LITTLEFIELD, LAMB CO., TEXAS, THURSDAY, APRIL 21, 1955.

NUMBER 47.

Stock Show Winners Return from Educational Tour

28 Lamb county boys who returned April 16 from a four-day educational tour to Houston, Texas, reported that it was the best trip ever awarded winners of the Junior livestock show. The trip was made possible by donations from merchants and was sponsored by the agricultural committee of the Littlefield Chamber of Commerce.

Highlights of the educational tour included visits to the Anderson-Cotton testing laboratory and the huge Humble refinery. A visit to the Battleship USS Texas and San Jacinto monument. A tour of the new eight million dollar Harris county court house. A side trip to Galveston, Texas, where the boys enjoyed surfing and completed the trip.

The boys were accompanied by Bob Skipper, Skipper Smith, Dave and Jesse Everett.

The entire group voiced their appreciation to the merchants who made the trip possible and their contributions.

Gun Vandals Shooting Out Windows

Another call for citizens cooperation was issued this week by the Littlefield Police department in apprehending and removing vandals who are shooting out street lights, traffic lights and windows in private residences.

Last week the City Commission received a report that 104 windows including mercury traffic lights and traffic lights had been shot out by air rifle pellets.

Monday afternoon it was reported that several homes with windows in Duzan Addition had been shot with BB guns. One homeowner found a round hole in his picture window and recovered the pellet which caused it.

Any person who sees children or others firing air rifles within city limits should immediately contact the city police department at phone number 53, according to Police Chief Lawrence Walraven.

The city ordinance forbids the firing or BB guns within the city at any time.

ATTEND SERVICE SCHOOL. Lawrence Oliver and Wayne Roberts attended a one-day service school in Olon on 700 and model Ford tractors, conducted by Basil Gardner, of Dallas.

Gardner is a representative of the Stewart Company, state distributor for Ford Tractors.

Postpone Meeting

The City Commission meeting originally scheduled for tonight (Thursday) has been postponed due to the illness of Commissioner Jim Mangum.

Mayor Keeling said Wednesday that a called meeting would be held as soon as results are known concerning the well being pumped out.

He Won The Bet - But Lost It, Too...

Earl Dean Ogle, 25, who is a former employee of White Concrete Pipe Co., in Littlefield, won his bet alright, but lost it in the same instant he won.

It happened when Ogle, who had been employed about a week by White, fell to discussing state laws with Don White and another employee about carrying firearms. It was brought out that carrying a pistol in Oklahoma is against the law. Ogle bet the other two men \$50 he could go to Oklahoma City, wearing a pistol and not be arrested or even noticed.

He lost.

He hitch-hiked to the Oklahoma City, but police promptly picked him up for knocking on doors where he said he was seeking his ex-wife.

Don White could not be contacted early this week, but another employee said they knew little about Ogle, as he was not a regular resident of Littlefield.

Jim Mangum III In Local Hospital

O. J. Mangum, Littlefield businessman entered Littlefield Hospital Friday night, suffering from a severe case of pneumonia.

A chain of tragedies has been following the family in the past week. On April 16 Ray Horn, of Lubbock was buried in Lubbock. He was the brother of Mrs. Mangum's brother-in-law and soon after the funeral Ray Horn, the brother-in-law entered the hospital suffering a heart attack and died the next day.

The funeral of Ray Horn was conducted at Floydada on Monday. Mrs. T. A. Hibbin accompanied Mrs. Mangum to the funeral. Horn was an implement and Rutane dealer at Bovina and had been a close friend as well as relative of Jim Mangum. He was survived by his wife, their only son having died sixteen years ago. Mr. and Mrs. Horn had reared Mrs. Mangum after the death of her mother in early life.

The funeral was conducted from the Methodist Church in Floydada with the same ministers officiating as had conducted the funeral of his brother two days earlier.

VISIT IN HOBBS

Mr. and Mrs. Frank Royal and son spent Friday and Saturday in Hobbs, New Mexico with Mrs. Royal's sister and family, Mr. and Mrs. Curtis Torres.

Mr. and Mrs. Jim Isbell and children returned to Littlefield with the Royals to visit with their parents, Mr. and Mrs. W. W. Isbell and Mr. and Mrs. W. W. Franklin, of Amherst.

ATTENDS FUNERAL RITES

Mrs. F. L. Newton returned recently from Douglas, Kansas, where she attended funeral rites for her uncle, C. A. Bannon, 83, who died on April 8 in the same city.

He had been hospitalized only one day and died of complications of old age. Mrs. Newton had planned to visit with her uncle while attending a convention in Kansas City this week.

County Gets New Flag Pole At 1:30 Today

A steel flagpole and a regulation American flag will be presented to Lamb County officials this afternoon (Thursday) at 1:30, by Max Hurt, executive vice president of the Woodmen of the World Society in front of the new Lamb county courthouse.

Nominations For Mother Of The Year Requested

Do you know of a mother living in Lamb County whom you would like to nominate as Mother of the Year? If so, won't you write a letter to the Editor, care of Littlefield Press, Littlefield, and tell us why you think she should be chosen for this honor?

To be eligible as a nominee, the mother must be a resident of Lamb County. A secret committee will judge the qualifications of those presented as candidates not so much upon the merits of the letter written as the reasons which prompted the nomination.

The best letter submitted to the judges will be made public in an article about the Mother of the Year on May 8, Mother's Day.

Thirty-Two Get Cuzco Corn Seed; No More At Press

The corn's all gone.

The Peruvian Cuzco corn samples left at the Press - office by County Agent David Eaton have all been given out to folks who wanted to try it out in their gardens, fields and flower beds.

To save anyone else an unnecessary trip in for some of the corn, we thought we ought to report that the five pound sack of the South American corn seed has been given to more than 30 folks who are trying it out and many of whom will compete for prizes to be awarded this fall at the Lamb County Fair for the best ear and tallest stalk of Cuzco corn grown in the county.

The Press is unable to obtain any more corn. Sorry, and thanks for your interest.

Junior High Wins Honors At Plainview

The Littlefield junior high school band won honors at the Plainview junior band contest last Friday.

Beryl Harris, director of the junior band, said they only entered two events. They won a one minus in concert and a one in sight reading.

This is the first time the junior band has entered contest in four years and the highest rating received by a Littlefield junior band at the Plainview contest, Harris said.

The senior band contest will be held at Plainview April 29.

Suffering From Virus Infection

Mr. J. H. Penn, 704 West First Street, is still confined to his home after three weeks illness as result of a virus infection.

The Weather

Sand raged across the area for most of the three day period from Sunday to Wednesday with sand continuing to blow early Wednesday.

Some cloudy skies prevailed Sunday and Monday over the area, but were dispersed by sand clouds, and no precipitation was reported any time in the county. Temperatures went into summer time figures with the high for the period being 95 on Sunday and the low 50 Wednesday morning. Prospects for rain are still being reported, but you never can tell.

A SPANISH SUPPER was given Sunday evening at the Lamb County Community Center for the benefit of the Guadalupe Altar Society, by members of the Parish. In this staff photograph are from left to right: A. G. Alvarez, Miss Oralia Cantu, Mayor Ray Keeling, Miss Marguerite Guana, George Cabrera, and Mrs. B. Nugrdy. A large number of people attended the affair, and enjoyed the program of Spanish music and dancing. (Staff Photo)

French Quarters of New Orleans Is Forum Study

Forum members enjoyed a tour of the French Quarters of New Orleans on April 14 when their study of French cultures and their influence on our own culture took the form of a street scene in New Orleans.

Mrs. Winston Barton was hostess for the meeting at her home on East Sixteenth Street. Mrs. John Driskill was in charge of the program on "The French, Our Fashionable Neighbors."

The living room of the Barton home was set with small tables, dimly lighted with candles, which were surrounded by "flowers" fashioned of cery and red radishes. The atmosphere of the French Quarters was accentuated by a mural depicting the corner "Rue Royale" and "Rue St. Louis," painted by Mrs. David Eaton for the occasion. Memos painted in French purported to be those of Antoine's famous restaurant.

A film has shown on French influence in North America, which pointed out the many French words in common usage in our country, the Mardi Gras which has been celebrated for the past 128 years in New Orleans, the New Orleans influence on music and that our first opera came from New Orleans.

Recordings were played of several typical New Orleans songs, during which Mrs. David Eaton, dressed as a strolling artist in beret and smock, and addressed as "Jacque," sketched members as they sat at the small tables. Mrs. Robert Richey, president,

was in charge of a business meeting at which members answered roll call with a Paris design or designer.

Mrs. J. J. Coats was elected as alternate member of the Community Center Board. Mrs. Vergil Zoth was elected vice-president of the club for the coming year.

It was noted that Mrs. J. S. Abernathy and Miss Clara Jarman were in attendance at the 7th District Convention of Texas Federated Women's Club in Snyder April 14, 15 and 16.

The group voted to change meeting time to eight o'clock. The next meeting will be in the home of Mrs. Vergil Zoth on April 28, with Mrs. Lucille Smith as program chairman.

