LAMB COUNTY LEADER EDITORIAL PAGE

This Is Littlefield

Littlefield's voting polls were typical of polls in about any community in the United States during Tuesday's general election. Two thousand, six hundred and fifty-six turned out to vote in the three boxes in the city, a record.

The pride of the community isn't the fact that the people voted for any particular party or candidate, but simply that they voted. A community not of apathy, but of deep concern over local, state and national situations.....This is Littlefield.

THE FARMER'S WIFE

Election Day Prayer

BY LIBBY MUDGETT

OH DEAR GOD,
Do not desert America on this day.
We plead for Your guiding hand placed over ours as we vote for our new leader.
We have wandered far astray from Your ways and need Your all-encompassing wisdom more than ever.
We are puzzled.
We know not whom to believe.
We know not where to turn.
We fear.
We are divided one against the other.
We are sickened and can find no cure.
We hear the cry of peace, peace, but know there is really none.
We hear of wars and rumors of more wars and know it is so.
We are scattered, but long for unity.
We are suspicious, but long to be able to trust.
We are frightened, but long for faith.
We doubt, but long to believe.
Lead us, but long to believe.
Lead us to choose the right man to guide us in the restoration of our great and mighty but troubled land.
If it comes to pass that on this day no one of the three for whom we vote is chosen, be with us still.
Grant to our congressional leaders great insight and wisdom and selflessness in choosing for us.
Bring us not to our knees in mere humiliation and shame, oh God.
But bring us to our knees in thanksgiving and prayers.

When our new leader begins to lead, be with him.
Give him all he needs to lead aright.
Protect him from the very people who put him in the place of leadership.
Help him to gain our respect and our admiration.
Keep us from killing him with any of our many weapons.
Guns.
Vilifications.
Lies.
Poisonous rumors.
Pointless rebellions.
Go with him in each decision he makes.
Heal us, oh God, and renew America's strength
And fortitude
And sense of direction
And feeling of purpose.
Cleanse our land of all things that dispel you.
Wash us and put us back on the path of righteousness.
We know not what place in all of time we occupy
But we know it is a desperate hour.
Help us choose.
Then help the one we choose.
Be with America.
For, if YOU ARE WITH US, what does it matter who is against us?
And if YOU ARE AGAINST US, what does it matter who is with us? Amen.

THE ABUNDANT LIFE

Home and Hope

BY BOB WEAR

MANY OF OUR RECOGNIZED leaders, in just about every area of our social and national life, are saying that our problems are basically spiritual and moral.
WE DO HAVE PROBLEMS, very serious problems.
It seems at times, that no one has any of the solutions to these problems. In our worst times, it seems that there are no solutions. We must not, however, assume a posture of despair.
This writer is not trying to pose as one who knows how to solve our present, distressful problems, but does have some suggestions.
A COMPARATIVELY RECENT POLL reveals that ten years ago 14% of the people thought organized religion had little or no influence upon the lives of people. Today, according to this poll, 57% of the people think that religion is having little or no influence on human society.
This condition has been caused by the people, either in what they have demanded or in what they have permitted to happen; or probably both.
Assuming that our recognized leaders are right in saying that many or most of our problems have their origin in spiritual and moral breakdowns, we should know what to do.
IF WE START AT THE BEGINNING and move toward a possible general solution, we come to the home, first.
We do not even reach the church or the school. In fact, most of what we see in the church and the school is a picture of the home.
This includes the personal convictions and practices of those who come from the home.

