# DEMONSTRATIONS ON COTTON INSECT IDENTIFICATION SET FOR JULY 14-15

LITTLEFIELD POST OFFICE IS GIVEN NEW HIGHER RATING

Presented in the picture, which was made at the Littlefield post office on the occasion of the local office moving into the designation of a first class office July 1, are Postmaster W. D. T. Storey and some of the members of the personnel. Ewing Thaxton, assistant postmaster, is shown at the right and rear of the picture.

Postal receipts constantly increasing with the steady growth of the post office has moved into the designation of a first class office. The new designation became effective July 1, and was regarded as an important event at the Littlefield post office. In order to record the occasion a photograph was made. All activities in Littlefield, with the Littlefield post office, presents a story of constant progress. From a tiny frame building to a modern government owned structure and grounds, and from receipts in 1920 of \$1,383.91 to receipts of \$40,567.63 in 1949 are showing an increase over 1948. For example, receipts for the first half of 1948 totaled \$17,562.13, and for the first half of 1949 climbed to \$19,626.13, an increase of \$2,064.37.

The Littlefield post office went from a fourth to a third class office in 1923; from third to a second class office in 1925, and from a second to a first class office this past year. The personnel consists of a postmaster, assistant postmaster, five clerks, one substitute clerk, four city carriers, two rural route carriers, two star route carriers, and a special delivery employee. Campbell Duggan was the first postmaster; Wm. J. Wade, the second postmaster; J. E. Brannen, the third, and Mr. Storey is the fourth postmaster. There were two acting postmasters, Homer Hall and J. S. Singer. Mr. Storey has served since May, 1934.

Extension Service Entomologist To Visit County  
 5 Demonstrations Will Be Made At Farms of County

As announced by David Eaton, County Agent, G. W. Carpenter, Entomologist for the Extension Service will be in the County Thursday and Friday, July 14 and 15 and hold field demonstrations on the identification of cotton insects. According to Mr. Eaton, there will be five demonstrations at various farms over the County. Since the farmers' consent to such demonstrations will first have to be secured, places for these demonstrations cannot yet be announced. Mr. Eaton stated that he would have to inspect some of the farms in the County to find fields where cotton insects were working, and then get the consent of the farmer to have the demonstrations. Mr. Eaton and Assistant County Agent, Gilbert Simmons, will accompany Mr. Carpenter on the demonstrations. Also all farmers interested will be invited to attend the demonstrations, which will be announced as soon as arranged.

#### Certificates To Be Awarded In Life Saving And Water Safety Course

The American Red Cross classes in the life saving and Water Safety school which has been in session for the past ten days at the local swimming pool came to a close Wednesday with certificates going to seven boys and one girl in senior instruction and eleven boys and one girl in the junior class. These students passed the test in personal safety and self-rescue; elementary forms of rescue; fundamental swimming skills for life saving recovery of a submerged victim; defense and releases; resuscitation; special forms of rescue and the various approaches to a drowning victim. They are qualified according to the standards of the American Red Cross to serve as life savers in the water. While the Junior Swimming class, because of age and size does not carry the same qualifications as do the senior class, they passed the test in junior life saving and made a wonderful showing of ability and skill in the water.

The course was conducted by Warren Rutledge, who recently attended an American National Red Cross aquatic school at Lake Murray near Ardmore, Okla. qualifying him to conduct these classes. Certificates and emblems will be awarded to the following: Juniors, Robert Rutledge, Gary Pass, Joe Owens, Buddy George, Garland Thornton, Tommy Shelby, Don Lee, Mike Joplin, Roger Newton, Everett Winston, Patsy Farrell and Leonard Sanders; and to the following Seniors, Jo Ann Wallace, George Kirk, Charles Joplin, James Lee, Houston Hodges, Joe Cummins, Gene Renfro and Jackie Shelby.

## Miss Jacquelyn Davis and Maxie Don Bagwell Married Friday, July 1

Miss Jacquelyn Davis, daughter of Mr. and Mrs. E. R. Davis of Lubbock, formerly of Littlefield, became the bride of Maxie Don Bagwell, son of Mr. and Mrs. Alvin Bagwell of Littlefield, in a candlelight ceremony here Friday, July 1.

The double ring ceremony was performed by Rev. Lee Hemphill, pastor of the First Baptist Church, at the parsonage at 9 o'clock A. M., in front of the fireplace, and before a background of pastel colored gladioli and candelabra.

**Wears White Palm Beach Suit**  
The bride, given in marriage by her father, wore a white palm beach suit, white accessories, and carried a white Bible topped by an orchid, and showered with white carnations tied with streamers of white satin ribbon.

**Miss Wood is Bridesmaid**  
Miss Joyce Wood of Wellington, Texas, roommate of the bride at Tech College, served as bridesmaid. She wore a light blue suit with white accessories, and a corsage of white carnations.

**Dean Sanders Best Man**  
Dean Sanders of Hart, Texas, roommate of the groom at Tech College, was best man.

Mrs. Lee Hemphill presided at the

piano and played the traditional wedding music.

