McKinney and Mrs. Merle Beard; Patriarch, Mrs. Frank Robinson; Captain of Honor Guard, Mrs. Marion Williams and Musician, Mrs. W. T. Jackson.

Refreshments of doughnuts and hot chocolate were served to the above names.

Retirement

Continued from Page 1

ment and age 60, or 30 years employment and any age, he is eligible to draw full retirement for the rest of his life.

Those employees who have reached one of these required steps and who wish to retire after Dec. 31, 1968, will be eligible for retirement for the rest of their lives after having paid into the program for one month.

Conversations with three county employees, all of whom were young and relatively recent in joining the work force, revealed that all were rather dubious about participation in the program. All were largely noncommittal and all insisted on remaining anonymous.

As of Oct. 12, 97 counties in Texas were participating in this retirement program and seven more were being enrolled in it, according to County Judge G. T. Sides, presiding officer at the commissioners court.

In other business, the commissioners court passed a resolution approving the dispatch of a telegram by Judge Sides on behalf of the court expressing hearty endorsement of a recent resolution by the Texas Highway Commission.

The resolution adopted by the THC strongly opposes the establishment of a new Part 3 to Title 23 of the Code of Federal Regulation (Federal Register). The new part 3 proposal concerns the alleged intrusion on state highway planning by the federal Department of Transportation.

The THC contends that the proposal would completely hamstring the state highway development program. The commissioners court, by its endorsement of the protest, has placed itself in full agreement with the state's stand in the matter.

Considerable time was spent by the court in canvassing county returns in the Nov. 5 general election. The vote count was approved and certified with minor corrections.

The court ordered \$1.25 per hour paid to each county election judge and worker and \$5 to each election judge for return of the ballot boxes.

RAINWEAR AND TEAR

Water repellent treatment on rainwear and all-weather garments now can be renewed by drycleaners.

NEW MINISTERS at Littlefield's Church of the Nazarene are Rev. and Mrs. Robert Clinton Whybrew, who come here from a church at Sierra Vista, Ariz. Rev. Whybrew is a native Las Animas, Colo., and has been in the ministry since 1948. He has pastored churches in Arkansas, Nebraska, Oregon, Idaho, Arizona, and now in Littlefield. Mrs. Whybrew is a native of Luroka Springs, Ark. They have two married daughters and one grandson.

ELDERS of Church of Jesus Christ of the Latter Day Saints left to right, Steven Meserve of Asheville, N.C., and Andrew Allison of Phoenix, Ariz., have arrived in Littlefield and plan to begin church services in Littlefield on Sunday mornings near future--time to be announced later. The Elders are working on their two years of missions in a self sustaining full time work, and will be visiting in homes. They will speak to groups who are interested in history and doctrines of the church. "Our church is the only church which claims to be living prophets, who speak today for the Lord as they did Bible times", Elder Meserve said.

EDITORIAL PAGE

This Is Littlefield

Littlefield has a ghost that will arise in the future to remind the community of its past.

The ghost is a golden anniversary time capsule buried on the lawn in front of the city hall July 6, 1963. It is to be exhumed the same date in 1983.

In the capsule are a number of letters from city officials addressed to their counterparts the year the capsule is opened. He was buried during the county's 50th anniversary celebration.

A community with a ghost it intends to keep buried for at least another 22 years...This Is Littlefield.

PAUL HARVEY

Lap Of Luxury

THE HOME OF TOMORROW will be unrecognizable by today's builders.

Development of new materials and know-how is such that there will be as many innovations in housing in the next 10 years as in the past 40.

None can deny or fail to appreciate the measurable progress since the 1920's. Electronic gadgets and construction materials have been made color-fast, sound-proof and lifetime durable.

INSIDE, APPLICATIONS of electricity have stabilized temperatures year-around or have afforded light of variable color and intensity in such fantastic gadgetry as TV, automated doors and heated floors.

Yet all the home improvements since your boyhood will be eclipsed in the home in which you may live just 10 years from today.

COASTAL CITIES will expand over water. Whole communities of upward of 30,000 people will "float" on water. Sheltered, air-conditioned towns will be as commonplace as roofed shopping malls are now.

By the time today's teen-ager buys a home, most of the building materials which he will use will have names which are not even in the dictionary yet. They will derive from petro-chemical research. They will include presently experimental adaptations of styrofoam, translucent plastic panels, fiberglass and polyester resins.

ONE INDIANA FIRM will pioneer in "spray-on houses." Experimental plastic foam walls are proving to have a higher compressive and tensile strength than concrete.

Plastic pipe, already proved practicable in homes, promises whole prefabricated lightweight plastic rooms for houses and multi-story apartments.

A RUN-DOWN AREA of Chicago's South Side is being replaced by a prepackaged community. An Indiana manufacturer of factory-built houses is installing a whole community of four-bedroom town houses complete with patios, street lights, parking and play areas.

Four-bedroom homes can thus be mass-produced to sell for \$14,500. Only \$400 down, with monthly payments covering principal and interest totaling only \$98.

Chicago Mayor Richard Daley says the house is placed on a site and made ready for occupancy in three days!

TOOLS NECESSARY to apply many new construction materials are themselves revolutionary. But eventually, inevitably, unions will remove tool restrictions.

Then, among other things, we will have single-slab spray-on seamless flooring.

NECESSITY MOTHERED most of these inventions. At today's wages we cannot afford to build houses one brick, one nail at a time.

Without mechanization and modernization, building today's house with the hand tools of yesterday would cost two to three times as much.

If progress temporarily displaces some building tradesmen, it nonetheless is bringing comfortable, safe, permanent housing within the reach of all Americans.

THE ABUNDANT LIFE

Industry Enriches

INDUSTRY IN PERSONAL behavior has always been a blessing. It has often brought desired accomplishment that seemed out of the individual's reach.

In fact, ordinary ability accompanied by industry surpasses great ability where there is a lack of industry.

SYSTEMATIC LABOR PRODUCES a kind of success and satisfaction that nothing else can produce.

The diligence in an employment or pursuit is the key to ultimate accomplishment. This includes one of our greatest rewards; the feeling of having done our best.

THERE IS MUCH that needs to be done, that is worth doing. In addition to what may be done, there is rich reward in the doing for those who will be industrious.

We must also accept the fact that no honorable work is too humble for us to do. The main need is that we be industrious. Rather than searching for ways to be idle, we should seek more useful work to do according to our ability and strength.

INDUSTRY DOES MORE for us than help us do our work. It is probably the best help we have in maintaining good mental and emotional balance. Barrow said, "An hour's industry will do more to produce cheerfulness, suppress evil humors, and retrieve one's affairs, than a month's moaning. It sweetens enjoyments, and seasons our attainments with a delightful relish."

THE OPPOSITE OF INDUSTRY is idleness, and as industry enriches, idleness impoverishes.

We must turn away from idleness, and accept the value of industry. This viewpoint is strengthened by the Divine instruction,

"Whatever your hands find to do, do it with all your might." Our Creator has elevated the importance of being industrious with the exhortation, "Be not slothful in business."

LIFE HAS MUCH THAT IS GOOD to give to those who are willing to work for it. Here is a truism, the truth of which has been demonstrated repeatedly.

"The soul of the sluggard craves and gets nothing, while the soul of the diligent is richly supplied."

