THE HOME LEAGUE of the Salvation Army is meeting twice weekly in the basement of the Salvation Army building to make quilts for 20 families badly in need of bedding. The ladies are also making neckties and belts decorated with sequins and embroidering pillow cases and scarves to sell. Proceeds from the sale of these articles are used to buy barning and lining for the quilts. Mrs. John Robinson said that anyone who has discarded material usable for quilts, including any type of wool or angora material, is requested to give it to the Salvation Army. Some of the families for whom the quilts are being made have a large number of children and absolutely no bedding. Meeting with Mrs. Robinson, wife of Lt. John Robinson, Fray were Mrs. Louisa Basista, Mrs. Ruben Gomez, Mrs. Frances Christian, Mrs. Ruth Leonard, Miss Vera Deader, Mrs. Simona Sizer, Mrs. Virginia Cantores, Mrs. Matheus Basista, Mrs. Katherine Abner, Mrs. Claudia Duran, Mrs. Mary Hernandez, Mrs. Jan Salinas, Mrs. Elvira Vasquez, Mrs. Fred Jefferson, and Mrs. Beatrice Cardillo. In the above picture members of the group are shown in the preparatory stages of making a quilt. Below they are displaying a quilt recently completed and one in the final stages of completion. Superintendent Jerry A. Lumsden Candidate For County Superintendent

To support my candidacy for County School Superintendent of Lamb County, I respectfully submit the following information:

I was born in Wise County, Texas, in 1908, and lived in that county the greater part of my life. I received my B. S. degree from North Texas State College in 1936 and my M. S. degree from the same college in 1949. I have taught school 22 years, 15 years in Wise County, 4 years

Supt. Jerry A. Lumsden Candidate for County Superintendent

in Bailey County, and I am in my second year as Superintendent of the Spade Schools. I spent two years in Civil Service at Ft. Story, Va. From 1944 until 1946 I served in the U. S. Army.
My wife has taught 12 years and has been a great help to me in my work. We have three sons; one has completed his military service and is now teaching in the Spade schools; our second son is married and is in the service; our youngest son is completing his first year in the service and is stationed in Fort Bliss, El Paso.
My mother and grandmother have recently moved to Littlefield to be near their school-

teaching children. In addition to myself, I have a teacher who is now serving as Superintendent of the Spade schools, one sister who teaches in the Littlefield schools, one in Sudan, and a brother who teaches at Three-Way schools in Bailey County. In addition, I have a brother living in Bridgeport and a sister in Dallas who have taught school. My youngest brother, Russ, is associated with W. O. Hampton; they have girls at Spade and west of Littlefield.

I believe that my 22 years of teaching has given me experience in all types of school administration; my first position was in a one-teacher school, and since then I have taught in schools with faculties ranging up to 30 teachers. My sincere consideration of my candidacy for County Superintendent of Lamb County will be appreciated, and if elected, I will strive to serve you in a most efficient manner. (Pol. Adv.)

Texas Cotton Harvest Now Complete

Cotton ginned in Texas through Jan. 15 was lower in grade and slightly lower in staple length than that ginned during the same period last season, according to the United States Department of Agriculture. Harvest is about complete for this season except for scrapping, which may be slow.
The grade index through Jan. 15 was 81.4 (Middling White equals 100) compared with 82.1 for the same period one year ago. This season the White grades accounted for 81.3 percent of the ginnings compared with 84.5 percent last season. Middling White and higher grades accounted for 22.1 percent of the ginnings compared with 28.4 last year. Strict Low Middling and lower White grades accounted for 45.1 percent of the ginnings compared with 25.1 percent a year ago. The spotted and colored grades accounted for 18.7 percent of the ginnings compared with 26.5 percent last season.
Cotton reduced in grade on account of rough preparation was 4 percent of the ginnings which was unchanged from last year.
The average staple length of cotton ginned in Texas through Jan. 15 was 30.4 thirty-seconds of an inch which was slightly longer than the 29.7 thirty-seconds last season. Staple lengths shorter than 7-8" accounted for 14.7 percent of the ginnings compared with 27.7 percent a year ago. Staple lengths 15-16" through 1" accounted for 7.1 percent of the ginnings this year compared with 47.6 percent last year. Staple lengths longer than 1" accounted for 14.1 percent

Jesse M. Osborn Seeks 2nd Term in Legislature

Jesse M. Osborn

State Representatives Jesse M. Osborn of Muleshoe this week announced that he would seek re-election to a second term in the Texas Legislature. Mr. Osborn was elected in 1952 by voters of the 96th Legislative District, which comprises Bailey, Castro, Deaf Smith, Lamb and Parmer Counties.

During his first term in the House, Mr. Osborn was active in all phases of the state legislature, especially regarding points concerning this district. He co-authored the Canadian River Authority Bill and served on five House committees. They were: Conservation Committee

included: Agriculture Committee (which reviewed 60 water bills), the Highways and Roads Committee, Public Buildings Committee and Motor Transportation Committee.

