Littlefield's new bank, the Security State, will open business Saturday morning.  
This new bank, located in the Yellowhouse Land Building at Phelps avenue and Fourth street, will swing wide doors at 9 A. M.  
A cordial invitation is extended by the officers and directors to the general public to visit the new institution opening day, and to avail themselves of the facilities of the bank on that day, and at any time the institution will be of service to them.

**Locally Owned**  
Owned and directed by a group of prominent Littlefield citizens, the bank has adopted as its slogan, "With Security." It has a capital stock of \$50,000; surplus of \$25,000, and a reserve of \$25,000, a substantial structure. The Security State is a member of the Federal Reserve System, and a member of the Federal Deposit Insurance Corporation.  
Membership in the Federal Reserve System and the Federal Deposit Insurance Corporation carries with it the security afforded by the banking laws of both the United States of America and the State of Texas. This institution, together with the substantial financial standing of the owners of the new bank, bring to Lamb County another strong financial institution, fully qualified as a safe place for funds, and as a new facility for banking in the development of Littlefield and territory.

**Officers and Directors**  
A. C. Chesher is president of the bank; L. C. Hewitt is vice-president, and Paul Hyatt, cashier.  
The directors are:  
A. C. Chesher, L. C. Hewitt, Paul Hyatt, E. J. Foust, Sr., and Arthur Duggan, Jr.  
A. H. Hibun will be assistant cashier and Mrs. Wayne Martin will be one of the tellers.  
While there has been no special program arranged for the opening of the institution, a large attendance is expected to be on hand to extend best wishes. A representative of the State Banking Commission will present the charter, and will make a short talk. Prominent citizens, including numerous bankers, will be present and will wish their best wishes.

## Last Old XIT Ranch Landmark Is Razed

Pictures by Chisholm & Nail

In the top picture is shown the saddle and harness barn, the last of the old original buildings of the headquarters of the XIT ranch, which was built in 1886 and was razed last week. It was one of the first buildings erected in this section of the Plains.

The bottom picture presents the commissary, which Phelps White and Major George W. Littlefield built in 1901. The top story is being removed and the ground floor remodeled.

The last old original building of the headquarters of the XIT Ranch, the saddle and harness barn, built in 1886, and one of the first buildings put up in this section of the country, was torn down last week.

This building had become so dilapidated and useless that George White, owner of the Yellowhouse Ranch, had it taken down, and will erect a new modern storage barn in the place of it.

**Commissary Built In 1901**  
Another interesting old building at the Yellowhouse Ranch is the two-story commissary which Phelps White, and Major George Littlefield built in 1901, when they purchased

the Ranch from XIT Syndicate. The top story of this building is being taken off, and a roof erected on the bottom story, which is built of cement. This building will be made weatherproof and used for the storage of feed.

**Salt House Has Cypress Flooring**  
Another interesting old building torn down last week was the salt house, which had been used for the storing of salt for the cattle. A special feature of this building was the flooring, which was made of cypress boards which are three inches thick and range from 12 inches to 32 inches wide. These boards, according to

## Best Mustang Team In Years; Wildcats Expect Tough Time

### Bad Luck Still On Littlefield Side; Price May Be Out

With two victories behind them at the outset of the season, the Littlefield Wildcats will clash at Olton tomorrow night. Their arch-enemy, the Olton Mustangs have a powerful eleven on deck to meet the Cats.

The game at Seminole was won the hard way and the Wildcat varsity still isn't in top shape. Travis Price, first string quarter back, has been sick all week. Shelby and Lee, who played against the Indians with leg injuries, will probably be in the starting line against the Mustangs.

Olton is reputed to have their best team in several years and fans here can look for an interesting hard-fought game. The Mustangs have dropped hints that the Wildcats may prove to be a pushover for them.

Coach Fikes has no comment and no predictions on the game.

Probable starting lineup:

LE, McCanliss; LT, Warren Rutledge; LG, Kenneth Pharris; C, Royce Jennings; RG, Billy Siason; RT, R. L. Brewster; RE, Jack Davis; QB, Travis Price; WB, Joe Peel; TB, James Lee; FB, Jack Shelby.