THERE ARE MANY REWARDS awaiting those who are diligent in their labors. One of the many rewards is the much-to-be-desired peace of mind. "Sweet is the sleep of the laborer, whether he eats little or much."

We are impressed with the fact that industrious people established our way of life, and that industrious men and women of each succeeding generation have maintained it.

Industrious people are building our communities, operating our schools, our churches, our business enterprises, our farms, our homes, and doing everything else that is important and worthwhile.

WE SEE EVIDENCE that there is a growing aversion toward the industriousness that is so essential to human well-being. This is a dangerous threat, because it is a subversive influence.

To whatever extent people downgrade industriousness, they close the door to meaningful living experiences.

THE SLOTHFUL AND INDOLENT are parasites, or worse, who do not do their part or carry their share of the load. More than this, they miss the whole point of living.

YOUR DAUGHTER'S record player blares dozens of records all day long. Your son makes constant requests for more "date" money. These "minor" annoyances can indicate serious financial irresponsibility on the part of your children! By placing them on a budget based on a weekly allowance (rather than haphazard handouts), you will be helping yourself in the short run--and teaching the youngsters a valuable long-term lesson.

THE FIRST STEP, say experts at the National Consumer Finance Association, is to establish the allowance.

Explain to your child why he needs a budget, and let him get into the act. Ask him to draw up a list of his weekly expenditures. A youngster likes being treated as an adult, and if you handle the budgeting as a lesson in life, rather than punishment, he won't resent it.

IT MIGHT BE a good idea to discuss each item with him to see if all his expenses are necessary.

By limiting his "incidental expenses" to just enough for a weekend show or a new record or magazine--and holding the line firmly--you will be forcing him to keep a careful watch on his cash while allowing him some latitude and choice.

But be sure to allow adequate money for lunches, carfare, school supplies, and church donation.

A FIRM POLICY on allowances benefits your youngster and saves wear-and-tear on your wallet.

When your child has a "crisis"--he'll need more money than you give him.

Try not to succumb to his "doe-eyed" pleas for more than he's due--but suggest in advance several ways for him to build up emergency funds.

MAKE SURE HE KNOWS some sure-fire methods of earning "extra income". It doesn't have to be a 9 to 5 job--maybe just little chores.

Babysitting, lawnmowing, or dishwashing, for you or a neighbor, are some good examples of work he can easily do.

ENCOURAGE HIM TO SAVE. Give him a short-winded but farsighted lesson in banks and interest, and open a savings account in his name.

Eventually, the account can be used for college or as a "nest egg".

Parents can deduct certain deposits made in a child's savings account from their taxes under the Uniform Gifts to Minors Act.

Don't insist that your child save ALL his money; financial experts say he should have practice in spending as well!

A THIRD WAY in which your child can conquer a "crisis" will teach him about credit. Give him a small loan--and as he pays it back, deduct a token interest from his allowance.

This will teach him that to establish credit he must also ESTABLISH his reliability. Fatherly credit given to a child will show him he can have what he wants NOW by paying for it as he uses it.

LOANS, SAVINGS ACCOUNTS, and "moonlighting" won't teach your child much if he doesn't learn HOW to use his money.

The limits you place on his allowance may help, but you should provide him with additional guidelines on shopping.

Warn him against making foolish expenditures just because he's earned or saved some extra money. Be tactful in what you tell him.

Limiting his financial freedom will eliminate the important lesson mistakes can give him.

If the house fills up with feathers, fragrances, goldfish and posters--and your child chronically complains of "insufficient funds"

even AFTER you've budgeted him--you'll know it's time for a little talk about excess.

REMEMBER that part of teaching HIM how to use money depends upon how YOU use it. Repay all your debts on time.

Don't be excessive--but don't be afraid to show your youngster the benefits of good money management, such as a baseball game, a family outing, or some other expenditure made for leisure's sake.

You'll be letting him know that financial responsibility has its rewards.

THE POINT that can't be stressed enough is DON'T GIVE IN!

The only time you should "break" the budget is when you quietly add to his savings account as college rolls around.

There is no financial "crisis" a child has that can't be met in an adult way.

This doesn't mean you should take all the fun out of childhood by setting unreasonable limits--but if some degree of discipline isn't provided, the youngster won't be able to "cash in" later on the fun of being a grown up!

THE FARMER'S WIFE

Prognostication

BY LIBBY MUDGE

DEAR FARMER'S WIFE, You're sure a lousy prognosticator. You not only guessed the wrong percentage for the presidential vote in Texas, you even guessed the wrong winner! Are you going to give up prognosticating?

Answer: No. Lou Harris missed the winner of the whole national vote and he's not quitting. Would I let him be a better loser than I? F. W.

DEAR FARMER'S WIFE, You picked Nixon for 40% of the vote, Humphrey 35% and Wallace 25%. Do you realize that you called the Lamb County vote pretty close? How does this make you feel?

Answer: Very provincial. F. W.

DEAR FARMER'S WIFE, How do you account for the fact that George Wallace got less than 19% of the votes statewide?

Answer: There's more liars in the rest of Texas than there are in Lamb County. F. W.

DEAR FARMER'S WIFE, According to the Texas Election Bureau, Humphrey got 41.1% of the state's votes, Nixon 39.8% and Wallace 18.9%, which only adds up to 99.8%. What happened to the other .2%?

Answer: Mutilation. Some voting machines will do

anything to throw an election. F. W.

DEAR FARMER'S WIFE, Did you hear the reason that snob Theodore White gave on a national telecast for his being against a direct popular vote to elect our Presidents? He said the crooks in Texas and Illinois made the whole idea unthinkable.

Answer: I heard. Did you hear Governor Connally demand and get an apology from him? White apologized to 99.99% honest Texas and I thought that was a pretty good compliment. F. W.

DEAR FARMER'S WIFE: You're one of the biggest hypocrites I've ever run into. How can you have the unmitigated gall to pray that we will not unduly criticize our next leader when you know good and well that you will be one of the first ones to start swinging away at him the first time he displeases you?

Answer: I don't always get what I pray for. F. W.

DEAR FARMER'S WIFE, Do you mind that everytime you miss a prediction, it tickles me?

Answer: No, but stick around. Before the year's out, you'll die laughing. F. W.

DEAR EDITOR

Amherst, Texas
Nov. 11, 1968

Dear Mr. Turner: I know you receive plenty of complaints, but I have one on the football contest. If people are permitted to send in from 5-15 sheets, how do you plan to keep calling it a contest? If you need to sell papers that bad, I will be more than glad to drop out and let someone else do it.

I think one is enough and would be fair. I have heard several complaints on this and the kids at school are talking about it too. Thanks for your time and trouble.

Sincerely,
Raymond Duvall
P. O. Box 311
Amherst, Texas 79312

(Editor's note: Dear Raymond, We agree with you. In fact, we found the same problem, one which has not been noticed in the past years of the contest, about midway in the season. But it was too late to

change the rules at that point, as we are sure you can understand. It is our plan to limit the number of entries each week to one per contestant, in future football contests. But, even as it is now, we've got to admit that everyone still has an equal opportunity and therefore is not unfair to anyone entered. Thanks for the letter.)

Dear editor: Well.....it's all over. After about two months of hard labor of practicing, the Junior High Band finally went to contest. After all that hard work all we got was a B, but do not worry, we're satisfied!! We all appreciate the telegram that the Wildcat Band sent us which read: "We wish you the best of luck." It worked like a good luck charm!!

