Market Place for
the Littlefield
Area"

Littlefield Market Gets Good Rating

This year's Sales Management gives Littlefield a market rating of 116. This indicates that it is one-sixth better than the average American market. Trade in Littlefield is shown to have increased 34% in the past six years.

Sales Management is a leading marketing magazine covering the United States and Canada. Its ratings are widely used by sales managers in determining where new dealers can be expected to prosper and what their sales quotas should be. National advertisers also use these ratings to decide how much money to spend in each area.

Size is not a factor in the ratings, but such things as per family income and sales records of business houses in the area are used to determine the rate given to each market. An area may have high incomes and still be rated low if the sales figures show that a large part of this money is spent in some other market.

By multiplying a market's ratings by the number of families in the area, a good idea of the sales potential of that area can be determined.

Littlefield is estimated to have 2500 families and a population of 8200 as of the beginning of 1955. Population for the county is shown as 21,600 with 6,000 families.

Effective buying power (income after taxes) of Littlefield residents is listed as \$11,123,000 and of the county as \$30,380,000. This amounts to \$4,449 per city family, and \$5,163 per county family.

The analysis shows that \$24,002,000, or \$4,000 per family, of this was actually spent in the county, \$14,508,000 of it was spent in Littlefield. Breakdowns on the other towns in the county were not made.

Income in this area is distributed better than the national average. Only 9.3% of Littlefield families are in the "under \$2500" per year class, compared with 10% nationwide. And 36.5% are in the "over 7,000" class, compared with 37.9% throughout the nation. The City is two percentage points above the average in the bracket between \$2,500 and \$7,000.

However, countywide the percentage of high bracket families exceeds the national average by approximately 12%.

Food tops the list of goods bought, followed by autos, general merchandise, furniture and drugs in that order.

Lamb county ranked 146th in the nation in cash farm income with \$26,970,000 last year. There are 3,070 counties in the nation but 27% of the farm income is in the top 200.

Other Plains cities received high ratings also, many of them higher than Littlefield, but compared to other parts of the country the Littlefield market is rated very high. For instance, only five cities in the entire state of Oklahoma received ratings as high. Oklahoma City is lower.

Plans Are Made For New Girl Scout Council

The Lamb County Girl Scout Council had its December meeting at the Girl Scout Hut in Littlefield, Mrs. L. M. Silcott of Olton presided. After the business meeting, there was an explanation of the plan for forming a South Plains Council of Girl Scouts to include nine counties, plus Abertown in Hale county and Friona in Parmer county.

The purpose of the project would be to provide professional help in Girl Scouting for these communities. Formerly workers have gone to the Lubbock Council for help.

The Lubbock Council has given tentative approval to this plan, but cannot give a decision before Spring. Therefore, a new charter would not be likely before next fall.

Those present were Mrs. Nicholas, Mrs. Silcott, and Mrs. Hall of Olton; Mrs. A. B. May and Mrs. D. Harper of Sudan; Mrs. C. McWilliams, Mrs. Leonard McNeese, Mrs. F. Penn, Mrs. Olton, Mrs. L. L. Cramer, Mrs. J. Parker, Mrs. O. T. Bellomy, Mrs. Chester Gilbert, Mrs. Arthur Hunt, and Mrs. Buster Owens Jr. of Littlefield.

The next meeting will be in Olton on January 19, at 7:00 p.m.

586 People Were X-Rayed Here Saturday

The chest x-ray unit met with difficulty in Littlefield. The unit was moved in Thursday to begin work early Friday morning, but the unit broke down and was out of order all day Friday and until 10 a.m., on Saturday.

From 10 a.m., until 5:30 p.m., there was a total of 586 people who were x-rayed.

The Jaycee-ettes handled the registration. It was conducted in a very orderly manner. The actual x-ray took only a few seconds.

School children were to have been x-rayed in groups on Friday, but due to the breakdown they were not able to take advantage of the opportunity.

Persons will be notified as to the outcome of their x-ray. If there is a defect found the person's physician will be notified. Upon request of the person the x-ray picture will be sent to the physician.

Employment Office To Have Farm Day

Texas Farm Labor Day will be held at the Texas Employment Service office on December 12 and 13.

Farmers who plan to use year around farm help are asked to attend the meet. Workers who desire year around work are also urged to attend.

The meetings will begin at 8:30 a. m. on both days. James Preston, Farm Placement Interviewer will conduct the meetings.

The office reports that the migrant workers are fast leaving the area.

Brother Of Mrs. Pharris Buried Wednesday

Robert Burden suffered a heart attack which proved fatal Monday. He was a resident of North Hollywood, California.

Burden, who was a brother of Mrs. Paul Pharris, had suffered arthritis for many years. He was still active at the time of his death despite arthritis which kept him in a wheelchair.

Services were conducted Wednesday afternoon in North Hollywood. Mrs. Pharris was unable to attend. She had visited him at frequent intervals.

Schilling Attends Meet In Lubbock

Superintendent Ralph Schilling of the Littlefield schools attended a Forum meet at Texas Tech in Lubbock Wednesday.

Dr. Kenneth D. Benne of Boston, a pioneer in adult education and the study of group conduct, gave the keynote address at the third Mid-winter forum on Community Development begun.

More than 200 persons attended the meet, including West Texas community leaders and professional adult educators from Texas, Oklahoma, New Mexico, Arkansas, and Louisiana. The 13th Southwest Conference simultaneously with the Forum.

Eaton Says Crop Is 90 Per Cent In

County Agent David F. Eaton reports by a conservative estimate that Lamb county's crop is 90% gathered at this time.

The men did not make their usual survey of the number of bales ginned this week.

A total figure on the cotton production for Lamb county will be announced when the crop is completed.

Sheriff's Office Has Quiet Week

M. C. Brown, 20, colored man of Olton, pled guilty to theft. Since only last week he had paid a \$50.00 fine and costs for the same offense, Judge, Robert Kirk gave him a sentence of 120 days in jail plus costs.

He was arrested by Deputy Sheriff V. L. Smith of Olton. He had been stealing batteries from farmers in the area.

No Clues On Stolen Cadillac
The sheriff's department reports no clues on the Morris Cadillac that was stolen in Littlefield last week. The car was taken from the Morris driveway on East 16th St.

It was later seen in Floydada, but had not been reported missing at that time.

JUNIOR PLAY IS BIG SUCCESS
"June Mad" the Junior play that was given Monday night at the High school was a huge success. A large crowd attended.

Santa Will Arrive At 4 P. M. Today: Treasure Hunt Will Follow Parade

Santa Claus will abandon his sleigh and reindeer and ride the fire truck through downtown Littlefield. Members of the Lion's club will pass out candy to all of the children who come to see St. Nick. He will arrive at 4 p. m.

Girls will distribute tickets to the treasure hunt that follows the parade. These tickets may be matched to numbers on valuable merchandise that will be displayed in store windows.

A Family Shopping night will be observed by all merchants. Stores will be open until eight o'clock to permit shoppers to do their Christmas shopping from the large stock of Christmas items stocked by the merchants. Santa will be escorted by the Littlefield Wildcat Band. They will give Christmas selections as well as popular tunes. Beryl Harris directs the band.

Santa visits Littlefield each year. He looks forward to seeing all of his old friends and making new ones. He likes to know what all of his boys and girls want him to bring.

He has a huge pile of mail to read every year. The News-Leader has forwarded a huge pile of letters on to the North Pole. They will give Santa all of the letters they have received since they sent the huge packet.

Mrs. Santa is too busy to come with Santa this year. She must stay home and keep the work going to Santa will be able to deliver all of things the boys and girls have written for.

Rev. Haupt Speaks To Ministers

Rev. Henry Haupt, pastor of the First Presbyterian church, was guest speaker at the regular meeting of the Lubbock Ministerial Association held at the Asbury Methodist church in Lubbock.

Rev. Haupt spoke on the possibilities of religious radio and television. He also showed an audiotape film on a program, "Man to Man," which the association has voted to sponsor on KDUB-TV.

The speaker on the program, "Man to Man," is Dr. Louis Evans, minister at large for the Presbyterian church, USA. Dr. Evans is the former minister of the First Presbyterian church in Hollywood, California.

The Ministerial Association hopes that after a very short time the "Man to Man" program will be shown regularly on KDUB.

Tower Chimes Will Play Xmas Music For All

The Elms Tower Chimes on the First Methodist church in Littlefield will play from 9 a.m., to 9:08 each morning and again each day at noon, beginning Dec. 9.

