## Full Safety Day Program Planned

Plans for Safety Day on Satur-  
day, May 13, are completed and  
they promise a full program in ob-  
servance of safe driving and safe  
walking.  
A parade beginning at the Court  
House at about 12:30 will open the  
afternoon's activities followed by a  
pic eating contest for children, a

log calling contest for men, and  
a husband calling contest for wom-  
en.  
Driving demonstrations by Jack  
O'Diamonds will be held on Phelps  
Avenue about 3 p. m.  
He will put two wheels of his  
speeding car on a ramp tilting the  
car to a 45 degree angle in one  
demonstration.  
Other stunts will include broad  
jumping his car off ramp through  
the air for 40 or 50 feet and driv-  
ing through a flaming board wall  
accompanied by a young lady from  
Littlefield.  
He will demonstrate how far it  
takes to stop a car when traveling  
20, 30, 40 and 60 miles per hour,  
and show the results when a car is  
stopped on wet pavement.  
"How the People Drive in Little-  
field" will be a comic feature  
showing the carefree manner in  
which drivers drive on city streets.

The entire program is being un-  
derwritten by Littlefield merchants  
in the interest of safe driving.  
Observers are asked to stay near  
their cars during the safety dem-  
onstrations so they can be moved  
and prevent any damage to them.

## Cloudy Skies Give Cooler Weather

Cloudy skies and some precipi-  
tation on Wednesday gave Littlefield  
some relief from temperatures that  
stayed in the 90s for most of the  
week.  
High for the week was recorded  
on Sunday when temperatures soared  
to 99 during the day. Yesterday  
a cool north wind and a little mois-  
ture allowed the temperature to  
climb only to 72. Low temperature  
recording for the week was 51 on  
Friday evening.  
The temperatures for Wednes-  
day, May 3, to Wednesday, May 10,  
were:

	High	Low
Wednesday	97	59
Thursday	93	66
Friday	83	51
Saturday	92	50
Sunday	99	58
Monday	96	66
Tuesday	92	55
Wednesday	72	58

From 1940 until the present the  
record of permits issued is as fol-  
lows: 1940, \$3,700; 1941, \$14,400;  
1942, 1943 and 1944) 1945 \$35,000;  
1946, \$85,200; 1947, \$33,000; 1948,  
\$110,000; and 1949, \$90,225.  
Comparing 1950 with the record  
year in all types of building, 1948,  
the prospect of topping it seems  
probable. Permits this year have al-  
ready been issued for \$447,045  
while in 1948 it amounted to \$977,  
175.

## Schools Inspected By Special Agents For Fire Hazards

Six inspectors of the West Tex-  
as Field Club of the Texas Insur-  
ance Advisory Association gave  
Littlefield schools a thorough in-  
spection on Monday, May 8.

The high school, grammar  
school, colored school and all mis-  
cellaneous buildings were exam-  
ined for any possibilities of fire  
hazards, although no written report  
of the condition of the buildings  
was made at this time.  
The check-up of schools is a pre-  
view of the city-wide fire inspec-  
tion scheduled for May 17-18. On  
that date more than 40 special  
agents will check hotels, churches,  
and every mercantile business for  
fire hazards.

The inspection, sponsored by the  
Chamber of Commerce, local insur-  
ance companies, and the West Tex-  
as Field Club, will be the first of  
six cities in the plains area, done  
as a public service.  
School children are taking home  
inspection blanks to be filled out  
by the parents. The children will  
return the blanks to the schools  
where they will be appraised by  
the experts. If fire hazards prevail,  
suggestion for removing them will  
be made.

In cooperation with the inspec-  
tion an essay contest has been  
started in the high school and a  
poster contest in the grammar  
school. Insurance men will present  
\$7.50, \$5, and \$2.50 prizes for first,  
second and third place winners.  
The West Texas Field Club,  
which will make the inspection, is  
one of four similar organizations  
in the state sponsored by the capi-  
tal stock fire insurance companies  
who make up the Texas Insurance  
Advisory Association.

