Senator Lyndon Johnson Stops Here On Whirlwind Tour Through West Texas

"Peace for our people, prosperity in our homes" is the motto of Senator Lyndon B. Johnson, Democratic minority leader who stopped in Littlefield, yesterday morning to meet the people and talk to school students. Senator Johnson is on a sweeping tour of West Texas, visiting towns and cities to acquire information on crop and business conditions to assist legislation.

During the hour he spent here, the senator shook hands with many friends at Fisher's Cafe, and expressed his opinion that "what's good for America is good for the Democratic party."

When asked about his stand on the proposed federal sales tax, Senator Johnson answered, "I am against it. Taxation should be based on ability to pay, and I do not believe Congress will enact the sales tax."

Sixth Annual Fair Promises to Be Largest in History; Judging Today

The Lamb County Sheriff's Posse will head the parade down Phelps Avenue at 4 o'clock this afternoon, to start the festivities of the Lamb County Fair.

Walter Martin, president of the posse, announces that two trophies will be given to the best riding clubs in the parade. Poses and clubs from Olton, Springlake, Earth, Muleshoe, Morton, Hereford, Brownfield, Crosbyton, Abertown, Idalou, and oHckley County are expected to put their horses through the paces for the crowd.

A number of floats will be entered to compete for first prize of \$50 and second prize of \$35, and the competition should be stiff for the best band, also. Bands from Littlefield, Olton, Dunbar High School, and surrounding towns will be making their best music and maneuvers to win the \$20 first prize and \$15 second prize.

The swine division of the fair has been cancelled due to the threat of an epidemic of exanthema, V. M. ePterman, chairman of the fair board announced today.

There'll be no school this afternoon. Students will be dismissed so they may attend the parade—and no school tomorrow, either, for it will be Children's Day at the Fair and rides will be specially priced at the Rocky Mountain Empire Show attractions.

The Lamb County Sheriff's Posse will also appear at Portales on the 25th, and will ride in the Sudan Fall Festival parade on Sept. 26. The Littlefield High School band will march in the parade for the South Plains Fair at Lubbock on September 28.

No Word Received On Missing Girls

No word has been received late Wednesday of the two local teenage girls who were reported missing earlier in the day.

Glenda Ann Pierce, age 14, and Betty Shumaker, age 16, were first found missing when school authorities reported to their parents at 10 a. m. Wednesday that the girls were not in school.

Sheriff Dick Dyer was notified at noon. Emergency broadcasts over radio station KVOW brought the only clue reported by the sheriff's office Wednesday night. The girls were reportedly seen on the Bula highway about 9 a. m., traveling west in a car with a teen-age boy.

Seven Persons Injured in Wreck Friday

Prospect Bright as Tomato Season Opens; Heavy Tonnage Expected

Five carloads of tomatoes left Lamb County last week as the season opened on one of the country's newest and most promising agriculture ventures.

Some 300 carloads of the finest tomatoes produced in the nation are expected to be shipped from this area before the season ends.

The market which hit a seasonal low of 5 cents a pound last week rose to 6 cents a pound Monday. The price is expected to continue to rise as rapidly as frost ends the growing season in the eastern states later this month.

The chief marketing center for Lamb County is Hough Packing Company of Harlingen, who last year built a packing shed at Yellowhouse.

According to Jimmie Hough, co-owner of the packing firm, this area will produce five times as much per acre as the Rio Grande valley does in its good years.

"Some Lamb County farmers will get as high as 12 tons per acre," Mr. Hough predicted this week. "Farmers in the valley don't get much more than two or three tons in their top years."

Lamb County tomatoes are easily marketed due to the high quality of the produce. Mr. Hough (Continued on Back Page)

Sheriff Dick Dyer Offers Reward For Hit and Run Lead

A \$100 reward is being offered by Sheriff Dick Dyer for any information on the hit and run driver who struck "Pop" Scott last month.

Mr. Scott, local gardener, was seriously injured August 3 when the horse-drawn mower he was riding on was struck by an unknown driver about three-fourths of a mile north of town.

At the time of the accident officials believed the hit-and-run driver was a woman driving a maroon Dodge or Plymouth.

The injured man is recovering slowly in his home in Littlefield since being released from a Lubbock hospital.

Look—She's Gaining

Little Helen Louise Black, the tiny baby born August 19 at Payne-Shotwell Foundation, gained seven ounces this week to build her weight to three pounds, four ounces.

Felony Charges Are Filed Mon. Against Littlefield Resident on D.W.I. Count

Seven people were injured, one seriously, when two cars collided two and a half miles north of Springlake on state highway 51 Friday night.

The accident occurred when James Ernest Locke, Littlefield, was in the process of overtaking and passing two vehicles while traveling south. According to Highway Patrolman B. L. Warren, Locke took to the bar ditch on his left when he saw a car approaching and realized he could not complete the pass.

The car coming from the south was carrying nine passengers and was driven by Mrs. James Shingle. Mrs. Shingle also swerved into the ditch in an attempt to miss the oncoming car. The two late model Buicks collided head on in the ditch, six feet from the pavement.

After receiving emergency treatment in the Littlefield Hospital, Locke was arrested by Patrolmen Warren and Clayton Culp. Felony charges were filed against Locke for driving while intoxicated, second offense. He appeared before Judge G. S. Glenn Monday morning, entering a plea of not guilty. He was released under a \$1500 bond and is scheduled to appear before the grand jury.

Five of the eight members of the Shingle family and Mrs. Shingle's sister, Virginia Raines, were hospitalized at the Olton Memorial Hospital. The three smallest children in the family escaped injury.

Jaycees Sponsor Fair Dance Sat.

"Hi-Pockets" and his orchestra, popular Lubbock television entertainers, will play for the dance to be held Saturday night at the Coca-Cola plant, in connection with the County Fair.

Cloise Foust, chairman of the Junior Chamber of Commerce social committee, which is sponsoring the event, has announced the selection of the band, and urges everyone who enjoys both round and square dancing to be on hand. The dancing will start at 9 o'clock.

Night Services Begin

Night services for the Presbyterian Church will begin at 8 p. m. Sunday, Rev. Henry Haupt announced this week.

Littlefield Band Will Step 'High and Wide' in Parade Today

(Photo by Taylor)

There'll be lots of high stepping Thursday when the Littlefield High School band leads the parade which opens the Lamb County Fair. This is the first appearance of the 97-piece band under its new director, Beryl Harris.

The band will play at the football game at Hereford Friday night and will march in the Lubbock parade next week.

The four bouncing beauties on the right are drum majorettes who will prove their twirling ability by using two batons. Left to right are Ethel Pope, Beva Jean, Ray, Gloria Thompson and Latayne Steffey, head drum majorette.

The three comely girls on the left are flag twirlers who are wearing their new uniforms for the first time. They are Jackie Hill, Johnny Lou Winwehen and Erna Jane Jones, head flag twirler.

Hi, Kids! How do you like the name of our column? Pretty snazzy, huh? It was the idea of the Student Council. I guess it will be the name of our column from now on. Congratulations, Student Council!!!

An amusing incident happened Tuesday in Mr. Goodwin's class. It seems as though they were deciding upon a date for a test and Thursday was not available because of the X-Rays at Sudan. So they voted between Wednesday and Friday, and of course Friday was unanimously. But the fact that school was out on Friday had completely slipped the mind of Mr. Goodwin until the next period, chemistry, and then it was too late to do anything about it. Looks like they got away with it this time.

In the parade Thursday will be two outstanding floats, the FHA float and the Pep Club float. The girls have been working real hard on them. Look for these Thursday in the Fair Parade.

The whole high school will be out for a while today to go to Sudan to get their chest X-Rays. The Seniors and the Juniors with the names from A-E will go at 9:30 a. m. The rest of the Juniors and Sophomores will go at 10 a. m.

Together with the trip to Hereford Friday night, and the parade Thursday, sounds like the band is really going to be busy. The band has a real cute stunt worked up for Hereford.

The football boys seem to be doing pretty good in their last scrimmages, beating Amherst by the score of 6-2 and Tahoka by the score of 8-3. Let's hope that they do as well at Hereford. I know that if the student body gets behind them they are capable of it, we can't lose. We expect to see a lot of LHS kids at the game this Friday, don't let us down.

Last Friday we had an assembly in which Mr. Vanderpool of the Methodist church introduced Mr. Harold Taylor. Mr. Taylor was here for the Methodist revival as a song leader. He sang four numbers entitled "On the Road to Mandalay," "Rose Marie," "Old Man River," and "Desert Song."

Then the officers of the Student Council gave a report on what they have planned for the following

R. J. Stuteville Buys Lovington Motor Parts Firm

R. J. Stuteville, manager of the Littlefield Motor Company for the past eight years, has purchased a partnership in the Motor Parts Company of Lovington, N. M., with Roy Simpson of Lovelland. Mr. Stuteville will assume active management of the Lovington firm, which was formerly Walker Bros. Machine & Supply Company, and will move his family to Lovington as soon as they can find a home there.

year. Mr. Pearce talked to us on citizenship for a while. The junior and senior boys were requested to stay for a meeting afterwards and I hear that man from the Marine Corps gave them a campaign speech.

If you have seen the library crowded with kids rushing madly around from reference book to reference book, it is for the simple reason that they are probably working on the first American History theme.

Every morning from 8:25 to 8:35 there is a Morning Watch in the High School Auditorium where kids of every denomination can come and worship God. It is a real swell idea and we would like to see everybody out to this Morning Watch.

Wednesday, the 16th, we had a special assembly to hear the guest speaker, Sen. Lyndon B. Johnson. Both the Junior High and the High School attended the assembly. Before Sen. Johnson arrived, Mr. Daugherty led the group in some songs. Sure was quite an honor to have the minority leader of the Senate and the senior senator of Texas to speak at LHS.

And football boys, don't forget that whatever kind of a spot you're in Friday night in the Hereford game, LHS will be behind you full force. Good Luck!

Solong Karen.

Frankie Ruth Douglas Becomes Bride Of Larry Marsh at Missionary Baptist

Under an archway with baskets of pink flowers banked on each side, Miss Frankie Ruth Douglas became the bride of Mr. Larry E. Marsh last Saturday night at 8 o'clock in the sanctuary of the Littlefield Missionary Baptist Church.

Rev. Weldon B. Meers, pastor, read the double ring vows for the formal ceremony.

Mrs. Marsh is the daughter of Mrs. Ethel Douglas of Littlefield and W. V. Douglas of Los Alamos, N. M. Mr. Marsh's parents are Mr. and Mrs. E. M. Marsh of Seymour, Texas.

Joe Hebel, soloist, sang "I Love You Truly" and "My Wonderful One," accompanied by Mrs. Weldon B. Meers, pianist, who also played the traditional wedding march and recessional.

The bride was given in marriage by her uncle, Mr. Elmer Owens. Nylon lace accentuated the beauty of her white satin bridal gown, in a double ruffle around the round yoke and in triple ruffles at the hipline. The bodice, buttoned in back with tiny self-covered buttons, was detailed with a pointed waistline and lily-point sleeves. The classic skirt fell in soft fullness to a cathedral length train.

Waist-length Bridal Veil
A bridal veil of illusion banded with lace fell to waist length from a small white net band with lace trim, touched with sweetheart seed pearls.

Mrs. Marsh's only jewelry was a pearl necklace and earrings, and she wore the traditional blue garter and white satin shoes.

She carried an exquisite arrangement of deep pink roses in net atop a white Bible, with white satin streamers floating downward.

Miss Wilma Nell McCain was the maid of honor, and bridesmaids were Misses Juanelle Douglas and Patsy Farrell. They were gowned similarly in ballerina dresses of net over taffeta, with a strapless bodice, and wore short white nylon gloves. The maid of honor, who wore sky blue, carried a colonial bouquet of white baby mums, and the bridesmaids, wearing aqua, had matching bouquets in pink.

Proceeding the ceremony, candles in high candelabra beside the altar were lit by Messrs. E. D. Williams and James Moiser, who also acted as ushers. The flower girl was Little Miss Kathy Hill of Fieldton. Mr. Edward Earl Morton of Lubbock served as Mr. Marsh's best man.

Reception At Williams Home
Following the ceremony, Mr. and Mrs. E. D. Williams honored the bride and groom with a reception at their home, assisted by Mrs. Joe Hebel.

The 2-tier square white bridal cake, decorated with pink flowers and a miniature bride and groom,

(Photo by Taylor)

centered the bride's table, which was covered with blue under white lace. Blue napkins with "Frankie and Larry" imprinted in silver carried out the color scheme.

Mrs. Janell Gibson registered guests in the bride's book, and Misses Norma Gail Williams and Mattie Pearl Price served.

Mrs. Marsh changed to a blue suit with the new boxy design and a poodle cloth coat, for her wedding trip to Colorado. She wore a matching blue felt hat with flower trim, white nylon blouse

and gloves, and her accessories were red.

The bride attended school in Olton, and was graduated from Littlefield High School in 1952, where she was a member of the choir, the basketball team, and was D. E. delegate for 1951-52. She was employed at Taylor's Studio following graduation.

Mr. Marsh was graduated from Seymour High School in 1943, and is employed at Taylor's Studio in Littlefield, where the couple will make their home.

JoNell Foley Will Marry On Christmas Day

Mr. and Mrs. Art Foley of Bula are announcing the engagement of their daughter, Jo Nell, to Mr. Carl E. Leavelle, son of Mr. and Mrs. O. C. Owens. The wedding will take place December 25, at Bula.

Miss Foley was salutatorian of her 1946 graduating class at Littlefield High School, and has attended West Texas State College and Texas Tech. She is presently employed as bookkeeper at the South Plains Creamery in Littlefield.

