Heavy Snow Brings Needed Moisture To South Plains

Littlefield Area Gets 1.01 Inches Of Moisture

Heaviest Snow Since 1931 Stops School Buses Running

A heavy soggy snow, measuring from six to eight inches, which later turned to dangerous slush restricting highway travel, preventing school buses from running, made a South Plains picture this week, which, though bringing considerable difficulty to South Plains residents may prove to be worth millions of dollars to farmers and business men alike over the area.

The snow was reported to be the heaviest in this area since about 1931. Thursday night a light snow fell, which brought moisture to this area to .16 of an inch. Rain fell early Monday morning, which added a quarter of an inch of moisture. The snow began falling Monday afternoon, which continued until Tuesday morning, adding a further .60 inch precipitation, making in all for the week 1.01 inches moisture.

This moisture broke the drought, which extended over several months, and provided moisture which will enable farmers to work their land and get it ready for spring.

The snow was so slow and so wet that it covered the trees, freezing, and provided a beautiful wintery scene over the area Tuesday.

By Wednesday afternoon the snow was melting fast, making it extremely slushy and bad under foot.

Supt. Fred Miller reported that school bus drivers were unable to make the routes Tuesday, and that consequently the attendance only reached between 40 and 45 per cent. The roads continued too bad for buses to run Wednesday, so the classes were discontinued for that day. However, Mr. Miller reported that he believed the school buses would get through alright today, and that the schools would be open and classes underway.

The coldest temperature for the season was registered at 8 a. m. Wednesday, when, according to the West Texas Gas thermometer, the reading stood at 9 1/2 degrees above zero. The low reading of 1/2 degree below zero was said to have been reported at Muleshoe, 40 miles west of Littlefield.

Other readings for the past week were: Thursday, low 31, high 37; Friday, low 27, high 36; Saturday, low 22, high 36; Sunday, low 18, high 46; Monday, low 31, high 36; Tuesday, low 26 and high 30.

Mrs. J. G. Wade and Granville Clark Are Killed Instantly

Two Littlefield residents were killed instantly, and a third person is in a critical condition at the Payne-Shotwell Hospital as a result of an automobile-truck collision one mile east of Anton about 5 p. m. Wednesday.

Mrs. J. G. Wade, 64, formerly Mrs. Minnie Bowen, and her grandson, Granville Clark, 25, were killed instantly.

J. G. Wade, 79, is in a critical condition at the Payne-Shotwell Hospital. Mr. and Mrs. Wade and Mr. Clark had been to Mineral Wells for a few days and were enroute home.

The truck was enroute to Lubbock. Mrs. Wade is survived by her husband, a son, L. N. Roney, and a daughter, Mrs. Joe Clark, of Littlefield.

Clark is a son of Mr. and Mrs. Joe Clark, and besides his parents, is survived by one brother, Leo Clark of this city.

He served nearly four years in the service, most of which he spent overseas in the South Pacific. He arrived in the States and received a discharge about the first of November.

Funeral arrangements had not been completed at a late hour last night.

The Leader joins the entire citizenship of Littlefield in extending deepest sympathy to the bereaved in this tragic accident.

Salvation Army Sponsor Youth Rally Sunday, January 20

The Salvation Army, in an effort to reach as many young people as possible with the Gospel of Christ is inviting all the local church groups to work together with them for a real youth rally Sunday, January 20, opening at 3 p. m. at the First Baptist Church.

Each group is invited to take some part in the program; a group song or reading, musical number or anything appropriate.

To stimulate interest and get everybody working to bring in the youth of the community a lovely bible will be given to the church having the most representatives present. All young people 13 to 21 will be counted. Anyone who wishes, may attend who is young enough to be interested.

In connection with this announcement, Adjutant Trummell made the following statement:

"We hope that the pastors and young people leaders will come and that every christian interested in young people will pray with us that God will be with us in a very definite way so that lasting good shall be done. Bring in that person especially that you have been praying for. Work and pray and believe for a great day. Colonel Madsen will be the main speaker.

"May we count upon you to cooperate with us. We believe you will profit by it."
Adjutant Eula Trummell."

Air Mail Rates To Be Reduced

Reduction of the air mail rate to by the Air Transport industry five cents an ounce was advocated day. Spokesmen also expressed hope that the gap between air and first class mail rates eventually will be eliminated.

The present rate for air mail is 8 cents an ounce, but this is to revert by law to six cents upon formal termination of the war.

The air carriers recommendations were presented by former representative Robert Ramspeck, executive vice-president of the Air Transport association, at a meeting of air line and Post Office department representatives at Washington.

Miss Reed and Vance Onstott Wed in Church Ceremony

In a beautiful single ring ceremony at the First Baptist Church, Littlefield, before an altar banked with gladioli and fern, Miss Jean Reed, daughter of Mr. and Mrs. R. A. Reed, of Fieldton, and Vance Onstott, son of Y. Onstott of Littlefield, were married Sunday afternoon at 3 o'clock.

The ceremony was performed by Rev. Lee Hemphill, pastor.

Given in marriage by her father, the bride was becomingly attired in an aqua blue dress with white accessories, and carried a white Bible topped with gardenias.