Our marching is not over, though. We will march in a Christmas parade on Dec. 2, at 3 p.m.

Associational Gas Met At Springlake

SPRINGLAKE -- The Llano Alto Association meeting of the Girls' Auxiliary of the Southern Baptist Convention met Saturday afternoon in Springlake's First Baptist Church.

Mrs. H. J. Barker of Luma Chapel, W.M.U. Associational Director, presided over the meeting.

Theme of the meeting was "Mission Possible". The interest center was provided by the Bula Church.

As the speaker, Miss Carolyn Holmes, was reared in Chile, the name cards of those attending represented the flag of Chile. Carolyn is daughter of Rev. and Mrs. Evan Holmes who for 22 years have served as missionaries in that country.

Presently Rev. Holmes is secretary of evangelism in Chile. The family resides at Santiago but Miss Holmes is attending Texas Tech.

In her address, she told of her bewilderment when she arrived at Miami Fla. and saw an escalator on which people climbed stairs while standing still. Later when entering a grocery store she was startled when the door suddenly flew open.

Miss Holmes talked of the importance of the work of the Girls' Auxiliary and compared the happiness of the member to the beauty of the flowers.

She reminded the girls that God is concerned with all their undertakings and is ever ready to hear their prayers. She told of one little boy who told his mother the line was busy when she asked him to pray.

Miss Holmes reminded the girls that the prayer line to their Heavenly Father is never busy. With his help, worthwhile missions become possible.

Among the churches which had representatives at the meeting were Luma Chapel, Three Way, Bovina, Bula, Littlefield, Earth, Frio, and Springlake.

Following the meeting, refreshments were served in the Fellowship Hall by the Springlake W.M.U.

Entertainment was provided by Rev. Eddie Howard, pastor of Bula Baptist church, and Rev. Hugh Jack Narwood, pastor of the Three Way Baptist Church.

Janis Wilson Feted At Shower

Miss Janis Wilson, bride-elect of Sp-5 Llewellyn Jones Jr. of Anton, was honored Saturday evening at a candlelight shower, given in the home of the O. L. Walkers.

Guests registered at a small round table covered with a floor-length white satin skirt, trimmed with green ribbon and gold roses.

Assorted cakes, cookies, sandwiches and confections were served with punch and coffee from the dining table, where the bride-elect's chosen colors of green and gold were featured.

The table was covered with a white linen and lace cloth and centered with a floral arrangement of gold mums and greenery. Candles and floral arrangements in gold and green carried out the color theme throughout the house.

Hostess gift was an electric coffee maker.

Special guest was Mrs. Llewellyn Jones, mother of the prospective groom, of Anton.

Hostess were Mrs. Vergil Fields, Mrs. Herb Funk, Mrs. W. O. Hampton, Mrs. Buster Hodge, Mrs. Warren McCurry, Mrs. H. H. Montgomery, Mrs. Wayne Monroe, Mrs. Ralph Nelson, Mrs. Viggo Peterson, Mrs. R. C. Rice, Mrs. Forbes Tatum and Mrs. O. L. Walker.

Entries Received In WTCC Art Show

More than 150 entries have been received for the West Texas Art Show sponsored by the West Texas Chamber of Commerce, according to Wacil McNair of Snyder, general chairman of the event.

With a limitation of 600 entries and a deadline of Jan. 15, 1969 for entries, McNair stated that he was well pleased with the early response during the first thirty days following the announcement of the competition.

"The \$500 first prize for 'best of show' has created great interest among artists throughout the West Texas area and many are painting special pictures for the show", McNair said.

"Additional cash prizes of \$100, \$75, and \$50 for first, second and third place in each of three categories will make this event one of the most attractive to artists of any show in the southwest," a WTCC spokesman observed.

According to the entry blanks being sent to all areas of West Texas, entries are limited to paintings and drawings of West Texas subjects relating to historical, scenic or tourist attractions.

Categories are: oil, watercolor and other media. In the

latter section there will be a few entries of sculpture and many other media.

Awards of merit will also be given to outstanding entries in addition to the cash prizes.

Site for the 1969 show is the Scurry County Coliseum in Snyder and the date is Feb. 18. The show is being held in conjunction with the annual WTCC Tourist Development Conference.

Plans are underway for a traveling exhibit of the top entries, with exhibitions in several West Texas cities.

Witnesses Attend Meeting

About 35 Delegates to the three-day convention of Jehovah's Witnesses returned to Littlefield this week to resume their regular schedule of activity.

The Christian gathering in Levelland was attended by 636. Convention officials described it as a 'spiritually uplifting series of Bible talks designed to appeal to old and young alike.'

L. M. Dugan, principal speaker for the assembly, encouraged the audience to show God that they appreciate His love for them.

STRAINS THE IMAGINATION--AND THE MUSCLES--of 1420 W. 4th St., Littlefield, is hard put to hold his yellow catfish up for inspection, regardless of how proud he is of it. Rice caught the giant on a trot line in Lake two weeks ago. It is getting to be a habit with Rice to picture published in the Leader-News in 1966 with a 51 caught at nearly the same place.

Lamb October Road Mishaps High

The Texas highway patrol investigated 13 accidents on rural highways in Lamb County during the month of October, according to Sergeant Thurman Keffer, highway patrol supervisor of this area.

These crashes resulted in four persons injured and an estimated property damage of \$6,820.

The rural traffic accident summary for this county during the first ten months of 1968 shows a total of 89 accidents resulting in five persons killed, 30 persons injured, and an estimated property damage of \$66,680.

November and December are noted to be dangerous months in traffic and especially for pedestrians. Much is heard about the drinking driver and his responsibility for many serious accidents.

Seldom is it known that many pedestrians have met their death on the streets and highways because they had been drinking to the extent that they were unaware of the danger they faced as they staggered along the road.

Drivers Escorted In Crash

A two-car collision on Drive late Saturday morning resulted in substantial property damage according to a police report.

A 1961 Chevrolet sedan owned by Lola Lopez of Littlefield, was reportedly in collision with a 1967 Pontiac sedan driven by Charles Smiley, 67, of Littlefield.

The Lopez car was being south on LFD when other vehicle pulled out from the curb and struck the right front fender and door, police diagrams indicate.

The Chevrolet received damages estimated at \$90 and the Pontiac was damaged an amount of an estimated

HERE FRIDAY

Fans Wish For Repeat Of '49 Cat-Tiger Game

In case you're trying to remember when the last time was that Littlefield and Slaton played each other, it was back in 1949.

The two meet for the first time since then, and once again as members of the same district. They'll play here tomorrow evening, starting at 7:30.

of the district, it was split then, by downing Levelland 20-13. They had to come from a 6-13 deficit to win, too.

much action they see depends on their recovery from Tuesday to game time, Birchfield indicated.

Birchfield mentioned, in his talk, that the "psychological factor of the team is pretty low."

Titles Not New At Olton

Winning football championships is nothing new for the Olton Mustangs.

They've done it several times, besides this season and last year.