Mr. Leavelle was graduated from Detroit, Texas, High School, and served with the U. S. Army 22 months, 14 of which were spent in Japan. He attended Paris, Texas, Junior College, and received his B. S. degree from Sam Houston State Teachers College at Huntsville, Texas. He is now employed by the soil conservation service at Hempstead, Texas.

Bride Honored Thursday Afternoon

Orchid and white flowers decorated the Community Center Thursday afternoon when Mrs. Bill Eady, the former Miss Florence Sadler, was honored at a bridal shower. Hostesses for the event were: Mesdames A. C. Bridwell, Buck Oldham, W. M. Wicker, Oran Kirk, Jr., Elsey Hobbs, Clifford Pierce, Royal Kirby, and Mrs. T. C. Faver of Spade community.

The serving table was beautifully decorated with a white drawn-work linen cloth over orchid, centered with an arrangement of orchid and purple asters banked in greenery. White candles in crystal candelabra were on either side.

Tiny nosegays of flowers in white medallions, tied with minute orchid ribbons, topped the small white-iced cake squares. Mrs. T. C. Faver presided at the table, Mrs. C. D. Pierce served the punch, and Mrs. W. T. Wicker assisted with the serving. Orchid napkins were printed with "Florence and Bill" in white.

The hostesses presented Mrs. Eady with a coffeemaker.

Mrs. A. C. Bridwell registered the guests, who included: Mesdames Douglas Owen, M. A. Elms, L. B. Eady, Vernon Cox, Belle Hall, Geneva Hall, J. H. Gaither, Roland Bell, F. H. Hodges, J. H. Downs, C. R. Roberts, B. H. Anderson, Walton Downs, Floyd Price, Floyd Amistead, J. H. Parkman, F. E. Sadler, Sam Pinkerton, Judd Walker, F. F. Prentice, Glenna Downs, Geneva Horton, L. V. Pierce, and L. L. Couch. Others who sent gifts, but were unable to attend, were Mesdames Lucille Whisenhunt, Ernest Gaston, J. T. Hawkins, Dock Wingo, Sue Dalley, Dove Reese, J. W. Emfinger, Lee Thornton, W. O. Yearry, R. W. Bridwell, Lois Lentz, Dick Dyer, Beulah King, John Clayton, Sam Redwine, W. F. Farington, Forrest Moore, Keith Streety, Floyd Brown, Benny Zohn, and Misses Hazel Price, Cassie Price, Bea Price, Bobbie Yearry, Francis Brown, Missy Bridwell, and Shirley Moore.

Forum Makes Plan For Fair Float

Mrs. Edward Betts was hostess to the semi-monthly meeting of the Forum at her home last Thursday evening. Mrs. Robert Richey, president, had charge of the business meeting.

Members of the Forum voted to plan on entering a float in the Lamb County Fair parade next Thursday, and a committee including Mrs. John Driskill, Mrs. Virgil Zoth, Mrs. Allen Vaughn and Miss Clara Jarman was appointed to choose a theme.

Mrs. J. H. Carl was featured on the program, reviewing "Of Men and Of Angels," by Lon Woodrum. Refreshments were served to the following members: Mesdames J. S. Abernathy, Edward Betts, L. N. Bridges, J. H. Carl, E. E. Carter, John Driskill, Olene Gibson, Bacon Jones, Forest Martin, Robert Richey, Dalton Teague, Allen Vaughn, Virgil Zoth, and Miss Clara Jarman. Mrs. W. W. Hall was welcomed as a guest.

The Forum's next meeting will be with Miss Becky Pace the evening of September 22, Tuesday.

Lums Chapel H. D. Meets On Thursday

Household hints answered roll call at the Thursday afternoon meeting of the Lums Chapel Home Demonstration Club, in the home of Mrs. H. J. Allen. Mrs. Roy Taylor, president, was in charge of the business session, which included discussion of plans for the fair and the club booth.

"A Reading Center in the Home" will be the theme of the club booth at the fair, which will be included with other educational exhibits.

The demonstration, presented by Mrs. Hazel Hickman, county demonstration agent, featured vegetable cooking. Mrs. J. D. Waters was welcomed as a new member, and the next meeting place was set at Mrs. Percy Carter's home. Other members who attended were Mrs. C. G. Landers, Mrs. Doss Maner, Gurene Allen and Jackie Maner.

Williams-Weaver Vows Read Thursday In Sudan Church of Christ Ceremony

The altar of the Sudan Church of Christ was banked with greenery and white gladioli for the wedding Thursday evening of Miss Laquette Joy Williams, daughter of Mr. and Mrs. Clifford Williams of Sudan, and Mr. Ivan Dale Weaver, son of Mr. and Mrs. W. T. Weaver of Amherst.

High candelabra holding white candles framed the arrangement, as Ned Fairbairn, Church of Christ minister of Littlefield, read the double ring service.

The church choir sang "Always," "My Hero," and "The Lord Bless You and Keep You," after which the bride entered on the arm of her father, who gave her in marriage.

Her two-piece suit of brown cord was accented with a white nylon blouse and gloves, and she wore a small brown velvet hat and brown reptile shoes. Mrs. Weaver carried a dainty arrangement of white stephanotis, covering a white Bible, which was borrowed from Mrs. Billy Chester.

Locket Is 'Something Old'

For "something old," she wore a locket given to her mother by her grandparents on her mother's fourth birthday. Her sister, Miss Nancy Williams, presented her with the traditional blue garter, and for luck there was an Indian head penny dated 1889 tucked in the toe of her shoe.

Miss Wanda Whitmire, maid of honor, wore gold gabardine in a two-piece suit design, and carried a colonial bouquet of yellow daisy mums.

Mr. A. L. Nutall served as best man for Mr. Weaver, and ushers were Messrs. Bobby Beale, Gedonne Williams, Harold Ray Bowman, and Bennie Shaver.

The candles were lighted preceding the ceremony by Mr. Gedonne Williams and Mr. Harold Ray Boyman.

Following a short wedding trip,

The couple is at home on the W. T. Weaver farm near Amherst. Mrs. Weaver is employed at the P. M. A. office in Amherst. She was a 1951 graduate of the school.

Florence Sadler Marries Bill Eady

Miss Florence Louise Sadler was united in marriage to Mr. Bill E. Eady in a beautiful ceremony Saturday night, September 12, at the home of Mr. and Mrs. L. L. Couch in Anton. The informal double ring ceremony was read by Oliver Burk, Church of Christ minister, who has married all the Sadler girls.

Mrs. Eady is the daughter of S. H. Sadler and the late Mrs. Sadler, and Mr. Eady is the son of Mrs. Helen Eady of Wortham, Texas, and the late Mr. Eady.

Recorded music including "Ab, Sweet Mystery of Life," and "I Love You Truly" was played before the ceremony, and the bride entered as the choir from the Broadway Church of Christ in Lubbock hummed the traditional wedding march.

The bride's waltz-length gown was of white net over satin, fashioned with a strapless bodice under a soft net stole. Her dainty pumps were of white lace, and she wore a pearl and rhinestone choker.

Shoulder Length Veil
Mrs. Eady's shoulder length veil of net edged in lace fell from a soft ruffle of net with lace, and she carried a beautiful arrangement of frenched chrysanthemums and tulips, centered with an orchid, atop a white Bible, with orchid satin streamers.

Mrs. Walton Downs, who served as her sister's matron of honor, was gowned in a waltz-length design of orchid net over orchid satin. Her strapless bodice was covered with an orchid net stole, and she wore silver sandals. She carried a lovely colonial

bouquet of white carnations, with long white satin streamers. Long white candles in candelabra were lit by A. C. Bridwell and Buck Oldham preceding the ceremony, and shed soft light on the arrangement of palms flanked by baskets of orchid gladioli in the living room.

Mr. Dean Elms served as Mr. Eady's best man.

For her son's wedding, Mrs. Eady chose a navy dress, with navy accessories, and wore a corsage of white carnations.

Reception At Sister's Home
Mr. and Mrs. Couch entertained following the ceremony with a reception at their home. Orchid and white colors were carried out on the bride's table with orchid gladioli centered between crystal candelabra with white tapers.

Mrs. Couch and Miss Nylah Gayle Couch, niece of the bride, poured punch, and Mrs. Walton Downs and Mrs. Floyd Price, sisters of the bride, served cake.

The bride changed for her wedding trip to New Mexico to a mauve pink suit, designed with boxy poodle cloth jacket and slim flannel skirt. With the suit, she wore pink jewelry, black and white accessories, and the orchid from her wedding bouquet.

Mrs. Eady attended Whittarral High School, graduating in 1944, and was employed for seven years as cashier at Hall's Grocery. She is now employed by the Littlefield Butane Company, where she will continue working.

Mr. Eady is a graduate of Wortham, Texas, High School, served two years in the army, and is now farming near Littlefield.

Sew 'N' Save Contest Begins

A chance to sew 'n' save, and compete for \$30,000 in prizes, is being offered by Robison Sewing Machine and Upholstery Shop, Pfaff Sewing Machine dealer in Littlefield.

The "Sew 'n' Save" contest, sponsored by Pfaff and Lever Brothers, opened Monday, and is a contest for the most ingenious articles made with the dish towels or cloths which are packaged in Lever's "Breeze" detergent.

Every entrant receives a free time-saving needle threader, and the only requirement is an entry blank which may be obtained from Robison's. Closing date of the contest is Saturday, October 31, and a local committee of judges will meet during the first week in

November to select local first, second and third prize-winners.

The local first prize-winner will compete for regional and national awards including deluxe Pfaff console and portable "dial-switch" sewing machines.

Baptist Women Asked To Help Feed Messengers

All ladies of the First Baptist Church are asked to bring well-filled baskets of food to assist with the serving of the messengers to the West Plains Baptist Association at the meeting Friday.

Lunch will be served by the First Baptist women and all those unable to attend are asked to send a basket of food.

Altar Society to Make 'Money' Quilt

Members of the Sacred Heart Altar Society will assemble a "quilt of money" on September 23. During the summer, each woman in the parish was asked to make a quilt block the size of a dollar bill. A bill of some amount was to be placed in the block, and these blocks will be turned in to Mrs. Marvin Chandler, chairman, before September 20.

In another project each parish woman made an apron, pillowcase, child's garment, or something suitable for the annual rummage sale. These articles will be given to Mrs. J. R. McKinney by October 1.

Mrs. Harlan Given Amherst Shower

The home of Mr. and Mrs. Richard Daugherty in Amherst was the scene of a shower honoring a recent bride, Mrs. Nolan Harlan, the former Miss Betty Britt Amherst, last Friday.

Punch and cookies were served from a bridal table covered with a graceful white drawnwork cloth, and centered with American beauty roses.

Twenty-hostesses presented Mrs. Harlan with gifts including an electric iron, a stainless steel roaster, and a linen tablecloth. Mr. and Mrs. Harlan are now at home near Bula.

Presbyterian Women Visit New Mexico Church Missions

Seven members of the Presbyterian Auxiliary were weekend guests of Mrs. Jimmy Brittain at her home in Tres Ritos.

The group left Littlefield Saturday morning and returned late Monday. Enroute they visited the Embudo Presbyterian hospital, Embudo, N. M. Sunday they toured the Presbyterian day school and clinic at Truchas and attended church there.

Making the trip were Mrs. E. C. Rodgers, Mrs. Henry Haupt, Mrs. E. A. Bills, Mrs. Gus Shaw, Mrs. Mackey Groer, Mrs. Ben Crawford and Miss Lula Hubbard.

Mrs. Underwood Hosts Presbyterian Circle

The night circle of the Presbyterian Auxiliary met at 8 p. m. Monday in the home of Mrs. Fred Underwood. Mrs. B. W. Armistead presided at the business meeting at which time plans for the annual bazaar were discussed. Rev. Henry Haupt gave the devotional comments.

Attending the meeting were Mrs. E. C. Rodgers, Mrs. Byron Douglas, Mrs. Allen Hodges, Mrs. O. P. Wilemon, Mrs. Ira Woods, Mrs. B. J. Armistead, and Mrs. Sam Williams.

Bernice Patterson Becomes Bride of Bob Armstrong

Mrs. Bernice Patterson of Lubbock became the bride of Mr. Bob Armstrong of Littlefield last Wednesday evening in Clovis, N. M.

The bride's rose beige taffeta dress was fashioned in the new sheath design, with gray rose point imported lace on the bodice. A lace bolero, accented the high-buttoned neckline, was worn over three length sleeves.

Mrs. Armstrong wore an orchid corsage, and silver accessories completed the ensemble.

Mrs. George Snow of Lubbock, matron of honor, wore a navy design with navy accessories. Mr. Snow served as best man.

Mrs. Armstrong has been manager of Margo's specialty shop in Lubbock, and is a member of the Lubbock Business and Professional Women's Club, and the Altrusa Club.

Mr. Armstrong has been a member of the Ware's Department Store staff in Littlefield since 1934. The couple is at home at 325 West 4th Street.

Vacations Can Be Upset in Mexico, Mr. and Mrs. Judd Walker Discover

Mr. and Mrs. Judd Walker can vouch for the fact that not everything floats in the "floating gardens" of Xochimilco, Mexico, in the heart of Mexico City. On their recent trip to Mexico, they took a boat trip through the beautiful islands of flowers, and watched another couple overturn in the center of the lake, a scene the picture postcards never show.

The Walkers left Fort Worth at six in the evening, and by midnight their American Airlines plane was circling over the beautiful lights of Mexico City. Their plane trip and four-day vacation at the 1953 convention were awarded Mr. Walker for his sales work with the Great American Reserve Insurance Company of Dallas. At a banquet held in the Hotel Mexico, Mr. Walker was presented a diamond lapel pin for over five years

service with the company, and an additional award for being a member of the 1953 "President's Club."