Mrs. E. R. Davis, mother of the bride, wore a green and white dressmaker suit with white accessories, while Mrs. Alvin Bagwell, mother of the groom wore a brown dress, with brown accessories. Both wore corsages of white carnations.

**On Bridal Trip**  
Immediately following the ceremony, at which close friends and members of the immediate families were present, numbering about 50, the happy couple left on a honeymoon trip to Ruidosa and points in Old Mexico.

The bride traveled in a gray butcher linen dress with white accessories.

On their return to Littlefield they will be at home at their newly constructed home on Cundiff Drive, Littlefield.

**Is Local High Graduate**  
The bride is a graduate of the Littlefield High School with the class of 1948, and since that time has been attending Tech College, majoring in applied arts.

The groom was graduated from the Littlefield High School with the class of 1945, and has been attending Tech College for the past four years, majoring in economics, and will graduate with a BA degree in the spring of 1950.

The bride has been a resident of Littlefield for the past five years, and until recently when they moved to Lubbock.

Her father owned and operated the Davis Upholstery shop here for several years.

The Bagwell family have been residents of this city for the past twelve years, and besides farming, ranching and oil interests, they owned and operated a dry cleaning establishment here for a number of years.

## Arnett Family Enjoy Reunion

More than 80 members of the Arnett clan, a pioneer South Plains family, gathered at the Spade ranch headquarters 20 miles west of Lubbock Sunday afternoon to hold their third family reunion which was in honor of the oldest member of the family present, J. R. (Uncle Dick) Arnett, 82, of Lubbock.

Family members and friends began to arrive at the spacious ranch headquarters about the middle of the afternoon Sunday. Soon many of the old timers were sitting in the shade swapping yarns about the early days on the Plains. It was the third family get-together, the other two being held on the S. B. Arnett ranch near Clovis, N. M., in 1935 and 1940.

A big ranch-style barbecue supper was held on the lawn of the big ranch house late in the evening as a climax to the reunion. In the original Arnett family there were eight boys and one girl. The four living members of the family were all present at the ranch Sunday. They were W. D. Arnett of Lubbock; S. B. Arnett of Clovis; A. H. Arnett of Lubbock and J. R. Arnett of Lubbock.

All of them, with the exception of J. R., who was forced to retire because of ill health, are still engaged in the ranching business. The family came to this area in 1907 and many of their descendants still live in and around Lubbock.

The Spade ranch, which was a very appropriate setting for the reunion, was formerly one of the largest ranches on the South Plains. It was managed at one time by George M. Arnett, who was killed in 1918. In later years the ranch has been broken into smaller sections and now what was originally the headquarters for the south end of the ranch is the main ranch house.

Several old friends of the family, who like the Arnetts came to the Plains country many years ago, were on hand Sunday afternoon to help them celebrate. Among the pioneers there, were Mr. and Mrs. Sam Moreland of Lubbock; Mr. and Mrs. George Boles of Lubbock; Mr. and Mrs. Fayett Young-

blood of Lamesa; Mr. and Mrs. J. Christopher of Levelland; Mr. and Mrs. Jim Stroud of Lubbock, and J. E. Stokes of Ozona.

Among members of the family who were present were Mrs. W. T. Arnett of Meadow and Mrs. George M. Arnett of Lubbock. Several of the Arnett descendants traveled a good distance to be at the reunion. Those who came the greatest distance were Carnet Arnett and family from Bakersfield, Calif., and Arnett Pearson and family from San Diego, Calif. Pearson presided over a guest book where everyone signed their names in the "branch" of the family to which they belonged.

Following the big barbecue supper, which was highlighted by S. B. Arnett and his "son-of-a-gum" stew, the people present continued to catch up on their tale-telling and compare notes on each others activities for the past nine years.

Other guests and out-of-town family members present, included Mrs. Joe Hilton of Lubbock; Mr. and Mrs. Tom Fletcher and family of Amarillo; Mr. and Mrs. Dee Rogers and son of Stanton; Mr. and Mrs. H. D. Pearson and family of Garland, and Mr. and Mrs. Ed Milburn and family of Amarillo.

### GOES TO HOSPITAL

Walter Griffin left Friday for Taylor, where he went for an examination, and possibly a stomach operation. Griffin underwent an operation sometime ago for stomach ulcers. When he left here he was not sure whether or not an operation would be necessary.

**Bowen Grocery Now In Charge of Mr. and Mrs. Cary**

Mr. and Mrs. John Carl, who have been living in Lubbock for the past four years, have returned to Littlefield to make their home, and have taken charge and will manage for Mr. and Mrs. J. N. Bowen, the Bowen Grocery & Market on East Delano Avenue.

They took over the management on Monday, June 27, and invite all their former customers and old friends to visit them in their new location for their grocery needs.

Mr. and Mrs. Bowen plan to rest for the present.

**Mother of Mrs. Sherman McCary Dies Suddenly**

Mr. and Mrs. Sherman McCary and son, Glynell of Littlefield and daughter and son-in-law, Mr. and Mrs. Glen Gainer of Clovis, N. M., returned Friday from attending the funeral services for Mrs. Taylor, 69, of Decatur, mother of Mrs. McCary, who passed away suddenly as a result of an acute heart attack the Tuesday previous, at 8:30 p. m.