**Freshmen Play**

The Wildcat Freshmen will meet one of Lubbock's freshman teams here today at 3 p. m. at Seely Stadium. One of the Littlefield players, Billy Cowan, will be out of the game because of a broken arm, received in a practice scrimmage.

**Band To Go**

The band and pep squad will be on hand in full force when the Wildcats play at Olton tomorrow. The band and pep squad received much praise from out of town spectators who have watched them at the games. . . .

## Local Band Makes Fine Showing at Lubbock Monday

The Littlefield High School Band took part in the parade for the opening of the Panhandle-South Plains at Lubbock, Monday and according to local residents who attended the parade, many remarks complimentary to their performance and uniforms were forthcoming from people who gathered to witness the parade.

A group of Littlefield people who witnessed the parade in Lubbock reported to the Leader that the Littlefield Band made, indeed, a fine showing, and that their uniforms were most outstanding.

## MENTAL TELEPATHY—

Recently Chief Lawrence Walraven and City officer Sid Hopping were patrolling the colored section. As they passed a house they heard the occupant and his better-half raising what we will be forced to call "Hades."

Walraven and Hopping drove around the block, parked their car and approached the house where the disturbance seemed to be reaching a swift climax.

"Go on ahead," they heard the man shout, "Go on! Call 'em. Call Mistah Lawrence, Call Mistah Sid! Git 'em out heah!"

On that note the officers walked in. "Hear that we're wanted out here," announced officer Hopping.

The negro's eyes popped with surprise. "Naw suh," he gasped. "Naw suh! We ain't havin' no trouble heah. Ain't nothin' goin' on at all!"

After that things quieted down, but we'll bet that there is at least one resident of the colored section of Littlefield who is partially convinced of the possibility of mental telepathy.

### All-Over Newness for Fall

The hooded suit in white-flecked grey wool has a slim pleated skirt. Grey jersey turtleneck blouse teams with a grey flannel skirt.

If you've been wondering about the wandering hemline, whether it is going and where it will stop, these new Fall and Winter fashions by New York designers will clear up the matter. Skirts are longer, but it's not a case of the skirt's being a set number of inches from the floor. Proper proportion is what counts, with the skirt length related to the length of the bodice, the design of the dress as a whole, and the time of day it is to be worn. The two-piece outfits shown here are apt illustrations not only of proportioned skirt length, but of several other changes in the silhouette. Shoulders are still padded, but there is a curve in the padding, giving a rounder line more becoming to most women than the "foot-

funeral services, except E. F. Young of Roswell, N. M., who was unable to attend.

Out of town attendants were: Mr. and Mrs. Fred Twist and family of Caruthers, Calif.; Mr. E. U. Young, Elk City, Okla.; Mr. and Mrs. Louis Kay, Mr. and Mrs. Claud Saxos and Carl Gene, of Levelland; Mr. and Mrs. P. A. Altman, Enochs, Texas; Mr. and Mrs. T. J. Dunn and family of Hobbs, N. Nipper, Mrs. John Afill, Mrs. Cecil Pullian, and Miss Marie Pullian, all of Lubbock.

A poem was dedicated by Mrs. Lyle Brandon to "Our Precious Donna Jean," as follows:  
Sometimes as we journey over the pathway of life  
Bowed beneath our burden of care.  
We don't understand the hardship and strife  
We are often called on to bear.  
The load is so heavy, the future so dark,  
Our poor hearts breaking with grief  
And there is no answer to the cry in our souls,  
Life is so hopeless it seems.  
Until we remember it was Jesus who said

"Suffer little children to come"  
Of such is the Kingdom of heaven we're told,  
He's gone to prepare them a home.  
No sickness up there, no sorrow or pain,  
Never again will we grieve,  
He loves little children, they are precious to Him,  
He'll care for our own Donna Jean.  
She'll be so happy as she walks down the streets  
of the bright shining city so fair.  
With her hand in the Savior's she smiles as she greets  
All the children up there.  
She'll sing them songs that she learned here on Earth.  
And she'll do her numbers to ten,  
She'll be too busy to be lonely at all  
Just getting acquainted with them.  
And she wouldn't want Mother and Daddy to grieve  
As they must stay here and wait.  
And she will be there to welcome them when  
They enter that beautiful gate.