In making his announcement, Mr. Osborn said that he has done his best to keep his original

pledge of "returning the government to the hands of the people," which voters will recall, was the primary cause which led Mr. Osborn to make the race in 1952. A conservative in regard to excessive spending of government money, he has also concentrated his efforts toward helping the state get as much as possible on such expenditures over which he could vote or exercise any form of control.

"In 1952, I made the statement that I would not want to go to Austin if it meant obligation to any group, individual or clique," said Mr. Osborn. "I still feel that way. The people of this district have been wonderful. My limited experience, I hope, places me in a position to possibly accomplish even more. If the people want to send me back, I am willing to do my best to represent them in the best interests of Texas, especially the 96th district."

Mr. Osborn, a resident of Muleshoe, came to this area in 1924 from Arkansas to become associated with the Friona State

Farm Bureau Sets Community Meets

First in a series of community meetings the Lamb county Farm Bureau will hold before the forthcoming membership campaign will be at Fieldton tonight (Thursday).

Other meetings scheduled are: Friendship, Feb. 1; Amherst, Feb. 2 in the school; Olton, Feb. 4, at the school; Rocky Ford, Feb. 5, at the church; Spade, Feb. 9, at the courthouse; Earth and Springlake, Feb. 11, at Springlake school; Sudan, Feb. 12, at the school.

The meetings will be public, general information meetings to help farmers become better acquainted with the new farm program and review 1953 accomplishments of the local Farm Bureau.

District Judge Bills To Seek Re-Election

District Judge E. A. Bills this week announced he will seek re-election. His formal announcement will be made later.

Bank. In 1931, he moved to Muleshoe to affiliate with the Muleshoe State Bank, a connection which he holds today. In addition, he is a successful farmer and has a small herd of registered Herefords. Friends of Mr. Osborn solicited his campaign over the district as a "people's choice candidate," rather than a politician. (Pol. Adv.)

These Tidbits Are Real Masterpieces

CECILY BROWNSTONE
Associated Press Food Editor

ready to be used in wonderful things to eat. Nearly all the pecans sold in the shells are of the improved or cultivated varieties—this means that their shells are thin and easy to crack, the meats are large and they're not hard to take out of the shell. If you don't feel like cracking pecans you can, of course, buy the nuts already shelled.

Another of these tidbits is shredded bite-size cereal

wafers; they're so delicious they should be perpetuated. These wafers have a great advantage: you can keep a roll of them in the refrigerator and bake as you like.

We're all for giving each guest a plate of his own on which to stack his snacks. Save yourself work and use paper plates—the kind that are lunch-size, firm and non-absorbent. Then with paper napkins on hand, you'll be all set—and so will your guests.

SPICED PECANS
Ingredients: 2 tablespoons butter or margarine, ½ cup sugar, ¼ teaspoon cinnamon, dash of

squares. Have you noticed how these cereals are getting all tucked out with seasoning these days, and have come into great favor as party fare? Try our recipe—double or triple, if you like. Just make plenty—people love these.

The third choice morsel is a cheese wafer—a combination of sharp cheddar, butter or margarine, flour and a dash of paprika. All the good old-fashioned cookbooks had a version of these

cloves, dash of nutmeg, 1 cup pecan halves.

Method: In heavy skillet, melt butter. Add sugar, cinnamon, cloves and nutmeg; stir well. Add pecans and cook over low heat, stirring constantly until sugar is melted—about 8 minutes. Turn out on buttered flat pan to cool, separating pecans.

CEREAL CRUNCHES
Ingredients: ¼ cup butter or margarine ¼ cup teaspoon poultry seasoning, ¼ teaspoon salt, 3 cups bite-size shredded wheat squares.

Method: In 10-inch skillet,

Eggs Can Make A Good Main Dish

By **CECILY BROWNSTONE**
Associated Press Food Editor

Running out of ideas for simple main dishes? Then use the good old egg—in these two delicious ways.

First way is to serve eggs in a sauce over English muffins as a luncheon dish. A cooked vegetable—peas or carrots, for instance—tastes fine with this dish.

Second way is to combine eggs with a small can of salmon for a golden-brown gloriously puffy salmon soufflé. Serve the soufflé with crisp potato sticks (these come in cans) or with potato chips, and a salad of tomato, aspic and lettuce or romaine. Be sure to have the salad on individual plates because nothing is worse, in our estimation, than to have a molded food nestling next to one that's hot!

Both these dishes are excellent for family use because they call for that nutritious and economical product—nonfat dry milk powder. Keep a package of the milk on a cool dry pantry shelf so it will be at hand when you need it.

ENGLISH MUFFIN EGGS

Ingredients: 2 cups water, 2/c cup nonfat dry milk powder, 4 teaspoons flour, ½ teaspoon dry mustard, 1 teaspoon salt, ¼ teaspoon pepper, 2 tablespoons pickle relish, 6 hard-cooked eggs, 4 to 6 English muffins.

