Lubbock Chapel Scene Of Presswood-Bridges Vows

First Memorial Chapel in First Baptist Church was setting for the marriage of Miss Margaret Presswood-Bridges, daughter of Mr. and Mrs. V. L. Bridges of Abilene, and Lee A. Presswood, son of Mr. and Mrs. C. W. Presswood of Abilene.

The Rev. Harvey D. Bennett, pastor of Anton First Baptist Church, read a dedicating ceremony at 7 p.m. Saturday as the bride and groom stood before a large archway of pink gladioli and emerald foliage, flanked with baskets of corresponding blossoms, lighted with pink tapers in candle niches.

Mrs. Jewel Harris, organist, accompanied Mrs. Don Roark, who sang "I Love You Truly" and "Always."

The bride was given in marriage by her father. She wore a designer gown of blue silk French lace over net and tulle. It was fastened with portrait neckline held with ivory velvet ribbon and fitted lace bodice with three-quarter length sleeves, terminating in wide ruffled waistline marked with velvet ribbon and attached to a bouffant waist-length skirt.

The bride wore a lavalliere that had belonged to her maternal grandmother; borrowed blue garter that had belonged to her first roommate at Hardin-Simmons University and she wore a penny in her shoe.

Miss Joanne Ashburns of Abilene, student at Hardin-Simmons who was maid of honor, wore rose pink cotton lace over tulle. It was designed with portrait neckline and tiny sleeves; the fitted skirt is bodice ending in long torque a sashline, accented with large tulle bow at the center back.

Gas found in salt mines was piped in bamboo tubes and used for illumination by the ancient Chinese.

MR. AND MRS. W. H. BLACKWELL

## Blackwells Celebrates Sixty Nine Years Wed

Mr. and Mrs. W. H. Blackwell, of 821 West 9th Street, celebrated their 69th wedding anniversary Sunday, inviting friends to call between the hours of two and five o'clock.

More than forty guests called, coming from Fawcett, Sudan, Dimmitt, Vega, Muleshoe, Amarillo, Littlefield and from Texico, New Mexico.

Mr. and Mrs. Blackwell were married April 8, 1888 in Des Moines, Arkansas. Mrs. Blackwell was the daughter of Mr. and Mrs. J. C. Williams.

The couple moved to Texas in 1892 from Oklahoma and moved in 1951 from Whitharral to Littlefield. Blackwell was a farmer until 1935 when he retired.

Thirteen children were born to Mr. and Mrs. Blackwell, four of whom preceded them in death. The children attending the celebration were Mr. J. D. Richardson of Littlefield, Mrs. Vel Hooper of Springlake, Paul Blackwell of Morton, Mrs. Willie Bruce of Vega, Sam Blackwell of Muleshoe, Mrs. Bertha Brannon of Amarillo, J. B. Blackwell of Dimmitt. Unable to be present were another son, Joe of Cathedral City, California, and a daughter, Mrs. Mollie Young of Hot Springs, Arkansas.

Friends sending flowers to the couple were the Kennys, Mrs. Duncanson, Mrs. Fayer, Mrs. Stanton, Mrs. Gibson, Mrs. Stewart, Mrs. Fitzgerald and Mrs. Blewett.

The Blackwells are members of Parkview Baptist Church and are still regular attendants. Thanks to a young friend who takes the responsibility for their transportation, Bill Berry, a high school student, Mr. Blackwell rarely misses a service at the church, including training union and the evening services. Blackwell was 19 September 11, 1956 and Mrs. Blackwell was 84 September 14, of the same year.

The all-day meeting will be for the purpose of completing dolls for Greece which were started in the fall. Mrs. W. D. T. Stroy is chairman of the project, whose purpose is to cement international relationships. All club members are urged to attend the meeting and covered dish luncheon.

A business meeting will be conducted at 3:00 p.m. the same day.

## West Plains Assn. Meets At First Baptist Church

First Baptist Church of Littlefield will be host today to the quarterly meeting of West Plains Association Woman's Missionary Union. The meeting convenes at 10:00 a.m. A paper sack lunch will be served at noon, with the host church providing drinks and dessert.

A devotional will be presented by the Amherst Church.

Principal speaker will be Mrs. H. W. Fite, agricultural missionary to Brazil who is now on furlough in this country. Her topic is entitled "Sowing Beside All Water In Brazil." She will also show colored slides. Departmental heads will use the theme of "water" in making their reports.

Making reports in the morning session will be the Young People's Director, Secretaries of Mission Study, Community Missions, Stewardship, Camp, Prayer, Scholarship and BWC, and the President, Mrs. Hershal Barker.

Special music will be furnished by the Muleshoe Church. Closing Meditation will be brought by the South Church.

## FHA Delegates To Attend State Convention

Four Littlefield High School students have been selected as delegates to the State convention of Future Homemakers of America to be held in Dallas April 25, 26 and 27. They are Carol Jean Naylor and Helen Henry from the Patsy Lively Chapter and Linda Steffey and Carolyn Hampton, representing the Junior Chapter.

The girls will leave Littlefield on April 24, accompanied by Mrs. T. J. Jones and Mrs. Ray Keeling their sponsors. They will stay at the Statler-Hilton Hotel in Dallas. Carol Jean and Linda will fly back to Littlefield Saturday morning in order to attend Band Contest with other members of the Wildcat Band. The other girls will take a more leisurely route, returning by car with their sponsors.

Among the places of interest the group plan to visit are the Botanical Gardens in Fort Worth, a tour of Republic National Bank, Chundor's Gardens in Weatherford, Amon G. Carter Airport, a tea at Nieman-Marcus and to Cinemas where they will see "Seven Wonders of the World".

About 3000 girls are expected to attend the annual convention of Future Homemakers of America.

This group will be composed of Booty McClarty local president, and the daughter of Mr. and Mrs. Claude McClarty, Joyce Broher, local treasurer, the daughter of Mr. and Mrs. Purdy Braker, Sharon Couch, local secretary and song leader, daughter of Mr. and Mrs. Claude Couch, Glenda Jones, pianist, daughter of Mr. and Mrs. Glen Jones, Marilyn Love, local vice president, daughter of Mr. and Mrs. Don Love, Diana Forman, the voting delegate, daughter of Mr. and Mrs. Vernon Farmer, all of Anton; Mrs. Glen Jones will chaperon this group.

Marilyn and Diana will be delegates, which were chosen by number of points earned in different activities of the local F.H.A.

Thanks are extended to the Co-op for making it possible for the chapter to make this trip.