IT SEEMS TO BE GENERALLY AGREED that the home is the basic unit of our social structure. By common consent, the home is the foundation of our civilization.
The church, the school, the community, the state and the nation will be strong, orderly and effective when our homes are strong, orderly and effective.
If, as we are being told, our problems are basically spiritual and moral, we must turn to a proper consideration of the Christian pattern for life as it relates to the home. Where shall we go, but to the Christian view of life, for the betterment of the moral and spiritual elements in the human experience?
CHRISTIANITY AS A WORKABLE, and practical concept for life is a daily way of living. It must be accepted as such.
We can never solve the problems of lawlessness, social disorder, increasing crime and general instability among people until Christian standards and principles become the accepted framework for human society.
EVERYTHING REVEALED in our present-day situation points to the great need for homes that, at least, try to be Christian. This is another way of saying that there has been a breakdown of the homes in our land. (We are thankful for the strong homes which remain.)
The individuals who come from these homes, strong and weak ones, are the people who comprise our society.
THE HOME MUST ACCEPT its God-given responsibility to provide all of the positive Christian good for the members of the family.
The home must also fight, unceasingly, against every perverse, downgrading and corrupting influence that threatens the spiritual and moral welfare of each person in the home.
IF THERE IS ANY JUSTIFIED hope for improving our national life, and strengthening our social structure, it is in the improved homes of our people.

Retirement Funds Concern Commissioner

Dear Editor:
Lamb County Commissioners Court probably will vote for a retirement program on Monday, Nov. 11. It will not be a unanimous vote. The retirement program will be for all elected officials and county employees—about sixty persons at a cost of approximately \$15,000 per year to the taxpayer and the same cost to the county official and employees.

To qualify for retirement, one must serve twelve years and reach the age of sixty, or serve thirty years and retire at any age. A person must work at least a year to draw three per cent interest on his money; that is only the money the official or employee pays in, not any on what the county pays in. If he quits at any time after working a year and before reaching the retirement requirements, he will draw the three per cent interest on what he has paid in.

An employee or an official who has twelve years prior service and sixty years of age would be eligible for retirement after paying only one month into the program; Lamb

County would have to pay their retirement as long as they live. It seems this favors the official or employee who is ready to retire when the program goes into effect much more than the county official or employee who still has years of service to render to the county (he will help pay for his retirement). This could or should be called a bonus for the soon-to-be-retiring county employee. Lamb County has the same retirement plan that most county residents have, that is Social Security, and has had for several years.

In the November 1966 General Election, Amendment No. 5 created the Texas County and District Retirement System, providing certain retirement, disability and death benefits for officers and employees of counties or other political subdivisions of the state and of political subdivisions of counties, authorizing any of these groups to participate in this system at no expense to the state—to be paid for by county taxes.

This amendment WAS DEFLATED in Lamb County; 1448 against to 1035 for, but it carried state-wide. This should be a good indication to the Commissioners Court that the taxpayers of Lamb County do not want this retirement program.

A good retirement program is fine; one that will attract and keep good officials and employees, a plan where your time starts when you start paying into the retirement

program. Some of the younger county employees have families, and with the deductions that already come out of their check Social Security, insurance and withholding tax—now, tell them we are going to take out \$24.00 more a month. Their budgets are already over-loaded, as is the county's. The next thing necessary would be to raise them a raise in pay so they could afford this retirement plan. This would cost the county \$30,000.00 a year instead of just \$15,000.00 more.

Should not ALL four precincts be represented in this matter? Do you think it might go up?

If you want to help pay for this retirement program, tell your representative on the Commissioners Court. If you don't want to help pay, tell him before Monday, Nov. 11. Maybe you can stop it before it happens.

We have a good Commissioners Court in Lamb County, but we don't all see eyes on everything, and this is good for all concerned.

This is not the opinion of the entire Commissioners Court, but it is the opinion of the Commissioner of Precinct One, Lamb County.

DEAR EDITOR

PAUL HARVEY

Deserve Better

RANDY AGNEW, a Seabee, is just home from Vietnam.

I wonder what he was thinking the other night when he went to Towson State College in Baltimore to hear his father, Gov. Spiro Agnew, campaign.

In the audience of 4,000 were some 300 who came just to make trouble, just to heckle and abuse and shout down the speaker. Some of their signs spewed slogans which were blatantly obscene.

GOV. AGNEW sought to silence them with reason, then with sarcasm, finally with remonstrance. He said, "How sad your conduct must make your parents."
But they kept it up and kept it up and kept it up.

