

### J. J. White Dies Here Saturday

J. J. White, 71, of Paris, Texas, passed away at a local hospital at 12:15 noon Saturday as a result of a kidney ailment.

Mr. White, who has been in failing health for the past three years, operated a grocery store at Paris. He took ill about three weeks ago, and members of his family went to Paris and brought their father to the home of his son, L. E. White, 15 miles west of Littlefield.

Mr. White was admitted to the Payne-Shotwell Hospital the Monday previous to his death, where he underwent an operation.

Previous to operating the grocery store at Paris, Mr. White had made his home with his daughter and son-in-law, Mr. and Mrs. M. M. Holbert, at Abernathy, Texas; and with his son, L. F. White, and daughter, Mrs. A. A. McMahon, both of whom live 15 miles west of Littlefield.

Funeral services were conducted at 4 o'clock Sunday afternoon at the Methodist Church, Abernathy, with Rev. Frank Beauchamp, pastor, officiating; and burial, in charge of Hammons Funeral Home, took place in the Abernathy cemetery.

Mr. White was born in Bent Grant County, Ark., July 28, 1875. He was a member of the Methodist Church for many years.

Surviving deceased are six children, three sons and three daughters.

The daughters are: Mrs. M. M. Holbert, of Abernathy; Mrs. A. A. McMahon, of 15 miles west of Littlefield; and Mrs. Ernadel Raley, of Houston.

The sons are: L. E. White, of 15 miles west of town; Jim White, of Houston; and Arnold White, of Linden, Texas.

Mr. White is also survived by his mother, Mrs. Martha White, of Dallas, who is 92 years of age; 18 grandchildren and one great-grandchild.

Deceased is also survived by one sister, Mrs. F. J. Clark, of Dallas, with whom his aged mother makes her home.

### Scouting Movie Will Be Shown

As announced by Huston Hoover, neighborhood Scout committee member, a meeting for all boys interested in Scouting will be held at the High School auditorium Tuesday evening, Sept. 17.

It is the plan to organize two troops at that time—Troop 26, which is sponsored by the Rotary Club, and Troop No. 41, which is sponsored by the Lions Club.

This meeting is said to be for the whole family, and particularly are parents cordially invited.

There will be a 55-minute movie on Scouting, which will start promptly at 8 o'clock, which promises to be both entertaining and educational. A good attendance is expected.

### Takes Prisoner To Penitentiary

Sheriff Sam Hutson returned from Dallas Monday with Harold Bell, who was indicted recently by the Lamb County grand jury on a charge of forgery and car theft.

Bell was arrested by the Dallas officers on orders from the Lamb County sheriff's department.

A check was reported forged on Lewis Ball of Hart Camp, and his car was also taken, which was found at Amarillo with the motor burned up.

Sheriff Hutson accompanied to the penitentiary at Huntsville Wednesday Mrs. Holden (Mills), who was also indicted recently, and who was sentenced in district court to three years in the penitentiary.

Sheriff Hutson also delivered a juvenile girl, age 14, from Olton to the reformatory at Gainesville on the same trip.

### Gets Assignment of Military Air Attache, Embassy of USA

Tilden Wright, son of Mrs. Vernie Wright, now of Dallas, formerly of Littlefield, has received assignment as Military Attache, Embassy of the United States of America, with headquarters at La Paz, Bolivia, with the rank of lieutenant-colonel.

This information was sent the Leader by Lt.-Col. Wright's mother in a letter received Wednesday.

Wright is a graduate of West Point, has always been a brilliant student, and has made an outstanding military record.

Lt.-Col. Wright has many friends in Littlefield and area who will be pleased to learn of his fine promotion.

Mrs. Wright's letter to the Leader further states: "Tilden graduated from the Littlefield High School in the class of 1933, and during that year won for the school the state cup for extemporaneous speech. He is always so interested to know anything I can tell him about his old classmates, and I feel and hope they are still interested in his welfare and advancement, too, and that is why I am giving you this information for your paper."

"I miss friends in the home town very much, and think often of them, and am always glad to have any of them drop by and see me when they are in Dallas."

"Tilden flew down from Washington this past weekend, and will probably get to come back for another short visit with me before he leaves the States."

VOL. XXIV LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, SEPTEMBER 12, 1946 No. 25

### Go Western Or Endure The Consequences

Yes, folks, it's true . . . the big watering vat in front of the First National Bank is for dipping folks who don't don some article of rodeo attire and wear same until after the big rodeo being staged here Thursday, Friday and Saturday of next week.

All members of the Lions Club, the Jaycees, the Rotary Club, and members of the Senior Chamber of Commerce are especially warned that if they appear on the down-

town streets of Littlefield without wearing a wild-colored shirt, tie, cowboy boots, or one of those 10-gallon hats, they will have to endure the consequences, which will be a real ducking in the big vat.

It looks like the prevailing apparel on Littlefield streets should be either cowboy attire or a bathing suit.

Rev. Orbin Turner, pastor of the First Methodist Church, is reported

to be in charge of the "ducking."

A reporter from the Leader, on noticing Rev. Mr. Turner presiding at the vat Wednesday, inquired of the reverend gentleman if he, in fact, was going to inflict the punishment charged to him, and he said: "Yes; and I don't intend to fool around a minute with these people who do not have on cowboy regalia."

### Bank Robber Gets 50 Years In Pen

Moosa Pierce, paroled convict, charged with the armed robbery of the Levelland State Bank Aug. 21, was indicted by a grand jury at Levelland, tried in open court, and formally sentenced to 50 years in the state penitentiary in less than an hour's time Monday.

Court officials said they believed it was a new record in the handling of a major criminal case.

The grand jury was empaneled at 10:30 a.m. and returned an indictment 30 minutes later. Pierce was called to trial in Judge Dan Blair's 72nd District Court and entered a plea of guilty. The state offered two witnesses who described the bank robbery and identified the defendant.

The bank was robbed by an armed man who forced employees to lie on the floor while he took about \$15,000 and left by a rear door. Later all the money was recovered except one nickel, which Pierce said he had spent for a cup of coffee. After the robbery, Pierce said he spent about two hours in a Levelland theater.

### Sgt. Lloyd Chapman Arrives Home From Year In China

Gy/Sgt. Lloyd Chapman of the Marines arrived home Wednesday morning from Tsingtao, China, where he has been stationed a year.

Gy/Sgt. Chapman is home on a 30-day furlough.

He arrived at San Diego August 31, and was met at Clovis by the Marine's father, Dee Chapman, and his brother and sister-in-law, Mr. and Mrs. Jimmie Chapman.

Chapman has been in the service nine years.

### Tommie Ann Bogard is Bula Rodeo Queen Entry

Miss Tommie Ann Bogard, daughter of Mr. and Mrs. Tom Bogard, of Bula, sponsored by H. C. Nickels' Score, Bula, will represent Bula as a contestant for the queen of the rodeo.

Miss Bogard is a sophomore in Bula High School, and has been a resident of Bula for about five years. Her parents are prominent farmers of the Bula community. She is an attractive brunette, exceedingly popular, and has a very pleasing personality.

Mrs. Birdie Cook, mother of Mrs. Henry Banks, of Tulsa, Okla., is ill and a patient in a Tulsa hospital. She is suffering from high blood pressure and complications.

### Steer Roping At Levelland, Sept. 15

Levelland Rodeo Association's big steer roping and branding is scheduled to begin at 2 p.m., Sunday, Sept. 15, with eight notable ropers as contestants. Setting for the show—first of its kind in the area—will be Texas' largest rodeo arena, south of the Levelland business district.

The event has been termed "History Greatest Single Steer Roping and Branding." The eight professional performers will each rope, trip and tie for branding five 900-pound Mexican steers for a purse of \$8,000.

### QUEEN OF SUDAN FALL FESTIVAL

—Picture Courtesy of Sudan News.

Miss Virgie Baccus, pictured above, won first place in a contest Saturday, August 30, sponsored by the Sudan 1935 Study Club, in connection with the Fall Festival celebration held at that city. Miss Baccus will represent Sudan in a contest for Queen of the Littlefield Rodeo.

### Mrs. Pat Boone Named Production County Chairman

Conditions Said To Be Deplorable In War-Torn Countries

It was announced this week by Dr. Ira Woods, Lamb County chairman of the American Red Cross chapter, that Mrs. Pat Boone has been appointed production chairman in the place of Mrs. Simon D. Hay of Sudan, who resigned a few weeks ago.

Mrs. Boone's duties will be to organize the county for a sewing program for the war-stricken countries overseas. She will appoint a chairman in each town in the county to get the work under way.

In a letter received by the local chapter from American Red Cross, Midwestern area headquarters at St. Louis, it was stated the conditions in the war-torn countries were indeed deplorable and as winter approaches it could be expected to be much worse, and it was believed that if the people really understood the need was so great, they would be willing to give of their time, even though they were tired from the long years of war service.

It was also stated that needs for the hospitalized service men was also far greater than many people realized, and requested that all yarn on hand in the chapter be knitted up for this purpose.

Mrs. Boone is a very well known and capable person, and will do an excellent job in this capacity as production chairman. She will also be a member of the Red Cross executive board, as all service chairmen are.

Mrs. Hay was production chairman since 1940 until a few weeks ago, and was certainly an outstanding worker. She gave unselfishly of her time all during the war and was instrumental in putting over a tremendous production program with the help of others from over the county.

It is hoped the women of Lamb County will extend Mrs. Boone the same support they gave Mrs. Hay.

### Lavender Motor Supplies Car For Miss Littlefield

The Lavender Motor Company, of which W. E. Lavender is manager, is supplying Miss Littlefield with a car for her personal use during the rodeo. The automobile so supplied is a Chrysler four-door sedan.

In this automobile a group representing the Littlefield Jaycees went to Lubbock Wednesday afternoon and purchased the rodeo attire for Miss Littlefield to wear.

Those making the trip to Lubbock were: Miss Dorothy Perry, who is Miss Littlefield; Mr. and Mrs. W. E. Lavender, Jack Jope, president of the Littlefield Jaycees, and Mrs. Pope and Miss Ramona Eagan.

### Nearly Inch Rain Falls Here Tuesday

Scattered but heavy rains fell over the South Plains Tuesday night. Littlefield received 95/100ths of an inch. Rain began falling about 7:30 p.m., and continued heavy for over an hour.

The rain was reported to be fairly general in the Littlefield trade area.

### Grandstand Has Seating Capacity For 3,000 People

Work is about completed on the building of 320 additional feet of bleachers, allowing seating capacity for 1400 more people. In all, the seating capacity at the rodeo grounds is now about 3,000 people.

### District Scout Meeting Postponed

The district Scout meeting, which was scheduled to be held at Sudan September 24, has been indefinitely postponed, due to a protracted church meeting. The Scout meeting will be held at a later date.

### Three Buses Are Chartered; Rally Will Be Staged

Queen of Rodeo To Be Selected During Parade Opening Day

Plans are progressing nicely for the Littlefield Rodeo, being sponsored by the Junior Chamber of Commerce, and to be held Thursday, Friday and Saturday, September 19, 20 and 21.

At a meeting of the publicity committee held Monday morning at Dunlap's it was decided to ask that all business establishments close for the opening parade. The parade Thursday afternoon, September 19, will start at 2:30 o'clock in the afternoon, and it is suggested that business houses close from 2 to 4 p.m., to permit everyone possible to attend the celebration.

The parade will start from the courthouse.

A number of cities over the South Plains have been invited to sponsor a candidate for Queen of the Rodeo, and the following have responded to the effect that they will send contestants: Clovis, Plainview, Bula, Sudan, Anton, Friona, Bovina and Lubbock. The Queen of the Rodeo will be selected during the parade.