**PISCATORIAL DYNAMITE . . .** Brand-new industry in eastern Canada, started just a year ago, the trapping of 800-pound tuna is called the most thrilling commercial fishing industry in America. At Hubbards, Nova Scotia, a unique colony of 100 men has been established to snare the giant fish for canneries. Picture shows a boatload of "elephants," as the Nova Scotians call the big tuna.

**AMERICAN MUNITIONS EN ROUTE TO GREECE . . .** Cases of shells, grenades and land mines are shown as they were loaded from a lighter aboard an army transport in New York harbor. They were part of the military supplies being sent to Greece to help the Greek army defend the little nation in the event of attack.

**GRAIN PRICES BOOST LIVING COSTS . . .** Department of agriculture economists attributed soaring food prices, now at all-time high level, to high income, coupled with tremendous demand and prospect of small corn crop. Samuel Williams, a miller at the department's Beltsville, Md., experimental farm, is shown with bags of corn and wheat, retailing for \$3.05 and \$2.95, respectively, per bushel. These peak prices will cause poultry prices to continue rising.

**1947 STYLES FOR D.P. KIDDIES . . .** Children are pretty generally accepted as being universally interesting, particularly so if they're as cute as this pair, who are a couple of displaced persons living in a camp at Hanau, Germany. Here, they are modeling the latest thing in D.P. children's petticoats and pants, made from American Red Cross hospital bedside bags and ditty bags. D.P. camp workers are converting them into clothing—enough for an outfit for every child in the 411 camps.

### C of C Membership Drive Successful

**C OF C MEMBERSHIP . . .** The kick-off breakfast held on the morning of August 27, marked the beginning of one of the largest Chamber of Commerce membership drives ever held in Littlefield.

**Broadcast Sunday**  
First regularly scheduled broadcast of the Chamber of Commerce will go on the air for a fifteen minute program Sunday afternoon at 3:15 o'clock.

Program plan will be the round-table discussion with members of the Littlefield Chamber of Commerce participating.

The broadcasts are scheduled for each first and third Sunday.

**To Attend Convention**  
James G. Roberts, secretary-manager of the Littlefield Chamber of Commerce will attend a convention of the National Association of Community Organization Secretaries held at Colorado Springs, October 11.

The XIT Ranch was a grant from the State of Texas in the early days to the group of men from Scotland, who formed a corporation and financed the building of the Capitol at Austin. The Yellowhouse Ranch formed the most southern part of the grant, and it was sold off first to Major Littlefield and Phelps White.

The XIT Ranch famous old Settlers Reunion and Rodeo, which originated in the early days, is still being held at Dalhart each year.

Funeral services for Mrs. Bertie Cooke, 62, former resident of Ennis, Texas, and mother of Mrs. Henry Banks of this city, who passed away Monday, September 22, at the home of her daughter and son-in-law, Mr. and Mrs. R. D. Farmer, at Dallas, were conducted at 4 p. m. Tuesday, September 23, in the Keever Chapel, Ennis, with Rev. Aubrey Short, pastor of the Birchman Avenue Baptist Church, Fort Worth, officiating.

Special numbers during the service were an organ solo "Lord's Prayer" by Mrs. Ella Fern Sparks.

A solo "Abide With Me" by Mrs. Clinton Smith, and "When They Ring Those Golden Bells" by Mrs. Ward Weir.

Interment took place in Myrtle cemetery beside the grave of deceased's husband, who passed away 30 years ago.

She is also survived by two brothers and a sister. They are D. C. Lumpkin of Graham, formerly of Sudan, and J. W. Lumpkin of Taylor, Texas.

Mr. Banks accompanied Mrs. Banks and children to Dallas the Saturday previous to Mrs. Cooke's death. He returned to Littlefield the following Tuesday and Mrs. Banks and children remained until last Thursday.

