... WAS a beautiful day. The lilacs were in full bloom and the grass and trees were green. As we flew over the hills, it looked like the fisher-people were thoroughly enjoying the weather.

... representative Jess Osborn was most hospitable. We were sitting with him at lunch and also for a short time.

... eager to hear what was in this district have to use his explanation what his plans and problems are.

... A bill coming up before the committee meeting Tuesday which would remove the abandoned irrigation canals.

... and in some three areas, humans have fallen these abandoned wells. This would give the High Ground Water Authority to see that every well has been properly capped.

... ARE Jess's sentiments. The representatives and representatives had to waste much valuable time with horse racing and that don't have a chance of passing. It is quite true that the state legislature is working many extra days necessary bills, because of minority ones.

County's Spelling Bee Scheduled Here Friday

A field of eight youngsters will compete here Friday afternoon for the title of champion speller of Lamb County as representative of the different school districts enter the second leg of the National Spelling Bee. The bee will be staged at the courthouse at 1 p.m. The students, tops in spelling at Sudan, Amherst, Littlefield, and Olton were chosen after local bees in their respective schools. Leading the entries will be Littlefield's Bobby Ross, last year's county and regional winner who competed in the national bee, finishing seventh in the nation. Joining Bobby as the second local entry is Linda Williams. Gale Thomason and Cynthia Blackwell will represent the Sudan schools at the bee. The two were chosen in eliminations held at the schools. A member of the sixth grade class Gale is the daughter of Mr. and Mrs. Dale Thomason. Her father is bus foreman at the school. Cynthia is the daughter of Mr. and Mrs. Percy Harlin and a member of the eighth grade. Amherst's entries are two seventh graders, Barbara Coffey, 12, and Marsha Phillips, 12. Earlier Reports False

Gilbert Released

"Whenever I hear from him (James) I will be satisfied that he is safe," Mrs. Trudy Gilbert, local woman whose son, James, was reported captured, released and not released and now reported safe and on his way to Las Palmas in the Canary Islands. The conflicting reports began when Gilbert was captured with ten other oil workers on Saturday, Mar. 11 supposedly by a band of nomadic tribesmen in the Spanish Sahara. A report that all 11 men were safe came from Morocco the following Tuesday and Mrs. Gilbert heard from her son's boss Thursday confirming the report. Saturday night Mrs. Gilbert was notified that the men had not been released and were still in the hands of their captors with their whereabouts unknown. Another news report was released Tuesday saying that the men are now all safe and enroute to their base on the Canary Islands. Mrs. Gilbert has not heard from her son since March 7 said she heard from his boss in California Tuesday. He told her, "When I sent that telegram that your boy was safe that was the truth and then in a few minutes they told me the government wouldn't turn the men over to their supervisor. I am sorry, that my information was not correct but that is what the supervisor told me." He continued, "Whenever I hear anything else, I'll let you know." Mrs. Gilbert said she was expecting a call from him sometime Wednesday. "The first I knew that he wasn't safe was Saturday night when a reporter from Lubbock called me and asked if I had heard anything from James' boss", Mrs. Gilbert relates. "I was by myself when they called and I just hope no one has to go through what I went through that night. I thought he was safe and then to find out he wasn't was just about all I could stand", she said. She said that a reporter had talked to her son and said he was well treated but declined to say anything of his experiences. He continued that he and the other men were tired and wanted to rest. They were kept in a hotel during most of their capture. Mrs. Gilbert said it "makes me feel good for people to care about me in my time of need." "Every one has been so good and sweet to me and I thank God for all the kindnesses," she continued. The story released Tuesday by the Associated Press was to the effect that King Hassan II of Morocco ordered the release of the men after ten days of captivity. The story continued: "The 11 men were lodged in Rabat hotels just before midnight. They had been in the hands of the Moroccan army for the last eight days, although Moroccan officials had refused to way a word about their whereabouts despite insistent appeals of the diplomats for information. One of the Canadians in the party was reported, however, to have suffered a slight bullet wound, and one of the Spaniards suffered cuts from flying glass when the party's vehicles were attacked. The other Americans were Dale Miller, 26, of Bakersfield, Calif., and John Cosgriff, 26, of Big Timber, Mont. The party, which set out from

Kimbrough Shows Top Duroc

LUBBOCK, Richard Kimbrough Littlefield FFA member, exhibited the champion of the Duroc breed here Tuesday afternoon, leading the entries from Lamb County in the South Plains Junior Fat Stock Show. Kimbrough's Duroc took the same honor at the Lamb County stock show in February and was judged Reserve Grand Champion at that show. Kenzel May of Sudan placed fifth in the heavyweight medium wool Lamb division and an Olton 4-H member, Curtis Hall, placed third in the lightweight South-down category. In other swine divisions, Cary Latham of Springlake placed fifth with a lightweight Berkshire; Larry Robbs of Littlefield took third place in medium-weight Berkshires and Ronnie Johnson was runnerup in the heavyweight slot. Ty Jones of Littlefield brought home second place in the medium-weight Chester White division. Ronald Hill of Littlefield exhibited the fifth place winner in the heavyweight Hampshire category and Poland China winners included Latham with a medium-weight and Jerry Hadaway of Springlake with a heavyweight.