Attending the meeting were Mrs. Edward Betts, Mrs. J. H. Carl, Mrs. J. J. Coats, Mrs. Jesse Everett, Mrs. Olene Gison, Mrs. Lucille Smith, Mrs. Robert Richey, Mrs. Paul I. Jones, Mrs. Forrest Martin, Mrs. Bneon Jones, Mrs. John Driskill, Mrs. E. E. Carter, Mrs. L. N. Bridges, Mrs. Dalton Teague, Mrs. Winston Barton, Mrs. Hugh Trimble, Mrs. Ben Brand and Mrs. Eaton.

Mr. and Mrs. W. W. Isbell, 801 Tronson Road, spent the week end with their son and daughter-in-law, Mr. and Mrs. Jack Isbell of Lubbock.

They went fishing and spent the night at Buffalo Lake.

Engagement Of Miss Renfro Is Announced

Miss Margie Renfro, of Littlefield, is announcing the engagement and approaching marriage of her daughter, Margie Louise, to Roland Dwayne, son of Mr. and Mrs. S. Owen, of Littlefield.

The ceremony will be solemnized on June 5 at First Baptist Church, Littlefield, with the pastor, Dr. Lee Hemphill, officiating.

The bride-elect and the active groom are graduates of Littlefield high school. Miss Renfro has attended Texas Tech and Hardin-Simmons University. Dwayne was discharged from Army in October after serving 22 months in Alaska.

The couple will make their home in Littlefield.

Mrs. C. R. Cox Hosted Farewell Party

Mrs. C. R. Cox was comolimented with a farewell party at home of Mrs. Paul Pharris on April 13. Thirty five guests attended between the hours of two and five. A number sent gifts who could not be present.

Hostesses with Mrs. Pharris were Mrs. C. O. Stone, Mrs. J. R. Smith, Mrs. Ted Clarida, Mrs. J. Smith Sr. and Mrs. Ernest Smith.

The serving table was laid with white linen, cut glass, silver and an arrangement of mixing flowers together with spring appointments. A child's table cloth set in the center of the table, together with a miniature dog kennel and some roses, completed the arrangement. Refreshments were served to the guests, it was relayed to them.

Refreshment films were taken of the group by Mrs. Ted Clarida. The group were given a leaf out of a booklet on which they wrote their names and addresses. These were compiled into a book of remembrance. The book's cover made of Mrs. Pharris and Mrs. Cox was outlined in gold with "Lamb County."

Mrs. Cox will visit for a few weeks in Savers, Oklahoma. Mrs. Cox's relatives and friends plan to travel for a permanent home. They have been Littlefield residents for a number of years coming from Oklahoma. Mrs. Cox formerly owned Cox Machine Co.

Government Candidates. Those named are: Busch, Administration representative; Texas Tech was Miss Thurn, a former Littlefield student, now enrolled as a student.

In the run-offs for one of the two positions on the County Home Economics representative is Edwina Schovajsa, of West.

Gamma Iota Chapter is composed of members from eight counties, with headquarters in Plainview. Mrs. Eloise McDougal, of Hereford, is President and Mrs. J. S. Abernathy of Littlefield is treasurer. Mrs. Audie Collins of Littlefield, is chairman of the Conservation of Membership Committee.

At a luncheon in the school cafeteria at 12:30 p.m. Parent-Teacher President, were special guests of honor. Mrs. C. A. Miller, president of the Elementary PTA and Mrs. O. P. Wilemon, president of Junior High PTA were Littlefield presidents honored.

Other special guests were Mrs. T. J. Jones, former member of the chapter, and Udo Strassilla, of Berchtesgaden, Germany, who is living in the Jones home for a year and attending Littlefield high school as a special student.

Mrs. Jones was given the name of the Strassilla family three and a half years ago through a program of international relations being sponsored at that time by Delta Kappa Gamma and after much correspondence, arrangements were made for Udo to spend the year in this country.

Udo spoke to the group briefly, expressing his appreciation for the opportunity to visit here which came about through this group. He explained the differences in the educational system of Germany and our country, told of studying World War II from the viewpoint of our country and stated that he felt he could convey our viewpoint to at least some of his countrymen when he returns home.

He was surprised to learn he stated, that in America "book, are and minds work together like friends." In Germany minds must show great respect for the teachers and their relationship is very formal.

Hostesses for the meeting were Mrs. McDougal, Mrs. William Brune, Mrs. Olea Gibson Mrs. A. B. Brown and Miss Anna Neal of Petersburg and Mrs. J. S. Abernathy.

Chapter colors of red and gold were used in wrist corsages, tied with gold ribbon, given as plate favors. The tables were decorated with spring flowers and spring colors were used in table appointments.

After the luncheon the meeting adjourned to the library where Mrs. Mattie R. Nowlin, of Plainview, was in charge of "Fun Time." A round table discussion on "The Community's Part in Recruitment (of teachers) was led

by Mrs. Beulah Henderson, Miss Laura Mae Terrell spoke on Legislation Needing Support of Delta Kappa Gamma.

Fifty-five persons registered at the meeting.

Pink and Blue Shower Fetes Mrs. Edwards

A pink and blue shower, honoring Mrs. Paul Edwards was given Friday afternoon at the home of Mrs. W. J. Aldridge.

Other hostesses were Mrs. Aldridge, Mrs. Mesdames Bubb Stewart, Dan Puckett, Vernon Qualls, R. A. Reed, Beulah Robinson S. G. Cowen, A. H. Seivaly, J. D. Walker, and James Johnson.

Other guests and those sending gifts were Mesdames R. L. Edwards, Sue Bowman, Wayne Cowen, Bobby Short, G. L. McClelland, M. S. Bush, O. L. Hawkins, Ronald Eddings, C. V. Hill, Mickey Pickrell Eldon Hill, James Cook, Sherman Rushing, Paul Green, Basil Jeffrey, Claud McCain, H. C. Pickrell, R. W. Stanfield, J. C. Muller, L. H. Pickrell, Bud Thomas, Ray Bueh, O. W. Tetterman Miss Virginia Edwards.

Refreshments of chiffon lemon pie, coffee and cakes were served to those present.

Mrs. Edwards, who with her husband had recently moved to Llan, Texas, returned for the occasion. She was accompanied by her husband, aunt, Mrs. W. N. Edwards.

Newtons Attend Company Meet In Kansas City

Mr. and Mrs. F. L. Newton recently received word from the Home office of the State Farm Insurance Companies in Bloomington, Illinois that they were qualified to attend the 20th Annual Leaders Club Convention in Kansas City, Missouri on April 21 through April 23.

Mr. Newton qualified for this honor as a result of outstanding service in State Farm's multiple lines of insurance, Auto, Life and Fire. At the convention Mr. Newton will be honored with other State Farm Leaders who have, through extensive training and activity in the insurance profession, qualified as Career Agents.

The Newtons left on Tuesday for Kansas City in company with the Lubbock agent and his wife, Mr. and Mrs. Frank Campbell. The Newtons and Campbells have attended other such company meetings together, last year to Florida.

They expected to return on Sunday.

Mr. and Mrs. Kenneth Posey, of Earth, spent the week end in Littlefield with friends and relatives.

A Case Against Doubt

By Tommy Williams, Minister

The Bible abounds in evidences which should convince the honest doubter that it is a Book from God. Here is a case in point:

A great king of ancient Persia was Cyrus the Great. After the Jews were brought into captivity by the Babylonians, the Medes and the Persians conquered Babylon, and hence had rule over the Jews. Cyrus the Great was the king who gave permission for an expedition of the Jews to go back to their homeland and rebuild and dwell there.

But here is the unique thing: A long time before even the Babylonians made captives of the Jews, a prophet of God, Isaiah, pointed out Cyrus by name, and said that it would be he who would allow the Jews to return from their captivity to their own land. Read Isaiah 45.

Now, look what we have. The Jews were captured under Babylonian rule. They were to be released under Persian rule by Cyrus. That meant that, by divine inspiration, the prophet foresaw captivity under one power, then a change of power while the Jews were captives, and then he saw the individual (and even knew his name) who should release them, and that long before that individual (Cyrus) was even born. Yet, all these things happened, and the words of the prophet held sure.

There can be but one explanation. That is that this prophet wrote by Divine inspiration. He wrote not his own word, but the word of God.

Womans Club Wins Four Top Conv. Awards

The Womans' Club received four first place awards and one second place at the Seventh District's annual convention of the Texas Federated Women's Clubs, held in Snyder, April 14, 15 and 16.

First place awards were given for the Club's work on Libraries, Soil and Water. Second place award was given on the Press Book. Cash awards amounted to \$27.50.

Although no award was offered, the Womans' Club was cited as the club having done the most as a result of their study

of Our Texas Heritage. Thirty clubs used this theme of study.