Those attending the meeting were Bill Postma, Scout Executive from Lubbock; Pat Lewis, Field Scout Executive, C. A. Duffy, Dr. W. M. Birdsong, and Dr. T. M. Slemmons of Amherst; Joe Salem of Sudan; Wayne Brown, Roy Wade, and Eugene Latimer and Chairman William N. Orr of Littlefield.

**DOG JUMPS STAND ROCK . . .** In the early 1880s, Henry B. nett, pioneer photographer, made first action shot of his son leaping across the gap between mainland cliff and towering Stand Rock mark at Wisconsin Dells, Wis. An accident to a guide in the area caused the owners of the scenic property to prohibit further leaping. Recently, however, Bennett's grandchildren trained a large dog to make the leap (see inset) for benefit of amateur photographers.

### SPEEDERS

The Barney Oldfields who believe that the automobile was intended to round corners on two wheels being restrained by the presence of two prowl on the city police force.

The city police are on watch for reckless and speed demons who have never heard of the motto "If you want to get there quicker, start a little slower."

The only business men in town who bend over backwards to keep business away from their door are the police officers. But they have a hard time doing it, they get so much free advertising: Reckless drivers constantly make headlines on the highways.

However, they keep working at preventing accidents and curbing the reckless. But as long as there are those who are unaware of the fact that the automobile four-wheeled vehicle which, if mishandled, can get into the Promised Land almost as quickly as an atom bomb, they will have plenty of business.

One officer's definition of the modern car: "A guided missile."

### RAISING "HADES"

Last Saturday morning a negro householder of the Flats is said to have made a not unreasonable request: he wanted his wife to clean up their household on Saturday and all.

Her disapproval of this suggestion was considerably more than academic; she began, it is said, to hunk of iron at her husband. Aroused by the danger of this little past time, he began to chase her. In fear of reprisal, she ran across the tracks and into the house of a white man. She sought refuge in the home until her husband's honest rancor had subsided.

The two children in the house were frightened by her sudden appearance and attracted the attention of a neighbor who called Deputy Sheriff Prentiss Gray.

What began as a disagreement between husband and wife ended in court where the two were fined and costs each, for disturbance of the peace.

## Indians Bow to Cats At Seminole; 26-13

Indian scalps hung limply in a southwest wind as the Littlefield Yellowhouse crushed them 26-13 in a non-conference clash at Seminole last Friday night.

One of the largest crowds ever gathered at a high school football game in this section saw the Indians rally after a scoreless first half to pick up a tally of 13 in the final quarter.

The Wildcats were handicapped by two first-string players, Shelby and James Lee, crippled with leg injuries before the game. Nevertheless they were in and out through the game.

On the ground, both teams were in a tussle. Littlefield made 8 first downs to Seminole's 7 first-downs. Indians couldn't seem to make headway in the air. Futile pass attempts in the first half of the game kept them from scoring.

On the other hand, the Wildcat offense was clicking smoothly. Although Indian defenders knocked some of them down.

Large-scale substitutions were made on both sides.

Littlefield made two successful punting attempts, the Indians one.

Within minutes after the kickoff, Wildcats were off on their scoring charge against a powerful eleven.

**Band Marches**

The Littlefield high school band, in uniform, made the customary march at the half. They formed the "S" in the center of the field.

The High School Pep squad was in force as were the cheerleaders.

**Long Run**

One of the outstanding plays in an outstanding game occurred when

Baker lateralled to Walker. The Indian fullback made an end sweep and uncorked an 87 yard run that brought the stands to their feet as he hit pay-dirt. This coup-de-grand was made in the opening minutes of the third quarter and marked the Indians' first touchdown of the evening.

On the Littlefield side, James Lee, the Wildcat tailback who was not expected to play because of knee injuries, carried the ball from his own 35 yard line to score.

The Regional crown may yet rest on a Wildcat pate.

**R. E. POLK HONORED**

R. E. Polk of 6 miles south and half mile west of Yellowhouse was honored at a surprise birthday party Thursday evening, September 25, when a large number of friends gathered at the Polk home and enjoyed a social evening, with Mrs. Polk as hostess.

Mr. Polk was 61 years old Thursday.