One such championship was back in 1949, when the Mustangs were the kings of District 3-B. The final season standing that year for the district were:

Olton	9-0
Dammit	8-1
Springlake	7-2
Hale Center	5-3
Farwell	5-4
Priona	4-5
Anton	3-5
Amherst	2-7
Spade	1-8
Whitharral	0-9

Long-time residents probably well remember that 1949 club. They were the state champions that year, and launched their drive toward the big title with 47-0 trouncing of Slaton's Tigers for the district championship.

There's no championship involved in tomorrow's action, but the renewal of such an old rivalry warrants considerable interest, plus the fact that it is a conference game.

The Wildcats, that year of 1949, had won the north half

When Littlefield and Slaton met Nov. 18 in Texas Tech's Jones Stadium for the 4-A title it was the Wildcats all the way. In fact, they started punting on first downs in the latter stages of the game, to hold down the score.

But this is 19 years later, and the Tigers don't figure to be anywhere near as easy a foe as back that last time the two played.

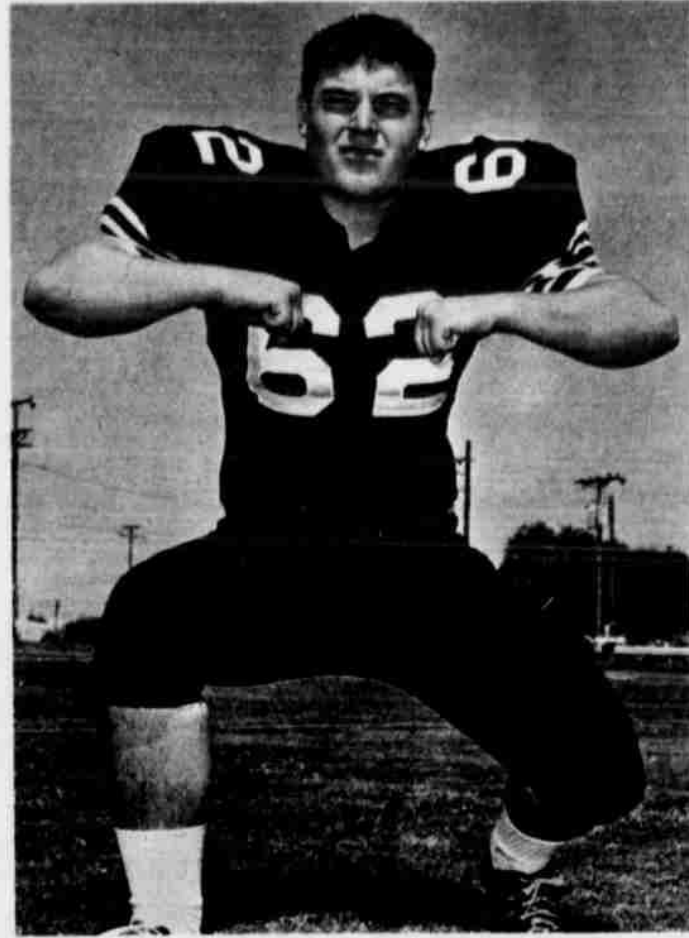

Both teams have identical won-loss records for the year, 2-6.

The Tigers, who are in their first year of AAA ball, have scored fewer points than have the Wildcats, 84-114. And their defense has given fewer points than have the Wildcats 246 to 232.

Slaton boasts a larger and probably faster team than does Littlefield. And like the Wildcats, the Tigers have had their share of injuries, but they are expected to be full strength tomorrow.

Wildcat mentor Raymond Birchfield could not say how near ready his club would be, physically, when speaking before the Quarterback Club Tuesday evening.

Both tackle Kim Kloiber and guard Wendell Ashley were hurt in the Sweetwater game. Kloiber's knee was injured and Ashley's ankle was stepped on. Neither is expected to start against the Tigers, and how

AMONG 11 SENIORS who will play their last varsity football game on Wildcat stadium field tomorrow night is senior guard Dennis Cawthon. Littlefield has but one more game remaining in its schedule, and that will be played next week at Colorado City. Other seniors in action tomorrow night besides Cawthon will be Travis Danford, Steve Webb, Kenneth Twitty, Bruce Timlan, Roy Bolton, Dennis Chambers, Wendell Ashley, Jerry Fudge, David Perkins and Randy Walker.

R 3-A TITLE

Sudan-Farwell Tilt As Area Headliner

... of Littlefield is a member of the 1968 Unit of Texas Yearling football team. The Yearlings are the season, defeating Baylor and Rice and losing to the remaining Yearling schedule finds them hosting Texas State on Friday, Nov. 15, and visiting Texas A&M for a game Nov. 22.

... hosts Farwell Friday headline a weekend slate of area football games that marks the end of the season for all schools in the area.

... will be bidding for the state championship in the playoff bracket for the consecutive year, and the District 3-A title was never for Sudan.

... will be for all the mar when the Hornets and Sudan clash. Both are undefeated in conference play, and both will advance to bid for the following week's title of District 4-A.

... game must be figured a week prior to the 7:30 p.m. game in a fine, new Hornet stadium.

... each losing its first game of the season, Farwell to Sudan and Sudan to sundown, the two walked over eight consecutive opponents in conference play.

... is top ranked among the A teams on the south side of the state. Sudan, though not ranked in the top 10 clubs in the state, is ranked in the area.

... Steers have scored 11 points offensively than the Hornets for the season, 130-315, and allowed 13 points scored against them.

... the four conference games, Sudan has scored 13 more points than have the Hornets, 175-162, but allowed more points by the opponents, 16-7.

... the basis of offensive and defensive performances, then, it is mainly Sudan's speed and Larry Bellar, Larry Hamer, Steve Martin against the Hornets, and somewhat slower backs.

... AN'S Billy Gore, 22, is heard of as much as his scoring team mates, but carries considerable responsibility. It's Gore's block on their runs, and carrying when the others are faking out the Hornets.

... of the most explosive football teams in the state this week to rest.

The three Hornet backs are among the loop's top 10 scorers for the season. Bellar has 16 touchdowns and 30 points kicking for 132 total tallies, leading all Class A backs in the area. Hanna is behind him with 14 touchdowns and 84 points. Martin has 44 points.

But all four Steer backs are in the top 10. Don Stovall leads with 14 touchdowns for 78 points. All Phillips had 76 points with seven TDs and 34 points kicking (he kicks the field goals). Craig Phillips has 60 points and Kyle Sheets has 42.

Sudan is hoping for a dry field. The Hornets had trouble against Springlake-Larth when a downpour prior to kickoff wetted the turf, limiting the cuts of the Hornet backs. The heavier Steers could only benefit from such conditions.

The Hornets went all the way to the state quarterfinals last season, before losing out to sea-graves in a freezing tussle at Lubbock.

Another game that is of considerable area interest is the annual duel between Amherst and Anton.

The two bulldog clubs have been fighting it out for several years, and they clash at 7:30 Friday evening at Amherst. It's not the final on either's schedule, as Amherst must travel to Whiteface next week, while Anton hosts Meadow.

Amherst must have a win in order to stay in the District 5-B title race, in which the Bulldogs are tied with sundown, Meadow and Ropesville. They lost to Meadow 20-28 last Friday to throw the conference lead into the tie.

Anton is still looking for its first win of the disappointing season.

The Wolverines of Springlake-Larth close out their season hosting the Kangaroos of Kress.

For the Wolverines, it is a battle to see whether they close out the rebuilding season alone in the cellar, or whether they pull Kress down into a tie for the position.