## Bible Is 1950 Study Club Theme

Mrs. Glen was hostess for 1950 Study Club, April 3. The program theme was "Let Us Look for Ways to Learn More of the Bible."

The center piece was the Bible flanked by candles and Easter lilies.

Refreshments of ice cream and lemon pie, nuts, coffee and tea were served to eighteen members. Signature Bibles were given as place favors.

Plans were completed for the third annual style show which will be held April 3 in the High School auditorium.

## Amherst Garden Club Hears Lubbock Women

Mrs. J. A. Fortenberry and Mrs. Lester Baucus, both of Lubbock were guest speakers at the all day workshop of the Amherst Garden Club April 5, 1957 in the Community Center.

Mrs. Fortenberry lectured on growing and care of roses, discussing the use of a dormant spray during the winter months up until April 1st to help the plants withstand our cold dry climate. The spray also helps prevent disease and insects, she stated. She told the group that many rose growers still use old fashioned methods in pruning roses and cut the plants back too severely. It has been learned by growers, she stated, that roses get their strength from the canes and should never be cut back more than one third of their height.

Mrs. Baucus' subject was "Holiday arrangements, or arrangements for each month of the year." Using history for much of her material, she made arrangements for holidays or special days of each month. One very unusual one was green foliage and red tulips in a tackle box lid, appropriate for Father's Day or the fisherman in the family.

Luncheon was served to six teen members and guests from Sudan and Amherst. Attending were Mrs. E. E. Goe and Mrs. Horace Holt from Amherst; Mrs. A. L. Robison, Mrs. J. E. Dryden, Mrs. Joe Rhone, Mrs. M. A. Walker, Mrs. R. C. Broyles and Mrs. Bill Lenderson of Sudan. Hostesses were Mrs. N. B. Embrey, chairman, Mrs. Vic Reynolds, Mrs. Penny Prettyman, Mrs. Prentice Holland, Mrs. Bill Workman and Mrs. Clay Williams.

# Public Service Joins In Atomic Research Foundation

The Texas Atomic Research Foundation by Public Service Company, other electric light companies operating in this area, announced Wednesday afternoon, president of Public Service Corporation papers with the Secretary of the non-profit

Foundation is to engage in research in the atomic energy field as applied to the generation of electric power. The program will not include an atomic energy power generating plant at this time. It will be directed toward the fundamental methods involved rather than toward the early use of atomic energy in steam-electric power plants of the participating companies.

"The eleven electric utilities which formed the Foundation will jointly carry on their research and development work in the nuclear field in a program designed to assure for Texas the benefits which develop from this new source of energy," J. E. Cunningham said.

"The various companies, acting as a group, can be more effective in this research since many projects in nuclear research require expenditures which might be burdensome on a single company."

"The program of the Foundation is long range, since the natural gas now used by utilities in the Southwest is a particularly good fuel and will be competitive with nuclear energy for many years. The appraisal of problems of this nature will have a high priority in the program of the Foundation."

"The Foundation does not plan to request any government funds to support its nuclear research program. It hopes, however, to work closely with the Atomic Energy Commission in any program it undertakes."

"Atomic energy power plants now differ from present day power plants only in the substitution of this new energy as a heat source for the boilers which make steam to spin the turbo-generators. Development of this source of fuel will require much research before it can be economically feasible in Texas where electric power generating plants now utilize natural gas as boiler fuel. In the meantime, the research program will provide the necessary experience in utilizing this source of heat in the power plants."

J. E. Cunningham is a member of the Board of Directors of the Foundation. W. A. Parish, president of the Houston Lighting & Power Company, is president of the Foundation. All of the companies supporting the Foundation are represented on the Board. ## held down new records. Odessa took first place in the meet with 35 1/2 points.

Only two records were set. Gary Peags of Happy made a lead of 225' in the broad jump to better his mark set last year by two inches. Bayless Bennett of Amarillo and Olin Davis of Midland were the only other record setters as he vaulted 12'7 1/2", bettering the old mark set by Larry Palmer of Midland in 1934 by three inches.

spectacular. The high winds hampered the great mile and held back the time. Considering the conditions, the performance was a very fine one but in the record books they don't allow for the elements.

Bob Barrett of Midland and Tommy Will of Odessa kept the pressure on Cunningham and he pushed him through the first three laps. In the final round, however, Cunningham put on his finishing burst of speed that is famous for and won going a

## Spade Drops Whitharral In Opening Ball Game

A fighting nine from Spade defeated the Whitharral Panthers 10-4 in the opening baseball game of the 1935 season in District 5-B play. The game was played Monday afternoon at Whitharral.

Spade opened up with five unearned runs, two in the first inning and three in the second. Each team made three errors but the three made by Whitharral were costly, so much so that they cost them the ball game.

Bill Loman was the winning pitcher. He gave up only five hits. Two of these were doubles off the bat of Dale Gage. Gage got two hits for four attempts.

The losing pitcher was Dale Gage. He was relieved by Code Stephenson in the second inning. The biggest threat to the Panther pitchers was Bush. He cracked out three doubles and walked twice for a 1000 batting average.

Bills and Whitharral will play this afternoon at Whitharral and Spade will meet Three Way at Three Way also today. Both games will be in District 5-B play.

## Olton Mustangs Capture Third Place At Amarillo

The Olton Mustangs captured third place in the A division of the Amarillo Relays last Saturday. Olton got only one first place but they took two seconds and a tie for third with 31 23.30 points and happy with 13 1-6.

Teddy Estes was the high point man for the Olton team. Estes took second in the 440-yard dash and he ran on the second place 440-yard relay team and also on the first place mile relay team. His teammates on the 440-yard relay team were: Kirk McAdams, Royce Bodkin, and Dan Wallace.

The other point getter for the Mustangs was James Ray Hyatt. He ended in a five way tie for third place in the pole vault.

Sudan was the only other area team that scored in the meet. They took fourth place in the 440-yard relay for one point and a tie for 19th place in the meet.

security." Lacy pointed out. "Then there are other seeking opportunity. We have the organized masses seeking security, and the disorganized classes seeking opportunity", he continued.

"We're headed for trouble unless the disorganized wake up and reorganize," Lacy warned.

The speaker urged the guests to look to the future.

"As the community grows, your social problems grow. You must have more schools, more highways, more churches."

He pointed out that the five basic factors that cause world or city problems are fear, cynicism, hate, greed and prejudice.