Miss Dorothy Perry, who was selected "Miss Littlefield," will be hostess to the visiting contestants.

Plans are also about complete for the chartering of three buses, which will make goodwill tours to various cities and towns Monday next, advertising the rodeo.

Tickets are being sold for these trips at \$4.95, including lunch, and may be secured by contacting Jack Pope, at Pope's Cafe, or E. E. Wesley, at W-W Electric. However, it was announced at Monday morning's meeting that all tickets for bus No. 1, which will be under the leadership of Mr. Wesley and will make Clovis, N.M., and all intervening points, have been sold; but that tickets might still be obtained on either bus No. 2, with G. M. Shaw as leader, which will call on cities and towns between Littlefield and Plainview, or bus No. 3 which, with Wayne (Tramp) Brown as leader, will call on intervening points between here and Lubbock.

The Leader has been asked to explain that the Jaycees are hoping to have the business establishments represented on these booster trips 100 per cent, and that if the owners or operators are not able to attend, they may send someone else to represent them.

These buses will leave Littlefield Monday, September 16, at 8 a.m., and return to the city at 7:30 p.m., in time to stage a rally and program in the evening advertising the rodeo.

All passengers are requested to gather at the bus depot at 7:30 a.m. The leaders on the buses will be accorded radio time at Clovis, Plainview and Lubbock, and it is expected they will talk over the radio, advertising the rodeo.

Aboard the buses there will be furnished a splendid program for the entertainment of everyone, and at the various cities and communities where stops are made. There will be band music, quartets, who will render music and singing, and other entertaining features.

### Monday Hottest Day of Week

High temperature for the week was recorded Monday, when the West Texas Gas Company thermometer recorded a reading of 96 degrees.

Other temperatures the past several days were: Thursday, low 69, and high 90; Friday, low 69 and high 90; Saturday, low 67 and high 87; Sunday, low 69, and high 83; Monday, low 66, and high 96 and Tuesday, low 70, and high 90.

## Country Roads and Rural Education

"The little red school house" is passing from the American scene. But in many instances, the condition of country roads has prevented our substituting the modern consolidated school with its motor bus transportation, Charles M. Upham, engineer-director, American Road Builders' Association, told a group of county highway officials at Washington, D. C., recently. A survey of 71 counties showed that 69 per cent of the rural schools are situated on mud roads, Mr. Upham said.

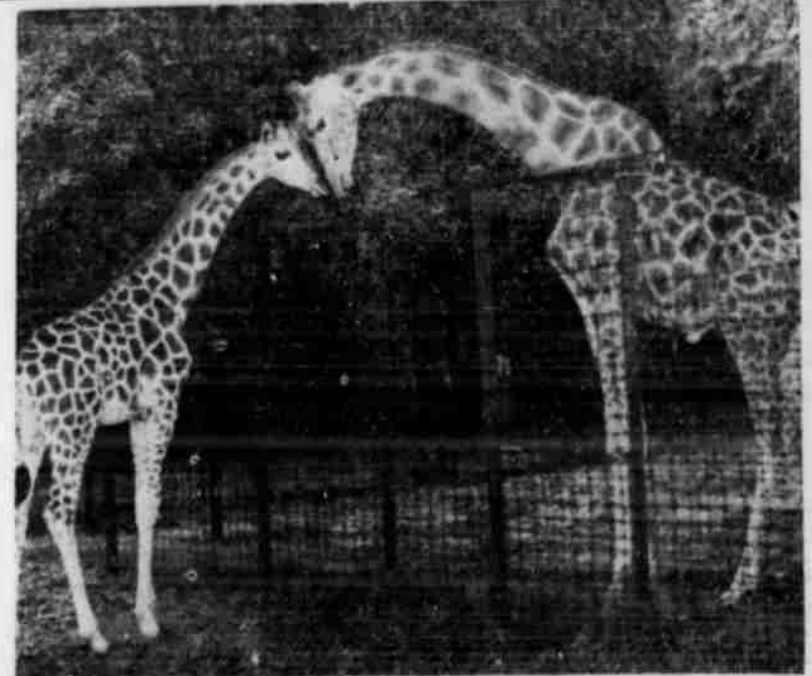

"Educators agree that the consolidated school is far superior to the one-room, one-teacher country school, but district schools cannot be merged without adequate roads that are passable the year around," Mr. Upham said. "In 1940 there were 113,600 one-room schools in the United States. In 1944 there were 96,302, but not all of the reduction can be attributed to consolidation, for school building lagged during the war years.

"In 1944 it was estimated that there were between 5,000 and 10,000 consolidations that should be made, but a study of 5,800 schools found 4,000 were

on mud roads," the engineer-director continued. "Today 4,400,000 children from rural areas go to class in 40,000 consolidated schools. They require from 80,000 to 90,000 buses which travel an average of 25 miles daily in one-way operation.

"It is interesting to note that the average transportation cost of \$24.50 per pupil per year is actually less than the same pupil would spend in street-car or bus fare in the average city," Mr. Upham pointed out. "The centralized rural school not only offers better educational facilities but the ratio of absences is materially cut. Those who recall the country schools of their childhood will also remember the times they 'stayed out' because the roads were block by snow or impassable from mud."

All-weather surfaces for secondary or feeder roads will not only benefit rural education but will have a definite dollar-and-cents value to the farmer in delivering produce to market and in many other ways. Road-united rural homes and schools, road-united towns, road-united states and a road-united nation are aims in which every citizen has a stake, Mr. Upham concluded.

**BOY MEETS GIRL . . .** A fence at the Bronx zoo in New York is no barrier to two lovers who do a bit of long range necking as they meet for the first time. Jack, right, a 15-foot 17-year-old giraffe, decided it was time to have a mate, so a 3-year-old female named Jill (left) was imported from East Africa. They'll occupy adjoining compartments because it will be a couple of years before the romance blossoms.

\$11, Wichita; and medium and good cows \$10 to \$13, Fort Worth. Oklahoma City moved beef cows from \$13 down to \$9. Denver quoted common to good cows from \$10 to \$13 a cwt.

Wheat, oats and barley held about steady this past week under fair demand, but yellow corn, sorghums, and some feedstuffs declined slightly. Current boxcar shortage restricted movement of all grains. Rice markets remained inactive. Growers and millers were awaiting expected revisions of the rice order and boosts in price ceilings.

## New Regulations Eliminate The 'Veteran Broker'

New regulations which will immediately eliminate the "veteran broker" and afford World War II veterans seeking to set themselves up in business by acquiring surplus goods are now in effect, according to Hamilton Morton, regional director of War Assets Administration in Fort Worth.

"A small number of veterans have in the past been obtaining certification for the purchase of surplus property by representing themselves to be engaged in or about to engage in an established business, whereas they have actually been found to be merely representing commercial dealers in buying up surplus property," Morton added. He stated that this practice has resulted in not only depriving the veteran seeking to go into business for himself of short supply items, but has served to enable some dealers to get veterans to act for them in acquiring property considerably ahead of normal dealers' buying position by utilizing the veteran under the number two priority granted ex-servicemen by the Manasco Act of Congress.

Under stringent regulations now in force, veteran purchasers seeking to buy from War Assets Administration will be protected, since all new applicants for certification will be required to produce three credentials not formerly requested by WAA. They are (1) evidence that he is or will be engaged in business requiring the property sought; (2) a copy of lease, rental agreement or other evidence of control of warehouse or storage space sufficient to house property sought; (3) evidence of possession by applicant of licenses required by law.

All certificates already issued to veterans buying property for resale are now being reviewed by the Fort Worth WAA office and steps are being taken to recall and cancel all such certificates now in the hands of veterans who fail to submit the required evidence of being engaged in or about to engage in the business set forth on their original application, upon request.

A statement from the chamber of commerce, trade association, board of trade, or the applicant's bank would constitute the required evidence.

Veteran applicants for the purchase of ferrous and non-ferrous items have all been advised and must comply by September 10 or have their certificates cancelled on that date. All other certificate holders for business purchases must promptly have their certificates reviewed, reissued and re-certified. WAA pointed out that, in order not to prejudice dated previous certifications, all veteran certificates reissued will carry seniority from the date of original certification.

## Tech's First Game Of Season With W.T. State September 21

Indications are Dell Morgan, Texas Tech head football coach, will be able to field one of the strongest teams in Tech's football history this season, with the first game the night of Sept. 21 against West Texas State.

Upwards of 150 candidates reported and from these Morgan will have a hard time selecting starters. About 60 per cent of the aspirants are war veterans, most of them big and rug-

ged. Tech will take to the road after its first home game with West Texas, visiting San Antonio, Sept. 28, for a

game with the Texas Aggies, and Dallas, Oct. 5, for a game with SMU as a feature of West Texas Day at the State Fair of Texas.

Fans expect Morgan to start a team composed entirely of war veterans, at least as starters.

Certain to see plenty of action this year are: Ted Moss, 225-pound Amarillo freshman and ex-Marine; Jimmy Blessen, 200-pound Amarillo tackle; Calvin Steveson, 200-pound end from Brownfield; Roland Nabors, 208-pound six-foot, three-inch center from Lubbock; Glenn Lewis, speedy Quitaque back; R. W. Moyers, 210-pound Lubbock end and letterman; James Reed, 200-pound Ball guard; J. W. Thompson, all-state back from Odessa; and Bennie Winkler, 210-pound Temple tackle.

Advance ticket sales indicate virtually all of the west stand at Tech Field will be sold to season ticket holders before the season opens. Morley Jennings, athletic director, has been urging fans to send in reservations for several weeks.

In addition to the West Texas game, Tech's home schedule includes four afternoon games: Oct. 19, Baylor homecoming; Oct. 26, Denver; Nov. 9, New Mexico; and Nov. 16, Oklahoma A&M, winners of the 1945 Sugar Bowl game.

All monkeys and human beings have eyes with round pupils.

## GEMS of THOUGHT

**Labor: Its Reward**  
There never was a person who did anything worth doing that did not receive more than he gave.—Henry Ward Beecher.  
The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life.—Charles M. Schwab.  
I look on that man as happy who, when there is question of success, looks into his work for a reply.—Emerson.  
The right thinker and worker does his best, and does the thinking for the ages. . . . He improves moments; to him time is money, and he hoards his capital to distribute gain.—Mary

Baker Eddy.  
God has so made the mind of man that a peculiar deliciousness resides in the fruits of personal industry.—Wilberforce.  
The hope, and not the fact, of advancement, is the spur to industry.—Sir Henry Taylor.

**FOOD CONFERENCES FOR YOUTH URGED**  
Youth United for Famine Relief, national organization of teen-agers, has urged all youth organizations in the nation to hold food conferences during the week of September 23. Purpose of the conferences will be to enlist boys' and girls' interest and aid in the famine relief program.

A New York printer, who was trying to win an award from a billiard ball manufacturer seeking a substitute for ivory, is credited with the development of celluloid.

## Cotton Advances To New 26-Year High

Cotton prices advanced to a new 26-year high last week while other Southwest farm products held steady except for lower trends on cattle, according to USDA's Production and Marketing Administration.

Southwest fruits and vegetables held generally steady under good to moderate demand this past week as shipments began their seasonal decline. New Mexico, Colorado and Kansas onions showed about the only weakness. However, end-of-the-season watermelons from Oklahoma and Arkansas found ready to easier prices because of cooler weather at consuming centers. Both sweet potatoes and Irish potatoes were higher than the previous week. Colorado reported stronger shipping point prices for cauliflower and green peas. Arkansas and Oklahoma apples, Colorado peaches and Southwest grapes were in good demand at firm to stronger prices.

