### DUGGAN FAVORED FOR CONGRESS IN RECENT SURVEY

#### Unofficial Results Give Duggan Fair Lead In Race

In a pre-election survey made in 25 counties of the new Nineteenth Congressional district by Wm. A. Wilson, special press correspondent at Lamesa, Senator Arthur P. Duggan was favored above the seven other candidates for Congress from that district by a healthy lead.

Though the survey was unofficial and incomplete and has no direct bearing on the final results of the election, it was based on impartial interviews, and may be indicative of the general trend of feeling over the district.

This survey places Duggan first, Mahon second, Mullican third, Pharr fourth, Haile fifth, White sixth, Johnson seventh, and Thompson eighth.

The vote by counties for the leading candidates was:

Bailey County, Duggan 81, Mahon 32, Mullican 21; Lamb County, Duggan 170, Mahon 7, Mullican 15; Hale County, Duggan 187, Mahon 11, Mullican 22; Floyd County, Duggan 144, Mahon 18, Mullican 27.

Cochran County, Duggan 31, Mahon 15, Mullican 16; Hockley County, Duggan 111, Mahon 41, Mullican 21; Lubbock County, Duggan 41, Mahon 22, Mullican 113; Crosby County, Duggan 83, Mahon 67, Mullican 27.

King County, Duggan 17, Mahon 6, Mullican 21; Dickens County, Duggan 41, Mahon 26, Mullican 11; Kent County, Duggan 39, Mahon 27, Mullican 17; Stonewall County, Duggan 76, Mahon 74, Mullican 41; Haskell County, Duggan 97, Mahon 93, Mullican 32.

Yoakum County, Duggan 20, Mahon 6, Mullican 19; Terry County, Duggan 77, Mahon 74, Mullican 21; Lynn County, Duggan 31, Mahon 9, Mullican 83; Garza County, Duggan 51, Mahon 59, Mullican 37; Gaines County, Duggan 17, Mahon 13, Mullican 43; Dawson County, Duggan 77, Mahon 63, Mullican 31.

Borden County, Duggan 17, Mahon 13, Mullican 11; Scurry County, Duggan 79, Mahon 81, Mullican 33; Andrews County, Duggan 7, Mahon 7, Mullican 6; Martin County, Duggan 37, Mahon 43, Mullican 10; Howard County, Duggan 74, Mahon 86, Mullican 50; Mitchell County, Duggan 14, Mahon 171, Mullican 7.

Duggan lead in 14 of the 25 counties; Mahon lead in 5; and Mullican leads in 4.

Duggan received a total vote of 1619; Mahon 1064; and Mullican 735.

The same survey shows that Pharr received a total of 345 votes; White 174; Johnson 95; Thompson 23; and Haile 177.

### July Rainfall Totals 72-100ths For This City

The total rainfall for Littlefield during July was 72-100 inches, as follows:

- July 18 — 17-100ths.
- July 21 — 50-100ths.
- July 23 — 5-100ths.

### VOTING IS SET FOR AUGUST 29 ON WATER PROJECT

#### Must Issue \$39,000 Revenue Bonds to Meet Federal Appropriation

An order calling an election for August 29 to decide the issuance of \$39,000 of revenue bonds to meet the requirements of the Federal appropriation of \$48,000 for a new water system for Littlefield was issued by the city commission Wednesday.

Several weeks ago word was received that the city's application for a PWA loan to finance a water plant had been approved, but an election order was delayed until the proper papers had been drawn up and approved.

**Water Shortage Faced**  
At present the city faces a water shortage, as the four small wells now in use are not sufficient to insure a steady flow for emergencies. The wells have a total capacity of 200,000 to 250,000 gallons daily.

The reserve supply is only 185,000 gallons or less than one day's supply. W. G. Street, city secretary stated.

The standpipe has a capacity of 75,000 gallons and a concrete reservoir holds 110,000 gallons. Lately it has been necessary to cut off the water in the city mains in order to build up a supply for day use.

Plans for the city are to either buy or drill wells a mile to a mile and a half north of town. There are several deep wells there, 150 feet deep and drilled about 15 or 16 years ago as irrigation projects that are capable of furnishing abundant water. The new wells are to have an output of some 1000 gallons per minute instead of the present 150 or less.

**Classed As Revenue Bonds**  
The bonds mentioned in the election are revenue bonds and are to be met over a period of 40 years from the revenue accruing from the sale of water. They do not raise the tax rate of the property owners.

The election will be held at the city hall with J. O. Garlington presiding judge, W. J. Aldridge judge, and Mrs. Ruby Blair and Mrs. L. W. Jordan clerks as named in the election order by the city commission.

### Voting To Be In Methodist Church From 8 Until 7

Voting in the Democratic primary Saturday July 28, for the Littlefield election precinct will be held in the basement of the Methodist Church from 8 o'clock in the morning until 7 o'clock in the afternoon, C. O. Stone, election judge, has announced.

### Sale of Beer During Election is Illegal

Editor, Lamb County Leader Littlefield, Texas  
DEAR SIR:

I enclose a copy of the statute with reference to sale of beer on election day which you might desire to run in this week's issue:

"(d) It shall be unlawful for any person in all counties or subdivisions thereof wherein the sale of beer as defined by this Act is authorized to be sold, to sell beer on the day of any general primary election or general election held in this State, between the hours of seven o'clock A. M. and eight P. M. on the day."

Very truly yours,  
HERBERT C. MARTIN

### ANNIVERSARY CELEBRATION WAS SUCCESS

#### More Than 15,000 Fed At Barbecue Saturday Others Attended

With the largest crowds in her recent history, thronging the decorated streets and two parks where celebrations were in progress, Littlefield Friday and Saturday observed her Tenth Anniversary celebration.

Just ten years ago, Littlefield, then with a population of 225, was incorporated. The phenomenal agricultural development centering about this city during the past decade has seen Littlefield grow to a population of approximately 3,200. In honor of this development, the citizens of Littlefield invited their friends and neighbors to a two-day birthday party.

Senator Arthur P. Duggan, resident since pioneer days, greeted the visitors Friday morning before leaving for other cities where he was scheduled for addresses in behalf of his race for Congress from the Nineteenth district.

Mrs. Edgar E. Witt, wife of the Lieutenant Governor, was one of the visitors Friday. She spoke in behalf of the candidacy of her husband for Governor.

Two of Mr. Duggan's rivals, Fred Haile of Spur and J. A. (Swede) Johnson of Dawson County spoke during the afternoon at a tabernacle where district and county candidates were heard.

Weldon Bailey, brother of Joseph Bailey, Jr., spoke for his brother's candidacy for U. S. Senator. Mr. James Allred had a representative present and so did McDonald, candidate for Commissioner of Agriculture.

### Accept Applications For Farm Allotments And Exemption Tags

Applications for farm allotment and exemption certificates were accepted by the local Littlefield committee headed by R. N. Carpenter Wednesday and will continue to be accepted until Saturday night, Aug. 4, Mr. Carpenter said.

No tags were issued, but merely the application made for same to be sent to the State Board for equalization. The Board will then return tags to the county agent for distribution. Though no definite date is set for return, it is expected that they will be in the hands of the producer by Sept. 15.

### PHARR SPEAKS HERE

Judge Homer L. Pharr of 72nd district court and a candidate for United States representative from the 19th

congressional district spoke on the streets of Littlefield Wednesday afternoon, outlining his platform and asking for support in Saturday's election.

### Campaigning Draws To an End as Election Day Swings Around

Intensive campaigning and last minute appeals are being made this week by candidates seeking public offices, for Saturday will see the end of the race for many.

Many observers and political commentators say that this has been one of the quietest election years in a long time, but giving no particular reasons why it should be. But regardless of the tempo, the number of candidates seems to have stood up admirably.

Voting in Littlefield will be held in the basement of the Methodist church from 8 o'clock in the morning until 7 in the afternoon, and an election returns board will be erected on the streets Saturday night to make public the results of all the races as they come in.

Lamb County has 3977 paid poll taxes this year, H. C. Arnold, assistant to the Texas Election Board stated. With the exemptions for disabili-

ty, age, etc., the vote will be considerably over 4,000 if every one entitled to vote goes to the polls Saturday, he said.

The election judges for the 15 election precincts in the county with the number of poll taxes paid for that box are:

Olton, precinct 1, 711, W. R. Cavett; Springlake, precinct 2, 301, N. F. Clevenger; East Littlefield precinct 3, 262, F. M. Brewer; Littlefield, precinct 4, 1107, C. O. Stone; South Sudan precinct 5, 321, T. A. Nelson.

Pleasant Valley, precinct 6, 20; Lewis Heusinger; North Sudan, precinct 7, 279, W. W. Carpenter; Anherst, precinct 8, 479, W. B. McCleary; Fieldton precinct 9, 119, C. G. Hukel; Sod House, precinct 10, 6-5, Mat Nix; South Olton, precinct 11, 27, A. F. Seivally; Bainer, precinct 12, 149, Roy Byers; Pep precinct 13, 29, J. H. Powell; Hart Camp precinct 14, 73, W. P. The place to spend your money is where you make it. By doing so, you receive a double benefit, for your neighbor is also helped.

Large stocks of reliable merchandise are carried by your home town merchants. In fact, there are very few needs that cannot be supplied by them. Many of the local merchants carry stocks that compare very favorably with the stores in big towns.

And the local merchant deserves your first consideration. He is a part of your town and shares in its profits or losses. He is trying to meet your wants and does his share in making a good town better. The success of the merchants means the success of the town.

## TENTH ANNIVERSARY CELEBRATION

The spirit of cooperation manifested by the citizens of Littlefield in making the Tenth Anniversary Celebration a success is commendable. It marks a union of interest for a common good which is necessary for the growth and development of a town.

The idea of a birthday picnic was received with enthusiasm by a great majority of the people. And when committees were appointed at a general meeting to care for the specific needs of such a large enterprise, the appointees responded readily to their tasks.

Decoration of the streets to add a festive note was made possible by the merchants who subscribed to the decorative fund. Supplies and labor were given or loaned by many of the citizens to construct the necessary equipment on the picnic grounds. Contributions of money also were made.

And as a result, Littlefield was able to hold the largest and most successful picnic in her history.