Method: Pour water into top of double boiler. Sprinkle nonfat dry milk powder, flour, mustard, salt and pepper over surface of water. Beat with rotary beater until just blended. Cook over hot water, stirring constantly until mixture thickens. Chop egg

melt butter; stir in poultry seasoning. Add shredded wheat squares; mix well over low heat about 3 minutes. Serve warm or cold.

CHEESE WAFERS

Ingredients: 1¼ cups sifted flour, ½ cup butter or margarine, 1 cup firmly-packed grated sharp cheddar cheese, paprika.

Method: Put flour, butter and cheese into mixing bowl. Blend with pastry blender, fingers or two knives. Form into two rolls about 1 inch in diameter. Chill several hours. Slice ¼- to ½-inch thick. Sprinkle with paprika. Bake in hot (400F) oven 5 minutes. Makes 60 to 75.

Handkerchief Tricks

FOR SLOW, NOT BLOW . . . Here are two Hollywood starlets demonstrating new tricks with decorative hankies. At left, pretty Martha Hyer wears a California-designed belt of slotted saddle leather through which is threaded a gay Swiss handkerchief. At right, Dolores Dorn brightens up a pair of cotton shorty gloves by pulling bright polka dotted hankies through the cuffs. The girls also use outsize handkerchiefs for cocktail aprons, gathering them onto ribbon belts, or transform big bandannas into sun halters.

Senior Play Cast Chosen Sunday

The play cast for the Senior play, "Glamour Boy," to be presented at 8 p.m. March 2 in the Littlefield highschool auditorium was selected Sunday afternoon. Mrs. Inell Lowe and Jimmy Hines, senior class sponsors, are directing the play.

The cast will be: Miss Davis, principal's secretary, Polly Lou Potter; Clarissa, school girl, Erna Jane Jones; Mr. Garfield, principal, Lee Boyd Montgomery; Georgia Belle, school girl, LaTayne Steffey; Chauncey, the "Glamour Boy" hero, Mike Joplin; Roxanne, school editor, Rosa Lee Hemphill; Mrs. Mooner, Chauncey's mother, Trudy Smith; J. C. Roberts, civic leader, James Renfro; Miss Thorn-dyke, society editor from New York, Bobbie Jo McShan; Miss Higgins, highschool teacher, Anona Wiggins; NBC announcer, Glenn Owen; Audrey Neilson, school girl, Sharon Jeffries; Flash, star athlete, Duane Hoover; Corky, school boy, John Crosby; Miss Prescott, high-school English teacher, Doris Byrd; "Life" photographer, Le-land Stone.

The play is a comedy in three acts.

just blended. Cook over hot water, stirring constantly, until mixture thickens. Remove from heat. Beat egg yolks until lemon colored. Add a little of the hot mixture to egg yolks; blend well. Return to remaining hot mixture. Add salmon, parsley, lemon juice and onion; blend well. Cool. Beat egg whites until stiff but not dry; fold into cooled mixture. Pour into buttered 1½-quart casserole. Bake in a slow (325F) oven about 1 hour or until puffed and golden brown. Serve at once. Makes 4 servings.

Children Visit In Stockstill Home

By Alma Stockstill

Mr. and Mrs. Calvin Hammons and children, Calvia Joyce, Darlene and Linda Sue of Hereford spent a few days with Mrs. Hammons' parents, Mr. and Mrs. C. R. Stockstill.

Hammons is assistant manager of the Interstate theaters in Hereford.

Other children visiting in the Stockstill home were Mr. and Mrs. Kenneth Bales and son Steven Glen of Clovis, N. M. Bales is assistant manager of the C. R. Anthony Co. in Clovis and was assistant manager in the Anthony store in Littlefield before being transferred to Clovis.

Gin Starts Clean-up

The Circle Gin this week started its annual clean-up job. Mr. Daniels doesn't believe in putting off until tomorrow what you can do today, and when ginning time starts this fall, he'll be ready.

Dorothy Hargrove At Home

Miss Dorothy Hargrove is spending the mid-term college holidays at her home. Dorothy is attending West Texas State college at Canyon.

She has made her home with Mr. and Mrs. G. W. Simmons since leaving the Tipton orphanage home in Oklahoma nearly four years ago. She lacks seven hours work of being a junior in college.

Mr. and Mrs. Wayne Snider and daughter of Amarillo visited in the J. L. Snider home over the weekend.

Holloway Visits

Harley Holloway of McMurtry college is spending mid-term holidays at home. He is the son of Mr. and Mrs. John Holloway.

Mr. and Mrs. Aaron Isaacs and Selton of Amarillo visited in the Sid Stewart home Sunday. Mrs. Isaacs is the Stewarts' daughter.

Misses Annette, Rita and Cynthia Robison of Amarillo visited Sunday with their aunt and uncle, Mr. and Mrs. J. J. Moses. The children are daughters of Mr. and Mrs. Elvis Robison, formerly of Circle, who have lived in Amarillo for the past year.