Antique Beauty Shown

"We were particularly struck with the Mexican people's ability to preserve antique beauty," Mrs. Walker says. Among historic scenes visited by the Walkers was the summer mansion of King Maximilian, last monarch of Mexico. Some of the rooms are preserved exactly as Maximilian and his queen, Carlotta, left them when they fled the city and the carriage of solid gold is still intact.

The University of Mexico, still building to accommodate 35,000 students, the hand-built Cathedral over 400 years old, and the pyramids west of the city were also toured by the Walkers.

Other residents of this area who enjoyed the beauties of Mexico were Mr. and Mrs. Harold Sparks, Mr. and Mrs. Carl Richardson, and Mr. and Mrs. Marshall Farrell, of Lubbock; Mr. and Mrs. Noble Glenn of Big Spring; and Mr. and Mrs. Baker Conger, of Midland.

Galveston To Host H. D. Association On September 30

Design, discussion and demonstration make up the three-dimensional approach to the annual convention for the Texas Home Demonstration Association to be held at Galveston, September 30, October 1-2. According to Bonnie Cox, acting state home demonstration leader for the Texas Agricultural Extension and adviser to the association, the convention is planned by the women themselves to assist in carrying out their program of work.

The convention has been designed or planned by the officers and committee chairmen as a framework for the constructive discussion and demonstrations in each of the five fields of committee activities. Three elected delegates from each county, return to share with the clubs the inspiration, information and recommendations for the new year's plan of work.

Miss Cox says there are more than 44,000 members of 3,000 home demonstration clubs in the state, and each is a member of the association. Its objective is to "serve as a cooperative and coordinating agency for the statewide activities of home demonstration clubs as a medium for expressing the desires and interests of rural women and as a means of cooperating with other organizations of similar interests." The association was first organized in 1926 at Texas A. and M. College, to train women attending the annual short course, in parliamentary procedure and to give a scholarship to a 4-H club girl. Since then the association has awarded college scholarships to 29 club girls, and assisted with 4-H activities by contributing \$100 annually to each of the Extension districts.

During the convention, Galveston county clubs will be hosts, entertaining for tea at Dickinson, September 30, and again during the dinner, October 2. Mrs. H. B. Burton, Pasadena, is vice-president, in charge; Mrs. Charles L. Vance, Texas City, and Mrs. Fred Juneman, La Marque, head the arrangements and hospitality committees. Speakers include Mena Hogan, field agent, Southern Region, Extension Service, Washington, D. C.; Iris Davenport, women's editor, Farm and Ranch, Nashville, Tenn.; and Mrs. R. M. Almarode, Munday, Texas.

"Traveling demonstrations" of committee work will be presented October 1, at program workshops by Mrs. Vaughn D. Badley, Agua Dulce, chairman of legislative committee; Mrs. Thomas Echols, Paris, chairman of education committee; Mrs. M. B. Sparks, Alvarado, chairman of 4-H committee; Mrs. Maynard Gaines, Coleman, chairman of recreation committee; and Mrs. Ennis Claytor, Dalhart, chairman of marketing committee.

What Next?

Our youngest daughter, Paula, has always been one of those kids who loves anything that lives and breathes.

This year... in rapid succession... we have had goldfishes, a pair of canaries, an Easter duck, and a toad frog... all plus Tippiie, our big Collie dog.

The fish died from too much attention. (Paula didn't know she shouldn't pet them). We sent the duck to a friend's ranch when he out-jump the kids and got away, and both canaries died from unknown causes.

One day last week Paula came in starry-eyed. Some little girl in her class had hamsters for sale. I had always vowed I would draw the line there, but Paula won... and a half-grown hamster came home to live in the canary cage.

I was surprised that he was such a personable little critter and kept telling myself he was more closely related to a squirrel than a rat. We were all getting rather attached to the little fellow... but he didn't know when he was well off. About 3 a. m. Tuesday he ventured out of his cage and on to the breezeway floor within reach of Tippiie... which spelled finis to one more pet in the Williams household.

TOMATOES
(Continued from Page 1)

told about one of the largest grocery chains switching from California tomatoes to West Texas tomatoes due to superior quality of the Texas crop.

Even though the opening market is low, high tonnage is expected to make this year's tomato crop highly profitable. According to Jimmy Houghs, co-owner of the packing firm, one of his first customers averaged \$71 an acre for his first picking after costs of picking and boxes were paid. The farmer is expecting from five to seven more pickings from the same plants, which should bring more net each picking as the market rises.

Johnny Galeni, largest tomato grower in Lamb County, began harvesting this week. The Littlefield farmer is well pleased with the prospects of getting 19 tons per acre from his 120-acre plot. "Cotton proration may prove to be a boon to Lamb County farmers," Galeni said Sunday, as he told of his plans to put several hundred acres in truck farming next year.

Earlier this fall Galeni grossed \$1500 from 10 acres of pea crops. He is doing his own harvesting and marketing on all of his produce.

The Hough company has brought in a crew of 60 men from the Valley to harvest for their customers. When the field is ready for picking, the crew comes to pick and box the tomatoes. An additional 60 men will be brought in later in the season.

JOHNSON

Cotton prices are a debatable proposition, he said, and declined to state any views on what they may be until he has further studied the situation here.

Talks to Students

In a talk to the high school assembly, Senator Johnson was introduced by Lloyd Croslyn, Lubbock attorney and a long-time personal friend. "You should find a goal while you are in school and stick to it," the senator urged his audience. "You enjoy the greatest advantages of any youth throughout the world," he continued.

Following his talk here, Senator Johnson and his group went to Levelland. He delivered an address last night in Lubbock to the Inter-town council of the Rotary Club, where he was greeted by the largest number of Rotarians ever present for a meeting. A large delegation from the Littlefield Rotary Club heard his address.

He was also interviewed in a half-hour program on KDUB-TV, Lubbock, Tuesday evening, when he expressed his opinion that "West Texans are the people to get things done." Jokingly, he added that if his grandfather had not settled in Johnson City, Texas, 190 years ago, he would move west himself.

Senator Johnson will go to El Paso on October 20, and will be an honored guest at the Brownfield Fall Festival in October.

SEVEN PERSONS

(Continued from Page One)
Mrs. Shingle has been in critical condition with a punctured lung. Late Wednesday hospital attendants reported her condition improving.

Mr. Shingle suffered cracked ribs and a severe cut over one eye. Jimmie, age 6, suffered a chest injury, and Eddie, age 3, received 14 stitches in his chin. Miss Raines suffered a broken arm. All have been released except Mr. and Mrs. Shingle.

The family was enroute home from a vacation in Tucson, Ariz., when the accident occurred.

Claude Rogers Services Held

Claude Blufford Rogers, a resident of Littlefield for 23 years, died Saturday morning, and funeral services were held Sunday afternoon at the Parkview Baptist Church.

Mr. Rogers, who farmed for many years, had recently retired and moved to Littlefield. He is survived by the widow, one son, Floyd Rogers, of near Amherst; and one daughter, Mrs. Herbert Davis of Antlers, Okla.

Rev. J. E. Moore of Circleback officiated at the services, assisted by Rev. John C. Taylor, pastor. Pallbearers were George Spears, Virgil Bliner, John Dunn, Weldon Terrell, Merle Bessell, and Alvin Rhodes. Interment was in Littlefield Memorial Park.

Mrs. J. M. Farmer Takes Over As Flower Show Head

A last-minute resignation has placed Mrs. J. M. Farmer, president of the Garden Club, in the chairmanship of the Flower Show sponsored by the club at the County Fair today. Mrs. F. H. Faust, former chairman, resigned this week because she is moving to Dimmitt.

Mrs. Glint Griffin has also agreed to take charge of the properties committee at the show, since Mrs. James Shotwell is still convalescing from her recent injuries and cannot serve actively.

Several new appointments are Mrs. Mabel Wood and Mrs. Billie Whitmore, both of Sudan, who will serve on the classification committee.

Two members of the Olton Garden Club have been asked to serve on the entries committee, and one will help with classification.

Chandler Funeral Is Held At Anton

Funeral services for Durwood Chandler, son of Mr. and Mrs. G. C. Chandler of Anton, who died from polio at Orica, Calif., last week, were held at the Anton Church of Christ Sunday.

Mr. Chandler is survived by his parents and widow, and one child, Laquita Ann. Pallbearers were Pat Byrum, Howard Colbert, Herb Nelson, Jack Pritchard, Audrey Vandemer, and J. T. Crouch. Burial was in the Anton cemetery.

Legion Urges School Vote

The American Legion, through local post commander Wayne Butler, is urging that everyone vote in the school election coming up this Saturday, to decide the question of annexing Fieldton school district to that of Littlefield.

Mr. Butler will represent Littlefield at a meeting called by the new state commander, for district and local post commanders, at Sweetwater next Sunday.

Former Resident Killed In Wreck

Mrs. Trudy Ethel Thurman, former resident of Littlefield, was killed in an automobile accident one-half mile from Kress, Texas.

Mrs. Thurman was a resident of Littlefield for 12 years.

Death came to the former Littlefield woman when the car she was driving was in collision with a car said to have been driven by Eugene Lowery.

The accident occurred when Mrs. Thurman was returning from Amarillo to her home five miles northwest of Plainview.

Funeral arrangements are pending at Plainview.

Muleshoe Tour Features Soil Conservation Tips

The soil conservation tour sponsored by the Blackwater Valley Soil Conservation District, Muleshoe State Bank, and the Chamber of Commerce began Monday morning at the county courthouse in Muleshoe and covered ten farms in Bailey County. From an educational standpoint and practical use of soil conservation advice, this tour pointed out many of the basic fundamentals in soil conservation.

Commentaries on the individual farms were made by J. K. Adams, county agent; Ben Chapman, work unit conservationist, and the farmer practicing a particular phase. The tour covered everything from sheep and cattle on irrigated pastures, new era cowpeas in combine

alfalfa, combine maize following hairy vetch, and cotton with commercial fertilizer on alfalfa land. Another attraction was the showing of underground irrigation tile.

Following the tour of farms a big barbecue was served by the Rotary Club of Muleshoe at the Verney Townes farm.

Elevator Worker Narrowly Escapes Chemical Asphyxiation Friday

Junior Band Elects Officers Tuesday

The Junior Band of the Littlefield schools elected officers at their regular practice meeting Thursday morning. Elaine Stricklen was elected president; Carl Olson, vice-president; Martin Ann Williams, secretary.

The initial appearance of the 107-piece band has not yet been announced. "I am proud of the program the Junior band is making," Band Director Beryl Harris said this week.

Tommy Robbins, 33 year-old Littlefield Negro, almost met death Friday when he was asphyxiated while working in the well of the Doggett elevator.

Robbins was unconscious when he arrived at the Payne-Shotwell hospital some 30 minutes after he was discovered in the 20-foot pit about 10 a. m. Friday. He had been cleaning the elevator, preparing it from milo storage, when he was overcome by fumes from chemicals used for treating wheat.

Buck Tague, who had been working with Robbins, became alarmed when the victim failed to answer his calls. Tague found him slumped against the wall of

the well.

A bystander put on a gas mask, climbed down the ladder, and tied a rope around the injured man's waist. Dr. Otto Rabe and Mrs. D. C. Lindley, a nurse, were on hand to give Robbins oxygen when he reached the ground.

FINAL PLANS MADE FOR FIRST ANNUAL TEACHERS WORKSHOP

Final plans are taking shape for the first annual county-wide teachers workshop which will be held Friday, Sept. 18.

The workshop officially opens with a meeting of the county school administrators' club at 7:30 tonight, Bill Brune, coordinator of Littlefield schools, announced this week.

Between 200 and 300 county teachers are expected to attend the session which will be held on the opening day of the Lamb County Fair. All county schools will be dismissed for the day.

Dr. Lee Wilborn, assistant commissioner of education with the Texas Educational Agency, will be the principal consultant and speaker for the meeting.

Other consultants will be Mrs. Nell Alexander, Miss Ruby Bennett, Miss Ida Bernhard and Miss Virginia Hufstetler, all from the Texas Educational Agency. In addition representatives of the Lubbock public schools, Texas Tech, West Texas State College, Canyon and various area supervisors will assist with the workshop.

Some time ago county teachers sent a list of problems to the state school authorities who will discuss these subjects at Friday's meeting.

The program will open at 9 a. m. Friday with Haldis Pearce, Littlefield superintendent, serving as master of ceremonies.

Sectional meetings covering the

various educational fields of interest will be held during the morning. In addition, a special section for cafeteria workers will be conducted by the area supervisor from Lubbock.

Dr. Wilborn will speak to the group at the noon meeting on "Proposed Credentials for Public Schools in Texas." The afternoon will be devoted to section meetings, with the workshop closing at 3:30 p. m.

Assembly of God Begins Revival

Rev. and Mrs. Paul McGeechie of Cortez, Colorado are the featured speakers at the revival, which started last week at the Assembly of God Church.

Services are held each evening at 8:15 at the church, located at the corner of North Morse and Weidel Streets, and special singing will be featured throughout the revival.

Rev. M. A. McDonald, pastor, invites everyone to attend these special services, which will continue for two weeks or longer.

Lighted targets to guide the cox swains will be placed at the finish line for the Intercollegiate Regatta on Onondaga Lake, June 20.

Sgt. Stanaford Sails For Tokio

Sgt. Payton Dow Stanaford called his parents, Mr. and Mrs. L. D. Stanaford, last week to tell them he was embarking for Tokyo immediately.

A member of the Air Force motor pool, Sgt. Stanaford took his basic training at Wichita Falls two years ago. He later attended an Air Force school at Nashville, Tenn. For 25 months he was stationed at Barksdale, La.

The local airman arrived home July 14 for a 30 day leave prior to reporting to Oakland, Calif., for overseas assignment.

