84 Widening Hung On R-O-W

The third traffic fatality in the past 36 days on two-lane U. S. Highway 84 in Lamb County this week stirred talk here of proposing another bond election for widening the highway to four lanes in the county. Two previous elections to widen the highway in Lamb County were defeated.

Woman Killed, Seven Injured As U.S. 84 Death Toll Soars

Lubbock Woman, 48, Is Killed

A 48-year-old Lubbock woman became the sixth Highway 84 traffic fatality in Lamb County in 1958 Monday night when she died in a chain reaction crash which injured seven other persons, one seriously.

DEATH ON HIGHWAY 84—Highway 84 in Lamb County claimed another victim late Monday night when Mrs. Homer Sullivan of Lubbock died in this accident. Mrs. Sullivan was the victim of a second collision in a chain-reaction accident 5 1/2 miles southeast of Littlefield.

County. Money previously approved for Lamb County went into other projects. New money would have to be provided for the Highway 84 project. Judge Boone said he hasn't any doubt but that the commissioners' court would call an election on Highway 84 if it were presented a petition. He said, however, that he believed the election would not pass until the voters were sure the amount of money asked for right-of-way is actually the amount that will be needed.

Gary Fitzgerald Picks 12, Wins Weekly Grid Contest

Gary Fitzgerald, 1112 W. 5th, stepped into the winner's circle in the Leader's weekly football contest this week by picking 12 of 15 games correctly.

Says Littlefield's Master Planner

"After the entire commission has approved the final form, we plan to have some specialists go over it with us," said Hofacker.

Mrs. Homer Sullivan died in what amounted to two separate, but close-together mishaps 5 1/2 miles southeast of Littlefield. Her husband, 50, was seriously injured and six other persons were hospitalized.

Six Dead In 1958
The toll of dead and injured on Highway 84 in Lamb County this year rose to six killed, 18 hurt. Only a little over a month ago, two persons died and seven were hurt in a mishap only a mile east of Monday night's crash.

Mr. and Mrs. Sullivan and their daughter, LaDonna, 11, were hurt in a two-car mishap about 10:45 p.m. Mrs. Sullivan was killed about five minutes later when a third car crashed into the Sullivan auto.

Teenagers Hurt
Also injured in the second crash were three teenagers who stopped to help the Sullivans. They were Billy Mac Hice, 15, son of Mr. and Mrs. J. P. Hice of Anton; Steve Fisher, 18, son of Mr. and Mrs. Jack Fisher, Rt. 2, Sudan; and Randall Edwards, 18, son of Mr. and Mrs. Glenwood Edwards, Rt. 2, Sudan.

Investigating officers said the first mishap occurred about 10:45 when a car driven southeast by Sullivan attempted to pass an auto driven by Leonardo G. Gonzalez of Littlefield, just as Gonzalez attempted to make a left turn.

Car Stops In Road
The two cars collided, and Gonzalez' auto careened into a bar ditch. The Sullivan auto came to a halt in the wrong lane, officers said. Gonzalez was not hurt. Immediately after the mishap, the three teenagers arrived on the scene and began helping the injured.

While they were helping, the Tucker car, headed northwest, crashed into the Sullivan auto. Mrs. Sullivan was still alive after the first mishap, the teenagers told highway patrolmen. She died when the force of the second crash threw her partly through the windshield. She was pronounced dead at the scene by Peace Justice O. M. Edwards of Littlefield.

In Fair Condition
Sullivan suffered a fractured skull, fractured vertebra, four broken ribs, internal injuries and cuts and bruises. He was (Continued on Page 6)

SURE DEATH FOR ROACHES

A FLUFFY WHITE POWDER that you can inhale or stir into your coffee in perfect safety is killing many household pests faster and more efficiently than the most poisonous insecticides.

The dust is sure death to ants, cockroaches, dry-wood termites and a variety of other insects. Yet, in spite of its lethal qualities, it is perfectly harmless to warm-blooded animals. It has been used for years as an ingredient in face powders, could even make a safe baby powder.

Recently in Los Angeles a homeowner was desperate over a swarm of cockroaches infesting his house. He had tried all available roach killers without effect. As a last resort he phoned the entomology department of the University of California at Los Angeles and explained his problem to Dr. I. Barry Tarshis.

"It just happens we are studying a powder that is giving a 100 percent kill in the laboratory," Dr. Tarshis told him. "It isn't on the market yet but we can give you half a pound. Use a hand duster and spread it under the refrigerator and the sink and behind the stove. Don't be afraid of it; the stuff is harmless."