Rains benefitted the peanut crop and delayed harvesting. Demand for shelled goods was rather light with some sales mostly at old ceiling on number one stock.

Seasonal decline in egg receipts helped strengthen prices at most Southwest markets last week. Hens and fryers were stronger, too, and held a favorable position in relation to diminishing supplies of other meats.

Cotton prices sagged early last week, but climbed higher later. Inquiries were numerous, but the volume of sales was limited by scarcity of offerings.

Broad demand quickly cleared small hog receipts at Southwest markets last week. Most offerings sold at ceiling of \$16.05 a cwt., San Antonio and Fort Worth; \$15.95, Oklahoma City; \$15.90, Wichita; and \$16.20, Denver.

Southwest sheep and lambs were steady to strong at most markets last week compared to the week before. San Antonio sold common and medium spring lambs at \$11 to \$12.75 a cwt., and medium and good ewes at \$6 to \$7. Medium and good slaughter lambs ranged from \$14 to \$15.50, Fort Worth. Top price for springers at Oklahoma City and Wichita was \$17.50. Denver quoted medium and good springers at \$16 to \$18.

Cattle receipts dropped sharply nearly the close of last week and prices declined slightly at most Southwest markets. Good beef steers were almost absent. Cows made up most of the daily runs. Common and medium cows brought \$8.75 to \$11 a cwt., Houston and San Antonio; \$9 to

### Sudan Stadium To Be Dedicated

Masten Stadium at Sudan will be officially dedicated Friday night, Sept. 13, with the program starting at 7:30 o'clock.

The Sudan-Hereford game immediately following the dedication will be broadcast play by play over a public address system set up for the occasion.

### MAY LOVE NEVER COOL!

Seidom has a hotter place been chosen for a wedding than that of Mr. and Mrs. I. E. Williams of Salt Lake City. Williams, a stereotyper for the Salt Lake Tribune-Telegram, decided to get married where he works. So the wedding was performed against a backdrop of a fuming, boiling furnace of lead.

SUCCEEDS DR. ELLSWORTH  
T. C. Root, for the past year assistant to President W. M. Whyburn of Texas Technological College, Lubbock, has been given the additional post of acting dean of commerce at Tech, succeeding Dr. J. O. Ellsworth, recently resigned.

### Insurance Records Moved to Dallas From New York

"GI" insurance records of West Texas veterans are now located in the Dallas Veterans Administration branch office, the Veterans Administration has announced.

The three billion dollar insurance business began moving into Dallas from New York Sept. 6 in truck convoys.

Involved was the transfer of government insurance records for more than 1,200,000 ex-GI's from the Eastern city to the Dallas branch office of the Veterans Administration.

Transfer of the records means that all veterans living in Texas, Louisiana and Mississippi will now be given insurance service by the Dallas VA office instead of New York.

A few days will be required to organize the mass of files into operating sections following which the Dallas insurance service will be activated, D. C. Pray, insurance director said.

Effective immediately, all correspondence from Texas, Louisiana and Mississippi veterans concerning

GI insurance should be sent to Dallas instead of New York or Washington, Pray added.

VA's new address for insurance business in the tri-state area is: Insurance Service, Veterans Administration: Branch Office No. 10: 1114 Commerce Street, Dallas, Texas.

Trucks loaded with thousands of cases and bundles of correspondence began leaving New York several days ago, Pray revealed. The move to Dallas will be completed by next Monday.

"This decentralization of insurance is part of General Bradley's order to break VA's activity down to 13 branch offices in the United States and speed service to veterans," Pray said.

The VA insurance director stated that a large volume of unanswered mail and unposted premium payments are being "inherited" by the Dallas office from New York.

"This backlog will have to be processed by the Dallas office along with current business," Pray said. "But we knew it was coming and we have been preparing for it."

Pray and Assistant Insurance Director L. H. Graves, Jr., have assembled and trained a staff of more than 700 insurance workers in the Dallas

Va office.

"We realize we have a tremendous task ahead of us," Pray said, "but we are confident we can whip it and give veterans the insurance service they deserve."

"Once on a current basis, VA's Dallas branch insurance service will operate exactly the same as the home office of a life insurance company and will give service to veterans equal to that offered by any commercial company."

Pray estimated that 600,000 National Service Life Insurance accounts in the Dallas branch area are active or semi-active at the present time.

"This is no way indicative of the huge insurance business that will be conducted in Dallas," he added. "We expect thousands of veterans, who have let their insurance lapse, to renew it under liberalized amendments recently enacted by Congress."

Complete information on GI insurance, he said, is available to veterans through VA contact men.

Pray urged that veterans, who will now start sending their insurance premiums to Dallas, pay by personal checks or money orders payable to the Treasurer of the United States.

All remittances should be properly

EATING CHAMP . . . Here's a man who could eat you out of "house and home." Frank Juliana of Worcester, Mass., attracted widespread attention by eating at one sitting 50 meat balls, two quarts of sauce, and drinking 17 beers plus 3 meals.

identified with the sender's name, address, serial number and policy number and marked for the attention of the collections unit.

All claims for waiver of premiums because of disability should be marked for the attention of the Disability Insurance Claims Division.

Veterans residing in Texas, Louisiana and Mississippi are being advised of the decentralization of insurance to Dallas by postcard notice.

The New York office is mailing September premium notices, giving the Dallas branch as the return address.

### Morris and Son Start Addition To Building

H. F. Morris and son, Floy, operators of the Morris Service Station, are erecting an addition to their building, which will be, when completed, 32x34 feet.

E. H. Tiddle, assisted by Herbert Pierce, is doing the work.

Work got underway Thursday on the addition.

The cement driveway will be extended, so as to permit of a large and most convenient driveway from both directions.

Washing and greasing racks will also be installed.

### 545 PUPILS ENROLL IN SUDAN SCHOOLS

Enrollment statistics for the Sudan schools have been announced by Perry Moring, superintendent. They are: grade school, 350; high school, 175.

Two new additions to the faculty have been added—Miss Yvonne Hart-sell, high school home economics teacher and Bob Wallace, commercial work and band. Mrs. Clifford Jenkins is back instructing the fifth grade after an absence of about one year.

"We didn't have a band last year, as we couldn't get an instructor," Moring said. "With the addition of Mr. Wallace to the faculty, however, we'll have one this year." Other members of the faculty have been with the school one year or longer, Moring revealed. They are Mrs. J. T. LyBrand, first grade; Mrs. Minerva Chesher, first and second grades; Mrs. J. E. Smith, second grade; Mrs. L. E. urBks, third grade; Mrs. Hazel May, fourth grade; Mrs. Perry Moring, fifth grade; Mrs. Homer Doty, fourth and sixth grades; Miss Juanita Smith, sixth grade; Francis Smith, seventh grade and high school coach; Miss Burma LyBrand, eighth grade; Mrs. L. D. Wilkerson, grade school music and high school chorus.

L. E. Burks, high school principal, Mrs. John Dean, high school English; Miss Ouida Rogers, high school English; J. E. Smith, high school science; Mrs. Anna Kitley, high school mathematics; Edgar Chance, high school vocational agriculture. Mrs. Joe Foster is holding private art lessons for

### Rev. B. P. Harrison Goes to Tatum, N.M.

Rev. B. P. recently resigned the pastorate of the First Baptist Church, Amherst, taking effect Sunday last, and has accepted the pastorate of the First Baptist Church, Tatum, N.M. Rev. and Mrs. Harrison left for their new location Monday.

Mr. Harrison has been pastor of the Amherst church for the past four years. It has progressed nicely under Rev. Harrison's leadership, and now, with a membership of 300 and a nice fund on hand, plans the erection of a new church.

A successor for the Amherst church has not been named.

### Cats' 'B' Team To Play Amherst

The Littlefield "B" team will meet the Amherst High School team at Seely Field, Littlefield, at 8:15 tonight (Thursday).

While the "A" team of the Littlefield squad cannot participate, nevertheless this will be the first game of the 1946 season for the Cats.

Admission will be 20 cents for children and 35 cents for adults.

The Littlefield starting lineup for tonight's game will be as follows: George Kirk, center; Dan Heard, lg; Freddie Dreckson, rg; Charles Powell, rt; Warrant Rutledge, it; Kenneth Evans, re; Dean Elms, le; Travis Price, qb; Joe Peel, bb; James Lee, tb; B. Lie Arends, fb.

### AIRPORT NEWS

By MRS. "TEX" CROW

Duggan Field has been quite a busy place the last few days. The new crop duster has been working overtime spelling death to bugs and worms infesting local crops. Jim McGuire and Everett Alexander are up at day-break almost every morning. They have just finished sowing 35 acres of alfalfa for Ivan Fowler and say that by now they think that Aerona could take on a job plowing if the occasion arose. These airplanes are up to almost anything.

Sunday afternoon found most of the local fliers up in the air as usual and cars filling the parking area. The hangar is always wide open to everyone and an ever-increasing number of Littlefield folks are coming out looking around.

The red Taylorcraft to be seen over Littlefield almost every day belongs to Joe Walters.

Three new students have been enrolled this week. They are Joe Pat Anders of Anton, Dean Bingham and Mrs. H. L. Atwood.

Curtis Malone has been added to the staff to refuel and service the aircraft and is on the job daily.

Saturday evening the Jenkins Aircraft Service of Lubbock will be hosts to all South Plains pilots at a supper-dance in their hangar in the municipal airport there.

Littlefield has every right to be proud of its airport. We feel that it is a credit to our town and invite your inspection at any time.

### Personals

Miss Georgia Smith will return to her studies at the T.S.C.D., at Denton, this month, which will start her second year at this college. Miss Smith is majoring in journalism and also taking photography.

T. R. Brasher of Littlefield underwent an eye operation at the Lubbock General Hospital Monday morning, to have an eye which was blinded many years ago removed. When plowing a cotton boll hit Mr. Brasher in the eye, causing blindness, and recently an ulcer formed on it, necessitating removal of the eye.

Mr. and Mrs. C. E. Stone accompanied their daughter, Miss Cara Lou Stone, to Denton Friday, where Miss Stone will enroll in the Texas State College for Women.

Wolfe Shaw left Sunday for Kansas City and St. Louis, on a buying trip for Shaw's Dry Goods, to be gone a week.

Mrs. W. E. Heathman left Sunday for Dallas to take a treatment from Dr. Shellmeyer, skin specialist, Medical Arts Building. She was accompanied by her son, Charles. They returned to Littlefield Tuesday. Mrs. Heathman is bothered with eczema.

Mr. and Mrs. H. R. Ferguson and daughter, Mrs. Gene Pratt, left Wednesday for Denton, Texas, where

### VISITED HERE LAST WEEKEND

George W. Hine, state manager of Northwest Texas for the Woodmen of the World, visited the Littlefield lodge Thursday night, and spent Thursday, Friday and Saturday in this city. Mr. Hine was formerly assistant state manager of North Carolina, and on September 1 took over his new appointment of state manager of Northwest Texas. The Littlefield camp was the first lodge visited under his new appointment.

Mrs. Pratt enrolled in the Texas College for Women. Mrs. Pratt will major in music. Mr. and Mrs. Ferguson returned to Littlefield Tuesday night.

**Dennis Jones' New Service Station  
East of Town Open For Business**

Dennis Jones, who formerly operated the service station across the street from the Littlefield post office, has completed a large new service station building on the curve of the Lubbock and Levelland highways, and is now open for business.

The new service station has wide driveways from both highway 51 and highway 84, with fluorescent lights, and is constructed in every way to render convenient and efficient service.

The Dennis Jones Service Station is handling Star Tires and Cosden petroleum products, and plans to do a wholesale and retail oil business.

