

MUCH NEEDED MOISTURE FALLS OVER LITTLEFIELD AND THE SOUTH PLAINS

Mayor Chesher Designates April 6, Army Day

Extensive Program Planned Delayed Indefinitely

Business Houses to Display Flags; Vets to Wear Uniforms

Mayor A. C. Chesher has designated Saturday, April 6, Army Day in Littlefield, and has issued the following proclamation:

I, A. C. Chesher, Mayor of the City of Littlefield, Texas, by virtue of the authority vested in me as such mayor and with the consent of the City Commission of said city, do hereby proclaim Saturday, April 6, 1946, to be a holiday in the City of Littlefield, Texas, in observance of Army Day.

Recognizing the fact that all of us are grateful for the heroic sacrifices made by the men and women in the armed forces of our nation in World War II and in preceding wars, it is fitting that on Army Day we should lay aside for a time our daily duties and appropriately commemorate the acts and deeds of those who fought and came back, and of those who fought and stayed over there, and for those reasons this proclamation is made.

It is not intended that the places of business in the city shall close on that day. To the contrary, all places of business should remain open for the accommodation of those who visit our city. However, we do urge that all the people of the city enter into the spirit of the occasion with proper celebration and show the veterans and their relatives and friends, as well as the relatives and friends of the men who failed to return, that we appreciate their services and that we owe them a great debt. Done and ordered at the City of Littlefield this March 27, 1946.

A. C. CHESHER, Mayor of the City of Littlefield.

Originally it was planned to stage an extensive program here on Army Day, but, according to Charles Signor, chairman on arrangements, all these features, including the dedication of the new airfield, have been indefinitely postponed, because of inability to make the desired arrangements.

One of the features of the program, the dedication of the airfield, was postponed on account of the illness of Col. Hardy of Lubbock whom it was planned to head that phase of the program.

Business houses will display the Stars and Stripes on Army Day, and all Veterans have been asked to wear their uniforms. Arthur Mueller is in charge of this phase of the program for the Legion, and Durwood Howell has charge of this feature for the Veterans of Foreign Wars.

Adj. Eula Trummell Resigns; Will Leave Littlefield

At a meeting of the Salvation Army Advisory Board Friday night, the members were shocked to learn of the resignation of Adjutant Eula Trummell as an officer of the Salvation Army. She will leave Littlefield shortly.

Adjutant Trummell has been an officer of the Army for 15 years. She came to Littlefield first on March 13, 1936, left here in September 1941, and returned to Littlefield in November, 1944.

Captain and Mrs. Vincil Larsen of Lubbock will take charge of the Salvation Army work here until other arrangements can be made. Meetings and relief work will continue as usual.

Adjutant Trummell has been an officer of the Army for 15 years. She came to Littlefield first on March 13, 1936, left here in September 1941, and returned to Littlefield in November, 1944.

Grand Champions of FFA, 4-H Livestock Show

There were three grand champions in the FFA and 4-H Livestock Show, which was held in Littlefield Saturday.

Top, Left—Herman Rose, 15, and his steer which took first place in beef steers and the grand championship. This animal, 15 months old, also was first in its class and the grand champion at the Olton show. Herman is a son of Mr. and Mrs. W. B. Rose, and the family lives three miles south and one mile west of Olton.

Top, Right—Here is Bo McClure, 12, his father, H. M. McClure, and the Jersey cow which was first in her class and grand champion of all breeds. Bo is a member of the Olton 4-H club, and it was the first time he ever entered an animal in a show. His prize winner is a five and one-half gallon cow, and is six years old.

Bottom, Right—The young man with his shirt covered with ribbons is Kenneth Burgess, 14, a member of the Sprink Lake FFA. The animal is a Duroc and the grand champion sow of all breeds. She came from the Roy G. Wood farm at Plainview, is 15 months old, and is a grand daughter of Proud Cherry King.

Livestock Show Is Big Success; Many Entries

Complete List of Winners in Annual Event Announced

With approximately 100 animals exhibited, plenty of lively competition, and a large attendance, the annual Littlefield FFA and 4-H Livestock Show is regarded as an outstanding success.

There was more money offered in regular prizes, and the special prizes which were given by Littlefield business concerns, were numerous and liberal.

J. H. Baumgardner of the Animal Husbandry Department, Texas Tech, was the judge.

The superintendent of the show were as follows: Swine, W. M. Byrd, Whitharral; dairy cattle, Edward White, Mule-shoe; beef cattle, W. G. Sanderson, Springlake; sheep, Edgar Chance, Sudan.

Ray Walker, Littlefield agricultural teacher, was secretary of the show.

Booster Group Backs Show The show has the active backing of the Littlefield Chamber of Commerce. Jess Elms, chairman of the agricultural committee of the Littlefield Chamber of Commerce, and E. C. Cundiff, secretary of the Chamber of Commerce, were active in the promotion and the conducting of the show.

The annual luncheon of county and agricultural agents and show officials was held at the Methodist church.

The show was held in the LFD drive yard of the Higginbotham-Bartlett Co.

Wins Many Prizes Kenneth Burgess, 14, a member of the Sprinklake FFA, exhibited five of the eight hogs he owns. All his entries were Durocs. He carried off first and second on Duroc boars; first of all breeds on barrow hogs; fourth on gilts, and the grand championship on sows of all breeds.

City Receives Over Half Inch Precipitation

Heavy Clouds Promise Area More Rainfall

Rainfall, which varied from light showers to nearly an inch, fell over the South Plains Tuesday and Wednesday.

Official recording of the moisture at the West Texas Cottonoil Company's plant here was 58/100ths of an inch. It started raining slowly here about 11 a. m. Tuesday, and continued until early Wednesday, falling heavier Tuesday night.