Final plans have been made for the Junior Chamber of Commerce amateur talent show. Date of the show has been set for Saturday, April 15 in the Littlefield High School Auditorium. Auditions for the show have been set for Tuesday, April 11 in the auditorium with three classes of entries. The entrants will be divided into junior, high school, and adult classifications. There is no entry fee and the (Continued on Page Four)

Theft Cases Filed

A Lamb County grand jury Monday returned 23 indictments, including 15 for theft, four for burglary, one for breaking and entering, one for DWI (second offense), one for forgery and phrasing and one for attempted rape. Four men were indicted in the October 24, 1960 burglary and theft of several batteries taken from a farm operated by E. D. Bingham. The men are Domingo Galon, indicted for burglary and theft, no bond had been set late Tuesday; Johnnie Sierra, indicted for breaking and entering and for theft with bond set at \$1500 on the theft indictment; Ernest Selvas, indicted for burglary and theft with bond set at \$2000 on the burglary indictment and \$1500 on the theft charge; and Tony C. Lopez, indicted for burglary and theft with bond set at \$2000 and \$1500 for the two charges. Romando Delgado was indicted for forgery and passing. He attempted to pass a \$46.50 check to L. A. Blackwell on February 24, 1961. A second indictment was returned against Delgado charging him with theft of an automobile belonging to J. H. Jordan on the same date in February. No bond had been set late Tuesday. Nicudemos Castillo was indicted for attempted rape of a minor on or about January 22, 1961. Bond was set at \$2500. John Marshall Johnson was indicted for the January 15, 1961 burglary of property belonging to Ernest Hicks. Bond was set at \$2000. Three men were indicted for January 20, 1961 theft of tires and wheels from Mrs. Anna Laura Mathews. The men are Alfredo Perea, Joe Rivera and Enrique Castillo, Jr., all have been charged with theft on two counts and bond set at \$1500 on each of the counts against the men. Robert Sosa, former Littlefield doctor, has been indicted again charged with the theft of a quantity of medical equipment from Ralph E. Maurer. Sosa was indicted once before on the same charge but a technicality in the first indictment required the second indictment. The offense occurred on March 31, 1960. He is under a \$2500 bond. Fred Sullins was indicted for DWI (second offense) as the result of an auto accident on January 12, 1961 in which a car driven by Sullins was in collision with one driven by E. Hart of Anton. Two indictments returned involve men who are not in custody or free on bond. Truitt Sides of Olton was foreman of the grand jury. Other members were Harold Allison, H. W. Kendrick, T. S. Tyler, Willie B. Cook, Glenn Batson, E. E. Carter, F. M. Smith, Oscar Wilemon, Troy Moss, Grover Durham and James Garrett.

Mahon-Backed Sugar Extension Faces Defeat

The Department of Agriculture, the State Department and the House Committee on Agriculture are supporting a bill which provides for a 21 month extension of the present stop-gap Sugar Act as opposed to a 9-month extension which prospective sugar beet producers have been crusading for, according to Rep. George Mahon in a prepared statement released this week. Moreover, the bill does not undertake to deal with the new grower and the new-producer area problems in the United States. In other words, the proposed extension act contains no language which will enable new growers to get into sugar production. A larger domestic quota is a must if West Texans and new growers elsewhere are to get into the sugar beet picture. Only 55 percent of our present sugar requirement is presently being produced by American growers of beet and cane sugar, Mahon said. The situation is further worsened by the fact that when the vote comes on the extension bill on Monday, March 20, there was no chance to offer amendments to change the pending proposal. Consideration of the bill comes under a procedure known as suspension vote. Supporters of the extension proposal argued that quick action is necessary because the present law expires on March 31. "Indications are that the chance for limiting the extension to 9 months is better in the Senate than in the House. House and Senate action will, of course, be required before the bill goes to the President for approval into law," Mahon said. The proposed extension bill varies only slightly from the present stop-gap law. It permits shifting of beet acreage within the United States, to a limited degree, from deficit areas to other areas. This will not materially help new growers. The bill is bad because it provides for 21 months rather than a 9-month extension. Many members of Congress from sugar beet areas feel as I do that domestic producers should be granted a substantial portion of the American market. Foreign producers (Continued on Page Four)

Red Cross Total Hits \$5,772.74

Red Cross workers for the county reported a total of \$5,772.74 late Wednesday to Mrs. Lyle Brandon, county director. The total for this year's drive is \$9,880. Reports have been received from eight of the ten area chairmen with Springlake and Pleasant Valley not reporting. Olton is the only area that has completed their drive and exceeded their goal. They report \$1531.67 toward a goal of \$1500. Fred Hicks was the Olton chairman. The report from Littlefield is \$2345.67 toward a goal of \$4250. Glenn Reeves is the chairman for the Littlefield drive. Others reporting were Hart Camp with \$75.40 toward a goal of \$165; Mrs. J. W. Wells, chairman; Fieldton reported \$108. Mrs. R. A. Reed, chairman, with a goal of \$130; Amherst reported \$440 with a goal of \$740. Rev. Woodrow Williams, chairman; Sudan reported \$517 toward a goal of \$850. Wayne Brown, chairman; Earth reported \$500 with a goal of \$845. Ross Middleton, chairman; and Spade reported \$305 toward a goal of \$585. Rev. Albert Cooper, chairman.