For "something old" she wore a bracelet belonging to Miss Laverne Hayhurst; for "something new" she carried a linen handkerchief, a gift of the maid of honor; for "something borrowed" she carried a white Bible belonging to Mrs. Minnie Kate Jones; and for "something blue" her wedding dress.

The bride's attendants were: Miss Joni Pearl Flowers, who wore an aqua blue dress with white and blue accessories; Mrs. Gene Williams who was dressed in a black suit with ice blue accessories; and Mrs. Dock Lassiter, who wore a blue suit with winter white accessories, all of whom wore corsages of carnations.

The bride's mother wore a blue gabardine suit with black accessories, and wore a corsage of carnations.

Immediately following the ceremony a reception was held at the home of Mrs. Kate Gimmell on West Third Street.

The refreshment table was laid with beautiful lace cloth, centered with a crystal bowl of iris over a reflector, and candelabra on either side.

The bride and groom cut the three tiered wedding cake, which was

served with punch from a crystal bowl by Miss Margaret Coffman, Mrs. Billy Dee Holder and Mrs. W. A. Legion, Jr.

Mrs. Roy Wade favored the guests with accordian music during the reception.

Immediately following the reception the happy couple left on a short wedding trip to Amarillo, returning to Littlefield Tuesday.

Guests attending the reception were: Mr. and Mrs. R. A. Reed, Mr. and Mrs. R. W. Stanfield, Jr., of Levelland, Mrs. R. W. Stanfield, Sr., Mrs. J. I. Carrell, Mrs. E. J. Foust, Miss Peggy Stanfield, Mr. and Mrs. Dock Lassiter and John Reed, Mr. and Mrs. J. A. Timian, Mr. and Mrs. H. C. Edmonds, Miss Ramona Eagan, Miss Dorothy Perry, Mr. and Mrs. B. D. **Mr., Mrs. Dick Beisel
And Jimmie Visiting
Mr., Mrs. Max Houk**

Mr. and Mrs. Richard D. Beisel and son, Jimmie, are visiting in the home of Mr. and Mrs. Max Houk.

Mr. Beisel, who served with the Eighth Air Force in the European theater, was injured when his ship was shot down over Germany. Mr. Beisel, who held the rating of master sergeant, has four battle stars and the unit presidential citation. Since his injuries, Mr. Beisel has been hospitalized in Europe and the United States. He received his discharge December 6 from William Beaumont Hospital at El Paso.

Jimmie Beisel, who saw foreign service in the Pacific theater, received his discharge December 7 at Corpus Christi.

During the absence of her husband and son in the armed services, Mrs. Beisel has been making her home with her daughter and son-in-law, Lt. and Mrs. Robert H. Copple, in Long Beach, Calif.

WE THANK YOU!

Words cannot express our heartfelt thanks and appreciation to our friends and neighbors for their many acts of kindness since our ill health. We have appreciated your thoughtfulness, and will always remember your kindness. May God bless each and every one of you.

MR. and MRS. DREADIN and Family.

Miss Maydell Akins, J. D. McGuire S 1-C Wed Here Recently

Miss Maydell Akins became the bride of J. D. McGuire, S 1-C, Tuesday, January 8, in a double ring ceremony performed here by Bro. Jack McCormick at his residence on East Sixth Street.

The wedding vows were exchanged by the couple at five o'clock in the afternoon.

Miss Imogene Humphrey played the wedding march.

The bride, who is the daughter of Mrs. E. M. Akin, Littlefield, wore a navy blue suit with dusty rose accessories. Her corsage was of white carnations.

The couple were attended by Miss Laverne Ratliff, who wore a black dress with black accessories, and Miss Sammie Akin, who wore a light blue costume with nail head trimming, and black accessories.

The bride has been employed at the Ferguson Implement Company for the past several years.

The groom is the son of Mr. and Mrs. Willie McGuire of Los Angeles, Calif. He has been in the service two years and overseas 15 months. He recently arrived from overseas and on a 59 day leave. When entering the service he signed up for four years, and still has 22 months service.

The couple left Wednesday of last week on a honeymoon trip to Los Angeles, Calif., following which they will make their home in Galveston, where Seaman McGuire hopes to get shore duty.

HOME ON LEAVE

Gene Bartley, son of Mr. and Mrs. T. H. Bartley of Littlefield, is home on leave, and will report to Dallas January 28, when he expects to receive a discharge.

He has been serving as Aviator and Storekeeper Second Class in the Navy; and has been in the service three years and five months, serving 20 months overseas, during which time he was stationed on Saipan for some time.

TO ALL CAR OWNERS

WHO WANT A NEW 1946 CAR

We, together with other new car dealers, accepted a number of deposits toward the purchase of new passenger cars, trucks and commercial units. These orders came mostly from customers who have done business with us in the past and whom we feel should have first opportunity to receive new cars.

We normally expected in the delivery of these new cars that we would receive at least a reasonable number of used cars, which we could recondition and sell to our other type of customers, who had always bought used cars from us in the past.

To date we have delivered ten new units of all types and have not been offered a single trade-in. This has placed us in a very bad light with our used car customers who are entitled to the same fair treatment as our new car customers. These same purchasers have been forced to buy, for the most part, from individuals and independent dealers who have sold the used car far above ceiling price.

