

# More Than 300 Hear Secretary Of State's Address At C. of C. Dinner

## Littlefield Juniors Are Fighting Hard for More Honors in Legion Ball Tourney

Littlefield is fighting hard for more honors in the Junior Legion baseball competition. Littlefield beat O'Donnell Wednesday afternoon, 9 to 6, Bill Gage was on the mound. Lubbock beat Plainview, 12-0. Littlefield will play Plainview this (Thursday) afternoon in Lubbock, and the winner will play Lubbock Friday afternoon in the Hub City in the playoff for district honors.

In the first round of games in the South Plains Legion play-off tilt, in District 2, Junior League, Littlefield boys were defeated by Lubbock Westerners, Tuesday afternoon by a score of 17-0, played at Chapman field in Lubbock. The victory put Lubbock in the

winner's bracket and the Hub City faced Plainview, 8-3 victory over O'Donnell Tuesday, at 4:30 p. m. yesterday afternoon.

Wright was the winning pitcher for Lubbock, in the game with the locals played Tuesday. He allowed only three Littlefield players to reach base, all coming in the third inning. He struck out Pitcher Bill Jones to start the inning, but Bill Gage was safe on an error. Travis Hampton struck out and was safe when the catcher dropped the 3rd strike, and Ray Bowman was hit by a pitched ball.

But A. L. Nuttall popped out and Joe Walden grounded out to Sammy Sayers at first base to stop the only Littlefield rally.

## Wayne Kee Of Springlake Church To Hold Meeting

Wayne Kee, minister of the Springlake Church of Christ plans to leave July 28th for Olathe, Colorado, where he will hold a 15 day evangelistic meeting. His brother, James Kee, of Lubbock, will accompany him and will be in charge of the music for the meeting. Both are being sent by the Springlake church.

## BARBECUE TAKES PLACE OF ANNUAL SUMMER MEETING

### Committees Are Praised For Delicious Meal

The mid-year "open house" meeting of Littlefield Chamber of Commerce, which takes the form of a barbecue dinner each year, was held at Littlefield Country club Tuesday night, brought together more than 300 of the membership and guests both local and from surrounding towns, who enjoyed one of the most delicious barbecue menus ever to be served in Littlefield, and following a program, which was highlighted by a sparkling address by John Ben Shepperd, youthful Secretary of State.

The capacity of the Country Club dining room would have been overtaxed by the crowd, and so, (Continued on Last Page)

## Gene Blackwell Enrolls In College Of Optometry

Gene B. Blackwell, son of Mr. and Mrs. Floyd Blackwell, of 119 West Side avenue, enrolled as a sophomore on July 2nd at the Southern College of Optometry in Memphis. Mr. Blackwell is a graduate of Littlefield High school and received his pre-optometric training at North Texas State college.

## CITY OFFERS \$25 REWARD FOR ARREST OF PARKING METER VIOLATORS

According to Chief of Police J. L. Walraven, there have been persons here tampering with the parking meters, by placing sticks, slugs, etc., in the meters, which Mr. Walraven states is a violation of the law and punishable by a fine up to \$500.00.

The City of Littlefield are offering a reward of \$25.00 to the person furnishing information leading to the arrest and conviction of a person or persons guilty of tampering with the parking meters.

### Former Amherst Resident Burned To Death Monday

Funeral services were conducted Tuesday afternoon at 3:00 o'clock, at Sudan Church of Christ, for George Edward Coleman, 34 year old ranch hand who burned to death Monday, from a blazing hay baler, while working on a ranch near Cross Plains. He was recently a resident of Amherst, and also formerly lived at Sudan.

Herb Swinney, minister of the Sudan church, officiated. Burial was in Sudan cemetery.

Mike McClure, 12 year old son of the ranch owner, W. T. McClure, heard Coleman shouting for help. He ran to the hay field and found Coleman caught in the machine up to his shoulders. The baler was burning.

Young McClure went after another ranch hand, and he received first degree burns on his hands trying to get Coleman out of the machine. Fire destroyed the baler before Coleman's body could be removed.

Survivors include his wife, and three children, his parents, Mr. and Mrs. H. P. Coleman, two brothers, Lindsay and J. W. Coleman all of Clovis, New Mexico; and two sisters, Mrs. J. V. Haysen and Mrs. E. C. Bellar both of Sudan.

## ELECTRICITY NEW HAZARD TO COTTON

Static electricity has now been added to the list of cotton growing hazards which the South Plains must now recognize and take account of, along with such well known menaces, as worms, hoppers, weevils, hail wind, and gully-making rains.

A survey of several West Texas counties has shown that several thousand acres have been "electrocuted" in several South Plains counties the past two weeks, and in Terry county alone static electricity is said to have destroyed at least 25,000 acres.

Lubbock and Hoekley counties are reported to have lost 10,000 acres each, and although the damage in Lamb county from this cause has not been measured and assessed, it undoubtedly has been considerable.

After surveying some "electrocuted" fields, and hearing reports of others, Ernest Thaxton, crop research specialist at Texas Tech, said that there is a definite possibility that the destroyed crops were the victims of static.

Leaves on the cotton plants so damaged, simply wither away, as though affected by high wind and total drought. In fact, some farmers attribute their loss to those factors, and are inclined to scoff at the idea of electrocution.

However, just as static electricity, in periods of high heat, high wind, and blowing dust, crackles in your radio causes paper to perform crazy antics in printing plants, produce sparks in moving machinery, and shock the motorist when he slides across the cushioned seat of his car, and suddenly touches the ignition, so also can it be generated into growing cotton plants.

The theory is that the ground, beaten by two severe rains, has formed a hard crust over which blowing dust (unusual on the

# 50-Year-Old Pilots Now Have Exclusive Club

AP Newsfeatures

MIAMI, Fla. — Four air transport men here have formed an exclusive little "Half Century" club. Each member is over 50 years of age. They've logged an aggregate of 93,000,000 flying hours and have flown a total of 13,800,000 miles. They've carried thousands of passengers to all parts of the globe without a single injury. The miles they've covered equal 552 trips around the world—or 57 round trips to the moon.

The "Half Century" club members are Capt. Basil L. Rowe, 55; Capt. Robert H. Fatt, 57; Capt. Roy E. Keeler, 52, and Capt. John T. Rogerson, 55. All live in Miami and fly the Latin American routes to Pan American World Airways. Their experience totals up to 135 years.

Rowe, dean of the group, has been flying since 1914. He has racked up 30,500 hours aloft.

"I've been on earth 51 and one-half years and in the air for another 3 and one-half," he replied when asked his age.

Rowe started his career as a barnstormer, then organized a tiny airline in Puerto Rico. He and his airline were absorbed by Pan American in 1928, and the company counts Rowe as the better asset. He has flown the Atlantic and Pacific. In the last war he was the first to pilot PAA's "cannonball express" with war supplies to Africa. Recently he flew the Pacific airlift to Korea.

Fatt, like Rowe, is a native New Yorker. He learned to fly with the Army in World War I, then became an airmail pilot. After a stint as pilot for the Des Moines (Iowa) Register Tribune he joined Pan American and has run his flight time to 20,000 hours.

Keeler took a mail course in aviation while driving a truck in Detroit, became an airplane mechanic and soon won his wings as a pilot. He has flown 20,700 hours.

Rogerson, another New Yorker, from Bayport, shares exactly the

## Mo Ranch-in-the-Hills Plans On Construction of \$115,000 Diningroom

andHwMf.

Spurred on by the modern trend to functional style buildings to accommodate large groups, the Board of Trustees of Mo-Ranch, Hunt, Texas, has approved the plans of Fehr and Granger, Austin architects, for a new dining hall. Ground was broken last week by the leaders of the Presbyterian Synod Council of Texas during a conference of laymen.

O. O. West, manager of Mo-Ranch, while the facilities of the present two dining rooms and kitchen are adequate for serving the guests of all denominations that come up to the ranch for vacations during the entire year, when the Presbyterians come in for their conferences during the three summer months, more than the present 300 seating capacity is needed.