The Wolverines are 0-4 in 3-A play and 2-7 for the season. Kress is 1-3, along with Vega, and 3-5-1 over the year.

Springlake-Larth, which lost last week to Vega by a narrow 23-22 margin, has scored 150 points in nine games, while allowing 240 against the defense. In conference clashes, they've scored 50 against 115.

Kress, on the other hand, has scored 118 for the year against 188, and 38 in conference play against 120.

Whitharral and Bula close out their seasons tomorrow night, also.

Olton clashes with Denver City next week for the Bi-District title.

CHANGING A 6,000-Year-old Irrigation Practice With The

NOW GALVANIZED

Now Rust and Corrosion Protection that Means Extra Years of Life

Almost totally galvanized inside and out

It was necessary to build one of the nation's largest hot dip galvanizing plants to bring you maximum protection at minimum cost — far less costly than the added life and performance.

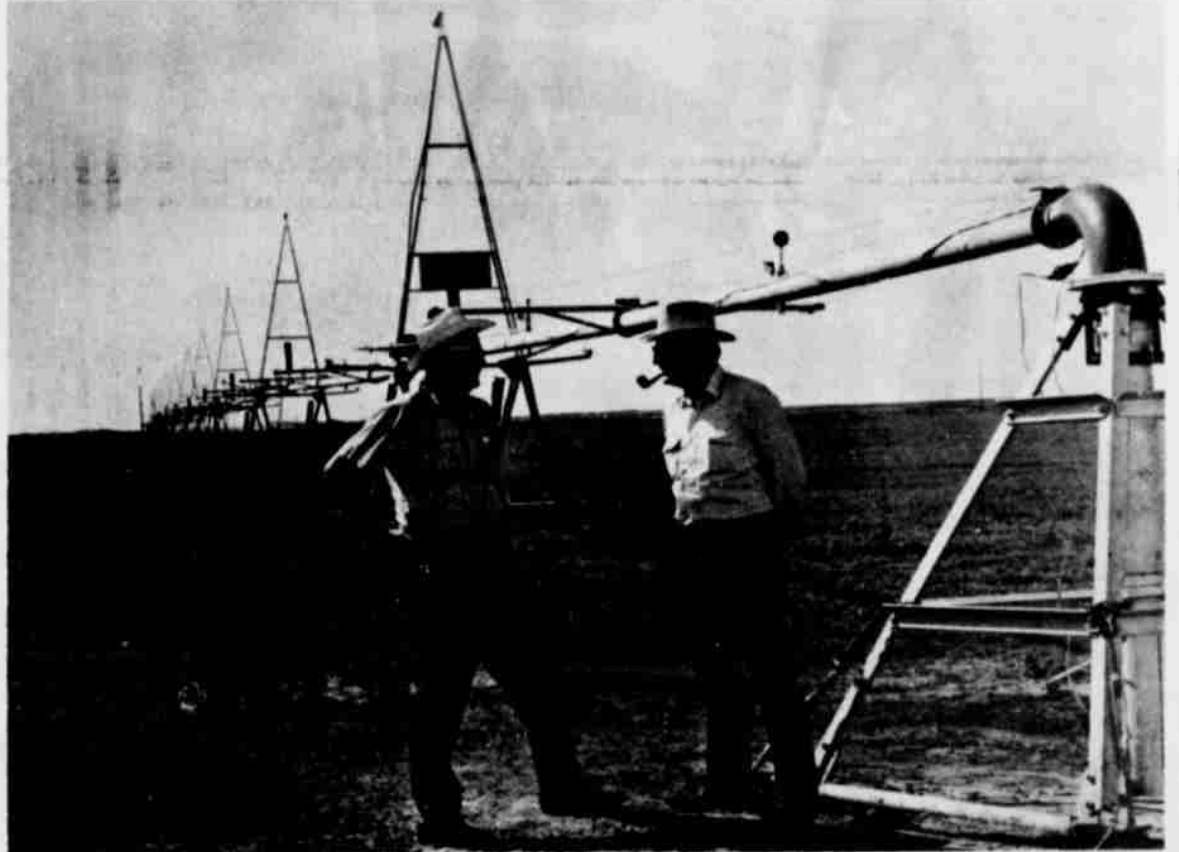

All unprotected pipe and components are susceptible to corrosion from water, air, and agricultural chemicals — fertilizer, pesticides and herbicides. Galvanizing, inside and out, on all new Valley Self-Propelleds prevents rusting longer than any other method.

Here's something else about Valley Self-Propelled: FULL YEAR WARRANTY

All Valley Self-Propelleds carry a full year factory warranty against defects in materials and workmanship.

SERVICE IS RIGHT HERE!

We carry a complete parts stock. We maintain a full service organization. If and when you need repairs or maintenance, we're readily available. You don't have to take a chance, waiting days or weeks, during the crucial planting and growing seasons

CALVIN JORDAN AND J. E. BRIDWELL LOOK OVER THE VALLEY INSTALLATION AT BRIDWELL RANCH AT COYOTE LAKE, SOUTHWEST OF MULESHOE

THOUSANDS NOW IN USE

Valley Self-Propelleds are tried and proven throughout the country, under every conceivable land and climate condition, with more than fourteen years of actual use. Constant product improvements, like the new galvanizing, mean you can buy with confidence for successful operation now and for many years ahead.

SAVE WATER, SAVE LABOR, MAKE MONEY

Valley Self-Propelled sprinkler irrigation gives you the means to save half your water with less labor than even furrow-ditch methods. You can automatically irrigate 500 to 1,000 acres without costly extra help. No expensive land leveling. Valley Self-Propelled operates on grades up to 5%. It is also ideal on new land developments, where you can achieve top yields on low cost land.

City Police Attend New Mexico Meeting

Littlefield police chief F. A. Fitzgerald and patrolman Gary Lightfoot attended a meeting of West Texas and eastern New Mexico law enforcement officers two days last week.

Speakers from several governmental and law enforcement agencies, including the FBI, gave presentations and led discussions, Fitzgerald reported.

The semi-annual meeting of the South Plains and Eastern New Mexico Peace Officers Association was held Nov. 6-7 in Alamogordo, N. M.

Plainview was selected as the next site for the get together and Fitzgerald expressed confidence that Littlefield will be host for one of the meetings in the near future.

The Alamogordo police chief was host to the conclave which consisted of a number of seminars on various categories of law enforcement problems.

\$1,000 Bond Set In Liquor Case

Bond was set at \$1,000 on Osborn Brown, 41, of Olton Tuesday, on a charge of liquor law violation. Bond was set in the county court of G. T. Sides.

Sudan PTO Has Meeting

Sudan P.T.O. met Monday, Nov. 11, in the school cafeteria for their monthly meeting.

Following posting of the bond later in the day, Brown was released to await trial at a later date.

The program was presented by Mrs. Maxine Nichols' second grade class. They presented three skits: "Six Little Ducks", "Scarecrow", and "The Witches Broom". In closing they sang "All Night, All Day".

Thomas Ramirez, 27, of Littlefield was picked up by a member of the highway patrol and lodged in the county jail on a traffic charge late Saturday.

Mrs. Maxine Nichols' second grade room, with the highest per cent of parents in attendance, received the \$2 given this month.