The group sang, "Happy Birthday", and the lovely birthday cake was cut and served with ice cream to those present.

A large number of much appreciated gifts were received.

Among those present were: Mr. and Mrs. R. E. Polk, Mr. and Mrs. Robert McDaniel and family, Mrs. S. J. Polk and family; Mrs. Arthur Polk and family, Mr. and Mrs. George Wade and family, Mr. and Mrs. Wade Polk and children, and three boys employed at the Polk farm.

## Family Reunion Enjoyed At Home of Mrs. Henry Brandt

The home of Mrs. Henry Brandt, Littlefield, was the scene of a family reunion Sunday, Sept. 21.

Those present included: Mrs. Brandt's children of Littlefield; Mr. and Mrs. Ben Brandt and family; Mr. and Mrs. Ernest Brandt and family; and Mrs. Walter Hill and family.

Other town guests included Mrs. Brandt's brothers and sisters; Mr. Ernest Kafflin and Vernon, So. Dakota; Mr. and Mrs. Kopplin and Dale; Mrs. Anna Veld, and Velda, all of Iroquois, So. Dakota and Mrs. Albert Register, Ponce de Leon, Montana.

Another sister, Mrs. Ernest Liebnow of So. Dakota, was unable to attend, and also a son, Chris, of Arrow, Okla., was not present.

## Pick Five Bushes of Pecans Off Ground After Recent Storm

During the recent storm at Gulfport people of Littlefield who had relatives in that area were much concerned for the welfare of them.

Mrs. L. M. Brandon, Red Cross secretary, tried to contact Mr. and Mrs. J. E. Stanford, parents of Mrs. R. T. Fredericksen of Littlefield, but was unable to do so. However, Mrs. Fredericksen heard from her parents, who stated that one large pecan tree in their back yard was thrown against the kitchen by the

wind, and they picked five bushels of pecans off the ground.

Mrs. J. B. Haire of this city returned home Friday after visiting relatives at Gulfport. They were staying in tourist cottage, and had to get out when the water got so high. They tried to go to New Orleans, but the roads were closed.

## Second Location Made in Sudan Section

The second Rotary drilling rig in Sudan and vicinity, arrived Wednesday of last week, and is now on location about six miles east of town on or near what is known as the old Myers farm.

## Girl Scout Roundup Held Monday

A fall Round-Up of Girl Scouts, their parents, their friends and everyone interested in Girl Scouting was held Monday September 29, at 5:30 at the City Park, on the grounds near the American Legion Hut.

A Mexican styled supper was served outside, under the supervision of Houston Hoover, camp chairman.

After the supper, all assembled in the American Legion Hall for a program, which has been planned by Mrs. Roy Wade, training chairman of the Girl Scout Association.

Jack Christian acted as Master of Ceremonies.

The following program was enjoyed:

Group singing, led by Mancel Hall, accompanied by Mrs. E. J. Packwood; prayer, Rev. Carter McKemy; Special music by Mrs. Weldon Findley, assistant Girl Scout Leader; special number by the Girl Scouts, under the direction of Mrs. S. E. Ayres, Jr. Mrs. Earl Rodgers, and Mrs. Carl Morrow and Mrs. L. L. Massengill.

Girl Scout leaders: Introduction of Miss Melvina Jarrett, and Miss Betty Jo Crisley, (girl scout executives of the South Plains Area Council, Lubbock,) by Rev. McKemy, Girl Scout. Songs by the audience and benediction, directed by Miss Jarrett; Rev. S. M. Dunnam.

The Mexican style supper was served.

British Are Fighting Collapse of Country Due To Dollar Crisis; U. S. Is Investigating Situation

BY CONGRESSMAN GEORGE MAHON

As reported from Washington several weeks ago, an Act of the House of Representatives required the speaker to appoint a committee of 19 members to make a study and recommendation in regard to our program of feeding and financing European foreign aid program.

The report of the committee may have a far-reaching influence on our future foreign policy at a very critical time in world history.

Intensive Land Cultivation

The war has now been over for more than two years. What does Europe look like to a West Texan?