On December 14 the chime will play five times each day until Christmas.

The music will all be Christmas music. It was the desire of the late J. T. Elms, who with his wife, gave the chimes to the church, that the chimes be played especially at Christmas and special occasions. He wanted all of his friends, regardless of denomination, to enjoy the music of the chimes.

What could be a more fitting tribute to the memory of so prominent a man? Mr. Elms was one of Littlefield's pioneers. At the time of his death he was acting president of the First National Bank where he had served as vice president for many years. He had many friends not only in Littlefield, but all over the area.

Frank Kimbrough Will Speak At Football Banquet

Frank Kimbrough, coach at West Texas State College in Canyon, will address the guests at the annual Football banquet to be held in the school cafeteria Monday night, December 12.

The pep-squad sponsors the banquet each year. The affair is in honor of the Wildcat team.

All of the coaches are also honor guests for the occasion.

Two Turkey Shoots Before Christmas

The Jaycees will have two more Turkey Shoots before Christmas. One on Dec. 11 and the other on Dec. 18, at the Municipal Airport.

The Jaycees will give Turkeys and hens. Shooting begins at 2 p.m., and stops at sundown. The public is urged to attend.

First Methodist Church Of Amherst To Have Formal Opening Sunday

Formal opening of the First Methodist Church building in Amherst will be Sunday, December 11. All friends and former members of the church are invited to attend.

The building, 122 x 114 feet, is of tile and brick construction.

The Sanctuary, 39 x 79 is finished in oak beams and has oak paneling and pews with a seating capacity of 300.

There are 11 Sunday School rooms, 30 x 50 fellowship hall, nursery, pastor's study, rest rooms, and 14 x 22 kitchen with all modern conveniences.

The building has 8512 square

feet of floor space and walks and entrances have more than 2,000 square feet of concrete.

Arvil Blair of Amherst was general contractor.

The building committee from the church had Stirl Harmon as chairman with other members, A. W. Messamore, Virgil Hinds, and W. P. Molland Sr.

The services Sunday will begin with Sunday School at 9:45 o'clock. Everyone attending is asked to meet in Fellowship Hall at 10:45 at which time the contractor will present the key to the sanctuary to the building committee chairman for the formal opening.

Basket lunch will be served at noon.

In the afternoon meeting, a history of the church, which was established in 1924, will be read and the cornerstone of the building will be laid with Rev. Vernon Henderson, district superintendent of Brownfield in charge of the ceremony.

Rev. Darris L. Egger of Hamlin, under whose pastorate the active building program was begun, will deliver the sermon in the night service.

Rev. Elton Wyatt, pastor has spent many hours working with the building committee, since he came to the church in May, 1954.

Cats Drop Game To Brownfield Cubs

By CHARLES DUVAL, JR.
The Littlefield Cats were barely edged by the Brownfield Cubs, 50 to 47 in an exciting game played at Littlefield last Tuesday night.

Sharp-shooting Cubs Britton and Moore sank baskets along Meeks who sank two free throws apiece to lengthen the Cubs lead. John Clayton, Wayne Wicker and Red Durham attempted to catch up by sinking shots from all around the court. Buddy Jones further added to the scoring by sinking two free shots. The score at the end of the first quarter stood 13 to 8.

Littlefield's offense stalled during the second quarter although John Clayton scored twice for the cats on long shots. The Cubs, on the other hand, continued their scoring as Petty and Meeks along with the help of teammate

Moore sank baskets to increase their lead to 24-12 as the half ended.

After the half, Littlefield's Johnny Burleson caught fire and sank twelve points in the 3rd quarter alone. Paul Yarbrough hit 3 free shots and a jump shot to shorten Brownfield's lead. Red Durham sank two jump shots along with the help of John Clayton and Wayne Wicker who popped the net once each for a basket. Brownfield scoring slowed down under the barrage of the heavy Littlefield scoring. Littlefield overcame Brownfield's lead by repeated scoring until the score stood at the end of the third quarter 37 to 36, in favor of the Cats.

Bad passes in the fourth quarter caused the Cats to lose the ball frequently and Brownfield's fast-breaking Cubs scored seven

times during the final period of play. John Clayton sank one basket along with Red Durham and Paul Yarbrough who did likewise. Bob Orr put three free shots through the bucket but Brownfield continued scoring so at the end of the contest Brownfield came out on top 50-47.

The Cats will journey to Abertnathy this week for a tournament.

Individual scoring for the Cats was as follows:
Johnny Burleson — 13
John Clayton — 10
"Red" Durham — 8
Paul Yarbrough — 7
Wayne Wicker — 4
Bob Orr — 3
Buddy Jones — 2

Cowboys Xmas Ball To Be Held In Anson

"The 1955 Cowboys' Christmas Ball, commemorative of 'Larry' Chittenden's ballad and a square dance at the Star Hotel at Anson in 1885 will be staged in Pioneer Hall, December 21-22-23 inclusive at 8:00 o'clock each evening. This, the 21st anniversary of the re-enactment of the original Cowboys' Christmas Ball.

A regulation will be in effect that participants wear costumes of the 80's and 90's on the nights of the 21-22-23. Long, full skirts, ruffles, hoops, polonaise, overskirts, basques, etc., will characterize feminine attire. (These are a must.) Women and girls must not wear blue jeans, trousers or slacks on floor. The old-time Texas cowboy will be in evidence in the masculine make-up, colorful with red bandana, plaid shirts, etc. Boots are not considered essential.

The Cowboys' Christmas Ball is truly a folk festival with a literary and historical background. Chittenden's cowboy ballad itself is "folksy" and is set in a "folksy" era. The folk-dancing, decoration, costuming, the fiddle and orchestra, the party—made up of the aged, men and women, youth and children all together—the Grand March led by descendants of pioneer settlers are all

Chrysler Corp. To Sponsor Teen Age Road-E-O

Chrysler Corporation has joined the Liberty Mutual Insurance Company and the American Trucking Associations, Inc., as co-sponsor of the U. S. Junior Chamber of Commerce's annual National Teen-Age Road-E-O.

This was announced today by John Whisman, National Safety Chairman of the Jaycees, following the first meeting of the 1956 Teen-Age Road-E-O in Washington, D. C.

The 1956 Fifth Annual Road-E-O will get under way in January with Jaycee chapters throughout the country planning community Teen-Age Road-E-O programs for March, April and May. State eliminations, also conducted by Jaycee chapters, are scheduled for June.

The state and territorial championships are expected to attract more than 375,000 teen-age motorists in more than 1,700 American communities. The 49 winners selected will go to the finals at the National Guard Armory in Washington August 6-9.

In local competition, contestants must pass written examination on traffic rules and road courtesy in addition to demonstrating their knowledge in actual driving tests on obstacle courses. Cooperating with the Jaycees in the average community Road-E-O are law enforcement personnel, safety engineers, automobile dealers, local business men and high school driver training instructors.

The national finals include a comprehensive driving knowledge test in addition to road and skill performance tests. The state winners also must demonstrate their driving ability in Washington traffic. Other factors to be considered include the psychological attitudes of contestants as shown through personal interviews and on a machine which records driver reactions.

Chrysler Corporation's entrance to help clear land. King and de la Vega are seniors this year at Tech. Ponce is a sophomore, and Williams is a junior. All are considering the idea of going to Guatemala following graduation.

"It's a place where a man wouldn't have to have a great deal of capital to get into agriculture," they said.

The students were accompanied on their trip by A. D. King Sr., Allen's father.

Tech Ag Majors Visit Guatemala

Four agricultural majors at Texas Tech recently discovered that Guatemala and the South Plains have something very definitely in common.

Cotton is a major crop in both areas.

The Tech students, Allen D. King Jr., of Merkel, Roland Ponce Jr. and Roger Williams, both of Lubbock, and Richard de la Vega, Guatemala, spent five weeks in Central America recently touring farms, ranches and plantations.

In Guatemala, some of the major crops the youths saw in production were coffee, sugar cane and cotton, the main exports of the country, as well as corn, tobacco, bananas, cocoa, citronella, sheep and cattle.

They noted that cotton there is hand-planted in 38-inch rows with each stalk about eight inches apart. Guatemalans have to spray heavily for insect control, probably as many as eight or nine times a season.

However, they said, there is no irrigated cotton, since rainfall is plentiful and dryland cotton overages three bales to the acre.