Good rains were reported at Muleshoe, Whiteface, Levelland, and Anton.

Merchants and farmers alike are jubilant over the moisture, which will aid the farmers in their planting considerably over the South Plains, as well as brighten their hopes for a good crop this season.

Clouds Wednesday late were still hanging low, and there is every prospect of more moisture.

The hottest day for the past week was Sunday, when the temperature stood at 78 degrees from 3 to 5 o'clock p. m., and the coldest day was Friday when the reading stood at 37 degrees from 5 to 8 a. m.

Recordings for the past week were as follows—Thursday, high 75; low 47; Friday, high 70 and low 37; Saturday, high 70 and low 39; Sunday, high 78, and low 41; Monday, high 74 and low 41; Tuesday, high 46 and low 40; and Wednesday, high 53 and low 42.

County Officers Meets in New Location Monday

Engineering Contract on Road District 6 Awarded to Harrison

The County Commission met Monday morning for the first session in their new location in Littlefield.

Business houses in Littlefield showed their appreciation of the removal of the County Seat, and welcomed the officials and personnel by numerous baskets of flowers, delivered at the Court House Monday morning.

The ladies in the Court House were also presented with corsages and the men with carnations for their button holes.

The meet was a special called session, and present were: Judge I. R. Holt, and Commissioners E. C. Ross, H. A. Hysinger and Sam Carley.

The Engineering contract on Road District 6 was awarded to Frank G. Harrison, Engineer of Sudan. J. H. Roles was employed as janitor of the Court House.

Vote For the Bond Issue!

Vote Friday, March 29, in favor of the issuance of water and sewer revenue bonds in the amount of \$190,000.

Of the total amount, \$28,500 would be used for the purpose of paying off, refunding and cancelling \$28,500 of the bonded indebtedness of the city's water system, and the balance of \$161,500 would be used for the purpose of improving, enlarging and extending the city's water system and the city's sanitary sewer system.

The bonds would mature serially over a period not exceeding 25 years are strictly revenue bonds, and both principle and interest would be paid out of the revenue of the city's water system and the city's sanitary sewer system.

The chief purpose of the bond issue at this time is to provide much needed additional water and sewerage facilities, largely because of the rapid growth of the city.

The issuance of the bonds would not increase taxes, because they are revenue bonds and the interest and principal would be paid out of revenue from Littlefield's water and sewer departments.

There will be no increase in water and sewer charges in the event the bond issue is approved, in fact, water rates will be cut as soon as the indebtedness on the new fire truck is paid.

If you want Littlefield to continue to grow, vote Friday for the Proposed Bond issue.

Rev. Hemphill to Preach Tech Baccalaureate Sermon

For the first time in the 20-year history of Texas Technological College one of its own graduates will preach the baccalaureate sermon to members of the 1946 graduating class. Rev. Kenneth R. Hemphill, pastor of the First Methodist church of McAllen, will preach the sermon, according to Dr. W. M. Whyburn, Tech. president.

At the same time, it was announced that Cong. George Mahon would make the commencement address. Representing the Nineteenth Congressional district of Texas, he recently succeeded to the chairmanship of the House Appropriation committee's sub-committee on military appropriations.

Mr. Hemphill was a member of the first class at Tech, having entered in 1925 after studying one year at West Texas State Teachers college in Canyon. He graduated from Tech

in 1928 with a B. A. degree, majoring in government. While at Tech he lettered in basketball and later taught school and coached basketball.

The baccalaureate exercises will be held Sunday night, June 2, at 8 p. m. in the college stadium. The regular commencement exercises will be held the following night, Monday, June 3, at 8 p. m. also in the stadium.

Northwest Wind to Bring Average Yield

Based on Indian lore, the South Plains will have an "average" crop yield this year, according to findings by Judge Clark M. Mullican, of Lubbock, who, amid "pictured" early day surroundings, found the wind from the northwest in his sunrise rendezvous with spring Friday.

"The wind, as Old Sol made his first appearance today, was from the Northwest," Judge Mullican reported, "and that means 'average' rainfall, hence average crops." Pressed for a definition of "average," the judge threw up his hands. "I," he said, "am a crop forecaster, not a mathematician, magician or seer. I don't guarantee to do anything but follow the lead of the Indians."

However, Don L. Jones, superintendent of the State Agricultural Experiment station, East of Lubbock dug down into his records in an effort to find out just what "average" means as to South Plains rainfall and crops. He came up with this: Rainfall: 20 inches annually. Cotton yield: half a bale to the acre. Grain sorghum yield: 1,000 pound per acre.

Jones pointed out, however, that his estimate, based upon "dry land" farming, will require even distribution of the 20-inch rainfall.

Judge Mullican, making his 15th consecutive forecast at sunrise on the first day after the first full day of Spring, reported that his wind check was made at a point south of Carlsbad, which lies about seven miles west of Lubbock. He was accompanied by Mrs. Mullican and almost before his experiment had been completed telephones at the Avalanche-Journal started ringing. All day up to press time, interested citizens were calling to ask "how about the wind direction and what does it mean?"

For 18 years, the March 22 wind

check has been an annual feature of Avalanche-Journal papers, the late J. T. Wellborn, Garza county rancher, aided by the late W. O. Stevens, Post and Lubbock banker, having carried on the experiment for many years prior to 1931 when Judge Mullican took over after Mr. Wellborn's death. While there is no scientific basis for the belief that the wind direction at sunrise on March 22 has anything to do with crop yields, the indications gleaned from the experiments have been borne out, almost without exception, throughout the

years. According to the Indian legend, if the wind at sunrise on March 22 is from the East or Northeast, rainfall will be plentiful and crops "bumper," from the North or Northwest, average rain and crop yields will result; from the Southeast, little rain and poor crops; from the West, Southwest or South, a drouth and "burned up" crops will follow.