Seven days later not one cockroach could be found in the home, and they haven't reappeared since. What kind of miracle powder is this? It is a finely ground silica aerogel, an extremely fine and porous dust that has a great capacity for absorbing oil or water. It is inert and non-toxic.

Says Dean Of Hair Dressers:

Ladies, Please Be Your Age

By VIVIAN BROWN
AP Newsfeature Beauty Editor

When the dean of hairdressers, Antoine of Paris, visits America, it is a large occasion.

The nationwide tour of the famous hair stylist should bring new life to hairdressing salons over America. Antoine, quick with the needle, got right to the America's current hairdressing woes: Women over 30, he says, should not emulate Jeune Fille types with flying hair and windblown cuts. Older women need more sophistication. "Windblown curls are cute on debutantes," he says, "but need to be controlled for women over 30."

The master hair sculptor who created the feather cut, poodle hairdos, lacquered curls and other famous firsts showed a variety of coiffures, feather coils, asymmetrical or puffed—"Fantasies" he calls his creations, ombre or duotone tinted. These stylized hairdos included perennial favorites—curls at the crown, lacquered locks to frame the ear lobes and exciting bangs, but they were arranged with care and skill.

"If a woman would achieve beauty, she can't be lazy," Antoine says. She may not get to be a great beauty without intelligence, a necessary requisite, but she can achieve simplicity and refinement, if she takes the trouble.

Antoine, a sculptor by hobby, who incorporates his fine art of harmony and balance in hair dressing, cutting, molding and draping the hair like clay is noted for some sensational hairdos. As one hairdresser relates:

"I saw him fashion the hair of a famous woman until it resembled a jockey cap. He trimmed, braided and lacquered, but the woman couldn't leave home for months because her hair was a hedge podge of hair lengths."

Negro Laborer Wounded In Shooting Here Sunday

A Negro farm laborer was in poor condition in Medical Arts hospital here Wednesday morning after he was shot in the chest early Sunday morning during an argument with a fellow-worker at their quarters at the Leonard Irvin farm north of Littlefield.

The wounded man was A. S. Albright, about 45, of Waco. He was shot in the chest with a .38 pistol. Charged with assault with intent to murder in the case is Isaiah Turner, 35, a Negro farm laborer of Waco. Bond has been set at \$1,000.

County Officer Dan Blanchard, who along with City Patrolman W. O. Wood investigated the incident, said the shooting occurred about 9:30 a.m. Sunday.

Officers said they were told that the two men got into an argument when Turner wanted Albright to bring him to Littlefield. Three shots were fired, one of which hit Albright in the chest. Another hit Albright on the belt buckle and glanced away. Blanchard arrested Turner

when he found he and his wife and two children walking along the highway about 1 1/2 miles east of Amherst. A .38 calibre pistol was taken from Mrs. Turner.

Adventures in ADVERTISING

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bath tub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omar cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

described in fair condition Wednesday at Littlefield Hospital.

He also was hospitalized at Littlefield Hospital, where attendants said he was in good condition. He suffered broken front teeth, cuts and bruises in the mishap.

Hospitalized at Medical Arts Hospital, all in good condition Wednesday, were Tucker, cuts and bruises; Mrs. Tucker, loss of several teeth, cuts and bruises; Fisher, broken leg; Edwards, cuts on forehead; LaDonna Sullivan, bruises and possible internal injuries.

Funeral services for Mrs. Sullivan will be conducted today at 2 p.m. at the McDonald Funeral Home Chapel at Lubbock. Burial will be in Tech Memorial Park.

A Church of God evangelist-minister, Mrs. Sullivan had lived in Lubbock 17 years. Her survivors, other than her husband and daughter, include her father, H. C. Pole, also of Lubbock.

Soil Bank --

(averaging about \$14 per acre in Lamb County) for taking cropland out of production.

Land placed in the program is taken out of production for 3, 5 or 10-year periods.

In addition to the annual rental payments for land in the reserve, the government provides financial assistance for establishing cover on the land.

In the past the government has paid up to 80 per cent of the cost

of establishing the cover. Under the new program, the assistance probably will vary from 50 to 70 per cent of the costs.

The acreage reserve of the soil bank, under which acreages allotted to cotton, wheat and other crops were taken out of production for one-year periods, will not be in effect after this year.

ASC Manager Aten said the local office paid the final checks in the acreage reserve to farmers last week, bringing the total amount earned from the program in Lamb County in 1958 to \$1,073,776. The county's grant for 1958 was \$1,101,000.

The \$1,073,776 was paid to cotton producers who retired about 17,000 acres of cotton land for the year. The county cotton allotment this year is 200,353 acres. With 17,000 acres retired, actual acreage in production this year in Lamb County amounts to 183,000.