De la Vega explained that most agricultural work is done by hand planting—including harvesting and clearing some of the jungle land. However, he added, many of the large plantation owners have brought in heavy machinery

management has adopted for the convenience of the public and for the improvement of the postal service." Postmaster Joplin said the new combination mail service is on a 60-day trial basis. During this period comments of the public will be welcomed.

New Combination Mail Service Is Inaugurated

With the peak of the Christmas mailing season just around the corner, Postmaster Joplin today called attention to a new combination mail service which he said many patrons of the Littlefield Post Office should be interested in. The new service, he explained, allows the presence of a first class letter or other written message inside a package. All that's necessary is to note on the outside of the package that a letter is enclosed and put an additional stamp on the package.

Under the new service letters or other single pieces of First or Third Class mail may be placed inside Fourth Class parcels or inside copies of publications mailed under Second Class mail entry. Letters or other single pieces of First Class mail may also be placed inside Third Class packages.

This means the familiar phrase "we are sending under separate cover" is no longer necessary, the Postmaster said. In the past it has been possible to send a letter along with a package only by pasting the letter on the outside of the package and affixing the necessary postage.

This new combination service, which went into effect November 28, meets a genuine need, the Postmaster said. "It is one more improvement to add to the list of more than seventy procedural changes that the recent postal

different classes of mail together. "We are here to serve the public," the Postmaster General said, "and we are especially pleased that we can introduce combination mailings before the Christmas season when so many Americans depend upon the Department for delivery of their gifts and personal messages." Among the postal patrons needing to send two classes of mail together, the Postmaster also cited business firms sending substitute products and wanting to explain why that was done; magazine publishers sending gift certificates naming the donor with first copies of their publications to new subscribers; manufacturers sending operational, maintenance, and repair instructions with household appliances; and companies including sales letters with sample of merchandise.

Hogg Consultant In Sudan For Workshop

Emphasis was placed on the training of youth at the workshop meetings, beginning Sunday afternoon and continuing through Monday, conducted by Dr. A. C. Murphy of the University of Texas and a Hogg Foundation Consultant.

The workshop meetings got underway at 3 o'clock Sunday afternoon in the High school auditorium when Dr. Murphy led the program, stressing authoritative methods used with youth in the homes, the schools and churches.

Questions and comments of the audience were answered by Dr. Murphy. Mrs. J. A. Harris welcomed the guest. Supt. C. O. Gregory introduced the speaker. The invocation and benediction were given by M. E. Blake, pastor of the Sudan Church of Christ, and Odell Wilkes, high school principal.

Continuing the workshop Monday, Dr. Murphy conferred with each member of the Senior class of Sudan high school seeking to advise in the matters of vocational selections.

Climaxing the workshop series was a banquet, Monday evening at 7 in the school cafeteria, when Dr. Murphy continued the discussion of Youth leadership.

This is the second year the 1935 Study Club has sponsored a Hogg Foundation Consultant in Sudan. Workshop chairman this year was Mrs. E. J. Stone.

Another Column

Dear Annie:

When the Christmas trees begin to pile up on the lots for sale we long to be a child. You see, we never saw a Christmas tree in a home until we were ten years old. We were reared on this prairie and trees only went in churches.

All of the Christmas trees in homes were the scrub cedars that our Dad brought back from the "breaks" when he went hunting. There were no trees, no transportation to bring them. If there had been the expense would have been too great. Even fruit wasn't shipped in in large quantities, only for the holidays.

Our grandmother did not believe in "make-belief" so we did not believe in Santa Claus. We had many gifts and more than our share of material things, it is true. We believe that it would have been a lot more fun to get some candy, fruits and nuts believing that Santa Claus brought them. We envied other children who had not been robbed of this joy. Never once did we enlighten another child. As we look back we are proud that we were taught to keep our counsel.

Today as the organizations ask for collections for Christmas for little children, we are the first to contribute what little we have. We shudder to think that any child cannot have this pleasure, the greatest of all childhood joys. We write these lines to help you remember to put your bit into one of the Salvation Army pots, or to personally take Christmas to some child so his faith in Santa Claus will not be destroyed.

Lovingly,
Hallye

Aggie Head Speaks To Anton Study Club On Soil Conservation

The Anton Study club met Tuesday evening, November 29 in the home of Mrs. Alvin Crews. Mrs. Sid Landers, the vice president, presided.

Mrs. James Cathey presented the theme "Forward With Knowledge of Soil and Water Conservation."

Mrs. Kathey also introduced the guest speaker, David McVey, head of the agriculture department of Anton High school.

Mr. McVey discussed the sin against the land. He noted the hundreds of millions of dollars worth of damages that occur each year with the accelerated removal of soil by wind and water, our loss of precious top soil by a continuous taking from the land without giving something back to the soil. Conservation is not a new program, it goes back to the Bible in the law of Moses.

We realize that conservation is a personal responsibility and we give our pledge as an American to save and faithfully to defend from waste the natural resources of our country, its soil and minerals.

During the business session, the club voted to induct the president, Mrs. Vernon Bridges to appoint a Scout committee so the club members may be better informed of the needs of sponsored groups.

Mrs. Claude Couch presided at the refreshment table which bore a beautiful fall setting of autumn leaves and an arrangement of dried plants in glistening gold.

Refreshments of coffee, cider, nuts, mints and pecan pie were served to 17 members and two guests, Mr. and Mrs. David McVey.

The next meeting will be December 13 at the home of Mrs. Ed Hart.

The program will be carols by the Anton high school chorus, directed by W. C. Brewer.

MR. and MRS. CLYDE EDMONDS

Mr. & Mrs. Clyde Edmonds, Newly-weds, To Live In Roswell, New Mexico

In a quiet ceremony read before family members and friends, Mrs. Wynona Kay Edmonds became the bride of Clyde Edmonds. The ceremony was read at 2:30 Sunday with Rev. W. H. Vanderpool pastor of the First Methodist Church reading the vows in the sanctuary of the church.

Baskets of white gladioli and chrysanthemums decorated the altar.

The bride, who was given in marriage by her father, Wayne Kramp of Houston, wore an embroidered pink satin dress fashioned on princess lines. Her slippers and hat were brocaded pink satin. She carried white gardenias on a white Bible with white streamers.

Miss Maurine Carey of Roswell served the bride as maid of honor. She wore a midnight blue ensemble with blue suede shoes and a blue velvet hat. She carried a bouquet of pink carnations.

Capt. J. Kinkaid of Roswell served as best man.

Ushers were: Jimmie Cockerham and Bob Coen of Littlefield.

Mr. Hugh Ellison sang vocal numbers accompanied on the organ by Miss Trudy McGee, who played Lohengrin's Wedding March.

During the ceremony Mr. Ellison sang, "I Love You Truly," as the couple knelt at the altar he sang "The Lord's Prayer."

Following the ceremony the reception was held in the church parlor. The serving table was laid with a white cut work cloth. It was centered with a 3-tiered wedding cake. The cake was served with punch.

The couple left after the reception for a wedding trip to Ft. Worth. For travel the bride wore a navy suit with a pink hat and gloves.

Mrs. Edmonds attended school in Artesia, Houston, and is a graduate of a modeling school in Houston. She was secretary to the president of the Citizen's National Bank in Roswell.

Mr. Edmonds is a graduate of New Mexico Military Institute where he is the Assistant Commandante. He accepted this position after his tour of duty in the Armed Forces.

Couple To Hold Open House
Next Sunday the couple will hold open house in their newly completed home in Roswell. They will serve the two top tiers of their wedding cake. All friends of the couple are invited to the open house.

MRS. R. A. REED

Mrs. M. A. Reed Has Led An Interesting Life

Mrs. R. A. Reed, whose name you see on all Fieldton Facts, was born Jessie Johnson.

She was born in Kaufman county near Terrell, Texas. From there her parents, Mr. and Mrs. F. S. Johnson moved to Albany, Texas.

In 1915 Jessie Johnson and Allen Reed were married. They moved to Fieldton in 1929. Mr.

Reed has operated a garage there for many years.

Mrs. Reed's chief interest in life are her five grown sons and daughters. They are: Mrs. J. E. Lassiter, Mrs. Gene Williams, Mrs. Gene Becker, Littlefield; Raymond Reed, Parkville, Mo.; and Frank Reed of Deming, N. M.

She has eight grandchildren. For many years Mrs. Reed was active in Home Demonstration Club work, and many other community endeavors.