First about England. In going by train the 70 miles from the port of Southampton to London, I was struck with the intensity with which the land is cultivated.

food supply. The clamour throughout Europe is food, food, food! At home we complain at the prices of food but here the emphasis is on food at any price.

Farm Program

I noticed in England that the Victory gardens were still very much in evidence. In suitable areas the British are using such places in the right of way on the railroad for countless little gardens, and they are all well cared for.

The farmers are doing a good job. A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation.

England's Dollar Crisis

England is far from being self-sufficient in food and the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food from abroad which they need.

In spite of the fact that more than

two years have elapsed since V-J Day, the British still have a severe rationing system which apparently works much better than our OPA ever did. The severity of the program is indicated by the fact that each person is allowed only one egg per week and only twenty cents worth of meat per week.

Fighting Country's Collapse

The British are a sturdy lot. They are unwilling to admit defeat; they are determined to prevent the collapse of their country. This was the impression which I got in conferences which we held with officials of the British government.

Our officials feel that the collapse of England and Western Europe would mean communism and the domination of all Europe by Russia. In that event the security of America would be seriously threatened.

The most dynamic British officials with whom we conferred in London were the Foreign Minister, Ernest Bevin, and the Minister of the Board of Trade, Sir Stafford Cripps.

ATOMIC REQUEST . . . Dr. Caleb Greene, New York physicist, told a New York newspaper that the Irgun Zvai Leumi, Jewish underground, approached him 18 months ago and asked him to develop synthetically an "atom bomb" for it.

BULL LAKE PHILOSOPHER OFF ON INTERNATIONAL TOPIC AGAIN, OR MAYBE HE'S JUST OFF AGAIN

EDITOR'S NOTE: The Philosopher on his Johnson grass farm on Bull Lake seems to be serious this week, although you never can tell. His letter is published for what it's worth.

Dear Editor: While lots of folks out here on Bull Lake don't take time to look up from their plowin and Johnson grass-fightin and note-payin and think

about what's goin on in the rest of the world, I ain't never been that short-sighted and long ago realized that what went on in north China might have as much bearin on

as what goes on in my north pasture and so far I've had about as much effect on the pasture as I have on China and since the latter takes less energy than the former which don't necessarily mean it's easier as brain work is entirely different and can't be compared with physical work any more than plantin ideas can be compared with plantin oats or makin perfume can be compared with refining crude oil, and as I say, just because a man lets his immediate vicinity get a little run down ain't no sign he's neglectin his world-wide obligations.

Consequently I was not surprised when I borrowed my neighbor's newspaper out of his mail box Monday

mornin while he was worryin about hands and lettin China slide and went down on the river bank in the crisp September air and read where the vice-president of China itself has announced that if the United States don't rush more aid over there his country will join up with the Russian Communists.

Now I don't know how much influence and authority a vice president has in China, maybe no more than the average vice president over here or say the average college president, but it seems to me if he's correct and China is considerin joinin up with Russia, let her. It reminds me of my neighbor's say in if I don't send him over a bucket of potatoes by in the mornin he'll open his front door and let the hogs in.

In fact, it seems to me that if all that's keepin anybody from joinin up with the Communists is some help from the United States, we're lettin ourselves in for some mighty long bread lines to keep operatin from now on if we set out to head it off, and it would be cheaper and have the same effect in the long run to go ahead and let everybody who's a mind to join up with Russia now and have something to look forward to after the boom declines and the depression starts and we need another war to bring back prosperity with.

These things are too complicated for me and sometimes I even contemplate lettin the rest of the world

### Meetings of Farm Bureau Being Held

A series of 23 Farm Bureau district meetings are being held in Texas from September 29 through October 19. This has been announced by J. W. Hammond, president of the state organization.

District Court Room at Lubbock on Saturday, October 4. The meetings will start at 10:00 a. m. and W. R. Tilson of Meadow state director, will preside.

The Texas Farm Bureau will attempt to get a cross-section on the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm-to-market road plan, and many other critical issues.