With a straight face, but with his tongue in his cheek, Judge Mullican said "of course, I talked with the spirits of departed Indians today when I was making my checks, I

could see their ghostly figures floating around me and could hear their hoarse voices talking with me. "Today, I had a hard time explaining to Chief Big Drung, of the Crow tribe, the meaning of 'average spirits,' in which he was greatly interested. He thought the term applied to Argentina, Sweden, Switzerland, and so did Chief Grand Dad, and I had a hard time convincing them that 'neutral spirits,' made of tumbledweed seed, what Uncle Sam was putting in his likker instead of the old, reliable corn.

Attend Funeral at Memphis, Texas

Mr. and Mrs. Fred Gerlach left Thursday night for Memphis, Texas, in response to a message notifying them of the death of Ed McCreary, who was the father-in-law of Mr. Gerlach's youngest sister. Funeral Services were conducted Friday. Mr. McCreary had been City Marshal of Memphis for the past 15 years, and had resigned just one week ago to enter the Sheriff's race. He died suddenly as a result of a cerebral hemorrhage.

EXPECTS DISCHARGE SOON

Mr. and Mrs. Acree Barton received a letter recently from their son, Winston Barton, Coxswain in the Navy, to the effect that he expected to receive his discharge about May 1. Barton arrived in the States recently, and is now stationed at San Francisco. He has been in the South Pacific since November, 1944, but has been to the States several times. He was awarded two Bronze Stars for participating in combat at Okinawa and Iwo Jima.

Morton School Buildings Burn

Morton's primary school building, erected in 1936 at a cost of \$50,000 exclusive of furnishings, was destroyed early Tuesday of last week by fire of undetermined origin. Morton fire department received the alarm about 7 a. m., and fought a losing battle because of shortage of fire hose and lack of fire plugs near the building. Levelland fire department rushed more hose to the scene, and assisted the Morton department. The buildings and furnishings were said to be valued at \$68,000, including \$2,000 worth of books. The building consisted of 13 classrooms, an office, laboratories, boiler and supply rooms. It employed 11 teachers and a part-time music teacher. R. D. Holliday, principal, said pupils enrolled from the first through the fifth grade numbered 330. One teacher reported a loss of approximately \$200 in personal effects left at the school because of lack of storage facilities in her living quarters. Insurance carried on the building

U. S. Employment Officer to Be Here April 4

The United States Employment office announces that on Thursday, April 4, George Sessums, Contact Representative of the Veterans Administration, will be in the office; and on each Thursday thereafter. This office has moved from the former City Hall to the Red Cross building on East Fifth street. Realtors are as busy as doctors, nowadays. You can't even see a house without an appointment. Or is it because they must have time to bail the water out of the basement? and equipment was said to be approximately \$36,000. Supt. Carl Macon made an immediate requisition on the State Department of Education for books to replace those burned. Plans are being made to continue classes in Morton churches, ministers of all churches having offered their buildings for the duration of the emergency.

Eugene Doshier Loses Billfold

Arthur Eugene Doshier, son of Mr. and Mrs. A. L. Doshier of Littlefield, who was discharged February 26 from the service, was unfortunately enough Monday afternoon as to lose his billfold containing his discharge papers, and \$20.00 in cash.

Mr. Doshier stated Tuesday that if the party finding same would leave his billfold and papers at the Littlefield Service Station or the Lamb County Leader, they might keep the \$20.00 cash.

Doshier was three years in the service and two years in the South Pacific. He is much concerned at the loss of his billfold, and will appreciate it very much if finder will return it to him. If this billfold is brought to the Leader office or Littlefield Service Station, no questions will be asked.

Junior Class Sponsors Matinee

The Junior Class of the High School is to sponsor Bushe's Marionettes in a double matinee performance at the High School Auditorium on April 18. The Bushe group is one of the oldest puppet shows in existence, it having been the possession of the Bushe family for 300 years.

Veterans Classes to Start April 1

Plans are underway for the establishment of a Lamb County Vocational School for honorably discharged veterans of World War II, and a meeting was held at the High School study hall Tuesday night at 8 o'clock, with J. Ernest Jones, County Superintendent of Schools, presiding.

The program as approved by the Veterans Administration was discussed thoroughly by Mr. Jones.

In reporting the meeting Mr. Jones stated that they expected to have sufficient veterans signed up in the agricultural unit to start classes by April 1, but that in the other units they did not receive sufficient applications to start as yet.

Stillwell Russell, who has been serving as Farm Security Administrator here, and previously to that was Vocational Agricultural teacher of Sudan High School for a number of years, will instruct the Veterans Agricultural unit. The classes will be held in the Agricultural building at the high school.

Girl Scouting Gets Underway

A good attendance was present Tuesday night at the Girl Scout organization meeting held at the High School Auditorium, when Mrs. Gretchen Kidd, Field Executive of Girl Scouting, addressed the group on the work.

Supt. Fred Miller presided at the meeting.

Among those making talk were: Judge E. A. Bills, representing the City; Mrs. A. B. Haynes, Eugene Latimer on behalf of the Boy Scouts; Miss June Wren representing the School Faculty; and Dr. A. B. Haynes, representing the Pastors of Littlefield.

It was decided to name a Nominating Committee to select officers for the Girl Scout movement.

