

Clean-Up Gains Momentum - - 150 Tons Of Trash Hauled

More than 300,000 pounds of trash have been picked up in Littlefield since a massive clean-up, paint-up, fix-up campaign began last Thursday.

It was the word Wednesday from clean-up leaders who estimated conservatively that at least 150 tons of trash have been hauled from city streets and alleys during the opening period of the campaign.

One-ton trucks — one donated by a citizen, the other a city truck — have been making 30 hauling runs each day, carting away trash from all parts of the city.

Meanwhile, civic clubs had gone to work in earnest on the campaign.

Dan Staggs of the Lions Club reported that he has been phoning people throughout his club's sector urging them to join the clean-up drive.

Other Lions club members have checked lots in their sector as part of a planned program to spur the drive.

Garden Club members said they had been given complete cooperation by citizens in their section. The club laid plans early this week to have weeds cleared off vacant lots.

Rotarians delivered circulars early this week advertising the drive and made efforts to get more trucks to pick up trash during the campaign.

Jaycees and Jayceettes also joined in the delivery of circulars. Elsewhere in the city, it appeared that Littlefield's drive to clean-up was off to a good start.

Howard Horne, campaign chairman, said that results were beginning to show all around town. He said some implement dealers along highways had begun to use their equipment to clear some areas and urged that other such dealers join the drive.

Horne stressed that trucks were being sent to clean-up areas as quickly as possible in an effort to stop up with the citizens.

Hauling is being done throughout each day, he said, and will continue throughout the drive. Citizens should rake trash to the streets and alleys and then call 172 for pick-up.

Only eight more days remain in the campaign, Horne said, reminding citizens that they will have to "work at it" to get the city in good shape by July 27th.

It appeared that competition would be keen for awards which will recognize the best-looking block in each of the city's 10 sectors.

BETTY WILLIAMS

...ent a hilarious evening with Bill and Norma and their house guests, and Mary Deehan of Long New York. Mary is Bill's sister.

...parents, the late Mr. and Mrs. H. Heinen, were pioneers in Littlefield, and the stories that came out in the evening's remembrance about "the good old days" were priceless.

...and Mary's first recollection of home was an adobe house on the railroad track about Bowen grocery now stands. Her family operated a cot house between Lubbock and supplied the area coal. The adobe coal bins stand behind the Littlefield Growers building.

...one of the best stories of the evening was the one told about making a hotel in a box car behind the house. The cars normally were there for several weeks and even months at a time. Many went about to play house the real way borrowing her mother's corset to play dress-up.

...at night about midnight the car was pulled away ... corded all.

...ure did catch it over that Mary recalled. "It would have been so bad if I'd taken it one ... but she had to go through in mighty sad shape."

PRELIMINARY WORK on Highway 51 was begun this week as workmen dug down to water and gas lines under the highway. The lines must be lowered before widening improvements can start. Widening of the highway will begin as soon as this work is completed. It is expected to take another week.

In Meeting Tonight City To Hear Petitions On Meters, Civic Board

Parking, city promotion and roads will be the main topics tonight in a regular meeting of the city commission.

Hearings are scheduled on two petitions presented to the city two weeks ago. One of the petitions asks for a vote on parking meters, the other a vote for a Board of Civic Development.

In the city secretary's office Wednesday, employees were still checking names on the petitions. It appeared that about 200 of the original 321 names on the parking meter petitions were signatures of qualified voters. Checking of the civic development petition was incomplete, however.

Tonight's meeting will probably decide whether or not the city will put the two issues up for election.

Also on the agenda tonight is the study of bids for sealcoating of nine Littlefield streets. Under the proposal, the city would improve these streets:

- Cundiff — from Nichols to Reed — Total: 3 blocks.
- West 4th — from Cundiff to Wicker — Total 3 blocks.
- West 7th — from Cundiff to Wicker — Total 3 blocks.
- West 9th — from Cundiff to Wicker — Total 3 blocks.

Opening Of Caged Egg Plant Delayed

Opening of a new caged egg plant by the Plains Egg Producers, Inc., headed by Art Chesher, has been delayed a week until Tuesday, July 24, Chesher said this week.

The business, expected to mushroom into a \$750,000 per year industry for Littlefield by January 1, will produce approximately 250 cases of caged eggs per week when it opens. Corporation officials predict that this production will triple within a short time.

Last-Minute Change Forces Ballot Reprint

A last-minute change in the local Democratic primary ballot forced reprinting of all Lamb County ballots this week after 31 persons had already voted absentee.

Lamb County Executive Committee Chairman T. Wade Potter said the ballot is being re-worked after a request by one of the candidates in the race for Associate Justice, Court of Civil Appeals, Seventh Judicial District.

The first ballot appeared with the names of the candidates in the state's 11 judicial districts listed on it. Lamb County voters must vote only on the seventh district candidates—Herbert C. Martin and Alton B. Chapman.

Potter said that absentee voters would continue to use the original ballot, but that the re-arranged version would be used on election day July 28.

Absentee voters have until Tuesday, July 24, to cast their ballots, Charles Jones, county clerk, announced. Anyone who is a qualified voter and who will either be out of the county on election day, or who for reasons of illness is prevented from coming to the polls, may cast an absentee ballot.

The revised ballot which Lamb County voters will use on July 28th will appear this way:

NEWS FOR YOU IN NEW COLUMN

Do you know what's happening lately in Littlefield?

Chances are you know all about petitions, school board meetings, clean-up drives, industrial drives, weather, weddings, little league, crime news and other such happenings.

But, what about your next door neighbor ... or your friends across town. Do you know that Joe and family down the street are going on vacation to Colorado. Does he know that your parents visited you over the weekend?

Starting today in the News and Leader is a column especially for personal items about Littlefield families. It's called "Lately In Littlefield" and it's for you and your friends.

To make this column a success, we need your help. Much of the time we're shackled with big stories that take time and research. At times, we never hear of your weekend trip or your family barbecue—or other things that your neighbor would like to know about.