Accident, Thefts, Fill Police Files

Monday, City Police investigated an auto accident on East 5th near the intersection of Twitcheil. A car driven by Phillip Eugene Nichol of Amarillo and one driven by Karen Franklin of Littlefield were involved. The Franklin vehicle was travelling east on 5th when Nichol backed from a driveway and into the Franklin car. Damage was estimated at \$50 by the police. A ticket for failure to yield the right of way was issued to Nichol. Police received three hub cap theft reports over the weekend. Jerry Collins of Rt. 1, Littlefield; Lloyd Locke of Rt. 2, Littlefield; and Jerry Young of Star Rt. 2, Littlefield, all reported the theft of two hub caps from their cars.

Amherst Youths Unimproved

There has been no apparent improvement in the condition of the two Amherst youths, injured a month ago in a car-train crash, according to the officials at the Methodist Hospital in Lubbock. The two youths, Jimmy Nix and Jimmy Love, were reported still in critical condition and are resting easily apparently not in any physical pain. The official said they cannot tell if the boys are responding to treatment any better than they have been in the past. The Nix youth underwent surgery last week, but the official said it is hard to tell if it has done any good. The Love boy's eyes are open but he shows no signs of response or ability to focus them.

S. J. Kaplan, Texas Tech, Speaks At Joint P-TA Meeting

S. J. Kaplan, Head of the Department of Child Psychology at Texas Tech, spoke Tuesday at the joint meeting of the Littlefield High School and Elementary P-TA's. Kaplan, who spoke on "Basic Human Needs," stressed the need of parental guidance for children at home. He said that parents should do with children what they cannot give sufficient in teaching the three R's: reading, writing and arithmetic. High school officers elected for the next year are: Ed Blackwell, president; Mrs. Forbes Tatum, vice-president; Mrs. W. B. Jones, secretary; and Mrs. Ewing Thaxton, Treasurer. Elementary P-TA officers are: Principal Paul I. Jones, president; Mrs. James Davidson, vice-president; Mrs. E. D. Bingham, secretary; and Mrs. Carl Nowlin, treasurer. Mrs. Arthur P. Duggan was presented a life membership by the High School P-TA. The "Education Alert" program was discussed and packets distributed to be passed out in the community. These are being used with the hope that parents will send the cards to Austin, to encourage legislators to raise the standards of our Texas Schools. The cooperation of the public would be greatly appreciated.

winners will appear at a later date on a Lubbock television program.

Persons who desire to enter the snow should fill out the entry on page 2 and either send it or bring it to the Littlefield Chamber of Commerce office, the office of the Littlefield Press or to KZZN.

Tickets for the snow will go on sale next Wednesday and may be purchased from any member of the local Jaycees. All proceeds will go to help furnishing the community center building.

Winners of the annual awards presented by the Jaycees at their installation banquet were: Key Man Award, Larry Messer; Exhausted Rooster Award, Edmo Jones, O. J. Vinson, Gene Bartley and Luther Cunningham; Awards of Merit, Suck Chandra, Neal Landrum, Bob Peil, Luther Cunningham, Gene Bartley, Earl Pierce, Don Craig and Larry Messer; Past-President Plaque, Bill Little; and Community Service Awards, Littlefield Press and KZZN. Edmo Jones presented these awards.

about three miles south of the Moroccan border. Shooting their rifles in the air, the warriors ordered the men to drive three of their trucks into Morocco. They put the other vehicles out of action by firing bullets into the tires and engines.

Escorted by the tribesmen, the oilmen spent their first night in a desert gully where they dug foxholes for protection against the cold.

The next day they continued to Goulmine where they were handed over to the Moroccan army. From Goulmine they were driven in trucks to Agaur, and finally to a military camp outside Rabat.

At the camp, the Spaniards said, they were allowed to play basketball and use the swimming pool.

The first news of their whereabouts was when the King summoned the U.S. Charge D'Aulaires and the ambassadors of Britain, France and Spain -- along with newsmen -- to announce the release.

now supply about 45 per cent of the American market.

Another bad thing about the bill is that it further delays the time when new growers may have a chance to produce sugar beets.

It makes it impossible for sugar beet refinery companies to make firm plans for new mills. It does not take advantage of the present situation in Cuba by providing will be reduced moderately in order to give domestic producers a chance to supply a larger portion of the American market.

The new grower demands can be met without excluding Cuban growers from future consideration when relations with that country have improved.

"I shall continue to do everything in my power to be of assistance to West Texans who are interested in growing sugar beets. The press and other news media will, no doubt, carry reports of what happens in this important matter during the next few days," Mahon concluded.

that he favored a state income tax... or a combination of both a sales and income tax.

OUR SCHOOL teachers can well be proud of Charles Mathews, superintendent of Hale County schools, who spoke on raising teacher's pay at a committee meeting Monday night in Austin... and the bill passed the committee.