Cologne, the Cathedral City on Germany's Rhine, was founded 2,000 years ago by the Roman armies of Caesar. Its first name was "Colonia."

Homecoming Slated Friday For Amherst School Exes

AMHERST — Amherst school homecoming will be next Friday, Nov. 7 with activities beginning with a pep rally on downtown Main street at two o'clock.

Tech To Renew Old Rivalry With Arizona

LUBBOCK — One of Texas Tech's long-time rivalries will be resumed when University of Arizona meets the Red Raiders in Lubbock Saturday afternoon.

Of the 19 games played since the series began in 1932, Texas Tech has won 17, and one contest was a tie. That lone Wildcat victory was a 7-6 decision in 1935, when Texas Tech conducted a joint Armistice Day-Homecoming observance.

High school bands from through out West Texas will join D. O. (Prof) Wiley's Red Raider Band in providing music, as the occasion is Band Day at Tech.

Biggest margin in the series came in 1951 as Junior Arterburn, now a Tech assistant coach, set a school total offense record of 267 yards in leading the Raiders to a 41-0 decision. Another current Tech aide, Red Phillips, played center for the Raiders that day.

Tech last year had to come from behind to post a 28-6 decision. Ed Doherty's wide-open slot-T offense netted the Wildcats 207 aerial yards. Tech halfback Mickle Barron of Childress provided the game's thrill with a 60-yard scoring run.

At three o'clock registration will begin in the high school auditorium. A registration fee of 50 cents will be charged.

Stephen Butler will be emcee for the program. Welcome Amherst High School students response will be by Mrs. Leroy Maxfield. Speaker will be the former superintendent, Claud M. Coffey of Farwell.

Wayland To Play Host To Librarians Of Area

PLAINVIEW — Wayland Baptist College will play host to librarians of the Panhandle-South Plains area Nov. 22 as the Texas Library Association District I meets for its annual convention.

Miss Thelma Andrews, Abilene, TLA president, will be a featured speaker for the convention.

Approximately 125 public school civic, college and special librarians are expected to be in Plainview for the meeting.

No License Big Offense Of Fishermen

AUSTIN — Fishing without a license dominates game and fish violations even in the middle of the hunting season, according to the director of law enforcement of the Game and Fish Commission.

Hunting violations continue to rise, however, the director said. There were 182 counts of illegal hunting methods and other game law violations during the month. This figure includes 21 arrests for hunting in closed season, 19 for killing quail out of season, 19 for trespassing, 17 for hunting at night, 17 for exceeding dove bag limits, and 15 for using unplugged gun.

Of a total of 357 arrests, 3 cases were appealed to a higher court, while 10 served time in jail. Convictions cost violators \$8,635 in fines.

The director reminds hunters who are not sure of the laws that they may get copies of game and fish regulations from game wardens, license dealers, or by writing to the Game and Fish Commission in Austin.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas' No. 1 industry is still "up against it." Oil industry leaders and state government officials are pressing harder for an effective federal plan to restrict oil imports.

Gen. Ernest O. Thompson, member of the Texas Railroad Commission, has called for "positive remedial action immediately."

Oil and oil products imported into the United States continue to mount and absorb more and more of our domestic market demand," said Thompson. "This restricts domestic exploration and development and continues to make the United States more and more dependent on foreign oil. Foreign oil cannot be counted as available in case of war."

Thompson implied that he thought mandatory limits on oil importing should be set. (At present only a voluntary limitation program is in effect.) Thompson noted that lead and zinc imports had been cut by presidential order and "some such action must be taken in regard to imports of oil and petroleum products."

In meetings over the state, industry spokesmen talked in equally urgent terms. Lester Clark, Freckenridge producer, told the Independent Petroleum Association of America that the oil business is "sick."

"Since 1955, total well completions are off 21 per cent, exploratory crews have fallen 25 per cent, wildcatting is down 28 per cent and rotary rigs are off 33 per cent," reported Clark.

At another meeting the Gulf Coast Association of Geological Societies was told that during the first half of this year total oil imports increased 5.3 per cent while domestic demand slumped 4.7 per cent below the 1957 average. Impact of this on the domestic industry was a 13.7 per cent cut-back and a \$3,000,000 a day loss in income.

Foreign oil production is increasing faster than foreign demand. Jerome J. O'Brien of Monterey Oil Co. told the geological group. Foreign oil interests, therefore, are dependent on getting a share of American buying

About 60 ex-service men attended the sunrise breakfast staged at 4:30 o'clock Tuesday morning at the Legion Hut. Legionnaires preparing and serving the meal were: Warren Rutledge, Jack Alexander and Ed Dragger.