Here's what we would like you to do. Call us on Mondays and Thursdays at 26 or 27, and tell us about yourself and your friends. Our deadline will be 5 p.m., Monday for each Thursday paper and 5 p.m., Thursday for each Sunday paper.

We think you'll enjoy "Lately In Littlefield," but as we said before, we need to hear from you. Call us and ask for Wilda. It's up to you.

Hollywood Police Continue Search

Hollywood police, who Tuesday night had followed a bloody trail in the city's suburban Echo Park, established Wednesday that the 200-yard-long trail has no connection with the feared slaying of Eugene Robertson, 26-year-old Sudan man.

Detective Sergeant Jerald Hardy of the Hollywood general assignment division told the News and Leader in a telephone conversation Wednesday at 2 p. m. (CST) that police "have run into a blank wall on the case."

Hardy said the trail of blood at Echo Park, only ten minutes' drive from where Robertson's bullet-riddled car was found, had been traced to "another party", thus closing off clues which police hoped would lead to the solving of the baffling Robertson disappearance.

Police continued the search for Robertson Wednesday and, Hardy said, received what he described as "several crank calls" concerning the case.

The mysterious disappearance was learned Monday at midnight when Robertson's car was found abandoned in an alley behind a Hollywood hotel. The windshield and window were shattered by four bullets and a patch of blood was on the front seat. The car radio was blowing and the headlights were still on.

Robertson had left Sudan for Hollywood on June 10th and had been in construction work with his brother there. The two men had lived in a Hollywood hotel, however. (Continued On Page 6)

GOC Post, KVOW Will Participate In Operation Alert

"Operation Alert 1956," a nationwide civil defense training exercise to start Friday and continue through next Saturday, will give the local Ground Observer Corps and Radio Station KVOW a major role in the exercise.

A total of 76 areas will be the pre-selected presumed targets. GOC Post Supervisor Dub Gilder said this week that he expects the local post to be manned for the 12 hours on Friday, when the exercise gets underway.

KVOW will leave the air at 2:10 p.m., Friday for 15 minutes, along with every radio and TV station in the nation. The only broadcasting from 2:10 to 3:25 p.m., will be done by 1,250 stations which have joined the Federal Civil Defense Administration's "Conelrad" plan for emergency broadcasting. All of these stations will broadcast on one of the two civil defense frequencies (640 or 1240 kilocycles).

Soil Bank Plan Deadline Friday; 76 Enter Program

With only two days left for farmers to apply for the soil bank program, the County ASC office said Wednesday that 76 Lamb County farmers have signed up for the program.

The deadline on the first part of the plan is Friday, July 20, ASC representative Charlie Hill said.

Hill urged that interested farmers who have had adverse conditions check with his office between now and the deadline time.

The maximum amount of land which may be placed in the program is 50 per cent of the allotment, or 10 acres—whichever is larger. The minimum is 10 per cent or two acres—whichever is larger. New growers are not eligible to participate.

If farmers certify that they did not plant cotton this year in anticipation of participating in the reserve, or if they did not plant because of drought, the payment (Continued on Page Six)

Wheat Growers Will Vote On Marketing Quotas Friday

Wheat growers vote Friday on whether marketing quotas set by Secretary of Agriculture, Ezra Taft Benson will be put into effect or not.

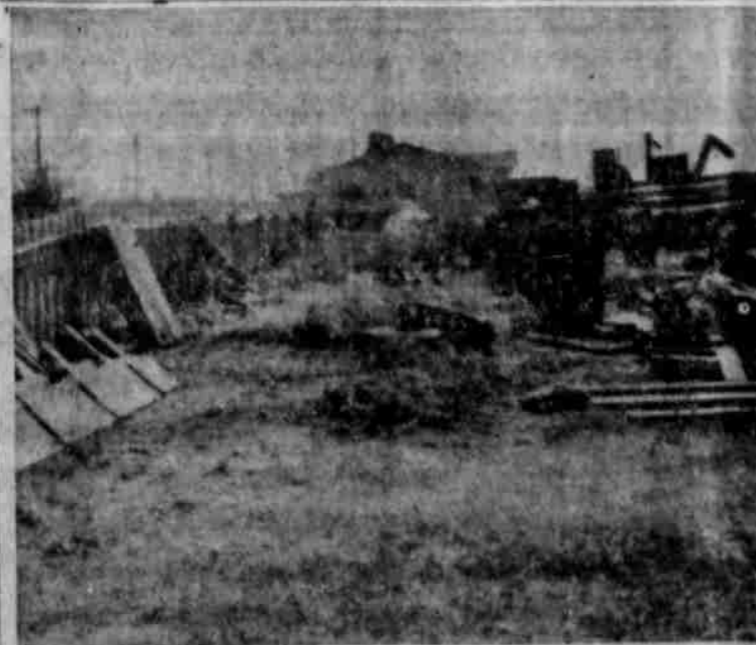

Voting places in Lamb county are the County ASC office in Littlefield, the Springlake Elevator, and the Sudan Elevator. Both husbands and wives will be eligible to vote and polling places will be open from 8 a.m., to 6 p.m.

Growers who in 1957 will harvest 15 acres or more of wheat are eligible to vote. Quotas do not affect farmers with smaller wheat acreages.

The issues to be decided by the vote deal with quotas, penalties on excess production and support prices. If two-thirds of the voters favor quotas, then quotas will continue in effect on the 1957 crop. A grower who exceeds the larger of his allotment of 15 acres of wheat will be subject to a marketing quota penalty on his excess production. Under quotas the support price for growers who comply with their wheat allotment will be between 75 and 90 per cent of parity.

If more than one-third of the voters disapprove quotas, no quotas are proclaimed for excess production will be in effect. The support price will drop to 50 per cent of parity for those growers who comply with their allotments. This drop is provided by law.