Her main hobby now is growing flowers. She spends many hours, preparing soil, planting, and fertilizing her plants. She gets the most pleasure of taking the flowers to the sick, or giving them to the people who enjoy them.

Mr. and Mrs. Reed are members of the First Methodist church in Littlefield, but attend the Baptist church at Fieldton because it is more convenient.

Mrs. Reed loves her work as a correspondent. It is purely hobby with her. She loves people and their doings, and does an excellent job of reporting the happenings of her community.

Letters To Santa Claus

DEAR SANTA CLAUSE:
I'm looking forward to your visit this year. Please visit boys and girls everywhere. Thank you for the gifts last year. This year I would like a tiny tears doll, and a real nurses kit. I would like some clothes for my doll and a bassinette too. Glenna has been a good girl too, and she would like a tiny tears doll and clothes and bassinette too, and some dishes and make them plastic and pretty so they won't break easy. I am going to leave you some cake and cookies by the Christmas tree.
Merry Christmas and Happy New Year.
Love,
Brenda and Glenna

DEAR SANTA CLAUSE:
I am a little boy 13 months old. I am an only child so makes my chances of a dear sweet child kinda slim. My mother thinks I have been a good boy, so I talked her into this little deal.
Santa, I want a tricycle, a Wonder horse and some pretty new clothes, but most of all I want my Daddy home for my second

Christmas. Last year he was only a few miles south of you. This year I have been a good boy, so please Mr. Santa I want a Daddy, my Daddy who is in the U. S. Army home with Momie and me.
Your little pal,
Craig Dunson

DEAR SANTA CLAUSE:
I am a little girl, 8 years old. I am in the third grade. Will you bring me a bicycle and a doll bed and a doll that will suck her thumb, and don't forget all the little boys and girls.
I love you, Santa,
Arlotta Reagan

DEAR SANTA:
I am a boy seven years old. I am a good boy. I would like a saddle and bridle and a machine gun.

Sandhills Philosopher—

Editor's note: The Sandhills Philosopher
 at Johnson grass farm has been thinking
 about the farm problem again, but the prob-

 Secretary of Agriculture Benson has call-
 ed "everybody" to send him some answers
 to the farm pricing problem; so I brought
 them up at the meeting around a stove
 the other cold snap last week and here are
 the ideas I picked up, and Sec. Ben-
 son's welcome to them:
 "The whole trouble comes from ever

 It's just hard to go back to the days
 of gallus farming when you've gotten

 "The way to reduce the farm surplus
 is to stop producing so much, and
 to do that is to abolish the tractor.
 The tractor is what enabled a farmer to pro-
 duce four times as much as he used to. Get
 rid of the tractor, outlaw the use of the tractor,
 and in two years we won't have a surplus.
 Let the farmer loose, let him produce all
 he can, provided he does it with horses and
 oxen."
 "Won't work. All it'd do is bring on a
 famine for the tractor manufacturers.
 The way to do it is to put all the white-collar
 experts and professional agriculturists
 to work farming. Nothing will produce a
 surplus faster than that."
 "What about this soil bank idea? Take
 the land out of cultivation, build
 up the soil's fertility and hold it in readiness
 for the country's population doubles."
 "Won't work. It'd work all right may-

Fighting On The Wrong Front

With our foreign markets already lost
 forever, we in the cotton country last month
 were spending our energies fighting political
 battles for more money for more cotton,
 while the largest maker of synthetic fibers
 was announcing another voluntary reduction
 in the price of nylon, dacron and orlon.
 Instead of trying to get the politicians to
 solve their problems, the producers of syn-
 thetics are figuring out ways to produce
 more efficiently. Then because they must
 do their own selling, they pass a part of the
 savings along to their customers.
 Unless we get competitive, our days as
 cotton producers are numbered. We don't
 have enough political power to force our
 product on the American people indefinitely
 at a price which is higher than they will
 willingly pay in the market place.

STEVENSON LEADS NIXON IN NATIONWIDE PRESIDENTIAL TRIAL HEAT ELECTION

By KENNETH FINK, Director
 Princeton Research Service
 How would citizens across the U. S. A.
 vote today for President if former Illinois
 Governor Adlai Stevenson were the Demo-
 cratic Presidential candidate and Vice Pres-
 ident Nixon were the Republican? Results
 of the latest United States Poll survey find-
 ings indicate that the 1952 Democratic Presi-
 dential candidate would win over his Republican
 opponent. When United States Poll staff re-
 porters put the following question to a repre-
 sentative cross-section of the nation's voters:

"Suppose the Presidential election were
 being held today. If Vice President Nixon
 were the Republican candidate and former
 Governor Adlai Stevenson were the Demo-
 cratic candidate, which one would you like to
 see win—the Republican Nixon or the Demo-
 cratic Stevenson?"

The results:

Nationwide	
Stevenson	51.2%
Nixon	44.4
Undecided	4.4

With the 4.4 per cent who said they were
 undecided eliminated, the vote divides 53.6
 per cent for Mr. Stevenson and 46.4 per cent
 for Mr. Nixon.

Highlighting today's survey findings is the
 fact that Independents—the group that will
 decide the winner in next November's Presi-
 dential election—divide exactly evenly be-
 tween the two candidates.

Independents Only, Nationwide

Stevenson	46%
Nixon	46
Undecided	8

Survey findings also show that 12 out of
 100 Republicans questioned in the survey say
 they would vote for Democratic candidate
 Stevenson.

Republicans Only, Nationwide

Stevenson	12%
Nixon	84
Undecided	4

At the same time, Vice President Nixon
 also gets the support of 12 out of every 100
 Democratic voters.

Democrats Only, Nationwide

Stevenson	85%
Nixon	12
Undecided	3

In this trial heat election, there are a num-
 ber of factors that must be kept in mind.

1. All sampling surveys are subject to a margin of error, which in the case of Princeton Research Service has averaged about 3 percentage points.
2. A trial heat election nearly a year in advance of an election reflects the popularity of the candidate somewhat more than it does the popularity of the parties. In all Presidential elections, both candidates popularity and party affiliation are important.
3. It must be understood that today's trial heat election reflects only current sentiment and that much can happen between now and next November.

 4."

As you can see, this area is pretty well
 divided on the solution to the farm problem,
 and if the rest of the country is in the same
 shape, you can understand how it's hard for
 me to understand how anybody would want
 the job of finding an answer. Secretary Ben-
 son is welcome to his job. I don't think any-
 body out here wants it.

Yours faithfully,

Must We Have Fake Traffic Laws?

The curse of American highways today is
 the unenforced traffic law, the bogus speed
 limit. From coast to coast, motorists are con-
 fronted with traffic regulations so unrealistic
 that police don't even try to enforce them.

Writing in the December Reader's Digest,
 Don Wharton says, "Highway studies have
 proved again and again that unreasonable
 and unenforced regulations cause motorists
 to lose respect for all traffic laws."

In New York State, where highway laws
 haven't been overhauled since 1929, the
 speed limit is 50. It applies equally to four-
 lane divided highways and two-lane curving
 roads. Motorists therefore pay little atten-
 tion to any speed signs. Checks taken last
 year at 41 sites showed that on four-lane
 highways 65 of 100 drivers exceeded the
 speed limit is 50. It applies equally to four-
 motorists who usually exceed ridiculously
 low speed limits will obey those which they
 believe justifiable.

That the average American driver is more
 careful is attested by the declining death-
 rate, despite the greater number of fatalities.
 The death rate might be lowered further by
 instituting reasonable, enforceable laws. In
 the state of Washington, where the speed
 limit was raised from 50 to 60 on 225 miles
 of primary highway, fatal accidents de-
 creased 33 per cent. Other localities report
 similar declines in accident rates after rais-
 ing speed limits to reasonable levels.

Certain other traffic-control regulations
 are equally unwarranted. Stop lights going
 around the clock at sparsely traveled inter-
 sections cause rear-end collisions which
 might well be avoided by blinker lights.

"Highways belong to drivers and not to
 bureaucracies," Wharton points out. He
 urges that motorists protest, through news-
 papers and civic clubs, specific examples of
 unreasonable laws.

Something For Nothing

An interesting discussion of trading stamps
 appeared in the November issue of Time
 Magazine. Among other things they noted
 the results of two surveys by U. S. universi-
 ties.

The Stamford Research Institute reported
 that in the Denver area almost two out of
 three shoppers believed that the stamps
 meant they were getting something for no-
 thing. But the University of New Mexico Bu-
 reau of Business Research discovered that
 most stores giving stamps raised prices about
 four per cent to cover the extra expense.