Mrs. G. W. Falls entertained with a birthday party at her home Saturday, July 8, complimenting her parents, Mr. and Mrs. G. W. Biggle of Floydada, whose birthdays fell only a couple of days apart.

## Tarwater Given Praise By Former House Member

Praise of Rep. A. B. Tarwater, Plainview representative to the Texas legislature, was addressed to 120th District voters Saturday in a letter from Eugene V. Giles, formerly a member of the House of Representatives from Austin, Travis County.

In lauding Tarwater's record, Giles pointed out his close association with the Plainview man as they served during the 41st and 42nd Legislatures, 1929-1933. "As a new member," Giles writes, "Tarwater soon rose to leadership on several important committees and gained influence among the members of both Houses that places him in a position of ranking leadership in the Legislature."

Tarwater is credited with securing the amendment that gives Texas farmers the benefit of taxfree gasoline for farm use. It has saved millions to Texas farmers already and will save more in the future, Giles said.

The former Travis County legislature added the following: "He has secured the passage of numerous other important bills, amendments and resolutions, proving him to be one of the most valuable men ever sent to the State Legislature from the Panhandle section of Texas. With his experience, he is in a position to render a wider range of efficient service in the future."

"The writer is not a politician and has no selfish axe to grind, has lived on a farm in Travis county almost in the shadow cast from the dome of the state capitol, has had every opportunity to know 'who's who' and sometimes why among the members of the legislature. For this reason he considers it not only a pleasure, but a distinct privilege to endorse without reservation the candidacy of Arthur B. Tarwater for re-election." Eugene V. Giles, former representative, District 82, Travis County. (Adv. paid for by friends of Mr. Tarwater).

## BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER  
 NEA Service Staff Correspondent

WASHINGTON—It looks as if the professors, after all, may be the ones who will pull NRA out of the mud.

Without any announcement whatever, they suddenly have appeared in important spots in the recovery administration set-up after the manner which General Johnson tried to disguise his contentions, economists and academic experts of the type which is so influential in most other New Deal agencies.

It may be too early to suggest that Johnson has capitulated. But he indicates increasing interest in talking to men who can best tell him how to make the NRA work.

Economists over the country will perk up their ears when they hear that Dr. Walton Hale Hamilton is temporarily chairman of NRA's new nine-man advisory council and that Dr. Willard L. Thorp is serving unofficially as the council's executive secretary.

These two outstanding authorities on business stepped quietly into the picture after being summoned to service by the Consumers' Advisory Board, which, like the Industrial and Labor advisory boards, has three men on the new council.

Hamilton is professor of law at Yale and a top-rank economist, of whom most other economists speak with reverence and affection. He is second only to Prof. Felix Frankfurter as an intellectual podfather and teacher of brain trusters—including Winfield S. Riefler, the president's interpreting economist, Dr. Dexter M. Keezer, director of CAB; and Thorp, whose confirmation as chief of the Bureau of Foreign

and Domestic Commerce was feated by politicians, but who is slated for a big job with the National Emergency Council.

The Hamilton group seems less radical than the Frankfurter group, possibly somewhat more realistic. It includes several government lawyers.

ANNA ROOSEVELT DALL, now in Nevada for a divorce, contributed plenty to the local gaiety. Last time I saw her was in the Mayflower cocktail lounge and she was wearing brown shoes with red heels. Some guests appeared as the corset and brassiere and women's underwear codes—but they were men.

# I AM NOT ASKING FOR RE-ELECTION . . . .

# I AM SEEKING A PROMOTION IN SERVICE TO OUR COUNTY

Under the New Laws of our State, the offices of Tax Assessor and Tax Collector have been abolished and a New Office created — that of Assessor and Collector of Taxes.

Therefore, in asking your support at the polls Saturday, July 28, for election to the New Office of Assessor and Collector of Taxes, I am not seeking election, but rather I am asking a promotion in the service of our county.

My four years of experience as your Tax Assessor has given me the knowledge and experience necessary, I believe, to carry out successfully the duties of the office which I seek.

The fact that a New Office has been created is established in a written opinion of the Attorney General's Department.

Excerpts from the opinion of the Attorney General's Department are herewith:

"The amendments in question have the effect of creating a new office which are merged the offices of Tax Assessor and Tax Collector."

"The effect of these amendments taken together was to abolish the office of tax assessor and tax collector, and to create a new office, to wit, that of assessor and collector of taxes."

"For reasons herein pointed out and in view of the fact that the effect of the amendment under consideration was to create a new office and to abolish two existing offices—"

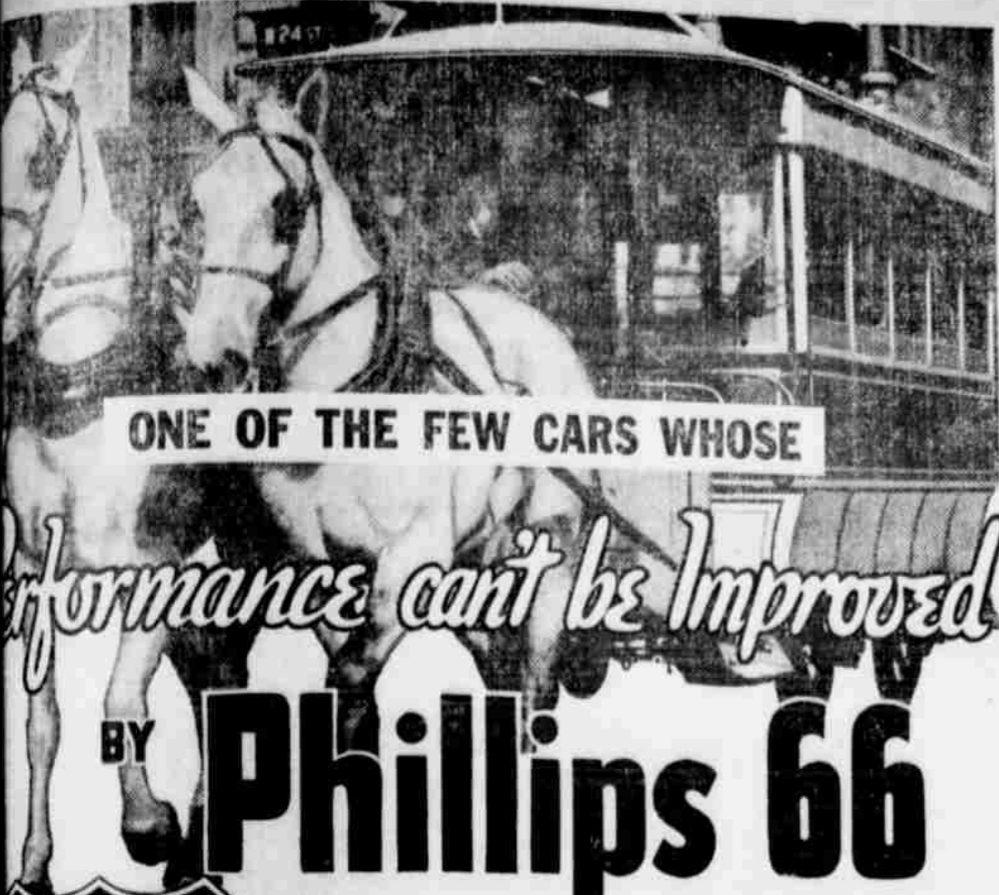

Folks, in view of the above stated facts, that there is now a New Office in this county, one which has never existed in any county in the state of Texas before, I do not consider that I am asking for a third term of office, but I am asking for promotion to a bigger and better office than that held by me in the past two terms.

I have tried at all times to serve the people of Lamb County in a Fair, Courteous and Efficient manner. If I have performed the duties of my office according to your expectations, then I ask you for your vote and support for my promotion as Assessor and Collector of Taxes, and assure you that I will fully discharge the duties of that office in an Efficient, Courteous and Economical manner.

C. W. (Jack) SMILEY PROMISES— IMPARTIALITY EFFICIENCY AND MY BEST EFFORTS TOWARD LAW ENFORCEMENT IF ELECTED TO THE OFFICE OF Sheriff of Lamb County

He Has A Long and Creditable Record of Service In Behalf of Lamb County and West Texas

SENATOR ARTHUR P. DUGGAN

Candidate for Congress, 19th Congressional District

In asking your support of his candidacy for Congress, Senator Arthur P. Duggan presents for your consideration his record of service, and asks that you let merit determine your action.

Mr. Duggan is a West Texan. He was born and reared in this section, and has the interests of the people of West Texas at heart. Always he has been active in securing better conditions and fairer deals for the citizens of this section.

While active in all matters in the best interest of this territory, Senator Duggan has been particularly active and interested in educational matters, and in doing those things which are in the best interests of the homes of this section. He served for 18 years as president of the Littlefield School Board.

Mr. Duggan arranged the first refinancing of the Littlefield school bonds, which was affected while he was president of the Board.

Senator Duggan appeared before the State Board of Education at their Lubbock meeting, at the request of J. W. James, who succeeded him as president of the board, and represented the school board in the second refinancing of school bonds.

Aid For Schools

Examples of Mr. Duggan's active interest in school matters are the sponsoring in the Senate of an emergency appropriation for schools, and the rewriting of the Rural Aid Law, which resulted in increased aid for the schools of this section.

Early in 1933 the schools all over the State were in a desperate financial condition. One of his first acts as a member of the Senate Finance Committee was to sponsor Senate Bill No. 242 making an emergency appropriation to the schools of \$1,620,041. Of that amount \$131,536 came to the schools in the 30th Senatorial District, the schools of Lamb County receiving \$17,713, and additional saving to the taxpayers.

Page 37, Bulletin No. 314, State Department of Education, 1933, shows that the total State Aid granted Lamb County was \$12,871, not including the per capita.

For 1934, under the Rural Aid Law passed by the 43rd Legislature, for which Senator Duggan worked diligently, the schools of Lamb County have been granted \$39,400, exclusive of the per capita. Other West Texas counties have fared similarly. This big increase of \$26,529, a saving to taxpayers of Lamb County of that amount, was made possible because this district had a Senator on the job personally interested and working.

Higher Farm Land Appraisals

An example of Mr. Duggan's interest in the homes of this section is contained in his efforts to obtain higher land appraisals on the farms of this section.