"What a man does for himself dies with him. What he does for his fellow man lives forever," Lacy continued. "Share your ideas and they'll grow. The Chamber of Commerce is the only place in America where people get together and put their thinking into action."

Springlake students presented the musical portion of the program. The Teen Tones, a trio, composed of Carol Hamilton, Linda Kelly and Wayne Mae Rutherford, accompanied by Sue Neal, sang two numbers. The Rockets, a string band, presented three numbers. Members of the band are Gary Boles, Bob Davis, Dorothy Kaysinger, and Eldon Upchurch.

Rev. Eugene Matthews, pastor of the First Methodist Church, gave the invocation.

## County Women Complete Course Spade Seniors To Present Class Play

IS A SAD STATE as shown by the white in the picture to the left, being by the torn up frame of the chair shown completed in the larger picture to the right. The white in the picture to the left, L. G. Grizzle, Mrs. A. L. Aldridge, Wheeler, all of Sunnyside Club; Blessing and Mrs. E. T. Miller, Oklahoma Avenue Club; Mrs. Willie Turner of the chair and Mrs. A. B. Sod House Club. Not shown are Snider, Mrs. H. H. Shanks, both on Club and Mrs. Johnny Feagley of the Ford Club.

Representative members of the demonstration Clubs of the county have just completed a course in furniture upholstery under the tutelage of Mrs. Irene Phillips, County Demonstration Agent. The planning meeting was held on March 26, with actual work beginning on March 27. The women met each Monday in the Jury Room of the courthouse at 10:00 a.m. since the work was scheduled to be completed by 4:00 p.m. with a break for lunch. The participating club has two members and one piece of furniture to go back to their club and teach other members and offer assistance in learning the work. Mrs. Phillips demonstrated how

to measure the chair or piece of furniture and then how to estimate the material needed to cover the chair. The first piece taken off the chair was the last to be replaced and the last to be replaced was the first to be replaced. The old materials were laid carefully aside to be used as a guide for the cutting of new. Padding and webbing were carefully inspected and it was decided what was needed to be replaced. Screws, nails, and other needed repairs were made at this stage, also the wood refinished. Supplies were purchased and then the springs were tied in place. Although none of the five chairs worked on were exactly the same in construction, it was found that principals being taught applied to all.

The women feel a great satisfaction in their new-found skill, and expect to apply it to practical use many times in their own homes and to assist other club members in learning to do the same.

One club member stated she had joined Home Demonstration work three years before for the express purpose of learning how to do this work.

### Local Girls Elected To Sorority Offices

Two Littlefield girls were elected to offices in the Kappa Kappa Gamma, Texas Tech social sorority. Anne Q. Bellomy, freshman in Arts and Sciences, was named assistant registrar. Carol F. Kimbrough, sophomore clothing major, was elected personnel assistant.

The white lily was one of the commonest garden flowers of the ancient world.

The Spade Senior Class will present their annual play in the high school auditorium Friday night at 7:30 p.m.

Meade K. Joy, sponsor of the class, is director of the production entitled, "It Walks at Midnight."

Members of the cast are Betty Byars, Faye Tate, Pat Pointer, Wanda Bryant, Ruby Vaught, Kay Hoelscher, Donnie Hardman, Johnnie Richardson, Joe Don Note, Eugene Williams and Gene Loman.

### DRAKE'S COFFEE BREAKS

Just Slightly Stimulating By MORLEY B. DRAKE

Spring in bloom note:

An Austin laundry now is wrapping men's shirts in a paper binder on which is printed: "Have you kissed your wife this morning?"

We have just noticed a story in The Dallas Morning News written by Ben Bradford. In fact, we frequently see his name over stories in the News.

Bradford, who a number of years ago was an employee of the Lamb County Leader, will be remembered by many Littlefield residents.

We sometimes get a letter from Ben... in fact, we owe him a letter at this time.

Ben lived in Littlefield before he married, and had a room at the Cooper apartments, owned by Mrs. E. C. Cooper. In writing to use Ben always asked to be remembered to his friends in this city; he always has had high praise for the citizens of Littlefield.

Good luck Ben! You were always a swell guy.

We have a lot of faith in "Coffee Breaks"...

... in fact, our faith is growing stronger as the days come and go.

Science has come forward with the finding that a coffee break... between the last alcoholic drink and the drive home... can work wonders in the interests of safety on the road.

"Coffee can do you some good—eyewise—in helping you drive more safely after a few drinks," writes Alton L. Blakeslee, science reporter for the Associated Press. "It helps combat a tendency to see double for a split second."

This is the first finding from new scientific studies at Yale University to learn how much even a few drinks slow down your reaction times, and whether coffee or other stimulants can offset some of these potentially dangerous effects.

"Alcohol is a depressant drug; not a stimulant, and so it slows down your reaction times," explains Dr. Leon Greenberg, director of the laboratory of biodynamics.

"One effect is on brain fusion time. Since you have two eyes, your brain receives two different images of anything you see."

"It takes a few hundredths of a second for the brain of a normal sober person to fuse the two images into one."

"With a few drinks—five ounces of whiskey—the time is increased to one-half to three-fourths of a second."

"Two cups of coffee then can cut this time lag by half or more, the experiments find."

"The more you drink, the longer becomes the lag in your fusion time. Finally you keep seeing double until you begin to sober up."

Dr. Greenberg declares that nothing can speed the sobering up process once you've taken enough to become drunk. That includes lots of hot coffee, walking in the cold air, or exercise. Time is the only remedy.

A long series of tests are being

made to determine what is best to be done to partly overcome reaction slow-downs from a few drinks.

Whatever may be achieved in offsetting the effects of those few drinks, we rejoice that coffee has been found of some value.

Bless you cup of coffee... more blessings on two cups of coffee.

"Coffee Breaks" truly have a place in Littlefield... in Lubbock... in Amarillo... in New York City... in all places inhabited by man... and woman, too.

There isn't any doubt about the bubbling prosperity of the South Plains... truly it is a land "overflowing in milk and honey."

Where else under the canopy heaven could more than \$1 million be deposited on the opening day of a new bank in a small town.

That's what happened Saturday in Plains, a small town to the south and west of us.

The new bank opened at 9 a.m. and closed at 7:30 p.m. with \$1,058,129.75 on deposit.

That should put in storage the hammers of a few knockers of the South Plains who can't stand a little dust rippling over the expansive land merrily celebrating its presence in this favored area.