It was happening elsewhere to other campaigners at the same time. I mention Agnew only because his son, present on the platform, must have looked on in amazement and embarrassment and resentment.

IF ANYBODY IS ENTITLED to be resentful of our participation in a winless war, young Agnew and those he represents are. And perhaps the presidential candidates, sidestepping the vital issue of Vietnam, invite a challenge.

Perhaps because each, to some degree, is going along with the "sustained-pressure" policy which is so abysmally unpopular that the President did not himself want to test it at the polls.

Perhaps the young folks with the most to lose are right in seeking to force candidates to offer some workable alternative; but this is not the way.

GRANTED, most of the demonstration leaders are "professional disruptors". I am aware that Marxist ideologists spawn and support most of these efforts to disrupt our proper political process.

This is one of the ways a Marxist wages guerrilla war. But they enlist their vociferous followers from among young Americans who are rightly fed up with duplicity and hypocrisy.

RECENTLY THE GOVERNMENT of Vietnam changed hands, President Arias, 23, in, was suddenly out.

The military took over that government overnight and there was not a ripple of assistance from our State Department; no emergency mobilization of our military in the Canal Zone. Rightly we reasoned that Paris's politics were none of our business.

TO OUR DRAFT AGL young it appears something more than incongruous that government goes to such lengths in southeast Asia to prevent the government of Vietnam from changing hands while governments in Latin America change hands every few weeks.

So I do comprehend the impatience of young folks and I do share their resentment.

BUT BY THEIR OWN unreasonable they are catching much sympathy from the selves to the candidates; to Richard Nixon, Hubert Humphrey and George Wallace of their running mates.

The indignities these men have been forced to endure, the kind of treatment to which they are subjected almost everywhere they speak, disgrace their detractors, demoralize political system and profane the graves of those Americans who have given their full measure of devotion to guarantee freedom of speech, press and assembly to those who now so rudely abuse those freedoms.

Dear Turnrow Tunkel:

U. C. MCBRIDE

I READ THAT according to the Dept. of Labor, there is a shortage of experienced butlers in the U. S.

This is one problem I won't lose any sleep worrying about. Television repairmen and orthodontists, who as far as I know are the only people who can afford butlers, will just have to get by the best they can.

DID YOU READ that doctors have decided that overwork does not contribute to heart trouble, but too much sleep does?

That's terrible news. What is a fellow going to tell his wife when she wants him to work in the backyard on Sunday afternoon, instead of taking a nap?

I UNDERSTAND that most television programs scheduled for the early part of the evening are designed for younger people. Maybe that's the reason I don't watch tv much. I get sleepy before they start the programs aimed at my age group.

DID YOU READ that manufacturers are building larger and fancier lawn and garden tractors? Some cost more than \$2,000, and many people buy them as "status symbols."

In my part of the country, I think boats are considered status symbols. There's no other way to explain people who live 300 miles from the nearest lake in a house worth \$3,000, with a \$5,000 boat parked outside.

I SEE WHERE the Government has published a pamphlet telling people how to avoid being struck by lightning.

That figures, I've said all along that those Washington planners think the average citizen doesn't have enough sense to come in out of the rain.

DID YOU KNOW there is a psychiatrist in Los Angeles who specializes in treating dogs? A session costs \$50 an hour.

Of the three parties involved—the dog, its owner and the doctor—I'd say at least two were crazy. There's no way of being sure about the dog.

Howdy Neighbor

By BOYD PIERCE of Burleson

Many of us believe in signs but few of us can resist the touch test when seeing "wet paint" signs.

Every wife has a desire to write--CHECKS.

A JOB is a 50 week interval between vacations when you try to earn enough to pay for same.

The egotist thinks as much of himself as you do of yourself.

Folks who are always looking backward are liable to bump into trouble ahead.

It is too hot to do that job now that it was too cold to do last winter.

Isn't it funny why no one ever thinks to ask a MAN how he combines marriage and a career.

A reality is any husband who would ever be caught moving furniture around unless he was told to.

Promotion is when a man finally attains the salary his wife was boasting about 10 years ago.