RECIPE OF THE WEEK

By Mary Lee Taylor

Cherry Pie Supreme

Broadcast: January 9, 1954

- | | |
|---------------------------------|---------------------------|
| 1/2 cup Fat | 2 Tablespoons butter |
| 1/2 cup Evaporated Milk | 1 Tablespoon lemon juice |
| 3 Tablespoons cornstarch | few grains salt |
| 1/2 cup sugar | 1 cup powdered sugar |
| 1/2 teaspoon salt | 9-inch baked pastry shell |
| 1/2 teaspoon cinnamon | |
| No. 2 can sour, pitted cherries | |

Put milk into ice cube tray and chill until ice crystals begin to form around the edges. Mix in a saucepan the cornstarch, sugar, 1/2 teasp. salt and cinnamon. Drain cherries and save juice. If necessary, add enough water to juice to make 1 cup and stir into cornstarch mixture. Cook and stir over medium heat until very thick, about 7 minutes. Cool thoroughly. Melt butter in a small saucepan. Remove from heat. Mix in lemon juice, few grains salt and the powdered sugar until smooth. Let stand to cool. Put cold milk into a small cold bowl. Whip until stiff. Beat in butter mixture just until mixed, about 1/4 at a time. Do not overbeat. Add cherries to cooled juice mixture, then take out 8 cherries to decorate top. Put filling into cold pastry shell. Put whipped mixture around edge. Decorate with berries. Chill an hour before serving.

News of Women

Richey Combines President's Duties with Teaching and Domestic Activities

is the first of a series of articles to acquaint you with the presidents of women's groups in the Littlefield area.

By Billye Watson

Marjorie Richey, president of the Forum, is a versatile woman whose principal activities are her husband and children, Bobby, 4, and Peggy, 1½. She also teaches first grade in Littlefield Primary School.

The Forum is a study club for younger women of Littlefield who organized primarily for self-education. Due to the fact that all except two members of the club are working, meetings are held at home. Each year they present a program to the Latin-American Club with the best of scholastic records. They hold rummage sales and cake sales as fund-raising projects. This past year the group sent a message to the state hospital in Dallas. They have also been busy in decorating the community center.

Richey's husband, Robert Richey, is with Richey on oil business. They were here in 1948 from Houston where he had a similar business. Mrs. Richey also is the first grade in Hous-

ton. Richey particularly enjoys working outside in the yard and spends a great deal of her spare time doing that. She has a home at 809 Cundiff. She has a lot and makes most of her own and her family's clothing. She said it requires about one and one-half hours to make a skirt for her-

self. Enough time is left over from her other activities, Richey enjoys tennis and sports.

Her favorite time-saver for meals is a vegetable salad she mixes Libby's "Veggie" lime Jello to produce a colorful and attractive vegetable

recipe is: Drain the liquid from the vegetables and use with package of lime Jello. Beane Jello sets add a dash of pepper, two tablespoons of chopped onions and two tablespoons of vinegar. The Jello starts to become firm and the canned vegetables continue to chill. Serve with white dressing on lettuce.

Scout Pack To Meet Monday At Community Center

Cub Scout Pack meeting was held Monday night at the Community Center. Mrs. J. P. Trimmer, pack leader and parents, Mrs. W. C. Thaxton and Mrs. Carl Arnold. The next meeting will be Feb. 12 and hostesses will be Mrs. B. D. Garland sr. and Mrs. Raymond Erwin.

Miss Neese was host and apples as refreshments. Mrs. Jones, Dwayne Jones, Brook, Shelly Duval, Reeves, Eugene Reeves, Young, Sylvia Young, a Mrs. Jack Brooke, den leader and Mrs. Zeal Young, den mother.

Scout Pack 41, met Jan. 25 at the home of the den mother, Mrs. Douglas. Mrs. David instructed the Cubs in making, in preparation for the puppet show they will present at the next Pack meeting.

Present were Ralph Maurer, Steve Eaton, Pettiet, Allen Swain, Reese, Clark Huff, Heatham, David Douglas and Gary Rodgers, Den

A Council To Meet Next Tuesday

County council of Parent-Teachers association will meet Tuesday in the home of Mrs. H. B. Carson. Mrs. H. B. Carson, president, will be in charge of the meeting. Refreshments of tea and coffee will be served at the beginning of the meeting.

MRS. ROBERT RICHEY, president of the Forum, is pictured with her two children, Bobby and Peggy. A Primary teacher, she also enjoys sewing and yard work. The Forum is a study club for young women in Littlefield who are interested in literary and civic projects. (Photo by Taylor)

Art Dept. Meets With Mrs. Henson For Session In China

Members of the Art Department, presided over by Mrs. C. O. Stone, met Friday with Mrs. T. A. Henson for an all-day work session.

Mrs. Jed Clarida led the work session on china painting. During the business meeting the group voted to give \$25 to the March of Dimes. They also decided to continue holding their meetings in the home of Mrs. Henson.

Hostesses for the meeting Friday were Mrs. J. P. Trimmer, Mrs. W. C. Thaxton and Mrs. Carl Arnold. The next meeting will be Feb. 12 and hostesses will be Mrs. B. D. Garland sr. and Mrs. Raymond Erwin.

