

Farm Bureau Body Protests Telephone Rate Boosts

Galveston, Nov. 8-10. The group also acted on 15 other resolutions. A covered dish dinner was served.

In the election of officers for the coming year, Jack Yarbrough was reelected president; Ted Hutchins of Spade, first vice-president; Bill Struve of Springlake, second vice-president; and Bob Badger of Littlefield reelected secretary-treasurer.

Members heard a financial report by Badger, showing total deposits of \$10,828.01 and total expenditures of \$10,516.63. Cash on hand Oct. 1, 1954 was \$678.37, an increase of some \$300 over the amount of Oct. 1, 1953, which was \$366.99. Membership in the Lamb county Farm Bureau now totals 1,057.

Members of the by-laws committee presented changes. Committee members were Frank Lehman, Prof. Shelby Leroy Haeckler and Jack Yarbrough.

Principal change in the by-laws was the method of election of directors, which was changed in order to stagger the directors' terms. Directors are elected from each of the eleven designated communities, Springlake, Rocky Ford, Sadan, Spade, Hart Camp, Fieldon, Olton, Earth, Pleasant Valley, Littlefield and Amherst.

Introduced at the meeting were the officers, Yarbrough, president; Lonnie Nelms, outgoing vice-president; Bob Badger, secretary-treasurer; and directors, C. R. Stephens, Doyle Turner, Skipper Smith, and Ted Hutchins, the office manager, Mrs. Mickey Stephens, and the assistant office manager, Miss Joan Parrack. Guests included Mr. and Mrs. Jack Wattenberger and Duff, Mrs. Hazel Heleman, county home demonstration agent; Dave Eaton county agent; Wattenberger is Farm Bureau service agent.

V. M. Peterman, Farm Bureau member and president of the Lamb county fair spoke briefly on the fair slated for Littlefield Oct. 14-16, saying exhibits indicate an exceptional fair and a good carnival is scheduled to appear.

Other resolutions passed, to be submitted to the Texas Farm Bureau convention, were:

That 90 per cent support prices be placed on all commodities classed as basic; that grain sorghums should be eligible for the Commodity Credit loan with a maximum moisture content of 14 per cent (the same as wheat); that production of Texas state certified and registered planting seed of all kinds and varieties be subject to more rigid inspection and control; and that all wholesale and retail dealers be licensed and bonded to further protect against adulteration and false labeling of seed.

That any farmer who fails for any reason to plant all his allotted acreage of any crop should not be penalized on his acreage allotment for the crop in any succeeding year. (The current law says the farmer must plant up to 90 per cent in order not to be penalized); that the net income from farming should be subject to income tax as a long term capital gain rather than an earned income. (Breeding cattle has already been recognized as a long term capital gain).

That the procedure for obtaining loans on grain sorghum should be simplified and a loan similar to that used in obtaining cotton loans, be made; that the Texas Farm Bureau be redistributed so each director will represent an equal amount of members. (Districts range from those with memberships of 275 to the local District II with a 10,000 membership).

That the Texas Farm Bureau furnish each County Farm Bureau with a written quarterly financial statement; that the \$7.50 penalty for underweight and overweight bales of cotton is excessive and that penalties should be standardized throughout the cotton belt, with an investigation on the ultimate responsibility of penalties paid by the farmer; that a farmer be allowed to plant in addition to regular allotment, the amount of acres he lost the year before, by drought, blown out, or any act of God; that deep-breaking practice be retained as written in the A. S. C. handbook; that Texas Farm Bureau receive \$3 per member per year instead of the \$5 now received from the counties.

That any farm under one owner and one or more operators shall have a serial or contract number for each operator, and land under each number shall represent only its proportioned share of the farm's allotted crops and whereon the service rendered by the ASC. In measuring cotton acreage, was "most satisfactory" this year, be it resolved that we be furnished with faster and more efficient service this year.

BY-LAW RESOLUTIONS PASSED by the Lamb county Farm Bureau to be submitted to the Texas Farm Bureau convention in November are Jack Yarbrough, left, president, Bob Badger, secretary, and Ted Hutchins, new first vice-president. The second vice-president, Bill Struve, is not pictured.

\$11,000 Budget Set by Salvation Army for Next Year; \$3,000 Sought in Drive

Littlefield advisory board, Salvation Army met Monday to report a report of expenditures and income for the first nine months and to plan next year's budget. It slashed the proposed budget drastically to get it within the \$11,000 limit.

The \$11,000 of the \$11,000 budget will be raised by the Salvation Army through weekly collections, War Cays, unsolicited donations, and the other \$3,000 to maintain the organization's religious and charitable work will have to be raised by a drive.

The drive brought in \$2,200. A figure of \$3,000 is the goal for this year, and considerably more than that is needed for the job expected of the Salvation Army, it was pointed out.

The board set Nov. 10 to start the drive and expressed determination to get it over with in one month. The board plans a kickoff for the morning of the drive and a victory meeting in the evening to report results of the drive. The board is confident that the drive will exceed the \$3,000 minimum which it contemplates for this year's "starvation" budget.

At the planning meeting, Albert Miller, Harry Pouncey, Carol Pouncey, Duhon, Harold Clements and Ward.

Plan Shower for Spade School Kitchen Equipment

The Spade school home economics department will be the honoree at a miscellaneous kitchen shower Monday given by members of the Spade Farm Bureau, according to Preston Pointer, president.

Pointer said all members of the community are welcome to attend the meeting which will be held at 8 p.m. Monday at the Spade high school. Members of homemaking classes will serve refreshments.

Purpose of the shower, Pointer said, is to help furnish the home economics department with equipment needed to help students in cooking, table arrangement and hostess studies.