We intend to deliver all of our new cars strictly according to the prevailing OPA ceiling at the time of delivery. We also intend to provide at least a portion of our former customers with good used cars at the prevailing OPA ceiling prices.

Authorized new car dealers have always been your logical place to trade in your old car when you needed a new one. We still want them.

It will be to our mutual advantage if you give your new car dealer an opportunity to trade for your old car. In the meantime you will not have to be without your present car until your new one is ready for delivery.

We do not intend to penalize returning servicemen and others who have had to do without a car during these last several years and will not require a trade in on such deliveries.

TAKE CARE OF YOUR PRESENT CAR - - - TURN IT IN TO YOUR NEW CAR DEALER. IT MAY BE A LONG TIME BEFORE EVERYBODY GETS A NEW ONE!

Unique Air Service

WASHINGTON—"The sky is the limit," is a phrase being proved extra true in aviation. The amazing progress of air transportation is vividly shown in the plans for broadening the scope of commercial operations as soon as the transition to peace-time conditions permits.

Delivery of new automobiles by huge glider trains of the sky is only one of the more striking enterprises for which applications are just waiting to be given the green light by the Civil Aeronautics Board. The list according to the Air Transport Association of America, includes:

Flying ambulances and funeral planes.
Armored airships for safe dispatch of currency and valuables.

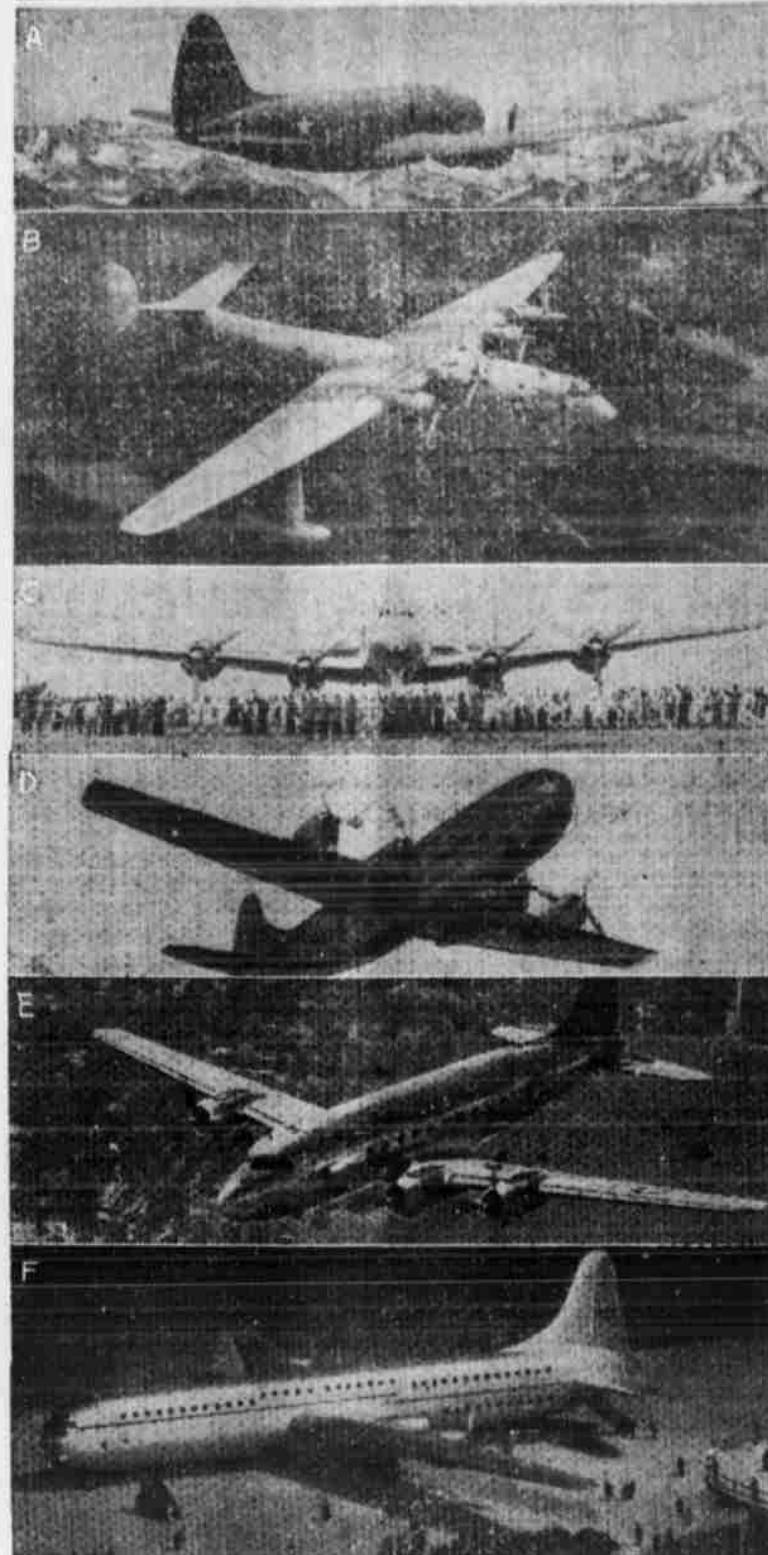

Big tank planes for shipment of gasoline and oil.
Bus and taxi service, using both helicopters and conventional models.