Funeral services were conducted at the Missionary Baptist Church, Decatur, Texas, at 3 o'clock Wednesday afternoon, June 29, with burial in the Decatur cemetery.

Mrs. Taylor is survived by her husband, three daughters and a son. The daughters are Mrs. McCary, Mrs. Libby Thompson of Fort Worth; and Mrs. J. M. Gainer of Dallas. The son is Robert Jones of Fort Worth.

**Sustains Broken Arm In Fall from Ladder**

Jodye Jones sustained a broken left arm, a bruised right arm and hands, and scratches on his chin, in a fall from a ladder Thursday night about 9 o'clock.

Mr. Jones was fixing a screen on a window on the second floor of the apartment, just south of the Otto Jones residence, occupied by him and his bride, when the step of the ladder gave way, allowing Mr. Jones to fall 20 feet to the ground below. He broke the fall to a certain extent as he fell against a wire clothes line, breaking the post down by the impact.

Mr. Jones, with his left arm in a cast and the right arm bandaged to the elbow, was very uncomfortable when visited by one of the Leader staff Friday. He, however, was allowed to go home Saturday, and is getting along better.

**Loyalty Grove Meeting Postponed**

## CONTRIBUTES TO ABILENE COLLEGE

F. O. Masten of Sudan, recently gave the Abilene Christian College of Abilene, Texas, 1000 bales of cotton. He said that when others increase the college's stock to 1,000 bales, he will give another 100 bales.

Masten cultivates 20,000 acres in the Sudan and Panhandle area of Texas. He is co-chairman of the ACC Development Fund. He said he made the cotton gift to stimulate other gifts to the fund.

Don H. Harris, president of the college, said he is sure the college can find a ready market for one or 1,000 bales of cotton. He said he will see to the selling of it if the donor doesn't want to sell and remit the proceeds.

The college president added it would not make a bit of difference if the gift turned out to be wheat, oats, cow or sow, or any other farm product. Sudan News.

## IT'S WORTH IT

An old man fishing alone in a skiff out off Cabanas once hooked a great marlin that, on the heavy ashboard handle, pulled the little skiff way out to sea. The old man was picked up, two days later, sixty miles to the eastward with the head and forward part of the marlin lashed alongside. The "less than half" that was left of the fish weighed eight hundred pounds. What had happened to the remainder of the marlin? It had been eaten by sharks. It seems the old man had stayed with the fish two days and two nights while it swam deep and pulled the boat. Finally the old man pulled the boat up on him and harpooned him. Lashed alongside the sharks had hit him and the old man had fought them alone out there in the Gulf Stream, clubbing, stabbing, lunging with an oar, until he was exhausted and the sharks had eaten all they could hold. When found he was crying, half crazy from the loss, and the sharks were still circling the boat. No, fishing isn't all fun . . . but it's worth it.

## Rev. Ingram to Direct Work at Baptist Chapel; Dedication July 17

### Anton's New Methodist Church Hold Open House Sunday Afternoon

The house for the new \$39,000 First Baptist Church at Anton was held open house between 3 and 6 P. M. Rev. Wood is pastor of the church. The new stucco structure last week was put in readiness to receive members of the congregation and a large number of visitors who viewed the new church building.

of 300. In addition to the auditorium, there are six Sunday School class rooms, a nursery with built-in cribs for infants, a large and completely furnished kitchen and a recreation room. "We have looked forward with eagerness to the opening of our new church ever since work first started in March," Rev. Wood said. "Our congregation has worked hard to achieve this beautiful and dignified house of worship. We feel justly proud of it." The interior of the building is finished in light pastel shades to reflect (continued on back page)

Rev. E. R. Ingram, pastor of the First Baptist Church, Enochs, accepted the call of the First Baptist Church to serve as Assistant Pastor, and to direct the work of the Westside Chapel on West Fifth Street. He will assume his duties the third Sunday in July, and live at 1301 West Fifth Street, two blocks west of the Chapel.

Rev. and Mrs. Ingram will mean much to the local church and community. Rev. Ingram is a very capable young preacher, well trained.

The Chapel will be opened Sunday, July 17, and be dedicated that day — free of debt.

A number have volunteered to work at the Chapel, but teachers and Training Union workers are still needed.

### LELAND POOL IN HOSPITAL WITH BROKEN LEG

The many friends of Leland Pool formerly of Fieldton, but now of Portales, N. M., will regret to learn that he is a patient of the Lubbock Memorial Hospital suffering from a broken leg.

In formation as to how this accident happened is not available.

The Leader was notified by postal card by Mrs. Pool who stated that Leland was in Room 329 at the hospital and "would love for his many friends to visit him".

## JAIL STOPS FOR BOOZE PEDDLERS

Illegal association with Old Man Barleycorn appears now to be getting rough two ways; rough on the pocket book and rough on the disposition.

In other words, fines and jail sentences appear to be operating concurrently.