It looks very much like this bill will be favored... of course that remains to be seen.

Something else our teachers should appreciate is Osborn's plan to require only 18 hours of education for school teachers. Having taken some 12 hours of those "dry" education courses, myself, I can heartily say that I am in favor of this plan.

I ENJOYED visiting with Attorney General Will Wilson via TV Monday night. I found him to be very personable, a man who can think on his feet, and I liked many of the answers he gave to our questions. I did not get Will to say that he was a conservative. He honestly answered that he was a middle-of-the-roader. He took our "off-the-cuff" questions and pitched the answers back with a lot of wisdom. His answer as to how water depletion depreciation might be computed was logical and he showed a good knowledge of the value of our irrigated and dry land.

Littlefield Entry Wins Contest

Mrs. E. W. Ammons, 1308 West 2nd Street, Littlefield, was declared this week's winner of the Ad Rime Contest. Her entry was "Visitors may soon arrive, so help your hometown survive." Mrs. Ammons was mailed a check for \$10.00 and her entry was filed for consideration of the grand prize at the end of the contest.

Another Ad Rime contest sheet appears in this issue of the Leader.

Father Of City Woman Dies; Rites Monday

Funeral services for Charlie L. Smith, 88, father of Mrs. Harlan E. Field of Littlefield, were held Monday in Eden. Smith died Saturday in a San Angelo Hospital. Burial was in Eden Cemetery and the services were conducted by Rev. Oscar Fannin and Rev. Darrell Dossey. Other survivors besides Mrs. Fields include three sons, Willis and Mortis of Albuquerque and Grady of Abilene.

KENNEDY'S HEALTH EXCELLENT

President Kennedy's health is excellent and his habits are moderate, according to "Today's Health," published by the American Medical Association. He is a "good eater," the article says, and "is on no special diet; eats when hungry and keeps his weight around 165 pounds." He likes a glass of milk or cold bottle of beer at lunch and dinner.

We wish to express our heart-
 felt gratitude for the many kind
 words of comfort and expression
 of sympathy in the loss of our
 dear mother, Mrs. Nettie Mead-
 ows of Littlefield and of Lums Chap-
 el for the food and the dear friends
 who helped serve it and also
 thank Mr. and Mrs. Doss Maner
 for serving it in their home.

We want to thank each one for
 the lovely flowers and for the
 song service. Especially we thank
 Lenton Smith and others of Ham-
 mons Funeral Home. May God
 bless and help each one of you.

Leading The Upswing!

RAMBLER MARCH SALES AT ALL-TIME RECORD HIGH!

Rambler News is good! March Sales are running at an all-time record. That's right! More people bought Ramblers in the first third of the year than in any similar period in Rambler history!

Rambler leads the economic upswing as more car buyers discover that Rambler Excellence gives a bonus on every car dollar they invest.

Now is A Good Time To Buy!

Rambler means business! Right now, Rambler dealers are out after even more sales with the kind of fair-and-square liberal deals that car buyers can't afford to pass by. Used car prices have firmed. That means your car is worth more in trade now on a new Rambler.

Why Is Rambler Breaking Sales Records?

Compact cars are capturing an ever-growing share of the new car market. Why does Rambler continue to hit new sales heights? Because Rambler is better than the big cars and best of the compacts. Here are the reasons:

- RAMBLER offers 3 distinct styles of compact cars
- RAMBLER is voted most trouble-free by owners
- RAMBLER OFFERS America's low prices
- RAMBLERS HAVE such exclusive quality features as Deep-Dip proofing way up to the roof... tire-free Single-Unit construction...
- ...Ceramic-Armored muffler and tailpipe designed to far outlast ordinary mufflers
- RAMBLER'S RECORD ECONOMY proved by 11 years and 35 billion owner-driven miles
- ONLY RAMBLER has a compact car for six 6-footers
- RAMBLER HAS top resale value proved by official Used Car Guides

Ask Your Neighbor About His Rambler

Will tell you why Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. And your Rambler dealer can give you a better deal on the best of the compacts. Drive Rambler—world standard of compact car excellence!

Wayland College Official Featured At Revival Here

Tom Z. Parrish, vice president of development services at Wayland Baptist College, will be the evangelist for the revival at First Baptist Church beginning on Easter Sunday and continuing through the following Sunday.

Parrish, in his sixth year as director of Wayland's development program, has been responsible in a large measure for much of the growth in campus facilities and campus beautification.

Before becoming connected with Wayland Baptist College, Parrish was pastor of First Baptist Church Marietta, Okla. and before that practiced law in Plainview. At Wayland he has been able to combine his varied background and experience in promoting the total college program.

TOM Z. PARRISH

Working with President A. Hope Owen and the Wayland Board of Trustees on "Bold Venture: Design for a Decade", which calls for a large endowment, additional facilities and campus beautification, Mr. Parrish has helped realize many goals.