Deliveries of medicine, of food, and of department store merchandise.

Sightseeing specialists.
Fly-yourself systems.
Delivery of new or "used" airplanes to buyers or dealers.

Many war veterans who have gained invaluable experience flying in the war are in the forefront of these projects. There are some whole groups which served together in battle and plan to stick together as partners in the airline business.

PLANES YOU WILL FLY IN

AIRLINES are ready to swing into action with these models, most of them war tested, but brand new to civilian operations. a—Curtiss Commando (C46)—Largest twin-engine transport, gained war fame flying the "Hump." It will carry 36-45 passengers at 250 miles an hour. b—Martin Mars (JRM)—World's biggest flying boat. Cruising at over 200 miles an hour, it can carry 100 passengers with a payload of more than 14 tons for over 3000 miles. c—Lockheed Constellation (C69)—Giant war transport and holder of a transcontinental record, can carry 64 passengers or considerably more people than shown standing under its 123-ft. wing span. d—Boeing Stratocruiser (C97)—Crossed continent in just over 6 hours. This counterpart of the Superfortress will carry 80 passengers at 380 miles an hour. e—Douglas DC4 (C54)—Workhorse of war-time transport will be among first of newcomers to civilian use. Carries 44 passengers at 250 miles an hour. f—Consolidated Vultee "37"—Giant 204-passenger plane in 12 times

Sunday Morning—

"TREASURES OF THE SNOW"

Sunday Evening—

"AN ANGEL STOOD BY"

About one hundred years ago "Fighting Parson," Jack Potter rode to Fort Clark. "The soldiers had just been paid off and the little village near the post was crowded with gamblers, sharpers, crooks and other disreputable characters. Many of these knew Mr. Potter and when he rode up they set up a shout. Here comes the fighting parson!" "Hup, up, there, old pardner! Can't you give us a gospel song an' dance in place?" When told he would preach to them if they would provide a night, one sang out, "Sure, Parson, we'll make way for ye, if we have rent the saloon. A saloon gallery was provided with rude seats, kegs, barrels and a few chairs from dwellings nearby, and as the word had gone abroad that a strange preacher was in town, people began to assemble early, one man, insisted on acting the part of usher and town crier. He mounted a barrel and for some time kept up the cry, "O yes, O yes, O yes! There is going to be some hell-fired racket here, right here on this gallery by fightin' Parson Potter a reformed gambler, but now a regular gospel shark. The jig will begin now in fifteen minutes, and you old whiskey soaks and card sharpers, come over and learn how to mend your ways, or the devil will get you quicker 'n hell can scorch a feather."

Thou we have made great progress—there is still an urgent need for town criers to call people to worship services. The most damaging evidence against the church is the vacant pew.

Local Optometrist Relieved from Service Returns Here

Dr. B. W. Armistead, Littlefield optometrist, has been relieved from active duty with the Medical Department of the Army Air Forces and has returned to his practice with the firm of Drs. Woods and Armistead in Littlefield.

Dr. Armistead served almost four years with the Medical Department and was stationed at various hospitals where he made eye examinations for the Army Air Force personnel.

He will receive an honorable discharge at the end of his present terminal leave.

Would Extend Lines 270 Miles In 4 Counties

Officials Go to Washington in Interest of Extension

In an effort to secure an allotment from the Government for an additional 270 miles of REA line, O. K. Woodall, manager, and Doss Maner, a director of the company, left for Washington Thursday, January 3, returning to this city Sunday last.

The proposed allotment would cover extensions scattered over five counties, including Lamb, Hockley, Hale, Bailey and Castro counties.

Mr. Woodall reported that he and Mr. Maner met with Mr. Arness, regional head of Rural Electric Administration, located in the Agricultural Building, Washington, in conference Monday, Tuesday and Wednesday of last week.

Commenting on the outcome of their efforts, Mr. Woodall said: "They would make no promise as to what they will do. We will however, know whether or not our efforts have been successful about February 1. I feel that we will get a portion, but do not believe we will get all we asked for at this time."

Mr. Woodall and Mr. Maner drove to Washington, and reported a "rough trip," stating they ran into plenty of rain.

Robert Fulton was a portrait painter before he discovered the steamboat.

GETS FOREHEAD CUT IN FALL ON SISSORS

Randall Jaquess, little son of Mr. and Mrs. Curtis Jaquess of Earth, was unfortunate enough Thursday as to fall on a pair of barber scissors and cut his forehead.

He was brought to the Littlefield Hospital, where it required four stitches to close the wound.

He was again Saturday brought to the hospital for treatment, when it was found he had infection in the wound.

IS PROMOTED

L. V. Pierce, son of Mrs. V. B. Pierce, who has been stationed at Mount Holly for the past three or four months, has been promoted from private first class to sergeant. He has been in the service about seven months. He was formerly in the Air Corps, but when peace was declared he was transferred to the Regular Army.

GRANTED 10 DAYS EXTENSION

Archie Dale Mobley, SM 2-c, was granted an extension of 10 days on his leave because of his father's illness. He reports back to Dallas receiving office for reassignment. His father is better.

BECK GIN COMMUNITY NEWS

Mr. and Mrs. Trimer moved to their new home Monday of last week.

Mr. and Mrs. Tom Stanley are moving into the Bob Beck home at Beck Gin soon.