The vote will not affect acreage allotments. Legislation provides that wheat allotment shall be in effect each year except in the time of emergency. Marketing quotas are proclaimed and voted upon whenever the wheat supply exceeds the normal by 20 per cent or more. The supply of wheat available for 1956-57 is about 70 per cent above the normal supply at present.

iff Dick Dyer Announces didacy For Re-Election

FRIENDS, THE CITY OF LAMB COUNTY: I like to take this opportunity to express my appreciation to the people of Lamb County for their past support and their past support. I have tried, at to make you the kind I would want for myself. I feel like I qualified to make you now than I have ever so. It is impossible for me to get out and see each and every one of you, and to visit in your homes and business as I would like if you are now paying your sheriff and it would be for me to neglect my duty to get out and wage a full campaign on your money. You know I am trying to do my job which I hired to, and my platform is my past record. If you re-elect me to the office of Sheriff of Lamb County, I will do my best to do the job and see that our county is in an efficient manner. I certainly appreciate your support and your VOTE on the 8th day of July, 1956. Sincerely yours, Dick Dyer

Miss Cotham Is Wed To Billy Crittenden

In a ceremony read Thursday at 8 p.m., in the Parkview Baptist church, Miss Dianna Cotham became the bride of Billy Crittenden. Officiating was the Rev. Quint Farley, pastor.

Parents of the couple are Mr. and Mrs. Dan Cotham of Littlefield, and Mr. and Mrs. Bill Crittenden of Anton.

Decorating the church were arrangements of pink gladioli and greenery flanked with white candles.

Miss Phyllis Clayton, pianist, accompanied Miss Leta Merle Roberts as she sang "Because" and "O, Promise Me."

Given in marriage by her father, the bride wore a street length dress of white eyelet embroidery, designed with a strapless fitted bodice with long torso lines, ending in a full skirt. Completing the attire was a bolero with small cap sleeves. Her fingertip veil was held in place with pink rose buds. She carried a white Bible topped with pink rose buds, ending in satin streamers.

Miss Jean Ward serving as maid of honor wore a pale blue princess style dress of embossed cotton complimented with white accessories. Her head band was of white carnations.

The flower-girl, Rosalind Brown, a niece of the bride, was attired in a pink organza dress. Dab's Smalley Jr., nephew of the bride served as ring bearer. The candle-lighters wearing pastel green organza dresses with pink streamers were Dee Cotham and Joyce Tate.

Wayne Crittenden served his brother as best man. Ushering were Monte Dale Smalley and Irwin Turner.

Mrs. Cotham wore a dress of navy blue shantung, and a corsage of white carnations. Mrs. Crittenden, the groom's mother, chose a dress of aqua linen with white accessories and a white carnation corsage.

The bride is employed as bookkeeper at Hefflin Machinery in Littlefield. Her husband is employed by a motor company in Anton as a mechanic. They will reside in Anton.

Great Company
Lesson for July 22, 1956

MAN is not made for loneliness. He not only feels incomplete when circumstances force him for a time to live alone; he is actually incomplete. It is only through existence with others that we arrive at our true selves. People who have never thought this through know it by a kind of instinct. That is why there are so many organizations and societies and fraternities and groups of innumerable sorts in the world. Even when an organization has no very important reason for its existence, its members just like to get together.

Dr. Foreman

The Great Company
Of all groups of human beings, the greatest is the "great company" we call the Church. Belonging to it is more than joining another organization. It is more than any denomination, more than any existing list of members, even if you put all the members of all the churches into one master-list. The writer to the Hebrews, thinking of the heroes of faith, does not think of them as past-and-gone saints. They live now; they are the great "cloud of witnesses"—the cheering grandstand, we may dare to say—in whose presence our own race is being run. They are living members of the Fraternity of Faith. All those who have dreamed God's dreams after him, all who have looked beyond their times to the heavenly city yet to be, all who have toiled to make this world a bit more like the world of God's intention, who have by faith seen what God promised and greeted it from afar; these make up the company to which every man and woman is invited; these are the light-bearers, the builders, to whose fellowship every Christian belongs. Men of faith often have to live lonely lives; they can be misunderstood, imprisoned, tortured and killed; but they take heart, knowing that they do not stand alone.

Marching With the Heroes

For some persons, precise accuracy of belief is what makes a good Christian. Surely accuracy of belief is a good thing. To say the least of it, there is no point in believing what isn't so, or not believing what is so. But from the standpoint of this letter to the Hebrews, indeed from the standpoint of Jesus himself, accuracy of belief and completeness of understanding are not the last word in what makes a Christian. Faith, in the way the word meets us in the famous 11th chapter of Hebrews, is not voting "aye" to a set of propositions. Faith is doing something for man and God. It can be expressed in the slogan, "Expect great things from God; attempt great things for God." Faith of this rousing, robust kind is more than thinking, it is doing. It is thinking too; faith certainly is no substitute for thought. Reading the stories of the men and women the writer to the Hebrews lists in his roll-call of faith, one finds them planning ahead, working, fighting, never blindly but with the determination that comes from a thinking faith. Heroes think, plan, believe; but also heroes DO. It is the doing that makes them heroic. So the Great Company is a marching, fighting company, marching at God's orders, fighting God's war.

Supermen?

Thinking about such things, and such men, has put iron into the blood of many weaker men and women, struggling through their own battles on this earth. But it has a discouraging side, too. These men—Abraham, Moses, all the rest, and all the others that Christian history can name—these heroes of faith were supermen, we feel. Quite out of our class. In such a company, many a humble Christian feels like a boy who can't do simple arithmetic being elected by accident to a Mathematical Society, or a boy twelve years old suddenly finding himself in the middle of a football game between Notre Dame and Texas. It's embarrassing. But no—that is a mistake. The men named to that Roll-Call of Faith were not really supermen. Indeed some of them felt so small that they tried to resign before God elected them. By themselves they would have been no more remarkable than ourselves. For after all, it was not their faith, or their character, or their power, that made them; it was the God in whom they had that faith, who made them. And God still makes men!