Under Parrish's leadership, the Wayland Associates, a group of West Texans interested in equipping Wayland Baptist College for an enrollment of 1200 students, has their first projects to be started. These include a 100-unit women's residence hall and an 8 unit married student apartment which are anticipated for fall occupancy in 1961. These are among the buildings indicated on the master plan adopted by the board of trustees in 1958 to be completed by 1968.

Parrish is a graduate of Stephen F. Austin College, where he obtained the B. A. degree of the University of Texas Law School with the LL. B. degree and Southwestern Baptist Theological Sem-

inary with the B. D. degree. In going to Plainview for a second time as he began the practice of law with the Griffin-Morehead firm after graduation from Texas. While in Plainview, he made his decision to preach and went to Southwestern Seminary, and from there to pastorates at Pittsburg and Marietta.

Since joining the Wayland staff he has served as interim pastor for several churches in the Panhandle Plains Area. He is a popular speaker before Brotherhood and civic groups for his homespun philosophy and is currently president of District 9 Brotherhood.

On Feb. 22, 1960, President Theodore Roosevelt reviewed the Great White Fleet at Hampton Roads, Va., upon its return from a world cruise.

WOW Delegates Named To Texas Convention

Merle Beard, 204 E. 11th, J.F. Minyard, St. Rt. One, and E. J. Carter, Rt. One will be delegates to the Texas Head Camp convention of Woodmen of the World Life Insurance Society, March 23-25 in the Rice Hotel, Houston. It was announced today by Ed McCamies, secretary of the local Woodmen Camp.

Mrs. Lucille Wright, Box 688, will represent the WOW Court 4253 at the convention.

McCamies and W. D. Chapman, district manager, will attend the convention as prize-winning field men.

More than 400 delegates and officers, representing some 50,000 Texas members, will attend, according to Gordon L. Yates, Bay City, the head consul.

Speakers will include Governor Price Daniels or his representative; Houston Mayor Lewis Carter; P. H. Robinson, president of the Chamber of Commerce; Woodmen President J. R. Sims, National Secretary Robert Kirk, and National Treasurer William H. Martin, all of Omaha, Neb.; and R. N. Dossmann, San Antonio, national director.

President Sims is a native of Palmer, Tex. He was a district and 1934. He was Texas State Manager from 1938 to 1946, when he moved to Omaha to become national field manager. Secretary Kirk is a former resident of Waco and Littlefield, Tex., and was a County Judge at Littlefield.

Both Sims and Kirk are former Head Consuls of the Texas Head Camp.

Following the opening business session Thursday, March 23, the delegates will be taken on a boat trip that afternoon down the ship channel to the San Jacinto monument, battleground and U. S. Battleship Texas.

Initiatory rites for "President Sims" classes of both men and women candidates will be conducted Thursday night. The degree staff and team of Woodmen Camp No. 23 of Beaumont will exemplify the Protection Degree for the Men's class; Women of Woodcraft Court No. 4224 of Beaumont, the Presentation Degree for the Women's class.

Friday afternoon the Head Camp will present a U.S. flag and

flagpole to the City of Houston at the entrance to Herman Park adjacent to the famous statue of Sam Houston.

President Sims will be the main speaker at the banquet Friday night. A dance will follow the banquet.

In business sessions, President Sims will deliver his report on the Society's activities and progress during the past two years. Delegates will report on the many fraternal and civic projects performed by the local camps and courts in Texas.

New Head Camp officers will be elected and installed in the final session Saturday morning. A highlight of the convention will be "Operation Scrapbook" in which camps and courts will compete.

Object of the scrapbook is to tell the story of the many fraternal, social and civic activities of the camp or court from July, 1959 to March 1, 1961. The winning scrapbook of this Head Camp will be entered in a national competition. The winning camp or court in the national contest will be allowed to select one lay member to receive an all-expense trip to the Woodmen national convention in Los Angeles, July 31 to August 4. There the winning camp or court will receive an additional \$100 prize and the local field representative of this unit, a \$50 prize.

State Managers Robert Simmons, southeast Texas, 4135 Leeshire Drive, Houston; John W. Dimmitt, southwest Texas, San Antonio; Morris Wiseman, northeast Texas, Tyler; and Emmett A. Bowers, northwest Texas, Abilene; helped to coordinate the convention arrangements.

Who has the rightful claim to game shot by more than one hunter?

This question has plagued sportsmen since time began. There is no single answer. Proper etiquette is observed differently according to the section of the country.

Most widely accepted is that the deer, bird, or other animal belongs to the one who first would kill. Other shots are supposed to kill, but only to prevent waste or suffering.

Small oil man from Texas...

Mr. Jack Thomas of Dallas, above, deals in oil... once every 4,000 miles! He owns a '61 Ford with new Full-Flow oil filtering that cleans all the oil so thoroughly, frequent changes are unnecessary. Deals in grease, too... also in a small way; Ford's new sealed-in lubrication lets him go 30,000 miles between chassis lubrications. Never deals in wax; Ford's Diamond Lustre Finish doesn't need it. Same for brake adjust-

ments... Ford brakes adjust, when it's required, automatically! Saves money on mufflers, too (Ford's is double-wrapped, aluminized, to last three times longer than ordinary ones). Doesn't worry about rust and corrosion—the body is specially treated to resist this kind of damage. Happy guy, Thomas! Likes being a small oil man. So will you!

ducted at the Foundation. These reports included irrigation studies recharge results, fertilizer findings, flame cultivation results, and expansion of grain sorghum, cotton search. Progress in the breeding program for soybeans and sesame were reported.