The Committee met immediately elected the following officers:

Charles Signor, President; Mrs. Ray Hulse, Vice-President; Mrs. Norman Renfro, Secretary; Mrs. Elton Hauk, Treasurer; Mrs. A. B. Haynes, Organization Chairman; Mrs. C. E. Cooper, Program Chairman; Mancel Hall, Finance Chairman; Houston Hoover, Camp Chairman; Mrs. Allan Hodges, Public Relations Chairman, and Mrs. Roy Wade, Training Course Chairman.

These officers will meet at 10:30 Thursday A. M. at the Methodist Church for the purpose of organizing.

Mrs. Kidd also met with the leaders, assistant leaders and committees Wednesday afternoon at 3:30, and will meet again this afternoon at the same time at the Methodist Church to give instruction.

be played on the old CC camp property, and there will be approximately 70 games in the first half. Lights will be installed and all games will be at night, with the exception of the first two or three games. The first game will be Army Day, April 6, and will be an afternoon affair. Season tickets for the first half of the season are being sold for \$1.

Hall Motor Company Will Move to New Building Monday Next

The Hall Motor Company will move Monday from their temporary location in the Littlefield Hotel building to their new building across from the Court House.

In announcing their removal Mancil Hall, owner and operator, stated that the new building would not be completed, but that due to the additional space it would afford their service department, they decided to go ahead and move. The Company's offices will be closed Monday, and re-open in the new building Tuesday.

When completed the new building will provide 10,000 square feet, with 8,000 square feet for the parts and service departments, and 2,000 for show rooms and office space.

The building is constructed of cream brick with white stone front. Fluorescent lights will be installed throughout, and the building will be air-conditioned, both winter and summer.

It is expected that the building will be completed about May 1.

The Littlefield School Trustee Election will be held Saturday, April 6, when two trustees are to be elected. The terms of Dr. Wm. N. Orr, and Frank Lehman expire. A petition asking that the names of these two men be placed on the ballot for re-election has been received, and both have agreed to serve if elected. Jess Elms will serve as judge.

Trustees now serving are: Dr. Orr, Mr. Lehman, Jack Farr, Buster Owens, G. G. Wilson, Bob Lewis and J. J. Harlan.

Valuable Map Is Lost by City

W. G. Street reported Tuesday that a valuable city map was lost off the trucks in the removal of the City Secretary's office to the Rowe Abstract Building. Mr. Street states that the map was not as valuable as the information written on same; and that it will be impossible to replace this map.

The City is also offering a reward for the return of this map to W. G. Street, City Secretary, Rowe Abstract Building, Littlefield.

Will the party who found this map please return it? You will be rendering your city a real service.

Lamb County's New H. D. Agent Takes Over Duties

Photo By Chisholm MISS VETA WORLEY

Miss Veta Worley, whose home is at Mercedes, Texas, but who is recently of Richmond, Texas, has succeeded Miss Vara Crippen as Home Demonstration Agent in Lamb County, and took over her new duties Thursday.

Miss Worley was formerly Assistant Home Demonstration agent for Fort Bend County, and stationed at Richmond.

Miss Crippen has been named Home Demonstration Agent for Dawson County, and left last week for her new work. Miss Crippen had been in charge of Home Demonstration work in Lamb county two years.

Miss Worley is a graduate of Merced in Home Economics at University of Texas.

Miss Kate Adele Hill, District Agent Extension Service, of A. & M. College, College Station, who has been in this district two weeks in the interest of her work, was accompanying Miss Worley over Lamb County, Thursday, and assisting her in getting started with her work.

Besides visiting the Leader office in Littlefield Thursday Misses Hill and Worley called on County Judge I. B. Holt and Mrs. E. W. Walden, County Home Demonstration Council Chairman.

Purchase 3 Farms and Plant 100 Acres in Onions

Operate in Both Rio Grande Valley and Colorado State

Dair Baldridge and son, John, of Raymondville, Texas, large vegetable growers of the Valley area, were in Littlefield Friday enroute to Earth, where they purchased in January last three farms, all of which are irrigated, and where they have planted 1100 acres of onions.

This is a new crop for the South Plains.

Included in the farm land purchased by Mr. Baldridge and son in Lamb county are two farms of 220 acres from Virgil Willis, and another farm from Harry Engelking. This property has three wells to supply irrigation and is located 5 miles west of Earth. Mr. Willis, according to Mr. Baldridge, planted the onions last month.

These men have gone into the growing of vegetables especially onions in a large way, in both the Valley area, and in Colorado. They will grow close to 2,000 acres of vegetables this coming season, in the Valley, which includes 700 acres of onions. These onions will be ready to harvest April 1.

Mr. Baldridge and son were trying Friday to locate some irrigated land in this section, and paid a pleasant visit to the Leader office.

Officers and Men to Wear Same Fashioned Uniform

Officers' uniforms are on their way out of the Army. By June 30, 1948, the highest colonels and the lowest privates will be garbed in identical fashion, except for insignia. The War Department's order decreeing this comes at a time when criticism is still being heard from ex-servicemen about the so-called "officer caste system" and its privileges. The first Capitol Hill comment was all for the change. Chairman May (D-Ky) of the House military committee told reporters "it looks like the Army is beginning to recognize the demand for military practices. This should encourage larger volunteer enlistments."

An ex-GI, Rep. Melvin Price (D-Ill.) said: "It sounds good to me. I think it will help enlistments and will do away with some of the bad feeling that exists between officers and men." Rep. Harness (R-Ind.) also thought it sounded fine, but added "it's been delayed a long time, though."

The reason some husbands speak sharp and to the point, is because that is the only way they can get a word in edgewise. The wife has a terrible memory. She never forgets anything bad we have ever done. If whisky is the enemy of civilization, my how some men must love their enemies! Man doesn't know what real happiness is until he gets married. Then it's too late. Sadie the Salesgirl maintains that a counter irritant is a woman who shops all day and buys nothing.