National Farm Safety Week Is Scheduled For July 22-28

Farming is a dangerous job. So dangerous that nation-wide attention is being focused on the problem by declaring July 22 through 28 as National Farm Safety Week. The risks of the farm are both physical and financial. In one year about 15,000 U. S. farm residents are killed in agricultural accidents. Another 1,300,000 or more are injured.

Each farm is a separate sphere of management and operation which involves a wide variety of activities and working conditions. The heavy toll of accidents caused each year by these different farm tasks wipes out so many million man days of labor.

In some areas, Texas farmers may face one of the major accident creating situations—labor shortages. When hired help is scarce, the farmer takes on more of the work load. He toils longer hours and becomes tired long before the job is done. As a result, he is tempted to take risky shortcuts or postpone needed repairs on machinery and buildings. This sets the stage for crippling accidents.

Farm machinery is the big killer. Careless handling of equipment causes many mishaps but even a careful operator may be hurt if he is running broken or worn machines. A good maintenance program for machinery could do much to keep down farm tragedies.

Another common cause of injury is farm animals. Some accidents with animals are unavoidable. Still many result from impatience on the farmer's part or an under-estimation of the animals' dangerous traits.

Fires are a greater hazard on the farm than in the city. They cause some 3,500 of the 15,000 farm deaths each year. These fires occur at the rate of 400 per day, and most can be traced to defective heating units, flammable roofing materials, overloaded electrical wires and lack of protection from lightning.

But the farmer and city dweller share equal risks right in the home. Four thousand farm residents die each year from accidents inside the house. Thus, home safety is a prime starting point in eliminating accidents which rob families of their livelihood.

Now that another crop season is underway, a little more caution and advance planning may help assure you of being around when the time comes to reap the harvest from seeds you are planting today.

when it gets the go-ahead to build a four-lane, divided bypass route around the city.

Meanwhile, work began this week on Highway 51. H & M Construction Co., of Littlefield began the process of lowering gas and water lines so that the highway can be widened. C. H. Messer of the company said early this week that about 14 lines must be lowered and that he expects the job to take another week.

Widening of 51 is scheduled to start as soon as gas and water line work is completed. The highway will be widened to four lanes from the south city limits to its intersection with Highway 84.

Amarillo Man Is Retained By Water Group

A rejuvenated Bi-State Water Commission swung into action at Muleshoe this week when it retained the services of Al Hall as full-time coordinator and public relations director.

The first action taken was to arrange a meeting with officials of the Santa Fe railroad to discuss the advisability of granting right-of-way to the City of Lubbock to install its mammoth pipeline that will tap the underground water resources of the Bailey-Lamb county area.

Earlier in the year the commission filed injunctions against Lubbock to prevent laying the pipeline on highway right-of-way where the state did not have clear title to the land.

As soon as this happened, the City of Lubbock requested right-of-way around the tracts in question from the railroad. The question of granting permission to lay the pipeline next to the railroad tracks is now being considered by company officials.

This morning, representatives of seven Texas and two New Mexico counties will meet with R. G. Buchanan, president of the Panhandle and Santa Fe railroad in Amarillo. They will present the drastic economic repercussions that can result in the unlimited use of irrigation water for municipal and industrial purposes.

Littlefield will send City Attorney Bill Street to observe the proceedings at Amarillo.

Several state representatives and possibly a senator are expected to be in the delegation that will include commission members from Bailey, Cochran, Hockley, Deaf Smith, Castro, Parmer and Bailey counties.

The meeting was coordinated by Hall, formerly on the staff of the Amarillo Daily News, now employed by the commission.

Former Anton Man Buried At Lubbock

Funeral services for O. L. Langston, 62, of Lubbock were held Wednesday at 2 p. m. in the Asbury Methodist Church at Lubbock. Langston is the father of Mrs. Jim Hardin and Mrs. Frank Mott, both of Anton.

Conducting the services for Langston who died Monday at 7 a. m. in the Methodist Hospital was the Rev. John English, pastor of the Asbury Methodist Church and Dr. C. A. Bickley a former pastor. Burial was in Tech Memorial Park under the direction of Rix Funeral Home.

Langston married Miss Mary Elizabeth Roe in Williamson County July 16th, 1911. They moved to Lubbock from Anton in 1945. A retired farmer, Langston had been in ill health for several years.

He is survived by his wife; three sons, J. W., W. H., and O. L. Jr. all of Lubbock; two daughters, Mrs. Hardin and Mrs. Mott; three brothers, Elmer of Ft. Worth, Roy of Temple, Harlan in the Army, a sister, Mrs. Eula Shaver, Plainview; 11 grandchildren and two great grandchildren.

Palbearers will be Ed M. Hart, George A. Broome and Wayne George all of Anton; Jess Kendrick, T. E. Milam and A. G. Swanson, all of Lubbock.

ever it was learned that the hotel where the bullet-riddled car was found was not the same hotel in which Robertson resided.

Robertson, son of Mrs. Grace Robertson of Sudan, who died in an automobile accident in February, 1955, and nephew of Mrs. Ed Hart of Anton, and Art and Bill Chesher of Littlefield, sold his auto body shop in Sudan just before leaving for California. Mrs. Hart left Wednesday for Hollywood.

Hollywood police said that Robertson had dinner Monday night with Miss Juanita Walker who also had recently gone to Hollywood from Sudan. Miss Walker operated a drug store in Sudan with her sister, Mrs. J. H. Tomasson. Robertson and Miss Walker dated while living in Sudan.

Police said that Miss Walker told them that Robertson had taken her to her hotel about 10:30 p. m. Monday after they had had dinner together. She told police that he seemed to have no worries.

Eugene's brother, Bill, told Bill Chesher by telephone Tuesday that he had seen Robertson about 10 p. m., Monday, and that his brother had gone "to the drugstore or something" after taking Miss Walker home.