If all promises came true, tomorrow would be the busiest day of the year.

Perhaps the reason so many of us are overweight is that we have so often gone starch raving mad.

Amherst Manor
Has Open House

AMHERST--Open house was held at Amherst Manor Nursing Home Sunday afternoon.

Callers throughout the visiting hours were taken on guided tours while the equipment and other facilities were shown by employees.

A concrete porch around the south and west sides of the building where patients can walk or be pushed in wheel chairs is one of the major improvements recently made.

Several new rooms and baths have been added.

Miss Dorothy Weaver, R.N., director of nurses and Ernest Borovka, owner, greeted the large crowd attending.

Yvonne Pierce of Sudan served fruit punch, coffee, assorted home made cookies and nuts.

The refreshment table was laid with an off white lace cloth over beige. The center decoration featured bronze and yellow chrysanthemums and slender green candles.

BE THANKFUL

Six-year-old Tommy came into the house covered with mud after finishing a rough day at play. "Mom!" he shouted at the top of his voice, "If I fell out of a tree would you rather I broke a leg or tore my pants?" "What a silly question," his mother answered from the next room. "I'd rather you tore your pants."

"Well, I got good news for you then," the boy replied triumphantly. "That's exactly what happened."

Get Together With Friends At Homecoming

Cinderella Team Queen Will Be Disclosed At Game

BY MILYNDIA MORRIS

When you think of homecoming, you think of football and parades. Well, there is a lot more to it than just that. It's getting together with old friends and reminiscing. It's supporting those boys, the whole school, whether we win or lose. It's singing the alma mater and getting a little misty eyed over the whole scene.

Think about the future. Imagine yourself, say ten years from now. You live in another state and have a good job and a fine family. You haven't been back to Littlefield since Christmas four years ago and then it was just for a few days while you visited with your parents. You take off a few days and really make a trip out of Homecoming. You arrive full of spirit, anxious to see your old friends only to find that even the local exes don't attend the coffee and you don't see any of the people you had been expecting to see. Pretty disappointing, isn't it?

THE THREE NOMINEES for 1968 Homecoming Queen were chosen by the student body from the senior class. The three nominees are (from left to right) Koleta Giles, Carla Chambers, and Nancy Hall. The Queen will be crowned during half-time festivities tomorrow night.

This Homecoming promises to be the best one yet due to planning ahead. The activities began last Wednesday with the election of candidates for homecoming queen.

Ten girls had petitions submitted in their behalf which automatically put their name on the ballot. Then the student body voted and all but the three finalists were eliminated.

The ten Senior girls who competed were Cathy Barton, Carla Chambers, Beverly Chisolm, Koleta Giles, Nancy Hall, Pat Hinds, Janie Hyatt, Milynnda Morris, Janice Oldham, and Elaine Tiller. The three finalists were Carla Chambers, Koleta Giles, and Nancy Hall. Out of these three girls the homecoming queen will be crowned

during halftime of the homecoming game. Voting for the three finalists will be held either today or Friday and this year it promises to be a very close race.

MRS. MARTI TOULMIN, LHS physical education teacher, instructs Angella Dayton on the technique of shooting free shots.

Bonfire Will Kick Off Homecoming

Student Council president Quinn McKinnon announced the schedule of activities for the 1968 Homecoming. LHS organizations and clubs have been busy preparing the festivities.

A bonfire at 7:00 pm at the Wildcat stadium parking lot will kick off activities. The fire will be supervised by Byron Ford and the LHS. This year there will be no competition and students are striving for the largest ever.

Following the bonfire, there will be a car parade decorated by the various organizations of LHS. First, second and third place awards will be presented upon judging.

Friday's activities will include individual locker decoration competition. Homecoming candidates will be seated in the pep rally in the afternoon in which prizes will be presented to the locker car decoration winners immediately following the rally, there will be a coffee hour in the high school cafeteria. The senior class is invited to attend.

The Wildcats will play Sweetwater Mustangs at Wildcat Stadium. Game time is 7:30 pm. During the half time performance, the Homecoming Queen will be crowned.