### VISITS RELATIVES

Mr. and Mrs. A. L. Spruill and daughter, Mrs. Verna Munger, and her daughter, Rita, of 4 1/2 miles southwest of Sudan, spent the weekend visiting relatives. They spent some time with Mrs. Spruill's aunt and uncle, Mr. and Mrs. W. W. Dodson at Clarendon, Texas, and Mr. and Mrs. R. B. Spruill and Mr. and Mrs. E. L. Spruill, brothers and sisters-in-law of Mr. Spruill, and Mr. and Mrs. C. A. Melton, sister and brother-in-law of Mrs. Spruill, all of Memphis, Texas. They also visited Mrs. Spruill's grandparents, Mr. and Mrs. Jeff Harper, at Newlin, Texas.

# Hardin - Simmons Choir To Appear Wednesday

## Two Local Girls Appear In Choir

The Hardin-Simmons University A Cappella Choir will be presented in concert at the Littlefield High School next Wednesday during the Lighter Tenthredin work at the local school. The public is invited to attend.

One of the many musical traditions at Hardin-Simmons University is one of the most widely traveled choral groups in the southwest.

Two Littlefield students are members in the choir. They are Francis Hill, daughter of Mr. and Mrs. Elmer Hill, and Ben McCown, daughter of Mr. and Mrs. Roy McGrew.

The tour this year is to include the Pueblos of Texas, northern New Mexico, Colorado, Arizona and Oklahoma at which time they are appearing before some of the largest high school audiences and church congregations.

The Hardin-Simmons A Cappella

Choir, reorganized in September of 1955 under the direction of Morris J. Beatty, has worked diligently to prepare a choral repertoire which will be attractive to all audiences. This year's tour repertoire is drawn from all periods of art tradition including works from composers such as Scarlatti, Handel, Schubert, Brahms, Puccini and many others.

From such an inclusive list the program may be easily adapted to either secular or sacred performance situations.

Besides demanding technical

excellence, special attention has been devoted to developing a distinctive and flexible interpretative power which, through the medium of the many numbers, offers a kaleidoscope of local color and sonority.

As chairman of vocal and church organizations, Beatty administers the functions of all such groups on the campus, among which is the young ensemble, The Madrigal Singers, a small select group devoted to a picturesque and unusually pure presentation of 16th century music, such as it was performed during that period.

## Ronald Hollingshead Joins Homer Garrison Motors

Ronald Hollingshead of Littlefield joined the staff of Homer Garrison Motors at Lubbock.

A native of Pampa, Hollingshead attended Texas Tech three years where he majored in Economics. He is past member of a Pampa club located at 160 and Avenue 11 in Lubbock.

## John Garner Is Buried In Gainesville

Funeral services for John Garner, 70, a former Circleville resident for many years, were conducted in the Calvary Baptist Church in Gainesville, Texas, Saturday, April 6th at 2 p.m.

Mr. Garner passed away in his home Thursday April 4th.

Rev. J. E. Moore of Muldoon conducted the services, assisted by two pastors in Gainesville.

He is survived by his wife, two sons, Luther and George, both of Gainesville, and 5 grandchildren, all of Gainesville and 2 great-grandchildren. Also three sisters, Mrs. David Stovall of Muldoon, Mrs. Joe Arnoldson of Chillicothe, and Mrs. Luther Bridges of Wintona, one brother, Vess Garner, of Circleville and a host of other relatives.

Among those from this vicinity attending the funeral were Rev. J. E. Moore of Muldoon; Mr. and Mrs. A. Moore of Muldoon; Mrs. Vess Garner of Circleville; Mr. and Mrs. David Stovall and David Jr. of Muldoon; Mr. and Mrs. Luther Bridges and Mr. and Mrs. Luther Bridges of Littlefield; Mr. and Mrs. Joe Bridges of Sulphur; Mr. and Mrs. Raymond of Sulphur; Mrs. Ruby Garner of Circleville; Mr. and Mrs. T. C. Martin and Mrs. R. E. Cole of Earth.

Mr. Garner was a brother-in-law to Mr. T. C. Martin.

## Sudan Students Attend Lubbock Meet Friday

Sudan students attended the 12th annual Sudan meeting at Lubbock Friday and Saturday.

The meeting was held at the Hotel El Paso and was attended by about 40 students from Sudan and other countries.

The students were accompanied by their chaperones, Mrs. J. W. Williams and family, and Mrs. Dutton's mother and sister-in-law, Mr. and Mrs. Robert Nichols and family, all of Lubbock.

Mr. Dutton is stationed at Fort

**Last Rites Held For Grady Bevell**

Word has been received here of the death of Grady Bevell, until a few months ago a resident of Littlefield. He died in his sleep at his home in Chandler, Arizona at 1:00 o'clock Monday morning and was found several hours later by members of the family.

Last rites were held Wednesday afternoon at Chandler, with arrangements in charge of a funeral home from Mesa, Arizona. Burial was in Chandler.

Bevell had been a resident of Littlefield since 1928 and until recently operated the Bevell Fruit Stand on Clovis Highway. The family moved to Chandler sometime since Christmas in hopes the health of Mr. Bevell would improve.

Survivors include the wife, Ethel; three sons, Jack of the home, Bill of Chandler and Randolph of Clovis; two nephews in Littlefield, Albert and Johnny Ashew; a brother-in-law, G. W. Cox of Littlefield.

Mrs. J. B. Renou Jr., of Monday visited relatives at Pep Friday.

South Plains Council Meets in Lubbock

County Men Elected to Scout Offices

The Rev. Harry Vanderpool was elected vice-president of the South Plains Council of the Boy Scouts of America at the annual business meeting held in the Lubbock Public Library Building, Monday night.

Dr. Dale Armistead, Lubbock, was elected president of the council for the next year. A great deal of interest was taken in the proposed budget by every representative present. The budget proposed for the South Plains area was set at \$100,000 for the 1957-58 activities, but after much debate and discussion the figure was approved for \$89,000.

Dr. Armistead pointed out to the council "for each boy now participating in scouting on the South Plains there are four more boys that would welcome the opportunity to enjoy scout work."