Mr. Jones has been a resident of Littlefield for many years, first coming to this city in 1925 and, after spending a couple of years here, went to Mangum, Okla., returning here in 1932, and entering the service station business, in which he has since continued.

The Dennis Jones Service Station will stage their formal opening at a later date.

**Co-Op Hospital May

### Car Buyers Warned To Secure Good Proof of Ownership

Buyers of used cars were warned Tuesday to secure from the seller acceptable proof of ownership as the State Highway Department moved toward wiping out traffic in stolen and mortgaged motor vehicles in Texas.

"All county tax collectors have now received instructions to hold the line in requiring proof of ownership on all applications for vehicle titles," E. J. Amey, director of motor vehicle registration, announced. Applications for Texas titles are made through local tax collectors under the present law.

"Properly assigned certificates of title from any of the thirty states having a title law similar to Texas is the best evidence of ownership. The purchaser should insist upon receiving a release of any lien recorded on a Texas title or a title issued by any other state," Amey stated.

Outlining minimum acceptable ownership proof of vehicles brought into Texas from any of the seventeen non-title states, which includes Louisiana, Amey announced: "We will accept a 1945 license receipt from Louisiana or other non-title state and the current receipt if both are in the name of the person applying for the Texas title."

"Bills of sale showing all changes in ownership must supplement such 1945 license receipt, if applicant for a Texas title is not the same person in whose name the receipt is issued," he added.

Strict enforcement of the Texas title law was endorsed at a recent meeting of car dealers, enforcement officers, tax collectors and representatives of finance and insurance companies. The meeting had been called to determine if present requirements for title were meeting with the approval of all concerned.

"Numerous stolen and mortgaged cars bearing license plates from non-title states have been sold in Texas," Amey stated. "Purchasers of such vehicles are unable to obtain valid titles in Texas and the vehicles are subject to seizure by their lawful owners."

The National Automobile Theft Bureau has estimated that the current requirements of the Highway Department have reduced sales of stolen cars in Texas by half.

Twenty-seven pounds of milk are needed to make one pound of butter.

### TEXAS IS FIRST IN TURKEY BREEDING

In a turkey improvement plan during 1945, Texas led the 23 states participating in breeding improvement work. There were 1,091 U. S.-approved turkey flocks reported in the state. Minnesota was second with 411 approved flocks reported.

MRS. JOSEPH SHIFFLETT HORNE

## Miss Mary C. Enochs and Joseph S. Horne Wed at Lubbock Saturday

Of interest in Littlefield was the marriage of Miss Mary Crawford Enochs, daughter of Mr. and Mrs. I. C. Enochs, of the Levelland Road, Lubbock, to Joseph Shifflett Horne, son of Mr. and Mrs. Cecil Horne, of the Hilton Hotel, Lubbock, which was solemnized at 8:30 o'clock Saturday night, at St. John's Methodist Church.

Mr. Enochs, father of the bride, maintained a land office in Littlefield for many years, recently moving his office to Enochs. He is interested in extensive land interests in Cochran and Bailey counties. J. H. Lucas had charge of Mr. Enochs' office here, and is now looking after his interests in Enochs.

Rev. Alsie H. Carleton read a single-ring ceremony before an altar banked with mass arrangements of magnolia and huckleberry leaves and white dahlias, softly illumined by cathedral tapers. The glistening leaves also decorated the wall panels and

the altar rail.

The bride, given in marriage by her father, wore the wedding dress which was designed for and worn by her aunt, Mrs. L. C. Nugent, the former Miss Mary Capers Enochs of Jackson, Miss. It was made with bodice of rose point lace and ivory illusion in folds over the shoulders. The skirt of panniers of ivory taffeta brocaded with silver roses extended into a square train over deep flounces of rose point lace. Her two-tiered chapel-length veil of imported ivory illusion was gathered onto a coronet of lace and she wore mitts of illusion and lace. She carried a small arm bouquet of gardenias with shower of tuberose.

Miss Martha Anne Enochs, sister of the bride, was maid of honor, and the bridesmaids were Mrs. Jack B. Boren, of Amarillo; Misses Sara Dever and Mai Eager of Jackson, and Miss Margaret Peniston, of Newnan, Ga. They wore identical dresses of jade taffeta

fashioned with low round neckline, rounded cap shoulders and full skirts falling from graduated waistlines. They wore jade taffeta half hats trimmed with Talisman roses caught with dark velvet streamers.

Hugh Ross Horne of Charlottesville, Va., served his brother as best man, and groomsmen were I. C. Enochs, Jr., brother of the bride; Richard W. DeMott, Philadelphia, Pa.; Jack B. Boren, Amarillo; and Tom Murphy, Charlie Maedgen and Robert F. (Billy) Harberger of Lubbock.

The mother of the bride wore a chartreuse crepe dinner gown with classic gold kid trimming and her hair ornament was dark green leaves with small green orchid.

The bridegroom's mother wore gray lace and chiffon and carried an old ivory fan with corsage attached.

A reception followed the ceremony on the lawn of the home of the bride's parents. Tapers burning in silver candelabra with hurricane shades illumined the bride's table, centered with two wedding ring cakes surrounded by gardenias, fever few and maiden hair fern. Red gladioli and pink roses decorated the living room and the dining room.

Assisting in the hospitalities were Mesdames Murphey, Hub Jones, R. D. Erwin, Claude B. Huhbut, J. T. Krueger, E. J. Parsons, Morley Jennings, John Jarrott, R. G. Smith, Arch S. Underwood, Charles H. Read and T. ackson Smith.

The couple left for a wedding trip to New Mexico and Colorado and will be at home after Oct. 1, on the Levelland Road. For traveling, the bride chose a dressmaker suit of brown and white wool, with beige feather hat and dark brown accessories and she pinned an orchid corsage on her furs.

The bride is a graduate of Central High School in Jackson, Miss., and of Randolph-Macon Woman's College, Lynchburg, Va. The bridegroom received his education at Lubbock High School, Bullis School, Washington, D. C.; the Army-Navy School of Marion Institute, Marion, Ala.; and at present is in his senior year at Texas Technological College, Lubbock, where he is a member of Silver Key fraternity.

## Mrs. J. Curry Visits With Friends Here

Mrs. J. Curry of Colorado City, Texa., left for home Monday after spending a week in the homes of Mr. and Mrs. A. F. Wright and Mr. and Mrs. A. F. Jones.

Mrs. Curry has spent three weeks with her daughter, Mrs. A. J. Starkley, at Portales, N.M., and was en route home when she remained in Littlefield visiting friends a week.

Mrs. Curry lived from 1925 until 1933, when she and her husband moved to Odem, Texas, where he passed away in 1935. Mrs. Curry has since lived at Colorado City, Texas. Although 74 years of age, she is very active and would be taken for many years younger.

Mrs. Curry was a welcome visitor at the Leader office Saturday afternoon, and had walked from the A. L. Wright home, which is about a mile and a half west of town.

Previous to coming to the Plains from Oklahoma, in 1925, she and her late husband had pioneered at Frederick, Okla., living there from 1901 until 1925. She is the mother of 12 children, ten of whom are living.

# SOCIAL EVENTS

## Middlebrooks - Beasley Nuptials Announced at Tea and Shower

Miss Robbie Middlebrooks was the honoree at a lovely miscellaneous bridal shower and seated tea at the home of Mr. and Mrs. Jim Claunch of Bula Tuesday afternoon, with Mrs. Claunch, Mrs. H. C. Nickels and Miss Anna Mae Nichols as hostesses. The spacious Claunch home was a profusion of flowers, including gladioli, asters and various garden flowers.

Miss Middlebrooks, a daughter of Mr. and Mrs. J. L. Middlebrooks, of Bula, is the bride-elect of "Major" Beasley, son of Mrs. R. M. Beasley, of Amarillo, the marriage to take place this (Thursday) afternoon at the home of her parents.

In the receiving line were: Mrs. Claunch, Mrs. J. L. Middlebrooks, Miss Middlebrooks, Mrs. R. M. Beasley and Mrs. H. C. Nickels.

Presiding at the register was Miss Anna Mae Nichols.

As the guests arrived they were presented with corsages of pink and white gladioli, tied with white satin

ribbon on which were inscribed in gold, "Robbie and 'Major', Sept. 12," uniquely announcing the approaching marriage of the couple.

The colors pink and white were featured throughout the party.

The tea table was laid with lovely lace cloth, with centerpiece of white asters in crystal bowl, with crystal holders on either side bearing white tapers.

Mrs. John Blackman presided at the punch bowl. Others assisting in the dining room were: Mrs. O. V. Nickels, Mrs. Marvin Drake, Mrs. Tom Bogard and Mrs. Edward Crume.

Seventy-five guests called during the afternoon.

Miss Middlebrooks is a graduate of the Bula High School, and attended Tech College two years. She was a member of Morton faculty last year.

Mr. Beasley received his discharge about six months ago, after spending a year in the service. He is employed at Amarillo, where the couple will make their home.

## Mrs. Elsie D. Wyatt and Walter N. Goodwin Are Married

Mrs. Elsie Dale Wyatt, daughter of Mr. and Mrs. A. L. Haberer of 1918 Thirteenth, Lubbock, and Walter N. Goodwin, Jr., son of Mr. and Mrs. W. N. Goodwin, of Earth, were married at 7 o'clock Wednesday night in St. John's Methodist Church, Lubbock, with Dr. H. I. Robinson of the First Methodist Church officiating. A double-ring ceremony was performed.

The bride was given in marriage by her father.

Miss Lola Bellah of Lubbock was maid of honor. Candles were lighted by Misses Mary Keesee and Betty Crow of Lubbock.

Best man was L. C. Walker of Earth. Ushers were Keith Haberer of Lubbock, brother of the bride, and Loys Huff of Earth.

Candles provided light and two baskets of flowers were decorations.

Bob Scoggin, organist, played "Indian Love Call" and "The Rosary" and traditional wedding marches.

The bride wore a gray rough crepe dress with draped effect, belt of silver leaves and carried a bouquet of cream colored roses. She wore a blue feathered hat with brown veil and brown accessories.

The maid of honor wore a gold wool crepe dress with brown accessories and carried a bouquet of chrysanthemums in bronze and yellow.

Miss Keesee wore an aqua wool crepe dress with brown accessories and corsage of pink carnations, and Miss Crow wore a pink wool dress with smoke gray and black accessories and a corsage of pink carnations.

A reception was conducted in the home of the bride's parents after the ceremony. Mrs. Sue Valliant presided at the punch bowl, assisted by Marydee Haberer, sister of the bride. Miss Winnie Walker presided at the bride's book.

Decorations were baskets of miscellaneous flowers. The table was decorated with a bowl of sweetpeas. It was covered with a crocheted cloth. Punch and individual cakes were served.

The couple will live at 1917

Fourth, Lubbock after a trip to Colorado. For traveling, the bride wore a beige-gray wool suit with white crepe blouse and brown accessories.

The bride is a member of Delta Theta Chi and the Wakonda Club. She is a graduate of Texas Technological College home economics division.

The bridegroom is a student in Tech.

## Miss Thelma Hudson, Howard R. Murphey Wed at Lubbock

Miss Thelma Hudson, daughter of Mr. and Mrs. Aubry Hudson, of Whitharral, and Howard R. Murphey, son of Mr. and Mrs. Marvin Wise, of Westbrook, were married at 7 p.m., Aug. 31, in St. John's Methodist Church, Lubbock. Rev. Aisie Carlton, pastor, read the single-ring ceremony.

The bride wore a baby blue wool suit with black accessories and corsage of red roses.

Laverne Langford of Levelland, her attendant, wore a misty green suit with brown and gold accessories

and corsage of carnations.

The bride is a senior in Texas Technological College and member of Sigma Tau Delta and Alpha Chi.