Notice of contest of the election on Oct. 14 at which the City of Littlefield was authorized to issue \$275,000 in revenue bonds for the establishing of a municipal light, power, and distribution plant has been filed in the 64th District Court of Lamb County.

W. D. Gilder left Sunday morning for DeLeon, Texas, to visit his parents, Mr. and Mrs. J. V. Gilder. After the birthday dinner he attended the football game between Gorman and DeLeon.

DIABLO DAM PUSHED—Both Gov. Price Daniel and the State Board of Water Engineers have given their official approval to plans for construction of Diablo Dam on the Rio Grande River.

Need for the dam was dramatically illustrated by the recent heavy floods on the Rio Grande, said J. T. Ellis Jr., the governor's aide in water matters. Rampant waters caused an estimated \$7,000,000 property damage, and about \$31,900,000 worth of water was lost for useful purposes.

Next step toward getting the dam is for the International Boundary and Water Commission to prepare final plans and go to Congress for an appropriation. Diablo will be a joint project of the U.S. and Mexico with this country putting up \$48,600,000 of the \$80,000,000 cost.

LOAN PLAN CHALLENGED—Atty. Gen. Will Wilson has filed suit to test the constitutionality of a law permitting "certificate plan" loans.

Three nationwide finance companies are defendants in the suit. Wilson contends the certificate plan, though permitted by law, violates the constitutional prohibition against charging more than 10 per cent interest.

Under the plan a borrower may get a sum of money for a year and agree to pay 10 per cent interest on the total amount. But he is required to repay the money in monthly installments. Hence, except for the first month he is paying interest on money he does not have.

NO BRANCH BANAS—In other action, Attorney General Wilson stuck to his ruling last spring that Texas banks may not set up "little banks" at nearby military

Sandhills Philosopher

Here's How To Lighten Work Load On Your Farm

Editor's note: The Sandhills Philosopher on his Johnson grass farm tackles the problem of the small farm this week. Tackling a problem of course is not solving it.

Dear editor: There has been a lot of discussion in the newspapers the past year over the plight of the small farmer and lots of experts have been worrying about him. They are afraid he'll get discouraged and have to give up farming and move to town.

As a result, a lot of thinking has been going on about the problem, and I was reading in an article last night where some experts studying the matter have decided one way to keep the farmer on the farm is to make his work lighter. For example, they said, farmers ought to use their brains and figure out short cuts for themselves, and they threw in a suggestion of their own as a starter. Why not, they said, "put cows up on a platform so the dairymen can milk them as he stands? This would save a lot of stooping."

The main trouble with this is installations.

In numerous cities downtown banks have set up special facilities at nearby air bases, army posts, vet hospitals, etc.

This clearly violates the Texas Constitution's ban on branch banking, said Wilson.

that I doubt if it takes any more work to stoop to milk a cow than it does to build a platform for them to stand on, not to mention getting the feed up there to them twice a day. Personally, if I was milking a bunch of cows, which I'm not, and was opposed to stooping, I'd come out in favor of longer-legged cows or shorter-legged men.

The trouble with using brains and science to lighten the load of farming is that this works up to a certain point, but it generally stops at the edge of the field, leaving nobody but the farmer to go up one row and down another, in between rains.

Science is wonderful, but I've noticed that in the most modern business, with every labor-saving device known to man, or on the most modern farm, with every scientific improvement available, still the man who gets the furthest ahead generally is the one who works the hardest, with the longest hours.

That's where science breaks down. However, it's where I take over.

After years of studying the problem, I know how to lighten the work on a farm. It's a simple. Just skip about half of what you're supposed to do. Understanding, of course, that this is for the well-run farm. On mine, I skip about three-fourths.

Yours faithfully,
J. A.

Esso Extra Out-performs many gasolines selling for 1¢ more!

Esso Extra sells for premium—not super-premium—price, but it out-performs many gasolines selling for 1c to 2c more.

Out-performs them in clean-burning characteristics: it burns so clean that spark-plugs last up to 50% longer.

Out-performs them in anti-knock operation: its octane rating is high—higher, in fact, than the octane rating of many gasolines for which motorists pay a super-premium price.

Out-performs them in quick starting . . . in smooth, safe acceleration . . . in mileage.

Esso Extra is the No. 1 premium in Texas . . . first in premium sales . . . first in premium performance.

Use this great gasoline in your car. You'll prefer its performance, you'll like its mileage, and most of all, you'll be pleased with its economy.

Fill up under the Humble sign in your neighborhood. Every time!