J. C. Moore, Littlefield, (colored) was arrested by Lamb County officers Friday night, about three miles southwest of town, and was charged with possession of liquor for sale, and found out later that the law operated sometimes in a manner curtailing finances and freedom.

Brought before Judge Otha Dent Saturday morning, Moore was fined \$100 and costs, and sentenced to jail for six months.

Free meals and plenty of time free from freedom will be the order of the day for Moore away up into cotton picking time.

## Contract Let For New Gymnasium For Anton Schools

A contract was let last week for the construction of a new high school gymnasium for Anton, according to Supt. J. S. Bridges.

The contract was let to the Midland Home Loan Finance Corporation, and the new gymnasium is to cost \$99,000. The building, which will be of tile with beautiful fireproof brick on the outer surface, will be modern in every respect, with a seating capacity of 2,000.

The company agreed to begin work in about ten days, and to have the gymnasium ready for use within 120 days, which should have it ready for this year's games.

## Colored Man Being Held Here For Roby Sheriff

Frank Pinkard, colored, was arrested by the Lamb County Sheriff's Department Tuesday afternoon of last week in the Littlefield colored section on instructions from the Sheriff at Roby, Texas.

An automobile said to have been stolen at Roby, was recovered in Littlefield by Lamb County officers.

Pinkard is said to be wanted by the Roby Sheriff for the theft of the car recovered in this city.

## H. E. Wesley Family Reunion To Be Held July 23-24 at Lubbock Park

The third annual reunion of the H. E. Wesley family will be held Saturday and Sunday, July 23 and 24, at McKenzie Park, Lubbock.

Mr. and Mrs. H. E. Wesley, now deceased, were the grandparents of E. E. Wesley and Mrs. D. L. Whitson of this city. Mr. Wesley and Mr. Whitson are owners and operators of W-W Electric.

Last year, according to Mrs. Whitson who is a member of the Arrangements Committee, the attendants at this event numbered 200 people.

Attend from Far and Near Relatives attended from California, Mississippi, Alabama, Florida, New Mexico and Oklahoma.

The program will include Picnic

lunch at noon Saturday, fish fry Saturday night; breakfast served at the park Sunday morning, and barbecue at 12 o'clock noon, with sporting activities throughout the two days for entertainment.

Attending from Littlefield will be Mr. and Mrs. E. E. Wesley and two children, Artis and Arlen Ray; and Mr. and Mrs. D. L. Whitson and children, Jimmy Don and Darla Ann, and Mr. and Mrs. Albert Legate and family of Whitharral.

Mr. and Mrs. Joe Johnson and four children of Olton, will also attend. Wesley died in February, 1934.

Parents of 16 Children

They were the parents of 16 children, of which four sons and one daughter survive. They are: J. W. Wesley (father of E. E. Wesley and Mrs. D. L. Whitson), G. E. Wesley and Mrs. Fred Hext, all of Happy, Texas; Effie Wesley of Coffee Springs, Ala., and E. P. Wesley of Canyon.

Mr. and Mrs. H. E. Wesley were married in Palo Pinto County. Mr. Wesley is said to have been the first settler in Amarillo; and after living there for about ten years, moved to 18 miles northeast of Happy, where the family lived and at Happy, the balance (continued from page one)

## Baptist Revival Opens August 7

The First Baptist Revival has been scheduled to open Sunday, August 7, and continue through Sunday, August 14, with Dr. Floyd Chaffin of Dallas and Bro. Melvin Ratheal of Spur, assisting.

It is the plan for the young people of the church to take part in the revival again this summer.

NOW HE'S IN THE 4-H CLUB . . . President Harry Truman, who is well on his way to becoming a member of every going organization in the U. S., received an honorary 4-H club pin when delegates to the 19th annual national 4-H club camp called at the White House to pay their respects. At the presentation were Mary Bowers of Payne county, Okla., and Don Rutter of Shelby, Mo., shown presenting the pin.

BULL LAKE PHILOSOPHER ADMITS FARMERS MADE PROFIT LATELY, BUT SAYS IT TOOK LONG TIME TO DO IT

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake is writing about something he knows very little about this week, money, but not knowing anything about a subject doesn't get in his way. Dear editor:

I was in town Saturday restin up my mind after a week's hard thinkin out here on Bull Lake, as there ain't

It may be true, I don't know, but all I have to say is, if it's true, look how long it took us to do it.

Makin a profit for four years out of a life-time ain't nothin to get excited about, ain't no reason to start figurin up ways to put an end to the situation. Some folks always have considered a farmer's gettin ahead sort of sinful.

Most businesses I know anything about can go a month or two without makin a profit, maybe even six months or a year, and that's about the limit, then they're sunk, but you take farmers, they can go for years without makin a profit and still keep their heads above water.

Why, I know farmers who didn't even know they were supposed to make a profit until 1943, thought if they came out with a whole pair of overalls and a renewed note at the of the year they was in fine shape.

Of course, things have been a little different the past four or five years, but I understand the experts is workin on that and just yesterday I noticed the price of Jersey steers is beginnin to slide a little.