"Unless farmers make a determined fight for the retention of the farm program, it will be discontinued after 1948," President Hammond warns. "There was a move on the part of Congress during the past ses-

### From where I sit ... by Joe Marsh

#### "It's Living That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean.

We talk about farm profits, production, research, and mechanical improvements... but isn't it true, what we really value is the life country living offers us?... the chance to be close to our families and neighbors... children sharing in the chores... working with our own hands at a worthwhile job.

And country pleasures are simple: good talk at day's end, and

a glass of mellow beer with friends... the companionship of man and wife, untroubled by distractions of the city... the mutual tolerance of one another's tastes—in choosing a friend, or a glass of beer, or a candidate for Governor.

Mind, I'm all for material improvements. But from where I sit, the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

sion to eliminate all price supports and AAA payments for soil conservation," he said, "and it is necessary that we rally all the support possible from our members if we are to retain our farm program."

The Farm Bureau expects to enlist the counsel and support of other groups interested in a rural road program, in formulating a plan that will provide for a source of revenue, type of roads, allocation of funds to counties who shall determine type of roads, who shall be responsible for location of roads, etc., and have it ready to place before the next session of the legislature for enactment into law.

"The road plan should be completed and ready to present to candidates for public office during the 1948 election campaign," Hammond declared. Farmers should vote for candidates who will support their farm-to-market road plan, he continued.

### How women and girls may get wanted relief from functional pe pain

Cardul is a liquid in which many women say they get relief from the cramp-like aches and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

Bright plaid wool combines with black velvet for gay evenings.

THE wool-for-evening idea is one that has met with enthusiastic acceptance everywhere by women who like to be comfortably warm as well as glamorous for the winter's social doings.

The college girl likes party wools in plaids, lively and gay—and if the skirt is separate, so it can be worn with different tops, so much the better. And she likes it to be ankle length for evening party-going. If the skirt is full and dirndl-like, practical considerations dictate that it should take its fullness in unpressed pleats, to simplify pressing and hem adjustments.

The New York designed skirt and basque jacket combines red, black and white plaid wool with black velvet in the season's new rounded hip, tiny waistline look.

## NUPTIALS SOLEMNIZED

Mrs. John W. McCormick —Personal Photo.

### Nall-McCormick Wedding Is Pretty Ceremony

Picture Courtesy Globe-News, Amarillo

Nuptial vows were solemnized Sunday Sept. 14 for Miss Mary Annie Nall, daughter of Mr. and Mrs. J. H. Nall, 832 Louisiana, Amarillo and John W. McCormick, 425 West Fifth, son of Mr. and Mrs. W. A. McCormick of Littlefield.

Kline A. Nall of Texas Technological College, Lubbock, brother of the bride, read the single-ring service in the home of the bride's parents. Mrs. Ola Jenkins, pianist, played "To a Wild Rose" by MacDowell and "Largo" by Handel while the guests assembled. The traditional wedding marches were used for the processional and recessional.

Arrangements of blue and white asters and Picardy gladioli decorated the rooms. An improvised altar in front of the fireplace, flanked by candelabra bearing lighted tapers, formed the setting for the wedding. Miss Roxie Hoover and Mrs. Gene Leavella, dressed in winter white dresses with pink carnation corsages, lighted the candles.

Attending the bride as maid-of-honor, Mrs. Leta Mae McCormick, sister of the bridegroom, was attired in a sheer blue wool dress and carried a bouquet of pink roses. David McCormick was his brother's best man.

Given in marriage by her father, the bride was attractive in an off-white sheer wool dress. Her fingertip length veil was attached to a white crocheted cap and she carried a white Bible topped with Picardy gladioli and showered with white satin streamers.

Following the ceremony, the bridal party was feted at a reception. Featuring the lace-draped serving table were decorative appointments in pink, white and blue. Mrs. Woodrow Allen, sister of the bride, and Mrs. Bertram Jack presided at the bowl and served the tiered cake.

Mrs. Nall, mother of the bride, received the guests in a tailored black dress with white trim and a corsage of white gladioli. Mrs. McCormick, mother of the bridegroom, wore a black sheer dress with pink trim and a white gladioli corsage.

The couple are now at home at 800 East Fifth Street, Littlefield, after a wedding trip to Colorado.