Seventy eight books on Texas were placed in the Libraries by the Club; six members enrolled in Epelob, Spring Anderson and took the reading course on Texas History from the University of Texas. They gave an award of \$10.00 to the high school student writing the best essay on Our Texas Heritage and entertained 21 plenary women.

Seventh District is composed of 17 counties in 1954-55. 142 federated women's clubs.

Price Support Figures for 1955 Crop Listed By Agriculture Department

Loans on farm-stored cottonseed of the 1955 crop will be available at an average of \$46 per ton basis grade (100). The Agricultural Stabilization and Conservation Committee said March 16. This support reflects 65 per cent of the February 15 parity price for average quality seed.

Purchase prices to producers will be at an average of \$42 per ton basis, grade (100) with appropriate differentials for purchases from ginners or oil mills to reflect normal handling and transportation costs. Other provisions of the program will be announced later.

Support on the 1954 crop of cottonseed was at a loan rate of \$34 per ton, or at a purchase price of \$30 per ton basis grade (100). These supports reflected about 75 per cent of the March 15, 1954, parity price for average quality seed.

Unlike last year, the 1955 cotton support program will operate only through loans to producers on farm-stored cottonseed and through purchases of cottonseed from producers, and marketing pines and oil mills. There will be no so-called "package program" such as was in effect for 1954 whereby the Commodity Credit Corporation purchased end products of cottonseed, oil, meal, and linters from crushing mills.

The adjusted level of support, with a lower cotton average, is intended to give producers reasonable price support for cottonseed while permitting the commodity to move into normal trade channels without requiring CCC to purchase any substantial amount of cottonseed. Thus the steady flow of cottonseed produce into CCC inventory during the past few years should be halted.

The U. S. Department of Agriculture March 24 announced that minimum price support rates for 1955 crop corn in the commercial and non-commercial corn producing areas will be based on \$1.58 per bushel, which is 87 per cent of the February 15 corn parity price.

Price support rates in the commercial corn-producing area will be at 87 per cent level but because corn acreage allotments are in effect in the commercial areas for 1955, the law provides that rate in the non-commercial producing area will be 75 per cent of the commercial area support rates.

GRAIN SUPPORT PRICE SUPPORT

The 1955 final Lamb County price support rate established for grain producing areas U.S. No. 2 or better has been set at \$3.00 per bushel.

BARLEY PRICE SUPPORT

The 1955 final Lamb County price support rate established for barley grades U.S. No. 2 or better has been set at \$3.00 per bushel.

OATS PRICE SUPPORT

The 1955 final Lamb County price support rate established for oats grades U.S. No. 2 or better has been set at \$3.00 per bushel.

1955 WHEAT ACREAGE

Wheat producers who seeded over their allotment that May 15,

1955 is the deadline date for plowing up the excess acreage to get within your allotment. If the excess wheat is not destroyed by May 15, 1955, you will be considered overplanted and a penalty of 50 per cent of parity for your excess acreage will have to be paid. After the wheat has been paid you can sell the wheat on the open market, but will not be eligible for loan on any of your wheat, and if ACP assistance has been received by you under the 1955 program it will either be cancelled, or will need to be refunded by you. If you had excess acreage on the first measurement you are urged to notify the Lamb County A.S.C. Office as soon as the wheat has been destroyed so that it may be checked.

Yellow Clover Aphid Damage Reported In County Alfalfa

A small whitish-yellow insect which slipped almost unnoticed into West Texas last year, is causing serious damage to plantings of alfalfa in some areas of the county, according to the County Agent.

The insect, the yellow clover aphid, also is spreading rapidly to alfalfa and clover growing areas in other parts of the state, entomologists of the Texas Agricultural Extension Service report. North central Texas alfalfa is heavily infested. Hamilton, Denton, McLennan, Fall Brazos and Burleson counties report damage.

The pest seriously damaged alfalfa for the first time last year in four western states—New Mexico, Arizona, Nevada and California. Prior to 1954, it caused

little economic damage. We found light infestations in the north part of the county in 1954.

Research into this new problem is underway in all infested states, but large-scale control measures have not yet been recommended.

Effective controls of the aphids were gained in recent tests by the Texas Agricultural Experiment Station using one pint of a two pound parathion emulsion concentrate per acre or three-quarters to one pound of a five-pound malathion emulsion concentrate to an acre. These are the same insecticides used for controlling other aphids. Studies with chlorinated hydrocarbons also are going on. So far, repeated applications of these insecticides are necessary to prevent reinfestation.

Alfalfa from infested fields is inferior in quality. The insects defoliate the lower plant parts and deposit honeydew in which sooty mold often thrives. Where much honeydew is present, it is impossible to dehydrate the crop and difficult to cut and bale.

PLEADS INNOCENT

Mrs. Ann Williams, 28, is shown at Galveston after she pleaded innocent to charges that she drugged, strangled and dismembered her young sons, Calvin, 9, and Conrad, 8. She fainted during the preliminary hearing as a pathologist told how the bodies were cut up. Upon her Feb. 23 arrest, Mrs. Williams said she killed the boys in Houston and had them buried as "spoiled venison" in Galveston County. (AP Photo)

Extension Report Shows Highest Yielding Cotton

Paymaster M. H. Bond, Lubbock, Supervisor No. 1 and Delphine TUSA have made the highest yields in 10-year regional cotton variety tests at Iowa Park in the Wichita Valley.

During 1954, only Paymaster M. among these varieties ranked in the first yielding group. Since varieties were grown last year at the Iowa Park station of the Texas Agricultural Experiment

Station
Average annual production of the top-yielding from 1945 through 1954 provided Paymaster M 245 pounds of lint cotton to the acre, 114-bushel 83.7 Lockett, Supermarket No. 1 175 and Delphine TUSA 903 pounds per acre.

Complete results on these studies are given in Progress Report 1705, which is available from the Agricultural Information Office, Croom Station, Texas.

Vanity Fair has done it again!
Cut prices drastically on these and other superb Nylon Tricot designs

It isn't often that the makers of so fine a nationally advertised line cut prices so drastically as this . . . and this is the second such price reduction that Vanity Fair has offered you in less than a year and a half . . . a certain indication of Vanity Fair's sincere desire to offer you the very most for your money!

No wonder this slip looks and feels so expensive. It's beautifully shaped in a nylon tricot that's soft as magnolia petals. The lavish fluting that molds the bosom and makes a deep ruffle at the hem looks like expensive permanent pleating. Dawn Pink, Elfin Beige, Heaven Blue, Midnite Black, Navy, Red, Star White. Sizes 32-40. Average or tall. Regular \$5.95.

Now 4.95

There's pretty deception in this beautifully fitting petticoat. It's dove-soft nylon tricot, lace banded, ending in a whoosh of net flutting that look for all the world like costly permanent pleating. Dawn Pink, Elfin Beige, Heaven Blue, Midnite Black, Navy, Red, Star White. Sizes 4-7. Regular \$3.95.

Now 3.50

Binche lace, and fine permanent pleating are the lavish decorations on this beautiful slip. The back is just as pretty as the front. The skirt has Vanity Fair's famous back seam that makes it walk and sit with so much grace. In comparable nylon tricot that drks to smooth perfection. White, Candlelight, Pink, Beige, Blue, Green, Black and Navy. Sizes 32-42. Regular \$12.95.

Now 10.95

To go with all your lace trimmed slips; a slick little brief with inserts of fluting and lace. Decorative assets that do not mar its fashionably fluid line. A joy to wear in Vanity Fair's luxurious, self-dressing nylon tricot. Sizes 4-7. Pink, blue, black, red, white. Regular \$2.50.

Now 2.00

Classic simplicity, graceful and charm in this, Vanity Fair's beloved midriff gown that's priced so blissfully low. Expensive detailing in the shirred shoulders, the surplice evening back, the deftly cut and swept skirt. Aquamarine, Dawn Pink and Heaven Blue, Regular \$6.95.

Here are the Three Greatest New-Car Values in America!

THE FABULOUS STAR CHIEF—It's luxury-sized. The roomy body is mounted on a 124" wheelbase. It's luxury-powered. The Strato-Streak V-8 puts 290 horsepower up front. It's luxury-styled. Fabrics and interior appointments match those of the highest-priced cars. It's beautifully distinctive—way out front for future-fashioned smartness. And it's a Pontiac—which means topmost reliability, thrift and resale value.

THE FUTURE-FASHIONED 870—Here's a car outstanding in every way. Outstanding in performance with exclusive Strato-Streak power. Outstanding riding ease with a long wheelbase unmatched at the price. Especially outstanding in the wonderful way it handles and responds with passing power. For luxurious driving at modest cost you simply can't do better.

THE SPECTACULAR 860
Here's a king-sized car with a 122" wheelbase, and 290 horsepower, for less than many models of the lowest-priced lines and much less than stripped economy models of higher-priced makes. Beauty? Just look! And remember—you can choose from 4 luxurious interiors and some 36 modern color combinations.