The missing man was graduated from a San Francisco High school and entered the navy for four years, then came to Sudan where he bought an auto body shop. He lived in Sudan for two years.

Busy Weekend Is Reported By Sheriff's Office

Violations of drunkenness, felony theft, felony check swindle, liquor law violations, disturbance and carrying a concealed weapon kept Sheriff's officers busy during the weekend.

Sunday, two local colored men were arrested for drunkenness. Each paid fines of \$20.50. Another Negro man at Sudan was arrested for disturbance. Also arrested at Sudan Sunday was a colored man charged with carrying a concealed weapon. He was released on \$1,000 bond after pleading not guilty.

Sheriff's deputies apprehended a local colored man for liquor law violation Saturday. The suspect was noticed carrying something to his car and after investigation, five bottles of wine were discovered. Bond of \$1,000 was posted and the man released. An Olton Latin American man was arrested on the same charge Monday. Two cases of beer were found in his possession. He was released Monday on \$1,000 bond.

Bobby Shaw, colored male, was arrested Monday and charged with felony theft. He is alleged to have stolen clothing valued at \$400 from a car belonging to Louis Green, Sunday. All of the clothing has been recovered with the exception of two shirts. Shaw is still in jail. Bond has not been set.

Charged with felony check swindle Monday was Ed Proby, Negro, who is lodged in the county jail. Bond has not yet been set. Proby is believed to have written a \$300 check to a local used car dealer.

Dedication Of Mission Set Sunday

The Rev. Robert Smith, pastor of the Mexican Baptist Mission has announced that the dedication service of the new church building will be held, Sunday afternoon at 2:30 o'clock.

The new building located on Highway 51 was built by the West Plains Baptist Association and cost approximately \$15,000.00.

Included in the dedication service are Rev. Wayne Perry, invocation, Rev. G. C. Rodriguez, and Rev. Roque Fuente, scriptures; Rev. Franklin Swanner, Rev. Porfirio Mejia and Job Maldonado, Dr. Lee Hemphill, dedication sermon, and the benediction by Rev. Smith.

Melon Swipin' Spree Is Costly For Sudan Youth

Two Sudan men decided that it was easier to take a watermelon from a stand rather than go to the trouble to get them out of the field.

Friday, which was the 13th, incidentally, Tommy Henderson who operates a fruit stand at Sudan discovered that approximately 15 melons were taken from his stand. That same night watermelons were strewn down streets in Sudan, apparently thrown from a moving vehicle.

Monday, Deputy Sheriff Homer McLaurey arrested a 20-year-old man in connection with the alleged theft. He was tried Tuesday before Judge Robert Kirk. After pleading guilty he paid a fine of \$25 plus costs and will make restitution to Henderson for the damage.

The other person involved had not been taken into custody at press time, Wednesday.

Social Security Representative To Be Here July 26

A representative of the Lubbock Social Security office will be in Littlefield on July 26 at 10:30 a. m. in the Employment office and will be glad to assist in all matters pertaining to Social Security.

Why a social security card? It is just a little card with a blue border, a social security account number and a name. Employers want to see it for their records—they cannot make complete payroll reports without the number and name of each employee. Self-employed persons also need a social security number to make a proper report of their earnings.

The social security card should be carefully guarded as it is necessary when changing jobs. If it has been lost, it takes several days to get a duplicate card showing the same name and the same social security number.

Volunteer Firemen Elect New Officers

Littlefield volunteer firemen re-elected Bob Cox to serve as fire chief Monday night in a regular meeting.

Other officers named by the volunteers were M. O. Dunagin, assistant chief; F. H. Glazener, president; Charles Smith, vice president; Eugene Johnson, secretary; Kenneth Kelsey, assistant secretary; W. D. Gilder, treasurer; and team captains Robert Trotter and Max Windwelen. Johnson and Gilder were re-elected to their positions.

Jaycees And WOW Tangle Tonight

VFW Takes On Rotary At 6:00

One of the top games of the season will be unreel-tonight at the Little League ball park when the League-leading Jaycees tangle with the second place WOW team.

Pete Estrado is expected to start on the mound for the Jaycees and either Van Ashley or Kenneth Moore will pitch for the Woodmen. Estrado has a 6-0 record while Ashley has a 3-0 and Moore has a 1-3 record for the runner-ups.

The last time the two teams played the score was 6-5 with the WOW winning in the bottom of the sixth inning.

Yarbrough Food Beats Rotary 12-5 Saturday

In a make up game played Saturday night, the red-hot Yarbrough Food team beat the Rotary by a score of 12-5. The game was one of the games that was rained out in the first week of play.

Grover Lee Pilgrum pitched the first four innings for Yarbrough while Billy Shaw hurled in the fifth inning and Mike Nelson finished the last frame for the winners.

Jackie Gage and Richard Pierce pitched three innings each for the Rotary with Gage getting credit for the loss.

Yarbrough was up-and-down in order in the first inning but in the second frame they pushed across six big runs off of three two-base hits by Shaw, Pilgrum and Bennett.

The winners scored once more in the third, four in the fourth, and one in the fifth to gain their third victory in a row.

The Rotary got all five of their runs in the third inning off of Pilgrum when he walked five men and Jackie Gage got a single for the other two runs.

Winning Pitcher, Grover Lee Pilgrum (2-3); Losing Pitcher, Jackie Gage (0-1).

WOW Edges Out Rotary 5-3 In Monday Game

In the early game Monday night the defending champion WOW stayed on the heels of the pace setting Jaycees as they handed the Rotary a 5-3 defeat behind the three-hit pitching of Roger Morris in the top of the third and finished the full distance for the

Rotary giving up only eight hits.

The Rotary jumped off to an early lead in the first inning as Jackie Gage got on on an error and later scored to give the Rotarians a 1-0 lead at the end of the first inning of play. The Woodmen tied it up in the top of the second as Van Ashley got on with a single and Jerry McCain drove him into score with his single after Ashley had stolen second and third on passed balls.