West Virginian Assumes News Editorship Duties

Don Perry, former West Virginian and Ohio newspaperman, Monday assumed duties as news editor of The Lamb County Leader and The County Wide News.

Perry was political reporter-columist for The Charleston (W. Va.) Daily Mail and reporter for Huntington, W. Va., newspapers, his hometown. Most recently he was editor of The Enterprise, weekly newspaper at Norwood, O.

He and his wife, Rebecca, a registered nurse, have taken up residence at 1110 West Seventh street. She is a graduate of St. Mary's School of Nursing, Huntington and a former nurse supervisor at that hospital.

Perry is an honor graduate of Marshall college, Huntington, and has done work on a master's degree in creative writing at Mexico City college, Mexico. He is a writer of submarine service in World War II and the Korean conflict.

\$95 in Trophies, Ribbons To Be Given in Fair Parade

Prizes totaling \$95 plus trophies and ribbons will be given for the best bands, floats, riding clubs and entries in the Lamb county fair parade, according to Walter Martin, president of the Lamb county Sheriff's posse sponsor.

The parade will be held at 3 p.m. Thursday, Oct. 14, Martin said, and will assemble at the Littlefield high school. It will move east on First to the highway to Phelps, and south on Phelps to the courthouse, where it will disband. Schools will be dismissed Thursday at 2:30 p.m., but classes will resume Friday.

The Littlefield senior and junior high school bands will march and other bands have been invited from Olton, Springlake and Sadan. The band judged first will receive a cash prize of \$25, and second place will be awarded \$15.

First place float will receive \$35, second place \$20, and third place honorable mention. Trophies will be awarded the two best riding clubs.

Martin said, "Anyone can enter anything. We want to make this a county-wide parade" with floats, bands, automobiles, tractors, implements, trucks and displays entered from over the entire county.

He said all automobile dealers are invited to enter their newest automobiles; equipment dealers their newest equipment; butane and wholesale gas dealers their trucks, and all businesses a float or even an automobile with the firm name on it.

Martin said the parade date was set to not conflict with the bands' participation in football activities. He suggested that following the parade all participants and watchers go on to the fair, which opens Thursday, since all booths will be completed. Fair entries will be closed Thursday night.

Final plans for the parade were made at a meeting attended by Martin, Lon Campbell, secretary of the Sheriff's posse; Elmer Hall and Jesse Everett. In preparation for the fair, superintendents of all fair divisions will hold a final meeting tonight in the Mangum-Chesher-Hilburn office.

Jones, who has a 40 per cent cotton crop on his 168 acre farm, has participated in the soil conservation program since 1949. He was elected on the soil district conservation board in October 1952.

His naming as "outstanding district supervisor" will entitle him to compete for a state award, given by the Texas Bank and Trust Co. of Dallas. The award will be a one-week, all-expense trip to some selected area within the United States, or its possessions to observe and study various methods of soil conservation farming and ranching.

There are 165 Soil Conservation districts in Texas and each district has five supervisors. The Banker's Awards committee within each district chooses the outstanding supervisor and submits his name.

There are five Conservation District zones in the state. In each zone a committee will screen various entries submitted to it and select the outstanding supervisor from its zone, submitting his name with a summary of his activities to a state committee, which will make the state award.

Some of Jones' accomplishments used as a basis for his selection were:

He has turned 75 acres into cover cropping; levelled 24 acres; has 75 acres in stubble mulching this year; has 1.2 miles of terraces; 300-foot of diversion terrace; is prompt in attending board meetings; spends "considerable" time with soil conservation meetings, and is a leader in conservation measures in the area as well as on the local board.

Better Ease Up! Radar Car To Be In Area

The radar method of apprehending speeding motorists was demonstrated in Lamb county Monday morning by Highway Patrolmen Bud Taylor and Bill Davenport. The radar equipment will be in this district which comprises 22 counties, until Oct. 20, the officers said.

The equipment is set up so that each time an automobile passes the radar signal a beam bounces back on a meter or graph, recording the speed.

Taylor said the radar equipment is 98 per cent accurate up to 150 miles per hour. Since the Highway Patrolmen have been demonstrating the equipment, they said only one car, part of the demonstration, has exceeded the 100 mile per hour mark. Of 75 consecutive cars and trucks checked the officers said 11 exceeded the speed limit.

The Texas Highway Patrol intends to have the equipment in use throughout the state. Thirty-six states are now using radar for speed limit enforcement, Taylor said that some states, such as Washington, have cut fatalities because of the equipment in specific areas where speeding was a regular offense. He said use of the equipment would also reduce the hazard created when the highway patrol car must speed to catch a speeding motorist. Use of the equipment would enable the officers to notify another unit ahead of the speeding motorist. That unit would only have to stop the motorist when he reached its position.

No Crop Damage Figure Is Available For County

Heavier-than-usual rain early this week may have damaged Lamb county's cotton crop to the tune of several thousand dollars, but while rain kept farmers from the fields, small grain farmers welcomed the moisture.

Edd Merrell Is New Radio Man for Dyer

Edd Merrell, son of Mr. and Mrs. A. B. Merrell of Amherst, has been employed as radio dispatcher in the Lamb County Sheriff Dick Myers' office.

Merrell, who recently received his army discharge, is a graduate of Mertens high school.

He replaces Garland Thornton who has returned to Texas Technological college as a sophomore student.

17-YEAR-OLD IS MISSING

Local law enforcement officers are seeking the whereabouts of William Roy Johnson, 17-year-old Negro, who is missing from the Hubson Grant farm where he has been employed as a cotton harvest hand.