Controlling external parasites on sheep and goats will stop damage to wool and/or mohair and conserve feeds. Animals infested with lice do not feed normally and the feed consumed is not properly utilized. It doesn't pay to feed parasites.

Anton Man Treasures Old Shop Book

Times have changed since the business man was paid in sheaves of wheat and sheep, but old-time records make interesting reading for F.B. Stanfield, retired farmer of Anton.

Mr. Stanfield has his grand father's book recording work done and payment received at the smithy and store run by F. W. Stanfield in Stone County, Ark. in the early 19th century. Earliest entries, in the meticulous handwriting of that period, are dated 1842. The elder Stanfield died in 1884, two years after Mr. Stanfield was born, and the book has been handed down through the Stanfield family.

Mr. and Mrs. Stanfield came to a farm near Anton from Haskell, Texas, in 1924. Their daughter and son-in-law, Mr. and Mrs. A. C. Pell, have been farming the land since Mr. and Mrs. Stanfield, who has been in ill health, moved into Anton.

First Pep Draftee Honored Monday At Farewell Party

A farewell party honoring Eugene Sokora was given in the home of his parents, Mr. and Mrs. A. J. Sokora of Pep last Monday night. Mr. Sokora left for the Army Tuesday morning from Muleshoe.

Refreshments of ice cream and cake were served to 77. Among those attending were his wife, parents, brothers, sisters, Mr. and Mrs. J. F. Albus and daughter of Littlefield, Mr. and Mrs. Wilbert Albus and family of Sudan, Mr. and Mrs. Felix Fetsch of Muleshoe, Mr. and Mrs. Louis Kuehler

and family of Morton, Glenn Hughes of Whitbarral, Mr. and Mrs. Clarence Albus and family, Mr. and Mrs. Fred Albus and family.

ity, Mr. and Mrs. Leonard Albus and family, Mr. and Mrs. Paul Albus and family, Mr. and Mrs. A. A. Duesterhaus and family, Mrs. A. A. Homer and family, Mrs. H. E. Franklin and family, and J. A. Decker and family, all of Pep. Mr. Sokora is the first man to be drafted from the parish. He has been farming six miles from Pep. Mrs. Sokora is part time with her husband and Mrs. J. F. Albus and his parents, also at Wright Cleaners.

WHY just look and sigh—and pass up so much real automobile?

Why—when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars.

So we'll show you the price tag to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

Methodists Close Revival; Large Attendance Noted

Unusually large crowds attended the revival held at the First Methodist Church last week, to hear Rev. Homer Vanderpool, pastor of Grace Methodist Church in Dayton, Ohio. Rev. Harry Vanderpool of the local church expressed great satisfaction with the revival which featured an early morning service for the convenience of businessmen and students. Top attendance with 141 last Wednesday. Songs by Harold Taylor were also featured.

Texas Tech Adds New Executives

With the appointment of Dr. Gustav Ernest Giesecke, the three top administrative posts at Texas Tech are filled for the first time in a year. Dr. Giesecke arrived at Tech for the opening session last week, coming from the North Dakota Agricultural College at Fargo where he was dean of the School of Applied Arts and Sciences.

Dr. E. N. Jones, president, and Marshall L. Pennington, vice-president and comptroller, are the other new executive, who have served this past year.

Another new officer at Texas Tech is Amlil D. Anderson, who has been named assistant manager of the Texas Tech Student Union. He was formerly games supervisor at Compton Union at Washington State College in Pullman. Mr. Anderson will serve under William Scott, new director of the Student Union, who took over his Tech post recently. Mr. Scott was formerly director of the Student Union at Washington State College.

Two faculty members who played a leading part in the growth of Texas Tech since it opened in 1925 retired August 31 of this year. Miss Margaret W. Weeks, dean of home economics, was one of the college's original deans, and W. T. Gaston had been business manager since 1929. No replacement for Mr. Gaston has been announced. Dr. Willis Vaughn Tinsley of Southwest Texas State Teachers College at San Marcos has succeeded Dean Weeks.

INTERNATIONAL SUNDAY SCHOOL LESSON

Paul Explains Nature of Salvation To Titus in New Life and New Birth

(Below is a discussion of next Sunday's International Sunday School lesson written by the Rev. John C. Taylor, pastor of the Parkview Baptist Church and President of the Littlefield Ministerial Alliance. Each month another local minister will be asked to contribute to the column.)

By JOHN C. TAYLOR, Pastor Parkview Baptist Church

TOPIC: Counsel for Christians. SCRIPTURE: Titus 2:7, 8; 3:1-11.

CENTRAL TRUTH: A new birth is essential to salvation and after the new birth a new life is to be lived out in the community.

This lesson teaches us that born-again Christians need to give evidence of this new life through righteous living.

Someone has said, "If the roots of salvation are present, there will be fruits. If there are no fruits, it is a sign of no roots."

The material in the book of Titus revolves around: Church organization, sound doctrine, and Christian conduct. This lesson comes under the doctrine and conduct phases. The latter is not near so controversial, however, the International Sunday School Lessons are organized studies of the scriptures. Therefore, I must not include the doctrinal phase in this study.

I. THE NEW BIRTH (or the COUNSELED).

"Salvation" is a term often neglected by liberal trends in theology. But it is a word of the Bible in any translation, even of the most modern and scholarly.

The NATURE of salvation is given in this lesson.

FIRST, the nature is not of WORKS. "Works" in the Bible as used by James means, "Personal sympathetic ministry to the needy." Paul, in using the word, means, "Ceremonial works as a means of salvation."

Paul says, "Not of works of righteousness which we have done, but according to his mercy he saved us..."—Tit. 3:5.

SECOND, the nature is God's GRACE. "...but according to his mercy he saved us."

THIRD, the nature of salvation is, A NEW BIRTH. To give our finite minds a simple conception

of the nature of salvation, Jesus said, "Ye must be born again."

A Christian is one that is "born again," spiritually into the Kingdom of God. This "new-birth" is a cleansing from sin and a renewing of the Holy Ghost. "...by the washing of regeneration," (Tit. 3:5), and "Now ye are clean through the word which I have spoken unto you." (Jn. 15:3). "...and renewing of the Holy Ghost";

II. THE NEW LIFE (or COUNSEL FOR THE CHRISTIAN). Paul explains the doctrine of the new birth, then he teaches the way of the new life.

Glance here at a list of the admonitions:

1. Show yourself a pattern of good living, 2:7.
2. Be sound, be generous and sincere in doctrine (for teachings), 2:7.
3. See that your speech is unadorned and logical, 2:8.
4. Be submissive to rulers and authorities, 3:1.
5. Be ready to serve where ever possible, 3:1.
6. "Speak evil of no man," (3:2).
7. "Avoid quarrelling," (RSV), 3:2.
8. Agree and disagree agreeably with all men, "Shewing all meekness," 3:2.
9. Be changed from the old life. "... sometimes foolish, disobedient, deceived, serving divers lusts and pleasures, living in malice and envy, hateful, and hating one another," 3:3.
10. "Be careful to maintain good works," 3:8.
11. "Avoid stupid controversies," 3:9.
12. "Avoid endless and futile genealogies," 3:9.
13. Avoid controversies and quarrels over the law, 3:9.
14. Reject heretics (who are vacillating and argumentative) after two warnings, 3:10.

The new life after the new birth should be one of concentration upon a life of goodness and service, with an acceptable testimony before others.

News From The PMA Office

Measuring 1953 Cotton Acreage

The reporters are experiencing some difficulties in measuring a number of cotton farms in Lamb County. If you are away from home working, please contact this office or your reporter and make a date with him to measure your cotton acreage. In the event you are unable to do this, then you may contact your neighbor or some one to represent you in assisting the reporter.

Please check with the reporter to see that all of the land that was planted to cotton is shown and be sure and tell the reporter if you had any acreage that was originally planted to cotton and was destroyed, so he can measure that acreage. It is very necessary that we complete measuring cotton as soon as possible and without your cooperation we can not possibly get this job done in the required time.

Federal Crop Insurance

Producers who have crop insurance and have not paid their premium, are reminded they are not eligible for grain or cotton loans until they have paid their premiums. If you have a loss on your cotton, you must notify the county office within 15 days in writing, after completion of harvest and in no case later than Dec. 31, 1953. Also, the stalks must remain on the ground, undisturbed until they are released by a Federal Crop Insurance Adjuster.

Cows Seem Unusual When von Bronneck Visits Farms

Mrs. von Bronneck, noted visitor in Littlefield, saw "different color" in her homes near here last week. Mrs. R. B. McQuarters, Mrs. von Bronneck on the homes of Mrs. O. D. and Mrs. A. B. Lock. Mr. and Mrs. G. W. in the Spade community. In the first time the Austrian cows which were the Aberdeen Angus of Mr. and Mrs. Mc-

weight material for summer clothing.

The conveniences on farm homes, and the high standard of living of American farmers also impressed the Austrian lecturer. She had hoped to see several local cotton gins and the largest cotton-oil mill in America at Lubbock, but since they were not operating, Mrs. McQuarters plans to escort Mrs. von Bronneck on a later tour of these operations.

Speaks At Spade

As a sidelight in her study of farm life and people, Mrs. von Bronneck stopped at the Spade High School on her return from the farm homes. Superintendent J. A. Lumsden urged her to speak a short while to the student body, and another "first" was recorded as she listened to the use of the public address system in the school, which she had never heard. Even a convenience such as the school bus, which all children take for granted, was new to her, and Mrs. von Bronneck was amazed by the excellent selection of food and low prices in the school cafeteria.

Legumes Can Add Profits If Well-Used

COLLEGE STATION, Sept. 9.—Legumes can help hold the line on farm income. With the return of acreage controls on some cash crops, the need for increasing profits on each acre planted is emphasized, says Extension Agronomist Ben R. Spears. He adds production costs can be cut by using improved machinery and labor saving equipment but emphasizes that higher acre yields are of major importance.

Legumes used in combination with other good farming practices, explains Spears, can boost yields and put extra dollars in the farmer's pocket. To get the most from legumes, however, only the best adapted varieties should be planted, the seed properly inoculated and fertilizer applied in accordance with the soil needs. A soil analysis should be used as the basis for determining fertilizer needs, says the specialist.

Legumes when properly inoculated can help reduce nitrogen fertilizer requirements of the crops which follow the legume. Research workers of the Texas Agricultural Experiment Station in an 11-year study have found that the topgrowth of hairy vetch contains an average of 102 pounds of nitrogen an acre. Legumes are the only plants which have the ability to take nitrogen from the air and store it in the plant but must be inoculated with the proper nitrogen-fixing bacteria before they can do so, says Spears.

He recommends the use of com-

mercial inoculants which are readily available. Be sure and check the label on the container, he says, to make certain the right inoculant is being used.

Legumes, like other crops, require proper fertilization for maximum growth. Phosphorus is needed in almost all areas of the state. Potash and calcium may also be needed particularly in the eastern half of the state, says Spears. On soils low in organic matter, a small amount of commercial nitrogen applied at planting time will help get the legumes off to a good start.

The effects from plowing under a heavy growth of legumes usually lasts for more than one year. The legumes add organic matter to the soil and thus improves the soil structure. This allows deeper root penetration and increases the water holding capacity of the soil. The increased water holding capacity, says Spears, is particularly evident in dry years and he cites two examples which show the value of legumes. Wayne Anderson of Lamar County this year combined 105 bushels of oats an acre from land that was locally known as "old land." The field for three previous years had been planted to vetch. In the Stanfield community in Clay County, E. J. Lee produced 22 bushels of wheat an acre from land which had been in vetch during the winter of 1952. From similar land on the farm but not planted to a legume, he harvested only 7 bushels of wheat an acre.

Too, in the Blackland area, sweet clover has proved its value in the fight against cotton root rot. Using this legume in the crop rotation can make a considerable difference in the pound of lint harvested from an acre, says Spears.

Right now livestock producers are in need of grazing crops and legumes can be used with success for supplementary pastures. They will provide high protein feed at a lower cost than purchased feed.

With the favorable moisture conditions that exist in many parts of Texas at this time, Spears points out that prospects are good for winter legume crops. Dry weather during the past two or

three years at planting time has been responsible for reduced plantings of legumes but the moisture now available should be a big inducement for farmers and stockmen to greatly expand all seedings of the adapted legumes.

Spears suggests that local county agents be contacted for detailed information on the best adapted legumes and fertilizer needs for your area of the state. Finally, Spears says, give legumes a chance and they'll return big dividends.

TELEPHONE SERVICE IN PEP MAY BE COURT DECISION

or not the Pep com- again have telephone lines until after a court decision is reached in the case of the people of Tahoka versus the General Telephone Co. and the Peka-Lambro Rural Telephone Cooperative, Inc., which is scheduled for the October docket of district court in Lubbock.

A controversy arose sometime ago between the telephone company and the co-op over a service agreement.

"We don't want telephone service if we can only talk to one another in the community," Mr. Diering explained. "Unless some agreement can be reached with General Telephone Co. to allow us to get service from the Littlefield office, we wouldn't be much better off."

Michigan State halfbacks Leroy Bolden and Ellis Duckett also were teammates on their high school track team which won the state championship in 1950.

Canning Chicken Saves Time, Cash

COLLEGE STATION, Sept. 9—Canned chicken can provide many time-saving and delicious dishes for family meals. In addition, quality canned chicken is an excellent source of high quality protein, and a good source of vitamins and minerals. According to the foods and nutrition specialists for the Texas Agricultural Extension Service, it is practical to can chickens at home, particularly the older birds.

In a new publication, Canning Poultry, the specialists explain how to can chicken, either with the bone or without the bone. Pictures show step-by-step techniques in cutting the meat from the bone. The advantages in canning boned chicken are in being able to can white and dark meat separately, and getting more meat into each container. However, the specialists say either method is successful provided containers are processed in the pressure canner.