Officers and executive committeemen re-elected for 1961 were: Harold Hinn, Chairman of the Board; R. V. Payne, Vice-Chairman; Frank Moore, President; Vice-Presidents R. G. Feeler, Her Steve Taylor, Dimmitt; and Grady Tunnell, Secretary-Treasurer. Other members of the executive committee re-elected were: Gene Mack, Lubbock; Gene McLaughlin, Ralls; Virgil Patterson, Am Lubbock; and Jack Yarbrough, Amherst.

The first chapel built on Navy property was dedicated at Annapolis Md., on Feb. 5, 1854.

On Feb. 7, 1800, the USS Essex crossed the Equator. This was the first U.S. warship to "cross the line."

Local Happenings This Week In 1928

(Editor's Note— From the files of Wardlaw's platform just issued. Election of school trustees for the Littlefield Independent School District is to be held Saturday, April 7th. Messrs. Boone, Hendricks and Bennett being the three whose terms are soon to expire. Littlefield has always and rightfully been proud of her school system. In the main, she has been fortunate in securing the services of men well qualified to handle the business interests of the system. It is therefore, to the interest of the community that the voters now begin casting about for three well qualified men to fill these important places.

Information received from V.A. Hays, president of the West Texas Gas Company, with headquarters at Amarillo, is to the effect that they will have gas lines laid in Littlefield by the time they are needed for winter warmth.

Texas voters this year will have an opportunity to assist in cutting \$10,000,000 from the annual state appropriation, in voting for Louis J. Wardlaw, candidate for governor, according to

The Interscholastic League meet of Lamb County will take place in Littlefield, Friday at the high school building. Friday morning at ten o'clock will be the Junior and Senior declamations, for the Junior boys are C. L. Harless, Jr., for the girls, Sue Brannen. The Senior declamers are Josephine Glenn and O. A. Woody.

A joint meeting of the Commissioners Courts of Lamb and Hockley counties was held at Leveland last Monday afternoon, at which time steps were taken toward securing a state highway running north and south through this section of the state. The pro-

Eighty-seven per cent of all business is done upon credit and it is therefore, evident that retail merchants should do some clear thinking about credit control in order to keep the accounts on their books in a healthy condition if the prosperity of the country is to continue as it is now, said Guy H. Hulse, secretary and director of the National Retail Credit association, of St. Louis, Mo., at a meeting held in Lubbock last Friday night and which was attended by merchants from all over the South Plains country.

A surprise birthday dinner was given Mrs. W.P. Kirk last Sunday.

Sheriff Irvin reports the raiding of one place near Littlefield and two near Amherst, securing considerable amount of "home brew" together with the machinery for its making. At one place Irvin said he got 60 bottles, and at another 20 gallons of the joy juice.

the second time received Class Honors.

Individual Honors were given students being recognized for the first time.

Students being cited, the honors they received and the school in which they are enrolled, include:

It's the Law in TEXAS

LAW OF NATIONS

You will find strange words in the U. S. Constitution: "Congress has the power to define and

punish piracy and felonies committed on the high seas, and offenses against the law of nations." No man owns the high seas, and no nation rules it. So that when a crime like piracy takes place, the law does not look upon it as against any one nation, but against the law of nations.

For centuries, all maritime nations have had the right under international law to capture on the high seas persons guilty of piratical acts and to punish them. Piracy is an international crime but each country punishes it un-

der its own laws. Any nation has the right and duty to police the high seas, and any pirate loses the protection of the flag he may be flying.

As one court put it, the pirate is "treated as an outlaw, as an enemy of all mankind."

How far this idea of the "enemy of mankind" may go, is now a question before world opinion. The treaty of Versailles, for example, held that Germans who had broken the law and customs of war should go to trial before the courts of the victors.

World War I Germans did not face trial but those of World War II did and were convicted at Nuremberg. The right of victors to try war criminals has been warmly argued ever since. The forthcoming Eichmann trial in Israel has created additional debate in recent months.

Where did we get the idea that there is a law of nations? It has come to us through centuries of international trade, commerce, war and treaty making. Chiefly it came down through Roman law, and found expression in

the belief that God decreed a law of nature through man's reason which is binding on men and nations.

(This newfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Museum Offers Films To Clubs

LUBBOCK—Texas Tech's West Texas Museum is offering a series of programs with the theme "The Civil War in Texas," to club presidents and heritage program chairmen of the Caprock district of the Texas Federated Clubs.

These 30 to 40 minute programs are available to clubs during March, April, September, October and November of 1961, and

February, March and April of 1962. Accompanying the lectures will be a display of Civil War costumes and objects.

A program fee of \$5 entitled a club to the museum kitchen for refreshments. Should luncheons, coffees, or teas be made directly with the director of the Tech Union.