Farmers can rock along for years not quite makin ends meet and other

folks say, aw, if farmers went about things in a business-like manner they wouldn't be so bad off, it's their own fault the shape they're in, but let a farmer hit a good streak and actually make a little money and the same people begin to hollerin the farmers is gettin rich and holdin up the city people and something ought to be done about it.

However, if you want to know the truth, very few farmers have as much money as you town folks think, the same as very few of you town folks have as much money as each other thinks the other one has. The secrets a bookkeeper knows is tremendous.

Your, faithfully, J. A.

Red Cross News

By Mrs. Lyle Brandon Executive Secy., Red Cross Chapter

The Lamb County Leader has kindly consented to allow us some space each week to tell about our Red Cross activities and other happenings which we may know about. We are indeed grateful.

First I want to correct an error in our news story printed recently by the Leader which stated that we had handled 72 cases since January 1st. We actually assisted 72 cases during the month of May. Nine of these were service men, 48 were veterans and 15 others. Financial assistance was given to 9 cases in the total amount of \$206.50.

The assistance in the military cases was in the form of welfare reports, emergency furloughs and extensions. The service to veterans was help with their claims with the Veterans Administration such as compensation, pensions, education and rehabilitation, hospitalization and insurance as well as financial assistance. Our office is the only office in the county now that renders service to veterans and we invite you to come. The service to the other 15 cases was investigating and reporting and some financial assistance. These were mostly County Cases.

We are proud of our working relations with other welfare organizations

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season - ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- EARLY MATURITY: Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
HIGH YIELD: In this same test, "54" was third among all varieties in yield per acre.
BETTER STAPLE: "54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
TESTED FOR DRY LAND: "54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54": or, if your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cotton Oil Co., and at Lockview Farm, Plainview, Texas.

## Good Buy - all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-swung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

### BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE\* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

\*Standard on ROADMASTER, optional at extra cost on SUPER models.

When better automobiles are built BUICK will build them

## All Time Record Cotton Crop Is Forecast For South Plains

An all-time South Plains cotton crop for 1949 is indicated by an annual acreage report issued Saturday by K. N. Clapp, Lubbock representative of Anderson, Clayton & Co.

"With the excellent subsoil moisture present and a fourth of the large acreage irrigated, it would take catastrophic conditions to produce less than a million bales," Mr. Clapp's survey indicated.

"Good conditions should produce a million and a half bales, with two million possible, but not probable under excellent conditions."

Previous record crops have been 959,000 in 1937 and 944,000 in 1947.

Twenty South Plains counties have 2,830,000 acres in cotton, an increase of 26 per cent over June 21 of last year, when 2,244,000 acres were in cotton, it was estimated.

Of that total, 744,000 acres were irrigated, an 83 per cent increase over last year's 462,000 acres. Dryland cotton totals 2,086,000 acres, 17 per cent over the 1,782,000 of dryland cotton last year.

Twelve so-called "cotton counties" have 63 per cent of all cultivated acreage in cotton. Lubbock county leads with 85 per cent in cotton, Dawson is second with 83 per cent in cotton, and Garza is third, with 80 per cent in cotton.

For Lubbock county, a minimum of 315,000 bales was predicted. Good growing conditions may result in a 300,000-bale crop and excellent condi-

tions would make possible, but not probable, 365,000 bales.

The previous Lubbock county record is 181,000 bales in 1947. Clapp foresaw a good chance for Lubbock again to lead the state and place high nationally in cotton production.

The value of this year's cotton crop would be from \$120,000,000 to \$240,000,000, basing the estimate for the whole crop on an average price of 24 cents or \$120 per bale. The higher figure is not probable, Clapp emphasized.

The dollar value of the Lubbock county crop alone would be from \$26,000,000 minimum to \$44,000,000 top, under extraordinary conditions.

### Weather Unusually Wet

An 83 per cent increase in irrigated cotton acreage over last year was one of the most remarkable facts brought out by the report. With 744,000 acres irrigated as against 462,000 acres last year, Clapp estimates 12,893 irrigation wells in the area this year, a 26 per cent increase over the 10,055 wells in operation last year.

Lubbock county is estimated to have 2,000 wells, a 33 per cent increase over 1948; Hockley county 1,000 wells, a 67 per cent increase over last year; and Lynn county, 380 wells, a 90 per cent increase over last year.

The effect of unusually wet weather is seen in planting data. Intentions to plant April 15 totaled 3,016,000 acres. First plantings totaled 3,124,000 acres and 984,000 acres were replanted from one to five times after heavy rains. A

## INCLUDED ON DEAN'S LIST OF A. & M. HIGH RANKING STUDENTS

STILLWATER, Okla., July 5—(Special)—Sabin G. Hendrickson, Oklahoma A. & M. College student from Littlefield, Texas high school was included on the second semester Dean's List of Distinguished Students in the school of Technical Training.

To be eligible for inclusion on the Dean's list, students must have passed in all subjects, aggregating not less than 16 semester hours with an average of "B" or higher and not having received any grade below "C".

Highest-ranking students whose 3-year record places them in the upper percentile are invited to membership in Phi Kappa Phi, national honorary scholarship fraternity and the highest academic honor that can come to an A. & M. student.