## Sunday, May 14, To Be Observed As 4-H Day

This Sunday, May 14, will be ob-  
served by 4-H Club members as  
4-H Club Sunday. The theme will  
be: "Better Living For A Better  
World." The observance of 4-H  
Club Sunday enables members to  
think together about home, com-  
munity and world events in spiri-  
tual terms. It develops a deeper  
appreciation of rural life. It empha-  
sizes and recognizes the spiritual  
value and character building qual-  
ities of 4-H Club work. Observance  
of 4-H Club Sunday helps 4-H Club  
members to realize their own re-  
sponsibilities to the church of their  
choice.

## Gov. Shivers Will Speak At Meeting In Tulia, May 19

Governor Allan Shivers has pro-  
claimed May 15-21 as Soil Conser-  
vation Week in Texas and in ob-  
servance of that District 1 of the  
Soil Conservation organization will  
hold a meeting in Tulia on May  
19.  
Representatives from 52 counties  
will gather in the Tulia High  
school gym at 8 p. m. for the first  
annual banquet and hear Gov.  
Shivers speak on soil conservation.  
The governor will be introduced by  
Fred Wemple, chairman of the  
State Highway Commission.

In as much as the conservation  
problems of Texas and New Mex-  
ico are similar, Governor Thomas J.  
Mabry of New Mexico has been in-  
vited by the Tulia Chamber of  
Commerce to attend as honored  
guest.  
Expected to attend from Little-  
field are Mayor A. C. Chester, H. R.  
Shelby, Dr. B. W. Armistead and

## Rev. Reeves Given Birthday Party

Members of the Assembly of God  
church planned a birthday shower  
and supper in honor of the birth-  
day of their pastor, the Rev. H. M.  
Reeves.  
About two weeks were spent in  
planning and preparing for the af-  
fair, but the pastor had no suspi-  
cion of what was happening.  
Mrs. Raymond Melton baked a  
large birthday cake and several  
others baked cakes and made ice  
cream and all gathered at the home  
of Mr. and Mrs. R. G. Hanvey  
where they presented Rev. Reeves  
with a suit, shirt, tie, shoes and  
socks, and pajamas.  
Afterwards everyone was served  
cake and ice cream.  
Those participating were: Mr.  
and Mrs. R. G. Hanvey, Billy Flor-

## Motion Picture 'Thirsty Acres' To Be Shown

The Lamb County Water Conser-  
vation Association has announced  
plans for two more meetings next  
week to follow up a "know your  
water law" rally that was sanded  
down last Thursday.  
The water law will be explained  
and farmers will have an oppor-  
tunity to express their opinions  
about organizing a district when  
the new meetings are held at 8 p. m.  
Monday, May 15, in Springlake  
school and Tuesday, May 16, in  
Amherst school.  
County Agent David Eaton an-  
nounced that "Thirsty Acres," the  
best motion picture now available  
on irrigation practices, will be  
shown at both meetings. Ed Bush,  
district irrigation specialist, will ex-  
plain the film and discuss irriga-  
tion practices and water saving.  
A crowd estimated at 250 persons  
fought one of the worst sand storm  
of the year to attend the "know  
your water law" rally at Amherst  
last Thursday. But adverse weather  
conditions delayed speakers from  
Amarillo, Lubbock and Austin who  
were scheduled to address the  
group.  
The main speaker, "Uncle Jay,"  
farm editor of Radio Station KGNC  
in Amarillo, telephoned that he was  
unable to make the trip because of  
sand-created road hazards. He re-  
ported several accidents in the  
Canyon area. Invited to speak at  
the Springlake and Amherst meet-  
ings next week, Uncle Jay said he  
already has speaking engagements  
for those dates, but may be able to  
come later.  
Other speakers, whose cars were  
slow to a crawl by blinding sands  
last Thursday, arrived just as the  
crowd was leaving the Amherst  
school. They were W. O. Forten-  
berry of Monroe, president of the  
High Plains Water Conservation  
and Users' Association; James S.  
Guleke of Austin, a member of the

## Train Service Affected Here As Railroad Firemen Strike

Railroad firemen went out on  
strike at 7 a. m. Wednesday morn-  
ing on four major railroad lines  
and the results were felt almost  
immediately in Littlefield which is  
served by the Panhandle and Santa  
Fe railroad.  
A passenger train due in Little-  
field at 9:30 failed to arrive until  
4:40 p. m. and was manned almost  
entirely by executives of the rail-  
road. No freight trains came into  
Littlefield all day nor was their  
any information available as to  
when they would resume.  
G. V. Walden, station agent, said  
last night that they could not ac-  
cept perishable goods but other  
freight would be shipped when pos-  
sible.  
How many trains would be mov-  
ing today was not known but mail  
would be carried on every avail-  
able passenger train.