The boy's mother, Harriet Johnson, also employed at the Grant farm, six miles north of Littlefield, reported his disappearance. She said he left Friday morning in the family pickup truck, which was later recovered in Littlefield where it had been parked and the keys left in it.

Warant Is Jailed

Nives Hernandez, charged with vagrancy, and Ester Rodriguez, charged with prostitution, both entered a plea of guilty before Judge J. G. Cole of Olton Tuesday.

WORLD AFFAIRS will be the discussion topic for an adult education group which was formed with John Gregory of Texas Technological college Tuesday morning. The group will meet again Tuesday at 7:30 p.m. to begin discussions. It will be affiliated with the Ford Foundation's "continuing education" program. Only a minimum charge of about \$3 will be made for material used in the study program and there will be no other charge.

The discussion meetings are open to any organizations or individuals who wish to participate. Clarence Williams is acting as organizer for the group and any person who wishes to attend one of the meetings may contact him at the Junior high school. Looking over the materials to be used in the study program are, left to right: Williams, Mrs. C. O. Stone, B. D. Garland Jr., Howard Home, Mrs. Albert Miller and Mrs. O. A. Pressley Jr. Others attending were, Gregory, Albert Miller, Mrs. Oscar Wilemon, Forest Martin, Mrs. W. D. T. Pink-Blue Shower Given Mrs. Les Lichte Friday

Mrs. Les Lichte was feted with surprise pink and blue shower Friday in the home of Mrs. L. B. Davis, north of Littlefield. Hostesses were Mrs. P. L. Helms, Mrs. C. P. Davis and Mrs. C. C. Slesbee.

The honoree had been told she was attending a ceramics party, so she graciously picked up a few of the other guests on the way to the party.

When she arrived, Mrs. Davis met her at the door with a pink chrysanthemum corsage, a gift from her husband, Leslie Lichte. The surprise was pinned on while the girls sang "That Little Boy of Mine."

Guests were registered by Mrs. L. B. Davis at a pink and blue decorated table which bore a sign at one end carrying a baby's hat. The original program book was fronted with a baby's face outlined with lace on a ground of aqua.

The color scheme of aqua and pink was used on the refreshment table which was covered with lace or aqua. In the center of the table a ceramic doll in diaper and bootie lay in a lace cradle. The doll was lined with yellow flowers and yellow napkins were used.

Guests were served coffee for cream and cakes. Pink favors were made in the shape of baby's shoes and masks and baby's shoes.

The group attended a movie where they saw "Lone Ranger." Gary Berruth was the winner of games played after the movie. Attendees were Gerald Carter, Jack Dow, Ronnie Cox, Gary Berruth, Jimmy Butler, Roy Dale Pierson, Terry Smith, Randy Johnson, D. W. Douglas, Yarbrough Jacker King, and Bobby Lee Alford.

An array of gifts was presented to the honoree after she was named "winner" of the games played.

Attending were Mrs. J. F. Tomlinson, Mrs. Mike Carter, Mrs. Ray McKinney, Mrs. J. M. Griffin, Mrs. Leonard McNeese, Mrs. George Davis, Mrs. Winston Barton, Mrs. U. E. Kelley, Mrs. Orville Bassett, Mrs. Fred Lichte, the honoree, Mrs. Les Lichte, and her hostesses, Mrs. L. B. Davis, Mrs. Helms, Mrs. C. P. Davis, Mrs. Slesbee.

Cowboys & Cake And What More Would a Boy Like On His 8th Birthday

Bobby Lee Alford was honored with a Western party Monday on his eighth birthday at the home of his parents, Mr. and Mrs. John Alford.

All the guests attended were Western regalia and the Western theme was used in house decorations and refreshments. The birthday cake was topped with a figure of Hopalong Cassidy on his horse and a large bordered cake. Around the side of the cake were bands and western designs.

Guests were served coffee for cream and cakes. Pink favors were made in the shape of baby's shoes and masks and baby's shoes.

For her wedding the bride chose a beige suit and carried apple blossoms. Attendants were Mr. and Mrs. J. T. Melton.

MRS. E. B. WHITFORD AND CAKE She's Spent Many Years in Texas

Mrs. Eula Whitford Has 75th Birthday Celebration

A 75th birthday observance is always a delight. But when the observer can recall spending all but two years in Texas, it's even more delightful.

Such was the occasion Sunday when 82 friends and relatives dropped in to wish Mrs. Eula B. Whitford of Springlake congratulations. The reception was held in her daughter's (Mrs. Bill Struve) home.

Mrs. Whitford was born in Montgomery, La., on Sept. 29, 1879. She was named for the town of Benton, La. She came to Comanche, Texas, when she was two-years-old and married Thomas David Whitford in 1895. She

has lived in Lamb county since 1924. Her husband died in March, 1930.

Mrs. Whitford has six living children, Dave B. of Knox City, Tenn.; Forest of Earth, Texas; Mrs. Bob Boone of Alton, Texas; Almon and O. B. Whitford of Earth, and Mrs. Struve, A. son, Oral Lee, died in 1930.

Among grandchildren are Kenneth Boone, Mrs. Woody Jackson, Keith Boone, Mrs. Jerry Davenport, Twila Whitford, Lonnie Whitford, Tom David Whitford, Kerry Lane Struve, and Rita Nell Struve. There are two great-grandchildren, Dwala Sue Boone and Dannie Boone.

Amherst P-TA Sponsoring Feed Tomorrow Night

Amherst P-TA members will sponsor a barbecue supper tomorrow night at the Amherst lunchroom preceding the Amherst-Sudan football game. The barbecue, from Underwood's of Lubbock, will be served under the direction of Mrs. A. T. Hedgipeth, lunchroom supervisor.

