Milk Bottles Are Scarce, Return of Bottles Asked

There has developed a shortage of milk bottles in Littlefield . . . and elsewhere, there is a shortage of bottles. The Hill-Top Dairy, owned and managed by Bob Pierce, is advertising in this week's issue of the Lamb County Leader for the return of milk bottles. He is asking his customers to set out empty bottles so that they may be picked up when the Hill-Top Dairy makes its regular evening delivery of milk. Let's help Bob, and every other dairyman, too, by returning milk bottles promptly. Such assistance will be much appreciated.

Thurs., Fri. Set Apart For City Residents; Sat. For Rural People

Registration for the new War Ration Book No. 4 will take place at the Littlefield Schools for the citizens of this area Thursday, Friday and Saturday, Oct. 21, 22 and 23.

E. C. Cundiff, Clerk of the local Ration Board, has announced that everyone must register in Lamb County who are here at that time, even though they may not be residents of the County.

All patrons need to bring to the registration site will be their book No. 3.

One member of the family may register for other members of the family.

All members of the Littlefield school faculty are expected to be on hand Thursday, October 21, to assist in the issuance of the ration books.

In making application for War Ration Book No. 4 at the school house on October 21, 22 and 23, it has been requested by those in charge of this work that residents of Littlefield register on the first two days, that is Thursday and Friday, thus leaving the workers free on Saturday to register rural residents. This request is made to help out those holding the registration.

Persons neglecting to register on the above mentioned dates will be obliged to wait about 15 days before they can go to the ration board for Book 4, as the Ration Board will not accept application before November 5.

Sgt. Volos Jones Sends Greetings Back Home

The six South Plains men shown in the picture above joined 150 other Texans in a Salute-to-Texas short-wave radio program somewhere in North Africa but especially for the folks back home. They are, left to right: Sgt. Volos Jones of Littlefield, son of Mr. and Mrs. A. F. Jones, and brother of Dennis Jones of this city; Sgt. Ernest G. Good of Jayton, Sgt. Daniel V. Webster of Petersburg, Pvt. Louis H. Newell of Floydada, Lieut. Harold M. Brinker of Muleshoe, and Cpl. Hermas Olson of Floydada. They vibrated the sound waves with stories of themselves and songs dear to all Texans in the radio program which was recorded for future broadcasts and soon will be available to radio stations in Texas.

Jimmie Zed's Band Offered Place In Broadway Show

Jimmie Zed Robinson, Bugler Second Class, who with his band has been entertaining the Service men in North Africa, wrote his sister, Mrs. O. K. Yantis, Jr., under date of September 12, which arrived here October 12, saying his band had been given a spot in a Broadway Show, "Hey Rookie," which is being put on for the enjoyment of the soldiers.

Jimmie Zed also advised his sister that this Broadway show had offered his band a place after the war; and that it was one of the biggest shows on Broadway.

Jimmie Zed also asked his sister to tell everybody "Hello"; and that he would be glad to get the Leader and read all the news from his home town.

L. F. Wilson Dies Result Injuries Received Tuesday

Funeral Services Held Up Pending Arrival Of Son From Camp Perry, Va.

L. F. Wilson, 53, of Liberty, 11 miles northeast of Lubbock, Texas, passed away at 4 a. m. Wednesday at a local hospital where he was admitted about 7 a. m. Tuesday in an unconscious condition, suffering from a serious head injury and fractured leg, sustained in an automobile accident about 2 1/2 miles east of Littlefield on the Lubbock highway.

Wilson had been operating a combine in this area, and had his machine at the Herman farm 2 1/2 miles east of town.

Sheriff Sam Hutson, who investigated the accident, reported that Leonard King had driven Wilson out to the Herman farm, and that it appeared he had turned his car around to return to Littlefield before stopping to let Wilson out.

L. F. Atkinson of Muleshoe, driving towards Lubbock, was said by Sheriff Hutson to apparently have been blinded by the lights of King's car, and unable to see anything but the car lights, and afraid of hitting the King car he drove his automobile in to the bar ditch, and in doing so hit Wilson who had just stepped from the King automobile.