All with the history-making 200-H.P. Strato-Streak V-8 Engine!
Every Pontiac has the Strato-Streak V-8, one of the most efficient power plants ever developed. Here's more take-off punch, more passing drive and more years of smooth performance than you have ever enjoyed in any car within hundreds of dollars of Pontiac's low price range. And that applies whether you decide on 180 horsepower or specify the optional power-package for 200 horsepower. Either way you get topmost power per dollar.

Announcing — America's newest, lowest, smartest 4-door Sedan

Newest model in Mercury's Montclair Series lets you enjoy "hardtop" beauty with 4-door convenience

It's the newest Mercury of them all—the Montclair Sedan, and the photograph shows you that not one bit of the original Montclair hardtop beauty has been lost. It has the same dramatic lowness—only 58 1/2 inches from road to roof. And see how convenient it is to get in and out. Everyone who admires

hardtop styling, but wants the roominess and convenience of a 4-door model, can now eat his cake, and have it too!

198-hp Super-Torque V-8 with dual exhausts
Seldom has an engine caused as much enthusiastic comment from auto editors. And once you drive a Montclair, you'll see why. It gives you instant, on-the-spot pickup at every speed—from zero to super-highway limits. A four-barrel carburetor, unique new high-compression spark plugs, and dual exhausts are yours at no extra cost. Features like these are usually extra on medium-priced cars.

Exclusive new power lubrication gives Mercury widest choice of power features

The Mercury Montclair offers a new optional power feature—power lubrication. And it's exclusive with Mercury in the medium-price field. You push a button on the dashboard and vital parts of your car are automatically lubricated. You can also choose optional power steering, power windows, power brakes, 4-way power seat and Merc-O-Matic Drive.

Why not come in and see this newest Mercury? It costs a lot less than you think. And your present car is worth a lot more than you think on a trade-in at your Mercury dealer's.

Church is not the state and state is not the church. Other one tries to be the other to run the other, there is a Church and state are one, that is a deep-rooted principle. But that does mean that a church should be run as a state and state as a church. It does not mean that the church should be indifferent to the other. The church should help the state, and vice versa.

Dr. Foreman

Man's Religion

American churches, in these denominations (both large and small) sponsor this book. They believe that the state ought to help the church by direct legislation. No Presbyterian, Methodist or Baptist, for instance, will less a Quaker or a Unitarian Christian, wants his church given government money. Nevertheless, Christ of every label rejoice when president or other leader prominent in his faith openly. We all agree rightly, that we shall better off when our leaders and society are genuinely men and women. There are interesting and instructive lessons of this in the Bible. The course of the history of the world came from the administration of a king named Jehoshaphat. He was a good king and he ruled his country far better than we do. Now we hear very much about this king's beliefs. He was more nor less orthodox than we are before or after him. It was not a better king because he passed a better examination in theology. He was better because he put his beliefs into practice. A creed that can't get into the air and exercise turns sour and it sours those who

Working on the Ground Floor

Many acts of a high executive may not seem to be religious, but they have anything to do with religion, and yet they may affect it strongly. For example, the case of Jehoshaphat, a king whose best recorded act was one of public defense. He fortified his border garrisons and he equipped a well-organized and well-equipped army. Religion can be upheld on the points of duty, that is all true; but what remains that in the time of Jehoshaphat there was real peace from invasion, and a successful invasion meant that the religion would have to go underground. Korean Christians of this day perhaps better understand. What South Korean Christians want the U. N. forces to do? So, even so seemingly unreligious a business as retaining an army for greater defense, may have notable religious effects too.

Bringing the Message to the People

Once Billy Graham visited a town, it was said, the preacher in that country, who were men of high education, preached far over the heads of the people that churches had diametrically small congregations. It is the preacher's business to rise to our level, to sink to theirs. Then Billy Graham came along and showed what would happen if preachers got down where the people are. Since that time, it is reported, the ministers have taken the churches and are getting people interested. You can have religion in a beautiful ivory tower, or gothic cathedral for matter, and people may admire it, but that's all. Religion has got to be put within reach of the people. King Jehoshaphat did this by putting his "teaching points" on the road, taking the Law of God to the people, the Law which had so much to say about everyday living. In our country, on the contrary, though in one place where you can reach the people is in the public schools and state colleges, the state generally permits any subject at all to be taught—except the Bible, which cannot even be legally read aloud!

One-Bowl Spice Cake

2 cups sifted all-purpose flour
1/2 cup shortening
1 tablespoon baking powder
1/4 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon allspice
1/2 cup soft buttering
1/2 cup fat
Evaporated Milk
1/2 cup water
2 eggs
1/4 teaspoon vanilla

Grease and dust with flour a 9 x 13 in. pan. Sift into a 3-qt. bowl the flour, sugar, baking powder, salt, cinnamon, cloves and allspice. Add the rest of the ingredients all at once. Beat hard 2 min. with a spoon, or with electric beater at medium speed. Spread butter in prepared pan. Bake on rack slightly above center in 350 oven (moderate) about 40 minutes, or until cake pulls from sides of pan. Spread with your favorite frosting, if desired.

Sudan Athletic Students Are Honored At Banquet Friday

CHARLEY LYNCH, Senior in Sudan School, was Toastmaster Friday night at the Athletic Banquet honoring boys and girls of Sudan high school. (Scott Photo)

SUDAN (Special)—An athletic banquet honoring boys and girls of Sudan high school was held Friday night at the grade school cafeteria. Serving as toastmaster for the event was Charley Lynch, boy. H. P. Dunn gave the invocation. The program was "spiced" with the singing of the school song.

Bill Wiseman gave the welcome with Robert Masten giving the response.

Entertainment was provided by a girls quartet composed of Diane Wood, Luanplita Bellin, June Lindau, and Madeline Masten.

Highlight of the evening was the presentation of awards to the boys. Coach F. M. Smith made the presentation to the boys and Coach Hank Brown made the girls award.

The best sportsmanship trophies went to Marvin Ballard in the boys division and La Donna Engle the girls.

All District honors in Football were received by Dick Hanna, Charley Lynch and Jim Bassus received both the all district and all regional.

All State awards were received by Laver Hill and Charley Lynch in basketball.

Five senior members of the boys football team were presented with watches. The watches were a gift from Sudan and community citizens and were presented to the boys by Coach Smith. Those receiving the watches were Benny Arnold, Milton Ballard, Leon Hill, Bill Wiseman, Charley Lynch. Individual trophies were given to Don DeRose, Jim Bassus, T. P. Wingo, Deshaun Allen and Dick Hanna.

Members of the basketball team gave Coach Smith a table clock and presented Coach Brown with pencil and pen desk set. Mr. E. W. Parker was also presented with a gift from the boys.

During the awards program Drew Watkins presented Coach Smith with a watch.

Leon Hill was given an invitation received from the T. A. Association.

Golden Wedding Celebrated By The Albert Simmons'

Over one hundred friends and relatives called Sunday afternoon once seven American Legion junior baseball teams.

Stars who will appear on the show include Little Joe Crowder, The Norman Petty Trio, The Imperial Quartet and 45 other acts. Admission is \$1.20 for adults and 50 cents for children under 12. Tax included.

at the Sudan home of Mr. and Mrs. Albert Simmons when their children honored them with a reception for the occasion of their Golden Wedding Anniversary.

It was on April 18, 1905 that Albert Simmons and Lillie Ennis exchanged wedding vows in the Vernon home of Mr. and Mrs.

D. L. Hope. Mr. Simmons was born at Vernon and reared in Wilbarger County. Mrs. Simmons was born at Canton, Texas and moved with her parents to Wilbarger County when she was six years old.

The couple had known each other for eight years before their marriage. Following their marriage they resided near Vernon where they were engaged in farming. In 1935 they moved to a farm in the Joyland community near Sudan. In 1948 Mr.

Simmons retired and they moved to town.

Both Mr. and Mrs. Simmons are members of the Church of Christ. They have six children and eleven grandchildren, all of whom were present to help them celebrate the occasion. The children are Albert, Jr., of Ft. Worth; Damon of Vernon, Adolphus of Borger, Mrs. Lucille Hatcher of Wink; Mrs. Hazel May of Sudan and Joe W. of College Station.

Registering the 116 guests that called was Linda Kay Simmons

of Vernon. The white lace covered serving table was centered with the white and gold bride's cake beneath an arched rainbow of tulle and ribbon. The gold pots at the ends of the rainbow were filled with yellow mums.

Alternating at the punch service was Judith Ann Simmons of Vernon and Mrs. Eldon Nichols. Also assisting with hospitalities were Mrs. R. S. Gatewood and Mrs. Joe Foster.

Out of town guests who called were Messersms, and Mesdames

Fronzie Sharp, Meadow, Hubert Bratcher, Midland, Townsend, Littlefield, U. J. Littlefield, A. R. Dilard, Ford, Hubert Aikin, Amber, N. Humphreys, Amber, Beason, Amber, Archie, Olton Clifton Finley, Mr. Marvin McNutt, Brown, Mrs. Jess Redford, Fern, Mrs. Ola Davis, Pamela and F. J. Kirk, Amberst.