Golden Esso Extra in a quality class by itself

This superior gasoline stands out as the best gasoline to use in any car in any price class. It is the only gasoline that will give you all the performance you paid for when you bought your modern car. It has highest octane rating; it eliminates engine "bucking" as you start, engine "rumble" as you drive, and engine knock as you accelerate. A must for cars with air-conditioning, power brakes and power steering. It's the gasoline for the 1959 models.

Dependable Quality at Regular Price

If your car performs well on regular gasoline, Humble Motor Fuel is your gasoline. Every gallon is made to exacting quality specifications.

You get three distinct advantages: (1) continuous improvement; (2) uniform quality wherever you fill up; and (3) a patented solvent oil that keeps engines clean.

Among the regulars, Humble Motor Fuel is second to none.

Wayland Starts Drive To Restore Main Building

PLAINVIEW — When Wayland Baptist College completes the restoration and renovation of its administration building, not only will a Panhandle-Plains landmark have been preserved but the college will have a million-dollar building for one-sixth of the cost, according to Tom Z. Parrish, director of development.

Campaign to raise \$150,000 to finance the restoration of the 50-year-old building has been launched this week by Parrish and the

trustees committee. This campaign is authorized by both the committee of the Board of Trustees and the Board of Trustees on the development. Those named are: H. H. Elliott, Dr. Lee Hemphill, J. D. McPaul, Lamar Reid, Abernathy, and Womble, Morse.

The \$150,000 campaign is divided into three stages. The first stage, a raising of \$30,000 in 1958, is the part being undertaken this time. In 1959-60, the committee will raise the remaining \$120,000.

IRF Station Research Program For '59 Starts

The first phase of the 1959 research program got underway Oct. 31 when 26 varieties of wheat were planted at the High Plains Station of the Texas Research Foundation at Halfway.

These wheat yield tests consist of the available varieties of potential importance in this area. This program is a part of cooperative intrastate test with the Texas Agricultural Experiment Station. All varieties are in replicated plots. Eleven varieties of barley have been planted for yield testing at the High Plains Station is the 1959 Program.

Sixty-seven different varieties of cotton included in 75 plot tests on yield and fiber quality research program at the High Plains Station are being harvested this week according to Dr. Johnny Davis, Associate Head of the station.

Harvest of the irrigation plus fertilizer and magnesium tests on cotton are also under way.

In response to inquiries on results of these tests, Dr. T. C. Longnecker said "compilation of the data on the tests would take time. Subscribers to the Station and Agricultural personnel will receive the results as soon as they are completed, probably in December.

Cat Frosh Take On Morton, B-Team Hosts Whitefaces

Both Littlefield's freshmen and B-team eleven's clash with foes tonight at Wildcat Stadium. The frosh are fresh from a victory over Hereford, and they will be looking for another win at the hands of the Morton Freshmen.

Last week both teams traveled to Hereford. The B-team fell after a tight battle, 28-18. The frosh scored an extra points victory over Hereford, 16-14.

"We outgained them, but the breaks beat us," said Coach Ringo after the B-team battle.

Hereford scored two touchdowns in the first quarter to jump into a quick lead. Both touchdowns came on short plunges, but both were set up by breaks. One came after a Littlefield fumble deep in its own territory; the other after a Duane North pass had been intercepted and returned to the Littlefield two yard line.

Joe Martinez, a standout on offense and defense during the game, broke the scoring ice for Littlefield on the last play of the second quarter. He plunged in from the three-yard line capping a 70-yard march for the score.

Hereford led at halftime, 14-6.

Since both team were using some varsity players, the game was called a scrimmage. Max Ball sophomore halfback on the varsity for Littlefield, scored the second Littlefield TD in the third

quarter on a seven-yard dash around the end.

The extra point was no good. The score remained 14-12.

Hereford struck back early in the fourth period using a pass to gain to the Littlefield 10 where a sweep around left end scored for the Whitefaces. The extra point failed.

Littlefield came bouncing back to narrow the score again. Runs by Bobby Heffington, who "discovered" some excellent broken field running during the game, and Ball accounted for the setting up and scoring for this touchdown. Ball gained 60 yards to the Hereford 10 on a sweep, then Heffington bulled over for the touchdown.

Again the extra point failed; the score stood at Hereford 20, Littlefield 18 with only a short time remaining in the game.

Hereford scored on another short plunge, and made their extra points good to reach their final score just before the final gun sounded.

Coach Ringo mentioned Tommy Wicker, Weldon Pace, Bobby Heffington, Troy Barnett, Jerry Burleson and Charles Coffee as outstanding for the Wildcats on defense.