Mr. Wilson is survived by five daughters and two sons. The daughters are: Mrs. Helen Campbell of Baileyboro, Texas; Mrs. C. B. Harston of Wilson, Texas; and Misses Archie, Adele, and Bobbie Jo Wilson, all at home; and two sons, both of whom are in the service: Howett Wilson of the U. S. Navy, stationed at Camp Perry, Va., and Leslie Wilson, also of the U. S. Navy, and in foreign service.

Rix Funeral Home of Lubbock came to Littlefield for the remains, and are in charge of funeral arrangements, which are being held up pending arrival of a son, Howett Wilson.

USE BOOK FOUR NOVEMBER 1. Housewives will start using green stamps "A," "B" and "C" from new War Ration Book Four Monday, November 1. These stamps will be valid through December 20.

Sgt. John M. Blessing No Relation Local J. M. Blessing Family

Here is a strange coincidence. Just before Christmas last year there appeared in the Star Telegram a picture of S-Sgt. John M. Blessing together with a news item in regard to this officer.

Miss Geraldine Robinson, noting he had the same initials as her grandfather, J. M. Blessing, sent S-Sgt. Blessing a Christmas card telling him "If he were ever in this area" to come by and meet two other J. M. Blessings. S-Sgt. Blessing answered her card, and since that time had corresponded with Miss Robinson, who is now with the WAVES, and attending school at Hunter College, New York.

Tuesday a letter written by Miss Robinson in July last to S-Sgt. Blessing, addressed to him at Topeka, Kans., where he has been stationed, and which, apparently had followed the service man to his South Pacific address, was returned here Monday with the notation, "Missing in Action" stamped in three places on the envelope.

As far as is known by Mrs. O. K. Yantis, Jr., sister of Miss Robinson, who furnished the above information to the Leader, S-Sgt. John M. Blessing's home was in the State of Pennsylvania, and was no connection. (Continued on Back Page)

USO Meeting Is Called By Dr. C. E. Payne For Monday

Funds Coming In Slow; Less Than 50% Of Quota Received

Dr. C. E. Payne, Lamb County USO Chairman, announced Tuesday that funds for the United War Chest were coming in slowly; that less than one-half of the County's quota of \$9,430 has been collected to date, and urged on the residents to get behind this worthy cause, and push the campaign over.

A meeting was held Thursday night at the office of the Littlefield National Farm Loan office, when block captains were named by L. C. Hewitt, Littlefield Chairman, who named committeemen to work with them in the canvassing of the blocks of the business and residential sections of Littlefield.

Dr. Payne has called a special meeting Monday night, at 8 o'clock, at the Littlefield City Hall, when chairmen from the various cities and communities in the county will meet, and give reports as to the progress made in their particular sections. (Continued on Back Page)

Conditions At Jap Camp Osaka, Japan, Are Reported Here

Received By Red Cross In Reply To Inquiries By Mrs. J. D. Thomas

Interesting information has been received here regarding conditions at the Japanese P.O.W. Camp at Osaka, Hirohata, Sub Camp, Japan. Mrs. J. D. Thomas of Amherst, whose brother, Henry Belmont Williams, 23, and son of E. S. Williams, also of near Amherst, is a prisoner of war of the Japanese, and interned in the above camp, recently communicated with the American Red Cross, Washington, and after some correspondence, the following information was received by letter Tuesday by Mrs. L. M. Brandon, Executive Secretary of the local Red Cross Chapter:

"Under the Geneva Convention, which Japan has agreed to observe, prisoners of war may be employed only in work of a non-military character. It is possible that insufficient work of that character is available near the camp where he is interned, just as in this country not all Axis prisoners are employed at any one time. The fact that he states that he is not working should not in itself occasion Mrs. Thomas undue alarm. The address Camp Osaka covers (Continued on Back Page)

Broom Handle Shortage, Old Handles Are Sought

Look in the barn . . . look in the garage . . . look all over your house . . . look everywhere . . . hunt for old broom handles; if they are in fair condition and not warped they will bring five cents each.

The war has developed a shortage of broom handles, in fact, it is almost impossible to buy new handles. So acute is the shortage of handles that a Littlefield industry, the West Point Broom Co., is appealing to the public to sell them old handles, which they will recondition.