He was fined \$42 in Justice of the Peace court Sunday and released upon payment of the fine.

There were 32 adults present.

W. D. Denton, 41, of Black, was also picked up on a traffic charge by the highway patrol Sunday afternoon. Following a night in jail, he was fined \$45 in Justice of the Peace court Monday and released upon payment of the fine.

Area Students Help Tech Place In Meet

Two area college students are members of a Texas Tech soil judging team that placed high in competition in Oklahoma last week.

Mike Risinger of Bula and Gerald Simmacher of Pep were members of the team that captured second place in a soil judging contest at Stillwater, Okla., Thursday and Friday.

Information on placings in the meet were sent back by Dr. A.W. Young, chairman of Tech's department of agronomy and range management.

The soil judging team from Texas A&M University won first place, just a few points ahead of the Tech team, and a team from Louisiana State University came in third.

Other members of the Tech team are Jerry Bigham, Lockney and Wayne Hudnall, Texaco, N.M. Team coach is Dr. B.L. Allen, professor of agronomy.

In individual ratings, Risinger placed fourth.

The contest was one of six regional competitions held under sponsorship of the American Society of Agronomy. First and second place teams from each of the regional contests are eligible to compete in the national contest which will be held in late April or early May next year. Exact time as well as location for the national soil judging contest will be announced later.

The regional contest marks the first time in several years the A&M team has topped the Tech team in soil judging. Also, for the past several years the Tech team has not failed to win either first or second place in the national soil judging contest according to Dr. Young.

Thanksgiving Festival Scheduled For Pep

Residents of the Pep community, located just across Lamb County line into Hockley County on Highway 303, is winding up final plans for its 23rd Annual Thanksgiving Festival, scheduled Thanksgiving Day, Nov. 28.

According to A.G. Jungman, chairman of the publicity committee, "All roads lead to Pep—Highways 116, 597, 54 and 303. Come and enjoy the good country sausage with turkey and the trimmings."

The meals will be served in Parish Hall from 11 a.m. until 2 p.m., and from 5 p.m. until 7:30 p.m. Tickets are \$1. for children and \$1.75 for adults.

"Besides all that good food, there will be plenty of other enjoyment, with all kinds of carnival attractions and prizes given throughout the day. We will be winding up the evening with a cotton and general auction at 6:30, followed by a dance beginning at 9 p.m., and continuing till who knows when", Jungman said.

The annual event is sponsored by St. Philip's Church at Pep, and the general public is invited to attend.

The New Lee Premium GT Polyester Fiberglass Belted RM

Breakthrough to a totally new kind of tire that will give you up to double the mileage!

Introducing

ORVILLE BASSETT
Manager And Partner

This is the tire that will be tomorrow's standard for high performance tires!

But it's here today from Lee of Conshohocken. It offers you the finest tire value you can put on a car. And it's easy to see why.

The GT Belted RM has the smooth ride and handling ease you find in conventional bias-ply tires.

It promises the long tread life and stability you associate with radial-ply tires.

It has polyester cord in the bias plies, which eliminates thumping, flatspotting and squealing, to give it a quiet, valvet-smooth ride.

And it has the strength and flexibility of a belt of fiberglass to add protection against tread flexing, fatigue and wear.

It's a totally new kind of tire with totally new levels of performance!

In short, Lee took the outstanding features of both the bias-ply and radial-ply tires—added the best in cord construction—and designed a tire to deliver high performance under every modern driving condition.

And it does.

Tread wear is improved up to 100% over tires that come on most new cars.

Stopping traction is up to 15% better.

Cornering traction and skid resistance are measurably improved.

Its tread width is much greater than that of conventional tires.

Carcase strength is 50% better.

And high speed distortion is reduced for greater stability and safety.

Lee builds even more value into the GT Belted RM!

It's reverse-molded—a design characteristic of the true racing tires which inspired the GT Belted.

Like every Lee tire, it's Contour-Cured to make it smooth-riding, safe-driving, longer-wearing from the moment it starts to roll.

Add it up for yourself.

The GT Belted RM has the best of both the conventional bias-ply tire and the radial-ply tire—and yet it's priced in between.

We'd suggest you take a good look at it before you buy your next set of new tires.

The premium GT Polyester Fiberglass Belted. Available in 70 RM and 78 RM series.

Wide belt, wide tread stability

The Lee GT Belted RM Standard Tire

Thinking is Lee's design. No other manufacturer can do this.

*Always change oil when on the job and driving conditions. Always change wheel to manufacturer's specifications.

Local Voting Survey Slated

OFFICIAL LHS NEWSPAPER

Library Offers Over 4,000 Volumes For Researchers

BY JUANITA SAMINIEGO

The Littlefield High School Library is the most well equipped and well informed in this entire area. More than 4,000 books are available for reading entertainment and for knowledge in course study. This year 250 new books have been added to the shelves. Most of the new books are non-fiction, which should be helpful in writing those research papers.

The library has a subscription to forty magazines. Most of the magazines are indexed in abridged Reader's Guide. The magazines are kept in the stacks for five years. These include agriculture, homemaking, literary, news, science, popular reading and others for student entertainment and information.

Some of the magazines are: Seventeen, Good Housekeeping, Newsweek, U. S. News, Time, Harper's Atlantic, American Home, Better Homes and Gardens, Farm Journal, Holiday Sports Illustrated, Science Digest, Science Newsletter, Hot Rod, Popular Science and Popular Mechanics, and many others.

The Lubbock Avalanche-Journal, The Dallas Morning News, and the Littlefield Coun-

ty Wide News are very popular for student and teacher readers.

For the student who is undecided on a career, or one who wishes to study the possibilities of a certain field of employment, the library has some forty Booklets of Career guides. The library also has the Oxford-Pendaflex Chronicle Career kit. This career kit is very helpful in securing information about a particular field of work. One may gain information about any career such as engineering, medicine, social work, pharmacy, handicraft, and hundreds of others.

The card catalog is a helpful facility to aid students in search of materials. The library uses the Dewey Decimal system for its card references. The catalogue is organized alphabetically by author, title, and subject.

The 1967 Students Encyclopedia, the 1966 International along with Americana, Britannica, Colliers, World Book, and Compton's Encyclopedia are good sources of information.

The library has started a collection of audio visual material. We now have 58 filmstrips, 11 tapes, and 14 records.

An important part of the library is the staff of workers. The staff includes Mrs. Flora Burks, librarian, and the student assistants who are: Pernecia Savage, Donna Veach, LaRona Allen, Vickie Elliot, Pam Cox, Shannon Parmer, Jackie Sims, and Junnie Gray. The staff is always eager to help any student or teacher to locate material or give assistance in any way possible.

The library is essential to the progress and stability of LHS in that it supplies complete information necessary for the knowledge of the students. Some of the classes which have used the library during the first six weeks are Senior English reporting on Anglo-Saxon period. They are now working on reports for the Elizabethan period. American History classes are working on semester term papers. The speech classes have used books and magazines for material to be utilized in talks. The sophomore classes have reported on short stories. Junior English classes have used a number of books on the composing and reading of poems. Government classes use newspapers for the studying of stock markets.

Wildcat Band Brings Home II From Contest

The Littlefield High School 3 AAA Wildcat Band went to Canyon Tuesday for the band contest in which they received a rating of 2. There are five rating given, which are: 1-Superior, 2-Excellent, 3-Average, 4-Below average and 5-poor.