Miss McClanaha Will Wed Bill Matlock Feb. 9

Mr. and Mrs. H. A. McClanaha of Springlake have announced the engagement and approaching marriage of their daughter, Dorothy Jeann, to Bill Matlock, son of Mrs. and Mrs. J. C. Matlock of Springlake.

The wedding will take place at 7:30 p.m. Feb. 9 in the First Baptist church at Springlake. Friends are invited to attend the ceremony. The reception will be held in the church parlor immediately following the wedding.

The wedding will take place Jan. 31 at Hopewell Baptist church in Olton with Rev. James Flippo performing the ceremony.

Miss Russell is a graduate of Olton schools and San Jacinto business college in Amarillo. Korbow, whose home was in Shadow, La., before entering the air force, attended schools in Mt. Hermon, La.

The couple will make their home in San Antonio.

Elementary P-TA Tuesday Hears Panel Discussion

Albert Miller was moderator Tuesday in a panel discussion on "Common Problems at Home and at School" presented at a meeting of the Elementary Parent-Teacher association.

Mrs. A. P. Duggan jr. presided over the meeting in the high-school auditorium. Serving on the panel were three teachers, Mrs. Bill Davis, Mrs. W. H. McCown, and Mrs. Bill Smith, and three parents, Mrs. Ralph Nelson, Dr. Albert Perkins, and Rev. Henry Haupt. Next meeting of the organization will be Feb. 23.

MRS. GLEN CHESTER, formerly Miss Jo Ann Wells, is a recent Lamb county bride. She is the daughter of Mr. and Mrs. Clayton Wells of Circleback. Chester is the son of Mr. and Mrs. Dorman Chester of Sudan. The couple is at home near Sudan where he is engaged in farming.

Sunday School Attendance Goal Set At 1,000 By Baptists For February 7

The goal for Sunday school attendance at the First Baptist church Feb. 7 was set at 1,000 at a meeting of teachers and workers in the Sunday school department Monday night at the church. Troy Armes, Sunday school superintendent, presided over the business meeting which followed a covered dish supper.

The goal for attendance at training union Feb. 7, which is the date set for dedication of the new auditorium, was set at 311. The group also discussed future reorganization of some of the Sunday school departments.

Principal speaker for the meeting was Rev. W. H. Hughes, pastor of Lum's Chapel Baptist church. His topic was "God's Harvest Hands."

Friends Surprise Mrs. Brock With Birthday Party

Relatives and friends of Mrs. Ruben F. Brock surprised her on her birthday Sunday by taking lunch and gathering at her home east of Littlefield. The group drove up to the house about the same time the Brock family drove home from church.

After lunch, guests visited and took pictures. It was the first time Mrs. Brock's family had been together in three years.

Those attending were her parents, Mr. and Mrs. C. E. Pendergrass of Portales, N. M.; Mr. and Mrs. D. C. Thetford and sons of Whitharral, her sister's family; her brothers and their families, Mr. and Mrs. W. M. Pendergrass and son of Whitharral and Mr. and Mrs. A. T. New Cadillac For '54 Unveiled This Week

...ing its new styling and
...ing major advances in
... fine automobile design.
... Ahrens, general man-
... of Cadillac Motor Car Di-
... Wednesday announced
... Cadillac for 1954.
... fresh styling conception
... completely revised chassis
... of the 1954 Cadillac
... it an important forward
... this Division's pursuance
... continuing objectives," de-

clared the General Motors vice
president.
"Embodied in the 1954 Cadil-
lac, in its 40th anniversary year
of Cadillac's introduction of the
V-8 engine and in this fifth anni-
versary year since Cadillac's
introduction of the modern high
compression, overhead-valve V-8
engine, are:
—a distinguished modern styl-
ing incorporating many of the
features of experimental Cadil-

lac show cars.
—handling qualities, roadabil-
ity and power driving aids mak-
ing the more spacious 1954 Cadil-
lac even safer and easier to
operate.
—greater visibility, ventilation
and heater capacity plus auto-
matic devices for increased pas-
senger pleasure and comfort.
—enhanced high efficiency,
high horsepower V-8 engine per-
formance to deliver more versa-
tile, more dependable, silent,
smooth and responsive opera-
tion.
"Outstanding new styling ele-
ments—the vertical pillar body,
panoramic windshield, new front
and rear end designs—distinctly
separate this car from the mod-
els that have preceded it.

"A number of elements—dual
exhaust ports, headlamp visors
and rear fenders—now are fully
integrated, adding to the car's
purity of line.
"Completely new, richly tail-
ored interiors include the new
exteriors. Advanced modern
decorator designs keynote in-
strument panel, upholstery and
door motifs.
"Underneath the new Cadillac
appearance lies a new chassis
and a new suspension system
that result in handling ease and
a degree of roadability and
riding comfort never before ac-
complished. Wheelbase, tread,
engine position, brakes, steer-
ing, springs and shock absorb-
ers all are redesigned to provide
the highest in driving safety and
comfort.