Following the game there will be a party for the LHS at the VFW Hall.

AND the BEAT GOES ON ***

BY MILYNDIA MORRIS

While I was home on my lunch hour one day last week--wait a minute! Did I say lunch hour? I mean lunch thirty-five minutes. While I was home on my lunch thirty-five minutes, I picked up the front page of the daily paper and began to scan it. I glanced first at the picture in the center and then I scanned the small headlines in the middle and at the bottom of the page. I didn't even bother to read the large headline in bold type at the top. It's always about that way.

Then I realized that war has become such a natural way of life (one which I tend to forget or at least try to) that I just seem to accept it. I never bother to read about Saigon's latest attack or the Red's increased offensive. That Vietnam war is going on half way around the world and I'm just so busy with shopping and what not that I don't have time to meditate on the hardships that thousands of young men are forced to face. Those young men don't want to spend hundreds of days of their lives fighting and killing men whom they have never seen before or will never see again for something as indefinite as freedom. They just want to do the everyday things that we do here at home; have a quick breakfast with their family, watch a football game and hope that the Cowboys will someday beat Green Bay, or go for a quiet walk. Still those men are fighting and killing and, yes, dying for that freedom. Don't you think that we should do our best here at home to honor that freedom and to defend it? Don't you think we owe it to those young men, to future generations, to ourselves?

PE Takes On New Form In Training LHS Females

BY JUNNIE GRAY

Physical education seeks to help the individual live effectively by contributing to his total development--mental, moral and social as well as physical. Good sportsmanship, physical fitness, and socially-approved team and individual activities suitable for recreation are plus values of a successful physical education program.

The Physical Education program for the girls at LHS is headed by Mrs. Marti Toulmin. Each day she begins her class with exercising to music. The girls like this form of exercising because it is different. Next they have their activity for the day, which now is basketball. Mrs. Toulmin was shocked to know that not many girls of LHS knew how to play basketball, but she says that they seem to catch on and are enjoying it very well.

At the first of the year the girls were taught how to play soccer, which they had never played before. Second was basketball and third will be volleyball which will be followed by tumbling. Mrs. Toulmin will also teach individual sports

such as table tennis, shuffle board, and badminton. This year Mrs. Toulmin plans to have a strong intramural program in basketball, volleyball, and softball. If the girls seem interested she may have an intramural track meet, where ribbons will be awarded.

Mrs. Toulmin also has an athletic class which is held 4th period. This class will concentrate on track and volleyball more than anything else. So this class will not get to participate in as many activities as do her PE classes. Mrs. Toulmin stated that she was really impressed with her athletic class, and is now preparing them for the track season by having them jog each day around the school. She hopes this will build endurance and breath control. Already she has had the girls try out for the high jump and she has quite a number of good prospects in that. The girls will try out for the discus and the shot before Thanksgiving. After homecoming the class really plans to get with the track workout. During their volleyball season they will work out from 4 o'clock to 6 o'clock on track.

ATHLETICS IN ACTION

BY ROY BOLTON

Tomorrow night the Littlefield Wildcats take on the Sweetwater Mustangs in Wildcat Stadium in what will be Littlefield High School's 11th annual homecoming.

In preseason predictions, Sweetwater was picked number 1 in this district by Texas Football magazine. The Mustangs were 7-3 a year ago, and lost the district title game 9-8. There are 8 offensive and 5 defensive veterans returning from that team.

Sweetwater has proven to be a district powerhouse again this year, behind the quarterbacking of Aubrey McCain (6-2, 183), as they have run up a 6-0-1 record.

The Mustangs observed an open date last week and should be ready for tomorrow night's tilt.

Kat Klub Unites School Activity

The Kat Klub, a new organization, has been introduced to LHS by the student body and the student Council. The club has been organized as a service club to help boost spirit and promote enthusiasm among the students throughout the entire year in all activities.