L. Roy Kline, president of the Board of Trustees of Mo-Ranch, declared that, "We have sought to utilize every foot of construction made possible by the paid pledges of our Presbyterian people, and feel that this building, which combines the usefulness of modern construction with its adaptability to the natural terrain, gives the most for each dollar spent. I sit on a slope between the Manor house and out walk leading to the Youth Building."

Both were born Feb. 10, 1896. He got into aviation via the Royal Air Force in Canada and joined Pan American in 1929.

How do the "Half Century" clubbers feel about their flying careers and their prospects for the future?

Rogerson sums it up: "I sure beats working for a living."

ing. It is complimentary to the native stone construction of the other 35 buildings.

The addition to the dining hall will mark the first major step in the expansion of the ranch which covers 377 acres. This little community in itself has everything but its own post office, getting mail at Hunt, Texas. It was purchased by the Presbyterian Synod of Texas from the estate of the late Dan Moran, and includes its own commissary, book store, 75 ft. tiled swimming pool, water and ice plants, laundry, infirmary, gymnasium which substitutes for an auditorium, where dances as well as meetings are held, chapel, gas pumps, fire-fighting equipment, tennis courts, bowling alley and water-front facilities with a 30 ft. high coaster slide. This is in addition to the Manor House, Guest Lodge and the many dormitories which are available the year round for groups or individual families by making reservations for days or week ends. Mr. and Mrs. O. O. West combine the role of Manager and wife with that of gracious host and hostess.

## SPRINGLAKE CHURCH OF CHRIST REVIVAL MEETING SET FOR JULY 18

A gospel meeting is to begin next Wednesday, July 18th at Springlake Church of Christ, with Howard Casady of Booneville, Arkansas scheduled to fill the pulpit. Don Williams, band director of Sudan High school will lead in the song service.

Services will be held twice daily with a song drill to begin at 9:30 a.m. under the direction of the song leader, and preaching services to begin at 10:30 A.M. The evening worship service is scheduled to begin at 8:30 o'clock. There will be a question box conveniently located for the use of all who attend. Anyone having

a question concerning anything that is preached or any other religious question is urged to place the question in the box. The minister has announced that the question asked, shall receive a Bible answer, if there is an answer to be had. He also added that the churches of Christ stand ready to be questioned on anything that is taught or practised.

Wayne Kee, minister of the Springlake church urges all friends and neighbors in the Springlake area to attend the services and hear the word of God preached.

## Unsulphured Molasses Gingerbread Key

Just as you use a specific type of flour for rolls and cake, or a definite shortening, you use unsulphured molasses rather than other types for a gingerbread with sweetness and delicate aromatic flavor. This unsulphured molasses has the sweetness of sugar because it is more than a natural sweetener, it has distinction of flavor and on that favor the popularity of gingerbread is based. Gingerbread muffins are an excellent hot bread with the main course. In cup cake style, gingerbread comes in for dessert honors. To dress them up cut a cone out of the top of the cakes and fill the cavity with whipped cream and fit the "top hat" back in place. Baked in layer style, gingerbread dessert squares may be garnished with spiced canned applesauce or a chocolate or lemon sauce. The following recipe makes enough for the cup cakes and muffins or one layer square.

Grandma's Homemade Gingerbread  
2½ cups sifted all-purpose flour ½ cup shortening  
1 teaspoon salt ½ cup sugar  
1 teaspoon double-acting baking powder ¼ teaspoon soda  
1 teaspoon ginger 1 cup unsulphured molasses  
2 teaspoons cinnamon 2 eggs  
½ teaspoon cloves 1 cup hot water

Sift together flour, salt, baking powder, ginger, cinnamon and cloves. Cream shortening, sugar and soda. Add unsulphured molasses. Stir in ½ cup flour mixture. Beat ½ minute. Turn into 12 well greased 2½-inch muffin pans and 12 2½-inch muffin pans. Bake in a moderate oven (350°F.) 20 minutes. For gingerbread layer, turn batter into a well greased, lightly floured 9x9x2 inch pan.

## Israel Builds Earth Houses

HAIFA (AP) — To combat a housing shortage which grows worse with every new shipload of immigrants, Israel is studying the possibility of building thousands of houses out of earth.

The young nation needs 100,000 dwelling units immediately to shelter the latest influx of immigrants, most of them whom now live in huts or tents. If the present immigration rate of 15,000 a month continues, the country will need hundreds of thousands more homes.

Since cement and other orthodox materials are expensive in Israel, the Hebrew Institute of technology is conducting extensive tests to find the right mixture of earth, sand, water and a medium of cement for construction in this climate.

A one-story model house already has been erected in Nirim, in southern Israel. Only a negligible amount of timber and steel was used. The basic material was earth. Time will be required to study the effects of sun, wind and rain on this type of construction.

## Red Agents Swamp Ceylon

HONG KONG — (AP)—Communist trade agents in Hong Kong apparently have switched their attention to Ceylon, which has refused to go along with either the U Kor the UN embargo on strategic exports to Red China.

Independent Sing Tao Jih Pao reported this week that local trading firms have already ordered 800 tons of raw rubber from Ceylon. They plan to ship the rubber direct from Colombo to a port on the Chinese mainland, thus bypassing export regulations of this colony.

## New Drydock in Sicily Is Expected To Expedite Oil Shipments

PALERMO, Sicily — (AP)—A new \$2,200,000 floating drydock, partially financed with American funds, is expected to make Palermo the leading repair and service center for tankers on the vital Middle East oil route.

This ancient port, known to mariners before Christ was born, has become increasingly popular with tanker operators. The present drydock, built in 1899 and only equipped to handle ships of 15,000 tons, is occupied every day. At times there are as many as 14 tankers in Palermo's port either undergoing or waiting their turn.

Plans for the new floating drydock calls for an ultra-modern installation designed to double the port's facilities. It will accommodate ships of 30,000 gross tons.

**Do Career Girls Make Good Mothers**

By Cynthia Lowry  
AP Newsfeatures Writer  
Any time the conversation lags at a mixed gathering, a guaranteed resorative can be administered in the form of a single question: "Can a woman have both a family and a career?"

The pros maintain that a smart woman can swing a contended husband and bring up normal, happy children at the same time she's putting in an eight-hour day at the office. They lay great stress on the word "smart," insisting that combining the two things is quite simply a matter of intelligent planning and careful scheduling.

The cons have built up a persuasive and authoritative case on the theory that the maintenance of a happy home and satisfied household is a full time job for any woman, and that it requires all of the time, brains and physical strength of its heart: the wife and mother. A career in business, they say, make maximum demands of time, brains and physical strength and any woman who tries both simultaneously is going to short-change one or the other of her responsibilities.

There seems to be a general agreement that once a woman has acquired a husband and children, they are her first concerns. Any one who suggested that the mother of three owed her best efforts to the Zero Cement company would be expelled from any modern discussion group as un-American, abnormal and a thorough-going monster. There also seems to be general agreement that the

dedicated career-woman, aggressive, cold-blooded, and determined to be president of the company, is a horrible specimen of womanhood.

When the discussion of families and careers for women comes up, someone is bound to mention the spectres of casual housekeeping, irregular meals prepared primarily with the aid of the can opener, unkept children on the road to juvenile delinquency and husbands with deflated egos in buttonless shirts and ripe for the wiles of

Obviously, if a woman is a career woman, no drawing room discussion is going to cause her to quit her employment in favor of a ruffled apron and a PTA chairmanship. She probably showed some signs of her proclivities before matrimony, her husband must have known about it and approved, and he'd probably likes her better as she is. I personally know a number of couples who are happy, contented and gay in the situation where both husband and wife are business executives. They are able to hire the necessary staff to run their homes and children, seem to have an enormous amount of fun with them. I also know some similarly situated couples whose life is a mess. The same two situations prevail among families with non-employed wives among my acquaintance.

The whole question is a daisy for discussion purposes, but it actually is academic. Some women can handle careers and marriage and others can't.