Mr. and Mrs. Ernest Gaston were guests in the home of Mr. and Mrs. Euins Sunday afternoon.

Mr. and Mrs. Homer Hall are planning to carry out improvements to their property.

GETS EXTENSION

Pfc. Carl C. Keeling was granted Friday a seven day emergency extension of his furlough due to his baby's illness.

He was home on furlough when his child took ill.

EXPECTED HOME

Cpl. B. W. Yeary, son of Mr. and Mrs. Elbert Yeary, who has been overseas a year in the European area, is now in Munich, Germany. He has been in the service three years.

Recently he sent his parents a cable stating he had not been receiving his mail, but hoped to see them soon. They, therefore, think he might be coming home.

Another son, Clyde Yeary, entered the service in September. He is stationed at Camp Roberts, Calif. He is expected home in February on a furlough.

The Texas Centennial

The year 1946 is to be a great year, historically speaking, for the State of Texas. We, citizens of the Lone Star State, are celebrating our centennial as a State of the American union. The special dates are from December 29, 1945 to February 1, 1946, and then on through the year.

During the specially named days of the year, 100 years ago, events were moving toward the completion of plans for voluntarily changing from the Republic of Texas to the State of Texas. On the date, December 29, 1845, the Congress of the United States ratified the annexation of Texas a State Constitution having been submitted, which was approved by the law making body of the American nation. On February 19, 1846, J. Pinkney Henderson took the oath of office as the first Governor of the State and Texas was thus launched on her statehood which has now continued for a century.

Ten years ago, in 1936, Texas celebrated her birth as a Republic. That centennial celebration attracted nation-

wide attention, caused a deeper appreciation of the State on the part of her own citizens and turned the eyes of many towards her broad domain. The events of Texas' history were emphasized by special celebrations at historic spots over the State. Many localities also took advantage of the opportunity and staged local historical programs.

Although hampered somewhat by the war conditions just over a few months, plans have been made and are being carried out to celebrate the one-hundredth year of statehood in fitting manner. The official staff in charge of the centennial is as follows: Coke R. Stevenson, Governor of Texas; Karl Hoblitzelle, chairman, Dallas; A. Garland Adair, commissioner, Austin; Buchanan (Buck) Winn, Wimberley, designer of the Texas centennial stamp.

Looks like everything that some people want to do is either illegal, immoral, or fattening.

We can't see what keeps girls from freezing. But, I guess we're not supposed to.

Announce 12 Biggest Stories of Year

NEW YORK—The United Press has announced its selection of the 12 biggest stories of 1945 judged in terms of surprise, significance and headline display.

In chronological order the list follows:

- April 12—Roosevelt dies at Warm Springs.
- April 28—Italian partisans execute Mussolini.
- May 1—Hamburg radio announces Hitler's death.
- May 6—Germany signs surrender at Reims.
- June 26—United Nations organize for world peace at San Francisco. Charter completed.
- July 26—Labor party wins British elections.
- July 28—Bomber crashes into Empire State Building.
- Aug. 2—Potsdam declaration.
- Aug. 2—Truman announces use of first atomic bomb on Japan.
- Aug. 14—Truman announces Japan accepts surrender terms.

Nov. 20—German war criminals go on trial at Nuernberg.

Nov. 21—UAW strike at General Motors.

The above selection attempts to list only the first 12 in importance, of course, and does not exclude hundreds of other important events in 1945. At the editorial office of Western Newspaper Union in Chicago it was found that WNU included these 12 events in its annual chronology, but added scores of others in international, domestic and other fields.

The WNU chronology is now completed up to December 20, but the page is being held open in case there are last-minute events to be included before plates or mats are shipped to the publisher.

Funeral Services Are Held For Lenora D. West

Mrs. Lenora Dendy West, 61, wife of J. W. West of Sudan, died Thursday, Dec. 27, at Amherst Hospital, where she had been a patient four

months. Her health had been failing for some time. Mrs. West had been a resident at Sudan for 16 years having been born in South Carolina on July 27, 1884. ENLISTS IN REGULAR ARMY

Willie L. Saunders, son of Mr. and Mrs. John W. Sanders who resides at

Northwest 7th Street, Littlefield, Texas, today enlisted in the Regular Army in the grade of private for

three years, S/Sgt. Harry D. Creamer of the Lubbock Army Recruiting Stationed announced.

Willie has his eye on acquiring a complete mechanics training while in the Army and chose the Army Air Forces as his branch of service. He also chose the European theater of occupation for his service while in the Army and says "I think I will prefer Army life to civilian life."

Many young men are enlisting now to take advantage of the short term enlistment in the Army and the educational benefits being offered them under the G. I. Bill of Rights which was recently extended to all those who enlist prior to October 1946.

Swing of Southwest Farm Markets

Increased marketings of southwest farm products following the holiday period resulted in weak to lower prices on most commodities except grains as the first week of 1946 ended, according to USDA's Production and Marketing Administration.

Cotton eased off slightly from the recent high level with market activity seasonally slow although demand for the better grades in medium staple lengths continued strong. Sales in the ten designated markets were only about 58,400 bales against 66,200 in the preceding week and 71,900 a year ago.