A year ago practically all applications for Federal Land Bank Loans were being turned down. In July, 1933, Senator Duggan went to Washington, D. C., and asked the head officials of The Federal Land Bank for better appraisals and "normal values" for our West Texas lands. Approximately 728 loans have been made by the Local Farm Loan Association since June 1, 1933, amounting to about \$1,654,750. Not only have the farmers been able to refinance their land loans, but delinquent taxes have been paid, helping the State, Counties, and Schools.

Through the obtaining of higher land appraisals, one third of the farms of this section have been saved. Federal farm loans granted as a result of the higher land appraisals also are, in large measure responsible for the improved financial condition of the Littlefield schools, as delinquent taxes were paid.

These, and many more examples, establish the fact that Mr. Duggan is a man who is on the job for the people, a man who understands the needs of this section, and a man who is willing to work zealously in the interests of this section.

Senator Duggan asks your vote and influence solely on his record of service.

Senator Duggan understands and knows the needs of Lamb County and West Texas. It is to the advantage of this section to send him to Congress.

Vote for your County and West Texas next Saturday. Send Senator Duggan to Congress.

### School Faculty Drubs Businessmen To Tune of 17-5

business men had as their opponents the School Club last Tuesday afternoon and found them difficult to handle. C. O. Stone has been doing with his boys quite hard of to uncover a winning combination with his present lineup. They off to a fair start and held the visitors well until the later innings in his fielders kicked easy chances after time giving the School numerous unearned scores. The Faculty forces did not play to their usual form by any means, but with the business men faulting at critical stages gave them an victory. The game as a whole dragged and not taken as seriously as to insure a snappy performance of the kind of play the fans like. With two new teams entered all teams more eager to get in will insure better play as the progresses.

### Cubs Trim Pirates In Unofficial Title

The junior soft ball league is continuing its playing, raising much interest among the young ball fans. The cubs beat the Pirates in a game Thursday, but since each team had two girls as players, the victory is not official and will not count in the league standing. The pirates still have a standing of 300; the Cubs 333; and Aces 200. The future schedule of the juniors is for a game each Tuesday, Wednesday, and Thursday afternoon.

### Softballers Beat Abernathy 11-1 In Game Friday

Friday afternoon following the baseball game, a local team assembled by Art Mueller crossed war clubs with the fast Abernathy softball aggregation. Both clubs sailed off on even terms for the first three innings, when the home gang got started and registered numerous hits and scores at the expense of the fast ball artist who did the chunking for the visitors. Not until the final inning did the Tuco team come near to scoring and then only to register a single marker and save themselves from a shutout. An error in center field accounted for the lone counter after two bingles landed in safety territory with two men out.

The game was played in good time and the visitors showed class in the field though the scores indicated some healthy hitting on the part of the locals. Art Mueller and Bob Cox formed the battery for the home club while Leonard Wright and his mate handled the battery work for the invaders.

### Oilers Open Second Half With Win Over the Firemen 8-7

The Firemen Monday afternoon taking things easy and playing rather non-chalant ball with the much improved Oilers to inaugurate the opening of the second half of the Littlefield softball season. found their competition quite keen in the final rounds to lose in the extra inning it took to decide the contest.

Baize and Aldridge were the opposing moundmen with Baize and his mates having a slight edge with their extra hustle that is essential to win ball games. Bob Cox, commander in Chief of the Firemen was the swatting demon of the contest. He hit a will, including two home runs and two singles for a perfect day with his hefty bat. The hitting was well distributed among the entire Oiler lineup and they came from behind when hits meant scores.

### Irvin Returns two Men to Littlefield Charged With Theft

Sheriff Len Irvin and son Billy went to Wichita Falls Sunday and brought back two men, Brown and Stalcup, wanted for the alleged theft of an automobile.

These men are charged with the stealing of a 1933 Chevrolet sedan from the Hewitt Chevrolet garage some time ago. The car was recovered at Chickasha, Okla., a short time ago.

Both men are in the Littlefield jail, awaiting a hearing in August.

### Smash Records in Fair Meet

Three new swimming champions were crowned on the opening day of the National A. A. U. men's outdoor title swimming meet in the World's Fair Lagoon, Chicago. Here they are, with John Higgins, at the top, Jack Medica, lower left, and Art Highland, lower right. Higgins, aged 18, Olneyville Boys' club of Providence R. I., captured the 220 yards breaststroke in 2:55, annexing the title formerly held by Walter Spence, of the New York A. C., and setting a new American record for the distance. Spence's old figure was 2:55 1-5. Medica, in winning the one mile, free style, in 20:57.8, shattered the former

world's mark of 21:06.8 held by Arne Borg, of Sweden. He also compiled a new American record of 4:50.9 for the 440 yards free style, breaking the old figure of 4:52 made by Johnny Weismueller. Medica annexed the \$80 yards, free style, in 10:16.1—a mite shy of his own American mark. He thus personally accounted for 15 points. In winning the mile grind Jack beat Ralph Flanagan, of Miami former American champion, by 100 meters. Art Highland, the new 100 meters free style champion, captured his event in 1:01.6. He represents the Lake Shore A. C., of Chicago. A marathon swim is scheduled for July 22.

### Arrest Made For Forgery Tuesday

A man giving his name as Harry Swain and his address as Hockley county was arrested Tuesday morning by J. L. Walraven, deputy sheriff and placed in the Littlefield jail, charged with forging two checks Saturday July 14, one to Renfro Bros. for \$12 and one to Dinty Moore for \$1.50.

His bond was set at \$500 in each charge by B. L. Cogsdill, examining magistrate. Later in the day Swain made bond and was released, pending the meeting of the grand jury in August.

### Dizzy Job

Washing the windows of the Sky Ride towers, 600 feet above the Chicago World's Fair, is a job so ticklish that not even the professionals applied for it, but Joe Hrab, shown here, was one of the two who finally tackled it. He doesn't seem to mind the dizzy height.

### West Plains Workers' Meet With Janes Church Monday Last

The workers meeting of the West Plains Baptist Association held its regular monthly meeting with the Janes Baptist church twelve miles west of Littlefield. This meeting was the largest in attendance in the history of the Association. The church has just completed one of the best Rural church buildings in west Texas with a large Auditorium and three Sunday school rooms just back of the Choir platform. The building is of wood with a composition ceiling and inner walls, the seating capacity is around three hundred. However, in this meeting every inch of space was used and many stood on the out side during the afternoon services. Their pastor is Rev. J. P. Jordan, who was a student in Wayland College the past year.

Following repeal, public schools of Springfield, Mo., instituted a comprehensive course in temperance as part of the curriculum.

### Firemen Shut Out Legion With Score of 10-0 Thursday

Last Thursday afternoon the Firemen accepted the challenge to meet the Legion Club to decide who is to be considered second place holders for the first half. With these two clubs as per the regular schedule winding up with both teams in a deadlock made the way open for the extra contest.

With Potter doing the hurling for the Legionaires and Guy Aldridge, newly assigned chunker for the Firemen's club doing the job for his cohorts in fine style.

The Legion crew put on an exhibition of coughing up all the bad deeds and plays afield and gave Potter very ragged support and hence spoiled what could have been a contest worth writing about.

A total of ten hits were collected by the firefighters as compared to the bingles annexed for the Legion during the seven frames.

### MULLICAN SPEAKS

Judge Clark Mullican of Lubbock candidate for Congress from the new Nineteenth Congressional district spoke to the citizens of Littlefield by means of a loudspeaker on the street Tuesday afternoon, outlining his platform and asking the support of the voters Saturday.

### ALL STARS COP SOFTBALL TITLE FOR FIRST HALF

The All-Stars made good their threat to cop the title for the first half of the soft ball league last week when they nosed out the business men, finishing the half with a standing of .700. They played ten games, winning 7 and losing 3.

The lineup for the season was: Davenport and Lowe, captains. Davenport was regular pitcher and Lowe was center field. Walters, third base; Yantis, left short; Thornton, second base; Armstrong, first base; Davis, right short;

Golightly, left field; Lambert, right field; Graham, sub. pitcher; Wilson, catcher; Dobbins, sub. pitcher.

With but few changes, the boys go into the second half, making a bid for the pennant again.

Other teams who were close to the All Stars in final standing are increasing their efforts and in some cases re-vamping lineups to see that the banner is passed on for the last semester.

### Softball at Night Will Begin Monday With Lighted Field

Ball games at night will soon be possible with the completion of the lighting system now being installed on the soft ball grounds here.

Twelve 1,000 watt globes inclosed in elliptical reflectors and mounted on poles will surround the field and give sufficient light for soft ball, though it is not expected that the set up will be practical for regular baseball.

It is expected that the field will be ready for the first game Monday night.

County Judge, King County, Guthrie, Texas

JULY 14, 1934

Hon. Simon D. Hay, Olton, Texas.

Dear Judge Hay:

I have a friend, C. W. Smiley, running for sheriff in your county, I have no voice in the selection of your county officials and don't mean anything more than to say voluntarily, without his knowledge or request that I have known him a number of years to be a gentleman of sterling worth and a high class citizen.

He served this county six years, 1923-1928 as sheriff and tax collector to the great satisfaction of our citizens.

He is wide awake to the peoples' best interest, intelligent, progressive, and stands four-square for law and order.

Very Respectfully,

Your Friend,

## Candidate For COMMISSIONER Precinct No. 4

If I am returned to office as commissioner of Precinct No. 4, I will continue to be as active in serving my precinct and county as I have been in the past.

I feel that there is much to be accomplished in the interests of our precinct, particularly in the matter of projects which will give employment. There is no matter of greater importance to our county than keeping our citizens employed.

I have been active in all steps in the interests of aid for the needy and employment for our people. And I feel that such experience is important in doing those things which must be carried out in the future.

I sincerely urge your vote and influence in the coming election.