The "pack raw and steam method," and the "one step raw pack method," are both recommended for processing.

The "pack raw and steam method" provides for cooking time in the jar or can before the container is sealed for processing. The "one step raw pack method" eliminates the steaming time and provides for filling each container to one inch from the top and adjusting the closure for processing. Salt is added, but no water is used in either method.

The publication also explains how to can meat from the bony pieces, giblets, broth and chicken tamales. Suggested recipes include chicken in croquettes, turnovers, cornbread ring, tetrazini, cream pie, salad and mold.

Copies of the bulletin, B-214, Canning Poultry, are available at county Extension agents' offices.

There are four new pari-mutual harness tracts in operation this year. The tracks are Bayard, Fla., Hazel Park, Mich., Vernon, N. Y., and Wilmington, Del.

Mexican Wages To Be Study Of TEC Survey

The Texas Employment Commission will again be called upon this year to make crop wage surveys for the convenience of employers in areas of the state where Mexican Nationals are to be employed in numbers to warrant a survey. J. D. Jordan, local office manager for the Texas Employment Commission reported here today.

Public 78, passed by Congress provides, in part, that Mexican Nationals may be admitted to this country for farm employment only if it is found that the wages and working conditions of domestic farm workers will not be adversely affected. In this connection, prevailing wage determinations will be made by the Secretary of Labor and he will periodically furnish representatives of the Mexican government with information as to the prevailing wages being paid to domestic workers.

The TEC with its statewide system of local offices, together with its farm consultants, will select local crop wage consultant committees to work with TEC in arriving at a "range of wage rates" for a particular area. The area committees, comprised of three members, will be made up of outstanding agricultural leaders in each crop wage area to be surveyed. The members probably will be cotton growers and perhaps users of both Mexican National and domestic farm workers. They will live near the county seat for convenience in contacting. The committee will inspect the operation and findings of the wage survey and represent the community in the survey program.

Mr. Jordan said the survey plan will secure employment and wage data from 10 per cent of the farmers in crop wage area if there are fewer than 1,000 in the area. If there are more than 1,000, five per cent of the excess over the 1,000 will be included in the sample. "This survey is being conducted

for the benefit of farmers who must rely on Mexican Nationals to harvest their crops. The more cooperation that is received from

LAMB COUNTY LEADER, THURSDAY, SEPTEMBER 17, 1953

the farmers in this wage survey, for farmers who contract Mexican Nationals," Jordan continued.

Growers, Ginners Cautioned About Harvesting and Ginning Methods

Cotton harvesting will soon be under way in the county with all areas having their first bales ginned. The cotton harvest will from all indications progress rapidly. The ginners of Lamb County have done a good job, but with your assistance they will be able to do a much better job. The conditions this year may be unfavorable for ideal ginning and driers may have to be used. Cotton can be damaged three ways through over drying. It can be shortened, weakened or discolored. This fiber damage resulting from over drying is extremely detrimental and carries a heavy penalty on the market. It would be well to remember that the purpose of drying cotton at the gin is to make it clean better and gin smoother. Our recommendation to ginners for proper drying is "use only enough drying to insure smooth ginning."

Farmers can assist the ginner to do a good job of ginning and use less heat by remembering that it takes more than heat to clean dirty, trashy cotton; green or damp

cotton or immature cotton. The condition which the growers bring their cotton to the gin largely determines the amount of heat that the ginner must use in the ginning process. So if you allow immature bolls or green leaves to be picked in your cotton, if you pick before the dew dries, if you allow your cotton to be stomped in the trailers, you are not giving your ginner a fair chance to gin your cotton for you. It is up to you farmers to do your part to get a grade and staple.

C-A-C

We are getting a lot of requests on defoliation now especially when to apply. Defoliants, dusts or sprays should be applied at least 35 days after the period of maximum flower load. This permits maximum staple length development. Another way to time the application of defoliants would be 30 days after cotton quits making "cut out" or when the youngest bolls expected to make cotton are 30 days old. This will be when about 10 percent of the bolls are

open. Application should be made two or three weeks before the intended picking date.

Dust Defoliants

Use Calcium Cyanamide 30 to 40 lbs. when plants are wet with dew or adequate dew is forecast. Material must remain in moisture on the leaf for at least two hours; four or more hours of moist exposure preferred.

Monosodium Cyanamide 30 to 40 lbs. does not depend on dew for activation. It becomes liquid on the leaf by drawing moisture from the air or from the leaf. Leaves should be turgid or green, not wilted.

Spray Defoliants

Spray defoliants may be used in the absence of dews and at low humidities. Thorough coverage is essential. Information on sprayer types can be obtained from our office. Under severe drought conditions there are two materials (endothal and pentachlorophenol) which have given satisfactory results. This will aid stripper harvesting and reduce the cost.

Airplane Spraying

Dissolve 1 pound material in 1 gallon of water. Swath widths should be limited to the wing spread of the plane. For uniform application, a flag man is essential.

Ground Spraying

Dissolve in at least 25 gallons of water, depending on type of sprayer and extent of plant growth. Use fenders on tractor equipment in rank cotton.

More efficient defoliation is obtained when the cotton is mature with leaves in a condition of activity; not wilted, and not toughened by drought or starved by lack of fertility, and where plant moisture is adequate, weather warm and humid. Make full use of all weather information, such as dew and humidity forecasts, temperature, wind velocity, rainfall, etc., from radio stations.

Cautions

Defoliate only enough acreage to stay ahead of harvesting. A second application may be necessary in unusually rank cotton, or if plants are immature. This should be after leaves have fallen from the first application, usually 7-10 days. Read carefully and follow the precautions printed on the

container labels. Do not use any defoliant that is not labeled as to exact chemical content. Unknown defoliants may injure open fiber, unopen bolls or cause fire hazards at the gin.

Care of Equipment

Before beginning application, it is suggested that spray tanks, pumps, lines and nozzles be thoroughly cleaned to remove stick residues left by liquid insecticides. Flush spray machines with water after each day's operation.

C-A-C

Each year many gins and several thousand dollars worth of cotton are burned, resulting from fires caused by negligence on the part of those handling the cotton. Since cotton is one of our most valuable cash crops and since many times it represents the cash income for the farm family, it is double important that we follow a few rules in preventing cotton fires.

1. Carry your cotton to the gin in covered trailers or pulled by tractors with spark arrestors.
2. Don't carry wooden matches, but provide all field hands with safety matches.
3. Observe "no smoking" signs around the gin.
4. Provide adequate fire fighting equipment for stored cotton.
5. Farmers, ginners, truckers, and warehousemen should all cooperate in a community effort to prevent cotton fires.
6. Be fire conscious. Remember a spark can start a disastrous cotton fire.

C-A-C

There are many reasons why every farmer should make plans now for winter pastures. Pastures provide the cheapest feed for livestock and less labor is required to handle the animals when they are on good pasture. This adds up to lower costs and more efficient meat and milk production.

Winter pastures also supply the needed green grazing when the summer grasses are dormant; provide needed vitamins and protein; gives an opportunity for resting the permanent pastures and thus improves their vigor; reduce the cost of wintering livestock—a study made in central Texas by the Experiment Station showed that without pastures it cost about \$24.00 more for supplemental feed to winter a cow. Winter pastures pay off from the standpoint of soil protection and improvement. They provide a cover for the soil. We suggest planting at least one acre for each animal unit on farm.

Regardless of moisture conditions at planting do the planting job. Dust the seed in if necessary. Dry planting will pay, for no time will be lost after the rain comes and grazing will become available earlier. Put down fertilizer, too, for it will not be lost.

Last but of major importance, best fertilizer which money can be spent is the one going for a soil analysis. The analysis will show whether fertilizers are needed and if so, the type and amount required to make the winter pasture tops.

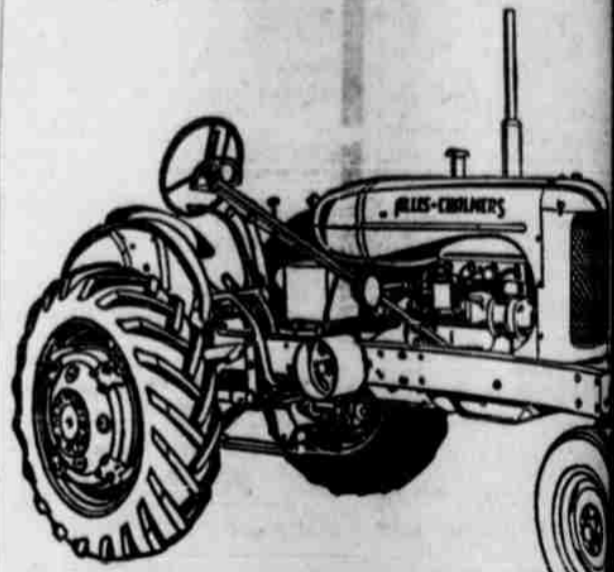

Put down the fertilizer if it is needed, for it pays big dividends and even if the crop is dusted in, the fertilizer will not be lost, but will be there for use of the succeeding crop.

It will be a good idea to inoculate the legume seed, especially if the crop is on land which has not been planted to a legume recently and because of the effects which may have come about as a result of the prolonged drought small compared with the development of the bacteria on the roots of

Gold Star Girls of Former Years Are Active in Homes and Community

Gold Star girls of past years are always glad to welcome the girl chosen for the current year into exclusive society.

Mrs. Delmer Hill, pictured on this page, received the award for 1952. She is the former Miss Virginia Melton, of Amherst. One of her neighbors in Amherst is Miss Mildred Gregson, who received the award in 1951 for Sudan, and is now enrolled in the school of nursing in Lubbock.

Miss Dee Dell Jones of Littlefield won the award in 1949, partially as a result of her particular talent in working with furniture. She is now enrolled in college, studying art.

Two Olton girls have also won awards in past years. Miss Maydene Allen was the recipient in 1947, and Miss Lucille Parker in 1948.

Several former Gold Star girls live in and near Littlefield now, even though they received their awards in counties other than Lamb. Mrs. Bayne McCurry, adult leader of the Spade 4-H Club, was the Gold Star girl for Lubbock County in 1951. Mrs. McMurry,

the former Miss Doris Prater, is also president of the Spade Home Demonstration Club, and secretary-treasurer of the Lamb County Home Demonstration Council.

Mrs. Hazel Hickman, county home demonstration agent, was serving in that capacity in Hockley County when Mrs. Glenn Burk of Littlefield received the award. Mrs. Burk was the former Miss Margie Rea, and her mother, Mrs. Boyd Rea, was 4-H Club adult leader in Anton, at that time. Mrs. Burk is the mother of four young children, Jimmy, Don, Roy, and Glenda Kay Burk.

Mrs. S. J. Clevenger, a former president of the Bluebonnet Home Demonstration Club, has also received the award for Lynn County.

County Farm Bureau To Issue Loans

Lamb County Farm Bureau will write cotton loans for its members this year, according to Hardy Shelby, president of the local Bureau. Members will be charged 10 cents a bale. All other farmers will be charged the regular price.

A resolutions committee was appointed by Mr. Shelby at the regular board meeting Sept. 10. The new committee is Bill Nix, Sudan; E. K. Angeley, Pleasant Valley; Balford Rochelle, Rocky Ford; Kenneth Ray, Olton; and Wesley Neinats, Hart Camp.

A board of three ginners and three farmers were appointed from Lamb County to meet with the Cotton Classing office as a rotating committee with 21 cotton growing counties using the Lubbock cotton classing office, as was requested by the Lubbock office. The names of these men have not been released. The purpose of this committee is to help mediate any dissatisfaction arising from cotton grades or staples or any other complaint against or from the cotton classing office in Lubbock. This committee will meet weekly with the cotton classing office with one county being represented each week.

Outbreaks of stinking smut in wheat fields in some sections of the state this year were the worst since 1940. Chemically treating the wheat seed before it is planted will control this disease and help germination.

What Gold Star Awards Require:

Gold Star Awards began in 1933, when each county made a nomination of an outstanding 4-H Club member and 100 members were selected to receive the awards. E. C. Martin, Boys' 4-H Club Specialist, originated the idea.

After several years, the awards were changed to the outstanding boy and girl from each county, which is the present plan. During the early years of the award, the Gold Star pins were presented at a dinner during the short course at Texas A. and M. College Station.

The boys and girls listed on these pages today, who are receiving and have received the Gold Star award, met the following requirements: the entrant shall be an active 4-H Club member during the current year, shall not have previously received this award, and shall have completed at least three years of 4-H Club work, including the current year.

The entrant shall have done outstanding 4-H Club work in result demonstrations, general achievement, club participation, and leadership.

With acreage controls back in the pasture, high acre yields become even more important. Legumes grown for soil improvement will help boost yields.

Donald Foltyn Stars in County 4-H

Donald E. Foltyn, a senior at Littlefield High School, has been named "Gold Star Boy" for Lamb County, county extension agent Lonnie Cole announces. Donald, who started 4-H Club work in 1946, is the son of Mr. and Mrs. Joseph A. Foltyn, who farm 177 acres near Littlefield.

In being chosen for this award, Donald continues a family tradition set by his sisters, Catherine and Dorothy, who were Gold Star girls in 1946 and 1950, and have gone on to greater 4-H Club achievements.

Donald's fine record shows an excellent example of the work of farm boys in the 4-H clubs of the nation. In 1946, he began a swine project with one gilt, awarded him by the Sears-Roebuck Farm Foundation. He attended all the meetings of his Sudan 4-H Club, and two county meetings.