Cost of most stamps is actually about
 three percent of sales. Value of the pre-
 miums given is about two-thirds of this.

In order for most retailers to cover this
 cost without a higher markup, they must
 get a twenty per cent increase in volume.
 This can happen to the first store to put
 them in. But when his competitors start
 buying and giving stamps in self defense,
 the advantage disappears for all of them. Yet
 all must continue to pay the cost of the
 stamps and recover that cost from their
 customers.

As far back as 1916 the U. S. Supreme
 Court called them "an appeal to stupidity."
 Yet recently when Safeway food stores called
 the stamp idea "nothing but a shell game
 to distract the consumer from the fact that
 she is paying higher prices" and slashed
 prices to meet stamp competition, the Jus-
 tice Department charged the chain with an
 anti-trust violation.

However, it doesn't make much differ-
 ence how impossible we know it is to get
 something for nothing, human beings still
 like to try. Everyone knows you can't beat
 the horses or the slot machines, but billions
 of dollars are spent every year around the
 world by people who like to try it anyway.

treatment or to feel that new power ranging up to 205 H.P.

There's so much fresh new styling in the "One-
 Fifty" it's hard to believe the car costs so little.
 It has new chrome—including both windshield
 and back window reveals—and its own dis-
 tinctive two-toning. It stretches long and clean
 from grille to taillights (the left one hides the
 gas cap). It offers new power, V8 or 6, steering
 and handling ease few cars can match, plus all

of Chevrolet's great performance and safety
 features. Directional signals and safety door
 locks are standard equipment. Seat belts, with
 or without shoulder harnesses, and instrument
 panel padding are available at extra cost.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN — Santa Claus is crowding even the politicians out of Texas news.

Texas retailers expect the largest Christmas trade in history. It will top off a year in which sales already are running ahead of 1954 by 11 per cent.

Two boom problems harass merchants, says the University of Texas Bureau of Business Research. One is whether they have adequate stocks to meet consumer demands. The other is recruiting extra sales forces.

For job seekers this spells bright opportunities. A record employment peak in December is forecast by the Texas Employment Commission.

Employment in Texas right now is at an all-time high. More than 2,790,800 workers are on the job. Retail stores this month will add 30,000 more employees, and postoffices 13,000.

A word of warning for shippers came from the Texas Safety Association. It urged pedestrians not to pile their arms so high with parcels that they can't see to cross streets safely.

Probation Needs Cited
Lack of a probation staff creates unnecessary hazards and expense to Texas citizens, says the State Board of Pardons and Paroles.

Many prisoners deserving parole are kept behind bars because the state does not have a staff to supervise them after release. And relief payments to families of such men are estimated at \$290,000.

But even without clemency, 95 per cent of those in prison will some day rejoin the outside world. To prevent their returning to crime, the board recommends a rehabilitation program in prison, also supervision and guidance for parolees.

Education Superboard Named
Fifteen Texans will begin their duties next month on the state's newest board, the Commission on Higher Education.

Created by the last legislature, the commission is to be a "superboard" of regents. It will set

broader policy and present a single appropriation request for Texas' 22 institutions of higher learning.

Also it can consolidate or eliminate certain college programs and pass on legislative bills to create additional senior colleges.

Al Muldrow, Brownfield oilman and former secretary of state, was named temporary chairman by Gov. Allan Shivers. Others appointed were M. W. Durham Jr. of Amarillo; R. T. Waddell of Odessa; Killen B. Moore of Vernon; Fred L. Flynn of Harlingen; M. W. Glosserman of Lockhart; Dr. Harry M. Shytles of Sherman and Dr. H. F. Connally Jr. of Waco.

Also Harris Melasky of Taylor; Haj H. Dewar of San Antonio; John W. Newton of Beaumont; Mrs. J. F. Boren of Abilene; Jack Cox of Corpus Christi; Millard Cope of Marshall; and John Redditt of Lufkin.

Dallas Loses, Others Benefit
Denton, Collin, Kaufman and Navarro counties will get more than three million dollars in road building money, thanks to Dallas county voters who twice rejected a proposed car tax.

This left Dallas county officials at a loss as to how to provide money to buy right-of-way for roads. Right-of-way already had been secured by the other four counties. So Highway Commission Chairman E. H. Thornton Jr. allocated \$3,208,000 to the other counties.

Gas Rate Test Scheduled
Whether Texans will have to pay more to heat their homes may be decided in a case to be heard by the State Supreme Court on Jan. 25.

Principals in the suit are the Railroad Commission and the City of Alvin, on one side; and the Houston Natural Gas Company, on the other.

Point of disagreement is whether the original cost or the present replacement cost of company property should serve as a basis in setting rates.

If the gas company is successful in establishing a rate for

mula based on today's inflated property values, the door apparently will be opened for increases in many Texas cities.

Home Is Where Husband Is
A man in military service can require his wife to move to the various points where he may be assigned.

So held the Supreme Court of Texas in upholding a divorce granted by an El Paso district court to Louis R. Bustos. His wife insisted on remaining in her Maryland home and refused to go with him from one military station to another.

Another Supreme Court ruling of interest awarded a Coryell County garage owner \$1,000 found in a fruit jar by a workman digging up the foundation.

Money "misaid"—rather than "lost"—should go to the landowner, said the court—thus upsetting the old "finders-keepers" rule.

Announces For Judgeship
District Judge Jesse Owens of Vernon has announced he will seek the post held by Judge W. A. Morrison of the Court of Criminal Appeals.

Owens ran for a place in the same court in 1954. Morrison, serving his first term, is senior and presiding judge of the three-member court.

SHORT SNORTS—Chances of a special session of the Texas legislature in 1956 are slim. Legislative chambers will undergo a \$306,000 air conditioning job between now and January 1, 1957.

Now in the Texas House of Representatives is a portrait of the late James Harvey Robertson. He authored the law which opened the door to Texas' present \$5,000,000,000 insurance industry.

Gov. Allan Shivers appointed Sen. Searey Bracewell of Houston and Rep. W. S. Heatly of Paducah as Texas representatives on the Southern States Regional Education Board's legislative advisory council.

Sen. Rogers Kelley of Edinburg has been named chairman of the American Legion's National Foreign Relations Commission for the fifth consecutive year. Five other Texans received vice chairmanships. They are H. Miller Ainsworth of Luling; Ernest S. Goens of Dallas; Ed Riedel of Austin; Frank Steidle of Jourdanton; and T. E. Steele of Midland.

It's a waste of ammunition unless you have a good aim in life.

Electrification Of Texas Farms Continues

COLLEGE STATION — The 1954 agricultural census recorded a total of 292,946 farms in Texas. The total number electrified last November stood at 289,219 for a percentage total of 91.9. By contrast, in 1940 only 22.4 per cent of the farms reporting were electrified; by 1950 the number had jumped to 260,373 farms or 78.5 per cent.

In 1940 only 17.5 per cent of all farms in the state reporting had telephones. During the next 10 years the percentage rose to 23.9 per cent but from 1950-54 the percentage jumped to 38 per cent.

A summary of the preliminary reports from the 1954 Census of Agriculture covering Texas also show that rural residents have equipped their farms and homes

with many electrical appliances for making life in the country more enjoyable and also have used electricity to save labor and increase production.

The summary shows that by October 1954, 30.8 per cent of all farms had television; 68.1 per cent had piped running water; 32.1 per cent had a home freezer; 12.6 per cent had a power feed grinder; 3.4 per cent a milking machine, and 8 per cent used electric pig brooders.

It must be remembered, points out Extension Agricultural Engineer W. L. Ullich, that the percentages are for all farms in the state and that the percentages vary with almost every county. In the case of feed grinders, he says the greatest numbers are found in the counties where much grain and forage is produced and fed to livestock and poultry. Milking machines are most numerous in the counties where dairying is of major importance.

Electricity, he adds, has provided the energy needed to replace manpower, and bring more efficient production to the farm. Motors and appliances handle the chores which formerly required human labor, and they do it faster and cheaper. Research, he says, is continually coming up with new machinery and equip-

ment for making the job of the farmer less tiring and more profitable and electricity is a source of power in the picture.