Take Training Under GI Plan at Hall's Motor

Three World War II Veterans are taking training under the GI plan at the Hall Motor Company in the service, parts and sales department. They are: Tommy McFarland, who recently discharged from the service after several weeks spent in the Naval Hospital at Norman, Okla., and who was a prisoner of the Japs for three and one-half years. He was formerly employed at the Hall Motor Co.; Clifford L. Hooley, one and one-half years with the Ordnance Branch of the Army, and served overseas for five months; and James O'Neal, a former employee of Hall's Motor, and who spent three and one half years in the service, with two years in North Africa and Italy with the Quartermaster Corps of the Transportation Division.

Next we will hear that the congressmen who are supporting the unions have claimed that exemption in their income tax.

Livestock Show

(Continued from Page One)

Mrs. H. M. McClure, showed for the came out with outstanding honors. His Jersey cow was first in her class and the grand champion of all breeds. She is a five and one-half gallon cow and is six years old.

The Rose brothers, Herman, 15, Garland, 13, and Oliver, 10, sons of Mr. and Mrs. W. B. Rose of three miles south and one mile west of Olton, made an interesting record in the Littlefield show.

Herman had the first place on beef steers and carried off the grand championship. This same animal was first in its class and the grand champion at the Olton show.

Oliver got second place on beef steers. This same animal was reserve champion at the Olton show. Garland took third place on beef steers.

Herman has had an entry in every Littlefield show since 1941, with the exception of last year.

The fourth Rose boy, Elson, 6, is too young to have an exhibit at the Littlefield show, but his father says to give the boy a little time and he will be in there seeking prizes.

LAMB COUNTY LEADER

VOLUME XXIV Littlefield, Lamb County, Texas, Thursday, March 28, 1946 NUMBER 1

Soil Conservation Meeting Called for April 9th

Conducts Study Course on Cub Scouting Wednesday

Pat Lewis, Lubbock, Director of Scouting for the South Plains area, was in Littlefield Wednesday and conducted the second lesson on a study course for den mothers, and others interested in the cub scouts, at the home of Mr. and Mrs. F. E. Yohner at 1:30 o'clock Wednesday afternoon.

Mrs. Yohner and Mrs. John Price were hostesses.

Miss Pauline Young to Be Manager of Local Western Union

Miss Helen Shans of Seagraves, who is relief manager for Western Union will return to Seagraves the 1st of April for a new assignment.

Miss Pauline Young, who is in managerial training in Yukon, Okla., at the present time, will be permanent manager here beginning, April 1st. Miss Young was a graduate of the 1944 class of local High School.

Session Will Be Held at Majestic Theatre, Amherst

Every Farmer in County Is Urged to Attend Meeting

"The State Soil Conservation board has notified me that they are ready to hold a hearing with Lamb county farmers for the purpose of establishing a Soil Conservation district in this county," County Agent Lem Weaver has announced.

The date has been set for Tuesday, April 9, at 2 p. m. in the Majestic theater at Amherst. Every farmer in the county is urged to attend this meeting, because the more interest shown at this hearing, the better chance we have of securing the district. If enough interest is shown, the State board will hold an election at their own expense.

One hundred and twenty-seven land owners have signed a petition for this hearing, and it is believed that their interest is aroused considerably.

Once set up, the District becomes a legal unit of the state, and those selected to govern the operations of the District have the job of working out fitting conservation plans and then encouraging their adoption and practice by farmers.

If enough interest is not shown,

Chili Supper Enjoyed Friday

The 50-50 Sunday School class of the First Baptist Church enjoyed a chili supper in the basement of the Church Friday night.

An informal program was enjoyed which included monologues by Mrs. Ralph Nelson and Kenton King, group singing, and various games.

Present were: Mr. and Mrs. Lenton Smith, Mr. and Mrs. Merlin Yarbrough, Mr. and Mrs. Kenton King, Mr. and Mrs. Othell Dunagin, Mr. and Mrs. Ralph Nelson, and Mrs. E. J. Packwood.

SGT. WITCHER COMING HOME

Sgt. Alva Witcher, son of Mrs. B. J. Witcher, of Littlefield, is expected home soon. He wrote his mother from Harve, France, recently to the effect that he would leave Harve, France, March 20, for home. The family are looking for him soon.

Mrs. J. D. Goode of Littlefield was admitted to the hospital March 22, for medical care.

The Board will not hold an election, but otherwise, they will hold one any time the farmers wish.

Dyes Mismatched Hose to Beat Shortage

Salvaging odd or faded stockings and then re-dyeing them is one way to beat the hosiery shortage. Here's Louise Holden, Arthur Murray dancing teacher, selecting stockings for tinting. Special stocking dyes, available in six shades, are used to re-match odd hose after color is taken out with color remover. The dyes work on all regular hosiery materials—nylon, rayon, silk, cotton, wool and lisle.

U. S. Employment Office Moves to Red Cross Building

The U. S. Employment office moved Friday last from the City Hall to the Red Cross building on East 5th Street. This move was necessitated due to the County Officials taking up quarters at the former Littlefield City Hall.

Mr. Lindsey is in charge of the U. S. Employment office.

To Institute Earth Assembly of Rainbow Girls Tonight

Mrs. Marie Whitfield, Supreme deputy of Order of the Rainbow For Girls, visited Olton Tuesday night, and constituted the Olton Assembly. Mrs. Eloise Smith is the mother advisor of the Olton Assembly.

Tonight (Thursday) Mrs. Whitfield will institute an Assembly at Earth.

A public installation will also be held at this time. Mrs. Bill Clayton is to be installed as Mother advisor of the Earth Assembly.