Kat Klub members met and elected officers in their first meeting last week. Officers include Gaylon Mills, president; Mark Jordan, vice-president; Cyd McKinnon, second vice-president; Jean Keeling, secretary; and Steve Parker, reporter. Mr. Byron Ford and Mrs. Beryl Harris will sponsor the organization. A committee of five members, headed by Steve Parker, was appointed to launch the membership drive. All LHS students are eligible for membership and are urged to join the Kat Klub.

During the second meeting members discussed homecoming plans. The Kat Klub will decorate a car and enter it in the Homecoming parade to be held after the annual bonfire.

The Kat Klub will be centered around committees which will be appointed by the president or the vice-president. These committees will attempt to involve all members in various activities of the organization. The club will perform any service requested by any organization that will benefit LHS.

QUESTION: Should the call for a bombing halt in Nam?

(Editor's note: This question was asked the day before President Johnson's announcement of a bombing halt in Viet Nam. Out of some twenty LHS denials questioned, all felt that the U. S. should call a halt to the bombing. A few of the reasons are a few of the reasons:

Jim Hall (Soph)--"No, because if the U. S. does halt on the bombing in Viet Nam it would give the communists a chance to move into Nam and more men into Nam. It would also give communists more ground which they could advance."

Buddy Witcher (Soph)--"Because while we are not bringing them the Vietnamese time to bring in other supplies. The bombing is almost the way we have to keep the names from advancing."

Gary Thompson (Soph)--"No. The bombing halt in Viet Nam is more time to bring in ammunition and to destroy some of their ammunition bases. This halt will probably just make the longer."

Charlie Holt (Jr.)--"I'm against the bombing halt because without a military victory in Viet Nam there can be no peace. The Viet Nam has shown that they cannot be trusted and a bombing halt will give them the time they need to build forces. A halt to bombing could only be good devastating retaliation by U. S. was promised if they could not be reached."

SAT Given To Students

The Scholastic Aptitude Test was given last Saturday morning to an estimated 45 students. The SAT test lasted three hours. The SAT test was an objective test designed to measure one's verbal and mathematical skills. The verbal section of the test measured the ability to understand the relationships among certain words and ideas and to comprehend what one reads. The mathematical part of the test measured the ability to understand and reason with mathematical symbols.

The purpose of the test was to have a measurement of one's ability for the purpose of entering college. College entrance officers need a common measure of ability for all students and the SAT test meets this requirement.

The SAT test is prepared by the professional staff of the Educational Testing Service under the supervision of the College Board. It takes many years to put this kind of test together so that it will benefit all students ability.

The SAT scores will be processed and sent to the college specified in the student's application. After the scores reach the college they will send you a letter concerning your qualifications and entrance requirements needed for that college. Because even the best possible test could not accurately measure your abilities the college will also take that under consideration when reading your scores.

An achievement test was also given to those candidates for graduation in 1969 who wished to take it.

Sophomore Class Officers Offer School Leadership

The sophomore class officers are going to undertake many great tasks in order to fulfill their duties as leaders of their class. Michael Collins, Kathie McBride, Pam Stafford, and Billy Richey are the officers of the sophomore class.

Michael Collins serves as president of the sophomore class. As the occupant of this office Michael must attend the Student Council meetings and express the ideas of the majority of the class. He must also sell programs at the football games. Michael was on the staff of his class paper in the fifth grade and played football during his freshman year. During the summer, Michael kept busy by working on several jobs. He likes hunting, mechanics, and enjoys driving. Mike says that he could live on a hamburger and a Coke, but he also likes steaks, pizzas, and Mexican food. His favorite color is glass black.

Kathie McBride is vice-president of the sophomore class. Kathie has been a member of the band since her freshman year. She was vice president of the band in her freshman year. Kathie enjoys drawing and reading. She says she loves fish and strawberry shortcake and her favorite color is navy blue.