Increased movement of vegetables from the south Texas area resulted in a weaker trend on cabbage, carrots and spinach, for which demand was reduced. Beets continued in fair request and closed the week about steady. Louisiana sweet potatoes sold well at ceiling prices. Movement of potatoes and onions from Colorado were again hampered by the car shortage so that demand exceeded the supply at firm prices. Highlight of the fruit market situation was re-establishment of ceilings on citrus.

Poultry markets were unsettled and slightly irregular with demand good at some points and very dull at others. Increased offerings were fully ample for trade needs in all sections. Prices held fairly steady on most classes. Eggs developed an easier trend with offerings slightly larger, but price declines were limited to the reduction in ceiling levels.

With the expansion in receipts, cattle markets took on a decidedly irregular tone with prices mostly steady to weak although a few strong spots still prevailed at the close of the period. At San Antonio a general note of strength offset easiness on common and medium steers and yearlings and 25-cent declines on some late sales of medium calves. Houston's market was also firm except for weak to lower quotations on low grade calves at the close. Fort Worth prices held steady on calves but were weak to 25 cents lower on most cattle, although a few

head of choice steers brought the local ceiling of \$17.35 per hundred pounds. Oklahoma City was about 25 cents lower on the general run of slaughter cattle while calves and stockers sold steady. Wichita reported slaughter steers and heifers unevenly steady to 25 cents lower, cows 25 to 50 cents lower, and other classes mostly steady.

Increased hog receipts resulted in a very uneven market with prices losing ground at nearly all points. San Antonio was an exception with all classes steady. Oklahoma City continued to quote top grades at the ceiling but light weights were down 25 to 50 cents. Fort Worth reported losses ranging all the way from 15 cents to \$1.25 per hundred pounds with receipts on two consecutive days estimated at around 1000 head. Prices at Wichita were mostly 35 to 50 cents lower with heavy hogs and sows at the full decline.

Sheep sold steady to higher in the Southwest but lambs had an easier trend. Ewes were up 50 cents at Wichita and 25 cents in San Antonio. A 25 to 50 cent decline on fat lambs occurred at Fort Worth, while Oklahoma City closed steady after an early 25 cent loss.

The tight supply situation on grains in relation to the keen demand for both domestic and export trade continued to maintain strong price trends with quotations mostly at the ceiling plus all permitted markups. Feed needs also are urgent with supplies scarce and prices at ceiling. Peanuts, now mostly in the hands of millers and shellers, are in excellent request at maximum price levels.

LAST RITES FOR MRS. ROSA E. COX, 77

Funeral services for Mrs. Rosa E. Cox, 77, were conducted Wednesday afternoon, January 2, at 3 o'clock at the M. W. Lemons Chapel in Plainview, with Rev. B. N. Shepherd officiating.

Mrs. Cox passed away the previous Tuesday at the Quannah hospital.

She was the widow of the late M. E. Cox who died in 1939 at Olton, where the family lived for more than 20 years. Mrs. Cox was a member of

the Baptist church and a life member Olton Eastern Star chapter.

Survivors are the following children: Mrs. W. L. Bradley, Chillicothe; Mrs. W. A. Hackett, Plainview and Glen Cox, Amarillo. Twelve grandchildren and five great grandchildren also survive.

Interment was in the Olton cemetery under the direction of a Plainview funeral home.

Miss Gwendolyn I. Foster and Thomas J. McFarland Wed

Marriage vows for Miss Irene Foster, daughter of Mr. and Mrs. George P. Foster, 207 East 15th, and Thomas J. McFarland, son of Mr. and Mrs. A. H. McFarland of Littlefield, Tex., were read at 3 o'clock Saturday afternoon, January 5, in the home of the bride's parents. Rev. Ralph Carson of First Baptist Church officiated.

The fireplace was banked with a screen of huckleberry. Baskets of pink gladioli and chrysanthemums were at either side and the mantel was decorated with an arrangement of the flowers.

Wedding music was given by Mrs. Bland King, pianist and Mrs. H. H. Linton, vocalist.

Attendants were the bride's sister, Betty Jean Foster of Hutchinson and Jess Beasley of Bartlesville, Okla., Mata Dell McFarland, sister of the bridegroom, lighted the tapers.

The bride wore an afternoon dress of peacock blue crepe with white elbow length gloves and a coronet of white gladioli. She carried a white prayer book. Her sister's dress was of fuchsia crepe and she wore black elbow length gloves and black accessories. Her corsage was white chrysanthemums. Miss McFarland's dress was pink crepe and her corsage pale pink carnations.

The bride's mother wore an amber gold frock with sequin trim and a corsage of blue and gold iris. Mrs. McFarland's dress was pastel and her corsage was pink baby chrysanthemums.

A reception followed the ceremony. The table was centered with a three-tier wedding cake, topped with a small bride and uniformed bridegroom, and encircled with pink rosebuds. White tapers were also used. Mrs. Grier Zimmerman of Oklahoma City presided at the table, assisted by Mrs. Beasley of Bartlesville, Mrs. Wayne Perrin, Mrs. Alex Lorey, Mrs. Wendell French and Mrs. Walter McCoy.

Mr. and Mrs. McFarland left on a motor trip to Mexico City. For traveling the bride wore a suit of American beauty woolen with top coat of winter white and black accessories. After February 1 they will live in Littlefield where he will be associated with the Ford Motor Company.