City Library in Cannery Building

The City Library was moved last week from the Littlefield City Hall to the east end of the Cannery building, where Miss Lula Hubbard, Librarian, announces the library is now open to the public.

To Issue \$150,000 in Bonds to Build 17.6 Miles of Roads

Road district No. 6 will issue bonds of \$150,000 for construction of paved highway over the 17.6 mile stretch from the north line of Lamb county southward through Earth and to U. S. highway 84 at Amherst, Thursday's canvas of Lamb County Commissioners Court having found 208 votes favoring the proposal, 15 opposed. The election was held Saturday.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did. CARDUL SEE LABEL DIRECTIONS

CHILDREN GIVEN SPECIAL SPEECH INSTRUCTION

Deaf children like two-year old Sue, above, whose father was killed overseas, are given special instruction in speech development at the Dallas Pilot Institute for the Deaf, Inc. Here Sue feels the cheek of her teacher, Miss Ruth Orenbaum, in order to pick up speech sound vibrations and learn to duplicate them. No longer does being deaf imprison a child in a world of silent loneliness. Little children, like Sue, are learning to be normal children at the Pilot Institute for the Deaf, 48-30 Ross Avenue, Dallas, Texas. She is among twenty-five children learning to speak and read lips. The Institute is sponsored by the Dallas Pilot Club, a small group of professional and business women, who, three years ago, discovered that there was no school of this kind for pre-school deaf children in the en-

tire Southwest. They set about meeting the challenge of deafness in little children by establishing a permanent school on a non-profit basis under the guidance of Miss Ruth Orenbaum, a patient, kind teacher with many years' experience with deaf children. The Institute is growing rapidly, the enrollment now including children from all over the state. Three excellent teachers, Miss Orenbaum, Miss Marybelle Seagriff and Miss Mary Martin, and a maid are employed at present. Miss Martin of Memphis, Tennessee, has recently been added to the staff. She is in charge of the newly created speech correction department for pre-school hearing children. A fourth teacher will be added next fall to meet the expansion program. The North Dallas-Park Cities Women's Club is planning a \$25,000.00 building for the Institute.

Mr. and Mrs. Wolfe Shaw left Saturday for Dallas, Fort Worth and San Antonio, to be gone until Friday of this week. They are buying merchandise for Shaw's Dry Goods. Miss Florence Grisham returned recently after spending six weeks with friends at Dallas.

County Agents Meet at Lubbock

County agents representing 18 of the 20 West Texas counties in district 2 met at Lubbock Wednesday of last week, in Texas Tech agricultural auditorium for a training program which emphasized farm labor-saving devices and cotton production techniques.

The morning session was devoted to display and discussion of devices to make farm work easier. R. B. Dickerson and M. R. Bentley, both of the Texas A. and M. Extension

service, assisted by Henry P. Clay, associate professor of plant industry at Tech, led that part of the program. A commercial exhibit was included.

Cotton specialists during the afternoon emphasized making the best job of cotton production on present acreage, rather than increasing the number of acres devoted to cotton. Leading discussions were by Fred Elliott, Extension service cotton specialist; P. K. Norris of the foreign agricultural relations division of the U. S. Department of Agriculture; and W. C. Galceran of the National Cotton council which seeks new uses for cotton.

W. N. Williamson, district agent,

College Station, directed the program.

Agents and counties represented, included Jason O. Gordon and Bill Griffin, Lubbock; L. H. McElroy, Farmer; R. L. King, Castro; C. C. Brookshier, Swisher; L. L. White, Brisco; J. K. Adams, Bailey Lem Weaver, Lamb; C. B. Martin and Olive Liner, Hale; A. L. Hartzog, Floyd W. R. Kimbrough; Roy Hickman, Cochran; H. B. Horn, Yoakum; R. N. McClain, Terry M. W. Ayers, Lynn; D. F. Eaton, Jr., Garza; T. A. Barfield, Dawson and C. E. Morris, Gaines.

PLAY POSTPONED

The Junior play, "Here Comes Charlie," originally announced to be presented at Sudan High School Mar. 22, has been postponed until Friday, March 29, because of special activities to be held at the Baptist church the first week end.

Sweet potatoes should be treated with either corrosive sublimate or commercial fungicide before they are bedded.

Frozen food removed from quick freezer locker and thawed should not be refrozen.

Milk is one of the most important foods in the human diet.

Use the tractor manufacturer's instruction book to make the tractor do a better job.

A terrace system, no matter how well laid out and constructed must be maintained if it is to keep on doing the job it was intended for.

Any feed or grazing which might flavor milk should be fed after the cows are milked.

Sales of U. S. Cotton abroad, which reached a low level during the war, have been increasing steadily since the late summer of 1945.

The chick brooder should be cleaned up and adjusted several days before the chicks are to arrive.

Cotton is needed in livestock production.

Short Course to Be Staged at A. & M. June 24 to July 12

A three week poultry short course will be held at Texas A. & M. College June 24 to July 12, it has been announced by E. D. Parnell of the poultry husbandry department. Two weeks will be devoted to chickens, the last week to turkeys. The course has been planned to train flock selecting and pullorum testing agents, both chickens and turkeys, and to serve as a refresher or training program hatcherymen, poultry breeders, or others interested in chicken or turkey raising. College credit may be earned by those attending for full three weeks.

A license may be earned for doing official work with chickens by attending either the first or second week. During the third week official turkey training work will be done. Both written and practical field examinations will be given. A registration fee of \$10 will be charged for either two or three weeks attendance.

The War Department Needs Your Support

The military task is peace; and to accomplish that task, Congress has authorized our history's largest and best-trained peacetime Regular Army. It is now being recruited by voluntary enlistment.