About Your Health A WEEKLY PUBLIC SERVICE FEATURE FROM THE TEXAS DEPARTMENT OF HEALTH HENRY A HOLLE, M.D., COMMISSIONER

AUSTIN — Ever since the first spark of life appeared on this earth, cancer has been one of the most fearsome, most enigmatic diseases mankind has had to contend with. But we know more about it than is generally realized. We know enough, in fact, that a diagnosis of cancer need not be considered a sentence of death. We know that all types of cancer are different since they affect different tissues of the body. We know cancer has no respect whatever for age, although it does occur more frequently after 40. Conversely, we know it causes more deaths than any other natural cause in children between 5 and 12. Cancer is not inherited, except

perhaps two rare types. A tendency toward cancer may be passed from one generation to another, but the actual cancer cell is not inherited. This we also know. We know that cancer is not contagious or communicable from one person to another. We know that certain agents or conditions will cause certain types of cancer or are factors in causing cancer. For example, exposure to sunlight over long periods of time (farmers, seamen) is known to cause certain types of skin cancer. Certain chemicals such as aniline dyes may cause cancer in experimental animals. An injury or a prolonged irritation of the skin of the nose such as one-

times comes with habitual pipe smoking is also a factor in causing cancer. Prolonged exposure to x-ray or radium may also cause cancer of the skin or other parts of the body.

We know that certain malignancies are self-limiting; that is, they have the curious property of stopping themselves, without treatment. This is an unusual phenomenon, but it does occur for some unknown reason.

Perhaps the most important thing we know about cancer, namely cases can be cured by early removal by surgery or by irradiation with x-ray or radium or a combination of these techniques. Rapid strides are now being made in treatment of certain types of cancer with chemical compounds.

Since it can be cured, why do more than 10,000 people die in Texas with cancer each year? The answer by the time the disease is recognized it is too far advanced for effective treatment. Half of all persons could be saved by early and adequate treatment. If this one essential fact real-

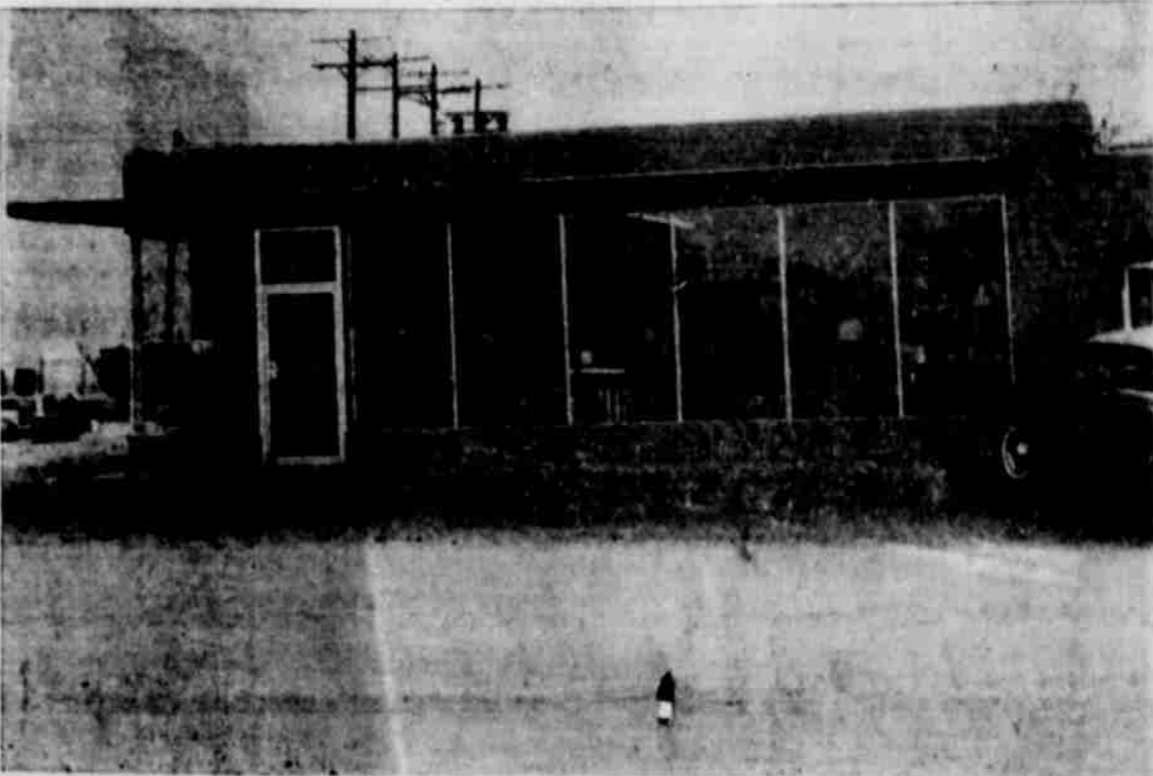

ly drilled into the mind of every citizen, it would save thousands of lives each year.

There again are no danger signs, it would be irregular bleeding from body openings, change in normal color of the skin, persistent cough, especially on breast, swelling, unexplained change in moles.

Springlake To Present

The Senior Citizens High School will present a musical production, "The Night, April 18, at the Rowe-Peterson playhouse. Ken Turpin is the "Dog Laughed." Admission will be 50c and 25 cents for children.

## Littlefield Jehovah Witnesses to Aid in National Movement

Charging that Soviet officials "may perhaps be found fighting actually against God," a strongly worded letter of protest from officials of the Watch Tower Bible and Tract Society, legal governing body of Jehovah's Witnesses, has been sent to Premier Nikhita K. Khrushchev of the U.S.S.R.

Lloyd Lowery, presiding minister of the Littlefield congregation of Jehovah's Witnesses, in announcing the contents of the letter, cited wholesale arrests and mass movements of Jehovah's Witnesses to slave labor camps in Siberia.

Asserting their purpose was to inform the world of the bitter Christian persecution that still exists behind the Iron Curtain, M. Lowery revealed, "A full report is being published in the April 15 issue of The Watchtower, official magazine of Jehovah's Witnesses. This issue will have a step-up world circulation of 10,000,000 copies in 45 languages, which is three times normal circulation. Plans are being made by the Littlefield congregation of Jehovah's Witnesses to call at every house in Littlefield with this significant report."

Funeral services for Warren, a resident of Lubbock since 1954 and formerly of Childress County, were held at 2 p. m., Tuesday in the Rix Funeral Home Chapel in Lubbock with Ray F. Johnson officiating. Burial was in the City of Lubbock Cemetery. He was a member of the First Church of Christ, Scientist.

Survivors include his wife; a daughter, Mrs. June Roberts of Pullman, Washington; five brothers and two sisters.

## Social Security Benefits For Disabled Workers To Begin Aug. 1

Social Security benefit payments to qualified disabled workers, age 50 or over, will begin in August, 1957, for July.