Letters To Santa Claus

DEAR SANTA:
I am a little girl 3 years old. My address is 117 East 13th St., Littlefield, Texas. I have been a good girl and would like for you to bring me "A Tiny Tear Doll," a doll that has a doll bed and a little carriage. I would also like some nuts and candy, including a bubble gum bank. Most of all, Santa, I want Judy to come home. Santa, please bring all the good things to all the children in this time.

Your little friend,
Jan Christian
P.S. You will find something eat by my stocking colored blue and white. J.C.

DEAR SANTA:
I am a little boy. I am 7 years old. I am writing for myself, my two brothers and my little sister. I would like for you to bring me a new bicycle. Don, age 6, would like a sidewalk bicycle. Roy, age 5, wants a new tricycle. Kay, age 4, wants a new tricycle. We will leave cookies and cocoa for you on the dining table. Please remember all the little children all over the world.

Thank you very much.
Jimmy Rea Burk

DEAR SANTA:
I am a boy seven years old. My name is Tommy Hood. Please bring me a pair of football shoes and a guitar. Don't forget my baby sister, she wants a doll.

Thanks,
Tommy Hood.

DEAR SANTA:
I am a little girl 3 years old. I have a little brother 20 months old. His name is Lynn. I want a record player and a pretty doll with long hair. Lynn wants a tractor to ride, and some cars.

Yours truly,
Ellen Williams
Rt. 2, Sudan, Texas

TO SANTA CLAUSE:
Will you send me a doll majoret and some doll clothes.

From

Strangers - with a Mutual Friend!

Anyone who owns and drives a Cadillac will find this a familiar scene. For it is not at all unusual for Cadillac owners to salute one another as they pass on the highway . . . or to exchange approving nods as they wait for the traffic light to change.

Cadillac owners, you see, know that they have at least one mutual friend . . . in the Cadillac car.

And the chances are that if these two motorists were to meet, they would find they had a great deal more in common than just their affection for the "car of cars."

For Cadillac owners, taking them by and large, are people who share a keen appreciation for the finer things in life. And, generally speaking, they are people of unusual practical wisdom . . . who have found in Cadillac the most economical means to the finest end in motordom.

They have learned, for instance, how reasonable a Cadillac can be insofar as original cost is concerned—actually within a few dollars of many "medium-priced" cars.

They have seen for themselves how economical a Cadillac is to operate through the miles . . . and how wonderfully dependable it is through the months and through the years.

And they have savored that final reward for choosing the "car of cars"—Cadillac's extraordinary resale value.

Perhaps, in view of these remarkable facts, the time has come for you to meet this wonderful friend of America's most demanding motorists.

We'll be delighted to introduce you a any time you find convenient—and to supervise a personal demonstration on the highway.

Why not come in today?

Football Players Are Honored By Pep Squad At Banquet Thursday

By MRS. LESTER LA GRANGE
PEP SQUAD HAS BANQUET

The annual pep squad banquet given for Amherst high school football players was held Thursday night at seven o'clock in the school lunch room.

The large U-shaped table had a center arrangement representing a football field, complete with players in miniature. The "players" with numbers on their backs were given to the respective player who wore that number, as favors.

Arrangements of white chrysanthemums and carnations, tinted royal blue, the school colors, were used for decoration.

Coach Kimbrough from West Texas State College, Canyon, was speaker for the evening.

Coach Lamar Kelly, Mrs. Kelly, Coaches Wayne Tripp and Floyd Russell, Mrs. Russell, Supt. and Mrs. V. P. Osborne, Dr. and Mrs. John Kantor, Mr. and Mrs. A. T. Hedgpeth, Mrs. Mary Harrell and Miss Eleanor Dudgeon, were among the 70 attending.

JOHN MCCRORY HAS HEART ATTACK

John McCrory of Levelland suffered a heart attack last week and is confined to a Levelland hospital. His wife is the former Martha Willett of Amherst.

Mr. and Mrs. Neil Duff were in Levelland Sunday and Mrs. Rogers Willett, Mrs. McCrory's mother of Pampa, is there with her daughter and family.

BAPTIST CIRCLES MEET

The Annie Armstrong and Lottie Moon circles of the Baptist W.M.U. observed their annual week of prayer, Monday through Friday last week.

The meetings were held at 2:30 o'clock in the afternoons, except Wednesday, which was at the prayer meeting hour.

Mrs. Randall Crawford had charge of the programs with several members participating. The programs were studies of Foreign Missions in general and a survey of the fields and their needs.

The Lottie Moon offering was taken and is being and is being kept open through December for additional offerings.

The meetings were well attended.

Sherry Tomes, daughter of Mr. and Mrs. Clois Tomes entertained with a slumber party Friday night.

Girls enjoying the party were Darlene Hartley, Linda Clayton, Brenda Batson, Barbara Clayton, Genna Baker and Carolyn Griffing and the hostess.

Miss Maurine Johnston of Midland was the weekend guest of Mr. and Mrs. Jack Durham and family.

Mr. and Mrs. W. P. Stone, Mr. and Mrs. Jim Edwards, Mr. and Mrs. Jon Cornelius, and Rev. and Mrs. Elton Wyatt, accompanied the basketball teams to Friona Friday night.

Mr. and Mrs. Millard Phillips were guests of Mr. and Mrs. Owen Kirk in Whitharral Sunday.

Mr. and Mrs. Leonard McCoy of Oregon were guests of Mr. and Mrs. Kirk. She is Mr. Kirk's sister. A large group of relatives and friends were guests, also.

Mr. and Mrs. S. D. Sweet of Louisiana arrived Friday for a visit with his mother, Mrs. Oscar Sweet.

Miss Eleanor Dudgeon spent the weekend with friends in Sweetwater.

Mrs. Kenneth White and little sons, Ken and Johnny, of Lubbock, spent Monday with her parents, Mr. and Mrs. Neil Duffy.

Lawrence Daniel is on the sick list this week.

Mrs. Tom Duggan arrived last week from Oklahoma City and is spending some time here and with her daughter, Mrs. Lloyd Crosby and family in Littlefield.

Mr. and Mrs. Ed Crane are spending this week with relatives in Dallas.

Mr. and Mrs. R. T. Watts of Wheeler county, recently purchased the Luther Caraway farm south of town.

Mr. and Mrs. Caraway plan to move on his father's, J. M. Caraway, farm nearby.

Mrs. Maude Kellogg was able to return to her home Saturday after spending some time in the hospital.

Mr. and Mrs. James Porter and

 PINEAPPLE UPSIDE DOWN CAKE...

PINEAPPLE FLAVOR
 IN EVERY BITE

MADE WITH
 INSTANT PET
 NONFAT DRY MILK
 PINEAPPLE
 WHITE CAKE MIX

PINEAPPLE UPSIDE DOWN CAKE
 1 lb. 4-oz. can sliced pineapple
 1/4 cup butter or margarine
 1 cup brown sugar
 17-oz. pkg. white cake mix*
 1/4 cup Instant PET Nonfat Dry Milk
 Drain and measure syrup from pine-
 apple. If necessary, add enough water
 to syrup to make 1 1/4 cups. Melt but-
 ter in a 10-in. skillet over low heat.
 Remove from heat and sprinkle
 brown sugar over melted butter. Ar-
 range 8 pineapple slices on sugar.
 Let stand. Put cake mix into a 2-quart
 bowl. Mix in Instant PET with a
 spoon. Add 1/2 cup pineapple syrup.
 Beat hard 2 min. Then add 1/2 cup
 syrup and beat hard 1 min. Add syrup
 that is left and beat hard 1 min. Pour
 batter over pineapple slices in skillet.
 Bake on oven rack slightly below
 center in 375 oven (high moderate)
 about 45 to 50 min., or until cake
 pulls from sides of skillet. Remove
 from oven. Let cake stand 5 min.;
 then turn out. Decorate with mara-
 schino cherries, if desired.
 *Use a well-known brand calling for
 milk on the package.
 Note: If cast iron skillet is used,
 bake cake at 350.

LITTLEFIELD, LAMB CO., TEXAS, THURSDAY, DECEMBER 8, 1955

NUMBER 28

Market Place for
the Littlefield
Area"

**Murray
and Will
Appear Here**

McMurry College Indian
will be presented in a con-
cert, symphonic se-
ries, and specialty num-
bers, Tuesday, Dec. 13,
at 8 p. m. at the Littlefield high school au-
ditorium.