Inspiration To Better Living's Sorority Topic

SUDAN (Special)—"Inspiration to Better Living" was the program topic when the Epsilon Sigma Alpha Sorority met Thursday night in the home of Mrs. George Lambert. Assisting Mrs. Lambert with hostess duties was Mrs. Andy Hurst.

Mrs. Odell Chandler, program director, gave the motto "Be Content with Your Surroundings—But Not with Yourself until You Have Made the Most of Them."

Mrs. Hurst spoke and gave demonstrations of "Household Hints."

During the business meeting conducted by Mrs. Bob Masten, president of the officer, for the coming year were elected. They were President, Mrs. Alma Ballard; vice-president, Mrs. Bud Provencher; Recording Secretary, Odell Chandler; Corresponding Secretary, Mrs. Joe Markham; Treasurer, Mrs. Jay Miller and Reporter, Mrs. Bobby Markham.

Present for the meeting were Mesdames Alma Ballard, Bobby Markham, Bob Masten, Odell Chandler, Jay Miller, Miss LaRue Grumard and the hostesses Mrs. Hurst and Mrs. Lambert.

Foreign Trade and Our Prosperity

Lively foreign trade is good for local
 business. It means that foreign nations can
 buy our goods in the United States for dol-
 lars—and use their dollars to buy our cot-
 ton, tobacco, and farm products, our ma-
 chinery and automobiles, our textiles and
 goods. They can buy from us if they can
 pay for it.

President Eisenhower recognizes the sense
 of this two-way traffic in foreign trade. It
 is part of his official policy. That's why many
 are willing to go along with him when, last
 year, he set up a road-block on one stretch
 of this two-way trade street. He said that
 the Office of Defense Mobilization had told
 him that American watchmaking was essen-
 tial for national defense—and that he was
 protecting that industry by raising the tar-
 riff on Swiss watches 50 per cent.

But now it seems that the President was
 informed when he raised the tariff. The
 Department of Defense, which should know
 that is essential to it to do its job, was
 on record that "no special nor prefer-
 ence treatment for the (watch) industry
 was necessary." We didn't know about the De-
 fense Department report because it was kept
 secret until recently. Probably it
 didn't come to the President's attention
 either.

But let's put speculation aside for the
 moment and ask three practical questions.
 Knowing now that watches are not essential
 for defense, aren't we unnecessarily hurting
 our local business by cutting the supply of
 watches our good Swiss customers need to
 pay from us? And isn't it a silly extrava-
 gance to buy a costly "protection" that our
 Defense Department says we don't need?
 And isn't it silly that we hire public servants
 to make investigations for us and then per-
 mit them to label their findings "secret" and
 not let us know the truth?

In 1920 about a third of U.S. widows were
 65 years or older, but in 1953 more than
 half were 65 or older.

In North America, September, October
 and November usually are warmer than
 March, April and May.

It is normal for a child to be far sighted
 when he starts school says the Better Vis-
 ion Institute.

A University of Michigan study shows that
 75 per cent of the children of professional,
 men who graduate from high school go on
 to college but only 26 per cent of the child-
 ren of unskilled laborers go.

Which One For You?

A town is continually changing, either for
 the better or for the worse. It either progres-
 ses or regresses. We've all seen plenty of
 examples of each.

For all of its forty odd years Littlefield
 has been progressing. It has grown into a
 nice place to live, a good place to buy and
 sell. But is anyone satisfied with the level
 of progress we have reached? Is anyone will-
 ing to stop here and start decaying? Of
 course not! Our town is peopled with ener-
 getic citizens who take pride in its develop-
 ment and are both willing and able to do
 the things which must be done to keep it
 progressing.

What are those things which need to be
 done? No two people would make up exactly
 the same list, but here are a few to start
 with:

Clean Up Junk and Trash

In many vacant lots, around old build-
 ings, back of business places, etc. accumula-
 tions of debris mar our city and give an im-
 pression of unpleasantness to strangers and
 contribute to a lack of neighborhood pride.

This is possibly our most needed and least
 expensive improvement.

Better Traffic Control

We are badly in need of about 100 addi-
 tional stop signs. We need to remove some
 traffic lights and turn others off when un-
 needed. Traffic controls should improve the
 flow of traffic, not add to its congestion.

New Street Markers

Our present street markers cannot be
 read except from the middle of the intersec-
 tion, and frequently not then. They are often
 turned over or hidden in the weeds. Many
 are illegible. We need a type which will not
 fade and which stand up where they can be
 seen from a distance and from all directions.

Four Lane Highway

Our people are wasting hundreds of thou-
 sands of hours and dollars every year driv-
 ing on an arterial highway that is inade-
 quate for the volume of traffic trying to use
 it. That traffic is going to get heavier every
 year. We must do something to alleviate the
 situation within the next few years, so why
 put it off? Why not enjoy the benefits of safer,
 cheaper driving now?

Paved Streets

We need to get together with our neigh-
 bors and pave the blocks we live on. The
 cost is not a great deal more than the cost
 of a new vacuum cleaner and will last a lot
 longer. If enough of our fellow citizens do
 the same thing, the reduced wear and tear
 on the family car will pay for it in a few
 years. Besides, it usually adds more than its
 cost to the value of our property. We can
 never expect, in a climate as dry as this,
 to maintain dirt streets in a satisfactory
 manner.

Beautify

The county plans to do a good landscap-
 ing job around the new courthouse. We need
 to landscape the center of Phelps from the
 court house on south to 10th and make this
 a real beauty spot. And Laguna Park still
 offers us a real opportunity. Many piece-
 meal attempts have been made to beautify
 it, but we need a co-ordinated, all-out and
 continuing effort, including dressing up some
 of the shacks now on it to make them look
 better (as the Girl Scouts have recently
 done), or else moving them to some less con-
 spicuous location.

Mow Vacant Lots and Alleys

Each resident should feel a responsibility
 for the alley behind him and owners of vac-
 ant lots should feel a responsibility to keep
 them mowed and free of debris. However,
 when owners do not do the job, it behooves
 us who live next door to these eyesores to
 do a little more than our part and keep them
 clean ourselves.

Less Vandalism

Our peace officers do a pretty good job
 of keeping down major crime in our city, but
 vandalism such as shooting out street lights
 and picture windows, destroying traffic mark-
 ers, stealing hoses, house numbers, etc.,
 can be controlled only with considerable co-
 operation from the citizenry. It is almost
 impossible for 104 street lights to have been
 shot out without the vandals being observed
 by some local citizens who not only failed
 to arrest the offenders but did not bother
 to give descriptions to the police.

These are only a few of the things we
 need to do to keep our town progressing.
 Every reader will think of more. Everyone
 who wishes to call others to public attention
 should write a letter to the editor which will
 be published on this page. Comments on the
 above list are also welcome.

Of course, projects like these don't get
 done by simply saying "Someone needs to
 do these things." They only get done when
 some group decides to do them and acts at
 it. Some of these should be done by individual
 citizens, some by civic organizations, some
 by local government.

Which one will you take on?

In many libraries of the 15th century the
 books were protected by being chained in a
 fixed location and chains continued to be
 used in English church libraries until the
 early 18th century.

U. S. milk consumption is increasing at
 the rate of about two billion pounds a year.

Illinois has a town named Tennessee.

Canadian production of tobacco in 1954
 was 78,000 tons, a 30 per cent increase over
 1953.

Although lichens are not used as dye
 plants, they were so used in ancient times.

Lichtenstein, an independent European
 state, is 65 square miles in area.

 approval from the directors pre-
 sent.

If you use a farm trailer or

 had better look into the new law
 that came into effect April 1st.

The new specifications for
 these trailers are pretty strict;
 they now require the containers
 to be mounted in steel cradles
 supporting them through an arc
 of 120 degrees.

We have a copy of the new
 law in the Farm Bureau office
 for anyone interested. Be glad
 to have you come by and read it.

Through A Glass Darkly

By CARROLL PONCEY

Our favorite columnist, Paul Gallico, is
 currently conducting a campaign to get peo-
 ple to type their names after their signa-
 tures, and to eliminate all the rigamarole of
 writing the address inside the letter before
 the salutation. It's good sound thinking, and
 we add our timorous voice to the tumult of
 the campaign.

Another columnist devoted some space the
 other day to the atrocious manners other-
 wise nice people have when they get at a
 telephone. We heartily concur, and have
 long suffered under the pressure of not blow-
 ing our gray old top when the party on the
 other end of the line shouts "Who's Talk-
 ing?" when you pick up the phone. Men are
 not the only offenders on this score, for
 women are equally as bad. Don't know why,
 but that one little phase can destroy any

kindly feeling we have for the entire human
 (?) race.

Now we realize that a lot of folks who
 are reading this will not be able to resist
 the urge to call us on the phone to see how
 much it annoys us. We can only warn any-
 one with such inclination, that as of right
 now, we intend to give such callers a rather
 nasty shock. So if you shrink at loud and
 ugly words, we suggest you don your heav-
 iest ear muffs before phoning your call.