Martinez, Ball, North and Kenneth Ogerly stood out on offense. The freshmen were led by Ronnie Rice, who scored both touch-

downs in the victory over the Whiteface frosh eleven. It was the third victory of the season for the frosh. They close out their season next week against Coronado of Plainview.

Rice scored on runs of six and 30 yards for the touchdowns that came in the first and third quarters. Both extra points were added on runs by quarterback Boots Barker.

Coach Bill Harmon was pleased with the victory. He credited the whole team as having attributed to the win, but listed John Foley, who was injured in the game, Rice, Barker, Bobby Williams, Duck Johnson and Buddy Price as boys that played sound games all the way.

Lightsev Receives Award At WTSC

CANYON—Billy Van Lightsev of Littlefield is among 35 cadets to receive scholastic achievement awards for the West Texas State College Reserve Officers' Training Corps unit.

The awards are given to the upper ten per cent of each military science class for work done last year, according to Lt. Col. Edward L. Lindsey, professor of military science and tactics.

Lightsev, son of Mr. and Mrs. W. C. Lightsev of Littlefield, is a sophomore math major.

Shirley Edwards Named Whitharral Football Queen

WHITHARRAL — Miss Shirley Edwards, high school junior and daughter of Mr. and Mrs. R. E. Edwards, was crowned football queen here Friday night at the half-time activities of the Whitharral-Meadow game.

Runners-up were Miss Patsy Baisden, a senior and daughter of Mr. and Mrs. O. L. Baisden and Miss Barbara Crews, a freshman and daughter of Mr. and Mrs. W. J. Crews.

The pep squad entered the field from the corners forming an "S" for the large group of exes, then a "W" for Whitharral with the group singing the school song, led by Mrs. Comer Born.

The queen and her attendants entered the field in a 1958 convertible. Mr. Comer Born drove the car to the 40-yard-line on the south side of the field. The young ladies were escorted to the throne by members of the football team: Don Cheek escorting Miss Edwards; Gerald Pair escorting Miss Baisden, and Donny Polk

Child Desertion, DWI Charges Land Four In Jail

Two persons were jailed on charges of driving while intoxicated and two others were arrested on child desertion charges by county officers Sunday and Monday.

Other arrests Saturday, Sunday and Monday included three men on drunk charges, two for disturbance and one for contempt of court.

Jailed on a DWI charge Sunday was a Utah man, Harold Ray Haws. He entered a plea of guilty in county court-at-law and was given a \$150 fine and three days in jail.

Arrested by Tulsa officers Sunday and transferred here to face

a charge of child desertion was Jose Hernandez of Littlefield. Hernandez has a wife and eight children here.

Henry Hardaway of Littlefield was picked up by Lamb County officers Monday for Muleshoe authorities on a charge of child desertion.

Jailed Monday on a DWI charge was Arnell Green, Littlefield Negro. Green was fined \$100 and costs and given three days in jail after pleading guilty to the charge in county court.

C-C Adds Three New Members

Three more new members were added to the Chamber of Commerce this week, bringing the total in annual C-C membership drive to 38.

Latest to join the C-C, announced Jack Christian, head of the drive, were Bill Smith Electric, Bud Lowe and Littlefield Hospital.

Nathan Hale, American Revolution hero, taught school in East Haddam, Conn.

Clovis Negro, 37, Charged In Rape Of 17-Year-Old

A 37-year-old Clovis Negro was charged with the rape of a 17-year-old Negro girl here Tuesday after his arrest by Clovis police.

The man, Arthur J. Houston Jr., was transferred from Clovis to the county jail Tuesday afternoon. Peace Justice O. M. Edwards said bond would be set at \$5,000.

Houston was accused in connection with the assault of a Negro girl in Lamb County over the weekend.

He had taken the girl, also of Clovis, to see her mother in Hockley County, officers said.

On their way back to Clovis, they drove north toward Bainer Switch, just inside the Lamb County line, officers said.

Officers said the girl told them the man stopped the car and threatened her. She jumped from the car and began running, but he caught her and brought her back to the car, where he assaulted her, the girl told officers.

Later, Houston drove the girl to her home in Clovis, where she called police. Police then arrested Houston and returned him to Littlefield.

Whitharral FHA Holds Monthly Meeting

WHITHARRAL — Miss Wynell Gilley presided at the regular monthly meeting of the Whitharral Chapter of the FHA Monday evening at the Home Ec Cottage.

Misses Barbara Robertson, Dixie Turner and Joyce McLaugh with Mrs. Jones of Littlefield were guest speakers on the theme "Dating on Planet Earth." Miss Linda Martin led the group in singing

"RELAX! IT'S NOT OUR GOOD DECK. I ONLY USE OLD DECKS TO HELP FIND MY WAY BACK!"