His first gilt was joined by a sow and 21 pigs in the swine project for 1947, and Donald added 300 leghorns in the poultry project for that year. He also spoke to the Rotary Club, attended all of his 4-H Club meetings, 3 county meetings, and one district meeting.

In 1948, he raised 2 gilts, 2 sows and 30 pigs in a swine project, and 5 acres of Sudan grass for a field crop project. He entered two divisions in the livestock section of the Lamb County Fair, attended 8 out of 9 meetings of his club, 2

(Photo by Nail)

county meetings, and one district convention.

Donald served as secretary-treasurer of the Sudan 4-H Club in 1949, won a medal for his poultry entries at the County Fair, and was a member of the county 4-H recreation club which gave square dance exhibitions. He attended all club meetings, 2 county meetings, and a district meeting. He carried three projects in 1949, raising one boar, 3 sows and 27 pigs in swine, 7 acres of cotton, 5 acres of millet

and 5 of Sudan in field crops, and 2 acres in garden.

Donald's registered Duroc female was the champion of the County Fair in 1950, and he was awarded a certificate for second place in the district, in tractor maintenance. He fattened an Aberdeen Angus in his meat animal project, raised 2 boars, 3 gilts, 3 sows and 48 pigs, and had 5 acres in Sudan in field crops projects. In 1950, Donald was re-elected secretary-treasurer of the Sudan club, and entered two judging contests. He attended all local club meetings, 2 county meetings, one district meeting and the state convention.

Third place in the state vegetable judging contest was awarded Donald in 1951, as well as an achievement medal for 4-H work. He raised 2 boars, 2 gilts, 5 sows, 80 pigs, 5 acres of cotton, 5 acres of Sudan, and 2 acres of garden that year. He became junior leader of the county recreation group that year, a position he has continued to hold. Donald attended all meetings of his club, 2 county meetings, and the state convention.

Donald was elected president of the Littlefield 4-H Club in 1952 and was on the team which placed in the state, contest judging vegetables. He raised 2 boars and 45 pigs, 5 acres of Sudan, and 2 acres of garden for last year's projects. (Continued on Back Page)

Olton Approves \$250,000 Bond Issue To Erect New High School Building

A \$250,000 bond election, called by the Olton School Board to obtain funds for construction of a new high school building, received approval of voters last week by a 33 to 1 majority.

Favoring the proposal were 187 voters. There were 54 ballots cast against it.

Supt. Carl Macon said work on the building would start as soon as possible in the hope that the new plant would be ready for the 1954 term.

School Shift Planned
The high school building will contain nine classrooms, offices for the principal and superintendent, band hall, farm workshop, library study hall, and some special equipment.

On completion of the new structure, the present high school will be used as a junior high school and the large secondary building will be used for the grade pupils. At present this latter building is used as a combined grade school and junior high. The primary building, built three years ago, will be used for the first two or three grades.

The bond vote was ordered after a school advisory and survey committee completed study of the enrollment increases. There were 325 students in schools here last year as compared with 975 at the opening of classes this year.

Girlstown Starts Building Campaign

Girlstown, U.S.A. at Whiteface has launched a building drive, with a new dining room first on the list, Miss Amelia Anthony has announced. Miss Anthony founded Girlstown in 1949 and has been its director ever since, supervising a present total of 76 girls.

Girlstown is designed to prevent juvenile delinquency by providing a home for neglected girls. Delinquents are not accepted. Residents attend school in Whiteface and remain at the home until they have completed their education.

"Our goal is 500 girls by March 13, 1959, our tenth birthday," Miss Anthony said. "If we had the building, we would have 500 in the next two years or so."

The Littlefield Garden Club has taken an active interest in the work done at Girlstown throughout the past few years.

The Chamber of Commerce also had favored the bond issue.

Atchison & Atkinson, Lubbock architects, have prepared preliminary plans for the new building.

A LION OR TWO

The Tail Twister says those who bite off more than they can chew usually have a big mouth.

You've heard of the Lions member who thought the "grassroots movement" originated with the hula dance.

Several ladies were on a tour and decided to visit an art museum in a large city. As they paused in front of a modern painting, one volunteered, "Gee, but that makes me hungry." "How, madam," asked the assistant, "could a sunset possibly make you hungry?" "Sunset," exclaimed the woman, "I thought it was a fried egg."

The community owes a vote of thanks to the West Texas Gas Company for their generosity in connecting the stoves and steam table at the Community Center. This equipment will be ready for use in the near future. The Lions Club is furnishing the material to do the "hooking up" with. Thanks, West Texas Gas, and Charlie Duval.

These words were written on a scroll and hung in the South Pacific headquarters of General Douglas MacArthur throughout World War II:

"You are as young as your face, as old as your doubt; as young as your self-confidence, as old as your year; as young as your hope; as old as your despair. Years may wrinkle the skin, but to give up enthusiasm wrinkles the soul."

At a board of directors meeting of the Littlefield Lions Tuesday morning, it was decided to move the place of meeting to the Lamb County Community Center. The tentative date for moving is set for the first Wednesday in October (October 7). The club is certainly grateful to the Methodist ladies for agreeing to feed us until we can get the move completed. We hope to make the Center our home for many years to come.

Jaycettes Enter Garden Float

Jaycettes have been working hard on their float to be entered in the County Fair parade today. Under the arch, which will be decorated with flowers to carry out the garden theme of the float, Mrs. Bill Holder, Mrs. J. C. Smith, Jr., and Mrs. Skipper Smith display the handiwork which won the Jaycettes first place in the Rodeo parade last

spring. Eleven little girls will ride on the float, dressed in clever colonial costumes with hoop skirts. They are Fancee Smith, Sandra Smith, Pamela Smith, Jan Holder, Velvet Holder, Mollie Albares, Linda Smith, Cheryl Smith, Kim Harp, Martha Naylor and Maisie Naylor. Their Jaycee fathers helped prepare the float. (Photo by Taylor)

A couple were visiting a mental institution (where E-Boss Lions go) when they stopped in front of a cell and asked the inmate his name.

"Napoleon," he said happily. "And what makes you think you are Napoleon?" asked one of the visitors.

"God told me," he answered. From the adjoining cell came an indignant voice, "I did not."

J. G. HARRELL DIES IN LEVELLAND

By Mary Ann Diersing

The club has been the most outstanding in the county. The boys' club members and the girls' members. Their next meeting will be Monday, September 17, at 7:30 p. m. Officers for the coming year will be elected.

The boys have entered the county fair and won first in the county. Larry entered the tractor contest in the county and won first both times. He won second twice in the state this year at the Hockley fair. He won first on a Jersey and has been to Colton three times. Larry and Marvin Kuhler attended the maintenance clinic held in Lubbock this year. Marvin has entered the tractor maintenance contest and won second both times. Larry has been to Colton twice and entered the cotton contest.

and soil conservation. He and Donald Meyer, who has since moved to Springfield, Mo., received first in both county and district and fourth in the state on soil conservation. This summer Dennis Kuhler, Buddy Greener, Paul Meyer, and Albert Sinnacher acted as a team on poultry judging and won first in the county and district and second in the state. Buddy Greener was second high individual in the state in poultry contest. Buddy won 16 Bronze turkeys and he won first on his bull at the Hockley County Fair last year. Paul Meyer won a Poland China pig and his brother, Jerry, won 60 Bronze turkeys from Montgomery Ward Co. this year.

Harvey Demel has received wide recognition in the county for his work with chickens. One year he won 300 white rock chickens.

The girls have carried such projects as recreation, clothing, cooking, and gardening.

Mary Ann Sokora was Gold Star girl one year and was an alternate

for a trip to Kansas City. She and Winnie Davis won third in the District Dairy Foods Contest. She has entered two county dress revues and won second in one last spring. She has won first in the county in public speaking, second in district and fifth in state. She has attended College Station twice and District Camp twice.

Mary Ann Diersing has entered seven dress revues. She was in the first place group in 1950 and in the spring dress revue she won third place. This spring she was selected as county champion and she received a trip to College Station to enter the state dress revue. The next year she won second and this year she was again selected as county champion. She won first in the district dress revue and received a trip to College Station. She has entered the Achievement Contest and is secretary-treasurer of District II Girls Camp.

The girls gave a Halloween party with \$10 they won on a fair booth in 1951. This summer they gave their mothers a tea, and they are entering a booth in the fair.

A dance will be held in the air-conditioned Pep School auditorium Thursday night, Sept. 17, from 9-12. Tommy Hancock and his Roadside Playboys of Lubbock will furnish the music. The public is cordially invited and the admission is \$1.25.

Mr. and Mrs. V. E. Glumpler, Mrs. L. H. Albus, her daughter, Monica and her son, Rhienart; Mr. and Mrs. V. H. Diersing and daughter, Mary Ann, and Mr. and Mrs. Frank Sinnacher, all of Pep, attended the Farm Loan Supper in Littlefield last Tuesday night.

Carolyn Sokora, a sophomore in Pep High School, was given a surprise birthday party last Thursday night for her 16th birthday at the home of her parents, Mr. and Mrs. A. J. Sokora. Grape flavored punch, cake and mints were served to her sisters, Mary Ann and Bridget Sokora, and to friends who were: Don Carter, George Thompson, Glen Brandstatt, Larry Demel, Genevieve Demel, Doris Glumpler, Mohica Albus, Thelma Marek, Wayne Kuehler, Paul Meyer, Margaret Ann Homer, and Annette Dueterhaus. Carolyn received gifts of earrings, a compact and lipstick set, a perfume atomizer, and stationery.

Mrs. J. B. Reneau, Jr., and children, Johnny, Mary Ann, Frances and Charles, of Munday, visited relatives in Pep over the weekend. Miss Alice Albus left for San Antonio, where she will attend the Incarnate Word College to get her B. S. degree.

A dance was held Saturday night in Jim's Place with the music by Dude Baker and his Swingers of Lubbock.

Mr. and Mrs. L. V. Hogue and boys, Larry, Don and Billy, went to visit Mrs. Hogue's parents, Mr. and Mrs. W. M. Sites, who live at Mayfield, Oklahoma.

The Junior class of Pep will serve at the school dance Thursday night. The class consists of Doris Glumpler, Paul Meyer, Edward Woolsey, and Betty Trull.

Roberta Greener, James Glumpler, Elroy Sinnacher, and Jerry Ruzicka are planning to enroll at Texas Technological College.

The following families of Pep attended the annual REA meeting held in the Youth Center at Littlefield Tuesday afternoon: Mr. and Mrs. Eddie Schlotman, Mr. and

Mrs. Emil Marek and daughter, Thelma; Mr. and Mrs. Wilbert Rhumfeld, Mr. and Mrs. Sokora, Mr. and Mrs. Adam Demel, Mr. and Mrs. Vic Diersing, Mr. and Mrs. Charles Burt, Mrs. Eugene Gerok, Mrs. Syl Greener, Mr. and Mrs. Ed Diersing, Mr. and Mrs. Anton Demel, Mr. and Mrs. Eddie Kuhler, Mr. and Mrs. Dueterhaus, Mr. and Mrs. A. A. Homer, Mrs. Ed Meyer and Mrs. Philip Sinnacher.

Miss Roberta Greener is teaching in her sister's, Mrs. Joe Spencer's place, at the Levelland school. Mr. and Mrs. Joe Spencer are visiting relatives in Brownwood.

Gym padding was received and installed Friday. The padding was put at each end of the gymnasium and around the steel columns.

Forty hours devotion opened at the Catholic Church Sunday morning with a high mass at 7 o'clock. Mass was held each morning and services were held each night at 7:30 through Tuesday.

Lawrence Wilde, who is associated with the Federal Crop Insurance program of the PMA visited in the home of Mr. and Mrs. A. A. Homer.

Mr. and Mrs. Donald Jones of McKinney are visiting Mr. and Mrs. C. C. Trull of Pep.

Mr. and Mrs. John E. Stengel and Blanch Stengel, Mr. and Mrs. Albert Stengel and children, Charlie and Philip, and Mr. and Mrs. William Stengel and children, Carla, Richard and Dina of Hereford visited relatives in Pep Sunday.

Mr. and Mrs. Syl Diersing and children, Lenny, Dona and Janice, visited relatives in Rhineland over the weekend.

Mr. and Mrs. Gaubert Demel and their son, Justine, returned home last Saturday after spending two months in Onida, S. D., where Mr. Demel harvested wheat.

The wedding of Miss Doralene Kuehler and Billy Jake Meyer, which was held at Rhineland in St. Joseph's Catholic Church, drew many Pep families to Rhineland.

They were: Mrs. Henry Franklin and children, Mr. and Mrs. A. A. Homer and family, Mr. and Mrs. A. A. Dueterhaus and family, Mr. and Mrs. A. J. Sokora, Mr. and Mrs. Louie Kuehler and family, Mr. and Mrs. Rhine Kuehler and family, and Jerry and Martha Decker.

Mrs. O. L. Woolsey underwent an appendectomy last Tuesday. She was a patient in the Morton Memorial Hospital.

Mr. and Mrs. Bill Weaver and children, Jane, Gwenda and Randy, are the welcome newcomers to the Pep community. They formerly lived in Morton, where Mr. Weaver worked as a mechanic. They have two children in school, Jane is a freshman in high school and a welcome member to our basketball team, and Gwenda is in the first grade.

Miss Martha Nell Decker, who is employed at the Levelland National Bank, received two weeks vacation beginning Saturday. Monday she left for Rhineland and attended the wedding of her cousin, Doralene Kuehler and Billy Jake Meyer. From there she went to Wichita Falls to visit her sister, Mrs. Lucretia Vietenheimer.

Lakeview is in Hall County and was formerly their home.

Mr. and Mrs. J. A. Greer and son, Joe D. spent last week visiting relatives at Anson and Dallas.