The WOW pushed their lead to 5-1 in the third inning when they got four hits and four runs.

Richard Pierce scored for the Rotary in the bottom of the fourth and Jackie Gage got the other run in the bottom of the sixth for the losers.

Winning Pitcher, Roger Morris (4-0); Losing Pitcher, Shelly Duval (1-6).

VFW Scores Six In Last Frame For 7-4 Win

The never-say-die VFW team pushed across six runs in bottom of the fifth inning to defeat Lowe and Co. 7-4 after Lowe had led for five innings, scoring all their runs in the first inning off of the VFW hurler, Ricky Miller.

Roy Edwards, Billy Bangston, Phillip Sellers and Terry Hyatt scored for Lowe in the first inning after they had got only one hit and four walks, coupled with four errors for the Vets.

The score stood that way until the fourth inning when the Vets collected one run. In the top of the fifth, Roy Edwards relieved Billy Bangston for the Lowe team and was credited with the loss.

Bangston had pitched one-hit ball at the Veterans for four consecutive innings.

Jerry Potts came on to relieve nine-year-old Ricky Miller in the top of the third and finished the game to get credit for the

win. The VFW got only two hits in the game but Lowe committed four errors in the last frame.

Winning Pitcher, Jerry Potts (3-1); Losing Pitcher, Roy Gene Edwards (1-3).

Yarbrough Takes 12-5 Win Over Foust Food

Yarbrough Food became the first team to beat all the teams in the Littlefield Little League as they dumped the highly regarded Foust Food team Tuesday afternoon 12-5.

Robert Moore started for the Foust team but was relieved in the second inning by Don Stephens who finished the game. Grover Pilgrum pitched the first three innings for Yarbrough and Richard Williams finished the game to preserve the win.

Foust got one run in the second inning, one in the third and fourth and two more in the fifth. Joe Medina was the only batter getting more than one hit, he got two singles out of three times at bat.

Yarbrough pushed across two runs in the first inning, six in the second, one in the fourth and three more in the last inning. Grover Pilgrum and Jackie Friday each got two hits out of four times at bat to pace the Yarbrough team to victory.

Winning Pitcher, Grover Pilgrum (2-3); Losing Pitcher, Robert Moore (1-2).

Jaycees Score 15 Runs In First Inning; Win 19-12

In the last game played Tuesday night, the league-leading Jaycees jumped on the Lions for 15 runs in the first inning off of 12 walks and only one hit. This marked the Jaycees sixth win in concession.

Jimmy Melton started hurling for the Lions and walked 9 men before he was replaced by Spike Jones who pitched until being relieved by Johnny Weaver in the top of the fourth.

The first half of the first inning took 35 minutes to play before the Jaycees finally went down "swinging".

Young Billy Halton was the starting pitcher for the Jaycees and pitched three innings of no-hit ball before being relieved by

Tokyo Joe Returns To Battle Labelle In Judo Match

Bloody but undaunted, big, tough Tokyo Joe wants to return to the Littlefield Sports Arena this week for another shot at one of the three men who caused all of his pain last week in the local arena.

The Karate-Judo expert has hurled a challenge to any one who will wrestle him in any style or kind of match. For wrestling fans who have never had the opportunity of seeing a judo-karate match, promoter John Ussery will match the tough Oriental against a national champion judo expert in the opening event, Gene Labelle, La-

bel, who calls France his home and holds the Judo championship in his native country will take the Jap on in a regulation Judo Jacket match in the opening event.

In the second event, popular Luis Martinez, meets another new opponent in the person of Babe Zaharias, "The Crying Greek from Cripple Creek." Zaharias who comes from the famous family of wrestling Greeks, is none other than the brother-in-law of the famous Babe Didrikson Zaharias, world's champion woman golfer and athlete. Zaharias, who weighs 240, will cause the popular Mexican to be alert at all times, if he expects to beat him. RTs will be a one fall or a 20 minute time limit match.

The main event match will pit Tokyo Joe and Zaharias against Martinez and Labelle in a tag team match which promises to be a rough one. This match will be the main event and will be for the best two out of three falls and a one hour time limit. Matches will start at 8:45 p.m.

Alex Duggan Leads Local Entries In Levelland Tourney

Alex Duggan, promising young Littlefield golfer, led six local entries in the seventh Levelland Invitational Golf Tournament which closed Sunday.

Duggan qualified with an 80, then won two matches and advanced to the second flight semi-finals before losing.

David Keithley, shooting a 79 in the qualifying round, was defeated in the second round of the first flight.

Don Lee, playing in the fourth flight, also dropped his second round match.

The same fate befell Ernest Conroy and Bob Cannon, who qualified for the sixth flight.

Another sixth flight qualifier, Arthur Duggan, Alex's father, advanced to the consolation semi-finals before being knocked out of the tourney.

REUNIONS. Reunions, Rodeos, and trips. From now until starts vacationing Texans take to the highways by the ends. They are likely to find the roads crowded than at any time in the state's history. In year to year, total traffic has climbed steadily, say Department surveys. In addition, vacation months a steep jump. Just especially is a headache the Department of Public Safety. Accident rates climb sharply during the past five years. Accident rates have been 3 to 27 per cent higher than by. People try to over-drive on a vacation trip," says Asst. C. G. Connor of the Texas Highway Patrol. "Fatigue is a regular problem. Speed is an

and federal highways, Connor believes, especially since total mileage increased also—nearly 5 per cent.

Hard normal trends continued, 181 more lives would have been lost in 1955.

OPERATION ALERT SCHEDULED

Would Texans know what to do if atomic bombs fell? To find out, a full-scale drill will be held July 20.

Five key areas — Houston, El Paso, Austin, Waco and the Fort Worth-Dallas area — will be assumed hit by bombs between 11 a.m. and 1:30 p.m. that day.

Smaller towns and rural areas also will participate in Operation Alert. Many have been designated as reception centers for evacuees from cities.