# Mrs. Bill Behrman Is Honoree At Bridal Shower Sunday Afternoon

Complimenting Mrs. Bill Behrman of Pampa, the former Mrs. Georgia Smith, a recent bride, eight hostesses entertained with a miscellaneous bridal shower at the home of Mr. and Mrs. Buster Owens, 1521 West 9th street, Sunday afternoon from three to four-thirty o'clock.

Co-hostesses with Mrs. Owens were Mesdames Olene Gibson, J. D. Dodgen, Rheata Newgent, John A. Price, Oren Kirk, Jr., Allen Hodges, Van Clark, and Brodie Hutchinson.

A lovely arrangement of red roses were used in decorating the den and pink and white gladioli decorated the living room.

Guests were received by Mrs. Owens, the bride, her mother, Mrs. Lucille Smith and the bride's grandmother, Mrs. Martha Gardner. Mrs. Hutchinson presided at the guest register and Mrs. Dodgen and Mrs. Kirk showed the gifts which were attractively displayed in the guest bedroom.

Refreshments were served from the dining room table laid with a brass linen cloth, centered with an arrangement of yellow daisies, flanked by tall green tapers in crystal candelabra. Frosted lemon and pineapple punch, dainty sandwiches and green and yellow mints were served. Mrs. Gibson and Mrs. Newgent served the punch.

Approximately thirty-five called during the afternoon.

Mrs. Behrman received many lovely gifts.

Mr. and Mrs. Behrman were married last Wednesday, July 4th at the home of the bride's mother. They returned here late Saturday night from a wedding trip to

MRS. BILL BEHRMAN

Denver, Colorado. They left here Sunday night for Pampa, where both are employed.

## Dinner Honors Bride-elect Tuesday

The new home of Mr. and Mrs. Roye Aikman, Olton, was the scene of a lovely bridal shower June 29 honoring Sondra Straw, bride-elect of Huck Nichols, who is in the U. S. Navy. Miss Straw was the recipient of over 200 gifts. Refreshments were served to 105 registered guests, thus showing the love and esteem in which "Sondra and Huck" are held in this, their home town.

A short program, was given in her honor, in which a resume of main events of Sondra's life written by Mrs. I. B. Holt, read by Mrs. Paul Burrus and was dramatized by the following: Sondra, as a baby, Debra Sue Wilkes; Sondra's 'chicken killing episode', Linda Hyatt; First school day, Carolyn Carson; grade school graduation, Mary Jane Vaughn; Huck appears, Naomi Ann Burrus; Navy Boy, Frances Green; High school graduate, Nellie Fern Mathis.

The Aikman home was decorated throughout with spring flower arrangements. The tea table was centered with an arrangement of pink and orchid, featuring a pink satin fan and using pink and orchid sweet peas. Mrs. Aikman was assisted in entertaining by the following hostesses: Mesdames G. T. Sides, Jim Maynard, Quentin Redinger, J. W. Henderson, George Redinger, Jack Alcorn Gene Mitchell, Paul Burrus, Jim Hyatt, Tommy More, Roy Granberry, D. M. Granberry, Marshall Stone Garret Bley, Guy Willis, I. B. ## Fredda Patterson and Billy Gage Are Married Sunday

Miss Fredda Lou Patterson of Sudan and Billy Barton Gage son of Mr. and Mrs. Brewer Gage of parents, Mr. and Mrs. Vestrus Bula, were united in marriage Sunday morning, July 1st, at 9 o'clock in the home of the bride's mother, Mrs. Vestrus Bula. Rev. Frank

MR. AND MRS. BILLY GAGE

Beauchamp, pastor of the First Methodist church, Littlefield, performed the double ring ceremony. The wedding vows were exchanged before a mantle decorated with baskets of white gladioli and greenery.

Miss Ann Meeks played traditional wedding marches and accompanied Miss Nadine Quisenberry, who sang, "Always". The bride wore a lovely white eyelet organdy dress of ballerina length, fashioned with a fitted bodice with tiny covered buttons, a small round collar and cap sleeves. The full gathered skirt was a combination of eyelet organdy and rows of tiny tucks of solid organdy.

Her waist-length veil of white illusion was joined to a tiara of Ceylon beads. She wore matching eyelet organdy mitts and carried a bouquet of white lilies and white ribbon. For something borrowed and something blue, the bride wore a blue garter belonging to Miss Virgie Baccus, and for something old she wore a necklace belonging to her mother.

Miss Mangle Messamore attended as maid of honor and she wore a dress of yellow organdy duster over white. She wore a matching ruffled organdy halo and carried a bouquet of yellow daisies, tied with yellow ribbon.

Gerald Thompson of Bula served as best man.

A reception was held following the wedding. The bride's table was laid with a white, grass linen cloth, centered with an arrangement of white daisies. The beautiful pink and white wedding cake was placed at one end of the table, with the punch bowl occupying the other end. Miss Rosa Nell Wiseman cut the cake and Mrs. Derwood Chisholm presided at the punch bowl. Miss Wanda Whitmore registered the guests.

For traveling the bride chose a two-piece dress of navy and white salina, with white accessories. Following a wedding trip to Rudoso, N. M. the couple are now at home in Bula, where the groom is engaged in usiness with his father.

## Mr. and Mrs. Miller Return Home After Three Weeks' Trip

Mr. and Mrs. C. A. Miller and family returned to Littlefield Saturday afternoon following a three weeks' vacation trip.

Mr. Miller is manager of the local branch of the J. C. Penney company. Mr. and Mrs. Miller have three children, Alberta, aged 17, Margene, 8, and Charles aged 4 who all accompanied their parents and enjoyed the trip.

The Miller family first went to Washington D. C., where they visited Mrs. Miller's sister, Miss Irene Williams, who has been congressional secretary for the past 27 years, and is now secretary to Congressman Kilday of San Antonio. They spent six days at Washington, and sat in for the last hour of debate in the House of Representatives on the Tax Bill, and heard it pass the House.

Open house was held at the home of Miss Irene Williams in Washington in honor of the Miller family, and among the notables as guests were Cong. and Mrs. George Mahon.

Mr. and Mrs. Miller were also invited to the Texas Congressmen and Senators' weekly dinner which is served in the Speaker's diningroom.

They went by plane to New York City and Mr. Miller spent a portion of the day in that city at the J. C. Penney company's offices.

From New York City they went across Virginia and West Virginia, Ohio, and into Indiana, where they visited relatives. They attended a family reunion at Tip-

## Bridal Shower Honors Miss Sondra Straw

Mrs. E. R. (Bud) Harkey of Lubbock nee Olga Ancinec, was named honoree Friday afternoon June 29 in the recreation hall of the M. E. Church in Whitharral with a miscellaneous shower hosted by Mesdames Hub Sprabery, C. G. Landers, Bryan Hulise, Gilbert Bryant D. H. Montgomery, Henry Jones A. B. Roberts, and W. R. McDaniel.

A radio skit with Wayne Allen (Mrs. Landers) and Barbara (Mrs. J. E. Wade) of the Bruncheon club furnished diversion for the afternoon.

Mrs. Mary Hanks of Hood River, Ore., a sister of the honoree registered the guests. Another sister, Mrs. F. C. Thurman of Levelland served the punch and cake from a lace covered table on

ton, Ind., June 30 when 45 relatives were in attendance. From there they spent some time at Springfield, Ill., and visited Lincoln's home and Lincoln's old tomb. They spent a short time at St. Louis, Mo., and Springfield, Mo., and went on to Bentonville, Ark. Mrs. Miller's birthplace and spent an enjoyable time with her friends there.

According to Mr. Miller, they travelled 4,860 miles by car, and coming into Littlefield the city and home looked mighty good to them.

## Morton Couple Celebrate Belated Golden Wedding Anniversary

Mr. and Mrs. C. B. Markham of Morton, whose golden wedding anniversary was last March 18th, held a delayed celebration recently at their home to which all their friends were invited by a display advertisement in the Morton Tribune.

Mr. and Mrs. Markham told of their marriage, a romantic midnight elopement, which took place at the home of "Preacher" Huckins in Aledo, where the families of both young people lived.