Mrs. Robert Wilson and daughters, Mrs. Leon Hammock and Mrs. Ronnie Onstead spent from Wednesday until Saturday visiting relatives at Bonham and Wolfe City. They visited Mrs. Wilson's sister, Mrs. Jake Prickett. Mr. and Mrs. Albert Wilson and family returned home with them. Albert has been a patient in the Wolfe City Hospital.

Miss Joy Emmons visited Miss Joy Young during the weekend. The two young ladies entered Tech Monday morning.

Mr. and Mrs. Bill Cook attended the wedding of her niece, Miss Laquite Williams to Ivan Dale Weaver, last Thursday night in the Sudan Church of Christ.

Mrs. Roy McQuarters, Sr. took Frau Renee von Bronneck of Vienna Austria, on a tour to a few of the homes in this community one day last week. They ended the tour at the school where the guest from Austria made a talk to the students.

Miss Betty Byars, a member of the Spade Senior 4-H Club, is the Lamb County 4-H Gold Star Girl for 1958. This is the highest county award a member can achieve and is awarded only once to any member.

High School News

Hi, kids. Here I am again and this time I'm ready to sign my name. I had thought I'd let you guess who I was, but evidently someone else is snooping around here! Lu Stubblefield knew who was writing this.

The Tates have been looking in Friona for a place to live. I wonder if Faye had anything to do with it. John Hamilton lives there, you know.

I wonder if there could be any-

children and her mother, Mrs. Minor Northcutt of Lamesa visited in the home of Mr. and Mrs. C. D. Stafford Sunday afternoon.

Mrs. D. J. Stafford was released from the Littlefield Hospital last Wednesday. Mr. and Mrs. Stafford and children and her mother left for Houston late Wednesday. D. J. enrolled in the medical school. Mrs. Stafford is recovering nicely.

Mr. and Mrs. L. B. Bartee and family of Flaydada spent Saturday night in the home of her brother, Mr. and Mrs. Joe Oden.

Mr. and Mrs. Joe Prater visited Mr. and Mrs. L. J. Swanson Sunday afternoon.

Grandmother Pointer, who is in the home of her son, Mr. and Mrs. H. P. Pointer has been quite ill the past few days.

Mr. and Mrs. Joe Oden and family and her sister and family, Mr. and Mrs. Schmidley, of Levelland were Sunday dinner guests of their mother, Mrs. Emma Akin, of Littlefield.

thing between Tam Pointer and W. B. Jones?

Coach Dykes sure has a way of finding out if you're sick. Just try picking up that medicine baM.

Virginia Gregson has a boy friend. Who is he? Where does he live?

I wonder who Lu Stubblefield was thinking about Tuesday. She sure was sick.

The Freshman girls sure do look dreamy eyed. I'm beginning to think it's because of Duane Dixon.

Friday night is a big night for Spade. It is the night of the first conference football game of the season. We will be playing at Pettit. I hope you will come and stand behind the boys and Coach Bailey. Do your best boys, because the pep squad and the people of Spade will be cheering for you!

The Freshman girls cleaned up the kitchen in the Home Ec. building Wednesday and Thursday. I think they all felt that they had done their part.

By the way, if you smelled anything coming from that direction Monday, it was the Homemaking I girls fixing their breakfast.

All the Homemaking girls are all a-buzz because the school board gave their consent to go to the Dallas Fair. Suppose the boys are too, but I can't hear them above the girls'talking.

The high school basketball girls are very proud of their new knee pads. In fact, they think so much of them that they wanted to take them home and pull bolts in them. All the girls are making up to Mr. Dykes, and I suppose it's because of the new basketball suits to be given out. Be careful, though, because if he can't find enough players he might give one to Mrs. Lumsden.

Cheer up eighth graders, you'll soon be in high school and have some knee pads and all the other high school privileges.

Some of you brought your parents to P-TA, and some sent them. Let's try to get more out in October. Faye and Mary Lois Tate played some very pretty music. Faye may have carried teachers and parents back to their high school days with "You Wore a Tulip."

Happy birthday, Mrs. Lumsden. You surely have the second grade fooled. They don't think you look as old as their mothers!

I'd better warn you about Bro. Mac—he called Faye Tate out of the room, then told her to get right back in there because she knew she wasn't supposed to be in the hall.

You'll have to talk a little faster, boys, Tam Pointer just told us she doesn't want to get married. The reason? She and Pat had to clean house while their mother was gone. Tam said, "It's awful!"

The Ag I boys helped fix a table for the lunch room. I wonder if it will hold up?

In the lunch room Friday, Joe Don Mote didn't exactly put a ring on Margaret King's finger, but he did take her necklace off and put it right back on. He must be trying to get her attention away from Troy Young.

You certainly missed something if you didn't see the ball games Friday night! The high school basketball girls played the men and beat them so much that I'm afraid if I told it would embarrass them. Mr. Wood looked so much like "Sweet Sixteen" in his dress that some of the boys wanted to take him home.

The grade school girls ran their mothers a very close race.

Well, I'll see you next week. Betty.

Spade H. D. Club Meets On Tuesday

The Spade H. D. Club met in the home of Mrs. Joe Oden Tuesday, September 8 at 3 p. m. The vice-president, Mrs. Preston Pointer, was in charge. Mrs. Joe Prater, recreation chairman, opened the program with a game. Members answered roll call with "A better way I have found to do a household task." Final plans for the club's fair booth were made by the group.

The county H. D. agent, Mrs. Hazel Hickman, gave an interesting demonstration on "Cooking vegetables wisely and well." She baked Irish potatoes, stuffed baked tomatoes, creamed asparagus, baked some carrots in aluminum foil and made and baked bran muffins. These dishes were served to the ladies along with cake and ice cream which the hostess had prepared.

The following members were present: Mesdames Preston Pointer, Doyle Black, Ada Reed, Marie Hamilton, Joe Prater; also a visitor, Mrs. Grace Collins, the H. D. agent and the hostess.

Wildcats Bait Hereford Whitefaces Friday

Littlefield's Wildcats will sharpen their claws on the Hereford Whitefaces when they open conference play tomorrow night at Hereford. Coach Jay Fikes, who's been singing the blues about his fledgling team, presents a pessimistic view about the local team's chances, but Hereford's play against Muleshoe last week gives more hope.

The Mules and Whitefaces battled to a 20-20 tie, with pretty sloppy ball-handling on the part of both teams. Penalties and too many fumbles kept both teams from scoring on their opportunities.

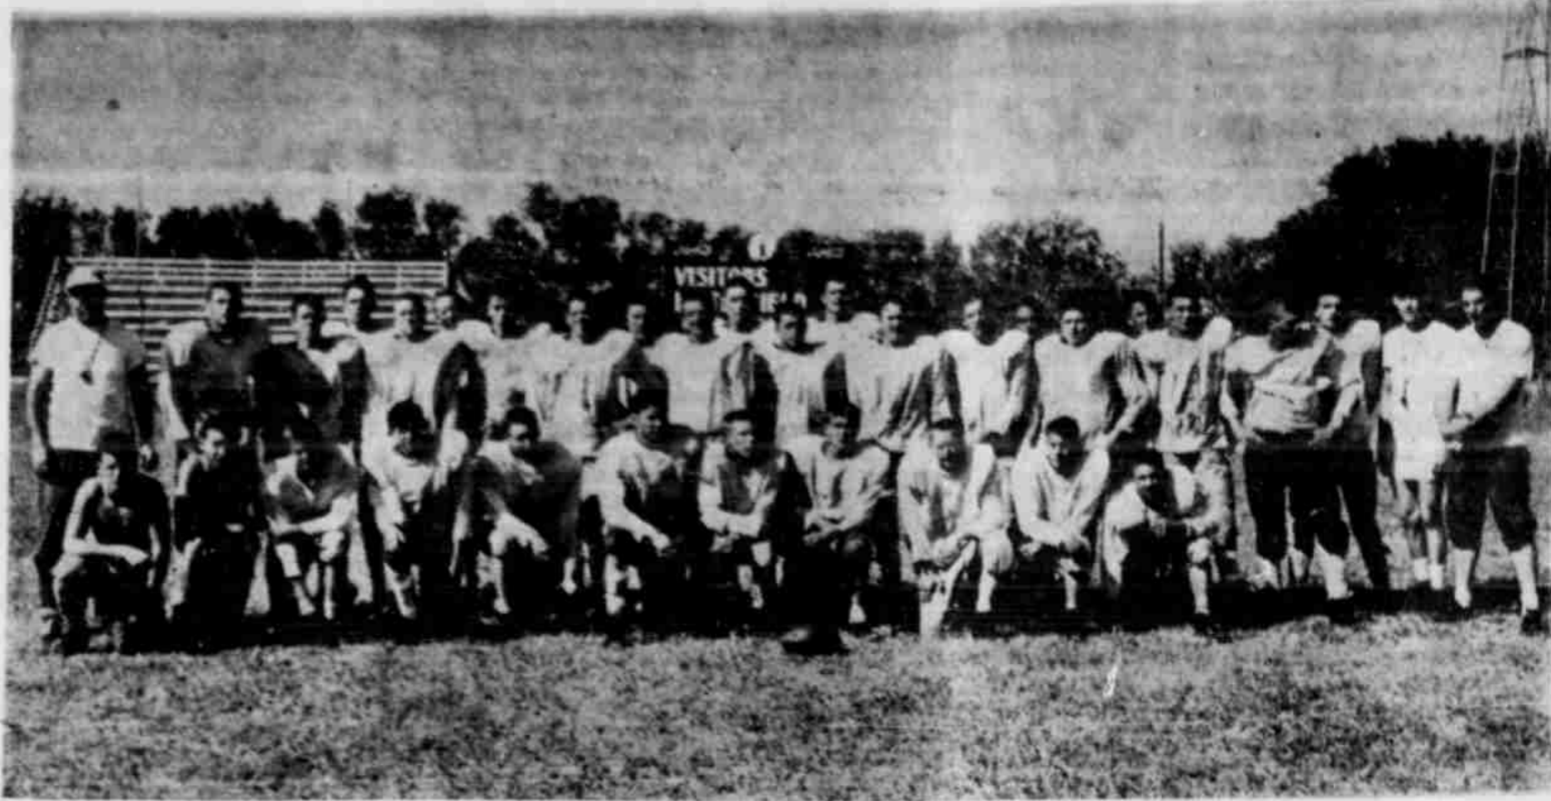

Only five starters for Littlefield have seen any conference play, usually as substitutes for last year's champions. From all pre-season appearance, it may be good that Littlefield has been moved out of 7-AA with Brownfield, and Levelland, and placed in 2-AA with Muleshoe, Olton, Lockney, and Tulia.

Olton's the team to watch this year, almost all forecasters agree, and Tulia expects a good, big squad.

Littlefield's all-junior starting backfield—Milton Vaughn, Tom Shelby, Dan Howard and Paul Williams—will really have to hustle to put speed into their winged-T offense. Wildcat boosters are pinning their hopes on Howard's ability to pass to Boyd Mears. Fred Martinez and Bob Hoover, big tackles, will get their chance this year.

With only 33 men on the squad, there will be few two-plateau troubles. James Rentro will probably handle center on offense only, with Williams and Vaughn alternating at offense and defense. Bill Kennemer and Glen Hatla will almost substitute for each other on defense.

Lubbock sports writers are picking the local team as second only to Olton, however, based on the fact that the entire district doesn't boast a really hot team, except Olton. Let's hope the sight of the Whitefaces tomorrow night will help the "little kitties" grow into real Wildcats!

The Littlefield Wildcats, with Coach Jay Fikes and Assistant Coaches Joe Simpson and Roy Carter, don their uniforms to look rough and tough against Hereford tomorrow night.

Texas Colleges Should Dominate Border Conference Play This Fall

By Harold Ratliff
Associated Press Sports Editor

The biggest football campaign in Texas history opens this week. There won't be as many colleges playing the game as last year but the slack is more than taken up by the high schools.

And, outside of the brand of play, you'll see some differences in high school and college football. The colleges won't be using the two-plateau system while the high schools will. They voted to continue the liberal substitution rule. College coaches don't like it much—they want boys to come to them who can play both offense and defense. But to hear some of the die-hard college coaches tell it, the two-plateau system will be back soon. The fans, they declare, are going to demand its return when they see how dull one-plateau football can be.

Nevertheless, this year you'll see a flood of substitutes on Friday night and fellows playing more than one down before coming out on Saturday.

27 Texas Colleges Play

Texas will have 27 senior colleges playing football this year. That's one more than last season. The newcomers are University of Corpus Christi, which quit football several years ago but is now competing in the Big Six conference and the University of North Texas, which doesn't indicate they have an

bowl thoughts down Corpus Christi way.

This year, for the first time, Texas will dominate the Border Conference. There now are more Texas colleges in this circuit than from New Mexico and Arizona combined. Arizona State of Flagstaff dropped out, leaving only Arizona, Arizona State of Tempe and New Mexico A&M to contest the four Texas members—Texas Western, Hardin-Simmons, West Texas State and Texas Tech.

The only decrease in Texas football comes in the junior colleges. Two that played the game last year—Southwest Texas and Decatur—have dropped out, leaving 15 junior colleges in football. There are four junior college conferences—the Big Six, Pioneer, South Texas and Texas Junior College Conference.

Few College Games Now

While most of Texas' 890 high schools moved into the season last week, the college action is strictly limited. There were only four senior colleges with games—Sul Ross and McMurry clashed at Midland and Abilene Christian met Southwest Texas State at Abilene, both night games Saturday.

The junior colleges did better, seven of them will play opening games. Thursday night Navarro of the Texas Junior College Conference goes to Kilgore of the Big Six. Saturday night Henderson County of TJCC played at Tyle. Of the Big Six, Cisco of the Texas Junior College Conference got Hardin-Simmons University's B team at Cisco and Ranger of the Pioneer went to Wharton of the South Texas.