State Civil Defense and Disaster Relief Headquarters in Austin has asked all mayors, county judges and other local civil defense officials to cooperate.

Strategic industrial center, such as Beaumont-Port Arthur, will practice vacating plants and schools. Military bases will test their full-scale emergency measures.

Purpose of the drill is to show up any flaws in the plan whereby federal, state and local officials and trained volunteers would cooperate to cope with a major catastrophe.

Nationally, Operation Alert will presume 52 cities bombed. FCC has ordered all radio and TV stations off the air at 3:10 p.m., July 20. Special defense frequencies, 640 and 1240, will be used for test broadcasts of disaster instructions.

PHYSICAL EDUCATION TEACHERS REASSURED

Physical education teachers won't be out of jobs if proposed new high school graduation requirements are adopted.

Commissioner of Education J. W. Edgar clarified the plan for alarmed teachers. Physical education and health courses still are required by state law, he said.

A State Board of Education study committee recommended they no longer be counted among the 16 units required for graduation. Committee suggestions were part of an overall effort to strengthen high school curricula academically, especially in scientific studies.

VACCINE FOR ADULTS SEEN SOON

Texans over 20 may be able to get polio vaccinations within "a month or two."

But, said State Health Department officials, this is still "purely speculative." Actual timing will depend on when the vaccine supply exceeds that needed for youngsters and expectant mothers.

In Texas, polio takes its heaviest toll among tots under four years old. They have 51.2 per cent of all cases, 69.1 per cent of paralytic cases.

Persons over 20 account for only 17.4 per cent of total incidence, 6.8 per cent of paralytic cases.

Forty-one new cases were reported in the state last week, bringing the '56 total to 440.

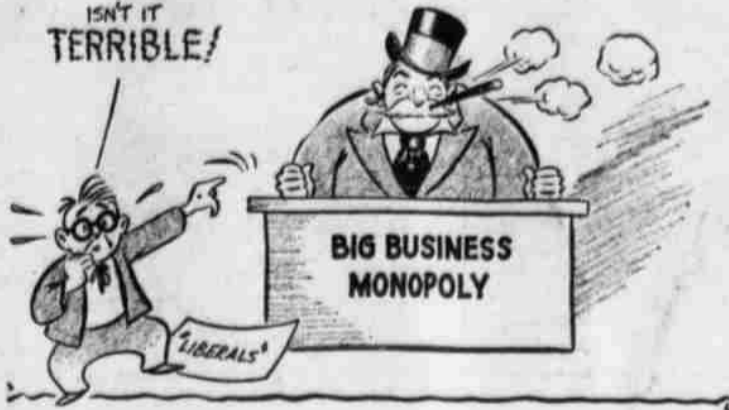

WORSE AND MORE OF IT
More and more Texans have less and less water. In its monthly report, the State Water Board listed these gloomy details:

Texas reservoirs were down 17 per cent, and observation wells and springs were at all-time lows. Storage in Trinity River basin lake was at 27 per cent of capacity; in Red River lakes, 55 per cent; Lake Texoma, 51 per cent. Famous Comal Springs near New Braunfels ceased to flow for the first time in history.

Ground water levels, below average in almost all areas, hit record lows in four areas.

No general area of the state could claim normal rainfall. State

THE AMERICAN WAY

Strange How The "Liberal" Mind Works

Letter To The Editor . . .

Dear Editor:

Just like to say I think it is one of the nicest things that could happen to our fair city is to have a cleanup week, but if our men that haul the trash off would pick it up every week it would stay cleaner, like they did when the first got the new garbage truck, they would bring their scoops and pized weeds by the barrels (wind was too high to burn anything) they didn't take it off so we put it in the barrel, and what did they do but turn the thing bottom side up, dump WEEDS, CANS, PAPER and what have you on the ground and left it there, and of course we had to clean it up, but the weeds are still out there.

We are not the only ones that can tell you how they clean up if one would just be asked about it.
A Reader.

wide precipitation was 46 per cent of normal.

SHORT SNORTS

Texans had approximately 7 million acres of cotton under cultivation as of July 1, reported the U. S. Department of Agriculture. This was one per cent less than 1955, 20 per cent less than the 10-year average. . . . Though the primary election is not until July 28, thousands of Texans already have had their say on who goes into office next year. Absentee balloting began July 9, continues thru July 24. . . . Texas will get a 22 per cent increase this year in funds for its public school lunch program, announced the U. S. Department of Agriculture. . . . The state acted to make Duval and Jim Wells counties safer for voters on election day. Three rangers were stationed at Alice after boss George Parr stormed into the Duval Co. courthouse, armed with a rifle, in search of his political foe Tom Molina. He was disarmed and faces a misdemeanor charge.

Sandhills

Philosopher . . .

Editor's note: The Sandhills Philosopher on his Johnson grass farm, apparently has water on his mind, or brain, as you prefer, his letter this week indicates.

Dear Editor:

While coming back from town the other day I found a newspaper some roadside picnicer had used to wrap his lunch in, newspapers are a lot better and a far cry from the models we used to get 25 years ago even if they aren't any more ant-proof now than they were then, and I brushed the crumbs and the ants off and brought it on home with me and headed straight for a shade tree in the pasture without going by the house women have no sense of intellectual values and consider household chores like patching the floor or emptying the garbage as important as mental nourishment.

I hadn't been reading long when I ran across an article that got my mind off the international situation and down to common ordinary living.

According to it, the time may come when man will whip the water shortage situation, not by producing rain but by figuring out a cheap way to eliminate salt from sea water and piping the stuff inland to wherever a dry spot shows up. Have a network of pipe lines running all over the country.

According to the expert making this prediction, it may be around 1990 or the year 2,000 before this takes place, and while I don't believe my crops can hold out that long, still I think somebody ought to be giving some thought to the matter and while I'm waiting on a rain and don't have anything else to do, that's what I've been doing.