The owners of this company, J. H. Swart and W. D. McCarty, have informed the Lamb County Leader that it will be almost impossible for this concern to continue to make brooms if they cannot obtain a large supply of used handles. They are advertising in the Leader for old broom handles and request that

Germany Must Pay

What manner of vengeance the Russians are planning when the Germans are defeated is clarified in an official "Statement of Extraordinary State Committee" issued in Moscow on September 7, reviewing the "Crimes committed by the German-fascist invaders and their associates, and the damage caused by them to citizens, collective farms, public organizations and institutions of the Soviet Union."

The report relates to the City of Orel which the Russians recaptured after a period of occupation by the Germans.

"The German invaders plundered and demolished the ancient Russian City of Orel," the report declares. "The Hitlerites reduced to ruins the factories, plants, hospitals, museums and theatres. They almost completely destroyed the cultural institutions, dwellings, business blocks, and equipment of industrial and municipal enterprises, and the structures and tracks of railway junction and tramways."

Listing the damage and fury of the German occupation, which expressed itself in the killing of civilians, the starving of inhabitants, the plundering of cultural and health centers, the statement concluded with "For the crimes committed in the City of Orel and the Orel region; for the mass murder of guiltless and peaceful residents; for the murders and tortures of wounded and war prisoners; for the plundering and abducting of Soviet citizens to Germany labor slavery; for the destruction of farms, villages and towns; for the looting of the properties of the State, cooperative and public institutions . . . all of which must bear severe punishment for the monstrous crimes they have committed against the Soviet people during the temporary occupation by the German-fascist troops."

Small wonder that the Germans fear the retribution which will be visited upon them by the Russians. Small wonder, too, that many United Nations' partisans have declared, "Give the Russians twenty-four hours headstart in Germany and there'll be no future German problem to worry about!"

Outlook For Holiday Turkeys

News from the turkey front is good. Plans for Thanksgiving and Christmas dinners may include the normal quota of drumsticks and white meat because Texas growers are expected to produce 3,750,000 birds this year. This, says George P. McCarthy who made the forecast, "means plenty of turkey meat for our soldiers and plenty for civilians."

All turkeys being marketed now are taken by the Army, but approximately 65 per cent of this demand has been met and the remainder will be liquidated by November 1. Meanwhile, many producers believe that current market quotations on top grade justify putting "a real finish on their turkeys."

It is a good investment, says McCarthy, who is

A Wise Program

Sure sign, that the United States means never again to be caught off guard on the high seas, is the plan being readied to establish and maintain a permanent United States Merchant Marine in peace days to come.

Citing the need for a merchant marine which will become a vital arm of the Army and Navy when required and also an effective instrument by which the United States will promote the stabilization of international conditions through a more extensive participation in world trade, the American Merchant Marine Institute is offering a program which will result in America achieving a preponderance of the world's tonnage after the war.

The ambitious program to make America self-sufficient in shipping, with a reserve of not less than 5,000,000 tons sailing under the American flag, will have the added advantage of providing thousands of American seamen with steady employment. Further, American standards of living will no longer be at the mercy of labor-slave Japanese and German merchant marines.

In the sphere of international statecraft the competition provided by an aggressive American Merchant Marine will remove the insidious menace which, posing as a simple carrier of goods, has actually been an arm of the secret military and naval forces employed by the aggressor nations to carry on an internecine battle against the democratic people.

Mechanical Cotton Picking

An experiment to further the use of mechanical cotton picking of the South Plains is being conducted at Texas Technological College under the direction of Dr. A. W. Young, head of the plant industry department.

The idea is a cotton defoliation project carried on jointly with the American Cynamid Company. Experiments are being conducted to discover the effectiveness of dusting and spraying.

Defoliation is the artificial removal of leaves from the cotton plant after the bolls are open. The material used is a nitrogen fertilizer which causes the leaves to drop off several days after it is applied to the plants. Results indicate that the grade or staple of the cotton is not harmed.

If the project is successful cotton will mature sooner and picking will be accelerated. With the leaves gone, a field of cotton is left mature throughout at one time and free of leaf trash and green leaf stain, thus enhancing the practicability of mechanical cotton pickers.