The bride is a graduate of Hutchinson high school and Junior college. She received an AB degree from Ottawa university in 1943 and the last 2* years has been employed with the

Thanks Newspapers For Assisting in War Bond Drive

The Leader is in receipt of the following letter from the Treasury Department, Washington, thanking the newspapers for the part played by them in advertising the various bond drives. The letter follows:

from the war has been the value of systematic thrift and saving to the individual and to the nation. As a nation, we have done much to avoid

"The time has arrived to say "thanks" for the historic job your newspaper and your sponsoring advertisers have performed in support of the War Finance Program. At the same time we would like to acquaint you with our future plans.

"One of the great lessons learned "It will be the immediate task of the U. S. Treasury to make Americans realize the necessity of holding the Bonds they bought, and to plan regular Bond purchases, through payroll savings facilities to be maintained by business and industry, an active school savings program, as well as through all regular bond-issuing agents.

the dangers of inflation. As individuals, we, the average American citizens, have accumulated a greater reservoir of savings than at any time in our history.

"These benefits have been due in no small part to the War and Victory Bond programs of the past few years. Today the Treasury, appraising the benefits of this wartime program of national and individual saving, and in response to widespread requests from industry, labor, educational and civic groups, has decided to insure the continuance of these benefits by making the Bond program a continuing peacetime operation. It is expected that the program will be a bulwark against the huge inflationary pressures which, if the period im-

mediately following the last war is any precedent, are expected to come early in the peace. The new Bond program began January 1, 1946. The Bonds will be known as U. S. Savings Bonds.

Global Corp. Is Successor to Texas Feed Co.

Officers of the Global Corporation of Lubbock have announced that this company is the successor to the Texas Feed and Seed Company.

Ted Tipps, president, and Homer Hunt, secretary-treasurer, were previously associated with Texas Feed and Seed Company in executive positions.

Dealing in grains and seeds, the Global Corporation is equipped with an elevator capable of storing nine carloads of feedstuffs. In addition to the elevator, warehouse space totaling 12,300 square feet is available.

The company specializes in handling shipments of grains grown on the South Plains of Texas, particularly the combine-type of maize and he-gari. The Global Corporation also features high quality seeds, shipping them to all points in the United States.

Among the shipments made by the company for the government were 10 carloads of Martin and Plainman maize to North Africa. This shipment was re-cleaned and sacked at the Lubbock plant for rail shipment to a Texas port. Final delivery was made to French Morocco.

Construction Will Start Soon on Bus, Cafe Building

Construction is expected to start soon on the 40x60 building to house the bus depot and cafe, operated by Mr. and Mrs. Jack Pope. Mrs. Pope is the former Mrs. Fleeda Dobbs.

R. L. Byers recently entered into a contract with the bus company to construct the building on his property just east of Oldham Sinclair Service Station, and south of Byers elevator. It is expected to be completed about the middle of March.

The building will be air conditioned with the latest heating system installed. New fixtures will be installed throughout the building, including cafe furniture and equipment.

MUST REQUEST DISCHARGE

Any man with previous service who is now serving in the Enlisted Reserve Corp on an inactive status must request discharge from ERC and request active duty prior to January 31, 1946 in order to be enlisted or reenlisted in the Regular Army with his ERC grade.

MUST SECURE IDENTIFICATION BUSINESS NUMBER

Many returning veterans are going into business for themselves for the first time. Some are men who have never been employer of labor before. These individuals are reminded that any new employer should file an application with the Social Security Board for an identification number for the business. This is necessary even though only one person is on the payroll, and perhaps works only part time. Each employer is required to keep a record of the worker's social security account number for use when it comes time to make out the social security tax return to the collector of internal revenue.

Interested individuals, who live outside of Lubbock, should watch the newspapers of their cities for the announcement of when a representative of that office will visit their community. Now employers may secure identification numbers either by calling at the Lubbock office which is located at 1311 Texas Avenue or by writing this office for application forms SS-4.

TAX QUIZ By W. A. THOMAS Collector Internal Revenue

1. If I must file a 1945 declaration of estimated tax on January 15, what form should I use? You have a choice between filing an estimate on Form 1040-ES and filing your annual income tax return on Form 1040. You can get either from the nearest collector of internal revenue.

2. What form should I use to change an estimate I filed last spring? You have the same choice between Form 1040-ES and Form 1040. If you use Form 1040-ES, write the word "Amended" at the top of the form, if you use Form 1040, do not write the word "Amended" on the form—it is your final return.

3. What is the difference between Form 1040-ES and Form 1040? Form 1040-ES is a special form for estimating tax. Form 1040 is the regular blank for filing annual income tax returns.

4. How can I decide which form is best for me? If by January 15, you do not have exact figures on your 1945 income and deductions, it is best that you use Form 1040-ES. In that case you will have to also file your regular 1945 return by March 15. If you are in a position to file your regular return as early as January 15, you can file Form 1040 then and it will serve both as your Declaration and also as your return.

5. Does the new tax law, passed by Congress a few weeks ago, change any of this procedure? No, your declaration or return is for 1945 and the new law applies only to income received in 1946.