There were 25 other high school bands from other districts and from our own which participated in the contest. In the 3AAA district there were Dumas and Hereford, who both received ratings of 1. Littlefield, Tulla, Canyon Brownfield, Levelland and Perryton all received marks of 2. Muleshoe, Slaton and Dunbar received 3's, and Estacada High School received a low mark of 4. Over all there were only 5 bands out of the 25 that took home a rating of 1; they were Plainview, Pampa, Borger, Hereford, and Dumas.

The judges of the contest graded very strictly on the marching and the bands playing ability. The judges were Eldon Janzen who was from Irving Public Schools of Irving, Texas, Gene Smith from Lee High School of Midland Texas, and Ivan Goodwin from Linn High at Linn.

The twirlers also participated in the twirling contest held at Canyon, Tuesday. They were competing with girls from the 12 high schools our band competed against. Scarlett Hatley, Janie Hyatt, Carolyn Lumsden, and Nancy Hneson, all four LHS twirlers received a 1 on their solo performances. Together they performed an assemble in which they received a rating of 2.

GUESS WHO? This weeks guess who has brown hair, green eyes, he participates in football among other sports and is fond of hunting.

STUDENT VOICINGS

Question: What is your opinion about the President's stop the bombing in Vietnam?

Emery Water (Jr.) "I think that the bombing halt in Vietnam is justified, but from past experience, I am sure it will not work. Who knows!!"

Judy Diering (Sr.) "I think that President Johnson's bombing halt in Vietnam didn't want that to be the main issues of the identical election."

Gayle Clayton (Sr.) "I think the bombing halt will help one in the world."

AND the BE GOES ON

BY DANNY GOWEN

It's almost 193 years since a group of men rode into the west and landed on a piece of land to capture a sense of freedom. With this sense came the tree of herings which many national people came to form branches.

But now we see that the is beginning to die and out help it surely will. Ask yourself when was the time you noticed a flagging or thought about the men in foreign countries for the age old cause of the people from suppression and unethical force. Look at and noticed how many no longer support the of our government.

Some people might see the street tomorrow and just how we are to even this disease of man's nation of his governmental. I would simply answer, I really don't know how to form men and I certainly n't change the way of think the modern man, but this vice I can give. First, a man in the United States stand up and give his view all the issues of the day. Social indifference, he is ask to vote according not to vote Democratic but he always has but to vote the one you believe to be the best job.

The elections are something of the past and we have a new President, but along cannot solve all our problems alone. No matter what President only with our help he confront the issues of day.

B-Team Winds Up Activities Tonight

Tonight the Littlefield High School B-Team will play their last football game of the season in Slaton. Gametime is 7:00 p.m. The B-Team has been working long and hard this year and are looking for their first win of the season.

The roster for the team is as follows: Lynn Barton, 10, Quarterback; Windell Horn, 22, Tailback; Don Hemphill, 24, Wingback; Larry Purdy, 27, tail back; Ben Jacobs, 30, fullback; Bill Orr, 41, fullback; Phil Chambers, 50, Center; Randy Parkman, 54, Guard; Rodney Mitchell, 65, Guard; Gary Garrison, 67, Tackle; Wayne Streyer, 75, Tackle; Gary Johnson, 76, Tackler; Floyd Baldwin, 77, Tackler; Pat Boone, 78, Tackler; Steve Manor, 80 End; Kim Hill 84 End; Keith Siton, 85, End.

Let's all go to Slaton tonight and support the B-Team.

Kat Klub Out To Show Spirit

Wednesday October 6, the Kat Klub met in the Industrial Arts shop to discuss plans to help the Student Council with Homecoming preparations. Gaylon Mills, president of the Kat Klub asked for volunteers to sell programs at the ballgames, to gather wood for the bonfire, which was last Friday and to decorate the goalposts. Committees for these jobs were organized.

The Kat Klub urges anyone who attends LHS to join; all are welcomed.

Dear L & M

Dear L&M:
I have been going steady with a guy for almost two years. Ever since I accepted his ring my parents have been trying to break us up. I have tried reasoning with them on this subject but they seem not to want to understand. Why won't my parents let me choose and go with the guy I want to? Why won't they try to understand that I really like this guy?
Going Steady

Dear Going Steady,
Most parents are against their children going steady because they want them to have a chance to meet other kids so that they will be sure about the type of person that they want to get serious about. Don't argue with them. Try dating other people but don't drop the boy you are now going with. Explain to him the reason that you want to see others. He will understand.

More Spirit Than Ever Shown At Homecoming

All in all the 1968-1969 homecoming festivities were the best. Littlefield High School showed the greatest amount of spirit that has ever been shown. Locker and car decorations were part of the bungling excitement among the students of LHS. Prizes were given to the people who did the best job in decorating their lockers. Donna Roden was given first prize, Shannon Palmer was awarded the second prize, and Lanef Gilley was given the third prize. A cake was awarded to Donna Roden, a smaller cake was given to Shannon, and a cupcake was given to Lanef.

The winner of the car decorations among the organizations was the Kat Klub. Gaylon Mills, the president of the club, received a banner and two ribbons. The Choir was given second place in the contest. Wally Sanders was awarded a ribbon. The annual was awarded third place. Don Rex Bowen was also awarded a ribbon.

In the individual car decoration contest,

Kay Burk won first place and she was awarded five dollars. Georganne DeBusk won second place and was given three dollars, and Terry Walker won third place and was given one dollar.

A bonfire was held Thursday which was followed by a parade. In spite of the time the students gathered enough wood for the event. The parade consisted of the organization cars.

Koleta Giles is the 1968-1969 Homecoming Queen. The name of the Queen was disclosed during the halftime at the game. Carla Chambers was escorted by Tony Zahn, Koleta Giles was escorted by Harry Miller, and Nancy Hall was escorted by Billy Smith.

The pep rally held Friday was one of the main spirit builders. The three homecoming queen candidates were escorted to an arch. The gym was decorated very well and the atmosphere was entirely situated around homecoming. Denny Walker was the speaker.

ATHLETICS IN ACTION

BY ROY BOLTON

Tomorrow night the Littlefield Wildcats take on the Slaton Tigers in Wildcat stadium. Gametime is 7:30.

Slaton is up from Class AA, where last year they had a good 7-2 record. But this year Lady Luck hasn't been with the Tigers, and likewise the Wildcats, as both teams have a 2-6 record.

Last week the Tigers were defeated by the Brownfield Cubs 34-6. Slaton's score came on a 75-yard run by Richard Washington.

The week before, the Tigers were beaten by the Colorado City Wolves 29-6. The Wolves had 663 total yards to Slaton's 359. Slaton's score came on a pass from Quarterback Jimmy Williams to Richard Washington for a 60-yard score.

Last Friday night, the Wildcats' homecoming, was upstaged by district-power house Sweetwater.

Kim Klober reinjured his knee during the second quarter, and was unable to play the second half.

Windell Ashley had his ankle stepped on during the second quarter and wasn't able to play the second half.

Both are two way starters, Harold Lowery, starting defensive tackle, saw action only in the first half, also as some of the stitches in his finger were broken.

Littlefield's score came on a thrilling 90-yard kickoff return by Kenneth Twitty.

The B-Team will play Slaton Thursday night there.