Dinner plates will be \$1 for high school students and adults, and 75 cents for children through junior high school.

Proceeds will be used by the P-TA to buy lunchroom equipment including serving dishes and a mixer.

Jo Ann Bowers Marries Lenvill Hines in Olton

Miss Jo Ann Bowers, daughter of Mr. and Mrs. C. L. Bowers of Olton, became the bride of Lenvill Hines in a double-ring ceremony Sept. 29 in the home of the bride's parents, Mr. and Mrs. Clinton Hines of Olton.

Rev. J. B. Flippo, pastor of Hopewell Baptist church, performed the ceremony in the parlor before a picture window beneath an archway of greenery flanked by baskets of pink and white hydrangeas.

Harold Dean Carson played background music and accompanied Miss Gay's Silent as she sang "Indian Love Call," "Because," and "You're Mine."

Attending the bride as maid of honor was Miss Beverly Dill of Olton. Bridesmaids were Mrs. Jim Brown and Miss Wanda Hines. Miss Glenda Flippo served as flower girl.

The bride, who entered the parlor on the arm of her father, wore a ballerina-length gown of white nylon lace over satin, styled with a round yoke of tulle and tapered in front waistline and a full skirt. She carried a bouquet of pink double roses on a white ribbon.

For something old she wore a strand of pearls belonging to the bride's mother. She wore a penny, borrowed from her grandfather, in her shoe and a blue starter.

The attendant dresses were of soft orchid cotton satin, designed similar to the bride's. All carried semi-circular bouquets of pink double roses and wore bouquets adorned with roses.

For her daughter's wedding Mrs. Bowers chose a navy blue crepe dress with which she wore navy accessories and a corsage of white roses. Mrs. Hines wore a navy cotton suit with shrimp accessories and a corsage of tall-tan roses.

The reception after the ceremony was held in the bridegroom's parents' new home. A serving table covered with a pink cloth was centered with pink roses and a three-tiered cake. Guests were registered by Mrs. Freddie Burgess. Presiding at the lunch service was Miss Yvonne Peterson. Mrs. Jolene Burgess served the cake.

Out of town guests were Mr.

and Mrs. Malcolm Hines and daughter of Seymour, Mr. and Mrs. W. H. Flournoy of Plainview, Mrs. Hayward of Lubbock, and Mrs. Laura Vaughn of Hamilton.

For a wedding trip to Colorado Springs, Mrs. Hines wore a heliotrope ensemble with navy accessories and a corsage of roses.

The couple will reside in Olton. Mrs. Hines is engaged in farming with her father. Both the bride and bridegroom attended Olton high school. She has been employed by Builders Variety store.

Partnership

... means a joint interest. But in family life it means more than that. It means planning together, working together, going together and doing together... It means sharing the finer things of life. The husband is to love his wife as Christ loved the church. The wife is to be devoted to her husband as the church to Christ. It takes more than thrills in courtship to avoid spills in marriage. Be he governor or gravel shoveller, he is happiest who finds his happiness in his home and in his church. This is proof of a truly great partnership.

ALTAR AT SACRED HEART CHURCH

Colorful Ceremonies Herald Latin-American Mission Opening

September 26, the sixteenth Sunday after Pentecost, Rev. Mayo, OMI, missionary priest of San Antonio formerly of Argentina, opened a Latin-American mission in honor of Our Lady of Guadalupe at the Sacred Heart Catholic church.

Friday during the benediction service, with Rev. F. M. Higgins officiating, Mrs. Beth Cantu and Mrs. Mary Calvera, crowned the statue of the Blessed Virgin with a white carnation wreath.

The 6:30 mass was said by Rev. F. M. Higgins and the 7 o'clock mass was said by Rev. Mayo, "Speedy" Abeyta and Patrick Diensing were altar boys.

Each evening the church bell summoned the Latin-American congregation to assemble in the church singing "Por La Noche," "Acto de fe," "Acto de Esperanza," "Acto de Amor" and "Acto de Contricion."

Saturday evening the candle light procession, made up of 206 members of the congregation marched out of the church by two following the cross bearer "Speedy" Abeyta, while Patrick Diensing carried the lighted candle with Rev. Higgins leading the procession.

Rev. Mayo's voice filled the air saying the rosary in Spanish; the voices paid tribute to the Mother of God with "Viva Maria."

A picture from old Mexico, which belongs to Benny and Toni Escavado, of Our Lady of Guadalupe, was surrounded by a guard of honor of four girls, dressed in white dresses with white veils, carrying a candle.

On this field trip the long procession entered the church ground and returned to the church. Father Mayo continued the praise of the Lady of Guadalupe as he recited the Litany of Loretta. The lights were turned off showing the shrine.

LITTLEFIELD 4-H CLUB HAS ELECTION

Kenneth Hutchins was elected president of the Littlefield 4-H club which was organized for the year this week. The club will meet monthly.

Other officers are Monroe Young, vice-president; Larry Pierce, secretary-treasurer and Tommy Bush, reporter.

The group discussed record books and made plans for the Lamb county fair Oct. 14-15-16. The 44 boys present voted to have a soil conservation booth at the fair. Committee members in charge of preparing the booth are Monroe Young, Bobby Williams, Robert Tomlinson, David Jones, Kenneth Hutchins, Phelix Sipes, Sam Niekels, Larry Pierce and Tommy Bush.

NAMED TO COMMITTEE

Jack Yarbrough, president of the Lamb county Farm Bureau, has been named one of two men from District II, which comprises 10,000 members, to serve on the resolutions committee for the Texas Farm Bureau. The state meeting of the organization will be held Nov. 8-10 in Galveston.

ing candles held high in tribute to the Blessed Mother.