McMurry Band's concert in
Littlefield, under direction of
Dr. T. Bynum, will be one
which will give on a
tour of West Texas

J. W. Giddens Jr., son of Mr.
J. W. Giddens of Little-
field, will make the tour with
the McMurry Band, a sophomore
band, graduated from Lit-
tlefield high school in 1953. He
is a member of the LHS band
and has won honors in Interscholastic
Band competition. A
major at McMurry,
plans to be a band
leader when he graduates.

It is said that some of the
concerts to be played by the Mc-
Murry Band are the same as
played last spring on its 16-
concert and sight-seeing tour
of European capital cities.

The concert will get underway
with a brass fanfare by the
band's trumpets. After
the musical program will
be the march "Emblem
of the Overture" "The
Galathea."

Instrumental soloists
featured on the band's
program, including Bob New-
man, Etelita Bergen,
phonograph; Don Davis, trom-
bone; Audrey Carver, marimba;
Campbell, vibraphone.
Special variety is supplied
by the string trio playing "The
Fodernaires," a piccolo
duet on "The Cricket and
Frog," and numerous
mambos, and other La-
tino rhythms.

King, soprano, a fea-
turalist on the band's Eu-
ropean tour, will sing "Sweet
from the operetta May-

ny flavor of the Christmas
will be added to the pro-
gram with a vocal trio rendition of
"Wonderland" by the
sisters, band members
mesa.

A piece concert band will
winter tour in the two
buses owned by McMurry.
Other cities and com-
munities in which they will per-
form are Hamlin, Spur, Lockney,
Abernathy, Levelland,
and Snyder.

There has been a professor of
musical music and director
of the band at McMurry College
for 16 years. Prior to that he ser-
ved in the Abilene Public
School system, directing the Abilene
School Eagle Band, all-
band, orchestra, and con-
cert instrumental music
of the city's entire
system.

During that period, some 2,000
pupils received musical
instruction under his baton.
Coming to McMurry, By-
num has built a college band
of well-known and well-re-
spected throughout Texas and the
west. In ever-increasing

Are All Cold Remedies Alike?

No! For example, 666 is the wide-
activity medicine, which combines 4
of the most effective, widely-pre-
scribed drugs known, to relieve all
cold miseries sooner. 666 is more
potent and gives positive, dramatic,
rapid relief from miseries of all kinds
of colds. That's why 666 is unsur-
passed in effectiveness. Try it.

Funeral services were conducted Tuesday morning, Dec. 6, at 10 o'clock at the Harding and Orr Funeral Home in El Paso for J. T. Agee, father of Mrs. Bob Drake of Sudan.

Mr. Agee, age 73, died Saturday in El Paso, following a prolonged illness.

He is survived by his wife, four children; a son, G. W. of El Paso three daughters, Mrs. Fred Phillips of Peru, Mrs. Gordon Goodwin of Cape Gerado, Mo., and

Mrs. Drake of Sudan.

Airman 2-c Franklin Moore and his mother, Mrs. Phinus Moore of Littlefield were Sudan visitors Monday in the home of Mr. and Mrs. Red Davison. They also visited with other friends while here.

Former Sudan resident, Airman Moore recently returned from twelve months overseas duty in French Morocco, Africa. Following 34 days leave with his parents, Mr. and Mrs. Phinus Moore of Littlefield, Franklin will be stationed at McClelland Air Force Base in Sacramento, Calif.

Bobby and Brenda Drake were guests the first of the week in the C. H. Lindau home while their parents, Mr. and Mrs. Bob Drake were in El Paso to attend the

funeral services of their grandfather, J. T. Agee.

OMEGA CHI EPSILON HEADQUARTERS MOVED

The national headquarters of Omega Chi Epsilon, honorary chemical engineering fraternity, has been moved to the University of Texas.

Three University faculty members hold national offices in the organization: Dr. Kenneth A. Kobe, president; Dr. W. A. Cunningham, secretary, and Dr. Howard F. Rase, treasurer.

"God Hath Spoken"

The message of Jesus Christ and his apostles is God's message, and it is to be followed as bearing God's authority.

God Has Spoken By His Son

Hebrews 1:1-2: "God who at sundry times and in divers manners spake in time past unto the fathers by the prophets, hath in these last days spoken unto us by his Son . . ."

The Authority of Jesus

Matthew 7:28-29: "And it came to pass, when Jesus had ended these sayings, the people were astonished at his doctrine, for he taught them as one having authority, and not as the scribes."

We Must Hear Him

Matthew 17:5 "This is my beloved Son, in whom I am well pleased; hear ye him."

Authority Given to the Apostles

John 17:8: "For I have given unto them the words which thou gavest me . . ."

An Exhortation

Hebrews 12:25: "See that ye refuse not him that speaketh."

The experts acclaim LINCOLN

NEWSWEEK . . . "The 1956 Lincoln is a completely revamped car . . . longer, lower, and wider . . . with 285 horsepower and styling patterned after the experimental 'Lincoln Futura.' Biggest innovations are safety features, developed after years of crash-testing . . . a safety-flex steering wheel, spring-resistant door locks, optional safety belts."

WALL STREET JOURNAL . . . "The new 1956 Lincolns meet a smash response . . . Completely restyled, longer and more powerful . . . one of the few makes to feature a major re-do in looks for 1956. Head lamps are hooded. Larger taillights slash forward . . . 'Jet-pod' bumper guards house oval-shaped exhausts on both sides."

COLLIER'S . . . "Lincoln's attempt to penetrate the big-car market more deeply is based on more than prestige. Lincoln is a big car, yet . . . it conveys an impression of small-car maneuverability . . . barely five feet high, it has a ground-hugging appearance. Horsepower boosted to 285, and there are new safety devices."

VOGUE . . . "Fashion news arriving by car: the Lincoln's body is new, its engine is new, its safety wheel is new, and so are the airplane-type toggle switches. With the exception of airport limousines and the like, this is one of the longest cars in America. Handsome accessory to fashion, too, as it happens."

...and the public agrees!

LINCOLN FOR 1956

Fine car buyers are so enthusiastic about this new Lincoln that there has been, literally, a waiting list for these cars since announcement day. And the demand is still mounting. To be sure of driving the Lincoln of your choice at an early date, come in soon.

Another Lincoln "First" . . . The Robot-Top . . . The 1956 Lincoln Convertible has the first completely automatic self-locking top—for the quickest, easiest "top-up, top-down" converting ever. No handles or levers to struggle with . . . nothing to touch but the control.

"We Planned for MODERN ELECTRIC Living!"

says MRS. JOHN C. CORNELL

2720 WALLACE STREET CLOVIS, N. M.

When you plan for modern electric living, as the Cornells did, you plan for pleasant, gracious, comfortable living.

"My husband's experience in the home building business helped us in planning enough outlets and wiring circuits to enjoy all of our electric appliances."

You, too, can call on the experience of your builder and qualified electrical contractor for electric wiring that will meet your present day needs — and those of the future. Good home wiring — the lifeline of pleasant electric living — never costs less than it does when you are building a new home.

Plan for modern electric living, as the Cornells did, and you plan for living at its best.

Mrs. Cornell's all-electric kitchen features built-in electric range and refrigerator units. "We chose built-ins because of the convenience and space saving features which they offer."

"Automatic and exact", that's the kind of heat Mrs. Cornell gets from her electric range. And that's the kind you'll get from an electric range, whether your choice is for built-in units or a conventional range.

"Plenty of freezer space was one of our goals in planning our new home. This built-in freezer-refrigerator takes very little space, and gives Mrs. Cornell plenty of right-at-hand food storage capacity."

"Our electric washer-dryer combination is wonderful because I can do my laundry any time — day or night — with such effort". Here's the real beauty of electric living, you can do the work when you want and, because it is done electrically, less work to do.

A COMPLETE DEMONSTRATION OF ANY WORK-SAVING ELECTRIC APPLIANCE IS AVAILABLE TO YOU AT YOUR REDDY KILOWATT APPLIANCE DEALERS.

Bailey Co. Farm Family Honored in Dallas

The Verney Towns Family of Bailey county was honored as a "Master Farm Family" by The Progressive Farmer magazine at a State Award Dinner in Dallas Tuesday night, Dec. 6. At a banquet held in the Terrace Room of the Baker Hotel, the Towns were presented an engraved silver bowl in recognition of their accomplishments in farming, homemaking and community leadership. Later, their story will be told in an illustrated article in the magazine.