"It was an elopement," Markham explained, "because Nora was just 15, and her parents, Mr. and Mrs. J. L. Overmier, thought she was too young to marry. I asked them for her, they refused, and so I stole her. She was the prettiest little thing I ever saw, she still is for that matter, 50 years later, and I knew I just had to have her. I'm glad to say, however, that it didn't take her parents long to get reconciled, and before my mother-in-law died she told me that I had meant as much to her as her own son."

## Double Wedding

The midnight wedding in 1901 was a double one. Miss Blanche Merrill and O. D. Watson, also of Aledo, being married in the same ceremony. Both Mr. and Mrs. Watson have since died.

**Potatoes**  
(Continued from page 1)  
200 bushels per acre, show a satisfactory net profit to the farmer.

One drawback is the distance between the grower and the marketing facilities. Hauling potatoes to market at Hereford, entails a round-trip mileage of something between 60 and 80 miles, but with increased acreage next year, it is reasonable to suppose that marketing and shipping facilities can and will be provided closer to home, and both Littlefield and Plainview, both served by the Santa Fe could set up the necessary facilities.

The Leader was unable to secure the names of all of the Springlake area farmers who planted and are harvesting potatoes this year. Among them, however, are the following well known North Lamb county farmers and farm owners: J. B. Williams, G. W. Simmons, Joe Kirkpatrick, and James Spears. There are in addition several others.

Wayne Kee, Minister of Church of Christ at Springlake, in Littlefield Tuesday, was enthusiastic over the potato picture, and stated that farmers were optimistic also.

County Agent David Eaton, verified the fact that considerable Lamb county acreage was planted to potatoes this year, but said that they were not as a whole grading No. One.

Among the enthusiastic boosters in Springlake's new industry is V. T. Tanner, real estate and insurance agent at Springlake. He has taken a deep interest in the Springlake projects.

## Whiteface Taking Bids For New School Buildings

Bids will be taken Thursday at the Whiteface High school for the proposed construction of an elementary school and a combination physical education and agriculture building for the Whiteface Independent School district.

Estimated cost of the project is \$596,000. Supt. Noah Cunningham said school rooms in the elementary grades are overcrowded and increase in enrollment is expected at the fall term.

They include Bobby Gene Huckabee, Olton, route 1, age 18, son of Mr. and Mrs. Edwin S. Huckabee; James Scott Green, 18, star route 1, Bula, son of Mrs. Janie C. Green, and Donald W. Tiery 19, star route 1 Littlefield, son of Mr. and Mrs. Will Frank Tiery.

## More Than 300

(Continued From Page 1)  
with and under ideal weather conditions, the dinner and program was moved to and enjoyed "under the stars" on the outdoor terrace.

Chamber President David Keithley was informal in presiding at the speaker's table at the microphone, but at the conclusion of the service of the barbecue menu, first invited the Littlefield Four, vocal quartette to render a selection, and the ample applause merited and won four encores.

In informal manner, he then welcomed to the platform, Past C. of C. president, Hardy Shelby and wife, County Judge Otha Dent and wife, Mrs. Keithley John Quincy Adams assistant to the Secretary of State, and State Secretary John Ben Shepperd.

Mr. Shelby took the microphone, and in a 3-minute talk, outlined achievements of the Chamber paid tribute to those achievements, and in measure outlined goals.

His talk came just after President Keithley introduced and asked out-of-town guests to stand for recognition. These included: "Skippy" Shepperd, J. Q. Adams, Bill Waagren, Jimmy Wilson, and Verne Smith, all members of the guests speaker's air-arrived party, and Mr. and Mrs. Fred Phelps, Clovis; Mr. and Mrs. Jim Roberts, and Mr. and Mrs. John Speck, Plainview; Jeff Peeler, Muleshoe Mr. and Mrs. Joe Salem, Sudan Mr. and Mrs. R. Senter, Lubbock.

The president, in a few short sentences, pressing for time, called on County Judge O. F. Dent to introduce the guest speaker of the evening, his personal friend, John Ben Shepperd, Secretary of State, of Gladwell. This marked the third time that our own County Judge, who is also president of West Texas County Judges and Commissioners Association, had the privilege of making an introductory address for the rising young lawyer, our present Secretary of State.

In his introduction, he praised Mr. Shepperd, pointed to his many accomplishments, and promotions and recognitions in Texas and in the nation—but his words were chosen and themed on presenting a Texan from another section of our great state to his intimate friends of West Texas.

Mr. Shepperd is a splendid orator, a charming personality, and many opine that his occupancy of the State Secretary's office is only a stepping stone to higher state office. He prefaced his talk with short stories and irreverencies, and with humor, recognized that the outdoor setting and a big barbecue dinner, neither dictated or justified an oration in too serious vein.

He told many stories, related many anecdotes, but between, before and after, he pounded home the theme which seems to lie closest to his heart, the need for an awakened, a thinking, a religious, a home-loving, freedom-loving, a demanding of the return of the grass roots determination of our forefathers, constitutionally expressed, by all of our people, for sincere right living, under God, to the end that we have nothing less than that in Texas and in America, and accept nothing less from our appointed and elective officers. He solemnly warned that the present shift in thinking could lead, was leading to and toward socialism, and pleaded for a fight by all Americans to keep America, unsocialistic.

President Keithley asked that recognition be given to the committees and members who had planned and executed the mid-summer meeting, specifically naming Dr. B. W. Armistead, Travis Jones, Hoot Cannon, Clarence Lewis, Ernest Connell, R. R. Ater, Archie Dale Felix, Halton Frank Anzeline, E. J. Faust, Jr., Ben Lyman, Jr., U. D. Walker, Norris Onstead, Hardy Shelby and Jack Christian.

No barbecue banquet has ever been served in West Texas surpassing the menu skillfully prepared and perfectly served to more than 300 attending last Tuesday

South Plains in July) slides on level unprotected fields, to create friction, which in turn is the producer of static. The antidote is working the soil, to break the hard crust.

Weeds, a more hardy plant, are immune to the attack, and may act as a "short circuit" to protect cotton, because it has been noted that fields heavily weeded, have protected the neighboring or adjacent cotton plants.

And with 2000 cotton choppers needed in the country, there are plenty of weeds, which may have cut the static loss here.

## Staff Sgt. Shipley Home On Rotation Plan From Korea

Staff Sgt. Stafford Shipley is expected to arrive home today, (Thursday) on a 30 day furlough, from the fighting front lines in Korea, where he has been stationed the past several months.

His parents, Mr. and Mrs. Woodrow Shipley, 212 E. 14th street, accompanied by Miss Virginia Whitaker went to Albuquerque, New Mexico, Tuesday afternoon to meet the sergeant, and he accompanied them home. He has been granted the leave on the 30-day rotation plan, and arrived in Seattle, Washington, with a large group of soldiers the latter part of last week.

Sgt. Shipley has been in the service nearly two years, having joined in August, 1949. He is a graduate of Littlefield High school.

## Three Seismograph Crews Now Based In Littlefield

The arrival here this week of a third seismograph crew, or group of geophysical experts, representing a company apart from the two crews, already located here brought to three the number of active crews now working out of Littlefield in Lamb and adjacent counties. Many of the men are accompanied by families, and the demand for housing and apartments has already accelerated.

The arrival of one of these crews has become a more or less common or frequent occurrence here the past few years, but it is believed that this is the first time that three separate and distinct organizations have been engaged in surveying the underground based at and radiating out of Littlefield.

## Brother of L. T. Green Is Taken By Death Sunday

L. T. Green returned home Tuesday morning from Proctor, in Comanche county, where he was called to attend funeral services for his brother, John W. Green, 81, who passed away Sunday night. He had been in failing health for the past several months and became critically ill since June 1.

Funeral services were conducted from the First Baptist church at Proctor Monday afternoon and burial was in the Proctor cemetery.

His wife preceded him in death last fall. Surviving are two sons and two daughters.

The family are former Littlefield residents, having lived here many years ago. A daughter, Miss Bessie Green, taught music in the Littlefield schools, when the family made their home here.

Wright set the losers down in order in the first, second, fourth and fifth innings in the abbreviated contest. The tilt was stopped after five innings because of the 10-run rule.