The bridegroom spent three years as radioman in the Navy.

The couple will live at 1706 Avenue R, Lubbock.

Malcolm Stokes, brother of James Stokes, who went to Lubbock Monday, where also will enroll in Tech as a freshman.

Bob Smith and Jeff Perkins left Saturday for Springfield, where Mr. Smith went to see his cattle, which are on grass in the area. Mr. Smith has 500 cattle in Colorado, just over the border from New Mexico, here they will main for the winter.

## Miss Mildred Rawls and Clois C. Tomes Wed in Church Ceremony

In a double-ring candlelight ceremony, Miss Mildred Rawls, daughter of Mr. and Mrs. J. S. Rawls, and Clois C. Tomes, son of Mr. and Mrs. V. W. Tomes, were married Saturday morning, at 9 o'clock, at the First Baptist Church, Amherst, with Rev. B. P. Harrison, pastor, officiating.

The altar was decorated with baskets of pink gladioli and white baby breath, with tapers in candelabra on either side of the altar.

Mrs. Ed Schovajsa played the pre-nuptial music, "Melody of Love" and the recessional, "The Bells of St. Mary's."

The bride was lovely in a beautiful blue wool crepe suit with dark brown accessories. Her corsage was of pink gladioli.

Miss Frances Lee Grigsby, the bride's only attendant, wore a black and white checked suit with a corsage of red gladioli.

Mr. Charles Jones acted as best man.

Mrs. Tomes was graduated from Amherst High School with the class of 1945, and has been employed at the county agent's office for the past year.

Mr. Tomes served three years with the 434th Aarborne Troop Carrier Group, as a pilot; received his wings at Pecos Army Air Field. He was graduated from Chillicothe High School, and also attended Texas Tech of Lubbock.

Immediately following the ceremony, the happy couple left for parts in New Mexico for a short honeymoon.

The bride's going-away costume was a suit of gold gaberdine, with corresponding accessories.

The couple will be at home at the B. O. Shavor apartment in Amherst.

shown them by the people of the community.

Those present were: Mr. and Mrs. Chester Jones, Mr. and Mrs. George Broome, Mr. and Mrs. Jim Bridges, Mr. and Mrs. Paul Easter, Mr. and Mrs. A. A. Mitchell, Mr. and Mrs. Jim Hobgood, Mr. and Mrs. A. L. Atkinson, Mr. and Mrs. O. A. Burk, Mr. and Mrs. Preston Lyda, Mr. and Mrs. J. C. Fowler and Mike, Mr. Clarence Herrin, Mrs. Jane Williams, Miss Leona Bullington, Mrs. J. B. Pirtle, Mr. and Mrs. Ted Bulen, Mr. and Mrs. Clifton Grundy, Mr. and Mrs. Ed Hart, Mr. and Mrs. Paul Whitfield, Mr. and Mrs. Elmer Houston, Mr. and Mrs. Joe Ashburn, Mrs. Irma Dora Haile and Jim, Mrs. Wayne Grace and Wanda, Mr. and Mrs. H. G. Richards, Mr. and Mrs.

## Standifer Family Return Home After Ten Days' Trip

Mr. and Mrs. John Standifer and children, Yvonne and Dickie, returned home the middle of last week after a ten days' vacation trip.

They spent two days at Buchanan Lake fishing; two days at San Antonio visiting Mrs. Standifer's aunt, Mrs. Ben Wagner, visited the Alamo, the museum, sunken gardens, and other places of interest; went to Corpus Christi, where they spent two days.

They also visited relatives at Waco, Austin, Dallas, Greesville, Ft. Worth and Farmersville.

Mr. and Mrs. Standifer report a wonderful time, but Mrs. Standifer said she needed a week in which to rest up, as they covered so much ground, visiting so many places.

## Farewell Party Given for Mr. and Mrs. Orien Dennis

The lawn in the back yard of the K. W. Wells home at Anton was the scene of a farewell party for Mr. and Mrs. Orien Dennis Tuesday night, Sept. 3, with Mrs. Wells and Mrs. Jenna Mae Easter as hostesses.

The Dennis family moved to Whiteface Sept. 4, where Mr. and Mrs. Dennis have accepted positions in the Whiteface schools.

Various games, quizzes, and such, under the direction of Mrs. Elmer Houston, supplied entertainment for the large number of "middle-agers" present. The climax of the evening of fun came when the group, led by Mrs. Paul Easter, sang "Auld Lang Syne," to which Mr. Dennis responded, expressing appreciation for their many friends and the kindness

## National WOW Director Newton Visits Local Camp

**EXPECT 7,000 TO ENROLL AT TECH**  
Plans are being drawn for construction of 100 efficiency apart-

ments on the campus of Texas Technological College, Lubbock, to provide housing for married war veterans who are students, and also for faculty members, President W. M.

Whyburn has announced. The three buildings to contain the apartments may be completed in time for use during the spring semester.

The Tech board of directors, which approved the plans, also authorized change in the proposed Clifford and Audrey Jones stadium to include athletic dormitories beneath the stands. By including the dormitories directors hope to secure earlier approval by the federal government for release of materials for erecting the stadium.

The board also approved night classes for Texas Tech during the fall semester in order to provide instruction for all students seeking admission. Upwards of 7,000 young men and women have asked to be enrolled. Dr. Whyburn estimates there will be 2,300 high school graduates, 1,300 transfers from other colleges and 60 per cent of the student body will be war veterans.

### TECH ASKS FOR LARGE APPROPRIATION TO CARRY OUT EXTENSIVE PROGRAM

The Australian war bride who brought from "down under" this sturdy cotton baby pouchette vouches that it is an adaptation of the kangaroo's method of carrying her babies. Introduced in America by Macy's New York, the pouchette is equipped with a comfortable cushion seat. Just adjust the shoulder straps, hoist the baby and you're set to go.

Appropriation of \$4,930,880 for the next biennium to finance the most ambitious program in the history of Texas Technological College, Lubbock, is being asked of the 50th Legislature, President W. M. Whyburn has announced.

The request, presented to Gov. Coke Stevenson and the Board of Control, asks \$2,200,000 for new buildings and for 97 new positions on the college staff. Money is sought for completion of the administration building quadrangle, a home economics building, gymnasium, completion of the textile engineering building, general maintenance shops and beef cattle barns.

Dr. Whyburn, for Tech, is asking and over-all salary increase of 24 per cent for the college staff, 51.7 per cent increased salary appropriation, including the 97 new positions; and more funds for maintenance and upkeep of grounds and buildings; for research work and for summer school.

Dr. Whyburn said the budget request was drawn last March and would be larger because of higher living costs if prepared now. He said appropriation of money asked would increase the staff to 352 persons, but that Tech will be hard-pressed to meet educational needs even with the additional staff members.

Four new dormitories, estimated to cost \$1,000,000 each, are under construction and Tech directors have authorized erection of 100 efficiency apartments to cost \$300,000 or more, in addition to new buildings provided in the budget.

At a dinner Thursday night, followed by a meeting of the Camp, the Littlefield Woodmen welcomed National Director Talmage E. Newton of Omaha, Nebraska, and the new state manager, George W. Hine, Sr., formerly district state manager of North Carolina, who is moving to this area.

New candidates were initiated by the Littlefield degree team, which won second place honors at a regional encampment held recently at Hot Springs, Ark.

After the degree work, splendid talks were made by the local officers.

Commander Troy Howton presided at the meeting. He introduced the newly-appointed state manager, Geo. W. Hine, who responded very enthusiastically. He expressed delight that he had been assigned to Northwest Texas, and forecast great things for this section of the state.

Mr. Hine introduced National Director Talmage E. Newton of Omaha, Nebr., formerly of Texas, who responded with a stirring fraternal address.

Director Newton, a native Texan, was for many years state manager of North Carolina. State Manager Hine was started in Woodmen work by Director Newton, and he assured the Littlefield Camp that Northwest Texas was fortunate in having a man so well grounded in Woodmen work. Mr. Newton said in part:

"George W. Hine is an outstanding Woodman and has been knowledgeable of all phases of our work, an ardent fraternalist, with the ability to impart to others his own knowledge. Put your confidence in George Hine, and you will never have cause to regret it."

District Representative W. D. Chapman assured Director Newton that the cooperation of his district would be complete, and that he, as district representatives, was very happy to have George Hine as state manager of Northwest Texas.

Director Newton left for Omaha Friday, and District Representative Chapman and Fieldman Nathan Thedford accompanied State Manager Hine to Muleshoe, where they met with an interested group and assisted in the election of staff officers for the Muleshoe Camp, and instituted plans for the reactivating of the full Woodmen program for that city. State Manager Hine left Littlefield Saturday morning for Abilene, where he is establishing headquarters for Northwest Texas.

### Leader Ad 'Sure Brought Results' For C. G. Clark

C. G. Clark, who operates a ten-acre truck farm two miles east and 1/2 mile south of Littlefield, reports that his classified ad in the Leader the past week "sure got results."

Mr. Clark has three acres of tomatoes, and reports a fine crop. He placed a want ad in the Leader, and states the ad brought folks from far and near after his tomatoes. He says he even sold tomatoes to a family from Arizona, who had inquired in Littlefield for tomatoes and, someone, seeing the ad in the Leader, sent the Arizona folks to the Clark place. The truck farm is owned by Mrs. Clark's father, A. D. Vandegriff, and Mr. Clark not only grows tomatoes, but all other vegetables in season.

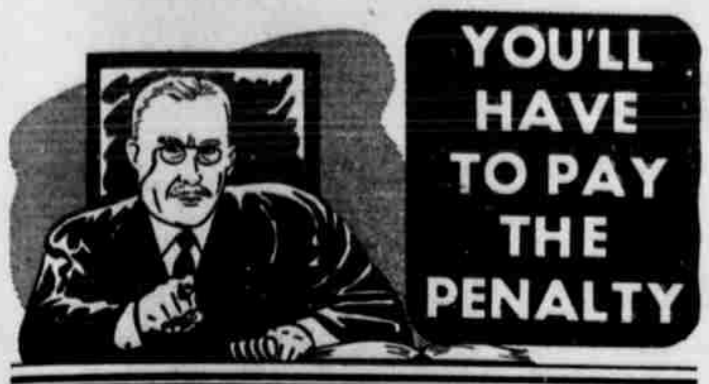

### To Supply 'Miss Littlefield' With Automobile

The Lavender Motor Company, Chrysler and Plymouth dealers, have kindly offered to supply Miss Dorothy Perry, who is "Miss Littlefield," with an automobile in which to get around to carry out her duties in connection with her station, and as hostess to other contestants from neighboring cities.

### AWARDED DEGREE

Texas Tech's first faculty baby was awarded a degree at summer commencement exercises of the college. Ava Ruth Stangel, daughter of W. L. Stangel, dean of agriculture, and Mrs. Stangel, received a bachelor of arts degree, with a major in Spanish and minor in English. She was born Sept. 16, 1925, the day the first Tech faculty meeting was held, a few days prior to opening of the college.

The most costly insect pest in the U. S. is the bollweevil, which causes an annual cotton loss of about \$120,000,000.

**YOU'LL HAVE TO PAY THE PENALTY**

If you neglect or abuse your health for a protracted period of time, you will inevitably suffer Nature's punishment. The penalty may be sudden collapse. It may be impaired physical ability. It may be the attack of a malady your rundown system will be unable to overcome. Why sentence yourself to suffering in incapacitation that the observance of simple health rules can prevent? Have an annual physical check-up! Get sufficient rest and proper nourishment! Learn to relax! Exercise regularly and moderately. Live wisely and you'll live well.