Father Mayo is carrying on his mission this week in Lovelland. Following this he will conduct the mission at Pep in English. The Latin-American mission was exceptionally well attended.

Nearly News

It seems that wherever Don Perry and his wife, Becky, (he's the new news editor of News and Leader) go, they bring rain. He tells us that October has always been a jinx month... rainwise, that is. They got married last October and their wedding day broke a four-month dry spell in West Virginia. On their first day in Littlefield Sunday, rain came down in cascades. He's asked all cotton harvesters not to shoot him, or his wife.

—nn—
This same guy Perry has a joke he likes to pull on all Texans who remark how big things are down this way. The jollie goes this way: Seems as a hill-billy (West Virginian no doubt) visited in Texas and the host kept talking about hugeness. The tables turned when the Texan came to the hill country. The hillbilly placed a half-dozen mountain terrapins in the guest bed and kindly told him they were "mountain bedbugs."

I'm known across two states as the guy who loses more clothes (hats and coats, that is) than my wife can afford to buy me. Wouldn't be so bad if I could get through the season before losing them, but this summer my straw strayed right in the middle of July. Waited a couple of days for it to turn up, then on the verge of sunstroke one hot day I crawled into one of Littlefield's best haberdasheries and put on what looked like a mighty pretty blue straw hat.

Alas, when I got able to see again it turned out to be an old lady lavender. Well, I've been trying to lose that hat ever since, but everyone in town knows no body but me would wear a hat like that and they keep calling Betty telling her where it is. Latest report is that it's in the back room at Fisher's cafe, and

JOE FERRELL AND HAROLD CLEMENTS sell a ticket to the Lions club pancake supper to H. L. Fisher. The supper is scheduled for Tuesday night at the Community center. Proceeds will go to the Lions fund for civic and child welfare through their projects which include glasses for sight-weak children, and the Crippled children's camp.

that may solve my problem since I'm afraid to go in Fisher's ever since we ran a story last week saying that the Reddy Kilowatt dealers had held a breakfast meeting at Thornton's when all the time it was at Fisher's.

But I'm a pessimist. Fisher will probably mail that hat back to me just to get even.

They'll have a hard time starving Carroll Pouncy because he's so versatile. Before he was a hospital administrator, he was an editor. And before he was an editor, he was a pressman. He's reverted to press feeding since he got enough of running a hospital,

but he's picked up a new trick along the line. They tell me that when he washes a press, he wears rubber gloves.

SAN DIEGO, Calif. (AP) — Bronze busts of Mbongo and Ngagi, the late and well known gorillas of the San Diego zoo, have been moved to prominent positions inside the zoo entrance.

So prominent, says Dr. Charles Schroeder, that he had two visitors come up to him the other day. Pointing to the busts one of the guests asked, "Are they the men who started the zoo?"

Pistol Toter Is Fined \$100

Luther D. Hanna of Scottsboro, Ala., entered a plea of guilty before Judge Robert Kirk Wednesday morning to charges of carrying a pistol on his person. Judge Kirk fined him \$100 and costs. Hanna was unable to pay the fine and was placed in jail by Sheriff Dick Dwyer. Hanna was arrested by city officers Friday at a local cafe.

Two Fined \$100 On Liquor Charges

Frank De La Rosa sr. and Frank Martinez of Olton were arrested following a raid led by Sheriff Dick Dyer in Olton Sunday. Dyer was assisted by Deputy V. L. Smith and Olton City Marshal Lee Meadows.

Charges were filed against them for violation of the liquor law. They were arraigned before Judge Robert Kirk Monday morning. Martinez and De La Rosa each entered a plea of guilty and were fined \$100 and costs each. This was the first offense for both, officers said.

Predicting Games This Week

By JIMMIE HINES

With the moving of Wayne Cunningham, it has become my good fortune to be hailed as one of the unsung heroes—that's a person who engages in the mystic realm of predicting football games and is hailed only when he misses more than he guesses correctly.

You can imagine how he is hailed.

The "game of the week" for Lamb county will be played in Sudan tomorrow night when the Sudan Hornets play host to the Amherst Bulldogs. It's hard to pick a winner, but along the way, with a great defensive man in Sudan's center, Jim Bacon, the Nuttall brothers should be hesitant in running over him; however, these boys care not where they run as long as it rains some points in their favor. No one can deny that Sudan does have a great offensive unit under the direction of Quarterback Charlie Lynch who will be sharpening his steeler tomorrow. My guess, Amherst 27, Sudan 21.

Sudan pulled a great victory Friday night when it defeated the Panhandle Panthers, 46-13. Sophomore Halfback Williams played a magnificent game and he will be sharpening his steeler tomorrow. My guess, Amherst 27, Sudan 21.

Tonight at Spade it will be worth your while to watch the Spaders entertain the boys from Lutzville in a six-man tilt. For lovers of fast lightning-like runs, this is it. Lutzville should win this one with their passing. Spade's missing defense has improved but not enough. Lutzville 40-Spade 28.

The Bulldogs of Anton have been "howling" about their great work last week in shewinning Tatum, N. M., for a 25-13 victory. They'll continue their howling with Dorr and Hodde doing the running and Don Beall doing the chasing against Wilson at Anton. Don't sell Wilson too easily though, they are quite capable of the old "man bites dog" adage.

Springlake honors to Friona tomorrow night and the two clubs R teams should put on a show. The big question is: Has Friona recovered from its handicap at the hands of Fossil last week and will the Wolfcreek of Springlake be the confidence show these Mustangs played? My guess is, Springlake 28-Friona 7.