In a quieter vein, we would like to recom-
 mend the relaxing habit of reading while you
 listen to music. You can absorb the sense
 of the reading material and also subcon-
 sciously enjoy the music if it is the right
 kind. The quiet semi-classics are ideal for
 listening while you read. We can think of
 no more enjoyable way to pass a few hours.

Well, it's the little things that count, as
 the primary teacher said of her arithmetic
 class.

And as the sun sinks slowly behind the
 padded cells, we take our leave of Section
 Eight.

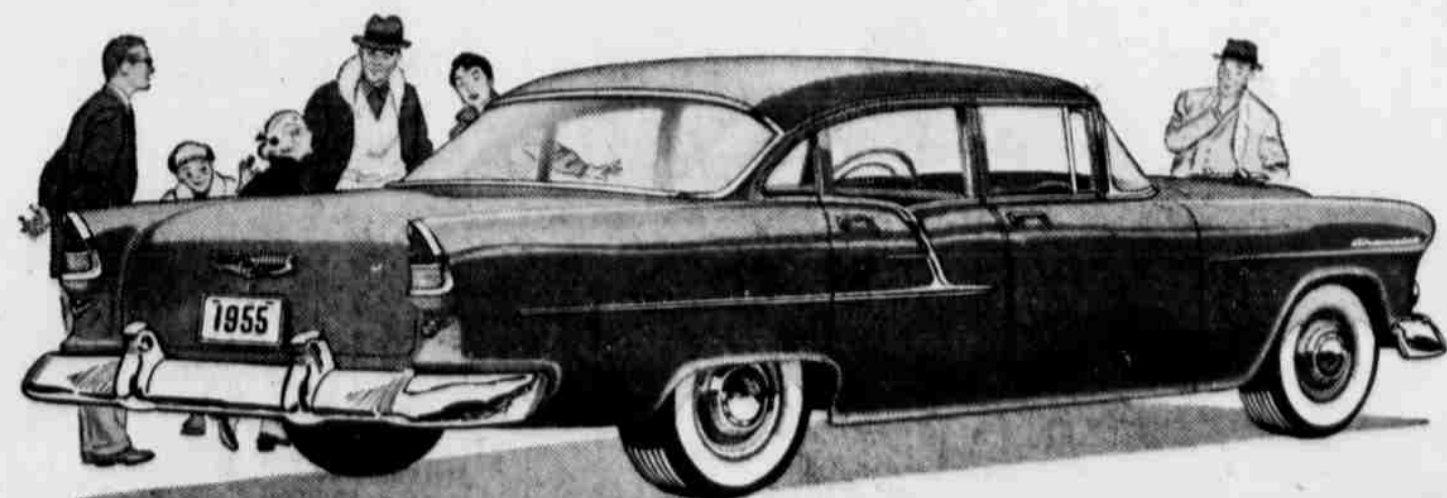

The United Nations World Health Organi-
 zation estimates there are 252 million peo-
 ple in the world, not counting Communist
 controlled areas, exposed to malaria and
 that 300 million of these have no protection
 against the disease.

World tobacco production increased about
 4 per cent from 1953 to 1954, says the United
 Nations Food and Agriculture Organiza-
 tion.

Sunspots reach a maximum on the av-
 erage of every 11 1/2 years and theorists be-
 lieve that there are cyclical changes in the
 weather in the same intervals, perhaps caused
 by the sunspots.

Here's why Chevrolet out-V8's everybody!

These features and advantages are the measure of a
 truly modern V8 engine... and only Chevrolet has
 them in the low-price field. Most aren't even found
 in high-priced cars. That's why Chevrolet is stealing
 everybody's thunder with the most modern V8 on
 the road!

The "Two-Tan" 4-Door Sedan. You'll find your favorite model
 among Chevrolet's complete line of Fisher Body beauties.

COMPLETE and OFFICIAL figures show that again in 1954—for the 19th straight year—
MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!

Modern 12-volt electrical system!
 The only car in the low-price field
 with the extra energy of 12 volts
 ... twice the electrical punch.

**Faster, stronger cranking for cold-
 weather starts and a "fatter" spark
 for faultless high-speed operation.**

Highest standard compression ratio in its field!
 Chevrolet's compression ratio is 8 to 1, to wring every pos-
 sible ounce of power and extra miles out of every gallon.

Requires only four quarts of oil!
 Chevrolet's V8 engines are so ef-
 ficient they need only four quarts of
 oil... so you save money on every
 oil change!

Highest horsepower per pound!
 These great V8's weigh far less than
 any similar engine in America, top
 the low-cost field in power per pound!

Shortest piston stroke in the industry!
 Three-inch stroke reduces cylinder-
 wall friction, generates less heat,
 permits more compact design.

The pistons do far less traveling
 per mile... that means less engine
 wear, lighter loads on bearings,
 longer life.

This Is Your Ministers Wife

Mrs. J. G. Ford (Staff Photo)

Mrs. J. G. Ford, the petite, black-eyed wife of the Four Square Church minister, 715 Phelps Avenue, says she prefers the climate of West Texas, even with its sandstorms to that of Louisiana with its constant drizzle. She has lived in many parts of the country and finds California's weather the most pleasant of all.

The Fords are very happy in Littlefield, their first pastorate. They came to Littlefield in January from Lake Charles, La., where Rev. Ford had been assistant pastor to his father-in-law for nine months. Mrs. Ford says she is particularly enjoying living here because it is the first time she has lived anywhere that she has not been working as an insurance underwriter or secretary. She finds life very full with all the church activities she is engaged in.

The congregation provides their pastor with a furnished home adjacent to the church in addition to his salary. The church was established about twenty years ago but was abandoned for a time. Rev. Leonard, now in Pampa, was pastor previous to the time the Fords came here.

The Four Square Church is affiliated with the Angelus Temple

Los Angeles, and both Rev. Ford and his wife are graduates of a three years course in the Bible College in that city. Mrs. Ford had originally enrolled to qualify herself for evangelistic work with her father, Rev. Morris Plotts. Her parents, four sisters and one brother, now live in Lake Charles, La., where Rev. Plotts is engaged in non-denominational work. He has traveled around the world, and a half times in his work and is planning another trip soon. Mrs. Plotts and the smaller children remain at home during his overseas travels, but his wife will travel with him when the children are old enough to be left. All of his daughters are anxious to be his secretary and travel with him. Because of her father's work, Mrs. Ford has lived in many places, attending grade school in Iowa, North and South Dakota, Maine and Nebraska. She was graduated from Covina, California high school. Rev. Ford attended Lubbock School and was a student at Texas Tech for two years before enrolling in Bible College.

She laughs at herself when she says she had emphatically declared that she would never marry a preacher, that her choice

TO SHRINERS CONVENTION

Mr. and Mrs. Edwin Coffman and Lloyd Lusk left Sunday morning for El Paso where they will attend the Shriners Convention, returning about Friday.

Lusk is a candidate for degree in the lodge.

would be a farmer so they could be settled somewhere, but that evidently "there was no getting away from it."

She tells of meeting her husband in the college cafeteria where the girls worked. Her roommate was trying to attract her husband, so she, too, became interested and to accomplish her purpose, found it necessary to salt his food heavily. He later decided to return to his home in Lubbock to forget her, but the same night he told her Good-bye he returned and proposed.

They were married in February, 1933 at El Soreno, California.

Mrs. Ford enjoys drawing and would like to study so she could use it in her work with the children of the church. Several excellent paintings are hung in their home, the work of Rev. Ford's sister.

The Plotts children "used to have fun at home," they all played an instrument or sang. Mrs. Ford owns a clarinet which she played all through school and has also learned to play a saxophone. She says she sings only for her own pleasure now but did sing in a trio during college days.

The Fords find themselves as pastors to people older than themselves, since they are such a youthful couple but they are enthusiastic about their work and baby Rev. Ford preaches twice each Sunday, holds a Wednesday evening service and conducts prayer meetings on Tuesday and Friday mornings at 10:00. Mrs. Ford is the teacher of the Beginners Class and her husband teaches the High School Class. Each Saturday morning, with the assistance of Mrs. Lloyd Walker, Mrs. Ford conducts a Story Hour at the church for the children of the congregation.

When asked if she had children Mrs. Ford replied "Nobody but a bird." Johnny, a blue parakeet they have now learned is a female refuses to stay in his cage except when being fed and is the pet of the household.

Youth Workers Attend Conference; Build New Fence Around Ball Park

By Mrs. Gerald Bizzell

Mrs. Bailey Hair entertained with a products party Tuesday morning. She had 10 guests. Mr. McGinnis of Plainview held the party for her. Mrs. H. H. Shanks is our agent here now.

Mr. and Mrs. Eugene Mitchell and daughter have a new Pontiac.

Mr. and Mrs. Max Houk and family spent the week end in Weatherford with Mrs. Houk's mother, Mrs. H. E. Roberson.