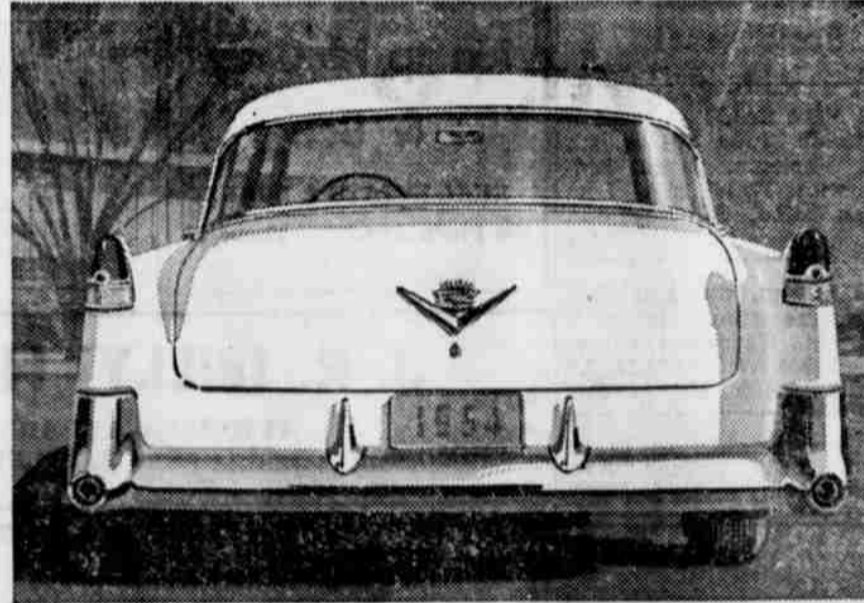

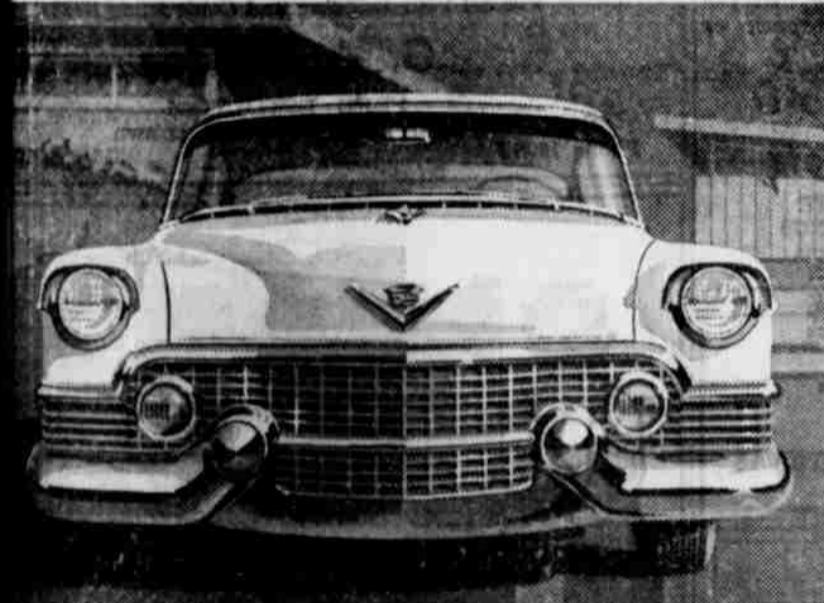

"In addition, Cadillac in 1954
includes as standard equipment
six of the overwhelming popular
optional features of 1953
"These are: Cadillac Power
Steering, ordered by up to 93
per cent of our 1953 customers,
and now further improved;
windshield washer, now incor-
porating an automatic coordinat-
ing device; outside rear view
mirror; and oil filter. For all
models except the special El-
dorado convertible. Orleans
show car type wheel discs and
vanity mirror also become stan-
dard equipment.
"An improved 230 horsepower
Cadillac V-8 engine puts at the
driver's command unparalleled
engine smoothness and respon-

Presenting the 1954 CADILLAC

Styled to be Copied for Years to Come...

...and as Thrilling to Drive as to See!

The new "Standard of the World" is now on display in our showroom. It is not just a new model, but a wholly restyled and re-engineered Cadillac—new from its more massive grille to its more distinctive rear deck.
It is lower and longer in silhouette... more modern and graceful in its body lines... and with greater majesty and dignity in every detail. Beyond question, it is destined to influence the design of motor cars for years to come.
Matching this greater exterior beauty are Cadillac's luxurious new interiors—more generously proportioned and more beautifully

appointed than ever before... and executed in a dazzling array of gorgeous new fabrics and leathers.
And, what is even more remarkable, this wonderful new Cadillac is as thrilling to drive as it is to see!
A great new 230-horsepower engine has added new power and responsiveness. A vastly improved Hydra-Matic Drive provides even greater smoothness and flexibility. Advanced Cadillac Power Steering, now standard equipment on every model, brings with it a whole new concept of steering and handling ease. And new Cadillac Power

Braking* has introduced wonderful new motoring safety and convenience.
This greater Cadillac beauty—and this finer Cadillac performance—are available for 1954 in three brilliant new series of motor cars... the remarkable Series 62, the distinguished Fleetwood Series 60 Special and the magnificent Fleetwood Series 75. And, of course, there is also the supremely beautiful Cadillac Eldorado.
These inspiring creations are in our showroom now—awaiting your critical inspection. We cordially invite you to see and drive them at your earliest opportunity.
*Optional at extra cost.