Pam Stafford holds the office of treasurer of the sophomore class. She is in charge of any money the sophomore class might have. Pam helps the other class officers in arranging

preparations for days such as "Button Day" or "Card Day". She is a member of the Wildcat Marching Band, the YWA, and the Kat Klub. Her favorite hobbies are playing with her pet snake, playing the organ, and watching a good football game. Pam especially enjoys snow skiing. Her favorite foods are chop suey, charcoal-broiled steak, and her great grandmother's sugar cookies. Pam's favorite colors are green and blue.

Billy Richey serves as secretary of the sophomore class. Billy helps other class officers and aids the sophomore class in spirit activities. She has been a member of the Future Teachers of America since her freshman year. Billy enjoys sewing, sleeping and horseback riding. Her favorite foods are smothered steak with mushroom sauce, lima beans, and apple pie. Billy's favorite colors are pink and brown.

Diane Perkins To Represent IA

GAYLON MILLS, Industrial Arts Club president, explains to Diane Perkins, 1968-69 IA Sweetheart, some of the functions of the organization as they discuss the year's activities.

As Sweetheart

Diane Perkins, junior in LHS is the 1968-69 sweetheart of Industrial Art Club. She is a member of YWA, and also is secretary of the choir. She is the daughter of Dr. and Mrs. Albert Perkins. Dianne is the councilman-at-large on the Student Council in LHS. She is holding the office of fourth vice-president in FHA. Dianne plays in the band and is a cheerleader.

The Industrial Art Club members began work on their projects at 7:00 and they finished at 9:15. Their projects include making wooden forks and spoons, candy dishes, salt and pepper shakers, chopping blocks, leather projects such as billfolds, and many other similar items. They will be on sale December 1.

The members who were present filled out student inventory sheet, expressing their feelings of the Industrial Art Club.

CONFERRING OVER PLANS for Homecoming are these Sophomore class officers and sponsors: Kathie McBride, Vice-President; Mrs. Houk, Sponsor; Mike Collins, President; Jones, Sponsor; Pam Stafford, treasurer; Ruth Richey, secretary.

Are you a people peever?
Do you get on peoples' nerves?
Do you bother people?
Are you a pest?
If your answer to all these questions is YES then you might be a pet peeve! You could be a bothersome creature!
A few days ago we called several freshmen asking them their pet peeve.
What is yours?

Here are theirs:
WANDA C.--"Making bad grades in algebra, because I always get in trouble."
BRIDGET H.--"When I go on a diet, my mother fixes the most delicious meals I can think of."
SCOTT Mc.--"Going to school, 'cause it's so hard!"

CATHY G.--"Eating liver!"
GAIL W.--"Boys, 'cause they're just boys. That's their trouble!"
RALPH F.--"Somebody who gets mad and gripes all the time."
CYNTHIA A.--"Two-faced people--people who go back on their word."
MARSHA S.--"Gossip!"
JAY T.--"To wash dishes, 'cause they're dirty."

BRIDGET P.--"Homework on Friday nights."
KATHY T.--"Jealousy."

GATHY N.--"Gigglers, 'cause they're silly."

CARLA Q.--"Making a V at UIL contest on my twirling routine."

BRAD N.--"Going to school on Mondays and working out when we're out of shape."

GLEN S.--"Catching the bus in the morning."

DEBRA M.--"People who talk about other people."

JERRY M.--"Twirp Week."

SHEILA H.--"Changing my nephew's diapers." (When asked why, she replied, "Well!")

DAVE J.--"Trying to keep my dog in my backyard, 'cause he crawls under the fence."

MARY D.--"People who spread rumors."

BEVERLY T.--"To see someone chew dirt, and to be pushed around."

AMY O.--"Homework, 'cause we do enough of it at school!"

Randy T.--"Losing football games." (Now you should know: Are you a people peever?)

Today all parents of the eighth grade and freshman football teams will be the special guests at the pep rally. The pep rally will be held at 2:30 in the junior high gym.

The junior high teams will battle with Brownfield tonight. The eighth grade will stay at home. Their game starts at 5:30. The freshmen will go to Brownfield. The game should be pretty close, since neither team has won a game. Good luck and.....
BEAT BROWNFIELD!

Contest for the junior high band is nearer than ever now.