The Towns family is one of 11 farm families in the State to receive the Master Farm Family Award for 1955. To meet the requirements for this high honor, a family must take good care of the land, while making it pay a reasonable profit on farming operations. There must be a good house with attractive surroundings. The family must take an active part in community life. And they must show interest and leadership in good schools, farm organizations, 4-H clubs, soil conservation, and other group activities vital to a happy, prosperous farm life.

Guests Win \$3,314 Because Florida Sun Fails To Shine

SARASOTA, Fla. — Failure of the Florida sun to shine in Sarasota five days in the past three months has cost hotel owner C. V. Griffin, \$3,314.

516 guests from 28 states received free rooms at the New Sarasota Terrace Hotel. Griffin had made this offer to guests any day the sun failed to shine.

He blamed three females—the hurricanes Hilda, Ione and Janet—for this first losses, but has had no excuses for the last two months.

"I'll continue to pay off until my offer runs out December 31, but I'm going to think a long time as to whether I will make the same wager again," Griffin said.

And he complains that the weather forecasts for lots of rain in December offer little to cheer him up for the last four weeks of his "sleep for free" gamble.

Mr. and Mrs. Ray Morrison and children of Muleshoe were Sunday evening supper guests in the home of Mr. and Mrs. R. L. Roubinek and Jack.

The Pleasant Valley Social club met in the home of Mrs. Harold Allison with Mrs. Norman Hodges as co-hostess on Thursday afternoon, Dec. 1.

There was a report given on the "Club's Birthday Dinner" which was recently held at the Gerald Allison home.

Waneen Ragsdale asked to be relieved of her duties as secretary treasurer due to her moving from the community. Mrs. Lillie Wuerflein was elected unanimously to replace Mrs. Ragsdale, for the ensuing year.

It was decided to have club at Mrs. Oscar Allison's on Thursday afternoon at 1:00 p. m., Dec. 15 with Mrs. Winifred Riddle as co-hostess. A covered dish luncheon will be served.

The club welcomes a new member, Mrs. Margaret Reeves. Mrs. Alice Angeley presented games at the meeting.

Jimmy Green from Eden, Texas came recently to spend an indefinite time in the home of his parents, Mr. and Mrs. O. E. Green.

Mr. and Mrs. Roy Blair and son have gone to Lubbock to

spend a few days.

John West went via plane Monday to visit his mother, Mrs. E. W. West of Frederick, Okla.

The following were weekend guests in the home of Mr. and Mrs. C. B. Landers: Mrs. Fern Cone and children of Austin, and Mr. and Mrs. Bobby Landers and son, David of Lubbock.

Mrs. Horace Edwards was hostess for the meeting of members of the Hi-Lo Piano club in the Oscar Allison home recently. She was assisted by Mesdames Oscar Allison, Tom Morgan, J. B. Foster and the junior hostesses, Misses Kathy Moore, Karen Bragg, Davis Jean Anderson, and Donna Baker.

Roll call was answered with a musical instrument.

Mrs. Sam McKinstry is club counselor. The Christmas program which will feature holiday music is to be held Dec. 18 from 3:00 o'clock to 5:00 o'clock.

Background music was furnished by Frank Foster and Tommy Welch.

At the close of the meeting the group sang "America," accompanied at the piano by Doris Childers. Kathy Moore led the group in singing "A Thanksgiving Prayer," accompanied at the piano by Karen Bragg.

Royce Turner in Pleasant Valley raised 251.5 bushels of corn to the acre. By having this amount of yield he won the annual Texas Hybrid Corn contest.

Doyce Turner, Royce's twin brother, won the state contest last year.

Royce planted Texas Hybrid 17-W on May 6 and harvested it October 24. It was irrigated five times and cultivated twice. He used 300 pounds of 16-20-0 and six pounds of anhydrous ammonia an acre at planting time.

This contest is sponsored by the Texas Certified Hybrid Seed Corn Association, and the Texas Agricultural Extension Service. Royce received \$100.00 in cash award and a plaque and the desig-

nation of state champion.

Congratulations to Mi and Mrs. Kirk Pitts on the arrival of a new baby boy. The Pitts have three other children.

The Pleasant Valley Skeet club met at the Community Center Sunday, Dec. 4. The afternoon was spent by "skeet-trap" shooting.

A group of the ladies met Thursday, Dec. 1 and organized a home demonstration club in Pleasant Valley.

Mrs. Hickman, the home demonstration agent helped in organizing the club.

Officers were elected for the ensuing year.

The next meeting will be in the home of a Mrs. Elmo Stevens Thursday, Dec. 15.

Atomic Energy Committee Is Appointed

San Antonio's Southwest Research Institute has been appointed to the Atomic Industrial Forum, Inc., a new atomic energy committee organized to encourage industrial development and use of atomic energy by private enterprise.

Dr. Louis Koenig, vice president, and Dr. James M. Sharp, chairman of the physics department, will represent Southwest Research Institute on the Atomic Industrial Forum Inc.

Applications of nuclear physics to the American peacetime economy will be studied by the Forum which will draft standards for its use under direction of the U. S. Atomic energy Commission regulations.

Dr. Koenig is a specialist in physical chemistry and was chief, research branch, New York Directed Operations, U. S. Atomic Energy Commission for several years. Dr. Sharp has directed research in nuclear physics.

first Monday, next, after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 16th day of January, A. D., 1955, then and there to answer Plaintiff's Original Petition filed in said Court on the 29th day of November, A. D., 1955, in this cause numbered 3971 on the docket of said Court, and styled VIDA CRISWELL, a widow vs. H. B. BERKHISER, et al, in which all of the persons hereinabove mentioned as defendants and Vida Criswell, a widow is the sole and only plaintiff in said suit.

A brief statement of the nature of this suit is as follows, to-wit: For cause of action, plaintiff represents to the court that on or about the 1st day of November, A. D., 1955, she was lawfully seized and possessed of the following described land and premises situated in Olton, Lamb County, Texas, holding and claiming the same in fee simple, to-wit:

"Being all of the following lots: Lots No. 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, and 16 in Block No. 108; All of Lots No. 1, 2, 3, 4, 13, 14, 15, and 16 in Block No. 109; All of Lots No. 30, 31, and 32, in Block No. 107; All of Lots No. 1, 2, 3, 4, 5, 6, 7, and 8, in Block No. 165, all in the Original Town of Olton, Lamb County, Texas, as shown by map or plat of record in Vol. 4, pages 1789 of the Deed Records of said County."

That on said date, defendants, and each of them, unlawfully entered upon said land and premises and ejected plaintiff therefrom and unlawfully withheld from her the possession thereof to her damage, \$1000.00. That the reasonable annual rental value of said land and premises is \$1000.00. The plaintiff claims title to said land and premises under and by virtue of the twenty-five (25) and ten (10) years Statute of Limitations; and that the plaintiff claims that permanent and valuable improvements were made on said land during her possession, as set out in her original petition on file in said cause.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs. Issued and given under my hand and seal of Court at office in Littlefield, Texas, this 29th day of November, A. D., 1955.

CREATE A PROFITABLE FEEDING MARGIN
A price spread between feed prices paid and slaughter prices received is not always necessary for a profit according to the University of Illinois: Cattle feeding profits may come from either, or both, favorable buying and selling or efficient feeding. "A farmer has a positive feeding margin when he puts the gain in weight on his cattle at a lower cost than the selling price.

Use of ample low-cost roughage, produced on the farm or nearby, reduces feeding costs. Adequate protein in the ration increases feed utilization and rate of gain and reduces cost of gain. Experiments have shown that a pound of cottonseed meal, when used in amounts needed to balance the ration, saves 2 1/2 to 3 pounds of grain.

At 50- it's using less than 10% of its power

with the flowing ease of today's new Variable Pitch Dynaflow.*

It's practically no effort at all for a sprinter to walk. It's a breeze for a weight-lifter to pick up a child. And so it is with the 1956 Buicks in cruising—for these are the mightiest powered Buicks yet built.

Take the '56 Buick CENTURY pictured here. It's almost a leaf for this beauty to cruise a superhighway at a legal 50 mph. At that point it's using less than 10% of its pedal-to-the-floor power.

And that's just the reason for the record-high power and compression ratio in your big 322-cubic-inch V8 engine. You and your engine can take it easy so much of the time.

You have no qualms about the response at your command. Your power plant has no need to breathe hard—so it saves gas, stays young, lasts longer.

So when you take the wheel of a '56 Buick, you take it easy; and still lead the parade.

You know you can call out the reserves with a touch of your toe.

And you find you silk through a whole day's driving