Clubs have a choice of 10 speakers from Texas Tech, all authorities on Texas History. They may select a convenient meeting time

at 10 a.m., 11 a.m., 1 p.m., or 2 p.m. on Tuesday, Wednesday, Thursday.

Requests for "The Civil War in Texas" programs should be sent to Miss Dorothy Rylander, Secretary, West Texas Museum, Texas Tech College, Lubbock, Texas. Organizations should specify first, second and third choice of dates, first and second choice of hours and the number of members. Also, whether or not kitchen facilities are desired, if the club meets at the museum. Applications should be made

early so that the speaker can arrange program.

DESIGNER SHIRTS
Good design is not only a key, but a clear statement of style. Designer shirts from Formica Corporation describe the theme of gold-flecked patterns as "a visual interpretation of a wind drift" to maintain an elegant appearance.

WRITE AD-RIMES \$310 Cash Given FREE MERRY CHRISTMAS EVERYONE

Think up a line to rhyme with

*'tis the week before Christmas
and all through the store,
Every creature is stirring
like never before;
If last minute scramble
for games, book or knives,
Sometimes seems to drain
all the joy from your life!*

*Remember old Santa
— with pack, sleigh and reindeer
must travel long, snow-drifted miles
are he gets here
— from far away workshop
in bleak, polar ice land
while YOU shop in comfort
in this sunny nice land.*

HOW TO WIN AD-RIME PRIZES
The answer points to the "Golden" AD-RIME lines must be in and rhyme with the "Golden" AD-RIME lines. Your entry must carry the "Golden" AD-RIME lines in among the AD-RIME lines in each column in the starting of the AD-RIME lines. You don't have to buy anything to win prizes but MUST find and write the Golden Slogan. Preference is given to AD-RIME lines that rhyme with BOON LOCAL TRADE. The winning AD-RIME lines will be published in the next issue of the "Golden" AD-RIME lines.

At least we scooped the "Big City" papers with our snow story. You might call it "luck", but we had rather refer to it as mental telepathy. However, before any of you decide that we caused the Sunday morning snow - we were just as surprised and dismayed about it as anyone else.

We got the pavement cave-in incident straightened out with our neighbors in Plainview. Seems as how the accident occurred in Amherst. Just thought you would like to know that it didn't happen here and it is safe to drive on any of the Littlefield streets without fear of being lost in a cave-in.

The Congo situation seems to be getting out-of-hand with the natives going "native" and killing every "white" they can find. For many years the Dark Continent has posed a mystery to most of us and has always been played up as a backward, uncivilized place where tribes fight relentless wars against each other. Stories of cannibalism have been told by hunters and missionaries alike, but this sort of custom was supposed to have gone out of style with the "five" reports from the Congo this weekend told of the most horrible massacres and pillages the world has known since Mao took China.

The Texas Election Board has come up with an acceptable way for voters to cast their ballot in the upcoming special Senatorial election without having to scratch the 70 names other than the candidate you choose. Three methods have been devised. First, circle the name of your candidate and then make a long X from the top of the circle to the first name on the ballot and another X from the bottom of the circle to the last name on the ballot. Second, draw horizontal lines through the name above and the name below your candidate and vertical lines from the top line to the top of the list of candidates and from the bottom line to the bottom of the list of candidates. Third, draw vertical lines through all names other than your candidate. In any case, the voter should make sure he has voted for one candidate or the ballot will be declared invalid. But however you mark your

County Bond Sales Rise

February Savings bonds sales in Lamb County totaled \$35,850, C. O. Stone, county savings bond chairman reported. During the first two months of 1961 this county has achieved 15.2 per cent of its sales goal. Bond sales in Texas during February were \$14,219,831. "During the 20th anniversary year of the savings bonds program the treasury department will have a special mission which is to salute the various groups and organizations who have made significant contributions during its 20 years history. "Groups already recognized are banks, industry and home builders. Groups and organizations yet to be saluted include women, advertising media, service and civic clubs, retailers, small business, organized labor, schools farmers and savings bonds volunteers", Chairman Stone said.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN Tex. - Foes of a general retail sales tax are pushing to get it before the Legislature. Friends of the tax are trying to hold it back.

At a hearing before the House Revenue and Taxation Committee, representatives of regional Chambers of Commerce, generally favorable to a sales tax, asked that the matter be delayed. Committee members opposed to the tax insisted on going ahead.

Rep. George Hinson of Mineola who is against a sales tax, charged backers with dragging their feet in hopes their plan would finally be accepted in last-minute desperation.

Hearing was on a general sales tax measure by Rep. Charles N. Wilson of Trinity. Wilson introduced the bill and asked for immediate hearing to out-manuever those who wanted to delay. After hearing the bill was, by the usual procedure, sent to subcommittee.

Awaiting consideration is just about every type tax bill imaginable. Among them:

A temporary (1 year) 20 per cent increase in the omnibus tax (a collection of existing taxes on many items) by Representative 000,000.

A one per cent corporate income tax by Rep. Charles Ballman of Borger and a three per cent corporate income tax by Rep. Tony Koriath of Sherman.

A 10 per cent levy on petrochemicals by Rep. Lloyd Guffey of El Campo.