A total of 1,671 students were named on the list, with the Oklahoma Institute of Technology heading the list with 497 honor students. Other school totals were: Arts and Sciences, 392; Agriculture, 351; Commerce, 246; Education, 122; Home Economics, 144; and Veterinarian Medicine, 19.

total of 294,000 acres was replanted from cotton to grain.

Forty-two per cent of the acreage is on time, with 43 per cent one to two weeks late and 15 per cent three to five weeks late. Seven counties report growing conditions as excellent, 11 counties report good conditions and one county reports fair conditions.

A weekly crop letter issued by Clapp simultaneously with the acreage report showed condition of crop as good. Weather in the area was dry and hot, with temperatures in the high 90's the first half of the week and in the low 90's the last half.

Progress of the crop was described as good and doing well with the warm weather. There was some complaint of hot winds hurting some of the late plantings. The plant is in all stages of growth from 10 inches high to "just hatched".

Most of the weedy fields have been cultivated and all should be clean by the middle of next week if dry weather continues.

A little planting to cotton continues ever to this late date.

Sufficient farm labor is available in this area.

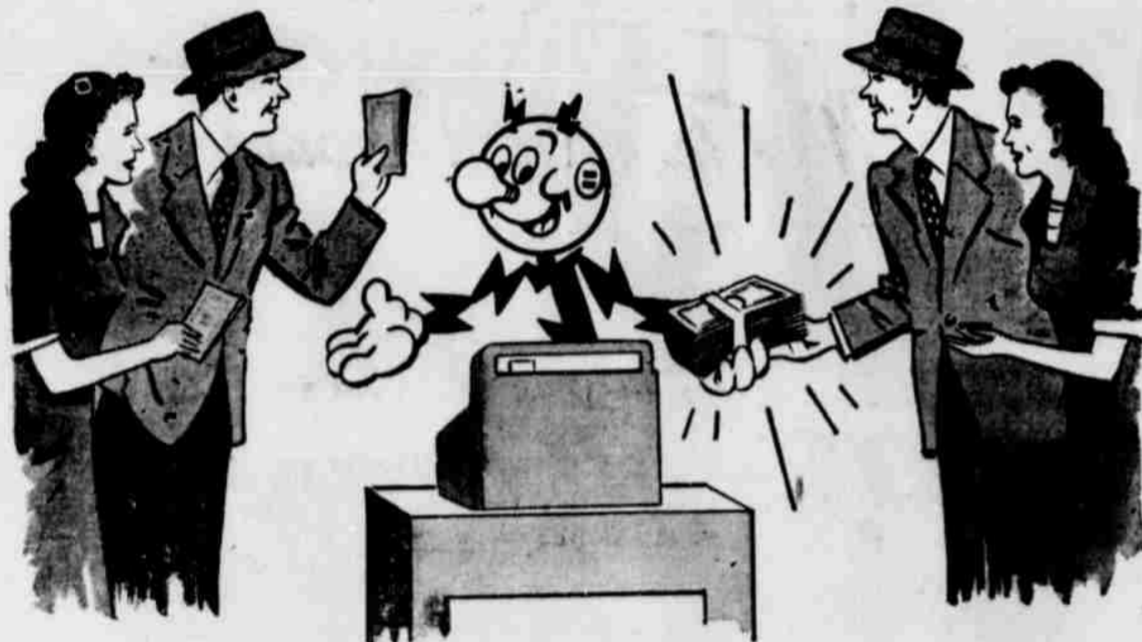

Grasshoppers are being poisoned and are under control. Flea-hoppers are increasing and farmers are beginning to poison them. They continue light.

All counties in the area are holding insect meetings, both indoors and in the field, teaching identification and when and how to poison. Farmer attendance is good.

## Stay at Home Money

THERE'S AN OLD THEORY that money kept at home is idle money.

That's not the case with your Public Service Company. A great deal of our "stay at home money" actually stays in the area we serve in the form of wages, rents, local and school taxes, dividends to stockholders and purchases from local businessmen.

It's as simple as this: the money we receive from our customers is put back to work for the progress and prosperity of everyone in the Panhandle-Plains-Pecos Valley-Eastern New Mexico area.

Free enterprise and sound business-management go hand in hand to bring better living . . . electrically . . . from your Public Service Company.

## Wheat Price Set At \$1.95 Per Bushel

The Agriculture department has announced that it will support grower prices of 1949 crop wheat at a national average of \$1.95 a bushel at the farm. The average compares with \$2 for last year's crop.

The support rate is designed to assure growers 90 per cent of the July 1 parity price of \$2.17 a bushel—a minimum required by law.

(Parity is a legal standard for measuring farm prices, intended to be equally fair to farmers and consumers.)

Reflecting a normal price pattern, the support rate for U. S. grade No. 1 wheat will average \$1.96 or one cent a bushel above the average for price support.

As was the case last year, prices will be supported by means of loans to growers and government agreements to buy surplus supplies.

The department announced specific support rates for major terminal markets. These run higher than the national farm average, because they are designed to cover cost of transporting the grain from the farm to the market.