The band will travel to Levelland this Tuesday in high hopes of "getting a 1."

"The show is beginning to look like a show", as Mr. Anthony would say. So, everybody, wish them good luck in improving it by contest time.

Band members--Buckle down and get to it!

GOOD LUCK AT CONTEST

We are happy to announce that Jan Ford is back in school with us. We missed her very much.

She asked us to express her gratitude for all the flowers, cards and gifts she received during her illness.

WELCOME BACK, JAN!

Have a good week.....and

BEAT BROWNFIELD!!

Shook Tire Buys Local Business

Littlefield has been placed in the same business potential category as Lubbock, Amarillo, Pampa, Hereford, Plainview, Brownfield, Lamesa, San Angelo, Odessa, Sweetwater, Abilene and Brownwood.....by one tire company, anyway.

The company is Shook Tire Company, which announced this week it has purchased part of Bassett Tire and Auto Center and formed a partnership with former owner Orville Bassett, with him to manage the local operation.

The 37-year-old business has been dealing with Bassett several months on the purchase, stating it wants to do business here.

The Shook firm, with home offices in San Angelo, started business 37 years ago in Lubbock, where the original store remains in business. The towns

ORVILLE BASSETT

listed in the opening paragraph are where the other stores are located.
Bassett, who was born and reared in Littlefield, told the Leader-News there would be no major changes in the business' operation, other than he would now carry a full stock of tires for everything from the smaller passenger car tires to tractor tires.
A 1947 graduate of Littlefield

High, Bassett has lived in Littlefield all his life, except for a two-year tour of duty in the U. S. Army. He has been in the tire business here since 1959.

BANKING MOVIES—Security State Bank President Jack Wicker poses by one of the new movie cameras installed recently in the building. But he hopes he never has to use a foot of film from any of them. They are photoguard cameras, activated when the bank's new electrical camera and alarm system is set off. Film from such cameras has been instrumental in prosecuting cases of robbery in banks where the instruments were in operation.

First Baptist GAs Have Study, Supper

A progressive supper and study were conducted for Junior GAs of First Baptist Church when they met Friday evening at the church, and traveled to three homes for courses of the progressive supper.

The meal consisted of Latin American foods and was based on products grown in Guatemala.

They went to the home of Mrs. Charles Harlan for the appetizers; to the home of Mrs. James Owen for the main course and to the home of Mrs. Neil Wood for the dessert.

Attending were 13 members and seven guests: Mrs. Otto Pugliese and Lou Ann, Bonnie Sullivan, Ann Mackey, Shelly Collins, Cindy Graves, Liz Harlan, Kim Wood, Sharrise Cowen, Mary Kay Matthews, Connie Cannon, Marcie Trammell, Susie Giles, Sherry Winfield.

Transferred—Condition Grave

Henry Lewis, Lamb County commissioner from Precinct Two, has been transferred back to Littlefield from the hospital in Lubbock.

Lewis has been in Methodist Hospital in Lubbock since receiving major injuries in a two-car collision near Earh in early September.

He presently is in Littlefield Hospital where his condition remains grave and he is still unconscious.

Tammy Owen, Patricia Toney, Jan Sisson, Jacalene Lackey, Cynthia Richardson, Betty Head, Kay Birchfield and Kathy Walker.

Improvements Set By Baptist

A \$100,000 building improvement program for First Baptist Church "should begin in January" according to the church's pastor, Rev. R. B. Hall.

The church met in called conference Sunday, Oct. 27, to approve the program, which will include refurbishing the auditorium with new carpeting, seat covers and paint; addition of an elevator to service the basement, first and second floors; complete remodeling of the nursery, with some new equipment added; remodeling of the chapel and parlor areas; reworking of the air conditioning-heating system; painting the building throughout; addition of an all-weather canopy at the rear of the building to facilitate easier access to the building; additional of new exterior lighting and landscaping; and placing a new sign in front of the building.

An architect is working on final plans and specifications for the project, and the church's Budget-Finance Committee will be preparing a plan for financing the project, to be approved by the church.