"FHA Prayer Song," "Swing Low, Sweet Chariot," "Ruben and Rachel," and "Were Here for Fun."

The November project chosen by the group is charity drive for childrens home of Lubbock. The FHA group plans to spend a day at the home, give donations from the community and furnish entertainment for the children.

Yearbooks were issued by the president.

Misses Pegg Baisden, Casandra Hood, and Barbara Dickerson served hot cocoa and bite-size tuna and cheese sandwiches to Mrs. Jones, Misses Robertson, Turner, and McLaugh, Littlefield;

Mrs. Lester Hood, Mrs. Comer Born, FHA sponsors and Misses Patsy Baisden, Peggy Baisden, Martha Sue Davis, Donnie Callis, Wanda Gay Polk, Stella May Collins, Casandra Hood, Wynell Gilkey, Jane Mitchell, Shirley Edwards, Barbara Dickerson, Linda Martin, June Simpson, Janell Doshier, Edna Johnson, Betty Burnett, Barbara Crews, Marvalynne Durham and Mary Edwards.

Mary Lyon, the founder of Mount Holyoke College, began her teaching career at a salary of 75 cents a week plus board.

Anton Latin Is Jailed On Liquor Charge

ANTON — An Anton Latin American was jailed here Monday after he was charged with violation of the liquor law.

The man, Ernest Deque, was later transferred to Hockley County jail at Levelland.

Charges were filed by Liquor Control Agent Lloyd Dunlap of Littlefield after Dunlap encountered the Latin American Monday about 3:50 a.m. while patrolling a

dirt road 10 miles south of Anton.

Dunlap said he heard the driver of a pickup truck pulling in at a house and jumped from the truck, then saw the pickup truck.

This officer said he fired a warning shot to the driver, but the driver fled. Dunlap was arrested Monday in Anton by a Hockley County deputy.

Dunlap said he found a "left boy" beer and some beer in the pickup truck. The pickup was later impounded.

EYES and VISION

By A. L. SPERRY, O.D.
Director Public Education
Texas Optometric Association

How do you know how heavy light carry all you've ever seen? A search light using a power generator for one year would weigh less than a hundredth of an ounce. This writer was in college with professors, a sharp old optometrist, would occasionally the subject of with tales of personal experiences with which he was told us of a dog he'd had. Shep had been a fine pet. Very conscientious working at everything passing the house. But lately all would do was lie on the floor and sleep. Professor wondered if old Shep's eyesight might have failed that he could no longer see a person walking down the sidewalk. He decided to find

out. Using test methods with which we can approximate the amount of eye defect without the patient's telling us anything, the professor examined the dog's eyes and sure enough the old dog had become extremely near-sighted. Out of curiosity the professor, using part of an ordinary dog muzzle, contrived a pair of glasses for the dog. One morning when leaving for work he strapped him on old Shep. An hour later he received a phone call from his wife advising him to come home and remove the specs from the dog. It was acting like a puppy; barking itself hoarse at everything passing by, and running itself into a lather. After that the old dog was only allowed to wear the specs when the professor came home from the office. At the first sound of his master's steps old Shep would run and get his specs to be strap-

ped in place. He enjoyed them until he died. Another time, the professor told us of an optometrist in Kentucky who made quite a little side money fitting glasses to race horses at \$75.00 per horse. The fact is that a nearsighted horse will not run as fast as he is able. Unlike many humans, the horse wisely wants to see far enough ahead so that he can stop before running into an obstacle. If he can't see that well he slows down. Hence, with glasses many horses make faster time. If one stops to think, there's really nothing too unusual about animals. There are many isolated communities where the family physician may be called upon to minister to a sick farm animal, or in the absence of a physician a veterinarian may have to treat the family.

Funeral Services Held Wednesday For Mrs. Harder

RALLS — Funeral services for Mrs. Hattie Lee Harder, 89, were held Wednesday at 2:30 p.m. in the First Baptist Church where her husband was minister from 1919 when they moved to Ralls until his death in 1939.

The Rev. Frank Nix, Lubbock, officiated with burial in Ralls Cemetery under direction of Carter Funeral Home. Grandsons were pallbearers.

Mrs. Harder had been a resident of Plainview since 1941 until she entered a convalescent home in Amherst four months ago. She died Tuesday morning at the home.