Bill Gage was starting pitcher for the locals, and Lubbock had the bases full when Jones came in to his rescue. Ray Weed caught hold of Jones' first delivery and drove the ball into the outer reaches of right-centerfield for a triple, scoring three more runs. By the time Jones had finally put out the fire, Lubbock had poured nine runs across the plate in the first frame. Lubbock was held to no runs for two innings, but they exploded for four runs in the fourth stanza and four more in the fifth to wrap up the game.

The Westerners received 13 bases on balls from the two local pitchers, getting five off Gage before he could get anyone out in the first inning. They were also helped along by six Littlefield errors.

## WOW NATIONAL CONVENTION TUESDAY AT SEATTLE, WASH.

W. D. Chapman, a national representative for the Texas Jurisdiction of the Woodmen of the World Life Insurance Society, left Littlefield Tuesday to attend the Sovereign Camp (National) convention of the Society at the Olympia hotel in Seattle, Washington, July 16 to 20. Mr. Chapman was accompanied by Mrs. Chapman.

Merele Beard, Consul Commander of the local WOW Lodge, accompanied by Mrs. Beard, also made the trip.

More than 500 delegates, national and head camp officers, their wives and members of their families will go to Seattle for this biennial meeting.

The representatives of some 8,000 local Woodmen Camps in 44 states will hear reports on their Society's fraternal and civic Fraternity in Action activities program, and on its growth in membership and life insurance protection during the past two years. They also will plan future activities programs and enact legislation to govern the society's affairs.

A general assembly will open the convention at 10 a. m. Monday, July 16. Justice Frederick G. Hamley, of the Washington State Supreme court, and Washington State Insurance Commissioner William A. Sullivan, of Olympia, will welcome the Woodmen for the state, and Mayor William F. Devin of Seattle, for the city.

Greetings will be presented by Mrs. Frances Wilson, Seattle, president of the Washington State Fraternal Congress; Mrs. Dora A. Talley, Omaha, president, Woodmen Circle, Alan Brown, president, Woodmen of the World of Denver, and State Manager Newton R. Lacey, Portland, Ore. James W. Crain, sovereign representative of Columbia, S. C., will respond.

Miss Dorothy Bowman vocalist, accompanied by Mrs. Helen McNicoll, both of Seattle, will present several musical selections. Invocation will be by Rev. D. M. Salmon, First Christian church of Seattle.

Keynote address of the convention by President Farrar Newberry, Omaha, and the report of the credentials committee by Chairman Clarence T. Brown, Cookeville, Tenn., will conclude the opening session.

Initiation of a Sovereign Camp class, to be attended by members only, will be the feature Monday night. The degree work will be conducted by the officers and Uniform Rank drill team of Camp No. 302, Kannapolis, N. C., winners of the national championship at Chattanooga, Tenn. Vice-president R. E. Miller, of Omaha, will address the class.

Officers will make their reports Tuesday morning. Junior Past-Head Consul Hiram A. Melvin, Charlotte, N. C., will open the discussion on the society's Fraternity in Action program Wednesday morning with a talk describing the orphan's benefit project carried on by North Carolina Woodmen. The legislative committee also will report at this session.

Second fraternal program of the convention will be the Memorial Service at 2 p. m. Wednesday. Speakers who will pay tributes to deceased nationally prominent Woodmen include R. R. Webster, sovereign representative, Chattanooga, Tenn., Charles W. Goodwin, Nebraska Junior past head consul, Omaha, former Arizona Governor Dan E. Garvey, sovereign representative, of Phoenix, Ariz., Head Consul Clarence H. Bickel, Des Moines, Ia., Waylon Rayburn, Kentucky head consul, of Murray, and Dr. J. C. Pepper South Carolina head consul, Easley.

Charles C. Jaubert, Louisiana Junior past head consul, of Lake Charles, will eulogize the Woodmen who have died since the convention. The seven quartet, R. H. L. Smith, Jr., E. L. Howard, M. Lundgren, J. D. Boren, and J. D. Boren, sovereign representative of Littlefield, City, will give the invocation. All delegates and officers, except committee members, will be in session for the trip to Victoria, B. C., Seattle at 9 a. m. Thursday. Seven speakers will give fraternal protection tributes to service, Woodmen of the World and Boys of Woodmen at the final convocation Friday morning.

# Israel Hopes for Paradise at Huleh

**PHOTO BY MICHAEL GOTTETGREU**  
 The Gerasal-Syrian frontier that Lake Huleh is closed by Lake Success, try to locate the hot spot on the map. Huleh, an area of 50,000 is meeting place of four to the investigation of ship of certain lands. They are entitled to work in a region under their political jurisdiction as part of the Jewish Syrian contention is reclamation work in this changes the 'status quo'

prior to the signing of the peace treaty, gives infringes upon the rights of 14 Arab smallholders, now Palestine war refugees in Syria.  
 On both sides of the Jordan river banks these Arabs own a total of six and one-half acres, Israel spokesmen explain. The Huleh, today a swampy papyrus region and a paradise of buffalo and wild ducks, was once — particularly in Roman times 2,000 years ago — a flourishing land of fields and gardens. "The smallest village here has at least 15,000 inhabitants," Flavius Josephus then wrote.  
 The development of the Huleh

area lagged mainly for ownership reasons. In 1914, the reclamation concession was granted by the Turkish rulers of the then "Southern Syria" to two Arab Effendis in Damascus. There was a string attached: the drainage scheme had to be completed within eight years. As that condition was not fulfilled, the deadline was extended by the subsequent rulers — the British "Palestine Mandate Administration". But when again nothing happened, the Jewish founded "Palestine Land Development Co." was able to acquire the concessions in 1934. Finally, after the establishment of the Israel State, it was transferred to the Jewish National Fund "Keren Kaye-

meth".  
 The scheme is an independent entity, and can go on whether the much greater "Jordan Valley Authority" program for the increased irrigation and electrification of Israel is carried out or not. Nevertheless, it may form part of it.  
 Work on the Huleh reclamation is divided into three stages. 1. Broadening and deepening the Lake Huleh. This will help to lower the level of the Huleh Lake. 2. New canal-like beds for two of the four small rivers before they converge into Huleh Lake. 3. Subsidiary canals through which stagnant water will make its way into

the two new river beds. This watering of the swamps will also contribute to shrinkage of the Lake. Eventually it will no longer be a real lake but just an area of strictly controlled fish ponds.  
 The water from the drainage scheme is to play a vital role in the cultivation of the whole valley. It will be ample to irrigate all of the Huleh region. Israel future-planners paint a picture of the reborn beauty of the valley which, some scholars say, must have been in the Hebrew poets mind when he sang the "Song of Songs".

# LAMB COUNTY LEADER

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JULY 12, 1951 No. 39

## Farmers Are Improving and Modernizing Homes At Great Rate, States Seely

in Lamb and surrounding areas have been improving their homes, modernizing their homes, and building other buildings at a rapid rate in the last few years according to Ed Seely, county agent and building material member of the Retail Lumber Dealers' association.  
 The importance of the Federal government has no restrictions on farm credit except the credit regulations apply to homes only. High level of farm incomes has resulted in a large amount of money being spent on home construction. The demand for materials is sufficient to meet all farm needs. Defense agencies in Washington have refrained from limiting construction because of the fact that farm animals are housed in unsanitary buildings and are reduced when they are in sound, weatherproof housing. The greatest period of farm improvement ever experienced, together with the increase in home comforts and conveniences on our farms."