This marks another important milestone in the progress of the Federal Old Age and Survivors Insurance program, according to John G. Hutton, District Manager of Social Security at Lubbock, Texas. Originally designed to provide protection against loss of income due to the twin risks of retirement or death, Social Security will now provide protection against the risk of total and permanent disability.

The disability payments will be made to persons who are unable to work because of a severe disability, which has existed for at least six months and is expected to continue indefinitely. Mr. Hutton pointed out that the applicants must have worked at least 5 years out of the 10 years before the disability began and 1 1/2 years out of the 3 years before that date.

Anyone who meets the above requirements is urged to visit his Social Security District Office and make application, if he has not already done so.

A representative from the Lubbock Social Security Office will be in Littlefield on April 18 at 9:30 a. m. at the Employment Office.

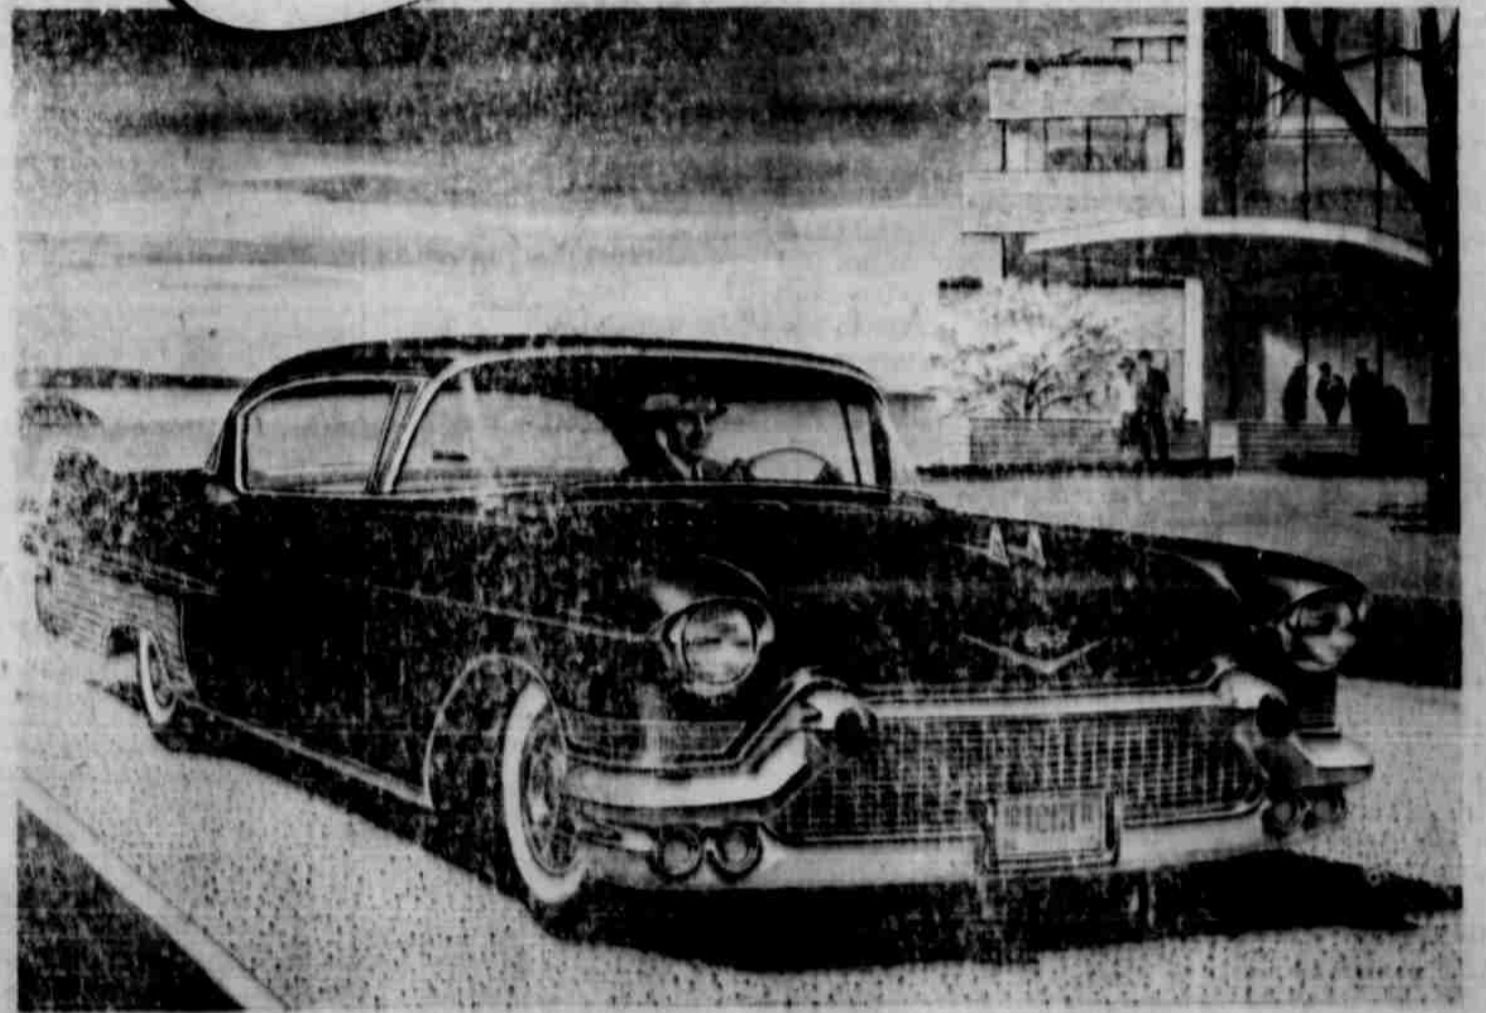

WINNING SECOND was the Littlefield 4-H team. Left to right are Rex Foutat, Hal Clarida, Bill Mote, Assistant County Agent, Bob Haney, Hal, Davis Lee Williams and Lawrence Hudson.

Highway Patrolman said that Warren, travelling towards Lubbock on Highway 34, drove off the highway onto a new section of road under construction in Hockley County. Between \$100 and \$500 in damages was done to the car, officers estimated.

## The Choice That is Never Challenged!

Drive a Cadillac over any period of time you wish—and the odds are that no one will ever question your choice of a motor car.

For almost everyone understands the instincts that lead a man to Cadillac. Rare is the motorist, in fact, who does not have his own heart set on the "car of cars".

Certainly, this is as it should be. For Cadillac's virtues are simply too numerous to be overlooked—and too apparent to be misunderstood.