A six per cent tax on income from dividends and interest by Rep. Bob Eckhardt of Houston.

A two per cent Texas business invoice tax by Rep. Maco Stewart of Galveston.

A graduated production tax on

oil, a corporate income tax to replace the franchise tax and an excise tax on utilities by Representative Stewart.

An increase in state college tuition from \$50 to \$100 per semester by Rep. Frank McGregor of Waco.

A three per cent sales tax on furniture and household equipment by Rep. John C. Alaniz of San Antonio.

A five per cent tax on gross receipts of highway contractors by Rep. W. T. Dungan of McKinney.

A five per cent tax on gross receipts from marine products by Rep. Jake Johnson of San Antonio.

FIREMEN'S BILL HELD LEGAL- Gen. Will Wilson has rules that a proposed bill to set up machinery to arbitrate firemen's wage and hour problems would be constitutional.

Rep. Robert Hughes of Dallas is sponsor of the bill which would set up an arbitration board to work out disputes between firemen and city governments. Disputes not settled by the board could be taken to the people in an election once each year.

AUTO RATE BILL MOVES- A bill directing the State Board of Insurance to make drastic changes in the merit rating auto insurance plans has been approved by the Senate Insurance Committee.

Passage came after a lengthy hassle in committee. More heated debate and attempts to amend are expected when the bill is taken up by the entire Senate.

As approved by committee, the plan would still assess insurance premium penalties for speeding but not for running red lights or stop signs, making illegal turns, illegal passing or negligent collision. It would still assess penalties or accidents with damage of more than \$25, and it would still be retroactive for three years.

"FLEXIBLE" RATING KILLED House, meantime, killed by a decisive 125 to 21 vote a bill that would have provided a complete new approach for auto insurance in Texas.

Called "flexible" rating, it would allow each insurance company to set its own auto insurance rates. Rep. C. W. Peary of Temple sponsored the bill which has been defeated by previous legislatures. He argued for it on the basis of free competition rather than state-controlled rates.

Opponents successfully argued that the plan allows large out-of-state concerns to take over the market and eventually set much higher rates.

MILK IS BOILING TOPIC- Milk continues to stir up arguments in this legislative session.

Senate passed a bill placing restrictions on the importing of milk from other states, but the House postponed floor debate after temper flared to the shouting point.

Sen. Grady Hazlewood of Amarillo sponsored the Senate Bill and Rep. Steve Burgess of Nacogdoches is the House sponsor. Their measure would bar out-of-state milk from Texas unless a health inspector could certify that he had "personal knowledge" that the milk had been produced under the same standards as Texas milk.

Dairyman-supporters contend that it is a health standards protection and will prevent "unfair competition" from out of state. It is opposed by milk processors who declare it will limit the supply unnecessarily and force up prices.

GARNISHING BILLS STUDIED - Proposals that would allow for the garnishment (taking over) of wages for payment of debts are being considered by the House Constitutional Amendments Committee.

Rep. Henry Fletcher of Luling is sponsor of a proposed constitutional amendment that would permit the Legislature to pass a broad garnishment act.

Rep. Ben Jarvis of Tyler is sponsor of another that would allow for attachment of wages only to make child support payments.

MINIMUM WAGE ARGUED- Proposal for a 75-cent-an-hour minimum wage for Texas workers, including farm labor, was argued before the House-state Affairs Committee.

Employers of fewer than four persons would be exempt.

A spokesman for the AF-CIO testified in favor of the bill declaring that migrant farm laborers are often paid only 30 cents an hour. A Texas Restaurant Association official said that rest aurant workers average 81 cents an hour, but that many "marginal workers" such as the handicapped would lose out under a minimum wage.

Rep. Malcolm McGregor of El Paso is sponsor.

About Your Health

Despite what most people think, venereal diseases are not a thing of the past. Case rates over the entire nation are showing a decided increase.

In keeping with the national trend, Texas State Department of Health statistical records show that there has been an overall increase of 53 per cent in primary and secondary syphilis for 1960 compared to 1959 in Texas.

"That is sufficient reason for concern," a State Health Department official recently declared, "but is pales in comparison to the concern we feel about the 112 per cent increase among youngsters under 19 years of age."

Gonorrhea statistics have indicated similar increases. Improved epidemiological techniques of venereal diseases, may be a partial reason for the rise in statistics concerning the diseases.

"Epidemiologists" are highly trained disease investigators.

These investigators thoroughly scrutinize each link in chains of infection to insure that all persons in need of examination are placed under medical observation.

Investigation is aimed at persons who are the original source of infection as well as persons to whom the patient may have spread the infection. This service made available through local health departments to public clinics and private physicians.

Today, State Health Department epidemiologists use long-distance telephone calls, enabling intercity-even interstate-communication, via telephone, to trace down elusive cases which may move from area to area.

The lightning-fast results obtained from telephone calls, permit locating and curing infectious cases before further spread of the disease.

Increased epidemiological and educational efforts, especially among teenagers, is urged by State health Department authorities.

One pamphlet-What everyone Should Know About Syphilis and Gonorrhea-was recently State Department of Health.