### Batson-Payne Motor Company Moves To Truck-Tractor Bldg.

The Batson-Payne Motor Company, dealers for Frazer-Kaiser automobiles, have moved from the Littlefield Hotel building to the former Littlefield Truck and Tractor building, on Highway 84, west of town, owned by Glen Young.

Blackie Repass is the mechanic in charge of the shop operated in connection with the Batson-Payne Motor Company. He has many years' experience, having been connected with repair shops in Littlefield for the past 15 years.

Man has from 10 to 100 times more brain capacity than he uses, according to a famous Smithsonian scientist.

### Information For Veterans

Q. If I have obtained a Veterans Administration guaranteed loan to purchase a farm, am I still eligible to receive the self-employed veteran's readjustment allowance?

A. Yes. You may obtain the monthly allowance, depending on the length of your military service, up to a maximum of 10 2/5 months. The payments guarantee to the farmer a minimum net income of \$100 a month during the period of his entitlement.

Q. I have had no farm experience, but I believe I could learn quickly to operate a farm successfully. Is there any way I can get training under the GI Bill so that I could later qualify as a good risk with a lender?

A. Under both Public Laws 16 (vocational rehabilitation) and 316 (GI Bill) eligible veterans are en-

titled to both on-the-farm training and institutional education which give them a practical and a scientific knowledge of agriculture.

Q. If I obtain a real estate loan to purchase a farm and it is guaranteed by VA, may I also obtain a VA guarantee on a loan to purchase machinery, livestock, seed and other farm equipment?

A. Yes, you may obtain a combination of real estate and non-real estate loans; however the percentage of the guarantee maximum used by a veteran in obtaining one type of loan reduces by that percentage his entitlement to guarantee of another type loan. For example, if a veteran obtained a farm real estate loan guarantee of \$2,000, his non-real estate guarantee maximum would be \$1,000.

Q. I am planning on going into business for myself with the aid of a GI loan, but I don't intend to make this move for another three or four years. Will it be too late for me to apply for a government loan then?

A. No. The time limit for loan application is now 10 years after your separation from the service or 10 years after the end of the war, whichever is the later date.

ALWAYS THE SAME FLAVOR

It's "CUP-TESTED"

We've used ADMIRATION Coffee for years with complete confidence in its wonderful flavor—and it has been the same fine coffee day after day, year after year. ### Johnny Lippard Among Prisoners Tortured By Hosoi, Being Tried for War Crimes

Charges and specifications for the trial of another Japanese accused of committing war crimes have been signed by Col. Alva C. Carpenter, chief of the legal section, SCAP, and forwarded to the commanding general, Eighth Army, for reference to a military commission.

The accused is Sotouemon Hosoi, formerly a civilian guard at Nagoya Area, Prisoner of War Camp No. 1, Kamioka, Honshu, Japan, from April 1944, to September 30, 1945. He was

known as "The Wolf" by the prisoners. Hosoi is accused of beating prisoners with wooden clubs, iron bars, pieces of scrap iron, belts and swords. Other mistreatments included: exposing prisoners to inclement weather, administering the "water cure" torture, and burning them with lighted punk.

It is charged that in one instance prisoners were forced to lie naked while guards burned about the navel and stomach with lighted punk. A

paste was spread on the upper part of another prisoner's hand between the thumb and index finger and ignited and burned for five minutes over an area the size of a 50-cent piece. A similar burn was applied to his stomach.

Another example of the alleged cruelty of "The Wolf" is beating one prisoner's entire body with fists over a period of about six hours; tied him to a ladder and beat him into unconsciousness; stripped him and dragged him naked down a flight of stairs and confined him to the guardhouse for a week. This man, it is believed never fully recovered from a groin injury. Altogether, he is charged with the beating and mistreatment of 25 American prisoners of war.

Legal section prosecutors for this case will be Mr. Allan Ross Morrison (chief prosecutor), formerly of 4496 Aukai St., Honolulu, Hawaii, and Mr. Thomas D. Aitken of San Francisco, Calif. Biographical information on Mr. Morrison is included in PRIS No. 65 of April 22, 1946, and on Mr. Aitken in PRIS No. 60, or April 17, 1946.

One of the victims named in the specifications was John Lippard of Littlefield.

Before a military commission convened by authority of the commanding general, United States Eighth Army, the following charge was made against Sotouemon Hosoi:

That between July 20, 1944, and September 1, 1945, at Nagoya Area, Prisoner of War Camp No. 1, Kamioka Hanshu, Japan, Sotouemon Hosoi, then a civilian guard employed by the armed forces of Japan, a nation then at war with the United States of America and its Allies, did

**FLEET GOES ANYWHERE . . .**  
Fleet Adm. William F. Halsey Jr., above, said that it's nobody's damn business where the U. S. government sends its powerful fleet. The wartime commander of the famed Third fleet declared at a press conference that the navy is free to send ships anywhere.

violate the laws and customs of war.

**Specifications**

1. That between November 1, 1944, and February, 1945, the accused, Sotouemon Hosoi, did willfully and unlawfully, mistreat, abuse and torture John O'Neal, James R. Fite, Salvatore A. Nocero, John Lippard, Selby R. Riggs, Charles Chaffin, Frank C. Bozric, William J. Besurman, Gregorio Duran, George Snyder, Vernon Huff, Morris D. Swisher, and Morris Littman, American prisoners of war, by beating, kicking, burning and exposing them naked to inclement weather.
2. That between March 1, 1945, and July 31, 1945, the accused, Sotouemon Hosoi, did willfully and unlawfully mistreat, abuse and torture Arthur Brill, James R. Fite, Clovis M. Lee, John B. Lippard, Salvatore A. Nocero, John O'Neal, Selby R. Riggs, Lorenzo D. Stevens, Ronald A. Tuck, Charles Chaffin and other

American prisoners of war by beating, kicking, burning, forcing them to assume painful postures, by exposing them naked to inclement weather, and by administering the "water cure."

3. That between November 1, 1944, the accused, Sotouemon Hosoi did, willfully and unlawfully, mistreat and abuse Robert L. Robinson, and American prisoner of war, by beating, kicking and exposing him naked to inclement weather.

4. That between July 1 and August, 1945, the accused, Sotouemon Hosoi did, willfully and unlawfully mistreat, abuse and torture James E. Mock, and American prisoner of war, by beating, kicking, burning and forcing him to assume painful postures.

5. That between February 1, 1945, and July 31, 1945, the accused, Sotouemon Hosoi did, willfully and unlawfully, mistreat, abuse and torture Morris D. Swisher and Vernon G. Huff, American prisoner of war, by beating, kicking, burning and exposing them naked to inclement weather.

6. That between May 29, 1944, and September 1, 1945, the accused, Sotouemon Hosoi did, willfully and unlawfully, mistreat and abuse Jack Warren, an American prisoner of war, by beating him and breaking his arm.

7. That between October 1, 1945, and October 31, 1945, the accused, Sotouemon Hosoi did, willfully and unlawfully, mistreat and abuse Elvin L. McCowan, an American prisoner of war, by beating and forcing him to assume painful positions.

8. That on or about November 28, 1944, the accused, Sotouemon Hosoi, did, willfully and unlawfully, mistreat and abuse Rosbel S. Ybarra, an American prisoner of war, by beating, kicking and forcing him to assume painful postures.

9. That between May 29, 1944, and September, 1945, the accused, Sotouemon Hosoi, did willfully and unlawfully, mistreat and abuse Harold D. Stowell, an American prisoner of war, by beating and kicking him.

10. That on or about January 1, 1945, the accused, Sotouemon Hosoi,

did, willfully and unlawfully, mistreat and abuse William Thomas, an American prisoner of war, by beating, kicking, disfiguring and exposing him naked to inclement weather.

11. That during the winter of 1944-1945, the accused, Sotouemon Hosoi, did, willfully and unlawfully mistreat, abuse and torture George Blevins, an American prisoner of war, by beating and burning him.

12. That on other occasions between July 20, 1944, and September 1, 1945, the accused, Sotouemon Hosoi, did, willfully and unlawfully, mistreat, abuse and torture numerous American prisoners of war by beating, kicking, burning, forcing them to assume painful postures and exposing them naked to inclement weather.

### Lamb County 4-H Club Boys Return From State Roundup

Gwyn Heard of Spade, Douglas Adams of Fieldton, and Mr. R. A. Leonard of Spade returned from College Station Saturday, Aug. 31, after spending three days at the Texas 4-H Club Roundup. Mr. Leonard, an adult leader in 4-H Club work at Spade, was given an active part in the program during the three days at College Station.

Gwyn Heard of Spade and Eldon Marshall of Fieldton were selected as alternates. Eldon Marshall was unable to make the trip, so Douglas Adams went in his place.

The boys had group singing and group discussion in the morning and demonstrations and instruction on feeding and caring for livestock, fitting and grooming livestock for shows, etc., in the afternoon sessions.

After the evening meals the group made a tour of the campus the first night and the other nights there were parties and other social functions for them to attend.

The boys stayed on the campus in the new dormitories and ate in Duncan Hall, the new dining hall, which can feed 2,000 persons at a time.

The boys went with Claude Emons, assistant county agent, and Miss Veta Worley, home demonstration agent, and Mr. Leonard, who attended the state county agents' conference at College the same date as the 4-H meeting. Lem Weaver, county agent, also attended the agents' conference. The group returned to Lamb County Saturday afternoon.

### Daily Papers Increase Rates

A total of 251 out of 1,748 daily newspapers in the United States have increased circulation rates since Jan. 1, the American Newspaper Publishers Association said Saturday, Sept. 4.

Four have cut rates in the same period.

The Dallas News increased the retail price of its Sunday paper from 10 cents to 15 cents, making it one of the highest, if not the highest, retail figures for single Sunday copies in the country.

Increases generally were attributed to the high cost of newsprint, labor and other operating expenses.

The sharpest lead in rates was in January, when 79 papers upped their prices. February was second with 60. Approximately 40 have gone up in the last two months.

Forty-two jumped their daily retail price from 4 cents to 5 cents. Only one, the Mechanicsburg, Ohio Telegram, continues to retail for 1 cent. In 1943 there were four. Only 42 papers continue to retail for 2 cents, compared with 84 in 1943.

**How women and girls may get wanted relief from functional periodic pain**

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion. \* This help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

## Olton Schools Opened Monday

Olton schools opened Monday at 9 o'clock, buses run on the old routes, and the lunchroom opened Tuesday for service, with Mrs. Maggie Slatten in charge.

Classes in both the high school and the grade school began Tuesday morning at 9 o'clock, and are dismissing at 3:45.

The grade teachers are: Mrs. Olive Hooper and Mrs. Emma Hobbs in the primary. Mrs. Hooper finished junior college at Wayland and has done some advanced work at Canyon. Mrs. Hobbs is a new teacher to this school. She lacks only a few hours of having her degree from Texas Tech.

Mrs. Juanita Adams and Mrs. Ethel Gordon are teaching second grade. Mrs. Adams is well known in the community, but will teach her first year in the Olton schools. She has completed two years' work at Canyon. Mrs. Gordon taught the fourth grade there last year. Mrs. Gordon received her A.B. degree from Texas Tech in 1935.

Miss Elma Smith and Mrs. Ruth Franks are teaching the third grades. Both taught in Olton school last year, Miss Smith teaching primary and Mrs. Franks teaching third grade. Miss Smith had done her college work at Canyon, and Mrs. Franks finished at Wayland.

Mrs. Bettie Daniels and Mrs. Vivian Williams are teachers of the fourth grades. Mrs. Daniels taught the fifth grade last year, and Mrs. Williams taught at Petersburg last year. Mrs. Daniels finished at Wayland College in 1927, and Mrs. Williams received her A.B. degree from Texas Tech in 1931.