## Area Newsman Plunges To Death

A south Plains newspaperman who was born and reared at Ralls plunged to his death early Saturday from a seventh floor window of the Jefferson hotel at Dallas, the Associated Press reported from Dallas.  
 E. Thorn Smith, 45, who currently was employed as shop foreman of the Winkler County News at Kermit, either jumped or fell from the hotel window, said Capt. Will Fritz of the Dallas police.  
 Fritz released two men who were in the room with Smith. He said he had talked to the men and was convinced there was no foul play.  
 Smith was found on the sidewalk by passersby shortly after 1 a.m. He was fully dressed but was wearing pajamas under his clothing.  
 Friends said Smith had worked in all phases of the newspaper business at several towns in West Texas including Floydada, Albany, Brownfield, Snyder, Lamesa, Ralls, Spur and Odesa.  
 At one time he worked in the mechanical department of a Littlefield newspaper, and also in the advertising department of the Hockley County Herald and owned a paper at Snyder for a time, friends reported.  
 A sister, Mrs. Forrest Storey of Ralls, said Smith was a veteran of World War II, during which he suffered combat fatigue which affected his eyesight. He was totally blind for a time and after recovery was still bothered by poor vision at intervals.  
 Survivors include the widow, Mrs. Vernice Smith of Kermit; one son, David, 3; two stepchildren, Ann, 11, and Donnie, 8; the mother, Mrs. Ida Smith of Ralls; three sisters, Mrs. Storey, Mrs. Nita Hinson of Levelland and Mrs. Noel Ligon of Lubbock, and two brothers, Wilbur Smith of Ralls and Joe Smith of Maple.

## Farmers Revenue Up 45 Per Cent

Texas farmers' cash revenue was 45 per cent greater the first five months this year than in the same period, the University of Texas Bureau of Business Research reports.  
 The Bureau estimates Texas farm cash income from major commodities through May at \$484,853,000, compared with \$334,184,000 during January - May last year.  
 Cattle, the main farm-income producer for both periods, brought in \$165,046,000, 42 per cent more than January - May, 1950. Only commodities bringing less money in the 1951 period were cotton, cottonseed, fruit, vegetables and wheat. Most income drops were caused by a favorable weather.

## Firestone Opens Mammoth \$25,000,000 Sale This Morning; Great Bargains

"Residents of this area will be given an opportunity to participate in the battle against inflation when we join Firestone's \$25,000,000 sale of home and auto supplies beginning today (Thursday), according to Vernon Hofacket, at Hawk & Hofacket Firestone Dealer store in Littlefield.  
 The gigantic bargain offering is scheduled through the month of July with merchandise prices being slashed as high as 25 per cent. Many combination offers, such as a Firestone refrigerator with the revolutionary "de-frost-it"; washing machines and a big supply of soap powder, make the price reductions even more attractive to the bargain hunters.  
 "We have carefully selected out merchandise to participate in the Firestone \$25,000,000 sale," said Mr. Hofacket, "and in many instances we have increased our orders from the warehouse so that our supplies will be ample for the duration of the sale."  
 Big bargains in seat covers, recreation supplies, such as fishing tackle, ranges, refrigerators, electric fans, garden tools, lawn mowers and scores of smaller items, will be featured during the entire life of the sale.  
 The big sale has been carefully planned and will be broken up into big divisions.  
 The first week is designated as "Firestone \$25,000,000 Sale Week" followed by "Outdoor Merchandise Week" and "Major Appliance Week."

## E. H. Brown, 74, Dies At Winters

E. H. Brown, 74, of Winters, brother of J. L. Brown of Spade, passed away Friday following an eight year illness.  
 Mr. Brown as the uncle of A. B. and O. D. Brown of Spade and L. B. Herman and Edwin Brown of Littlefield.

## Shipments Of Livestock Lower This Year

Bay livestock shipments in Texas were 24 per cent below those in April and 29 per cent below May, 1950, the University of Texas Bureau Research reports.  
 Tabulations show shipments of cattle, calves, hogs and sheep all contributed to the decline. May cattle shipments, half the total, were 40 per cent below April.

# "Stockpiling" Stenographers

While the Administration has repeatedly appealed to the nation's consumers to help combat inflation by putting off buying whenever they can, Federal government has been making such purchases as 68,000,000 can openers since the start of the Korean campaign a year ago. There are about a million and a half men in the Army.

This is brought out in a recent report by the taxation and legislation department of the West Texas Chamber of Commerce.

The report points out that the President has told business men to avoid piling up inventories, to increase efficiency wherever possible, and to keep prices down; that he has asked employers to conserve manpower and urged all to work harder and longer, and to forgo wage increases or more

profits. The Federal bureaucracy obviously does not want to play on the nation's anti-inflation team, the report states.

Some examples of Federal purchasing of goods:

Army Ordnance recently purchases 6,000,000 gallons of paint in quart and gallon cans. This was a full year's requirement, but the Army sought delivery in 60 days. This huge order for paint in civilian-size cans, rather than in 5-gallon cans, was criticized by paint suppliers, and admitted as unwise by the Army.

The Army set up a requirement of 4,636,000 web belts for 1951. This is three belts per man, although only one is issued per man per year. Its 1951 requirement for combat boots was set up at 11,753,000 pairs, although the total consumption was estimated 4,800,000

pairs. Last January the Quartermaster Service bought 5,000,000 pounds of oleomargarine at 25 1/2 cents a pound. At the very time the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy at 15 cents a pound.

Reports of the Byrd committee show that the number of civilian employees on the Federal payrolls had jumped 2,184,681 on December 31, 1950 to 2,409,121 as of April 30, an increase of 224,440 in four months. This means that the Government has been filling new positions at the rate of 1,870 per day, every day in the month.

Recently an official of the new Defense Transportation Administration reported that this agency is "stockpiling" stenographers "against the needs of the future."

# Would You Be Safe If Exposed to Smallpox

Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we have had no smallpox does not mean we are immune for all time.

"Smallpox can strike again. For example, in 1947, an infected individual from Mexico carried the disease to New York City. The result was 13 cases and three

deaths in 35 years. Service men returning from the Orient caused an epidemic of 68 cases and 29 deaths in Seattle in 1946.

"In spite of Texas apparent freedom from smallpox, vaccination of every child before he is a year old and devaccination every three to five years is imperative. This is the only way to prevent the disease.

Dr. Cox asks, "When were you and your family vaccinated against smallpox? Would you and your children be safe if exposed to this disease?"

# Berlin Building Is Made "No Man's Land"

BERLIN — (AP)—The cold war has created a new no-man's land in downtown Berlin. It is a 600-room three-story brick building labelled by both the Americans and the Russians as "too hot to handle."

The Russians hold title to it but won't use it. The building stands in the American sector and the Americans won't touch it. The Germans eye it sadly. As much as they need such a building untouched by bombs, they don't dare muscle in.

The building was once headquarters for the Russian Zone railway system, known as the Reichsbahn. Big switchboards controlled the movements of the elevated trains in Berlin and some of the freight and passenger lines surrounding the city.

While East and West were getting along, there was no problem about the location of the headquarters within the U. S. sector. Soviets got concerned and moved some of the strategic switches into their own sector of the city. Little by little the building was depopulated.

At the height of the strike, West Berlin railroaders stormed the building, chased the east police out and took over control of the switches for several hours. Enraged Russian officers chased them out at the point of pistols and Tommy guns.

Then, in January, 1950, the West Berlin city government decided to take action against the Russian Zone Reichsbahn for failing to pay taxes on a lot of property it owned in the west sectors.

# AUTHOR Of the Week

By W. G. ROGERS

William C. Fridley, whose first novel is "A Time to Go Home," spent his first years in Lima, O., and now lives at Lake George, N. Y.; he does his best work he says, in a cabin in the Adirondacks. Born in 1914, he yielded for a time to mundane ambitions, like a career and security, but the Army he says, in which he spent almost five years, taught him better. He has no well known ancestors whom he knows about; he is married. The authors who have influenced him most are Thoreau Melville and Hemingway.

The properties included the headquarters building. U. S. officials approved the city's seizure order and one night West Berlin police took over the building. They ousted the railroad guards and personnel and again the Russian gorge rose. Major Gen. Alexander Kotikov then commandant in East Berlin, protested sharply to Major Gen. Maxwell D. Taylor, the U. S. commander, against "invasion of private property."

A typical Russian tactic followed. The elevated trains slowed to a crawl. There were threats of new blockade.

## TEEN TALK

By VIVIAN BROWN

(AP Newsfeatures)

This is the time of the year when daughter and mother both face the problem of "the older man." Daughter writes that she is in love with a man much, much older than herself. Mother writes that daughter is being a little fool and what can she do about it.