OLTON WINS OVER WILDCATS, 25-0, IN FRIDAY NIGHT GAME AT COUNTY SEAT; MUSTANGS CROWN FOOTBALL QUEEN

The Olton Mustangs won their highlight game of the season Friday night with a victory score of 25 to 0 over the Littlefield Wildcats. At the end of the first quarter the score was 0 to 0 with the Mustangs in control of the ball on the Littlefield three yard line. The Wildcats recovered a Mustang fumble and punted to the 30 yard line. From there the Mustangs drove down to the 5 yard line and fumbled again with the Wildcats recovering. After the Wildcats punted out, the Mustangs drove down and scored with James Eidon Franks carrying the ball. Perry Gullet's kick for extra point was good. The half ended with Olton 7, Littlefield 0.

During the third quarter Franks ran 45 yards off tackle to score the second touchdown. Gullet's kick for extra point was low. The third quarter ended with Olton 13, Littlefield 0.

In the opening minutes of the fourth quarter Franks, on a reverse, ran 30 yards to score untouched. Gullet's kick for extra point was wide. The Wildcats opened a passing attack but was halted when Jack Wheeler, right end, intercepted a pass and ran about 15 yards for the fourth touchdown. The pass from center was bad and no extra point was made. The Mustangs chalked up 14 first downs to the Wildcats one. Hedges and co-captain Givins were outstanding on defense for the Mustangs while Brown, Donaldson, and co-captain Franks were outstanding on offense.

Singer and Lyman were outstanding for the Wildcats.

During the half the football boys crowned the football queen, who was Levrne Hysinger. Escorting the queen to the platform (in the center of the field) were co-captains Franks and Givins. The queens attendants and their escorts were: Darrell Brown-Wanda Hysinger; Elmo Hall-Mozelle Whittington; Joe

Hysinger-Luella Martins; and Billie Jean Langford-Leatrice Bulls. The rest of the football squad completed the procession.

Before the game started the Olton band formed a circle on the field and played "The Star-Spangled Banner." During the half they gave an exhibition on the field and played a few numbers. The band director is Emil Beyer.

Fundamental Baptist To Build New Auditorium

Littlefield Fundamental Baptist Church are planning to build a new auditorium addition to their church building, and last Sunday a special offering was taken towards the fund. L. J. Power, pastor, announced Sunday that the amount of \$1,500 was received Sunday towards this project, and that a percentage of regular collections would go into the building fund each week; and also that on November 1 another special offering would be taken for this fund. Plans are to pay for the material received, and a "Pay As You Go" plan has been adopted.

It is expected that the new addition to the church will be erected within the next six months, either during the latter part of the winter, or early spring.

The Church observed its second anniversary last August 3, and Rev. Power has been the pastor of this church since that time.

The present church faces Eighth Street, but the new addition will form an L shaped structure, and will face on XIT Drive. The old building will be used for educational purposes.

There are over 200 enrolled in the Sunday school, reported Rev. Power.

Rev. Father Morsch will be succeeded as pastor of the Littlefield and Pep churches by the Rev. Matthew Schafle, who has been pastor at Childress. Previous to the Childress pastorate, Rev. Father Schafle was pastor at Odessa and before that was in charge of the Rotan parish.

This is the third time that the Rev. Father Schafle has succeeded the Rev. Father Morsch in pastorates, having followed him at Rotan, Odessa and Littlefield. Rev. Father Schafle is a native of Philadelphia, Pa., and has been a resident of the South for the past eight years. CHRISTMAS PACKAGES MAY BE SENT TO MEN WHO HAVE JUST GONE OVERSEAS

Packages may be mailed to men outside of the United States, serving with the Navy, the Marine Corps, and the Coast Guard, as late as November 1, with Christmas delivery assured by the government.

And, in addition, according to Postmaster W. D. T. Storey, the government assures Christmas delivery of packages to men of the Army who have gone overseas recently. Packages to these men may be mailed as late as December 10, with Christmas delivery assured.

The original closing date for mailing of packages to men overseas with the Army, with Christmas delivery assured, was October 15.

The new group to whom Christmas delivery of packages is assured, these packages are mailed by December 10, consists of men of the Army who have changed their addresses since September 30; in other words, have gone overseas since that date.

Persons desiring to mail packages to the new group of men of the Army overseas must present an IPO card at the parcel post window, showing that the soldier has gone overseas recently.

Semi-Christmas Rush

Since September 15, when the mailing of Christmas packages overseas started, there has been a semi-Christmas rush at the Littlefield

postoffice, according to Postmaster Storey.