Miss Doris Becher and Mrs. Lucy Simmons are fifth grade teachers. Miss Becher is new to the system, and Mrs. Simmons taught homemaking at Anton last year. Miss Becher has completed the junior year at Texas Tech and Mrs. Simmons received the B.S. degree from North Texas State in 1927.

The other teachers in the grade school are: Mrs. Jewell Holt, Mrs. Leslie Davidson, Mrs. Hannah Bailey, Miss Mittie Hill, Mrs. Linnie Campbell, and Mr. Fred Gordon. Miss Hill taught at Center Plains last school year. She received her A.B. degree in 1938. Mrs. Campbell is well known in the community. She completed two years of college work in Oklahoma. Mr. Gordon, the principal, taught in Olton school before the war. He received his A.B. degree from Canyon in 1939. The other three teachers were in the system last year and will have the same work this year.

The high school faculty is not yet complete, but the following teachers have been elected:

Mrs. Muriel Surratt, A.B., Tech, 1943, will teach science. Mr. William Hall, B.S. in agriculture, Texas Tech, 1947, will teach vocational agriculture.

Mrs. Joyce Hall, B.S. in home economics, Texas Tech, 1937, will teach homemaking.

Miss Vera Mosteller, A.B., East Texas Teachers' College, 1930, will teach English.

Mrs. Ruth Cornelius, student at West Texas State Teachers College, will teach history.

Byrl Harris, student at Texas Tech, will teach band.

Mrs. Lea Belle Hooper, A.B., Canyon, 1938, will teach typing.

Mr. G. H. Peters, A.B., Texas Tech, 1945, will be principal and coach.

Mrs. Surratt and Mr. Peters taught in Olton school last year.

Mr. Hall returned to this school from the services. He taught at New Home before the war.

Mrs. Hall taught last at Colorado City in 1944.

Miss Mosteller goes to Olton from Ropesville.

Mrs. Cornelius is a resident of the community.

Mr. Beryl Harris' home is in Leveland.

A teacher of mathematics is badly needed. This place was made ya-

**MONTY LOOKS AT MAPS AGAIN . . .** With world problems unsolved, spheres of influence have caused generals as well as diplomats to consult their maps once again. ant by the resignation of Mr. Lloyd Hunt.

### Sudan School Buys Several New Buses

Two new buses have been purchased by the Sudan school board, bringing a total of seven buses to handle transportation to and from the Sudan schools.

"We're expecting four more new ones right away," Superintendent Perry Moring said. "The buses have all been newly painted inside and out," he continued, "with new upholstery on practically all seats."

W. L. Rice is continuing in his position as bus foreman and mechanic.

### OLTON COUPLE HONORED ON 30TH ANNIVERSARY

A surprise dinner was given for Mr. and Mrs. R. H. Thomas of Olton in honor of their 30th wedding anniversary Friday night, August 30, in Wardlow's cafe.

All of the family was present—Mr. and Mrs. J. C. Scruggs and Dickie, Mr. and Mrs. Arnold Amundsen and Linda, Mr. and Mrs. Jack Thomas, Dorothy Thomas and Billy Guy Thomas, and the honored guests, Mr. and Mrs. Thomas.

After the dinner the family went to the home of Mr. and Mrs. Amundsen, where games of "42" were played.

Anniversary cake and coffee were served later in the evening.

### RECEIVES DEGREE FROM TECH COLLEGE

Miss Burma LyBrand, daughter of Mr. and Mrs. J. T. LyBrand of Sudan, was awarded the degree of Arts and Sciences with a Journalism major in a commencement service Aug. 28 at Texas Technological College. Plans were changed, due to rain, and the exercises were held in the Tech gymnasium. Commencement address was given by Hon. O. B. Ratliff and President W. M. Whyburn conferred degrees upon 95 candidates. Music was furnished by the KFYO organ with Miss Imogene Webster, organist.

Miss LyBrand attended high school at Sudan and was a member of the 1941 graduating class there. She entered Tech in the fall of 1941 and withdrew to become a faculty member of the Sudan school, after completing her sophomore year. She continued her college work in the summers. Miss LyBrand has taught three years in the elementary grades in Sudan.

Relatives and friends attending the

commencement service were: Mr. and Mrs. J. T. LyBrand, Miss Fredda Lou Patterson, Mr. and Mrs. Frank Bryant and Colene, Miss Quail, all of Sudan; Miss Lois Lee and Mr. and Mrs. Rosa Lumsden of Littlefield; Rev. and Mrs. Rainey, Lubbock; John Lumsden, Amherst; Mr. and O. E. Lumsden and family, of Muleshoe.

### Anton School Opens Monday

The Anton school opened Monday after a week's delay. Work of registering the students was carried out Thursday.

The school opened Monday with the new superintendent, J. S. Bridges, in charge. There are several new teachers on the faculty. Bridges is a veteran school administrator, and the school will have some new subjects and will have some old ones missing. Science and biology, which were once in the school and removed because of financial difficulties, are being reinstated by Bridges.

The annual tuna pack, worth \$50,000,000, is America's most valuable fishery.

**Alka-Seltzer**  
HAVE you tried Alka-Seltzer for Gas on Stomach, Sour Stomach, "Morning After" and Cold Distress? If not, why not? Pleasant, prompt in action, effective. Thirty cents and fifty cents.

**DR. MILLS' NERVINE**  
FOR relief from Functional Nervous Disturbances such as Sleeplessness, Crankiness, Excitability, Nervous Headache and Nervous Indigestion. Tablets 50¢ and 75¢. Liquid 25¢ and 50¢. Read directions and use only as directed.

**DR. MILLS' ANTI-PAIN PILLS**  
A SINGLE Dr. Mills' Anti-Pain Pill often relieves Headache, Muscular Pains or Functional Monthly Pains—25 for 25¢, 125 for \$1.00. Get them at your drug store. Read directions and use only as directed.

**Lloyd Croslin Addresses Members Anton Lions Club**

Lloyd Croslin was the principal speaker at the Anton Lions Club meeting Monday night, Sept. 2, which was the regular weekly meeting. The school was honoring athletic letter students of the last school term.  
 First on the program was a song led by Lion Ed Hart, and after the invocation had been said by Lion Harrington, ice cream and cookies were served to about seventy Lions and guests. The Lions were then called upon to introduce themselves and their guests.  
 A. A. Mitchell, high school principal, then introduced the students to be honored, and their parents.  
 Jim S. Brides, the new superintendent, then took charge of the ceremonies and addressed the students briefly.  
 Lion Bob Burdette then introduced the speaker, who gave one of the best talks that has ever been made in the Anton school.

The University of Kentucky is offering a correspondence course in citizenship.

**H. L. Atkinson Is New Anton Mayor**

Things do change fast in Anton these days. Last week a new superintendent of Anton school was reported. This week a new mayor is announced. Mayor Crisswell resigned, and A. L. Atkinson was elected by the city commission, and took his office Thursday.  
 Mayor Crisswell is entering Wayland College.  
 At the same meeting, Mrs. J. B. Pirtle tendered her resignation as city secretary. The city commission accepted it, and at the same meeting hired H. C. Vincent. Mr. Vincent has taken over the duties of the office. Mrs. Pirtle consented to stay on for a few days to give the new secretary time to familiarize himself with the work.

Victoria River Downs, cattle station in Australia's Northern Territory, covers 6,686,912 acres, more land than the state of Vermont.

**OPENS SUDAN BUSINESS**  
 Payton Henderson, who recently returned to Sudan, opened Friday a combination grocery and market and Phillips "66" gas station on the highway across from Robinson Bros. Equipment Company, in East Sudan. Mr. Henderson formerly owned the grocery store belonging to Radney Nichols, which he sold to Radney Nichols March 4, 1945.

If you raise poultry for pin-money, or as a business, you'll find electricity a big help. For incubators, brooders, and all around healthy and profitable poultry, there's nothing like electricity to help you.

Here in the Panhandle Plains Pecos Valley area there's plenty of low cost reliable electricity for poultry growers.

Your Public Service Company, a pioneer in building ahead for the future, has been furnishing electric power for 22 years, and is now in its biggest expansion program in history.

There'll be abundant electric power soon for more and more people, at a lower cost than ever before. Discuss the uses of electricity with your nearest Public Service or R.E.A. representative.

**SOUTHWESTERN PUBLIC SERVICE COMPANY**  
 22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

**Address by Gen. Jonathan M. Wainwright to  
36th Division Association Saturday**

It is indeed a pleasure to be here with you men of the Thirty-Sixth Division on the third anniversary of the famed landing and establishment of the first beachhead on the European continent at Salerno, Italy.

Few invasions are easy . . . still fewer bloodless. The Salerno landing certainly was no exception. Whatever may have been the hopes of the commanders and of the men, the defenses on the beach and beyond were strong and ready. I do not need to remind you that the action was bitter from the moment the landing craft nosed toward shore with the men of the Thirty-Sixth poised at the ramps.

My son, Jack, commanding one of those landing craft, had his ship shot out from under him and was one of those wounded at that time. I am proud to state that he was able to land with all his troops and supplies.

The important thing is that, despite all odds and difficulties, the Thirty-Sixth took the beach and held it . . . and continued up a road which contained some of the worst and most dangerous fighting terrain in the world.

That beach was one of the goals for which so many others had fought . . . and died . . . in the battles of North Africa. Upon it, men were wounded and died so that still further goals might be attained in the American march to ultimate victory.

Stories of valiant action at Salerno are numerous. It was here that James Logan of Luling, Texas, earned what was to be the first of fifteen Congressional Medals of Honor awarded members of the division for actions in Italy, France, Germany and Austria.

For the world, the landing at Salerno was only a preview of what to expect from the men who wore the sand-and-blue T-patch — at Casino, the Rapido River, Velletri, Rome and through the central peninsula from Piombino. You proved your valor in the desperate action at the Rapido, which however costly, played a vital part in the strategy of victory.

Then in the early morning of August 15, a year after Salerno, the Thirty-Sixth again hit the beaches. This time in Southern France, you began an invasion which was to be terminated by your entry into Austria . . . and the surrender of the enemy. In all, the division piled up a total of 365 days of actual combat. The reputation of the division was built by men who were soldiers, many of whom fought and died. Those who fell along the road to victory were the buddies who trained with you, marched at your side along the dangerous path of battle through Italy, France, Germany and Austria — men who shared your hardships and whose memory brought you courage in the lonely foxholes and in the heat of battle.

Those of us who did return owe our departed comrades a debt which can only be repaid by making certain that war does not come again. We owe this obligation to them and to all the generations of Americans who are to follow.

This yearning for a lasting peace is not new. Our country was settled in a large part by men and women who dared the Atlantic in frail ships to escape incessant wars. Our soldiers of 1917 and 1918 thought that war was the war to end all wars. Somewhere along the way we lost the peace we sought. But in this atomic age we dare not lose the peace again. We learn from the lessons of the past that the way to peace does not lie through weakness. We must realize by this time that we cannot, by an example of weakness, inspire other nations with a desire for peace. We must awaken to the fact that we are no longer an isolated country by virtue of geography. The oceans no longer insure us against attack.

In the period following World War I, we led the world in the destruction of our sea might and in the deactivation of our armed forces. We withdrew into our continental shell, trusting that our Atlantic and Pacific moats would shield us from a turbulent world. After urging the establishment of an international organization to insure peace, we withdrew our supports and the League of Nations became a farce.

Our only active step toward security in all those years was the passage of the National Defense Act of 1920. This act combined our state and national forces to create the Army of the United States, and to set up our first line of defense . . . but only on paper.