It is strange that older men have more appeal in the summertime than their younger brothers. However, each year it is noticeable and it may be because: (a) he can look more handsome since he commands a big wardrobe (b) he has more money and can entertain a girl at a beach or golf club and (c) he is more mature, considerate and a smoother talker.

Then too during the summer a schoolgirl on her vacation, who has been date-starved for a long time is likely to seek companionship with the first man who suggests fun.

She is likely to meet her "older man" at (a) country club dance when she is with Mom and Pop (b) at the hardware store where she has a summer job or (c) on the beach where the average man feels at liberty to strike up an acquaintanceship with unescorted women (d) he might be her dentist, doctor or the professor of her summer class in art or English.

James Mitchell, Don Burdick and Glenn Wheat of Wolfforth.

Joe Nesbit, George Petrus, Jr., and Louis Sefcik of Harrold; J. D. King of Idalou; Benny Hofacket of Levelland; Eddie Bingham and Orval Blake of Munday; C. S. Wales, Jr., of New Deal.

Raymond E. Hancock, Harold C. Hohn and Billy Bob Ingle of O'Donnell; Eldon Ray Krueger of Olney; Franke Lee Condra, Jessy D. Norrell and Billy George O'Deal of Ropesville; Roger Hensley, Wayne Martin and Brain Ray Stone of Tahoka; and George Lambright of Wilson.

There is no telling where a teenager will get the notion that she is in love with a man old enough to be her father, in some cases.

Many a girl who builds up romance in her mind mistakes the friendliness of a family friend or an employer for romantic interest. She builds up her daydreams to fantastic proportions, and every kind act on the part of the man she has tabbed for her knight is magnified to the hilt. She thinks he looks at her expectantly sweetly, or is going out of his way to be near her, because he happens to visit family or friends when she is present.

Sometimes the older man is unconscious of this interest. Sometimes he has encouraged it. However, it often develops that the girl is the pursuer, at least at first.

There are many little temptresses, who for want of romance and

affection, will try to attract the married man they meet at a resort, with or without his wife. Men are notably weak when it comes to women, but even if he does fall for the poor little dear, what has she accomplished? Chances are that 999 men out of a 1,000 return to their wives even if they have been led astray temporarily.

The summer romance leaves many a girl brokenhearted. She thinks she can pack into two weeks or a month all the romantic yearnings of her heart, and not pay for it. She will encourage men who would not appeal to her during the school year, or back in her home town or who would look ridiculous with her at the Junior Prom.

Take it easy girls. Try to take summer fun in stride. Sometimes it is lonely being dateless at the beach, or not being invited to the

club dance or not having a young man to serve to you at tennis. But isn't it better to wait until the right boy comes along.

Then, too, it would be a better investment for the future, if you encouraged the younger boys in your local group, rather than their

paunchy elders. Young boys might not be able to afford the orchids or the important dinners, but you will have more fun with them on a simple beach picnic or backyard barbecue.

Young men, or course could break your heart also. But that might be your doing if it happens. There is no point in letting a summer romance go to your head, if you do not know anything about the boy.

### Brother of M. P. Reid Passes Away

Mr. and Mrs. L. E. Reid of Fort Worth arrived Thursday for a visit in the home of Mr. Reid's sister-in-law, Mrs. M. P. Reid. They were also to visit their cabin at Ruidoso, N. M.

Friday the Reid family here received a message to the effect that Albert Reid of Walters, Okla. brother of M. P. and L. E. Reid has passed away Friday morning at 10 o'clock.

L. E. Reid of Fort Worth and M. P. Reid of Littlefield left immediately for the funeral services, which were held Saturday afternoon.

Deceased left surviving his wife, one daughter and three sons.

A Reid family Reunion was held at the home of Mr. and Mrs. Floyd Doyle at Decatur about two weeks ago, none of the members of the Reid family here were able to attend.

### Sudan Minister Takes Pastorate In Hale Center

Herbert Swinney has resigned his position as minister of the Sudan Church of Christ, and has accepted a call to the Hale Center Church of Christ. He and his family moved to the new field last Wednesday.

W. M. Peck, a former minister of the church will fill the pulpit Sunday, July 15. A basket dinner to be served in the Sudan park immediately following the church services.

The Speck family now reside at The Dells, Oregon.

A revival meeting is scheduled to begin in the near future.

### Institutes "Flying Incubator" Service

VANCOUVER (AP) — Seventeen months ago, St. Paul's hospital here instituted a "flying incubator" service to carry on far storks with a faulty time sense. Until that time, babies born prematurely in remote regions of the province had little chance of survival. Incubators, oxygen supplies, skilled hospital personnel were all at least 24 hours away.

Since then, a total of 40 babies have been rushed in the incubator by ambulance or airplane from points in the interior to the ultra-modern clinic at St. Paul's. Teams of special nurses are available day and night to go to the aid of the babies and bring them back to the clinic.

### Prince to Get Little Pomp From Belgium

(AP Newsfeatures.)

When young Prince Baudouin becomes the fifth king of the Belgians July 17 he may do so in a ceremony as simple as the inaugural of a president of the United States.

The world will probably call it a coronation. But Belgium has no crown—and no tradition for pomp and display when her kings ascend the throne. If Prince Baudouin follows Belgian tradition, he will simply appear before both houses of parliament and take an oath of allegiance to his country.

Prince Baudouin, who is now 29, is a prince of mystery. Even the eight and a half million people he will rule know very little about him although he has been

their chief of state since last August, when his father, Leopold III handed over his powers to him.

Leopold had tried to return to the throne himself after World War II. But the Belgians were bitter over his unconditional surrender to the Germans, when the Nazis invaded neutral Belgium. The country split on the questions of his return to the throne; and after a series of strikes and riots, Leopold handed over his powers to his eldest son, who became chief of state.

Baudouin was then a tall, lanky, serious, bespectacled boy of 19. He had made a visit to the United States a few years before and talked to quite a few Americans in Miami and Pittsburgh. But to many Belgians he was a stranger for he had grown up during the war and had even spent some time outside the country.

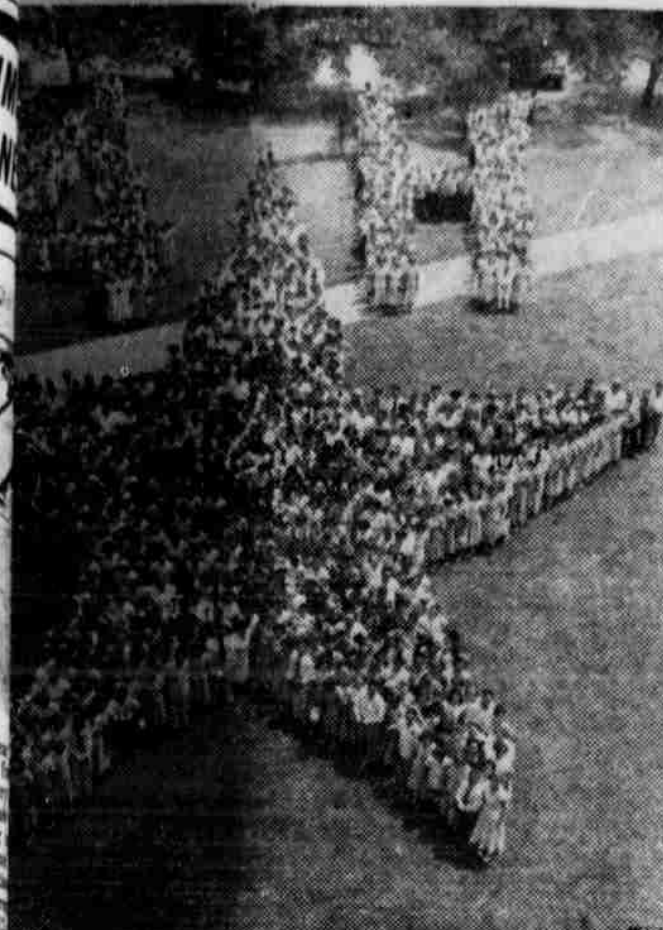

After he took over the powers of state, they learned more about him. He takes his job seriously

### Cracked Skulls Keep Missionary In Africa Busy

SEATTLE — (AP)—A Seattle woman is going back to Pig's Peak to mend broken heads and minister spiritually to the Bantu people of southeastern Africa. She is Miss Estella MacDonald, who has spent most of her adult life working with natives of Africa as a missionary for the Church of the Nazarene. She sails from New Orleans soon.