Who, for instance, could behold a new Cadillac and not proclaim it the most beautiful and majestic of automobiles?

Who could ride in a new Cadillac and not recognize its extraordinary luxury and comfort?

Who could drive a new Cadillac and not pronounce it the crowning achievement of automotive engineering?

And who—knowing of Cadillac's many economies of ownership could fail to recognize it as the finest investment in all motordom?

Indeed, the reasons for choosing Cadillac are as valid as they are numerous—and we urge you to visit your dealer at your first opportunity and discover all of them for yourself.

Why not spend an hour at the wheel—and select your favorite Cadillac model as your own?

You can rest assured—the whole world will approve your choice!

### EDITORIALS

#### Summer Is Too Late

The hance are that somewhere in your vicinity next summer an ambulan e may go clanging down the street and the next day you will learn that a neighbor has been stricken with paralytic polio.

Then you will remember that in the spring you had read about a polio vaccination drive. Of course, you had MEANT to get your family and yourself inoculated. But somehow you had put it off. It wasn't convenient just then; you'd do it later; it slipped your mind.

So, at the height of the summer polio season, you find yourself unprotected. A cold shiver comes over you as you recall pictures of young limbs in metal braces, young faces protruding from iron lungs.

Anxiously you telephone your doctor. Yes, he says, the Salk vaccine is effective against paralytic polio. "But," he adds, "it takes seven to 10 days for the first shot to take effect, then a wait of two to six weeks for the second shot that will provide reasonable protection for the polio season."

You load your family in your car and you get your first injections. But days pass while you wait - and fear gnaws at your heart. Suppose the disease strikes before the vaccine builds up its defenses? How could you ever forgive yourself?

If you act NOW, you need suffer no such fear and guilt. This is one time when delay may literally be fatal.

#### Feel the Urge to Write?

Naturally an editorial writer doesn't expect the majority of his readers to agree with him on every editorial. The average writer of editorials is not so naive to feel that his editorials are read by all of the paper's subscribers. Of course he realizes that there will be disagreement and sometimes hurt feelings, especially when he is bold or stupid enough to print the truth.

There are times when it is a bad practice to have the editorials always written by one person. They are inclined to sound stale and off-time in a rut.

For these reasons, the newspaper encourages that readers use the "Letter to the Editor" columns. The editorials contain the thinking of one person and he can be wrong. If your thinking conflicts with that of the writer to the extent "that he ought to be taken down a peg", it's very easy to do it. Just write your piece, sign your name, bring or mail to the office. It will appear just as you have written it, unless it is necessary to strike out phrases or words that are not in good taste or border on libel.

The editorial pages are usually designed to stimulate thought and opinion. One way to do this is to have as much varied thought and opinion as possible.

#### Grassroots Opinion

CHICO, CALIF., ENTERPRISE-RECORD: "Unions are private non-governmental organizations. So are churches, so are political parties. The membership activities of private organizations morally range in the recruitment realm of voluntarism, and such organizations, in our opinion, enjoy no ethical rights of arbitrary conscription."

DILLON, S. C., HERALD: "We should not allow our young people to enter the adult world unarmed against Communism. They should have the best armor that we can give them. And the best armor against Communism is the truth about it - what it is, how it originated, what it does to destroy individual rights and human freedoms. Thus armed, our young people can be vigorous champions of Democracy, and not merely subservient followers of it."

ALBANY, ORE., GREATER OREGON: "Forty-four years ago on February 25, the federal government was given the power to levy an income tax on individuals. It was felt at the time that with a \$5,000 a year income paid \$20 tax; today he pays \$944. Rates the first year were 1 to 6 percent; they range today from 20 to 91 percent."

TAYLORVILLE, ILL., DAILY BREEZE-COURIER: "It costs each of us MORE when the Federal government helps us to pay for our local, state and community improvements. . . . A great many people have been fooled into thinking that grants-in-aid are fine and they as such have become quite popular on the strength that someone else is paying the bill but . . . everytime we avail ourselves of these pleasures it ends up costing us more than it would have had we taken care of ourselves."

NORWALK, CONN., HOUR: "Three years after the start of the monthly investment plan, by which small investors are enabled to buy stock on a pay-as-you-go basis for as little as \$10 a month, a surprisingly large number of people have become stockholders in various corporations, and are continuing to build up small estates for themselves. They are taking advantage of the installment buying to share in the wealth and growth of American industry and accumulating a nest egg for the long pull."

### Highlights and Sidelights From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, Tex. —Travis County grand jurors are going to be busy. Legislative investigation committees have dumped into their laps piles of testimony about the two biggest news developments of the year.

House ICT panel asked the jury to consider evidence suggesting that (1) Insurance Department employees received payments from ICT and (2) company officials may have violated state law prohibiting political campaign contributions by corporations.

Committee called acceptance of ICT money by former Insurance Commissioner J. Bryon Saunders and Max Wayne Rychlik, son-in-law of former Chairman Garland Smith, evidence of "a gross breach of public trust." It also recommended the jury look into whether funds made available by ICT to the Texas Federation of Labor were used for political purposes.

All in all, committee report showed some \$50,000 in ICT funds went to persons who were in public office when they received the money. It said "propriety of some of these payments was highly questionable."

Also sent to the grand jury was a "new major development" by the House bribery investigating group. Nature of the development was a closely guarded secret.

Only information disclosed was that "new evidence" had been obtained from a witness who had been under Department of Public Safety questioning. Witness was not a state official or employee, said the district attorney.

NEW LAWS, STUDIES — Besides providing grand jury evidence, House ICT Committee had three other recommendations.

They were: (1) that a law be passed giving the Insurance Commission authority to regulate management contracts, such as on Ben-Jack Cize had with ICT, (2) that the Texas Research League be requested to study Commission operation and (3) that further investigation be made into the tangled history of ICT's financial "deals."

NEW SENATOR — Ralph Yarborough will take office as junior U. S. Senator from Texas on or sometime after April 19.

Yarborough was defeated in four previous races — three for governor, one for attorney general. His victory meant that for the first time in years a spokesman for the labor-liberal wing of the Democratic party will go into a major Texas office.

Republican hopes for a two-party Texas plummeted. In the high-man-wins race Yarborough got approximately 37 per cent of the votes; Conservative Democrat Martin Dies, 30 per cent; Republican Thad Hutcheson, 23.8 per cent.

MONEY BILL PASSED — Legislative blueprint for state spend-

ing during the next two years has reached the conference committee stage.