Even this act . . . pitifully inadequate, as we now realize . . . was emasculated in the economy-minded '30's. We could not then foresee that in the next decade we would be forced to hastily mobilize our forces in the face of an enemy to the East and West. Now we can see our mistakes in detail. Hindsight is always better than foresight . . . provided one is still alive and able to look back.

Perhaps the main reason we are able to look behind us today is that the enemy failed to push his initial advantage after Pearl Harbor and we were able to purchase with the blood

of our Allies the time in which to train and prepare the Thirty-Sixth Division and all the other divisions which combined to bring success to our arms.

The possibility that we can gain this time again is extremely remote. Only foresight and sound action NOW can assure the future peace and our long-continued existence as a nation.

Our people as a whole are agreed, I believe, that active participation in the United Nations is the logical solution to the prevention of another war. But this United Nations must be strong, both morally and physically, and of a single mind in its sincere desire for peace . . . or else the advocates of peace who compose it must be strong enough to impose their will on any aggressor.

We made a great beginning toward world cooperation in the San Francisco Conference. Our government demonstrated the sincerity of our people by being the first of the big powers to ratify the United Nations Charter. The aim of the charter is the substitution of justice for force. But there yet remains the question of the force which the United Nations can bring to bear to enforce its decisions. Moral influence, not backed up by a strong right arm, is of little avail when greed rules and passions replace reason.

Until the time comes when the international association of peace-loving nations is sufficiently strong of itself to prevent war, it behooves the individual members to exert their own strength for the right.

What force can the United States bring to bear today?

From the more than thirteen millions who once fought on the battlefields and the oceans of the world, our military and naval forces have shrunk to little more than a tenth of their numbers. The Army has about a million and a half men at home and on occupation duty.

During the period that must intervene before the United Nations becomes a thoroughly effective instrument of international control, the United States will have to maintain an effective military establishment for two important reasons:

It is our duty, first, to maintain the security of this nation until the

world organization is able to do so.

Secondly, if we are to support the ideal of world security through the United Nations, we must at least have sufficient power so that weaker nations will have confidence in our ability and our determination to support the United Nations during the development period. The primary purpose of the Army is to maintain national security. After intensive study of the lessons of the past, at the same time realizing that new situations have been created by scientific developments and changes in warfare, the best military minds in the country have prepared a plan of national defense for the country which would involve these things.

First, we would have a relatively small regular Army, consisting of approximately 850,000 officers and men after the present occupational tasks are completed, and continuing for 15 or 20 years. If proposed legislation is approved, this would include the Women's Army Corps as a regular component.

Second, the National Guard and organized reserve would have a complete complement of officers and a reduced strength of enlisted personnel, but be so organized and administered that they could be ready for action in a swift and orderly fashion in an emergency.

Third, to fill the ranks when needed, we would require a great pool of trained manpower which would make up our general reserve. Such a pool of manpower would include former soldiers from this last war . . . for the next few years, at least . . . and the youth of the nation trained under a universal military training program.

Under this plan, all the men of the National Guard and organized reserves would have received thorough training, as civilians, thereby giving these essential elements of our first-line defense an opportunity they have never had before to keep their ranks at combat efficiency, ready for instant action on any future mobilization day.

The necessity for speeding up both the mobilization and readiness for combat of our armed forces in the event of war is readily apparent to you who sit here today. You will still recall the uncertain mobilization days of 1940 when National Guard units were called into service and their ranks filled with raw recruits. You men of the Thirty-Sixth know the long and arduous months of training and maneuvers which were

required before your division was ready for its first combat role. You, better than most, can realize what our situation would be if on some future morning the bombs and guided missiles — exploding with atomic fury — should descend upon our cities and find us as unprepared as we were in December of 1941.

In such an event it would be expected that the initial attack would be followed closely by invasion from the sea and air. Does any one here dream that at such a time we could repeat the scenes of 1939 and 1940, when maneuvers were conducted with wooden guns, trucks converted to tanks by the simple addition of a wooden sign, and wooden frames simulated artillery? No, it is hard to believe.

As war becomes more technical, the greater the need for manpower and the more thorough their training must be.

As explosives become more powerful and as the range of bombers becomes greater, the time for training after the attack is a thing of the past.

In the defense of the nation, the Thirty-Sixth Division did not end

with its demobilization. Your division has again been designated by the Federal Government and accepted by the State of Texas as a National guard unit.

In its new role, it will continue to need your support. I am confident that you, realizing the importance of national security measures, will give it the same wholehearted loyalty you showed in two invasions and in battle on the soil of four nations.

You and I know that if the peace fails, the next war's outcome will depend on what we now accomplish.

OF  
BLACKEYED PEAS  
ARE  
NEEDED FROM WEST TEXAS EACH DAY  
BY  
GILBERT C. WILSON, Laboratories  
AT  
Pittsburg, Texas**

We will need 1,800,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

MR. R. W. BADGER, Box 1146, Phone 78, Littlefield, Texas, will handle buying for us in the Levelland and Littlefield territories, setting up receiving points at convenient loading places throughout the territory, to be designated later. He will take care of receiving and will pay for the peas at the time they are received.

We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton. The demand for canned blackeyes appears to be far in excess of what canners can supply this year. We will also buy dried blackeyed peas this year.

# STARR DRIVE-IN CAFE ON HIGHWAY 84 OPENS FOR BUSINESS SATURDAY

The Starr Drive-In Cafe has been established by Mr. and Mrs. Robert Graham and Mr. and Mrs. Harold Ferguson on Highway 84, just east of town, and will open Saturday. This cafe will feature, all-night service.

The building was constructed by Robert Graham and Harold Hood, and is of stucco construction and decorated in white. It is located west of Ferguson Implement Company.

The Drive-In Cafe will have seating capacity for 74 people. In addition to the L-shaped counter with 14 stools, the place is equipped with 15 booths for the comfort and convenience of the customers.

A fountain has also been installed, and the Starr Drive-In Cafe will feature curb service from 3 p.m. until 12 midnight.

Serving the public will be Mr. and Mrs. Robert Graham and Mr. and Mrs. Harold Hood.

They invite their friends to visit them in their new cafe.

Sudan grass—the common variety—was introduced into the United States from the Sudan, Africa, in 1909, and now, after several years of development, is being re-introduced into the Sudan, Africa, from the United States in its improved form of sweet sudan.

This announcement came last week from Dr. A. W. Young, head of the Department of Plant Industry at Texas Tech, who said the college has shipped 500 pounds of Texas certified sweet sudan grass seed to South Africa in answer to inquiry from the government there.

The story is woven around the efforts and findings of R. E. Karper, former superintendent of the experiment station at Lubbock, now agronomist in charge of sorghum investigations for the experiment station system, who lives a short distance north of Lubbock.

The grass was brought to the United States from Africa (Sudan, where it got its name) through efforts of C. V. Piper, with the U. S. Department of Agriculture, and has for many years been the principal summer pasture grass for livestock in states from Kansas southward.

Over a period of recent years improvement of the grass has made rapid strides under Karper's direction, until today sweet sudan, much more palatable and nourishing to livestock, is in common use. The new type also is much less subject to insects and diseases, and the growth is much more rank.

Young said the plant industry department at the college some months ago received inquiry from the government supply mission of South Africa concerning this new sweet sudan, and ensuing correspondence led to the 500-pound shipment of seed from the new type on Aug. 23.

## Sudan Grass Came From the Sudan, Africa, in 1909

The Lum's Chapel Baptist Church, with Rev. R. L. Swanner as pastor is building a 30x40 feet addition to the church, providing for eight additional rooms, which is completed with the exception of the finish work on the inside and the stucco on the exterior.

The recent rain washed out the east wall of the old part of the basement, but that was soon remedied. There was water reported 10 inches deep in the basement, and the church had to secure a pump with which to pump it out.

Rev. Swanner has been pastor of Lum's Chapel Church since the last of September, 1945.

He reports a membership of 250, with an average of 125 in Sunday School.

The whale shark is estimated to reach a weight of 25,000 pounds, and a length of 60 feet.

## Lum's Chapel Erects Addition to Church Building

The average man on the street has no use for a "bliffy sniffer." However, this repairman under the street uses a "bliffy sniffer" in his right hand to match, in less than a minute, any particular pair of the hundreds of strands of the cable he is working on.

The lack of such equipment makes it impossible to furnish telephone service to the many thousands requesting it throughout the country.

So, until more "bliffy sniffers" and other vital telephone equipment are made, telephone managers are asking prospective customers to be patient.

No More Veterans To Be Certified For Surplus Property

FORT WORTH, Sept. 11.—Acting upon instructions received from Washington, Hamilton Morton, regional director of War Assets Administration, this week announced that, effectively immediately, no more veterans will be certified for certain surplus property items on the veterans' "set-aside" list.

"Outstanding veteran certificates already issued nationally exceed the present or anticipated supply of the items for which certification has been halted," Morton stated.

Standard commercial types of

## Sale of Surplus Farm Machinery Announced by WAA

A sale of new and used construction and farm machinery consisting entirely of items on the "set aside" list and being offered exclusively to veterans of World War II is announced today by War Assets Administration's Fort Worth regional office.

Crawler type tractors, air-compressors, portable rock crushers, crawler type tractors, plow, centrifugal pumps and scrapers are included in the offering. All items on the list are available for inspection from Aug. 28 to Sept. 16. Orders are to be submitted by mail and must be received in the veterans' decision of the WAA in the T & P Building, Fort Worth, by 5 p.m. on Sept. 16, in order to be considered.

trucks, including jeeps, and tractors and cranes are the items affected. These goods will remain on the "set-aside" list, and only veterans may buy any which are or may become surplus.

Besides the jeep, the types of trucks for which no more certifications will be issued include the 1/2-ton panel and pickup, one-ton pickup panel and dump models; the 1 1/2-ton combination stake and platform and panel delivery; the 2 1/2-ton cargo, dump and combination stake and platform. Also 1 1/2- and 26-ton tractors.

## At The Littlefield Hospital—

Mr. and Mrs. Henry Kelsey of near Anton are the parents of a daughter, born Sunday, Sept. 1, at the hospital. At birth she weighed six pounds, one ounce, and has been named Francis LaDell. Mrs. Kelsey and daughter were dismissed from the hospital Saturday, and are doing nicely. A daughter was born to Mr. and Mrs. Clyde Latimer of Sudan, Saturday, Sept. 7, weighing seven pounds, 10 1/2 ounces. She has been named Donna Suzanne. Mother and daughter are reported to be doing nicely.

Mrs. A. C. Harris of Hale Center was admitted to the hospital Saturday for medical treatment. She is getting along nicely.

Miss Beck Moore was admitted to the hospital Wednesday of last week suffering from pneumonia. She is reported to be recovering nicely.

Mrs. Doris Pierce, who has been a patient in the hospital for the past ten days, is progressing nicely, and was dismissed from the hospital the first part of this week.

Billy Bourlin had his tonsils removed at the Littlefield hospital Saturday, and went home Sunday.

## FARMERS MOVING IN

Farmers are moving into the Glasscock country, long a paradise for ranchmen. James Daniel, manager of the Daniels Ranch, 10 miles south of Garden City, announces the place is to be broken up and sold for farms.

## MOSTLY STATIC by The Zacharys—

HOWDY, FOLKS:

With educators planning to use radio extensively in the classrooms, it may not be long until scholars are taught in dialects.

And when Willie fails to get his lessons, it will take a technician to determine whether he needs a scolding or a new tube.

While on the subject of radio, we might observe that radio could be improved if some of the entertainers were given the air.

Twenty million homes are still without radios, according to a newspaper item.

We mentioned this to one of our customers and he said he wished to heck the house next door to him was one of them.

No joking—you don't need to wish when you need GOOD radio service!