### Cotton Benefits to Be Repaid by The Tax on Cotton Goods

One interesting feature of the Cotton Benefits Payments is the fact that it is not costing the U. S. Government any money as the processing tax placed on cotton goods when milled has more than paid all benefits made to cotton farmers. Every person in the U. S. who uses cotton in any form helps pay this tax. About 10 per cent of the population of the U. S. are cotton farmers, therefore, the other 90 per cent must help pay our cotton benefits. It is estimated the average American uses about 25 pounds of cotton each, per year. With the processing tax at about 4c per pound, we would pay about \$1.00 each as tax upon the cotton goods we use. Even though the cotton crops are a complete failure this year on account of the drought farmers will receive their rental payments and parity payments. And last, is our tax-exempt certificates. In case the cotton crop is a failure or for any reason we do not use all the tax free exemption allotted us, the farmer can sell these certificates to someone who has made

more cotton than he has certificates. Based upon the present price of cotton, these certificates are worth from \$25.00 to \$28.00 per bale now! The value of these certificates will be determined by the price of cotton. The Government is now considering placing a minimum price on these certificates, so that a farmer will be guaranteed a fair price for his allotted certificates in case he does not make enough cotton to use them all. These certificates will be issued to all who apply, and can qualify, whether he is a contract signer or not. But only the contract signers will receive any rental or parity payments.

# Federal Designated Highway Through Littlefield Is Seen For Near Future

A Federal Designated highway through Littlefield from Dallas to Los Angeles is very probable by fall, following the efforts of the Dallas Chamber of Commerce and the work of the other chambers of commerce of the towns along the route. The Littlefield group has given their aid, both personal and financial, to the advertising of the route and the preparation of a brief for consideration by the Federal Bureau of Roads which will meet later in the year to designate new roads.

To have a road designated as a Federal highway does not mean necessarily that it is to receive Federal aid for maintenance, but that such a road shall have a Federal marker extending from one end to the other with the same number, regardless of varying state designations, for the benefit of travelers who are going long distances.

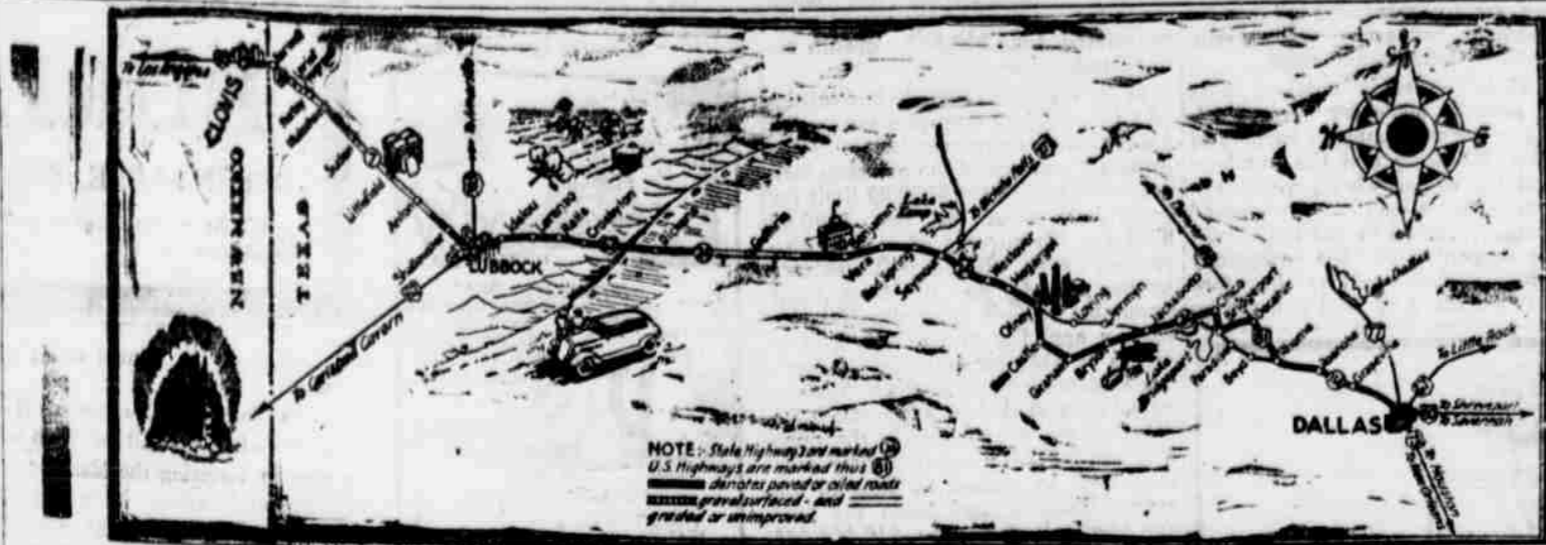

The purpose of designating a Federal highway through Littlefield would create a new and better route from the East to the West. At present there are two routes. The Bankhead going through Big Spring and El Paso is known as the southern way. The traffic count per day on out of state cars over a yearly average along this road is 1003.

The northern route goes from Wichita Falls through Amarillo and Denver. The traffic count on this highway is 684 out of state cars per day.

The traffic count over the route through Littlefield at present is 64. By advertising the route and by having it designated by Federal markers, the chambers of commerce of the towns along the route state that within two years, the traffic count on it can be brought above that of either of the other two routes.

Of the two highways now in use the southern is the shorter and is generally used by persons who are in a hurry. The northern is the more scenic and is traveled chiefly by tourists seeking scenery.

The new route through Littlefield is 208 miles shorter than the southern route and more than 300 miles shorter than the northern. And besides passing through the choice agricultural section of Texas, it goes the most scenic part of New Mexico. It misses the deserts of the south and the difficult mountains of the north.

Thus, the new highway would add speed and scenery to western travel, appealing to both the tourist and the business man.

About 300,000 sheets containing a map of the route with a description of the towns along the way have been printed and are being distributed in big cities in the east and west and in towns en route. The purpose is to divert traffic as quickly as possible to this new highway. The increased traffic count will be included in the brief presented to the Federal Bureau in the fall.

It is suggested by many who have investigated the situation that such a highway with its increasing stream of tourists will mean a substantial business gain for Littlefield.

## Notice Of Water System Revenue Bond Election

THE STATE OF TEXAS  
COUNTY OF LAMB  
CITY OF LITTLEFIELD

To The Resident, Qualified, Property Taxpaying Voters of The City of Littlefield, Texas:

Take notice that an election will be held in the City of Littlefield, Texas, on the 29th day of August, 1934, on the proposition and at the place more particularly set forth in the election order adopted by the City

Commission on the 26th day of July 1934, which is as follows:

### "RESOLUTION AND ORDER"

By the City Commission of the City of Littlefield, Texas, calling an election on the question of the issuance of Thirty-Nine Thousand (\$39,000) Dollars Revenue Bonds for the purpose of making certain repairs, extensions and improvements to the Water System of said City.

WHEREAS, there is necessity for making certain repairs, extensions and improvements to the water system of the City of Littlefield, Texas; and

WHEREAS, it is considered to be to the best interest of the City and its citizens that such repairs, extensions and improvements be financed by the issuance of revenue bonds, payable solely from and secured by an exclusive first lien on and pledge of the revenues of the water system of said City, after deduction of reasonable operation and maintenance expenses, all in accordance with the provisions of Articles 1111 - 1118, both inclusive, of the 1925 Revised Civil Statutes of Texas, as amended, and in no wise supported by an ad valorem or other tax on property in the City; and

WHEREAS, the City Commission deems it necessary and proper that the question of the issuance of such revenue bonds be submitted to the qualified electors of said City,

THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COMMISSION OF THE CITY OF LITTLEFIELD, TEXAS:

1. That an election be held on the 29th day of August, 1934, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Littlefield, Texas, be authorized to issue Thirty-nine Thousand (\$39,000) Dollars revenue bonds of said City, maturing serially over a period of years not to exceed forty (40), bearing interest at the rate of four (4) per cent per annum per annum, payable semi-annually, for the purpose of financing certain repairs, extensions and improvements to the water system of said City; and to provide for the payment of principal of and interest on said bonds by pledging the net revenues from the operation of said water system."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed managers thereof, to wit:

J. O. Garlington, Presiding Judge.  
W. J. Aldridge, Judge.  
Mrs. Ruby Blair, Clerk.  
Mrs. L. W. Jordon, Clerk.

3. That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

All voters who favor the proposition to issue the said bonds shall have written or printed on their ballots the following words:

"FOR THE ISSUANCE OF WATER SYSTEM REVENUE BONDS."

And those opposed to the proposition to issue the said bonds shall have written or printed on their ballots the words:

## "AGAINST THE ISSUANCE OF WATER SYSTEM REVENUE BONDS."

## You Can Keep Your Eye Teeth When You Trade With Manley

A car is a fine thing as long as it is running good, but when something goes wrong and it bucks and snorts and stops, it can cause more cursing per cubic minute than any other single piece of machinery in common use. And especially if the owner is in a hurry to get some place.

And if you take it to a garage for a repair job and they send you a ticket that almost takes your eye teeth, you begin all over again.

Next time your car needs attention, take it to the Manley Motor Repair Shop and let the boys there do a guaranteed job that puts the old bus back in fine order. And you can keep your eye teeth when you see the bill, too. Drive by and talk to them about your next job.

When the old boat goes haywire and acts as foolish as a flapper at her first party, it's serious business. Hardly anything is as aggravating as a car that doesn't run right. When it goes wrong, everything is thrown out of line. Especially if you are in a hurry.

But sometimes there may not be much the matter with the old can. Skilled mechanics like Albert Touchon and Jim Davenport and Slim Sellers at the LFD Garage can tell pretty quick what the trouble is and then they know just how to put it right. Their modern equipment and long experience in curing motor ills make them a pretty safe bet when something goes wrong. Bring your car by their shop and let them tune it up. They also wash and grease cars and store by the day or week.

## "A Message To All The Boys Who Aspire To Be An Athlete"

An article published in the current issue of the Liberty magazine on Glenn Cunningham of Kansas, the man who has run the fastest mile ever turned by a human being. Cunningham was seriously handicapped when a boy of seven, by being severely burned on the legs, but it was a case where Glenn had made up his mind to achieve the success that has followed his long hard struggle to become a great track man.

Johnny "Tarzen" Weismueller was a puny child who the doctors practically gave up for lost. Johnny took swimming to gain his health again. The result you know, the worlds record he made and used to break almost every time he entered a meet. It is said that Johnny would practice for hours on the right way to turn in a pool to cut his time in an event.

These boys have shown by clean living, consistent effort in the right direction, that physical handicaps were not able to stop them from being champions. Play hard, play clean, play to win and if your desire is strong enough you will achieve the goal you have set. Life is just a game and if you play hard and clean you will be a winner, and winning does not necessarily mean that you may be wealthy or famous, but far more valued may be the respect of those around you and to have achieved something that others could not attain.