Mr. Storey also said that more air mail letters are being mailed from the Littlefield postoffice than ever before in the history of the office.

More packages also are coming in for delivery in Littlefield and territory.

The increase in air mail letters and package mail is a result of the war, Mr. Storey believes.

"Coney Island," New Film musical, With Betty Grable, Comes To Palace This Week End

The whole town is beaming with anticipatory delight—and little wonder! "Coney Island," that wonder Technicolor musical, is due to open at the Palace Theatre Saturday midnight, continuing through Sunday and Monday.

Starring Betty Grable, George Montgomery and Cesar Romero, the picture is reputed to have everything! Songs—dances—an entertaining and lively story, and a top-notch cast headed by Charles Winninger and Phil Silvers.

Whether you like your music hot or sweet—Producer William Perlberg has included enough of each. The new numbers, dreamed up especially for Betty and "Coney Island"

by those top tunesmiths, Leo Robin and Ralph Rainger, include "Take It From There," "Beautiful Coney Island," and "Miss Lulu From Louisville." According to preview reports, these numbers are nifty—especially the last one, which Betty sings in blackface!

To vie with these there are such nostalgic melodies as "Put Your Arms Around Me Honey," "When Irish Eyes Are Smiling," "In My Harem," and "Cuddle Up A Little Closer." All of these are enounced in appropriate production numbers, intricate dances and dazzling costumes—not forgetting, for a minute, the delectable presence of La Grable out in front most of the time.

Jap Prison Camp—

(Continued From Page 1)

a group of nine camps. An international Red Cross Committee representative recently visited these camps and reported that almost all were of newly constructed wooden barracks on well drained ground. The barracks were clean and were equipped with electric lights and stoves for heating during the months of January and February. Prisoners have rice straw mattresses and five thin blankets. Food rations consist of rice, barley, fish, some fruit, salt, sugar and a small amount of meat and some margarine. Canteens are in operation at the camps, but the articles which may be purchased are very limited. A small number of cigarettes may be purchased to supplement the monthly quota of from 150 to 200 cigarettes. The canteens also have some sweets and the amount of these which can be purchased monthly was very small, but was above the ration allowed the Japanese soldiers.

"Clothing and footwear are furnished by the Japanese.

"Recreation included football, tennis, and ping pong. Very little reading matter was available. All camps had received some Red Cross food parcels. It may be expected that additional supplies will be distributed as over 100 pounds of food, medicine, and clothing were carried on the recent voyage of the Gripsholm, in addition to personally packed parcels."

Henry Belmont Williams was Pharmacist Mate, Third Class, and was on the Island of Guam, when the Pacific Islands were attacked by Japanese December 7, 1941. He was believed to have been taken prisoner December 12, 1941, and sailed for Japan January 10, 1942. His father received official notification that he was a prisoner on February 21, 1942. Since that time Williams' family have received prisoner of war cards from their son.

During the past year Williams has been transferred from Zentsuzi Camp at Osaka, Hirohata, Sub Camp, Japan, and recently his sister, Mrs. J. D. Thomas received a card from her brother saying he was not working, which made them fear he was ill. Due to this anxiety she made an effort to get information as to conditions of this camp, and in reply to her inquiries the above information was sent to the Red Cross here.

NOTICE TO TAX PAYERS

TAXPAYING TIME IS AGAIN HERE.

Due to the fact that the Commissioners' Court this year rescinded the option of taking a discount on taxes by payment before January 1 at the rates of 3 Per Cent in October; 2 Per Cent in November; 1 Per Cent in December, I am hereby giving notice to all of Lamb County's taxpayers of this change.

The cancelling of this discount privilege was not by action of the Tax Collector or of my Office, but was ordered discontinued by action of the Commissioners' Court.

During past weeks we have received large numbers of tax payments, with taxpayers deducting the 3 per cent discount, which we have been forced to return to them, and which, if received now and later, will have to be returned.

In making payment of your taxes, please make payment of county taxes in the face amount shown on your statement.

You are permitted to take the 3 Per Cent, 2 Per Cent, or 1 Per Cent discount on State Ad Valorem Taxes.