Beat Slaton!

game Friday night, one of these three will receive the sweet heart's roses. They are left to right: Pat Hinds, Diane Kesey, Williams, and Janice Oldham.

Band Sweetheart To Ring Down Home Game Curtain

Last Friday the Wildcat Band members nominated three candidates for the Band Sweetheart. The Queen will be revealed during halftime of the Littlefield-Slaton football game tomorrow night in Wildcat Stadium.

The three candidates vying for the crown are Janice Oldham, Pat Hinds, and Diane Kesey. All are seniors.

Janice is 5'2" tall, and has brown hair and hazel eyes. Her favorite color is yellow, and her favorite food is charcoal broiled steak. She has been a member of the Wildcat Band for three years, and plays the E-flat clarinet. She was also a twirler for two years. Janice's pet peeve is people who say

they will pick you up at a certain time, and then are late.

Pat is 5'4" tall, and has brown hair and hazel eyes. Her favorite color is pink, and her favorite food is fried chicken. She has been a member of the Wildcat Band for three years, and plays the drums. Pat's pet peeve is people who cut themselves down.

Dianne is 5'3" tall, and has brown hair and brown eyes. Her favorite color is blue, and her favorite food is steak. She has been a member of the Wildcat Band for three years, and plays the bass clarinet. Dianne is also a co-drum major. Her pet peeve is "those who try to forget what they are and be what they're not."

Student Council Bids For South Plains Office

LHS Student Council members attended district convention in Brownfield last Saturday and ran for the office of president of the South Plains Association of Student Councils.

Those attending the convention were Marshall Allen, Cathy Barton, Beverly Chasholm, Mike Collins, Koleta Giles, Nancy Hall, Janie Hyatt, Mark Jordan, Nina Manley, Milynda Morris, Larry Nickles, Steve Owens, and Allen Williams. Mrs. Kenneth Reast, SC sponsor, accompanied the group.

Registration began at 8:15. Those present campaigned for their respective schools by handing out ribbons, buttons, slogans, and other campaign gimmicks. Littlefield representatives based their campaign around the slogan "Littlefield has a better idea."

The business meeting was called to order at 9:00 by Dimmitt. Anton gave the opening invocation which was followed by the Pledge of Allegiance led by Brownfield. Mr. Jesse Gerson, Brownfield High School principal, welcomed the convention. Lamessa gave the response. Dr. C.L. Kay from Lubbock Christian College was introduced and delivered an address on the youth of today.

After a short break, delegates attended discussion groups on several topics including services of the SC, effective committees, increasing school spirit, effective assemblies, SC projects, public relations, SC election, and improving SC meetings. The morning session was adjourned at 12:00 for lunch.

Entertainment at 1:00 furnished by Brownfield, began the afternoon session. Nominating, seconding, and acceptance speeches were given by various schools. Muleshoe High was the only school running for parliamentarian and won the office by acclamation. Denver City won the office of secretary by acclamation also. Seminole and Sudan vied for the office of vice-president. Sudan was the victor. Brownfield, Floydada, Littlefield, and Plainview all ran for the SPASC presidency. Floydada won in a run off against Plainview. The election of officer schools wound up the annual SPASC convention.

SUGGESTED FOR IMMATURE AUDIENCES

Happiness Is ...

Bugs! !!

What is a BUG?
Are you a BUG?
Did the BUG hit you, or did you hit the BUG?
A BUG can be a creepy, sticky, crawly insect.
Whether the BUG be a flu BUG, a human BUG, or a microphone BUG; whatever you make it, a BUG is a BUG!
This small three-lettered word has six very big definitions.
Can you think of all of them?
Don't ask us, 'cause we really don't know ourselves.
In other words, don't BUG us!!!

MRI CHANDLER: "Have you ever read Webster's Dictionary?"
LTH WILLIAMS: "No, I'm waiting until you make it into a movie!"

The junior high band has been working on contests very hard.
Last Friday, during all that cold and rain, they practiced for about two hours. Talk about frozen toes! Then, on Monday, they practiced again. Fortunately, the weather is a little better.
Tuesday, they went to contest in Level-1.
The band has worked very hard and is pleased to be through with marching.

As Steve Adair was peeking into Cynthia's room, it revealed these entries: Mon.--went for a Coke with Ralph. Tues.--Did network with Ralph. Wed.--Went to the gym with Ralph. Thurs.--Ralph asked me to steady with him or he'd go out of his bed and blow up the school. Fri.--Today, saved 650 lives!!!

Well, students, how do we like the new system?
We all should agree that the halls are less crowded and we freshmen should enjoy those three minutes to talk during class. We also get out two minutes earlier!
So, everybody, bear with it. It'll get better!

ANNY ESTRADA--Sorry you lost another game!

MERRY McCARY: "There goes a sensible girl."
RAY TRAMMELL: "Yeah, she wouldn't go out with me either!"

City Employees Attend Course At Lubbock

Three employees of the water and sewer departments have been attending the three day Utilities Short School at Lubbock.

This school is co-sponsored by the Texas State Department of Health and The Texas A and M University Engineering Extension Service with the cooperation of district water utility association in the area.

Water and sewage treatment operators attending the school acquire the latest information in water and wastewater treatment technology and at the same time gain credit for renewal of their water and sewage certificates of competency. Well-trained water and sewer personnel are necessary to achieve an efficient and economical operation, and to assure the delivery of potable water and to prevent pollution of water.

The Texas Sanitation and Health Protection Law provides that cities must employ water and sewer system operators holding a valid certificate of competency issued under the direction of the Texas State Department of Health.

Several of our employees in the water and sewer departments currently hold such certificates, and newer personnel are working for certification.

NEW CONCEPT IN Sprinkler Irrigation The FARMHAND Walking Water System

- NEW • King-proof tower to tower safety system.
- NEW • Gaskets eliminated by continuous one-piece sprinkler line.
- NEW • Skids give you better traction, better stability, more flotation.
- NEW • One-oil hydraulic cylinder controls movement -- all your irrigation water goes for your crops.
- NEW • Patented, positive in-line control. System won't buckle, tangle, or go down.
- NEW • Tall towers put the sprinkler line above crops.
- NEW • Annual lubrication cuts maintenance time to a minimum.
- NEW • You control both rate of travel AND water flow according to your needs.

I started ditch irrigation in 1948. I went from ditch to canvas-type, to hand-move sprinkler line, then to wheel-move. The Dowd-Farmhand is by far superior to any system I have used. I like the single oil hydraulic cylinder located at the pivot point, and the self-alignment feature. The Dowd-Farmhand has been the most trouble-free system that I have ever operated. The Farmhand sprinkler saves roughly 30 hours labor per week over the other type systems I now have in operation.

NEW! Presto Mois'n Glow FACIAL FRESHENER

The easy, pleasant way to keep a soft, silky-smooth natural complexion. Presto's Facial Freshener produces a gentle mist of warm, moist vapor to open pores, stimulate perspiration and help nature cleanse the pores of impurities... gently and safely. At the same time it stimulates circulation to nourish the skin naturally... relaxes facial muscles and produces a fresh, clean, glowing feeling to the face. For use with your own favorite brand of cosmetics. Ideal for dry skin, "problem" complexions. Perfect for budget-minded teenagers. Compact and convenient, with self-storing cord.