It Doesn't Take an Inspector To Tell They Look Better

Most people when they think of dry cleaning and pressing call 201, the telephone number of the Maddox Tailor Shop. Why do they do this? Because they know that courtesy, service and quality work is the paramount issue with Maddox. The boss says "when we crease the trousers, the crease is there to stay". Fine dresses come back looking like they had just been purchased at the store. All the clothes are returned in an odorless condition and you would never know that they had been to the cleaners if it wasn't the fact that they look so new. Freshly pressed and cleaned clothes give you that added zip and pep, for you know that you are ready to stand the critical inspection of even your best girl. Your business associates and friends respect you more and after all there's not much more in life.

**Crop Loans Are Now Being Placed**

Farmers seeking emergency crop loans for general purposes may now place their applications for such loans with county loan committees which functioned during the spring of 1934 in all of the drouth stricken counties of Texas, New Mexico, and Arizona. Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office of the Farm Credit Administration at Dallas announced today. Crop loans were discontinued May 31 but the period for receiving applications has been reopened in response to demands from drouth stricken sections of the Southwest region, Mr. Sherrill said. The loan area covers primary and

secondary drouth counties in the three states. The same regulations which governed spring crop loans will apply. Crop loans are limited to \$250.00 to one individual for general purposes and \$400.00 for summer fallowing or for the combined purposes of summer fallowing and the purchase of seed for winter wheat, winter rye or barley. Loans may not exceed certain maximum allowances per acre in connection with grain, truck and miscellaneous crops.

Outside the drouth stricken areas loans may be made for summer fallowing or for the combined purpose of summer fallowing and the purchase of seed for winter wheat, winter rye or barley, but a loan may not exceed the sum of \$250.00 to one individual.

The reopening of the emergency crop loan facilities will not interfere with the making of feed and forage

loans in the emergency areas from the recently appropriated \$525,000,000 fund. The crop loans, including loans for feed for livestock in secondary areas, are being made from the \$40,000,000 fund appropriated in the Act of Congress approved February 23, 1934; whereas the loans for livestock feed and forage production in the emergency areas are being made from a part of the recently appropriated \$525,000,000 drouth relief fund.

If an applicant already has obtained an emergency crop loan during the year 1934, his new crop loan plus the principal amount of the old crop loan must not exceed the \$250.00 limit for general purposes, or the \$400.00 limit for the purpose of summer fallowing. Loans will be made only to applicants who do not have other available sources of credit, and any farmer applying for a crop loan in excess of \$150.00 must submit written evidence from a production credit association that his application for a loan of approximately the same amount has been rejected. The crop loans will be secured by liens on the crops financed, and loans for feed for livestock from the \$40,000,000 fund in secondary areas will be secured by mortgages on the livestock.

Loan committees established in the spring will receive the applications which are given consideration by the committee and Government Field Supervisors and forwarded to the Emergency Feed and Seed Loan Office at Dallas.

Supplies are in the hands of the committees in county seat towns and farmers who cannot obtain credit elsewhere are eligible to apply for aid to plant fall cash crops.

**Re-elect Your Sheriff On His Record And Qualifications**

Because of the duties of his office, Mr. Irvin has not been able to see every voter in the county in his race for re-election as sheriff of Lamb County. But he wants you to know that it was not on oversight nor through neglect, but because he has been on the job day and night enforcing the law which he was elected to uphold. And his record will show that he has enforced the law. He earnestly solicits your vote and influence in the primary Saturday, July 28.

Sheriff Irvin has endeavored at all times to give the citizens of this county a Progressive, Clean, Impartial administration of law without thought of the long hours such a program of law enforcement entails. As a result of this progressive program of the Sheriff's department, this county is as free from crime, petty offenses, and disturbances as it is possible for a county to be. If you return him to office Sheriff Irvin pledges a continuation of Clean, Efficient Law Enforcement.

# The Dollar Bride

by Mary Inlay Taylor

**TENTH INSTALLMENT**  
 Gordon trades herself in with Dr. Richard Morgan for a thousand dollars—to save her from the disgrace of her father's theft of that amount of money. Nancy loves penniless Gordon, and Richard is Helena Haddon, a sophisticated married woman, Kingdon Haddon's husband, sees her, but holds his counsel. At the ceremony, Nancy returns to her parents' home and continues to urge her to divorce Mr. Gordon, to release her from what he considers a disgraceful marriage, sells his house and Major Lomax, who rents the original owner, Helena is of Richard's interest in Nancy she knows nothing of the matter, and tries to make trouble. Page comes to Nancy's home to love to her, Nancy is frantic to love Page but refuses to let her bargain with Richard concerning him.

### Go On With The Story

With a gasp she reached her hand out of his and up, staring at him. She saw no one there. She did not even see Helena Haddon had risen from the table and was coming toward her. She looked only at Roemer. "What have I done?" she gasped, "what have I done that you should think me like a mad woman, too, staggered by her look. "I swear I adore you — I love you!" she cried fiercely, "hush! say such things to me again! I am clinging to the back of her chair. She turned, put out her hand and went toward the long window where the rain was beating. She sprang after her, but she wavered back. "Let me alone—don't come to me," she gasped. "Go and get that woman, Mrs. Haddon, I want her. She's coming. Keep her away from me alone a minute. I—I don't even look at you yet!" she gasped. "Page stood still. He was staring at her. Helena was coming toward him. He turned to face her. He had to cover Nancy's retreat. On earth would this woman stand only a moment on the porch, then she slipped the bolt on the window-door in the half-wooded porch, opened it, and dropped it to the ground below. The rush of the rain was welcome to her as if it might wash away the contamination of Page's thought. She did not care where she went. She turned and was swept along the road, beyond the inn, farther and farther from town. It did not matter. Her clothing was so drenched that it weighed her down, and the rain poured in torrents. At last her mental anguish began to give way to her physical weakness. She could go no farther, and she did not know where she was.

climbed down a muddy bank and looked out through the mist and rain. There was a house—not twenty yards off! She drew a long sigh of relief, gathered herself together, and breathed the storm. It was a mere shanty, a tumbled-down house. But it was shelter from the storm. Dripping and breathless, Nancy knocked at the door. A woman opened it; there was a glimpse of bare interior, a spark of fire dying in the old stove, a close smell of cooking and medicine, and the fretful cry of a sick child. Not a word was spoken. The wind and the rain swept the storm-beaten girl in. The woman slapped the door to, struggling, her shoulders against it, shot the bolt and ran back into the room where the child was moaning. Nancy moved over to the stove and began mechanically wringing the water out of her dripping clothing. After the rush of the wind and the cold driving rain, it was suffocatingly hot in the wretched little room, but gradually her mind cleared. She began to heed the wail of the child and the woman's sob of a prayer. "Please th' Lord, ain't I hed enuff? Don't take him, Lord. I ain't done nothin' ter make ye! she choked sobbing aloud and evidently turned back to the child. "Thar, thar, honey, yo' drink et, yo' ain't goin' ter die—th' Lord ain't goin' ter take yo'—I've been a-talkin' ter him."

Nancy's mind came back sharply. She moved swiftly across the room to the open door and looked in. The storm had darkened the place, and the woman had set a candle in a bottle on a table beside the low cot in the corner. The flare of it fell full on the flushed face of a very sick child. The woman, on her knees by the bed, did not even look up. Nancy went in. "Let me help," she said softly, "you're tired out. You must rest!" The mother's head sagged forward. "Tired? Me? I ain't slep' fo' days—Tony's thet sick, Honey, git well, sit up, honey, yo' ain't real sick now—yo' ma's prayin'—prayin' helps him a sight," she added. The girl took the cup out of her limp fingers and sat down on the edge of the bed. "Tony—is that his name? Tony dear, drink this for us," she coaxed. The child opened his glass eyes and stared at her. His face was hot with fever and there were white rings around his mouth and eyes. Nancy lifted him, pressing the cup to his lips. It was only water and the child tried to drink, but he could not. He struggled, gasping, falling limp on her arm, his little hot fingers holding hers, clinging tight. Nancy gasped. "He can't swallow!" she cried, "where's the doctor?" The woman was crying softly, drawing her sleeve across her eyes. "The doctor ain't come—I sen' for him—but he ain't been here. Yo'all got no money, I—"

A doctor? She must have a doctor! She tore open the front door and faced the drive of the rain. It was like a caress, it cooled her own face again. But it was fearful still! Richard—she must get Richard. At another crisis he loomed up at the very gateway of life. Suddenly, without thought of herself, she knew that he was the man she must reach. She did not matter—Death had come to the door. Richard could fight Death. She must reach Richard. She knew where she was now, almost five miles out of town. Though the gleaming sheet of the rain she could see the fields opposite, the shoulder of a hill, and some low buildings—barns? She remembered with a start it was part of Kingdon Haddon's farm. It was a long way to the barns, but there must be some one there. She could get help! She struggled, breasting the wind with her head down. She was almost half way there when a figure came out of the barn, swung the big door shut and turned to meet her. Through the storm she heard a rich young negro voice. "It was Henry, old Johnny Floyd's boy, sixteen years old and as black as coal, Nancy knew him well. He did chores for Major Lomax, ran errands, carried horses. "Henry!" she called, "Henry!" At first he did not hear her, between his own music and the storm. Then he looked up, saw her, drenched clinging to a fence. "Gee, Miss Nancy!" Nancy caught his arm in both her shaking hands and poured out her story. "We've got to have Dr. Morgan, Henry, and you've got to get him." The boy stared at her helplessly. "Dat's Kinney's kid, I knows him—but, gee, Miss Nancy, it's two miles an' more'n dat, and de telephone's broke clear down—I can't walk no ways—it's awful' muddy—an look at de rain—ugh!" Nancy shook him. "Henry, you've got to go. You'll save a life, won't you? You've got to!" Henry's eyes rolled. "Fo' de Lawd, Miss Nancy, dere ain't no horse but Polestar!" "Get him!" Nancy cried, on fire with zeal, "we need a racer. Polestar can do it in half the time! Can you ride him?" Henry's grin widened ecstatically. "Ise trainin' fo' er jockey—sho, I can ride him!" "Then get him quick!" "Lordy, Miss Nancy, Ise afeard—I reckon de boss 'd skin me alive, yessir."