For the convenience of the taxpayers of the County, in the Different Communities, I am visiting each section of the county, bringing the tax rolls, receipts, etc., to make it simple and less costly for you to pay your taxes.

I have visited a number of sections of the county for the receiving of taxes, and I will be at the following places on the dates listed.

He expects to be assigned to another cruiser, but believes he will remain in the United States until after January 1.

The Leader is in receipt of a letter from S-Sgt. T. L. Kimmel, who is now in foreign service, and which will be of interest to his many friends here, as follows:

"Dear Mr. Drake: 'Well, it has been sometime since I have seen you, and also since I have written. I am overseas now, and like it here fine, although we get a little homesick once in a while. We don't have our radios as yet, so we don't get much news from the States, although we get the daily papers from London. We are not allowed to write much from here. However, this is a very beautiful country. I haven't received the good old Lamb County Leader since I have been here, but hope to soon. The address above is my new one, and I hope you will put it on your mailing list now, so that I will get the paper sooner. Give Mrs. Drake my best regards, and hoping that you and she are in the best of health, I will close.

"Yours sincerely, 'S-Sgt. T. L. Kimmel."

Cpl. Wilson Sisson, son of Mrs. Birdie Sisson of 2 1/2 miles east of Littlefield, of the Armoured Division of the U. S. Army, has been in the service 1 1/2 years, and had been

stationed at Camp Bowie, Brownwood, for about five months. He arrived home Saturday of last week but left Sunday for his camp.

James Stokes, of the U. S. Navy, who will complete his course of study at the Kansas State Teachers College, Pittsburg, Kansas, about November 1, is expected to have a seven day leave and visit his parents, Mr. and Mrs. J. M. Stokes, and other relatives here.

James expects to leave Pittsburg about October 26, and to arrive here October 28.

Following his leave, he is expected to attend Midshipman School.

Perrin Field, Texas.—Aviation Cadet Glenn S. Burk, 21, son of Mr. and Mrs. Oliver A. Burk, Anton, Texas, has arrived at this Army Air Forces field for basic pilot training.

Coming here from primary training at Jones Field, Texas, Cadet Burk has already begun flying a 450-horsepower plane. He will also carry a heavy schedule of ground school classes and military drill.

Wichita Falls, Oct. 7.—Pvt. Robert J. Criswell, son of James R. Criswell of Wichita Falls, was killed in action in Italy Sept. 14, according to a War Department telegram to his father. A brother, Staff Sgt. Emory Criswell of the Army Air Forces has been a German prisoner four months.

The family formerly lived at Anton.

Cpl. Alvis R. Bowen, 20, son of Mr. and Mrs. James N. Bowen, Anton, Texas, graduated last week from a course in airplane propellers conducted by the Army Air Forces Training Command at the Curtiss-Wright Corporation at Caldwell, New Jersey.

If he proved physically qualified, Corporal Bowen may soon receive training as an aerial gunner. Now a skilled propeller specialist, he will, after gunnery training, be doubly valuable as a member of the combat crew of an Army Air Forces unit.

Lieut. James Ford, son of Mrs. Fred Wright, has completed his training at Deming, N. M., and has been transferred to Salt Lake City, Utah.

After spending several days here, Lieut. Ford and Mrs. Wright made a trip to Olustee, Okla., where they visited Mrs. Wright's mother, Mrs. F. M. Phillips, and brother, R. W. Phillips. Returning here Tuesday of last week, Lieut. Ford left Thursday afternoon for Salt Lake City.

Lieut. Ford enlisted at Hollywood and has been in the Service about a year. He is a Bombardier in the Air Corps.

The Public Relations Office of the Myrtle Beach Bombing and Gunnery Range, S. C., has announced

that Staff-Sergeant Cecil D. Hall, son of Mr. Homer Hall of Littlefield, Texas, has been promoted to the grade of Tech-Sergeant.

T-Sgt. Hall entered the service on January 15, 1942, at Littlefield, Texas, and is now assigned to duty as Chief Clerk in the Base Ordnance Office of one of the Army Air Forces largest Bombardment Bases, located at Myrtle Beach, S. C.

Sergeant Eugene Yeager, stationed at the Army Basic Flying School, Garden City, Kans., and formerly manager of the Piggy-Wiggly Store in this city, is returning to his duties this week after spending a leave in this city and at Hobbs, N. M.