Some news to Olton and the Mix works. Olton's lone tally of six points last week over Dumas will not be enough for this season but Olton should win by at least two touchdowns. With boys like Ed Johnson, Peter Mason and Carson in the Mustangs' forward wall. Sure will have trouble crossing through the line, but will be passing that is Olton 14-Spur 17.

For the Littlefield game the "Steers" from Lockney will be stealing in the second division to obtain their first victory. The Wildcats have been exciting for two weeks and will be ready to meet the challengers. There's still a chance that the Steers will not be

used except for the SAT. Jim Southern will be out for some time because of a broken foot bone. Ken Griffin will also be nursing a badly bruised knee. Glen Roberts has been nursing a sore finger but will be ready. Coach Maxfield will probably use every boy thousands for the encounter.

Myfield was proudly wearing his maroon and white "coach of the week" shirt last week, a person of Radio and TV station KSGN of Amarillo which was presented to him after the Wildcats' season long victory over the Hereford Wildcats. Lamented should win this one 42-7.

Members of the Oklahoma Avenue home demonstration club will meet Friday to elect new officers for the coming year. The meeting will be held in the home of Mrs. Shiro Miller, north of Littlefield, at 2:30 p.m.

Texas Univ. Professor Gives Annexation Views
AUSTIN, Texas, Oct. 5—A University of Texas government professor suggests five questions for consideration when cities contemplate annexation of fringe areas.

Dr. Stuart A. MacCubbin, director of the University's Institute of Public Affairs and former Austin mayor, said:

1. Do good municipal conditions and a high level of services exist in the central city? How soon after annexation can a city begin providing equal services to residents of the newly annexed area? What effect would annexation have upon the political growth and development of the community as a whole?

2. Would annexation of the territory currently being considered by other means affect the tax policies of the annexing city? Are there other cities located so they could annex the fringe area prior to annexation by the central city, or is there a possibility of the fringe area incorporating itself?

3. As a rule, no business could be annexed and continued in its existing and existing without a considerable extension of city services, including a considerable increase in the city's debt. The MacCubbin points to the current issue of Municipal Debt.

Amherst Student To Be Hostess For Wavland Dedication
Amherst Wavland college students who will act as hostesses during dedication of a new building on the campus Oct. 12 will be Mrs. Thea Riddle of Amherst.

The \$20,000 Marble Mason Foundation hall will be dedicated at 2:30 p.m. Dr. L. T. Daryl, president of the Baptist General Convention of Texas and Garland County, Texas, officiates. He will be assisted by President A. Hope Owen.

PVT BILLY BARTON GAGE of Bulu has completed the Ordnance Automotive school's course in wheel vehicle repair at Atlanta General depot, Atlanta, Ga. He is the son of Mr. and Mrs. W. B. Gage of Bulu. His wife is the former Fredda Patterson of Sudan.

News From Fieldton...

By MRS. R. A. READ
Mrs. Otis Barnard from Florence, Ala., arrived last Thursday for a visit here with her mother, Mrs. Ada Cooner, her sister, Mrs. Beulah Robison and other relatives.

Mr. and Mrs. Ted Irwin and their two children of Big Spring, and Mr. and Mrs. Driscoll Bryant of Witharrell spent Sunday here with their parents, Rev. and Mrs. Fred Smith.

Mrs. Ada Cooner, Mrs. Beulah Robison and Mrs. Mattie Barnard spent Sunday near Hart with their son and brother, B. C. Cooner and Mrs. Cooner.

Here's Easy Way To Pretty Up Meals

By Cecily Brownstone
Associated Press Food Editor

TULIPS CAN BLOOM on your table in mid-summer. We're talking about Toast Tulips, to be sure! Made from slices of enriched yeast-raised bread, brushed with melted butter or margarine, tucked into muffin cups and toasted in the oven, you can use them many ways — from main-course accompaniments to desserts.

For a pretty main dish fill the Toast Tulips with cooked green peas; serve with a sauce of mayonnaise, lemon juice and minced parsley or rill; accompany with hamburgers. Other times fill the Toast Tulips with a well-seasoned cream sauce and hard-cooked eggs, diced meat or fish. Or with cooked leftover vegetables mixed together in a cheese sauce.

When we turned the Toast Tulips into Peach Custard Tartlets recently and served them for dessert, the crunchy base is delicious with soft, they met with real praise. Its coating of butter, sugar and cinnamon.

TOAST TULIPS
Roll a slice of bread with a rolling pin to 8-1 inch thickness. Trim away crusts with kitchen scissors. Brush both sides of bread slice with 1 tablespoon of melted butter or margarine. Set slices in muffin cups that are medium size — about 2 3/4 inches measured across top. With fingers, press center edges of bread toward middle to form tulip shape. Bake in moderate (375 degrees) oven until tips are lightly browned — about 8 minutes.

PEACH CUSTARD TARTLETS
Ingredients: 8 slices white bread, 1/2 cup butter or margarine (melted), 1-3 cup sugar, 4 teaspoons cinnamon, one 4-ounce package instant coconut-cream pudding, 2 cups milk, 4 small peaches (peeled and halved); 8 pecans.

Method: Make Toast Tulips as directed in recipe, brushing 8

with chilled coconut-cream pudding that has been made with 2 cups milk according to directions on package; use about 1-3 cup pudding for each serving. Top each tartlet with 1/2 peach, a dab more of the pudding and a pecan.

and on his way to Japan. Gene Buck from Amarillo also visited here with his uncle, Ray Buck.

Robert Dysart and family returned Saturday from Ft. Hood. He had spent two weeks there in the reserve training camp.