She will be returning to Pig's Peak, where she served from 1941 to 1947 in Swaziland, South Africa. She recalls from her previous sojourn there that most of the medical cases she handled were broken heads.

"The natives carry what they call snake sticks," she said. "There are a lot of snakes down there. But, when the natives get full of their own mountain style of beer they start using those snake sticks on each other's skulls."

## Billie Marie Smith Is Crowned Summer Queen at Hardin-Simmons University

ABILENE.—Billie Marie Smith, Hardin Simmons university senior of the university Monday evening in a Court of Orchids setting. Miss Smith, daughter of Mrs. W. W. Smith of Goodlett, was chosen from a field of seven candidates nominated for the honor. The 5'2" brown-eyed plans to graduate in August with a degree in elementary education. She is a member of the Hardin-Simmons chapter of Future Teachers of America, Young Women's Auxiliary and Life Service Band.

Lewis Stephens, student council president, crowned the queen

in the formal outdoor ceremony. Miss Smith was dressed in white organza over orchid taffeta. She carried a bouquet of white orchids.

Court attendants included the other queen nominees, class representatives and a lady-in-waiting. They wore formals in shades of orchid, pink and green and carried orchids attached to wands. An orchid screen served as background for the green and white throne.

Master of ceremonies Lloyd Wright, Hale Center junior, presented members of the court. A

After crowning the girls, Mr. McCullum offered to crown similar queens 25 years hence. The textile firm accepted his offer.

## Polio Costs March Of Dimes Over Million in 1950

"It took a lot of dimes in 1950 to take care of Texas polio patients," Ralph Frede of the National Foundation of Infantile Paralysis declared today.

14,195,640 of them, to be exact. County Chapters of the March of Dimes organization spent \$1,410,564 for patients care in 1950, \$65,943 more than was spent for this purpose in 1949.

Assisted directly with hospital and other bills were 1,645 polio patients stricken before 1950 and 1,196 who contacted the disease during the year. Chapters ended the year owing \$306,326 to hospitals and doctors in Texas.

Frede said that total receipts from the 1951 March of Dimes approximately equalled the amount spent for patient care. Figures on expenditures, he noted, did not include money spent by the National Foundation's state and national offices for iron lungs and other equipment, for training of medical personnel and health education, and for other expenses which were applied to patient care.

Also not included in the chapter expenditures are costs of research grants in Texas.

Advanced to Texas Chapters when their own March of Dimes funds were depleted was a total of \$783,161 from the national epidemic aid fund. A big share of this he said, was applied to treatment of old patients, indicating the high costs of continuing care for the 20 per cent of patients having an extensive paralysis.

Noting the low incidence of the disease so far this year as compared with the same period in 1950, Frede expressed the hope that the early trend would be continued through the critical hot-weather period ahead. He pledged that regardless of any emergency which

might arise, Texas Chapters of the March of Dimes organization would be prepared to meet the

challenge with funds, assurance would be written

## Eating Is Necessary Also Mighty Pleasure

Some folks say they live to eat, while others claim they eat to live. At any rate it would sure be hard to find many people who don't enjoy the thought of a big, thick steak and some French fries. Eating is a necessity and it sure can be pleasant. But there are some folks who can't enjoy good food. . . . It just doesn't seem to agree with them. If you're one of these folks because of deficiencies of Vitamins B<sub>1</sub>, B<sub>6</sub>, Iron and Niacin, then this article is intended for you.

Guy H. Housley, who lives at 641 14th St., San Diego, Calif., was one of those folks who couldn't enjoy food without having after-meal distress, but not any more. Mr. Housley heard how HADACOL was helping folks suffering from these deficiencies and began taking it.

Here is Mr. Housley's statement: "I am 40 years of age and have had a nervous stomach condition for quite some time. Couldn't eat hardly anything. Back in my home town, I bought a bottle of HADACOL and before the first bottle was gone, I could tell a difference. Then I came to San Diego and couldn't get it here. I sent back to Atlanta for it. Now, thank God, they have it on the market here and I have a supply in my house. Not only that, but I'm telling all my friends what HADACOL has done for me. I sleep well, eat anything I can get and feel wonderful. I could go on and on praising HADACOL, it's done so much for me."

# Irrigation Making Huge Gains on South Plains

Over a hundred new irrigation wells have been drilled on the South Plains during the past year. An estimate made by the Texas Agricultural Experiment Station shows that there are now 10,599 pump wells today, compared with 4,000 a year ago and 2,300 a year ago.

The survey shows there are 11,651 irrigated farms. Of the total number of wells 5,910 pump less than 700 gallons per minute and 10,599 pump more than 700 gallons per minute.

Butane, with 10,279 wells, is the most popular type of fuel used to power pumps. Others include: Gasoline 2,363, diesel 467, electricity 2,116, and natural gas 1,284.

More acres of cotton are irrigated than any other crop. Thurmond figures 1,114,070 acres of cotton are under irrigation this year.

**Crops Listed**

Other irrigated crops in acres include: Grain sorghums 612,110, alfalfa 98,245, wheat 309,880, pasture 56,360, barley 150, sudan 23,000, potatoes 6,050, sugar beets 1,800, oats 1,000, onions 850 saf-

Deaf Smith is the most diversified of the counties. Thurmond's survey shows this county irrigates cotton grain sorghum, alfalfa, wheat, pasture, potatoes, sugar beets, onions, sunflower, castor beans, lettuce and corn. This is 12 different crops.

Hale and Lamb counties follow closely in the amount of diversification. The survey shows Hale county grows 11 irrigated crops and that Lamb county grows 10.

**Lubbock Leads**

Lubbock is the leading irrigation county, the survey shows. Lubbock county has 2,300 irrigation wells. Hale county, in a three way tie for the largest number of wells, has the greatest number of wells pumping more than 700 gallons per minute. Thurmond figures 1,700. Hale county wells pump more than 700 gallons per minute. Irrigation wells by counties include:

Armstrong 40, Bailey 475, Castro 1,000, Cochran 250, Crosby 623, Dallam 100, Dawson 9, Deaf Smith 1,000, Floyd 1,200, Garza 65, Gaines 275, Gray 2, Hale 2,000, Hansford 12, Hemphill 2, Hockley 2,000, Lamb 1,700, Lynn 325 Lubbock 2,300, Moore 14, Ochiltree 5, Parmer 600, Potter 600, Potter 10, Randall 250, Sherman 2, Swisher 2,000, Terry 100, Wheeler 8 and Yoakum 80.

## Do's and Don'ts for Your Summer Vacation Automobile

Automobile travel on the nation's highways is expected to reach a new peak this summer. To help travelers get the most pleasure out of touring, and to help keep their cars in good condition, the Buick Service Department reminds owners of the following DO's and DON'T's:

- DO be particularly careful to watch crankcase oil level on long trips.
- DO remember to switch tires and to watch pressure, especially on hot days.
- DO wash your car once a week to remove road film and chemicals.
- DO sit in a comfortable, erect position and rest frequently.
- DO keep the windshield free of dust and dirt at all times.
- DO give your car a Lubricare treatment.
- DO remember that most drivers can get 10 per cent more miles per gallon by observing economy rules.
- DON'T neglect inspection and oil change before starting a long trip.
- DON'T allow grime and dirt to collect on chrome. Clean as frequently as possible.
- DON'T take chances with improper tire pressures. Your safety is at stake.
- DON'T put off having the air filter cleaned or refilled with new oil.
- DON'T forget in warm weather to check water frequently. Check it often.
- DON'T block vision with goggles or other accessories.
- DON'T drive faster than conditions permit. Run risks on the highway, and you are fatigued.