6. Do members or veterans of the armed forces have to file declarations? Not as to their pay for active service in the armed forces (except regular officers serving within the United States). However, if they have any civilian income, it is treated the same as the income of any other taxpayer.

NEXT WEEK—How to estimate your tax.

RETURNING TO STATES

PEARL HARBOR, T. H.—Ben Trull M.D. (son of Mrs. Perry Trull, of Littlefield, Texas, is one of 848 high-point Navy veterans whom the navy is returning to the States for discharge aboard the USS Makassar Straits, a carrier of the Navy's famed "Magic Carpet" fleet. This ship left Guam, December 29, and is scheduled to arrive in San Diego about January 3.

The USS Makassar Straits is an escort carrier of the type which provided air cover and bomber support in the invasion of Jap-held islands of the Pacific as units of fast naval task forces.

A "Look at the Books"

OR

"A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

1. The Full Facts are Published

How much General Motors takes in each year—how much it pays employes—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.

These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.

2. All Figures are Thoroughly Checked

Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.

Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?

3. Basis of Collective Bargaining is Defined

The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.

No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

4. Something New has been Added

The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for new power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.

It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.

5. This Threatens All Business

If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.

Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses.

We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.

To the Taxpayers of Lamb County

For the convenience of the taxpayers of Lamb County, I will be at the following places, on the dates listed, for the collection of State and County Taxes, and the receiving of poll taxes:

- SUDAN Friday and Saturday,
January 18 and 19
- ANTON Monday, January 21
- LITTLEFIELD Thursday, Friday
and Saturday
January 24, 25 and 26

All persons over 60 years of age are required to have exemption receipts if they wish to vote. These will be issued by the Tax Assessor and Collector.

Soldiers do not need a poll tax to vote if they have been discharged within 18 months of the day of election. They must take their discharge papers to the polls.

January is the Last Month For Payment of 1945 Taxes without Paying Penalty and Interest, and the Last Month for Paying Poll Taxes.

Information for Veterans

Q. If a person is in vocational training on the job and the employer pays him for any part of his service, will the trainee still receive the increased rate of pension referred to above?

A. The Administrator is authorized to reduce the pension of such person to an amount considered equitable and just but not below the amount of pension or retirement pay to which he would be entitled for service connected disability if not following a course of vocational rehabilitation.

Q. Is a person following a course of vocational rehabilitation entitled to a vacation during that period?

A. Yes, a leave of absence may be granted but not in excess of 30 days in any consecutive months.

Q. Will the increased pension be reduced during the leave of absence referred to in the preceding question?

A. No, the pension will be considered as pursuing his course of vocational rehabilitation while on authorized leave of absence and will be paid accordingly.

Q. Are women members of the armed forces eligible for a course in vocational rehabilitation?

A. Yes, inasmuch as Public Law 110, Seventy-eighth Congress made them a part of the Army of the United States.

Q. Who is entitled to the Loan Guaranty provisions of Public 346, Seventy-eighth Congress, commonly known as the "GI Bill"?

A. Any person with 90 days active service who served on or after September 16, 1940, and prior to the

end of the war or was discharged for service incurred or aggravated disability regardless of the term of active service is entitled to Loan Guaranty under the "GI Bill."

Q. Will the so-called "Blue Discharge" or its equivalent bar a World War II veteran from benefits under the "GI Bill of Rights?"

A. No, a World War II veteran is basically entitled to benefits under the "GI Bill of Rights."

Q. Must all active service be after September 16, 1940, to qualify for the Loan Guaranty Provisions?

A. The veteran and eligible potential lender must make application for eligibility on Form 1800. This form when completed, is sent to the finance officer, Regional Office of the Veterans Administration, Waco, Texas, together with the original copy of discharge. Upon examination of pertinent records, the veterans eligibility is determined.

Q. Is a photostatic copy of a veteran's discharge acceptable in establishing the basic entitlement to benefits under the "GI Bill of Rights?"

A. Yes, but the copy, photostatic or otherwise, must be certified by a notary public or other official authorized to administer oath.

Q. To whom is the certificate of eligibility sent after such eligibility is established?

A. The certificate of eligibility, if approved, is sent to the lender specified on the application for eligibility, together with the name of the appraiser and the agency which will aid in completion of the loan.

Q. What period of time is allowed in which the veteran may apply for the loan guaranty provision of the "GI Bill"?

A. The law provides that application must be made within 2 years of discharge or 2 years after the official termination of the war, which ever is later, but in no event more than 5 years after the end of the war.

Q. What amounts will be guaranteed under the GI Bill?

A. The law specifies that the guaranty (of \$2000) will not exceed 50 per cent of the total amount with a maximum guaranty of \$2000 regardless of the number of loans made.

Q. What general restrictions are placed on the purposes for which loans may be made?

A. Regulations provide that loans to refinance existing current loans, loans to increase working capital or inventory, or loans to cover operating expenses will not be guaranteed.

Q. In determination of financial ability to repay a loan, what assets will be included?

A. All present income or assets from any source will be included in any determination of financial ability to repay, including readjustment allowance, mustering-out pay, pension or compensation or any benefit derived from any source.

Q. Must the total amount of guaranty of \$2,000 be used on one loan?

A. No, the guaranty is not limited to one loan, though the total amount of guaranty on all loans may not exceed \$2000 regardless of the number of loans made.
