**Christmas Dinner Honors Sorority**

Members of Beta Sigma Phi were feted with a Christmas dinner Monday night, Dec. 16, in the home of Mrs. Carolyn West. A short business meeting was called to order by President Carolyn West. The organization decided to help with the Muscular Dystrophy drive.

Special guests present were members at large, Kay Lockwood and Linda Pickrell.

Members who attended were Carolyn West, Loretta Winfield, Joan Bromlow, Joan Johnson, Peggy Johnson, Carolyn Spies, Karen Bankston, Kathy Fitzgerald, Ann Pullig, Janet Houk, Drusilla Moss, Paula Schroeder, Vada Walker, Darla Crone, Beth Harry, Linda Lightfoot, Kathy Rogers, Carol Brooks, Janie Ewing, Cathy Eddings, Sarah Durham, Wyletta Eddings, Renee Williams, Cleo Bales, and Diana Grammer.

The program, directed by Loretta Winfield and Carolyn Spies, consisted of a Christmas poem read by Carolyn Spies and two special songs by Janie Ewin, Darla Crone, and Carolyn Spies.

Loretta Winfield accompanied at the piano, and the group joined later in singing Christmas carols.

**Art Entries Are Needed**

More than three hundred paintings have been entered in the first West Texas Art Show scheduled for Feb. 18 in Snyder, according to Wacil McNair, general chairman of the event.

Sponsor of the all-West Texas show is the West Texas Chamber of Commerce.

The entry deadline has been set for Jan. 15 for notification of entry in the show. Official notification must be sent to the WTCC office in Abilene by that date, according to McNair.

Oils, watercolors and other media from all sections of West Texas have been entered in the show. Artists who participate must be residents of the 132-county area of the WTCC and the subject matter of the paintings must be West Texas oriented.

Tourist attractions, scenery or West Texas historical subjects are the only subjects being shown.

The one-day show will be held in connection with the annual WTCC Tourist Development Conference at the Scurry County Coliseum.

CHRISTMAS CHEER for a needy family was delivered Saturday by members of Texas Tau Chi Chapter of Beta Sigma Phi. A Christmas tree, bountiful supply of food and numerous gifts were presented to the family.

WE ARE BEING told that we will likely have one school in the County by 1971. No one asked me but this is my opinion. From 30 to 60 miles twice each day is too far for school children to have to ride the bus. We have some good schools in our district and can't see why we have to be told to do away with them. It is not fair for things like this to happen and the people of the districts not have a chance to vote on it. We are supposed to be a Democratic nation. So many of the students have voiced opposition and do not wish to be sent to one school. Why not just have one college in the state? Wouldn't that be the same? Guess I am old fashioned, but the children's welfare is still an interest of mine.

FUZZY WATSON spent Christmas in the hospital in Lubbock. Fuzzy's horse fell with him and he sustained a broken leg. He is at home and is doing satisfactory at this time.

### Conservationist Explains Water Diversion Projects

Two types of water diversion that can be of great benefit to Lamb County and area farmers were recently outlined by Joe Blevins of the Soil Conservation Office in Littlefield.

Hints on how to use them to the best advantage are as follows:

A diversion is a channel with a supporting ridge on the lower side, constructed across the slope, for the purpose of

diverting water from areas where it is in excess.

This excess water is thus carried across the slope to sites where it can be used or disposed of safely.

There are two types of diversions used in the High Plains area.

First is the graded or level open-end diversion used to carry excess water to a grassed outlet or water way.

Second a level closed-end

diversion or basin terrace.

Level diversions, or basin terraces, are constructed to retain runoff water and thus check erosion of the lower slopes.

Diversions are not meant to be used on cropland as substitutes for standard terraces, but are meant to be used to divert excess water to suitable outlets.

On level or flat land basin terraces can be used to control excess water.

NON-RUSTING NAILS

Always use non-rusting nails and fasteners for garden structures.

#### HERE FRIDAY

### 'Cats, Mules Renew Long-Time Rivalry

Littlefield's Wildcats renew an old rivalry with Muleshoe here tomorrow night.

After many years competition between the Wildcats and Mules, they missed on the football schedule this past season. But they hook up in basketball in Wildcat

Gymnasium for a doubleheader.

Tip off will be at 6:15 for the junior varsity clash, with the varsities meeting at 8 p.m.

An added feature of a short game between two Littlefield Seventh Grade teams will be inserted between the high school contests.