Watson of Hermleigh, Texas, was revealed at an informal tea from 3:30 to 5 o'clock Saturday afternoon at the home of the bride-elect's parents, 716 West Second street.

Torquoise candles in silver holders provided the lighting for the occasion.

### Ceremony June 2

The double ring ceremony will take place at the First Methodist church, Friday evening, June 2 at 6 o'clock, following which a reception will be held at the Hopping home.

### Torquoise and Silver Featured

The colors of the Ko Shari Sorority of Tech College, of which the bride-elect is a member, and which are torquoise and silver, were featured throughout the party.

The bride's table was laid in white linen cloth. A large torquoise heart, pierced by a silver arrow, surrounded by delicate torquoise carnations, and resting on a silver base, formed a beautiful centerpiece for the table, at either side of which were torquoise tapers in silver holders.

A torquoise satin pennant with silver lettering, arranged across the large mirror over the fireplace, made the announcement "Billye and Bob—June 2nd," and underneath the pennant on the mantel, a silver bowl of torquoise carnations and candles at either side of the same color, completed the unique arrangement.

Silver bowls of torquoise carnations also decorated the entertaining rooms.

### Mrs. Hobbs Pours Tea

Mrs. Earl Hobbs poured and served Russian tea from a silver tea service, and Mrs. Clint Griffin served the dainty heart-shaped sandwiches, little individual torquoise cakes, and assorted nuts.

Approximately 300 women attended the W-W Electric cooking school, held last week-end at the store. Included in the program were cooking, deep freezing, ironing and washing demonstrations. Mrs. Rubin Brock of Star Route was the winner of the Hotpoint electric range that was awarded after the last session Saturday. Mrs. Dennis Heard of Anton won a set of cookingware.

### Two Seniors Will Receive Watches

Two lucky Littlefield High school graduates will receive 21 jewel Bulova watches as gifts from Findley's Jewelry by registering at the store in the near future.

A large clock dial has been set up with 55 spaces for graduating senior girls and 31 spaces for graduating boys. The graduates may select one of the squares to enter their name.

When all the spaces have been filled Mr. Findley will wind an eight-day clock on which the chart and the names have been placed. Watches will be given to the boy and girl whose names are under the hand of the clock when it stops.

Mr. Findley hopes that the students will register as soon as possible in order that the watches may be given away in time for graduation.

### WALTHER LEAGUE VISIT FRIONA

Walther Leaguers found a common interest at Rhea, a Lutheran community northwest of Friona, last Sunday, May 7, in the annual Talent Quest, held for the benefit of the leaguers, who come from the Lutheran Church—Missouri Synod congregations of the Panhandle and South Plains. The Talent Quest got underway through a special youth service in which Rev. Keturaket of Texhoma brought the message based on the thought: "Victory Thru Christ."

During the business session which followed the noon meal matters of interest and importance to the Walther League for this area were discussed and acted upon. Camp week was set for August 7 through August 11 with the work as managers to Rev. Gummelt of Lariat and Littlefield's Lutheran pastor, H. A. Heckmann.

The evening was spent in listening to the participants of the Talent Quest present Bible stories, topic discussions, vocal numbers and piano solos. Induction of new officers concluded the day's activities, which had as its motto: "Victory Through Christ." The next rally will be held in Wilson, Texas, on the afternoon of September 10th.

The family, especially in its prayer life, will be given special attention this coming Sunday, May 14, at Emmanuel church, 417 West Third Street, in its 11 a.m. hour of worship. All families interested will be requested to sit together as they worship together in this Family-centered service. Special music will add beauty to the service and give praise to The Master.

This family devoted service, Pastor Heckmann invited, is there for all who might desire to attend it.

Many of Emmanuel Lutheran's members and friends will be present for the 3 p.m. service in Plainview, as St. Paul's Lutheran's church, 903 Oakland, of that city dedicates its new house of worship to the Triune God.