At Hobbs, Sergeant Yeager visited his parents, Mr. and Mrs. O. D. Yeager, formerly of this section, and his sister, Mrs. Lester Ragsdale and Mrs. A. J. Williams.

Mrs. Yeager and children, who have spent the past month at Hobbs, are returning to Kansas with Sergeant Yeager.

Sergeant Yeager has been in the service for the past year and has been stationed at Garden City since February. He is an instrument flying training instructor.

Among the cadets now stationed at the Army Air Forces Preflight School for Pilots at the San Antonio Aviation Cadet Center, the nation's largest pool for fighting air crews, are 452 young men from Texas. When they have completed their studies and training at the preflight school, the cadets will be sent to a primary flying field. Still further training in basic and advanced flying schools will prepare them to be combat pilots.

This group includes one from

Littlefield, Aviation Cadet Hugo F. Beyer.

Mr. and Mrs. J. S. Hilliard returned home Friday after spending a couple of days visiting Mr. and Mrs. S. E. Edwards at Amarillo.

Japan Said Abiding With Geneva Compact

John R. Mott, international chairman of the YMCA war prisoners' aid committee, said in an interview Saturday that, although it is not a signatory, Japan is abiding at least in part by the 1929 Geneva compact governing treatment of war prisoners.

Prison camps in Japan proper, in occupied China and at Hongkong are being conducted according to the Geneva standards, Mott said, adding "we have received assurance from the Swiss government and the International Red Cross."

No reports have been received, however, on conditions at Japanese prison camps in the Philippines, the Dutch East Indies and Malaya, Mott said.

Report 1520 Bales Cotton Ginned Up To October 1

According to Mrs. Warren Rutledge, cotton statistician, up to October 1, there were 1,520 bales of cotton of the 1942-43 crop ginned in Lamb County, as compared with 146 bales handled for the same period in 1942.

Another report is being made this week, and due to the nice weather for the period from October 1 to 18, this next report, doubtless, will show a considerable increase in the amount of cotton handled in the county.

Receive Second Message From Son

Mr. and Mrs. A. H. McFarland received Saturday a second card from their son, Pvt. Thomas J. McFarland, who is a Prisoner of War of the Japanese, and interned at the War Prisoners Camp, Moulmein, Burma.

The writing on the card by Pvt. McFarland was printed, but easily recognized by his mother as his handwriting. It conveyed the following message: "Dearest Family:

"Unwounded; good health and spirit. Hope all well at home. Don't worry. Love, Tom."

The first card, which was also the first word received by Mr. and Mrs. McFarland from their son, Thomas J. McFarland, since the U.S.S. Houston, a cruiser on which he was assigned as Orderly, was sunk on February 28, 1942, by the Japs in sea battle off Java Island. The last letter received by Mr. and Mrs. McFarland was dated Feb. 10, 1942, and was received on Mother's Day in May, 1942. On March 16 a telegram arrived from the War Department, stating that he was missing from line of duty in action on the U.S.S. Houston, which was sunk in the Java conflict.

As soon as the first card arrived Mr. and Mrs. McFarland started at once to make plans to communicate with their son, but inasmuch as the card had come direct from their son, who was not established as a prisoner of war with the War Department, it was necessary that this fact be recorded on their records before any mail would be allowed to pass to the prisoner.

Photostatic copy of the postcard was sent to the War Department, Washington, and Mr. and Mrs. McFarland have received word to the effect that the name of Pvt. Thomas J. McFarland has been recorded as a Prisoner of War, but that there will be further investigation; and that his parents might write their son, but not to send any packages yet. A slip with the following rules was sent Mr. and Mrs. McFarland in regard to communicating with a prisoner:

Letters must be less than 25 words in length.

Letters must be typewritten or legibly block printed.

Subject matter must be strictly personal; no military or political matters or opinions may be included.

The name of the Internment camp must appear in the forwarding address.

Address of sender must go on back of envelope.

These conditions have been imposed by the Japanese Government and not by the U. S. Government.

Mr. and Mrs. McFarland were notified that they were allowed to send their son a cablegram, and this

was immediately sent. Mrs. McFarland reported to the Leader Monday that she knew of 10 families who have heard from their sons who served on the Houston, and that there were six families who have received their second postcard.