With this in mind, we believe that from time to time we should read, re-read, and give serious thought to what President Truman told the nation on October 27th of last year: "(1) Our Army, Navy and Air Force, in collaboration with our Allies, must enforce the terms of peace imposed upon our defeated enemies. . . . (2) We must fulfill the military obligation which we are undertaking as a member of the United Nations Organization to sup-

port a lasting peace, by force, if necessary. . . . (3) We must co-operate with other nations to preserve the territorial integrity and political independence of the nations of the Western Hemisphere. . . . (4) In this troubled and uncertain world, our military force must be adequate to discharge the fundamental mission laid upon them by the Constitution of the United States to 'provide for the common defense' of the United States."

In fulfilling its mission as a guardian of the peace, the new Regular Army must not lose the pace of progress set during the war in technological and scientific research. This research has developed countless new devices and methods into general use throughout the Army, and more are being developed and perfected almost daily.

Meningitis Fatal to Muleshoe Child

Betty Jean Witherspoon, 8, daughter of Mr. and Mrs. R. Y. Witherspoon of Muleshoe, died Thursday afternoon in Lubbock Memorial hospital where she had been taken earlier in the day suffering from meningitis.

The parents and four other children survive. Funeral services were held at Lubbock.

In Lubbock General Hospital

Dorman Shockley, 19, of Anton, nephew of Mr. and Mrs. Otto Jones of this city, who was injured in an automobile accident near Gallup, N. M., and who was brought home recently from a New Mexico Hospital, was admitted to the Lubbock General Hospital Wednesday of last week for observation, and possibly an operation.

Shockley is a member of the Merchant Marine, and was enroute home

on furlough when the travel bureau car in which he was travelling was in collision with another vehicle, and he was injured.

By The Zacharys

Howdy Folks: The moon may not influence the tide, but it certainly has an effect on the untied.

One man blamed the moon for his marriage. He said if it hadn't of been for the moon her old man never would have caught him.

Of course marriage is the spice of life.

We heard about one man who went into matrimony with his eyes closed. Her father packed an awful wallop.

Some times a man takes a wife for a mate and she turns out to be a skipper.

Well, marriage is a fine institution. We wouldn't be without it.

LET'S STOP FEEDING INFLATION

You know what happens...

When you continue to spend more than you make and...

Keep on borrowing to make up the difference!

You know too, that a big chunk of every dollar you earn and every dollar you spend goes to pay the cost of government.

That's why it's important for you to take a good look at the way the government spends your dollars.

Government should begin now to live within its means

During the war government necessarily spent huge sums of money. Yet, with the war over, the government plans to spend four times as much in the coming year as it spent in the highest pre-war year.

Most thoughtful people believe that government expenditures are now far greater than they need be.

They believe that government, like a family, should live within its means... that it should not spend more than it takes in... that it should not keep on going deeper into debt.

Yet that is exactly what's happening today. Our government is spending billions more than it takes in. And it continues to borrow to make up the difference.

This is the kind of money-handling that causes inflation.

Economy in government means money in your pocket

If the American people - through Congress - will reduce government spending and take steps to encourage production, inflation will be stopped... and this is the only way it can be stopped.

Write your representatives in Congress today.

Urge them to cut the cost of government, eliminating all waste... all unnecessary services... and postponing all expenditures that can be put off until our war bills have been paid.

Urge them to make the government start living within its means... at a level that you and your neighbors can afford to pay.

You'll see the results soon in the cost of everything that you buy... food, clothing and everything else. And you'll be doing your country a real service.

YOUR DOLLARS... a postcard to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring your copy of this informative booklet on government spending—a subject which is all-important to you.

Manless Tractor Cuts Farming Costs

F. O. Masten, one of the largest farm operators in Northwest Texas, demonstrated a method he has devised to cut farming costs, before a crowd of approximately 100 men in a field adjoining his farm home three miles north of Sudan, Tuesday, of last week.

The demonstration was also staged for the benefit of Life Photographer W. W. Kirkland of Chicago, and pictures of the event are expected to appear in the nationally-distributed pictorial magazine within the near future.

The device, a tractor wheel guide, eliminates the need for a driver, permitting a tractor to plow an entire field of several hundred acres sans human hands with the exception of servicing of the tractor with fuel.

In a field of his 2,000-acre farm at Sudan last week four tractors equipped with the guides plowed around a 20-acre plot to demonstrate the effectiveness of the method to

farmers, county agents, vocational agriculture students, business men, newspapermen and others from seven neighboring communities.

Masten had previously plowed a 420-acre field on a farm near Wellington to prove his theory of economy in the operation. Operating a tractor equipped with one of the guides and hooked up with a twin plow, Masten cut man-hours of the operation from 1,180 in 1945 to 35 this spring and tractor hours from 985 to 429 this year. Labor costs on the operation were cut from \$590 to \$17.50. Equipment costs (he operated three tractors in the field last year as compared to one this year) were reduced from \$7,605 last year to \$2,924 this year.

The tractor was operated both day and night and required serving only once (at 11 p. m.) during night runs.

Masten's device is so equipped that whenever the guide "jumps the furrow" and attempts to "wander in the field," power is cut off and the machine stops. The guide consists of a tandem arrangement with an old-type tractor-wheel guide and a disc coupled to the bar extending in front of the front tractor wheels about three feet.

One man, riding a small Ford tractor or pickup truck to make his way over the field to each machine, can keep four of the tractors in operation in the same field if necessary, Masten said.

To a man like Masten, who operates 16,000 acres of farms, the device will mean much in cutting labor costs. To the small farmer who operates from 200 to 500 acres, it will also materially reduce his costs in the preparation of his seed bed. A single tractor, equipped with one of the drives, can plow 25 acres in 24 hours, the test at Wellington revealed.