There's quite a bit of rivalry among Texas junior colleges this year since a flock of them have ambitions of being No. 1 in the nation and getting into the Little Rose Bowl. Tyler, Kilgore and Del Mar all are bulging with material and Texas could well produce the nation's outstanding junior college eleven.

Big Interstate Schedule

It's a big year for Texas colleges in the intersectional picture. The Southwest Conference has a great schedule against outside teams and the other colleges in Texas also play teams from far and wide. There are 174 games for Texas colleges this fall and 74—two-fifths—will be against colleges from other states.

Texas colleges play as far away as Spokane, Wash., and Ithaca, N. Y., and many points in between.

Shooting Hours To Be Defined

Texas hunters from border to border are going to have sunup and sundown hours pinpointed for them.

The executive secretary of the Game and Fish Commission said Hoye S. Dunham, chief United States meteorologist in Austin, will prepare a time table for sunrise and sunset covering representative parts of the state.

Dunham is arranging with stations at El Paso, Amarillo, Wichita Falls, Texarkana, Beaumont, Austin, and Brownsville to obtain data. When it is compiled, it will be distributed to all Texas public information media.

The executive secretary said the exact sunrise and sunset time is vital, since beginning and ending of daily shooting periods for most major species hinges on the official time.

Whitharral Really Drops First Game

Whitharral's butter-fingered Panthers dropped their opener to Idalou, 46-6, in their first game at home last Friday. Coach Eugene Carter's boys lasted little more than a quarter, then Idalou took over.

L. D. Taylor, leading scorer for Plains High School last year, sparked the Idalou triumph with three touchdowns, aided by Bill Jacobs and Jimmy Lance.

It was a non-conference game with Idalou in 3-A and Whitharral in 3-B. Whitharral meets Ropes in a home game tomorrow night.

Springlake Wins One Point Victory

Springlake's one completed pass paid off for a 7-6 victory over Hale Center Friday night at Hale Center in the season's first game for both teams.

Fullback Wayne Davis crashed over right guard with the all-important point after touchdown, after Jimmy Hadaway's 65-yard pass play to Kenneth Watson knotted the score in the second quarter at 6-6.

Hale Center scored in the non-conference game's initial quarter the first time it had its hands on the ball. Harold Hoffman hit halfback Tom Craddock with a 20 yard pass for the touchdown. The score was set up by another Hoffman to Craddock pitch which covered 55 yards.

Both teams threatened several times in the second half but could not score. About 1,500 persons witnessed the battle.

Wayland Girls Have New Coach For Basketball

Coming from the smallest but gamest girls' basketball team to the second best girls' team in the United States is Caldo P. Matthews, who takes over as coach of the Hutcherson Flying Queens of Wayland College with the opening of the fall semester on Sept. 14. The Queens were runners-up in the 1953 AAU Women's Tournament at Wichita, Kan., being defeated only by the two times national defending champions.

Mr. and Mrs. Matthews and son, John, moved to Plainview last week from Morse, Texas, where he has coached basketball for the last two years. Prior to that he had coached basketball one year at Spearman High School and was assistant football coach to Garland Head.

Matthews is not only a basketball coach, but has continued to play independent basketball, playing for the last three years in TAAF playoffs. In 1951 the Spearman Independents, on which he played, placed third in the state TAAF tournament. His first contact with Wayland College came in 1951 when his Nobilit-Coffee Pontiac Chiefs won a benefit game against Wayland Pioneers in Clovis, N. M.

Although his Morse High School girls team of 1952-53 lays claim to being the smallest girls' team, having only six players and no substitutes, it has the impressive record of winning 17 games and losing 13. In 1950-51, his girls' team was defeated by Sunray High School for a chance at the state meet. In 1951-52, his Morse boys' team won 32 games and lost 8 and won two tournaments.

Matthews lettered in basketball for three years and football for two years at East Texas State College, Commerce. Prior to that he lettered in 1942 and 1946 at Paris Junior College. In 1948, his East Texas team was co-champion of the Lone Star Conference and, in 1950, was co-champion for Lone Star Conference and went to the NAIB Tournament in Kansas City.

Matthews holds the B. S. degree with a major in physical education from East Texas State College. Since his graduation he has been ordained a Baptist minister and is now pastor of First Baptist Church, Hardesty, Okla., which position he will continue to hold. At Wayland College, he will combine work and study, being enrolled in the Bible and religious education department.

Littlefield Walther League Wins Panhandle Zone Athletic Rally

Pettit Downed By Patton Springs

Two long runs and a short plunge gave the visiting Patton Springs Rangers the edge as they downed the Pettit Eagles 19-14 at Pettit Friday night.

The Rangers racked up their first score on the second play from scrimmage with a 40 yard run. They tallied again in the last play before the half on a 60 yard run, and made their final touchdown in the third quarter with a short plunge. They completed only one conversion.

The home team, coached by Bill Wood, scored in the first quarter with a three-yard plunge through the middle by wingback Jimmy Welco. Their final tally came in the third quarter on a 25-yard pass from Quarterback Bill Price to Welch. Price converted 03 the first touchdown by kicking which yields two points in six-man football.

Littlefield's Lutheran League brought home from the recent Panhandle athletic rally held at junior high school.

The Littlefield League placed the most points including high jump, long put, girls and boys relay, yard dash, 50 yard dash, volleyball.

Walther Leagues from Amarillo, Lubbock, Dalhart, Dalhart, Lamesa, Plains, Borger and Hereford participated. About 150 people for the rally were present.

Participants from Littlefield were: Lawrence, Charles; Lawrence, Charles; Neils, and Oesch, Annie and Marjorie; winder, Betty and Alice; Gladys, Ernest; Gohlke, Roy; Ogerly, Art; of Lubbock; Herbert, stationed at Camp Kansas; and Robert C. C., also assisted the league.

ARLEN WESLEY OF LITTLEFIELD is slated for tackle duty with Texas Tech's Red Raiders this season. Raiders out against their neighbors, the West Texas Red Lubbock Saturday night, Sept. 19.

Amherst Bulldogs Win 13-0 Over Anton's Injury Laden Team

Sudan Hornets Sting Morton

The Sudan Hornets swarmed over the Morton Indians' warpaint at Morton Friday to walk off with a 33 to 0 victory in a 1953 season opener watched by approximately 1,000 fans.

Coach F. M. Smith's charges grabbed a fast 19-point lead in the first quarter, then settled back to squish every Morton scoring drive. Fullback Carlos Garner and Half Loren Lee, boosted by Beck Charlie Lynch, spearheaded the Hornet attack. Tackle Jim Bacous and Half Alvin Messmore were instrumental in holding the Indians scoreless.

Morton attempted seven passes during the contest, completing three, but having four intercepted to seriously hamper their attack. Sudan completed 6 of 9 passes and racked up 11 first downs, compared to Morton's 10.

Garner scored Sudan's first two touchdowns, with Lynch scoring a third in the first quarter. Lee pushed another across in the second to make the halftime score read 26 to 0. The third period was scoreless, then Lynch carried across for the final marker in the last quarter.

The Amherst Bulldogs to replace A. L. Nuttall. Coach Lamar Kelley working hard trying to lagging team spirit. They have made the grade. Nuttall, A. L.'s brother, 40 yards for the first time. Hardwick, fullback, out after the second game, expected to recover in the lineup next week.

Joe King's Anton team down to 25 men, down when quarterback back tore a leg ligament in quarter. This will be to Anton, for Spears, Kenneth Hice, fullback, real punch. Hice is expected to make a mark for himself of the best offensive players of the South Plains.

Anton's good team up well, although they this starting game. Strength in running, the lack of experienced lined players.

Amherst will meet tomorrow night for a and Anton plays a game with Cooper in district titition.

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinner time, it's just each to his own taste and everything's "smooth as cream" between them.

WE SHOULD ALL FACE THE FACTS

The struggle of Texas to insure the maximum of free public school education to the largest possible number of children has been with us since the days of the Republic for President Mirabau B. Lamar in his message to the Congress of the Republic of Texas in 1839, in appealing for the establishment of a public free school system said in part:

"A cultivated mind is the guardian genius of democracy. It is the only dictator free men acknowledge and the only security that free men desire."

Governor Houston in his Message to the Legislature of Texas in 1860 appealed to the members of that body to go further and to establish a school system in which all children would be better educated.

The framers of our Constitution in 1775 stipulated in Article VII, Section 1. "A general diffusion of knowledge being essential to the preservation of the liberties and rights of the people, it shall be the duty of the Legislature of the State to establish and make suitable provision for the support and maintenance of an efficient system of public free schools."

To this end the Legislature in 1927 passed a school act that provided for an election in the whole of an area involved whereby the majority of the whole would say whether or not education would be brought to more children. Under this act more children have had a better free school education, and a better opportunity than before. This law has been many times held Constitutional by our Courts, and the Courts have further said that "no man has a vested interest in or to any school, or school building, but a duty is imposed upon him under the constitution to support and maintain the public free schools." Consequently it can be readily seen that it is not now intended that a majority of the people in a small area could hold up the educational process by keeping a school house or a group of children near them, when such children could make better advancement elsewhere.

The petition that was mentioned in last week's letter had only 30 legal qualified voters, ours had 32 signers, all legal qualified voters. Of these 30 signers against, they represented (2) two children that attended Fieldton School while our 32 signers for, represented 18 children. We ask is it just and fair for a man who does not have any children to tell his neighbors he cannot send his children to a good school because it might raise taxes. We know for a fact the tax rate in Fieldton is \$1.50 and in Littlefield it is just \$1.25.

The County School Board met in July to act upon an annexation petition and turned it down at that time. Approximately one month later, they reconsidered and called for this annexation election. We know they had all the facts when they called for this election.

Fieldton School Board speaks of forty eight (48) enrollment as a majority, while on record at the County School Superintendent's office there are fifty-one (51) transfers granted by the County School Board out of the Fieldton School District.

Almost all of us have had children to attend the Fieldton School at some time or other and we have never known of one returning after once transferring out to better schools

In fairness to the taxpayers in other School Districts we ask you; Is it fair for us who live in the Fieldton School District to transfer our children to others for schooling, when we pay part of the COST of the bond issues that pay for your buildings? We say NO, it is not right for you to house our children. We who get the benefit should help pay the bill, and we are willing and anxious to help and pay our share, for we want our children to go all of the way in a better school system. We further say that we as parents want to see our children have the best possible education and the Littlefield School System is our best answer for them.

In fairness to the children who live in Fieldton we ask you: Do the children who have had their first years of instruction at Fieldton measure up with the other children who have been in Littlefield or other Schools all of their school years? In answer we say NO, and for verification we say, ask the parents of the children who know.

As parents of Lamb County children who will be our citizens and leaders tomorrow, let us come into your school district as full participants, pay our share of the taxes, let our children go with yours all of the way in school and let our boys and girls be as well instructed as yours. We know we have not been carrying our share of the burden when we transfer in, and we want to help furnish the roof that protects our child while he is going to school in Littlefield.

We want all Voters to know that the Littlefield School Board had nothing to do with the calling of the Election: We started the movement ourselves.

Produce From Fall Garden to Be Exhibited by C. E. Jones Family

Farm gardens in West Texas can be highly successful ventures. Visitors at the Lamb County Fair this week will see proof of this statement when they see the fresh vegetable exhibits entered by Dee Jones, a past Gold Star 4-H Club girl, and her mother, Mrs. C. E. Jones, Littlefield.

Only July 21, the day after Dee returned from West Texas College, she and her mother planted vegetables in the dry spots of a six acre commercial truck plot that Mr. Jones had planted in tomatoes and sweet potatoes a short time earlier.

This was the Jones first experience with a fall garden—and they were amazed at the results. Much to their surprise, one month after the planting date, the first batch of beans were picked. Still producing, a bushel of beans were picked from the unusually healthy plants last weekend.

"I believe fall gardens are West Texas' best bet," Mrs. Jones said in discussing the advantages of late planting.

The entire home garden takes up more than a quarter of an acre, all of it in the skips between the tomato plants.

"It's no wonder our vegetables have been such good quality," she continued, "since they got the same fertilizing, spraying and irrigating that our commercial crops received, and at no extra trouble," she continued.

Among the late vegetables in the Jones' garden are cucumbers, two kinds of squash, peas, tomatoes, carrots, okra, wax beans, watermelons and canteloupes. The carrots and squash will be entered in the fair.

Located in a convenient spot in walking distance of the house, the garden has been very little trouble, Mrs. Jones said. Except for planting and picking, all work was done by machinery along with the commercial plants.

Not only is Mrs. Jones getting all the vegetables she will need to freeze and can for her family this year, at least a half-dozen of her neighbors are benefiting from her produce. And all of them will agree with Mrs. Jones that the vegetables fresh from her garden are of better quality and more nutritious than those obtainable in a market.

The Joneses are one of Lamb County's. Clarence and Jo Jones bought the 177 acre farm northwest of Littlefield. Strong believers in diversified farming, they now have some 110 acres of cotton, 20 acres of potatoes, 12 acres of grain, six in winter wheat, and six in commercial truck, most of which is under irrigation.

For the Joneses, farming is a

family affair, with 17-year-old Dee, Phyllis Carrie, age 9, and Edna Joe, age 3, doing their part.

During the past few weeks since Dee returned home from summer school, she had fed out 65 head of hogs which brought \$1666 into the family till. Although she won't be 18 until December, Dee has 45 college hours to her credit. By the time she is 19, she plans to have her bachelor of arts degree with a double major in commercial art and industrial art.

Phyllis Carrie plans to enter 4-H Club work this fall and follow in the footsteps of her big sister, who was an outstanding 4-H girl in Lamb County last year.