Wayne Chapman from Ada, Okla., is visiting here with Mr. and Mrs. Jim Johnson and Mr. and Mrs. S. G. Cowen.

Mr. and Mrs. Ray Buck received word from their son, who is in the U. S. navy, that his ship's destroyer escort, is enroute to Guam and due to dock there the 30th.

Mr. and Mrs. R. T. Bedwell and daughters from Lamesa, and Mr. and Mrs. Clifton Robison, Glenn and Laquita, from New Home community, spent Sunday here with Mr. and Mrs. Ted Royal.

Mr. and Mrs. G. R. Adams, who live near Dimmitt, visited here Sunday night with their son Donald, his wife and baby. The G. R. Adams were returning from Burk Burnett where they had visited her father, who was ill.

Methodist Church At Spade Names School Workers

Success? Or Another Look?

The nine power agreement in London comes as a relief to Americans weary of helping to maintain an opportunity for Germany to exist in a Europe so full of jealousies and hatred that it will not cooperate effectively in this struggle.

After nearly two centuries of keeping hands off European politics, Americans finally became convinced that we must remain aloof from the wars which develop there, we had better try to do something to stop them before they start. There has been a disappointing tendency on the part of some European powers to just turn the job over to us and think their own responsibility for organizing a police force competent to keep the peace.

The London Act is hailed as the end of this tendency. It is reported as the beginning of European unity and the return to European defense. If that is true, and if it is ratified by all the parliaments involved, then the long, patient waiting of some of the nations will have been worth the effort. If it is not ratified, then it is time Americans backed off and took another look at the recommendation frequently heard, to quit trying to save a reluctant Europe from a fate we no will to resist, and set up our defense lines closer home.

Letters To The Editor

Nov. 2, 11 Constitutional amendments will be submitted to voters for approval. One of the amendments will provide for a referendum on the subject of a state income tax. It is the aim of this committee to reach all voters in this section of Texas with information regarding this issue.

Speakers will be available during September and October. Would you give this information to civic leaders of your community and advise them to contact me as soon as possible for the date or dates they wish to have a speaker? Thank you for your co-operation.

Last week the air was full of baseball. Most men and many women talked of little else. The butcher, the baker and beauty operator listened as they butchered, baked and beautified. Business men hurried home to lunch, flipped a switch on the television set before stretching out to watch a few innings.

The usual greeting of "How are you?" was replaced by "What d'ya think of the way the World Series is going?" Utter strangers, whose only tie was that they had watched, or listened to, the same little box, talked as easily as old friends when the bases were loaded and a hitter struck out.

Everyone adopted himself a team. He may never have seen either the Giants or the Indians play, may never have visited Cleveland or New York. Still he chose, and rooted for, one of the teams as eagerly as though it were from his hometown.

Reasons for these choices were interesting to check. A man had seen the Indians play once upon a time, so that was his team. "Of course I'm for the Giants," one woman said; "they used to train in my hometown." But by and large, the rooters in our town were divided among those who are naturally for the underdog, and those who love to be on the winning side.

We confess to being an underdog backer in most cases, often without a real reason. Yet sometimes we wonder if this is true sportsmanship. This doubt was brought home to us the other day when several women were talking baseball. Most of them, like ourselves, were for the low man. But one woman spoke up stoutly on the other side: "I'm always for the best team. If they're best, they deserve to win!" That, we'd say, is 14-karat sportsmanship.

West Texas Farm Census Begins in Area Next Month

COLLEGE STATION, Oct. 5—When a stranger walks up to your farm next month, act kindly, sir; he may be a census taker.

The Bureau of Census this month begins its 1954 Census of Agriculture and each Texas farmer will answer about 100 questions regarding their land, crops, livestock, farming methods, expenses, labor and equipment.

Robert W. Burgess bureau director, reports it will require 30,000 enumerators to check the more than 5,000,000 farms and ranches in the United States. And it will all be done during October and November.

After the enumeration is complete the Bureau will total the figures and release them. It keeps individual farms and farmer's secrets by releasing only totals for a county or larger areas.

The census taking commenced Oct. 4 in the High Plains countries and in the citrus belt of extreme South Texas. Enumerators will begin asking questions on the Edwards Plateau Oct. 18 and on the Rio Grande Plains Oct. 25. The canvass of east, central and far west Texas farms will start Nov. 3.

"The 1954 census will collect information from every farmer in the United States make it available as totals to the public—and keep secrets of individual farms and farmers at the same time," Burgess said. Since 1920, an agricultural census has been taken every five years.

Texas Retail Sales Up 5 Per Cent Over Aug. 1953 Report

AUSTIN, Texas, Oct. 5 — A recent survey of consumer attitudes and buying intentions indicates that now, more than at any time in four years, many people of all income groups feel the time is ripe for several types of buying, a University of Texas retailing professor reports.

"A rapidly increasing population and a high volume of residential construction forecast expanding markets in numerous items," Dr. A. Hamilton Chert said in a Bureau of Business Research review of Texas retail sales. Installation sales may reach a new peak in December.

August retail sales slipped two per cent from July, but averaged five per cent over August, 1953. A check of 124 retailers showed cumulative sales for the first eight months of 1954 fell 1.5 per cent, months of 1953 by five per cent.

Retail lines showed seasonal largest sales increases over August 1953, were hardware and building materials, up 25 per cent. Miscellaneous 13 per cent, furniture 10 per cent, and shoes seven per cent. Shoe stores and filling stations were seven per cent above 1953 in January-August sales, while drug stores recorded 1953 volume. All other lines were down one to eight per cent.