ATTEND YOUTH WORKSHOP

The Youth Workers of the Methodist Church and Rev. and Mrs. R. H. Campbell attended the Workshop for Youth in Plainview Tuesday night. This course is to better acquaint the Workers with the problems of Young People and how to help solve them. Workers are Mrs. Lee Green, Mr. and Mrs. Thurston Tollett, Mrs. Gerald Bizzell, Willie Gene Green and Mr. and Mrs. Donald Spain.

The nomination committee of the WSCS is meeting today to elect new officers for the coming year.

Mr. and Mrs. Sid Stewart had their children home for the holidays. Mr. and Mrs. Frank Stewart of Dalhart.

Mr. and Mrs. Jimmy Goss spent the holidays in Frederick.

with Mrs. Goss' mother, Mrs. Baird.

Mrs. Margarette Covert was initiated into the Eastern Star recently.

Mrs. G. W. Simmons was an Olton shopper Wednesday.

Mr. and Mrs. John Moses, Mr. and Mrs. Sid Stewart and Mr. and Mrs. Jehu Beeson are spending this week end in Truth or Consequence, N. M., to attend the festival there.

BASEBALL FIELD

Men met this Friday to begin work on the fence around the baseball field. H. B. Carson is in charge and when the fence is finished, merchants here will help defray the expense by having their signs painted on the fence.

Several Oltonites attended the FFA rodeo in Tulla on Friday and Saturday nights where quite a number of our boys participated.

Miss Dovee Lantrop is one of the fourth grade teachers who went to Floydada today with students who entered in scholastic events there.

The music students of Harold Deag Carson are planning to play in the National Piano playing auditions which will be held in Tulla on Saturday and Monday.

VISITING IN SOUTH TEXAS

Mr. and Mrs. Van Clark left Sunday for a week's visit in South Texas. They planned to stop in San Antonio, Beaumont, Athens and Corpus Christi.

Henry Lee Chappie Joins 284th F.A.

Private First Class Henry Chappie, son of Henry Chappie and Lillian Given of P. O. 245, Littlefield, has recently joined his old unit, Battery A, the 284th Field Artillery. The 284th Field Artillery is stationed at Fort Campbell, Kentucky, home of the 5th Airborne Division, nicknamed "Angels."

Private First Class Chappie transferred to the Army after school in 1942. He had attended Dunbar High school in Littlefield. He entered the Army at Fort Oklahoma, from which he was transferred to Camp Croft for basic training.

the evening to the winning boys who have qualified during the year on various projects.

Three of the boys won't be present as they are on the Houston trip that was sponsored by the Littlefield Chamber of Commerce. The boys fed out Hogs and Steers and are Jimmy Stone, Jackie Pinson and Douglas Smith.

BAND CONTEST

Friday, Don Williams, band director took 75 band students in the Junior high band to Plainview for the Jr. High Band contest. These children are 5th and 6th and 7th graders and are really a very good organization. On the 30th the Senior high band will also go to Plainview to enter the contests being held.

FFA BANQUET

The annual FFA Father and Son banquet will be held Friday night at the lunchroom. Mr. Brown and Mrs. Lane are the vocational ag teachers here and say the banquet is to be overalls and cotton shirts type with a lot of plain food.

Daryl Machen is FFA president and is in charge of the program. Awards will be given during

MAGGIE MCKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking... and on the table."

it's Karo for me, the best-tasting waffle syrup of 'em all!

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right on a top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts.

Plentiful Foods Listed For Month

Rising spring production returns broilers and fryers to the plentiful foods list for the first time this year.

Raisins also are highlighted on the U. S. Department of Agriculture's May list of abundant foods. After the regular monthly survey of food stocks in this area, the USDA has found that supplies of more than a dozen items are large enough to rate a position on May's list.

They include: beef, pork, canned tuna, frozen halibut fillets, milk and other dairy products, rice, small size prunes and vegetable fats and oils.

Only fresh fruits for May are oranges and grapefruit. Also, processed citrus products are in good supply.

den Fields, Mary Scribner and Yvonne Huff attended the annual musical banquet held at the Oton cafeteria, April 7.

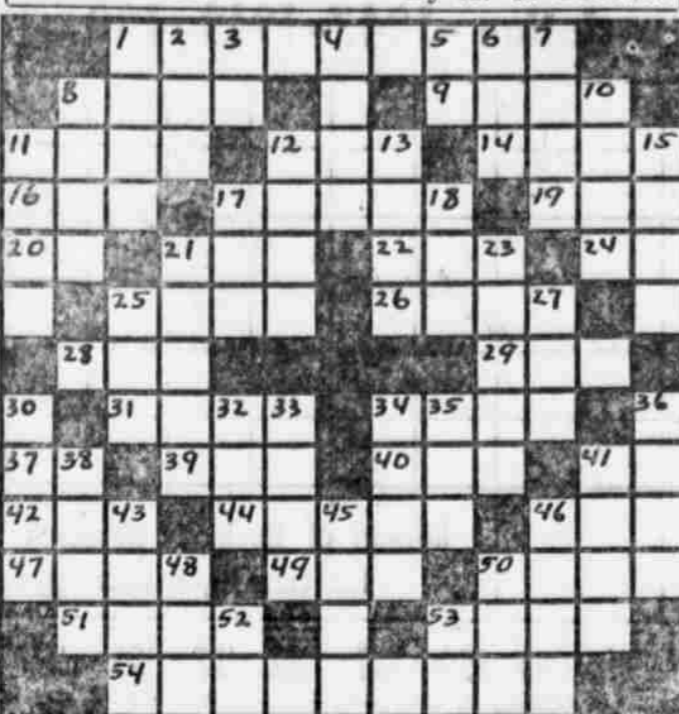

Mrs. Orvil Huff of Fort Worth, sister-in-law of W. C. Huff, passed away April 9. The Huff's were unable to attend the funeral services.

Social Security Representative Here on April 27

A Social Security representative will be in Littlefield at the Employment Office at 1:30 p. m., April 27 and will be glad to assist in all matters pertaining to social security.

Many farmer's wives are applying for social security account numbers unnecessarily. John G. Hutton, manager of the Lubbock, Texas, social security office, stated today.

Although self-employed farm operators are now covered by social security for the first time, ordinarily farm income will be credited to the social security account of the husband, Mr. Hutton said. This is true even though the farmer and his wife file a joint income tax return. His wife should apply for a number only if she is a farm operator herself or is a legal partner in the operation of a farm.

Applications for social security numbers may be obtained from the Social Security Administration, Room 302, Veterans Administration Building, 1616 19th St., Littlefield, Texas, or any post office. Completed applications should be mailed to the Lubbock office where the cards will be issued.

Millsap Singers Will Give Choral Concert Here Apr. 21

Alvin Jon King will direct the Millsaps Singers in a concert of sacred choral music at First Methodist church, Littlefield, April 21 at 8 p. m. The choir is composed of students of Millsaps College, Jackson, Mississippi.

Mr. King is a native of Smithville, Ohio. He studied at Oberlin Conservatory of Music, Northwestern University School of Music, Christiansen Choral School, and the Lamont School of Music in Denver.

In 1926 Mr. King came to Jackson as director of high school choral music. Since that time he has also figured prominently in the field of music education in Mississippi.

He has been guest conductor of the Mississippi High School Choral Festival a number of times, has served on the summer school faculty at the University of Denver,

and has directed the Men's Glee Club at the University of Denver, and the University of Cincinnati. Each year in Jackson Mr. King directs a five hundred voice choir in a performance of Handel's "Messiah."
 Mr. King organized the Millsaps Singers in 1935 and has been the director since that time. Under his direction the Singers have made annual tours through Central, Southwestern, and Western States, singing in many of the larger cities such as Denver, Colorado; Dallas and Houston, Texas; Cleveland, Cincinnati, and Dayton,

Texas Business Activity

Index - Adjusted for seasonal variation - 1947-1949 = 100

Texas business activity rose to a new all-time high of 163 in February, exceeding by one point the previous high record established in December, 1954. Dr. John P. Stockton, director of The University of Texas Bureau of Business Research, points out that the construction industry furnished the strongest upward thrust to February business activity. And, continues Dr. Stockton, there seems to be little doubt that Texas business will remain reasonably good as long as the volume of building remains high, particularly since a continuing high demand for commercial and industrial building may be expected to bolster up the overall business picture.

Highlights and Sidelights From Your State Capitol

AUSTIN, Tex.—Easter bunny brought the golden egg. That is an egg-shell, describes developments in the Capitol City Cover the week end.

House members returned to Austin from the Easter holiday to discover that members of the revenue and taxation committee who remained on the job, had brought out a compromise tax bill. It proposed \$45,000,000 in new money.

Chairman Stanton Stone and House Speaker Jim Lindsey regard it as their number-one project for the week.

Although the committee side-tracked Gov. Allan Shivers' single shot bill and adopted Chairman Stone's omnibus bill, Governor Shivers, said it was a workable basis for providing what is needed.