As I see it, say they get the

thing perfected and there's a 12 inch water pipe running by my farm ready to turn on and make the present crop surplus look like the sixth year of seven years of want in Egypt. This will be fine except that some bureaucrat will come along and put in a water meter just ahead of my hydrant, with the result that all the fun will be taken out of turning it on and financially I'll be broke with green crops instead of broke with dry ones.

Before this pipeline network gets started, while it's still in the talking stage, is the time to get Congress to outlaw the water meter. Freedom of the seas has got to be brought inland, all the way to my farm. I think you ought to get our Congressman to working on this right now. Time is short. You've got to consider how long it takes Congress to thrash out a problem.

Yours faithfully,
J. A.

Faces around the Department of Agriculture these days are wider than they are long, and that is quite a change. Officials feel certain their popularity rating among farmers is going to go up.

Pay no attention to that cynic leaning over our shoulder and asking: "Where else could it go?" He probably is a Democrat, anyway.

For the first time in four years, the optimists around the Department are not afraid to look at the statistics prepared for them by their economists. They can quote

facts and figures.

Farm prices now average about 10% higher than when Santa Claus last passed up millions of farmers. For the first time since 1952, prices received by farmers are higher than they were a year earlier.

Cash income, the kind you can jingle in your pockets, isn't much to boast about yet, but it is higher than it was a year ago. Price averages for both crops and livestock have been going up for six months in a row.

Under Secretary of Agriculture True D. Morse became so enthusiastic over the statistics that he made a speech saying, "The decline in farm prices and the parity ration has not only been stopped—it has definitely turned up. The most difficult part of the adjustment for agriculture apparently is behind us."

Talk with the economists who prepared the figures, and you get a more cautious optimism. But, you understand, they are not running for re-election. They say chances are we have passed the bottom of the farm recession, but it is a bit early to claim that it is over.

Exports of farm commodities have been increasing a little recently, and that probably will continue as long as we put up the cash for foreign buyers to use in paying us for what we are selling them.

Hog growers who were squeezed so hard last fall and winter can breathe a little easier now. When prices got too low, they decided not to raise so many hogs this year. They cut down on the pig crop last spring by 8%, and plan to do the same on the fall crop.

But if you want to give the Agriculture Department credit for reducing hog production we're sure that will be all right with Secretary Benson. The idea wasn't original with him, but he did suggest it last winter.

Allen Purdy Motor Machine Shop Moves Into New Building

New Plant Features Latest Tools

A new motor machine shop, complete with all equipment necessary for entire motor rebuilding work, was opened by Allan Purdy recently.

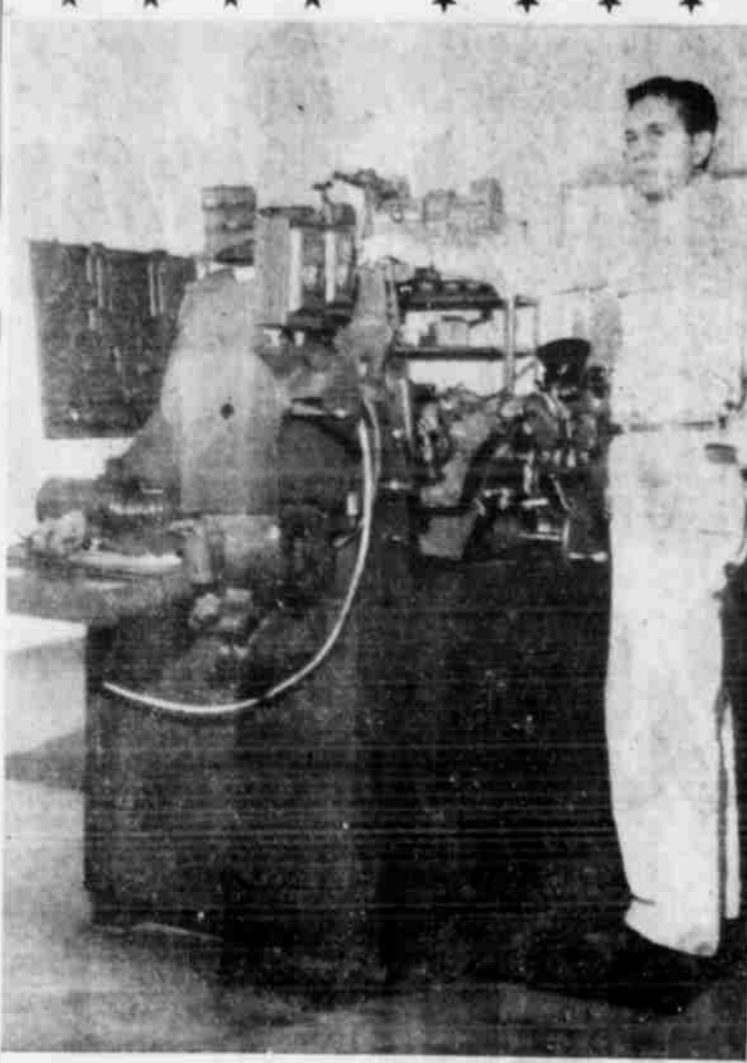

Purdy, who opened his first motor machine shop here at 414 Hall Avenue in April of 1950, moved into his new building near the intersection of Highways 51 and 54 about two weeks ago.

The new building features a large space for degreasing operations in addition to the latest equipment for rebuilding motors in its 2,000 square feet of floor space. The structure is of concrete block and steel construction.

Employed by Purdy in the shop are Jack Yesel, crankshaft grinder; Alvin Looker, machinist; Willie D. Vine, degreasing department, and J. C. Bales, machinist.

Purdy, a Marine Corps veteran of World War II, is a member of the Lions club.

He and his wife, the former Glendolyn Bales, have two boys, Larry, 7, and Gay, 3. They attend the Littlefield Drive Church of Christ.

ALLEN PURDY stands by a crankshaft grinder in his new motor machine shop. The new shop, which Purdy moved into about two weeks ago, features the latest equipment for complete motor rebuilding jobs.