"Never mind the boss! It's a life, Henry. You know Dr. Richard Morgan? He must come if you can get to him!" "Sho de doctah's come—he ain't skeered ob noffin, he'll come—but Ise skeered. Deed, I can't go, Miss Nancy!" Nancy held out her hand imperatively. "Give me that key!" she snatched it from his hand, "now—you come with me!" "Deed, Miss Nancy!" Henry gasped. "Deed, miss, I can't ride no horse outen dis yere stable, de boss, he'll kill me, he sho will!" "He won't, I'll make it right with him. There's a child dying for a doctor, you hear me? That's all that matters, you've got to go on Polestar!" As she spoke she unlocked the big barn door. The wind swung it open but she held it. In the dim corner she discerned the box-stall of the racer. "Henry! Get Polestar out this minute!" Her sharp tone of command, the flash of power and authority in her eyes awed the boy. He sidled away from her, but he sidled toward the stall. "De boss get my hide!" he said, half whimpering, "deed, Miss Nancy, I can't—I ain't got no orders, I—"

"I give you the order!" She stood outlined against the fury of the storm, her eyes glowing, a flush on her face now. The negro boy stared at her, fascinated. He undid the bar. In a moment the great racer came out, quivering, eager, tossing his splendid head; he strained at the halter in Henry's hand. "Get on him!" Nancy held the door open. "You've got to, I'll make you, it's a child's life—get on that horse!" Henry obeyed. He had to obey. He made a wild snatch at Polestar's

mane, grining, and flung himself as the racer's back. Nancy jumped from Polestar's head and flung the door back. The boy, clinging to Polestar's mane struck his heel in the racer's flank. In an instant the horse shot out past Nancy plunging and furious. Nancy trembled with anxiety. Could the black boy keep his seat? Then—like an arrow from the bow—Polestar shot away into space. Nancy pressed her hands over her eyes. Dripping again, she turned back to the house and heard the woman wailing aloud. Nancy opened the door quickly. The stove fire made the room stifling and she seemed to feel the child's gasps for breath. The mother was walking up and down, rocking herself and crying. "He ain't able ter breathe—he ain't able ter breathe muc' longer—I reckon God's clean forgotten me!" she wailed, "an I ain't got no doctah fer him!" "Yes, you have, one's coming—the best in town," Nancy said softly, taking hold of her and trying to still her. "Don't act so, you'll frighten Tony—the doctor's coming, I've sent for him. We must have towels and hot water ready. Where are your things?" The girl was roused; every nerve in her body tingled. Here was work she could do. Get ready for the doctor; Richard would find it as ready as she could make it.

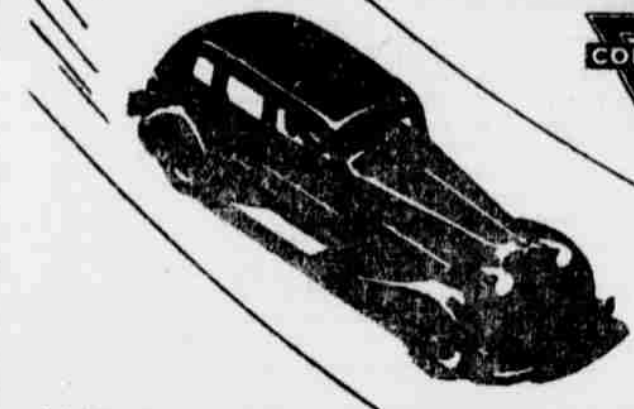

"I ain't got no towels, I ain't ironed 'em, I ain't done nothin' but take care o' him. I—I reckon I do have er clean sheet, I kep' it," she lowered her voice, "I kep' it in—case he died. "Give it to me, please!" she held out her hand, the same power and authority came to her that had frightened Henry. Mrs. Kinney felt it. She stumbled to an old dresser and found a sheet,

clean but ragged at the edges, and a couple of rough-dry towels. Continued Next Week. Citizens of Texas capital city approved President Roosevelt's NRA movements, according to the last issue of the Liberty Digest, in a vote of 537 saying yes, and only 173 saying no.

OUTLINES STATE WIDE PROGRAM FOR SCHOOLS

Supt. A. B. Sanders Represents Local Institutions At Lubbock Meeting

Under the leadership of State Superintendent L. A. Woods there are being held several regional Curriculum conferences over the state of Texas at the present time. Such a conference took place Monday, Tuesday and Wednesday at Texas Tech college, Lubbock. All the school executives and many class room teachers attended this conference.

The purpose of this meeting was to acquaint the school people of this district with a State wide plan to revise the curriculum of our schools. That word curriculum just means they are concerned with this matter of what we teach the youngsters of today. Leaders in education have long recognized that the schools of today are several years too slow in adjusting themselves to the New Deal.

The teachers are all going to be asked to contribute to the formation of this curriculum by giving the best plans of their experience. This will also make the installation easier. The teachers of the Littlefield system, according to Superintendent A. B. Sanders, will cooperate with the State wide program during the coming year.

Collin county farmers will receive \$691,024 from the AAA this year as a result of the crop and livestock reduction programs.

## More Than 100 Ford Dealers Celebrate At World Fair

More than 100 Ford dealers, executives, salesmen, families, and guests from the Dallas Branch territory of the Ford Motor Company celebrated "Dallas Branch Day" on July 12 at Ford Exposition and A Century of Progress, Chicago, as guests of the company, spending two full days at the Fair.

The Dallas Branch territory includes all of Northern Texas and three counties in Oklahoma.

The Southwesterners arrived by special train on the afternoon of July 11 and were met by Ford Courtesy cars which whirled them to the Stevens Hotel, where special entertainment was provided.

On the morning of July 12, the delegates from the Dallas Branch met with representatives of Ford Branches in Cincinnati, Kansas City and Houston, an aggregation totalling nearly 600, at a special breakfast in the Stevens Hotel.

Following the meal, T. J. O'Neil, assistant manager of the Dallas Branch, addressed the meeting and presented his party to the meeting. After this W. C. Cowling, general sales manager of the Ford Motor company spoke, praising the sales leadership of the men and stating that Ford V-8 sales would continue to increase in justification of dealer faith in Henry Ford, "the greatest engineering genius the world has ever known", and "a man whose hopes, ambitions, dreams and courage are so secure that they never have wavered in the thirty years of the Ford Motor Company."

Mr. Cowling described the Ford exposition as "a monument to education housing the life-work of Henry Ford." He paid tribute to the inspiration wives give their husbands to do their best work and promised the dealers a full twelve-month sales period.

## Better Cream Is Objective of State

Seeking better cream, from which may be manufactured better butter for the benefit of consumer, creamery dairyman, the inauguration of a state program to coincide with the National Cream Quality program is announced by J. C. Holton, Commissioner of Agriculture.

For a long time there have been sporadic efforts to improve the quality of cream by encouraging more careful handling all the way from the dairy barn to the consumer's table. Various factors have interfered, but now the American Association Creamery Butter Manufacturers is sponsoring a nation-wide effort that is receiving widespread support.

There are substantial reason for the movement. Freshness is an essential quality of the products of milk, and throughout the country laws and regulations are becoming more and more severe to insure a wholesome purity. Low grade cream, like low grade cotton, is always a drug on the market and cannot be used in preparing a high grade product. Low grade cream means low grade butter low priced butter, and low priced butterfat.

The production of high quality cream is but little more difficult than the production of low grade cream. Clean barns, clean cans and utensils, cooling by some simple and inexpensive method such as the use of a wet sack, delivery as needed to prevent deterioration, will permit farmers to sell quality cream. Sanitation in the cream stations and creameries, immediate transportation, continued cooling, will permit processing plants to manufacture quality butter.

To enlist the cooperation of all concerned, a series of Cream Quality Improvement meetings are being held throughout the state. Better methods of cooling cream and milk on farms and in cream stations are demonstrated, as well as sediment tests for extraneous materials and judging contests in cream grading.

The state campaign is under the leadership of H. N. Bates, chairman, Swift and Co., West Point, L. C. Murphy, Armour Creameries, Meridian; James A. Becker, Brookhaven Creamery Co., Brookhaven; H. F. McWilliams, Hattiesburg Creamery and Produce Co.; Hattiesburg; and J. C. Holton, Commissioner of Agriculture and Professor J. S. Moore, Department of Dairy Husbandry, State College, ex officio members.

## Funeral Services Held For Anton Resident Friday

Funeral services were conducted Friday morning, July 20, at ten o'clock at the residence, four miles southwest of Anton, for Mrs. Minnie Smith, 54, wife of Earl Smith, who passed away Thursday night about eight o'clock, following a lengthy illness. Tuberculosis was given as the cause of her death.

Mrs. Smith had been ill for the past three years, and confined to her bed for the past two years.

Burial took place immediately following the services in the Anton Cemetery, with Burleson Funeral Home in attendance.

Mrs. Smith was survived by her husband and a daughter, Mrs. F. M. Pittman of Anton.

## Joe McCarson is Seriously Injured Friday Evening

Joe McCarson, four year old son of Mr. and Mrs. Sam McCarson, was seriously injured Friday evening about 7:30 o'clock in front of their home in the Valley View community. He was playing on the side of the road, when accidentally struck by a Ford car driven by a woman.

He suffered a fractured skull, his thigh broken in two places, and other injuries.

He was taken to a local physician who dressed the head injury and advised his father to take him to a hospital. He then took him to the Lubbock Sanitarium, where he is reported a little better.

## Local Man Suffers Cuts; Assaultant Out on \$2,000 Bond

Felton Smith was taken to the Simpson Sanitarium about four o'clock Saturday afternoon suffering from severe cuts in the heart and lung cavities said to have been caused by a knife in the hands of Cecil Bishop of near Fieldton.

The affray took place at the grounds on which the Littlefield celebration was taking place.

Bishop was lodged in jail charged with assault and attempt to murder, but was freed later on \$2,000 bond awaiting the action of the Grand Jury, which convenes August 6.

According to the physician in charge, Mr. Smith is not resting very well, and his condition is still considered serious.

The Law In Our County

Photo By Chisholm's Studio

## SHERIFF LEN IRVIN

In asking your vote and influence in my candidacy for re-election as Sheriff of Lamb County, I do so only on my record of service. I have been on the job day and night, faithfully serving you, and I would like the opportunity to continue this work.