In addition to the 2,000 acres on which Masten has a fine \$21,000 home and four well-equipped homes for farm workers, he also operates 113,000 acres in Cochran county, west of Morton and 540 acres near Wellington.

For several years he has produced more cotton and grain than any other individual farmer in Texas and at one time he produced 15 per cent of all the sudan grown in the entire world. His various graineries and warehouses are filled with thousands

of bushels of grain and hundreds of bales of cotton.

Masten and his brother-in-law, A. L. Frazer, were hosts at a sumptuous fried chicken dinner at the City cafe in Sudan Tuesday of last week as a forerunner to the demonstration. Guests from Littlefield, Morton, Muleshoe, Amherst, Levelland, Lubbock, Farwell and Amarillo in this area and Oklahoma City and Kansas City, Mo., attended. F. N. Langham, of Kansas City Southwest division manager; Frank Vance, sales supervisor of Oklahoma City, and Harry Colvin, sales supervisor of Kansas City, representatives of the Minneapolis-Moline Power Implement company were present.

Ben E. Keith Co. Celebrate Its 40th Anniversary

In January 1906 the Ben E. Keith Company was born. Although the firm was first organized as the Harkrider-Morrison Co. its name was later changed to the Harkrider Keith Cooke Company and operated as such until 1931 when the present name of, Ben E. Keith Company, was adopted.

Mr. Keith has been with the firm since it was organized. He was the first salesman, a member of the first board of directors and since 1918

has been president of the company. The first branch house was established in Wichita Falls in 1907, with George Keith, Sr. as the manager. A second branch called Merchants Fruit Co. was added in 1912 at Fort Worth. This steady growth continued with houses being opened in Abilene in 1919, Dallas in 1923, Lubbock 1925, and Longview in 1931. It was in 1918 that Mr. Keith purchased the controlling interest in the firm, and in the reorganization that followed Ben E. Keith was elected president, George D. Keith, Sr., vice president, and Frank Taylor, secretary-treasurer, which offices they have held from that date to the present.

Today the company identifies its

superior products with yellow and blue "Fresh from Keith's" markers which serve as guides to housewives in purchasing the best quality fresh fruits and vegetables at their favorite independent retail dealers.

In addition to its own business the Ben E. Keith Company has been keenly interested in everything affecting the industry to the ultimate end that Growers might receive the highest prices possible and at the same time permit the consumer to purchase the vast quality products at the lowest possible price. Furthermore managers and employees of all Ben E. Keith houses take an active part in all civic affairs and contribute materially to the welfare of the communities in which they reside.

After forty years of painstaking, constructive service to the fresh fruit and vegetable industry, the Ben E. Keith Co. today enjoys a position of leadership in the Southwest and is ranked as the leading distributor of Fresh Fruits and Fresh Vegetables in this section of the country.

Extensive Improvements Are Underway By Union Compress & Warehouse Co.

Extensive improvements are underway and planned by the Union Compress & Warehouse Company.

A main feature of their improvements is a complete sprinkler system, at an expenditure of \$122,000, which will eliminate any fire hazard to their building or contents.

It is reported that after the installation of this apparatus in the Warehouse buildings, should a fire start at any place in the building, the system will start spraying water automatically into the blaze, thus eliminating fire hazard, and permitting a huge reduction in insurance rates.

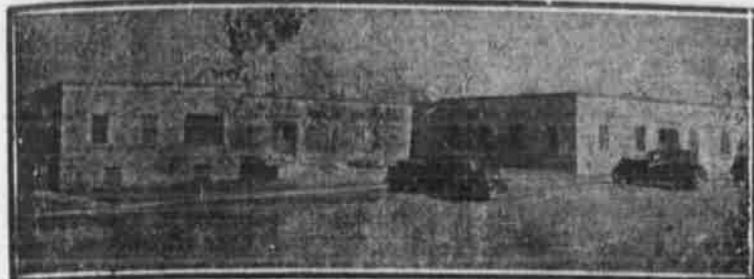

W-W Electric have the contract for the wiring of this system, and have just completed wiring the press

building, which is 490 feet long, by 200 feet wide. They have run 3000 feet of conduit, it is reported.

The Union Compress buildings are all undergoing complete reconditioning, including leveling same, repairing the roofs, etc.

Mr. Perkins of Lubbock is the Construction Engineer.

J. C. Smith, Jr. who was sick all last week with Strep Throat, is better and up and about again.

HAMMONS FUNERAL HOME

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

With the proposed increase, wage rates will have risen from \$0.85 1/2 per hour in 1941 to \$1.33 1/2 in 1946—a gain of 56.1%. Weekly average would be \$53.40.

By the end of 1945, prices on all commodities other than farm products and food had gone up 19.2% since 1941. Chart does not show effect of 1946 increases.

Using U. S. Bureau of Labor Statistics with 1941 prices equaling 100, prices of farm machinery in 1945 were only 104.9.

Profit per dollar of sale has declined until in 1945 it was slightly less than four cents, as against 8.4 cents in 1941.

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not say that. It dares not gamble. It has to be safe. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employes, to our farmer customers, and to our stockholders.

Keith's 40th Anniversary

THROUGH floods, drouths, boom times and depression--through world-war one--world war two--for forty years Ben E. Keith Company has been able to supply, through home-owned, independent retail dealers, the health-giving fresh fruits and fresh vegetables that you have been accustomed to enjoy--every day throughout the year.

The Ben. E. Keith Company takes this opportunity to thank you for your loyalty and patronage. And throughout the ensuing years--come what may--we renew our pledge to continue to serve you, our friends of the Southwest, for your good health and enjoyment.