Actually the bill gives Governor Shivers more than half of his announced desire. He presided the committee and asked that the balance of his "program" be restored somewhere along the way.

Approved by the committee was the one-cent per pack tax increase on cigarettes asked by the governor. Also included was a one-cent per gallon gasoline tax, which was half what the governor suggested. An increase in beer operations license fees was included into the bill as a concession to strong liquor sentiment to include beer in the new revenue scheme. A fourth tax item, less than 1.5 cents per gallon.

Under the proposed law, \$25,000,000 would be added to highway improvements annually and \$20,000,000 would go into the general fund.

House Speaker Jim Lindsey

took a strong stand for the compromise plan. Governor Shivers complimented him for the progress made over the long week end.

Waiting for nearly \$60,000,000 in new money, before it can reach the governor, is the \$1,500,000 biennial appropriation now in conference committee.

Governor Shivers, reportedly left the scene of action. He went with Mrs. Shivers to Chicago where she will receive treatment for an ear ailment. She had a mastoid operation last year.

Before leaving Texas, the governor stated that he felt the current 120-day session, due to end May 15, might run two weeks beyond the four-month mark. Legislators now drawing \$25 per day draw no pay after 120 days unless a new session is called. Shivers has expressed his dislike for special sessions.

CHARGES PILE UP

Charges continued to mount against Bascom Giles, former commissioner of the general land office.

Latest were four felony theft charges placed against Giles by District Attorney Lee Proctor of Travis County. It brought the total charges to date to \$1,065,688.

Also charged of four felony theft counts was J. Paul Little, Central City attorney. Giles and Little were each accused separately of theft from the state in four veterans land transactions last year in Zavala County. The total amount involved was \$377,344.

Wood Castle Company refused \$27,000 to the state on one land deal.

Meanwhile a Travis County grand jury continued its investigation of veterans land deals. Giles' trial is the first of the

felony indictments against him. To be heard in San Antonio District Court, was postponed until May 23. His attorney told the court that Giles was too busy with new charges and new civil suits to go to trial.

GILES IS DEFENDED

Stanley L. Fry, a Reeves County landowner, testified before the Senate investigating committee that Giles was a "hard trader" for the state.

"Giles," said Fry, "argued and sweated over land prices and traded just as hard as if it was his own personal money."

Sen. Jimmy Phillips, chairman of the committee, asked Fry: "Did you pay Giles anything or any employee of the board?" "Not a dime," was the witness' answer.

LAND PROGRAM'S FUTURE

Despite a "no" vote by Ator-

ney General John Ben Shepperd, the veterans land program may be extended to veterans of World War I and Korea.

Other members of the land board—Governor Shivers and Land Commissioner J. Earl Rudder—voted to urge the legislature to offer the people a constitutional amendment on the question.

Shepperd said that while he favored the philosophy of veterans land benefits, he would withhold his approval of any new program until the legislature enacts "clear and strict regulations" as to its administration.

Meanwhile, veterans organizations were to decide whether to ask the program's continuation. A hearing is set for April 18 on Sen. George Moffett's bill designed to add another \$100,000,000 to the veterans land program.

via a constitutional amendment.

SHORT SNORTS: Navigation was taken out of the Trinity River Authority bill by the House.

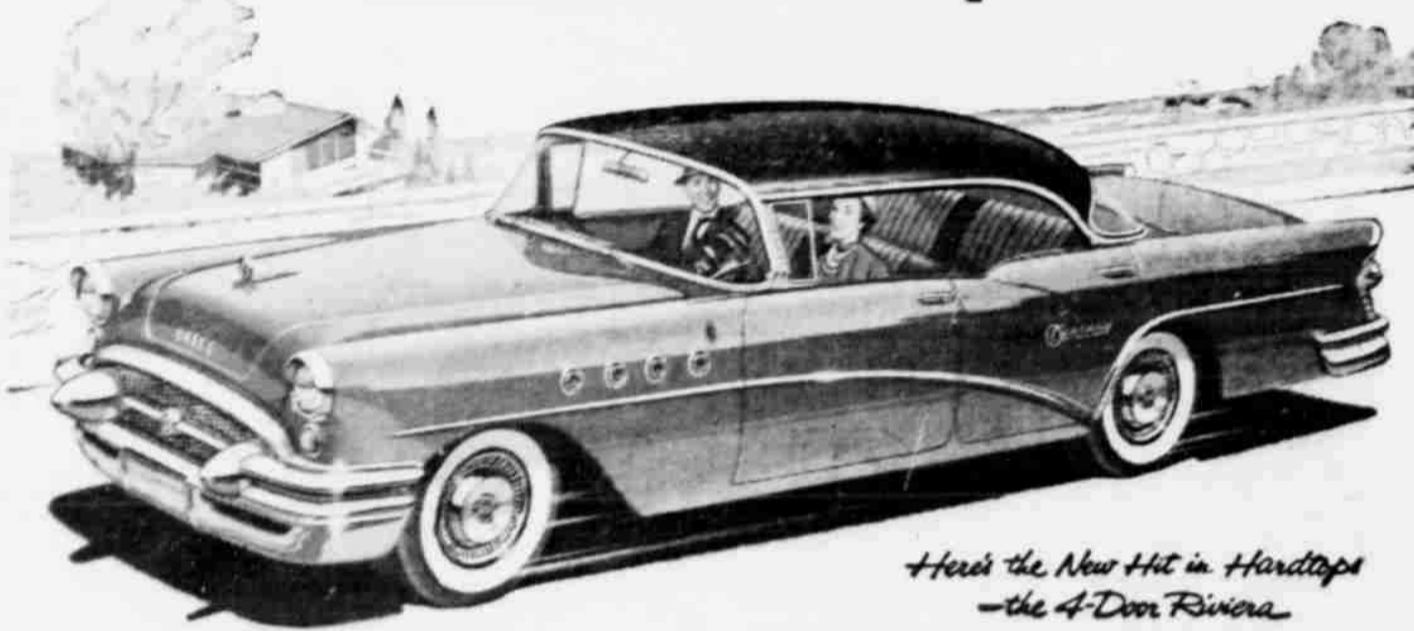

Unemployment compensation benefits will be increased from \$20 to \$25 under a bill passed by the Senate. A bill to permit the state to fix minimum

prices on natural gas failed so far to get House approval.

Water conservation groups won a round when the Senate decided to let the people vote on a \$100,000,000 bond issue next September.

The House is debating a counter bond plan. Final action sent to the governor a bill

Here's the New Hot in Hardtops—the 4-Door Riviera

Want to do what a pilot does when he clears for take-off?

Want to feel the pulse-quickening thrill that comes of riding the gun to a high-powered automobile with the world's first airplane-inspired transmission?

Want to try Buick's Variable Pitch Dynaflo*—the spectacular new wonder drive that's the talk of car makers and car buyers—and the drive that's sending Buick sales soaring to new record-breaking highs?

Well, sir—be our test-pilot guest at the wheel of a '55 Buick and let today's Dynaflo do the honors.

When you press the pedal as you normally would, you move ahead in velvety smoothness, getting plenty of miles from each gallon of gas...

Because twenty propeller-like blades inside the Dynaflo unit, spinning in oil, have an angle of "pitch" for top economy—like the modern

plane's propellers when cruising in the air.

But comes the need for emergency acceleration, and—like a pilot does for quick take-off and climb—you switch the pitch of those Dynaflo propellers for action, just by pressing the pedal all the way down.

Instantly, you get full-power response for split-second getaway, or for a sudden safety-surge to get out of a tight spot on the highway.

It's a response thrilling beyond all previous experience—because there's never been anything like it before in any car.

And we'd like you to try it—along with the walloping new V8 power, the cruiser-steady ride, the fine handling ease, and the true big-car roominess that are all part and parcel of every Buick.

Can you come in today—this week, for sure—and test pilot the hottest Buick yet built?

Can Three Seed Out - Yield Four?

Higher yields with less seed? More growing space per plant for grain, grass, and legumes?

Yes...

With Allis-Chalmers ALL-CROP DRILL

The new Allis-Chalmers ALL-CROP Drill... world's first quick-hitch, tractor-mounted drill... makes this a practical possibility on your farm!

Seed and fertilizer are accurately metered a new way... in twin bands side-by side... faster... at uniform depth. Seedlings are side-nourished... protected from fertilizer burn.

You not only save costly seed but get stronger stands... quicker catches of grass and legumes with your grain.

Designed for many crops and uses, the low-cost ALL-CROP Drill fertilizes and plants grain, grass, and legume seed... all in one operation. Or, it can be used as a fertilizer spreader alone. With handy, SNAP-COUPLER mounting and time-saving hydraulic lift, the ALL-CROP Drill matches the big acre capacity of its famous namesake, the ALL-CROP Harvester.

Make your seeding dollars yield more... a lot more! Don't delay. See your Allis-Chalmers dealer now... or write us for free illustrated catalog.