I have endeavored at all times to give the citizens of this section a Progressive, Clean, Impartial Administration of Law without thought of the long hours such a program of law enforcement entails.

As a result of the progressive program of the Sheriff's Department, this county is as free from crime, petty offenses, and disturbances as it is possible for a county to be.

In our work we have received splendid co-operation from the citizens of the county, and appreciate this friendship very much.

If I am returned to office, I pledge to the people of our county a continuation of Clean, Efficient Law Enforcement.

Sincerely,

LEN IRVIN

# SWIM SCHOOL ENDS SESSION LAST FRIDAY

## Enrollment Reached 72 And 24 Received Awards at Close

The "Learn to Swim Campaign" sponsored by the local chapter of the American Red Cross held its last session Friday of last week at the Cundiff swimming pool.

During these 10 days, 72 people have been given instruction in some phase of water work by A. B. Sanders, local Life Saving Examiner. Something like half the folks were

able to be present nearly all the time for instruction.

Friday was graduation day for those who had become proficient enough to pass the Red Cross tests in their various fields. The beginners tests was given first. These folks are those that have never had any instruction in swimming before and could not swim when the course began. They jumped off in water over their heads, leveled off and swam 25 feet, turned around and returned to the starting point. Those able to do this were: Ila Green, Glenda Appleton, Ellen Hughes, Myrtis Kelly, Burt Ashner, Mrs. Vera Erwin, Marine Still, James Stokes, John Foust, Roy Byars and Carl Anderson.

Those who could swim at the beginning of the instruction period were given the swimmers' test which is much more extensive. These folks were required to swim 100 yards using the approved side stroke and one other to tread water 30 seconds to float motionless, do a good plain dive swim 50 feet on back using legs only, dive in 6 to 8 feet of water and recover an object. The swimmers who passed this test were Alton Barker, Olen Ross, John Hays, Aleda Correl, Linnie Bee Thornton, Corene Hamilton, Dorothy Nugent, Kathlene Cundiff and Ann Marie Harliss.

The most advanced course was the Junior and Senior Life Saving Course. This class was small due to

the fact that strong swimmers were scarce. However, at the close of the period there were three Junior Life Savers, George Glenn, H. W. Bradley, and James Foust. The requirements that these fellows had to meet were numerous. They are strong swimmers and know the technique of Red Cross Life Saving. When they show their emblems on their bathing suits. On-lookers will be reminded that they worked for it and have dedicated their services to any person needing help in the water.

The Senior course is about twice as extensive as the junior and along the same lines. There were two men to qualify in that event, Earl Hobbs and Joe Hale, Jr. Both these men made good grades in this test and worked hard to attain the distinction. They are the only two Senior Life Savers in Lamb County as far as is known. They are ready to pass this information on when called on.

Twenty-four people received awards at this closing meeting. The beginners and swimmers were given pins that designated their stage of advancement in the work.

## Raymond Hamilton and Others Escape Prison Sunday

Raymond Hamilton, Blackie Thompson and Joe Palmer, in a break unparalleled in Texas prison history, escaped from the death house of the penitentiary at Huntsville Sunday.

Three other desperate convicts, all bank bandits and life termers, were mowed down by the gunfire of guards as Hamilton, Thompson and Palmer scampered over the wall to where two fast automobiles waited.

One of the latter trio, Whitey Walker, was killed by the shots of guards whom the convicts engaged in battle. Charlie Frazier, the man who engineered the break, was shot down from the ladder with which he was scaling the wall, and was believed to be fatally wounded. Roy Johnson, the third bank robber, was shot and less seriously hurt.

One guard was shot in the battle of the walls. He is H. E. George. A bullet creased his scalp and momentarily stunned him. He was not seriously hurt.

The break occurred while the prison yard was almost deserted as all officials and guards not actually on duty, and practically all convicts were attending a ball game between the prison team and a Conroe team at the athletic field beside the walls.

The escape was the first ever made from the death house, which is located in the very middle of the prison proper, and was accomplished at 4:30 o'clock in the afternoon. In daring and cool execution the break has no parallel in the annals of the penitentiary.

Lee Simmons director of the prison, said the trio of escaped killers fled in two cars in which outside confederates were believed to have been waiting.

"We know that they raced through the streets here headed north," Simmons said at 6:30 p. m., "but we have not received any word of them being sighted since they got out of Huntsville."

On every road radiating out of Huntsville squads of heavily armed officers were racing to intercept the trio within 20 minutes after their elusive heels had disappeared over the walls.

Dallas and Fort Worth police departments sent squads racing south in hopes of intercepting them. Houston police and deputy sheriffs raced north, fingering machine guns, rifles and shotguns, and bearing instructions to "use your own judgment about trying to take them alive."

## NEWS BRIEFS

Two brothers at Houston had a hot argument over the Governor's race last week, and as a result one is in the Jefferson Davis Hospital with a serious stab wound in his abdomen, and the other in the city jail charged with assault to murder.

Slowness of counties in rendering estimates of taxable values likely will force the state automatic tax board to delay until August determination of the state ad valorem tax rate, George H. Sheppard, comptroller and member of the board, said today.

A quarrel over a sewer permit led to the slaying of Mayor H. L. Bleecker of Scott City.

Prayers for rain were offered at Calvary Baptist Church, Lubbock, at 2:30 p. m. Friday last by Rev. C. J. McCarty, pastor of the church.

R. J. Murray of Lubbock, chairman of the Texas Farm Debt Conciliation committee, has been appointed supervising conciliation commissioner for the northern district of Texas by Federal Judge James C. Wilson.

Ike Northcutt, 50, farmer of near Post, and his year old granddaughter, Arlie Dolores Northcutt, were killed instantly, and four other members of his family were injured seriously when his car sideswiped a trailer on a bridge on highway No. 1, 11 miles east of Sweetwater early Friday.

The Queen theatre at Winters was destroyed Friday by fire of undetermined origin at a \$15,000 estimated loss. Two firemen, Harris Mullen and Barney Bryant, were slightly injured.

James E. Ferguson, famed political campaigner, was back at Broadway and Monday night in the candidacy for governor of Donald of Wichita Falls.

Houston led the State in construction last week with \$85,582 outstripping other a wide margin.

**Trans-Atlantic  
 Broadcast Being  
 Offered By Gulf**

PITTSBURGH, Pa. — The great-  
 est broadcast program ever to be put  
 on the air is now under way. Gulf  
 has arranged through the National  
 Broadcasting Company and European  
 broadcasting companies to put the  
 best talent of London, Paris, Berlin,  
 and Vienna on the air in the United  
 States this summer.

This program will be unique in the  
 history of radio in that practically  
 perfect reception has been assured  
 by recent developments in the field  
 of radio transmission and these de-  
 velopments will be used for the first  
 time commercially over the Gulf pro-  
 gram.

Just as the Gulf Headliners pro-  
 gram starring such famous person-  
 alities as Will Rogers, Irwin S. Cobb,  
 Arthur Brisbane, George M. Cohan,  
 Irving Berlin, The Revelers and many  
 other, has proven to be an outstand-  
 ing favorite, this new program will  
 prove even more popular to Ameri-  
 can listeners.

**Prince Of Wales Helps**  
 The Prince of Wales has taken a  
 great interest in Gulf's new program  
 and has co-operated in securing the  
 best talent in London for the Eng-  
 lish broadcast. It is expected that one  
 of the broadcasts from London will  
 feature the massed bands of the five  
 royal guards. The Grenadiers, The  
 Scotch Guards, The Welsh Guards and  
 the Irish Guards. Rudyard Kipling,  
 the famous English author, will be the  
 announcer for this broadcast.

**Later Programs**  
 Tentative schedules for other Eu-  
 ropean broadcasts have been made  
 up featuring the best singers and  
 orchestras of each country.

**Rabbit Chases Help  
 Protect Feed Crops**

Rabbit chases with greyhounds  
 have afforded a lot of pleasure to  
 the farmers south of town and also  
 rid the neighborhood of many of these  
 crop destroying pests, W. R. Hodge  
 reports.

With four dogs, Mr. Hodge and Dal  
 Bruce have caught more than 300  
 rabbits this summer, they state.  
 Though the rabbits were numerous in  
 the spring and early summer, Mr.  
 Hodge says they are getting pretty  
 scarce now.

**What Would You Do  
 With A Thousand  
 Dollars A Year?**

What would you do if you sudden-  
 ly had \$1,000 a year for life? If  
 someone literally dropped \$1,000 in  
 your lap, each Christmas Day of your  
 life, beginning on Christmas, 1934?

One woman in America — the first  
 prize winner in the Camay Contest  
 which will be announced shortly in  
 newspaper advertisements — will  
 have this problem to decide — if it  
 is a problem to have your dreams  
 suddenly come true. She will have the  
 opportunity of choosing as her grand  
 prize, \$1,000 a year for life, or \$10,-  
 000 in a lump sum to do with exactly  
 as she chooses.

Full details of this contract will  
 appear in advertising columns of this  
 newspaper shortly.

One thousand dollars a year for  
 life — the beginning of a lifetime of  
 freedom, the end of penny-pinching  
 Nearly \$20 a week forever! It can  
 buy week by week, the better dress,  
 sheerer stockings, better lunches,  
 books — the possibilities are endless.  
 For the young housewife, it will clear  
 the skies. Gone forever will be wor-  
 ries over the current bills, or last  
 year's dress, or something needed for  
 the youngsters.

Or would you rather have \$10,000  
 in a lump sum? The whole of the  
 glamorous world opens before you—  
 Vienna, Venice, the Orient, Paris may  
 become real — with new gowns, gay  
 and striking in profusion — perhaps  
 a new car. It may mean a glorious  
 vacation of unworried spending, and  
 a return home enriched with flood  
 of vivid happy memories.

What woman would spurn the  
 chance of \$1,000 a year for life, with  
 its security and ease, or a lump sum  
 of \$10,000?