JONES MOTOR COMPANY—E. 8th and Levelland Highway—Littlefield

1954 CADILLAC ELDORADO—Power steering, power brakes, vertical and horizontal power front seat adjuster and wire wheels are among the many pieces of optional and accessory equipment standard on the specially styled 1954 Cadillac Eldorado. Dramatic new styling and new chassis and suspension engineering make the 1954 Cadillac a major automotive advance establishing important future trends, according to Don E. Ahrens, General Manager of Cadillac Motor Car Division. Panoramic windshield, new front and rear end designs, new low length of body lines and increased interior roominess are outstanding. With improved steering, braking, handling and riding qualities, the new Cadillac delivers even greater smoothness and responsiveness from its high compression V-8 engine.

Now Is Time For Preplanting Irrigation On Plains Farms

Now is the time for farmers to start their preplanting irrigation for cotton and grain sorghum. Some of the more important advantages of starting early in the year are as follows:
1. Loss by evaporation is generally less during winter months.
2. Where only a small quantity of water is available, farmers can store adequate subsoil moisture on considerably more acreage than can be irrigated during the summer months. This subsoil moisture, stored on the portion of the farm that cannot be irrigated during summer months, will go a long way toward increasing crop yields.
3. Farmers are not generally burdened by other farm

work at this time of year.
4. More time is available to cover the desired acreage in case a serious breakdown or failure in the pumping plant occurs which would take several weeks or longer to repair.
It should be remembered that when applying the preplanting irrigation for cotton and grain sorghum sufficient water should be put on to fill the soil plant root zone. The soil plant root zone for cotton and grain sorghum will extend to caliche for most High Plains soils. In exceptionally deep soils the effective root zone will be from 3 to 5 feet.
With the dry condition now prevailing throughout the area, the irrigator may store in a four foot profile as much as eight inches of water in the heavy clay soils and approximately six inches in some of the medium texture soils.
Light applications of water which only penetrate half the

Party Line

Miss Betty Wright and Jno. J. Laughlin of General Mills incorporated, Amarillo, were in Littlefield Tuesday on business.
Mr. and Mrs. S. A. Cobb, who have been living near Littlefield for the past six years, moved Wednesday to Winnsboro where they have purchased a farm. Their son, Dick Cobb, who has been employed at Ford Body Shop in Littlefield, will move to Winnsboro this weekend.
Mrs. John Paul Jones and son, Randy, are here visiting her parents, Mr. and Mrs. Fly Thornton. They are living in 29 Palms, Calif., where First Lt. Jones is stationed with the Marine Corps. Mrs. Jones and her son will be here about three weeks while Jones is at Camp Pendleton, Calif., undergoing surgery on his hand.

WHAT METHODISTS BELIEVE 3

We Believe in the Holy Spirit

God manifests Himself upon the scene of our daily living as the Lord and Giver of life; interpreting the divine will to our human hearts, comforting us in our sore bereavements, awakening within us a hunger for the eternal, quickening our souls to repentance for sin, witnessing with our spirits that we are the children of God. The nature of the Holy Spirit often lies beyond the limits of our knowledge and understanding, but the glorious fact of His presence in our minds and hearts is the central certainty of our Christian experience.

Attend the Church of Your Choice Every Sunday

Mr. and Mrs. T. J. Grant left last Sunday for California upon notification of the illness of Grant's brother-in-law, Luther Holt. Holt suffered a stroke and died Tuesday after the Grants' arrival. Funeral services were conducted Friday. Mr. and Mrs. Holt Grant of Littlefield left Thursday to attend the funeral. They will return Sunday night.

soil plant zone or less should be avoided.
Water is one of the greatest natural resources in the Plains area—use it wisely with only minimum waste.

Eisenhower Farm Program
Requires Minimum Legislation

Q. What are the advantages of "flexible" price supports?
A. They are the only type of supports which promote shifts in production and supply to meet changes in demand. They do this by allowing for modest price fluctuations which provide incentives for farmers to adjust their production. The present system of rigid supports, in contrast, perpetuates surpluses and unbalanced production. It also results in lower farm income when artificially high prices result in lost markets. Flexible supports, on the other hand, can produce larger income because they permit larger production—farm income being the product of units sold multiplied by the price received.

Q. How would flexible supports operate?
A. They would operate as set forth in the Agricultural Acts of 1948 and 1949. Under this law which was amended to postpone the flexibility features from becoming effective until 1955—the level of price support on basic commodities would vary between 75 and 90 percent of parity, depending on the level of supply. Here is what the Act provides:

Support shall be at levels not in excess of 90 percent of the parity price and for some products not less than the levels called for by a "minimum support schedule" ranging from 75 to 90 percent of the parity price, according to the relationship of total supply to normal supply.