Support rates will vary by counties, but generally speaking they will be highest at or near terminal markets and lowest at distances from such markets.

The terminal rates, on the basis of No. 1 wheat stored in acceptable warehouses, include:

Galveston, Houston, and New Orleans, \$2.29.

Premiums and discounts for various grades and qualities will be the same as those under the 1948 support program.

Only wheat grading No. 3 or better or No. 4 or No. 5 because of test weight or because it contains wheat of the classes durum and red durum, will be eligible for support.

Loans will be available to farmers through January, 1950, and will mature on April 30, 1950, or earlier on department demand.

### Loan Companies Very Optimistic About Future; Making Higher Loans Than Ever

Insurance Companies making loans in this area are reported to be very optimistic about the future, and are instructing agents here to go ahead and in many cases approving larger loans on properties than ever before.

This would indicate that the large companies, who should be in a position to look into the future to a greater extent than the average person, are satisfied that times will be good and money plentiful for sometime to come.

In an interview with a local prominent real estate man, he stated that he was making higher loans on property than he had ever made; that his loan companies were encouraging him to loan to the limit; and that should there be prospects of a slump they would certainly notify him to "slow down".

An official of an Insurance Company is reported to have made the statement to a local real estate and loan man, "You are going to do less loan business in the future, because more people are going to have more money and pay cash for their property". This man was from Lubbock

and has been a land appraiser for 35 years.

He is also said to have added, "There is nothing in the future that we can see which would cause a depression".

The above real estate man went on to say that the loan companies do not get optimistic unless there is something to be optimistic about, and that they will not hesitate to hold down an agent if they see a slump coming.

### Ice Cream Supper Enjoyed By Young People

The Wesley Fellowship Class of the Methodist Church met in the Church basement for an ice cream supper Friday night, June 24.

After eating ice cream and cake the group joined in signing hymns with Mrs. Al Chambers at the piano, and led by Rev. Frank Beaushamp.

There were between forty and fifty present with seven children.

All young adults not in Sunday school are invited to join this class. H. O. Bigham is teacher.

### Brother and Sister Are Reunited Here After 30 Years

Brother and sister were reunited recently in Littlefield for the first time in 30 years.

The brother is J. E. Stockton, 72, of Winder, Georgia, and the sister is Mrs. E. S. Gee, 616 West Sixth Street.

Mr. Stockton is spending two weeks in the Gee home.

The last time Mrs. Gee and her brother were together was when Mrs. Gee then a resident of Hollis, Oklahoma, visited in Georgia.

Mr. Gee had not seen his brother-in-law in more than 40 years.

A Father's Day dinner was held at the Gee home. Mr. Gee received a number of gifts.

Guests in the Gee home recently included a daughter and son-in-law, Mr. and Mrs. W. H. Kincaid of Carlisbad, and their two children, Harmon and Wanda; a daughter and son-in-law, Rev. and Mrs. W. H. Snow of Portales, N. M., and Mr. and Mrs. Elmo Gee of Littlefield.

### Man Is Still In Need Of One Thing Says Rev. Heckman

In a world that has become luxury conscious and which feels that many of these extra things have become necessary for daily living, man is still in need of only one thing, declared the Rev. H. Heckman, Sunday morning of last week from the pulpit of Emmanuel Lutheran, that need being the forgiveness of his sins. Before that need can be filled, though, man must

come to know by his sins he has separated himself from God, and that if this separation is not changed in this life that it will continue throughout eternity. Aware of a need for the forgiveness of sins only then does man have a desire to seek pardon and remission. Thus this fundamental need is cared for by man when he believingly says with all his heart: "the blood of Jesus Christ God's Son cleanseth us from all sin. Such who believe this have everything that counts for time and for eternity."

celebration of the 100th Anniversary of the Barnum Circle. Bridgeport is said to be the home of Mr. Barnum, the circus man. From Bridgeport Dr. and Mrs. Faust went to Newton, Pa., where they visited Mrs. Faust's brother, G. Sterling Thompson, went on to Clayton, N. J., to spend sometime with Dr. Faust's brother and sister-in-law, Mr. and Mrs. Vincent Faust and family. After visiting relatives and friends at Philadelphia, Pa., they travelled on south to St. Petersburg, Fla., to visit Mrs. Faust's brother and sister-in-law, Mr. and Mrs. Paul Thompson, and along the Gulf Coast and through New Orleans, where they spent sometime with another brother, Quenton Thompson, at Houston. Enroute home they visited Austin and Fredericksburg.