An economy-minded Senate passed the general appropriations bill at a figure some \$2,000,000 less than the House-approved version. Sponsors managed to scotch all efforts to tack on amendments for additional spending. Among items sought were raises for county agents and home demonstration agents and increases in judges' salaries.

Total of the Senate appropriation bill is \$2,084,349,515. Both House and Senate recommendations are some twenty-five to twenty-seven million dollars less than the comptroller's estimate of income.

INSURANCE BILLS — A bill to allow "flexible rates" for casualty insurance is given little chance of passage. Senate Insurance Committee refused to vote out the measure which would abolish Texas' system of statewide uniform rates. The proposed bill would set a rate based on each individual's accident record.

A House committee weighed the possibility of Insurance Commission reorganization from the view point of present Chairman John Osorio. Governor Daniel had appeared earlier urging passage of the bill.

Osorio said board reorganization already is under way. He said he felt it could be successfully carried out under present laws. Real difficulty of the commission, he said, is not top level organization, but need for more examiners. He recommended a 150-man staff, rather than the present 39, and higher pay.

SECURITIES DEPARTMENT — Creation of a new state agency to regulate both insurance securities and other types has Senate

committee approval. Presently, insurance securities are handled by the Insurance Commission, general securities by the secretary of state's office.

Sen Jimmy Phillips introduced a bill putting insurance securities under the secretary of state. That's just in case the consolidation bill doesn't pass, he said.

WATER BILL SIGNED — Governor Daniel signed into law a measure allowing the Water Board to cancel unused water permits.

Water conservation program leaders had claimed the r-s-w rule would solve "75 per cent of Texas' water problems." Some cities had protested it would allow the board to take from them water they needed for future expansion.

Proponents said Texas now has outstanding permits for more water than is available, but all of it is not being used. Cancellation of unused permits, they said, would allow the water board to reassign water for beneficial use.

ARCHIVES BUILDING — Governor Daniel has given his blessing to a plan for a new building for the State Library and Archives and the General Land Office.

A bill providing \$2,500,000 for such a building is before the Legislature. Funds would come from a surplus in the drivers license fee fund.

AD BILL PASSED — House added an industry-matching amendment before passing a Senate measure to allow state advertising as long as they are matched by private interests.

House sponsors said they hoped the conference committee would eliminate this feature. SHORT SHORTS — Time is running out to have cars safety inspected, warns the Department of Public Safety. Deadline is April

### Sandhills Philosopher Rumsfeld Farm On International Level

Editor's note: The Sandhill Philosopher on his Johnsongrass farm explains his farming operations this week, or at East we suppose that's what he's doing.

This is what I'm taking. You'd think we'd had an agreement with Nasser before we put up the money to clear it out himself, since it was his.

The way it stacks up, nobody built the canal for Egypt took it over. Egypt took it over, and we're having them cleared out. Nasser is still in charge with having put up pay money to start to finish.

This is known as opening the international level. As I understand it, Mr. Nasser, the president of Egypt, took over the canal last Fall from its builders, England, France and a few others, and England and France started a war to get it back.

Then Nasser sank 47 ships in the canal and that blocked it off from everybody.

Well, then the United States and the United Nations talked England and France into calling off the war, which they couldn't afford to wage anyway, and everybody agreed to something. What it was, nobody seems to know for sure.

At any rate, the United States put up 17 million dollars to have the canal cleared of those sunken ships, and now that the canal is

### Here's what makes it a new kind of Ford

The frame is wider . . . wheels are lower  
(Lets you ride sweet and low)  
Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the new front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quietness going "Inner Ford."

The power is bigger  
(Most power in Ford's 25 years of V-8 leadership)  
And what a V-8 engine! You can have the kind of Thunderbird power that smashed records at Dayton . . . set a new stock car mark at Indianapolis . . . traveled 50,000 miles in just 20 days at Bonneville, Utah!

The comfort is greater  
(You've never had it so plush)  
You sit in the lap of luxury. There's head room, leg room, leg room galore. And wait till you get a load of those new upholsterys and color schemes!

The body is "beefier"  
(Up to 9 inches longer, 4 inches lower, with full head room, full road clearance)  
From top to floor, front to rear, this body is built like a "battleship." You ride surrounded by new strength.

...and best of all it's the lowest priced of the low-price three!

# New College Campaign Now More Than \$260,000

With only thirteen of the 104 participating groups of members of the Churches of Christ in West Texas and Eastern New Mexico having completed their solicitation, C. T. Shipp, Area Chairman for the Lubbock Christian College Campaign announced today that over \$260,000 has already been subscribed.

Approximately \$500,000 has been raised among the congregations of ten churches in Lubbock and it is the object of the area campaign to raise a similar \$500,000 goal making, in all, the contributions by the members of the Churches total \$1,000,000.

In a statement made by Dr. F. W. Matrox, President of the new school, regarding the area total of over \$260,000 he said, "With 37 groups having turned in only partial reports, 27 more working but having made no report and 28 groups yet to begin their campaign, there is no doubt of our reaching our \$500,000 objective."

Paul Sheerod, Chairman of the Board of Trustees, believes that the area solicitation could easily reach \$800,000 to \$750,000. Effort is being made at this time to complete all solicitation by May 1st.

Under the leadership of the local chairman, Mr. John Ritchey, the members of the Littlefield Drive Church of Christ have raised \$15,181 for the new college.

Mr. Wilborn Dennis is the minister for this congregation. Mr. Frank Bozeman of Springlake is the County Chairman for Lamb County.

## Texas "Hot Check" Law Amended To Cover Wages

AUSTIN — An amendment to the Texas "hot check" law that makes employers liable for paying their employees with checks that "bounce" has been signed into law by Gov. Price Daniel.

Charles T. Lux, executive vice-president of the Retail Merchants Association of Texas, said the new amendment closes a loophole in the "hot check" law. "Until this amendment was signed, a retail business or any other place of business that accepted worthless checks presented in good faith by workers had practically no legal recourse to recover its loss," Lux said.

"Now under the new amendment employers who give checks that prove to be 'hot' are subject to criminal prosecution and may be fined up to \$2,000 and sent to jail for 30 days if the amount involved is less than \$50. If the amount of the worthless check is more than \$50, then the penalty is from two to ten years in prison and a fine up to \$10,000."

Lux said the new amendment hundred cases in Texas last year where employers paid off their workers with worthless checks causing the places that cashed these checks to lose many thousands of dollars.

Prosecution of these cases under the Texas "hot check" law was difficult because provision did not cover checks given as