 Worthwhile." The others having part

on the program were, Laura Virginia  
 and Freda Charles Bills. After the  
 program, further detail as to the Con-  
 ference were discussed and it was de-

 L. D.  
 ROCHELLE**

FOR A SECOND TERM FOR  
**COUNTY SUPERINTENDENT**

He has shown himself to be honest, efficient and always on the job. He is a  
 good school man, having taught in two of the best high schools in Lamb County.  
 He has had the cooperation of the schools of the County and if elected for a  
 second term will endeavor to keep this cooperation. He was the first citizen  
 of the county to bring to the attention of the legislature the fact that the large  
 school districts were not receiving bus aid.  
 He has made ten trips to Austin in the interests of Lamb County Schools.

Through his untiring efforts the—

1. Schools Have Run A Full Term.
2. Every Child is Offered a High School Education.
3. Every Rural Child is Transported to School on a School Bus.

The hearty cooperation of the school boards of the county have made possi-  
 ble the wonderful success achieved in this one term of office.  
 If you think he has made good, vote for him the 28th of July and we are sure  
 with the experience he has had in this office he will make a better county school  
 Superintendent during his Second term.

## Necessary Dependable Economical

The mere flick of a switch and the immediate presence of electric current has become little more than a simple performance to most of us. The ease with which numerous electrical appliances now serve in the lightening of many household tasks that used to prove burdensome has entered the stage of an essential part of daily requirements. The facility with which practically every business goes on evidences the reliance that present day commercial enterprise place upon the availability of dependable electric power. More and more the American genius for improved conditions is recognizing the greater possibilities existing in electric energy.

Coupled with the essential need and growing demand by users no electric company serving any area has been able to remain stagnant by failing to take steps for the improvement of its service. In February 1925, the Texas Utilities Company purchased the plant belonging to the Littlefield Light and Power Company which had been serving the growing city of Littlefield. This was an isolated oil engine generating plant. Shortly after the purchase of this plant the company added Littlefield to its interconnected transmission system thus assuring a further guarantee of uninterrupted service. In January of 1931 the steam generating plant located near Abernathy, Texas, was completed and Littlefield was again given the benefit of keeping in touch with the latest technical and economic advances made in electric generation and distribution through a three way source of available and dependable power.

Every business and home have met situations squarely - particularly the last few years. Price changes have been of an extremely fluctuating nature. Particularly has this been true in what we ordinarily term "cost of living." The records of the United States Department of Labor Statistics indicate that in the period 1913 to 1932, items of clothing, house furnishings, fuel, rent, food, and miscellaneous luxuries played up and down the scale of prices with none of them however, except food reaching anywhere near the 1913 level. The same authority shows electric energy costs to the consumer reaching a 1932 level of 21 per cent below the same standard. Better methods of generating and distributing electricity have in considerable measure contributed to this showing. On the other hand, rising costs entering into operations may have a retarding influence upon as rapid benefits to the consumer as any company might hope for. Since 1925 the Texas Utilities Company has put into effect as many as twelve reductions in cost to the consumer since its acquiring the property. Compared with the Department of Labor Statistics the reductions approximate in this territory 38 per cent.

## ASSESSOR AND COLLECTOR OF TAXES OF LAMB COUNTY

Clint Griffin is now filling the office of Tax Collector of Lamb County by appointment. We hope and feel that his record merits your support and influence in the coming primary, in which he is seeking election as our Assessor and Collector of Taxes.

He has served the people faithfully and discharged the duties of the office to the best of his ability. And we believe that his experience in the past better qualifies him to serve us in the future.

He has endeavored to accommodate the taxpayers in every way possible. During the tax paying session, he visited each town twice and appointed three special deputies to register automobiles.

Combining efficiency with economy, he promises an even better service in the future.

## CATTLE BUYING UNDER DROUTH RELIEF HEAVY

### Definite Allotment For Texas and Counties Has Been Made

COLLEGE STATION, July 23 — From June 6th to July 13th 54,169 cattle were bought under the relief plan in the Texas counties in the emergency drouth area, this number 40,747 were purchased for food and 13,422 were condemned and destroyed, according to a report made by H. L. Darby of the Texas Department of Animal Industry at a meeting held recently at College Station.

### BLACK-DRAUGHT

"A Good Laxative," Says Nurse  
Mrs. Anna LaPlante says: "I used Black-Draught for my patients and I found it a good laxative. I took it myself and it was just what I needed."

Assistant state drouth relief director, explained that under the government plan the producer must put the cattle in the corral for inspection by the government veterinarians and appraisers; separate them into three classes—two years of age and over, from one to two years, and under one year; sign a preliminary work sheet for the county farm demonstration agent giving the approximate number of cattle to be sold, and the name of the lien holders if any.

Barnes emphasized that the signing of this preliminary work sheet puts the producer under no obligation. After this sheet has been signed, the appraiser and veterinarian come and appraise the cattle and select those to be condemned. If the producer and lien holders do not wish to accept the appraisal they may reject it. If they accept it, however, it becomes final.

After the appraisal sheet has been signed, the producer delivers his cattle at the shipping point designated by the Relief Commission and receives a receipt to be turned over to the county farm demonstration agent who sends it to Kansas City. Checks for payment return within a period of about two weeks.

The appraised value of the cattle is divided up into purchase price and the benefit payment. The benefit payment is set at \$6 for cattle two years old and over, \$5 for cattle between one and two years old and \$3 for cattle under one year, and this payment never varies. It is paid for cattle brought and for the condemned and is always paid directly to the producer.

The purchase price varies from \$6 to \$14 for cattle two years old and

over, from \$5 to \$10 for cattle between one and two years and from \$1 to \$5 for cattle under one year. The minimum price in each class is paid for condemned cattle. This purchase price is paid to the lien holder if there is one and to the producer himself in case there is not.

In the case of cattle condemned, not because of disease but for trimness, the owner is allowed to use the meat for home consumption or for home canning but is not allowed to use it for any commercial purpose or for relief canning. Hides of condemned animals are given to producers to pay for burying carcasses. They can be used at home or can be sold.

No allotment has been made for Texas nor for the individual counties in regard to the number of cattle that will be bought. How many head may eventually be bought and how long the buying will continue cannot now be determined. According to Dr. E. W. Sreets, Federal director of the drouth relief service, "It depends upon conditions as they develop, including inclination of the individual farmer to sell. We are planning relief to those hard-pressed in the drouth areas and expect to continue buying and processing as long as the situation warrants."

Up to July 12th, 831,150 cattle had been purchased from 69,733 farmers in Minnesota, North Dakota, Wisconsin, Arizona, Texas, Oklahoma, New Mexico, Montana, Nevada, Colorado and Utah. On the farms from which purchases were made the total number of cattle was 2,334,731. None of the meat from these cattle purchases will reach commercial channels.

## There are some things we refuse to do to sell a car

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep dinning in your ears that the Ford V-8 is the best, most economical, lowest priced car. That is claimed

for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is as economical to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.

## Kitchen Walls Made From Paste Board Boxes Inexpensive

SAN ANGELO, July 23, — Fresh light kitchen walls with an expenditure of less than 25 cents for tacks is the work of Mrs. E. V. Eddy, food supply cooperater of Harriet Home Demonstration Club in Tom Green county, according to Nettie Shultz, home demonstration agent.

Mrs. Eddy got heavy paste board boxes that tin cans are shipped in, cut both ends out and split down one corner which when opened out was 20 inches wide and 76 inches long. One strip of this and a little over half of another makes one length, and these were tacked along the edges. The inside of the boxes was used for the right side as it was free of printing. This plan used by Mrs. Eddy not only makes clean fresh walls but also keeps out both heat and cold.

## FARM BRIEFS

Yard improvement means, according to Mrs. M. L. Bell, yard demonstrator for Farmers' Valley Home Demonstration Club in Wilbarger County: trees for shade and background at side and back of house; smooth unbroken grass lawn; foundation plantings of permanent shrubs; screen and border plantings; roses and flowers in separate beds in side and back yard; walks for back and front yard; and convenient yard service including well-equipped wash house, concrete cellar, and sanitary toilet.

Lespedeza sericea, a rather new legume, is being tried by Stonewall county farmers in their efforts to start pastures on rented acres. The county agent says the new lespedeza promises well in the sandy river bottom soils.

After all, it isn't so hard to borrow money to build a house. Just pretend you want it to buy an automobile.

## World Famed Play "Wonder Bar" To Be Featured At Palace Theatre Commencing Saturday

Out-doing all previous sensational combinations of stars and spectacles, First National's long awaited international musical drama, "Wonder Bar", will be shown for the first time locally at the Palace Theatre on Saturday Midnite, continuing through Sunday and Monday.

Kay Francis plays the leading feminine role opposite Al Jolson, who portrays the proprietor of the "Wonder Bar." Ricardo Cortez and Dolores Del Rio have the coveted parts of the two dancers, while Dick Powell and Henry Kolker have the roles of the American composer-orchestra leader and the husband of Kay Francis, respectively. Hal LeRoy, the sensational Broadway player, plays the role of himself in a thrilling dance sequence.

Guy Kirby and Hugh Herbert play the two American tourists with Ruth Donnelly and Louise Fazenda as their wives. In important comedy and character roles, Robert Barrat has the part of the army officer, who drives his auto over a cliff and unconsciously covers up a murder. Fifi d'Orsay and Merna Kennedy will be seen as the two flirtatious hostesses in the fashionable Parisian night club.

As "Wonderbar", this unique musical proved an international success a few years ago. It played for in all of Europe's capitals and brought to this country as a starring vehicle for Al Jolson, took it on the road after a New York and no production "The Miracle" has been so greatly and generally welcomed. months ago First National acquired the screen rights to the production and proceeded at once to make tentative plans for its presentation the greatest film spectacle of times.

It is said that the screen of "Wonder Bar" returns to extent to the European script was considerably altered for American stage production. It increases the importance of the played by the long list of stars ed to the picture.

Busby Berkeley, creator of musical numbers that featured Diggers of 1933 — "42nd St" and "Footlight Parade," created staged the special musical aspects on a scale never before attempted even in these previous musicals. Berkeley's ability for sensational partures from the ordinary in work has made screen history past year.

## FOR JUSTICE OF THE PEACE

I have not made a long list of campaign promises, because people know from my record as former Justice of the Peace that I will conscientiously devote my time and efforts to discharging the duties of the office.

I know from practical knowledge that the revenue from the office is very small, but not having a family to support I live off the income it affords and, therefore, can and will devote my entire time and attention to the duties of the office if elected.