Large Number Register At Local Maytag Sales and Service Cooking School

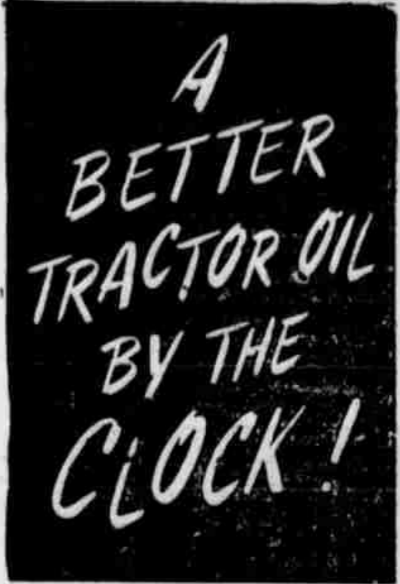

About 100 registered at the cooking school sponsored by the Maytag Sales & Service, and held in this concern's showrooms on Phelps Ave. Tuesday afternoon of last week. Miss Pearl Hugney, graduate home economist, from the Maytag Southwestern Company, Dallas, was in charge the session, and conducted a very interesting school. She lectured explaining the various phases of preparing the food for cooking, cooking the food and how to prepare for freezing in the Maytag Home Freezer, and the packing of food in the Freezer. Miss Hugney cooked a complete meal in the dutch cooker-well on the top of the Maytag range; and in the oven in the same range, cooked ham,

green beans, carrots, baked potatoes and cherry cobbler, all with 30 minutes of gas. In the other Maytag range she barbecued chicken, and baked fish. Following the lecture the attendants all shared in the good things that were prepared. Carl W. Shafer, District Representative for the Maytag Southwestern Company, wholesale headquarters are Lubbock, was in attendance at the school. Also present at this session, greeting the attendants, serving cold drinks, and otherwise making them comfortable were; A. C. Rogers, owner and operator of Maytag Sales and Service; M. L. Isaacs, and Truman Isaacs, Salesman and Dave Russell,

serviceman. Previous to coming here Miss Hugney conducted cooking schools at Pampa and Dalhart.

Mrs. U. E. Kelly Hostess To Oklahoma Ave. H. D. Club June 24

Preparation of pineapples for freezing was demonstrated by four local 4-H Club girls at the Oklahoma Avenue Home Demonstration Club Friday, June 24. Mrs. U. E. Kelly was hostess to the club. Plans were made for a Fourth of July ice cream supper at the home of Mrs. Jeff Renfro. All members and their families are invited. Refreshments of hot dogs and pops were served to the following: Mesdames J. M. Griffin, L. B. Davis, Jeff Renfro, Leonard McNeese, J. W. Bitter, B. L. Helms, Rex Matthews, C. E. Jones, C. C. Solesbee, Fred Lichte, Clyde Davis, A. H. Steugart, and Charles McCullough, and several visitors, Mrs. B. F. Helms, Misses Renfro, Stewart, Thompson, Chambers and the hostess, Mrs. U. E. Kelly. Next meeting will be held on the second Friday in July, in the home of Mrs. G. G. Walden at 2:30 o'clock.

The church is located at the corner of Fourth and Igoe streets directly across from the wooden structure that has served for a meeting place for more than 20 years.

Until 1927 the Anton Methodists met with the Baptists and members of the First Christian church. In that year they organized and obtained their own church. The first pastor of the Anton Methodist church was Dr. R. F. Dunn, father of Dr. Sam G. Dunn, Lubbock.

**River Project Will Be Pushed**

Plans for a large scale Washington invasion to urge construction of a dam and water supply system on the Canadian river took definite shape at an all-day meeting of representatives of interested cities in the Hilton Hotel at Plainview, Saturday.

As a result of the meeting, all the cities are expected to send spokesmen to Washington next Friday for a hearing before sub-committee of the House Public Lands committee on the proposed \$85,000,000 project.

The delegation will urge the sub-committee to report the project favorably to the Public Lands committee as a whole. If this is done, the next effort will be to try to obtain a favorable report by the entire committee to the U. S. House of Representatives.

But the immediate hurdle is Friday's hearing. An unfavorable report by the sub-committee would be highly injurious, if not fatal, to prospects for approval of the project. It virtually would remove hope of approval of an appropriation for the undertaking during the present session of Congress.

The meeting in Plainview Saturday concentrated, therefore upon the effort to insure that an impressive representative delegation will be present in the national capital for the hearing. The gathering produced the assurance that Amarillo, Lubbock, Borger and Pampa will be represented by delegations. Plainview, Tahoka, Littlefield and Slaton are expected to send at least one representative each, or at worse, to designate someone as their spokesman to urge approval of the project.

The governing bodies of each of the communities also is being urged to adopt a resolution at once, declaring their interest in the undertaking and their intent to buy water from a Canadian reservoir if available at a price they can pay and if it is of a quality suitable for domestic and industrial use.

Heading the delegation will be Clarence Whiteside of Lubbock city commission and chairman of the embryo Canadian water development project.

Whiteside, who presided at the meeting Saturday, left by airliner for Washington Wednesday.

Only two hours have been allowed for the hearing during which the interested communities will present evidence to urge the approval of the project.

According to the tentative schedule, Mayor Klein will be the spokesman for

Amarillo and Plainview. A. A. Meredith, Borger city manager, will speak for that city and Pampa. Steve Matthews, Lubbock city manager, or J. D. Willson, Lamesa city manager, will be spokesman for the communities of the South Plains. John McCarty of Amarillo, president of the Panhandle Water Conservation association, will summarize the reasons why the project should be built.

Reps. George Mahon and Gene Worley, congressmen from the areas interested in the undertaking, will be present to assist as they can in the presentation.