For traveling the bride chose a brown suit with matching accessories and a pink rose corsage.

Mrs. McCormick was graduated from Amarillo College and attended Texas Technological College, Lubbock, during the summer term.

Mrs. McCormick was graduated from Littlefield high school with the class of 1942, served in the U. S. Army for three years, with two years overseas in the Southwest Pacific. He has recently been attending Abilene Christian College, Abilene, in preparation to enter a school of optometry in Memphis, Tenn., in January.

Out of town guests attending the wedding included Mr. and Mrs. Bertram Jack of Friona; Veri Miller of Floydada; Gene Gordon of Plainview; Orrin Hamlin of Abilene; Mr. and Mrs. Hall Nall and son of Plainview; Mr. and Mrs. Kline A. Nall of Lubbock and Mr. and Mrs. W. A. McCormick of Littlefield.

Mrs. Nora Jarman has returned from Fort Worth where she had been visiting her daughter, Mrs. C. E. Stidson. Mr. and Mrs. Stidson accompanied Mrs. Jarman to Littlefield and spent Sunday here with Mrs. Jarman and her daughter Miss Clara Jarman.

Miss Joan Price is now employed at the Hewitt Chevrolet Company as office assistant and beekkeeper.

## Lt. and Mrs. Copple Observe Fourth Wedding Anniversary

Lt. and Mrs. Robert H. Copple of Tokyo, Japan, observed their fourth wedding anniversary at a dinner and dance on the roof garden of the hotel in Tokyo, in which they have an apartment, Wednesday evening, Sept. 10.

This dinner and dancing party was given Mrs. Copple by her husband as a surprise on their anniversary, and the hotel made all arrangements.

A seven piece orchestra from the Army base provided the music for the dancing and the dinner.

Lieut. Copple is stationed in Tokyo with the Army of occupation.

Cpl. David Beisel, son of Mr. and Mrs. Dave Beisel, of Springdale, Ark. is also in Tokyo, and Lieut. Copple and Cpl. Beisel accidentally met recently. Cpl. Beisel is a cousin of Mrs. Copple, the former Louise Beisel.

Eighty guests attended the party.

Mr. and Mrs. James H. Penn of Lubbock spent the week end in the home of Mrs. Penn's parents, Mr. and Mrs. E. A. Bills.

## TO SING IN ACCAPELLO CHOIR

Enrolled in Howard-Payne College at Brownwood, for her freshman year, Miss Margaret Ann Self of Olton has received distinct honors, in that she has been chosen to sing in the Accapella Choir and also to become a member of the Choral Club.

Featured in voice thru her high school days and in her Church work, she will continue to cultivate this talent thru the organizations, but will major in Bible Study.

Margaret Ann has also been selected as a cheer leader for the "Yellowjackets," Howard Payne football team.

She is the daughter of Rev. and Mrs. Guy Self.

## LOSES ARM

A. F. Walker, living about three and one-half miles northwest of Sudan, is in the Muleshoe Hospital recovering from the loss of his right

arm. The member was amputated between the elbow and shoulder Friday evening, Sept. 19 following an accident in which the car Walker was driving was struck, and sideswiped a dump truck, and as Walker's car was resting on the open door, the impact fractured the member beyond repair and amputation was necessary to save his life.

Mrs. Eva Richardson of Star left Saturday after spending the previous Tuesday in home of her sister and brother-in-law, Mr. and Mrs. L. D. Sturges and family.

A purposeful coat, slim and tubular, in green and black striped tweed.

**WHETHER** you plan to travel far afield or just between the points encompassed by your daily routine this Fall, there's always need for a good tweed coat of the kind you can wear and wear, and like just as well at the end of the season as at the beginning.  
A coat such as the one pictured, by a New York designer, is the kind of smart, simple thing you'll find useful day in, day out. Of green and black striped tweed, the coat tapers toward the hem and fastens from top to bottom with black buttons. Pockets are deep and roomy, as pockets of good tweed coats should be. A wonderful steamer coat for a lake or ocean voyage, or to take to college.

Launcher is hidden by the glare of the firing, but a similar device, nicknamed "xylophone," can be seen in foreground.