Three of Texas' 12 congressional districts bettered their July records in August. Seven forecast August 1953 by amounts of three to 25 per cent, with the Lower Rio Grande Valley leading up 25 per cent, and Edwards Plateau in second place up 17 per cent. Consumers are still spending

Plans Being Made to Form Area Girl Scout Council

AMHERST — Mrs. C. E. Green and Mrs. Doyle Kapley attended a meeting in Muleshoe Wednesday to set up an Area Girl Scout Council in Lamb, Bailey and Parmer counties and possibly a portion of eastern New Mexico.

If the plan is successful the area will be entitled to a Girl Scout coordinator, which will be in a par with Boy Scouts.

A follow-up meeting is to be held at the Muleshoe Scout hut Oct. 12.

Each town is to have a finance chairman appointed and will attend a meeting Oct. 13 for final plans.

Approximately 50 persons attended the meeting Wednesday.

NO RESEMBLANCE
SAN DIEGO, Calif. (AP) — Bronze busts of Monro and Nraei, the late and well known gorillas of the San Diego zoo, have been moved to prominent positions inside the zoo entrance. So prominent, says Dr. Charles Schroeder, that he had two visitors come up to him the other day. Pointing to the busts one of the guests asked, "Are they the men who star-d the zoo?"

The Purpose Of Miracles

Many questions are asked as to why the Lord performed miracles and caused them to be performed at certain "strategic" times in his plan for the ages, though they have not been in evidence at all times, and are not now.

The answer is illustrated in nature. MIRACLE followed by LAW has given us what we see in nature. Miracle brought the first oak into existence, but since then, oaks have come from acorns and acorns from oaks by natural law. So it is with other things in nature.

the Bible. The grand purpose of the miracles of the early disciples was to "confirm the word" (Mark 16:20). The apostles claimed to have a message from God. Today, if one claims to speak God's word, it is up to him to turn to the Bible and read to confirm his claim. These apostles and others who worked with them, however, were ones God was using to write his word. They could not confirm their claim in every instance by reading the Scriptures, so God gave them power to perform miracles to confirm the word.

The word has now been confirmed (Hebrews 2:3-4). Miracles have fulfilled their purpose. The law is given completely. Miracles ushered in the Christian age, but it is continued by law. Address: CHURCH OF CHRIST, West Ninth Street Littlefield, Texas

THE JOURNALIST'S CREED

I believe that the public journal is a public trust; that all connected with it are trustees for the public; that acceptance of lesser service than the public service is betrayal of this trust.

I believe that clean thinking and clear statement; accuracy and fairness are fundamental to good journalism. I believe that a journalist should write only what he holds in his heart to be true.

I believe that no one should write as a journalist what he would not say as a gentleman; that bribery by one's own pocketbook is as much to be avoided as bribery by the pocketbook of another; that individual responsibility may not be escaped by pleading another's instructions or another's dividends.

I believe that advertising, news and editorial columns should alike serve the best interest of readers; that a single standard of helpful truth and cleanness should prevail for all; that the supreme test of good journalism is the measure of its public service.

I believe that the journalism which succeeds best—and best deserves success—fears God and honors man; is stoutly independent, unmoved by pride of opinion or greed of power, constructive, tolerant, but never careless; self-controlled, patient, always respectful of its readers but always unafraid; is quickly indignant at injustice; is unswayed by the appeal of privilege or the clamor of the mob; seeks to give every man a chance and as far as law and honest wage and recognition of human brotherhood can make it so, an equal chance; is profoundly patriotic while sincerely promoting international good will and cementing world-citizenship; is a journalism of humanity, of and for today's world.

Time to Fertilize Grass Lawns Is Now at Hand

COLLEGE STATION, Oct. 5 — Lawns of Bermuda and St. August turf, the Ryegrass usually is growing in the spring when Bermuda should start and gives competition for the necessary elements for growth—light, moisture and plant food.

Trew says, since it often hinders a Bermuda turf, the Ryegrass usually is growing in the spring when Bermuda should start and gives competition for the necessary elements for growth—light, moisture and plant food.

Apply a complete fertilizer with a 24-4 or 1-1-1 ratio at the rate to supply two pounds of actual nitrogen for each 1,000 square feet of lawn area. E. M. Trew, extension pasture specialist recommends this is the quantity of nitrogen in 20 pounds of 10-5-5 or 10-10-10 or in 25 pounds of 8-8-8.

To assure even distribution, he recommends dividing the fertilizer into two equal lots. Broadcast one and later spread the remaining portion in a second application, but at right angles to the first.

Do not use fertilizer with wet soil. Trew adds, in most areas, lawns will need a "good soaking" after the plant food has been added. Soak the soil to a depth of six inches or more. This allows the fertilizer to get in solution and become available to plant use.

To bring out need for timely up-tilt, he says plant food should be added one month prior to the first expected hard freeze. When the summer grasses are pushed into high growth by late treatment, some may be lost because of freezing temperatures.

However, sometimes overseeded or an all-around for winter lawn is not recommended for establishment in other grasses. Its value in Bermuda is doubtful.

Livestock 'Wonder' Drugs Are Now Available

AUSTIN, Texas, Oct. 5—All important antibiotics and other "wonder drugs" are available for treatment of livestock, Dr. W. J. Sheffield of the University of Texas said at a state-wide meeting of pharmacists here.

Research advances plus reasonable drug prices mean U. S. ranchers and farmers have new hope of reducing an estimated \$ billion in annual losses by livestock diseases and deaths. Dr. Sheffield told the University College of Pharmacy's third annual refresher course.

Since 1950 many pharmacies have expanded animal health departments and the total amount spent annually for livestock drugs in the U. S. has increased approximately \$16 million. Dr. Sheffield, animal health specialist of the pharmacy faculty said.