The 'Cats will be looking for win number two of the season. They won their last outing before the holiday layoff, beating Tahoka for third place in the Post tournament.

#### Football Wrestles Here Saturday

St. Louis Cardinal tackle Bobby Duncan will wrestle Buddy Colt here Saturday night in the Littlefield Sports Arena.

Headliner for the evening's event is Littlefield's Chief Little and Terry Funk going against Mr. Ito and Chati Yoku in a tag team match.

Funk, himself, is a former college football star, having played for the West Texas State University Buffaloes.

### Amherst Tournament Has Class B Talent

Every Class B basketball team in the area with the exception of Anton is involved in the Amherst basketball tournament that kicks off today at noon.

And a couple of outstanding outside clubs are included in the field.

Today's schedule is as follows:

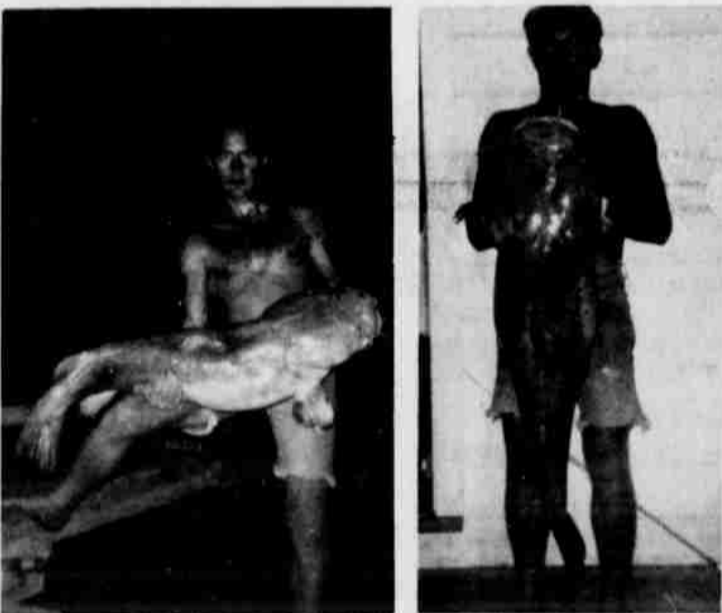

- 7:00—Whiteface, New Home girls
- 7:15—Whiteface, New Home boys
- 7:35—Lazbuddie, Whitharral girls
- 7:50—Lazbuddie, Whitharral boys
- 8:10—Spade, McAdoo girls
- 8:25—Spade, McAdoo boys
- 8:45—Pep, Amherst girls
- 9:00—Pep, Amherst boys

All championships will be played off Saturday. Consolation will be at 2 and 4:20. Girls and boys respectively; third place at 4:40 and 6; and championship, 8:20 and 8:40.

Amherst's boys are the only undefeated team entered in the tournament.

**NOTHING UNUSUAL**—James Diersing, son of Mr. and Mrs. Vic Diersing of Littlefield, says there's nothing unusual about catching big yellow catfish like these two from the pond about 100 yards from his house. Both are over 50 pounds and were caught a week apart on trot lines with live carp on 4.0 hooks. But the pond near his house happens to be Possum Kingdom. James is a high school teacher at Bryson.

Business to Scale New Peaks in 1969—The momentum built by rising business volumes and production will surely carry the usual measurements of Gross National Product and the Federal Reserve Index of Production onto new all-time high ground in the year 1969.

we shall have our "fingers crossed" about the course of stocks during the time after the year end...especially if market "fireworks" become particularly brilliant in the early 1969 days.
Under these circumstances, cautious selecting may pay bigger dividends in 1969 than "playing the field."

Assuming no dropping of the surtax, we look for a lesser rate of gain in the final 1969 half...another big year, but tapering as it wears along. Over all, expect a GNP upthrust over 1968 of close to 7% (about \$60 billion).

Containers—Another group that does not seem to have exhausted its investment potential is the containers...though they are not as cheap as they were a year ago. Our choice in this field would be Continental Can.

Electric Utilities—Electric power stocks, one of the soundest growth areas, are showing signs of emerging from the investment fog that has enshrouded them for some time. They offer both income

Profits—Total corporate profits in the first half of 1969 will out-distance those of the year-earlier period...they may even equal the strong final six months of 1968.
Here again, however, squeezed by inflationary costs and somewhat less boisterous demand, we look for a downdrift in profitability below 1969 had advanced too far.