That "minimum support schedule" in general declines 1 percent for every 2 percent increase in the total supply. If the supply is abundant, a lowered price stimulates consumption and discourages production. If the supply is short, an increased price support level encourages production. Fluctuation in price and supply tend to offset one another, and to stabilize income.

Q. What are the advantages of the modernized parity formula?
A. It permits parity to reflect changes in farm costs as farming methods are improved. It also takes account of the consequences of changing trends in demand for different farm commodities and products.

Q. What effect would the modernized parity formula have?
A. First, it would place all price-supported farm commodities on a fair basis, ending the present situation in which some commodities come under the new parity calculation while others are exempt. The basic commodities are exempt until 1956, their computations being based either on the old or new formula, whichever is higher. The old formula is based on the conditions of the 1909-14 period and does not allow for increased production efficiency or changes in consumer demand. The modernized formula is based on a progressive 10-year average.

Second, it would provide support for all commodities at a realistic level, in keeping with present-day conditions. For example, in 1950 it took wheat farmers an average of only 26 hours to produce a hundred bushels of wheat as compared with 106 hours in 1910-14. Thus parity for wheat under the new formula is 15 percent lower than under the old. For peanuts parity is 23 percent lower. For corn it is 10 percent lower. And for cotton it is 4 percent lower.

M. P. Reid, who was recently moved from a Lubbock hospital to Littlefield Hospital and Clinic, underwent surgery there this week and is doing as well as can be expected.

Lt. and Mrs. Charles Joplin were expected to arrive Sunday from Camp Chaffee, Ark., where he has been stationed. They will visit his parents, Mr. and Mrs. C. A. Joplin. Lt. Joplin will have 30 days leave before reporting to Fort Lewis, Wash., for duty in the Far East Command.

Empty a can of sliced apples into a pie plate. Top with crumbs made from leftover white cake; add a sprinkling of brown sugar and dot with butter or margarine. Bake in a moderate oven until hot through. Good and easy!

Mr. and Mrs. Nick Gray, who returned Wednesday from an extended visit in Eastland, visited their sons and families in Phillips Friday and Saturday.

Feed Grain Prices Seen At Lower Levels In '54

By David Eaton
Lamb County Agent

Total supplies of feed grains and other concentrates for the 1953-54 feeding season are slightly larger than in the past two years. However, supplies vary sharply by areas. In the southwest, Texas included, the drought has reduced feed crop production, and present supplies are below average.

The 1953-54 corn supply is near a new record; but supplies of oats, barley and sorghum grains are all below the average of recent years.

Because of the large supply, the carryover of feed grains as of Oct. 1, 1954, will be near the all-time high. This will tend to reduce prices for the 1954 feed crop.

Large quantities of 1953 corn are expected to be placed under price supports, which may result in some tightening of the supply situation and only slightly seasonally advancing prices later before the 1954 crop comes on the market.

The prices of all feed grains are expected to remain lower

Sharon Huber and Linda Emfinger.

The ninth grade woodworking class members are making television lamps. The lamps are made of a clear, hollow glass brick with a wooden base. The seventh and eighth grade classes are doing tin and metal work.

All the homerooms in junior high school have chosen new officers for the new semester. See you again next week, Donna Sue Goertz.

this fall and in the early part of 1954 than a year ago; but some feed grain prices may strengthen before the 1954 crops are harvested.

Prices of high protein feeds are expected to remain lower in the early part of 1954 than a year earlier but may advance later in the 1953-54 feeding year if hog and poultry production increases early in 1954.

In studying the outlook for the 1954-55 feeding year, which consumes much of the 1954 crop, it is known first, that we will have a large carryover for the 1954 crop with which to compete. Second, corn acreage allotments in 1954 would result in some reduction in corn acreage.

However, larger acreages of other feed grains are in prospect for 1954 as a result of acreage restrictions on wheat, cotton and probably corn. Grain sorghums acreage probably will increase in 1954.

The price of 1954 corn will be supported at 90 percent of parity.

The support prices of 1954 oats, barley and sorghums grains are again based on 85 percent of parity.

Prices for the 1954 feed crop probably will average slightly below or about the support level in view of the outlook for increased supplies.

Ernest Ameen was among the more than 5,000 buyers who attended the American Fashion Association's Spring and Summer Market in Dallas, Jan. 17-22.

City Residents Meet To Discuss West Texas Topics

More than 160 community leaders from West Texas and Eastern New Mexico met at Texas Technological college in Lubbock last weekend to discuss problems of community development.

Littlefield was represented by Supt. Haidis R. Pearce, C. E. Williams, Mrs. Oscar Wilemon, William Brune and Mrs. Allen Hodges. They participated in discussion groups Friday morning.

The sessions were concerned with community interests such as "water and soil, business in West Texas, industrial potentialities, city planning, health and welfare, the young generation, the mature citizen, cultural resources, and West Texas and the world."