Survivors include two sons, Carroll and C. B. Harder, both of Plainview; three daughters, Mrs. O. D. Cockerham, Sudan; Mrs. Marvin Johnson, Athens; and Mrs. Frank Cummings, Littlefield; a brother, W. C. Lee, Earth; a sister, Mrs. George Webster, Lockney; and 13 grandchildren and 21 great-grandchildren.

NEW FORM
NEW GRACE
NEW FEEL
NEW SPACE

One look shows you Chevrolet's all new all over again. And the longer you look, the more you find to like. Chevy's Slimline design, for example, with new and roomier Body by Fisher, makes for more comfortable seating and surrounds you with vastly increased visibility area. Chevrolet's remarkable new Magic-Mirror finish keeps its shine without waxing or polishing for up to three years!

And there's new feel, new efficiency beneath that beauty. Smoother-than-ever suspensions. Bigger brakes for safer stops. A new Hi-Thrift 6 that delivers up to 10% greater gas economy along with more usable horsepower at the speeds you drive most. Everything you want in a car is wrapped up beautifully in the '59 Chevrolet. It's new right down to its easier riding, easier rolling Tyrex cord tires—but strong as ever in those traditional Chevrolet qualities of economy and dependability. Drive it at your Chevrolet dealer's now.

About Your HEALTH

Dr. Wallace Mandell, research consultant direct hit etdesuy -8 consultant, directed the study, assisted by Isabel Cromack.

By checking the records of 11 agencies ranging from the City-County Hospital to the Salvation Army, they found that 46 per cent of the newly hospitalized patients had direct or indirect contact (through their families) with one or more of the agencies.

In addition several other facts were discovered opening new vistas of study in mental illness prevention. For instance, it was found that half of the 148 first admissions to the State Hospital had eight years of schooling or less. However, only one-fifth of all Travis County residents had eight years or less of formal schooling.

What does all this and other new-found facts mean?

According to Charles Mitchell, director of the Division of Mental Health, "It points out a need for available trained personnel in key points where they can help health and welfare workers recognize persons with borderline nervous disorders in time to keep them out of hospitals."

In most medical diseases there are warning signals, often recognizable by the untrained eye, which give ample time to consult your physician for treatment. And thus avoid spending costly time in a hospital.

The same applies to mental illness, with the difference being the inability of the untrained person to recognize the signs of an approaching mental disorder.

We are all blessed with varying amounts of the wisdom of hindsight but a recently-published research project of the Division of Mental Health, Texas Department of Health suggests ways to put this hindsight to work.

How many mental patients were previously known to local community health and welfare agencies? Have certain types of agencies been in touch with certain kinds of patients before they are admitted to the State Hospital? How many of their families have had these previous contacts?

These and related questions about 148 residents of Travis County admitted to the Austin State Hospital during a single year, were answered by the study.

The study concerned patients who were admitted for care for the first time.

Dr. Wallace Mandell, research consultant direct hit etdesuy -8 consultant, directed the study, assisted by Isabel Cromack.

HOMES FOR AMERICANS

THIS ONE-STORY RANCH house, although modest in size, has been designed with a luxury touch. The plan, HA55-M, is by Designer Robert B. Marshall, 455 Herbert St., West Hempstead, N. Y. The habitable areas total 1,321 sq. ft., excluding the outdoor living patio. Add 242 sq. ft. for garage.

Anton News

Mr. and Mrs. Gene Campbell and family of Amherst were visiting his parents, Rev. and Mrs. Ralph Campbell, Sunday.

Raymond Stephenson left two weeks ago to join the Army and is stationed at Ft. Carson, Colo. for his basic training.

Mr. and Mrs. Lynn Williams, Bonnie, Mr. and Mrs. Mitchell Evtitt and Mrs. A. Evtitt were all visiting Sunday with Mr. and Mrs. B. E. Reagan in Littlefield.

Harlan Black, Neil Herrin, Al Herrin, Jerry Bluffe and Walter Hob good were recently deer hunting at Saluda, Colo. Hobgood was the only one killing a deer.

Mr. and Mrs. J. C. Muller, Mrs. Gerry Langford and Kathy and Mrs. Don Muller and Donna were Lubbock visitors Monday.

LaDuke was arrested Friday night by County Deputy Dan Blanchard, who stopped the Springle man on a dirt road a mile north of Littlefield. Blanchard said LaDuke threw a pint of whiskey out of his car.

A tea honoring Mrs. M. J. Brock was held from two to five in her home. All five of her children were there and many other guests called during the afternoon to bring gifts and wish her well.

A large birthday cake and punch were served to the callers.

VANDALISM REPORTED
 A Colorado man, Joe Roberts, reported to city police Sunday that someone threw rocks through a window of his car while it was parked at the Santa Fe depot lot.
